## INDEPENDENT AUDITORS' REPORT

Mr. Hector H. Balderas  
New Mexico State Auditor and  
Board of Directors  
Public Improvement District 2007-1 of Angel Fire  
Angel Fire, New Mexico

We have audited the accompanying financial statements of the governmental activities, each major fund, and the budgetary comparisons for the general fund of the Public Improvement District 2007-1 of Angel Fire, as of and for the year ended June 30, 2010, which collectively comprise the Public Improvement District 2007-1 of Angel Fire's basic financial statements as listed in the table of contents. We also have audited the the budgetary comparisons for the capital projects fund and debt service fund presented as supplementary information in the accompanying combining and individual fund financial statements as of and for the year ended June 30, 2010, as listed in the table of contents. These financial statements are the responsibility of the Public Improvement District 2007-1 of Angel Fire's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund, as of June 30, 2010, and the respective changes in financial position, thereof and the respective budgetary comparisons for the general fund for the year then ended in conformity with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the budgetary comparisons for the capital projects fund and debt service fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 23, 2010 on our consideration of the Public Improvement District 2007-1 of Angel Fire's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The management's discussion and analysis on pages 4 through 8 are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the basic financial statements, and the combining and individual fund financial statements. The additional schedules listed as "other supplemental information" in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

*White + Samaniego + Campbell, LLP*

El Paso, Texas  
November 23, 2010

**REQUIRED SUPPLEMENTARY INFORMATION**

## **PUBLIC IMPROVEMENT DISTRICT 2007-1 OF ANGEL FIRE**

### **MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2010**

---

The Public Improvement District 2007-1 of Angel Fire's ("District") Management's Discussion and Analysis is designed to (a) assist the reader in focusing on significant financial issues, (b) provide an overview of the District's financial activity, (c) identify changes in the District's financial position (it's ability to address the next and subsequent year challenges), and (d) identify individual fund issues or concerns.

The District is a political subdivision of the State of New Mexico created and existing pursuant to Sections 5-11-1 through 5-11-27 NMSA 1978 and Village of Angel Fire Resolution 2001-17(c)(1), "PID Resolution". The Village of Angel Fire requested under the General Plan that Angel Fire Resort Operations, LLC, provide the application for the formation. The District was formed for the purpose of financing, construction, and installation of various combinations of road improvements, water, sewer, electric and telephone lines. The cost of constructing these improvements, together with related engineering and administration costs, are to serve the 850 lots comprised by the District in conformity with all relevant plans, specifications, requirements and standards of the Village of Angel Fire.

The PID Resolution 2007-1 and Formation Resolution 2008-07 adopted by the Village of Angel Fire on February 14, 2008 authorized the forming of the District and also authorized the imposition and collection of a Special Levy against the lots comprised by the District, all of which will benefit from the Special Levy, to be used for the purpose of administration and operation costs of the District as well as paying the principal of and interest on bonds issued by the New Mexico Finance Authority, as more particularly described herein.

This Management's Discussion and Analysis (MD&A) is designed to focus on the current year's activities, resulting changes and currently known facts, please read it in conjunction with the District's financial statements (beginning on page 10).

#### **FINANCIAL HIGHLIGHTS**

- The District's total net assets decreased by \$9,109,849 (or 993.2 percent) during the fiscal year ended June 30, 2010. Since the District engages only in governmental activities, the decrease is all in the category of governmental net assets. Net assets were \$(8,121,656) and \$988,193 for 2010 and 2009, respectively.
- As a result of the PID Formation Resolution 2008-07, owners of the lots comprised by the District voted and authorized the imposition and collection of a Special Levy. The governmental activities revenue for fiscal year ended June 30, 2010 include \$2,383,143 for assessments collected during fiscal year 2010. The governmental activities revenue decreased by \$153,116 (or 6.0 percent) during the fiscal year ended 2010, and were \$2,415,310 and \$2,568,426 for 2010 and 2009, respectively.
- The governmental activities expenses of the District increased by \$8,747,930 (or 315.0 percent). Total expenses were \$11,525,159 and \$2,777,229 for 2010 and 2009, respectively. The District's increase in governmental expenses is due to the PID project that is still in process.
- The District acquired long-term debt during fiscal year 2010. As of June 30, 2010 the long-term liabilities of the District were \$25,975,000.

## OVERVIEW OF THE FINANCIAL STATEMENTS

The Management's Discussion and Analysis is intended to serve as an introduction to the District's basic financial statements. The District's annual report consists of the following parts: 1) Management's Discussion and Analysis, 2) Basic Financial Statements, and 3) Other Required Supplementary Information. The financial statements include notes that explain in detail some of the information included in the basic financial statements.

### **Basic Financial Statements**

The primary focus of the District's basic financial statements is on the District as a whole (District-Wide). This perspective allows the user to address relevant questions, broaden a basis for comparison (year to year or District to District) and enhance the District's accountability.

The District consists of exclusively Governmental Funds. Governmental funds utilize the modified accrual basis of accounting. The government-wide financial statements are designed to provide readers with a broad overview of the District's finances in a manner similar to accounting utilized by the private sector accounting. The District has three funds; the general fund to account for all the general activities performed during the year, the capital projects fund to record revenues and expenditures to account for the financing, construction, and installation of various combinations of road improvements, water, sewer, electric and telephone lines within the lots comprised by the District and the debt service fund to account for all the payments of principal and interest on the long-term debt of the District.

These statements include a **Statement of Net Assets**, which is similar to a Balance Sheet. The Statement of Net Assets reports all financial resources for the District. The Statement is presented in the format where assets, minus liabilities, equal "Net Assets", formerly known as equity. Assets and liabilities are presented in order of liquidity, and are classified as "Current" (convertible into cash within one year), and "Non-current". Overtime increases or decreases in Net Assets may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The District-Wide financial statements also include a **Statement of Revenues, Expenses, and Changes in Net Assets** (similar to an Income Statement). This statement includes revenues, such as taxes revenue and expenses, such as construction and legal.

The focus of the Statement of Revenues, Expenses, and Changes in Net Assets is the "Change in Net Assets", which is similar to Net Income or Loss.

In the Government-Wide financial statements, the District's activities are presented in the following category:

*Governmental activities* - Governmental activities include the District's basic activities to construct certain infrastructure improvements to the District's comprised lots.

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. For fiscal year ending June 30, 2010, the District used three governmental funds to account for the District's activities. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

**Statement of Net Assets**

The District is using the new financial reporting model required by *Governmental Accounting Standards* Board Statement No. 34. Over time, as year-to-year financial information is accumulated on a consistent basis, changes in net assets may be observed and used to discuss the changing financial position of the District as a whole.

**Statement of Net Assets**

	2010	2009
Assets:		
Current and other assets	<u>\$ 19,402,047</u>	<u>\$ 2,246,205</u>
Total assets	<u>\$ 19,402,047</u>	<u>\$ 2,246,205</u>
Liabilities:		
Current and other liabilities	<u>\$ 27,523,703</u>	<u>\$ 1,258,012</u>
Net Assets:		
Restricted	71,003	71,003
Unrestricted	<u>(8,192,659)</u>	<u>917,190</u>
Total net assets	<u>(8,121,656)</u>	<u>988,193</u>
Total liabilities and net assets	<u>\$ 19,402,047</u>	<u>\$ 2,246,205</u>

The District will use the unrestricted net assets to repay the debt incurred. For more detailed information see page 11 for the Statement of Revenues, Expenses and Changes in Net Assets.

**Major Factors Affecting the Statement of Net Assets**

The following schedule lists the revenues and expenses for the current fiscal year. The District is engaged only in Government-Type Activities.

**Statement of Revenues, Expenses, and Changes in Net Assets**

	2010	2009
<b>Revenues:</b>		
Local effort taxes	\$ 2,383,143	\$ 2,548,209
Interest revenues	<u>32,167</u>	<u>20,217</u>
<b>Total revenues</b>	<u>2,415,310</u>	<u>2,568,426</u>
<b>Expenses:</b>		
Governmental expenses	<u>11,525,159</u>	<u>2,777,229</u>
<b>Total expenses</b>	<u>11,525,159</u>	<u>2,777,229</u>
Change in net assets	<u>\$ (9,109,849)</u>	<u>\$ (208,803)</u>

Special levy taxes started to be assessed and collected during fiscal year 2009.

Total interest revenue increased by \$11,950 (or 59.1 percent). This was primarily due to an increase in cash balances throughout the year.

The total operating expenses increased by \$8,747,930 (or 315.0 percent). The increase is primarily due to the fact that the District continues with the Construction Project as of June 30, 2010.

**Budget Variances**

Variances between final budgeted amounts and actual budget results are as follows:

<u>Fund</u>	<u>Reason</u>	<u>Budgeted Expenditures</u>	<u>Actual Expenditures</u>	<u>Excess Expenditures</u>
Capital Projects Fund	Operating expenditures	\$ -	\$ 8,510,086	\$ (8,510,086)
Debt Service Fund	Operating expenditures	\$ 1,584,799	\$ 1,644,862	\$ (60,063)

The District did not implement a budget for the Capital Projects Fund.

**Financial Analysis of the District's Funds**

The focus of the District's governmental funds is to provide information on near-term inflows, and balances of spendable resources. Fund balances may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. At the end of the current fiscal year, the District's governmental funds reported combined ending fund balance of \$17,111,951. Ninety six percent of this total constitutes undesignated, unreserved fund balances, which are available for spending at the District's discretion. The other four percent represents reserved for future payments, prepaid insurance and accounts payable. The general fund balance represents twenty seven percent of the total governmental fund balances. The District's general fund balance increased by \$3,963,199 during the current fiscal year. The capital projects fund balance represents seventy two percent of the total

governmental fund balances. The District's capital projects fund balance increased by \$11,585,885 during the current fiscal year. The debt service fund balance represents one percent of the total governmental fund balances. The District's debt service fund balance increased by \$71,127 during the current fiscal year.

General fund revenues totaled \$2,405,640 for the fiscal year, while expenditures were \$436,778. Revenues exceeded expenditures by \$1,968,862 prior to transfers in and out of the general fund. During the year, the general fund transferred \$1,994,337 to the capital projects fund. The transfer out decreased the excess revenues over expenditures resulting in a net increase of fund balance of \$3,963,199.

Capital projects fund expenditures were \$9,928,789. Expenditures exceeded revenues by \$9,928,789 prior to transfers in and out of the capital projects fund. Other financing sources include the transfer in from the general fund and debt service fund of \$21,514,674. Total other financing sources increased the excess revenues over expenditures resulting in a net increase of fund balance of \$11,585,885.

Debt service fund expenditures were \$1,644,862. Expenditures exceeded revenues by \$1,644,862 prior to transfers in and out of the debt service fund. Other financing sources include the transfer out to the general fund and debt service fund of \$23,509,011. Total other financing sources increased the excess revenues over expenditures resulting in a net increase of fund balance of \$71,127.

### **Project Status**

As of June 30, 2010 the PID anticipated that the project would be approximately 95% complete by the end of calendar year 2010 with regards to installation of water, wastewater and roads. The installation of dry utilities was planned to be limited to conduit installation with electrical conductor installed on an as required basis. The design/build contractor would need to return in 2011 to complete final road surfacing.

As November 23, 2010, the contractor has made significant progress but issues with one wetland area has postponed work in that subdivision for this calendar year pending US Army Corps of Engineers concurrence on the path forward. The remainder of the project is moving forward very close to the plan and the PID anticipates completion by mid-summer 2011.

### **ECONOMIC FACTORS**

Significant economic factors affecting the District are as follows:

- General economic and financial crisis may limit owners' ability to pay the special levy assessments.
- Diminishing property values limited owners' interest in maintaining their property and creating possible foreclosure situations.

### **FINANCIAL CONTACT**

The individual to be contacted regarding this report is Ms. Sally Sollars, District Administrator, Public Improvement District 2007-1 of Angel Fire, P.O. Box 1046, 3465 Mountain Blvd., Suite 14, Angel Fire, New Mexico 87710-1046. The intent of this report is designed to present to the users a general overview of the District's finances and to demonstrate the District's accountability.

Expenditure - accruals	-
Excess of revenues over expenditures - GAAP basis	<u>\$ 3,963,199</u>

See accompanying notes to financial statements and independent auditors' report.

## PUBLIC IMPROVEMENT DISTRICT 2007-1 OF ANGEL FIRE

### NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2010

---

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of the Public Improvement District 2007-1 of Angel Fire (the "District"), is presented to assist in understanding the District's financial statements. The financial statements and notes are representations of the District's management, who is responsible for their integrity and objectivity.

**Reporting Entity** - The Public Improvement District 2007-1 of Angel Fire (the "District") is a political subdivision of the State of New Mexico duly created and existing pursuant to Sections 5-11-1 through 5-11-27 NMSA 1978 and Village of Angel Fire Resolution 2001-17, "PID Resolution".

The Village of Angel Fire requested under the General Plan that Angel Fire Resort Operations, LLC, provide the application for the formation. The District was formed for the purpose of financing, construction, and installation of various combinations of road improvements, water, sewer, electric and telephone lines. These costs, together with related engineering and administration costs, are to serve the 850 lots comprised by the District in conformity with all relevant plans, specifications, requirements and standards of the Village of Angel Fire.

The District follows the standards promulgated by GASB Statement No. 14, The Financial Reporting Entity, and GASB Statement No. 39, Determining Whether Certain organizations are Component Units, to define the reporting entity. The District is not a component unit of any other governmental entity and the District has no subordinate component units.

The District is governed by the District Board, consisting of six directors. The District Board has control over and management supervision of all affairs of the District.

#### **Basis of Presentation**

**Government-Wide Financial Statements** - The statement of net assets and the statement of activities report information about the District. These statements include the financial activities of the overall government. Eliminations have been made to minimize the double-counting of internal activities. These statements distinguish between the governmental and business-type activities of the District. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties. During fiscal year 2009 there were not any business-type activities.

The statement of activities presents a comparison between direct expenses and program revenues for the different government-type activities of the District and for each function, of the District's governmental activities. Direct expenses are those that are specially associated with a program or function and, therefore, are clearly identifiable to a particular function. General revenues consist of special levy taxes and interest.

**Fund Financial Statements** - The fund financial statements provide information about the District's funds. Only statements for governmental funds are presented since the District engaged in government-type activities only. The District reports the following major governmental funds:

**General Fund** - The General Fund is the general operating fund of the District. It is used to account for all financial resources that are not required to be accounted for in another fund.

**Capital Projects Fund** - This fund accounts for the revenues and expenses related to the construction activities to the lots comprised by the District.

**Debt Service Fund** - This fund accounts for the payments of principal and interest of the District's long-term debt.

### **Measurement Focus, Basis of Accounting**

**Government-Wide Fund Financial Statements** - The government-wide fund financial statements are reported using the economic resources measurement focus. Nonexchange transactions, in which the District gives (or receives) value without directly receiving (or giving) equal value in exchange, include special levy taxes. On an accrual basis, revenue from special levy taxes is recognized in the fiscal year for which the taxes are levied.

**Governmental Fund Financial Statements** - Governmental Fund Financial Statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method revenues are recognized when measurable and available. The District considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. Special levy taxes and interest are considered susceptible to accrual. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt and claims and judgments which are recognized as expenditures to the extent they have matured. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

**Budget** - Separate budgets for the General Fund, the Capital Projects Fund and the Debt Service Fund are adopted and amended on an annual basis. Budgets for all funds are prepared by management and approved by the District Board of Directors and the New Mexico Department of Finance and Administration. The appropriated budget is prepared by line item within funds; revenues expected to be available are estimated to provide for balanced budgeting. The comprehensive budget package is brought before the District Board of Directors for approval by resolution. The proposed budget is then submitted by June 1st to the New Mexico Department of Finance and Administration Local Government Division (DFA) for approval.

DFA certifies a pending budget by July 1st with final certification of the budget by the first Monday of September. The expenditure section of the budget, once adopted, is legally binding. Based on the final certified budget submitted, DFA certifies the allowable tax rates for special levy taxes in September. These budgets are prepared on the non-GAAP cash basis.

The budget process in the state of New Mexico requires that the beginning cash balance be utilized to fund deficit budgets appropriated in the budget of the subsequent fiscal year. Actual expenditures may not exceed the budget on a fund basis. Budgets may be amended in two ways. If a budget transfer is necessary within a fund, this may be accomplished with only local Board of Directors approval. If a transfer between "funds" or a budget increase is required, approval must be obtained from the Department of Finance and Administration. The budgetary information presented in these financial statements has been amended in accordance with the above procedures.

**Restricted Cash** - Cash is classified as restricted cash on the balance sheet because it has been restricted as part of the note agreement acquired by the District during the fiscal year.

**Interfund Activity** - Interfund activity is reported as transfers. Transfers between governmental funds are netted as part of the reconciliation to the government-wide financial statements.

**Deferred Revenues** - Within the government-wide financial statements, deferred revenues represent unearned revenues advanced to the District. Such advances are reported as deferred revenue until the earnings process is complete.

Within the governmental funds, revenues must be available in order to be recognized. Revenues such as special levy taxes that are not available are recorded as deferred revenues and reflected as a liability with the balance sheet.

**Long Term Obligations** - In the government-wide fund financial statements, long term obligations are reported as liabilities in the applicable governmental activities within the statement of net assets. Loan issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize loan issuance costs during the period. The face amount of debt issued is reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

**Use of Estimates** - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results can differ from those estimates.

**Taxes** - The District is exempt from federal and state income taxes; as such, no provision is made in the accompanying financial statements.

**Special Levy** - The District imposes a Special Levy, which will secure the payment of the debt service on the District's Long Term Debt. The Special Levy is to be billed and collected by the District in the same manner and at the same time as general ad valorem property taxes. Assessments are made as of January 1st of each year, with one-half of the tax on that assessment due the following November 10 and one-half due April 10 of the next calendar year. The Special Levy installment due November 10 becomes delinquent on December 11, while the April 10 installment becomes delinquent on May 11. Delinquencies on Special Levies shall render the property subject to foreclosure. The lien shall include delinquencies, penalties and interest thereon at a rate not to exceed the maximum legal rate of interest per year and penalties otherwise applicable.

**Net Assets** - Net assets represent the difference between assets and liabilities. Net assets are reported as restricted when there are limitations on their use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors or laws of other governments. As of June 30, 2010, restricted net assets are \$71,003.

Restricted resources are used first to fund appropriations. The District applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

**New Governmental Accounting Standards** - In June 2008, the Governmental Accounting Standards Board (GASB) issued GASB Statement No. 53 Accounting and Financial Reporting for Derivative Instruments, which is effective for all periods beginning after June 15, 2009. This

Statement is intended to improve how governments report information about derivative instruments. The District incorporated this statement for the current fiscal year and believes it had no significant effect on the financial statement for the year.

In February 2009, the Governmental Accounting Standards Board (GASB) issued GASB Statement No. 54 Fund Balance Reporting and Governmental Fund Type Definitions, which is effective for financial statements for periods beginning after June 15, 2010, and earlier application is encouraged. The objective of this Statement is to enhance the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied and by clarifying the existing governmental fund type definitions. The District is analyzing the effect that this statement will have on its financial statement, and currently believes it will have no significant effect on the financial statement for the upcoming year.

In March 2009, the Governmental Accounting Standards Board (GASB) issued GASB Statement No. 55 The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments, which was effective upon issuance. The objective of this Statement is to incorporate the hierarchy of generally accepted accounting principles for state and local governments into the Governmental Accounting Standards Board's authoritative literature. The District incorporated this statement for the current fiscal year and believes it had no significant effect on the financial statement for the year.

In March 2009, the Governmental Accounting Standards Board (GASB) issued GASB Statement No. 56 Codification of Accounting and Financial Reporting Guidance Contained in the AICPA Statements on Auditing Standards, which was effective upon issuance. The objective of this Statement is to incorporate into the Governmental Accounting Standards Board's authoritative literature certain accounting and financial reporting guidance presented in the American Institute of Certified Public Accountants' Statements on Auditing Standards. The District incorporated this statement for the current fiscal year and believes it had no significant effect on the financial statement for the year.

In December 2009, the Governmental Accounting Standards Board (GASB) issued GASB Statement No. 57 OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans, which is effective upon issuance for certain provisions of the statement and for periods beginning after June 15, 2011 for other provisions. The objective of this Statement is to address issues related to the use of the alternative measurement method and the frequency and timing of measurements by employers that participate in agent multiple-employer other postemployment benefit plans. The District is analyzing the effect that this statement will have on its financial statement, and currently believes it will have no significant effect on the financial statement for the upcoming year.

## 2. CASH AND CASH EQUIVALENTS

New Mexico State Statutes authorize the District to deposit cash with a bank, savings and loan association, or credit union whose deposits are insured by an agency of the United States of America. All uninsured demand deposits and deposit - type investments such as certificates of deposits, are required to be collateralized with eligible securities, as described by New Mexico State Statues, in amounts equal to at least 50% of the uninsured deposits.

The District maintains cash in two financial institution, one is The First National Bank of New Mexico, New Mexico ("First National Bank"). Collateral is held in safekeeping also at the First National Bank in the form of Pledge Securities with a fair market value of \$516,106 as of June 30, 2010. The second is the The Bank of New York Mellon Trust Company.

As of June 30, 2010, cash consists of the following:

	Per Institution	Reconciling Items	Per Financial Statement
First National Bank:			
General account	\$ 35,211	\$ -	\$ 35,211
Interest bearing account	2,672,295	-	2,672,295
Prepayment interest account	14,711	-	14,711
Special levy account	1,783,799	-	1,783,799
NMFA account	303,088	-	303,088
	<u>4,809,104</u>	<u>-</u>	<u>4,809,104</u>
Bank of New York Mellon Trust Company:			
Bank of New York 1	23	-	23
Bank of New York 2	13,590,549	-	13,590,549
Bank of New York 3	71,127	-	71,127
	<u>13,661,699</u>	<u>-</u>	<u>13,661,699</u>
Total checking accounts	<u>\$ 18,470,803</u>	<u>\$ -</u>	<u>\$ 18,470,803</u>

**Custodial Credit Risk-Deposits** - Custodial credit risk is the risk that, in the event of a bank failure the District's deposits may not be returned to it. The District does not have a deposit policy for custodial credit risk. Bank balances of \$250,000 are covered by federal depository insurance. In addition, the District's banks participate in the FDIC's Transaction Account Guarantee program which provides coverage of FDIC insurance on the entire balance of transaction accounts through December 31, 2010. Bank balances in excess of the federal depository insurance were collateralized with pledged securities at the First National Bank in an amount not exceeding 50% of total District deposits.

As of June 30, 2010, the District's bank balance was exposed to custodial risk as follows:

Total deposits in bank	\$ 18,470,803
Less: FDIC coverage	<u>18,470,803</u>
Uninsured public funds	-
Pledged collateral	<u>516,106</u>
Uninsured and uncollateralized	<u>\$ -</u>

The following securities are pledged by First National Bank:

<u>Description</u>	<u>CUSIP #</u>	<u>Fair Value 6/30/10</u>	<u>Maturity Date</u>
GASDEN NM	362550KE4	\$ 209,890	8/15/13
FNMA ARM	31402HA50	44,483	11/1/33
ALB NM MUN SCD	013595LM3	102,985	8/1/22
FHLMC	312BNCMT8	<u>158,748</u>	10/1/35
Total		<u>\$ 516,106</u>	

### 3. ACCOUNTS RECEIVABLE

Accounts receivable as of June 30, 2010, are as follows:

	<u>Governmental Activities</u>
Accounts receivable:	
Special levy taxes	<u>\$ 546,205</u>

### 4. TRANSFERS

The composition of interfund transfers during the year ended June 30, 2010 is as follows:

<u>Fund</u>	<u>Amount In (Out)</u>
General Fund	\$ 1,994,337
Capital Projects Fund	21,514,674
Debt Service Fund	<u>(23,509,011)</u>
Total Transfers	<u>\$ -</u>

### 5. SPECIAL LEVY TAX

Special levy taxes attached as an enforceable lien on property as of January 1st. Special levy tax rates for the year are set no later than September 1st each year by the New Mexico Secretary of Finance and Administration. The rates of tax are then used by the Colfax County Assessor to develop the special levy tax schedule by October 1st. The Colfax County Treasurer sends tax notices to property owners by November 1st of each year. Taxes are payable in equal semiannual installments by November 10th and April 10th of subsequent year. Thirty days later the bill becomes delinquent and the County Treasurer assesses penalties and interest. Taxes are collected on behalf of the District by the County Treasurer, and are remitted to the District in the month following collection. The County Treasurer is statutorily required to collect taxes as an intermediary agency for all forms of government. Distribution of taxes collected is made through the County Treasurer's office.

6. LONG TERM OBLIGATIONS

Long term liability activity for the year ended June 30, 2010, was as follows:

	Balance June 30, 2009	Additions	Reductions	Balance June 30, 2010	Due Within One Year
NMFA Loan \$1M	\$ 1,000,000	\$ -	\$ (10,000)	\$ 990,000	\$ 15,000
NMFA Loan \$25M	<u>-</u>	<u>25,225,000</u>	<u>(110,000)</u>	<u>25,115,000</u>	<u>115,000</u>
Long-term debt	<u>\$ 1,000,000</u>	<u>\$ 25,225,000</u>	<u>\$ (120,000)</u>	<u>\$ 26,105,000</u>	<u>\$ 130,000</u>

Loan debt service requirements to maturity for NMFA Loan \$1M are as follows:

Years ending June 30,	Principal	Interest	Total
2011	15,000	47,581	62,581
2012	15,000	47,365	62,365
2013	15,000	47,066	62,066
2014	20,000	46,684	66,684
2015	20,000	46,207	66,207
2016-2020	105,000	222,286	327,286
2021-2025	135,000	199,002	334,002
2026-2030	180,000	160,416	340,416
2031-2035	240,000	104,114	344,114
2036-2039	<u>245,000</u>	<u>28,530</u>	<u>273,530</u>
	<u>\$ 990,000</u>	<u>\$ 949,251</u>	<u>\$ 1,939,251</u>

Loan debt service requirements to maturity for NMFA Loan \$25M are as follows:

Years ending June 30,	Principal	Interest	Total
2011	115,000	1,262,425	1,377,425
2012	275,000	1,257,206	1,532,206
2013	485,000	1,246,150	1,731,150
2014	500,000	1,230,438	1,730,438
2015	520,000	1,212,575	1,732,575
2016-2020	2,905,000	5,739,238	8,644,238
2021-2025	3,605,000	5,008,718	8,613,718
2026-2030	4,615,000	3,968,779	8,583,779
2031-2035	5,995,000	2,536,737	8,531,737
2036-2039	<u>6,100,000</u>	<u>693,550</u>	<u>6,793,550</u>
	<u>\$ 25,115,000</u>	<u>\$ 24,155,816</u>	<u>\$ 49,270,816</u>

**7. BUDGETARY DIFFERENCES**

New Mexico State Statutes restrict all officials and governing authorities from approving claims in excess of the approved budget. The District exceeded its approved budget by \$8,570,149.

<u>Fund</u>	<u>Reason</u>	<u>Budgeted Expenditures</u>	<u>Actual Expenditures</u>	<u>Excess Expenditures</u>
Capital Projects Fund	Operating expenditures	\$ -	\$ 8,510,086	\$ (8,510,086)
Debt Service Fund	Operating expenditures	\$ 1,584,799	\$ 1,644,862	\$ (60,063)

**8. RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The District, as of year ended June 30, 2010, was insured by the Cincinnati Insurance Company and paid \$11,864 in premiums.

**9. CONTINGENCIES**

Certain lot owners within the District have filed a lawsuit against the Board of Directors of the District, the Village of Angel Fire, New Mexico Finance Authority and the Angel Fire Resort Operations. Management and legal counsel are of the opinion that settlement of these claims and pending litigation will not have a material adverse effect on the District's financial statements.

**10. FUND DEFICIT**

The District budgeted a fund deficit for the Debt Service fund.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON  
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH  
*GOVERNMENT AUDITING STANDARDS***

Mr. Hector H. Balderas  
New Mexico State Auditor  
The Board of Directors  
Public Improvement District 2007-1 of Angel Fire  
Angel Fire, New Mexico

We have audited the financial statements of the governmental activities, each major fund and the budgetary comparisons of the general fund, and the budgetary comparisons presented as supplemental information of the Public Improvement District 2007-1 of Angel Fire as of and for the year ended June 30, 2010, and have issued our report thereon dated November 23, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Public Improvement District 2007-1 of Angel Fire's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Public Improvement District 2007-1 of Angel Fire's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Public Improvement District 2007-1 of Angel Fire's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as described in the accompanying schedule of findings and responses, we identified certain deficiencies in internal control over financial reporting that we consider to be material weaknesses.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and responses to be material weaknesses. 09-01, 10-01 and 10-02.

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether Public Improvement District 2007-1 of Angel Fire's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and responses as items 09-01, 10-01 and 10-02.

The Public Improvement District 2007-1 of Angel Fire's responses to the findings identified in our audit are described in the accompanying schedule of findings and responses. We did not audit agePublic Improvement District 2007-1 of Angel Fire's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of management, Board of Directors, others within the entity, DFA, NMFA, the State Auditor, the New Mexico Legislature, and applicable federal grantors, and is not intended to be and should not be used by anyone other than these specified parties.

*White + Samaniego + Campbell, LLP*

El Paso, Texas  
November 23, 2010

**PUBLIC IMPROVEMENT DISTRICT 2007-1 OF ANGEL FIRE  
SCHEDULE OF FINDINGS AND RESPONSES  
JUNE 30, 2010**

---

**Fund Accounting (10-01)**

---

<b>CONDITION</b>	The District is not using fund accounting.
<b>CRITERIA</b>	GASBS No. 34 requires the use of fund accounting to help demonstrate fiscal accountability.
<b>CAUSE</b>	The District was unaware of fund accounting requirement.
<b>EFFECT</b>	Violation of the Governmental Standards. The chart of accounts is not set up to account for each of the funds the District has.
<b>RECOMMENDATION</b>	The District must implement procedures to start using fund accounting in order to properly account for each fund separately.
<b>RESPONSE</b>	The District's management will adhere to auditors' recommendation.

**Audit Contract (10-02)**

---

<b>CONDITION</b>	The District entered into professional services from the Independent Public Accountant (IPA) to perform the FY 2010 annual audit before the Audit Contract was approved by the State Auditor.
<b>CRITERIA</b>	Subsection H of 2.2.2.8 NMAC states that the agency should not enter into any professional services with the IPA before the Audit Contract is approved by the State Auditor.
<b>CAUSE</b>	The District was unaware that the Audit Contract had not been approved.
<b>EFFECT</b>	Violation of NMAC rule. Professional services with IPA were engaged before Audit Contract was approved by the State Auditor.
<b>RECOMMENDATION</b>	The District must assure the Audit Contract is approved by the State Auditor before engaging in any professional services with an IPA.
<b>RESPONSE</b>	The District's management will adhere to auditors' recommendation.

**Legal Compliance with Budget (09-01)**

---

<b>CONDITION</b>	The District did not budget any expenditures for the Capital Projects Fund. Total expenditures for the Capital Projects Fund were \$8,510,086 for FY2010. In addition, the District overspent the Debt Service Fund's budget by \$60,063 and it also budgeted a fund deficit for this fund.
<b>CRITERIA</b>	New Mexico State Statutes Section 6-6-6 states that all approved budgets shall bind all officials and governing authorities and no official can pay any claims in excess of the approved budget. District officials and governing authorities have the obligation to follow applicable state statutes.
<b>CAUSE</b>	The District did not have controls in place to ensure that it is not expending funds in excess of approved budget amounts.
<b>EFFECT</b>	Non-compliance with New Mexico state statutes subjects District officials and personnel to punishment as defined by state statutes.
<b>RECOMMENDATION</b>	Accounting personnel should closely monitor expenditures and budget restrictions, if a change is needed to the budget, accounting personnel should ensure that such changes are presented to the District Board members and the New Mexico Department of Finance and Administration (DFA). If no changes in the budget are deemed necessary, then no payments should be remitted that would cause the total expenditures to exceed the legal budget.
<b>RESPONSE</b>	The District's management will adhere to auditors' recommendation.
