Acequia del Monte del Rio Chiquito  
HC 78 Box 9752  
Ranchos de Taos, New Mexico 87557

We have performed the procedures enumerated below for the Acequia del Monte del Rio Chiquito (Acequia) for the year ended December 31, 2011, solely to assist in determining compliance with the provisions of the Audit Act for a Tier 3 entity per Section 12-6-3 B (3) NMSA 1978 and Section 2.2.2.16 NMAC. The procedures were agreed to by the Acequia through the New Mexico Office of the State Auditor. The Acequia's management is responsible for its accounting records and the subject matter. This agreed upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. Our procedures and findings are as follows:

1. Test all state-funded capital outlay expenditures.

- a. Determine that the amount recorded as disbursed agrees to adequate supporting documentation. Verify that amount, payee, date and description agree to the purchase order, contract, vendor's invoice and canceled check, as appropriate.

All of the cash disbursements for the capital award projects were tested. The amounts disbursed agreed with the supporting documentation. The amount, payee, date and description of the purchase agreed with the vendor's invoice, contract and canceled check.

- b. Determine that cash disbursements were properly authorized and approved in accordance with the budget, legal requirements and established policies and procedures.

The Acequia is not required to submit a budget to the Department of Finance and Administration – Local Government Division. However, a project budget is required to be submitted by the terms of the agreements with the NM Office of the State Engineer Interstate Stream Commission (OSE/ISC) to the OSE/ISC. The cash disbursements tested were properly authorized and approved in accordance with the project budget, legal requirements and the Acequia's procurement policies and procedures.

- c. Determine that the bid process (or request for proposal process if applicable), purchase orders, contracts and agreements were processed in accordance with the New Mexico Procurement Code and State Purchasing Regulations (Section 13-1-28 through 13-1-199

NMSA 1978 and 1.4.1 NMAC).

For the work done on the ditch repair projects, the Acequia advertised, obtained bids and quotes where necessary, and entered into contracts and purchase agreements in accordance with its procurement policies and applicable state laws and regulations.

- d. Determine the physical existence (by observation) of the capital asset based on expenditures to date.

The repair work was physically observed during a tour of the Acequia del Monte del Rio Chiquito on October 28, 2013.

- e. Verify that status reports were submitted to the state agency per terms of agreement and amounts in the status report agree with the general ledger and other supporting documentation.

The amounts on the reimbursement forms agreed with the general ledger and other supporting documentation. Status reports were not required by the terms of the agreements with the OSE/ISC. The Acequia submitted the required budgets and reimbursement forms for the projects to the OSE/ISC.

2. If the project was funded in advance, determine if the award balance (and cash balance) appropriately reflects the percentage of completion based on the project schedule and expenditures to date.

The projects were not funded in advance. The Acequia was required to submit reimbursement forms to the OSE/ISC upon completion of work on the project. The Acequia paid for its project expenditures after the Acequia received checks from the OSE/ISC.

3. If the project is complete, determine if there is an unexpended balance and whether it was reverted per statute and agreement with the grantor.

As shown in Exhibit 1 on page 6, the Acequia expended a total of \$11,774.93 in the fiscal year ended December 31, 2011, and expended \$13,125.81 in the previous year. For each appropriation, the cash amounts received equaled the amount of expenditures. Therefore, the Acequia had no unexpended cash balance to revert.

4. Determine whether cash received for the award was accounted for in a separate fund or separate bank account that is non-interest bearing if so required by the capital outlay award agreement.

The checks received from the OSE/ISC were deposited in the Acequia's checking account at Southwest Bank. The capital outlay award agreement did not require a separate fund or separate non-interest bearing bank account to deposit the amounts received.

5. Determine whether reimbursement requests were properly supported by costs incurred by the recipient. Determine whether the costs were paid by the local public body prior to the request for reimbursement.

The Acequia filed Request for Reimbursement Forms with the OSE/ISC based on unpaid invoices submitted to the Acequia by vendors who had performed work on Acequia projects. The costs were

not paid by the Acequia prior to the request for reimbursement because the Acequia did not have the necessary funds. The Acequia paid for its project expenditures after the checks were received from the OSE/ISC. A finding was not considered necessary since the Acequia complied with the OSE/ISC's reimbursement procedures requirements.

6. If information comes to the IPA's attention (regardless of materiality) indicating any fraud, illegal acts, noncompliance, or any internal control deficiencies, such instances must be disclosed in the report as required by Section 12-6-6 NMSA 1978. The findings must include the required content per Section 2.2.2.10 (I)(3)(C) NMAC.

See Finding 2011-01 on p. 7 of this report.

7. The report shall include the capital outlay amount awarded, amount received, amount expended, the remaining balance, and the actual legislation and effective dates for each capital outlay appropriation that meets the Tier 3 criteria.

See Exhibit 1 — Schedule of Capital Outlay Awards to Acequia on p. 6 of this report.

We were not engaged to and did not conduct an audit, the objective of which would be the expression of an opinion on the Tier 3 agreed upon procedures. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of management of the Acequia, the NM Office of the State Auditor, the NM Office of the State Engineer, the NM Department of Finance and Administration — Local Government Division, and the NM State Legislature and is not intended to be and should not be used by anyone other than these specified parties.

Schedule of Findings and Responses  
Fiscal Year Ending December 31, 2011**

**Status of Prior Year Findings**

Not applicable. The agreed-upon procedures for the fiscal year ending December 31, 2011 were performed during the same week as the agreed-upon procedures for the fiscal year ending December 31, 2010. The findings were the same for both fiscal years, but the finding numbers were based on the fiscal year of the agreed-upon procedures.

**Current Year Findings**

**2011-01 Late Agreed-upon Procedures Report**

**Condition:**

This agreed-upon procedures report for FY 2011 was not submitted to the NM Office of the State Auditor (OSA) by the due date of May 31, 2012.

**Criteria:**

Per Section 2.2.2.16(H) NMAC, "Local public bodies with a fiscal year-end other than June 30 must submit the agreed-upon procedures report no later than 5 months after the fiscal year-end."

**Effect:**

If the report is late, users of the report are not receiving timely information about the results of the agreed-upon procedures.

**Cause:**

According to State Audit Rule, Section 2.2.2.16.B NMAC, "Annually, the State Auditor shall provide local public bodies written authorization to proceed with obtaining services to conduct a financial audit or other procedures." The Acequia was unaware that by accepting and spending capital outlay money the Acequia would be required to have a Tier 3 engagement performed.

**Recommendation:**

The officers of the Acequia should read Section 2.2.2.16 NMAC of the State Audit Rule to understand the specific requirements and due dates for agreed-upon procedures. For future fiscal years, if the Acequia's annual revenue is less than \$50,000 and the Acequia expended at least 50% of, or the remainder of, a single capital outlay award, then the Acequia shall procure services of an IPA for the performance of a Tier 3 Agreed Upon Procedures engagement (Section 2.2.2.16B(3) NMAC). If the annual revenues of the Acequia exceed \$50,000, review Section 2.2.2.16 NMAC for the applicable requirements. If agreed-upon procedures are required for future fiscal years, take the necessary steps to ensure that the agreed-upon procedures report is submitted to the OSA by May 31.

**Management's response:**

The Commissioners of Acequia del Monte del Rio Chiquito agree with the above recommendation and the agreed-upon procedures report will be submitted in a timely manner.
