INDEPENDENT AUDITORS' REPORT

Mr. Tim Keller New Mexico State Auditor Eunice Special Hospital District Officials Eunice, New Mexico

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the business-type activities and the budgetary comparison statement of Eunice Special Hospital District (the District), as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Basis for Disclaimer of Opinion

The District's accounting records as of and for the year ended June 30, 2013 were not sufficient to audit. Due to limited accounting records, we were unable to apply auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The amount by which these departures would affect the revenues and expenses of the funds is not reasonably determinable.

Disclaimer of Opinion

Because of the District's insufficient accounting records as discussed in the preceding paragraph, the scope of our work was not sufficient to enable us to express, and we do not express, an opinion on the Statement of Net Position, Statement of Revenues, Expenses and Changes in Fund Net Position and Statement of Cash Flows as of and for the year ended June 30, 2013 which comprise the District's basic financial statements as listed in the table of contents. In addition, because of the District's insufficient accounting records, the scope of our work was not sufficient to enable us to express and we do not express, an opinion on the budgetary comparison statement presented as supplementary information in the accompanying basic financial statements of Eunice Special Hospital District as of and for the year ended June 30, 2013.

Other Matters

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 5 through 9 be presented to supplement the basic financial statement. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide assurance.

Our audit was conducted for the purpose of forming opinions on the basic financial statements and on the budgetary comparison that collectively comprise the District's financial statements. The other supplemental information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. The scope of our work was not sufficient to enable us to express and we do not express, an opinion on the other supplementary information in the accompanying basic financial statements of Eunice Special Hospital District as of and for the year ended June 30, 2013.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 6, 2015 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Hobbs, New Mexico January 6, 2015

Whnson, Miller & Co.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Our discussion and analysis of the Eunice Special Hospital District's financial performance provides an overview of the District's financial activities for the fiscal years ended June 30, 2013 and June 30, 2012. This information is presented in conjunction with audited financial statements that follow this section.

Financial Highlights

- The District's total assets increased by \$880,245 and total liabilities increased by \$161,177, resulting in total net position increasing \$719,068.
- The District's operating and non-operating revenues in fiscal year 2013 were \$500,286 and \$1,375,991, respectively.
- The District's operating expenses in fiscal year 2013 were \$1,157,209.
- As of the close of the current fiscal year, the District reported ending net position of \$8,542,192.

Overview of the Financial Statements

The financial statements presented herein include all of the activities of the District.

The District's basic financial statements comprise two components: 1) fund financial statements, and 2) notes to basic financial statements. This report also contains supplemental information in addition to the basic financial statements themselves.

Financial Statement:

The financial statements present the financial picture of the District from the economic resources measurement focus using the accrual basis of accounting.

The statement of net position presents information on all of the District's assets and liabilities, with the difference between the two reported as net position. Over time, increases and decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of revenues, expenses, and changes in fund net position presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal period (e.g., uncollected taxes and earned but unused vacation leave).

The statement of cash flows reports the cash effects during the fiscal year of the District's operations, its noncapital financing transactions, its capital and related financing transactions, and its investing transactions.

The financial statements distinguish functions of the District that are principally supported by taxes and intergovernmental revenues (government activities) from other functions that are intended to recover all or a significant portion of their cost through user fees and charges (business-type activity). The governmental activities include a local 2-mill levy. The business type activity includes providing medical services to the community of Eunice, New Mexico and surrounding area.

Fund financial statements

The District's basic services are reported in one unrestricted fund, which focuses on how money flows into and out of the fund and the balance left at year-end that is available for spending. The fund is reported using the accrual basis of accounting. The statements provide a detailed short- term view of the District's general operations and the basic services it provides.

Notes to basic financial statements: The notes provide additional information that is essential to a full understanding of the data provided in the financial statement. The notes to the basic financial statements can be found beginning on page 13 of this report.

Financial Analysis

Net position may serve over time as a useful indicator of an entity's financial position. By far the largest portion of the District's net position is in cash and investments. The balance of unrestricted funds may be used to meet the District's ongoing obligations to citizens, patients, and creditors.

Governmental activities

- Property tax revenue \$1,369,000
- Investment income \$6,991

Business-type activities

• Revenue from charges for services \$494,748

Net Position

To begin our analysis, a summary of the District's Statement of Net Position is presented in Table A-1.

Table A-1
Condensed Statements of Net Position

	FY 2013	FY 2012	Total Change
Current and Other Assets	\$6,608,921	\$6,004,958	\$603,963
Capital Assets	2,261,082	1,984,800	276,282
Total Assets	\$8,870,003	\$7,989,758	\$880,245
Current Liabilities	\$327,096	\$165,919	\$(161,177)
Non-Current Liabilities	715	715	-
Total Liabilities	\$327,811	\$166,634	\$(161,177)
Invested in capital assets, net of related debt	2,261,082	\$1,984,800	\$276,282
Unrestricted	6,281,110	5,838,324	442,786
Total Net Position	\$8,542,192	\$7,823,124	\$719,068

Net Position (continued)

As can be seen from the table on the previous page, net position increased \$719,068 to \$8,542,192 in fiscal year 2013 from \$7,823,124 in fiscal year 2012. An increased cash balance and improved receivable quality led to a higher current asset balance which affects the increase in net position.

Table A-2
Condensed Statement of Revenues,
Expenses and Changes in Fund Net Position

			Dollar
	FY 2013	FY 2012	Change
Operating Revenues	\$500,286	\$327,009	\$173,277
Non-Operating Revenues	1,375,991	1,457,122	(81,131)
Total Revenues	1,876,277	1,784,131	92,146
Depreciation Expense	94,967	95,034	(67)
Other Operating Expenses	1,062,242	963,403	98,839
Total Expenses	1,157,209	1,058,437	98,772
Change in Net Position	719,068	725,694	(6,626)
Beginning Net Position	7,823,124	7,097,430	725,694
Ending Net Position	\$8,542,192	\$7,823,124	\$719,068

While the Statement of Net Position shows the change in financial position of net position, the Statement of Revenues, Expenses and Changes in Fund Net Position provides answers as to the nature and source of these changes.

The District's operating revenues increased by \$173,277. Operating revenues increased as a result of an additional physician/service provider.

Operating expenses increased due to an additional service provider and related expenses for seeing more patients.

Budgetary Highlights

The District adopts an annual Operating Budget following public workshops and a public hearing. The Operating Budget includes proposed expenses and the means of financing them.

A fiscal year 2013 budget comparison and analysis is presented in Table A-3.

Table A-3 Budget vs. Actual Year Ended June 30, 2013

	Original Budget	Final Budget	Actual	Variance
Revenues				
Property Taxes	\$1,370,000	\$1,370,000	\$1,378,426	\$8,426
Charges for Services	365,100	365,100	335,133	(29,967)
Investment Earnings	-	-	6,991	6,991
Operating Grants and				
Contributions	12,250	12,250	-	(12,250)
Miscellaneous	14,700	14,700	5,538	(9,162)
Total Revenues	\$1,762,050	\$1,762,050	\$1,726,088	\$(35,962)
Expenses				
Personnel Services	698,500	698,500	434,039	264,461
Contractual Services	205,000	205,000	196,061	8,939
Utilities	40,000	40,000	24,029	15,971
Repairs and Maintenance	35,000	35,000	30,448	4,552
Other Supplies & Expenses	178,050	178,050	126,198	51,852
Insurance Claims & Expenses	85,000	85,000	90,291	(5,291)
Capital Outlay				
Equipment purchase	1,000	1,000	-	1,000
Construction of buildings	362,500	362,500	371,249	(8,749)
Total Expenses	\$1,605,050	\$1,605,050	\$1,272,315	\$332,735
Net Income	\$157,000	\$157,000	\$453,773	\$296,773

Direct patient revenue is less than budgeted due to more revenue being derived from drug testing rather than direct patient fees.

This report shows interest revenue from the Districts LGIP investment, this revenue is not used in the general fund. It is reinvested and continues to be part of our other cash asset.

Capital Assets

Table A-4
Capital Assets

			Dollar
	FY 2013	FY 2012	Change
Equipment and software	\$406,971	\$406,971	\$-
Building and			
improvements	2,033,608	2,016,760	16,848
Land	119,000	119,000	1
Construction in Progress	354,401	-	354,401
Less Accumulated Depreciation	(652,898)	(557,931)	(94,967)
Total Capital Assets	\$2,261,082	\$1,984,800	\$276,282

The District made improvements to the Clinic and made payments on a pharmacy building during the 2013 fiscal year.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

The Board of Trustees of the District considered many factors when setting the fiscal year 2013 budget. One of those factors is the local economy and the impact our fees have on the community. By maintaining reasonable fees the District believes it can continue to provide medical care to all the community of Eunice, NM.

DISTRICT CONTACT INFORMATION

This financial report is designed to provide our customers and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the funds it receives. Anyone having questions regarding this report or desiring additional information may contact Le'Ann Reaves, Clinic Manager, Eunice Special Hospital District, P.O. Box 239, Eunice, New Mexico 88231 or by phone at 575-394-1091.

NOTES TO THE FINANCIAL STATEMENTS

NOTE A - Nature of Business and Significant Accounting Policies

This summary of significant accounting policies of Eunice Special Hospital District (the District) is presented to assist in understanding the District's financial statements. These financial statements and notes are representations of the District's management and Board of Trustees who are responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Nature & History of Business

Eunice Special Hospital District is an entity of the State of New Mexico located in Lea County, New Mexico. The organization provides medical attention to the residents of Lea County and others who may require it, through the use of a modern clinic located in the City of Eunice.

On April 8, 2003, a Board of Trustees was appointed to begin the formation of the District.

On August 19, 2003, the City of Eunice donated land located at 1109 Main, Eunice, NM with a book value to the District of \$10,000. On November 1, 2003, the Andrews Clinic donated various assets to the District with a book value to the District of \$103,785.

On March 13, 2007, a mill levy election was held and was approved for the tax years July 1, 2008 through June 30, 2011.

The financial statements of this organization conform to accounting principles generally accepted in the United States of America as applicable to a government hospital. The following is a summary of the more significant policies:

Reporting Entity:

The District has adopted GASB Statement No. 39, *Determining Whether Certain Organizations Are Component Units*, an amendment of GASB Statement No. 14. GASB 39 provides additional guidance to determine whether certain organizations for which the District is not financially accountable should be reported as discretely presented component units based on the nature and significance of their relationship with the District. In applying the guidance promulgated by GASB 39, the District has concluded that there are no entities that should be reported as a component unit in the District's financial statements.

The County has adopted the requirements of GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position.* This statement requires governments to account for deferred outflows of resources, deferred inflows of resources, and net position elements in Concepts Statement No. 4 as it relates to GASB Statements 53 (derivatives) and 60 (SCA's). Concepts Statement No. 4 indicates that reporting a deferred outflow of resources or a deferred inflow of resources should be limited to those instances identified by the Board in authoritative pronouncements that are established after applicable due process. This statement is effective for periods beginning after December 15, 2011.

NOTES TO THE FINANCIAL STATEMENTS

NOTE A - Nature of Business and Significant Accounting Policies (continued)

Fund Accounting:

Proprietary Fund Type: This fund type applies all applicable pronouncements of the Financial Accounting Standards Board (FASB) issued on or before November 30, 1989 that are not in conflict with applicable GASB pronouncements.

Enterprise Funds: (Unrestricted Funds)

Unrestricted funds are used to account for operations of the District that are financed and operated in a manner similar to private business enterprises where the intent is that the costs, including depreciation, of providing goods and services to the general public on a continuing basis, be financed or recovered primarily through user charges.

Measurement Focus and Basis of Accounting:

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied. The financial statements are reported using the economic resources measurement focus and the accrual basis of accounting.

The unrestricted funds (enterprise funds) are accounted for using the full accrual basis of accounting. Their revenues are recognized when the related service is completed and billed. Property taxes are recognized as revenues in the year for which they are levied. Expenses are recorded when an item is utilized or a liability is incurred.

Operating and Non-operating Revenues:

Operating revenue includes activities that have the characteristics of exchange transactions, such as a) patient services and b) contracts and grants.

Non-operating revenue includes activities that have the characteristics of non-exchange transactions, such as property taxes and investment income and exchange transactions such as rental revenue. These revenue streams are recognized under GASB Statement No. 33 – *Accounting and Financial Reporting for Nonexchange Transactions.*

Budgets and Budgetary Accounting:

Annual budgets of the District are prepared prior to June 1 and must be approved by the resolution of the Board and submitted for approval by the State of New Mexico. Once the budget has been formally approved, any amendments must also be approved by the Board and the State. Line items within the budget may be over-expended; however, it is not legally permissible to over-expend the budget in total.

Budgeted amounts are as originally adopted, or as amended by the Board and approved by the State. The budget is adopted on the cash basis, which is not in accordance with accounting principles generally accepted in the United States of America. The schedule of budgeted revenues and expenditures presents comparisons of legally adopted budgets with actual data on a budgetary basis.

NOTES TO THE FINANCIAL STATEMENTS

NOTE A - Nature of Business and Significant Accounting Policies (continued)

Cash and Cash Equivalents, and Investments:

For purposes of the statement of cash flows, the District considers all highly liquid investments with original maturities of three months or less to be cash equivalents. Immediate cash needs are met with resources deposited at the District's bank. The District has invested a portion of their cash with the New Mexico State Treasurer's Office short-term investment pool. Amounts invested with the State Treasurer are readily available to the District when needed and are recorded at cost which approximates fair value. The District has also invested in CD's with maturities of greater than 3 months at local banks.

Capital Assets:

Donated assets are recorded at their estimated value on the date donated. Capital assets such as equipment are defined as assets with a cost of more than \$5,000 per section 12-6-10 NMSA 1978. Depreciation of all exhaustible capital assets is charged as an expense against operations. Information technology equipment, including software, is depreciated in accordance with NMAC 2.20.1.9 C (5). Depreciation has been provided over the estimated useful lives as follows:

Buildings 25-40 years Improvements 10-35 years Equipment and Software 5-20 years

The District's policy is to capitalize interest incurred during construction as part of the historical cost of capital. Construction in progress is not depreciated until the capital assets are placed into service.

Net Patient Service Revenue:

The District has agreements with third-party payers that provide for payments to the District at amounts different from its established rates. A summary of the payment arrangements with major third-party payers follows:

- * Medicare Outpatient care services rendered to Medicare program beneficiaries are paid at determined rates per discharge. These rates vary according to a patient classification system that is based on clinical, diagnostic, and other factors.
- * Medicaid Outpatient care services rendered to Medicaid program beneficiaries are paid at determined rates per discharge. These rates vary according to a patient classification system that is based on clinical, diagnostic, and other factors.

Allowance for Receivables:

The allowance for doubtful accounts is maintained at a level which, in the administration's judgment, is sufficient to provide for possible losses in the collection of these accounts.

NOTES TO THE FINANCIAL STATEMENTS

NOTE A - Nature of Business and Significant Accounting Policies (continued)

Tax Collections:

The Eunice Special Hospital District receives property taxes from the Treasurer of the County of Lea. The County serves as the intermediary collecting agency and remits the District's share of property tax collections to the District. The District does not maintain detailed records of property taxes receivable by the individual taxpayer.

By April 1 of each year, the County Assessor shall mail a notice to each property owner informing them of the net taxable value of the property, which has been valued for taxation purposes by the Assessor. By May 1 of each year, the property valuation protest period expires. Upon receipt of the property tax schedule, the County Treasurer shall prepare and mail property tax bills to either the owner of the property or any person other than the owner to whom the tax bill is sent. Tax bills shall be mailed no later than November 1 of each tax year.

Property taxes of less than ten dollars are payable to the County Treasurer in full, due on November 10, delinquent December 11 in the year in which the tax bill was prepared and mailed. Property taxes of ten dollars or more are payable to the County Treasurer in two equal installments, the first half is due November 10, delinquent December 11. The second installment is due April 10, delinquent May 11 of the following year.

Compensated Absences:

Vacation, personal, and sick days earned during the current contract year must be taken by December 31 of the following year. A total of 132 hours of paid time off per year may be accumulated by each full-time, permanent employee. Unused vacation days may be carried over to the next year. Upon termination employees will be paid accumulated vacation days. See Note H for accrual of vacation. However, no accrual will be made for sick days because accrued days are lost if not used in the current year or upon termination.

Encumbrances:

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is not employed as an extension of formal budgetary integration.

Use of FASB Pronouncements:

The Eunice Special Hospital District has elected to utilize alternative #2 under GASB #20. Under alternative #2, the governmental entities using proprietary fund accounting must follow (1) all GASB pronouncements and (2) all FASB Statements and Interpretations issued after November 30, 1989, APB Opinions, and ARB's, no matter when issued, except those that conflict with a GASB pronouncement.

Use of Estimates:

The District uses estimates and assumptions in preparing its financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. The significant estimates utilized are the allowance for uncollectible accounts, the estimated useful lives of property, plant and equipment, and estimated Medicare accounts receivable not billed at year end. Actual results could differ from those amounts.

NOTES TO THE FINANCIAL STATEMENTS

NOTE A - Nature of Business and Significant Accounting Policies (continued)

Net Position:

Invested in capital assets, net of related debt include net restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of bonds that are attributable to the acquisition, construction, or improvement of those assets.

Unrestricted net position consists of net position that does not meet the definition of "invested in capital assets, net of related debt."

Restricted net position includes net position that has third-party limitations on their use. When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

NOTE B - Cash and Cash Equivalents

State statutes authorize the investment of District funds in a wide variety of instruments including certificates of deposit and other similar obligations, state investment pool and money market accounts. The District is also allowed to invest in the United States Government obligations; however, they have never taken this opportunity. All funds of the District must follow the above investment policies.

Deposits of funds may be made in interest or non-interest bearing checking accounts in one or more banks or savings and loan associations within the geographical boundaries of the District. Deposits may be made to the extent that they are insured by an agency of the United States or by collateral deposited as security or by bond given by the financial institution.

The rate of interest in non-demand interest-bearing accounts shall be set by the State Board of Finance, but in no case shall the rate of interest be less than one hundred percent of the asked price on United States treasury bills of the same maturity on the day of deposit.

Excess funds may be temporarily invested in securities which are issued by the State or by the United States Government, or by their departments or agencies, and which are either direct obligations of the State or the United States Government or are backed by the full faith and credit of those governments.

At June 30, 2013, the District's cash consisted of \$2,827,079 in demand deposits. Of these balances, \$500,000 was covered by federal depository insurance. The remaining balance was uninsured and uncollateralized.

Statutes require collateral pledged for deposits in excess of the federal deposit insurance to be delivered, or a joint safekeeping receipt be issued, to the District for at least one half of the amount on deposit with the institution. The schedule listed below will meet the State Auditor's requirements in reporting the insured portion of the deposits.

NOTES TO THE FINANCIAL STATEMENTS

NOTE B - Cash and Cash Equivalents (continued)

	Jun	e 30, 2013
Demand and Interest Accounts	\$	2,827,079
FDIC coverage		(500,000)
Total uninsured public funds	\$	2,327,079
	Jun	e 30, 2013
Collateral requirement: 50% of regular accounts	\$	1,163,540
Pledged security held by pledging bank's trust department or agent but not in the District's name		
(Excess) Under Collateralization	\$	1,163,540

The types of collateral allowed are limited to direct obligations of the United States Government and all bonds issued by any agency, district or political subdivision of the State of New Mexico.

According to the Federal Deposit Insurance Authority, public unit deposits are funds owned by the District. Time deposits, savings deposits and interest bearing NOW accounts of a public unit in an institution in the same state will be insured up to \$250,000 in aggregate and demand deposits at the same institution which are fully insured.

<u>Custodial Credit Risk – Deposits</u> – In the case of deposits, this is the risk that in the event of a bank failure, the District's deposits may not be returned to them. The District does not have a deposit policy for custodial credit risk. As of June 30, 2013, \$2,327,079 of the District's bank balance of \$2,827,079 was exposed to custodial credit risk because it was uninsured and not collateralized with securities held by the pledging financial institution's trust department or agent, but not in the District's name.

NOTE C -Investments

As of June 30, 2013, the District had the following investments:

Investment	Maturities	Fair Value		
Chata lavantus out Dool	4 100 days	Φ	2 702 000	
State Investment Pool	< 182 days	Ф	2,793,099	
Certificate of Deposit	180 days		203,332	
Certificate of Deposit	360 days		208,578	
Total		\$	3,205,009	

<u>Credit Risk</u> – Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations.

NOTES TO THE FINANCIAL STATEMENTS

NOTE C –Investments (continued)

<u>Concentration of Credit Risk</u> – Concentration of credit risk exists when an agency has investments in any one issuer that represent five percent or more of total investments of the agency. The District does not have a formal investment policy that limits its exposure to concentrations of credit risk. The District is exposed to concentrations of credit risk arising from its investments in certificates of deposit at local banks. Each certificate of deposit held represents approximately 6.4% of total investments. These certificates of deposit were fully insured by the FDIC at June 30, 2013.

<u>Interest Rate Risk</u> – Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

<u>Credit Quality Risk</u> – State law limits investment in commercial paper, corporate bonds, and mutual bond funds to the top two ratings issued by nationally recognized statistical rating organizations. The District has no investment policy that would further limit its investment choices.

All investments purchased for the LGIP must be high quality, with a credit rating of A or better to ensure the highest level of safety; U.S. Governments securities are rated AAA and all commercial paper investments is A-1+. Also, the State Treasurer is required by law to have the overnight repurchase agreements secured by U.S. Government securities at 102%.

The investments are valued at fair value based on quoted market prices as of the valuation date.

The State Treasurer Local Government Investment Pool is not SEC registered. Section 6-10-10 I, NMSA 1978, empowers the State Treasurer, with the advice and consent of the State Board of Finance, to invest money held in the short-term investment fund in securities that are issued by the United States government or by its departments or agencies and are either direct obligations of the United States or are backed by the full faith and credit of the United States government or are agencies sponsored by the United States government. The Local Government Investment Pool investments are monitored by the same investment committee and the same policies and procedures that apply to all other state investments.

The pool does not have unit shares. Per Section 6-10-10.1F, NMSA 1978, at the end of each month all interest earned is distributed by the State Treasurer to the contributing entities in amounts directly proportionate to the respective amounts deposited in the fund and the length of time the fund amounts were invested.

Participation in the local government investment pool is voluntary.

At June 30, 2013, the LGIP had an AAAm rating by Standard & Poor's, a WAM(R) of 59 days and a WAM (F) of 90 days.

NOTES TO THE FINANCIAL STATEMENTS

NOTE D—Accounts Receivable

The following is a summary of the accounts receivable:

	June 30, 2013
Patients, Medicare, Medicaid, Other Insurers Property Tax Receivable	561,464 73,598
	635,062
Allowance for Uncollectible Accounts	(83,860)
Total	\$ 551,202

Total Capital Assets	\$	1,984,800	\$	276,282	\$		\$	2,261,082

During fiscal year June 30, 2013, the District reported depreciation expense of \$94,967.

NOTES TO THE FINANCIAL STATEMENTS

NOTE F - Retirement Plan

Employer Funded Plan

Effective October 2005, the Eunice Special Hospital District adopted a defined contribution retirement plan under Internal Revenue Code Section 403(b) with the Variable Annuity Life Insurance Company (VALIC). All full time employees are eligible to participate in the plan. The District matches employee contributions up to 5% of their gross salary. The employee contributions are 100% vested, and after 6 months the employer contributions are 100% vested as well. No contributions were made to the retirement plan for the year ended June 30, 2013.

NOTE G - Insurance Coverage

The District will be exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District participates in a variety of insurance programs. Insurance coverage is purchased primarily through commercial carriers. Unemployment compensation is handled through a private carrier and is funded by the District.

NOTE H - Compensated Absences

The District had a liability for accrued vacation as of June 30, 2013 as follows:

Accrued vacation - beginning of year	\$ 2,263
Additions	-
Deletions	-
Accrued vacation - end of year	\$ 2,263

Of the \$2,263 balance, an estimated \$1,548 is due within one year.

NOTE I – Subsequent Events

The District has evaluated subsequent events through January 6, 2015, the date which the financial statements were available to be issued.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Mr. Tim Keller New Mexico State Auditor Eunice Special Hospital District Officials Eunice, New Mexico

We were engaged to audit, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities and the budgetary comparison statement of Eunice Special Hospital District (the District) as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated January 6, 2015.

We were unable to express an opinion on those financial statements because the District's accounting records as of and for the year ended June 30, 2013 were not sufficient to audit. Due to limited accounting records, we were unable to apply auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The amount by which these departures would affect the revenues and expenses of the funds is not reasonably determinable.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and responses, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and responses to be material weaknesses (08-01, 10-01, 10-02, 10-03, 10-04, 10-05, 10-07, 11-01, 11-03, 11-09, 12-03, and 13-01).

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompany schedule of findings and responses to be significant deficiencies (07-04, 11-02, 11-04, 11-06, 13-02, and 13-03).

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and responses as items 10-08, 10-09, 10-10, 11-05, 11-12, 12-01, 12-02, 13-04, 13-05 13-06, and 13-07.

The District's Response to Findings

WANSON, Miller & Co.

The District's responses to the findings identified in our audit are described in the accompanying schedule of findings and responses. The District's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Hobbs, New Mexico January 6, 2015

SCHEDULE OF FINDINGS AND RESPONSES

YEAR ENDED JUNE 30, 2013

SCHEDULE REFERENCE NUMBER: 07-04	Preparation of Financial Statements (Repeated) - Significant Deficiency
Condition:	The financial statements and related disclosures are not being prepared by the District.
Criteria:	Per SAS 115, the District's system of internal control should include controls over financial statement preparation, including footnote disclosures.
Effect:	Insufficient controls over the preparation of financial statements and related disclosures limits the District's ability to prevent or detect a misstatement in its financial statements.
Cause:	The District does not have the personnel or time to prepare the financial statements and related disclosures.
Recommendation:	We recommend the District's management and personnel receive training on financial reporting.
Management Response:	Management has hired and trained personnel on financial reporting using the District's financial software. We have access to a CPA with

Peachtree that is available to assist in any matters.

SCHEDULE OF FINDINGS AND RESPONSES

SCHEDULE REFERENCE NUMBER: 08-01	Accounting Records (Modified and Repeated) - Material Weakness
Condition:	Revenues, expenses, receivables, and accrued expenses were materially misstated when the accounting records were presented to the auditors.
Criteria:	Accounting records should provide an accurate record of transactions and conditions affecting the entity.
Effect:	Material misstatements were discovered in the accounting records.
Cause:	Client is not using Peachtree to record all transactions occurring within the District and a separate Profit/Loss statement is being kept externally. Also, payroll liabilities were not correctly set up in Peachtree.
Recommendation:	We recommend that management receive training on using Peachtree and on bookkeeping. We also recommend that written procedures be developed to ensure proper recording of transactions.
Management Response:	Management has trained two people on Peachtree and are working on policies and procedures for proper record keeping.

SCHEDULE OF FINDINGS AND RESPONSES

SCHEDULE REFERENCE NUMBER: 10-01	Lack of Support for Receipts (Modified and Repeated) - Material Weakness
Condition:	The District was unable to provide deposit slips for 16 out of 25 deposits totaling \$1,474.98 selected from the account financial history by service date report for testing. Also, the District was unable to provide patient encounters for 3 out of 25 transactions totaling \$105.25 selected from the account financial history by service date report for testing.
Criteria:	Per SAS 115, a control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis.
Effect:	Insufficient controls do not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis.
Cause:	The District currently does not have procedures in place to appropriately keep track of deposits and EOB or Encounters that are made to support transactions and keep a proper audit trail.
Recommendation:	We recommend the District implement control procedures which include the retention of supporting documentation in an organized manner.
Management Response:	Management has placed procedures in place for keeping all pertinent records and documents.

SCHEDULE OF FINDINGS AND RESPONSES

SCHEDULE REFERENCE NUMBER: 10-02	Identifying Receipts Record in the General Ledger (Modified and Repeated) - Material Weakness
Condition:	The District was unable to provide support needed to identify the revenue recorded in the general ledger for 25 out of 25 payments totaling \$1,990.09 selected from the account financial history by service date report for testing.
Criteria:	Per SAS 115, a control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis.
Effect:	Insufficient controls do not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis.
Cause:	Daily deposits are not being recorded in the accounting system.
Recommendation:	We recommend the District implement control procedures which records receipts in a manner that leaves an audit trail in the general ledger for research and confirmation of the accuracy of the recorded transaction.
Management Response:	Management has hired a finance specialist and has Peachtree accounting software to properly record in a general ledger.

SCHEDULE OF FINDINGS AND RESPONSES

SCHEDULE REFERENCE NUMBER: 10-03	Accrued Compensation (Repeated) - Material Weakness
Condition:	Complete vacation hours acquired and used were not provided by the client for any employees during the fiscal year.
Criteria:	The client should keep up to date and accurate vacation information for all employees in order to properly accrue vacation amounts.
Effect:	Accrued vacation is inaccurate at year-end.
Cause:	The client does not have complete vacation information for each employee.
Recommendation:	Management should keep up-to-date and accurate information on vacation time for all employees.
Management Response:	Management has placed procedures in place for keeping all pertinent records and documents.

SCHEDULE OF FINDINGS AND RESPONSES

SCHEDULE REFERENCE NUMBER: 10-04	Cash Disbursements (Modified and Repeated) - Material Weakness
Condition:	During the test of controls for disbursements, the client was unable to provide an invoice or other supporting documentation for 6 out of the 26 items totaling \$10,819.82 selected for testing.
Criteria:	Cash disbursements should have an invoice, a check request, or other documentation to verify the amount being requested for payment.
Effect:	Documentation is important to verify the amount being requested for payment on each disbursement in order to maintain proper internal controls over cash disbursements.
Cause:	The client was unable to provide an invoice or other supporting documentation for 6 out of the 26 items selected.
Recommendation:	Management should ensure that each cash disbursement has the proper documentation including an invoice or other form of check request and retain the documentation in an organized manner.
Management Response:	All disbursements will be filed with all supporting documentation according to vendor.

SCHEDULE OF FINDINGS AND RESPONSES

SCHEDULE REFERENCE NUMBER: 10-05	Payroll Timesheets (Modified and Repeated) - Material Weakness
Condition:	The client could not provide sufficient supporting time sheets or other approval for 4 out of the 25 items selected for payroll test of controls.
Criteria:	Payroll disbursements should be supported by an approved time sheet summary.
Effect:	Documentation is important to verify the amount of hours worked and being paid to insure that they agree.
Cause:	The client could not locate the time sheets or other approval.
Recommendation:	Management should ensure that each payroll disbursement has proper documentation including an authorized time sheet or summary and that those records are retained in an organized manner.
Management Response:	All payroll and employee records will be kept in an organized manner.

SCHEDULE OF FINDINGS AND RESPONSES

SCHEDULE REFERENCE NUMBER: 10-07	Missing Receivables Information (Modified and Repeated) - Material Weakness
Condition:	The client could not provide EOB or claim forms for 19 out of the 25 receivables tested. Also, the client could not provide encounters for 3 out of the 25 receivables tested.
Criteria:	The client should keep all underlying accounting records to support the financial statement amounts.
Effect:	The auditor was unable to verify the District's accounts receivable balance and revenues.
Cause:	The District was unable to produce the required documents.
Recommendation:	Management should keep all accounting records in order to support the financial statement amounts.
Management Response:	Management has hired trained personnel to keep all financial matters in proper order.

SCHEDULE OF FINDINGS AND RESPONSES

SCHEDULE REFERENCE NUMBER: 10-08	Incorrect Expense Code in General Ledger (Modified and Repeated) - Other Matter
Condition:	During the test of controls for disbursements, JMCO noted 2 out of 26 items totaling \$103,523.69 selected for testing were improperly coded in the general ledger.
Criteria:	Management should ensure transactions are properly recorded in the general ledger.
Effect:	Expenses and capital assets are not properly stated in the general ledger.
Cause:	Expenses and capital assets were incorrectly recorded.
Recommendation:	Management should put procedures into place to ensure all transactions are properly recorded in the general ledger.
Management Response:	Management has policies in place to ensure transactions are properly recorded.

SCHEDULE OF FINDINGS AND RESPONSES

SCHEDULE REFERENCE NUMBER: 10-09	Late Employee and Employer 403(b) contributions (Repeated) - Other Matter
Condition:	The District did not make timely 403(b) contributions after September 25, 2009 to May 5, 2014. The District made a catch up deposit on May 12, 2010, but did not make further deposits between May 13, 2010 and June 30, 2013.
Criteria:	IRS code section 1.403(b)-8 requires contributions to a section 403(b) plan must be transferred to the insurance company issuing the annuity contract within a period that is not longer than is reasonable for the proper administration of the plan.
Effect:	The District is not in compliance with IRS code section 1.403(b)-8.
Cause:	The District did not timely deposit employee and employer 403(b) contributions.
Recommendation:	Management should put procedures into place to ensure 403(b) contributions are timely deposited.
Management Response:	All 403(b) contributions were caught up on May 23, 2014 and going forward they will be timely filed.

SCHEDULE OF FINDINGS AND RESPONSES

SCHEDULE REFERENCE NUMBER: 10-10	Late report (Repeated) - Other Matter
Condition:	The District's June 30, 2013 audit report was not submitted to the state auditor by October 15, 2013.
Criteria:	New Mexico State Auditor Rule 2.2.2 NMAC Section 2.2.2.9 (A) requires that the audit report by filed by October 15th.
Effect:	The result of not submitting financial statements to the State Auditor could affect the amount of funding for future years and bond rating.
Cause:	The District did not provide all requested documents to complete the audit before the due date.
Recommendation:	We recommend that the District implement procedures to ensure that the books are kept in good order to enable auditing procedures to be performed on a timely basis.
Management Response:	Management has hired a person strictly for financial management and is working with a CPA with Peachtree to help assist with any matters.

SCHEDULE OF FINDINGS AND RESPONSES

SCHEDULE REFERENCE NUMBER: 11-01	Monthly Bank Reconciliations (Repeated) - Material Weakness
Condition:	The District's checking account was not reconciled monthly.
Criteria:	Accurate monthly reconciliations are needed to provide control over cash accounts and maintain correct asset accountability.
Effect:	The District is not able to identify material misstatements to cash in a timely manner.
Cause:	Client did not prepare monthly bank reconciliations.
Recommendation:	Client should reconcile all bank accounts on a monthly basis and keep a hard copy of all reconciliations. This will help track any potential errors, omissions or other irregularities that may occur in a timely manner to avoid any material misstatements and will help in maintaining a proper audit trail.
Management Response:	Management has hired a person strictly for financial management and is working with a CPA with Peachtree to help assist with any matters.

SCHEDULE OF FINDINGS AND RESPONSES

YEAR ENDED JUNE 30, 2013

1 E/ (11 E 11 D E D O O 11 E O O , 20 1 O	
SCHEDULE REFERENCE NUMBER: 11-02	Compare Budget to Actual Results (Repeated) - Significant Deficiency
Condition:	The District prepares budgets annually, but they are not regularly reviewed and compared to actual results.
Criteria:	The State Auditor requires that the budgetary comparison statements be audited and included as part of the basic financial statements consistent with GASBS 34 footnote 53 and AAG-SLV 11.13.
Effect:	Budgets are not useful if they are not compared to actual results.
Cause:	The District does not compare budgets to actual results.
Recommendation:	We believe that the actual results of operations should be compared to the budgeted amounts monthly, and any large discrepancies should be investigated and explained so that any necessary corrective action can be considered. These analyses should be included in the monthly reports to the Board of Trustees to help them understand the financial results and their implications and to help the Board make informed decisions.
Management Response:	Now that we have Peachtree reconciled the

results of operation should track to budget for a

better review by the Board of Trustees.

SCHEDULE OF FINDINGS AND RESPONSES

SCHEDULE REFERENCE NUMBER: 11-03

YEAR ENDED JUNE 30, 2013

Effect:

Recommendation:

	_	•	-	•		
Condition:	The District does procedures.	not	have	appropriate	period	closing
Criteria:	Accounting records transactions and co					ecord of

entries and schedules that District personnel should have prepared.

Cause: The District has not developed period closing procedures.

We believe that the period closing could proceed more quickly and smoothly by developing a logical order for closing procedures and assigning responsibility for completing the procedures to specific District personnel. The closing procedures should be documented in a checklist that indicates who will perform each procedure and when completion of each procedure is due and is accomplished.

There was a delay in the District producing financial reports needed by the auditors. Also, the auditors had to prepare

Closing Procedures (Repeated) - Material Weakness

The following is our recommended summary of the required closing procedures:

- a. Complete all payroll processes, including
 - i. Processing all payroll checks for the current fiscal year through June 30.
 - ii. Preparing, reconciling, and filing payroll tax forms and reports, such as Forms 1099, 1096, 941, 940, W-2. and W-3.
- b) Determine that all transactions have been recorded and posted. Review the transactions for completeness by scanning the ending balances and the transactions posted to each general ledger account to detect unusual entries or unexpected ending balances.
- c) Reconcile all general ledger accounts and make necessary adjustments, including
 - i) Agreeing ending general ledger cash balances to ending bank reconciliation balances.
 - ii) Agreeing the ending accounts receivable balance to the total of the Aged Receivables Report.

SCHEDULE OF FINDINGS AND RESPONSES

YEAR ENDED JUNE 30, 2013

SCHEDULE REFERENCE NUMBER: 11-03 Closing Procedures (continued)

Recommendation (continued):

- iii) Agreeing the ending accounts payable balance to the total of the Aged Payables Report.
- iv) Computing bad debt expense, accounts receivable, and allowance for doubtful accounts by using the allowance method.
- v) Determining that fixed asset sales are recorded.
- vi) Calculating and reconciling depreciation on fixed assets.
- vii) Recording interest income on investments.
- d) Review all vendor accounts for inactive accounts and consider making them inactive in the accounting system to prevent accidental posting to them.
- e) Print the following year-end reports in order to have a record of historical transactions for the year (they may also be useful during the audit):
 - i) Accounts receivable -
 - 1. Revenue journal
 - 2. Cash receipts journal
 - 3. Customer ledgers
 - 4. Aged account receivable trial balance
 - ii) Accounts payable -
 - 1. Check register
 - 2. Aged accounts payable trial balance
 - 3. Forms 1099
 - iii) Payroll
 - 1. Payroll check register
 - 2. Quarterly earnings report
 - 3. Yearly earnings report
 - 4. Payroll tax reports
 - 5. State quarterly report forms
 - 6. Federal forms (940, 941, W-2, and W-3)
 - iv) General ledger -
 - 1. Trial balance
 - 2. Trial balance by report classification
 - 3. Adjusting journal entries
 - 4. Reclassification entries

Our audit procedures would include reviewing some of the procedures, entries and reports.

Management Response:

This item should be resolved with the addition of a finance specialist now working for the district.

SCHEDULE OF FINDINGS AND RESPONSES

SCHEDULE REFERENCE NUMBER: 11-04	Establish Allowance for Doubtful Accounts (Repeated) - Significant Deficiency
Condition:	The District did not provide an amount for an allowance for doubtful accounts.
Criteria:	Accounting records should provide an accurate record of transactions and conditions affecting the entity.
Effect:	Receivables are not appropriately valued which could lead to the financial statements being materially misstated.
Cause:	The District does not have an accounting policy for establishing an allowance for doubtful accounts.
Recommendation:	We recommend the District establish a policy for providing for uncollectible accounts and review this policy on a regular basis. Some items to consider when establishing this policy is the age of the receivables, historical collectability, and economic conditions.
Management Response:	The staff will review outstanding accounts and recommend a policy for review and resolution for uncollectable accounts.

SCHEDULE OF FINDINGS AND RESPONSES

YEAR ENDED JUNE 30, 2013	
SCHEDULE REFERENCE NUMBER: 11-05	Hiring an Accounting Manager (Repeated) - Other Matter
Condition:	In performing this year's audit, we noted conditions that cause us to believe that the District is in need of an accounting manager to be responsible for all of the day-to-day accounting, including accounting for revenues and expenses, reconciling accounts to supporting documents on a monthly basis, and preparing monthly financial statements in accordance with generally accepted accounting principles.
Criteria:	Accounting records should provide an accurate record of transactions and conditions affecting the entity.
Effect:	The financial records were materially misstated when presented to the auditors.
Cause:	The District's current accounting manager does not possess the accounting experience or knowledge to perform these duties.
Recommendation:	We recommend that an accounting manager be hired who would report to the Board of Trustees. The accounting manager's duties should be structured so that no one person in the District has total control over the accounting system.
Management Response:	The District has hired an accounting manager as well as a CPA's assistance in Peachtree.

SCHEDULE OF FINDINGS AND RESPONSES

SCHEDULE REFERENCE NUMBER: 11-06	Inventory Fixed Assets (Repeated) - Significant Deficiency
Condition:	The District does not perform a physical inventory of property and equipment included on the depreciation schedule.
Criteria:	Accounting records should provide an accurate record of transactions and conditions affecting the entity.
Effect:	The District's detailed record of assets could be incorrect.
Cause:	The District's currently does not have procedures in place to perform an inventory of fixed assets.
Recommendation:	We recommend that the District perform a physical inventory of property and equipment. In connection with this inventory, tags should be placed on each asset with numbers that are recorded in the detail property records. This will help improve the tracking of assets for disposal and impairment purposes.
Management Response:	The District will develop an inventory system for capital assets. This system will also include regular test on the system.

SCHEDULE OF FINDINGS AND RESPONSES

SCHEDULE REFERENCE NUMBER: 11-09	Prepare More Accurate Monthly Financial Statements (Repeated) - Material Weakness
Condition:	It appears from the large number of year-end adjustments that the District's monthly financial statements as provided to the Board of Trustees were materially misstated.
Criteria:	Accounting records should provide an accurate record of transactions and conditions affecting the entity.
Effect:	Management and the Board of Trustees received materially misstated information.
Cause:	The District only provides an income statement to the Board of Trustees. The income statement did not include all revenue received and expenses paid by the District.
Recommendation:	We recommend that the District record all transactions and reconcile accounts of the District during the monthly closing process.
Management Response:	With the addition of an accounting manager this item should be resolved.

SCHEDULE OF FINDINGS AND RESPONSES

SCHEDULE REFERENCE NUMBER: 11-12	Payroll Timesheets (Repeated) - Other Matter
Condition:	All timesheets selected for testing did not have clear and specific pay period reporting dates making it difficult to identify the correct pay period.
Criteria:	Timesheets should have accurate reporting period dates to support all underlying accounting records.
Effect:	The District will be unable to determine what timesheet is for the proper reporting period which could potentially allow for misstatements in payroll.
Cause:	Employee timesheets did not have clear period reporting dates.
Recommendation:	The District should have specific and clear dates on all timesheets to be able to properly keep track of timesheets for specified periods.
Management Response:	This item should be resolved with the addition of an accounting manager.

SCHEDULE OF FINDINGS AND RESPONSES

SCHEDULE REFERENCE NUMBER: 12-01	Deduction Authorization Forms (Modified and Repeated) - Other Matter
Condition:	The auditor noted 2 out of the 5 employees selected for testing did not have proper deduction authorization forms for the 403b deductions in their personnel files being withheld from their paycheck.
Criteria:	A complete personnel file should be prepared for all new employees and should be kept up to date for any personnel changes the employee makes during their employment.
Effect:	The District does not have proper support for the employee deduction.
Cause:	The District does not keep these forms on file.
Recommendation:	The District should include all proper deduction authorization forms in the employees' personnel files.
Management Response:	This policy is in place and all proper deduction authorization forms are in the employees' personnel files.

SCHEDULE OF FINDINGS AND RESPONSES

TEAR ENDED JOINE 30, 2013	
SCHEDULE REFERENCE NUMBER: 12-02	Time Card Authorization (Repeated) - Other Matter
Condition:	The employees' time cards do not have employee or supervisor signature approvals.
Criteria:	Time cards support the District's labor expenses and should be properly authorized.
Effect:	Employees could inaccurately complete the time cards without the supervisors knowledge.
Cause:	The District currently does not require approval on time cards.
Recommendation:	Since the time cards are the source document supporting the District's labor expenses, we recommend that employees be required to sign the time card and submit them to their supervisor or manager for approval. Requiring signatures can help impress on employees the need for accuracy and honesty in filling out the time cards and that by signing it they are making a representation about those matters. Knowledge that the cards will be reviewed by the supervisor or manager will also encourage employees to fill out the cards accurately and honestly. The supervisors or managers, who will be generally knowledgeable about their employees' attendance, hours, and work assignments during the pay period, should sign each time card indicating review and approval of hours worked by category (product, job, etc.). The review would determine that the employees have recorded time only when it had actually been worked and that the allocation of time by category was appropriate and reasonable. The supervisors or managers should be responsible for obtaining the cards from employees and submitting them to the Human Resources clerk on time.
Management Response:	Effective September 1, 2014, management will sign and approve all time cards.

SCHEDULE OF FINDINGS AND RESPONSES

TEAR ENDED CORE 30, 2013	
SCHEDULE REFERENCE NUMBER: 12-03	Fraudulent Credit Card Purchases (Repeated) - Material Weakness
Condition:	In November 2013, the District discovered a former employee was making unauthorized purchases on the District's credit card in the amount of \$5,812.55 from 2010-2013.
Criteria:	Per SAS 115, a control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis.
Effect:	With the lack of controls over credit card purchases, an employee was able to make fraudulent purchases.
Cause:	The District did not have proper controls over the credit card purchases.
Recommendation:	We recommend the District establish controls over credit card purchases in order to prevent the risk of fraudulent credit card purchases.
Management Response:	The Board of Trustees will attest to the amount of \$5,812.55. Period these charges were occurred 2010-2013.

SCHEDULE OF FINDINGS AND RESPONSES

YEAR ENDED JUNE 30, 2013

SCHEDULE REFERENCE NUMBER: 13-01	Payroll Taxes - Material Weakness
Condition:	The District did not make required payroll tax payments to the Internal Revenue Service (IRS) during the current fiscal year.
Criteria:	Employers are required to deposit federal income tax withheld, and both the employer and employee social security and Medicare taxes according to the employers' deposit schedule as required by the IRS.
Effect:	The District is subject to fees and penalties for failure to make these required payments.
Cause:	The District did not make the required IRS payroll tax payments.
Recommendation:	We recommend the District determine the amounts owed to the IRS and make these payments along with any assessed fees and penalties.
Management Response:	Management has Grano Tax Service who has caught up on all payroll taxes that were not filed

and paid.

SCHEDULE OF FINDINGS AND RESPONSES

SCHEDULE REFERENCE NUMBER: 13-02	Expenses Recorded in Incorrect Period - Significant Deficiency
Condition:	During the test of controls for disbursements, JMCO noted 2 out of 26 items totaling \$10,160.20 selected for testing were recorded in the incorrect period.
Criteria:	Per SAS 115, a control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis.
Effect:	The District records expenses on the cash basis instead of the accrual basis.
Cause:	This expense and capital asset are not recorded in the correct period.
Recommendation:	We recommend management put procedures into place to ensure all transactions are properly recorded in the correct period.
Management Response:	Management will put procedures into place to ensure all transactions are properly recorded in the correct period.

SCHEDULE OF FINDINGS AND RESPONSES

YEAR ENDED JUNE 30, 2013

SCHEDULE REFERENCE NUMBER: 13-03	Maintain a Schedule of Asset Additions - Significant Deficiency
Condition:	The District does not maintain a schedule of assets purchased during the fiscal year
Criteria:	Accounting records should provide an accurate record of transactions and conditions affecting the entity.
Effect:	The District's detailed record of assets could be incomplete or incorrect.
Cause:	The District's currently does not have procedures in place to maintain a schedule of assets purchased.
Recommendation:	A schedule of additions should be maintained as assets are purchased to simplify the process of capitalizing property and equipment additions at year-end. The schedule should include the date the asset is acquired, a description of the asset, the vendor name, and the amount. Invoices for asset acquisition and invoices for all other disbursements should be kept on file in a manner that allows retrieval of the original invoice for review and verification as needed by management and auditors.
Management Response:	A schedule of additions will be maintained as assets and will be kept on file in a manner that allows retrieval of the original invoice for review that will include the date the asset is acquired, a

description of the asset, the vendor name, and the amount for review and verification as needed

by management and auditors.

SCHEDULE OF FINDINGS AND RESPONSES

YEAR ENDED JUNE 30, 2013

Management Response:

SCHEDULE REFERENCE NUMBER: 13-04	Missing W-4 - Other Matter
Condition:	The auditor noted 1 out of 5 employees selected for testing did not have a W-4 in their personnel file.
Criteria:	To know how much income tax to withhold from employees' wages, you should have a Form W-4, Employee's Withholding Allowance Certificate (PDF), on file for each employee.
Effect:	The District could be subject to fines and penalties for not having appropriate payroll documentation on file.
Cause:	The client could not locate this form.
Recommendation:	The District should include all W-4 forms in the employee's personnel file.

Each employee will fill out a W-4 yearly and will be kept in the employer's personnel file.

SCHEDULE OF FINDINGS AND RESPONSES

SCHEDULE REFERENCE NUMBER: 13-05	Pay Rate Approvals - Other Matter
Condition:	The auditor noted 9 out of the 11 employees selected for testing did not have proper evidence of the approval of the current wage rates.
Criteria:	A complete personnel file should be prepared for all new employees and should be kept up to date for any personnel changes the employee makes during their employment.
Effect:	The District does not have proper support for the employee wage rate.
Cause:	The Board of Trustees approves employee wage rate changes, but does not document this in the board minutes or in the personnel file.
Recommendation:	Since payroll is a major expense of the District, we believe that the appropriate level of management or the Board of Trustees should approve the initial rate at hire and approve rate changes and that the approval should be documented. Written authorization for pay rate changes should be maintained in the personnel file. Management or the Board of Trustees should periodically review the payroll master file and compare pay rates to the authorized rates contained in personnel files to determine that the current rates are appropriate. In addition, on a regular basis, the appropriate level of management or the Board of Trustees should determine that the current pay rates agree with the approved rates.
Management Response:	Management has filled out an employee evaluation performance on each hourly employee and presented the pay rates to the Board of Trustees for approval.

SCHEDULE OF FINDINGS AND RESPONSES

SCHEDULE REFERENCE NUMBER: 13-06	Bank Deposits Under Collateralized - Other Matter
Condition:	At June 30, 2013, no securities were pledged against \$745,056 of uninsured deposits in the Wells Fargo checking account or the \$1,582,023 of insured deposits in the JP Stone checking account.
Criteria:	Section 6-10-17 NMSA 1978 requires that "any financial institution designated as a depository of public money shall deliver securities having an aggregate value of at least one-half the amount of public money to be deposited to a custodial bank. In addition, the District's policy requires 103% collateral of market value on the deposits on amounts greater than the FDIC coverage.
Effect:	The District's deposits were under collateralized by \$1,163,539 and the funds could possibly not have been recovered in the unlikely event of a bank failure at June 30, 2013.
Cause:	The Federal Deposit Insurance Corporation (FDIC) temporarily fully insured noninterest bearing transaction accounts until December 31, 2012. The District did not obtain agreements for collateral needed in excess of FDIC coverage after the expiration.
Recommendation:	We recommend the District enter into a collateral agreement with Wells Fargo and JP Stone for amounts in excess of FDIC.
Management Response:	As of November 2014, JP Stone has us a pledged account and we will be receiving monthly reports.

SCHEDULE OF FINDINGS AND RESPONSES

SCHEDULE REFERENCE NUMBER: 13-07	Late Submission of IPA Recommendation and Audit Contract - Other Matter
Condition:	The District did not submit a fully completed and signed IPA recommendation form and audit contract by the deadline as specified by Subsection G of 2.2.2.8 NMAC.
Criteria:	According to 2.2.2.8(G)(6)(c) NMAC, each agency shall submit the completed IPA recommendation form for audits and the completed and signed audit contract to the state auditor by the deadline indicated in Subparagraph (c) of Subsection G of 2.2.2.8 NMAC.
Effect:	The District was not in compliance with 2.2.2.8(G)(6)(c) NMAC.
Cause:	The District did not submit a fully completed and signed IPA recommendation form and audit contract by the specified due date.
Recommendation:	We recommend the District be aware of the deadline set and specified by the State Auditor for timely submission of the IPA recommendation form and audit contract.
Management Response:	Going forward the IPA recommendation will be filed in a timely manner.

SCHDULE OF CURRENT YEAR FINDINGS

June 30, 2013

FINANCIAL STATEMENT PRESENTATION

The financial statements of the Eunice Special Hospital District were prepared from the original books and records provided by the management of this entity by Johnson Miller & Co., CPA's. Management is responsible for the contents of the report, even though the auditor prepared the financial statements. See the related finding at 07-4 on page 27.

SCHEDULE OF STATUS OF PRIOR FINDINGS

<u>07-04</u> – Preparation of Financial Statements – Repeated
08-01 – Accounting Records – Modified and Repeated
10-01 – Lack of Support for Receipts – Modified and Repeated
10-02 - Identifying Receipts Record in the General Ledger - Modified and Repeated
10-03 – Accrued Compensation – Repeated
10-04 - Cash Disbursements - Modified and Repeated
10-05 – Payroll Timesheets – Modified and Repeated
10-07 – Missing Receivables Information – Modified and Repeated
10-08 – Incorrect Expense Code in General Ledger – Modified and Repeated
10-09 – Late Employee and Employer 403(b) Contributions – Repeated
10-10 – Late Report - Repeated
11-01 – Monthly Bank Reconciliations – Repeated
11-02 - Compare Budget to Actual Results - Repeated
11-03 – Closing Procedures – Repeated
11-04 – Establish Allowance for Doubtful Accounts - Repeated
11-05 – Hiring an Accounting Manager - Repeated
11-06 – Inventory Fixed Assets - Repeated
11-07 – List of Authorized Check Signers - Resolved
11-09 — Prepare More Accurate Monthly Financial Statements — Repeated
11-12 – Payroll Timesheets – Repeated
12-01 – Deduction Authorization Forms – Modified and Repeated
12-02 - Time Card Authorization - Repeated
12-03 – Fraudulent Credit Card Purchases – Repeated

OTHER DISCLOSURES

For the year ended June 30, 2013

EXIT CONFERENCE

An exit conference was conducted on January 6, 2015 in which the contents of this report were discussed. The following persons were in attendance:

Charles "Bud" Hobbs Board of Trustees

Bill Robinson Board of Trustees

Le'Ann Reeves Clinic Manager

Mary Hinds, CPA Audit Director

Tabatha Coffey, CPA Audit Supervisor
