#### INDEPENDENT AUDITORS' REPORT

Honorable Michael E. Vigil, Chief Justice State of New Mexico Supreme Court and Mr. Brian Colón New Mexico State Auditor Santa Fe, New Mexico

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, each major fund, the budgetary comparisons for the general fund and the aggregate remaining fund information of the State of New Mexico Supreme Court (the Court) as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Court's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error

#### **Auditors' Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Court's preparation and fair presentation of the

financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, the respective budgetary comparisons for the general fund, and the aggregate remaining fund information of the Court as of June 30, 2020, and the respective changes in financial position and for the year then ended in conformity with accounting principles generally accepted in the United States of America.

#### **Emphasis of Matters**

As discussed in Note A1, the financial statements of the Court are intended to present the financial position and changes in financial position of only that portion of the governmental activities, major funds and aggregate remaining fund information of the State of New Mexico that is attributable to the transactions of the Court. They do not purport to, and do not, present fairly the financial position of the State of New Mexico as of June 30, 2020, and the changes in financial position and budgetary comparisons for the year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified for this matter.

As discussed in Note E, the State of New Mexico, as a single employer, follows Governmental Accounting Standards Board (GASB) Standard No. 68, *Accounting and Financial Reporting for Pensions*, in the June 30, 2020, Comprehensive Annual Financial Report (CAFR). Accordingly, there is no allocation of the proportional share of the net pension liability to individual agencies or to the Court's financial statements. All other required footnotes and other disclosures required by GASB are included in the State of New Mexico CAFR for June 30, 2020. Our opinion is not modified with respect to this matter.

As discussed in Note F, the State of New Mexico, as a single employer, follows GASB Standard No. 75, *Accounting and Financial Reporting for Post-Employment Benefits Other than Pensions,* (OPEB) in the June 30, 2020, CAFR. Accordingly, there is no allocation of the proportional share of the net OPEB liability to individual agencies or to the Court's financial statements. All other required footnotes and other disclosures required by GASB are included in the State of New Mexico CAFR for June 30, 2020. Our opinion is not modified with respect to this matter.

#### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 5 through 8 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational,

economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Court's basic financial statements, budgetary comparisons for the general funds and the aggregate remaining fund information. The supplementary information listed on the table of contents, required by Section 2.2.2 NMAC, is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information required by Section 2.2.2 NMAC is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 31, 2020, on our consideration of the Court's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Court's internal control over financial reporting and compliance.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

June 30, 2020

The discussion and analysis provides an overview of the objective and program of the Supreme Court of New Mexico. This discussion helps the reader understand the Supreme Court's operation in terms of financial planning and expenditures of the annual budget. The Supreme Court is the entity created by the Constitution to head the judicial branch of state government.

#### **Agency Overview**

The Supreme Court of New Mexico is a constitutionally created entity. See N.M. Const. Art. VI, Sections 1 to 11. The Supreme Court's constitutional powers are also recognized by statute. See, e.g., NMSA 1978, Sections 34-2-1 et. seq.; NMSA 1978, Sections 34-5-10 & 34-5-14. The New Mexico Supreme Court is the highest court in the judicial branch of state government. The Supreme Court hears direct appeals from district court judgments imposing a sentence of death or life imprisonment and from the Public Regulation Commission. The Supreme Court has original jurisdiction in quo warranto and mandamus against all state officers, boards, and commissions, and has superintending control over all inferior courts. The Court also has the power to issue writs of mandamus, error, prohibition, habeas corpus, certiorari, injunctions, and other writs necessary or proper for complete exercise of its jurisdiction. In addition, NM Const. Art. IV, Section 35, provides for the chief justice to preside at impeachment trials; Art. V, Section 3, provides for the Supreme Court to license attorneys, Art. VI, Section 15, provides for designation of judges; and Art. VI, Sec. 31 provides for review of the decisions of the judicial standards commission.

The Court is a statewide program that includes oversight and superintending control over all state courts. The main premises of the Supreme Court are in the Supreme Court Building and the assets purchased by the Supreme Court become the property of the Supreme Court Building Commission, although they are maintained by the Supreme Court.

In accordance with its constitutional authority, the Supreme Court has the inherent power to manage the judicial branch of government, which includes the promulgation of rules governing the conduct of court business, the conduct of lawyers and judges, the admission to the practice of law, and the continuing legal education requirements for lawyers and judges.

#### **USING THIS ANNUAL REPORT**

#### Management's Discussion and Analysis (MD&A)

This section includes information on the use of the annual report and management's analysis of the financial position and results of operations for the Court. Information compares this fiscal year with the prior fiscal year.

#### **Financial Statements Overview**

The financial statements are for the purpose of presenting to the reader the financial position and financial changes for the Supreme Court. The financial statements are not intended to report the financial position of the State of New Mexico as a whole. It has one program for judicial activities which are reported with administrative activities.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED

June 30, 2020

The Supreme Court has three funds: SHARE fund 13800 is the general fund, which reverts; SHARE fund 25100 is the docket fee suspense fund, which is not reverting; and SHARE fund 79300 is the certificate fee fund that is an agency fund which transfers over every month into the State General Fund and does not accrue to the direct benefit of the Supreme Court. Generally speaking, the Supreme Court is a reverting agency. The Supreme Court's general fund reverts into the State General Fund after the end of the fiscal year. The Supreme Court's revenues are mainly from the State General Fund, with no money received from the docket fees except for \$4.00 from every filing fee collected pursuant to Section 34-2-6 NMSA 1978 for deposit into a suspense fund. The suspense fund is for the purpose of paying the costs of archiving closed cases and is non-reverting, with a fiscal year 2020 ending balance of \$13,171.

#### **Government-Wide Financial Statements**

The government-wide financial statements are designed to be corporate-like in that all governmental activities are consolidated into one column. The Supreme Court has no business-type activities. The focus of the Statement of Net Position (Unrestricted Net Position) is designed to be similar to a bottom line for the Supreme Court and its governmental activities. This statement combines and consolidates the governmental fund's financial resources (short-term spendable resources) with capital assets and long-term liabilities.

The Statement of Activities is focused on the cost of various activities that are provided by the Supreme Court's general revenues. This is intended to summarize and simplify the user's analysis of the cost of services.

The governmental activities reflect the Supreme Court's basic services of providing judicial review and oversight of the Judicial Branch of state government.

#### **Fund Financial Statements**

Traditional users of governmental financial statements will find the Fund Financial Statements presentation more familiar. The focus is now on Major Funds, rather than fund types. The Supreme Court only has two such funds: the general fund and the suspense fund. The Governmental Fund presentation is presented on a sources and uses of current resources basis.

#### **Budgetary Comparisons**

The budgetary comparison schedules present both the original and the final appropriated budgets for the reporting period as well as the actual inflows, outflows and balances, as stated on the government's budgetary basis.

As required by the Office of the State Auditor under 2 NMAC 2.2, the Statements of Revenues and Expenditures - Budget and Actual - are also presented. This information is provided at the approved budget level to demonstrate compliance with legal requirements.

# MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED

June 30, 2020

#### **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

#### **Statement of Net Position**

Government Activities
-----------------------

	 2020	2019		
Current assets Capital assets, net	\$ 736,948 1,518,335	\$	691,019 1,786,707	
Total assets	\$ 2,255,283	\$	2,477,726	

For more detailed information, see the Statement of Net Position.

The Supreme Court's total net position for the fiscal year 2020 was \$1,312,150. Net position in fiscal year 2019 was \$1,748,808. The Court has a positive net position at June 30, 2020. The \$436,658 decrease is due to depreciation expense of \$332,196 and increased personnel services and benefits costs.

All amounts appropriated were expended as of June 30, 2020, but for \$242,491 of reversions to the state general fund. The Supreme Court identified an additional reversion in the amount of \$110,386 related to FY2019 and the current year reversion was \$132,105. This was the result of a multi-year funding source of which the unexpended fund balance from FY2018 was appropriately recorded to Restricted Fund Balance. This amount was not taken into consideration when calculating the FY2019 reversion. This has since been corrected and the remaining reversion for FY2019 has been reverted to the General Fund.

#### **Statement of Activities**

The following schedule represents the revenues and expenses for the current and prior year.

#### **Government Activities**

	 2020	 2019
State General Fund appropriations Capital assets transferred out Miscellaneous revenue Reversions to State General Fund	\$ 6,379,400 - 1,149 (132,105)	\$ 6,162,500 (2,195,139) 1,834 (196,576)
Total revenues	6,248,444	3,772,619
Program expenses	 (6,557,421)	 (5,466,555)
Total expenses	(6,557,421)	(5,466,555)
Change in net position	(308,977)	(1,693,936)
Net position, beginning, before restatement	 1,748,808	 3,014,921
Prior period restatement	 	 427,823
Net position, beginning, after restatement	 1,748,808	 3,442,744
Net position, end of year	\$ 1,439,831	\$ 1,748,808

#### MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED

June 30, 2020

For more detailed information, see the Statement of Activities.

The Supreme Court's total revenues for fiscal year 2020, excluding reversions, were \$6,380,549. The revenues in fiscal year 2019 were \$6,164,334 excluding capital assets transferred out and reversions. The increase in revenue, excluding reversions, for fiscal year 2020 was due to an increased general fund appropriation.

#### THE SUPREME COURT'S FUNDS

The Supreme Court has one governmental fund which is solely a State general fund appropriated by the State Legislature. As noted above the general fund appropriation increased in 2020. The docket fee fund, also known as the suspense fund, had revenues of \$624 and no expenditures in fiscal year 2020.

#### **BUDGETARY HIGHLIGHTS**

The Supreme Court fiscal year 2020 appropriation increased by \$216,900 which includes funding the operations of the Supreme Court Building Commission and the Supreme Court Law Library. However, the Supreme Court's appropriation was cut for fiscal year 2021, which leaves the Court's funding for fiscal year 2021 below its fiscal year 2020 budget as summarized in Note I to the financial statements.

#### LONG-TERM DEBT ACTIVITY

The Supreme Court's long-term liabilities are for compensated absences as summarized in Notes A5 and D to the financial statements.

#### **ANTICIPATED CHANGES**

The Supreme Court anticipates seeking restoration of the funding cut from its fiscal year 2021 budget for its fiscal year 2022 budget.

#### **NOTES TO FINANCIAL STATEMENTS**

June 30, 2020

#### NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the State of New Mexico Supreme Court (Court) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental entities. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the Supreme Court's accounting policies are described below:

#### 1. Reporting Entity

The Judicial Branch of government for the State of New Mexico is created by Article VI, Section 1 of the New Mexico Constitution. The Supreme Court is the court of last resort in the State of New Mexico. The New Mexico Constitution gives the Supreme Court control over all other State Courts. The Supreme Court promulgates the rules and regulations governing procedures for all courts, as well as the Bar and other areas of the judiciary. The rules are published in New Mexico Rules Annotated.

The Supreme Court is a component unit of the Judicial Branch and these financial statements include all funds and judicial and administrative activities for Supreme Court operations. The Court has decision-making authority, the power to designate management, the responsibility to significantly influence operations, and primary accountability for fiscal matters. The Court is part of the primary government of the State of New Mexico and its financial data should be included with the financial data of the State.

In evaluating how to define the Court for financial reporting purposes, management has evaluated the Court's potential component units. The basic, but not the only, criterion for including a potential component unit as part of the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestations of this ability include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations, and the accountability for fiscal matters. A second criterion used in evaluating potential component units is the scope of public service. Application of the criterion involves considering whether the activity benefits the Court. A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing or fiduciary relationships, regardless of whether the Court is able to exercise oversight responsibilities.

Effective July 1, 2018, pursuant to Chapter 39, of New Mexico Laws of 2018, the Law Library and Building Commission were combined for funding and operational oversight purposes into the Supreme Court as all assets, liabilities and net position account balances were transferred into the Supreme Court's operations. The Supreme Court has no component units for the year ended June 30, 2020.

The following entities are included within the Court's general fund appropriation but remain separate legal entities that are overseen by the Justices of the Supreme Court:

#### NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2020

#### NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

#### 1. Reporting Entity – Continued

The New Mexico Supreme Court Law Library (Library) is a New Mexico judicial state agency located in the Supreme Court building in Santa Fe, New Mexico. The Library is an agency created by the Legislature to provide access to the primary law and related legal materials for the citizens of the State of New Mexico, including the judiciary, the legislature, and the executive branches of state government, as well as the general public, and in so doing fulfills the constitutional requirement of providing equal access to the law. The Law Library also has a special, distinct mission in support of the legal research needs of the judiciary. The Library has no component units.

The Supreme Court Law Library was created by statute in 1915. The current statutory authority is found at NMSA 1978, § §34-2-10 to -15. Pursuant to statute, the New Mexico Supreme Court has responsibility for the management, control and supervision of the Supreme Court Law Library. NMSA 1978, § 34-2-11. The New Mexico Supreme Court appoints a Law Librarian who is responsible for the care and custody of the law library. NMSA 1978, § 34-2-13(A).

The New Mexico Supreme Court Building Commission (Building Commission) is a New Mexico judicial state agency located in the Supreme Court building in Santa Fe, New Mexico. The Supreme Court Building Commission is responsible for the building and grounds of the Supreme Court Building and all material contents including books and computer equipment. The Building Commission consists of the Chief Justice and Justices of the Supreme Court. The Building Commission has no component units.

The Supreme Court Building Commission was created by statute. See NMSA 1978, Section 34-3-1 (1967). The Chief Justice serves as chair of the Building Commission and the Supreme Court Clerk serves as its Secretary. The Secretary of the Building Commission is responsible for administrative operations and for handling budget matters and all financial transactions. The Building Superintendent is under the Clerk's supervision.

The Supreme Court Building houses the Supreme Court, Supreme Court Building Commission, and Supreme Court Law Library. The Supreme Court Building Commission also provides office space for the New Mexico Court of Appeals and the Administrative Office of the Courts. By statute, the Supreme Court Building Commission has care, custody and control of the Supreme Court Building and its grounds, along with all equipment, furniture and fixtures purchased or used by agencies of the judicial branch housed within it. See NMSA 1978, Section 34-3-3 (2018). Such equipment and furniture may also be maintained in part by the individual agencies that purchase or use it.

#### NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2020

#### NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

#### 2. Basic Financial Statements

The basic financial statements include both government-wide (based on the Supreme Court as a whole) and fund financial statements. Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. The Supreme Court is a single-purpose government entity and has no business type activities. In the government-wide Statement of Net Position, the governmental activities are presented on a consolidated basis and are reflected on the full accrual, economic resource basis, which incorporates long-term assets, receivables and deferred outflows of resources, as well as long-term debt and deferred inflows of resources.

The government-wide Statement of Activities reflects both the gross and net cost per functional category, which are otherwise being supported by general government revenues. The Statement of Activities reduces gross expenses by related program revenues, as well as operating and capital grants. The program revenues must be directly associated with the function and consist of fees. The net cost by function is normally covered by general revenue. Since the Supreme Court only has one program, it does not employ indirect cost allocation in the financial statements.

The fund financial statements differ from the government-wide financial statements. Emphasis is on the major funds of the governmental category. The Supreme Court's only major fund is its General Fund; however, management has elected to present the Suspense Fund (25100) also as a major fund.

The governmental funds in the fund financial statements are presented on a current financial resource and modified accrual basis of accounting. This is the manner in which these funds are normally budgeted. This presentation is deemed more appropriate to demonstrate legal and covenant compliance, to demonstrate the source and use of liquid resources and to demonstrate how the Supreme Court's actual experience conforms to the budget or fiscal plan. Since the governmental fund statements are presented on a different measurement focus and basis of accounting than the government-wide statements governmental column, a reconciliation is presented on the page following each statement, which briefly explains the adjustment necessary to transform the fund based financial statements into the governmental column of the government-wide presentation.

The Supreme Court Funds are classified into two categories: governmental and fiduciary. Each category, in turn, is divided into separate "fund types."

#### NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2020

#### NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

#### 2. Basic Financial Statements - Continued

**Governmental Funds** - are used to account for all or most of the Supreme Court's general government activities, including the collection and disbursement of earmarked monies (Special Revenue Fund).

General Fund - The general fund is the primary operating fund of the Supreme Court and is presented as a major fund. It accounts for all financial resources except those required to be accounted for in another fund. The operations of the Supreme Court are funded primarily by appropriations from the State General Fund which are recorded as "other financing sources" in the general fund in the year appropriated. The General Fund is a reverting fund. The New Mexico Supreme Court was created by Article VI, Section 1 of the NM Constitution and is SHARE fund 13800.

Supreme Court Suspense Fund - This special revenue fund accounts for revenue sources that are legally restricted to expenditures for specific purposes. No expenditures from the special revenue fund can be made for the general operations of the Supreme Court except as authorized by NMSA 1978 34-2-6. The Suspense Fund was established by NMSA 1978, Section 34-2-6. This statute authorized the Supreme Court to retain in the Suspense Fund four dollars (\$4) of fees collected on each case docketed in the Supreme Court. These funds are designated to defray the cost of filming, binding and storing Supreme Court documents and records. The Suspense Fund is not budgeted in current fiscal year for expenditures, and does not revert to the State General Fund. This is the only special revenue fund of the New Mexico Supreme Court and it is SHARE fund 25100. The Supreme Court has elected to present this fund as a major fund to streamline the financial statement presentation.

The restricted fund balance of \$12,593 in the general fund does not revert as the primary source of funds in the amount of \$123,000 came from the NM General Services Department Capital Building Repair Fund on June 27, 2018, reported as other financing sources specifically for building improvements, which included expenditures for stucco repairs during FY20, and authorization to use the remainder of the restricted fund balance expires on June 30, 2021.

Supreme Court Fees Fund – This agency fund receives certificate fees which it remits to the State General Fund.

**Fiduciary Funds** - are used to account for all assets held on behalf of outside parties, including other governments. Since the activities in these funds are on behalf of other governments, it is excluded from the entity-wide financial statements.

#### NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2020

#### NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

#### 3. Basis of Accounting

Basis of accounting refers to the point at which revenues or expenditures are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurement made, regardless of the measurement focus applied.

The Statement of Net Position and the Statement of Activities display information about the Court, the primary government, as a whole, without displaying the individual funds or fund types. Generally, these statements distinguish between activities that are governmental and those that are considered business-type activities. The Court has no business-type activities; therefore, these statements only reflect governmental activities. Government-wide financial statements exclude information about fiduciary funds and component units that are fiduciary in nature.

The government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic assets used. Revenues, expenses, gains, losses, assets, deferred outflows of resources and liabilities, deferred inflows of resources resulting from exchange transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets and liabilities resulting from non-exchange transactions are recognized in accordance with requirements of Governmental Accounting Standards Board Statement No. 33 (GASB 33).

The General Fund utilizes the modified accrual basis of accounting. Under this method, revenues and other governmental fund financial resource increments are recognized in the accounting period in which they become susceptible to accrual that is, when they become both measurable and available to finance expenditures of the current fiscal period; available means collectible within the current period or soon enough thereafter (60 days) to be used to pay liabilities of the current period.

Expenditures are recorded as liabilities when incurred.

In applying the "susceptible to accrual" concept to intergovernmental revenues pursuant to Governmental Accounting Standards Board Statement No. 33 (GASB 33), Accounting and Financial Reporting for Nonexchange Transactions, the provider should recognize liabilities and expenses and the recipient should recognize receivables and revenues when the applicable eligibility requirements, including time requirements, are met. Resources transmitted before the eligibility requirements are met, under most circumstances, should be reported as advances by the provider and unearned revenue by the recipient.

#### 4. Capital Assets

Property and equipment purchased or acquired at a value of \$5,000 or greater are capitalized in accordance with 12-6-10 NMSA 1978. By State statute, all capital assets used by the Supreme Court are accounted for by the State of New Mexico Supreme Court Building

#### NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2020

#### NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

#### 4. Capital Assets – Continued

Commission. The Building Commission is responsible for the care, custody, and control of capital assets used by agencies of the judicial branch housed within the Supreme Court Building. Capital assets purchased by the Supreme Court are reported as capital outlay expenditures in the General Fund.

#### 5. Compensated Absences

Qualified employees accumulate annual leave to a maximum of 240 hours as follows:

Years of Service	Hours Earned Bi-Weekly
1 – 3 years	4.62
4 – 6 years	5.54
7 – 13 years	6.46
14 years or more	7.39

The maximum accrued annual leave may be carried forward into the beginning of the next calendar year and any excess is lost. When employees terminate, they are compensated for accumulated annual leave as of the date of termination, up to the maximum of 240 hours.

Employees who have over 600 hours of accumulated sick leave can receive payment for hours over 600, up to 120 hours, on July 1 or January 1 of each year. However, sick leave is paid at 50% of the employee's regular hourly wage. At retirement, employees can receive 50% payment for up to 400 hours of accumulated sick leave above 600 hours. Therefore, the only sick leave which has been accrued represents the hours earned at June 30th, over 600 hours. Expenditures for accumulated sick pay for hours under 600 hours will be recognized as employees take such absences.

In addition, the Court allows FLSA non-exempt employees to accumulate compensatory leave in certain approved circumstances. Compensatory leave may be carried forward into the next calendar year and any unused portion is paid at termination to non-exempt employees under the Federal Labor Standards Act.

Accrued compensated absences are recorded as liabilities and net changes are recorded as expenditures in the government-wide financial statements. The fund financial statements do not recognize compensated absences as due and payable at year end.

#### 6. Net Position

The government-wide financial statements utilize a net position presentation. Net position is categorized as invested in capital assets (net of related debt), restricted and unrestricted.

#### NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2020

#### NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

#### 6. Net Position - Continued

Invested in Capital Assets (net of related debt) – is intended to reflect the portion of net position which is associated with non-liquid, capital assets less outstanding capital asset related debt. The Court does not have any related debt.

Restricted Net Position – are liquid assets which have third-party, legally enforceable, (statutory, bond covenant or granting agency) limitations on their use. When there is an option, the Supreme Court spends restricted resources first.

*Unrestricted Net Position* – represent unrestricted liquid assets. The balance at June 30 of (\$214,658) represents unfunded accrued compensated absences, which will be paid out of current resources when redeemed.

#### 7. Fund Balances

Governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The classifications used in the governmental fund financial statements are as follows:

**Nonspendable** – This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

**Restricted** – This classification includes amounts that are restricted to a specific purpose. Fund balances are restricted when constraints placed on the use of resources are either: (a) externally imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments; (b) enabling legislation, as the term is used authorizes the Court to assess, levy, charge or otherwise mandate payment of resources and includes a *legally enforceable* requirement that those resources be used only for the specific purposes stipulated in the legislation.

**Committed** – This classification includes amounts that can only be used for specific purposes to constraints imposed by formal action of the Court's highest level of decision-making authority. Those committed amounts cannot be used for any other purpose unless the Court removes or changes the specific use by taking the same type of action (for example resolution or order) it employed to previously commit those amounts.

**Assigned** – This classification includes amounts that are constrained by the Court's *intent* to be used for specific purposes, but are neither restricted nor committed. Intent should be expressed by (a) the governing body itself or (b) a body or official to which the governing body has delegated the authority to assign amounts to be used for specific purposes.

**Unassigned** – This classification is the residual classification for the general fund. This classification represents a fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund. The general fund should be the only fund that reports a positive unassigned fund balance amount.

#### NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2020

#### NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

#### 8. Budgets

The Supreme Court follows these procedures in establishing the budgetary data reflected in the financial statements:

No later than September 1, the Supreme Court submits to the Judicial Budget Office (JBO), the Legislative Finance Committee (LFC), and the Department of Finance and Administration (DFA) an appropriation request for the fiscal year commencing the following July 1. The appropriation request includes proposed expenditures and the means of financing them.

Appropriation request hearings are scheduled by the DFA. Budget hearings are scheduled before the New Mexico House Appropriations and Senate Finance Committees. The final outcomes of these hearings are incorporated into the General Appropriations Act. The Act is signed into law by the Governor of the State of New Mexico within the legally prescribed time limit.

The Supreme Court submits to the DFA, no later than May 1, an annual operating budget by category and line item based upon the appropriation made by the Legislature. The DFA – Budget Division reviews and approves the operating budget which becomes effective on July 1. All subsequent budget adjustments must be approved by the State of New Mexico, Administrative Office of the Courts and the director of the DFA - Budget Division and the LFC. The current year budget was adjusted in a legal manner.

The legal level of budgetary control is at the appropriation program level, meaning total expenditures for the program need to be compared to the program's approved final budget for compliance.

Appropriations lapse at the end of the fiscal year except for multi-year special appropriations. All amounts within the General Fund revert annually to the State General Fund, with the exception of unspent multi-year special appropriations.

Each year the Legislature approves multiple year appropriations, which the State considers as continuing appropriations. The Legislature authorizes these appropriations for two to five years; however, it does not identify the authorized amount by fiscal year. Consequently, the appropriation is budgeted in its entirety the first year the Legislature authorizes it.

The unexpended portion of the budget is carried forward as the next year's beginning budget balance until either the project period has expired or the appropriation has been fully expended. The budget presentation in these financial statements is consistent with this budgeting methodology.

The budget for the General Fund is adopted on the modified accrual basis of accounting except for accounts payable accrued at the end of the fiscal year that do not get paid by the statutory deadline (Section 6-10-4 NMSA 1978), that must be paid out of next year's budget. A reconciliation of budgetary basis to GAAP basis will be necessary if all accounts payable at the end of the fiscal year are not paid by the statutory deadline.

#### **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

June 30, 2020

#### NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

#### 9. Inter-Fund Activity

Inter-fund transactions are treated as transfers. Transfers between governmental funds are netted as part of the reconciliation of the government-wide financial statements. There were no transfers between the general fund and the suspense fund during FY20.

#### 10. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### 11. Subsequent Events

Subsequent events have been evaluated through October 31, 2020, the date which the financial statements were available to be issued, to determine whether such events should be recorded or disclosed in the financial statements for the year ended June 30, 2020. Management believes no material subsequent events have arisen that would require adjustment or disclosure.

#### NOTE B - STATE TREASURER GENERAL FUND INVESTMENT POOL

State law (Section 8-6-3 NMSA 1978) requires the Court's cash be managed by the New Mexico State Treasurer's Office. Accordingly, the investments of the Court consist of an interest in the General Fund Investment Pool managed by the New Mexico State Treasurer's Office.

At June 30, 2020, the Court had the following invested in the General Fund Investment Pool:

	Share Fund #			Fair Value
General Fund	13800	1 day	\$ 723,773	\$ 723,773
Supreme Court Fees Fund	79300	1 day	-	-
Supreme Court Suspense Fund	25100	1 day	13,171	13,171
Total governmental funds			\$ 736,944	\$ 736,944

<u>Interest Rate Risk</u> – The New Mexico State Treasurer's Office has an investment policy that limits investment maturities to five years or less on allowable investments. This policy is a means of managing exposure to fair value losses arising from increasing interest rates. This policy is reviewed and approved annually by the New Mexico State Board of Finance.

## NOTES TO FINANCIAL STATEMENTS - CONTINUED

#### NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2020

#### NOTE E - PENSION PLANS - PUBLIC EMPLOYEES RETIREMENT ASSOCIATION

The New Mexico Supreme Court, as part of the primary government of the State of New Mexico, is a contributing employer to a cost-sharing multiple employer defined benefit pension plan administered by the Public Employees Retirement Association (PERA). Disclosure requirements for governmental funds apply to the primary government as a whole, and as such, this information will be presented in the Component Appropriation Funds Annual Financial Report (General Fund) and the Comprehensive Annual Financial Report (CAFR) of the State of New Mexico.

The New Mexico Supreme Court also has a single employer defined benefit pension plan for Supreme Court Justices (Judicial Retirement) administered by PERA. Disclosure requirements for governmental funds apply to the primary government, as a whole, and as such, this information will be presented in the Component Appropriation Funds Annual Financial Report (General Fund) and the CAFR of the State of New Mexico.

Information concerning the net pension liability, pension expense, and pension-related deferred inflows and outflows of resources of the primary government will be contained in the General Fund financial statements for the State and the CAFR and will be available, when issued, from the Office of State Controller, Room 166, Bataan Memorial Building, 407 Galisteo Street, Santa Fe, New Mexico, 87501.

The Supreme Court's contributions to PERA including JRA for the years ended June 30, 2020, 2019 and 2018 were \$597,630, \$495,747 and \$392,387, respectively, which equal to the required contributions for each year.

#### NOTE F - POST-EMPLOYMENT BENEFITS - STATE RETIREE HEALTH CARE PLAN

The Court, as part of the primary government of the State of New Mexico, is a contributing employer to a cost-sharing multiple-employer defined benefit postemployment health care plan that provides comprehensive group health insurance for persons who have retired from certain public service positions in New Mexico. The Other Postemployment Benefits (OPEB) Plan is administered by the Retiree Health Care Authority of the State of New Mexico. Overall, total OPEB liability exceeds OPEB Plan net position resulting in a net OPEB liability. All required disclosures will be presented in the CAFR of the State of New Mexico.

#### NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2020

# NOTE F - POST-EMPLOYMENT BENEFITS - STATE RETIREE HEALTH CARE PLAN - CONTINUED

Information concerning the net liability, benefit expense, and benefit-related deferred inflows and deferred outflows of resources of the primary government will be contained in the State of New Mexico CAFR for the year ended June 30, 2019, and will be available, when issued, from the Office of the State Controller, Room 166, Bataan Memorial Building, 407 Galisteo Street, Santa Fe, New Mexico, 87501.

The Supreme Court's contributions to RHCA for the years ended June 30, 2020, 2019 and 2018 were \$75,007, \$51,039 and \$49,461, respectively, which equal to the required contributions for each year.

#### **NOTE G - RISK MANAGEMENT**

The Supreme Court is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; injuries to employees or others; or acts of God. The Court is insured through Risk Management Division of the General Services Department, which is accounted for as a separate fund within that agency of the State of New Mexico. In general, Risk Management Division responds to suits against the state and state agencies; manages the fund to provide unemployment compensation, tort liability insurance, workman's compensation, and general and property insurance, and attempts to reduce the number of suits against the state and state agencies through the risk management process. Any claims against the Supreme Court have not exceeded available coverage. In accordance with its policy the Supreme Court may share in any litigation awards according to policy terms. The Supreme Court's policy with the Risk Management Division may require the Court to share in litigation assessments or settlements that may arise after July 1, 2019, determined on a case by case basis. There were no material outstanding matters at June 30, 2020, and through the date of issuance of these financial statements.

#### NOTE H - REVERSIONS TO STATE GENERAL FUND

Current year reversions for the State General Fund as of June 30, 2020, were as follows:

Appropriation Year	Fund Type	SHARE System Fund	Reversion		
	<del></del>				
Laws of 2020	General Fund	13800	\$	132,105	
Laws of 2019	General Fund	13800		110,386	
			\$	242,491	

In accordance with statute Section 6-5-10(A) NMSA 1978, all unreserved, undesignated fund balances in reverting funds and accounts as reflected in the central accounting system as of June 30 shall revert.

#### NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2020

#### NOTE I - COVID-19 IMPACT DISCLOSURE

In response to the COVID-19 (Coronavirus) Pandemic, the Court has implemented several significant changes to its operations for the last few months of fiscal year 2020 and to the start of fiscal year 2021, including revised work processes to limit gatherings and other in-person contact with the Supreme Court Building, holding Supreme Court oral arguments by audio-video connection, and screening of all staff and visitors to the Supreme Court Building, including temperature checks, before allowing entry to the building. Most of the Court's staff has been teleworking throughout the public health emergency. However, the Court and the Supreme Court Building have remained open to the public for all normal business hours by maintaining limited staffing, including maintenance, security, and law library staff, to handle tasks that must take place onsite and to keep the Supreme Court Building safe, secure, and open to the public. Notwithstanding the Court's revised work processes, internal controls over financial transactions and reporting have not been compromised. The safety and health of Court employees and the public remains of the utmost importance.

As a result of current events, the economy in which the State operates has seen significant declines in the market values of investments, gross receipts tax revenues, and revenues derived from the oil and gas industry. These are significant sources of revenue for the State of New Mexico, which allocates the funds through appropriations to individual state agencies. Due to these significant declines, a Special Session of the Legislature was called in June of 2020 to discuss budget cuts to ensure the continued operation of state government, which resulted in a four percent cut to the Court's fiscal year 2021 appropriation that leaves the Court below its fiscal year 2020 budget.

The duration and continued effects from the pandemic are uncertain and cannot be predicted.

#### **NOTE J – NEW ACCOUNTING STANDARDS**

#### GASB 87 – Leases

GASB Statement No. 87, Leases (GASB 87) establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities.

Lessor accounting for recognition of lease receivables and deferred inflows of receivables at commencement of the lease term will need to be considered. The lessor should not derecognize the asset underlying the lease. Lessee accounting for operating leases also will be more like capital lease accounting.

#### NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2020

#### NOTE J - NEW ACCOUNTING STANDARDS - CONTINUED

#### GASB 87 - Leases - Continued

GASB 87 increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. GASB 87 is effective for periods beginning after December 15, 2020 (FY22) with earlier application encouraged. This statement may have some impact on the assets and liabilities of the Court.

#### GASB 95 – Postponement of the Effective Dates of Certain Authoritative Guidance

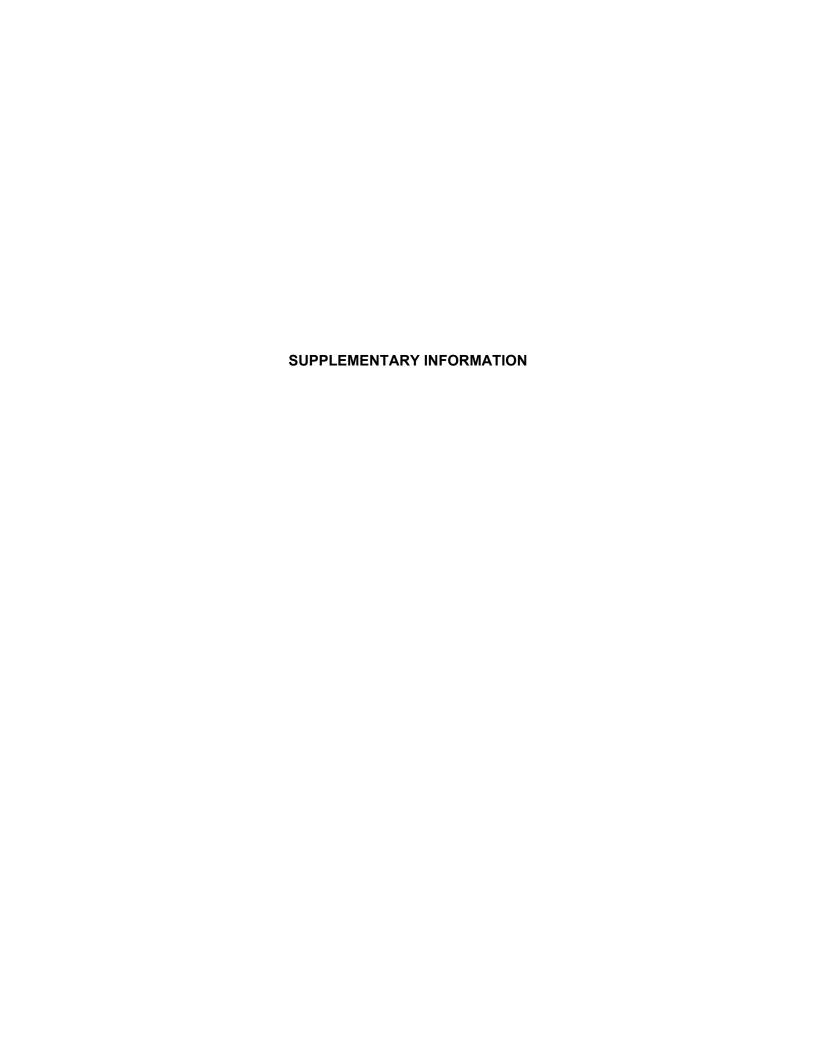

The effective dates of certain provisions contained in the following pronouncements are postponed by one year:

- Statement No. 83, Certain Asset Retirement Obligations
- Statement No. 84, Fiduciary Activities
- Statement No. 88, Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements
- Statement No. 89, Accounting for Interest Cost Incurred before the End of a Construction Period
- Statement No. 90, Majority Equity Interests
- Statement No. 91, Conduit Debt Obligations
- Statement No. 92, Omnibus 2020
- Statement No. 93, Replacement of Interbank Offered Rates
- Implementation Guide No. 2017-3, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions (and Certain Issues Related to OPEB Plan Reporting)
- Implementation Guide No. 2018-1, Implementation Guidance Update—2018
- Implementation Guide No. 2019-1, Implementation Guidance Update—2019
- Implementation Guide No. 2019-2, Fiduciary Activities

Many of the above issued GASB standards were set for implementation in FY20 and thus are delayed until FY21.

The effective dates of the following pronouncements are postponed by 18 months:

- Statement No. 87, Leases
- Implementation Guide No. 2019-3, Leases

# INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING, AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Michael E. Vigil, Chief Justice State of New Mexico Supreme Court and Mr. Brian Colón New Mexico State Auditor

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, the budgetary comparisons for the general funds and the aggregate remaining fund information of the State of New Mexico Supreme Court (the Court), as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Court's basic financial statements, and have issued our report thereon dated October 31, 2020.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Court's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Court's internal control. Accordingly, we do not express an opinion on the effectiveness of the Court's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Court's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Court's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and 2.2.2 NMAC.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Court's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Court's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
