Report on Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information, and the budgetary comparisons for the combined general fund and major special revenue funds of the State of New Mexico, Second Judicial District Court (Court), as of and for the year ended June 30, 2014, and the related notes to the financial statements which collectively comprise the Court's basic financial statements as listed in the table of contents. We also have audited the financial statements of each combining general fund unit, and the budgetary comparisons for each combining general fund unit presented as supplementary information, as defined by the Government Accounting Standards Board, in the accompanying combining and individual fund financial statements as of and for the year ended June 30, 2014, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion.

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Court as of June 30, 2014, and the respective changes in financial position thereof and the respective budgetary comparisons for the combined general fund and the major special revenue funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each combining general fund unit of the Court as of June 30, 2014, and the respective changes in financial position thereof and the respective budgetary comparisons for each combining general fund unit for the year then ended in accordance with accounting principles generally accepted in the United States of America

Other Matters

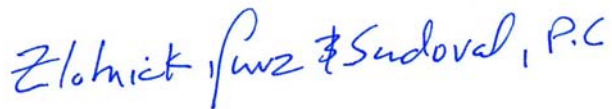

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 to 11 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the Court's financial statements, the combining and individual fund financial statements, and the budgetary comparisons. The Schedule of Expenditures of federal awards as required by Office of Management and Budget *Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations*, and the supplementary information listed on the table of contents and other schedules required by 2.2.2.NMAC are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Schedule of Expenditures of Federal Awards and other schedules required by 2.2.2 NMAC are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with the auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards and the supplementary information listed on the table of contents and other schedules required by 2.2.2 NMAC are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated November 14, 2014 on our consideration of the Court's internal control over financial reporting and our tests of its compliance with certain provision of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Court's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2014

The Second Judicial District Court's discussion and analysis is provided as an overview of the Court's financial activities for the fiscal year ending June 30, 2014. This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities (on pages 12 and 13), provide information about the Court as a whole and presents a longer term view of the court's finances. Fund financial statements start on page 14. For governmental activities, these statements tell how these services were financed in the short-term as well as what remains for future spending. Fund financial statements also report the Court's operations in more detail than the government-wide statements by providing information about the Court's most significant funds. The Statement of Fiduciary Net position provides information about activities for which the Court acts solely as agent for the benefit of others, to whom the resources belong.

Government-Wide Financial Statements

Government-wide financial statements report information about the Court as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Position includes all of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the Statement of Activities regardless of when cash is received or paid.

Fund Financial Statements

The fund financial statements provide more detailed information about the Court's most significant funds, not the Court as a whole. Funds are accounting devices that the Court uses to keep track of specific sources of funding and spending for particular purposes.

The Court has two types of funds:

- Governmental funds - Most of the Court's basic services are included in governmental funds, which focus on 1) how cash and other financial assets that can readily be converted to cash flow in and out and 2) the balances left at year-end that are available for spending.
- Fiduciary funds - The Court maintains three agency funds to account for monies held on behalf of others. These funds are purely custodial in nature thus do not include measurement of the results of operations.

SECOND JUDICIAL DISTRICT COURT

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2014

Other Financial Highlights

The Second Judicial District Court is responsible for monitoring and maintaining all litigant funds. Agency funds are not "operating" funds but are purely custodial and thus do not involve a measurement of results of operations. The funds are deposited into registry and savings trust accounts. The Court's savings account is established through the State Treasurer's Local Government Investment Pool (LGIP) and earned an average of .11% interest during the year ending June 30, 2014. In order for the Court to deposit funds into this account, deposits must exceed \$25,000 or the Court Order must specify the funds be deposited into a savings account. All other funds are deposited into the registry account through a local bank and any bank interest accrued is transferred to the State General Fund.

General Fund Budgetary Highlights

The New Mexico State Legislature makes annual appropriations to the Court. Budget adjustments require approval by the New Mexico Department of Finance and Administration. These budget adjustments fall into the following three categories:

- Amendments approved shortly after the beginning of the year to reflect the actual beginning account balances.
- Budget adjustment requests that increase or decrease other State funds based on actual revenues.
- Increases or reallocations of appropriations to prevent budget overruns.

The fiscal year 2014 legislative session lasted 30 days. The Court requested \$26.6 million and was appropriated \$26.3 million with an additional \$326,100 for Capital Outlay. Amendments to the budget require approval by the Budget Division of the Department of Finance and Administration.

Approved budgets increased by \$27,231, during the year from the original amount of \$26,637,100 to \$26,664,331. This .1% increase is primarily attributed to establishing the budget for the Residential Mortgage Foreclosure Settlement Facilitation Pilot Project Grant, increasing the Bernalillo County Pre Trial Services Grant, Judicial Supervision Program Grant and the Child Support Grant budgets to match the actual contract amounts, and decreasing the Bernalillo County Pre Trial Services Expansion Grant and the Probation Violation Docket Grant budgets to match the actual contract amounts. Actual budgetary basis expenditures of \$25,501,577 are within the total allowed in the final approved budget by \$1,156,754.

STATE OF NEW MEXICO
SECOND JUDICIAL DISTRICT COURT

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2014

The statement of revenues and expenditures reflects a balance of \$417,263 for the net change in fund balances in the Total Governmental Funds column. Contributing factors to the increase were that the Court increased the revenue carryover for Special Revenue Funds and the revenue carryover for the Residential Mortgage Foreclosure Settlement Facilitation Pilot Project Grant. These special revenue funds include Mediation and Court Alternatives (Arbitration).

Capital Assets

The Court's capital assets for the year ended June 30, 2014 increased by \$250,050. This includes furniture and equipment and computers needed for the courthouse. The Court does not own any real property or infrastructure assets.

Long Term Liabilities

Long term Liabilities consist entirely of accrued compensated absences. The long term portion of accrued compensated absences increased by \$6,557 during the year.

Agency Highlights

The fund financial statements provide more detailed information about the Second Judicial District Court's General Fund and its components, which include the child support enforcement hearing officer fund, grants, and contracts. The general fund appropriation of \$21,594,000 includes Court Regular, Adult Drug Court, Juvenile Drug Court and Judicial Supervision Program f/k/a Mental Health Court. This amount is an increase of \$542,500, or 2.6%, from the prior fiscal year. The other state funds amount of \$314,700 is from the Residential Mortgage Foreclosure Settlement Facilitation Pilot Project Grant Agreement between the Court and the Office of the New Mexico Attorney General. The Child Support Enforcement Hearing Officer fund was created through a grant agreement from the Human Services Department for \$1,011,241. This amount is an increase of \$40,000, or 4.1% from the prior fiscal year. The amount of \$2,159,690 for other grants under the general fund column consists of funds received from AOC for the LETF DWI Grant for Juvenile Drug Court, Bernalillo County for the Pre Trial Services Program, the Judicial Supervision Program and Probation Violation Dockets, and from OptumHealth for Veterans' Court. Grant revenue is on a cost reimbursement basis.

STATE OF NEW MEXICO
SECOND JUDICIAL DISTRICT COURT

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2014

The Major Fund column in the fund financial statement consists of the Court Mediation fund, which primarily supports the Court Clinic Division. The Court Clinic is a division within the Court that provides services to all District Court Judges, Hearing Officers, and Special Commissioners. The revenue generated comes from a portion of domestic relations filings fees collected as well as advisory consultation fees collected from clients based on a sliding fee scale and excess parent fees remitted by the provider for the Neutral Corner Supervised Visitation program. The Court has statutory authority to collect these fees. Expenses incurred from the Court Mediation fund include salary and benefits. Revenue generated in fiscal year 2014 was \$264,981, an increase of \$15,993 or 6% from fiscal year 2013. The Court Mediation fund is non-reverting.

The next Major Fund column in the fund financial statements consists of the Court Alternatives (Arbitration) Program, which offers settlement facilitation for civil and domestic relations cases. The program generates revenues through a portion of the civil filing fees collected. Pursuant to statute, any judicial district that has established a Court Alternatives Program may collect a fee of \$15 on all new and reopened civil cases. In fiscal year 2014, the revenue generated for this program was \$153,000, a decrease of \$34,440, or 18% from fiscal year 2013. This is also a non-reverting fund.

The final Major Fund column in the fund financial statements consists of the Severance Tax Bonds Capital Outlay Funds. The Court was appropriated \$174,100 for Security Equipment and \$162,000 for a Server for a grand total of \$326,100. The Court expended \$211,978 leaving a balance of \$114,122 to be expended in fiscal year 2015.

Economic Factors and Next Year's Budget

The budget request for fiscal year 2015 was \$27.3 million, which included the general fund and special revenue funds. The approved appropriation was \$27.3 million. If the economic climate continues to stabilize, the Court will be able to continue to pursue innovative efforts aimed at "individual justice" such as the Elder Court.

With the support of the Supreme Court, the Second Judicial District Court is engaged in a major automation effort, Odyssey, to transform our paper records into a totally electronic record. This includes the electronic filing of court documents directly from lawyer's offices as well as scanning all other documents that are filed in paper form. This change is having tremendous positive impacts on the processing of cases in the clerk's offices, judges' chambers and courtrooms. The Court has implemented a paper-on-demand system and is moving many clerk functions into the courtroom to occur in real time.

STATE OF NEW MEXICO
SECOND JUDICIAL DISTRICT COURT

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2014

A large example of how electronic documents are benefiting productivity is in the rapid processing of cases. To date during this 2014 calendar year the court has filed 38,933 cases and has already closed 39,228 cases! This means that cases are closing in less time and the backlog is decreasing.

In the last audit period it was not clear to the Court what the economic effect of the federal budget cuts would be on the local economy if enacted at the proposed levels.

During this reporting period it seems clear that the impact has been economic stagnation with little or no growth. Population changes, a macro factor in predicting the courts workload, are close to zero and portend zero growth for the court. This will be most auspicious for the long term court goal of matching workload requirements to resources. One notable negative effect of a stagnant economy is the decline in fee based funding going into judicial pension plans. The pension plans are partially supported by a portion of the civil case filing fee. In the current climate the number of cases filed is declining primarily due to a drop in foreclosure cases and a drop in collection activity (Debt and Money Due). As the economy has climbed out of recession, these case types declined. While this is good news for the court workload, and the community at large, it is, unfortunately bad news for the pension funds. The decline in these case types has been approximately 30% and so would imply a concurrent and significant decline in pension funding. The relevant figures are below and show a 28% decline:

FY 09 = \$745,560
FY10 = \$805,714
FY11 = \$731,272
FY12 = \$650,750
FY13 = \$624,948
FY14 = \$538,194

The decline in civil filing fees also has a predictable effect on the Arbitration fund. This fund is important because it pays for operational expenses associated with arbitrating cases. In the Second District any case that is alleging damages less than \$25,000 is mandated to go through arbitration. If this fund were to be diminished then relatively small cases would be reverted to the traditional litigation track and thereby engendering tremendously magnified time and expense for the litigants. The relevant figures are below and also show a large decrease of 35%.

FY09 = \$235,910
FY10 = \$257,970
FY11 = \$229,665
FY12 = \$197,955
FY13 = \$187,440
FY14 = \$153,000

STATE OF NEW MEXICO
SECOND JUDICIAL DISTRICT COURT

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2014

In conclusion, although the legislature should be assisting the court to move towards more stable footing for the above funds, the court's overall funding is stable. The court is operating with much more productivity and timeliness and is doing so using less funding than in past years.

NOTES TO FINANCIAL STATEMENTS

June 30, 2014

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Financial Reporting Entity

The Second Judicial District Court (Court) operates under Section 34-6-1, 34-6-2, 34-6-5 and 34-6-17 through 34-6-46, NMSA 1978 Compilation. The Court covers Bernalillo County, New Mexico. The Court is comprised of twenty six divisions as authorized in the above sections. The Court is the State Court of general jurisdiction and is authorized to hear and determine all civil and criminal cases which are not specifically exempted from its jurisdiction. Financing of the court is by state appropriation.

The financial reporting entity as defined by GASB Statement 14 consists of the primary government, organizations for which the primary government is financially accountable, and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. This definition of the reporting entity is based primarily on the notion of financial accountability as the "cornerstone of all financial reporting in government."

The Second Judicial District Court is a part of the Judicial Branch of the State of New Mexico and these financial statements include all funds and activities over which the Court has oversight responsibility. The Court is part of the primary government of the State of New Mexico and its financial data should be included with the financial data of the state. However, New Mexico does not at present issue an audited Comprehensive Annual Financial Report inclusive of all agencies of the primary government. The District Court has decision-making authority, the power to designate management, the responsibility to significantly influence operations, and primary accountability for fiscal matters. The Court has no component units that are required to be reported in its financial statements.

The accounting policies of the Second Judicial District Court conform to generally accepted accounting principles (GAAP) as applicable to governments. A summary of the Court's significant accounting policies follows:

A. Basis of Accounting / Measurement Focus

The accounts of the Court are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflow of resources, fund equity, revenues and expenditures, or expenses as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which spending activities are controlled.

SECOND JUDICIAL DISTRICT COURT**

NOTES TO FINANCIAL STATEMENTS

June 30, 2014

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

A. Basis of Accounting / Measurement Focus (Continued)

The basic financial statements include both government-wide and fund financial statements. Both the government-wide and fund financial statements categorize primary activities as governmental activities.

Government-Wide Financial Statements

The Court's government-wide financial statements include a statement of net position and a statement of activities and display information about the Court, the primary government, as a whole, without displaying individual funds or fund types. Generally, these statements distinguish between activities that are governmental and those that are considered business-type activities. The Court has no business-type activities; therefore these statements only reflect governmental activities. Government-wide financial statements exclude information about fiduciary funds and component units that are fiduciary in nature.

The government-wide financial statements are prepared using the "economic resources" measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, deferred outflows of resources, liabilities and deferred inflows of resources resulting from exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets, deferred outflows of resources, liabilities and deferred inflows of resources resulting from non-exchange transactions are recognized in accordance with the requirements of GASB 33. Grants revenue is recorded when all applicable eligibility or reimbursement requirements are met.

B. Basis of Presentation - Fund Accounting

Fund Financial Statements

The governmental fund financial statements are presented on the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when "measurable and available". Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days in order to pay current liabilities. Expenditures (including capital outlay) are recorded when the related fund liability is incurred.

NOTES TO FINANCIAL STATEMENTS

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. Basis of Presentation - Fund Accounting (continued)

This presentation is deemed appropriate to (a) demonstrate legal compliance, (b) demonstrate the source and use of liquid resources, and (c) demonstrate how the Courts actual experience conforms to the budget or fiscal plan. Since the governmental fund statements are presented on a different measurement focus and basis of accounting than the government-wide statements, a reconciliation is presented on the page following each fund statement, which briefly explains the adjustment necessary to transform the fund based financial statements into the government-wide presentation.

The Court's fiduciary fund (agency fund) is presented in the fund financial statements. The agency fund is presented on the accrual basis of accounting. Since by definition these assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the government, these funds are not incorporated in the government-wide financial statements.

Governmental Funds

Court Regular - The Court Regular is the general operating fund of the District Court. It is used to account for all financial resources except those required to be accounted for in another fund. Any unencumbered balance remaining in the General Fund at the end of the fiscal year reverts to the General Fund of the State of New Mexico. The Court calculates reversions to the State General Fund in accordance with the Department of Finance and Administration's White Paper. The SHARE fund number is #14200 - Court Regular.

In Fiscal Year 2011, the Court began collecting Drug Court Fees from Adult Drug Court participants pursuant to Statute 34-6-47, NMSA 1978 Comp. The fees are to be used to offset client service costs of the drug court program, consistent with standards approved by the Supreme Court. As of June 30, 2014, there was a remaining balance of \$50,602. Any remaining balances do not revert to the general fund at the end of the fiscal year. Revenue and expenditures for this program is tracked by department number 1401060011 in fund 14200.

Hearing Officer - The Child Support Enforcement Hearing Officer Fund is a component of the General Fund. It was created through a contract with the Human Services Department. Unused funds at the end of fiscal year revert to the State General Fund. The SHARE fund number is # 67900.

B. Basis of Presentation - Fund Accounting (continued)

Special Revenue Funds

Court Mediation - The Court has established a domestic relations mediation program pursuant to Section 5 (40-12-5, NMSA 1978 Comp.) of the Domestic Relations Mediations Act. Deposits to this fund shall include payments made through the imposition of a sliding fee scale and the collection of a surcharge provided for in the Domestic Relations Mediation Act. The fund is non-reverting. The SHARE fund number of the Mediation Fund is # 92000. This fund is considered a major fund.

Alternative Dispute Resolution - The Court has established an Alternative Dispute Resolution Fund pursuant to Section 34-6-45 NMSA 1978. The fund obtains its resources from the imposition of a \$15 fee on all new and reopened civil cases. The fund is non-reverting. The SHARE fund number is # 92200. This fund is considered a major fund.

Special revenue funds account for revenue sources that are legally restricted to expenditures for specific purposes. No expenditures can be made from special revenue funds for operations of the Court. Unexpended amounts at year end are restricted for future program expenditures in the statement of net position.

Capital Project Fund

Capital Project funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities. Capital project funding is comprised of severance tax bonds specified for capital projects.

Fiduciary Funds

Agency Funds - Agency Funds are used to account for assets held by the Court in a trustee capacity or as an agent for individuals, private organizations, other governments and/or other funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The agency funds are used to collect and distribute court fees assessed per State Statute.

June 30, 2014

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Assets, Liabilities and Equity

Cash and Investments

The Court's cash and cash equivalents include demand deposits and savings accounts.

The Court also has investment pools maintained at the State Treasurer's Office to hold litigant deposits and to use for its operations.

Receivables

All receivables are fully collectible.

Supplies Inventory

Supplies inventory consists of non-resale paper, postage and office supplies. The Court uses the purchases method to account for its inventory. At year end, the Court had a net increase of \$42,010 to its supplies inventory.

Capital Assets

In the government-wide financial statements, property, plant and equipment is accounted for as capital assets. All capital assets are valued at historical cost or estimated historical cost if actual is unavailable, except for donated assets which are recorded at their estimated fair value at the date of donation. Capital assets with a value exceeding \$5,000 are capitalized and depreciated. Any software acquired is also included in capital assets and depreciated.

Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

Furniture and Fixtures	10	years
Equipment and Machinery	5-10	years
Data Processing	3-5	years
Vehicles	7	years
Software	3	years

The Court does not depreciate its art collection to reflect the inexhaustible nature of art work.

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition.

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Assets, Liabilities and Equity (continued)

Long-Term Liabilities

Compensated Absences -- The Court's policies regarding annual leave permits employees to accumulate earned but unused annual leave. The liability for these compensated absences is recorded as current and noncurrent liabilities in the government-wide statements. In the fund financial statements, governmental funds report only the compensated absences liability payable from expendable available financial resources.

Equity

Government-Wide Statements

Equity is classified as net position and displayed in three components:

- i. *Invested in capital assets* consists of capital assets net of accumulated depreciation and reduced by any outstanding debt. The Court has no outstanding debt relating to capital assets.
- ii. *Restricted* resources consist of assets (reduced by liabilities and deferred inflows related to those assets) with constraints placed on their use either by (1) external groups such as creditors, grantors, contributors or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- iii. *Unrestricted* resources are all other assets (reduced by liabilities and deferred inflows related to those assets) that do not meet the definition of "restricted" or "invested in capital assets." The deficit reflected in the statement is caused primarily by accrued compensated absences at year end that have not been funded.

When an expense is incurred for purposes for which both restricted and unrestricted net resources are available, the Court first uses restricted resources then unrestricted resources.

Fund Financial Statements

Governmental fund equity is classified as fund balance. Fund balances are classified into spendable and non-spendable classifications. The non-spendable classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The spendable classifications are as follows:

SECOND JUDICIAL DISTRICT COURT**

NOTES TO FINANCIAL STATEMENTS

June 30, 2014

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Assets, Liabilities and Equity (continued)

Restricted Fund Balances

In the governmental fund financial statements restrictions of fund balance are reported when constraints placed on the use of resources are either: (1) Externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or (2) imposed by law through constitutional provisions or enabling legislation. The amount of net resources restricted due to enabling legislation at June 30, 2014 is summarized below:

Restricted for Adult Drug Court	\$ 50,601
Restricted for foreclosure settlement	309,290
Restricted for Mediation	203,692
Restricted for Arbitration	229,931
Total	<u>\$ 793,514</u>

Committed fund balances

Committed fund balances consist of amounts which can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority (the Court through policy action). The Court has no committed fund balances as of June 30, 2014.

Assigned fund balances

Assigned fund balances consist of fund balances which are constrained by the government intent to be used for specific purposes, but are neither committed nor restricted. Intent can be expressed by (a) the governing body itself, or (b) a body (a budget or finance committee, for example) or official to which the governing body has delegated the authority to assign amounts to be used for specific purposes. The Court has no assigned fund balances as of June 30, 2014.

Unassigned fund balances

Unassigned fund balances consist of are all other fund balances which have not been assigned to other funds and have not been restricted, committed, or assigned to specific purposes within the general fund. Generally, the policy of the Court is to first apply committed resources when an expense is incurred for purposes which have committed, assigned, or unassigned fund balances available for use. The Court has no unassigned fund balances at year end.

SECOND JUDICIAL DISTRICT COURT**

NOTES TO FINANCIAL STATEMENTS

June 30, 2014

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Compensated Absences Payable

Vacation and sick leave earned and not taken is cumulative; however, upon termination of employment, sick pay for such leave hours accumulated up to 600 hours is forfeited, and vacation pay is limited to payment of 240 hours. Vacation leave up to the maximum of 240 hours is payable upon separation from service at the employee's current hourly rate. Sick leave is payable annually to qualified employees for hours accumulated above 600 hours at a rate equal to 50 percent of their hourly rate, not to exceed 120 hours. Upon retirement, payment for sick leave is limited to 400 hours accumulated in excess of 600 hours at the 50 percent hourly rate.

Accrued vacation and sick leave pay are recorded as a liability and as an increase or decrease in expenses in the Government-Wide financial statements. Qualified employees accumulate sick leave of 8 hours a month and annual leave as follows:

<u>Years of Service</u>	<u>Hours Earned Per Month</u>
1 month - 3 yrs	10
Over 3 - 7 yrs	12
Over 7 - 14 yrs	14
Over 14 yrs - beyond	16

The maximum accrued annual leave of 240 hours may be carried forward into the beginning of the next calendar year and any excess is lost.

In addition, the Court allows FLSA non-exempt employees to accumulate compensatory leave in certain approved circumstances. Compensatory leave may be carried forward into the next calendar year and any unused portion is paid at termination to non-exempt employees under the Federal Labor Standards Act.

Court General Fund resources have been used to liquidate accrued compensated absences in the past.

E. Program Revenues

Program revenues include federal and state grants, charges for tapes and copies of court proceedings and court fees collected per statute designated for court operations. Grant revenues are recognized when all eligibility requirements have been met.

The Court does not employ indirect cost allocations method in the accompanying financial statements.

NOTES TO FINANCIAL STATEMENTS

June 30, 2014

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

F. Budgets and Budgetary Accounting

The Second Judicial District Court follows these procedures in establishing the budgetary data reflected in the financial statements:

- (1) No later than September 1, the Court submits to the Judicial Budget Office (JBO), the Legislative Finance Committee (LFC) and the Department of Finance and Administration an appropriation request for the fiscal year commencing the following July. The appropriation includes proposed expenditures and the means of financing them.
- (2) Appropriation request hearings are scheduled by the JBO. Recommendations are made by the JBO to the Supreme Court for their approval. The Supreme Court approved appropriation request is then submitted to the Legislature as the Supreme Court's recommended appropriation request for the Second District.
- (3) Budget hearings are scheduled before the New Mexico House Appropriations and Senate Finance Committees. The final outcome of these hearings is incorporated into the General Appropriations Act.
- (4) The Act is signed into law by the Governor of the State of New Mexico within the legally prescribed time limit.
- (5) The Court submits, no later than May 1, to DFA an annual operating budget by category and line item based upon the appropriations made by the Legislature. The DFA - Budget Division reviews and approves the operating budget which becomes effective in July.
- (6) All subsequent budget adjustments must be approved by the JBO and the director of the DFA - Budget Division. The current year budget was revised in a legal manner.
- (7) Legal budget control for expenditures and encumbrances is by category.
- (8) Formal budgetary integration is employed as a management control device during the fiscal year for the Governmental Funds.

**STATE OF NEW MEXICO
SECOND JUDICIAL DISTRICT COURT**

NOTES TO FINANCIAL STATEMENTS

June 30, 2014

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

F. Budgets and Budgetary Accounting (continued)

- (9) The budget for this State Agency is adopted on the modified accrual basis of accounting except for the accounts payable accrued at the end of the fiscal year that do not get paid by the statutory deadline (Section 6-10-4 NMSA 1978), that must be paid out of the next year's budget.
- (10) Appropriations lapse at the end of the fiscal year unless specifically re-appropriated by the legislature. Unexpended amounts within the General Fund revert to the State General Fund.
- (11) The State of New Mexico and the Second Judicial District Court budget the Child Support Hearing Officer grant as federal money. The New Mexico Human Services Department considers the pass through fund to be 2/3 federal money.

G. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

H. Inter-fund Activity

Amounts due to and due from other funds were created because general fund money was used to pay for special projects of other funds which was then reimbursed by grantors. Inter-fund receivables or payables at year end are netted as part of the reconciliation to the government-wide financial statements.

(2) GENERAL FUND INVESTMENT POOL NOT RECONCILED

In June 2012 an independent expert diagnostic report revealed that the General Fund Investment Pool balances have not been reconciled at the business unit/fund level since the inception of the Statewide Human resources, Accounting, and management Reporting system (SHARE) in July of 2006. The Diagnostic reports are available in the Resources section of the Cash Control page of the New Mexico Department of Finance & Administration's website at: http://www.nmdfa.state.nm.us/Cash_Control.aspx.

**STATE OF NEW MEXICO
SECOND JUDICIAL DISTRICT COURT**

NOTES TO FINANCIAL STATEMENTS

June 30, 2014

(2) GENERAL FUND INVESTMENT POOL NOT RECONCILED (Continued)

The General Fund Investment Pool is the State of New Mexico's main operating account. State revenues such as income taxes, sales taxes, rents and royalties, and other recurring revenues are credited to the General Fund Investment Pool. The fund also comprises numerous State agency accounts whose assets, by statute (Section 8-6-3 NMSA 1978), must be held at the State Treasury.

As of June 30, 2014, the General Fund Investment Pool has not been reconciled at the business unit/fund level. It is the responsibility of the Department of Finance and Administration (DFA) to reconcile the General Fund Investment Pool. Essentially, independent, third-party verification/confirmation of the balances at the business unit/fund level is not possible.

Under the direction of the State Controller/Financial Control Division Director, the Financial Control Division of the New Mexico Department of Finance & Administration (DFA/FCD) is taking aggressive action to resolve this serious problem. DFA/FCD has commenced the Cash Management Remediation Project (Remediation Project) in partnership with the New Mexico State Treasurer's Office, the New Mexico Department of Information Technology, and a contracted third party PeopleSoft Treasury expert.

The purpose of the Remediation Project is to design and implement the changes necessary to reconcile the General Fund Investment Pool in a manner that is complete, accurate, and timely. The Remediation Project will make changes to the State's current SHARE system configuration, cash accounting policies and procedures, business practices, and banking structure. The scheduled implementation date for the changes associated with the Remediation Project is February 1, 2013. An approach and plan to address the population of historical reconciling items will be developed during the Remediation Project, but a separate initiative will be undertaken to resolve the historical reconciling items.

The initial phase of the Remediation Project, completed on October 11, 2012, focused on developing a project plan and documenting current statewide business processes. The work product of the initial phase of the Remediation Project is a document entitled Cash Management Plan and Business Processes. This document is available on the Cash Control page of the New Mexico Department of Finance & Administration's website at: http://www.nmdfa.state.nm.us/Cash_Control.aspx.

(2) GENERAL FUND INVESTMENT POOL NOT RECONCILED (Continued)

To the extent possible the Court does reconcile all fines, fees and transfers that come into its possession including those receipts that are statutorily mandated to be sent to the state general fund. The cash transactions processed by the Court flow through the state general fund investment pool. Since SHARE was implemented, the Court recognized the statewide cash reconciliation issue and in response, developed internal reconciliation procedures to ensure that cash receipts and disbursements recorded in the SHARE system are in fact transactions that have been initiated by the Court. The reconciliation occurs each month and any required adjustments are forwarded to the Financial Control Division at DFA for correction. Monthly reconciliation procedures throughout the Fiscal Year, include, but are not limited to validation of: allotments, deposits, expenditures, all general entries, operating transfers, payroll expenditures/payroll liabilities by fund, and review of outstanding warrants within the court's statewide case management system. This monthly internal reconciliation of cash receipts and disbursements flowing through the Court's share of the state general fund investment pool provides management assurance that the balance reflected in State General Fund Investment Pool account is accurate as of the end of the reporting period. In addition, the Court reconciles other asset and liability accounts on the Balance Sheet of each fund type. This process also provides additional assurance that transactions affecting the Court's share in the State General Fund Investment Pool account are accurate.

(3) INTEREST IN THE STATE GENERAL FUND INVESTMENT POOL

State law (Section 8-6-3 NMSA 1978) requires the Court's cash be managed by the New Mexico State Treasurer's Office. Accordingly, the investments of the Court consist of an interest in the General Fund Investment Pool managed by the New Mexico State Treasurer's Office. At June 30, 2014 the Court had the following invested in the General Fund Investment Pool:

	<u>SHARE Account</u>	<u>SHARE Balance</u>
Interest in State General Fund Investment Pool:		
Court Regular	14200	\$ 788,455

(3) INTEREST IN THE STATE GENERAL FUND INVESTMENT POOL (Continued)

Interest Rate Risk - The New Mexico State Treasurer's Office has an investment policy that limits investment maturities to five years or less on allowable investments. This policy is a means of managing exposure to fair value losses arising from increasing interest rates. This policy is reviewed and approved annually by the New Mexico State Board of Finance.

Credit risk - The New Mexico State Treasurer investment pools are not rated.

For additional GASB 40 disclosure information regarding cash held by the New Mexico State Treasurer, the reader should see the separate audit report for the New Mexico State Treasurer's Office for the fiscal year ended June 30, 2014.

(4) COLLATERAL PLEDGED BY FINANCIAL INSTITUTIONS

Section 6-10-17, NMSA 1978 compilation requires that banks or savings and loans provide additional collateral on funds held that exceed the FDIC insurance limit. These excess funds are required to be fifty percent collateralized. The collateralization of the Court's bank accounts is monitored by the State Treasurer's Office. The State Treasurer's Office issues separate financial statements which disclose the collateral pledged to secure State Treasurer cash and investments, and can be accessed at the State Treasurer's website www.nmsto.gov.

(5) CASH AND CASH EQUIVALENTS

Cash and cash equivalents at year end are classified as follows:

Custodial Credit Risk – Cash in Bank

Custodial credit risk is the risk that in the event of a bank failure the Court's deposits may not be returned. The Court does not have a policy for custodial credit risk. As of June 30, 2014 \$803,043 of the Court's bank account balances were exposed to custodial credit risk.

(6) INVESTMENTS

Investments at year end are classified as follows:

	<u>State Treasurer Balance</u>
Governmental Funds:	
State Treasurer's General Fund Investment Pool (GFIP)	\$ <u>1,169,018</u>
Agency Funds:	
State Treasurer's Local Government Investment Pool (LGIP)	\$ 4,974,798
State Treasurer's Reserve Contingency Fund	4,560
Total external investment pools	\$ <u>4,979,358</u>

With respect to the LGIP, public funds are not required to disclose custodial credit risk and concentration of credit risk for external investment pool. However, the LGIP portfolio is posted on the State Treasurer's website www.nmsto.gov and available for review by participants at any time. The LGIP has no foreign currency risk as all investments in the pool are in U.S. dollar denominated assets.

Interest Rate Risk & Credit Risk - LGIP

Interest rate risk is the risk that interest rate variations may adversely affect an investment's fair value. The acceptable method for reporting interest rate risk is weighted average maturity (WAM). The State Treasurer's Office uses this method for reporting purposes for the LGIP. The WAM of the LGIP is identified on the monthly LGIP investment report found on the State Treasurer's website www.nmsto.gov. The LGIP is rated by Standard & Poor's. The Court's investment in the LGIP at June 30, 2014 consists of the following:

LGIP AAA_m rated \$4,974,798 48.6 day WAM(R); 116.2 day WAM (F)

Update on Reserve Contingency Fund

In 2009, the LGIP's remaining position in The Reserve Primary Fund was transferred to an entity held by the State Treasurer's Office called the Reserve Contingency Fund. In 2008, the LGIP's investment in the Reserve Primary Fund was frozen pending an orderly liquidation of the Reserve Primary Fund by the SEC. During the liquidation process, approximately \$0.9904 has been returned for each dollar invested in the reserve fund as of September 2008.

In August 2010, the remaining Reserve Primary Fund holdings were converted to a pass-through entity for tax purposes. In connection with the conversion, a "deemed distribution" of shares were made to holders of the Reserve Primary Fund. This deemed distribution was shown as a decrease in expected receipts from future distributions.

The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. There are employees that are making contributions to the Deferred Compensation Plan. Neither the Court nor the State of New Mexico makes any contributions to the Deferred Compensation Plan. All contributions withheld from participants by the Court have been paid to the New Mexico Public Employees Retirement Association, which administers the plan.

(14) POST-EMPLOYMENT BENEFITS – STATE RETIREE HEALTH CARE PLAN

Plan Description

Second Judicial District Court contributes to the New Mexico Retiree Health Care Fund, a cost-sharing multiple-employer defined benefit postemployment healthcare plan administered by the New Mexico Retiree Health Care Authority (RHCA). The RHCA provides health care insurance and prescription drug benefits to retired employees of participating New Mexico government agencies, their spouses, dependents, and surviving spouses and dependents. The RHCA Board was established by the Retiree Health Care Act (Chapter 10, Article 7C, NMSA 1978). The Board is responsible for establishing and amending benefit provisions of the healthcare plan and is also authorized to designate optional and/or voluntary benefits like dental, vision, supplemental life insurance, and long-term care policies.

Eligible retirees are: (1) retirees who make contributions to the fund for at least five years prior to retirement and whose eligible employer during that period of time made contributions as a participant in the Retiree Health Care Act on the person's behalf, unless that person retires before the employer's NMRHCA effective date, in which event the time period required for employee and employer contributions shall become the period of time between the employer's effective date and the date of retirement; (2) retirees defined by the Act who retired prior to July 1, 1990; (3) former legislators who served at least two years; and (4) former governing authority members who served at least four years.

The RHCA issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for the postemployment healthcare plan.

That report and further information can be obtained by writing to the Retiree Health Care Authority at 4308 Carlisle NE, Suite 104, Albuquerque, NM 87107.

**(14) POST-EMPLOYMENT BENEFITS – STATE RETIREE HEALTH CARE PLAN
(Continued)**

Funding Policy

The Retiree Health Care Act (Section 10-7C-13 NMSA 1978) authorizes the RHCA Board to establish the monthly premium contributions that retirees are required to pay for healthcare benefits. Each participating retiree pays a monthly premium according to a service based subsidy rate schedule for the medical plus basic life plan plus an additional participation fee of five dollars if the eligible participant retired prior to the employer's RHCA effective date or is a former legislator or former governing authority member. Former legislators and governing authority members are required to pay 100% of the insurance premium to cover their claims and the administrative expenses of the plan. The monthly premium rate schedule can be obtained from the RHCA or viewed on their website at www.nmrhca.state.nm.us.

The employer, employee and retiree contributions are required to be remitted to the RHCA on a monthly basis. The statutory requirements for the employer and employee contributions can be changed by the New Mexico State Legislature. Employers that choose to become participating employers after January 1, 1998, are required to make contributions to the RHCA fund in the amount determined to be appropriate by the board.

The Retiree Health Care Act (Section 10-7C-15 NMSA 1978) is the statutory authority that establishes the required contributions of participating employers and their employees. For employees that were members of an enhanced retirement plan (state police and adult correctional officer member coverage plan 1; municipal police member coverage plans 3, 4 or 5; municipal fire member coverage plan 3, 4 or 5; municipal detention officer member coverage plan 1; and members pursuant to the Judicial Retirement Act) during the fiscal year ended June 30, 2013, the statute required each participating employer to contribute 2.5% of each participating employee's annual salary; and each participating employee was required to contribute 1.25% of their salary. For employees that were not members of an enhanced retirement plan during the fiscal year ended **June 30, 2014**, the statute required each participating employer to contribute **2.0%** of each participating employee's annual salary; each participating employee was required to contribute **1.0%** of their salary. In addition, pursuant to Section 10-7C-15(G) NMSA 1978, at the first session of the Legislature following July 1, 2013, the legislature shall review and adjust the distributions pursuant to Section 7-1-6.1 NMSA 1978 and the employer and employee contributions to the authority in order to ensure the actuarial soundness of the benefits provided under the Retiree Health Care Act.

The Second Judicial District Court's contributions to the RHCA for the years ended June 30, 2014, 2013 and 2012 were \$343,499, \$323,646 and \$269,341, respectively, which equal the required contributions for each year.

OTHER REPORTS

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER INANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

Hector H. Balderas
New Mexico State Auditor
and
Honorable Nan G. Nash, Chief Judge
Second Judicial District Court
Albuquerque, New Mexico

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information, the budgetary comparisons for the combined general fund units and major special revenue funds, of the State of New Mexico, Second Judicial District Court (Court), as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Court's basic financial statements, and the combining and individual funds and related budgetary comparisons of the Court, presented as supplemental information, and have issued our report thereon dated November 14, 2014.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Court's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Court's internal control. Accordingly, we do not express an opinion on the effectiveness of the Court's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

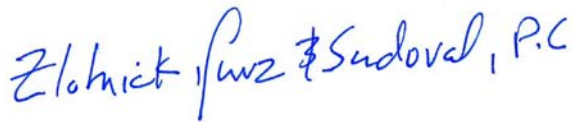

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Court's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR
FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER
COMPLIANCE REQUIRED BY OMB CIRCULAR A-133**

Hector H. Balderas
New Mexico State Auditor
and
Honorable Nan G. Nash, Chief Judge
Second Judicial District Court
Albuquerque, New Mexico

Report on Compliance for Each Major Federal Program

We have audited the State of New Mexico, Second Judicial District Court's (Court) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the Court's major federal programs for the year ended June 30, 2014. The Court's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Court's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Court's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Court's compliance.

Opinion on Each Major Federal Program

In our opinion, the Court complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2014.

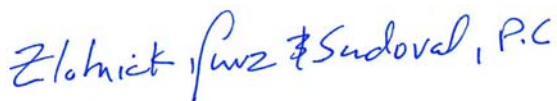

Report on Internal Control Over Compliance

Management of the Court is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Court's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Court's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.
