Hector H. Balderas, State Auditor, and Honorable John A. Dean Jr. State of New Mexico of Eleventh Judicial District Court

We have audited the accompanying financial statements of the governmental activities, each major fund, the aggregate remaining fund information, and the budgetary comparisons for the general fund and major special revenue fund of the State of New Mexico, Eleventh Judicial District Court (the District Court), as of and for the year ended June 30, 2011, which collectively comprise the District Court's basic financial statements as listed in the table of contents. We have also audited the financial statements of each of the District Court's non-major governmental funds and the budgetary comparisons of all nonmajor funds presented as supplemental information in the accompanying combining and individual fund financial statements as of and for the year ended June 30, 2011, as listed in the table of contents. These financial statements are the responsibility of Eleventh Judicial District Court's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As discussed in Note 1, the financial statements of the Eleventh Judicial District Court are intended to present the respective financial position, and the changes in respective financial position, of only that portion of the governmental activities, each major fund, the aggregate remaining fund information, and the budgetary comparisons for the general fund and major special revenue fund of the State of New Mexico that is attributable to the transactions of the Eleventh Judicial District Court. They do not purport to and do not, present fairly the financial position of the State of New Mexico, as of June 30, 2011, and the changes in its financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the State of New Mexico, Eleventh Judicial District Court as of June 30, 2011, and the respective changes in financial position, thereof, and the respective budgetary comparisons for the General Fund and Drug Court Grant Special Revenue Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each non-major governmental fund for the Eleventh Judicial District Court, as of June 30, 2011, and the respective changes in financial position thereof and the respective budgetary comparisons of all non-major governmental funds for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Hector H. Balderas, State Auditor, and Honorable John A. Dean Jr. State of New Mexico of Eleventh Judicial District Court

In accordance with <u>Government Auditing Standards</u>, we have also issued a report dated November 21, 2011, on our consideration of the Eleventh Judicial District Court's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with <u>Government Auditing Standards</u> and should be considered in assessing the results of our audit.

The management's discussion and analysis information on pages 9 through 18 are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the basic financial statements and the combining and individual fund financial statements and budgetary comparisons. The additional schedules listed as "supplemental information" in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MANAGEMENTS DISCUSSION AND ANALYSIS

THIS PAGE INTENTIONALLY LEFT BLANK

Management's Discussion and Analysis Unaudited June 30, 2011

This section of the Eleventh Judicial District Court (Court's) annual financial report presents our discussion and analysis of the Court's financial performance during the fiscal year that ended June 30, 2011. Please read it in conjunction with the Court's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

The principal revenue source for the Court is the General Fund, 85.5% or \$5,642,100. This funding source supports Regular and Treatment Court in its entirety and partially funds Drug Court. Federal Grants provide \$599,144 or 9.1% of total funding in support of the CASA Program, Water Rights, Adult Drug Court, and Child Support Enforcement through an agreement with the New Mexico Human Services Department. Other financing sources derive from a grant for Pretrial Services from San Juan County in the amount of \$50,000, fees collected for Mediation \$79,381, Adult Drug Court \$10,045, and reimbursement for copy cost in Regular Court, \$37,734, for a total of \$177,160 or 2.7% of total funds. In FY 2011, special revenue funding from severance tax bonds for the 11th District Courthouse in Aztec, expansion and renovation for \$155,062 or 2.4% of funding was received.

The Court complied with budgetary expenditure guidelines in the following categories: Personnel Services and Benefits \$5,265,942, Contractual Services \$573,101, Operating Expenses \$516,829, and Capital Outlay \$155,062. Any remaining uncommitted General Fund Money reverts to the State.

The reversion to the General Fund for FY 2011 is \$9,175, consisting of the following elements: Court Regular, \$9,175, which includes a prior year refund of \$1,359 for payments made for the Employee Assistance Program; prior year refund of \$225 for training costs, in which the employee later found out they were awarded a scholarship; current year refund of a travel advance of \$467; and \$5,386 for operating variances mostly due to salaries & benefits (employee changes at fiscal year end); and Copy Cost Reimbursement revenue of \$1,734, and Water Rights revenue of \$4 received in excess of approved appropriation.

AGENCY HIGHLIGHTS

The Eleventh Judicial District is an amalgam of activities that seeks to protect all constitutional and legislative provisions while functioning as an efficient and responsive government operation. The Mission of the Eleventh Judicial District Court is to provide access to justice; resolve disputes justly and timely; and maintain accurate records of legal proceedings that affect rights and legal status in order to independently protect the rights and liberties guaranteed by the Constitution of New Mexico and the United States.

Four locations comprise the District, one in McKinley County (Gallup) and three in San Juan County (Aztec and two in Farmington). There are two divisions in Aztec, three in Farmington, and three in Gallup. One District Judge presides over each Division. The total number of new and reopened case filings for FY 2011 is 9,637, with 1,988 in McKinley County and 7,649 in San Juan County.

Within the structure of the Eleventh District Court are a number of programs with specific purposes. A brief discussion follows to describe these various activities of the Court to provide a sense of its importance in promoting the overall well being of the community.

Management's Discussion and Analysis Unaudited June 30, 2011

<u>Court Appointed Special Advocate (CASA)</u> is a program with the mission to support effective volunteer advocacy for the best interests of abused and neglected children involved in the court system. The objective of the program is to ensure that every child has a safe, supportive and permanent home. A CASA is trained, community volunteer, appointed by a judge to represent the best interests of the child in court. Once appointed to a case, the CASA becomes an official part of the judicial proceeding, working alongside attorneys and social workers as an appointed officer of the court. A CASA program exists in San Juan County.

Three <u>Drug Courts</u> exist with the District Court, one for adult offenders and two for juveniles. The Drug Court Program's mission is to assist drug-addicted individuals that have entered the court system in becoming productive, sober, law-abiding citizens. An intensive program of counseling and drug test monitoring supports the staff in imposing appropriate sanctions for noncompliance to program rules. The goals and objectives of this program are to reduce drug usage among nonviolent offenders and, in turn reduce the rate of recidivism in the commission of crimes. The improvement in the crime rate among these offenders will reduce incarceration and aid with overcrowding in the jails. In addition, the Juvenile Drug and Youth Treatment Court focuses on improving self-esteem by developing responsibility and accountability among juvenile offenders. Both the Adult and Juvenile Drug Courts exist in San Juan County, and the Youth Treatment Court exists in McKinley County.

Treatment Court is a new program that was implemented in FY 2009 in San Juan County to provide support to nonviolent offenders with mental health problems, by evaluating offenders for supervised release and intensive counseling treatment. Treatment Court serves as an opportunity for, nonviolent offenders to receive treatment for their mental illness, be accountable to the courts, and to integrate successfully back into society as productive citizens. The Treatment Court program has proven successful, and currently has 20 active clients with a capacity of 20.

A <u>Grade Court</u> in San Juan County aims to reduce commitment of juvenile offenders to institutions by enhancing the self-esteem and abilities of children and their families. The child, parents, school officials, probation officer and Court work as a team to provide positive reinforcement for the juvenile to improve academic performance and school attendance. A sanction is imposed immediately on an individual found in noncompliance and thus empowers parents and the school to deal effectively with the offender. The result is that accountability to the Court from the student and parents is increased. Upon completion of high school, a college scholarship is provided to the student to encourage them to further their education.

<u>Domestic Violence Programs</u> exist in both San Juan and McKinley Counties. The goals of the programs are to assist victims of domestic abuse; education the parties about domestic abuse and its effects through mandatory counseling, and to help the parties live in an abuse free home.

The <u>Mediation Program</u> is designed to settle disagreements about the care of children following separation and divorce. Mediation requires both parties to agree to the rights and responsibilities of each parent and the way in which the children's needs will be met. A court order requires the parties to meet with an independent mediator for the purpose of reaching an acceptable agreement. Mediation is available in both San Juan and McKinley Counties.

In San Juan County, <u>Pretrial Services</u> serves to screen the adult felony population for release suitability. Pretrial Services goal is to maximize defendant release rates at the earliest possible time after arrest while minimizing failure to appear and the risk to the community.

Management's Discussion and Analysis Unaudited June 30, 2011

Both McKinley and San Juan Counties offer a <u>Self-Represented Resource Center</u> to provide a forum for self-represented litigants to bring actions in the District Court.

In San Juan County, the Court supports a <u>Water Rights</u> case established to resolve water rights issues and disputes in the case of State of New Mexico vs. The United State of America. This litigation has been ongoing since 1975. The Court's goal is to resolve all issues in this case in an orderly and timely manner.

A <u>Child Support Hearing Officer</u> serves jointly in San Juan County and McKinley County to provide a cooperative structure for the judicial district and Human Services Department to implement the Child Support Hearing Officer Act. The focus of the act is to insure prompt and full payment by obligated parties of child support for their dependent children and where applicable, attendant spouse support.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Assets and the Statement of Activities provides information about the activities of the Court as a whole. The Court has no business-type activities but rather solely supports government operations. For government activities, these statements reflect how these services were financed in the current year and what remains for future spending. The fund financial statements report the Court's operations in more detail than the government-wide statements by providing information about the Court's most significant funds.

The remaining statements provide financial information about activities for which the Court acts solely in a fiduciary capacity for monies held in trust until litigation is completed. Pursuant to state statutes, this Court held in trust for litigants as of June 30, 2011 the amount of \$1,495,467.

REPORT THE COURT AS A WHOLE

The Statement of Net Assets and the Statement of Activities report information about the Court as a whole. These statements include all assets and liabilities using an accrual basis of accounting, similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

Table A is a summary of page 20 of the FY 2011 Financial Statements and provides an explanation of the Court's net assets. A comparison is furnished for June 30, 2010 and June 30, 2011.

Management's Discussion and Analysis Unaudited June 30, 2011

Total Net Assets	\$ 659,023	\$	866,766	31.5%

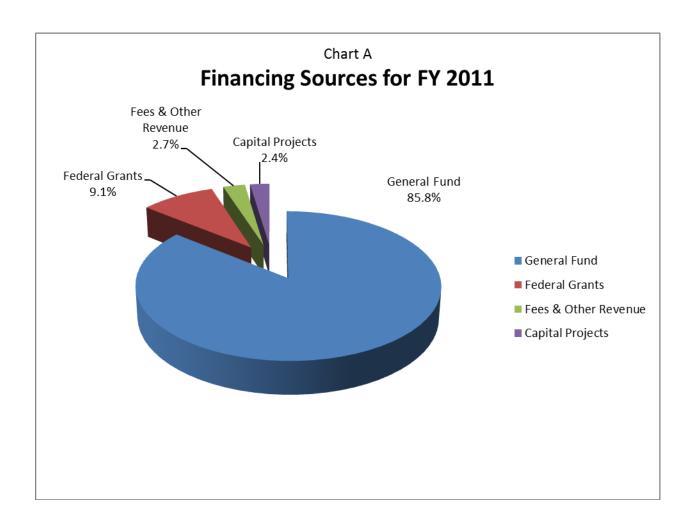

The increase in Total Net Assets from FY 2010 to FY 2011 is due to the Capital Funding that was received in FY 2011, which was used to acquire capital assets for our expanded facility. We had several capital acquisitions related to the expanded facility, for building renovations, including additional phone/ fiber optic lines, and furnishings.

The Long Term Liabilities are related to compensated absences. GASB34 requires a disclosure of compensated absences as a liability on the Balance Sheet. The Court does not carry forward a fund balance for future year expenditures but returns unspent appropriations to the General Fund.

Management's Discussion and Analysis Unaudited June 30, 2011

FINANCING SOURCES

As previously stated, the District Court serves as an umbrella organization for the administration of many different activities. Viewed as a whole, the Court is one program. Financing sources for the program for FY 2011 are as follows: State General Fund appropriations \$5,636,714, Federal Grants \$599,141, Fees and Other Revenues \$175,426, and Capital Project Fund \$155,062, for a total revenue of \$6,566,343 (adjusted for reversions of \$9,175). EXPENSES

The Court's total expenditure for FY 2011 was \$6,510,934 with the following components: Personnel Services & Benefits \$5,265,942 or 80.9% of the total, Contractual Services \$573,101 or 8.8% of the total, Operating Cost \$516,829 or 7.9% of the total, and with Capital Outlay accounting for \$155,062 or 2.4% of the total. Management's Discussion and Analysis Unaudited June 30, 2011

BUDGETARY COMPARISONS

Table C below provides a summary of budget to actual comparisons for the activity in the three major funds for FY 2011. All funding sources, General Funds, Federal Funds, and Other Revenue sources are included in the analysis. An explanation of the major variances follows.

Table C Budget to Actuals

	Original Budget	Final Budget	Actual	Variance
Revenues:				
(Including State Appropriation)	6,497,400	6,537,508	6,511,260	(26,248)
Expenditures:				
Personnel Services & Benefits	5,489,400	5,272,772	5,265,942	(6,830)
Contractual Services	624,800	597,657	573,101	(24,556)
Operating Costs	407,300	359,379	346,205	(13,174)
Capital Outlay	-	246,200	195,842	(50, 358)
Total Expenditures	6,521,500	6,476,008	6,381,090	(94,918)

The variance in actual revenue received over final budget was the result of several elements. We did not receive drug court fees in the amount of \$24,955 and also, fund balance available from prior years in the amount of \$1,191 was used.

The variance in actual expenditures over the final budget was the result of changes in Personnel Services & Benefits close to the end of the fiscal year (employee changes, resignations, leave of absences, etc.) that were made after the deadline set by the State Budget Division had passed, and we were not able to re-align our budget. In Contractual Services, we did not expend the amount related to uncollected drug court fees of \$24,955, and the balance of \$94,918was related to operating variances. In Operating Costs, the amount was related actual expended costs being less than the projected amounts.

Management's Discussion and Analysis Unaudited June 30, 2011

CAPITAL ASSET ACTIVITY FOR FY 2011

The requirement of GASB34 includes analysis of capital asset activity. The Eleventh District Court has elected to treat investment in Law Library materials as a historical collection and therefore, the items recognized as cost of operations at the time costs are incurred. Recording these purchases as expenses and maintaining an inventory of volumes gives a meaningful presentation of the value of the District's Law Libraries. The historical collections status is based upon the following criteria:

- The libraries are held for use by the public for educational purposes. Investment in the libraries for public service rather than financial gain.
- The libraries are preserved, maintained, and protected at San Juan Community College and the McKinley County Courthouse.
- Any proceeds that results from the sale of books from the collection will be used to purchase other books for the Law Library.
- The following Table D provides a comparison between FY 2010 and FY 2011 of the Court's capital assets:

LONG-TERM DEBT ACTIVITY

The Court's long-term debt consists of compensated absences that are payable to employees upon separation from service. The total liability accumulated through June 30, 2011 is \$154,059.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The State of New Mexico, Eleventh Judicial District Court (the District Court) operates under Section 34-6-1 through 34-6-3, and 34-6-17 through 34-6-47, NMSA, 1978 Compilation. The Judicial District covers McKinley and San Juan Counties. The District Court is comprised of seven divisions as authorized in the above statues. The District Court is the state court of general jurisdiction and is authorized to hear and determine all civil and criminal cases not specifically exempted from its jurisdiction. Financing of the court is by state appropriation.

During the 76th fiscal year the district established a domestic relations mediation program pursuant to Section 5 [40-12-5, NMSA 1978 Compilation] of the Domestic Relations Mediation Act. Deposits to the fund shall include payments made through the imposition of a sliding fee scale pursuant to Section 5 [40-12-5, NMSA, 1978 Compilation] of the Domestic Relations Mediation Act and the collection of the surcharge provided for in the Section 6 [40-12-6, NMSA, 1978 Compilation] of that act.

The Eleventh Judicial District Court is a part of the Judicial branch of the State of New Mexico and these financial statements include all funds and activities over which the District Court has oversight responsibility. Oversight responsibility includes such aspects as designation of management, the ability to significantly influence operations, and accountability for fiscal matters. Based upon the application of these criteria, no component units or fiduciary units were included in the financial statements.

The accounting policies of the District Court conform to generally accepted accounting principles (GAAP) as applicable to governments.

B. Government-wide and fund financial statements

The government-wide financial statements (i.e., the statement of net assets and the statement of changes in net assets) report information on all of the non-fiduciary activities of the district court. For the most part, the effect of interfund activity has been removed from these statements.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

Notes to the Financial Statements June 30, 2011

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. Government-wide and fund financial statements (continued)

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges for litigation or filing fees of the court, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Appropriations and other items not properly included among program revenues are reported instead as general revenues.

C. Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Appropriations are recorded as amounts are received from the State of New Mexico. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

All other revenue items are considered to be measurable and available only when the cash is received by the District Court.

Government Funds

The District Court reports the following major governmental funds:

General Fund – The General Fund is the District Court's primary operating fund. It accounts for all financial resources of the District Court, except those required to be accounted for in another fund.

Drug Court – The Drug Court is a court-managed intensive treatment program for adults and juveniles non-violent drug and alcohol users. The program is funded by appropriations, grants and fees. The appropriations are reverting, and the grants and fees are non-reverting according to NMSA 1978 Section 34-6-45.

Notes to the Financial Statements June 30, 2011

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Measurement focus, basis of accounting, and financial statement presentation (continued)

Additionally, the government reports the following fund types:

Special Revenue Funds – Special Revenue Funds are used to account for the proceeds of specific revenue sources – which are legally restricted to expenditures for specified purposes.

Capital Projects Funds – Capital Projects Funds are used to account for financial resources to be used for the building improvement renovations and the purchase of equipment.

FIDUCIARY FUNDS

Fiduciary Funds – Fiduciary Funds are used to account for financial resources collected by the District Court pending the resolution of litigation matters assigned to the District Court.

Similar to private-sector standards of accounting and financial reporting issued prior to November 30, 1989, generally are followed in the government-wide financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. The government has elected not to follow subsequent private-sector guidance.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as program revenues include 1) charges to litigants or filing fees of the District Court, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

D. Assets, Liabilities, and Equity

1. Cash and cash equivalents

The District Court's cash and cash equivalents are demand deposits and savings accounts.

2. Intergovernmental receivable

Intergovernmental receivable consists of amounts due from various New Mexico State Agencies.

Notes to the Financial Statements June 30, 2011

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Assets, Liabilities, and Equity (continued)

3. Capital assets

Capital assets, which include property, plant, and equipment (software), are reported in the applicable governmental-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Software costs have been included with the cost of computer equipment and are capitalized with that equipment.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest on construction projects has not been capitalized.

Capital assets of the primary government is depreciated using the straight line method over the following estimated useful lives:

Asset category	$\underline{\text{Years}}$
Building Improvements	20
Furniture and Fixtures	10
Equipment and Machinery	5
Automotive	7
Information Technology Equipment and Software	3

The District Court views the law libraries for San Juan County and McKinley County as historical collections. This determination is based on the following criteria:

- a. The libraries are held for the use by the public for education and research purposes.
- b. The investments in the libraries are for public service rather than financial gain.
- c. The libraries are preserved, maintained, and protected at San Juan Community College and the McKinley County Courthouse.
- d. Any proceeds that result from the sale of books from the collection will be used to purchase other books for the law library.

The District Court expenses the cost related to the law libraries because they are considered to be a historical collection.

Notes to the Financial Statements June 30, 2011

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Assets, Liabilities, and Equity (continued)

4. Compensated absences

It is the District Court's policy to permit certain employees to accumulate earned but unused vacation and sick pay benefits. These benefits are accrued when incurred in the government-wide financial statements. Earned sick pay benefits are computed in accordance with State Statutes. Employees who have over 600 hours of accumulated sick leave can receive payment for the hours over 600 hours up to 120 hours on July 1, and January 1 of each year. However, the sick leave will be paid at fifty percent (50%) payment for up to 120 hours, for the hours over 600 hours of accumulated sick leave. Therefore, the only sick leave which has been accrued represents the hours earned at the end of the fiscal year over 600 hours.

5. Reversions to the State of New Mexico

General Fund: Unused state appropriation and revenue accounts revert to the State of New Mexico General Fund at the end of each fiscal year.

Drug Court Special Revenue Fund: Unused State appropriations revert to the State of New Mexico General fund at the end of each fiscal year. Drug Court fees do not revert to the State of New Mexico General Fund and are available for expenditure from year to year.

Mediation Special Revenue Fund: Unused funds do not revert to the State of New Mexico General fund and are available for expenditure from year to year.

Capital Project Fund: Upon completion of the projects for a multi-year plan, unexpended money will revert to the State of New Mexico General fund.

6. Cost of operations not included in statements

San Juan and McKinley counties provide the cost of building space and related expense.

7. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Notes to the Financial Statements June 30, 2011

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Assets, Liabilities, and Equity (continued)

8. Equity

Government-Wide Financial Statements classifications:

- 1. Invested in capital assets, net of related debt Consists of capital assets, net of accumulated depreciation, and reduced by any outstanding debt. The District Court has no outstanding debt relating to capital assets.
- 2. Restricted net assets Consists of net assets with constraints placed on their use either by (1) external groups such as creditors, grantors, contributors or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- 3. Unrestricted net assets All other net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt".

Fund Financial Statements

In the fund financial statements, governmental funds report reservations for fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change

9. Encumbrances

The portion of an encumbrance representing goods and services received by the last day of the fiscal year are reclassified as accounts payable. If the legislature provides a new appropriation for a specific encumbrance, it is carried forward to a new appropriation period to be charged against the new budget.

Notes to the Financial Statements June 30, 2011

II. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Budgets and Budgetary Accounting

The District Court follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1. No later than September 1, the Eleventh Judicial District Court submits to the Judicial Budget Office (JBO), the Legislative Finance Committee (LFC), and the Department of Finance and Administration (DFA) an appropriation request for the fiscal year commencing the following July 1. The appropriation request includes proposed expenditures and the means of financing them.
- Appropriation request hearings are scheduled by the JBO. Recommendations are made by the JBO to the Supreme Court for their approval. The Supreme Court approved appropriation request is then submitted to the Legislature as the Supreme Court's recommended appropriation request for the Eleventh District.
- 3. Budget hearings are scheduled before the New Mexico House Appropriations and Senate Finance Committees. The final outcome of these hearings are incorporated into the General Appropriations Act.
- The Governor of the State of New Mexico, within the legally prescribed time limit, signs the Act into law.
- 5. The Eleventh District Court submits, no later than May 1, to DFA an annual operating budget by category and line item based upon the appropriation made by the Legislature. The DFA Budget Division reviews and approves the operating budget, which becomes effective on July 1. All subsequent budget adjustments must be approved by the JBO and the director of the DFA Budget Division. The budget was amended in a legal manner for the current year.
- 6. Legal budget control for expenditure and encumbrances is by category.
- 7. Formal budgetary integration is employed as a management control device during the fiscal year for the General and Special Revenue Funds.
- 8. The budget for the General and Special Revenue Funds is adopted on a modified accrual basis of accounting except for payables accrued at the end of the fiscal year that do not get paid by statutory deadlines that must be paid out of the next year's budget.
- 9. With the exception of the mediation fund, drug court fees, and those amounts encumbered, appropriations lapse at the end of the fiscal year.

The budget for this State Agency is adopted on the modified accrual basis of accounting except for accounts payable accrued at the end of the fiscal year that do not get paid by the statutory deadline, that must be paid out of the next year's budget.

Notes to the Financial Statements June 30, 2011

III. DETAILED NOTES ON ALL FUNDS

A. Cash and temporary investments

At June 30, 2011, the District Court maintained separate cash accounts for its various funds. These funds are deposited in checking and savings accounts with federally insured banks in San Juan and McKinley Counties. The District Court also maintains an investment account with the New Mexico State Treasurer's Office, in the State Treasurer General Fund Investment Pool. The bank balances of these accounts are as follows:

	Wells	Fargo	F	Bank of			Stat	tment in the e Treasurer neral Fund		
				America		8		Total	Investment Poo	
Checking Savings		45,934 42,018	\$	121,757	\$	1,067,691 42,018	\$	287,370		
	\$ 9	87,952	\$	121,757	\$	1,109,709	\$	287,370		

Custodial Credit Risk – Custodial credit risk is the risk that in the event of a bank failure, the District Court's deposit may not be returned to it. New Mexico State Statutes require collateral pledged for deposits in excess of the federal deposit insurance to be delivered, or a joint safekeeping account receipt be issued, to the State of New Mexico for at least one half of the amount on deposit with the institution. The collateralization of the District Court's accounts is monitored by the State Treasures Office. The State Treasure issues separate financial statements that disclose the collateral pledged to secure deposits.

Human Services Department	\$ 55,083
Administrative Office of the Court	\$ 5,436

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Hector H. Balderas, State Auditor, and the Honorable John A Dean Jr. State of New Mexico of Eleventh Judicial District Court

We have audited the financial statements of the governmental activities, each major fund, the aggregate remaining fund information, the budgetary comparisons for the general fund and major special revenue fund, and the combining and individual funds and related budgetary comparisons presented as supplemental information of the Eleventh Judicial District Court, as of and for the year ended June 30, 2011, and have issued our report thereon dated November 21, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of Eleventh Judicial District Court is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered Eleventh Judicial District Court's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Eleventh Judicial District Court's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Eleventh Judicial District Court's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Eleventh Judicial District Court's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests did not disclose instances of noncompliance or other matters that are required to be reported under <u>Government Auditing Standards</u>.

This report is intended solely for the information and use of the New Mexico State Auditor, New Mexico State Legislature, New Mexico Department of Finance and Administration, management, others within the organization and applicable federal grantors and is not intended to be and should not be used by anyone other than these specified parties.
