Report on Financial Statements

We have audited the accompanying financial statements of the governmental activities, the major fund, the aggregate remaining fund information and the budgetary comparisons for the General Fund and major special revenue funds of the State of New Mexico, Office of the District Attorney, Eleventh Judicial District - Division II (Office) as of and for the year ended June 30, 2017 and the related notes to the financial statements which collectively comprises the Office's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Office's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness on the Office's internal control. Accordingly, we express no such opinion.

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of the Office as of June 30, 2017, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective budgetary comparisons for the general fund and major special revenue funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information:

The Office has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information:

Our audit was conducted for the purpose of forming opinions on the financial statements, the combining and individual fund financial statements and the budgetary comparisons. The other schedules required by Section 2.2.2 NMAC listed as other supplemental information in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements.

These other schedules required by Section 2.2.2 NMAC are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements of to the basic financial statements themselves, and other additional procedures in accordance with the auditing standards generally accepted in the United States of America. In our opinion, these other schedules required by Section 2.2.2 NMAC are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated October 13, 2017 on our consideration of the Office's internal control over financial reporting and on our tests of its compliance with certain provision of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Office's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Financial Reporting Entity

The Office of the District Attorney, Eleventh Judicial District - Division II (Office) operates under Article 6, Section 24, NMSA 1978 Compilation. The Eleventh Judicial District - Division II serves McKinley County. The Office provides law enforcement as its primary service. Funding of the Office is by state appropriation.

The Office is a component unit of the judicial branch and these financial statements include all funds and activities over which the Office has oversight responsibility. The Office has decision-making authority, the power to designate management, the responsibility to significantly influence operations, and primary accountability for fiscal matters. The Office is part of the primary government of the State of New Mexico and its financial data is included in the State of New Mexico's audited Comprehensive Annual Financial Report which is inclusive of all agencies of the primary government. The Office has no component units that are required to be reported in its financial statements.

The accounting policies of the Office conform to generally accepted accounting principles (GAAP) as applicable to governments. A summary of the Office's significant accounting policies follows:

A. Basis of Accounting- GASB Statement No. 34

The basic financial statements include both government-wide and fund financial statements. The reporting model focus is on either the Office as a whole or on major individual funds. Both the government-wide and fund financial statements categorize primary activities as governmental activities.

B. Basis of Presentation - Fund Accounting

Government-Wide Financial Statements

The statement of net position and the statement of activities display information about the Office, the primary government, as a whole, without displaying individual funds or fund types. Generally, these statements distinguish between activities that are governmental and those that are considered business-type activities. The Office has no business-type activities; therefore, these statements only reflect governmental activities. Government-wide financial statements exclude information about fiduciary funds and component units that are fiduciary in nature.

**STATE OF NEW MEXICO
OFFICE OF THE DISTRICT ATTORNEY
ELEVENTH JUDICIAL DISTRICT - DIVISION II
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The government-wide statements are prepared using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange-like transactions are recognized when the exchange takes place.

Fund Financial Statements

The governmental fund financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when measurable and available. Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days in order to pay current liabilities. Expenditures (including capital outlay) are recorded when the related fund liability is incurred.

This presentation is deemed appropriate to (a) demonstrate legal compliance, (b) demonstrate the source and use of liquid resources, and (c) demonstrate how the Office's actual experience conforms to the budget or fiscal plan. Since the governmental fund statements are presented on a different measurement focus and basis of accounting than the government-wide statements, reconciliations that briefly explain the adjustments necessary to transform the fund based financial statements into the government-wide statements are presented on the page following each fund statement.

The Office's fiduciary fund (agency fund) is presented in the fund financial statements. The agency fund is presented on the accrual basis of accounting. Since by definition these assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the government, these funds are not incorporated in the government-wide financial statements.

When an expense is incurred for purposes for which both restricted and unrestricted net position is available, the Office first uses restricted resources then unrestricted resources.

The accounts of the Office are organized on a fund basis, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures, or expenses as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which spending activities are controlled.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The following fund types are used by the Office:

Governmental Funds

General Fund (SHARE Fund 16900) - The General Fund is the general operating fund of the Office. It is used to account for all revenues and expenditures of the Office not encompassed within other funds. Any unexpended balance remaining in the General Fund at the end of the fiscal year reverts to the General Fund of the State of New Mexico. The SHARE fund number and description of the General Fund of the Office is #16900 – Eleventh Judicial District Attorney - Division II.

Special Revenue Funds

1. The *McKinley County Grants Fund* (SHARE Fund 27600) - The McKinley County DWI Grant Fund provides prosecutorial services for DWI cases in McKinley County and is a non-reverting fund. 100% of expenditures are payroll reimbursements. The McKinley County DWI Grant Fund is invoiced for services rendered by three (3) full-time equivalents (FTE) as follows:

- DWI Secretary
- DWI Subpoena Clerk
- DWI Prosecutor

2. The *Southwest Border Prosecution Fund* (SHARE Fund 27700) - is specific to Southwest Border Prosecution Initiatives (SWBPI). The funding is based on statistical records that pertain to Drug Task Force involvement/prosecution.

The special revenue funds are non-reverting.

Fiduciary Funds

Agency Funds - Agency Funds are used to account for assets held by the Office in a trustee capacity or as an agent for individuals, private organizations, other governments and/or other funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The Office collects money from qualifying offenders in lieu of prosecution. It also collects money for worthless checks that were accepted by local businesses. The money collected is paid to the injured parties to reimburse them for their loss. In addition, a fee is collected and sent to the Administrative Office of the District Attorney for administration of the program.

Fund Balance Classification: The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the Office is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent.

The classifications used in the governmental fund financial statements are as follows:

Nonspendable: This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact

Restricted: This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.

Committed: This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the Office. These amounts cannot be used for any other purpose unless the Office removes or changes the specified use by taking the same type of action (resolution) that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements.

Assigned: This classification includes amounts that are constrained by the Office's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the Office or through the Office delegating this responsibility to the Chief Financial Officer through the budgetary process. This classification also includes the remaining positive fund balance for all governmental funds except for the General Fund.

Unassigned: This classification includes the residual fund balance for the General Fund, or, in other words, all amounts not included in other spendable classifications.

The Office would typically use *restricted* fund balances first, followed by *committed* resources, and then *assigned* resources, as appropriate opportunities arise, but reserves the right to selectively spend *unassigned* resources first to defer the use of these other classified funds.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Assets, Liabilities, Deferred Outflows / Inflows of Resources and Net Position / Fund Balance

Investment in the State General Fund Investment Pool

The agency fund's cash and cash equivalents are demand deposits. Deposits are non-interest-bearing. The total carrying value of the deposits is shown in Note 3. All governmental funds allotted to the Office are held on deposit with the State Treasurer General Fund Investment Pool. Note 3 describes the carrying value of the investment. The State Treasurer issues separate financial statements which disclose the collateral pledged to secure these deposits.

Capital Assets

In the government-wide financial statements, property, plant and equipment is accounted for as capital assets. All capital assets are valued at historical cost or estimated historical cost if actual is unavailable, except for donated assets which are recorded at their estimated fair value at the date of donation. Capital assets with a value exceeding \$5,000 are capitalized and depreciated. Any software acquired with a value exceeding \$5,000 is also included in capital assets and depreciated.

New Mexico Laws of 2005, Chapter 237, Section 1 changed the capitalization threshold for movable chattel and equipment items costing more than \$5,000. Under this new law, items in the capital asset inventory that do not meet the new capitalization threshold continue to be depreciated in future periods until they are fully depreciated. Depreciation is shown over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

Building Improvements	15 years
Furniture and Fixtures	7 years
Machinery and Equipment	6 years
Vehicles	5 years
Data Processing Equipment	3 years

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition.

Long-Term Liabilities

Compensated Absences - The Office's policies regarding annual leave permits employees to accumulate earned, but unused annual leave. The liability for these compensated absences is recorded as long-term debt in the government-wide statements.

Deferred Outflows / Inflows of Resources

GASB 63 amended previous guidance on deferred revenue in the government-wide financial statements to include deferred outflows, which is the consumption of net assets by the government which is applicable to a future reporting period and deferred inflow of resources, which is acquisition of net assets by the government which is applicable to a future reporting period. The Office has no deferred outflow or inflow of resources at June 30, 2017.

Government-Wide Statements

1. *Net investment in capital assets*, consists of capital assets net of accumulated depreciation and reduced by any outstanding debt. The Office has no outstanding debt relating to capital assets.
2. *Restricted net position*, consists of net position with constraints placed on their use either by (1) external groups such as creditors, grantors, contributors or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
3. *Unrestricted net position*, is all other net position that do not meet the definition of restricted or net investment in capital assets.

Fund Financial Statements

Governmental fund equity is classified as fund balance. Fund balance is further classified as non-spendable, restricted, committed, assigned and unassigned as per GASB Statement 54, effective for financial statements for periods beginning after June 15, 2010.

D. Budgets and Budgetary Accounting

The Office follows these procedures in establishing the budgetary data reflected in the financial statements:

1. No later than September 1, the Office submits to the Legislative Finance Committee (LFC) and the Department of Finance and Administration (DFA) an appropriation request for the fiscal year commencing the following July. The appropriation includes proposed expenditures and the means of financing them.
2. Budget hearings are scheduled before the New Mexico House Appropriations and Senate Finance Committees. The final outcome of these hearings is incorporated into the General Appropriations Act. The Act is signed into law by the Governor of the State of New Mexico within the legally prescribed time limit.
3. The Office submits, no later than May 1, to DFA, an annual operating budget by category and line item based upon the appropriations made by the Legislature. DFA-Budget Division reviews and approves the operating budget which becomes effective in July. All subsequent budget adjustments must be approved by the Director of DFA – Budget Division. The current year budget was revised in a legal manner.
4. Legal budget control for expenditures is by appropriation unit and formal budgetary integration is employed as a management control device during the fiscal year for the Governmental Funds.
5. The budget for this state agency is adopted on the modified accrual basis or accounting except for the accounts payable accrued at the end of the fiscal year that do not get paid by the statutory deadline (Section 6-10-4 NMSA 1978), that must be paid out of the next year's budget.
6. Appropriations lapse at the end of the fiscal year unless specifically re-appropriated by the Legislature. Unexpended amounts within the General Fund revert to the State General Fund.

E. Compensated Absences Payable

Vacation and sick leave earned and not taken is cumulative; however, upon termination of employment, sick pay for such leave hours accumulated up to 600 hours is forfeited, and vacation pay is limited to payment of 240 hours. Vacation leave up to the maximum of 240 hours is payable upon separation from service at the employee's current hourly rate.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Upon retirement, payment for sick leave is limited to 400 hours accumulated in excess of 600 hours at the 50 percent hourly rate. Accrued vacation and sick leave pay are recorded as a liability and as an increase or decrease in expenses in the Government-wide financial statements.

Qualified employees accumulate annual leave as follows:

<u>Years of Service</u>	<u>Hours Earned Per Month</u>
1 Month - 3 Years	10
Over 3 - 7 Years	12
Over 7 - 14 Years	14
Over 14 and beyond	16

The maximum accrued annual leave of 240 hours may be carried forward into the beginning of the next calendar year and any excess is lost.

In addition, the Office allows FLSA non-exempt employees to accumulate compensatory leave in certain approved circumstances. Compensatory leave may be carried forward into the next calendar year and any unused portion is paid at termination to non-exempt employees under the Federal Labor Standards Act.

F. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

G. Interfund Activity

Interfund transactions are treated as transfers and interfund payables and receivables at year end. Transfers between governmental funds are netted as part of the reconciliation to the government-wide financial statements.

The Public Employees Retirement Association (PERA) is the administrator of the plan, which is a cost-sharing multiple-employer defined benefit retirement plan. The plan provides for retirement benefits, disability benefits, survivor benefits and cost-of-living adjustments to plan members and beneficiaries. PERA issues a separate, publicly available financial report that includes financial statements and required supplementary information for the plan. NOTE 11: DEFERRED COMPENSATION

The State of New Mexico offers state, local government and school district employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan is available to all State employees and those local government and school district employees whose employers have elected to participate in the plan and permits participants to defer a portion of their salary until future years. All contributions withheld from participants by the Office have been paid to the New Mexico Public Employee's Retirement Association, which administers the plan.

NOTE 12: POST-EMPLOYMENT BENEFITS – STATE RETIREE HEALTH CARE PLAN

Plan Description

The Office contributes to the New Mexico Retiree Health Care Fund, a cost-sharing multiple-employer defined benefit postemployment healthcare plan administered by the New Mexico Retiree Health Care Authority (RHCA). The RHCA provides health care insurance and prescription drug benefits to retired employees of participating New Mexico government agencies, their spouses, dependents, and surviving spouses and dependents. The RHCA Board was established by the Retiree Health Care Act (Chapter 10, Article 7C, NMSA 1978). The Board is responsible for establishing and amending benefit provisions of the healthcare plan and is also authorized to designate optional and/or voluntary benefits like dental, vision, supplemental life insurance, and long-term care policies.

Eligible retirees are: 1) retirees who make contributions to the fund for at least five years prior to retirement and whose eligible employer during that period of time made contributions as a participant in the RHCA plan on the person's behalf unless that person retires before the employer's RHCA effective date, in which the event the time period required for employee and employer contributions shall become the period of time between the employer's effective date and the date of retirement; 2) retirees defined by the Act who retired prior to July 1, 1990; 3) former legislators who served at least two years; and 4) former governing authority members who served at least four years.

The RHCA issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for the postemployment healthcare plan. That report and further information can be obtained by writing to the Retiree Health Care Authority at 4308 Carlisle NE, Suite 104, Albuquerque, NM 87107.

**NOTE 12: POST-EMPLOYMENT BENEFITS – STATE RETIREE HEALTH CARE PLAN
(CONTINUED)**

Funding Policy

The Retiree Health Care Act (Section 10-7C-13 NMSA 1978) authorizes the RHCA Board to establish the monthly premium contributions that retirees are required to pay for healthcare benefits. Each participating retiree pays a monthly premium according to a service based subsidy rate schedule for the medical plus basic life plan plus an additional participation fee of five dollars if the eligible participant retired prior to the employer's RHCA effective date or is a former legislator or former governing authority member. Former legislators and governing authority members are required to pay 100% of the insurance premium to cover their claims and the administrative expenses of the plan. The monthly premium rate schedule can be obtained from the RHCA or viewed on their website at www.nmrhca.state.nm.us.

The employer, employee and retiree contributions are required to be remitted to the RHCA on a monthly basis. The statutory requirements for the employer and employee contributions can be changed by the New Mexico State Legislature. Employers that choose to become participating employees after January 1, 1998 are required to make contributions to the RHCA fund in the amount determined to be appropriate by the board.

The Retiree Health Care Act (Section 10-7C-15 NMSA 1978) is the statutory authority that establishes the required contributions of participating employers and their employees. For employees that were members of an enhanced retirement plan (state police and adult correctional officer member coverage plan 1; municipal police member coverage plans 3, 4 or 5; municipal fire member coverage plan 3, 4 or 5; municipal detention officer member coverage plans 3, 4 or 5; and members pursuant to the Judicial Retirement Act) during the fiscal year ended June 30, 2014, the statutes required each participating employer to contribute 2.5% of each participating employee's annual salary; and each participating employee was required to contribute 1.25% of their salary. For employers that were not members of an enhanced retirement plan during the fiscal year ended June 30, 2014, the statute required each participating employer to contribute 2% of each participating employee's annual salary; each participating employee was required to contribute 1% of their salary. In addition, pursuant to Section 10-7C-15(G) NMSA 1978, at the first session of the Legislature following July 1, 2013, the legislature shall review and adjust the distributions pursuant to Section 7-1-6.1 NMSA 1978 and the employer and employee contributions to the authority in order to ensure the actuarial soundness of the benefits provided under the Retiree Health Care Act.

The Office's contributions to the RHCA for the years ended June 30, 2017, 2016 and 2015, respectively, were \$30,309, \$28,762 and \$29,353, respectively, which equal the required contributions for the year.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Honorable Timothy Keller
New Mexico State Auditor
Santa Fe, New Mexico
and
Karl R. Gillson, District Attorney
Office of the District Attorney, Eleventh Judicial District - Division II
Gallup, New Mexico

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, the aggregate remaining fund information, the budgetary comparisons of the General Fund and major special revenue funds of the State of New Mexico, Office of the District Attorney, Eleventh Judicial District - Division II (Office) as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Office's basic financial statements, and have issued our report dated October 13, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Office's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion of the effectiveness of the Office's internal control. Accordingly, we do not express an opinion on the effectiveness of the Office's internal control.

A *deficiency* in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Office's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Office's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Office's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Office's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
