To Garfield Mutual Domestic Water Consumers Association

I have performed the procedures enumerated below, which were agreed to by you, solely to assist you with respect to the accounting records of Garfield Mutual Domestic Water Consumers Association as of June 30, 2010. Garfield Mutual Domestic Water Consumers Association is responsible for the company's accounting records. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of Garfield Mutual Domestic Water Consumers Association. Consequently, I make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

My procedures and findings are as follows:

Procedure Performed: Verified that bank reconciliations are being performed in a timely
manner and whether all bank and investment statements for the fiscal year are complete and
on-hand.

Findings: One exception was found. The investment account that was formerly with Bank of Albuquerque and transferred to Bank of New York - Mellon. No bank reconciliations were performed from October 2009 to June 2010 when the account transferred from Bank of Albuquerque to Bank of New York - Mellon because no statement was mailed to the Organization. New Mexico Finance Authority provided copies of statements for October 2009 to June 2010 so that bank reconciliations could be performed.

Procedure Performed: Performed a random test of bank reconciliations for accuracy.
 Traced ending balances to the general ledger, supporting documentation and the financial reports submitted to DFA-Local Government Division.

Findings: One exception was found as a result of applying these procedures. The Association did not submit any financial statements to DFA-Local Government Division.

 Procedure Performed: Determine if the financial institution has provided the 50% pledged collateral on all uninsured deposits as required by Section 6-10-17 NMSA 1978, NM Public Money Act, if applicable.

Findings: No exceptions were found as a result of applying this procedure.

 Procedure Performed: Verified that the company performs a yearly inventory of Capital Assets as required by Section 12-6-10 NMSA 1978.

Findings: No exceptions were found as a result of applying this procedure.

P.O. Box 427. Moilla. NM 88046 2960 Camino Castillo, Las Crucci, NM 88005 (575) 526-4312 5. **Procedure Performed**: Verified that the required debt payments were made during the year and that the company was in compliance with any reserves required by debt agreements.

Findings: No exceptions were found as a result of applying these procedures.

6. **Procedure Performed**: Inquired about the nature and amount of revenue from sources by reviewing the budget, agreements, rate schedules and underlying documentation. Performed analytical review; tested actual revenue compared to budgeted revenue for the year for each type of revenue.

Findings: No exceptions were found as a result of applying this procedure.

7. **Procedure Performed**: Verified that the amount recorded in the general ledger agrees to the supporting documentation and the bank statement.

Findings: No exceptions were found as a result of applying this procedure.

8. **Procedure Performed**: Verified that the receipts of revenue were recorded to the proper classification, amount and period in the general ledger that agrees with the same basis of accounting records that the company uses which is the accrual method.

Findings: No exceptions were found as a result of applying this procedure.

9. **Procedures Performed**: Verified that amount recorded as disbursed agreed to vendor's invoice by comparing canceled check to vendor's invoice.

Findings: No exceptions were found as a result of applying this procedure.

10. **Procedures Performed**: Inquired about approval for cash disbursements and if the cash disbursements were properly authorized.

Findings: No exceptions were found as a result of applying this procedure.

11. **Procedures Performed**: Inquired if the bidding process was processed in accordance with the New Mexico Procurement Code and State Purchasing Regulations.

Findings: One exception was found. No bidding process was performed to contract for audit or agreed-upon procedures engagement services for period ending June 30, 2010.

12. **Procedures Performed**: Verified that journal entries appeared reasonable and had supporting documentation.

Findings: No exceptions were found as a result of applying this procedure.

13. Procedures Performed: Inquired if the company has procedures that require journal entries be reviewed and that they are being reviewed.

Findings: The company has no procedure requiring that journal entries be reviewed.

14. Procedures Performed: Verified that the original budget and subsequent budget adjustments were approved by the local governing board.

Findings: No exceptions were found as a result of applying this procedure.

15. Procedures Performed: Verified if the total actual expenditures exceeded the final budget.

Findings: Four exceptions were found as a result of applying this procedure. Actual depreciation expense exceeded the budget amount in the amount of \$117,742. Actual interest expense exceeded budgeted amount in the amount of \$4,183. Actual auto expense exceeded the budgeted amount in the amount of \$ 991. Actual water testing expense exceeded the budgeted amount in the amount of \$1,470.

16. Procedures Performed: Inquired into any and all state-funded capital outlay awards.

Findings: The company had no state funded capital outlay awards for fiscal year ended June 30, 2010. No exceptions were found as a result of applying this procedure.

17. Procedures Performed: Verified that the Association was in compliance with 2.2.2 NMAC, Audit rule 2010 on submitting year-end financial statements to the NM State Auditor's Office by December 1, 2010.

Findings: One exception was found as a result of applying this procedure. The Company did not submit financial statements to the NM State Auditor's Office by December 1, 2010 and is not in compliance with Sections 2.2.2. 9(A) and Section 2.2.2. 16 (H) NMAC.

I was not engaged to, and did not, perform an examination, the objective of which would be the expression of an opinion on Garfield Mutual Domestic Water Consumers Association accounting records at June 30, 2010. Accordingly, I do not express such an opinion. Had I performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for your information and use and is not intended to be, and should not be, used by anyone other than you.

GARFIELD MUTUAL DOMESTIC WATER CONSUMERS ASSOCIATION NOTES TO FINANCIAL STATEMENTS JUNE 30, 2010

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

(a) **REPORTING ENTITY** - Garfield Mutual Domestic Water Consumers Association was organized in March 1968. The organization supplies water to approximately 800 consumers from the north edge of Hatch to Exit 59 which is 1/4 mile south of I-25 Caballo Lake Exit in Sierra County. The area is known as the Hatch Valley. The organization is governed by a eight-member Board of Directors, whose members are elected to three year terms.

As required by accounting principles generally accepted in the United States of America, These financial statements present the Garfield Mutual Domestic Water Consumers Association (the primary government) as a stand-alone government. The reporting entity for the organization includes all functions of government in which the Board of Directors exercise oversight responsibility. Oversight responsibility includes, but is not limited to, financial interdependency, selection of governing authority, designation of management, significant ability to influence operations and accountability for fiscal matters. No component units exist in which the Organization has any oversight responsibilities, which would require inclusion in the Organization's financial statements in accordance with Governmental Accounting Standards Board Statement No. 14.

The organization's financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) Is responsible for establishing GAAP for state and local governments through its pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 (when applicable), that do not conflict with or contradict GASB pronouncements.

(b) WATER SYSTEM FUND - PROPRIETARY FUND FINANCIAL STATEMENTS - The water system fund financial statements (ie., the statement of net assets and the statement of revenues, expenses and changes in fund net assets) report information on all activities of the primary government and its component units.

The statement of revenues, expenses and changes in fund net assets demonstrates the degree to which the expenses are offset by program revenues. Program revenues include:

1) Charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or activity and 2) grants that are restricted to meeting the operational or capital requirements of a particular function or activity. Other items not properly included among program revenues are reported instead as general revenues.

GARFIELD MUTUAL DOMESTIC WATER CONSUMERS ASSOCIATION NOTES TO FINANCIAL STATEMENTS JUNE 30, 2010

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

(c) Measurement focus, basis of accounting, and financial statement presentation - The Water System Fund - Proprietary Fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgements, are recorded only when payment is due.

1. **Major Proprietary Funds** - The Organization's Water System Fund - Proprietary Fund accounts for the operations of the water system which is funded by proceeds from operations of this facility, including user fees, meter fees, connection fees, late payment fees. The water system fund is the Organization's only enterprise fund.

The Organization utilizes the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. The Organization has elected not to follow subsequent private-sector guidance issued after November 30, 1989.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Organization's enterprise fund is charges to customers for sales and services. Operating expenses for the enterprise fund include cost of sales and Services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the Organization's policy to use restricted first, and then unrestricted resources as they are needed.

GARFIELD MUTUAL DOMESTIC WATER CONSUMERS ASSOCIATION NOTES TO FINANCIAL STATEMENTS JUNE 30, 2010

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

- (d) CASH AND CASH EQUIVALETS AND INVESTMENTS The Organization's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of twelve months or less from the date of acquisition.
- (e) **INVENTORIES** Inventories in the general fund consist of expendable system materials held for the Organization's use and are carried at cost using the first-in, first-out method.
- (f) **RECEIVABLES AND PAYABLES** The Water System Fund Proprietary Fund receivables are due from customers within the Hatch Valley. The Organization's policy for collections is limited to collecting security and key deposits, the right to discontinue service and place liens on property.
- (g) **RESTRICTED ASSETS** Certain net assets of the Organization are classified as restricted assets on the Statement of Net Assets because their use is limited either by law through constitutional provisions or enabling legislation, or by restrictions imposed externally by creditors, or laws or regulations of other governments.
- (h) **PREPAID ITEMS** Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items. The Organization uses the consumption method.
- (i) **CAPTIAL ASSETS** Capital assets, which include property, plant and equipment, and infrastructure assets (water system), are reported in the applicable business-type activities in the water system fund proprietary fund financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend its useful life are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of assets constructed. There was no interest capitalized as part of the cost of capital assets under construction during the year ended June 30, 2010.

GARFIELD MUTUAL DOMESTIC WATER CONSUMERS ASSOCIATION NOTES TO FINANCIAL STATEMENTS JUNE 30, 2010

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

Depreciation of capital assets is computed and recorded by utilizing the straight-line method. Estimated useful lives of the various classes of depreciable capital assets are as follows:

Buildings	20 - 50 years
Water System	30 - 50 years
Machinery & Equipment	5 - 10 years
Automobiles	3 - 5 years
Fence	10 - 20 years

- (j) LONG-TERM OBLIGATIONS In the water system fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable water system fund proprietary fund statement of net assets. Debt and refinance issuance costs are reported as deferred charges and amortized over the term of the related debt.
- (k) FUND EQUITY In the fund financial statements, water system funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.
- (1) **NET ASSETS** In the government-wide and water system fund financial statements, net assets invested in capital assets net of related debt is equal to the depreciated carrying value of the Organization's capital assets less related debt.
- (m) **BUDGETS** Budgets are prepared for and adopted by the Board after public hearings for the governmental funds. The budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America. The legal level of budgetary control is at the fund level. All budgeted appropriations lapse at fiscal year-end. Formal budgets are adopted for the general fund. As a result, deficits in the budget columns of the accompanying financial statements may occur. The Organization legally adopts budgets for all its funds on an annual basis.

2. CASH AND CASH EQUIVALENTS AND INVESTMENTS:

(a) **Deposits and Investments** - All deposits are held in qualified public depositories and are included in the accompanying balance sheet and statement of net assets as cash and cash equivalents. The Organization maintains cash and securities at several local financial institutions. Accounts at each financial institution are insured by the Federal Deposit Insurance Corporation up to \$250,000. In 2010, the Organization did not have any uninsured balances at any financial institution.

GARFIELD MUTUAL DOMESTIC WATER CONSUMERS ASSOCIATION SCHEDULE OF FINDINGS AND RESPONSES JUNE 30, 2010

The agreed-upon procedures performed for this engagement which were solely to assist you with respect to the accounting records of Garfield Mutual Domestic Water Consumers Association resulted in the following findings listed below. Management's response to these findings is as follows:

2010-01 No bank reconciliation.

CONDITION

The Association did not perform bank reconciliations for Bank of New York - Mellon between October 2009 to June 2010.

CRITERIA

State Audit Rule 2.2.2.10 N, Section 4(e) states that reconciled balances of deposits and investments should be performed for each account on the balance sheet date and reported on the financial statements.

EFFECT

There is interest income being earned on a monthly basis and it is not being reported on the financial statements.

CAUSE

The Association had been receiving the bank statements monthly from Bank of Albuquerque but when the account was transferred to Bank of New York-Mellon, the statements were no longer mailed to the Association.

RECOMMENDATION

I recommend that the Association request a monthly statement and reconcile the account each month.

MANAGEMENT'S RESPONSE

The Association will request a monthly statement from Bank of New York - Mellon and also a copy from New Mexico Financial Authority so that they can perform bank reconciliations of this account on a monthly basis.

2010-02 No financial statements being submitted to NM Finance Authority

CONDITION

The Association did not submit financial statements to New Mexico Finance Authority annually as required by the terms of the loan agreement.

CRITERIA

State Audit Rule 2.2.2.10 Q, Section 1 states the Association be in compliance related to laws, regulations, contracts and grant provisions.

EFFECT

The Association is not in compliance with State Audit Rule 2.2.2.10 Q, Section 1.

CAUSE

The Association has not submitted year-end financial statements to New Mexico Financial Authority because the Agency has not requested them. They are current in liability payments and have not been requested to provide any financial statements to the NM Finance Authority.

RECOMMENDATION

I recommend that the Association submit year-end financial statements to New Mexico Finance Authority.

MANAGEMENT'S RESPONSE

The Association will submit year-end financial statements to New Mexico Finance Authority after the statements have been reviewed and accepted by the State Auditor's office.

2010-03 Final Budget not complete:

CONDITION

The original and final budget did not include amounts for depreciation and amortization. The budget was not revised to include prior year actual expenses for interest.

CRITERIA

State Audit Rule 222.10 O, Section 1(b) requires that if the agency prepare its budget on a cash basis, the Statement of Revenues and Expenditures (Budget and Actual) include the amounts of prior-year cash balance to balance the budget.

EFFECT

The actual revenues and expenditures do not accurately reflect what the difference in budget and actual are if prior year amounts are omitted from the budget. There is an increased risk of misstatements and or/or budget overages occurring and not being detected.

CAUSE

Budgeted amounts are entered using prior year expenses without considering any year end adjustments for accruals for interest, depreciation and amortization. No changes to budget are made after the board of directors approves the annual budget.

RECOMMENDATION

I recommend that the Association enter budgeted revenue and expenditures based on adjusted year end amounts from financial statements.

MANAGEMENT'S RESPONSE

The Agency will enter budget revenues and expenditures using information from the year-end financial statements and include adjusting entries made.

2010-04 No Proposals were procured for fiscal year end 2010.

CONDITION

The Association did not seek proposals for an appropriate independent public accountant to perform services for fiscal year-end 2010.

CRITERIA

2.2.2 NMAC, Audit Act Sections 12-6-1 through 12-6-14 NMSA 1978 requires that the Agency procure services for its local public body's fiscal year-end. The Agency is required to seek proposals for the appropriate independent account professional for the services required in accordance with Procurement Code and 2.2.2 Requirements for Contracting and Conducting Audits of Agencies.

CAUSE

There was a delay in procuring proposals for services from Independent Public Accountants and the IPA Firm's review was added to the List of Firms Approved to Perform Agreed Upon Procedures Under the Tiered System for New Mexico on November 2, 2010 by the State Auditor.

EFFECT

The Agency is not in compliance with Section 2.2.2.16(D) of NMAC.

RECOMMENDATION

Management should ensure that requests for proposals for services from Independent Public Accountants be submitted in a timely manner so that proposals may be reviewed and accepted prior to year end.

MANAGEMENT'S RESPONSE

The Association will make sure that necessary documentation is submitted to Independent Public Accountants approved to perform financial and compliance audits or agreed upon procedures engagements and request proposals for such services. The documentation will be submitted in a timely manner so that IPAs may submit proposals and the board have sufficient time to review and approve and submit the necessary documentation to State Auditor for Contract.

2010-05 Late Submission of the Agreed-Upon Procedure Report

CONDITION

The agreed-upon procedures reports for the year ending June 30,2010 were not submitted by the deadline of December 1, 2010. The reports were submitted to the State Auditor's Office on March 31, 2011 which was the approved modified due date.

CRITERIA

2.2.2 NMAC, Audit Rule 2010, specifies the deadline for submission of agreed-upon procedure report. Section 2.2.2.16 H stipulates that Association reports are due no later than December 1. Further, Section 2.2.2.9 A (2) requires that submission of a late report shall be reported as current year audit finding in the report.

CAUSE

There was a delay in submitting letter of recommendation to the State Auditor's Office. Hence, executed contract was dated December 23, 2010 and received in December 2010.

EFFECT

The Association is not in compliance with Section 2.2.2.16 H of the NMAC, Audit Rule 2010.

RECOMMEDATION

Management should ensure that contract be executed on a timely manner to ensure that report will be submitted on or before the deadline.

MANAGEMENT'S RESPONSE

The Association will make sure that necessary documentations being submitted to the State Auditor's Office to ensure that the contract gets executed as early as possible to allow timely submission of the report.
