INDEPENDENT AUDITOR'S REPORT

Hector H. Balderas, State Auditor and the Board of Directors of Jemez Springs Domestic Water Association Jemez Springs, New Mexico

We have audited the accompanying financial statements of the business-type activities of Jemez Springs Domestic Water Association, as of and for the year ended March 31, 2009, which collectively comprise the Association's basic financial statements as listed in the table of contents. We have also audited the budget comparison presented as supplemental information in the financial statements as of and for the year ended March 31, 2009, as listed in the table of contents. These financial statements are the responsibility of Jemez Springs Domestic Water Association management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of Jemez Springs Domestic Water Association as of March 31, 2009, and the respective changes in financial position and cash flows of the Association for the year then ended in conformity with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statement referred to above presents fairly, in all material respects, the budgetary comparison of the Association as of and for the year ended March 31, 2009 in conformity with accounting principles generally accepted in the United States of America.

In accordance with <u>Government Auditing Standards</u>, we have also issued a report dated August 1, 2009, on our consideration of the Jemez Springs Domestic Water Association's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with <u>Government Auditing Standards</u> and should be considered in assessing the results of our audit.

CERTIFIED PUBLIC ACCOUNTANTS

Telephone (505) 566-1900 Fax (505) 566-1911

Hector H. Balderas, State Auditor, and The Board of Directors, Jemez Springs Domestic Water Association

The Association has not presented the Management's Discussion and Analysis required by GASB Statement No. 34 that the Governmental Accounting Standards Board has determined is necessary to supplement, although not required to be part of, the basic financial statements.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Jemez Springs Domestic Water Association, basic financial statements, and the budgetary comparison statements. The accompanying supplemental schedule of pledged collateral is presented for purposes of additional analysis and is not a required part of the basic financial statement. The Supplemental information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS March 31, 2009

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Jemez Springs Domestic Water Association (Association) is a not-for-profit Mutual Domestic Association established for the purpose of constructing, maintaining, and operating a water system for members of the Association in rural Sandoval County. The Association was incorporated as a Cooperative Association under the provisions of the New Mexico Cooperative Corporation Act. The Board of Directors changed its form of organization from a not-for-profit cooperative to a not-for-profit Association under the Sanitary Projects Act, NMSA 3-29-1 through 3-29-20.

Under the Sanitary Projects Act, the Association remains a not-for-profit organization owned and governed by its members. It is also eligible to receive certain loans and grants from the State of New Mexico.

An Attorney General's (AG) opinion (90-30, dated December 27, 1990) concludes that entities created under the Sanitary Projects Act (SPA) are subject to the New Mexico Audit Act. Additionally, there is another AG opinion (06-02) that states Mutual Domestic Associations (MDAs) under the SPA are public bodies whose revenues are "public money" and must abide by the Open Meeting Act.

The Association's financial statements include all financial information over which the Board of Directors exercises oversight responsibility. Oversight responsibility includes such aspects as appointment of governing body members, designation of management, the ability to significantly influence operations, and accountability for fiscal matters. Based upon the application of these criteria, no component units were included in the financial statements.

The summary of significant accounting policies of the Association is presented to assist in the understanding of the Association's financial statements. The financial statements and notes are the representation of Jemez Springs Domestic Water Association's management who is responsible for their integrity and objectivity. The financial statements of the Association conform to Generally Accepted Accounting Principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below.

NOTES TO FINANCIAL STATEMENTS March 31, 2009

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The proprietary fund financial statements are reported using the economic resources measurement focus and accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period.

The government uses a proprietary fund to record all of its transactions.

Private-sector standards of accounting and financial reporting issued on or before November 30, 1989, generally are followed in the proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The government has elected not to follow subsequent private-sector guidance.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenue of the Association enterprise fund is charges to customers for sales and services. Operating expense for the enterprise fund include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

C. Assets, liabilities, and net assets or equity

1. Deposits and investments

The Association's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

State statutes authorize the investment of the Association's funds in a wide variety of instruments including certificates of deposit and other similar obligations, state investment pool, and money market accounts. The Association is also allowed to invest in United States Government obligations. All funds for the Association must follow the above investment policies.

NOTES TO FINANCIAL STATEMENTS March 31, 2009

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Assets, liabilities, and net assets or equity (continued)

1. Deposits and investments (continued)

Deposits of funds may be made in interest or non-interest bearing checking accounts in one or more banks or savings and loan associations within the geographical boundaries of the Association. Deposits may be made to the extent that they are insured by an agency of the United States or by collateral deposited as security or by bond given by the financial institution.

The rate of interest on non-demand interest-bearing accounts shall be set by the State Board of Finance, but in no case shall the rate of interest be less than one hundred percent of the asked price on United States Treasury bills of the same maturity on the day of deposit.

Excess of funds may be temporarily invested in securities which are issued by the State or by the United States government, or by their departments or agencies, and which are either direct obligations of the State or the United States or are backed by the full faith and credit of those governments.

Investments for the Association are reported at fair value.

2. Accounts Receivable

The accounts receivable reported in the Statement of Net Assets are not considered fully collectible; and are reported net of allowance for doubtful accounts, which has been recorded. Receivables are recognized when services are rendered and revenue has been earned.

3. Capital assets

The Association's policy is to capitalize all disbursements for equipment in excess of \$5,000. Property and equipment are recorded at cost. Depreciation is provided for in amounts sufficient to relate the cost of depreciable assets to operations over their estimated service lives using the straight-line method. Improvements are capitalized, while expenditures for maintenance and repairs are charged to expenses as incurred. Upon disposal of depreciable property, the appropriate property accounts are reduced by the related costs and accumulated depreciation. The resulting gains and losses are reflected in the statements of activities. The Association's assets have the following estimated useful lives:

* *

	<u>Years</u>
Buildings	40
Furniture and fixtures	5-15
Improvements	15 - 40
Machinery and equipment	5-20

NOTES TO FINANCIAL STATEMENTS March 31, 2009

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Assets, liabilities, and net assets or equity (continued)

Water rights of \$155,000 are not depreciated or amortized because water rights reflect renewable resources that do not deplete through use or deterioration. The Association evaluates the water rights each reporting period to determine whether events or circumstances continue to support an indefinite useful life.

4. Compensated absences

It is the Association's policy to permit employees to accumulate earned but unused vacation benefits. Employees that work at least 20 hours a week are entitled to 5 days vacation after the first year of employment and 10 days vacation after the second year. Vacation days may not accrue from one year to the next without the prior approval with a maximum of 20 days and is accrued when incurred. The cost of earned but unpaid vacation leave is normally recognized in proprietary funds when the benefit vests to the employee and becomes a legal liability to the Association. The Association allows employees to take their leave prior to the end of the calendar year following the year in which leave is earned.

5. Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

6. Income Taxes

Jemez Springs Domestic Water Association is exempt from Federal Income Taxes under the provisions of section 501(a) of the Internal Revenue Code as an entity described in section 501(c)(12). Therefore, no provision for income taxes has been made.

NOTES TO FINANCIAL STATEMENTS March 31, 2009

II. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Budgetary Information

A budget is prepared by management and approved by the Board of Directors.

This budget is prepared on the accrual basis, excluding encumbrances, and secures appropriation of funds for only one year. Carryover funds must be re-appropriated in the budget of the subsequent fiscal year. The budget process in the State of New Mexico requires that the beginning cash balance be appropriated in the budget of the subsequent fiscal year.

The Association follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1. In March, the management submits to the Board of Directors a proposed operating budget of the fiscal year commencing the following April. The operating budget includes proposed expenditures and the means of financing them.
- 2. In April, the budget is approved by the Board of Directors.
- 3. The board meeting, while not intended for the general public, is open for the general public unless a closed meeting has been called for.
- 4. Formal budgetary integration is employed as a management control device during the year.
- 5. The budget is adopted on a basis is consistent with generally accepted accounting principles (GAAP).

The Board of Directors may approve amendments to the appropriated budget, which are required when a change is made affecting budgeted ending balances. The appropriated budget for the year ended March 31, 2009 was properly amended by the Board through the year. These amendments resulted in the following changes:

	C	Driginal		Final		
	<u>]</u>	<u>Budget</u>	<u>Budget</u>			
Proprietary Fund	\$	167,392	\$	167,392		

NOTES TO FINANCIAL STATEMENTS March 31, 2009

III. DETAILED NOTES ON ALL FUNDS

A. Cash and Temporary Investments

At March 31, 2009, the carrying amount of the Association's deposits was \$78,456 and the bank balance was \$80,241. Of this balance \$80,241 was covered by federal depository insurance. Reconciling items in the amount of \$1,785 consist of outstanding checks.

Custodial Credit Risk

Custodial credit risk is the risk that in the event of a bank failure, the Association's deposits may not be returned to it. New Mexico State Statutes require collateral pledged for deposits in excess of the federal deposit insurance to be delivered, or a joint safekeeping receipt be issued, to the District for at least one half of the amount on deposit with the institution. The statement listed below will meet the State of New Mexico Office of the State Auditor's requirement in reporting the uninsured portion of the deposits. As of March 31, 2009, the Association's did not have any bank balances exposed to custodial risk as follows:

	First	Community	Jei	nez Valley	Cas	sh on
		<u>Bank</u>	Cre	edit Union	\mathbf{H}	and
Cash on deposit	\$	13,055	\$	23,630		
Certificates of deposit		43,556		-		
Cash on hand						200
FDIC coverage		(56,611)		(23,630)		-
Total uninsured public funds	\$		\$		\$	200

The types of collateral allowed are limited to direct obligations of the United States Government and all bonds issued by any agency, Association or political subdivision of the State of New Mexico.

According to the Federal Deposit Insurance Authority, public unit deposits are funds owned by the Association. Time deposits, savings deposits and interest bearing "Now" accounts of a public unit in an institution in the same state will be insured up to \$250,000 in aggregate and separate from the \$250,000 coverage for public unit demand deposits at the same institution.

Interest Rate Risk

Interest rate risk is the risk that the fair value of the investments will change due to changes in the rate of interest applied to those investments. The Association's fair values of investments are not affected by changes in interest rates.

NOTES TO FINANCIAL STATEMENTS March 31, 2009

III. DETAILED NOTES ON ALL FUNDS (continued)

B. Receivables

Receivables as of year-end for the Association are as follows:

Accounts receivable	\$ 19,151
Allowance for doubtful accounts	 (500)
	\$ 18,651

An allowance for doubtful accounts in the amount of \$520 has been estimated by management based on an analysis of individual accounts.

C. Capital Assets

Capital assets activity for the year ended March 31, 2009 was as follows:

	Beginning <u>Balance</u>			Increases		<u>Decreases</u>		Ending <u>Balance</u>
Business type activities:								
Capital assets, not being depreciated:								
Water rights	\$	155,000	\$	-	\$	-	\$	155,000

NOTES TO FINANCIAL STATEMENTS March 31, 2009

III. DETAILED NOTES ON ALL FUNDS (continued)

D. Long-term Liabilities (continued)

Changes in Long-Term Debt

During the year ended March 31, 2009 the following changes occurred in liabilities reported in the Statement of Net Assets:

	В	alance					Balance	Amo	unt Due
	<u>Be</u>	ginning	Addit	tions	Ret	<u>irements</u>	<u>Ending</u>	<u>Withir</u>	<u>n One Year</u>
Compensated absences:									
Compensated vacation	\$	1,080	\$	-	\$	1,080	\$ -	\$	-
Loans payable		176,505		-		25,770	 150,735		21,807
	\$	177,585	\$	-	\$	26,850	\$ 150,735	\$	21,807

The liability of compensated absences is liquidated with resources from the unrestricted net assets.

IV. ACCRUED LIABILITIES

Salaries	\$ 8,658
Tax withholdings	499
Payroll taxes payable	539
Other payroll withholdings	1,793
Gross reciepts tax	 1,601
	\$ 13,090

V. RETAINED RISKS OF LOSS

The Association is exposed to various risks of loss related to torts, theft to, damage to, and destruction of assets, error and omissions, injuries to employees, and natural disasters. The Association carries commercial insurance for all risks. Settlement of claims resulting from these risks have not exceeded commercial insurance coverage in the past three years.

NOTES TO FINANCIAL STATEMENTS March 31, 2009

VI. JOINT POWERS AGREEMENT

Participants:	Jemez Springs Domestic Water Association, Village of Jemez Springs
Responsible Parties:	Both parties
Description:	Jemez Springs Domestic Water Association agrees to provide technician to disconnect and/or remove water meters as requested by the Village of Jemez Springs.
Period:	November 5, 2002 until cancelled
Project Cost:	Village of Jemez Springs agrees to compensate Jemez Springs Domestic Water Association for servicing the disconnection, removal, and/or reconnection of water meters at the rate for such services stated in the Village Ordinance 17-2-9. Due to the indefinite date of cancellation of the project, and the infrequency of disconnections, removal, and/or reconnections of water meters, the total cost of the project is undeterminable and as such the cost applicable to the association is undeterminable.
Association Contributions:	Undeterminable
Audit Responsibility:	Village of Jemez Springs
Fiscal Responsibility:	Both parties
Revenues and Expenditures Reported:	Fees assessed to residents for the disconnection, removal, and/or reconnection of water meters is received and recorded by the Village. The Village records expenditures for the reimbursements paid to the Association. The Association records expenditures for the cost of each disconnection, removal, and/or reconnection of water meters and then records a revenue for the reimbursement received from the Village.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH <u>GOVERNMENT AUDITING STANDARDS</u>

Hector H. Balderas, State Auditor and the Board of Directors of Jemez Springs Domestic Water Association Jemez Springs, New Mexico

We have audited the financial statements of the business-type activities of the Jemez Springs Domestic Water Association, as of and for the year ended March 31, 2009, which collectively comprise the Jemez Springs Domestic Water Association's basic financial statements and have issued our report thereon dated August 1, 2009. We have also audited the budget comparison presented as supplemental information in the financial statements as of and for the year ended March 31, 2009, as listed in the table of contents. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Jemez Springs Domestic Water Association's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Jemez Springs Domestic Water Association's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Jemez Springs Domestic Water Association's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Hector H. Balderas, State Auditor and the Board of Directors of Jemez Springs Domestic Water Association Jemez Springs, New Mexico

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Jemez Springs Domestic Water Association's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed two instances of noncompliance or other matters that are required to be reported under <u>Government Auditing Standards</u>, as finding number 2009 - 1 and 2009 - 2.

This report is intended solely for the information and use of the Board of Directors, management, Department of Finance and Administration – Local Government Division, and the New Mexico State Auditor and is not intended to be and should not be used by anyone other than these specified parties.

AUDIT FINDINGS

SCHEDULE OF PRIOR YEAR AUDIT FINDINGS Year Ended March 31, 2009

PRIOR YEAR AUDIT FINDINGS

No audit findings to report

SCHEDULE OF FINDINGS Year Ended March 31, 2009

CURRENT YEAR AUDIT FINDINGS

2009-1 LATE AUDIT REPORT

- *Condition:* The New Mexico State Auditor required the audit to be completed and submitted to his office by August 31, 2009. The filing date of the completed annual audit is subsequent to the required due date.
- *Criteria:* According to the State of New Mexico, Office of the State Auditor publication 2 NMAC 2.2 Requirements for Contracting and Conducting Audits of Agencies, Section 9.1, the filing date for audit reports for Association is August 31th following the end of the fiscal year.
- *Effect of condition:* The Association is not in compliance with NMAC 2.2.2.9A(1), the effect is that the State is not getting timely information for budgeting information.
- Cause: The State Auditor rejected the audit report in order to include the audit finding for the over expenditure of the budget, and some typographical errors, and reconciliations of cash.

Recommendation: The audit should be completed by the required due date.

Response: Association will make a concerted effort to complete the audit in a timely manner.

SCHEDULE OF FINDINGS Year Ended March 31, 2009

2009 – 2 BUDGET OVER EXPENDITURES

Condition: Jemez Springs Domestic Water Association incurred expenditures in excess of the approved budget.

	Approved		Actual		Amount over		
Fund	Budget		Expenditures		expended		
Proprietary fund	\$	$167,\!392$	\$	170,231	\$	(2,839)	

- Criteria: According to SAO Rule 2.2.2.10 P (1) budgetary comparison must be at least at the same appropriation level as the approved budget to demonstrate compliance with legal requirements. If actual expenditures exceed budgeted expenditures at the legal level of budgetary control, that fact must be reported in a finding.
- *Effect of condition:* State statute may have been violated subjecting those responsible to the penalty provisions of the statute.

Cause: Budget adjustments were not done.

Recommendation: We recommend that Jemez Springs Domestic Water Association follow the budget.

Response: Jemez Springs Domestic Water Association does not have a legally binding budget. The budget is approve y the board of directors and is used solely by the association's management. It is not approve or controlled by any oversight organization.
