Independent Accountants' Compilation Report

Wayne Johnson
New Mexico State Auditor
and
Ron Kveton, President
Pendaries Village Mutual Domestic Water Consumers Association
Rociada, New Mexico

Management is responsible for the accompanying financial statements of Pendaries Village Mutual Domestic Water Consumers Association (the "Association"), which comprise the statement of net position - proprietary fund as of October 31, 2017, and related statement of revenues, expenses and changes in net position- proprietary fund for the year then ended and the related notes to the financial statements in accordance with the requirements of Section 2.2.2.16 *New Mexico Administrative Code* (NMAC). We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services committee of the AICPA. We did not audit or review the financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements.

In order to comply with the requirements of Section 12-6-3 (B) NMSA 1978 and 2.2.16 NMAC, management has presented: (1) the proprietary fund financial statements prepared using the accrual basis of accounting; and (2) only the notes related to those financial statements. However, in complying with these requirements, management has omitted the following financial statements and notes required by accounting principles generally accepted in the United States of America (GAAP): (a) the accompanying government-wide financial statements; (b) the statement of cash flows-proprietary funds; and (2) note disclosures related to items (a) and (b). These omissions result in the financial statements being presented on a basis of accounting other than GAAP.

Management has omitted the management's discussion and analysis information that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

STATE OF NEW MEXICO
PENDARIES VILLAGE MUTUAL DOMESTIC WATER CONSUMERS ASSOCIATION
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED OCTOBER 31, 2017

NOTE 1 – NATURE OF ORGANIZATION

Pendaries Village Mutual Domestic Water Consumers Association (Association) a corporation began its operations in November 2012 for the purpose of forming a non-profit association in accordance with the provisions of the Sanitary Projects Act, Sections 3-29-1- through 3-29-21, NMSA 1978 as amended. The Association maintains and operates a water system for the supplying and distribution of water for domestic users.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of accounting

The financial statements of the Association are prepared on the basis of an enterprise fund as defined by the Governmental Accounting Standards Board (GASB). Enterprise funds are used to account for operations (a) that are financial and operated in a manner similar to private business enterprises where the intent of the entity is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the entity has decided that periodic determination of revenue earned, expenses incurred, and net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

The Association's government-wide financial statements are designed to be corporate-like in that all business-type activities are consolidated into one column and consist of Statement of Net Position and Statement of Revenues, Expenses, and Changes in Net Position. No component unites exist in which the organization has any oversight responsibilities, which would require inclusion in the Organization's financial statements. It has neither fiduciary funds nor component unites that are fiduciary in nature. Enterprise funds are accounted for on the flow of economic resources measurement focus and use the accrual basis of accounting. Under this method, revenue is recorded when earned, and expenses are recorded at the time liabilities are incurred.

Enterprise funds distinguish operating revenues and expenses from non-operating items. All of the Associations' revenue streams and expenses are considered operating in nature.

When both restricted and unrestricted net position are available to cover designated expense, it is the Association's policy to use restricted resources first, then unrestricted resources as they are needed.

B. Use of estimates

The accompanying financial statements have been prepared in conformity with generally accepted accounting principles. This requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates and assumptions made by management include the reserve for delinquent assessments and useful lives of property and equipment.

STATE OF NEW MEXICO
PENDARIES VILLAGE MUTUAL DOMESTIC WATER CONSUMERS ASSOCIATION
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED OCTOBER 31, 2017

C. Assets, Liabilities and Equity

Cash and Cash Equivalents

The Association maintains cash accounts with federally insured financial institutions, and such deposits do not exceed federally insured limits. The Association considers all highly liquid temporary investments of cash to be cash equivalents.

Accounts Receivable

Accounts receivable consist of amounts due from members and others who have used the Association's water system. Management has established an allowance for uncollectible amounts of \$78,368 as of October 31, 2017.

Delinquent assessments receivable - members

Association members are subject to annual assessments to provide funds for the Association's operating expenses, future capital acquisitions, and major repairs and replacements. Assessments receivable at the balance sheet date represent fees due from property owners. The Association's credit risk is minimized by its policy of retaining legal counsel and placing liens on the lots of members whose assessments are 120 or more days delinquent. Interest at the rate of 15% per annum is also added to the delinquent assessment for any account delinquent more than 120 days. The Association has a reserve of \$78,368 at October 31, 2017, against the delinquent assessment receivable.

The Association assesses dues annually in November for the following year. In 2017, annual assessments are \$ 665 for improved lots and \$144 for unimproved lots.

Capital Assets

All acquisitions of capital assets in excess of \$2,500 and all expenses for repairs, maintenance and betterments that materially prolong the useful lives of assets are capitalized at cost. Depreciation is provided principally on the straight-line method over the assets estimated useful lives, which range from five to forty years.

Valuation of long-lived assets

The Association periodically evaluates the carrying value of long-lived assets to be held and used, including intangible assets, when events and circumstances warrant such a review. The carrying value of a long-lived asset is considered impaired when the anticipated undiscounted cash flow from such an asset is separately identifiable and is less than its carrying value. In that event, a loss is recognized in the amount by which the carrying value exceeds the fair market value of the long-lived asset. Fair market value is determined primarily using the anticipated cash flows discounted at a rate commensurate with the risk involved.

Subsequent events

Subsequent events are events or transactions that occur after year end but before the financial statements are issued. The Association recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the financial statements, including the estimates inherent in the process of preparing the financial statements. The Association's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the financial statements but arose after the financial statement date and before the financial statements are issued. The association has evaluated subsequent events for potential recognition and disclosure through March 29, 2018, the date the financial statements were issued.

- g. If the project is complete, determine if there is an unexpended balance and whether it was reverted per statute and agreement with the grantor.
- h. Determine whether cash received for the award was accounted for in a separate fund or separate bank account that is non-interest bearing if so required by the capital outlay award agreement.
- i. Determine whether reimbursement requests were properly supported by costs incurred by the recipient. Determine whether the costs were paid by the local public body prior to the request for reimbursement.
