Independent Accountant's Report on Applying Agreed Upon Procedures

To Management
Ponderosa Mutual Domestic Water Consumers Association
Ponderosa, New Mexico
and
To Mr. Hector H. Balderas, State Auditor

We have performed the procedures enumerated below, which were agreed to by the Ponderosa Mutual Domestic Water Consumers Association (Association) and the New Mexico State Auditor's Office, solely to assist in determining if the Association is in compliance with New Mexico State Audit Rule, Tier 4, as of December 31, 2012. The Association is the responsible party and the subject matter is the responsibility of the Association. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures performed are included in a supplemental attachment.

We were not engaged to and did not conduct an audit, the objective of which would be the expression of an opinion on the Tier 4 agreed-upon procedures. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of management and others within the Association, the State Auditor, the Department of Finance and Administration – Local Government Division, and the New Mexico State Legislature and is not intended to be and should not be used by anyone other than these specified parties.

Ricci, Forch & Company, LLC

Albuquerque, New Mexico May 7, 2013

PROCEDURES PERFORMED AND RELATED RESULTS

1. Cash

a) Determine whether bank reconciliations are being performed in a timely manner and whether all bank and investment statements for the fiscal year are complete and on hand.

Bank reconciliations are included as part of the monthly board meetings. We reviewed all of the bank reconciliations in order to ensure that they were performed timely and accurately. No exceptions were noted. The reconciliations for all the 2012 monthly bank statements were performed prior to the subsequent Board of Directors meeting in a timely manner and signed off by the Board President.

The Association has four banking accounts - two checking and two savings. All reconciliations are complete and on hand.

b) Perform a random test of bank reconciliations for accuracy. Also, trace ending balances to the general ledger, supporting documentation and the financial reports submitted to DFA - Local Government Division.

We verified that all 12 months were completed in a timely manner and have been reviewed. We also selected 7 months (April, May, June, July, August, October, and December) to test reconciliations. All were accurate and tied to the client maintained ledger. We also tied the December reconciliation to the year-end financial report submitted to DFA.

c) Determine whether the local public body's financial institutions have provided it with the 50% of pledged collateral on all uninsured deposits as required by Section 6-10-17 NMSA 1978, NM Public Money Act, if applicable.

We determined upon review of the monthly bank statements and bank reconciliations that the Association maintained balances below \$250,000 in all accounts; therefore, additional procedures were not performed.

PROCEDURES PERFORMED AND RELATED RESULTS (CONTINUED)

2. Capital Assets

Verify that the local public body is performing a yearly inventory as required by Section 12-6-10 NMSA 1978.

An annual physical inventory of capital assets was completed. We reviewed an inventory listing prepared by the office manager detailing the items capitalized by the Association. We also verified the assets listed for the Association's Water Office were present during field work. The Association utilizes Microsoft Word software to maintain its inventory listing.

3. Revenues

Identify the nature and amount of revenue from sources by reviewing the budget, agreements, rate schedules, and underlying documentation.

a) Perform an analytical review; test actual revenue compared to budgeted revenue for the year for each type of revenue.

We compared budget to actual for each type of revenue. Please see the Budget-Actual Schedule (page 7) for amounts. We inquired on the following variance:

The variance in the Meter Sales revenues is attributable to no new users joining the system during 2012. The Association anticipates connection and reconnection fees annually. All other variances were immaterial.

Select a sample of revenue based on auditor judgment using the following attributes:

- a) Amount recorded in the general ledger agrees to the supporting documentation and the bank statement.
- b) Proper recording of classification, amount, and period per review of supporting documentation and the general ledger. Perform this revenue work on the same accounting basis that the local public body keeps its accounting records on cash basis, modified accrual basis, or accrual basis.

To obtain adequate coverage of revenues, we selected six months of billing activity for water sales and the subsequent month's collections, including April 2012, May 2012, June 2012, July 2012, August 2012, and October 2012. We analytically determined whether the collections were reasonable in relation to the billing reports obtained from the client. We then selected all the grant revenues received. No exceptions were noted testing the attributes above.

PROCEDURES PERFORMED AND RELATED RESULTS (CONTINUED)

4. Expenditures

Select a sample of cash disbursements based on auditor judgment using the following attributes:

- a) Determine that amount recorded as disbursed agrees to adequate supporting documentation. Verify that amount, payee, date and description agree to the vendor's invoice, purchase order, contract and canceled check, as appropriate.
- b) Determine that disbursements were properly authorized and approved in compliance with the budget, legal requirements and established policies and procedures.
- c) Determine that the bid process (or request for proposal process if applicable), purchase orders, contracts and agreements were processed in accordance with the New Mexico Procurement Code (Section 13-1-28 through 13-1-199 NMSA 1978) and State Purchasing Regulations (1.4.1 NMAC) and Regulations Governing the Per Diem and Mileage Act (2.42.2 NMAC).

To test expenditures the following procedures were performed:

- Haphazardly selected 9 sample items selected from the total check range of the Association for the fiscal year.
- Selected two items for testing based on large and unusual disbursements for the Association.
- Tested 100% of the Association's payroll.

The above attributes were tested without exception for all of the transactions.

5. Journal Entries

If nonroutine journal entries, such as adjustments or reclassifications, are posted to the general ledger, test significant items for the following attributes:

- a) Journal entries appear reasonable and have supporting documentation.
- b) The local public body has procedures that require journal entries to be reviewed and there is evidence the reviews are being performed.

We noted that the Association did not make any adjusting journal entries in the current year.

PROCEDURES PERFORMED AND RELATED RESULTS (CONTINUED)

6. Budget

Obtain the original fiscal year budget and all budget amendments made throughout the fiscal year and perform the following:

a) Verify, through a review of the minutes and correspondence, that the original budget and subsequent budget adjustments were approved by the local public body's governing body and DFA-LGD.

We verified the Board of Directors approved the original budget on January 25, 2012. The Association received a notification letter from DFA-LGD on March 8, 2012, stating that the budget submitted for 2012 was approved.

b) Determine if the total actual expenditures exceeded the final budget at the legal level of budgetary control; if so, report a compliance finding.

It was determined that the Association did not exceed the final budget at the legal level of budgetary control.

c) From the original and final approved budgets and general ledger, prepare a schedule of revenues and expenditures – budget and actual on the budgetary basis used by the local public body (cash, accrual or modified accrual basis) for each individual fund.

See attached Schedule of Revenues and Expenditures - Budget and Actual - General Fund (page 7) which is prepared on the cash basis of accounting.

Other

If information comes to the IPA's attention (regardless of materiality) indicating any fraud, illegal acts, noncompliance, or any internal control deficiencies, such instances must be disclosed in the report as required by Section 12-6-6 NMSA 1978. The findings must include the required content per Section 2.2.2.10(I)(3)(C) NMAC.

During field work there were no instances that came to our attention which indicated any instances of fraud, illegal acts, noncompliance, or internal control deficiencies.

PONDEROSA MUTUAL DOMESTIC WATER CONSUMERS ASSOCIATION SCHEDULE OF REVENUES AND EXPENDITURES - BUDGET AND ACTUAL - GENERAL FUND - CASH BASIS Year Ended December 31, 2012
