**INDEPENDENT ACCOUNTANTS' REPORT ON
APPLYING AGREED-UPON PROCEDURES**

To: Board of Directors
Velarde Mutual Domestic
Water Consumers Association
and
Honorable Timothy M. Keller
New Mexico State Auditor

I have performed the procedures enumerated below which were agreed to by State of New Mexico Velarde Mutual Domestic Water Consumers Association ("Association") and the New Mexico State Auditor (the specified parties), solely to assist users in evaluating the Association's financial reporting relating to its Cash, Capital Assets, Revenues, Expenditures, Journal Entries, and Budget information and its compliance with Section 12-6-3(B) NMSA 1978 and Section 2.2.2.16 NMAC, as of and for the year ended December 31, 2010. The Association is responsible for its financial reporting and compliance as described above. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, I make no representation regarding the sufficiency of the procedures enumerated below either for the purpose for which this report has been requested or for any other purpose.

In accordance with Tier 4 of the Audit Act – Section 12-6-3 B (4) NMSA 1978 and Section 2.2.2.16 NMAC, my procedures and associated findings are as follows:

1. REVENUE CALCULATION

Procedure:

The IPA must verify the local public body's revenue calculation and tier determination.

Results of Procedure:

The Association's revenue for the year ending December 31, 2010 was \$73,762 which requires tier 4 agreed-upon procedures in accordance with the Audit Rule.

2. CASH

Procedures:

- a) Determine whether bank reconciliations are being performed in a timely manner and whether all bank and investment statements for the fiscal year are complete and on-hand. For purposes of performing my procedures "timely" means completion of the bank reconciliations within one month after the last day of the reporting month and "complete" means that statements for bank and investment accounts are all accounted for by the Association.
- b) Perform a random test of bank reconciliations for accuracy. Also, trace ending balances to the general ledger, supporting documentation and the financial reports submitted to Department of Finance & Administration - Local Government Division (DFA-LGD). For purposes of performing my procedures "accuracy" means that reconciling items agree to deposit slips and subsequent bank or investment statements, and the reconciliations are mathematically correct.
- c) Determine whether the local public body's financial institutions have provided it with the 50% of pledged collateral on all uninsured deposits as required by Section 6-10-17 NMSA 1978, NM Public Money Act, if applicable.

Results of Procedures:

The Association had 2 checking accounts, a certificate of deposit, and 2 savings accounts. None of the bank accounts were reported to DFA-LGD, see finding 2010-006 in the accompanying schedule of findings and responses. All available reconciliations were completed timely. 6 reconciliations were not accurate. 5 statements and reconciliations were missing for one of the savings accounts. See finding 2010-002 in the accompanying schedule of findings and responses. Pledged collateral was not required because all bank accounts were fully insured throughout the fiscal year.

3. CAPITAL ASSETS

Procedures:

Verify that the local public body is performing a yearly inventory as required by Section 12-6-10 NMSA 1978.

Results of Procedure:

The Association did not perform a yearly inventory as required by Section 12-6-10 NMSA 1978, see finding 2010-003 in the accompanying schedule of findings and responses.

4. REVENUE

Procedures:

Identify the nature and amount of revenue from sources by reviewing the budget, agreements, rate schedules, and underlying documentation.

a) Perform an analytical review; test actual revenue compared to budgeted revenue for the year for each type of revenue.

Test 50% of the total amount of revenues for the following attributes:

b) Amount recorded in the general ledger agrees to the supporting documentation and the bank statement.

c) Proper recording of classification, amount, and period per review of supporting documentation and the general ledger. Perform this revenue work on the same accounting basis that the local public body keeps its accounting records on, cash basis, modified accrual basis, or accrual basis.

Results of Procedures:

Actual revenues were compared to budgeted and were reasonable. A sample of 18 cash receipts totaling \$36,881 were tested. All deposits were agreed to billing reports and the general ledger without exception.

5. EXPENDITURES

Procedures:

Select a sample of cash disbursements and test at least 25 transactions and 50% of the total amount of expenditures for the following attributes:

a) Determine that amount recorded as disbursed agrees to adequate supporting documentation. Verify that amount, payee, date and description agree to the vendor's invoice, purchase order, contract and cancelled check, as appropriate.

b) Determine that disbursements were properly authorized and approved in compliance with the budget, legal requirements and established policies and procedures.

c) Determine that the bid process (or request for proposal process if applicable), purchase orders, contracts and agreements were processed in accordance with the New Mexico Procurement Code (Section 13-1-28 through 13-1-99 NMSA 1978) and State Purchasing Regulations (1.4.1 NMAC) and Regulations Governing the Per Diem and Mileage Act (2.42.2 NMAC).

Results of Procedures:

69 disbursements totaling \$32,549 were tested. Of the 69 disbursements, invoices or other supporting documentation was not available for 13 disbursements totaling \$3,213. There was no evidence of approval for 48 of 69 disbursements totaling \$21,075. See finding 2010-004 in the accompanying schedule of findings and responses. None of the disbursements tested were subject to state compliance.

6. JOURNAL ENTRIES

Procedures:

If non-routine journal entries, such as adjustments or reclassifications, are posted to the general ledger, test significant items for the following attributes:

- a) Journal entries appear reasonable and have supporting documentation.
- b) The local public body has procedures that require journal entries to be reviewed and there is evidence the reviews are being performed.

Results of Procedures:

27 journal entries were tested, which represents 100% of the population of entries during the year. 5 of 27 journal entries tested had no supporting documentation. 27 of 27 journal entries were not approved. See finding 2010-005 in the accompanying schedule of findings and responses.

7. BUDGET

Procedures:

Obtain the original fiscal year budget and all budget amendments made throughout the fiscal year and perform the following:

- a) Verify, through a review of the minutes and correspondence, that the original budget and subsequent budget adjustments were approved by the local public body's governing body and DFA-LGD.
- b) Determine if the total actual expenditures exceeded the final budget at the legal level of budgetary control; if so, report a compliance finding.

c) From the original and final approved budgets and general ledger, prepare a schedule of revenues and expenditures – budget and actual on the budgetary basis used by the local public body (cash, accrual or modified accrual basis) for each individual fund.

Results of Procedures:

The Association was not able to provide documentation of budget approval by the Board. The budget was not submitted to DFA-LGD for certification. See finding 2010-006 in the accompanying schedule of findings and responses. The schedule of revenues and expenses – budget and actual is presented on page 7 of this report.

8. OTHER

Procedures:

If information comes to the IPA's attention (regardless of materiality) indicating any fraud, illegal acts, noncompliance, or any internal control deficiencies, such instances must be disclosed in the report as required by Section, 12-6-6 NMSA 1978. The findings must include the required content per Section 2.2.2.10 (I) (3) (C) NMAC.

Results of Procedures:

The Association did not complete an auditor recommendation or submit their annual agreed-upon procedures report to the Office of the State Auditor by the statutory deadline. See finding 2010-001 in the accompanying schedule of findings and responses.

No other findings were noted.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. I was not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion on the Association's financial reporting and compliance as described above. Accordingly, I do not express such an opinion or conclusion. Had I performed additional procedures, other matters might have come to my attention that would have been reported to you.

This report is intended solely for the information and use of State of New Mexico Velarde Mutual Domestic Water Consumers Association, New Mexico Office of the State Auditor, the New Mexico Legislature, and the New Mexico Department of Finance and Administration and is not intended to be and should not be used by anyone other than those specified parties.

**STATE OF NEW MEXICO
VELARDE MUTUAL DOMESTIC
WATER CONSUMERS ASSOCIATION
SCHEDULE OF FINDINGS AND RESPONSES
YEAR ENDED DECEMBER 31, 2010**

Current Year Findings

2010-001 – Late Audit Report and Recommendation (Significant Deficiency, Noncompliance)

Condition: The Association did not submit their 2010 agreed-upon procedures report to the Office of the State Auditor by May 31, 2011, the due date of the report. In addition, the auditor recommendation for 2010 was not submitted to the State Auditor until February 2017.

Criteria: 2.2.2 NMAC (State Audit Rule) requires submission of auditor recommendations at least 30 days prior to year-end, or by December 1, 2010. 2.2.2 NMAC also requires submission of audit reports within five months after year-end, or May 31, 2011.

Cause: The Association did not recommend and contract with an audit firm until February 2017.

Effect: The Association was not in compliance with the State Audit Rule, which could impact its ability to receive grants from federal and state sources.

Recommendation: The Association should prepare the annual auditor recommendation by May 31 of each year and submit it to the Office of the State Auditor. The Association should also institute policies and procedures that will enable it to complete their annual audit within five months after year-end.

Agency's Response: The Association has adopted a policy for recommending and completing our annual audit by the statutory deadlines. The Board President is responsible for implementing the policy. Compliance with the Audit Rule is expected to be completed by submitting our 2017 audit to the Office of the State Auditor prior to the deadline. The Association will further submit the auditor recommendation to the Office of the State Auditor annually, no later than December 1.

STATE OF NEW MEXICO
VELARDE MUTUAL DOMESTIC
WATER CONSUMERS ASSOCIATION
SCHEDULE OF FINDINGS AND RESPONSES - CONTINUED
YEAR ENDED DECEMBER 31, 2010

Current Year Findings - continued

2010-002 - Bank Reconciliations Missing and Not Accurate (Significant Deficiency)

Condition: 6 of 44 reconciliations were inaccurate, and 5 month's statements and reconciliations were not available to test.

Criteria: Internal control and proper stewardship requires retention of all financial documents, and timely and accurate bank reconciliations each month.

Cause: The Association did not make the proper general ledger adjustments to recognize interest earned for several months in some cases. The Association did not retain statements for one the savings accounts.

Effect: If cash is not reconciled accurately and reported in a timely manner, it may be difficult to properly safeguard the Association's assets. Errors may be undetected until it is too late to correct.

Recommendation: I recommend the Association implement policies and procedures that require timely and accurate completion of the bank reconciliation each month. The procedures should provide for proper review and approval of the reconciliation by a person independent of the accounting function. All records relating to banking should be retained for a minimum of 5 years.

Agency's Response: All bank reconciliations are completed by the Association's bookkeeper. Effective immediately, these will be reviewed by the Board at each meeting.

STATE OF NEW MEXICO
VELARDE MUTUAL DOMESTIC
WATER CONSUMERS ASSOCIATION
SCHEDULE OF FINDINGS AND RESPONSES – CONTINUED
YEAR ENDED DECEMBER 31, 2010

Current Year Findings - continued

2010-003 - Capital Asset Inventory Not Completed (Significant Deficiency, Noncompliance)

Condition: The Association did not perform an inventory of capital assets for the year ended December 31, 2010.

Criteria: Section 12-6-10(A) NMSA 1978 requires each agency to conduct an annual physical inventory of movable chattels and equipment on the inventory list at the end of each fiscal year. The agency shall certify the correctness of the inventory after the physical inventory.

Cause: The Association was not aware of this statutory requirement.

Effect: Lack of an annual inventory of capital assets may prevent the Association from properly safeguarding their assets. Timely replacement of unusable or obsolete assets may be prevented, which could affect the overall operation of the water delivery system.

Recommendation: The Association should complete an inventory of their capital assets annually, on or near year-end. The inventory should include all intangible assets, equipment and infrastructure owned by the Association, and it should be certified by management in accordance with state statute.

Agency's Response: The Board President is responsible for implementing this policy/process. This corrective action plan will correct this deficiency by completing and certifying all capital assets on an annual basis.

STATE OF NEW MEXICO
VELARDE MUTUAL DOMESTIC
WATER CONSUMERS ASSOCIATION
SCHEDULE OF FINDINGS AND RESPONSES - CONTINUED
YEAR ENDED DECEMBER 31, 2010

Current Year Findings - continued

2010-004 Lack of Supporting Documents and Approvals for Operating Disbursements (Significant Deficiency)

Condition: 48 out of 69 operating disbursements tested, totaling \$21,075, had no documented approval. 13 of 69 operating disbursements, totaling \$3,213 had no invoice or other supporting documentation retained by the Association.

Criteria: Proper internal controls dictate that a disbursement should only be made once the invoice is received and applicable authorizations are complete. These steps should be documented and the paperwork retained.

Cause: The Association did not retain documentation of invoices and approvals for disbursements for operating expenses.

Effect: Disbursements may be made that are not properly approved. The Association may be subject to fraud waste or abuse by not properly authorizing and retaining documentation for every transaction.

Recommendation: The Association should adopt a policy that outlines procedures for the authorization, documentation and retention of all disbursements, whether made by an outside entity or by the Association.

Agency's Response: The Association has adopted a policy to ensure checks and balances are maintained. All expenditures will be reviewed and documented by a board member to ensure the integrity and accuracy of the expenditure. The Board President is responsible for implementing this policy/process which is already in effect.

STATE OF NEW MEXICO
VELARDE MUTUAL DOMESTIC
WATER CONSUMERS ASSOCIATION
SCHEDULE OF FINDINGS AND RESPONSES - CONTINUED
YEAR ENDED DECEMBER 31, 2010

Current Year Findings – continued

2010-005 – No Documentation or Approval of Journal Entries (Significant Deficiency)

Condition: Journal entries are prepared and posted to the general ledger by the Association’s accountant without review and approval from a board member. Out of 27 entries tested, 27 had no approval, and 5 had no supporting documentation.

Criteria: Because journal entries are a way to override the accounting system, organizations should always implement strong internal controls to mitigate the risk of material misstatements from journal entries. Section 12-6-3 B(6) NMSA 1978 requires the independent public accountant to determine whether the local public body has procedures in place that requires journal entries to be reviewed, and that evidence of the review is documented.

Cause: The Association does not have a policy or procedure in place that requires document retention, and board review and approval of journal entries prior to posting to the Association’s books.

Effect: Without a policy for retaining, reviewing and approving journal entries, there is an increased risk that a material misstatement in the Association’s financial statements will not be prevented, detected or corrected.

Recommendation: I recommend the Association adopt a policy for documenting, reviewing and approving journal entries prior to recording them in the general ledger. I also recommend the Association review other existing accounting policies and procedures to ensure all transactions that are recorded in the financial statements are properly authorized and documented.

Agency’s Response: The Association has adopted a policy to ensure journal entries reviewed and appropriately dispositioned. All journal entries will be subject to review and documentation by the Board and Accountant for documentation and archival purposes. Further review in the Monthly or Special meeting minutes will occur as well. The Board President is responsible for implementing this policy/process.

**STATE OF NEW MEXICO
VELARDE MUTUAL DOMESTIC
WATER CONSUMERS ASSOCIATION**
SCHEDULE OF FINDINGS AND RESPONSES - CONTINUED
YEAR ENDED DECEMBER 31, 2010

Current Year Findings - continued

2010-006 – Budgetary Reporting (Noncompliance)

Condition: The Association did not document approval or submit a budget to the New Mexico Department of Finance & Administration (DFA) – Local Government Division for certification. As a local public body, the Association is also required to transmit operating results quarterly to DFA, which were not submitted.

Criteria: Section 6-6-2 NMSA 1978 requires all local public bodies to submit their operating budget annually to DFA Local Government Division for certification. DFA also requires quarterly reporting by all agencies on prescribed forms.

Cause: The Association was not aware of the reporting requirements imposed by statute and DFA. Board minutes documenting budgetary approval were not retained.

Effect: DFA – Local Government Division lacked the necessary information to perform their oversight duties required by state statute.

Recommendation: I recommend the Association establish contact with their DFA budget analyst to determine what reports are required and whether retroactive reporting will be required. The Association should also institute policies to ensure compliance with all reporting requirements imposed by DFA and state statute.

Agency's Response: The Association has adopted a policy/process for submitting the quarterly financial reports and annual budget by the statutory deadlines. The Association's accountant in coordination with a DFA-LGD Budget Analyst, will develop a reporting mechanism that ensures reporting requirements are timely, accurate and supported with supporting documentation. The Board President is responsible for implementing this policy/process which is already in effect. The timeline for adherence is immediate.
