INDEPENDENT AUDITORS' REPORT

The Members of the Retirement Board of the Public Employees Retirement Association of New Mexico and Honorable Brian S. Colón, New Mexico State Auditor Santa Fe, New Mexico

Report on Schedules

We have audited the accompanying schedules of employer allocations of the Municipal General, Municipal Police, Municipal Fire, State General, State Police, and Legislative Divisions, which collectively comprise the Public Employees Retirement Association Fund (PERA Fund) of the Public Employees Retirement Association of New Mexico (PERA) as of and for the year ended June 30, 2018, and the related notes.

We have audited the totals for all entities referenced above of the columns titled net pension liability, total deferred outflows of resources, total deferred inflows of resources, and total employer pension expense as of and for the year ended June 30, 2018 (specified column totals), included in the accompanying schedules of pension amounts by employer, and the related notes.

We have audited the column totals titled net pension liability, total deferred outflows of resources, total deferred inflows of resources and, plan pension expense (specified column totals) for the Judges, Magistrates, and Volunteer Firefighters Retirement Funds included in the accompanying schedule of employer pension amounts as of and for the year ended June 30, 2018, and the related notes.

Management's Responsibility for the Schedules

Management is responsible for the preparation and fair presentation of these schedules in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the schedules that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on the schedules of employer allocations, the specified column totals included in the schedules of pension amounts by employer and the specified column totals included in the schedule of employer pension amounts based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the schedules of employer allocations, the specified column totals included in the schedules of pension amounts by employer, and the specified column totals included in the schedule of employer pension amounts are free from material misstatement.

The Members of the Retirement Board of the Public Employees Retirement Association of New Mexico and Honorable Brian S. Colón, New Mexico State Auditor

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the schedules of employer allocations, the specified column totals included in the schedules of pension amounts by employer and the specified column totals included in the schedule of employer pension amounts. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the schedules of employer allocations, the specified column totals included in the schedules of pension amounts by employer and the specified column totals included in the schedule of employer pension amounts, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the schedules of employer allocations, the specified column totals included in the schedules of pension amounts by employer and the specified column totals included in the schedule of employer pension amounts in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the schedules of employer allocations, the specified column totals included in the schedules of pension amounts by employer and the specified column totals included in the schedule of employer pension amounts.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the schedules referred to above present fairly, in all material respects, the employer allocations and the net pension liability, total deferred outflows of resources, total deferred inflows of resources, and total employer pension expense, for the total of all participating entities of the PERA Fund's individual divisions, and the net pension liability, total deferred outflows of resources, total deferred inflows of resources and the total employer pension expense of the Judges, Magistrate, and Volunteer Firefighters Retirement Funds of the PERA as of and for the year ended June 30, 2018, in accordance with accounting principles generally accepted in the United States of America.

Other Matters

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the PERA as of and for the year ended June 30, 2018, and our report thereon, dated November 20, 2018 expressed an unmodified opinion on those financial statements.

Supplementary information

Our audit was conducted for the purpose of forming an opinion on the audits of the schedules of employer allocations, the specified column totals in the schedules of pension amounts by employer and the specified column totals included in the schedule of employer pension amounts. The schedules of pension amounts (in summation) by employers participating in PERA, other pension items – municipal general division, other pension items – municipal police division, other pension items – municipal fire division, pension amounts by divisions and funds of New Mexico PERA, and exit conference, (supplementary information), as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the schedules of employer allocations, the specified column totals in the schedules of pension amounts by employer and the specified column totals included in the schedule of employer pension amounts.

The Members of the Retirement Board of the Public Employees Retirement Association of New Mexico and Honorable Brian S. Colón, New Mexico State Auditor

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the schedules of employer allocations, the specified column totals in the schedules of pension amounts by employer and the specified column totals included in the schedule of employer pension amounts. Such information has been subjected to the auditing procedures applied in the audit of the schedules of employer allocations, the specified column totals in the schedules of pension amounts by employer and the specified column totals included in the schedule of employer pension amounts and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the schedules of employer allocations, the specified column totals in the schedules of pension amounts by employer and the specified column totals included in the schedule of employer pension amounts or to the schedules of employer allocations, the specified column totals in the schedules of pension amounts by employer and the specified column totals included in the schedule of employer pension amounts themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the schedules of employer allocations, the specified column totals in the schedules of pension amounts by employer and the specified column totals included in the schedule of employer pension amounts as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 10, 2019 on our consideration of PERA's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of PERA's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering PERA's internal control over financial reporting and compliance.

Restriction on Use

Our report is intended solely for the information and use of PERA, Members of the Retirement Board of the Public Employees Retirement Association of New Mexico, the State of New Mexico Legislature, PERA employers, and their auditors and is not intended to be, and should not be, used by anyone other than these specified parties.

NOTE 1. Plan Description

The New Mexico Public Employees Retirement Association (PERA) was created by legislation enacted in 1947.

PERA is the administrator of four retirement funds, including the Public Employees Retirement Fund (PERA Fund), the Judicial Retirement Fund, the Magistrate Retirement Fund, and the Volunteer Firefighters Retirement Fund, offering an array of retirement benefit plans to state, county, and municipal employees, police, firefighters, judges, magistrates, and legislators.

The four retirement funds are qualified plans under Section 401(a) of the Internal Revenue Code and are exempt from federal income taxes under Section 501(a). The Deferred Compensation (IRC 457) Fund is an eligible deferred compensation plan as defined by Section 457 to the Internal Revenue Code. The Deferred Compensation Fund is properly excluded from the Schedule of Employer Allocations and Pension Amounts.

Refer to Note 1. C. *Description of the Funds* in PERA's June 30, 2018 Comprehensive Annual Financial Report (CAFR) for more in-depth detail of the pension funds administered by PERA. http://www.nmpera.org

NOTE 2. Summary of Significant Accounting Policies

Basis of Accounting

For the purposes of measuring the net pension liability, deferred outflows and inflows of resources, related to pensions, and pension expense, information about the fiduciary net position of the (PERA) and additions to/deductions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA, the economic resources measurement focus and accrual basis of accounting. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. For a complete description of significant accounting policies, please refer to the PERA's June 30, 2018 CAFR.

Multiple-Employer Cost Sharing Fund Contributions

The PERA Fund is the only multiple-employer cost sharing fund within PERA. Employer contributions are remitted by the employer to PERA based on eligible compensation, for eligible, active members. The required member and employer contributions rates are governed by the plan in which each member/employer participates in.

INVESTED IN TOMORROW.

NOTE 2. Summary of Significant Accounting Policies (Continued)

Refer to Note 1. C. in PERA's June 30, 2018 Comprehensive Annual Financial Report (CAFR) for a description of the PERA's Contribution Rates and Pension Factors for the State Legislative Division, Judicial Retirement Fund, Magistrate Retirement Fund, and Volunteer Firefighters Retirement Fund.

The Schedule of Employer Allocations – State Funded Divisions reflects fiscal year 2018 employer contributions received during the period of July 1, 2017 to June 30, 2018. Only pay period *end dates* that fell within the period of July 1, 2017 to June 30, 2018 are included in the total contributions for that employer. Regular and adjustment contributions that applied to fiscal year 2018 are included in the total contribution amounts. In the event that an employer is behind in reporting to PERA its required contributions, an estimate (receivable) has been used to project the unremitted employer contributions. This allows for fair and consistent measurement of the contributions with the total population. This methodology was used in order to maintain consistent measurement each year in determining the percentages to be allocated amongst all participating employers.

Although all assets of the PERA fund are held in one trust, there are six distinct membership groups (municipal general members, municipal police members, municipal fire members, state general members, state police members and legislative members) for whom separate contributions rates are determined each year. Paragraph 49 of GASB 68 provides "to the extent that different contribution rates are assessed based on separate relationships that constitute the net pension liability, the determination of the employer's proportionate share of the collective net pension liability should be made in a manner that reflects those separate relationships". Therefore, the calculations of the net pension liability, pension expense and deferred inflows and outflows were performed separately for each of the membership groups; municipal general members, municipal police members, municipal fire members, state general members, state police members and legislative members. For informational purposes only, the results for each group were added together to determine the collective net pension liability, collective pension expense and collective deferred inflows and outflows.

Municipal Divisions within the PERA Fund

The Schedule of Employer Allocations and the Schedule of Pension Amounts by Employers includes the following for each participating employer, in total and by division (Municipal General, Municipal Police and Municipal Fire):

- Unique employer code and employer name
- Each employer's contributions for the time period July 1, 2017 to June 30, 2018

INVESTED IN TOMORROW.

NOTE 2. Summary of Significant Accounting Policies (Continued)

- The employer's proportionate share of the total net pension liability (as of June 30, 2018), deferred inflows and outflows (see Note 4 of this Schedule for further detail of deferred inflows and outflows), and pension expense
- Amounts by employer are calculated using the employer's percentage and applying the percentage to the total

The employer allocation percentage used to calculate the proportionate share of the total net pension liability for the Municipal General, Municipal Police and the Municipal Fire Division has been rounded to four decimal places. Amounts due to rounding are included at the bottom of the schedules.

Employers Reporting on behalf of Other Employers

Based on certain payroll reporting arrangements, certain employers may be reported under another employer code. For example, City X reports under organization code 123. City X also performs the payroll services for Cities B and G, but reports all cities under organization code 123. City X will need to allocate on behalf of Cities B and G as the organization code 123 contains all three cities collectively in the Schedules.

Use of Estimates in Preparation of the Schedules

The preparation of the Schedule of Employer Allocations and Schedule of Pension Amounts by Employers in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts and disclosures. Actual results could differ from those results.

NOTE 3. Relationship to PERA's June 30, 2018 Comprehensive Annual Financial Report for the PERA Fund

Reconciliation of Financial Statement Employer Contributions to Total Employer Contributions Reported on the Schedule of Employer Allocations

The following table presents a reconciliation of the employer contributions reported in the plan Statement of Changes in Fiduciary Net Position to the employer contributions used in determining each employer's proportionate share of the collective pension amounts reported in the Schedule of Employer Allocations.

			•		•	

Refer to Note 12 and the Required Supplementary Information (RSI) in PERA's June 30, 2018 Comprehensive Annual Financial Report for further detailed information.

The components of net pension liability of the PERA fund, as of June 30, 2018, are as follows:

PERA Fund	
Total Pension Liability	\$ 21,382,639,119
Plan Net Position	15,210,482,641
Net Pension Liability	\$ 6,172,156,478
Ratio of Fiduciary Net Position to Total	
Pension Liability	71.13%

The total pension liability, net pension liability, and certain sensitivity information are based on an actuarial valuation performed as of June 30, 2017. The total pension liability was rolled-forward from the valuation date to the plan year ending June 30, 2018. These assumptions were adopted by the Board for use in the June 30, 2017 actuarial valuation.

Refer to Note 12. Summary of Actuarial Methods and Assumptions in PERA's June 30, 2018 Comprehensive Annual Financial Report (CAFR) for more in-depth detail of the actuarial methods and assumptions, by fund. http://www.nmpera.org

INVESTED IN TOMORROW.

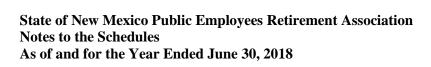

NOTE 3. Relationship to PERA's June 30, 2018 Comprehensive Annual Financial Report for the PERA Fund (Continued)

PERA Fund Long-Term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using statistical analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and most recent best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

		Long-term
	Target	Expected Real
Asset Class	Allocation	Rate of Return
Global Equity	43.50%	7.48%
Risk Reduction & Mitigation	21.50%	2.37%
Credit Oriented Fixed Income	15.00%	5.47%
Real Assets to include Real Estate Equity	20.00%	6.48%
Total	100.00%	_

Discount rate for the PERA Funds. Previously, a select and ultimate rate of return assumption had been adopted for funding purposes but new economic assumptions were adopted for the June 30, 2018 valuations including the change to a 7.25% static rate. The discount rate used to measure the total pension liability is 7.25%. The projection of cash flows used to determine the discount rate assumed that future contributions will be made in accordance with statutory rates. On this basis, the pension plan's fiduciary net position together with the expected future contributions are sufficient to provide all projected future benefit payments of current plan members as determined in accordance with GASB Statement No. 67. Therefore, the 7.25% assumed long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

INVESTED IN TOMORROW.

NOTE 3. Relationship to PERA's June 30, 2018 Comprehensive Annual Financial Report for the PERA Fund (Continued)

PERA Fund Sensitivity of the Net Pension Liability to change in the Discount Rate

The following presents the net pension liability of PERA Fund, calculated using the discount rate of 7.25%, as well as what PERA Fund's net pension liability would be if it were calculated using a discount rate that is 1% point lower (6.25%) or 1 - percentage - point higher (8.25%) than the current rate:

	1% Decrease 6.25%	Current Discount Rate 7.25%	1% Increase 8.25%
Net Pension Liability	8,878,471,452	6,172,456,478	3,942,405,236

Information for PERA Fund Employers

Accounting Pronouncements: The Governmental Accounting Standards Board (GASB) Statement 68 Accounting & Financial Reporting for Pensions addresses accounting and financial reporting requirements for pension plan activities. GASB Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date further addresses the restatement of beginning net position and pension expense in the first year of implementation of Statement No. 68. GASB Statement No. 82, Pension Issues, address certain issues that have been raised with respect to Statement No. 67, Statement No. 68, and Statement No. 73.

PERA Fund's Schedule of Employer Allocations and Pension Amounts has been presented for fiscal year ended June 30, 2018 and has been presented in three parts to enable employers to address their individual facts and circumstances. Information found in this report should be used for fiscal year ends between June 30, 2018 and June 30, 2019 governmental employer reporting. The Schedule of Employer Allocations presents employer contributions by employer and their fiscal year 2018 allocations. The Schedules of Pension Amounts by Employer presents an allocation of the net pension liability, deferred outflows, deferred inflows and pension expense.

INVESTED IN TOMORROW.

NOTE 3. Relationship to PERA's June 30, 2018 Comprehensive Annual Financial Report for the PERA Fund (Continued)

Statement 68 requires recognition of deferred outflows of resources and deferred inflows of resources for changes in the net pension liability of employers that arise from several types of events as presented in the Schedule of Pension Amounts by Employers.

The following table summarizes the membership of the PERA Fund as of June 30, 2017, the actuarial valuation date.

Total	103,443
Active plan members	48,862
Inactive Members Entitled to But Not Yet Receiving Benefits	16,384
Inactive Members or Their Beneficiaries Currently Receiving Benefits	38,197
Membership Data PERA Fund	

Additional information regarding GASB 67 disclosures for the Judicial Retirement, Magistrate Retirement and Volunteer Firefighter Funds can be located in PERA's June 30, 2018 Comprehensive Annual Financial Report, specifically in Note 12 and the RSI.

NOTE 4. Other Financial Information and Schedules

Deferred Inflows and Deferred Outflows

The recognition period of the changes in proportion and differences between employer contributions and proportionate share of contributions, as well as the difference between expected and actual experience are recognized over the average expected remaining service lives of active and inactive members. The difference between projected and actual investment earnings is recognized over 5 years. The average expected remaining services lives of active and inactive members were as follows:

INVESTED IN TOMORROW.

NOTE 4. Other Financial Information and Schedules (Continued)

Average Expected Remaining Service Lives					
As of fiscal Year End					
				Volunteer	
		Judicial	Magistrate	Firefighters	
	PERA	Retirement	Retirement	Retirement	
June 30, Years	Fund	Fund	Fund	Fund	
2018	4.01	3.12	2.02	6.57	
2017	3.87	3.22	2.15	6.72	
2016	4.09	3.33	2.11	6.68	
2015	4.23	3.34	1.84	3.51	
2014	5.02	3.54	1.66	3.42	

Deferred inflows are due to actual non-investment experience that was better than expected and changes to the benefits or assumptions which result in a decrease to the net pension liability.

Deferred outflows are due to actual non-investment experience that was worse than expected, and changes to the benefits or assumptions which result in an increase to the net pension liability.

Investment experience also results in deferred outflows or inflows.

INVESTED IN TOMORROW.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL SCHEDULES PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Members of the Retirement Board of the Public Employees Retirement Association of New Mexico and Honorable Brian S. Colón, New Mexico State Auditor Santa Fe, New Mexico

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the accompanying schedules of employer allocations of the Municipal General, Municipal Police, Municipal Fire, State General, State Police and Legislative Divisions which collectively comprise the Public Employees Retirement Association Fund (PERA Fund) of the Public Employees Retirement Association of New Mexico (PERA) as of and for the year ended June 30, 2018, and the related notes.

We have audited the totals for all entities referenced above of the columns titled net pension liability, total deferred outflows of resources, total deferred inflows of resources, and total employer pension expense as of and for the year ended June 30, 2018 (specified column totals), included in the accompanying schedules of pension amounts by employer, and the related notes.

We have audited the column totals titled net pension liability, total deferred outflows of resources, total deferred inflows of resources and, total employer pension expense (specified column totals) for the Judges, Magistrates, and Volunteer Firefighters Retirement Funds included in the accompanying schedule of employer pension amounts as of and for the year ended June 30, 2018, and the related notes.

We have issued our report thereon dated June 10, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of these schedules, and specified column totals, we considered PERA's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the schedules of employer allocations, the specified column totals included in the schedules of pension amounts by employer and the specified column totals included in the schedule of employer pension amounts, but not for the purpose of expressing an opinion on the effectiveness of PERA's internal control. Accordingly, we do not express an opinion on the effectiveness of PERA's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's schedules will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not

The Members of the Retirement Board of the Public Employees Retirement Association of New Mexico and Honorable Brian S. Colón, New Mexico State Auditor

identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether PERA's financial schedules and specified column totals are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of the schedules of employer allocations, the specified column totals in the schedules of pension amounts by employer and the specified column totals included in the schedule of employer pension amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
