## INDEPENDENT AUDITOR'S REPORT

Mr. Wayne A. Johnson, State Auditor and The Board of Directors Timberon Water and Sanitation District Timberon, New Mexico

## Report on Financial Statements

We have audited the accompanying financial statements of the business-type activities of Timberon Water and Sanitation District, as of and for the year ended June 30, 2018, and the related notes to the financial statements which collectively comprise the District's basic financial statements as listed in the table of contents. We also have audited the budgetary comparisons presented as supplementary information, as defined by the Government Accounting Standards Board, as of and for the year ended June 30, 2018, as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Mr. Wayne A. Johnson, State Auditor and The Board of Directors Timberon Water and Sanitation District Timberon, New Mexico Page Two

## **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities, each major fund of the Timberon Water and Sanitation District, as of June 30, 2018, and the respective changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective budgetary comparisons for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### Other Matters

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5 through 8 and the pension liability schedules on pages 29 and 30 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Other Information

Our audit was conducted for the purpose of forming opinions on the District's financial statements and the budgetary comparisons. The other schedules required by 2.2.2. NMAC are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is also not a required part of the basic financial statements.

The other schedules required by 2.2.2 NMAC are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with the auditing standards generally accepted in the United States of America. In our opinion, the other schedules required by 2.2.2 NMAC and the schedule of expenditures of federal awards are fairly stated in all material respects, in relation to the basic financial statements as a whole.

Mr. Wayne A. Johnson, State Auditor and The Board of Directors Timberon Water and Sanitation District Timberon, New Mexico Page Three

## Other Matters (continued)

Other Information (continued)

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Timberon Water and Sanitation District's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated December 13, 2018 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the District's internal control over financial reporting and compliance.

### Introduction

As management of the Timberon Water and Sanitation District (the "District"), the Board of Directors offers readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2018.

## Financial Highlights

Key events for the Fiscal Year 2018 are:

- The assets and deferred outflows of the District exceeded liabilities and deferred inflows at the close of the
  most recent fiscal year by \$5,899,158 (total net position). The components of net position include net
  investment in capital assets \$5,029,389, restricted \$96,889, and unrestricted net position \$772,880.
- The District's total net position increased by \$1,202,805 compared to the prior year. This increase
  results primarily from increased grants and an increase in F & S income.
- As of June 30, 2018, the District had current and noncurrent assets totaling \$1,071,211 and \$5,362,718, respectively. Capital assets, net of accumulated depreciation totaled \$5,362,718. Current liabilities include \$30,453 in accounts payable, \$18,446 in payroll liabilities, and \$25,394 in current portion of long-term debt. Noncurrent liabilities included line extension agreements of \$1,200, notes payable of \$352,695, accrued compensated absences of \$18,666, and net pension liability of \$104,430.

#### Overview of the Financial Statements

The District is a special purpose government agency engaged only in business-type activities. Therefore, in accordance with GASB Statement No. 34, the District's financial statements are comprised of two components:

- 1. Government-wide enterprise fund financial statements consisting of:
  - a. Statement of net position
  - b. Statement of revenues, expenses and changes in fund net position
  - c. Statement of cash flows
  - d. Notes to the financial statements
- 2. Budgetary comparison statement is presented as supplementary information.

These financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business. The enterprise fund financial statements can be found on pages 9-12 of this report.

The Statement of Net Position presents information on all of the District's assets and deferred outflows and liabilities and deferred inflows, with the difference between them reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The Statement of Revenues, Expenses and Changes in Fund Net Position presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows only in future fiscal periods (e.g., uncollected taxes and accounts payable).

The Statement of Cash Flows presents information on how the District's cash was used. It shows net cash used by or provided by operating activities, capital financing activities, noncapital financing activities and investing activities. It also reconciles beginning cash balances to ending cash balances.

The Notes to the Financial Statements provide additional information that is essential to full understanding of the data provided in the financial statements. The notes to the financial statements can be found on pages 13 - 28 of this report.

The Budgetary Comparison Statement compares current period activity on a budgetary basis of accounting to the legally adopted budget. The amounts presented in the budgetary comparison statement may differ from amounts presented in the statement of revenues, expenses and changes in fund net position. The budgetary comparison statement has been presented as supplementary information to demonstrate compliance with NMAC 2.2.2.10 O(3).

## Government-Wide Financial Analysis (Broad Overview of Finance)

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the District, a positive net position balance (assets exceeding liabilities) of \$5,899,158 is reported at the close of the most recent fiscal year.

For the years ended June 30, 2018 and 2017, the District reported \$772,880 and \$810,713 of net position as unrestricted, respectively.

## Overview of the Statement of Net Position

	2018	2017
Assets:		
Current assets	\$1,071,211	\$1,240,622
Capital assets, net	5,362,718	4,172,332
Total assets	6,433,929	5,412,954
Deferred outflows	120,265	71,018
Liabilities:		
Current liabilities	74,293	256,882

Non-0perating revenue/(expenses)	1,321,562	2,058,885
Increase (decrease) in net position	1,202,805	1,958,734
Net position - beginning, restated	4,696,353	2,737,619
Net position - Ending	\$5,899,158	\$4,696,353

## Financial Analysis of the District's Funds and Fiscal Year 2018 Budgetary Highlights

As noted above, net position decreased by \$755,929 from fiscal year 2017 to fiscal year 2018. Total operating revenues increased by \$16,230, mainly due to an increase in facilities and service fees. Total operating expenses increased in fiscal year 2018 to \$1,042,381, an increase of \$34,836 from the fiscal year 2017 operating expenses of \$1,007,545. The major factor in this increase was an increase in repairs and maintenance costs for the aging water infrastructure system.

The District amended their budget during the year for a reduction in debt service payments due to a renegotiation of payments for one note payable. The District did not exceed their budget for the year ending June 30, 2018.

## Capital Asset Administration

The District's capital assets for business-type activities as of June 30, 2018 totals \$5,362,718 (net of accumulated depreciation). The changes in capital assets for the year besides depreciation expense were \$1,148,716 for additions to CIP forwater system improvements, purchase of land and equipment.

Additional information on the District's capital assets can be found on page 19 of this report.

## Long-Term Debt

The District's long-term debt at June 30, 2018 was \$352,695. The District paid \$23,382 in principal payments to decrease long-term debt balances in accordance with the debt obligation requirements.

Additional information on the District's long-term debt can be found on pages 21 and 22 of this report.

#### Financial Outlook for Next Year

The District continues to seek grant funds to improve its water system through various water system projects which are currently included in construction in process. Projects to improve the water system continue as long as funding is available.

## **Requests for Information**

This financial report is designed to provide a general overview of the Timberon Water and Sanitation District's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Timberon Water and Sanitation District, 1 Bobwhite Circle, Timberon, New Mexico 88350.

The Notes to Financial Statements are an integral part of these statements.

### NOTE 1. HISTORY AND ORGANIZATION

The Timberon Water and Sanitation District (District) was organized pursuant to Sections 73-21-1 through 73-21-55, NMSA 1978 Comp, and by order of the New Mexico First Judicial District Court in Santa Fe County, New Mexico in 1990. The District is a governmental subdivision of the State of New Mexico and a body with all the powers of a public or quasi-municipal corporation. The District was created for the statutory purpose of providing a viable water supply and sanitation facilities and to provide operation and maintenance of the water system in the Timberon region. An elected five-member Board of Directors governs the operations of the District.

The District acquired the water system from its predecessor, the Timberon Protective Association in August, 1993. The District also acquired the assets of the Timberon Property Association when that organization disbanded, providing the District's residents and visitors access to fishing lakes, a golf course, swimming pool and the lodge complex. The acquisition also included an unpaved airstrip, which the District deeded to Otero County in 2004.

The Board of Directors consists of five members elected by the New Mexico resident land owners. The Board shall appoint qualified personnel to guide and direct the District, and to approve all major contracts and capital outlay involving the District.

### NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted (U.S. GAAP) in the United States of America as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing U.S. GAAP for state and local government accounting and financial reporting principles.

The GASB periodically updates its codification of the existing Governmental Accounting and Financial Reporting Standards, which along with subsequent GASB pronouncements (Statements and Interpretations), constitutes U.S. GAAP for state and local government units. The more significant of the District's accounting policies are described below.

In June 1999, the GASB unanimously approved Statement No. 34, Basic Financial Statements - Management's Discussion and Analysis - For State and Local Governments. This Statement provided for the most significant change in financial reporting in over twenty years and was phased in based on size of government. As required, the District implemented the provisions of GASB No. 34, effective July 1, 2001 and also, as required, implemented GASB Statement No. 37. Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments: Omnibus and Statement No. 38. Certain Financial Statement Note Disclosures.

### Financial Reporting Entity

The District is a special-purpose government created pursuant to statute and is comprised of an elected Board of Directors. The officers of the District are elected for four-year terms on the second Tuesday in January of each even numbered year at staggered two-year intervals. The District is a governmental subdivision of the State of New Mexico and a body with all the powers of a public or quasi-municipal corporation and these financial statements include all funds and activities over which the District officers have oversight responsibility.

The officers of the District have decision-making authority, the power to designate management, the responsibility to significantly influence operations and primary accountability for fiscal matters. The District is not included in any other governmental reporting entity as defined in Section 2100, Codification of Governmental Accounting and Financial Reporting Standards. There are no component units.

## NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### Basic Financial Statements - GASB Statement No. 34

The GASB No. 34 reporting model focus is on either the District, as a whole, or major individual funds (within the fund financial statements). The District is a single-program government that engages in only business-type activities and has no component units.

Pursuant to GASB Statement No. 34, governments engaged only in business-type activities present only financial statements for enterprise funds. For these governments, basic financial statements consist of: (a) the statement of net position, the statement of revenues, expenses and changes in net position and the statement of cash flows, and (b) notes to the financial statements. The enterprise fund utilizes an "economic resources" measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position and cash flows. All assets and liabilities (whether current or noncurrent) associated with its activities are reported. Enterprise fund equity is classified as net position. When an expense is incurred for purposes for which both restricted and unrestricted net position is available, the District first uses restricted resources and then unrestricted resources.

### Basis of Presentation - Fund Financial Statements

The accounts of the District are organized on the basis of one fund that is considered a separate accounting entity. The operations of the fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenses. All assets, all liabilities and deferred outflows and inflows of resources associated with the operations are included on the statement of net position. Government resources are allocated to and accounted for in the fund based upon the purpose for which spending activities are controlled. In this report, the fund is presented in the financial statements as a proprietary fund.

The Enterprise Fund is used to account for operations (a) that are financed and operated in a manner similar to private business enterprise - where the intent of the governing body is that the costs (expenses including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

## Basis of Accounting

Basis of accounting refers to the point at which revenues or expenditures or expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made, regardless of the measurement focus applied. The proprietary fund is accounted for on a flow of economic resources measurement focus and the accrual basis of accounting. The revenues are recognized when earned and expenses are recognized when the liability is incurred or the economic asset is used. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

## NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

## **Budgets and Budgetary Accounting**

Water and Sanitation Districts follow procedures that are promulgated by the Department of Finance and Administration, Local Government Division (DFA-LGD). Those procedures are as follows:

- Prior to July 15, the Chairman submits to the Board a proposed operating budget for the fiscal year commencing July 1. The operating budget includes proposed expenditures and the means of financing them.
- After the Board approves the proposed budget, it is then submitted to the Local Government Division for review and certification.
- Upon certification, the budget becomes a legal binding document which does not allow total
  expenditures in any fund to exceed the amount budgeted. Appropriations lapse at year-end.
- 4. The Board is authorized to make budget revisions with the Local Government Division's approval.
- 5. Formal budgetary integration is employed as a management control device during the year.

Budgets are adopted on a basis different than accounting principles generally accepted in the United States of America.

### Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is not employed by the District.

### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates in the District's financial statements include the allowance for uncollectible accounts and depreciation on capital assets.

## NOTE2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets. Liabilities. Net Position or Equity. Revenues and Expenses

Deposits and Investments: The District's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

State statutes authorize the District to invest in Certificates of Deposit, obligations of the U.S. Government, and the State Treasurer's Investment Pool.

Investments for the District are reported at fair value. The State Treasurer's Pool operates in accordance with appropriate state laws and regulations. The reported value of the pool is the same as the fair value of the pool shares.

Inventories: Inventories are valued at cost using the first-in/first-out (FIFO) method.

Property Taxes: The Board of Directors has the power and authority to levy and collect ad valorem taxes on and against all taxable property within the District. Each year the Board of Directors determine the amount of money necessary to be raised by taxation, taking into consideration other sources of revenue of the District, and submits a budget request to the Department of Finance and Administration, Local Government Division (DFA-LGD) sufficient to meet its operating, debt service, construction and other costs. The DFA-LGD utilizes property valuations obtained from the county assessor's office to set the mill levy. The results are provided to the county treasurer who presents all county-wide mill levies to the Board of County Commissioners for approval by October I. The Board of County Commissioners levies the tax upon the assessed valuation of all taxable property within the District. Taxes levied are due one-half on November 10 and one-half on April 10. It is the duty of the Board of County Commissioners to levy taxes within the District. The County Treasurer collects the taxes and remits such taxes to the District. All taxes levied until paid, constitute a perpetual lien on and against the property taxed.

The District does not need to make any disclosures under GASB No. 77, Tax Abatement Disclosures.

Prepaid Items: Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

Capital Assets: Capital assets are tangible assets that have initial useful lives that extend beyond a single reporting period. Capital assets are reported at historical cost or estimated fair value, if donated. Capital assets are depreciated using zero salvage value and the straight-line method over their estimated useful lives. Before the 2005 legislative session, only items costing more than \$1,000 were capitalized.

Effective June 19, 2005, House Bill 1074 amended Section 12-6-10, NMSA 1978 to increase the capitalization threshold to items costing more than \$5,000. The major classifications of capital assets and their related depreciable lives are as follows:

Assets	
Buildings and improvement	10-40
Furniture, equipment, and vehicles	5-20
Infrastructure- water system	10-25

## NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Long-term Obligation: In the financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Long-term obligations consist of line extension agreements.

Compensated Absences: Vested or accumulated vacation leave is reflected as a liability of the District. Annual leave is earned according to the following schedule:

0-2-year employee 40 hours/year 3-10-year employee 80 hours/year + 10-year employee 120 hours/year

Pensions: For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the New Mexico Public Employees Retirement Association (PERA) and additions to/deductions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA, on the economic resources measurement focus and accrual basis of accounting. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Net Position Classifications: Net investment in capital assets represent the historical cost of assets or fair value on the date of receipt less accumulated depreciation, reduced by the outstanding balances of any bonds, notes or other borrowings attributable to the acquisition or improvement of those assets. Net position is reported as restricted when there are legal limitations imposed on their use by the District or external restrictions by other governments' creditors or grantors. Unrestricted net position are all other net positions that do not meet the definition of "restricted" or net investment in capital assets.

Operating Revenues and Expenses: Operating revenues and expenses for proprietary funds are those that result from providing services and producing and delivering goods and/or services. It also includes all revenue and expenses not related to capital and related financing, non-capital financing, or investing activities. Non-operating revenues are all other revenues. For the District, non-operating revenues include ad valorem taxes (property), miscellaneous income and interest income.

## NOTE 3. DEPOSITS AND INVESTMENTS

State statutes authorize the investment of District funds in a wide variety of instruments including certificates of deposit and other similar obligations, state investment pool, money market accounts, and United States Government obligations. The District is not aware of any invested funds that did not meet the State investment requirements as of June 30, 2018.

Deposits of funds may be made in interest or non-interest-bearing checking accounts in one or more banks or savings and loan associations within the geographical boundaries of the District. Deposits may be made to the extent that they are insured by an agency of the United States or collateralized as required by statute.

The rate of interest in non-demand interest-bearing accounts shall be set by the State Board of Finance but in no case, shall the rate of interest be less than one hundred percent of the asked price on United States treasury bills of the same maturity on the day of deposit.

## NOTE 3. DEPOSITS AND INVESTMENTS (CONTINUED)

Excess of funds may be temporarily invested in securities which are issued by the State or by the United States government or by their departments or agencies, and which are either direct obligations of the State or the United States or are backed by the full faith and credit of those governments.

According to the Federal Deposit Insurance Corporation, public unit deposits are funds owned by the public unit. Time deposits, savings deposits and interest bearing NOW accounts of a public unit in an institution in the same state will be insured up to \$250,000 in aggregate and separate from the \$250,000 coverage for public unit demand deposits at the same institution.

Custodial Credit Risk - Deposits: Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a deposit policy for custodial credit risk, other than following state statutes as set forth in the Public Money Act (Section 6-10-1 to 6-10-63, NMSA 1978). At June 30, 2018, none of the District's deposits of \$366,948 were exposed to custodial credit risk. \$116,948 was uninsured and collateralized by collateral held by the pledging bank's trust department not in the District's name and \$0 was uninsured and uncollateralized.

	Demand Deposit Balance	Time Deposit Balance	Total
Total amount on deposit in bank	\$366,948	\$0	\$366,948
Less FDIC coverage	(250,000)	0	(250,000)
Total uninsured public funds	116,948	0	116,948
Collateralized by securities held by a pledging institution	415,393	0	415,393
Uninsured and uncollateralized (over collateralized)	(\$298,445)	\$0	(\$298,445)
Collateral requirement (50% of uninsured funds) Pledged collateral	\$58.474 415,393	\$0 0	\$58.474 415,393
Over (under) collateralized	\$356,919	\$0	\$356,919

The types of collateral allowed are limited to direct obligations of the United States Government and all bonds issued by any agency, district or political subdivision of the State of New Mexico.

## STATE OF NEW MEXICO TIMBERON WATER AND SANITATION DISTRICT

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2018

### NOTE 4. PROPERTY TAX RECEIVABLE

At June 30, 2018, the receivables represent delinquent taxes. The District considers the amount fully collectible and therefore has not estimated the amount of taxes levied that will be uncollectible. Property taxes are as follows:

Property taxes receivable

\$33,729

#### NOTE 5. ACCOUNTS RECEIVABLE

Accounts receivable - metered water and trash is utility revenue billed but uncollected. The District does not consider the balance at June 30, 2018 to be fully collectible. The District has determined \$13,678 to be doubtful.

Stand-by fees receivable is the uncollected balance of stand by fees billed annually. At June 30, 2018, the balance was \$590,323 of which the collection of \$327,782 has been determined to be doubtful.

The District charges a fee to all lot owners for the maintenance of the communities' facilities and services provided. The fee is billed annually currently at \$57 per lot owner. Facilities and services fees receivable at June 30, 2018 were \$562,160 of which the collection of \$171,978 has been determined to be doubtful.

Grants receivable represents amounts expended by the District which have not been reimbursed by the grantor as of June 30, 2018.

## NOTE 6. CAPITAL ASSETS

A summary of changes in capital assets is as follows:

	Balance June 30, 2017	Additions	Deletions	Balance June 30, 2018
Capital assets, not depreciated: Land	\$ 171,988	\$ 24,000	\$0	\$ 195,988
Construction in process	3,203,962	1,148,716	0	4,352,678
Total capital assets, not depreciated	3,375,950	1,172,716	0	4,548,666
Capital assets, depreciated:				
Infrastructure - water system	1,390,903	0	0	1,390,903
Buildings and improvements	659,237	0	0	659,237
Furniture, equipment, and vehicles	671,427	97,241	0	768,668
Total capital assets, depreciated	2,721,567	97,241	0	2,818,808
Accumulated depreciation:				
Infrastructure - water system	(918,419)	(49,670)	0	(968,089)
Buildings and improvements	(428,546)	(20,163)	0	(448,709)
Furniture, equipment, and vehicles	(578,220)	(9,738)	0	(587,958)
Total accumulated depreciation	(1,925,185)	(79,571)	0	(2,004,756)
Net book value	\$4,172,332	\$1,190,386	\$0	\$5,362,718

Depreciation expense for the year amounted to \$79,571.

#### NOTE 7. LONG-TERM DEBT

The following summarizes the changes in long-term debt:

	Balance June 30, 2017	Additions	Payments	Balance June 30, 2018	Due Within One Year
Note payable - NM State Board of Finance	\$ 16,000	\$ 0	\$ (8,000)	\$ 8,000	\$8,000
Judgment payable	18,499	0	( 0)	18,499	0
Note payable - NMFA	80,696	0	(5,145)	75,875	4,821
Note payable - RCAC	0	24,000	(5,739)	18,261	8,093
Note payable - USDA	261,737	0	(4,283)	257,454	4,480
Accrued compensated absences	17,070	19,176	(17,380)	18,866	0
	\$394,002	\$ 43,176	(\$40,547)	\$396,955	\$25,394

### Note Pavable-NM State Board of Finance

On December 27, 2010, the District borrowed \$40,000 from the New Mexico State Board of Finance. The funds were to be used for water system repair and maintenance, road equipment repairs, road materials, salaries and benefits, for the water and heavy equipment operations, fuel and vehicle service costs, utilities, and other emergency operational expenses. The loan was interest free. The loan was originally to be repaid in full by June 30, 2015. The District renegotiated the payment terms of the loan which now requires annual payments of \$8,000 beginning December 2013 to continue until paid in full. In November 2015, the District once again renegotiated the payment requirements to allow for no payment in December 2015 and resume annual payments of \$8,000 in December 2016.

		0 1	
Amortized	28	tol	OWS"

For the year ended June 30,	Principal	Interest	Total
2019	\$ 8,000	\$0	\$8,000
	\$ 8,000	\$0	\$8,000

### **Judgment Payable**

On July 23, 2010, the District was ordered by the court to pay \$163,591 in statutory damages to a claimant for denial of the request of public records and failure to submit the same for inspection. During the year, it was determined that the judgement was to accrue interest at 8.750% from the effective date of judgement (March 31, 2010). The capitalized interest from the date of judgement was added to principal. Quarterly payments of \$12,000 (principal and interest) are required until maturity on March 31, 2018.

Amortized	as fol	lows:
-----------	--------	-------

Principal	Interest	Total
\$18,499	\$0	\$18,499
\$18,499	\$0	\$18,499
	\$18,499	\$18,499 \$0

## NOTE7.LONG-TERM DEBT (CONTINUED)

## Note Payable - NMFA #2998 CIF

On March 14, 2014, the District borrowed \$58,432 in accordance with Grant/Loan agreement #2998-CIF. The funds are to be used for water system improvements. The loan is interest free and is to be repaid in full by June 1, 2033. The District is to make annual payments on June 1st every year until paid in full. The next annual payment will be for \$3,041 and then \$3,041 in the following years until June 1, 2033. Amortized as follows:

For the year ended June 30,	Principal	Interest	Total
2019	\$ 3,041	\$0	\$3,041
2020	3,041	0	3,041
2021 2022	3,041 3,041	0	3,041 3,041

2033-35	2.459	0	2,459
	\$20,909	\$0	\$20,909

## Note Pavable - RCAC

On August 15, 2017 the District borrowed \$24,500 from the Rural Community Assistance Corporation. The funds are to be used towards the purchase of land. The principal sum outstanding from time to time under this Note will bear interest at 5.25% per annum calculated on a 360- day year for the 36-month term of the loan. The first loan payment date was October 1, 2017. All principal and all accrued or unpaid interest are due and payable no later than September 1, 2020 maturity date.

## NOTE7.LONG-TERM DEBT (CONTINUED)

## Note Payable -RCAC (continued)

Monthly loan payments of \$738.42, amortized as follows:

For the year ended June 30,	Principal	Interest	Total
2019	\$ 8,093	\$ 766	\$ 8,859
2020	8,528	331	8,859
2021	1,640	12	1,652
	\$18,261	\$1,109	\$19,370

## Note Pavable- NMFA #3197 CIF

The District entered into a Grant/Loan agreement #3197-CIF through NMFA during the year with a loan amount of \$11,000. The funds are to be used for water system improvements - pond liner. The loan is interest free with a maturity date of June 1, 2035. Annual loan payments of \$550 are due annually beginning June 1, 2016.

## Amortized as follows:

For the year ended June 30,	Principal	Interest	Total
2019	\$ 550	\$0	\$ 550
2020	550	0	550
2021	550	0	550
2022	550	0	550
2023	550	0	550

	\$257,454	\$ 124,848	\$382,302

#### NOTE 8. LINE EXTENSION AGREEMENTS

Line extension agreements payables are originated when a property owner of the District agrees to pay the costs associated with the extension of an existing water line to the property owner's lot. The District agrees to repay the owner by funding the repayment from the collection of standby water fees from the owners who stand to benefit from the line extension but have not connected to the new extension. They will not have to incur additional extension costs when the decision is made to connect to the water line. Each year the District accumulates the standby water fees from those benefiting owners and uses those funds to repay the property owner who initially agreed to extend the line. The agreement has no stated repayment schedule or interest rate and is dependent on the collection of standby fees from the other property owners along the extension. The following is a summary of the activity for the year ended June 30, 2017.

	Balance				Balance
	June 30, 2017	Restatement	Additions	Payments	June 30,2018
Line extension agreements	\$1,304	\$0	\$0	(\$104)	\$1,200

The District does not consider the entire balance at June 30, 2018 to be long-term; however, the District has not determined the amount that is considered to be short-term.

### NOTE 9. PENSION PLAN - PUBLIC EMPLOYEES RETIREMENT ASSOCIATION

## General Information about the Pension Plan

Plan description. The Public Employees Retirement Fund (PERA Fund) is a cost-sharing, multiple employer defined benefit pension plan. This fund has six divisions of members, including State General, State Police/Adult Correction Officer, Municipal General, Municipal Police/Detention Officers, Municipal fire, and State Legislative Divisions, and offers 24 different types of coverage within the PERA plan. All assets accumulated may be used to pay benefits, including refunds of member contributions, to any of the plan members or beneficiaries, as defined by the terms of this plan. Certain coverage plans are only applicable to a specific division. Eligibility for membership in the PERA Fund is set forth in the Public Employees Retirement Act (Chapter 10, Article 11, NMSA 1978). Except as provided for in the Volunteer Firefighters Retirement Act (10-11A-1 to 10-11A-7, NMSA 1978), the Judicial Retirement Act (10-12B-1 to 10-12B-19, NMSA 1978), the Magistrate Retirement Act (10-12C-1 to 10-12C-18, NMSA 1978), and the Educational Retirement Act (Chapter 22, Article 11, NMSA 1978), and the provisions of Sections 29-4-1 through 29-4-11, NMSA 1978 governing the State Police Pension Fund, each employee and elected official of every affiliated public employer is required to be a member in the PERA Fund.

PERA issues a publicly available financial report and a comprehensive annual financial report that can be obtained at <a href="http://saonm.org">http://saonm.org</a> using the Audit Report Search function for agency 366.

**Benefits provided.** For a description of the benefits provided and recent changes to the benefits see Note 1 in the PERA audited financial statements for the fiscal year ended June 30, 2015 available at http://www.pera.state.nm.us/pdf/AuditFinancialStatement/s366 Public Employees Retirement Association 2015.pdf.

## NOTE 9. PENSION PLAN - PUBLIC EMPLOYEES RETIREMENT ASSOCIATION (CONTINUED)

Contributions. The contribution requirements of defined benefit plan members and the Timberon Water and Sanitation District are established in state statute under Chapter 10, Article 11, NMSA 1978. The contribution requirements may be amended by acts of the legislature. For the employer and employee contribution rates in effect for FY15 for the various PERA coverage options, for both Tier I and Tier II, see the tables available in the note disclosures on pages 29 through 31 of the PERA FY15 annual audit report at http://osanm.org/media/audits/366 Public Employees Retirement\_Association\_2015.pdf. The PERA coverage option that applies to Timberon Water and Sanitation District is Municipal General. Statutorily required contributions to the pension plan from the Timberon Water and Sanitation District were \$4,624 for the year ended June 30, 2018.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions: The PERA pension liability amounts, net pension liability amounts, and sensitivity information were based on an annual actuarial valuation performed as of June 30, 2015. The PERA pension liability amounts for each division were rolled forward from the valuation date to the Plan year ending June 30, 2018, using generally accepted actuarial principles. Therefore, the employer's portion was established as of the measurement date June 30, 2017.

The assets of the PERA fund are held in one trust, but there are six distinct membership groups (municipal general members, municipal police members, municipal fire members, state general members, state police members and legislative members) for whom separate contribution rates are determined each year pursuant to chapter 10, Article 11 NMSA 1978. Therefore, the calculations of the net pension liability, pension expense and deferred Inflows and Outflows were performed separately for each of the membership groups: municipal general members; municipal police members; municipal fire members; state general members; state police members and legislative members. The Timberon Water and Sanitation District's proportion of the net pension liability for each membership group that the employer participates in is based on the employer contributing entity's percentage of that membership group's total employer contributions for the fiscal year ended June 30, 2017. Only employer contributions for the pay period end dates that fell within the period of July 1, 2016 to June 30, 2017 were included in the total contribution for a specific employer. Regular and any adjustment contributions that applied to FY 2015 are included in the total contribution amounts. In the event that an employer is behind in reporting to PERA its required contributions, an estimate (receivable) was used to project the unremitted employer contributions. This allowed for fair and consistent measurement of the contributions with the total population. This methodology was used to maintain consistent measurement each year in determining the percentages to be allocated among all the participating employers.

**For PERA Fund Division Municipal General,** at June 30, 2018, the Timberon Water and Sanitation District reported a liability of \$104,430 for its proportionate share of the net pension liability. At June 30, 2016, the Timberon Water and Sanitation District's proportion was .0076 percent, which was changed from its proportion measured as of June 30, 2015.

## NOTE 9. PENSION PLAN - PUBLIC EMPLOYEES RETIREMENT ASSOCIATION (CONTINUED)

For the year ended June 30, 2018, the Timberon Water and Sanitation District recognized PERA Fund Division Municipal General pension expense of \$10,435. At June 30, 2018, the Timberon Water and Sanitation District reported PERA Fund Division Municipal General deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred	Deferred
	Outflows of	Inflows of
	Resources	Resources
Differences between expected and actual experience	\$ 93,589	\$ 5,349
Changes in assumptions	5,115	1,709
Net difference between projected and actual earnings on pension plan		
Investments	8,568	70,996
Changes in proportion and differences between Timberon Water and		
Sanitation District contributions and proportionate share of contributions	8,429	25,498
Timberon Water and Sanitation District contributions subsequent to the		
Measurement date	4,624	0
Total	\$120,325	\$103,552

\$4,624 reported as deferred outflows of resources related to pensions resulting from Timberon Water and Sanitation District contributions subsequent to the measurement date June 30, 2017 will be recognized as a reduction of the net pension liability in the year ended June 30, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30,	
2019	\$ 761
2020	2,040
2021	(6,306)
2022	(2,505)
2023	0
	\$(6,010)

Actuarial assumptions. As described above, the PERA Fund member group pension liabilities and net pension liabilities are based on actuarial valuations performed as of June 30, 2014 for each of the membership groups. Then each PERA Fund member group pension liability was rolled forward from the valuation date to the Plan year ending June 30, 2016 using generally accepted actuarial principles. There were no significant events or changes in benefit provisions that required an adjustment to the roll-forward liabilities as of June 30, 2015. These actuarial methods and assumptions were adopted by the Board for use in the June 30, 2015 actuarial v a l u a t i o n.

Actuarial valuation date	June 30, 2015
Actuarial cost method	Entry age normal
Amortization method	Level percentage of payroll
Amortization period	Solved for based on statutory rates
Asset valuation method	Fair value
Actuarial assumptions:	
Investment rate of return	7.75% annual rate, net of investment expense
<ul> <li>Payroll growth</li> </ul>	3.50% annual rate
<ul> <li>Projected salary increases</li> </ul>	3.50% to 14.25% annual rate
<ul> <li>Includes inflation at</li> </ul>	3.00% annual rate

The long-term expected rate of return on pension plan investments was determined using a statistical analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and most recent best estimates of arithmetic real rates of return for each major asset class are summarized in the following t a b l e:

ALL FUNDS - Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Global Equity	43.5%	7.39%
Risk Reduction & Mitigation	21.5	1.79
Client Oriented Fixed Income	15.0	5.77
Real Assets	20.0	7.35
Total	100.0%	_

**Discount rate:** The discount rate used to measure the total pension liability was 7.25% for the first 9 years and 7.75% for all other years (ultimate). The projection of cash flows used to determine the discount rate assumed that future contributions will be made in accordance with statutory rates. On this basis, the pension plan's fiduciary net position together with the expected future contributions are sufficient to provide all projected future benefit payments of current plan members as determined in accordance with GASBS 67. Therefore, the 7.48% blended rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Timberon Water and Sanitation District's proportionate share of the net pension liability to changes in the discount rate. The following tables show the sensitivity of the net pension liability to changes in the discount rate. In particular, the tables present the Timberon Water and Sanitation District's net pension liability in each PERA Fund Division that Timberon Water and Sanitation District participates in, under the current single rate assumption; as if it were calculated using a discount rate one percentage point lower (6.48%) or one percentage point higher (8.48%) than the single discount rate.

	Current				
	1% Decrease	Discount Rate	1% Increase		
PERA Fund Division Municipal General	(6.48%)	(7.48%)	(8.48%)		
Timberon Water and Sanitation District's proportionate share of the net pension liability	\$163,677	\$104,430	\$55,158		

**Pension plan fiduciary net position.** Detailed information about the pension plan's fiduciary net position is available in the separately issued FYI6 Restated PERA financial report. The report is available at http://www.pera.state.nm.us/publications.html.

**Payables to the pension plan.** The District is legally required to make defined contributions to the cost sharing pension plan on behalf of its participant employees. At June 30, 2018, the District had paid all required contributions and therefore, there is no payable to the pension plan.

#### NOTE 10. RISK MANAGEMENT

The District covers its insurance needs through various insurance policies. The coverage includes business and personal property, commercial general liability, owned, non-owned and hired automobiles, fidelity bond, and directors 'and officers' liability. The District pays annual premiums and all risk of loss is transferred.

If the District's losses exceed its premiums, there is no supplemental assessment; on the other hand, if the District's losses are low, they do not receive a refund. Therefore, except for deductible amounts, risk has been transferred to the insurance carrier.

## NOTE 11. SUBSEQUENT EVENTS

Subsequent events were evaluated through December 13, 2018, which is the date the financial statements were available to be issued.

## NOTE 12. OTHER REQUIRED DISCLOSURES

None required.

## SCHEDULE OF THE TIMBERON WATER AND SANITATION DISTRICT'S PROPORTIONATE SHARE OF THE NET PENSION LIABILITY OF PERA FUND DIVISION MUNICIPAL GENERAL

### Public Employees Retirement Association (PERA) PLAN Last 10 Fiscal Years\*

				_	1.010.000	
			\$ 3,031,000	\$	1,247,268	

#### Note A - Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of Timberon Water & Sanitation District under programs of the federal government for the year ended June 30, 2018. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Timberon Water and Sanitation District, it is not intended to and does not present the financial position, changes in net position or cash flows of Timberon Water and Sanitation District.

### Note B - Summary of Significant Accounting Policies

- Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures
  are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of
  expenditures are not allowable or are limited as to reimbursement.
- (2) Timberon Water and Sanitation District has elected to use the 10% de minimis indirect cost rate as allowed under the Uniform Guidance.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Mr. Wayne A. Johnson, State Auditor and The Board of Directors Timberon Water and Sanitation District Timberon, New Mexico

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of the Timberon Water and Sanitation District, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and related budgetary comparisons of the District, presented as supplemental information, and have issued our report thereon dated December 13, 2018.

### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Timberon Water and Sanitation District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of Timberon Water and Sanitation District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Mr. Wayne A. Johnson, State Auditor and The Board of Directors Timberon Water and Sanitation District Timberon, New Mexico Page Two

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether Timberon Water and Sanitation District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance that does not rise to the level of a significant deficiency that is required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of findings and questioned costs as item 2018-001.

### Timberon Water and Sanitation District's Response to Finding

Timberon Water and Sanitation District's response to the finding identified in our audit are described in the accompanying schedule of findings and questioned costs. The District's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

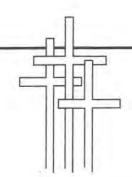

### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Timberon Water and Sanitation District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

### INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Mr. Wayne A. Johnson, State Auditor and The Board of Directors Timberon Water and Sanitation District Timberon, New Mexico

### Report on Compliance for Each Major Federal Program

We have audited Timberon Water & Sanitation District's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Timberon Water & Sanitation District's major federal programs for the year ended June 30, 2018. Timberon Water & Sanitation District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

### Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Timberon Water & Sanitation District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Timberon Water & Sanitation District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Timberon Water & Sanitation District's compliance.

#### Opinion on Each Major Federal Program

In our opinion, Timberon Water & Sanitation District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2018.

Mr. Wayne A. Johnson, State Auditor and The Board of Directors Timberon Water and Sanitation District Timberon, New Mexico Page Two

### Report on Internal Control over Compliance

Management of Timberon Water & Sanitation District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Timberon Water & Sanitation District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Timberon Water & Sanitation District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

# STATE OF NEW MEXICO TIMBERON WATER AND SANITATION DISTRICT SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE FISCAL YEAR ENDED JUNE 30, 2018

### SECTION II: FINANCIAL STATEMENT FINDINGS:

#### **CURRENT YEAR FINDINGS:**

### 2018-001 Written Policies and Procedures (Finding did not rise to the level of Significant Deficiency)

Statement of Condition – The District has written accounting policies and procedures from 2014, however not all employees were aware of them.

Criteria - The District should have accounting policies and procedures that pertain to each accounting area.

Effect - When the policies and procedures aren't followed, problems with internal controls can occur.

Cause – The District has spent the last few years putting procedures in place to strengthen internal controls, however, it has not updated the written policies and procedures yet.

**Recommendation** – The District review the accounting policies and procedures written in 2014, update them and incorporate the new procedures, i.e. inventory counts, and depreciation.

### View of responsible officials and planned corrective actions:

- a. We will review the policies and procedures that were written in 2014 and will amend accordingly to current procedures, making sure there are great internal controls in each area.
- b. These new policies will be in place by next fiscal year.
- c. Treasurer and manager responsible.

#### STATUS ON PRIOR YEAR FINDINGS:

2014-003 Budget Over Expended - Material Non-Compliance

Resolved.

2007-002 Internal Control Design, Operation, Oversight and Segregation of Duties - Material Weakness

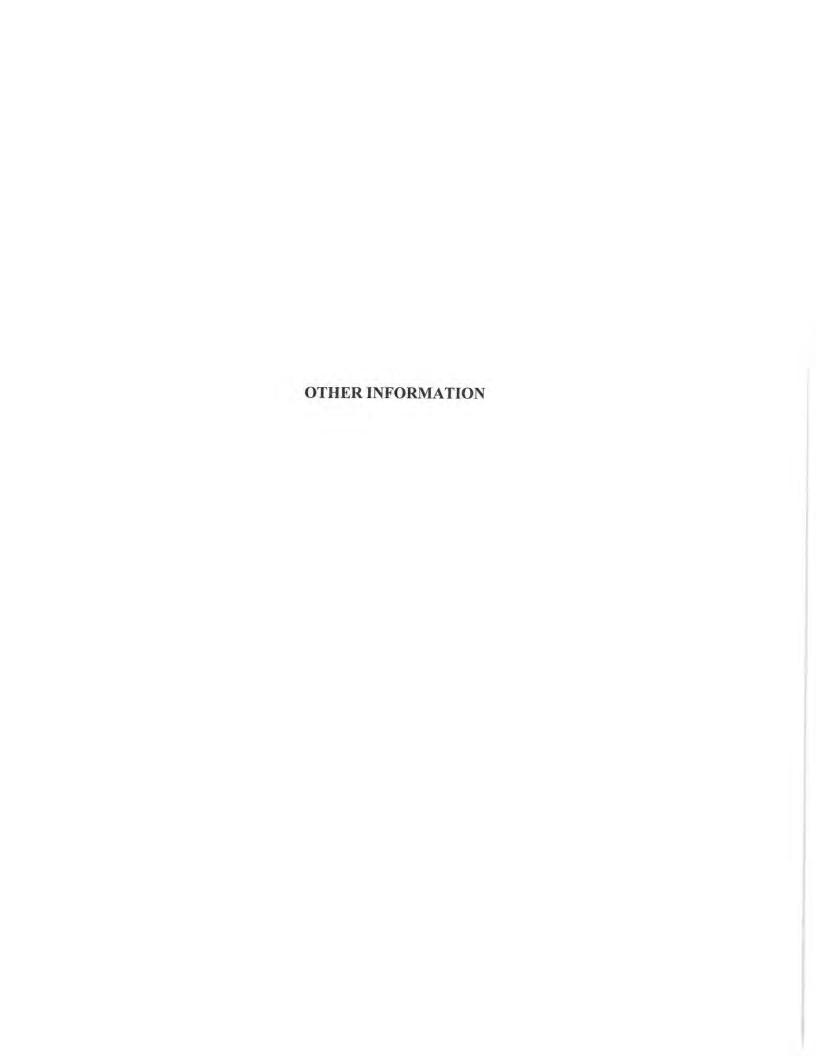

Resolved.

2007-006 Capital Assets - Significant Deficiency

Resolved.

### SECTION III. FEDERAL AWARD FINDINGS AND QUESTIONED COSTS:

No matters were reported.

### TIMBERON WATER AND SANITATION DISTRICT PO BOX 40/ONE BOB WHITE CIRCLE TIMBERON, NEW MEXICO 88350 (575)987-2250/FAX (575) 987-2230

### CORRECTIVE ACTION PLAN

### 2018-001 Written Policies and Procedures

**Recommendation** – The District review the accounting policies and procedures written in 2014, update them and incorporate the new procedures, i.e. inventory counts, and depreciation.

View of responsible officials and planned corrective actions:

- a. We will review the policies and procedures that were written in 2014 and will amend accordingly to current procedures, making sure there are great internal controls in each area.
- b. These new policies will be in place by next fiscal year.
- c. Treasurer and manager responsible.
