INDEPENDENT AUDITORS' REPORT

Hector H. Balderas New Mexico State Auditor Chairman and Board Members New Mexico Gaming Control Board Albuquerque, New Mexico

Report on Financial Statements

We have audited the accompanying financial statements of the governmental activities, the general fund, the budgetary comparison of the general fund, and the aggregate remaining fund information of the New Mexico Gaming Control Board (the "Board"), as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Board's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Board's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Board's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall financial statement presentation.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the New Mexico Gaming Control Board as of June 30, 2014, and the respective change in financial position, and the respective budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1, the financial statements of the Board are intended to present the financial position, and the changes in financial position of only that portion of the governmental activities that are attributable to the transactions of the Board. They do not purport to and do not present fairly the financial position of the State of New Mexico as of June 30, 2014, and the changes in its financial position, where applicable, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 12 through 22 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the Board's financial statements, the individual fund financial statements, and the budgetary comparison. The Supporting Schedules I and II required by 2.2.2 NMAC are presented for the purpose of additional analysis and are not a required part of the basic financial statements.

The Supporting Schedules I through II required by 2.2.2 NMAC are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with the auditing standards generally accepted in the United States of America. In our opinion, the Supporting Schedules I and II required by 2.2.2 NMAC are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 17, 2014 on our consideration of the Board's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Board's internal control over financial reporting and compliance.

Gaming Control Board

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) Required Supplementary Information

June 30, 2014 and 2013

This discussion and analysis of the New Mexico Gaming Control Board (Board) provides an overview of financial activities for the fiscal year ended June 30, 2014. It should be read in conjunction with the financial statements. This section will assist the reader in understanding the following:

- Highlight significant financial issues;
- Provide an overview of the Board's financial activity;
- Identify changes in the Board's financial position;
- Identify any material deviation from the approved budget; and
- Identify issues or concerns.

Financial Highlights

The New Mexico Gaming Control Board and the Board's agents regulates the racetrack casinos and nonprofit clubs to assure that gaming revenues benefit the State's General Fund and the State's economy. Pages 3-5 highlight the financial information of the racetrack casinos and nonprofit clubs. This information is tracked internally by the Agency and is unaudited. In fiscal year 2014, gaming related payments to the State of New Mexico totaled \$66,953,238 as a result of the Agency regulated racetrack and nonprofit gaming activity. These gaming taxes are billed to gaming operators by the Agency and collected by Taxation and Revenue Department for deposit to the General Fund. The Agency also monitors horseracing purses which totaled \$50,067,619 in fiscal year 2014 and were deposited into the General Fund. The racetrack and nonprofit gaming operators also paid \$625,921 to various programs to address problem gambling. Charity payments from gaming totaled \$1,897,890 in fiscal year 2014. Gaming manufacturers and distributors self report and remit gaming taxes to Taxation and Revenue Department. (See Graph A-4).

The Agency through the State Gaming Representative (SGR) also monitors Tribal gaming in the State which ensures that the proper revenue sharing and regulatory fees are paid to the State in accordance with the 2001 Tribal-State Class III Gaming Compact and the Amended 2007 Tribal-State Class III Gaming (collectively "Compacts") Compact. The Tribes and Pueblos paid a combined \$68,265,223 to the State in fiscal year 2014. The Tribes and Pueblos also paid out \$1,849,941 to programs that address problem gambling (See Graph A-3), as required by the Compacts.

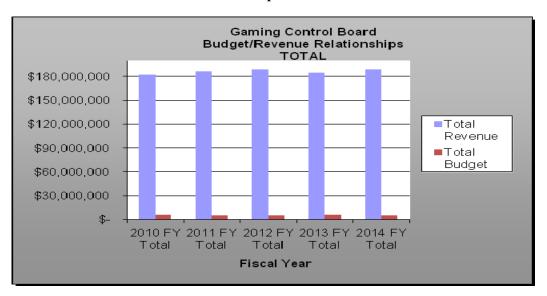

Total gaming revenues which include horse racing purses, problem gambling funds, charities, Tribal Revenue Sharing and Tribal regulatory fees totaled \$189,753,951 for fiscal year 2014.

 - The figures are subject to change upon independent verification by the Agency or upon receipt of additional information.
- (b) Includes charitable contributions from both gaming and bingo & raffle starting in FY2006
- (c) Includes only contributions from gaming; Bingo & Raffle Act effective 7/1/09 eliminated the requirement for charity distributions
- (d) Includes \$63,044,799 for revenue sharing and \$932,058 for regulatory fees
- (e) Includes \$64,892,038 for revenue sharing and \$1,001,484 for regulatory fees
- (f) Includes \$67,029,030 for revenue sharing and \$1,120,878 for regulatory fees.
- (g) Includes \$68,874,165 for revenue sharing and \$867,529 for regulatory fees.
- (h) Includes \$67,256,299 for revenue sharing and \$1,008,924 for regulatory fees.
- (i) Includes bingo taxes for 1st three quarters of FY2014; 4th quarter data not available.
 - FY2012 FY2014 budget does not include the special appropriation for possible arbitration and litigation expenses related to tribal gaming. FY2014 does not include the special appropriation for the central monitoring system.

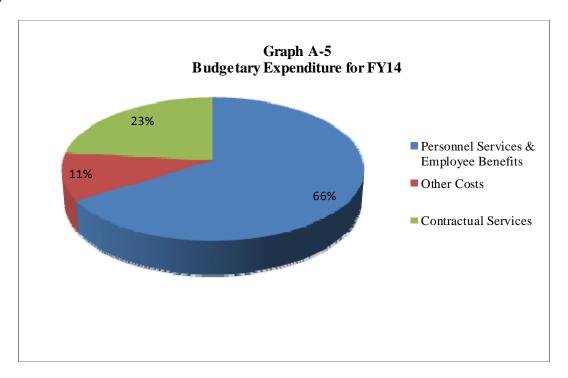

Gaming Control Board

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED Required Supplementary Information

June 30, 2014 and 2013

Overview of Financial Activity

The Gaming Control Board receives 100% of its funding from the General Fund appropriation. As shown in Graph A-5, expenditures against the budget fiscal year end 2014 appropriation were broken down in the following categories: 66% for personnel services and employee benefits, 23% for contractual services, and 11% for other costs.

Budgetary expenditures percentages by category did not differ significantly from the prior year.

Using This Audit Report

Financial data presented in these financial statements is for the activities of the Gaming Control Board as a single agency. It does not purport to represent the State of New Mexico as a whole.

Government-Wide Financial Statements

The government-wide financial statements include the Statement of Net Position and the Statement of Activities. These statements report all assets and liabilities using the accrual basis of accounting. All current year revenues and expenses are reported regardless of when cash is received or paid.

Gaming Control Board

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED Required Supplementary Information

June 30, 2014 and 2013

The government-wide financial statements include all activities of the Gaming Control Board with the exception of the fiduciary funds which arise from reimbursements from applicants and licensees and from fines. General fixed assets, formerly reported as a separate account group, are included in these financial statements. Monies to finance these activities are 100% State General Fund appropriations.

Fund Financial Statements

Due to the small size of the Board, the only individual governmental fund, the General Fund, is considered to be a major fund because only individual governmental or individual enterprise funds can be considered for major fund status. The Board's two kinds of funds - governmental and fiduciary – are considered as separate accounting entities. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues, expenses and other financing sources or use.

Governmental funds – All of the Board's basic services are reported in governmental funds, which focus largely on the establishment of an appropriation by the state legislature and the expenditure of this money in accordance with a budget. Funds not expended or encumbered at year end revert to the general fund. These funds are reported using an accounting method called modified accrual accounting, which measures cash and other financial assets that can readily be converted to cash.

Fiduciary funds – The fiduciary funds are used to report assets held on behalf of the State of New Mexico and are not available to support Board activities. The reporting focus is upon net position and changes in net position and employs the accrual basis of accounting. These funds, once earned, are revenues of the General Fund of the State of New Mexico.

Gaming Control Board

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED Required Supplementary Information

June 30, 2014 and 2013

Financial Analysis of the Agency as a Whole

Highlights

The New Mexico Gaming Control Board was established to regulate limited gambling activity at racetracks and certain veteran and fraternal organizations, to monitor Tribal gaming, and is responsible for carrying out public policy on gambling in these venues. In 2005, the Board was given responsibility for regulating the Bingo and Raffle Act.

The New Mexico Gaming Control Board is funded by appropriations from the State's General Fund and operates a computerized Central Monitoring System. This system is a management, control and monitoring system that connects, via direct communications lines, to every licensed gaming device in the State (Non-Tribal). This system allows the Board to monitor all activity on each slot machine and to remotely verify the software in a gaming machine to assure that it is compliant with all applicable statutes and rules. It also allows, by Board order, the immediate remote disabling of any machine or venue for any non-compliance issues. The Board has operated such a system since 1998 with an efficiency rate over 99.9%.

Total liabilities and net position	\$ 2,716,575	\$ 632,921

Gaming Control Board

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED Required Supplementary Information

June 30, 2014 and 2013

As summarized in Table A-1, net position of \$1,248,208 represent the difference between assets and liabilities of the Board. Total assets increased by \$2,083,654, and total liabilities increased by \$862,576. Total assets increased due to the modernization of the computerized Central Monitoring System. Total liabilities increased because of higher reversion payable due at year end compared to the previous year and an increase in vouchers payable for the final payments on the computerized Central Monitoring System.

	2014	2013
Total expenses	\$ (5,203,890)	\$ (5,344,777)
Total revenues (net of reversion)	 6,424,968	5,225,711
Increase (decrease in net position)	 1,221,078	(119,066)
Beginning net position	27,130	71,206
Prior period adjustment	 	74,990
Ending net position	\$ 1,248,208	\$ 27,130

During the year ended June 30, 2014, total expenses decreased by \$140,887 reflecting decreases in fiscal year 2014 expenses in contractual services. Government-wide expenses are \$5,203,890 and include depreciation and an accrual for compensated absences. Compensated absences represent the amount of accrued but unused vacation time at current rates to be paid from future appropriations.

The recognition of depreciation is an attempt to match the usage of capital assets to the revenues of the agency by year. This change in net assets does not necessarily reflect only the amount of capital assets purchased net of current year depreciation during the year.

Gaming Control Board

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED Required Supplementary Information

June 30, 2014 and 2013

Financial Analysis of the Governmental Funds

The Gaming Control Board operates one governmental fund in which all activity related to gaming regulation and control is recorded. The financial statements present the financial position and results of operations for the governmental activities. Funding for the governmental funds is 100% from annual appropriations from the New Mexico State Legislature.

Governmental fund expenditures differ from the government-wide expenses for 2014 and 2013 as follows:

	2014	2013
Governmental fund expenditures	\$ (6,428,978)	\$ (5,228,100)
(Increase) Decrease in liablity for compensated absences	30,939	(44,335)
(Excess) depreciation over capital outaly	1,194,149	(72,342)
Board expenses	\$ (5,203,890)	\$ (5,344,777)

Financial Analysis of the Budgetary Basis of Accounting

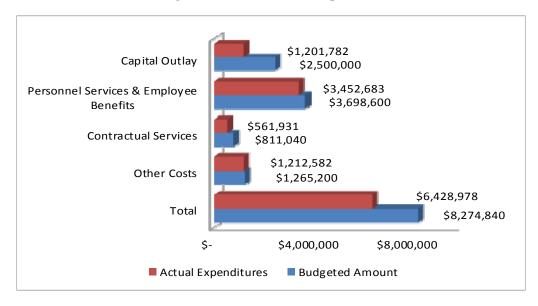

The annual operating budget is approved by the Department of Finance and Administration. Over the course of the year, the Board adjusts its budget as authorized under the Appropriations Act. Comparison of actual expenditures on a budgetary basis to approved budget amounts is presented in the basic financial statements section of the financial statements. Budgetary basis expenditures were within approved budgeted amounts.

Gaming Control Board

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED Required Supplementary Information

June 30, 2014 and 2013

Graph A-6
Budgeted Amount vs Actual Expenditures

The difference in budget to actual expenditures for the total categories is \$1,845,862. There were no unexpected budget variances during the year.

Capital Assets

The following net change occurred in the capital assets during the years ended June 30, 2014 and 2013.

	2014	2013
Net capital assets at beginning of year	\$ 26,392	\$ 23,744
Prior period adjustment	-	74,990
Capital assets purchased	1,201,782	9,621
Current year depreciation	(7,633)	(81,963)
Net capital assets at end of year	\$ 1,220,541	\$ 26,392

Consistent with application of GASB No. 34, the Board has recognized depreciation for assets during the fiscal year of \$7,633 At June 30, 2014, the total accumulated depreciation for the Board was \$4,278,901. Capital asset additions for fiscal year 2014 were \$1,201,782.

State of New MexicoGaming Control Board

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) - CONTINUED Required Supplementary Information

June 30, 2014 and 2013

Currently Known Facts, Decisions or Conditions Expected to Impact the Board's Financial Position and Results of Operation

The Agency continues to be involved in a dispute with various gaming tribes over the correct amount of revenue sharing owed to the State pursuant to the Compacts. The State Gaming Representative has sent demand letters to the tribes in question. To date, a settlement has been reached only with the Navajo Nation. If this matter is not resolved, it could require an arbitration proceeding or perhaps litigation in court. In either event, the Agency would incur significant costs including arbitration, expert witness, deposition and other litigation related costs. During the 2012 legislative session, the Agency received a special appropriation in the amount of \$200,000 to defray such costs. That appropriation was re-allocated in the 2014 session. It is possible that the special appropriation will not be sufficient to cover the costs associated with the arbitration or litigation, if required. The Agency will be seeking another special appropriation in the same amount in the 2015 legislative session.

Contacting the Board's Financial Management

This financial report is designed to provide citizens, taxpayers, customers, legislators, and other stakeholders a general overview of the Board's finances and to demonstrate the Board's accountability for the money it receives. New Mexico Gaming Control Board Notes to Financial Statements June 30, 2014

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of the Board is presented to assist in the understanding of the Board's financial statements. The financial statements and notes are the representation of the Board's management who is responsible for their integrity and objectivity. The financial statements of the Board have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to agencies of the government. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

In fiscal year 2014 the Board adopted a new accounting standard GASB Statement No. 65, Items Previously Reported as Assets and Liabilities ("GASB 65"), which establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities. The implementation of GASB 65 is not expected to have a significant impact on the Board's financial statements.

A. Reporting Entity

The State of New Mexico New Mexico Gaming Control Board was established by the Gaming Control Act enacted at the 1997 session of the 43rd New Mexico State Legislature as House Bill 399, enrolled as Chapter 190, Laws of New Mexico , 1997, and codified at Section 60-2E-1 to 60-2E-62 NMSA.

The board is responsible for:

<u>Gaming regulation</u>- A body of rules and regulations to govern the conduct of gaming activities within New Mexico within the framework of the Gaming Control Act (Title 15, Chapter 1).

<u>Gaming Investigation and Enforcement</u>- The Board is responsible for the enforcement of the statutes and regulations governing gaming activities within the state. As a significant part of its enforcement activity, it aims to investigate the backgrounds of persons applying for licensure, and to monitor the activities of gaming operations in the State to ensure that they are complying with the laws and regulations.

<u>Gaming Audit and Compliance</u>- The Board is responsible for the enforcement of the statutes and regulations governing gaming activities within the State, determining compliance of gaming operators with minimum internal control standards and ensuring that all entities conducting gaming activities within the State report the activity and earnings fairly and accurately.

<u>Gaming Machine Electronic Monitoring</u>- The Board is charged by statute with continuous electronic monitoring of all gaming machines licensed in the State at racetracks, fraternal organizations, and veterans' organizations. It is also responsible for billing each operator licensee the gaming tax assessed by the Board's central monitoring system.

<u>Tribal Gaming Monitoring</u>- Under the provisions of the Gamin g Control Act and the compacts signed by the State with the individual Gaming Tribes and Pueblos, the Board is charges with monitoring tribal gaming to ensure compliance with the compacts. The Board's State Gaming Representative is the State's liaison with the tribes.

<u>Gaming Licensing</u>- The Board is charged by statute with licensing gaming machine manufactures, distributors, and operators, and issuing work permits and key person certifications. The Board is also charged with the licensing of gaming machines.

The Board is a department of the State of New Mexico. Based upon the application of the criteria in GASB Statements No. 14 and No. 39, the Board had no component units as of June 30, 2014.

New Mexico Gaming Control Board Notes to Financial Statements June 30, 2014

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. Government-wide and fund financial statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the Board. There is no effect from interfund activity that needs elimination because the Board has only one fund. The Board's governmental activities are supported by general fund appropriations from the State of New Mexico. The Board has no business-type activities.

The government-wide financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets, deferred outflows of resources, liabilities, and deferred inflows of resources resulting from exchange and exchange-like transactions should be recognized when the exchange takes place. Non-exchange transactions, in which the Board gives (or receives) value without directly receiving (or giving) equal value in exchange, include grants and appropriations. Revenue from grants is recognized in the fiscal year in which all eligibility requirements have been satisfied and related costs are incurred. Appropriations are recorded at the time the money is made available to a specific fund.

In the government-wide statement of net position, the governmental activities column is reported on a full accrual, economic resource basis, which recognized all long-term assets and receivables as well as long-term debt obligations. The Board's net position is reported in three parts – net investment in capital assets; restricted net position; and unrestricted net position.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues. The Board's general fund appropriations are shown as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. The Board did not have any funds classified as proprietary for the year ended June 30, 2014.

C. Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual* basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements of time, reimbursement and contingencies imposed by the provider are met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual* basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Board considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Unavailable revenue is reported as a deferred inflow. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

New Mexico Gaming Control Board Notes to Financial Statements June 30, 2014

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Assets, Liabilities and Net Position

The Board reports the following major governmental fund:

The General Fund is the Board's operating fund. Its fund number in the Statewide Human Resource Accounting and Management Reporting System (SHARE) is fund 53600. It is used to account for resources traditionally associated with government that are not required legally or by sound financial management to be accounted for in some other fund. The general fund is a reverting fund.

The Board also uses a fiduciary fund (Agency Fund) to account for funds received for licensing and background fees that are disbursed to the State of New Mexico General Fund per State statute (SHARE 95100). The Board has no budgetary control over these funds and acts solely as an agent. Agency funds are purely custodial (assets equal liabilities) and thus do not involve the measurement of results of operations.

Cash and Investments

For the fiscal year ended June 30, 2014, all of the Board's cash was maintained on deposit with the State Treasurer's General Fund Investment Pool (SGFIP). The State Treasurer has the authority to invest money held in demand deposits and not immediately needed for the operation of state government in securities in accordance with Sections 6-10-10 I through O, NMSA 1978 as amended. State law requires the New Mexico Department of Finance and Administration to complete the reconciliations of balances and accounts kept by the New Mexico State Treasurer's Office. The Board does not have a separate bank account.

Capital Assets and Depreciation

Capital assets purchased or acquired are carried at historical costs or estimated historical costs. Contributed assets are recorded at the fair values as of the date received. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. The State's capitalization policy (i.e. the dollar value above which asset acquisitions are added to the capital accounts) is \$5,000 per section 12-6-10 NMSA 1978. Computer software which has been developed for internal use and which meets the capitalization minimum of \$5,000 is capitalized and depreciated in accordance with the Board's depreciation guidelines

Depreciation on all assets is provided on the straight-line basis over the estimated useful lives with no salvage value, as follows:

Machinery and equipment 5 to 7 years Gaming machine electronic monitoring equipment and software 5 ½ years

Compensated Absences

Vacation and sick leave earned and not taken is cumulative; however, upon termination of employment, sick pay for such leave hours accumulated up to 600 hours is forfeited, and vacation pay is limited to payment for 240 hours. Vacation leave up to the maximum of 240 hours is payable upon separation from service at the employee's current hourly rate. Sick leave is payable semiannually to qualified employees for hours accumulated above 600 hours at a rate equal to 50 percent of their hourly rate, not to exceed 120 hours each semiannual period. Upon retirement, payment for sick leave is limited to 400 hours accumulated in excess of 600 hours at the 50 percent hourly rate. The compensated absences payable is included in the government-wide financial statements.

When applicable, the compensated absence liability is presented in two parts in the government-wide financial statements, a current portion and long-term portion. The current portion is the amount *estimated* to be expended during fiscal year 2015.

New Mexico Gaming Control Board Notes to Financial Statements June 30, 2014

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Assets, Liabilities and Net position (continued)

Fund Balance Classification Policies and Procedures

In the governmental fund financial statements, fund balances are classified as nonspendable, restricted, or unrestricted (committed, assigned, or unassigned). Restricted represents those portions of fund balance where constraints placed on the resources are either externally imposed or imposed by law through constitutional provisions or enabling legislation. Committed fund balance represents amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the Legislative and Executive branches of the state. Assigned fund balance is constrained by the Legislature's and Executive Branch's intent to be used for specific purposes or in some cases by legislation. Unassigned fund balances represent the residual amount of fund balance after all classifications described above have been considered. As of June 30, 2014, the Board has nonspendable fund balance of \$600 and \$4,540 for petty cash and prepaid expenses. In addition, the Board has \$196,187 in amounts restricted pursuant to Laws of 2013 Chapter 19, Section 5 for tribal arbitration.

Spending policy disclosure

When an expenditure is incurred for purposes for which both restricted and unrestricted resources are available, it is the State's policy to use restricted resources first. When expenditures are incurred for purposes, for which unrestricted (committed, assigned, and unassigned) resources are available, and amounts in any of these unrestricted classifications could be used, it is the State's policy to spend committed resources first. The Board has no authority to establish a minimum fund balance. This is the prerogative of the State Legislature and the Executive (Governor) Branch.

Net position classifications

The Statement of Net Position displays net position amounts in the following three components:

- 1) Net investment in capital assets. This classification of net position consist of capital assets net of accumulated depreciation as of June 30, 2014.
- 2) Restricted-This classification consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulation of other governments; or (2) law through constitutional provisions or enabling legislation. The Board has \$196,187 in restricted amounts pursuant to Laws of 2013 Chapter 19 section 5 for tribal arbitration as of June 30, 2014.
- 3) Unrestricted-This classification consists of all other net position amounts that do not meet the definition of "restricted" or "Net investment in capital assets."

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. Significant estimates in the Board's financial statements include the current portion of compensated absences and useful lives of depreciable assets.

Funding

The Board's funding is subject to annual evaluation and appropriation and could end at any time.

New Mexico Gaming Control Board Notes to Financial Statements June 30, 2014

NOTE 2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgets and Budgetary Accounting

The Board follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1. No later than September 1st, the New Mexico Gaming Control Board submits to the State Budget Division (SBD) of the New Mexico Department of Finance and Administration (DFA) an appropriation request for the fiscal year commencing the following July 1. Copies are also sent to the Legislative Finance Committee (LFC). The appropriation request includes proposed expenditures and the means of financing them.
- 2. Appropriation request is reviewed by the SBD and additional information is obtained, if needed. Agency budgets are consolidated, with revisions, and submitted as a tentative budget to the Governor of the State. The Governor's approved appropriation request is then submitted to the Legislature as the recommended appropriation request for the Board.
- 3. Budget hearings are scheduled before the New Mexico House Appropriations and Senate Finance committees. The final outcome of these hearings is incorporated into the General Appropriations Act.
- 4. The Act is signed into law by the Governor of the State of New Mexico within the legally prescribed time limit.
- 5. The Board submits, no later than May 1, to DFA an annual operating budget by category and line item based upon the appropriation made by the legislature. The DFA Budget Division reviews and approves the operating budget, which becomes effective on July 1. All subsequent budget adjustments must be approved by the director of the DFA State Budget Division.
- 6. Budget control for expenditures and encumbrances is at the appropriation program level. The Board has only one program. All of the expenditures and encumbrances for that program are accounted for in the Board's general fund.
- 7. Formal, budgetary integration is employed as a management control device during the fiscal year for the general fund.
- 8. The budget for the General Fund is on the modified accrual basis. There were no accounts payable at June 30, 2014 that did not get paid within 31 days after the end of the fiscal year.
- 9. Any remaining SHARE fund 53600 balance not restricted for unexpended special or capital outlay multipleyear appropriations, must revert to the New Mexico State general fund by September 30th, as required by Section 6-5-10, NMSA 1978.

In accordance with the requirements of Section 2.2.2.10.A(2)(b) of NMAC Requirements for Contracting and Conducting Audits of Agencies and the allowance made by GASB Statement No. 34 footnote 53, the budgetary comparison statement has been included as part of the basic financial statements. It includes the reconciliation of the net change in fund balance (per budgetary basis) to the net change in fund balance stated on the statement of revenues, expenditures and changes in fund balance.

New Mexico Gaming Control Board Notes to Financial Statements June 30, 2014

NOTE 3. INVESTMENTS IN STATE TREASURER'S GENERAL FUND INVESTMENT POOL

State law requires the Board's cash to be managed by the New Mexico State Treasurer's Office. Accordingly, the investments of the Board consist of an interest in the investment pools managed by the New Mexico State Treasurer's Office. State law requires the New Mexico Department of Finance and Administration to complete the reconciliations of balances and accounts kept by the New Mexico State Treasurer's Office. The Board does not have a separate bank account.

At June 30, 2014, the Board had the following in pooled cash (Agency 46500):

New Mexico State Treasurer's General Fund Investment Pool (SGFIP)

Fund	SHARE Fund No.	Fair Value June 30, 2014
General fund Agency fund	53600 95100	\$ 754,569 28,300
		\$ 782,869

Interest Rate Risk: The State Treasurer's General Fund Investment Pool does not have an investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from changes in interest rates.

Credit Risk: Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The New Mexico State Treasurer's General Fund Investment Pool is not rated.

For additional GASB 40 disclosure information regarding the investment in the New Mexico State Treasurer's General Fund Investment Pool, the reader should see the separate audit report for the State Treasurer's Office for the fiscal year ended June 30, 2014.

State General Fund Investment Pool (SGFIP) Not Reconciled

As of June 30, 2014 the State's general ledger book to bank reconciliation contains a significant number of un-reconciled items. State law requires the New Mexico Department of Finance and Administration to complete the reconciliations of balances and accounts kept by the New Mexico State Treasurer's Office on a monthly basis. None of reconciling items pertain to the Board's transactions. The Board's controls to mitigate the effect of the statewide reconciliation issue include the following:

- Tracking cash receipts and disbursements for the licensing and Background Fees agency fund in a separate, stand alone accounting system
- Reconciling the stand alone system to SHARE on a monthly basis
- Tracking cash receipts and disbursements in the General Fund on manual spreadsheets
- Reconciling their interest in the State General Fund Investment Pool per SHARE to the deposit and disbursement activity tracked separately.

Additionally, the Board is funded by a single reverting appropriation made to its General Fund. Each year the appropriation has been expended with the remainder reverted. Such transactions since 2006 have been verified by management and audited. Due to this reverting nature of its funding, there is no accumulation of liquid assets or net position balances that require multiple year reconciliations.

The Board is not permitted to have any other investments, and the Board did not have any other investments during the year ended June 30, 2014.

New Mexico Gaming Control Board Notes to Financial Statements June 30, 2014

NOTE 4. ACCOUNTS RECEIVABLE

Applicants for gaming licenses are charged certain fees for both background investigations and for licenses to engage in gaming activities. At June 30, 2014 the Board's Agency fund was owed \$8,699 from various gaming entities. All amounts are considered to be collectible.

NOTE 5. CAPITAL ASSETS

A summary of changes in capital asset and accumulated depreciation balance is as follows. All capital assets are depreciable.

	June 30, 2013	Additions	Deletions	June 30, 2014
Capital assets being depreciated				
Machinery and equipment Gaming machine electronic	\$ 377,288	15,457	-	\$ 392,745
monitoring equipment and software	3,920,372	1,186,325		5,106,697
Total capital assets being depreciated	4,297,660	1,201,782		5,499,442
Less accumulated depreciation	250.006	7. (22		250 520
Machinery and equipment Gaming machine electronic	350,896	7,633	-	358,529
monitoring equipment and software	3,920,372			3,920,372
Total accumulated depreciation	4,271,268	7,633		4,278,901
Capital assets being depreciated, net	\$ 26,392	\$ 1,194,149	\$ -	\$ 1,220,541

Depreciation expense of \$7,633 was charged entirely to general government services. All capital assets are being depreciated.

NOTE 6. COMPENSATED ABSENCES

The changes in liabilities for compensated absences are as follows:

									Due	within one
	June 30, 2013		Additions		Deletions		Jun	e 30, 2014		Year
General Fund	\$	204,599	\$	137,060	\$	167,999	\$	173,660	\$	167,999

New Mexico Gaming Control Board Notes to Financial Statements June 30, 2014

NOTE 7. COMMITTMENTS

A. Operating Leases

The Board leases a building located at 4900 Alameda Boulevard NE, Albuquerque, NM. The original lease dated May 1, 2005 had a term of fifteen years with a five-year renewal option. The lease was renegotiated effective July 1, 2011, extending the lease term to May 30, 2024. The lease has an escalation clause of 3.25% over years 8, 9,10,11 and 16 of the lease. Additionally, the Board leases certain other office space, office equipment, and vehicles under one year lease agreements. During the year ended June 30, 2014, the Board paid approximately \$632,344 under its various lease agreements. Future minimum rental payments under noncancellable lease agreements are as follows:

Year Ending June 30,	_	Amount
2015 2016 2017 2018 2019 2019-2023 2024		\$ 640,498 657,751 657,751 657,751 657,751 2,698,699 622,534
	\$	6,592,735

B. Computer Software Maintenance Contracts

The Board has a maintenance agreement on its initial gaming machine electronic monitoring software and hardware programs. Expenditures inclusive of gross receipts tax for the agreement were \$738,300 for the year ended June 30, 2014. A schedule of future commitments under this maintenance contact is as follows:

	\$ 2,760,000
2018	 690,000
2017	690,000
2016	690,000
2015	\$ 690,000

New Mexico Gaming Control Board Notes to Financial Statements June 30, 2014

NOTE 8. PENSION PLAN – PUBLIC EMPLOYEES RETIREMENT ASSOCIATION

Plan Description: Substantially all of the Board's full-time employees participate in a public employee retirement system authorized under the Public Employees Retirement Act (Chapter 10, Article 11, NMSA 1978). The Public Employees Retirement Association (PERA) is the administrator of the plan, which is a cost-sharing multiple-employer defined benefit retirement plan. The plan provides for retirement benefits, disability benefits, survivor benefits and cost-of-living adjustments to plan members and beneficiaries. PERA issues a separate, publicly available financial report that includes financial statements and required supplementary information for the plan. That report may be obtained by writing to PERA, P.O. Box 2123, Santa Fe, NM 87504-2123. The report is also available on PERA's website at www.pera.state.nm.us.

Funding Policy: Plan members are required to contribute 8.92% of their gross salary. The Board's is required to contribute 16.59% of the gross covered salary. The contribution requirements of plan members and the Board's are established in State statute under Chapter 10, Article 11, NMSA 1978. The requirements may be amended by acts of the legislature. The Board's contributions to PERA for the fiscal years ending June 30, 2014, 2013 and 2012 were \$400,946 \$356,361, and \$292,116, respectively, which equal the amount of the required contributions for each fiscal year.

NOTE 9. POST-EMPLOYMENT BENEFITS- STATE RETIREE HEALTH CARE PLAN

Plan Description. The Board contributes to the New Mexico Retiree Health Care Fund, a cost-sharing multiple-employer defined benefit postemployment healthcare plan administered by the New Mexico Retiree Health Care Authority (RHCA). The RHCA provides health care insurance and prescription drug benefits to retired employees of participating New Mexico government agencies, their spouses, dependents, and surviving spouses and dependents. The RHCA Board was established by the Retiree Health Care Act (Chapter 10, Article 7C, NMSA 1978). The Board is responsible for establishing and amending benefit provisions of the healthcare plan and is also authorized to designate optional and/or voluntary benefits like dental, vision, supplemental life insurance, and long-term care policies.

Eligible retirees are: 1) retirees who make contributions to the fund for at least five years prior to retirement and whose eligible employer during that period of time made contributions as a participant in the RHCA plan on the person's behalf unless that person retires before the employer's RHCA effective date, in which event the time period required for employee and employer contributions shall become the period of time between the employer's effective date and the date of retirement; 2) retirees defined by the Act who retired prior to July 1, 1990; 3) former legislators who served at least two years; and 4) former governing authority members who served at least four years.

The RHCA issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for the postemployment healthcare plan. That report and further information can be obtained by writing to the Retiree Health Care Authority at 4308 Carlisle NE, Suite 104, Albuquerque, NM 87107.

Funding Policy. The Retiree Health Care Act (Section 10-7C-13 NMSA 1978) authorizes the RHCA Board to establish the monthly premium contributions that retirees are required to pay for healthcare benefits. Each participating retiree pays a monthly premium according to a service based subsidy rate schedule for the medical plus basic life plan plus an additional participation fee of five dollars if the eligible participant retired prior to the employer's RHCA effective date or is a former legislator or former governing authority member. Former legislators and governing authority members are required to pay 100% of the insurance premium to cover their claims and the administrative expenses of the plan. The monthly premium rate schedule can be obtained from the RHCA or viewed on their website at www.nmrhca.state.nm.us.

The employer, employee and retiree contributions are required to be remitted to the RHCA on a monthly basis. The statutory requirements for the employer and employee contributions can be changed by the New Mexico State Legislature. Employers that choose to become participating employers after January 1, 1998, are required to make contributions to the RHCA fund in the amount determined to be appropriate by the board.

New Mexico Gaming Control Board Notes to Financial Statements June 30, 2014

NOTE 9. POST-EMPLOYMENT BENEFITS- STATE RETIREE HEALTH CARE PLAN-(continued)

The Retiree Health Care Act (Section 10-7C-15 NMSA 1978) is the statutory authority that establishes the required contributions of participating employers and their employees. For employees that were members of an enhanced retirement plan (state police and adult correctional officer member coverage plan 1; municipal police member coverage plans 3, 4 or 5; municipal fire member coverage plan 1; and members pursuant to the Judicial Retirement Act) during the fiscal year ended June 30, 2014, the statute required each

participating employer to contribute 2.5% of each participating employee's annual salary; and each participating employee was required to contribute 1.25% of their salary. For employees that were not members of an enhanced retirement plan during the fiscal year ended June 30, 2014, the statute required each participating employer to contribute 2.0% of each participating employee's annual salary; each participating employee was required to contribute 1.0% of their salary. In addition, pursuant to Section 10-7C-15(G) NMSA 1978, at the first session of the Legislature following July 1, 2013, the legislature shall review and adjust the distributions pursuant to Section 7-1-6.1 NMSA 1978 and the employer and employee contributions to the authority in order to ensure the actuarial soundness of the benefits provided under the Retiree Health Care Act.

The Board's contributions to the RHCA for the years ended June 30, 2014, 2013, and 2012 were \$48,418, \$47,261, and \$39,952, respectively which equal the required contributions for each year.

NOTE 10. INTERAGENCY TRANSFERS

The Board received the following inter-agency operating transfers from the New Mexico Department of Finance and Administration (DFA) during the fiscal year ended June 30, 2014.

	Board Agency	Board Fund	DFA Agency	DFA Fund	
	Number	Number	Number	Number	Amount
State general fund appropriations, Laws of 2013, Chapter 19, Section 4	46500	53600	34100	85300	\$ 5,547,600
Compensation appropriation Laws of 2013, Chapter 19, Section 4	46500	53600	34100	85300	30,300
Special appropriation -central monitoring system Laws of 2013, Chapter 19, Section 7	46500	53600	34100	85300	1,186,325
					\$ 6,764,225

New Mexico Gaming Control Board Notes to Financial Statements June 30, 2014

NOTE 11. DUE TO STATE GENERAL FUND

The amount due to the State General Fund at June 30, 2014 is made up of the following fiscal year reversions and stale dated warrants:

Year Ending June 30,	 Amount
2014 Stale warrants	\$ 339,257 1,895
	\$ 341,152

NOTE 12. DUE FROM OTHER AGENCIES

The Board was owed \$736,325 from the New Mexico Department of Finance and Administration (DFA) related to a data processing appropriation for the central monitoring system during the fiscal year ended June 30, 2014. The purpose of the appropriation (Laws of 2014 Ch 19, Section 7) was to modernize or replace the central gaming monitoring system. The total appropriation was \$2,500,000. The Board expended \$1,186,325 of the award in fiscal year 2014, and received \$450,000 in partial allotments during fiscal year 2014. The difference between the expenditures and the amount received is \$736,325 and will be reimbursed to the Board in fiscal year 2015.

	Board		Agency	Fund		
_	Fund	Agency	Number	Number	Amount	Purpose
	53600	DFA	34101	85300	\$ 736,325	Special appropriation
	23000	$D\Gamma\Lambda$	J+101	03300	\$ 130,343	Special appropriation

NOTE 13. RISK MANAGEMENT

The Board is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Section 15-7-2 NMSA 1978 requires the General Services Department, Risk Management Division (RMD) to be responsible for the acquisition and administration of all insurance purchased by the state. Since 1977, various state statutes have been passed which allow RMD to insure, self-insure or use a combination of both. Risk management expenditures for the Board are accounted for in the general fund. Any claims are processed through RMD. There are no pending or known threatened legal proceedings involving material matters to which the Board is a party.

NOTE 14. SUBSEQUENT PRONOUNCEMENTS

In June 2012, GASB Statement No. 68 Accounting and Financial Reporting for Pensions—an amendment of GASB Statement No. 27, Effective Date: The provisions of this Statement are effective for financial statements for periods beginning after June 15, 2014. Earlier application is encouraged. The Board will implement this standard during the fiscal year June 30, 2015 and will significantly impact the Board. The fiscal year 2015 financial statements will include a material liability for pension participation.

In January 2013, GASB Statement No. 69 Government Combinations and Disposals of Government Operations, Effective Date: The provisions of this Statement are effective for government combinations and disposals of government operations occurring in financial reporting periods beginning after December 15, 2013. Earlier application is encouraged. The provisions of this Statement generally are required to be applied prospectively. The Board is still evaluating how this standard will affect the Board.

New Mexico Gaming Control Board Notes to Financial Statements June 30, 2014

NOTE 14. SUBSEQUENT PRONOUNCEMENTS (continued)

In November 2013, GASB Statement No. 71 Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68, Effective Date: The provisions of this Statement are effective for fiscal years beginning after June 15, 2014. The provisions of this Statement are required to be applied simultaneously with the provisions of Statement 68. The standard will be implemented during fiscal year June 30, 2015.

NOTE 15. SUBSEQUENT EVENTS

The date to which events occurring after June 30, 2014, the date of the most recent statement of net position, have been evaluated for possible adjustment to the financial statements or disclosures is November 17, 2014 which is the date on which the financial statements were available to be issued. No events were noted for disclosure.

COMPLIANCE SECTION

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

INDEPENDENT AUDITORS' REPORT

Hector H. Balderas New Mexico State Auditor Chairman and Board Members New Mexico Gaming Control Board Albuquerque, New Mexico

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the General Fund, the aggregate remaining fund information, and the budgetary comparison of the General Fund of the New Mexico Gaming Control Board (the "Board") as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Board's basic financial statements, and have issued our report thereon dated November 17, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Board's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Board's internal control. Accordingly, we do not express an opinion on the effectiveness of the Board's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Board's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governances.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during out audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Board's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standard* and which are described in the accompanying schedule of findings and responses as items FS 2013-002 and FS 2013-004.

Board's Responses to Findings

The Board's responses to the findings identified in our audit are described in the accompanying schedule of findings and responses. The Board's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Board's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Board's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

New Mexico Gaming Control Board Schedule of Findings and Responses June 30, 2014

SECTION II - FINANCIAL STATEMENT FINDINGS AND RESPONSES-CONTINUED

FS-2013-002 Gaming Control Board Polices Outdated-(other matter) repeated and modified

Below is a listing of policies that refer to vacant positions.

Ref.	Policy	Description
1	Preparation /Issuance of Policies and Procedures	Section VIII refers to the Office of
		General Counsel which does not
		exist. Section XIII refers to the
		Deputy Executive Director which
		does not exist.
2	Problem Solving and Grievance Resolution Policy	Section V (B) (C) and (D) refer to
		the Deputy Executive Director
		which does not exist.
3	Petty Cash Fund Policy	Section II (D) refers to the Financial
		Specialist 3 in the Administrative
		Services Division as the custodian of
		the petty cash fund. This should be
		updated to the Business Operations
		Specialist.
4	Harassment Policy	Section IV refers to the HR
		administrator supervisor which does
		not exist.
5	Code of Conduct Policy	Section IV directs employees who
		receive an offer of a bribe to
		immediately report it to the Deputy
		Executive Director which does not
		exist. Section VII directs employees
		to reports threats of violent behavior
		to the Deputy Executive Director
-	Employee Deufsmann - Employées Delico	which does not exist.
6	Employee Performance Evaluation Policy	Section IVIII refers to the Deputy
		Executive Director to review
		performance scores of 1 or 4. This
		position which does not exist.

In addition we noted the governing body has not established criteria and conditions for approval of procurement by the Board of personal property valued in excess of twenty thousand (\$20,000).

New Mexico Gaming Control Board Schedule of Findings and Responses June 30, 2014

SECTION II - FINANCIAL STATEMENT FINDINGS AND RESPONSES-CONTINUED

FS-2013-002 Gaming Control Board Policies Outdated-(other matter) repeated and modified

Criteria: According to the Board's Preparation /Issuance of Policies and Procedures revised on June 8, 2007 section XIII Annual Review of Polices states "Policies can be revised at any time to update their contents and direction, but must be formally reviewed annually by the originator or designated custodian between January 1st and January 31st of each year. A report of that review must be sent to the Executive Director and the Deputy Executive Director with a copy to Human Resources indicating "No Change" or list the revisions that will be made with a projected completion date.

Also section IV Basic Policy Requirements state policies should define contacts and responsibilities and be updated periodically to properly reflect changes in organization or culture.

The Gaming Control Act section 60-2E-8 C item (17) requires the Board to adopt regulations establishing criteria and conditions for approval of procurement by the Board of personal property valued in excess of twenty thousand dollars (\$20,000).

Effect: The potential impact of the above conditions could mean that fraud, waste or other abuses could occur and not be reported timely due to unclear communication channels. If policies are not updated due to changes in legal or regulatory environments, legal claims could be brought against the Board.

In addition, purchases of property could be made with the consensus of the governing body in the absence of Board approval.

Cause: Inadequate and untimely monitoring of policies by the Board, Human Resource Manager, and the Executive Director contributed to polices not being updated and polices giving reference to vacant positions. Also the Board is not required to document its annual review of policies. In addition, the Executive Director and Human Resource Manager do not ensure the originator of the policy do a review and submit updates to the Executive Director and Human Resource Department annually.

Auditors' Recommendation: We recommend the Board document its annual review of each policy and immediately modify existing polices referenced above to clarify out of date references to vacant positions. We recommend the Executive Director ensure updates are received from the originator of the policies annually.

Views of responsible officials and management's planned corrective actions: This is a repeat finding from FY 13. Since that time, staff has had numerous meetings to review and revise our entire catalogue of policies. At the present, staff is near the end of this review and should be in a position to recommend changes to the Board in December of this year or January 2015, at the latest.

New Mexico Gaming Control Board Schedule of Findings and Responses June 30, 2014

SECTION II - FINANCIAL STATEMENT FINDINGS AND RESPONSES-CONTINUED

FS-2013-004 Capital Asset Inventory Not Certified by Board -(other matter) repeated and modified

Condition: The Board performed a physical inventory of capital assets for the year ended June 30, 2014; however, the Board did not have the physical inventory of capital assets certified by the Board's governing authority.

Criteria: 2.20.1.16.E NMAC states "The results of the physical inventory shall be recorded in a written inventory report, certified as to correctness and signed by the governing authority of the agency."

Effect: The Board is not in compliance with 2.20.1.16.E NMAC regarding their annual capital asset certification. The outcome of the annual inventory (i.e. items missing, lost or not working) is not made known to the Board's governing authority.

Cause: The Board's procedures did not require the capital asset inventory to be certified by the Board's governing authority.

Auditors' Recommendation: The Board should amend current policy and implement procedures to have the annual capital asset inventory certified by Board annually in April of each year. The certification should be documented in the minutes.

Views of responsible officials and management's planned corrective actions: The Administrative Services Division (ASD) experienced turnover in the position responsible for this task and it occurred during the end of the fiscal year which did not allow flexibility in resources to accurately conduct and prepare the final capital assets inventory for approval and certification from the Board. Since them, ASD has hired on a new employee who will be trained to conduct inventory twice a year and will present the final inventory to the Board for certification. The presentation to the Board will be completed on an annual basis on or before the June board meeting. The agency is also working on amending the policies to include the certification requirement for the capital asset inventory.
