### Dear Commissioners:

County management hereby submits the Comprehensive Annual Financial Report (CAFR) of the County of Bernalillo (the County), New Mexico, for fiscal year ending June 30, 2010.

New Mexico State Statute 12-6-3, NMSA (1978) requires that an annual audit of a governmental unit's accounting records and Comprehensive Annual Financial Report be performed by independent public accountants. Federal law also requires that a single audit be performed for federal grant funds in conformance with the provisions of the Single Audit Act of 1984 and OMB Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations." All information related to the single audit, including the schedule of expenditures of federal awards, findings and recommendations, and the independent auditors' reports on the internal control structure and compliance with applicable laws and regulations are included in the Single Audit Section.

County management assumes full responsibility for the completeness and reliability of the information contained in this report, based on a comprehensive framework of internal controls that were established for this purpose. Because the cost of internal controls should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Moss Adams LLP, Certified Public Accountants, have issued the highest possible opinion, an unqualified opinion, on the County's comprehensive annual financial report for the fiscal year

ending June 30, 2010. The independent auditor's report is located at the front of the financial statements.

Management's Discussion and Analysis (MD&A) immediately follows the independent auditors report; it provides a narrative introduction, overview and analysis of the basic financial statements. The MD&A provides a context to this letter of transmittal and should be read in conjunction with it.

### Profile of the County

Bernalillo County, which encompasses the entire City of Albuquerque, is located in the central region of the state and is the economic and population hub of New Mexico. With an estimated population of 642,527 in 2009, Bernalillo County is the 94th most populous county of the nation's 3,141 counties. It comprises 32 percent of New Mexico's population and 75 percent of the Albuquerque Metropolitan Statistical Area (MSA) comprised of Bernalillo County and portions of Sandoval, Torrance and Valencia Counties.

The County provides sheriff and fire protection to county residents, highways and streets, sanitation, cultural and recreational services, public improvements, building, planning and zoning, and general administrative services. The County also operates the largest jail in the state with a bed count of over two thousand five hundred inmates. The County has a Commission-Manager form of government in which most of the day-to-day administrative duties are delegated to the County Manager. All legislative power within the County is vested in a five-member Board of Commissioners, each of whom are elected to four-year terms from single member districts, with a two-term limit. The executive functions are divided; the powers are shared by the Board and five elected County officials: the Treasurer, Assessor, Clerk, Probate Judge, and Sheriff.

The County maintains extensive budgetary controls. The objective of these controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the Board. The County's legal level of budgetary control is at the fund level, except for the Emergency Medical Services and Fire Districts funds, whose legal level of budgetary authority is at the program or district level. Appropriations within a fund may be adjusted under the authority of the County Manager or Deputy County Managers as long as total fund appropriations remain the same. Appropriation adjustments between funds require approval of the Board and the New Mexico State Department of Finance and Administration (DFA). The Local Government Division of DFA is the agency responsible for regulating the budgetary affairs of the County. Budget adjustments that do not require DFA approval are limited to transfers of budget between departments within a fund or transfers between line items within a department within a fund. State statutes prohibit the County from making expenditures in excess of the final approved budget at the fund level. The appropriated amounts reflected in the accompanying financial statements are at the function and activity level for the general fund and by object class for all other funds.

### Local Economy

Bernalillo County, with the City of Albuquerque (2009 population estimate of 528,497) making up 82 percent of its population, serves as a hub for commerce and industry in the Southwest. It

accounts for nearly half of all economic activity in New Mexico. In the 2010 Forbes List of "Best Places for Business and Careers," Albuquerque placed 41<sup>st</sup> out of the 200 ranked metro areas in the country and was ranked 35<sup>th</sup> in the "Cost of Doing Business" category and 7<sup>th</sup> in the "Job Growth Expected" category.

Forecasts by the University of New Mexico's Bureau of Business and Economic Research suggest the near-term outlook for the Albuquerque economy is a continuation of the nationwide recession for at least the next three quarters. Nonfarm employment growth is expected to decline 1.4 percent for the year but is projected to increase by 0.8 percent in 2011 and 1.8 percent in 2012. The unemployment rate in June 2010 was 8.6 percent—slightly lower than the national rate of 9.5 percent but still higher than the statewide rate of 8.2 percent. Forecasts indicate the unemployment rate will hover around 8 percent in the Albuquerque MSA through 2013 before declining to 7 percent by 2015.

FY 11 general fund budgeted appropriations of \$205,032,988 represent a 1.9 percent decrease from FY 10 levels. Property taxes are anticipated to make up 50 percent of general fund revenue in FY 11 and 12. Gross receipts taxes have declined 10 percent over the past two years as the local economy has been impacted by the recession. FY 11 gross receipts tax levels are expected to remain flat with modest growth of 1 percent budgeted for FY 12.

Even in these uncertain economic times, however, the County has been a conscientious steward of tax revenue by maintaining sufficient reserve funds and being conservative in revenue projections.

### Long-Term Financial Planning

The financial condition of the County is strong as reflected by the County's bond ratings. The County's 2010 General Obligation Bonds were rated "AAA" by both Fitch Ratings and Standard & Poor's and rated "Aaa" by Moody's Investors Service. The County continues its effort to incorporate comprehensive financial planning in its long-range vision in order to remain solvent during the current economic downturn. In addition to the 3/12<sup>th</sup> reserve requirement required by the State of New Mexico of \$65,240,072, the County's long-term financial plan includes maintaining adequate reserves in the event of unforeseen contingencies.

### Relevant Financial Policies

Bernalillo County recently began its third biennial budget. Through the biennial budget process, approval is granted by the Board of County Commissioners for an appropriation of two fiscal years at once, with funding being available to departments one year at a time. Departments were provided a base budget and salary projections for each of the two years. Departments have the opportunity to evaluate their budgets prior to commencement of the second year. Any necessary changes will be presented to the Board of County Commissioners as adjustments to the base budget. The biennial budget process has encouraged a long-term view of financial planning and shifted the emphasis from the process itself to a more careful examination of resource allocation choices. FY 11 represents the first year of the current biennial budget cycle.

### Major Initiatives

Although the recession has caused a decrease in revenue, the County has continued efforts to improve its service delivery and make government more efficient and easier for citizens to access.

The County recently went paperless in its distribution of payroll checks. Employees now log on to the Human Resource Department's web portal to access pay stubs as well as update employee data. This process has increased the County's efficiency in this area by eliminating staff time spent distributing checks and unnecessary trips by offsite timekeepers.

In another move to enhance efficiency, the County is transitioning to a paperless system for generating legislative documents. The new system, MinuteTraq, allows legislative documents to be created, routed and approved online without the need for printing or in-person routing.

With passage of a recent state law allowing local governments to accept credit or electronic payment of tax bills, along with allowing the recovery of processing charges, the County has made it easier for citizens to pay their tax obligations. Where only cash or checks used to be accepted, the County is increasing its ability to allow taxpayers to pay online, by e-check, or with a debit or credit card. In FY 2010, over \$12 million in electronic payments were accepted, with that number expected to rise in FY 11 and 12. The County Clerk recently installed software that allows title companies the ability to electronically record titles and make payments online.

The Bernalillo County website (www.bernco.gov) is undergoing a total redesign, scheduled to go live by December 2010, which will make it easier for users to utilize the site and provide greater information about the County's programs and services.

The County recently began renovating the previously-vacant former district courthouse building and has relocated several County departments to the building. These moves ultimately will save taxpayer resources as rent and operating costs of the previous department locations are eliminated.

Using Federal stimulus funds, the County has retrofitted several of its buildings with more energy efficient HVAC systems. In addition, the County has installed low-flow plumbing fixtures in the majority of County facilities and is replacing lighting systems with more energy efficient fluorescent lighting. Also, when a vehicle in the fleet need replacement, the County, where feasible, is replacing vehicles with smaller, more fuel efficient choices. These investments will save utility costs over the long term and provide more value for taxpayers.

### Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the County for its comprehensive annual financial report for the fiscal year ended June 30, 2009. This was the sixth consecutive year that the County has achieved this prestigious award. In order to be awarded a Certificate of Achievement, the County must publish an easily readable and efficiently organized

comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and are submitting it to the GFOA to determine its eligibility for this prestigious recognition again this year.

The preparation of this report would not have been possible without the dedicated service of the entire Accounting Department staff of the Finance Division. We also would like to express our appreciation to County departments that assisted and contributed to the preparation of this report, especially the staff of the County Treasurer's Office. The Board of County Commissioners also is recognized and thanked for its stewardship in overseeing the financial operations of the County.

Sincerely,

Thaddeus Lucero
County Manager

Daniel J. Mayfield

Deputy County Manager for Finance

# Certificate of Achievement for Excellence in Financial Reporting

### Independent Auditors' Report

Commission Chairman, Members of the County Commission Bernalillo County and Hector H. Balderas, State Auditor

We have audited the accompanying financial statements of the governmental activities, the business type activities, each major fund, the aggregate remaining fund information and the budgetary comparison of the general fund and regional correction center of Bernalillo County, New Mexico (County), as of and for the year ended June 30, 2010, which collectively comprise the County's basic financial statements as listed in the table of contents. We also have audited the financial statements of each of the County's nonmajor governmental, non-major enterprise funds, internal service fund and the fiduciary funds presented as supplementary information in the accompanying combining and individual fund financial statements and schedules and the respective budgetary comparison of each nonmajor fund as of and for the year ended June 30, 2010, as listed in the table of contents. These financial statements are the responsibility of the County's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business type activities, each major fund, and the aggregate remaining fund information of the County, as of June 30, 2010, and the respective changes in financial position and cash flows, where applicable, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Commission Chairman, Members of the County Commission Bernalillo County and Hector H. Balderas, State Auditor

In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of each nonmajor governmental fund, nonmajor enterprise funds, internal service fund and fiduciary fund of the County, as of June 30, 2010, and the respective changes in financial position and cash flows, where applicable, thereof, for the year then ended, in conformity with accounting principles generally accepted in the United States of America. In addition, in our opinion, the budget comparisons referred to above present fairly, in all material respects the respective budgetary comparisons for the year then ended in conformity with the cash basis of accounting and more fully described in Note III A, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated November 12, 2010 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Governmental Auditing Standards and should be considered in assessing the results of our audit.

The management's discussion and analysis on pages 4 through 31 is not a required part of the basic financial statements but is supplementary information required by Generally Accepted Accounting Principles. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the basic financial statements and on the combining and individual fund financial statements, and the budgetary comparisons of the County. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the US Office of Management and Budget (OMB) Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is not a required part of the basic financial statements. The additional schedules listed as other supplementary information in the table of contents are presented for the purposes of additional analysis and are not a required part of

Commission Chairman, Members of the County Commission Bernalillo County and Hector H. Balderas, State Auditor

the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements, and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

The introductory and the statistical sections have not been subjected to the auditing procedures applied in the audit of the basic and combining and individual fund financial statements and, accordingly, we express no opinion on them.

Albuquerque, New Mexico

Mess adams LLP

### COUNTY OF BERNALILLO NEW MEXICO Management's Discussion and Analysis June 30, 2010

As management of the County of Bernalillo (County), we offer readers of the County's financial statements this narrative overview and analysis of the financial activities of the County for the fiscal year ended June 30, 2010. We encourage readers to consider the information presented here in conjunction with additional information furnished in our letter of transmittal, which can be found on pages i-v of this report.

### Financial Highlights

- The government-wide assets of the County exceed its liabilities as of June 30, 2010 by \$606,793,430, an increase of \$32,323,437 or a 5.6% increase. Of this amount, \$355,609,898 is invested in capital assets, net of related debt. Of the remaining balance, \$139,516,367 is restricted for specific purposes and \$111,667,165 is unrestricted and may be used to meet the government's ongoing obligations to citizens and creditors.
- As of June 30, 2010, the County's governmental activities and business type activities have net assets of \$602,362,216 and \$4,431,214 respectively.
- The fund balance in the County's general fund increased from \$175,658,155 in FY09 to \$194,118,410 in FY10, an increase of \$18,460,255 or a 10.5% increase. Of this amount, \$65,240,072 or 33.6% of the general fund is for the DFA required reserve and \$45,632,530 or 23.5% is for subsequent years' expenditures.
- The County was able to maintain adequate reserves in the amount of \$65,240,072 as required by the State of New Mexico Department of Finance and Administration, Local Government Division 3/12 of the General Fund Budget for FY11.
- The funds that account for the Regional Correction Center and the Bernalillo County Housing Authority are classified as governmental and proprietary major funds respectively and the TRAN Debt Service fund is now classified as non-major governmental fund as the County did not issue a TRAN in June 2010.
- During the year, the County sold \$10,750,000 of General Obligation Bonds, Series 2009A, which included \$3,500,000 for storm drains, \$2,500,000 for parks and recreation and \$4,750,000 for public safety. Also, the County issued \$15,105,000 of General Obligation Refunding Bonds, Series 2010, with an average interest rate of 3.16% to partially refund the County's outstanding General Obligation Bonds, Series 2001 and 2002. In addition, the County issued Gross Receipts Tax Revenue Bonds, taxable series 2009A, and Series 2010A, for \$9,000,000 respectively and issued \$1,650,000 of Gross Receipts Tax Revenue Refunding Bonds, Series 2010B, with an average interest rate of 3.368% to advance refund the Multifamily Housing Refunding and Improvement Revenue Bond, Series 1999.
- The County has \$487,249,187 in available bonding capacity or 82.18% of allowable bonding capacity per the New Mexico State Constitution (see page 166).

- The County property valuations increased 6.1% from \$13.97 billion in FY09 to \$14.82 billion in FY10 (see page 157).
- The County managed and expended \$24,322,558 in Federal Funds in FY10 (see page 175).
- The County's 2010 General Obligation Bonds were rated "AAA" by both Fitch Ratings and Standard & Poor's and rated "Aaa" by Moody's Investors Service. In addition, the County's 2010 Gross Receipts Tax Revenue Bonds were rated "AAA" by Standard & Poor's, "Aa2" by Moody's Investors Service and "AA+" by Fitch Ratings.
- In addition to its "AAA" bond rating, Standard and Poor's awarded Bernalillo County its highest rating "STRONG" on its financial management assessment criteria. The County continues its effort to incorporate comprehensive financial planning in its long-range vision in order to remain solvent during the current economic downturn.

### Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains supplementary information in addition to the basic financial statements themselves.

Government-wide Financial Statements. The government-wide financial statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business. Revenues are recorded when earned and expenses recorded when a liability is incurred, regardless of the timing of related cash flows. For example, property taxes are recognized as revenues in the year in which they are levied. The statement of net assets presents information on all of the County's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the County is improving or deteriorating. The statement of activities presents information showing how the County's net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods.

Both of the government-wide financial statements differentiate functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the County include general government, public works, public safety, health and welfare, culture and recreation and interest on long-term debt. The business-type activities of the County include Solid Waste, Bernalillo County Housing Authority, Seybold Village Handicapped Project, Regional Juvenile Detention Center, and El Centro Familiar. The government-wide financial statements can be found on pages 32-33 of this report.

Fund financial statement. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. For this purpose, the County considers revenues to be available if they are collected within 60 days of the current fiscal period. Such information may be useful in evaluating a government's near-term financing requirements. Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the County's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

In addition to the General fund, the County maintains thirty-two other individual governmental funds of which seventeen are classified as Special Revenue funds, twelve are classified as Debt Service funds, and three are classified as Capital Projects funds. Information for the General fund, the Grants fund, the Regional Correction Center fund and the Capital Construction fund, all of which are considered to be major funds, are presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances. Individual fund data for each of the non-major governmental funds is provided in the form of combining statements elsewhere in this report.

The County adopts an annual appropriated budget for its General fund and Regional Correction Center fund. A budgetary comparison statement for the General fund and Regional Correction Center fund is presented on pages 38-40. In addition, the County adopts an annual budget for other non-major funds. A budgetary comparison statement is presented in the aggregate and individually for all those funds.

The basic governmental fund financial statements can be found on pages 34-40 of this report.

Proprietary funds. The County maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for Solid Waste, Bernalillo County Housing Authority, Seybold Village Handicapped Project, Regional Juvenile Detention Center, and El Centro Familiar. An Internal service fund is used to account for operations that provide services to other departments or agencies of the County on a cost-reimbursement basis. The County's internal service fund is the Risk Management fund, which is used to account for its risk management activities. Because the services provided by the Risk Management fund predominantly benefit governmental rather than business-type functions, this fund is included within governmental activities in the government-wide financial statements. The basic proprietary fund financial statements can be found on pages 41-43 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The basic fiduciary funds financial statements can be found on page 44 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and the fund financial statements. The notes to the financial statements can be found on pages 46-77 of this report.

Other information. The combining statements referred to earlier in connection with non-major governmental funds and internal service funds are presented immediately following the Notes to the Financial Statements. Combining and individual fund statements and schedules can be found on pages 78-126 of this report.

### Government-wide Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. The County's governmental-wide net assets exceed liabilities by \$606,793,430 for the fiscal year ending June 30, 2010. By far the largest portion of the County's net assets (59 percent) reflects its investment in capital assets (e.g., infrastructure, land, buildings, machinery, and equipment) less any debt used to acquire those assets, which is still outstanding. In the prior year, the County's investment in capital assets was 62% of net assets. The County uses these capital assets to provide services to the citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

### County of Bernalillo Net Assets

	Governmental Activities		Business-type Activities		Total

Restricted net assets in the amount of \$139,516,367 represent resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net assets, \$111,667,165 may be used to meet the government's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the County is able to report positive balances in all three categories of net assets, and for the government as a whole, as well as for its separate governmental and business-type activities.

Governmental activities. Governmental activities during the year increased the County's net assets by \$32,250,368 in FY10 as compared to \$20,915,112 in FY09.

Governmental Activities revenues decreased by \$418 thousand from \$356.7 million in FY09 to \$356.3 million in FY10, a decrease of 0.12%. Key elements in the decrease of governmental activities revenues are as follows:

- Program revenues charges for services decreased by \$2.0 million from \$29.8 million in FY09 to \$27.8 million in FY10, a 6.7% decrease. The majority of the decrease was attributed to \$913 thousand less in license and permit fees collected with construction permits down \$818 thousand and barricading permits down \$95 thousand. In addition, the decrease can also be attributed to \$312 thousand less in impact fees collected and \$589 thousand less in fees collected for housing inmates at the Regional Correctional Center. Also, \$391 thousand less in fees were collected at the Metropolitan Detention Center (MDC) for the state "feed and care of prisoners" program of \$124 thousand and for the community custody program (CCP) of \$267 thousand.
- Program revenues operating grants and contributions increased by \$610 thousand from \$24.8 million in FY09 to \$25.4 million in FY10, a 2.5% increase. A portion of the increase was attributed to \$300 thousand in donation revenue received from the University of New Mexico Hospital for the Department of Substance Abuse program and \$225 thousand in federal direct SAFER grant revenue received to fund fire fighters in support of transferring the Village of Los Ranchos fire service operation to Bernalillo County. In addition, in FY10 operating revenue for the High Intensity Drug Trafficking Area (HIDTA) increased by \$250 thousand and operating revenue for the Fire Districts increased by \$250 thousand.

- Program revenues capital grants and contributions decreased by \$9.8 million from \$37.9 million in FY09 to \$28.1 million in FY10, a 25.9% decrease. A significant portion of the decrease was attributed to a decrease of \$3.5 million in revenue received from the New Mexico Department of Economic Development for the Fidelity project at Mesa Del Sol as \$7.5 million was received in FY09 and only \$4.0 million was received in FY10. Also, in FY09 reimbursement revenue of \$1.6 million was received from the federal government to pay principle and interest on a state loan for construction projects that was not received in FY10 because the loan was paid off in FY09. In addition, there was a decrease in revenue for the South Valley Drinking Water Phase III project, the Edith Phase II project, the Amistad Youth Crisis Shelter project, and the South Valley Health project of \$5.7 million, \$4.4 million, \$1.3 million, and \$500 thousand respectively as the majority of these projects were completed in FY09. The decrease in revenue was offset by an increase in revenue in FY10 of \$5.6 million for the Eubank Road project and \$3.4 million for the South Valley Multi-Purpose Center project.
- General revenues property taxes increased \$7.1 million from \$120.1 million in FY09 to \$127.2 million in FY10, a 5.9% increase. The increase was attributed to an increase in the taxable valuation within the County of \$847 million from \$13.976 billion in FY09 to \$14.823 billion in FY10 and an increase in the County's operational residential mill levy from 6.184 to 6.340 per \$1,000 of assessed taxable value. The increase in revenue was slightly offset by a decrease in the current property tax collection rate from 95.39% in FY09 to 94.49% in FY10.
- General revenues other taxes decreased \$1.6 million from \$119.7 million in FY09 to \$118.1 million in FY10, a 1.3% decrease. The decrease was primarily attributed to a decrease of \$1.6 million in gross receipts tax revenue as a result of the continued decline in the state economy. In addition, there was an increase in motor vehicle tax revenue of \$200 thousand and a decrease in gasoline tax revenue of \$200 thousand.
- General revenues investment income increased \$4.4 million from \$10.9 million in FY09 to \$15.3 million in FY10, a 40.4% increase. The increase was primarily attributed to the market value of the County's investments at the end of FY10 versus the market value in FY09. In FY09 the market value of the County's investments decreased by \$2.8 million and in FY10 the value of investments increased by \$1.6 million for a net increase change of \$4.4 million. The net change is reflected in the mark to market entry made to investment income at the end of FY10.
- Other revenues increased \$1.1 million from \$13.3 million in FY09 to \$14.4 million in FY10, an 8.3% increase. The increase is primarily attributed to \$2.4 million recognized as miscellaneous revenue to capitalize non-cash donations of land, building, machinery and equipment, art, and infrastructure.

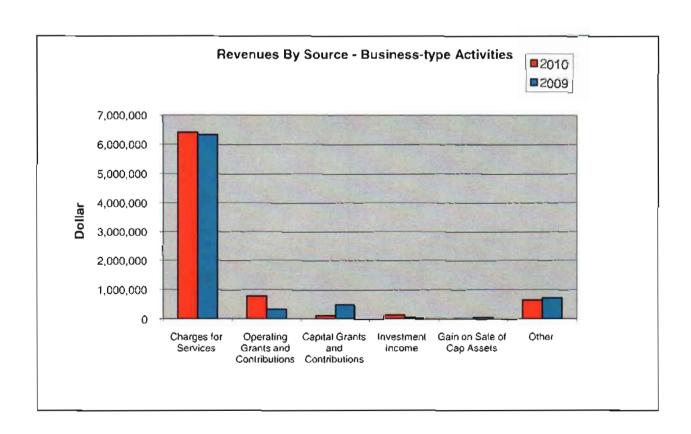

Governmental activities expenses decreased by \$11.7 million from \$335.8 million in FY09 to \$324.1 million in FY10, a decrease of 3.5%. Key elements in the decrease in governmental activities expenses are as follows:

- General government expenses decreased by \$5.1 million from \$69.9 million in FY09 to \$64.8 million in FY10, a 7.3% decrease. A portion of the decrease was attributed to a decrease of \$1.9 million in expenses incurred in FY10 to maintain the ERP financial system that was implemented in FY08 and was "go live" at the beginning of FY09. Also, there was a decrease of \$5.7 million in FY10 due to a decrease of \$2.2 million in compensated absences expenses and \$3.5 million in the reclassification of capital outlay for others expenses to general government expenses (in FY09 \$7.5 million in capital outlay for others expenses incurred for the Fidelity project at Mesa Del Sol and in FY10 \$4.0 million in capital outlay for others expenses incurred for the Fidelity project). In addition, the decrease was offset by an increase in FY10 of \$2.2 million for depreciation expense.
- Public works expenses decreased by \$8.0 million from \$50.1 million in FY09 to \$42.1 million in FY10, a 16.0% decrease. The decrease was attributed to less in capital outlay for others expenses in FY10 for the South Valley Drinking Water project and the North Valley Area I Phase II and J SAS project.
- Public safety expenses decreased by \$2.3 million from \$156.9 million in FY09 to \$154.6 million in FY10, a 1.5% decrease. The decrease was attributed to a decrease in compensated absences expenses of \$6.1 million and a decrease in depreciation expense of \$600 thousand. The decrease was offset by an increase of \$4.4 million in public safety grant expenses for E911 communications, High Intensity Drug Trafficking Area (HIDTA), and detoxification.

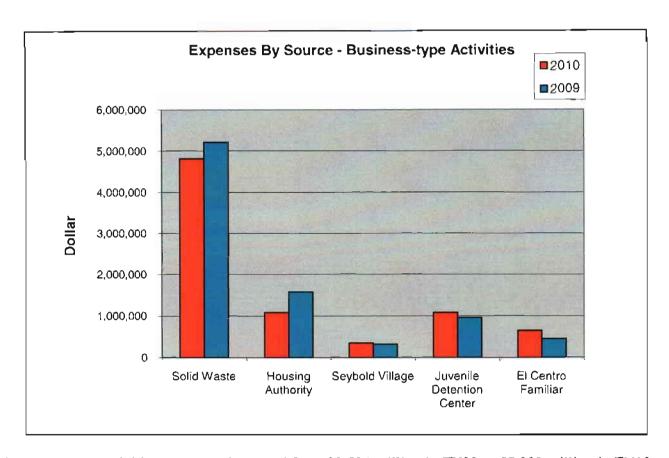

- Health and welfare expenses increased by \$4.1 million from \$31.9 million in FY09 to \$36.0 million in FY10, a 12.9% increase. The increase was primarily attributed to \$2.3 million in expenses incurred in the Health Care GRT fund for social services and \$1.5 million incurred in the County Indigent fund for indigent services.
- Interest on long-term debt expenses decreased by \$1.1 million from \$15.6 million in FY09 to \$14.5 million in FY10, a 7.1% decrease. The decrease was primarily attributed to a decrease in accrued interest payable recognized as expense at the end of FY10.

Business-type activities. Business-type activities net assets increased by \$73,069 during the current fiscal year. During the year, the Solid Waste fund, the Seybold Village Handicapped Project fund, and the El Centro Familiar fund had more program revenues that program expenses resulting in an increase in net assets of \$111,661, \$75,309, and \$78,322 respectively. The Bernalillo County Housing Authority fund and the Regional Juvenile Detention Center fund incurred losses of \$169,560 and \$22,663 respectively. These losses represent the degree to which ongoing program expenses have outstripped ongoing program revenues. Overall, the business-type activities experienced an \$822,968 operating loss (program revenues less expenses) before non-operating revenues of \$887,691 and capital contributions of \$8,346.

Business-type activities revenue increased from \$7.933 million in FY09 to \$8.046 million in FY10, a 1.4% increase. Key elements in the increase of business-type activities revenue are as follows:

- Revenue program charges for services increased from \$6.3 million in FY09 to \$6.4 million in FY10, a 1.6% increase. The increase was primarily attributed to \$123 thousand more in solid waste fee collections in FY10 than in FY09 and \$239 thousand more in rental revenue generated at the El Centro Familiar. This was offset by a decrease of \$283 thousand in administrative fees collected at the Housing Authority in FY10.
- Revenue program operating grants and contributions increased from \$327,781 in FY09 to \$780,587 in FY10, an increase of 138.1%. The majority of the increase was attributed to \$406 thousand in operating grant subsidy for the Housing Authority classified in the capital grants category in error in FY09 and classified correctly in this category in FY10. The amount of the subsidy in FY10 was \$451 thousand.
- Revenue program capital grants and contributions decreased from \$482,179 in FY09 to \$107,712 in FY10, a decrease of 77.7%. The decrease was primarily attributed \$406 thousand in operating grant subsidy for the Housing Authority classified in this category in error in FY09 and classified correctly in the operating grants and contributions category in FY10. In addition, the Seybold Village Handicapped Project HUD-PHA capital grant increased by \$32 thousand in FY10.
- General revenues investment income increased from \$45,191 in FY09 to \$124,819 in FY10, an increase of 176.2%. The increase was primarily attributed to an increase of \$112 thousand in investment income recognized in the El Centro Familiar based on amounts held in restricted investments from money received from rental income by tenants to help pay the debt owed on the 1999 Refunding Bond which was refunded in June 2010. The increase was offset by a decrease of \$31 thousand in investment income earned in the Housing Authority in FY10.
- Gain on sale of capital assets decreased from \$33,858 in FY09 to \$4,100 in FY10, a decrease of 87.9%. The decrease was attributed to a lower gain realized in the Housing Authority for the sale of lease to purchase program homes in FY10 than in FY09.
- Other revenues decreased from \$712,172 in FY09 to \$614,416 in FY10, a decrease of 13.7%. The decrease was primarily attributed to \$313 thousand less in "rent forfeited by tenants" revenue recognized as miscellaneous revenue for tenants who fail to meet program requirements in the Housing Authority. In addition, the decrease was offset by an increase of \$145 in miscellaneous revenue recognized in the Seybold Village Handicapped Project in FY10.

Business-type activities expenses decreased from \$8.524 million in FY09 to \$7.982 million in FY10, a 6.4% decrease. Key elements in the decrease are as follows:

- Solid Waste expenses decreased from \$5.2 million in FY09 to \$4.8 million in FY10, a 7.7% decrease. A significant portion of the decrease was attributed to a decrease of \$280 thousand in salaries and wages as some administrative salaries were paid by the General fund and the Environmental Services GRT fund in FY10. In addition, fees paid to Waste Management to bill and collect for solid waste services decreased by \$45 thousand, depreciation expense decreased by \$44 thousand and other charges and services decreased by \$42 thousand.
- Housing Authority expenses decreased from \$1.6 million in FY09 to \$1.1 million in FY10, a 31.3% decrease. A significant portion of the decrease was attributed to a decrease of \$500 thousand in other services and charges for building repairs for home rehabilitation project expenses of \$100 thousand, for occupancy miscellaneous operating expenses of \$301 thousand and for other miscellaneous expenses of \$90 thousand. In addition, the decrease can also be attributed to a decrease of \$35 thousand in depreciation expense and a decrease of \$10 thousand in materials and supply expenses.
- Seybold Village expenses increased from \$321 thousand in FY09 to \$349 thousand in FY10, an 8.7% increase. The increase was primarily attributed to an increase in salaries and wages expense in FY10.
- Juvenile Detention Center expenses increased from \$960 thousand in FY09 to \$1.1 million in FY10, a 14.6% increase. The increase was primarily attributed to an increase of \$98 thousand in

contractual services and an increase of \$32 thousand in multiline insurance and resident care services.

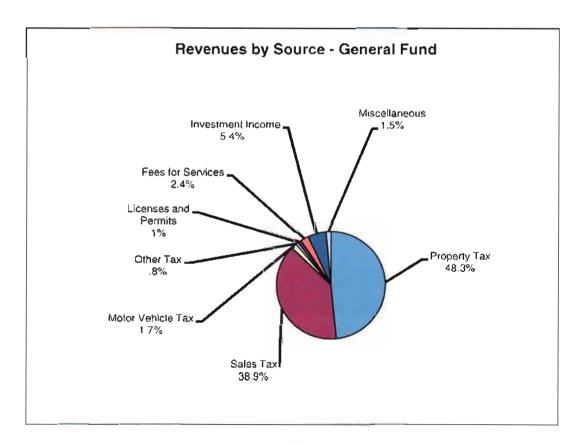

• El Centro Familiar expenses increased from \$451 thousand in FY09 to \$646 thousand in FY10, a 43.2% increase. The increase was primarily attributed to an increase of \$110 thousand in salaries and wages and an increase of \$94 thousand in other services and charges.

### Financial Analysis of the County's Funds

Governmental Funds. The focus of the County's governmental funds is to provide information on near-term inflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$373,371,031, an increase of \$25.1 million. Approximately 71.3% of this total, \$266,391,461 constitutes unreserved fund balance, which is available for spending at the County's discretion. The remainder of fund balance is reserved to indicate that it is not available for new spending because it has already been committed: 1) to DFA 3/12 reserve requirement \$65,240,072, 2) \$20,451,583 in encumbrances to liquidate contracts and purchase orders of the prior period, 3) \$18,926125 to pay debt service, and 4) \$2,361,790 for a variety of other restricted purposes.

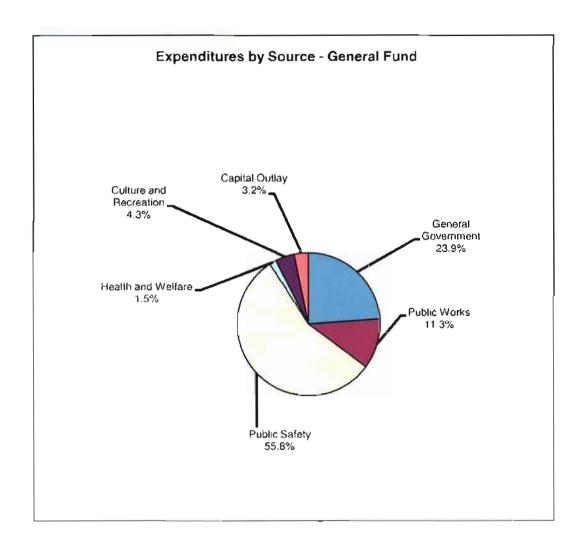

General Fund. The County's general fund balance increased \$18,460,255 during the current fiscal year. Key factors in this growth are based on the increase in local taxes and investment income from the previous year combined with less than expected incurred expenditures during the year.

General Fund revenues increased \$2.8 million from \$226.4 million in FY09 to \$229.2 million in FY10, an increase of 1.2%. Key elements in the growth of General Fund revenues are as follows:

- Property tax revenue increased by \$6.1 million or 5.8% from \$104.7 million in FY09 to \$110.8 million in FY10. The increase was attributed to an increase in the taxable valuation within the County of \$847 million from \$13.976 billion in FY09 to \$14.823 billion in FY10 and an increase in the County's operational residential mill levy from 6.184 to 6.340 per \$1,000 of assessed taxable value. The increase in revenue was slightly offset by a decrease in the current property tax collection rate from 95.39% in FY09 to 94.49% in FY10.
- Gross receipts tax revenue (GRT) decreased by \$2.6 million from \$91.7 million in FY09 to \$89.1 million in FY10, a 2.8% decrease. The decrease was attributed to a decline in the state economy. As was the case for the state, the County slipped into a recession in FY09 and it continued well into FY10. This is reflected by an overall decrease of 3.6% in taxable gross receipts reported by the state for Bernalillo County during the year from \$30.8 billion in FY09 to \$29.7 billion in FY10.
- Licenses and permits revenue decreased by \$827 thousand from \$3.2 million in FY09 to \$2.4 million in FY10, a 25.8% decrease. The decrease was primarily attributed to a decrease of \$819 thousand in construction permits in FY10.
- Investment income revenue increased by \$4.2 million from \$8.2 million in FY09 to \$12.4 million in FY10, an increase of 51.2%. The increase was primarily attributed to the market value of the County's investments at the end of FY10 versus the market value in FY09. In FY09 the market value of the County's investments decreased by \$2.8 million and in FY10 the value of investments increased by \$1.6 million for a net increase change of \$4.4 million. The net change is reflected in the mark to market entry made to investment income at the end of FY10.
- Miscellaneous revenue decreased by \$3.5 million from \$6.9 million in FY09 to \$3.4 million in FY10, a decrease of 50.7%. The decrease was primarily attributed \$1.7 "due from" the Housing Department and reported in the miscellaneous revenue category in FY09 and 1.7 million "due from" the Housing Department and reported in the cash category in FY10.

General Fund expenditures decreased \$2.4 million from \$206.9 million in FY09 to \$204.5 million in FY10, a 1.2% decrease. Key elements in the decrease in General Fund expenditures are as follows:

- General government expenditures decreased by \$842 thousand from \$49.6 million in FY09 to \$48.8 million in FY10, a 1.7% decrease. The decrease was primarily attributed to a decrease of \$1.7 million in Bureau of Election expenditures in FY10 as additional expenditures were incurred in FY09 as a result of a major general election.
- Capital outlay expenditures decreased by \$2.5 million from \$8.5 million in FY09 to \$6.0 million in FY10, a decrease of 29.4%. The decrease was primarily attributed to decrease of \$1.5 million in expenditures for vehicles and heavy equipment vehicles in FY10. In addition, expenditures for the Downtown Public Safety Complex Renovation Project decreased by \$1.0 million in FY10 as the majority of the renovations of the facility were completed in FY09.

Grants Fund. The Grants Fund accounts for various federal, state and other grant funding sources received by the County. The grants are restricted to specific purposes as agreed to between the County and the funding source as enumerated in the grant agreement/contract. Grants related to the County's Housing Department are accounted for in the Housing Funds.

In FY09 the County, as part of its ERP implementation, consolidated its grant funds into one fund which is now designated as a major fund on its financial statements.

The Grants Fund balance decreased \$44,535 during the current fiscal year. The fund balance decrease was attributed to a transfer of \$44,535, designated as "donations", to the General Fund.

Grants Fund revenues increased \$4.1 million from \$37.3 million in FY09 to \$41.4 million in FY10, an increase of 11.0%. Key elements in the growth of the Grants Fund revenues are as follows:

• Intergovernmental revenues increased \$4.1 million from \$37.3 million in FY09 to \$41.4 million in FY10, an increase of 11.0%. The increase was primarily attributed to an increase in legislative appropriation capital grant revenue reimbursements and state direct grant revenue reimbursements of \$2.9 million and \$2.6 million respectively.

Grants Fund expenditures increased \$4.2 million from \$37.2 million in FY09 to \$41.4 million in FY10, an increase of 11.29%. Key elements in the growth of the Grants Fund expenditures are as follows:

- Public safety expenditures increased \$4.4 million from \$10.0 million in FY09 to \$14.4 million in FY10, an increase of 44.0%. This increase was primarily attributed to an increase of \$2.8 million in expenditures for the E911 Communications grant, an increase of \$474 thousand in expenditures for the Sheriff's miscellaneous grants, and an increase of \$155 thousand in expenditures for the detoxification grant.
- Capital outlay expenditures increased \$6.5 million from \$12.8 million in FY09 to \$19.3 million in FY10, an increase of 50.8%. The increase was attributed to an increase in grant expenditures of \$5.4 million for the Eubank Road project and \$3.4 million in grant expenditures for the South Valley Multi-Purpose project. The increases were offset by decreases in grant expenditures for the Edith Phase II project and the Amistad Youth Crisis Shelter project of \$2.1 million and \$1.3 million respectively, with the majority of work completed in FY09.
- Capital outlay-other entities expenditures decreased \$6.2 million from \$12.7 million in FY09 to \$6.5 million in FY10, a decrease of 48.8%. The decrease was primarily attributed to a \$3.5 million decrease in expenditures for the Fidelity project at Mesa Del Sol of 7.5 million in FY09 to \$4.0 million in FY10. In addition, the decrease is attributed to a \$4.2 million decrease in expenditures in FY10 for the Edith Phase II project and for the North Valley Area I Phase II and J SAS project of \$1.9 million and \$2.3 million respectively.

Regional Correction Center Fund. The Regional Correction Center is used to account for monies received from the U.S. Marshall Service, the Justice Prisoner & Alien Transportation System (JPATS), and the Federal Bureau of Prisons through a Cooperative Agreement Program and Intergovernmental Agreement for the lease of the County owned jail facility under the authority of Section 33-3-27 NMSA, 1978.

The Regional Correction Center Fund balance increased \$1,771,542 during the current fiscal year. The increase was attributed to rental revenue received from Cornell Companies for the lease of the facility. Both revenues and expenditures decreased from FY09 to FY10 and were attributed to a decrease of inmates housed at the facility in FY10 versus FY09.

Construction Fund. The Construction Fund accounts for various construction projects related to road projects, storm sewer systems, acquiring of library books and library resources, remodeling required by the Americans with Disabilities Act, acquisition of land for expanding parks and recreational facilities, constructing and equipping sheriff's sub-stations, improvement of facilities for the County Public Health Department, and other projects. Financing for these projects is provided by general obligation bonds, gross receipts tax revenue bonds and earnings from the investment of those monies.

In FY09 the County, as part of its ERP implementation, consolidated a majority of its capital construction funds into one fund which is now designated as a major fund on its financial statements.

The Construction Fund balance increased \$6,268,527 in the current fiscal year. The increase was attributed to the County's sale of \$10,750,000 of General Obligation Bonds, Series 2009A, in December 2009. This included \$3,500,000 for storm drains, \$2,500,000 for parks and recreation and \$4,750,000 for public safety. In addition, the County issued \$9,000,000 of Gross Receipts Tax Revenue Bonds, taxable Series 2009A, in August 2009 to appropriate funds to provide economic assistance to Solar Array Ventures for a portion of the cost of land acquisition, constructing and equipping a building at the Cordero Mesa Business Park. Also, during the year, expenditures exceeded revenues by \$9.9 million and cash transfers out of \$3.8 million occurred.

Construction Fund revenues decreased \$9.2 million from \$12.8 million in FY09 to \$3.6 million in FY10, a decrease of 71.9%. Key elements in the decline of Construction Fund revenues are as follows:

Intergovernmental revenues decreased \$9.7 million from \$11.4 million in FY09 to \$1.7 million in FY 10, a decrease of 85.1%. The majority of the decrease is attributed to a decrease in reimbursable contract revenue of \$7.2 million from the Albuquerque Bernalillo County Utility Authority for reimbursements on costs related to County water projects. In addition, revenue of \$1.6 million received from the federal government in FY09 to pay principal and interest on a loan from the state was not received in FY10 because the loan was paid off in FY09.

Construction Fund expenditures decreased \$9.5 million from \$23.0 million in FY09 to \$13.5 million in FY10, a decrease of 41.3%. Key elements in the decline of Construction Fund expenditures are as follows:

• Capital outlay expenditures decreased \$1.9 million from \$9.8 million in FY09 to \$7.9 million in FY10, a decrease of 19.4%. The majority of the decrease was attributed to a decrease in expenditures of \$1.8 million for the Edith Phase II project completed in FY09.

- Capital outlay-other entities expenditures decreased \$5.1 million from \$10.0 million in FY09 to \$4.9 million in FY10, a decrease of 51.0%. The decrease was primarily attributed to a decrease in expenditures of \$6.2 million in FY10 for the South Valley Dinking Water Phase III project completed in FY09.
- Debt service principal and interest expenditures decreased \$1.6 million from \$1.6 million in FY09 to zero in FY10. The decreased was attributed to \$1.6 million principal and interest payment made to pay off a state loan in FY09.

Additional comparison of General, Special Revenue, and Debt Service Fund revenue and expenditures of prior years can be found in the statistical section of this report.

**Special Revenue funds.** As of the end of fiscal year 2010, the County's Special Revenue funds reported combined ending fund balances of \$34,485,722, an increase of \$1,991,630. Of the fund balance, \$11,484 is reserved for inventory, \$1,576,033 is reserved for encumbrances, and the remaining fund balance of \$32,898,205 is unreserved undesignated. Key elements in the growth of the total special revenue fund balance are as follows:

- A significant portion of the increase was attributed to a \$1.8 million increase in the fund balance of the Valuation Fund from \$7.2 million in FY09 to \$9.0 million in FY10, a 25.0% increase. In FY10, this fund generated \$5.4 million in revenues and expenditures of \$3.6 million.
- An additional portion of the increase was attributed to the addition in FY10 of the new Department of Substance Abuse special revenue fund. In FY10, this fund generated \$1.3 million in revenues, \$960 thousand in expenditures and other financing sources of \$184 thousand for an ending fund balance of \$481 thousand.
- The increase was offset by a decrease of \$759 thousand in the Health Care GRT Fund balance from \$16.4 million in FY09 to \$15.6 million in FY10, a decrease of 4.6%. The decrease was a result of \$1.2 million in other financing uses applied to debt service payments for the 2009 GRT Revenue Bond. In addition, revenues exceeded expenditures by \$441 thousand in FY10.

Debt Service funds. As of the end of fiscal year 2010, the County's Debt Service funds reported combined ending fund balances of \$18,926,125, a decrease of \$2,144,470. All of the fund balance was reserved to pay debt service. Key elements of the decrease in the total fund balance are as follows:

- The decrease was attributed to a decrease of \$4.9 million in the Refunding Series 2005 Reserve Debt Service Fund as the fund was closed in FY10 due to the related bonds being paid off in FY10.
- The decrease was offset by an increase of \$1,650,000 which was attributed to the addition of the Series 2010B Debt Service Fund as a result to the advance refunding of the Multifamily Housing Refunding and Improvement Revenue Bond, Series 1999. In addition, there was an increase in the General Obligation Bond Debt Service Fund, the Series 1996B Debt Service

Fund, and the Refunding Series 1998 Debt Service Fund in the amount of \$776,283, \$343,435, and \$280,717 respectively.

Capital Projects funds. As of the end of fiscal year 2010, the County's Capital Project funds reported combined ending fund balances of \$16,381,676, a decrease of \$1,212,248. During the year, as capital projects are completed, the cost of the projects are reclassified as capital assets and removed from the capital project fund. Of the fund balance, \$206,470 is reserved for encumbrances and the remaining fund balance of \$16,175,206 is unreserved undesignated. Key elements of the decrease in the total fund balance are as follows:

- The majority of the decrease was attributed to a decrease of \$971 thousand in the Open Space Fund from \$11.4 million in FY09 to \$10.4 million in FY10, an 8.5% decrease. The majority of the decrease was in large part due to property tax revenue of \$1.4 million and capital outlay expenditures of \$1.7 million. There were also operating expenditures of \$224 thousand in the culture and recreation category and \$436 thousand in the public works category.
- The remainder of the decrease was attributed to a decrease of \$241 thousand in the Impact Fee Fund balance as expenditures exceeded impact fee revenue and interest income in FY10.

Proprietary funds. The County proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. Other factors concerning the finances of these funds have been discussed in the business-type activities section of the MD&A.

# Budgetary Highlights Original Budget - Final Budget Comparison.

General Fund. General fund total original budgeted revenues increased \$662,500 or by 0.3% from \$221.1 million to \$221.7 million (final). General fund total original budgeted expenditures decreased \$69,251 or by 0.03% from \$265.0 million to \$264.9 million (final). Significant changes between the original budget and the final amended budget are summarized as follows:

- The fees for services original revenue budget increased \$2.1 million from \$4.6 million to \$6.7 million. The increase was primarily attributed to a line item transfer of \$1.8 million to move budget from the miscellaneous income category to this category which was a correction to a cost center and the general ledger account. Also, additional budget of \$300 thousand was established for Waste Disposal/Recycling fees.
- The miscellaneous income original revenue budget decreased \$1.5 million from \$5.3 million to \$3.8 million. The decrease was primarily attributed to a line item transfer of \$1.8 million to move budget from this category to fees for services category which was a correction to a cost center and the general ledger account. The decrease was offset by an increase of \$345 thousand to establish general revenue budget for the Fire and Rescue Department.
- The general county original expenditure budget decreased \$3.5 million from \$45.1 million to \$41.6 million. The decrease was primarily attributed to a \$3.9 million line item transfer to the

capital outlay category for capital outlay costs related to the Cordero MESA Bus Parking project, the 620 Lomas Building Remodel project, the Juvenile Justice Improvement project, and for the purchase of a pumper/ladder.

- The fleet-facilities management original expenditure budget decreased by \$2.3 million from \$16.1 million to \$13.8 million. A majority of the decrease was attributed to a \$1.4 million line item transfer to the general county category to realign the payroll budget originally loaded incorrectly from the payroll system (Empath). In addition, a line item transfer of \$460 thousand was made to the capital outlay category for the Mobil Asset Management project and the City/Fiber project. Also, a line item transfer of \$350 was made to the general county category as a result of vehicle fuel savings.
- The social services original expenditure budget increased by \$445 thousand from \$953 thousand to \$1.4 million. The increase was attributed to line item transfers from the general county category for social services programs.
- The capital outlay original expenditure budget increased by \$4.9 million from \$9.6 million to \$14.5 million. The increase was attributed to the establishment of \$6.9 million in projects resulting in \$1.1 million for Sheriff's Fleet Replacement purchases, \$1.1 million for the Cordero MESA Bus Parking project, \$882 thousand for General Replacement purchases, \$740 thousand for the purchase of an Engine/Ladder, \$650 thousand for the Juvenile Justice Improvement project, \$600 thousand for the 415 Tijeras Sheriff's Training Facility Renovation project, \$600 thousand for the 620 Lomas Building Remodel project, \$528 thousand for IT Hardware and Software purchases, \$399 thousand to replace the HVAC system at the Atrium North Bldg., \$363 thousand for the Public Works Campus Security Improvement project, \$262 thousand for the purchase of busses for community centers, and for other various County projects. In addition, direct asset purchases budget decreased by \$2.0 million due to reclassification to the projects detailed above.

Grants Fund. An original and final budget is not presented for this fund as this is a life-to-date fund and the County does not adopt an annual operating budget during the current fiscal year.

Regional Correction Center Fund. Regional Correction Center fund total original budgeted revenues increased \$1.4 million or by 12.0% from \$11.7 million to \$13.1 million (final). Regional Correction Center fund total original budgeted expenditures increased \$1.4 million or by 11.7% from \$11.8 million to \$13.2 million (final). Significant changes between the original budget and the final amended budget are summarized as follows:

- The fees for services original revenue budget increased by \$1.4 million from \$10.0 million to \$11.4 million. The increase was attributed to \$1.4 million budget adjustment to increase the revenue budget in this category in anticipation of additional revenue in FY10 for housing inmates at the regional correction facility.
- The public safety original expenditure budget increased by \$1.4 million from \$11.8 million to \$13.2 million. The increase was attributed to \$1.4 million budget adjustment to increase the expenditure budget in anticipation of additional expenditures in FY10 for housing inmates at the regional correction facility.

Construction Fund. An original and final budget is not presented for this fund as this is a life-to-date fund and the County does not adopt an annual operating budget during the current fiscal year.

#### Budgetary Highlights - Budget to Actual

General Fund. General Fund revenues exceeded budgetary estimates by \$3,876,995 or by 1.7%. General Fund expenditures were less than budgetary estimates by \$59,761,145 or by 22.6% thus eliminating the need to draw upon existing fund balance. During the year the County incurred an excess of revenues over expenditures and other financing sources in the amount of \$14,214,858. Individual significant differences between the General Fund final budget and actual amounts are summarized as follows:

- Property tax revenue had a positive variance of \$8,587,104. The budget projections estimated a 95% collection rate of current property taxes within the County as of June 30, 2010. The actual collection rate was 94.2%. The significant reason for the positive variance was that current property tax collections were \$5,349,238 greater than budget (5.5% of budget) which was reflective of the 6.1% increase in the assessed taxable property valuation from the 2009 assessed taxable valuation which was higher than expected. In addition, delinquent tax collections, interest on current and delinquent tax collections, and penalties on current and delinquent tax collections exceeded projections by \$3,237,866.
- Gross receipt tax (GRT) revenue had a negative variance of \$7,793,028. The variance was primarily attributed to the decline in the state economy. As was the case in the state, the County slipped deep into a recession in FY09 and continued well into FY10.
- Motor vehicle revenue had a positive variance of \$895,050. The variance was primarily attributed to more revenue realized in this line item than expected.
- Intergovernmental revenue had a negative variance of \$526,600. The variance was attributed to no intergovernmental revenue recognized in the general fund in FY10.
- Licenses and permits revenue had a negative variance of \$426,125. The variance was primarily attributed to \$839,654 less in construction permit fees collected than budgeted, which was reflective of the weak construction sector in 2010 and the weak housing construction industry in the Albuquerque MSA area. The negative variance was offset by positive variances in the collection of franchise permit fees, building and zoning permit fees, and barricading permit fees.
- Fees for services revenue had a negative variance of \$1,161,174. The decrease was primarily attributed to lower than expected fees collected at the Metropolitan Detention Center (MDC) for the Community Custody Program (CCP) and for miscellaneous charges of \$441 thousand and \$299 thousand respectively. In addition, the Sheriff's Office budgeted fees for services to villages of \$313 thousand that never materialized and there was a less than expected decrease in collection of court security fees of \$366 thousand. Also, the collection of Clerk's fees was lower than budgeted by \$312 thousand. The decrease in revenue was offset by higher than expected revenue from the collection of community center fees of \$120 thousand, sports program fees of \$67 thousand, food and pool fees of \$38 thousand, pool admission and rent

fees of \$48 thousand, before and after school fees of \$52 thousand and fees for other various programs.

- Investment income revenue had a positive variance of \$2,915,289. The increase was in part attributed to a conservative budget estimate made by the County Treasurer as part of the biennial budget process. It can also be attributed to additional revenue to invest as a result of increased property tax revenue in FY10. Even though the economy was still in a recession in FY10, the County was able to exceed its budgeted estimate as a result of excellent investment management performed by the County Treasurer and an investment committee which oversees investment strategy monthly.
- Miscellaneous revenue had a positive variance of \$1,306,664. The increase was attributed to
  more than expected revenue related to rental revenue, general revenue and non-grant revenue
  reimbursements.
- Legal expenditures had a positive variance of \$762,274. The variance was primarily attributed to lower than expected expenditures for wages, salaries and fringe benefits of \$286,211 and contractual services of \$327.577.
- Risk Management expenditures had a positive variance of \$2,809,206. The variance was
  primarily attributed to lower than expected property insurance premiums of \$1,814,041, and
  less than expected expenditures for Law Enforcement Officer Liability claims in the amount of
  \$765,113.
- Information Technology expenditures had a positive variance of \$829,603 which was primarily attributed to less than expected expenditures for wages, salaries and fringe benefits.
- General County expenditures had a positive variance of \$32,075,864. The variance was primarily attributed to less than expected expenditures for contingencies of \$15,149,213 and less than expected expenditures for salary contingency of \$10,743,025. Also, there were less than expected expenditures for contractual services and for rental building and land of \$2,611,452 and \$3,445,483 respectively. In addition, there were less than expected expenditures for data processing equipment and repair of \$240,466 and budgeted expenditures of \$100,000 for vehicle gas and oil that did not occur.
- Clerk expenditures had a positive variance of \$960,931 which was primarily attributed to less than expected expenditures for election ballots and equipment maintenance and repair of \$622,114 and \$215,348 respectively.
- Fleet-Facilities Management had a positive variance of \$841,290. The variance was attributed to less than expected costs of \$493,575 for fleet facilities administration which was primarily related to utility costs, less than expected expenditures of \$171,931 for vehicle gas and oil and less than expected costs of \$245,900 for building maintenance and repair. The remaining variance balance pertained to minor adjustments in various other operating categories some of which had a negative variance effect.

- Metropolitan Detention Center (MDC) expenditures had a positive variance of \$7,159,430. A significant portion of this variance was attributed to \$2,708,930 of budgeted funds for regular salaries, overtime and fringe benefits that did not materialize and less than expected expenditures of \$3,178,327 for professional services. In addition, there were less than expected expenditures for contractual services, multiline insurance, resident care services, and utilities of \$313,632, \$541,015, \$588,473, and \$850,000 respectively. The remaining variance balance pertained to minor adjustments in various other operating categories some of which had a negative variance effect.
- Capital outlay expenditures had a positive variance of \$8,597,561. The variance was primarily attributed to less than expected expenditures of \$1,754,252 for the Renovation of the 415 Tijeras Sheriff's Training Facility project, \$1,099,562 for the Cordero Mesa Trans Line & Pump Station project, \$614,326 for the Juvenile Justice Improvement project, \$583,084 for the 620 Lomas Remodel project, \$507,956 for the Public Works Campus Security Improvement project, \$452,540 for IT Hardware & Software purchases, \$205,165 for the Rio Grande Pool project, and \$200,000 for the Fiber Connection for Public Works Campus project. The remaining variance balance pertained to various other projects with less than expected expenditures than what was budgeted.
- Principal debt service expenditures had a positive variance of \$1,061,727. The variance was attributed to budgeted expenditures for loan payments that did not materialize.

Grants Fund. A budget to actual statement is not presented for this fund as this is a life-to-date fund and the County does not adopt an annual operating budget during the current fiscal year.

Regional Correction Center Fund. Regional Correction Center Fund revenues exceeded budgetary estimates by \$2,253,846 or by 17.2%. Regional Correction Center Fund expenditures were less than budgetary estimates by \$272,529 or by 2.1% thus eliminating the need to draw upon existing fund balance. During the year the County incurred an excess of revenues over expenditures and other financing sources in the amount of \$2,383,391. Individual significant differences between the Regional Correction Center Fund final budget and actual amounts are summarized as follows:

- Fees for services revenue had a positive variance of \$2,264,646. The variance was primarily attributed to more than expected revenue generated as a result of the number of inmates housed at the regional correction facility in FY10.
- Operating expenditures had a positive variance of \$272,529 as a result of less than expected expenditures for housing inmates at the regional correction facility in FY10.

Construction Fund. A budget to actual statement is not presented for this fund as this is a life-to-date fund and the County does not adopt an annual operating budget during the current fiscal year.

#### Capital Asset and Debt Administration

Capital assets. The County's investment in capital assets for its governmental and business type activities as of June 30, 2010 amounts to \$567,821,018 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, machinery and equipment, construction in progress, and infrastructure. Each year the Board of County Commissioners updates the Capital Improvements Program (CIP) in order to plan both long and short range financing for the County's capital projects. The CIP process provides for the development and submittal of requests for the annual and six-year requests for the Capital Improvements Program. A wide range of public facilities and equipment is considered in the CIP. There are statutory requirements that provide for design, construction, major repair, reconstruction or replacement of facilities such as buildings, jails, courthouses, roadways, bridges, parks, and some heavy equipment. The County can use several types of funding for the CIP that includes General Obligation Bonds, Revenue Bonds, Special Assessment District Bonds, Federal grants and State grants and appropriations.

Citizen involvement is solicited to determine and prioritize the needs of the County by holding public meetings. The Board of County Commissioners holds periodic advertised meetings at various locations within each commission district to solicit public input and discuss the public's requests. Capital improvement projects selected by the Board and adopted in the CIP that are to be funded by general obligation bonds are placed on the ballot in the next general election. The general obligation bond schedule is based on a two-year cycle and issuance is currently limited to \$25,000,000 dollars by the Board of County Commissioners in order to maintain the same property tax rate. Other Capital improvement projects are included in the State of New Mexico Infrastructure Program for funding consideration. Major capital asset events during the current fiscal year included the following:

- In FY10, renovations continued at the old court house building located at 415 Tijeras. The building now houses the Sheriff's Training Center and various County departments including the Public Information Office, the Accounting Department, the Enterprise Resource Planning (ERP) Team, the Human Resources Training Center, and selected Information Technology staff. Additional County departments will be relocated to this building in FY11.
- Construction commenced on the Eubank Boulevard Reconstruction project in September 2010.
  The project will include road improvements to Eubank Boulevard from San Antonio Drive to
  Paseo Del Norte, including widening the roadway from two to five lanes with a center turn lane
  and providing frontage roads. The project will also provide for sidewalks and trails for pedestrian
  and bicycle travel. It is scheduled for completion in September 2011.
- Construction was completed on the Peanut Butter and Jelly Facility in FY10. The project consisted
  of demolishing an existing garage and the addition of 1,198 sq. ft. to the existing building. The
  facility specializes in the use of interactive parenting and bonding programs as an effective way to
  prevent child abuse and neglect and as a way to preserve the family unit.
- The South Valley Multi-Purpose Center facility was completed in May 2010. The facility is an 18,500 square feet community center near Atrisco and Larrazolo SW with facilities for entertainment activities for youth and the elderly and also contains a meal site.

- Construction began on the East Mountain Co-Located Sheriff, Fire and Emergency Operation Center. The facility will serve as a full-service public safety facility with joint use area that include a staging area for any emergency responder such as weather, HAZMAT incidents, wildfires, and incidents of search and rescue. The project is scheduled for completion by May 2011.
- Construction commenced on the James McGrane Jr. Public Safety Complex. The East Mountain public safety complex is named in honor of Bernalillo County Deputy James McGrane Jr. who was killed in the line of duty March 22, 2006. The 20,000 square foot complex will house fire and sheriff personnel and provide a secondary emergency operations center. It is scheduled for completion in 2011.
- Renovation commenced on the Juvenile Justice Center facility which houses Children's Court.
  Moving walls and other obstructions will create more functional space and better utilize existing
  spaces. The whole interior of the building will be painted, old flooring will be replaced and new
  fixtures and improved lighting will be installed. Completion is tentatively scheduled for April
  2011.
- Property on Wellesley Street NE was acquired to accommodate the Bernalillo County Health Office and La Familia Family Services. The property will accommodate the move of the County Health Office to this new facility and allow the non-profit La Familia Family Services a facility that better serves the varied service that they provide to children and their families. The project is currently in the design phase and construction completion is set for March 2012.
- The construction of the 5,000 square foot Fisher and Smith Gym addition commenced in September 2010. The project will add a life fitness room and a multi use exercise room to the existing Los Vecinos Community Center in the East Mountains. The life fitness room will allow for high and low impact aerobics as well as provide space for the East Mountain Charter School wrestling program and other appropriate activities through the community center programming. Completion is scheduled for May 2011.
- Renovations to the Hiland Theater continued in FY10. Eventually, the theater will be reopened and used for various community and school activities as well as live performances from local theater groups.
- In 2009, the County acquired the Southeast Heights Children's Care Facility property located on San Pablo SE. The design phase for this project has commenced and will provide improvements to the building which will accommodate a non-profit organization that will provide day care and activities for children and their families. The 7,500 square foot facility will have classrooms, activity rooms, a kitchen, playground and administrative space. The completion date is scheduled for July 2011.
- The Bachechi Open Space Park 27 acres site project located on the southeast portion of the intersection of Alameda Boulevard and the Río Grande River has commenced and will include an educational facility, a parks maintenance yard/building, and caretaker's quarter. Numerous landscape features include a boardwalk across constructed wetlands, nature trails with interpretive signs, plantings for wildlife habitat, and wildlife viewing blinds. Then completion date is scheduled for September 2011.

Additional information on the County's capital assets can be found in note IV-C. on pages 62-63 of this report.

Debt administration. The Bernalillo County Budget and Finance Division has analyzed the existing debt position of the County and has assessed the impact of future financing requirements on the County's ability to service additional debt. Review and analysis of the County's debt position is performed to provide a capital financing plan for infrastructure and other improvements. Long-term financing projections are linked with economic, demographic and financial resources expected to be available to repay the debt. Decisions regarding the use of debt are based upon a number of factors including, but not limited to, the long-term needs of the County and the amount of resources available to repay the debt. The debt policy is not expected to anticipate every future contingency in the County's capital program or future operational needs. Sufficient flexibility is required to enable County management to respond to unforeseen circumstances or new opportunities, when appropriate.

The County will maintain direct tax supported debt at a manageable level that takes into account economic factors including population, assessed valuation, and other current and future tax-supported essential needs. The decision to issue bonds, by either competitive or negotiated sale, is based upon which alternative will provide the County with lower costs. The Board of County Commissioners decides on an issue-by-issue basis which method of sale would be most appropriate. The County encourages the use of competitive sales for all issues unless circumstances dictate otherwise. Negotiated sales are considered if the sale is a complex financing structure. If a negotiated sale is anticipated, the Budget and Finance Division and County Bond Counsel establish a list of pre-qualified underwriters.

General Obligation Bonds. At the end of the current fiscal year, the County had total general obligation debt outstanding of \$105,675,000. The County has outstanding general obligation bonds for capital facilities including road improvements, storm drain improvements, library books, public safety improvements and park facility improvements. General obligation bonds are backed by the full faith and credit of the County government and are supported by ad valorem taxes. The tax rate depends upon debt service schedules and property valuation and is set by the New Mexico Department of

Finance and Administration. In fiscal year 2010, this tax is approximately \$0.880 per \$1,000 of assessed taxable value in ad valorem taxes to support general obligation bonds, which constitute direct and general obligations of the County. These bonds have retirement dates ranging from June 1, 2011 through August 1, 2027. The ratio of net general obligation bonded debt to taxable valuation and the amount of bonded debt per capita are useful indicators of the County's debt position. The State's Constitution provides for a legal debt limit of four percent (4.0%) of taxable valuation. The ratio for the County is less than one percent (0.71%) of the \$14.8 billion taxable value of property within Bernalillo County, as of June 30, 2010. The County may currently issue up to an additional \$487.2 million of general obligation bonds. The net general bonded debt per capita is \$160.88. The lowest per capita amount in the last ten fiscal years was \$112.77 in fiscal year ended June 30, 2002. The County's ratings on uninsured general obligation bonds as of June 30, 2010 were:

- Moody's Investors Service, Inc. Aaa
- Standard & Poor's Rating Service AAA
- Fitch Agency AAA

Revenue Bonds. At the end of the current fiscal year, the County had total revenue bond debt outstanding of \$208,955,000. The County has nine outstanding revenue bonds: the 1996B series, the 1997 series, the 1998 refunding series, the 2002 series, the 2005 partial refunding series, the 2008A series, the 2010A series, and the 2010B series. These bonds are payable from net pledged gross receipt tax revenues. Although the bonds are general obligations of the County, the County intends to pay the bonds solely from the net pledged revenues. The pledged revenue coverage of gross receipts tax revenues to debt service requirements is 3.41. The lowest pledged revenue coverage in the last nine fiscal years was 2.19 in fiscal year 2002. These bonds have retirement dates ranging from August 1, 2010 through June 15, 2029. The County's ratings on gross receipt tax revenue bonds as of June 30, 2010 were:

- Moody's Investors Service, Inc. Aa2
- Standard & Poor's Rating Service AAA
- Fitch Agency AA+

#### General Obligation and Revenue Bonds Outstanding

		nmental vities			ness-type tivities
	2010	2009	2	2010	2009
General obligation bonds	\$ 105,675,000	\$102,080,000	\$	-	\$ -
Revenue bonds	208,955.000	205,445,000		-	1,655,000
Total	\$314,630,000	\$307,525,000	\$	_	\$1,655,000

As presented above, the County's total outstanding bond debt increased by \$5,450,000 during the current fiscal year. Additional information on the County's long-term debt can be found in note IV.F on pages 65-68 of this report and in the statistical section of this report.

#### Economic Factors and Next Year's Budgets and Rates

The County's Board of Commissioners and Manager considered many factors when setting the fiscal year 2011 budget. The County's operating budgeted appropriations were reduced approximately 1.9 percent from FY10 levels based on these factors. According to forecasts by the University of New Mexico's Bureau of Business and Economic Research, the outlook for the New Mexico economy is not particularly good. The recession is expected to linger through the fourth quarter of 2010 before beginning a slow climb back. Employment is expected to decline by 1.3 percent in 2010, followed by a 0.6 percent gain in 2011. New Mexico personal income growth will reach 2.6 percent in both 2010 and 2011, and then gradually increase to 5.1 percent by 2015. The unemployment rate will peak at 8.6 percent in 2010 and then gradually decline to 6.8 percent by 2015.

The outlook for the Albuquerque MSA economy is not so good in the near term. The recession is expected to continue through the end of 2010 and is expected to start a recovery in 2011 and reach full stride by the second half of 2012. Nonfarm employment growth will post a decline of 1.4 percent this year and will post a gain of 0.8 percent in 2011 and 1.8 percent in 2012. Growth will slow thereafter reaching 1.4 percent in 2015. Personal income growth will increase from 1.7 percent this year to 3.1 percent in 2011, and will show a pattern of increasing growth through 2015. The unemployment rate in June 2010 was 8.6 percent—slightly lower than the national rate of 9.5 percent but still higher than the statewide rate of 8.2 percent. Forecasts indicate the unemployment rate will hover around 8 percent in the Albuquerque MSA through 2013 before declining to 7 percent by 2015.

The Albuquerque MSA economy lost 4,933 (net) jobs during the second quarter of 2010. Only three of the twelve sectors showed a net increase in jobs, government, educational services & health care and wholesale trade. The Government sector employment rose by 1,800 which were mostly in the federal sector, although the state government added a few jobs. The federal sector jobs were part of the 2010 Census and also with the US Forest Service. Health Care employment posted a net increase of 1,133 jobs and Wholesale Trade jobs increased by 400. This sector will see little employment growth in the next few years. State and local government employment will see minimal gains in the near term, with moderate gains in the coming years. Federal government employment gains of 7.7 percent this year reflects Census 2010 and US Forest Service hiring, but will decline as hundreds of Census 2010 workers are released.

The construction sector remains a problem, losing another 2,433 jobs. Housing in the City of Albuquerque posted a small gain during the second quarter of 2010, up 7.2 percent, but the number of units has not been large. Rio Rancho housing permits were down 31.9 percent in the second quarter. The total value of construction contracts awarded during the second quarter was 28.1 percent below a year ago. Residential contracts were up 33.8 percent, but non-residential contracts were off 61.3 percent, and non-building contracts dropped 29.7 percent. The construction sector is expected to return to growth status, but not until 2012. Housing is expected to begin a comeback this year, but will not gain strength until 2011.

Employment in the professional and business services was 2,167 below a year ago. The losses included temporary jobs and the closing of the Sento, Inc. call center. Also included was a large layoff at the Lockheed Martin call center in Albuquerque. This sector will see an employment gain of 2.3 percent in 2011 and gains in excess of 2.5 percent each year thereafter. Hiring will continue at Fidelity Investments and the Hewlett-Packard call center in Rio Rancho will open adding as many as 1,350 jobs during the first year of operation.

The manufacturing sector is expected to show employment gains of 1.6 percent next year, 3.8 percent in 2012, and 2.7 percent in 2013. New jobs will be appearing at Intel, General Mills, Applied Technology Associates, and Solar Distinction.

The Albuquerque economy is expected to recover and will come from numerous sources. The educational services and health care sector will continue to be a significant source of new jobs. Employment is expected to increase by 2.2 percent in 2010, and then climb to 2.7 percent and 2.8 percent in 2011 and 2012 respectively as Presbyterian Health Systems plans to open a new full-service hospital in Rio Rancho. Employment is expected to average just over 2.0 percent from 2013 through 2015. Valencia County also plans to build a hospital within two years. The professional and business services sector will also provide a substantial boost as will the manufacturing sector. In addition, the construction sector is also expected to return to growth mode by sometime in 2012.

Thus, the Albuquerque MSA near term economy is still in a recession, but recovery is expected to commence in 2011 and take hold by the second half of 2012.

#### Request for Information

This financial report is designed to provide a general overview of the County's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Deputy County Manager for Budget and Finance, One Civic Plaza,  $NW - 10^{th}$  Floor, Albuquerque, New Mexico 87102.

# COUNTY OF BERNALILLO, NEW MEXICO RECONCILIATION OF THE BALANCE SHEET GOVERNMENTAL FUNDS TO THE STATEMENT OF NET ASSETS JUNE 30, 2010

Amounts reported for governmental activities in the statement of net assets are different because:

Total fund balance governmental funds (page 34)	\$ 373,371,031
Capital assets used in governmental activities are not financial resources and, therefore, are	
not reported in the funds.	563,826,219
Investments in joint ventures are not reported in the Governmental funds.	633,000
Other long-term assets are not available to pay for current-period expenditures and, therefore,	
are deferred in the funds.	1,152,897
Internal service funds are used by management to charge the cost of insurance to individual	
funds. The assets and liabilities of the internal service funds are included in governmental	
activities in the statement of net assets.	1,601,449
Long-term liabilities, including bonds payable, are not due and payable in the current period and	
therefore are not reported in the funds.	(345,038,338)
Accrued Interest Payable	(3,856,093)
Recognition of property tax revenue (less allowance for uncollectible accounts) on full accrual	
basis. Governmental funds recognize property tax revenue on the modified accrual basis.	10,672,051
Net assets governmental activities. (page 32)	\$ 602,362,216

COUNTY OF BERNALILLO, NEW MEXICO
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2010

Amounts reported for governmental activities in the statement of activities are different because:

Net changes in fund balances total governmental funds (page 36)	\$	25,090,701
Governmental funds report capital outlay as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.		13,201,167
The net effect of sale of capital assets is to increase net assets. In the statement of activities, only the gain on the sale of capital assets is reported. However, in the governmental funds, the proceeds from the sale increases financial resources.  Thus, the change in net assets differs from the change in fund balance by the cost of specific pagets and		(22.400)
capital assets sold.		(23,120)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		2,458,796
The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.		(7,090,376)
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.		(1,386,800)
	_	
Change in net assets of governmental acitivities (page 33)		32,250,368

# COUNTY OF BERNALILLO, NEW MEXICO NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2010

#### 1. Summary of significant accounting policies

The financial statements of the County of Bernalillo (County) have been prepared in conformity with generally accepted accounting principles as applied to governmental entities. The significant governmental accounting policies are described below.

#### A. Reporting entity

The County was established by the laws of the Territory of New Mexico of 1876, under the provisions of the act now referred to as Section 4-1-1 of the New Mexico Statutes Annotated, 1978 Compilation. The County operates under the commission-manager form of government and provides the following services as authorized in the grant of powers: public safety (sheriff, fire, emergency medical, etc.), highways and streets, sanitation, health and social services, low rent housing assistance, culture-recreation, public improvements, planning and zoning, and general administration services.

The County's basic financial statements include all activities and accounts of the County's "financial reporting entity."

The financial reporting entity consists of (a) the primary government, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The definition of the reporting entity is based primarily on the notion of financial accountability. A primary government is financially accountable for the organizations that make up its legal entity. It is also financially accountable for legally separate organizations if its officials appoint a voting majority of an organization's governing body, and either it is able to impose its will on that organization, or there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens, on the primary government. A primary government may also be financially accountable for governmental organizations that are fiscally dependent on it.

A primary government has the ability to impose its will on an organization if it can significantly influence the programs, projects, activities, or level of services performed or provided by the organization. A financial benefit or burden relationship exists if the primary government (a) is entitled to the organization's resources; (b) is legally obligated or has otherwise assumed the obligation to finance the deficits of, or provide financial support to, the organization; or (c) is obligated in some manner for the debt of the organization. There are no agencies, organizations or activities meeting any of the above criteria that are excluded from the County's reporting entity.

## COUNTY OF BERNALILLO, NEW MEXICO NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2010

Some organizations are included as component units because of their fiscal dependency on the primary government if they are unable to adopt a budget, levy taxes or set rates or charges, or issue bonded debt without approval by the primary government.

There are no component units during the fiscal year ended June 30, 2010.

#### B. Government-wide and fund financial statements

The government-wide financial statements (i.e., the statement of net assets and the statement of changes in net assets) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

#### C. Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Fiduciary fund financial statements are reported using the accrual basis of accounting and have no measurement focus. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available

# COUNTY OF BERNALILLO, NEW MEXICO NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2010

when they are collectible within the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures, generally are recorded when a liability is incurred, as under account accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is made.

Property taxes, gross receipts taxes, motor vehicle taxes, cigarette taxes, gasoline taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Derived gross receipts tax revenue is recognized when the underlying exchange transaction takes place. A small portion of the gross receipts tax revenue is derived from an estimate of delinquent taxes not yet collected and available. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the County.

The County reports the following major governmental funds:

The General fund is the County's primary operating fund. It accounts for all the financial resources of the general government, except those required to be accounted for in another fund.

The Grants fund accounts for various federal, state and other grant funding resources to be used for specific purposes agreed to between the County and the funding sources as enumerated in the grant agreement/contract.

The Regional Correctional Center accounts for monies received from the U.S. Marshall Service, the Justice Prisoner and Alien Transportation System and the Federal Bureau of Prisons through a Cooperative Agreement Program and Intergovernmental Agreement for the lease of a County owned jail facility under the authority of Section 33-3-27 NMSA, 1978.

The Construction fund accounts for financial resources to be used for the acquisition or construction of major capital facilities.

The County reports the following major proprietary funds:

The Bernalillo County Housing Authority accounts for the provision of administrative services to the County's HUD Section 8 Annual Contribution Contract, No. FW-5325; property management services to the Bernalillo County Housing and Redevelopment Corporation; and for the costs of contracting for the future construction of other housing projects of the County. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, rental contract negotiation, and collection.

## COUNTY OF BERNALILLO, NEW MEXICO NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2010

Additionally, the government reports the following fund types:

Internal service funds account for operations that provide services to other departments or agencies of the County on a cost-reimbursement basis. The County's internal service fund is the Risk Management fund, which is used to account for its risk management activities.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The County has elected not to follow subsequent private-sector guidance.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the government's risk management and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and/or delivering goods in connection with proprietary fund's principal ongoing operations. Approximately 84% of the operating revenues of the County's five proprietary funds consist of user and administrative fees.

The modified accrual basis of accounting is followed by the governmental fund types for financial statement purposes. Under the modified accrual basis of accounting, revenues and other governmental fund financial resource increments are recognized in the accounting period in which they become measurable and available to pay liabilities of the current period (amounts collected within 60 days after year end).

Those revenues susceptible to accrual are property taxes, gross receipts taxes, investment income and charges for services. Grant revenues are recognized as revenues when the related costs are incurred. All other revenues are recognized when they are received and are not susceptible to accrual, because they are usually not measurable until payment is actually received. Expenditures are recorded as liabilities when they are incurred, except for unmatured interest on general long-term debt which is recognized when due, and certain

compensated absences which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

The accrual basis of accounting is utilized by proprietary fund types. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

The County reports unearned revenue on its combined balance sheet. Unearned revenues arise when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Unearned revenues also arise when resources are received by the County before it has legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods when both revenue recognition criteria methods are met or when the County has a legal claim to the resources, the liability for deferred revenue is removed from the combined balance sheet and revenue is recognized.

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, and then unrestricted resources as they are recorded.

### D. Assets, liabilities, and net assets or equity

#### 1. Deposits and investments

The County's cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. Investments in the County's cash are stated at fair value using quoted market prices for financial statement purposes. Interest income, realized gains and losses on investment transactions, and amortization of premiums/discounts on investment purchases are included for financial statement purposes as investment income and are allocated to participating funds based on the specific identification of the source of funds for a given investment.

State Statute Sections 6-10-44 and 6-10-10(f), NMSA 1978, as amended, authorize the County Treasurer to invest in United States Treasury certificates, United States Treasury bonds or negotiable securities of the United States, bonds or negotiable securities of the State of New Mexico or of any county, municipality, or school district and yield maintenance repurchase agreements with the advice and consent of the County Board of Finance. The Treasurer's investment procedures must be consistent with Bernalillo County Investment Policy.

### 2. Receivables and payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year that are expected to be paid back within the year are

referred to as "due to/from other funds." Lending/borrowing arrangements not expected to be paid back within the year are referred to as "advances to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the governmental-wide financial statements as "internal balances."

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

All property tax receivables are shown net of an allowance for uncollectibles. The property tax receivable allowance is equal to 7% of outstanding property taxes at June 30, 2010.

The County is responsible for assessing, collecting and distributing property taxes for other governmental entities and its own operational and debt service purposes. Property taxes are assessed on November 1 of each year based on the assessed value on the prior January 1 and are payable in two equal installments by November 10 of the year in which the tax bill is prepared and by April 10 of the following year. Property taxes are delinquent if not paid by December 10 and May 10. Taxes on real property are a lien from January 1 of the year for which the taxes are imposed. Collections and remittance of County property taxes are accounted for in the County Treasurer Agency Funds. The billings are considered past due 60 days after the respective tax billing date, at which time the applicable property is subject to lien, and penalties and interest are assessed.

#### 3. Inventories

The inventories in the general fund consist of warehouse items, supplies, fuel, vehicle parts, and fluids. Inventories in the fire district fund consist of office and janitorial supplies and some general miscellaneous items. Inventories are recorded using the average cost method. The costs of inventories in governmental fund types are recorded as expenditures when purchased; therefore, the inventory amount is not available for appropriation.

#### 4. Capital assets

Capital assets, which include property, plant, equipment, software, and infrastructure assets (e.g., roads, bridges, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The County defines capital assets as assets with an initial, individual cost of more than \$1,000 and estimated useful life in excess of one year and after July 1, 2005 an individual cost of \$5,000. Purchased or constructed assets are recorded at historical cost or estimated cost. Donated capital assets are recorded as estimated fair market value at the date of the donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Property, plant, and equipment of the primary government, as well as the component units, is depreciated using the straight line method over the following estimated useful lives:

Assets	<u>Years</u>
Infrastructure	10-80
Buildings and other improvements	15-40
Machinery and equipment	5-10

#### 5. Restricted assets

Certain resources are set aside for repayment of General Obligation and Special Revenue Bonds, and are classified as restricted assets on the balance sheet because they are maintained in separate bank accounts and their use is limited to the applicable bond covenants.

### 6. Compensated absences

County employees may accumulate limited amounts of vacation pay which are payable to the employee upon termination or retirement. For governmental funds, expenditures are recognized during the period in which vacation costs become payable from available, expendable resources. A liability for these amounts is reported in governmental funds only if they matured, for example, as a result of employee resignations and retirements. A liability for amounts earned but not payable from available, expendable resources is reported in the government-wide financial statements. For proprietary funds, vacation costs are recognized as a liability when earned.

County employees may accumulate limited amounts of sick leave. For governmental funds, expenditures are recognized during the period in which sick leave costs become payable from available, expendable resources. For proprietary funds, sick leave costs are recognized when vested or taken, whichever occurs first.

### 7. Long-term obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

#### 8. Net assets

The government-wide and business-type activities fund financial statements utilize a net assets presentation. Net assets are categorized as follows:

Investment in capital assets, net of related debt – This category reflects the portion of net assets that are associated with capital assets less outstanding capital asset related debt.

Restricted net assets – This category reflects the portion of net assets that have third party limitations on their use.

Unrestricted net assets - This category reflects net assets of the County, not restricted for any project or other purpose.

### 9. Fund equity reservations and designations

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted. Designations represent tentative managerial plans that are subject to change. Fund equity was reserved for:

Reserved for debt service - Amounts legally restricted for the payment of long-term debt.

Reserved for inventory - Segregates a portion to indicate that although supplies inventory is an asset, it does not represent an available, spendable resource.

Reserved for prepaid items – Segregates a portion to indicate that although prepaid items are an asset, id does not represent an available, spendable resource.

Reserved for note receivable - Segregates a portion to indicate that although the notes receivable is an asset, it does not represent an available, spendable resource.

Reserved for advances to other funds - The amount of advances to other funds not available for appropriation and/or expenditure.

Reserved for encumbrances - Represents the amounts that were budgeted as current year expenditures, which were unspent at year-end and which were encumbered and rebudgeted for the subsequent year.

Reserve for reserve requirement – Represents the 3/12 of budgeted expenditures in the general fund that is required by the New Mexico Department of Finance and Administration to maintain an adequate cash flow.

Unreserved designated for subsequent years' expenditures - Represents the amounts, other than carryover expenditures, that are required to be designated for subsequent years' expenditures.

### 10. Cash flows

For purposes of the Statement of Cash Flows, the various enterprise funds consider all highly liquid assets (excluding restricted assets) with maturity of three months or less when purchased to be cash equivalents.

### 11. Bond premiums/issuance costs

In governmental fund types, bond premiums and issuance costs are recognized in the current period. Bond premiums are presented, separately as other financing sources.

#### 12. Presentation

Similar funds were combined from prior years in the County's new financial system for capital projects and grants for configuration purposes.

#### 13. Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

### II. Reconciliation of government-wide and fund financial statements

# A. Explanation of certain differences between the governmental fund balance sheet and the government -wide statement of net assets

The governmental fund balance sheet includes a reconciliation between fund balance – total governmental funds and net assets –governmental activities as reported in the government-wide statement of net assets. One element of that reconciliation explains that "long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds." The details of this difference are as follows:

Bonds payable	
GO Bonds	\$ (105,675,000)
Revenue Bonds	(208,955,000)
Deferred amounts Premium, Discounts, and Refunding	(4,169,671)
Compensated absences	(26,238,667)
Net adjustment to reduce fund balance - total governmental funds	
To arrive at net assets – governmental activities	\$ (345,038,338)

# B. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities.

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net changes in fund balances – total governmental funds and changes in net assets of governmental activities as reported in the government-wide statement of activities. One element of that reconciliation explains that, "Governmental funds report capital outlay as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense." The details of this difference are as follows:

Capital outlay	\$ 37,648,304
Capital outlay - Internal labor Included in operating expenses	932,758
Donated assets	2,434,647
Depreciation expense	 (27,814,542)
Net adjustment to decrease net changes in fund balances - total	
Governmental funds to arrive at changes in net assets of	
Governmental activities	\$ 13,201,167

Another element of that reconciliation states that, "the issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. The details of this difference are as follows:

Debt issued or incurred:	
Issuance of general obligation bonds	\$ (25,855,000)
Issuance of revenue bonds	(19,650,000)
Bond issuance cost	366,847
Discount	169,883
Premium	(1,366,406)
Principal repayments:	
General obligation bonds	7,415,000
Revenue bonds	16,140,000
Payment to escrow agent -partial retirement of debt	
Series 2001	3,420,000
Series 2002	11,425,000
Deferred charge refunding	844,300
Net adjustment to decrease net changes in fund balances -	
Total governmental funds to arrive at changes in net assets	
of governmental activities	\$ (7,090,376)

Another element of that reconciliation states that "Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds." The details of this difference are as follows:

Compensated absences	\$ (1,003,301)
Accrued interest	519,835
Amortization of premium	678,756
Amortization of deferred charge on refunding	(1,101,047)
Amortization of bond discounts	(40,084)
Amortization of issuance cost	(440,959)
Net adjustment to decrease net changes in fund balances - total	
Governmental funds to arrive at changes in net assets of	
Governmental activities	\$ (1,386,800)

### III. Stewardship, compliance and accountability

### A. Budgetary information

Actual amounts on the budgetary basis financial statements are prepared on the cash basis of accounting which recognizes revenues when received and expenditures when paid. Annual budgets are adopted for the general, internal service, most special revenue, debt service funds, and some proprietary funds. The proprietary funds, and the following governmental funds did not adopt annual operating budgets during the current fiscal year:

Special Revenue:

Grants
Section 8 Housing – Vouchers
Sheriff's Investigative Fund

Debt Service:

Series 1996B Reserve Series 1997 Reserve Refunding Series 1998 Reserve

All Capital Projects Funds
Proprietary Funds
Bernalillo County Housing Authority
Seybold Village Handicapped Project
El Centro Familiar

Budget amounts for Capital Projects Funds and certain Special Revenue Funds are individual project budgets authorized by the County Commission for the entire length of the project. The County Manager has administrative authority to make line item changes within a specific capital project without County Commission approval if the total change does not exceed 10 percent of the original budget. Once the County Commission has approved grant applications for projects, the County Manager is authorized to expend any funds awarded as a result of the grant application.

The County Manager is responsible for preparing the budget from requests submitted by division directors. The appropriated budget is prepared by line item within object class, program, department and fund; revenues expected to be available are estimated to provide for balanced budgeting. The comprehensive budget package is brought before the County Commissioners for approval by resolution. The proposed budget is then submitted by June 1 to the New Mexico Department of Finance and Administration Local Government Division (DFA) for approval. DFA certifies a pending budget by July 1 with final certification of the budget by the first Monday of September. The expenditure section of the budget, once adopted, is legally binding. Based on the final certified budget submitted, DFA certifies the allowable tax rates for property taxes in September.

Transfers of appropriations within a fund may be made with cognizant Deputy County Manager or elected official approval. Increases or decreases in the budget of a fund or transfers of appropriations between funds must be presented to the County Commission for approval by resolution and must subsequently have DFA approval. Amendments made to the

original budget are included in the budgetary comparison statements of this report, which reflect actual to budget.

Budgets and amendments to the budgets for all funds are adopted in a legally permissible manner. The legal level of budgetary control is the fund level. Expenditures may not legally exceed budgeted appropriations at the fund level except for the Emergency Medical Services and Fire District funds, whose legal level of budgetary authority is at the program or district level. All outstanding encumbrances must be rebudgeted in the next year's budget. During the year, several supplementary appropriations were necessary.

### Budgetary compliance - non GAAP financial statements

The County prepares its annual budget on a non-GAAP basis of accounting as described above. A reconciliation of the general fund and regional correction center non-GAAP statement to the GAAP statement is as follows:

			Regional
			Correction
	(	General Fund	Center
Net change in fund balance – GAAP basis (Increase) decrease in assets:	\$	18,460,255	\$ 1,771,542
Accounts receivable	,	(3,316,386)	21,718
Due to/from other funds		1,685,907	-
Accrued interest		(4,134,940)	-
Prepaid expenses		(39,245)	-
Increase (decrease) in liabilities:			
Accounts payable		(637,715)	590,131
Due to other funds		(408,868)	~
Deferred revenue		2,188,888	-
Accrued payroll		416,962	-
Net changes in fund balance - Budget to actual	\$_	14,214,858	\$ 2,383,391

### B. Deficit fund equity

There is an unreserved/undesignated deficit fund balance in the Grants Fund of \$1,095,670. The deficit fund balance is primarily attributed to a large encumbrance balance at year-end. The County expects to bill the granting agency in the future to cover the deficit in the grants fund. There is a deficit net asset balance of \$393,239 in the Solid Waste Fund. The County expects that FY11 operating revenue in addition to a subsidy from the general fund will be sufficient to cover the deficit.

### IV. Detailed notes on all funds

#### A. Cash and investments

As of June 30, 2010, the County had the following investments.

Investment Type	Fair Value	Weighted Maturity Average (Months)
Federal Farm Credit Agency	\$ 11,194,740	4.68
Federal Home Loan Bank	60,435,923	17.59
Federal Mortgage Acceptance Corp.	45,642,186	19.84
Federal National Mortgage Assoc.	111,797,004	51.38
Repurchase Agreements	16,681,279	8.63
Certificate of Deposits	17,100,000	0.56
Total fair value	\$ 262,851,132	
Portfolio weighted average maturity		1.70

Interest Rate Risk. The County's investment policy does not limit investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk. The County's investments shall be in accordance with State Law, 6-10-10, and 6-10-10.1 NMSA 1978 in that credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Investments are made as a prudent person would be expected to act, with discretion and intelligence, to seek reasonable income, preserve capital, and, in general, avoid speculative investments. The County invests in securities issued by the U.S. government or its agencies, money market funds consisting of U.S. government and/or U.S. government-sponsored agency securities, and repurchase agreements.

As of June 30, 2010, the County's investments in U.S. Agencies with the Federal Farm Credit Agency, the Federal Home Loan Bank, the Federal Mortgage Acceptance Corporation, and the Federal National Mortgage Association were all rated Aaa by Moody's Investors Service and AAA by Standard & Poor's. The County's investments in Repurchase Agreements were rated between A1 and Aa1 by Moody's Investors Service and between AA- to AAA by Standard & Poor's.

Concentration of Credit Risk. The County's investment policy places no limit on the amount the County may invest in any one issuer. 6.5% of the County's investments are in Certificates of Deposit with the County's local banks with maturities ranging from 23 days to 1 year. The County's investments in U.S agencies total 23.0% with the Federal Home Loan Bank, 17.4% with the Federal Mortgage Acceptance Corporation, and 42.5% with the Federal National Mortgage Association and the remainder of 6.3% is invested in Repurchase Agreements. Of the total investments of \$262,851,132, 18.5 % is invested with Jefferies & Co., 9.7 % is invested

with LF Financial, LLC, 9.6% is invested with Multi-Bank Securities, 16.3% is invested with Raymond James & Assoc., Inc., and 17.3% is invested with USB Financial.

Custodial Credit Risk. Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of its investments or collateral securities that are in the possession of another party. GASB Statement No. 40 requires that the following disclosure be made in respect to custodial credit risks relating to deposits and investments: \$17,100,000 of Bernalillo County's deposits with financial institutions were held in collateralized accounts. All Customer Deposit Accounts met or exceeded the state collateralized requirements.

As of June 30, 2010, \$1,759,670 of the County's deposits was exposed to collateral risk. \$1,759,670 with First National Bank of Santa Fe was uninsured. All other balances are not exposed to any custodial risk. They are fully collateralized and the collateral is held in the County's name. The County's investments in U.S. Agencies carry the explicit guarantee of the U.S. Government. All are fully collateralized and the collateral is held in the County's name.

Additionally, as of June 30, 2010 those deposits along with the County's Federal Agency Securities were held by the safekeeping department of the Wells Fargo Trust. On September 30, 2009, KPMG LLP issued an unqualified opinion for the SAS 70 requirement of Wells Fargo Trust Operations.

A reconciliation of cash and investments for the County follows:

Bank accounts	\$ 116,404,653
Petty cash on hand	1,265
Carrying amount of investments	262,851,132
Total cash and investments	\$ 379,257,050

#### Statement of Net Assets

Primary Government		
Cash and investments:	\$	348,113,455
Cash-restricted		11,747,530
Statement of Fiduciary Net Assets	_	19,396,065
Total cash, investment	\$	379,257,050

The County is required to obtain from each bank that is a depository for public funds pledged collateral in an aggregate amount equal to one half of the public money in each account (section 6-10-17 NMSA 1978). Some deposits are collateralized at higher levels based on the State of New Mexico Treasurer's office risk assessment as required by 2.60.4.9 NMAC. The pledged collateral is stated at market value as of June 30, 2010.

#### Note receivable

On April 27, 2004 the County Commission approved a \$200,000 loan to the Mid-Region Council of Governments (MRCOG) for renovations at the office building at 809 Copper Avenue NW that is owned by the County and leased to MRCOG under a lease purchase agreement. The money will be repaid over 15 years with interest at 3.9% and principle payments of \$1,470. The balance of this note was \$141,768 at June 30, 2010. The second note balance for \$69,761 with the Duran family is due in 30 years, with an interest rate of 6%. The total note receivable for June 30, 2010 is \$211,529.

# C. Capital assets

Capital asset activity for the year was as follows:

### D. Interfund receivables, payables, and transfers

The composition of interfund balances as of June 30, 2010, is as follows:

Due to	Due From	<u>Amount</u>
General	Grants	\$ 7,403,700
	Major Enterprise	1,859,990
	Non-major enterprise funds	7,238
Capital Construction	General	1,048
Non-major Fund	Non-major Funds	55,944
•	Major enterprise	188,721
	Non-major enterprise funds	15,927
Major enterprise funds	Non-major funds	1,431,899
	Non-major enterprise funds	434,151
Internal Service fund	General	331,297
Non-major enterprise funds	General	39,000
,	Non-major funds	11,938
	Major enterprise funds	186,850
	Non-major enterprise funds	4,792
	Total	\$ 11,972,495

The outstanding balances between funds result mainly from the time lag between the dates that 1.) interfund goods and services are provided or reimbursable expenditures occur, 2.) transactions are recorded in the accounting system, and 3.) payments between funds are made. These balances, also include advances made to internal service funds that the general fund expects to collect in subsequent year.

Advances. For the purpose of financing cost-reimbursement grants, the general fund advanced the grants fund \$1,497,000 which is outstanding at June 30, 2010. The 2010B Debt Service Fund advanced the Housing Authority \$1,650,000 to refund a bond.

During the year, the County makes various transfers of monies to fund debt service payments, capital projects, and to reimburse the General fund for cost incurred on behalf of other funds. Interfund transfers for the year ended June 30, 2010 were as follows:

		General Fund	Nonmajor Governmental Funds	Total
Transfer in:				
General fund	\$	-	\$ 8,479,541	\$ 8,479,541
Grants		44,535	-	44,535
Construction fund		2,148,604	1,688,000	3,836,604
Nonmajor fund		14,031	8,096,619	8,110,650
Total	S	2,207,170	\$ 18,264,160	\$ 20,471,330

### E. Leases

### Operating Leases

During the fiscal year ended June 30, 2010, the County leased equipment, and office space under operating leases. The County's expenditures on those leases for the fiscal year ended June 30, 2010, were \$1,289,507. The County's future minimum rental commitments, accounted for as operating leases at June 30, 2010, are as follows:

	Amount	
2011	\$ 85,40	04
2012	76,80	08
Total	\$ 162,2	12

The County shares building expense on One Civic Plaza (City/County Building) on a year-to-year basis. A joint City/County annual operating budget for the building is established one month prior to the commencement of the fiscal year. During the year, the County, as lessor, leased various office spaces at a cost of approximately \$6.2 million and a carrying amount of \$2.2 million under operating leases. Rental revenue was \$1,858,940 and depreciation expense on those assets was \$242,820.

### F. Long-term debt

### Changes in long-term liabilities

Long-term liability activity for the year ended June 30, 2010, was as follows:

								A	moun	its	
	J	Balance					Balance	D۱	ıe witl	hin

Compensated absences for governmental activities are generally liquidated by the general fund.

General Obligation (GO) Bonds are direct obligations of the County for which its full faith and credit are pledged and are payable from taxes levied on property located within the County. The County issues GO bonds to provide funds for the acquisition and construction of major capital facilities, and purchase of library books. Debt related to non-capital library books is \$3,858,062 and debt related to unspent proceeds is \$104,723,789. During fiscal year 2010 the County issued

\$25,855,000 in GO bonds. The GO bonds outstanding as of June 30, 2010 are comprised of the following issues:

Issue	Amount	Interest Rate	Final Maturity
Series 1997	\$ 5,940,000	4.75%	December 1, 2017
Series 1999	11,570,000	4.50%	August 1, 2019

2016-2020	45,025,000		26,480,087			
2021-2025	49,255,000		14,702,998			
2026-2029	25,655,000		1,948,237			
	\$ 208,955,000	\$	80,701,645			

Advance and Current Refunding. On June 3, 2010 the County issued \$15,105,000 of general obligation refunding bonds with an average interest rate of 3.16% to advance refund \$3,420,000 of series 2001 bonds outstanding with an average interest rate of 4.55% and \$11,425,000 of series 2002 bonds outstanding with an average interest rate of 4.19%. The net proceeds of \$15,707,892 (including premium of \$800,098 and \$197,206 in underwriting discounts and issuance cost) were used to purchase U.S government securities that were placed in an irrevocable trust with an escrow agent to provide for all future debt service payments for the 2001 and 2002 Series bonds. As a result, the 2001 and 2002 Series bonds are considered defeased and the liability for those bonds has been removed from the government-wide statement of net assets. The difference between the cash flows required to service the old debt and the cash flow required to service the new debt and complete the advance refunding is \$817,057. The advance refunding resulted in an economic gain of \$702,115.

On June 15, 2010 the County issued \$1,650,000 of special revenue bonds with an average rate of 3.368% to advance refund \$1,610,000 of the Multifamily Housing Refunding and Improvement

Revenue bonds (Housing) with a fixed interest rate of 5.85% and the liability for these bonds are accounted for in the governmental activities of the statement of net assets. The net proceeds of \$1,617,022 (including premium of \$5,221 and \$38,200 underwriting discounts and issuance cost) were used to pay off the debt service for the Housing bonds accounted for in the business type activities in the statement of net assets. As a result, the Housing bonds are considered defeased and the liability for those bonds has been removed from the government-wide statement of net assets. The difference between the cash flows required to service the old debt and the cash flow to service the new debt and complete the advance refunding is \$282,542. The advance refunding resulted in an economic gain of \$233,222.

Prior Refunding. In prior years, the County defeased certain general obligation and gross receipts tax revenue bonds by placing cash in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the County's financial statements. At June 30, 2010, \$14,845,000 of general obligation bonds outstanding is considered defeased.

#### G. Short-term debt

### Tax and Revenue Anticipation Notes

During the year the County issued no tax and revenue anticipation notes (TRANs) and paid off prior years. County issues TRANs in advance of property tax collections, depositing the proceeds in its general fund. These notes are used to finance current expenditures pending receipt of tax payments in May and November.

Short-term debt activity for the year ended was as follows:

	Balance			Balance
	June 30, 2009	Additions	Deletions	June 30, 2010
Governmental Activities: Bonds and notes payable:				
Tax anticipation notes	\$ 55,000,000	\$ -	\$ (55,000,000)	\$ -

### H. Special assessment bonds

The County, acting as the agent for the property owners, issued Special Assessment District Improvement Bonds to finance street and road improvements. The bonds are payable from and secured by a pledge of district special assessments. For redemption purposes, the bonds are numbered consecutively. All or any part of the bonds are subject to redemption in numerical order at the option of the County on any interest payment date prior to maturity, at a price equal to the principal amount thereof plus accrued interest to the redemption. The bonds bear interest from their issue date and are paid semiannually thereafter until paid. The bonds are not a debt of the County, and the County did not pledge its full faith and credit for payment of the bonds. The

payment of the bonds is not secured by any encumbrance, mortgage, or other pledge of property of the County except for district special assessments. No property of the County, subject to foregoing exception, shall be liable to be forfeited or taken in payment of the bonds.

The activities relating to the collection of special assessments and the payments on special assessment bonds are included in the agency fund accounts.

The following is a summary of Special Assessment Bonds payable as of June 30, 2010:

Improvement Bonds	Interest Rate	Date Issued	Date Series <u>M</u> atures	Amount of Original Issue	Bonds Outstanding June 30, 2010
Comanche Griegos BC-83-1A Comanche	7.25%	12/03	12/15/23	\$1,390,000	\$240,000
Griegos BC-83-1B	6.25%	12/03	12/15/23	\$2,085,000	\$1,470,000

At June 30, 2010, the Second Street, East Mountain, Paradise Hills, South Valley, and Heatherland Hills special assessment bonds had been fully paid. The remaining potential assets were as follows:

	S	econd Street C-85-3	East Mountain BC-85-4		Paradise Hills BC-84-2		South Valley BC-84-1		H	Heatherland Hills BC-85-5	
Accounts receivable: Billed, but uncollected	\$	1,804	\$	10,885	\$	15,073	\$	55,701	\$	95	59_

In accordance with State Statute Section 4-55A-28, NMSA, 1978 Compilation, the Board of County Commissioners may transfer to the general fund money obtained from the levy of an assessment for an improvement district if:

- 1. Bonds or assignable certificates were issued to finance the improvement; and
- 2. The funds obtained by the bonds or assignable certificates were spent for the improvement;
- 3. The assessments were levied and collected for the payment of the bonds or assignable certificates; and
- 4. Either the bondholders or assignable certificate holders are barred by the statute of limitations or a court judgment or decree from collecting the indebtedness; or

5. The bonded indebtedness or assignable certificates have been paid.

#### I. Conduit debt

The County has acted from time to time as the issuer of conduit bonds, the proceeds of which have been immediately loaned to a private borrower. The County will require a complete analysis by an independent consultant at the expense of any and all applicants. The County signed its rights with respect to such bonds to various trustees that monitor amounts due and payable by the borrower pursuant to a lease, loan or other agreement. The County has no obligation to repay all or any portion of such bonds in the event the private borrowers fail to make their payments when due.

### Industrial Revenue Bonds

In fiscal year 2010, the County did not issue any new Industrial Revenue Bonds. As of June 30, 2010, there were ten series of Industrial Revenue Bonds outstanding with an original issuance cost of \$159,521,000. The remaining principal balance outstanding as of June 30, 2010 is not available.

### Multifamily Housing Revenue Bonds

From time to time, the County has issued Multifamily Housing Revenue Bonds to provide financial assistance to private sector entities for the acquisition, construction and rehabilitation of commercial facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Upon repayment of the bonds, ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance. Neither the County, the State of New Mexico, nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. As of June 30, 2010, there were six series of project revenue bonds outstanding, with an aggregate principal amount payable of \$41,603,814.

#### J. Fund balance reservations

The New Mexico Department of Finance and Administration (DFA) requires that 3/12 of budgeted expenditures in the general fund be reserved as subsequent-year expenditures to maintain an adequate cash flow until the next significant property tax collection. The DFA required reserve balance for FY10 is \$65,240,072. Another portion of the general fund balance is unreserved and designated for subsequent years' expenditures in the amount \$117,575,335 which includes \$45,632,530 designated for unencumbered carryover, \$14,532,977 designated for capital projects, \$8,000,000 designated for building funds, \$9,000,000 designated for bond defeasance/enhancement, \$13,000,000 designated for infrastructure replacement, \$7,409,828 designated for grant fund reserve, \$2,000,000 for debt service cash flow, \$3,000,000 for

economic development and \$15,000,000 designated for budget stabilization. The remainder of the general fund balance is designated for other reserved expenditures.

#### K. Financial data schedule reconciliation

The Section 8 Housing-Voucher Special Revenue Fund was presented in the Financial Data Schedule (FDS) in accordance with generally accepted accounting standard as applied to governmental funds. The net assets reconcile to the financial statements. The FDS equity balance was adjusted to include the effects of compensated absences that are not reflected in the governmental fund presentation as follows:

Net Assets	Amount
Net Assets - Housing Choice Vouchers 14.871	\$ 2,395,552
Compensated Absences	184,539
Fund balance - Section 8 Housing - Vouchers	\$ 2,580,091

The Housing Authority Enterprise Fund was presented in two columns on the Financial Data Schedule (FDS) in accordance with generally accepted accounting standards as applied to enterprise funds. The net assets reconcile to the financial statements. The FDS equity balance was adjusted to include the effects of compensated absences that are reflected in the business-type activities enterprise fund presentation as follows:

Net Assets	<u>Amount</u>
Net Assets - Central Office Net Assets - Home Rehabilitation Net Assets - Housing Authority	\$ 2,652,343 132 2,652,475
Compensated Absences Fund balance – Housing Authority	\$ (184,539) 2,467,936

#### V. Other information

### A. Risk management

The County is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County joined with other county governments to form a Workers' Compensation Pool in July 1987 and a Multiline Pool in January 1989. These public entity risk pools operate as a common risk management and insurance program for workers' compensation and property and casualty coverage. The County pays an annual premium to the pools for general insurance coverage.

The pools are authorized by joint powers agreements entered into by each county as a separate and independent governmental and legal entity pursuant to the provisions of NMSA 1978 Sections 11-1-1 et seq. The agreements for formation of the pools provide that the pools be self-sustaining through member premiums and reinsure through commercial companies for claims in excess of \$300,000 and \$250,000, respectively, for each insured event. Both pools are funded entirely by member premiums and are administered by the New Mexico County Insurance Authority.

The Workers' Compensation Pool provides workers' compensation coverage for every County employee. There are 28 counties in this pool, which for fiscal years ended 2010 and 2009 contributed a total of \$7,632,534 and \$7,556,997 respectively. The premium that each county pays depends upon the payroll total and the loss experience specific to that county. For fiscal years ended 2010 and 2009, the County contributed \$1,266,693 and \$883,282 respectively, to the Worker's Compensation Pool. The self-insured retention level for the pool during the period of coverage July 1, 2009 through June 30, 2010 was \$300,000 (that is the maximum amount of coverage for each insured event before obtaining reinsurance). The pool has reinsurance coverage for losses above that amount from County Reinsurance Limited.

The Multiline Pool provides property and casualty coverage for 24 counties. The coverage includes buildings and contents, automobile physical damage, general liability, personal injury (including civil rights), host and liquor liability, automobile liability, public officials errors and omissions, money and securities, commercial blanket bond (employee fidelity), and depositors' forgery. The total premiums for this pool were \$6,987,022 and \$7,865,658 for the years ending December 31, 2010, and 2009, respectively. The County paid premiums to the Multiline Pool in calendar years 2010 and 2009 of \$1,334,130 and \$1,574,410, respectively.

The self-insured retention level for this pool during the period of coverage January 1, 2009 through December 31, 2010 is \$150,000 for property and \$250,000 for liability per occurrence (that is the maximum amount of coverage for each insured event before obtaining reinsurance). The pool has reinsurance coverage for losses above that amount from County

Reinsurance Limited, to a policy limit of \$2,000,000. Additionally, the pool has purchased another excess liability policy in the amount of \$3,000,000.

The pooling agreements require the pools to be self-sustaining; it is not possible to estimate the range of contingent losses to be borne by the County. The Pool Boards retain a \$3,000,000 equity prior to evaluating any refunds to the participating counties based upon losses expensed and losses incurred. The pools retain the risk of loss to be shared proportionately by pool participants. The County does not retain the sole risk of losses incurred by the County. There were no payments in excess of insurance coverage for the years ended June 30, 2010, 2009, and 2008.

The New Mexico County Insurance Authority has published its own financial reports for the fiscal year ended June 30, 2010, which can be obtained from the New Mexico Association of Counties, 613 Old Santa Fe Trail, Santa Fe, New Mexico, 87501.

The County carries commercial insurance for all other risks of loss, including law enforcement liability, emergency medical, foreign jurisdiction and excess liability, boiler and machinery, and sheriff reserve and rescue personnel. There were no payments in excess of insurance coverage for the years ended June 30, 2010, 2009, and 2008.

### B. Contingencies

Litigation. The County is a defendant in various lawsuits. The outcome of these lawsuits are not presently determinable and the County is not able to make an estimate for possible losses at this time. Insurance deductibles related to outstanding claims are \$10,000 per claim. Occasionally, the County or its elected officials are named as parties to suits that are not covered by any insurance policy and the County's Attorney's Office provides representation for such claims. At present there is only one claim that is not covered by insurance. The uninsured claim is based on an alleged breach of contract where the County is the Defendant and Counter-Claimant. The potential liability may be as great as \$50,000.

Grant Compliance. The County receives significant financial assistance from the U.S. government. Entitlement to the resources is generally based on compliance with terms and conditions of the grant agreements and applicable federal regulations, including the expenditure of the resources for eligible purposes. Substantially all grants are subject to financial and compliance audits by the grantor. As of June 30, 2010, management estimates that no material liabilities will result from such audits.

County Medicaid 1/16 Gross Receipts Tax Equivalent. Under State Statute Section 27-10-4, NMSA 1978 Compilation, a county which does not enact an ordinance imposing a county health care gross receipts tax pursuant to State Statute Section 7-20E-18, NMSA 1978 Compilation is required to dedicate to the county-supported Medicaid fund "an amount equal to a gross receipts tax rate of 1/16 of one percent applied to the taxable gross receipts tax reported during the prior fiscal year by persons engaging in business in the county." To

comply with the statue, the County imposed a 1/16 percent increase in gross receipts tax during the second half of FY07 and will continue to impose the tax in FY11 which will generate approximately \$10 million annually.

Other. At June 30, 2010, the County is committed to \$23,751,377 under construction contracts for capital assets.

#### C. Joint ventures

Regional Juvenile Detention Center. Through a Joint Powers Agreement established between Bernalillo County and Sandoval County on June 26, 2007, Bernalillo County operates the Regional Juvenile Detention Facility (RJDC) located at the Bernalillo County Youth Services Center. Sandoval County contributes 100 percent of the operation costs of the RJDC. For FY10, Sandoval County paid \$1,062,223 million to Bernalillo County for the operation of the RJDC. Sandoval County receives 70% and Bernalillo County receives 30% of all cost of care revenues generated from housing juveniles in the RJDC from other counties and pueblos. The total cost of care revenues billed in FY10 was \$457,459 and \$451,114 of this amount has been received to date. Bernalillo County receives 100% of all medical costs billed under these cost of care agreements. The total received for medical cost in FY10 was \$1,206.

Torrance County/Bernalillo County Regional Landfill. The County and the Torrance County Solid Waste Authority (TCSWA) entered into a joint powers agreement on April 21, 1998 for the construction and operation of a regional landfill. The County contributed \$633,000 toward the initial costs of acquiring, constructing, designing, developing, and equipping the facility, which constitutes its total equity interest. The County's ownership interest is commensurate with the proportion of funds it provided. It is the intent of the parties to establish tipping fees in an amount sufficient to recover all of the operating costs of the landfill.

Upon termination of the agreement, assets and surplus funds will be distributed pro rata between the parties in accordance with their then existing ownership interests.

TCSWA will operate the facility and is designated as the fiscal agent. The financial report of the Torrance County/Bernalillo County Regional Landfill can be obtained from the Torrance County Solid Waste Authority, 515 Allen Street, Estancia, New Mexico 87016.

#### D. Post-Employment Benefits - Retiree Health Care Plan

Plan Description. Bernalillo County contributes to the New Mexico Retiree Health Care Fund, a cost-sharing multiple-employer defined benefit postemployment healthcare plan administered by the New Mexico Retiree Health Care Authority (RHCA). The RHCA provides health care insurance and prescription drug benefits to retired employees of participating New Mexico government agencies, their spouses, dependents, and surviving

spouses and dependents. The RHCA Board was established by the Retiree Health Care Act (Chapter 10, Article 7C, NMSA 1978). The Board is responsible for establishing and amending benefit provisions of the healthcare plan and is also authorized to designate optional and/or voluntary benefits like dental, vision, supplemental life insurance, and long-term care policies.

Eligible retirees are: 1) retirees who make contributions to the fund for at least five years prior to retirement and whose eligible employer during that period of time made contributions as a participant in the RHCA plan on the person's behalf unless that person retires before the employer's RHCA effective date, in which the event the time period required for employee and employer contributions shall become the period of time between the employer's effective date and the date of retirement; 2) retirees defined by the Act who retired prior to July 1, 1990; 3) former legislators who served at least two years; and 4) former governing authority members who served at least four years.

The RHCA issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for the postemployment healthcare plan. That report and further information can be obtained by writing to the Retiree Health Care Authority at 4308 Carlisle NE, Suite 104, Albuquerque, NM 87107.

Funding Policy. The Retiree Health Care Act (Section 10-7C-13 NMSA 1978) authorizes the RHCA Board to establish the monthly premium contributions that retirees are required to pay for healthcare benefits. Each participating retiree pays a monthly premium according to a service based subsidy rate schedule for the medical plus basic life plan plus an additional participation fee of five dollars if the eligible participant retired prior to the employer's RHCA effective date or is a former legislator or former governing authority member. Former legislators and governing authority members are required to pay 100% of the insurance premium to cover their claims and the administrative expenses of the plan. The monthly premium rate schedule can be obtained from the RHCA or viewed on their website at www.nmrhca.state.nm.us.

The Retiree Health Care Act (Section 10-7C-15 NMSA 1978) is the statutory authority that establishes the required contributions of participating employers and their employees. The statute requires each participating employer to contribute 1.3% of each participating employee's annual salary; each participating employee is required to contribute .65% of their salary. Employers joining the program after 1/1/98 are also required to make a surplusamount contribution to the RHCA based on one of two formulas at agreed-upon intervals. The RHCA plan is financed on a pay-as-you-go basis. The employer, employee and retiree contributions are required to be remitted to the RHCA on a monthly basis. The statutory requirements for the contributions can be changed by the New Mexico State Legislature.

The Bernalillo County's contributions to the RHCA for the years ended June 30, 2010, 2009 and 2008 were \$1,184,196, \$1,137,097, and \$1,042,176, respectively, which equal the required contributions for each year.

### E. Pension Plan - Public Employees Retirement Association

Plan Description. Substantially all of the Bernalillo County's full-time employees participate in a public employee retirement system authorized under the Public Employees Retirement Act (Chapter 10, Article 11, NMSA 1978). The Public Employees Retirement Association (PERA) is the administrator of the plan, which is a cost-sharing multiple-employer defined benefit retirement plan. The plan provides for retirement benefits, disability benefits, survivor benefits and cost-of-living adjustments to plan members and beneficiaries. PERA issues a separate, publicly available financial report that includes financial statements and required supplementary information for the plan. That report may be obtained by writing to PERA, P.O. Box 2123, Santa Fe, NM 87504-2123. The report is also available on PERA's website at www.pera.state.nm.us.

Funding Policy. Plan members are required to contribute 9.15-16.65% of their gross salary. The County is required to contribute 9.15-21.25% depending upon the division of the gross covered salary. The contribution requirements of plan members and the County are established under Chapter 10, Article 11 NMSA 1978. The requirements may be amended by acts of the legislature. The County's contributions to PERA for the years ending June 30, 2010, 2009, and 2008 were \$12,347,340, \$11,787,960, and \$10,813,124, respectively, which equal the amount of the required contributions for each year. In accordance with Chapter 10, Article 11, Section 5 NMSA 1978, the County has elected to make contributions of seventy-five percent of its employees' member contributions under the General-management, blue collar, white collar, sheriff, fire and detention plans. The following table outlines the divisions the County participates in and the contributions for the year ending June 30, 2010.

	$\mathbf{Emp}$	loyee	<u>Empl</u>	over
Covered Division	Percent	Dollars	Percent	Dollars
General-management, blue				
collar and white collar	13.15%	\$6,398,682	9.15%	\$4,452,315
General-other	9.15	13,707	9.15	13,707
Sheriff	16.30	2,239,332	18.50	2,541,573
Fire	16.20	1,342,578	21.25	1,761,099
Detention	16.65	2,839,561	16.65	2,839,561
Retired employees			9.15-21.25%	739,073

# VI. Significant effects of subsequent events

On August 2, 2010 the County sold \$30,000,000 of tax and revenue anticipation notes (TRAN), series 2010. The TRAN matures on June 30, 2011 with a current coupon rate of 2%.

On November 2, 2010, the following general obligation bonds were approved by voters.

Approved by Voters on	Durnaca	,	Authorized
voters ou	Purpose		Kuthorized
November 2, 2010	Road Bonds	\$	12,000,000
November 2, 2010	Storm Drain		6,400,000
November 2, 2010	Public Safety		500,000
November 2, 2010	Parks and Recreation		2,300,000
November 2, 2010	Library		1,500,000
November 2, 2010	Facility Improvement		2,300,000
Total		\$	25,000,000

### COUNTY OF BERNALILLO, NEW MEXICO

#### NONMAJOR GOVERNMENTAL FUNDS

#### SPECIAL REVENUE FUNDS

Special revenue funds are used to account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditures for specific purposes. The authority for the creation of the special revenue funds is by state statute, executive order, or specific authority.

Recreation. To account for recreational funds. Financing is provided by cigarette taxes. The fund was created by authority of state statute (see Section 7-12-15, NMSA 1978 Compilation).

Environmental Health. To account for the 1/8 cent gross receipts tax set aside for the purpose of financing environmental health concerns within the County of Bernalillo. The fund was created by authority of state statute (see Section 7-20E-17, NMSA 1978 Compilation).

Health Care Gross Receipts Tax. To account for the enactment of a 1/16<sup>th</sup> gross receipts tax in accordance with state statute (7-20E-18, NMSA 1978). This legislation allows the County to implement and dedicate up to 2/16% gross receipts tax for health care related costs.

Valuation. To account for fees collected from "revenue recipients" pursuant to Section 7-38-38.1, NMSA 1978 Compilation. Expenditures from the county property valuation fund may be made pursuant to a property valuation program presented by the county assessor and approved by the majority of the County Commissioners.

Industrial Revenue Bonds. To account for the receipt and expenditure of revenues collected from Payment in Lie of Taxes on behalf of Albuquerque Public Schools and the University of New Mexico Hospital due to Industrial Revenue Bonds issues. This fund was created by authority of Bernalillo County Ordinance 98-3.

Fire Districts No. 1 through 11 and 13. To account for the operations and maintenance (excluding salaries and benefits) of the 11 fire districts. Funding is provided by allotments from the New Mexico State Fire Marshal's Office. The funds were created under the authority of state statute (see Section 59A-53-5, NMSA 1978 Compilation).

Emergency Medical Services. To account for grants from the State of New Mexico Department of Health to be utilized for equipment, supplies, and training for emergency medical service purposes. This fund was created by the authority of state statute (see Section 24-10A-6, NMSA 1978 Compilation).

Energy Research and Development Agency (ERDA). These funds represent settlement of a dispute between the State of New Mexico and the federal government regarding payment of gross receipts tax by three defense contractors doing business within New Mexico. Expenditures are used for capital outlay for the various fire districts within Bernalillo County.

# COUNTY OF BERNALILLO, NEW MEXICO NONMAJOR GOVERNMENTAL FUNDS SPECIAL REVENUE FUNDS (CONTINUED)

Sheriff's Investigative Fund. To account for monies received from the sale of evidence, unclaimed cash, seizures, and forfeitures and expenditures of such for law enforcement purposes. The fund was created by authority of state statute Controlled Substances Act 30-31-35 NMSA 1978.

Law Enforcement Protection. To account for a state grant restricted to equipment purchases and training programs to enhance law enforcement effectiveness. The fund was created under the authority of state statute (see Section 29-13-4, NMSA 1978 Compilation).

Community Service. To account for donations received from non-profit organizations, which are to be used for social services programs. The fund was created by the authority of the Board of County Commissioners.

Farm and Range. To account for soil conservation, predator control, and secondary road activities within the County. Financing is provided by the Taylor Grazing Act. Expenditures may be made only for the purposes specified in the grant. The fund was created by authority of state statute (see Section 6-11-6, NMSA 1978 Compilation).

County Indigent. To account for the 1/8 of one percent portion of the county gross receipts tax adopted through County Ordinance 86-17, expenditure of which is restricted to indigent care. An agreement was signed with several providers for the provision of health and dental services to indigent patients. The fund was created by authority of state statute (see Section 7-20E-9, NMSA 1978 Compilation).

Clerk's Recording & Filing. To account for fees authorized to Class A counties to charge up to an additional \$2.00 per document as an equipment recording fee. The fees collected may only be used for the purchase of equipment associated with the recording, filing, maintaining, or reproducing of documents in the Office of the County Clerk. This fund was created by authority of state statute (see Section 14-8-12.2, NMSA 1978 Compilation).

Section 8 Housing Vouchers Fund. To account for Department of Housing and Urban Development (HUD) Section 8 existing housing and vouchers programs including housing assistance payments. The funds were created to account for grant activity under HUD contract, ACC Part I, Number FW-5325.

Department of Substance Abuse. To account for liquor excise tax revenue received from the state for DWI services and programs in accordance with Section 11-6A-3, NMSA 1978 Compilation. Grant funding from the state transportation department and other sources for the provision of substance abuse related services also is included in this fund.

# COUNTY OF BERNALILLO, NEW MEXICO NONMAJOR GOVERNMENTAL FUNDS

#### DEBT SERVICE FUNDS

Debt service funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs.

General Obligation. To account for the accumulation of resources and payment of general obligation bond principal and interest from County resources.

Revenue Bonds. To account for the accumulation of resources and payment of revenue bond principal and interest from pledged County gross receipts tax revenues for the following bond issues:

Series 1996B – Public Buildings
Series 1997 – Public Facilities
Refunding Series 1998 – Courthouse
Series 2010A – Public Facilities
Refunding Series 2005 – Public Facilities
Series 2008A – Public Facilities
Series 2009A – Public Facilities
Refunding Series 2010B – Public Buildings

Revenue Bond Reserves. To account for debt service reserves established pursuant to the bond ordinance for the following bond issues:

Series 1996B – Public Buildings Series 1997 – Public Facilities Refunding Series 1998 – Courthouse Refunding Series 2005 – Public Facilities

#### CAPITAL PROJECTS FUNDS

Impact Fees. To account for the fees received from developers that are restricted for use in infrastructure improvements in the service area from which the fees were collected. This fund was created by authority of Bernalillo County Ordinance 95-16.

Open Space. To account for the financing and acquisition of open space. Financing is provided by a six-year .25 property tax mill levy by County voters on November 30, 2000.

### COUNTY OF BERNALILLO, NEW MEXICO

### DESCRIPTION OF FIDUCIARY FUNDS

### **AGENCY FUNDS**

Agency funds are used to account for assets held by the County as an agent for individuals, private organizations, other governmental units and/or other funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

Treasurer Funds. To account for the collection and payment to the County and other recipient entities of property taxes billed and collected by the County on their behalf. The Treasurer's funds are as follows:

Children's Trust Fund. To record \$15 of each \$25 fee for issuing and recording a marriage license. The money is remitted to the State of New Mexico for use in projects for the treatment and prevention of child abuse. This fund was created by authority of Section 40-1-11, NMSA 1978 Compilation

Refund Overpayments. Serves as a clearing account for refunds arising from overpayment of property taxes or other fees.

Valuation Problems. Consists of two accounts by authority of Section 7-38-46, NMSA 1978 Compilation:

Valuation Problems Account. Used to collect estimated tax on a forthcoming tax bill correction resulting from a valuation protest.

Research Items Account. Holds receipted monies when a multi-year discrepancy is being resolved; it is also used to hold monies while a taxpayer problem is being researched.

Partial Payments (Over/Under Tax Payments). Consists of four accounts by authority of Section 7-38-42, NMSA 1978 Compilation:

Underpayments. To record payments which are less than the total due because of penalty and interest charges. The property tax revenue is held in this account until a notice requesting penalty and interest is responded to by payment.

Partial Payments. To hold overpayments until a refund is requested or sent out, and to hold underpayments until the deficiency is corrected.

Overpayments. Overpayments in excess of \$.99 are held in the account until a refund request is received or a date after June 30.

Bankruptcy. Used to record cash receipts for property taxes when the tax liability has been identified through the bankruptcy process. The County disburses money out of this account when enough has accumulated to distribute the taxes (½ or full year bill).

### COUNTY OF BERNALILLO, NEW MEXICO

### **DESCRIPTION OF FIDUCIARY FUNDS**

### AGENCY FUNDS (CONTINUED)

Taxes Paid in Advance. Consists of two accounts:

Omit Payment. Used to record the revenue collected from mobile home property taxes where the assessor has determined that the property had been omitted from the property tax rolls.

Mobile Homes Prepaid. Used to record the monies received as a condition of a property owner obtaining a tax release during the period January 1 to September 30. Taxes collected during October are recorded to the tax omit payment account and taxes collected during November and December are recorded to the undistributed taxes account.

Claim for Refund IOI. To account for interest earned on collected taxes when the valuation of the subject property is under formal protest.

Undistributed Taxes. To account for property tax payments and interest and penalty on tax payments received prior to distribution to various government entities. See Section 7-38-42 & 7-38-43, NMSA 1978 Compilation.

NSF Applies. Used to hold that portion of the tax payment which has cleared the bank until such time as remainder is paid.

Claim for Refund. To account for property taxes collected when the valuation of the subject property is under formal protest

Trust and Escrow (Judgment Auto Pay). To account for monies collected on a corrected tax bill until either a balance due payment is submitted or the amount is transferred to the Undistributed Tax Account.

Court Services Fund. To account for the receipts and disbursements related to process servers.

County Sheriff. To account for the collection and payment to the County of charges for services provided and to account for the collection and disbursement of evidence and awards in civil suits on behalf of the plaintiffs involved.

Inmate MDC. To provide a place of safekeeping for funds an offender may have access to but not physical control of during their confinement.

Resident JDYSC. To account for monies collected from juveniles upon their admittance to the detention facility and which are remitted back to them upon their release.

Regional Transit Fund. To account for the one-eighth of one percent gross receipts tax approved by voters in the 2008 general election in accordance with Section 7-20E-23, NMSA 1978 Compilation. Statute requires all proceeds from this tax be transferred to the Rio Metro Regional Transit District for the operation of the district and the commuter train system known as the New Mexico Rail Runner Express.

Special Assessment Districts. To account for the collection of special assessment liens and the subsequent payment of special assessment bonds for the following districts:

Special Assessment District 83-1

Special Assessment District 83-1B

#### COUNTY OF BERNALILLO, NEW MEXICO

#### NONMAJOR PROPRIETARY FUNDS

#### ENTERPRISE FUNDS

Enterprise funds are used to account for operations (1) that are financial and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs of providing services on a continuing basis be financed or recovered primarily through user charges; and (2) when the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Solid Waste. To account for the operations of the Solid Waste Program. All activities necessary to operate the program are accounted for in this fund, including, but not limited to, administration, operations, and financing.

Seybold Village 21 Units - Handicapped. To account for the construction and operations of Seybold Village 21 Units Handicapped Housing Project. All activities necessary to construct and operate the project are accounted for in this fund, including but not limited to, administration, operations, maintenance, financing, and construction.

Regional Juvenile Detention Center. To account for the operations of the Regional Juvenile Detention Center. All activities necessary to operate the program are accounted for in this fund, including, but not limited to, administration, operations, and financing.

El Centro Familiar. To account for the operations of the El Centro Familiar housing project. All activities necessary to operate the project are accounted for in this fund, including, but not limited to, administration, operations, maintenance, financing, and related debt service.

#### Statistical Section

This part of the County of Bernalillo's comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the County's overall financial health.

Contents	Page
Financial Trends  These schedules contain trend information to help the reader understand how the County's financial performance and well being have changed over time.	145
Revenue Capacity  These schedules present information to help the reader assess the County's most significant local revenue source, the property tax.	157
Debt Capacity  These schedules present information to help the reader assess the affordability of the County's current level of outstanding debt and the County's ability to issue additional debt in the future.	161
Demographic and Economic Information  These schedules offer demographic and economic indicators to help the reader understand the environment within which the County's financial activities take place.	167
Operating Information  These schedules contain service and infrastructure data to help the reader understand how the information in the County's financial report relates to the services the County's provides and the activities it performs.	169

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The County implemented Governmental Accounting Standards Board Statement No. 34 in 2002; therefore, schedules presenting government-wide information began in that year.

## COUNTY OF BERNALILLO, NEW MEXICO NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS For The Year Ended June 30, 2010

#### Note 1. Basis of Presentation

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the County of Bernalillo and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

#### Note 2. Subrecipients

Of the federal expenditures presented in the schedule, the County of Bernalillo provided federal awards to subrecipients as follows:

	Federal CFDA	Amount Provided to Subrecipients	
Program Title	Number		
HIDTA-MRGVTF - I8PSNP578Z	16.UNKNOWN	\$ 13,566

## Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards

Commission Chairman, Members of the County Commission Bernalillo County and Hector H. Balderas, State Auditor

We have audited the financial statements of the governmental activities, the business type activities, each major fund, the aggregate remaining fund information and the budgetary comparison of the general fund and regional correction center of Bernalillo County, New Mexico (County), as of and for the year ended June 30, 2010, and have issued our report thereon dated November 12, 2010. We have also audited the financial statements of each of the County's nonmajor governmental, nonmajor enterprise funds, internal service fund and the fiduciary funds presented as supplementary information in the accompanying combining and individual fund financial statements and schedules and the respective budgetary comparison of each governmental fund and enterprise fund as of and for the year ended June 30, 2010, as listed in the table of contents. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

#### Internal Control Over Financial Reporting

In planning and performing our audit, we considered the County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Commission Chairman, Members of the County Commission Bernalillo County and Hector H. Balderas, State Auditor

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, we identified certain deficiencies in internal control over financial reporting, described in the accompanying schedule of findings and questioned costs as items 01-10, 06-01, 07-01 and 09-04 that we consider to be significant deficiencies in internal control over financial reporting. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

The County's responses to findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit the County's responses and accordingly, we express no opinion on them.

This report is intended solely for the information and use of County management, the Office of the State Auditor, Government Finance Officers Association, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Albuquerque, New Mexico November 12, 2010

Mess adams LLP

## Report on Compliance with Requirements That Could Have a Direct and Material Effect on Each Major Program and on Internal Control Over Compliance in Accordance With OMB Circular A-133

Commission Chairman, Members of the County Commission Bernalillo County and Hector H. Balderas, State Auditor

#### Compliance

We have audited the compliance of Bernalillo County, New Mexico (County), with the types of compliance requirements described in the U. S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that could have a direct and material effect on each of the County's major federal programs for the year ended June 30, 2010. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the County's management. Our responsibility is to express an opinion on County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on County's compliance with those requirements.

In our opinion, the County complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2010. However, the results of our auditing procedures disclosed other instances of noncompliance with those requirements,

Commission Chairman,
Members of the County Commission
Bernalillo County and
Hector H. Balderas, State Auditor

which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as items 09-12, 09-14, 09-15, and 10-01 through 10-03.

#### Internal Control over Compliance

The management of the County is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the County's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

The County's responses to the findings identified in our audit are described in the accompanying schedule of findings and questions costs. We did not audit the County's response and, accordingly, we express no opinion on the responses.

Commission Chairman, Members of the County Commission Bernalillo County and Hector H. Balderas, State Auditor

Mess adams LLP

This report is intended for the information and use of County management, the Office of the State Auditor, GFOA, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

#### B. FINANCIAL STATEMENT FINDINGS

#### 01-10: Accounts Receivable Collections- Solid Waste

#### Condition

During the test work of the accounts receivable for the County's Solid Waste Fund, we noted that accounts greater that 120 days outstanding increased by approximately \$550,000 from the prior year.

#### Criteria

It is good cash management and accounting practice to timely collect receivable balances.

#### Cause

In accordance with the State of New Mexico Constitution, Anti-Donation Clause, the County may not forgive the debt of a private party.

#### Effect

For the year ended June 30, 2010 and 2009 a total of \$5,700,547 and \$4,177,566 Solid Waste accounts receivable were outstanding, of which \$4,241,541 and \$3,693,767 were greater than 120 days old. It is more difficult to collect accounts that have aged in excess of 120 days resulting in Solid Waste having less funding available for operations.

#### Recommendation

The County should commit more resources to collection of fees both current and delinquent. Initiate work with County Management to identify why fees are not being collected and possible changes to billing process in order to address this growing balance.

#### Management's Response

Old debt that is written off annually by private business cannot be written off by the county because the county cannot forgive debt. The total amount of accounts receivable will grow every year instead of get smaller because of uncollectable accounts that have been on the books since the beginning of the program 10 years ago. Interest still accumulates on those old accounts bringing the amount even higher. The applicable statute of limitations for collection efforts is 4 years. The County sends demand letters and will be filing suit to obtain judgments for amounts owed the County. Of course, not every judgment will be collected on due to a number of factors such as inability to locate the defendant, the defendant does not have property to attach or assets that are subject to

garnishment or other writ. The County is also working to get property owners to enter into promissory notes that will extend the statute of limitations to 6 years and will offer the County additional opportunities to collect unpaid amounts.

#### Corrective Action Plan

The Solid Waste Department is processing close to 2000 delinquent account letters annually. Those that do not respond or default on promissory notes go to the Legal department for follow up action. The Legal Department will continue to use the lien process for collection of large outstanding balances.

#### 06-01: Sheriffs Department Currency Evidence Account

#### Condition

The East Area Command Center (EACC) is not faxing a copy of the evidence logs to the support technician as required per County policy.

Evidence logs do not include the amount of money collected by the officer. Amounts are entered into the spreadsheet kept by support technician, but there is no way to verify that the amounts Albuquerque Police Department entered were the same as the amount entered at the substations.

#### Criteria

Sound accounting controls, which include adequate documentation of receipts and timely reconciliation of cash receipts to deposits, are necessary to ensure adequate control over cash accounts.

#### Cause

There is no individual monitoring to ensure that the County is following the established evidence account procedures, including proper logging of funds, verification of deposits.

#### **Effect**

Increased risk of theft of evidence account funds.

#### Recommendation

Each substation should provide the accountant in charge of maintaining the evidence account a copy of the daily log noting all currency evidence received and transferred to APD. This log should be submitted timely and be complete.

Verification that all currency evidence was deposited into the evidence account should be completed through comparison to currency evidence information from records created. All related disbursements should be documented.

#### Management Response

The East Area Command Center (EACC) will maintain and fax a copy of the evidence logs to the support technician as required per County policy. Evidence logs will be properly completed and the amount of money collected by the officer will be noted.

#### Corrective Action Plan

The County is currently being audited by the County's internal auditors and is waiting for the results to determine corrective action.

#### 07-01: Human Resources - Personnel File Maintenance

#### Condition

During our testing of payroll controls we noted 13 out of 18 instances in which the personnel files did not contain annual performance evaluations.

#### Criteria

Employee Regulations and Rules section 408 and 409, Employee Review Policy state that

- A. Classified employees shall be reviewed every twelve (12) months.
- B. Communicating the Performance Reviews
- 1. The supervisor and the employee should discuss the review and each should retain a copy of the review form to use during on-going discussions about performance progress, job objectives, or revised responsibilities.
- 2. The original copy of the completed review form shall be forwarded to the Human Resources Department for procedure verification and to file in the employee's personnel file.

#### Cause

There is no individual monitoring to ensure that the County is following the established policies and procedures are being followed to ensure that personnel files are current and accurate.

### Effect

By not following and implementing controls over the maintenance of information in personnel files, the County is exposed to a risk of potential claim by employee by not have proper documentation of employee's performance.

#### Recommendation

We recommend that management implement monitoring procedures to ensure that annual performance evaluations are being conducted annually and personnel files maintain the most current evaluation.

## Management Response

The Human Resources Departments follows the letter of the Employment Relations Rules and Regulations in that the annual performance notices are sent out to the county departments on an established schedule. All completed performance evaluations that are returned to the Human Resources Department are placed in the official, personnel file. The Human Resources Department can only file the evaluations that are submitted by the respective county departments. The Human Resources Department does not have enforcement authority over the submission of the performance evaluations.

## Corrective Action Plan

Management will look at policies and determine if updating will be required.

# 09-04 No adjustment made for annual leave in excess of amount allowed for carry over

## Condition

During the 2010 fiscal year internal auditors followed up on the excess leave calculation reporting and could not complete testing because some of the data in the spreadsheet utilized to track annual leave did not recalculate correctly and errors existed in the formulas and hard corded data was incorrect.

#### Criteria

Based on the County's Employment relations rules and regulations section 1003.F annual leave accrual (vacation), "....Classified employees shall not carry forward into a new calendar year more than two hundred eighty-eight (288) hours of accrued annual leave. In the event that a classified employee's request for annual leave does not meet operational requirements with regard to workforce, that employee shall not suffer loss of leave time accrued, provided, however, that any excess time shall be taken by February 28 of the following year and shall be granted on a priority, first come-first served basis, and be approved by the Deputy County Manager, Elected Official, County Attorney or Department Director. Provided however, for good cause shown the County Manager may provide additional extensions."

#### Cause

The worksheet utilized to calculate excess annual leave by staff and Management has formula errors.

## Effect

Leave balances may not be adjusted correctly.

### Recommendation

We recommend that current worksheet utilized for calculating excess annual leave be reviewed for errors before utilizing the calculated balances to make adjustments for carryovers.

## Management Response

The Human Resource Department will review the report used to calculate excess leave and make the necessary corrections.

#### Corrective Action Plan

Human Resources will work with auditors to clear audit finding for next year.

# C. FINDINGS AND QUESTIONED COSTS – MAJOR FEDERAL AWARD PROGRAMS AUDIT

## 09-12 Special Tests

Federal Agency: U.S. Environmental Protection Agency

(Non Major Program) CFDA 66.202, South Valley Sewer Program

Award Number: XP-976162-01

XP-976713-01 XP-976715-01 XP-986861-01

#### Questioned Costs

None

## Condition

During our compliance testwork for special reporting we noted that the entity did not submit 2 of 4 quarterly MBE/WBE reports by the required deadlines as required per the grant agreements.

#### Criteria

Per the grant agreement, Condition #11 states that the entity must comply with the requirements of EPA's Program for Utilization of Small, Minority and Women's Business Enterprises in procurement under assistance agreements. The recipients must submit and EPA form 5700-52A "MBE/WBE Utilization Under Federal Grants, Cooperative Agreements and Interagency Agreements" beginning with the federal fiscal year quarter the recipient receives the award and continue until the project is completed.

### Cause

The policies and procedures to ensure that the MBE/WBE reports were being submitted on time are not being followed.

#### Effect

Without the timely submission of MBE/WBE reports, the EPA can not ensure that the program is meeting the special requirements per the grant agreement and this could effect future funding.

## Recommendation

We recommend that policies and procedures established are followed to ensure that monitoring of required reports are completed and submitted in a timely manner.

## Management Response

The Valley Utility Project has millions in expenditures and multiple funding sources. The two reports for the grant periods ending December 2009 and March 2010 were 2 days and 19 days late respectively. The Public Works Division (PWD) has taken the time to create a Grant Policy Procedures Manual to comply with the many requirements. PWD shall make every reasonable effort to submit reports by the required due dates.

## Corrective Action Plan

The PWD has implemented procedures to facilitate getting required reports submitted in a timely manner. Policies include detailed instructions on completing required forms and submission dates. Additional staff is available to assist in preparation of required reports and the Grant Representative has entered grant submission dates into the Outlook Calendar/Task Bar to ensure that all reports will be completed in a timely manner. Procedures implemented should help resolve this finding in the following year.

#### 09-14 Procurement

Pass-Through Programs From: NM Department of Homeland Security and Emergency Management

CFDA 97.067, Homeland Security Grant Program

Award Number: 2006-GR-T6-0064 BERNALILLO EXERCISE 2007-GE-T7-0023-BERNALILLO COUNTY

2005-GE-T5-0012-BERNALILLO 2006-GE-T6-0064-Bernalillo

2004-GE-T4-0005-BERNCO TRAINING

### Questioned Costs

None

## Condition

During procurement testing we noted that four out of four contracts selected for testing did not have documentation ensuring that vendors were not debarred or suspended. In addition, one out of the four contracts did not have documentation showing state approval.

Criteria

Grant agreement requires state approval for any expenditures must be approved by NMDHSEM prior to procurement by the County.

Cause

There were no established policies and procedures and there was no individual monitoring to ensure that reporting of the programs progress to the State of New Mexico was completed.

Effect

The County is out of compliance with the grant agreement and OMB compliance requirements which could impact future funding.

Recommendation

We recommend that a policy and procedure is established to ensure that vendors were not debarred or suspended and state approval of contracts.

Management Response

Policies and Procedures have been developed to determine suspension or debarment of contractors when federal funds are utilized.

Correction Action Plan

Purchasing staff will ensure the Policies and Procedures developed are fully implemented and followed when expending federal funds.

09-15 Allowable costs

Pass-Through Programs From: NM Department of Homeland Security and Emergency Management

CFDA 97.067, Homeland Security Grant Program

Award Number: 2006-GR-T6-0064 BERNALILLO EXERCISE

2007-GE-T7-0023-BERNALILLO COUNTY

2005-GE-T5-0012-BERNALILLO 2006-GE-T6-0064- BERNALILLO

2004-GE-T4-0005-BERNCO TRAINING

2008-GE-T8-0030 BERNALILLO COUNTY -SHSGP

2009-SS-T9-000030-BERNALILLO

## **Question Costs**

\$1,488.60

## Condition

During allowable costs test work we noted 6 out of 12 disbursements selected for testing had incurred and paid the expense prior to getting approval from the State agency.

#### Criteria

Circular A-102 states that agencies shall also establish procedures to provide for effective use and/or dissemination of the list to assure that their grantees and sub-grantees (including contractors) at any tier do not make awards in violation of the non-procurement debarment and suspension common rule.

Grant agreement requires state approval for any expenditures must be approved by NMDHSEM prior to procurement by the County.

### Cause

There were no established policies and procedures and there was no individual monitoring to ensure that reporting of the programs progress to the State of New Mexico was completed.

#### Effect

The County is out of compliance with the grant agreement requirements which could impact future funding.

#### Recommendation

We recommend that the policy and procedures established to ensure that disbursements have state approval prior to being processed by the County are followed.

#### Management Response

The Office of Emergency Management (OEM) has worked hard to create Standard Operating Procedures for New Mexico Department of Homeland Security and Emergency Management Sub-Grant Agreements to comply with grant agreements rules and regulations. Procedures implemented should resolve this finding in following years.

## Corrective Action Plan

OEM has implemented procedures to correct any future findings relating to getting prior approval for purchases.

Procedures have required steps that outline the procedures implemented for example:

- 1. Procurement of goods against the grant:
  - a. Obtain the required quotes for each project/purchase.
  - b. Submit to NMDHSEM the "NMDHSEM Request for Approval Form" for each project/purchase.
  - c. Receive approval from NMDHSEM...
  - d. Follow procurement guidelines to process requisition, purchase order and payment.

## 10-01 Reporting

Award Number: 2006-GR-T6-0064 BERNALILLO EXERCISE

2007-GE-T7-0023-BERNALILLO COUNTY

2005-GE-T5-0012-BERNALILLO 2006-GE-T6-0064- BERNALILLO

2004-GE-T4-0005-BERNCO TRAINING

2008-GE-T8-0030 BERNALILLO COUNTY -SHSGP

2009-SS-T9-000030-BERNALILLO

## Question Costs

None

#### Condition

During our compliance testwork for reporting we noted 7 of 8 samples tested were not submitted timely.

#### Criteria

Per sub-agreement from the State of New Mexico – Department of Homeland Security and Emergency Management, in order that the DHSEM may adequately evaluate the progress of the sub-grant Program, the sub-recipient shall provide periodic reports to the DHSEM.

Each grant agreement specifies the grant reporting due dates for both quarterly and final reporting. Quarterly reports are due 15 days after the end of the quarter and the final report is due 90 days after termination date of grant.

#### Cause

There were no established policies and procedures to ensure that reporting of the programs progress to the State of New Mexico is completed in a timely basis.

## **Effect**

The County is out of compliance with the grant agreement requirements which could impact future funding.

#### Recommendation

We recommend that the policy and procedures established are followed to ensure that monitoring of required reports are submitted in a timely manner.

## Management Response

The Office of Emergency Management (OEM) has worked hard to create Standard Operating Procedures for New Mexico Department of Homeland Security and Emergency Management Sub-Grant Agreements to comply with grant agreements rules and regulations. The OEM shall make every effort to obtain signatures and submit reports by the required dates.

## Corrective Action Plan

OEM has implemented procedures to correct any future findings relating to getting required reports submitted in a timely manner. A letter from the State Grant Unit Manager with specific Quarterly dates was added to the OEM procedures manual on October 6, 2010. Procedures implemented should help resolve this finding in the following year.

### 10-02 Reporting

Federal Agency: Department of Housing and Urban Development CFDA 14.871, Section 8 Housing Choice Vouchers Award Number: NM057V0 (June 30, 2010)

## Question Costs

None

#### Condition

During our testing of Form HUD 60002, Section 3 Summary Report, Economic Opportunities for Low- and Very Low-Income Persons, we noted that the incorrect amount of contract expenditures was identified as Section 3 businesses.

#### Criteria

According to 24 CFR sections 135.3(a) and 135.90 states for each public housing grant that involves development, operating, or modernization assistance, the prime recipient must submit Form HUD 60002. All reports submitted to HUD in accordance with the requirements of this part will be made available to the public. Accounting controls, including proper review and approval of all reports submitted to HUD, are necessary to ensure adequate numbers are recorded and reported.

#### Cause

Bernalillo County Housing Authority was following incorrect processes put in place by prior administration.

#### Effect

The purpose of section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. 1701u) (section 3) is to ensure that employment and other economic opportunities generated by certain HUD financial assistance shall, to the greatest extent feasible, and consistent with existing Federal, State and local laws and regulations, be directed to lowand very low-income persons, particularly those who are recipients of government assistance for housing, and to business concerns which provide economic opportunities to low- and very low-income persons.

## Recommendation

We recommend that the Bernalillo County Housing Authority comply with reporting requirements as stated in 24 CFR sections 135, Economic opportunities for low-and very low-income persons and to include accurate monitoring of reports.

## Management Response

Housing agrees that the HUD form 60002 has been filled out incorrectly for reporting of zero dollars spent for section 3 Businesses. HUD has never communicated that form was being submitted incorrectly. Housing will fill out the section correctly.

## Corrective Action Plan

The Housing will now submit the form with a zero dollar amount in the project area and will make the necessary adjustments. Housing considers the finding resolved and will be removed in the next year.

## 10-03 Special Provision

Federal Agency: Department of Housing and Urban Development CFDA 14.871, Section 8 Housing Choice Vouchers Award Number: NM057V0 (June 30, 2010)

#### **Question Costs**

None

### Condition

During our testing of special tests and provisions, we noted that the depository agreement was not entered into agreement during the 2010 fiscal year.

#### Criteria

According to 24 CFR section 982.156, Depository for program funds, requires that the Bernalillo County Housing Authority enter into a depository agreement with their financial institution in the form required by HUD. The agreement serves as a safeguard for Federal funds and provides third-party rights to HUD.

#### Cause

There was no monitoring to ensure that the Bernalillo County Housing Authority was following the compliance requirement.

## **Effect**

Bernalillo County Housing Authority is not allowing a safeguard for Federal funds and providing third-party rights to HUD as intended by completing form.

#### Recommendation

We recommend the Bernalillo County Housing Authority implement a process in order to comply with 24 CFR section 982.156, to include that a HUD form be completed when new bank account is opened.

#### Management Response

Housing was unaware the form had not been signed as required by federal regulations. Once notified Housing immediately contacted the appropriate personnel and had depository agreement signed.

## Corrective Action Plan

Housing implemented procedures that at the start of each year, any depository account will have a depository agreement on file. Housing considers this finding resolved and will be removed in the next year.

# COUNTY OF BERNALILLO, NEW MEXICO EXIT CONFERENCE
