INDEPENDENT AUDITOR'S REPORT

Hector H. Balderas
New Mexico State Auditor
The Office of Management and Budget and
The Board of Curry County Commissioners
Curry County
Clovis, New Mexico

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, the budgetary comparisons for the general fund and road special revenue fund and the aggregate remaining fund information of Curry County, New Mexico (the County), as of and for the year ended June 30, 2011, which collectively comprise the County's basic financial statements as listed in the table of contents. We have also audited the financial statements of each of the County's nonmajor governmental funds and budgetary comparisons of each of the County's nonmajor governmental funds presented as supplementary information in the accompanying combining and individual fund financial statements as of and for the year ended June 30, 2011, as listed in the table of contents. These financial statements are the responsibility of the County's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Curry County, New Mexico, as of June 30, 2011, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America. In addition, in our opinion, the budget comparisons referred to above present fairly, in all material respects, the respective budgetary comparisons for the year then ended in conformity with the cash basis of accounting and more fully described in Note 2 to the financial statements, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Alamogordo □ Albuquerque □ Carlsbad □ Clovis

In accordance with *Government Auditing Standards*, we have also issued our report dated November 10, 2011 on our consideration of Curry County, New Mexico's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The *Management's Discussion and Analysis* on pages 13-19 is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Curry County, New Mexico's basic financial statements, the combining and individual fund financial statements and the budgetary comparisons. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, *Audits of State, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. The accompanying financial information listed as supporting Schedules I through V in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements of Curry County, New Mexico. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and each of the nonmajor governmental funds financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements and the nonmajor governmental funds financial statements, taken as a whole. The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on it.

STATE OF NEW MEXICO
Curry County
Management's Discussion and Analysis
June 30, 2011

As management of Curry County, New Mexico, we offer readers of our financial statements this narrative overview and analysis of the financial activities for the fiscal year ended June 30, 2011. We encourage the readers to consider all of the information presented here in conjunction with the basic financial statements of Curry County and all of the additional information provided.

FINANCIAL HIGHLIGHTS

- The assets of Curry County exceeded its liabilities at the close of fiscal year 2011 by \$47,874,598 (net assets). Of this amount, \$6,412,583 (unrestricted net assets), was to be used to meet the government's ongoing obligations to citizens and creditors.
- The government's total net assets increased by \$767,624 during the fiscal year. The majority of this increase is due to the excess of general operating revenues over expenditures for the year ended June 30, 2011. This is primarily a result of the County's conservative budgetary and fiscal practices.
- As of June 30, 2011, the County's governmental activities reported combined ending net assets of \$37,601,135. Approximately \$6,183,404 is available for spending at the government's discretion.
- At the close of the current fiscal year, unassigned fund balance for the general fund was \$5,077,209 or 50.8 percent of total general fund expenditures.
- Curry County's total debt decreased by \$84,097 (net effect) during the current fiscal year. The County acquired four new road graders for \$579,441 requiring a new loan in the amount of \$648,335 and a Class A pumper truck for \$234,855 requiring a new loan in the amount of \$76,125. The key factors in the decrease were attributed to the total principal payments of \$605,000 on the gross receipts revenue bonds and general obligation bonds and \$200,741 on outstanding loans.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to Curry County's basic financial statements. Curry County's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information that follows the notes to the financial statements.

Government-wide financial statements - The government-wide financial statements are designed to provide readers with a broad overview of Curry County's finances, in a manner similar to a private sector business.

The statement of net assets (Exhibit A-1) presents information on all of Curry County's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of Curry County is improving or deteriorating.

The statement of activities (Exhibit A-2) presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of Curry County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of Curry County include general government, public safety, public works, culture and recreation, and health and welfare. The business-type activities of the County include the operations of the Fairgrounds and the Events Center.

The government-wide financial statements can be found at Exhibits A-1 and A-2 of this report.

STATE OF NEW MEXICO
Curry County
Management's Discussion and Analysis
June 30, 2011

Fund financial statements – A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental funds – Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on current sources and uses of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in determining what financial resources are available in the near future to finance the County's programs.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Curry County maintains forty-five individual governmental funds organized according to their type (special revenue, debt service and capital projects). Information is presented separately in the governmental fund balance sheet and statement of revenues, expenditures, and changes in fund balances for the General Fund and Road Special Revenue Fund, which are considered to be major funds. Data from the other forty three governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

Curry County adopts an annual appropriated budget for its general fund and all other funds. A budgetary comparison statement has been provided for the General Fund and Road Special Revenue Fund to demonstrate compliance with this budget. In addition, the individual financial statements of the non-major governmental fund types include budgetary comparison data.

The basic governmental fund financial statements can be found at Exhibits B-1 through C-2 of this report.

Proprietary funds – Proprietary funds are generally used to account for services for which the County charges customers, either outside customers or internal units or departments of the County. Proprietary funds provide the same type of information as shown in the government-wide financial statements, only in more detail. The County maintains one type of proprietary fund, an enterprise fund. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses an enterprise fund to account for the operations of the Fairgrounds and Events Center of the County. The enterprise fund is not considered to be a major fund of the County.

The basic proprietary fund financial statements can be found at Exhibits D-1 through D-3 of this report.

Fiduciary funds – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support Curry County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The County's fiduciary funds account for the collection of property taxes and special fees and their remittance to other governmental agencies.

The basic fiduciary fund financial statement can be found at Exhibit E-1 of this report.

Notes to the financial statements – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 37 through 62 of this report.

Combining statements – The combining statements referred to earlier in connection with non-major governmental funds and fiduciary funds are presented immediately following the notes to the financial statements. Combining and individual fund and budgetary comparison statements can be found at Statement A-1, Statement A-2 and Statements B of this report.

STATE OF NEW MEXICO
Curry County
Management's Discussion and Analysis
June 30, 2011

GOVERNMENT-WIDE FINANCIAL ANALYSIS

This is the seventh year that the County has presented its financial statements under the new reporting model required by the Governmental Accounting Standards Board Statement No. 34 (GASB #34), *Basic Financial Statements - and Management's Discussion and Analysis (MD&A) - for State and Local Governments*.

Analysis of Net Assets

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of Curry County, assets exceeded liabilities by \$47,874,598 at the close of the current fiscal year.

The largest portion of Curry County's net assets represents the County's investment of \$35,065,777 (e.g., land, buildings, infrastructure and machinery and equipment); less any related outstanding debt used to acquire those assets. Curry County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although Curry County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Curry County's Net Assets
June 30, 2011

	Governmental Activities	Business-type Activities	Total
Assets			
Current and other assets	\$ 13,086,791	\$ 233,008	\$ 13,319,799
Capital assets, net of accumulated depreciation	30,229,274	10,044,284	40,273,558
Total Assets	43,316,065	10,277,292	53,593,357
Liabilities			
Current liabilities	1,348,183	3,829	1,352,012
Long-term liabilities outstanding	4,366,747	-	4,366,747
Total Liabilities	5,714,930	3,829	5,718,759
Net Assets			
Invested in capital assets, net of related debt	25,021,493	10,044,284	35,065,777
Restricted	6,396,238	-	6,396,238
Unrestricted	6,183,404	229,179	6,412,583
Total Net Assets	37,601,135	10,273,463	47,874,598
Total Liabilities and Net Assets	\$ 43,316,065	\$ 10,277,292	\$ 53,593,357

A portion of Curry County's net assets represents resources that are subject to legal restrictions. The restrictions relate to the enabling legislation or to covenants provided by the County's long-term debt issuance and proceeds from bond issues restricted to capital uses. The remaining balance of unrestricted net assets, totaling \$6,183,404 is available to meet the government's ongoing obligations to citizens and creditors.

STATE OF NEW MEXICO
Curry County
Management's Discussion and Analysis
June 30, 2011

At the end of the current fiscal year, Curry County is able to report positive balances in both categories of net assets, for the government as a whole, as well as for the business-type activities.

Curry County Changes in Net Assets
June 30, 2011

	<u>Governmental Activities</u>	<u>Business-type Activities</u>	<u>Total</u>
Revenues

Transfers	<u>(531,500)</u>	<u>531,500</u>	<u>-</u>
Increase (decrease) in net assets	1,046,646	(279,022)	767,624
Net assets, beginning of year	<u>36,554,489</u>	<u>10,552,485</u>	<u>47,106,974</u>
Net assets, end of year	<u>\$ 37,601,135</u>	<u>\$ 10,273,463</u>	<u>\$ 47,874,598</u>

Governmental activities – Governmental activities increased Curry County's net assets by \$1,578,146. The key element of this increase was the prudent management of operations and their ability to control expenditures.

Business-type activities – Business-type activities decreased the County's net assets by (\$810,522). The key element of this decrease was the first full year of operations for the events center and its related expenditures.

STATE OF NEW MEXICO
Curry County
Management's Discussion and Analysis
June 30, 2011

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

As noted earlier, Curry County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds – The focus of Curry County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing Curry County's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. Types of Governmental funds reported by the County include the General Fund, Special Revenue Funds, Debt Service Funds and Capital Project Funds.

As of June 30, 2011, Curry County's governmental funds reported a combined ending fund balance of \$12,138,696, which is an increase of \$673,789 in comparison with the prior fiscal year. Approximately 42 percent of this total amount, \$5,074,880, constitutes unassigned fund balance, which is available for spending at the government's discretion, while approximately 55 percent of this total amount, \$6,668,622 is restricted or committed for specific purposes, and approximately 3.3 percent of this total amount, \$395,194, is non-spendable for prepaid expenses.

Revenues for governmental functions overall totaled approximately \$16,998,443 during the fiscal year ended June 30, 2011, which represents an increase of \$230,592 from the fiscal year ended June 30, 2010. Expenditures for governmental functions, totaling \$16,517,614, decreased by approximately \$144,920 from the fiscal year ended June 30, 2010. In the fiscal year ended June 30, 2011, revenues for governmental functions exceeded expenditures by approximately \$480,829.

The General Fund is the operating fund of the County. As of June 30, 2011, the unassigned fund balance of the general fund was \$5,077,209. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. The unassigned fund balance represents 50.8 percent and total fund balances represents 85.5 percent of total general fund expenditures of \$9,999,846.

The fund balance of the County's General Fund increased by \$587,140 during the current fiscal year, due to revenues in excess of expenditures and transfers. The increase does include the transfer of \$773,500 to the road fund and the transfer of \$531,500 to proprietary fund. Overall, the General Fund's performance resulted in revenues over expenditures during the fiscal year ended June 30, 2011 in the amount of \$1,914,647, an increase of \$1,422,355 over the comparable figure from the prior year of \$492,292.

The Road Special Revenue Fund has a total fund balance of \$812,829. The net increase in fund balance during the current year was \$257,030 over the comparable figure from the prior year of \$555,799.

Proprietary Funds – The County's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

As of June 30, 2011, the unrestricted net assets for Fairgrounds were \$229,179. The total decrease in net assets for the enterprise fund was \$279,022. Factors concerning the finances of this fund have been addressed previously in the discussion of the County's business-type activities.

Fiduciary Funds – The County maintains fiduciary funds for the assets of various agency funds. The County collects property taxes for other governmental entities.

General Fund Budgetary Highlights

The County budget reflects the same pattern as seen in the reporting of the actual revenue and expenditures. The State of New Mexico budgetary process is defined under state law and regulations. To enhance the process of developing a budget, the County utilizes goals and objectives which are defined by the County Commissioners, community input meetings, long-term plans and input from various staff groups. The County's priorities are well defined through this process.

GASB Statement No. 34 does not require a statement presenting the overall result of the budget for each year; however, all major budgetary funds are required to be reported as a separate statement.

STATE OF NEW MEXICO
Curry County
Management's Discussion and Analysis
June 30, 2011

The County's final budget differs from the original budget due to budget increases and decreases that were made during the fiscal year. Net budget increases in the departments totaled \$354,176 for both revenues and expenditures and were as follows:

General Fund	\$ 116,714
Road Special Revenue Fund	-0-
Non-Major Funds	237,462
Total	\$ 354,176

During the fiscal year ending June 30, 2011, the County received \$105,622 more in tax revenue than was budgeted. This was mainly due to an increase in collections of gross receipts taxes. Also, actual interest income was \$55,207 more than the budgeted amount. This was due to the County's movement of funds from cash deposits to short-term investments.

The County had actual expenditures that were less than the budgeted amounts for general government in the amount of \$2,682,236. This was a result of a decrease in general capital outlay expenditures and road projects, as well as prudent fund management and improved procurement procedures.

Capital Asset and Debt Administration

Capital Assets – Curry County's capital assets for its governmental and business-type activities as of June 30, 2011 amount to \$40,273,558 (net of accumulated depreciation). Capital assets include land, land improvements, buildings, machinery and equipment and infrastructure. The total increase in the County's capital assets (excluding accumulated depreciation) for the current fiscal year was \$2,245,774 for governmental activities. This increase was due primarily to the acquisition of four new road graders, a new fire pumper truck, and infrastructure improvements. There was a net decrease of (\$15,661) in business-type capital assets during the current fiscal year. This decrease was mainly due to the disposal of assets.

Capital Assets, Net of Depreciation as of
June 30, 2011

	Governmental Activities	Business-type Activities	Total
Land and land improvements	\$ 571,609	\$ 491,236	\$ 1,062,845
Buildings and improvements	14,315,091	10,562,169	24,877,260
Machinery and equipment	10,932,646	1,141,319	12,073,965
Infrastructure	24,746,059	-	24,746,059
Construction in progress	132,442	-	132,442
Total capital assets	50,697,847	12,194,724	62,892,571
Accumulated depreciation	20,468,573	2,150,440	22,619,013
Capital assets, net of accumulated depreciation	\$ 30,229,274	\$ 10,044,284	\$ 40,273,558

For government-wide financial statement presentation, all depreciable capital assets were depreciated from acquisition date to the end of the current fiscal year. Fund financial statements record capital asset purchases as expenditures. See Note 6 in the accompanying Notes to the Financial Statements for further information regarding capital assets.

STATE OF NEW MEXICO
Curry County
Management's Discussion and Analysis
June 30, 2011

Debt Administration – At the end of the current fiscal year, Curry County had total long-term obligations outstanding of \$5,413,224. Of this amount, \$1,685,000 is general obligation bonds backed by the full faith and credit of the County, \$453,000 is revenue bonds and the remainder consists of \$3,069,781 for New Mexico Finance Authority loans and \$205,443 for compensated absences liability.

Curry County's Outstanding Debt
June 30, 2011

	Governmental Activities	Business-type Activities	Total
General obligation bonds	\$ 1,685,000	\$ -	\$ 1,685,000
Revenue bonds	453,000	-	453,000
NMFA loans	3,069,781	-	3,069,781
Compensated absences	205,443	-	205,443
Total long-term liabilities	<u>\$ 5,413,224</u>	<u>\$ -</u>	<u>\$ 5,413,224</u>

See Note 7 in the accompanying Notes to the Financial Statements for further information regarding Curry County's long-term debt.

Economic Factors and Next Year's Budgets and Rates

- The unemployment rate of Curry County is currently 4.4 percent, which is a decrease from a rate of 5.5 percent a year ago. This compares favorably to the state's average unemployment rate of 6.6 percent and the national average rate of 9.1 percent.
- Inflationary trends in the region compare favorably to national indices.

The above factors were considered in preparing Curry County's budget for the 2012 fiscal year.

Requests for Information

This financial report is designed to provide a general overview of Curry County's finances for all of those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Curry County Administration, Curry County, 700 North Main, Clovis, New Mexico, 88101.

Curry County

Reconciliation of the Statement of Revenues, Expenditures and Changes
in Fund Balances of Governmental Funds to the Statement of Activities
For the Year Ending June 30, 2011

Exhibit B-2

Page 2 of 2

Amounts reported for governmental activities in the statement of activities
are different because:

Net change in fund balances - total governmental funds	\$ 673,789
--------------------------------------------------------	------------

Governmental funds report capital outlays as expenditures. However, in
the statement of activities, the cost of those assets is allocated over their
estimated useful lives and reported as depreciation expense:

Capital expenditures	2,246,701
Depreciation expense - current year	(1,671,889)

Revenues in the statement of activities that do not provide current financial
resources are not reported as revenue in the funds:

Change in deferred revenue related to property taxes receivable	(117,939)
Book value of disposed capital asset	(160,927)

The issuance of long-term debt (e.g. bonds, notes, leases) provides current financial
resources to governmental funds, while the repayment of the principal of long-term
debt consumes the current financial resources of governmental funds. Neither
transaction, however, has any effect on net assets. Also, governmental funds
report the effect of issuance costs, premiums, discounts, and similar items when
debt is first issued, whereas these amounts are deferred and amortized in the
statement of activities:

Increase in accrued compensated absences not due and payable	(767)
Increase in accrued interest payable	(3,603)
Loan Proceeds	(724,460)
Principal payments on bonds	605,000
Principal payments on notes payable	<u>200,741</u>

Change in net assets of governmental activities	<u><u>\$ 1,046,646</u></u>
-------------------------------------------------	----------------------------

STATE OF NEW MEXICO
Curry County
Notes to the Financial Statements
June 30, 2011

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Curry County is a political sub-division of the State of New Mexico established under the provisions of Section 4-5-1 of NMSA, 1978 compilation and regulated by the Constitution of the State of New Mexico. The County operates under a commission-manager form of government and provides the following services as authorized by public law: public safety (sheriff, fire, emergency medical, etc.), roads, health and social services, recreation, sanitation, low rent housing assistance, planning and zoning, property assessment, tax collection and general administrative services.

Curry County is a body politic and corporate under the name and form of government selected by its qualified electors. The County may:

1. Sue or be sued;
2. Enter into contracts and leases;
3. Acquire and hold property, both real and personal;
4. Have common seal, which may be altered at pleasure;
5. Exercise such other privileges that are incident to corporations of like character or degree that are not inconsistent with the laws of New Mexico;
6. Protect generally the property of its County and its inhabitants;
7. Preserve peace and order within the County; and
8. Establish rates for services provided by the County utilities and revenue-producing projects, including amounts which the governing body determines to be reasonable in the operation of similar facilities.

This summary of significant accounting policies of the County is presented to assist in the understanding of the County's financial statements. The financial statements and notes are the representation of Curry County's management who is responsible for their integrity and objectivity. The financial statements of Curry County have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The financial statements have incorporated all applicable GASB pronouncements as well as Accounting Principles Board Opinions and Accounting Research Bulletins of the committee on accounting procedures issued on or before November 30, 1989 unless those pronouncements conflict with or contradict GASB pronouncements. Governments also have the option of following subsequent private-sector guidance, subject to this same limitation. The government has elected not to follow subsequent private-sector guidance in the government wide financial statements. The more significant of the County's accounting policies are described below.

A. Financial Reporting Entity

In evaluating how to define the County, for financial reporting purposes, management has considered all potential component units. The decision to include any potential component units in the financial reporting entity was made by applying the criteria set forth in GASB Statements No. 14 and No. 39. Blended component units, although legally separate entities, are in substance part of the government's operations. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the government.

STATE OF NEW MEXICO
Curry County
Notes to the Financial Statements
June 30, 2011

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

A. Financial Reporting Entity (continued)

The basic-but not the only-criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters. A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity benefits the government and/or its citizens. A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the government is able to exercise oversight responsibilities. Based upon the application of these criteria, the County does not have any component units required to be reported under GASB Statements No. 14 and No. 39.

B. Government-wide and fund financial statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of inter-fund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The Statement of Net Assets and the Statement of Activities were prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets and liabilities resulting from non-exchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, *Accounting and Financial Reporting for Non-exchange Transactions*.

In the government-wide Statement of Net Assets, both the governmental and business-type activities (if applicable) columns (a) are presented on a consolidated basis by column, (b) are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The County's net assets are reported in three parts-invested in capital assets, net of related debt; restricted net assets; and unrestricted net assets.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

STATE OF NEW MEXICO
Curry County
Notes to the Financial Statements
June 30, 2011

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. Government-wide and fund financial statements (continued)

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements of time, reimbursement and contingencies imposed by the provider are met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Sales and use taxes are classified as derived tax revenues and are recognized as revenue when the underlying exchange takes place and the revenues are measurable and available. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met and the susceptible to accrual criteria have been met.

Under the requirements of GASB Statement No. 34, the County is required to present certain of its governmental funds as major based upon certain criteria. The major funds presented in the fund financial statements include the following, which includes funds that were not required to be presented as major but were at the discretion of management:

The *General Fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. Revenues are provided through property and other taxes, federal sources, state sources, charges for services, licenses and fees, and other miscellaneous recoveries and revenue. Expenditures include all costs associated with the daily operation of the County except for items included in other funds.

STATE OF NEW MEXICO
Curry County
Notes to the Financial Statements
June 30, 2011

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Measurement focus, basis of accounting, and financial statement presentation (continued)

The *Road Special Revenue Fund* is used to account for the distribution of gasoline taxes and motor vehicle registration fees to the County and the expenditure for construction, reconstruction, resurfacing or other improvement or maintenance of public roads as authorized by NMSA 1978 Section 7-24A-5.

The government reports its proprietary fund as a major governmental fund.

Additionally, the government reports the following agency fund:

Fiduciary funds are purely custodial (assets equal liabilities) and do not involve measurement of results of operations. The County's fiduciary funds are used to account for the collection and payment of property taxes and special fees to other governmental agencies. They also account for collection and disbursement of inmate funds for the Curry County Detention Center.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the government's enterprise funds and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Program revenues included in the Statement of Activities are derived directly from the program itself or from parties outside the County's taxpayer or citizenry, as a whole; program revenues reduce the cost of the function to be financed from the County's general revenues. Program revenues are categorized as (a) charges for services, which include revenues collected for fees and use of County facilities, etc., (b) program-specific operating grants, which includes revenues received from state and federal sources such as small cities assistance to be used as specified within each program grant agreement, and (c) program-specific capital grants and contributions, which include revenues from state sources to be used for capital projects. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

The County reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. The County does not currently employ indirect cost allocation systems. Depreciation expense is specifically identified by function and is included in the direct expense of each function. Interest on general long-term debt is considered an indirect expense and is reported separately on the Statement of Activities.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

STATE OF NEW MEXICO
Curry County
Notes to the Financial Statements
June 30, 2011

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Measurement focus, basis of accounting, and financial statement presentation (continued)

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with the fund's principal ongoing operations. The principal operating revenue of the County's enterprise fund is charges for services at the County Events Center and Fairgrounds. Operating expenses for enterprise funds include the cost of services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

D. Assets, Liabilities and Net Assets or Fund Equity

Deposits and Investments: The County's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

State statutes authorize the County to invest in Certificates of Deposit, obligations of the U.S. Government, and the State Treasurer's Investment Pool. Amounts invested with the State Treasurer's LGIP are readily available to the County when needed and are recorded at cost which approximates fair value. Amounts in the State Treasurer's Reserve Contingency Fund are not currently available to the County and are recorded at their cost value less the estimated loss as provided by the State Treasurer's office. Further disclosure regarding the Reserve Contingency Fund is discussed in Note 3 to the Financial Statements.

Investments for the County are reported at fair value. The State Treasurer's Pool operates in accordance with appropriate state laws and regulations. The reported value of the pool is the same as the fair value of the pool shares.

Receivable and Payables: Inter-fund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as inter-fund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other inter-fund transactions are treated as transfers. Transfers between governmental or between proprietary funds are netted as part of the reconciliation to the government-wide financial statements.

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible. In the government-wide and governmental fund financial statements, property taxes are recorded when levied net of estimated refunds and uncollectible amounts.

Property taxes are levied on November 1st based on the assessed value of property as listed on the previous January 1st and are due in two payments by November 10th and April 10th. Property taxes uncollected after November 10th and April 10th are considered delinquent and the County may assess penalties and interest. The taxes attach as an enforceable lien on property thirty (30) days thereafter, at which time they become delinquent.

STATE OF NEW MEXICO
Curry County
Notes to the Financial Statements
June 30, 2011

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Assets, Liabilities and Net Assets or Fund Equity (continued)

Prepaid Items: Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and proprietary financial statements.

Restricted Assets: Restricted assets consist of those funds expendable for operating purposes but restricted by donors or other outside agencies as to the specific purpose for which they may be expended.

Capital Assets: Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. State law sets a capitalization threshold of \$5,000 for acquisitions of property and equipment (12-10-10 NMSA 1978). Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Curry County was a phase II government for purposes of implementing GASB 34 and therefore was not required to record infrastructure retroactively back to fiscal years ending after June 30, 1980. However, the County chose to record its old infrastructure. Donated capital assets are recorded at estimated fair market value at the date of donation. Information technology equipment, including software, is being capitalized in accordance with NMAC 2.20.1.9 C (5).

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. No interest was included as part of the cost of capital assets under construction.

Property, plant, and equipment of the primary government are depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Infrastructure	40
Buildings and improvements	40
Equipment	5-20

Accrued Expenses: Accrued expenses are comprised of the payroll expenditures based on amounts earned by the employees through June 30, 2011, along with the applicable PERA and Retiree Health Care.

STATE OF NEW MEXICO
Curry County
Notes to the Financial Statements
June 30, 2011

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Assets, Liabilities and Net Assets or Fund Equity (continued)

Deferred Revenues: There are two types of deferred revenue. Under both the accrual and modified accrual basis of accounting, revenue may be recognized only when it is earned. If assets are recognized in connection with a transaction before the earnings process is complete, those assets must be offset by a corresponding liability for deferred revenue (commonly referred to as unearned revenue). The other type of deferred revenue is “unavailable revenue.” Under the modified accrual basis of accounting, it is not enough that revenue has been earned if it is to be recognized as revenue of the current period. It must also be susceptible to accrual (measurable and available to finance expenditures of the current fiscal period). If assets are recognized in connection with a transaction, but those assets are not yet available to finance expenditures of the current fiscal period, then the assets must be off-set by a corresponding liability for deferred revenue.

Compensated Absences: Qualified employees are entitled to accumulate annual leave according to a graduated leave schedule of ten days to twenty days per year, depending on length of service. Employees must use accumulated leave by the end of the next calendar year or it is lost. Special permission to carry forward accumulated leave beyond the next calendar year must be obtained from the county manager on a case by case basis. Upon termination, employees will be paid for up to 320 hours (forty days) of accrued annual leave.

Qualified employees are entitled to accumulate sick leave at a rate of twelve days per year. Sick leave can be carried over from year to year up to 960 hours (120 days). Upon termination employees receive no pay for sick time accumulated.

Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. In prior years, substantially all of the related expenditures have been liquidated by the general fund. Amounts of vested or accumulated vacation leave that are not expected to be liquidated with expendable available financial resources are reported in the government-wide statement of net assets.

Long-term Obligations: In the government-wide fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities statement of net assets. For bonds issued after GASB 34 was implemented, bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

Fund Balance Classification Policies and Procedures: For committed fund balance, the County's highest level of decision-making authority is the County Commission. The formal action that is required to be taken to establish a fund balance commitment is the County Commission.

For assigned fund balance, the County Commission or an official or body to which the County Commission delegates the authority is authorized to assign amounts to a specific purpose. The authorization policy is in governmental funds other than the general fund, assigned fund balance represents the amount that is not restricted or committed. This indicates that resources in other governmental funds are, at a minimum, intended to be used for the purpose of that fund.

STATE OF NEW MEXICO
Curry County
Notes to the Financial Statements
June 30, 2011

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Assets, Liabilities and Net Assets or Fund Equity (continued)

For the classification of fund balances, the County considers restricted or unrestricted amounts to have been spent when an expenditure is incurred for the purposes for which both restricted and unrestricted fund balance is available. Also for the classification of fund balances, the County considers committed, assigned, or unassigned amounts to have been spent when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

Nonspendable Fund Balance: At June 30, 2011, the County has presented \$395,194 in nonspendable fund balance representing amounts prepaid for expenses.

Restricted and Committed Fund Balance: At June 30, 2011, the County has presented restricted fund balance on the governmental funds balance sheet in the amount of \$4,022,418 for various County operations as restricted by enabling legislation. The County has also presented committed fund balances on the governmental funds balance sheet in the amount of \$2,646,204 in order to provide services throughout the County. The details of these fund balance items are located on the governmental funds balance sheet as detailed on page 26.

Minimum Fund Balance Policy: The County's policy for maintaining a minimum amount of fund balance for operations is to minimize any sudden and unplanned discontinuity to programs and operations and for unforeseen contingencies. At a minimum, the budget shall ensure that the County holds cash reserves of 3/12th of the General Fund expenditures and a cash reserve of 1/12th of the Road Fund expenditures.

Net Assets: Equity is classified as net assets and displayed in three components:

- a. Invested in capital assets, net of related debt:
Net assets invested in capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net assets:
Consist of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulation of other governments; or (2) law through constitutional provisions or enabling legislation. Descriptions for the related restrictions for net assets restricted for "special revenue, debt service, and capital projects" are described on pages 40, and 67-69.
- c. Unrestricted net assets:
All other net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. Significant estimates in the County's financial statements consist of depreciation and estimated useful lives of capital assets.

STATE OF NEW MEXICO
Curry County
Notes to the Financial Statements
June 30, 2011

NOTE 2. Stewardship, Compliance and Accountability

Budgetary Information

Annual budgets of the County are prepared prior to June 1 and must be approved by resolution of the Board of County Commissioners, and submitted to the Department of Finance and Administration for State approval. Once the budget has been formally approved, any amendments must also be approved by the County Commissioners and the Department of Finance and Administration. A separate budget is prepared for each fund. Line items within each budget may be over-expended; however, it is not legally permissible to over-expend any budget in total at the fund level.

These budgets are prepared on the Non-GAAP cash budgetary basis. Budgeted expenditures exclude encumbrances. The budget secures appropriation of funds for only one year. Carryover funds must be re-appropriated in the budget of the subsequent fiscal year.

The budgetary information presented in these financial statements has been amended in accordance with the above procedures.

	Excess (deficiency) of revenues over expenditures	
	Original Budget	Final Budget
Budgeted Funds:		
General Fund	\$ 782,300	\$ 782,300
Road Fund	\$ (773,500)	\$ (773,500)
Nonmajor Funds	\$ (1,366,639)	\$ (1,366,639)

The accompanying Statements of Revenues, Expenditures and Changes in Fund Balance – Budget (Non-GAAP Budgetary Basis) and Actual presents comparisons of the legally adopted budget with actual data on a budgetary basis.

The County does not include in its budgetary figures amounts representing loans for the purchase of assets, or the initial payment out of the loan funds for the assets made through New Mexico Finance Authority (NMFA). These funds remain within restricted cash accounts held by NMFA. The County includes only the required loan repayments that will be paid within the fiscal year to NMFA in its budgetary figures. During the current year, the County purchased four (4) new road graders using loan proceeds through NMFA in the amount of \$648,335. The County also purchased a new fire pumper truck using loan proceeds through NMFA in the amount of \$76,125. These revenues and expenditures are included in both the fund financial statements and the government-wide financial statements.

Since accounting principles applied for purposes of developing data on a budgetary basis differ significantly from those used to present financial statements in conformity with GAAP, a reconciliation of resultant basis, perspective, equity and timing differences in the excess (deficiency) of revenues and other sources of financial resources for the year ended June 30, 2011 is presented. Reconciliations between the Non-GAAP budgetary basis amounts and the financial statements on the GAAP basis by fund can be found on each individual budgetary statement.

STATE OF NEW MEXICO
Curry County
Notes to the Financial Statements
June 30, 2011

NOTE 3. Deposits and Investments

State statutes authorize the investment of County funds in a wide variety of instruments including certificates of deposit and other similar obligations, state investment pool, money market accounts, and United States Government obligations. All invested funds of the County properly followed State investment requirements as of June 30, 2011.

Deposits of funds may be made in interest or non-interest bearing checking accounts in one or more banks or savings and loan associations within the geographical boundaries of the County. Deposits may be made to the extent that they are insured by an agency of the United States or by collateral deposited as security or by bond given by the financial institution.

The rate of interest in non-demand interest-bearing accounts shall be set by the State Board of Finance, but in no case shall the rate of interest be less than one hundred percent of the asked price on United States treasury bills of the same maturity on the day of deposit.

Excess of funds may be temporarily invested in securities which are issued by the State or by the United States government, or by their departments or agencies, and which are either direct obligations of the State or the United States or are backed by the full faith and credit of those governments.

According to the Federal Deposit Insurance Corporation (FDIC), public unit deposits are funds owned by the public unit. Under the Transaction Account Guarantee Program (TAGP) in effect from July 1, 2010 to December 31, 2010, time deposits, savings deposits and interest bearing negotiable order of withdrawal (NOW) accounts of a public unit in an institution in the same state will be insured up to \$250,000 in aggregate and separate from the \$250,000 coverage for public unit demand deposits at the same institution. The TAGP program expired on December 31, 2010. On November 9, 2010, the FDIC Board of Directors issued a final rule to implement the section of the Dodd-Frank Wall Street Reform and Consumer Protection Act that provides temporary unlimited coverage for noninterest-bearing transaction accounts in all FDIC-insured depository institutions. The separate coverage on noninterest-bearing transaction accounts became effective on December 31, 2010 and will terminate on December 31, 2012. From December 31, 2010 to July 20, 2011 accounts held by an official custodian for a government unit are insured as follows:

- Up to \$250,000 for the combined total of all time and savings deposits (including NOW accounts), and
- Unlimited coverage for noninterest-bearing transaction (demand deposit) accounts

Through July 20, 2011, there is no difference in deposit insurance coverage when an official custodian deposits money in-state or out-of-state.

NOTE 3. Deposits and Investments (continued)

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the County's deposits may not be returned to it. The County does not have a deposit policy for custodial credit risk. New Mexico State Statutes require collateral pledged for deposits in excess of the federal deposit insurance to be delivered, or a joint safekeeping receipt be issued, to the County for at least one half of the amount on deposit with the institution. At June 30, 2011, \$83,301 of the County's deposits of \$354,850 was exposed to custodial credit risk. \$83,301 was uninsured and collateralized by collateral held by the pledging bank's trust department, not in the County's name and \$-0- was uninsured and uncollateralized.

Section 6-10-17, New Mexico Statutes Annotated, 1978 Compilation states the types of collateral allowed are limited to direct obligations of the United States Government and all bonds issued by any agency, district or political subdivision of the State of New Mexico. All depositories had collateral exceeding the amount required by law.

NOTE 3. Deposits and Investments (continued)

Investments

Custodial Credit Risk – Investments

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The County does not have an investment policy for custodial credit risk other than to comply with the state statute as set forth in the Public Money Act (Section 6-10-1 to 6-10-63, NMSA 1978). New Mexico State Statutes require collateral pledged to be delivered for securities underlying an overnight repurchase agreement, or a joint safekeeping receipt be issued to the County for at least one hundred two percent (102%) of the fair value of the securities underlying overnight repurchase accounts invested with the institution. At June 30, 2011, the County's investment balances were exposed to custodial credit risk as follows:

	<u>NM Bank & Trust Repurchase Agreement</u>
Year ended June 30, 2011	
Total amount of deposits	\$ 5,382,052
FDIC Coverage	-
Total uninsured public funds	5,382,052
Securities underlying an overnight repurchase agreement held by investment's counterparty not in the County's name	5,382,052
Total investments subject to custodial credit risk	\$ -
Collateral requirement for repurchase agreements (102% of value of underlying securities)	\$ 5,489,693
Pledged securities	5,544,802
Over (under) collateralization	\$ 55,109

The collateral pledged is listed on Schedule I of this report.

State statute authorizes the County to invest in direct obligations of the United States or securities that are backed by the full faith and credit of the United States Government or agencies guaranteed by the U.S. Government. State statute also authorizes the County to invest in bonds or negotiable securities of the U.S., the State of New Mexico, or any county, municipality or school district which has a taxable valuation of real property for the last preceding year of at least one million dollars and has not defaulted in the payment of any interest or sinking fund obligation or failed to meet any bonds at maturity at any time within five years last preceding.

State law limits investment in commercial paper, corporate bonds, and mutual bond funds to the top two ratings issued by nationally recognized statistical rating organizations. The County has no investment policy that would further limit its investment choices.

STATE OF NEW MEXICO
Curry County
Notes to the Financial Statements
June 30, 2011

NOTE 3. Deposits and Investments (continued)

Investments (continued)

The New MexiGROW Local Government Investment Pool's (LGIP) investments are valued at fair value based on quoted market prices as of the valuation date. The LGIP is not SEC registered. The New Mexico State Treasurer is authorized to invest the short-term investment funds, with the advice and consent of the State Board of Finance, in accordance with Sections 6-10-10(I) through 6-10-10(P) and Sections 6-10-10.1(A) and (E), NMSA 1978. The LGIP's investments are monitored by the same policies and procedures that apply to all other state investments. The pool does not have unit shares. Per Section 6-10-10.(F), NMSA 1978, at the end of each month all interest earned is distributed by the State Treasurer to the contributing entities in amounts directly proportionate to the respective amounts deposited in the fund and the length of time the fund amounts were invested. Participation in the LGIP is voluntary.

As of June 30, 2011, the County's investment in the State Treasurer Local Government Investment Pool – Reserve Contingency Fund was unrated.

Concentration Credit Risk – Investments. For an investment, concentration credit risk is when any one issuer is 5% or more of the investment portfolio of the County. More than 5% of the County's investments are with Federal Home Loan Mortgage Corporation (REMIC), Government National Mortgage Association (REMIC), Government National Mortgage Association Notes, U.S. Treasury Notes, and U.S. Treasury Money Market Mutual Fund. These investments are 25.17%, 29.08%, 5.10%, 24.32%, and 6.46%, respectively, of the County's total investments. Since the County only purchases investments with the highest credit rating, the additional concentration is not viewed to be an additional risk by the County. The County's policy related to concentration credit risk is to comply with the state statute as put forth in the Public Money Act (Section 6-10-1 to 6-10-63, NMSA 1978).

As of June 30, 2011, the County had the following investments and maturities:

Investment Type	Rating	Fair Value	Weighted Average Maturity
Reserve Contingency Fund	Unrated	\$ 2,016	Does not earn interest
Federal Home Loan Mtg REMIC	AAA	1,522,055	Less than 90 days
Government National Mtg REMIC	AAA	1,758,793	Less than 90 days
LPL Financial Money Market	AAA	73,296	Less than 90 days
Federal Home Loan Mtg Medium Term	AAA	256,154	Less than 90 days
Government National Mtg Assn. Notes	AAA	308,362	Less than 90 days
Government National Mtg Assn. Pools	AAA	265,284	Less than 90 days
U.S. Treasury Notes	AAA	1,470,745	Less than 90 days
U.S. Treasury Money Market Mutual Fund	AAA	390,467	< 365 days
Total		<u>\$ 6,047,172</u>	

* LPL Financial Money Market Account is guaranteed by US Securities. The investments are listed on Schedule II of this report.

Interest Rate Risk – Investments. The County does not have a formal policy limiting investment maturities that would help manage its exposure to fair value losses from increasing interest rates.

NOTE 5. Interfund Receivables, Payables, and Transfers

Net operating transfers are as follows:

<u>Transfers In</u>	<u>Transfers Out</u>	<u>Amount</u>
Road Special Revenue Fund	General Fund	\$ 773,500
Events Center and Fairgrounds Proprietary Fund	General Fund	506,500
Foster Grandparent Program	General Fund	5,413
Retired Senior Volunteers Program	General Fund	2,094
Melrose Health Clinic Fund	General Fund	40,000
Events Center and Fairgrounds Proprietary Fund	100th Curry County Anniversary Celebration Fund	25,000
Special DWI Grant Fund	DWI Partnership Grant Fund	3,011
Special DWI Grant Fund	DWI Grant Special Revenue Fund	13,871
		<u>\$ 1,369,389</u>

The general purposes of the transfers are to fund expenditures until other financing is arranged or to provide matching funds.

Negative cash balances in individual funds that were part of the pooled accounts were reclassified as due to/from accounts in the Governmental Funds Balance Sheet as of June 30, 2011. Some funds were borrowed while waiting on grant reimbursements. The following individual funds had negative cash balances as of June 30, 2011:

<u>Interfund payable</u>	<u>Interfund receivable</u>	<u>Amount</u>
611 Special DWI Grant Special Revenue Fund	General Fund	\$ 68,607
626 Beautification Grant Special Revenue Fund	General Fund	2,752
672 La Casa Family Healthcare Program Special Revenue Fund	General Fund	1,087
679 Keep NM Beautiful Special Revenue Fund	General Fund	761
698 Wildland Fire Coordinator Special Revenue Fund	General Fund	363
699 Sanction Service Juvenile Offenders Special Revenue Fund	General Fund	13,180
805 Recycling and Illegal Dumping Special Revenue Fund	General Fund	9,126
806 Youth Conservation Corps Special Revenue Fund	General Fund	8,650
		<u>\$ 104,526</u>

These interfund balances are expected to be repaid within one year.

NMFA Loan Payable – Class A Tanker

On January 7, 2011 the County entered into a loan agreement with the New Mexico Finance Authority for the purchase of a Class A Tanker for the Road Department. The original amount of the loan is \$76,125. Interest on the loan is 2.844%. The term of the loan is for ten years.

Annual debt service requirements to maturity, including \$15,156 of interest and administrative fees are as follows:

Fiscal Year Ending June 30,	Principal	Interest	Total Debt Service
2012	\$ 2,097	\$ 2,611	\$ 4,708
2013	2,125	1,965	4,090
2014	2,158	1,941	4,099
2015	9,196	1,910	11,106

NOTE 7. Long-term Debt (continued)

NMFA Loan Payable – Motor Graders

On February 18, 2011 the County entered into a loan agreement with the New Mexico Finance Authority for the purchase of four motor graders for the Road Department. The original amount of the loan is \$648,335. Interest on the loan is 2.952%. The term of the loan is for ten years.

Annual debt service requirements to maturity, including \$135,181 of interest and administrative fees are as follows:

Fiscal Year Ending June 30,	Principal	Interest	Total Debt Service
2012	\$ 10,588	\$ 21,593	\$ 32,181
2013	10,733	17,858	28,591
2014	10,904	17,724	28,628
2015	81,107	17,549	98,656
2016	82,932	15,984	98,916
2017-2021	452,071	44,473	496,544
	<u>\$ 648,335</u>	<u>\$ 135,181</u>	<u>\$ 783,516</u>

Compensated Absences – Employees of the County are able to accrue a limited amount of vacation and other compensatory time during the year. Compensated accrued absences have historically been liquidated through operational and federal funds.

NOTE 8. Risk Management

The County is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; injuries and natural disasters.

Curry County is a member and is insured through the New Mexico County Insurance Authority. The Authority was created to provide comprehensive core insurance programs by expanding the pool of subscribers to maximize cost containment opportunities for required insurance coverage. The Authority acts as the common carrier for the State of New Mexico counties. The County pays an annual premium to the Authority based on claim experience and the status of the pool. The Risk Management Program includes Workers Compensation, General and Automobile Liability, Automobile Physical Damage, and Property and Crime coverage. The County is not liable for more than the premiums paid.

NOTE 9. Other Required Individual Fund Disclosures

Generally accepted accounting principles require disclosures as part of the overview of certain information concerning individual funds including:

- A. Deficit fund balance of individual funds. These funds reflected a deficit fund balance as of June 30, 2011:

Special Revenue Funds

DWI Grant Fund	\$ 1,433
Wildland Fire Coordinator Fund	363
Sanction Service Juvenile Offenders Fund	62
Recycling and Illegal Dumping Grant Fund	9,126
Youth Conservation Corp Fund	9,275
Total Special Revenue Funds	<u><u>\$ 20,259</u></u>

These funds are part of pooled cash, so the General Fund is deemed to have loaned them money until reimbursements are received.

- B. Excess of expenditures over appropriations.
None
- C. Designated cash appropriations exceeded prior year available balances.
None

NOTE 10. Public Employee Retirement Association (PERA) Pension Plan

Plan Description: Substantially all of Curry County’s full-time employees participate in a public employee retirement system authorized under the Public Employees Retirement Act (Chapter 10, Article 11 NMSA 1978.) The Public Employee Retirement Association (PERA) is the administrator of the plan, which is a cost-sharing, multiple-employer defined benefit retirement plan. The plan provides for retirement benefits, disability benefits, survivor benefits and cost-of-living adjustments to plan members and beneficiaries. PERA issues a separate, publicly available financial report that includes financial statements and required supplementary information for the plan. That report may be obtained by writing to PERA, P.O. Box 2123, Santa Fe, New Mexico 87504-2123. The report is also available on PERA’s website at www.pera.state.nm.us.

Funding Policy: Plan members are required to contribute the following percentages of their gross salary: 12.35% for law enforcement and fire protection employees; and 13.15% for municipal employees. The County is required to contribute the following percentages of the gross covered salary: 18.5% for law enforcement and fire protection plan members; and 9.15% for municipal plan members. The contribution requirements of plan members and Curry County are established in State Statute under Chapter 10, Article 11, NMSA 1978. The requirements may be amended by acts of the legislature. The County’s contributions to PERA for the years ending June 30, 2011, 2010, and 2009 were \$524,679, \$454,150, and \$460,868, respectively, which equal the amount of the required contributions for each fiscal year.

NOTE 11. Post-Employment Benefits - State Retiree Health Care Plan

Plan Description. Curry County contributes to the New Mexico Retiree Health Care Fund, a cost-sharing multiple-employer defined benefit postemployment healthcare plan administered by the New Mexico Retiree Health Care Authority (RHCA). The RHCA provides health care insurance and prescription drug benefits to retired employees of participating New Mexico government agencies, their spouses, dependents, and surviving spouses and dependents. The RHCA Board was established by the Retiree Health Care Act (Chapter 10, Article 7C, NMSA 1978). The Board is responsible for establishing and amending benefit provisions of the healthcare plan and is also authorized to designate optional and/or voluntary benefits like dental, vision, supplemental life insurance, and long-term care policies.

Eligible retirees are: 1) retirees who make contributions to the fund for at least five years prior to retirement and whose eligible employer during that period of time made contributions as a participant in the RHCA plan on the person's behalf unless that person retires before the employer's RHCA effective date, in which event the time period required for employee and employer contributions shall become the period of time between the employer's effective date and the date of retirement; 2) retirees defined by the Act who retired prior to July 1, 1990; 3) former legislators who served at least two years; and 4) former governing authority members who served at least four years.

The RHCA issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for the postemployment healthcare plan. That report and further information can be obtained by writing to the Retiree Health Care Authority, 4308 Carlisle NE, Suite 104, Albuquerque, New Mexico 87107.

Funding Policy. The Retiree Health Care Act (Section 10-7C-13 NMSA 1978) authorizes the RHCA Board to establish the monthly premium contributions that retirees are required to pay for healthcare benefits. Each participating retiree pays a monthly premium according to a service based subsidy rate schedule for the medical plus basic life plan plus an additional participation fee of five dollars if the eligible participant retired prior to the employer's RHCA effective date or is a former legislator or former governing authority member. Former legislators and governing authority members are required to pay 100% of the insurance premium to cover their claims and the administrative expenses of the plan. The monthly premium rate schedule can be obtained from the RHCA or viewed on their website at www.nmrhca.state.nm.us.

The Retiree Health Care Act (Section 10-7C-15 NMSA 1978) is the statutory authority that establishes the required contributions of participating employers and their employees. During the fiscal year ended June 30, 2011, the statute required each participating employer to contribute 1.666% for municipal and 2.084% for law enforcement employees of each participating employee's annual salary; each participating employee was required to contribute .833% for municipal and 1.042% for law enforcement employee salaries. In the fiscal years ending June 30, 2012 and June 30, 2013 the contribution rates for employees and employers will rise as follows:

Municipal Employees

<u>Fiscal Year</u>	<u>Employer Contribution Rate</u>	<u>Employee Contribution Rate</u>
FY12	1.834%	0.917%
FY13	2.000%	1.000%

Law Enforcement Employees

<u>Fiscal Year</u>	<u>Employer Contribution Rate</u>	<u>Employee Contribution Rate</u>
FY12	2.292%	1.146%
FY13	2.500%	1.250%

STATE OF NEW MEXICO
Curry County
Notes to the Financial Statements
June 30, 2011

NOTE 11. Post-Employment Benefits - State Retiree Health Care Plan (continued)

Also, employers joining the program after January 1, 1998 are required to make a surplus-amount contribution to the RHCA based on one of two formulas at agreed-upon intervals.

The RHCA plan is financed on a pay-as-you-go basis. The employer, employee and retiree contributions are required to be remitted to the RHCA on a monthly basis. The statutory requirements for the contributions can be changed by the New Mexico State Legislature.

Curry County's contributions to the RHCA for the years ended June 30, 2011, 2010, and 2009 were \$82,059, \$58,028, and \$57,134 respectively, which equal the required contributions for each year.

NOTE 12. Contingent Liabilities

The County is party to various claims and lawsuits arising in the normal course of business. The County is insured through the New Mexico County Insurance Authority. In the opinion of management, the outcome of these matters will not have a material effect on the financial position of the County.

NOTE 13. Federal and State Grants

In the normal course of operations, the County receives grant funds from various federal and state agencies. Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, the purpose of which is to ensure compliance with conditions precedent to the granting of funds. Any liability for reimbursement which may arise as a result of these audits is not believed to be material.

NOTE 14. Restricted Net Assets

The government-wide statement of net assets reports \$6,396,238 of restricted net assets, of which \$5,368,782 is restricted by enabling legislation. The enabling legislation is described on pages 40 and 67 to 69.

NOTE 15. County Medicaid 1/16 Gross Receipts Tax Equivalent

Under State Statute Section 27-10-4, NMSA 1978 Compilation, a county which does not enact an ordinance imposing a county health care gross receipts tax pursuant to State Statute Section 7-20E-18, NMSA 1978 Compilation is required to dedicate to the county-supported Medicaid fund "an amount equal to a gross receipts tax rate of 1/16 of one percent applied to the taxable gross receipts tax reported during the prior fiscal year by persons engaging in business in the county." To comply with the statute, the County imposed a 1/16 percent increase in gross receipt tax during the second half of FY00 and will continue to impose the tax in FY12 which will generate approximately \$450,000 annually.

NOTE 16. Subsequent Events

LGIP Investment in the Reserve Contingency Fund

The New Mexico State Treasurer's Office invested a portion of the Local Government Investment Pool (LGIP) in The Reserve Primary Fund ("the Fund"), a money market fund, in fiscal years 2006, 2007, 2008 and 2009. On September 15, 2008, the balance of the LGIP's investment in the Fund was \$381.7 million. On September 16, 2008, The Reserve Primary Fund's net asset value fell below \$1.00 and holdings in the Fund were frozen.

STATE OF NEW MEXICO
Curry County
Notes to the Financial Statements
June 30, 2011

NOTE 16. Subsequent Events (continued)

On July 15, 2010, the Reserve announced that it will begin its seventh distribution to Primary Fund shareholders on or about July 16, 2010. The distribution, in the amount of approximately \$215 million, represents approximately 67% of the Fund's remaining asset value of \$323 million as of the close of business on July 9, 2010. Including this seventh distribution, \$50.7 billion of Fund assets as of the close of business on September 15, 2008, will have been returned to investors. There have been no additional distributions in the past year.

The New Mexico State Treasurer's Office believes that there may be additional distributions. Uncertainty remains, however, as to the timing and amounts of these distributions. Effective November 24, 2010, all remaining assets were transferred to a liquidating services agent, Crederian Fund Services, LLC. Crederian will facilitate (1) Form 1099 reporting for calendar year 2010 and subsequent years and (2) any further fund distributions to shareholders. Each fund has changed its name to remove the reference to the word "Reserve." The name changes do not affect the funds in any other way.

The date to which events occurring after June 30, 2011, the date of the most recent statement of net assets, have been evaluated for possible adjustment to the financial statements or disclosures is November 10, 2011 which is the date on which the financial statements were issued.

NOTE 17. Subsequent Pronouncements

In November 2010, GASB Statement No. 60 *Accounting and Financial Reporting for Service Concession Arrangements*, Effective Date: For financial statements for periods beginning after December 15, 2011. The provisions of this Statement generally are required to be applied retroactively for all periods presented. The County is still evaluating the possible effects of this standard.

In November 2010, GASB Statement No. 61 *The Financial Reporting Entity: Omnibus—an amendment of GASB Statements No. 14 and No. 34*, Effective Date: The provisions of this Statement are effective for financial statements for periods beginning after June 15, 2012. Earlier application is encouraged. The standard is expected to have no effect on the County in upcoming years.

In December 2010, GASB Statement No. 62 *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*, Effective Date: The requirements of this Statement are effective for financial statements for periods beginning after December 15, 2011. Earlier application is encouraged. The provisions of this Statement generally are required to be applied retroactively for all periods presented. The County will implement this standard during fiscal year June 30, 2013.

In June 2011, GASB Statement No. 63 *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position* Effective Date: The provisions of Statement 63 are effective for financial statements for periods beginning after December 15, 2011, with earlier application encouraged. The standard is expected to have no effect on the County in upcoming years.

In June 2011, GASB Statement No. 64 *Derivative Instruments: Application of Hedge Accounting Termination Provisions—an amendment of GASB Statement No. 53* Effective Date: The provisions of Statement 64 are effective for financial statements for periods beginning after June 15, 2011, with earlier application encouraged. The standard is expected to have no effect on the County in upcoming years.

(This page intentionally left blank)

NONMAJOR GOVERNMENTAL FUNDS

(This page intentionally left blank)

STATE OF NEW MEXICO
Curry County
Nonmajor Governmental Fund Descriptions
June 30, 2011

SPECIAL REVENUE FUNDS

Cigarette Tax Fund – To account for funds received for taxes imposed to fund health and education activities related to cigarette smoking. The fund was created by authority of state statute.

Indigent Hospital Fund – To account for revenues received from state shared gross receipts taxes for hospital service for indigent citizens of the County. The fund was created by authority of state statute. Section 7-20E-9, NMSA 1978 Compilation.

Fire District Funds – To account for revenues and expenditures of fire protection funds for the communities of Broadview, Pleasant Hill, and Field. Funding is provided by allotments from the New Mexico State Fire Marshall's Office. The funds were created under the authority of state statute. Section 59A-93-5-8 and 59A-53-5, NMSA 1978 Compilation.

Clerk Equipment Record Fund – To account for revenues and expenditures for control of equipment. The fees collected are restricted in that they may only be used for the purchase of equipment associated with the recording, filing, maintaining, or reproducing of documents in the Office of the County Clerk. This fund was created by authority of state statute. See Section 14-8-2.2, NMSA 1978 Compilation.

Commissary Recreation Fund – To account for funds used to acquire commissary items for resale to jail inmates and to purchase equipment to be used for the welfare of the inmates. Authorized by County Commission.

Restitution and Forfeitures Fund – To account for funds received from property forfeited as a result of criminal convictions. Authorized by County Commission.

Environmental Gross Receipts Tax Fund – To account for a gross receipts tax imposed to fund environmental activities, mainly sanitary landfill closure and disposal of solid waste. Authority is local ordinance authorized by NMSA 1978 7-20E-17.

Reappraisal Fund – To account for funds used to provide valuation services to the County and other local entities. This fund was created by authority of state statute. Section 7-38-38.1, NMSA 1978 Compilation.

Correction Fees Fund – To account for correction fees. Such revenues are used to supplement general funds for the care of prisoners. Authorized by Section 35-14-11, NMSA, 1978.

DWI Partnership Grant Fund – To account for funds generated by DWI probationary fees and fundraising activities to be used for teen events and other DWI related activities. Activities are in accordance with the County's DWI Plan as authorized pursuant to State Statute 43-3-15 NMSA, 1978 Compilation.

Law Enforcement Protection Fund – To account for revenues and expenditures for maintaining and improving the County's law enforcement department in order to enhance its efficiency and effectiveness. Funding is from the State appropriation authorized by Section 29-13-3f, NMSA.

DWI Grant and Special DWI Grant Funds – To account for grant funds from the Department of Finance and Administration to provide quality substance abuse treatment, community education, outreach and primary prevention services to citizens of Curry County. This fund was created by authority of state statute. Section 11-6A-5 of NMSA and Chapter 65.

Foster Grandparent Program Fund – To account for grant funds used to provide meaningful part-time opportunities for low income elderly persons in order to render supportive, person-to-person services to children with special needs. Funding is provided by the Federal Government and the Corporation for National and Community as well as a New Mexico Legislative Appropriation. Federal funding authorized by Domestic Volunteer Service Act of 1973, as amended, Title II, Part B, Section 211, Public Law 93-113, 42 U.S.C. 5011, as amended; National and Community Service Trust Act of 1993, Public Law 103-82.

STATE OF NEW MEXICO
Curry County
Nonmajor Governmental Fund Descriptions
June 30, 2011

SPECIAL REVENUE FUNDS (continued)

Retired Senior Volunteers Program Fund – To account for grant funds used to provide for volunteer expenses for the retired senior volunteer program. Federal funding authorized by Domestic Volunteer Service Act of 1973, as amended, Title II, Part A, Section 201, Public Law 93-113, 42 U.S.C. 5001 as amended: National and Community Service Trust Act of 1993, Public Law 103-82.

MCH Grant Fund – To account for State and/or local funds which are used to implement the County's Maternal and Child Health Plan as authorized by State Statute 24-1B, NMSA, 1978 Compilation.

Beautification Grant Fund – To account for revenues and expenditures for the New Mexico Clean and Beautiful Project. This fund was created by authority of state statute. Section 67-15-1 through 67-16-4 of NMSA.

La Casa Family Health Center Fund - To account for revenues and expenditures for renovations to the health center. Authorized by County Commission.

Misdemeanor Compliance Fund – To account for funds used to ensure compliance regarding misdemeanor compliance. Authorized by County Commission.

Keep NM Beautiful Grant Fund – To account for funds used for county beautification projects provided by Keep New Mexico Beautiful state program. Authorized by County Commission.

Teen Court Donations Fund – To account for the revenues and expenditures from teen court donations. Authorized by County Commission.

Framework for Change Fund – To account for funds used to provide a framework for change. Authorized by County Commission.

Victims Impact Panel Fund – To account for funds used to aid in the victims impact panel. Authorized by County Commission.

Court House Security Fund – To account for funds used to increase security for the court house. Authorized by County Commission.

Bobcat Fairgrounds Restrooms Buckaroo Fund – To account for the revenues and expenditures used for the Bobcat equipment and renovations to restrooms at the fairgrounds. Authorized by County Commission.

100th Curry County Anniversary Celebrate Fund - To account for funds used to celebrate the 100th anniversary of Curry County. Authorized by County Commission.

Senior Citizens Fund – To account for funds used for the Senior Citizen program. Federal funding authorized by Domestic Volunteer Service Act of 1973, as amended, Title II, Part B, Section 211, Public Law 93-113, 42 U.S.C. 5011, as amended: National and Community Service Trust Act of 1993, Public Law 103-82.

HUD Rental Assistance Grant Fund – To account for grant funds used to provide rental assistance payments to low income persons or families. The County was the pass through agency for these funds, with the programs being administered by Eastern Plains Housing Development Corporation. Authorized by County Commission.

Melrose Health Clinic Grant Fund – To account for the CDBG grant funds awarded to the County used to build a health clinic in Melrose, New Mexico. Authorized by County Commission.

OEA Joint Land Use Grant Fund – To account for the funds used to provide a study on joint use of land for a criminal complex. Authorized by County Commission.

Wildland Fire Coordinator Fund – To account for the funds used to provide fire protection for wild land within the County. Authorized by County Commission.

COMPLIANCE SECTION

(This page intentionally left blank)

Accounting & Consulting Group, LLP

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Hector H. Balderas
New Mexico State Auditor
The Office of Management and Budget
The Board of Curry County Commissioners
Curry County
Clovis, New Mexico

We have audited the financial statements of the governmental activities, the business type activities, each major fund, the aggregate remaining fund information and the budgetary comparisons for the general fund and road special revenue fund of Curry County, New Mexico (the County), as of and for the year ended June 30, 2011, and have issued our report thereon dated November 10, 2011. We have also audited the financial statements of each of the County's nonmajor governmental funds and budgetary comparisons of each of the County's nonmajor governmental funds presented as supplementary information in the accompanying combining and individual fund financial statements as of and for the year ended June 30, 2011, as listed in the table of contents. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

In planning and performing our audit, we considered the County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements, on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matter that is required to be reported under *Government Auditing Standards* and is described in the accompanying schedule of findings and questioned costs as item FS 2004-1.

The County's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. We did not audit the County's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the Board of County Commissioners, management, others within the organization, the Office of the State Auditor, the New Mexico State Legislature and its committees, the New Mexico Department of Finance and Administration, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS
THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

Hector H. Balderas
New Mexico State Auditor
The Office of Management and Budget
The Board of Curry County Commissioners
Curry County
Clovis, NM

Compliance

We have audited Curry County's compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Curry County's major federal programs for the year ended June 30, 2011. Curry County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of Curry County's management. Our responsibility is to express an opinion on Curry County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Curry County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Curry County's compliance with those requirements.

In our opinion, Curry County complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2011.

Internal Control over Compliance

Management of Curry County is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered Curry County's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Curry County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the Board of County Commissioners, management, others within the organization, the Office of the State Auditor, the New Mexico State Legislature and its committees, the New Mexico Department of Finance and Administration, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

STATE OF NEW MEXICO
 Curry County
 Schedule of Expenditures of Federal Awards
 For the Year Ended June 30, 2011

Notes to Schedule of Expenditures of Federal Awards

1 Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (Schedule) includes the federal grant activity of Curry County, New Mexico (County) and is presented on the modified accrual basis of accounting, which is the same basis as was used to prepare the fund financial statements. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of the financial statements.

2 Subrecipients

Of the federal expenditures presented in the schedule, Curry County provided federal awards to subrecipient (Eastern Plains Housing Development Corporation, which administered the grant) as follows:

CFDA Number	Program Name	Amount Provided to Subrecipients
14.238	Shelter Plus Care	\$ 99,295

3 Non-Cash Federal Assistance

The County did not receive any non-cash federal assistance awards during the year.

Reconciliation of Schedule of Expenditures of Federal Awards to Financial Statements:

Total federal awards expended per Schedule of Expenditures of Federal Awards	\$ 732,990
Total expenditures funded by other sources	15,774,552
Total expenditures	\$ 16,507,542

SECTION II – PRIOR YEAR AUDIT FINDINGS

Prior Year Audit Findings

2004-1: Ten Year History of Property Tax Collections	Repeated but modified
------------------------------------------------------	-----------------------

SECTION III – FINANCIAL STATEMENT FINDINGS

FS 2004-1: Reconciliation of Tax Rolls by Agency (Repeated/Modified) – Significant Deficiency

Condition

The County's tax roll reconciliation discloses the distributions by agency, and the ending taxes uncollected and undistributed for the years ended June 30, 2011, 2010, 2009, 2008, 2007, 2006, 2005, 2004, 2003, and 2002. However, the County does not have the information available to reconcile beginning taxes uncollected and undistributed by agency for years ending before July 1, 2001. In addition, the current reconciliations do not include sufficient detail to complete the schedule recommended by the Office of the State Auditor. Also, when we performed a reconciliation of total property taxes receivable at the end of the year to a breakout of property taxes receivable by year from 2000-2010, we were unable to reconcile amounts.

Criteria

Regulation 2.2.2.12 (D)(2) NMAC, which is part of the regulation commonly known as the "State Auditor Rule", requires counties to present a Property Tax Schedule showing the amount of taxes levied, collected in the current year, collected-to-date, distributed in the current year, distributed to date, the amount determined to be uncollectible in the current year and to date, and the outstanding receivable balance at the end of the fiscal year, by Agency.

Effect

The County is unable to comply with the provisions of 2.2.2.12(D)(2) NMAC and thus cannot provide information required by state statute.

Cause

The County does not have the resources available to provide the required information.

Auditors' Recommendations

We recommend the County make all reasonable attempts to reconcile taxes uncollected and undistributed by agency for the period prior to July 1, 2002, and that the County adjust its current reconciliations to include the detailed information required by the regulation.

Agency's Response

At the present time, the County does not have the resources available to provide the required information. This finding will be mitigated within the next few years because our accounting system has been tracking the information.

STATE OF NEW MEXICO

Curry County
Other Disclosures
June 30, 2011

EXIT CONFERENCE

The exit conference was held on November 2, 2011 with Ray Roberts, CPA (attended telephonically), Carol Snider, CPA and Ozzy Tello of Accounting & Consulting Group, LLP with the following County officials:

Caleb Chandler, Commission Chairman
Robert "Bobby" Sandoval, Commissioner
Lance A. Pyle – County Manager
Mark E. Lansford – Finance Director

AUDITOR PREPARED FINANCIAL STATEMENTS

Although it would be preferred and desirable for the County to prepare its own GAAP-basis financial statements, it is felt that the County's personnel do not have the available time to prepare them. Therefore, the outside auditor, Accounting and Consulting Group, LLP, prepared GAAP-basis financial statements and footnotes for inclusion in the annual audit report. These financial statements are the responsibility of management.
