INDEPENDENT AUDITORS' REPORT

Mr. Hector H. Balderas, State Auditor and The Board of County Commissioners Dona Ana County Las Cruces, New Mexico

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Dona Ana County (the "County"), as of and for the year ended June 30, 2009, which collectively comprise the County's basic financial statements as listed in the table of contents. We also have audited the financial statements of each of the County's non-major governmental, non-major enterprise, internal service and fiduciary funds presented as supplementary information in the accompanying combining and individual fund financial statements as of and for the year ended June 30, 2009, as listed in the table of contents. These financial statements are the responsibility of the County's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards, generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Dona Ana County, as of June 30, 2009, the respective changes in financial position and cash flows, where applicable, there of and the respective budgetary comparison of the general, and major special revenue funds for the year then ended in conformity with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each non-major governmental, non-major enterprise, internal service, and fiduciary funds of Dona Ana County as of June 30, 2009, and the respective changes in financial position and cash flows, where applicable, there of and the respective budgetary comparisons for the major debt service fund and all non-major funds for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Mr. Hector H. Balderas, State Auditor and The Board of County Commissioners Dona Ana County Las Cruces, New Mexico Page Two

In accordance with Government Auditing Standards, we have also issued our reports dated November 11, 2009 on our consideration of the Dona Ana County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

The management's discussion and analysis on pages 4 through 15 is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consist principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was performed for the purpose of forming opinions on the basic financial statements, and the combining and individual fund financial statements and budgetary comparisons. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the financial statements. The additional schedules listed as "other supplementary information" in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2009

The Dona Ana County's management discussion and analysis presents an overview of the County's financial activities for the fiscal year ended June 30, 2009. Please read it in conjunction with the Dona Ana County's financial statements beginning on page 16.

FINANCIAL HIGHLIGHTS

- The County completed fiscal year 2009 with \$357,428,763 in total assets; this is a less than one percent increase in assets when compared to the \$356,864,987 in fiscal year 2008. Total Liabilities for net assets decreased by roughly 15.7% or \$73,573,594 to \$62,012,348; while Total Net Assets increased by approximately 4.3% or \$283,291,393 to complete the fiscal year at \$295,416,415.
- Governmental Activity increased by roughly 8.4% or \$19,036,480 to end the fiscal year at \$245,243,974; while Business-Type Activities decreased by 12.11% or \$6,911,548 for a fiscal year net asset balance of \$50,172,441; while revenues increased by 1.2% \$122,539,177 and exceeded expenditures \$111,299,277 by 10.0%.
- The County's financial analysis of County Governmental Funds indicates an increase in total assets of \$1,192,191 or 1.1% to \$107,417,175; total liabilities decreased by \$3,875,463 or 21.6%, while total fund balance increased by \$5,067,654 or 5.7%.
- On February 10, 2005, the Dona Ana County, the City of Sunland Park and Verde Group, LLC, entered into a
 Memorandum of Understanding to create a Joint Water Wastewater Authority to provide water, wastewater
 services, and, zoning and sub-division services for the Santa Teresa-Border Area of Southern Dona Ana County.
 Included in this agreement is the transfer of fixed assets from Dona Ana County to the newly created entity.
 Current worth of these assets to be transferred approximates \$14,000,000. This MOU is still in effect in the current
 fiscal year.
- Dona Ana County received state appropriations totaling \$5,000,000 for the Colonias Initiative from the State of New Mexico Governor's Office to improve infrastructure within the 40 substandard designated colonia communities within the County's boundaries. In fiscal year 2009, \$340,789 has been expended.
- The County successfully negotiated a contract with the County Detention Officers. They received a salary increase of 2.4%.
- Total bonded debt at June 30, 2009 for the County was \$48,180,000.
- The new 1/4 of 1 percent tax approved by voters to support infrastructure development at Spaceport America (north of Las Cruces) went into effect on January 1.
- The new 1/16 of 1 percent tax approved by the Board of County Commissioners to support county correctional facility operations went into effect on July 1, 2009.

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2009

OVERVIEW OF THE FINANCIAL STATEMENTS

The discussion and analysis are intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Government-Wide Financial Statements

The *government-wide financial statements* consist of two statements and are designed to provide readers with a broad overview of the County's finances in a manner similar to a private-sector business.

The Statement of Net Assets presents information on all the County's assets and liabilities, with the difference between the two reported as net assets.

The Statement of Activities presents information showing how the County's net assets changed during fiscal year 2009. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned and unused vacation leave).

Both of these financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the County include General Government, Public Safety, Public Works, Health and Welfare, and Cultural and Recreation. The business-type activities of the County include Water, Wastewater, and Rental Housing Fund Financial Statements.

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2009

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spend-able resources, as well as balances of spend-able resources available at the end of the fiscal year. Such information may be useful in evaluating the County's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County adopts an annual appropriated budget for its general, special revenue, debt service and capital projects funds. A budgetary comparison statement has been provided for these funds to demonstrate budgetary compliance.

The basic governmental fund financial statements begin on page 18 of this report.

Proprietary Fund

The County maintains two types of proprietary funds. *Enterprise funds* are used to report the same function presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for the fiscal activities relating to various Water and Wastewater Utilities, and HUD's Low Rent Housing Villa Sereno, as well as operations. An internal service fund is utilized to charge costs of fleet maintenance to individual funds.

The basic proprietary fund financial statements begin on page 24 of this report.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the County's own programs.

The basic fiduciary fund financial statements begin on page 32 of this report.

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2009

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 33-66 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information. Required supplementary information can be found starting on page 67 of this report.

The combining statements referred to earlier in connection with Nonmajor governmental funds and Nonmajor enterprise funds are presented in the supplementary information section of this report. Combining schedules can be found on pages 78-139 of this report.

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2009

GOVERNMENT-WIDE FINANCIAL ANALYSIS (Broad Overview of Finances)

The County implemented the new financial reporting model required by Governmental Accounting Standards Board Statement No. 34 in fiscal year ended June 30, 2003. Over time, as year-to-year financial information is accumulated on a consistent basis, changes in net assets may be observed and used to discuss the changing financial position of the County as a whole.

The largest portion of the County's net assets reflects its investment in capital assets (i.e., land, land improvements, buildings, equipment, utility infrastructure); less any related outstanding debt used to acquire those assets. The County uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although, the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the County's net assets represents resources that are subject to external restrictions on how they may be used. The remaining balance of *unrestricted* net assets may be used to meet the County's ongoing obligations to citizens and creditors.

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2009

Governmental Activities

Governmental activities increased the County's net assets by \$19,036,480. The increase is due predominantly to the contribution of roads to the County by developers as well as an increase in operating grants for health and welfare and grants for public works projects.

On June 1, 2004, the County and the City of Las Cruces terminated the lease of the County and City-owned hospital to Memorial Medical Center, Inc. (MMCI, a non-profit corporation) and executed a new 40-year lease to Province Healthcare, Inc. (PHI), now taken over by Life Point. The County and City each began receiving half of MMCI's assets from the resulting liquidation of the corporation. The increase in Net assets mentioned above is primarily a result of the prepayment of the 40-year lease by PHI and the liquidation of MMCI. More detailed information about the hospital lease is presented on page 63, Note 14 to the financial statements.

The overall financial position in governmental activities increased by 8.5%. The change in net assets from 2008 to 2009 was \$19,036,480; contributions of roads noted above as well as substantial public works grants and health and welfare grants/constructions account for this change.

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2009

Business-Type Activities

The overall financial position of the business-type activities changed predominantly due to the development of a new housing project.

Construction continues on water and wastewater utilities for the County. The County is anticipating the transfer of assets of the Border (Santa Teresa) Water and Wastewater facilities to the Joint Water Wastewater Authority. Overall the County utility connections increased by 99 connections for a total of 2,822.

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

Governmental Funds

The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spend-able resources. Such information is useful in assessing the County's financing requirements. In particular, Unreserved Fund Balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2009

The unreserved and undesignated portion of the total governmental fund balance is \$64,804,279 and is available for spending at the County's discretion. Of the amount remaining in fund balance, \$22,526,239 is designated for health care and \$6,015,626 is reserved for debt service, capital acquisition and inventories.

As of the end of fiscal year 2009, the County's governmental funds reported combined ending fund balances of \$93,346,144, an increase of \$5,067,654 in comparison with the prior year. The general fund balance at the end of fiscal year 2009 is reported at \$51,817,695, which is an increase of \$1,458,832. This shows that revenues were substantially the same while expenditures increased.

Proprietary Funds

The County's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. Proprietary funds are business-type funds, which include Water and Wastewater Systems, and HUD's Low Rent Housing Villa Sereno.

Total net assets of proprietary funds at the end of the year amounted to \$50,904,605.

Other factors concerning the finances of these funds have been addressed in the discussion of the County's business-type activities and capital assets.

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2009

GENERAL FUND BUDGETARY ANALYSIS

- The General Fund revenue budget increased approximately \$2,132,982 from \$70,026,668 to a final budget of \$72,159,650. With the economic pain felt across the country, the PILT (payment-in-lieu-of-taxes) program assisted local communities by distributing larger payments that reflect the results of annual inflationary adjustments to the per acre and population variables used in the formula to compute payment amounts. In addition, intergovernmental grant revenue increased due to the County's acceptance of a sub-grant agreement from the New Mexico Department of Homeland Security and Emergency Management.
- The County's General Fund actual revenues at fiscal year end totaled \$67,236,801 versus a budget of \$72,159,650 for a shortfall of \$4,922,849. The County experienced a significant decrease in intergovernmental grant revenues as well as a substantial decrease in investment earnings due to a drop in interest rates.
- The General Fund expenditure budget increased approximately \$3,610,965 from \$69,451,615 to a final budget of \$72,415,324. This increase was due primarily to the County's acceptance of a sub-grant agreement from the New Mexico Department of Homeland Security and Emergency Management as well as the addition of 40 new full time equivalent positions to enhance detention center jail command structure and operations.
- The County's General Fund expenditure budget at fiscal year end totaled \$72,415,324 while actual expenditures totaled \$64,538,970, or \$7,876,354 under budget. Due to the economic downturn, the County was forced to implement a freeze on filling vacant positions, limit travel for continuing education and cut back on capital purchases.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

Construction was completed on the Rincon Volunteer Fire Department remodel and the improvements to Colquitt Park. The costs were transferred from the Governmental Type Construction-In-Progress account to the Building and Structures and to the Land Improvements capital asset accounts, respectively, in fiscal year 2009.

Construction was completed on the Santa Teresa Airport runway extension and sewer system, the Milagro and San Miguel Wastewater projects, and various road projects. The costs were transferred from the Governmental Type Construction-In-Progress account to the Infrastructure account in fiscal year 2009.

Major capital asset events during fiscal year 2009 included:

- Reclassification of the Santa Teresa Airport expansion from Construction-In-Progress to Infrastructure.
- Reclassification of Dona Ana County road projects from Construction-In-Progress to infrastructure.
- Continued construction on the County's Utility and Road projects.

MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2008

Long-Term Debt

The County's outstanding notes and bonded debt decreased by \$1,133,880 or less than 2.0% during the fiscal year 2009. Notes payable increased 6.1%; this increase is due to the County drawing down an additional \$501,375 (including accrued interest) of the \$5.4 million of the Clean Water State Revolving Loan. Bonded debt decreased by \$1,475,000 or 2.9% during the fiscal year.

At the end of fiscal year 2009, the County had total long-term debt outstanding to various agencies of \$54,972,817 or a 12.1% (\$7,136,161) decrease from the prior fiscal year.

Additional information on the County's debt can be found in Note 7 beginning on page 53 of this report.

Economic Outlook

The County was slower to enter a recession than most parts of the country. Some states entered recession in late 2007 and others throughout 2008. According to Moody's Economy, the State of New Mexico was slow to feel the impact of the national downturn and Dona Ana County did not enter recession until Spring of 2009. Moody's Economy predicts job growth for the State of New Mexico in the first quarter of 2010, which would indicate a "last in, first out" scenario -- areas affected last by the recession should tend to be first to recover.

Property taxes, a major revenue for the County, have continued to experience growth, though at a slower rate than in recent years. Assessed value grew a little over 7% from 2008 to 2009. Gross Receipts Taxes have remained fairly constant over the past year, though appear to have dropped off slightly this past Spring, which is consistent with Moody's Economy's findings. Other revenues, other than Federal and State grants have remained fairly constant.

State funding is somewhat questionable in the near term. The Governor has taken action to freeze unencumbered grant funds and the legislature is attempting to address a budget deficit. An early recovery for the State would help address this reduction in funding.

Accordingly, we are cautious about our ability to maintain the same levels of service.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE FISCAL YEAR ENDED JUNE 30, 2009

| Total Net Change in Fund Balances - Governmental Funds | \$5,067,654 |
|---|--------------|
| Current year capital outlays, net of losses from deletions were \$18,478,800, capital assets received as a donation were \$3,917,496, and long-term debt principal payments and capital lease payments totaled \$8,452,637. Additionally, the change in compensated absences (also long-term debt) caused an increase of \$181,482 and capital leases terminated and therefore, resulted in income of \$180,988. These amounts are expenditures or other resources in the fund financial statements, but they should be shown as increases in capital assets and reductions in long-term debt and revenues in the government-wide financial statements. The net effect of removing the 2009 capital outlays, debt principal payments and other resources is to increase net assets. | 31,211,403 |
| Depreciation is not recognized as an expense in governmental funds since it does not require the use of current financial resources. The net effect of the current year's depreciation is to decrease net assets. | (17,043,889) |
| Internal service funds are used by management to charge the costs of Fleet Maintenance to individual funds. The governmental activities portion of the loss has been recorded in the related functions. | (40,360) |
| Other reclassification are necessary to convert from the modified accrual basis of accounting to accrual basis of accounting to show the revenue earned from the current year's tax levy. | (158,328) |
| Change in net assets of governmental activities | \$19,036,480 |

NOTE 1, SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES

Description and Reporting Entity

The function of Dona Ana County is briefly addressed in the grant of powers provided to all New Mexico counties pursuant to state statute 4-37-1 NMSA 1978. The function is "...to provide for the safety, preserve the health, promote the prosperity, and improve the morals, order, comfort, and convenience of the county or its inhabitants..." The County operates under a Commission form of government rule, which oversees:

- the assessment, collection, and distribution of ad valorem taxes by an elected assessor and treasurer;
- law enforcement by an elected sheriff;
- · recording and filing by an elected county clerk and elected probate judge;
- fire protection by volunteer fire departments;
- · road maintenance by an appointed road superintendent;
- · purchasing by an appointed purchasing agent;
- indigent hospital care by an appointed indigent coordinator;
- · administrative services by an appointed county manager; and,
- planning, health, welfare, recreation, and cultural affairs by appointed citizen advisory boards.

The financial statements of the County have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The County's most significant accounting policies are described below.

Reporting Entity

The financial statements of the County encompass the activities of the County Commission, County Clerk, Tax Assessor, County Treasurer, Sheriff, and Probate Judge. The commission activity includes the function of the County Manager's office, the County Road Superintendent, the County Purchasing Agent, the Indigent Claims Coordinator, and the volunteer fire districts throughout the county.

In evaluating how to define the County for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in GAAP. The basic-but not the only-criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations and accountability for fiscal matters. The other criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the County is able to exercise oversight responsibilities. Based upon the application of these criteria, the Housing Authority of Dona Ana County is determined to be a department of the County whose governing body is substantively the same as the Board of County Commissioners. Accordingly, the Housing Authority is reported as part of the primary government.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES (CONTINUED)

Basis of Presentation

Government—Wide Statements — The Statement of Net Assets and the Statement of Activities display information about the government (the County). These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the governmental and business-type activities of the County. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The Statement of Activities presents a comparison between direct expenses and program revenues for the different business-type activities of the County and for each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees, fines, and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

<u>Fund Financial Statements</u> — The fund financial statements provide information about the County's funds, including its fiduciary funds. Separate statements for each fund category (governmental, proprietary, and fiduciary) are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities.

The County reports the general fund as a major governmental fund. This is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

In addition, the County reports the following other major funds:

- <u>Special Revenue Fund</u> The Health Services Fund accounts for the activities of the County's indigent health care, which provides services to the residents of the County for local health services.
- <u>Debt Service Fund</u> The Debt Service Fund accounts for the County's accumulation of resources for, and the payment of governmental fund debt principal and interest.
- Enterprise Fund The Border Wastewater fund accounts for wastewater system activities for residents in a portion of the southern part of the County.
- Enterprise Fund The Border Water fund accounts for the service activities of this water system for residents in a portion of the southern part of the County.
- Enterprise Fund The South Central Wastewater fund accounts for the activities of the wastewater utility, which provides service to the residents in Vado/Del Cerro, Chamberino, Berino and south central areas of the County.
- Enterprise Fund The NMED County Utilities fund accounts for the service activities of various County utility systems.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2009

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES (CONTINUED)

The County also reports the following fund types:

- Debt Service Funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.
- Agency Funds are used to account for monies held by the County in a custodial capacity. They do not report
 operations or have a measurement focus.

Measurement Focus. Basis of Accounting

Government-Wide. Proprietary, and Fiduciary Fund Financial Statements – The government-wide, proprietary, and fiduciary fund financial statements are reported using the economic resources measurement focus. The government-wide and proprietary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place.

Nonexchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements — Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The County considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. Property taxes, sales taxes, franchise taxes, licenses, and interest are considered to be susceptible to accrual. Revenue from derived taxes (sales taxes, gas taxes, and motor vehicle taxes) is recognized when the underlying transaction takes place (when the retail sale is generated). Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under the terms of grant agreements, the County funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. It is the County's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general revenues.

All governmental and business-type activities of the County follow FASB Statements and Interpretations issued on or before November 30, 1989, Accounting Principles Board Opinions, and Accounting Research Bulletins, unless those pronouncements conflict with GASB pronouncements. The County has also elected to apply FASB Statements and Interpretations issued after November 30, 1989, unless those pronouncements conflict with GASB pronouncements.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES (CONTINUED)

Assets Liabilities and Equity

Cash Equivalents

The County pools idle cash from all funds for the purpose of increasing income through investment activities. A "Pooled Cash" concept is used in maintaining the cash and investment accounts in the accounting records. Under this method, all cash is pooled for investment purposes and each fund has equity in the pooled amount. All amounts included in pooled cash and investments are considered to be cash equivalents for the purposes of the statement of cash flows, except for certificates of deposit, which have original maturities of more than 90 days.

Receivables and Payables

All trade and property tax receivables are shown net of an allowance for uncollectibles.

Inventories and Prepaid Items

Inventories are valued at cost using the first-in/first-out (FIFO) method. The costs of governmental fund-type inventories are recorded as expenditures when consumed rather than when purchased.

Capital Assets

Purchased or constructed capital assets are reported at cost or estimated historical cost. The County defines capital assets as assets with lives of greater than one year and a cost or donated value of \$5,000 or greater.

Donated capital assets are recorded at their estimated fair value at the date of donation. All infrastructure assets have been recorded (predominantly roads and utilities). In addition, software purchased from vendors is capitalized. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Capital assets are depreciated using the straight-line method over the following estimated useful lives:

| Asset Class | Estimated Useful Lives (in Years) |
|----------------------------|-----------------------------------|
| Land Improvements | 10 |
| Infrastructure | 5 –50 |
| Buildings and Improvements | 10 - 40 |
| Vehicles | 4 - 12 |
| Equipment and Furniture | 3 – 15 |

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES (CONTINUED)

Net Assets

Net assets are displayed in three components:

<u>Invested in Capital Assets</u>, net of related debt – This component consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any related debt attributable to the acquisition, construction, or improvement of those assets.

<u>Restricted Net Assets</u> – Net assets are reported as restricted when constraints placed on net asset use are either (1) externally imposed by creditors, grantors, contributions or laws or regulations of other governments or (2) imposed by law through constitutional provisions or enabling legislation.

<u>Unrestricted Net Assets</u> – Net assets that do not meet the definition of "restricted" and "Invested in capital assets, net of related debt."

Fund Balance

<u>Reserved</u> – The portion of fund balance that is not appropriable for expenditure or is legally segregated for specific future use.

<u>Unreserved</u> – The portion of fund balance that is not reserved but may be designated as noted below.

<u>Designated</u> – The position of fund balance established to indicate tentative plans for financial resources utilization in a future period.

Budgets and Budgetary Accounting

The County adopts budgets for each individual fund (governmental and proprietary).

In late winter or early spring, the County prepares a budget calendar, thus starting the budgetary process for the upcoming July 1 fiscal year. Budget request forms are distributed to County departments and local service agencies with a specified completion date. Legally mandated advance notices are formally published for grant availability and other purposes once budget hearings have been scheduled. The budget hearings are then held with all County department heads and local service agency representatives. Generally, in late May or early June, a budget meeting is held for tentative approval of the completed budget. After tentative approval at the County level, the budget is submitted to the New Mexico Department of Finance and Administration (DFA) for approval of a temporary operational budget beginning July 1.

Immediately after July I, when ending cash balances for the preceding fiscal year have been accurately ascertained, a final hearing is convened for finalization of the budget, and it is resubmitted to DFA for formal approval. None of the above budgetary processes are legally required to occur at any specified time; however DFA requires that the time frame be such that they (DFA) render their final budget approval no later than September 1 of the budget year in question.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2009

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES (CONTINUED)

During the course of the fiscal year, the County prepares monthly budget reports. Under New Mexico State law, each year's budget appropriation legally lapses at year-end.

<u>Budgetary Compliance</u> – Budgetary control is required to be maintained at the individual fund level with the exception of the Housing Authority.

Actual fund revenues may be either over or under the budgeted amounts; however, the variance is required to be reasonable, particularly in the case of over-budgeted revenues. Major over-budgeted revenues require a budget amendment as soon as the extent of the shortage is reasonably ascertainable.

<u>Budget Amendments</u> – Budget increases and decreases can only be accomplished by Commission resolution, followed by DFA approval. Similarly, budget transfers must follow the same procedure.

<u>Budgetary Basis</u> – State law prescribes that the County's budget be prepared on the basis of cash receipts and cash expenditures. Therefore, budgetary comparisons shown in exhibits are prepared on a cash basis to compare actual revenues and expenditures with a cash basis budget as amended.

<u>Budget – Housing Authority</u> – The housing program budgets are established annually and approved by HUD (Housing and Urban Development). These housing budgets are used only as a guide. Should the housing programs incur expenditures over and above the original budgeted amount (predominantly housing assistance payments - section 8 program) additional funding will be requested and received from HUD. Therefore, the housing program budgets are a guide only and the grantor analyzes Housing Assistance payments in relation to administrative costs to determine if additional funding is warranted.

Investments

The County's investments are regulated by state law as well as by guidelines and rules promulgated by the State Investment Council and the State Treasurer. All investments are generally highly liquid in nature and are integrated with cash on the financial statements with appropriate disclosure. Investments are stated at fair value, which is determined using selected bases. Certificates of deposit are reported at carrying amount, which reasonably estimates fair value. Investments in a U.S. Treasury Fund and repurchase agreements are valued at the last reported sales price at current exchange rates. Additional cash, investment information, and fair values are presented in Note 2.

The County also participates in the State Treasurer Local Government Investment Pool. State law and regulations regulate this pool. Investment in the pool is reported at carrying amount, which reasonably estimates fair value.

Deferred Revenue

The taxes receivable are an aggregate of uncollected amounts assessed for the current fiscal year, as well as delinquent balances carried forward from the nine preceding fiscal years. Except for taxes received in advance or under protest, tax revenue received is distributed within thirty days to other local governmental units and county funds. While some of the delinquent outstanding balances will eventually be eliminated through corrections, litigation, and other property tax administrative procedures, the majority of the balances will ultimately be realized through delinquent payment or tax sales. The aggregate amount of this ultimate realization is generally difficult to ascertain at any point in time. Thus, taxes not collected within sixty days of fiscal year end are carried in the liability section of the balance sheet as deferred revenue on the fund basis financial statements

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2009

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES (CONTINUED)

Income Taxes

As a local government entity, the County is not subject to federal or state income taxes.

Compensated Absences

Accrued annual leave, sick leave, and compensatory time are the components of accrued compensated absences. An employee may not carry over more than 288 hours of vacation leave into a new calendar year, nor receive payment for more than 288 hours upon separation. Under a new human resources policy adopted November 27, 1999, only employees retiring through PERA, with a minimum of 15 years of County service, shall be paid for accrued sick leave hours, limited to a maximum of 600 hours, subject to a maximum cash payment of \$15,000. In addition, such employees shall be compensated for any unused sick leave hours accrued as of November 27, 1999, at the employee's pay rate in effect on that date. Compensatory time is accrued in full for non-exempt employees under the Fair Labor Standards Act.

Capitalized Interest

The County capitalizes net interest costs as part of the cost of constructing various projects when material. Of the total interest costs incurred of \$3,278,053 during fiscal year 2009, none was capitalized into fixed assets.

Interfund Transactions

Interfund Transfers In (Out)

Interfund transfers are transactions, which constitute reimbursements to one fund for expenditures initially expended that are properly applicable to another fund. The interfund transfer records the expenditure in the reimbursing fund while reducing expenditures in the reimbursed fund. Interfund payables and receivables are reflected in the appropriate fund.

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due from/to other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances." All balances are expected to be repaid within one year.

NOTE 2, CASH AND INVESTMENTS

The County's cash balances are reserved from subsequent years and consist of demand deposits, interest bearing savings accounts, certificates of deposit and repurchase agreements. The certificates of deposit and repurchase agreements have varying interest rates and maturity dates. The majority of County cash and investments are co-mingled. All interest income is accounted for in the related funds.

State law governs the County's investments. State regulations require that uninsured demand deposits and deposit-type investments such as certificates of deposit be collateralized by the depository thrift or banking institution. At present, state statutes require that a minimum of fifty percent of uninsured balances on deposit with any one institution must be collateralized, with higher requirements up to 100% for financially troubled institutions. Investments in repurchase agreements must be collateralized at 102% of the contract.

Cash at June 30, 2009 consisted of the following:

^{**} The County's investment in the State Investment Pool was not rated, although the securities within the pool are rated.

- a. The investments are valued at fair value based on quoted market prices as of the valuation date;
- b. The State Treasurer Local Government Investment Pool is not SEC registered. The State Treasurer is authorized to invest the short-term investment funds with the advice and consent of the State Board of Finance in accordance with Sections 6-10-10 I through 6-10-10 P and Sections 6-10-10 1A and E, NMSA 1978
- c. The pool does not have unit shares. Per Section 6-10-10.1F, NMSA 1978, at the end of each month all interest earned is distributed by the State Treasurer to the contributing entities in amounts directly proportionate to the respective amounts deposited in the fund and the length of time the amounts fund were invested; and
- d. Participation in the local government investment pool is voluntary.
- ♦ The Reserve Contingency Fund was established from the State Investment Pool LGIP's remaining position in the Reserve Primary Fund. The Reserve Contingency Fund, which is not rated, is a non-performing asset and, as such, a WAM cannot be calculated. The remaining balance of the fund has been written down to 85% based on the estimated recoverable amount.

Custodial Credit Risk Deposits – Custodial credit risk is the risk that in the event of a bank failure, the County funds may not be returned. The County is required to obtain from each bank that is a depository for public funds pledged collateral in an aggregate amount equal to 50% of the public money in each account. The pledged securities must be in the name of the governmental entity and held by the entity or its agent. Since the County complies with this law, it has no custodial credit risk for deposits.

The carrying amount of the deposits and investments were categorized to give an indication of the level of risk assumed by the County. As of June 30, 2009, of the \$70,888,281 bank balance none was exposed to custodial credit risk. The categories and amounts are shown below.

NOTE 2. CASH AND INVESTMENTS (CONTINUED)

Custodial Credit Risk Investments – Custodial Credit Risk is the risk that, in the event of failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The County's investments are not exposed to custodial credit risk. All are fully collateralized and the collateral is held in the County's name.

Concentration of Credit Risk – Concentration of credit risk is the risk of loss attributed to the magnitude of the County's investment in a single issuer. The County's investments are diversified to avoid incurring concentration of credit risk. With the exception of authorized pools, no more than 50% of the total investment portfolio is in one single security type or financial institution.

Credit Risk – The County's investments shall be in accordance with State Law 6-10-10 and 6-10-10.1 NMSA 1978, including but not limited to the following: Treasury Bills, Notes, Bonds, Strips, and US Government securities which are backed by the full faith and credit of the U.S. Government. Negotiable securities of the State of New Mexico or any county, municipality, or school district with the advice and consent of the Board of Finance per 6-10-44 NMSA 1978, 6-10-10FNMSA 1978, 6-10-10NMSA 1978.

Interest Rate Risk — Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of the County investments. The County's investment policy follows New Mexico State Statute Section 6-1 0-36E (NMSA, 1978 Comp) requiring the interest rate on time deposits shall not be less than the rated fixed by the State Board of Finance, but in no case shall the rate of interest be less than one hundred percent of the asked price on United States Treasury bills of the same maturity on the day of deposit.

Foreign Currency Risk – Deposits and Investments - The County is not exposed to the risk that changes in exchange rates will adversely affect the fair value of an investment as none of the investments pools nor certificates of deposit are dominated in a foreign currency.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2009

NOTE 5. PROPERTY TAXES

Property taxes attach as an unsubordinated enforceable lien on property as of January 1 of the assessment year. Current year taxes are levied within five days of the rate setting order received from New Mexico Department of Finance and Administration (7-38-32 thru 7-38-36). Tax bills are mailed by November 1, unless the Dona Ana County Assessor obtains a formal extension of time from the New Mexico Property Tax Division. Taxpayers have the option to pay in two equal installments due by the close of business November 10th and April 10th. Penalty and interest will be accrued after the delinquency due dates of December 10th and May 10th. In the event of a formal extension, the respective dates are correspondingly extended.

The County bills and collects its own taxes, as well as the taxes for three school districts, four municipalities, the Community College, the New Mexico Livestock Board, the Watershed District, and the State of New Mexico. In tax year 2009, the County billed 8.249 per \$1,000 of net assessed valuation of residential property and 12.001 per \$1,000 of net assessed valuation of nonresidential property. The statutory maximum rate for servicing long-term debt is unlimited, although the total amount of outstanding debt at any one time is restricted by other factors. The County's share of the property taxes equal approximately 33.9% of the total and is used for general governmental services and retirement of long-term debt.

The County is required to report all real property delinquencies in excess of three years to the New Mexico Property Tax Division. The State, in turn, administers all subsequent collection actions and proceedings.

Bonds are liquidated from the debt service funds and other long-term liabilities are liquidated from the general fund and special revenue funds. Moreover, no short-term debt was incurred during fiscal year 2009.

Business-type Activities:

Verde Group Liability

In 1999, the County entered into an agreement with the Santa Teresa Limited Partnership and Paseo Del Norte Limited Partnership. (The Verde Group has since bought out the Santa Teresa and Paseo Del Norte partnerships and assumed their role). The agreement was executed to ensure payment for the water bond that was used to construct utility infrastructure in the area of Santa Teresa. Payment of the bonds per this agreement was to be made from the Utility system gross revenues, the Land Owner's guarantee and the proceeds of the County's equalization tax. Per the agreement, the Land Owner's will provide the shortfall between net revenues from the utilities and debt service of the water bonds. This agreement (guarantee) is secured by land documented in the Security Agreement and Mortgage executed between the parties above.

A contingency comes about regarding the repayment to the Land Owners for the shortfall monies that are advanced to the County. The agreement also stipulates that upon expiration of the guarantee, the County shall reimburse from the net revenues of the utility system the funds advanced to the County for shortfall of the bond payments along with 3% interest. Repayment will begin when the Utility System net revenues equals or exceeds 1.25% of the debt service in a lump sum or over a period of seven years, at the County's discretion.

The Verde Group Liability was paid during the fiscal year ended June 30, 2009 with funds from the Water System Revenue Bond Series 2008 at a negotiated amount of \$1,200,000 including accrued interest.

NOTE 7. LONG-TERM DEBT (CONTINUED)

Water System Revenue Bond, Series 2008

In December 2008, the County issued refunding bonds to defease the Water System/Gross Receipts Tax Revenue Bonds, Series 1999 and payoff the Verde Group Liability with the issuance of \$7,765,000 in Bonds with variable rates of 2% to 3.5% to mature December 15, 2033. The 2008 bonds were purchased by the County with Dona Ana Hospital Lease Funds.

Upon issuance of the bonds, \$5,295,000 was placed in an escrow fund to defease the Series 1999 bonds. In addition, the County paid off a negotiated payoff balance to the Verde Group of \$1,200,000 including interest. This negotiated payoff resulted in income to the County of \$1,116,671.

Although, the refunding resulted in recognition of an accounting gain of \$1,116,671, the County in effect incurred an economic loss which is the difference between the present values of the old and new debt service payments of \$544,930.

As a result of the County's negotiated payoff of the Verde Group Liability an early principal payment \$1,100,000 was made on the bonds resulting in a June 30, 2009 balance of \$6,665,000.

Notes Payable

On June 30, 2003, the County entered into a loan agreement in the amount of \$5,400,000 with the New Mexico Environment Department. The loan proceeds are to be used to improve or construct a Sanitary Sewer System by constructing, extending, enlarging, repairing, and otherwise improving the County's wastewater collection system, conveyance and treatment facilities. During fiscal year 2009, the County drawdowns totaled \$501,375 (including accrued interest of \$264,794). The loan calls for 20 annual payments of \$289,884 and interest is calculated at a rate of 2.0%. As of June 30, 2009, the balance is \$4,740,014. Payments will begin on February 5, 2010.

Governmental Activities:

General Obligation Bonds

The County has refunded two series of general obligation bonds through the issuance of the series 2003 Refunding Bond in the amount of \$4,805,000 These bonds were issued to fund acquisition and improvements to judicial and administrative facilities.

On June 20,2003, the County issued \$4,805,000 in General Obligation Bonds with an average interest rate of 2% to advance refund \$4,560,000 of outstanding 1993 and 1994 series bonds with an average interest rate of 5.3%. The net proceeds of \$4,682,569 after payment of bond issuance costs plus an additional \$339,487 of 1993 and 1994 sinking fund monies were used to fund an irrevocable trust with an escrow agent to provide for all future debt service payments on the 1993 and 1994 series bonds. As a result, the 1993 and 1994 series bonds are considered to be defeased and the liability for these bonds have been removed from the debts of the County.

Although the advance refunding resulted in the recognition of an accounting loss of \$122,569 for the year ended June 30, 2003, the County in effect reduced its aggregate debt service payments by \$609,294 over the next 10 years and obtained an economic gain (difference in the present values of the old and new debt service payments) of \$544,061.

Revenue Bonds

The County has four series of revenue bonds to service in governmental activities.

Gross Receipts Tax Refunding and Improvement Revenue Bonds, Subordinate Series 1998 (\$27,890,000) were issued by the County to provide funds for an advance refunding of outstanding debt, as described elsewhere in this note, and for making improvements to the existing County Jail and juvenile detention facility. Principal and interest are serviced from a non-exclusive first lien on Correctional System Revenues and a subordinate lien on the County's Gross Receipts Tax Revenues.

In 1999, the County issued \$6,000,000 of Water System/Gross Receipts Tax Revenue bonds to provide funds for purchasing, constructing, or otherwise acquiring, water and wastewater systems in the County for the Santa Teresa - Border Regional Water System. The bonds are payable from equalization. Revenues are received by the County from the New Mexico Department of Taxation and Revenue, and from the net revenues of the County owned public utility. The bonds are secured by a non-exclusive first lien on both the Equalization Revenues and the Project Revenues.

On October 1, 2003, the County issued Gross Receipts Tax Refunding and Improvement Revenue Bonds, Series 2003 in the amount of \$7,145,000 with interest rates ranging from 2.50% to 3.25%. The bonds mature serially on May 1 in each of the years 2004 through 2028 with term bonds, subject to mandatory redemption, maturing May 1, 2025 and May 1, 2028. The gross bond proceeds of \$7,189,428 were used for purchasing, constructing or otherwise acquiring buildings, including but not limited to, County administrative facilities and to refund a loan to the County from the New Mexico Finance Authority of \$822,552, which was deposited in an escrow account. The proceeds, after payment of issuance costs and the NMFA loan, of \$6,077,346 were deposited in an Acquisition Fund. The bonds are payable from revenues received by the New Mexico Department of Taxation and Revenue's Equalization Revenues.

On June 1, 2004, the County issued New Mexico Payment-in-Lieu of Taxes (PILT) Revenue Bonds, Series 2004A in the amount of \$13,800,000 with interest rates ranging from 4.500% to 5.300%. The bond proceeds of \$13,857,148 were used for the purposes of providing funds for designing, acquiring, constructing, furnishing and equipping County buildings, including but not limited to, County administrative facilities, purchasing or improving any ground, including parking lots, or any combination thereof. Of the proceeds discussed above, \$986,874 was deposited in the Debt Service Reserve Fund to be used only to prevent deficiencies in the payment of the principal and interest on the bonds. The remaining proceeds, after payment of issuance costs and various deposits in other funds, of \$12,109,440 was deposited in an Acquisition Fund. The bond principal and interest will be paid from PILT revenue received from the Bureau of Land Management on an annual basis.

Special Assessment Debt

In 2001, the County issued \$7,775,000 of Santa Teresa Improvement District bonds. Proceeds of the 2001 A Bonds were used to finance the acquisition of certain road improvements previously constructed in the Airport Road District. The 2001 A Bonds are secured by the pledge of certain special assessments secured by liens on property within the Airport Road District and moneys and securities on deposit in specified funds described in the 2001A Indenture. The 2001 B Bonds are secured by certain pledged property, including special assessments secured by liens on property with the Border Industrial Park District and moneys and securities on deposit in specified funds described in the 2001B Indenture. The final maturity date is January 1, 2021. The interest rate for the 2001 A Bonds is 8.375% and 8.875% for the 2001B Bonds.

NOTE 7. LONG-TERM DEBT (CONTINUED)

Notes Payable

Prior to fiscal year 2000, the County had drawn \$676,528 against proceeds available from a \$750,000 loan granted by the State of New Mexico Environment Department for the purpose of developing a consolidated liquid waste treatment and disposal system. On September 10, 1999, the loan agreement was amended. Accrued construction interest of \$147,663 was rolled into the total disbursements to become part of the principal. The terms of the loan were amended March 12, 2001 providing for annual payments of \$51,091 including interest calculated at a rate of 2% per annum, with the final payment due June 17, 2019. As of June 30, 2009 the balance is \$458,929, with repayments to be provided from general fund sources. Net revenues from the operation of the septic disposal facilities and environmental services gross receipts tax revenues are pledged as security.

During fiscal year 1999, the County drew \$1,579,030 against proceeds available from a \$2,215,217 loan from the New Mexico Finance Authority for the purpose of providing flood protection. Of the net loan proceeds, \$165,374 was deposited into a reserve account. Upon completion of the project, \$485,000 that had not been drawn, including construction period interest earned, was applied as prepayment on the last four years' maturities. The terms of the loan, as revised, call for annual payments ranging from \$152,363 to \$135,006, including interest ranging from 4.05% to 5.05% per annum and an administrative fee of 0.25%, with the final payment due May 1, 2015. As of June 30, 2009, the balance is \$686,331 with repayments to be provided from the Flood Commission Special Revenue Fund. Revenues generated by the County Flood Fund ad valorem tax are pledged as security.

In November 1999, the County borrowed \$85,640 from the New Mexico Finance Authority for the acquisition and construction of an equipment building for the Chaparral Fire District. The terms of the loan call for annual payments of \$10,322 for 10 years, including interest ranging from 3.930% to 5.200% per annum and an administrative fee of 0.25%, with the final payment due May 1,2010. As of June 30, 2009, the balance of \$9,998 is accounted for in the General Fund, with repayments to be provided solely from the pledged revenues. The distribution to Chaparral Fire District made annually by the State Treasurer is pledged as security.

The future payments required for notes payable accounted for in the Governmental Activities funds are as follows:

| | Principal | Interest | Total |
|-------------|-------------|-----------|-------------|
| 2010 | \$165,232 | \$46,735 | \$211,967 |
| 2011 | 161,235 | 40,179 | 201,414 |

| Total | \$1,155,258 | \$185,471 | \$1,340,729 |

As of June 30, 2002, the County had drawn \$300,000 against proceeds available from \$300,000 granted by the New Mexico Department of Finance and Administration for a loan to 21st Century Grain Processing Cooperative. The funds were provided through the Community Development Block Grant program to install a railroad spur to the Rincon Mill. The terms of the loan call for semi-annual payments of \$18,347 for 10 years, including interest calculated at 4% per annum, with the final payment due June 30, 2010. The June 30, 2009 balance of \$35,622 is accounted for in the Agency Fund, with repayments to be provided from loan payments received from 21st Century Grain Processing Cooperative. The loan by the County to 21st Century is secured by a second mortgage on real estate owned by 21st Century in Rincon.

Capital Leases Payable

During fiscal year 2004, the County entered into three capital leases for the purchase of voting machines. The lessor for these voting machines is the State of New Mexico in the amount of \$506,535. In addition, the County also entered into other capital leases for various office equipment and road equipment. The interest rate for these leases varies between 3.184% and 5.9%. As of June 30, 2009, the County's outstanding capital leases payable is \$897,545. The future payments required for the capital leases are as follows:

| | Principal | Interest | Total |
|-------|-----------|----------|-----------|
| 2010 | \$122,056 | \$29,955 | \$152,011 |

| 2014 | 50,654 | 0 | 50,654 |
| Total | \$897,545 | \$53,045 | \$950,590 |

During fiscal year 2009 two of the road equipment capital leases paid off with the final unpaid balloon payments totaling \$396,575. They were converted to monthly operating leases. During fiscal year 2010 two more leases will convert to operating leases with unpaid balloon payments of \$322,593. These leases have also been reflected as operating leases in the current year.

NOTE 8. RESERVED AND DESIGNATED FUND EQUITY

At June 30, 2009, the County had reserved fund balances of \$5,415,034 for debt service and \$587,238 for construction on capital projects. As further discussed in the significant accounting policy section, the County has reserved fund balances for inventory in the amount of \$13,354.

In relation to the hospital lease described in Note 14, the County has designated \$22,526,539 for health care in the General Fund.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2009

NOTE 9. COMMITMENTS, CONTINGENCIES, AND SUBSEQUENT EVENTS

The County receives significant financial assistance from federal and state grants and entitlements. Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The County believes that any liabilities resulting from disallowed amounts will not have a material effect on the County's financial statements.

The County is party to various legal proceedings, which are the unavoidable results of governmental operations. Specifically, the County is involved in three environmental issues that may result in clean up/remediation costs.

The County continues to cooperate fully with the Environmental Protection Agency (EPA) during their investigation related to a Superfund Site. The County and the City of Las Cruces have accepted shared responsibility for the remediation effort. In addition, the County believes that EPA will name another responsible party who will have significant responsibility to share in the costs. The County expended \$95,304 for fiscal year 2009. It is estimated that removing the contamination from the ground water will require approximately 15-20 years. The City and County have obtained a loan with the New Mexico Finance Authority for \$7 million to pay for costs of infrastructure. The County does not make any payments for the principal until the entire loan is drawn down, which is at the end of the construction phase. Revenues from the sale of treated water will partly offset operation costs during the remediation phase. The EPA may also seek to recover costs incurred during the Remedial Investigation and prior to naming the County, City and the potential third party as responsible parties. That cost is estimated to be \$5.3 million.

The County remains non-compliant with its state issued permits for the liquid waste facility at Mesquite, New Mexico. The New Mexico Environment Department is aware of this issue; however, as the County is aggressively trying to remedy the situation, it is not anticipated that any fines will be assessed. The County is currently completing the design phase of a construction project to remedy the situation. The County is seeking possible funding solutions for the construction phase.

There is also an issue with arsenic levels in southern Dona Ana County that could result in litigation between the state and the county. There may be EPA penalties, although an order has not been issued. The County believes their liability in this matter is minimal, but at this time is not determinable.

Two suits filed in United States District Court have named Dona Ana County as a defendant, alleging violation of civil rights and received certification of class action status. The suits challenged the constitutionality of the visual search policy and procedure at the Dona Ana County Detention Center. These cases have been settled for \$5,000,000. The County insurer, NMAC and its reinsurer, CRL have paid \$2,350,000 of the settlement. However, there is a coverage dispute between the County and its excess carrier, which has filed for a declaratory judgment. Pending the resolution of the declaratory judgment, the County and the excess carrier have each paid \$1,325,000 for a total of \$2,650,000.

The County has active construction projects as of June 30, 2009. The projects are predominantly for road and utility system construction. At year-end, the County had remaining commitments of \$633,387 for architectural services and \$2,173,090 for construction.

NOTE 10. DEFINED BENEFIT PENSION PLAN

Plan Description. Substantially all of Dona Ana County's full-time employees participate in a public employee retirement system authorized under the Public Employees Retirement Act (Chapter 10, Article 11 NMSA 1978). The Public Employees Retirement Association (PERA) is the administrator of the plan, which is a cost sharing, multiple-employer defined benefit retirement plan. The plan provides for retirement benefits, disability benefits, survivor benefits and cost-of-living adjustments to plan members and beneficiaries. PERA issues a separate publicly available financial report that includes financial statements and required supplementary information for the plan. That report may be obtained by writing to PERA, P.O. Box 2123, Santa Fe, New Mexico 87504-2123. The report is also available on PERA's website at www.pera.state.nm.us.

For covered employees other than law enforcement personnel and firefighters, participants are required to contribute 13.15 percent of their gross salary to the plan. The County contributes 75 percent of the 13.15 percent of employee required contribution as well as a required matching contribution of 9.15 percent of general participants' gross salary. The contribution rate is 16.3 percent of gross salaries for law enforcement participants (excluding detention employees). The County's portion of law enforcement participants is 18.50 percent of gross salaries. Detention employees are considered general participants. The contribution rate for firefighter members is 16.20 percent, and the County is required to contribute 21.25 percent of their gross salaries. The contribution requirements of plan members and Dona Ana County are established in State statute under Chapter 10, Article 11, NMSA 1978. The requirements may be amended by acts of the legislature. Contributions to PERA for the following fiscal years were:

| | County | Employee | Total |

NOTE 11. DEFERRED COMPENSATION PLAN

Dona Ana County offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all permanent County employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property, or rights are (until paid or made available to the employee or other beneficiary) solely the property and rights of the National Association of Counties (without being restricted to the provisions of benefits under the plan), subject only to the claims of the National Association of Counties general creditors.

Participant's rights under the plan are equal to those of general creditors of the National Association of Counties in an amount equal to the fair market value of the deferred account for each participant. All amounts of deferred compensation have been remitted to the National Association of Counties, which administers the plan.

NOTE 12. OPERATING LEASES

The County is currently obligated under operating leases for various buildings and equipment. All operating leases are annually renewable and therefore have no continuing obligation.

Rental payments charged to current operations for the year ended June 30, 2009 totaled \$220,096.

NOTE 13, BUDGETARY - GAAP REPORTING RECONCILIATION

The accompanying statements of Revenues and Expenditures, Budget (Non-GAAP) and Actual (Cash Basis), for the General Fund and Special Revenue Fund, present comparisons of the adopted Budget (more fully disclosed in Note 1) with actual data on a budgetary basis. Since accounting principles applied for purposes of developing data on a budgetary basis differ significantly from those used to present financial statements in conformity with accounting principles generally accepted in the United States of America, a reconciliation of resultant basis, timing, perspective, and entity differences in excess (deficiency) of revenues over expenditures for the year ended June 30, 2009, is presented below:

NOTE 14. HOSPITAL LEASE

Memorial Medical Center-Province Hospital (Telshor Facility)

In 1966 the County and the City adopted a joint resolution to create a joint county-municipal hospital to provide medical services to all of the citizens of Dona Ana County. The hospital was constructed and operated by the City and County through a Board of Trustees until 1998, when it was leased to Memorial Medical Center, Inc. (MMCI), a New Mexico not-for-profit corporation.

On June 1, 2004, the City, the County and MMCI, jointly terminated the lease. On that date, the City and County executed a 40-year lease agreement for the hospital facilities and equipment with PHC-Las Cruces, Inc. (PHC), a New Mexico corporation and a wholly-owned subsidiary of Province Healthcare Corporation, a Delaware corporation. In accordance with the lease agreement, PHC has deposited certain amounts into escrow accounts to cover certain contingencies of the hospital and paid certain hospital liabilities, including outstanding bonds. The lease transaction was recorded during fiscal year 2004.

The proceeds of the PHC lease were reported in a subfund of the General Fund and the resulting equity has been reserved for health related programs and health related capital projects as disclosed in Note 8 Reserved and Designated Fund Equity.

Pursuant to the Termination Agreement, MMCI began distributing its cash and investments equally between the County and the City in July 2004. MMCI retained cash to pay certain liabilities; any cash remaining at the end of the liquidation process will be distributed equally between the County and the City.

In addition, PHC made a one-time grant of \$5 million to Dona Ana County to be distributed in the sole discretion of the County and City to improve the integration of services provided by the clinics in the County operated by the federally qualified health center organizations, the hospital, and the existing family residency program and to expand the service hours of the same clinics. The grant is accounted for as deferred revenue in the General Fund. The unexpended portion of the grant at June 30, 2009 is \$3,056,800.

NOTE 16. OTHER REQUIRED DISCLOSURES

The following funds incurred a deficit fund balance at June 30, 2009:

State Appropriation Fund \$76,969 Chaparral Wastewater System – SAP \$15,833

Management intends to transfer sufficient funds from the General Fund to cover any deficits.

The Housing Authority exceeded expenditure budgets, although the budgets were adopted in accordance with HUD requirements. See Finding 2007-06.

NOTE 17. RISK MANAGEMENT

Multi-line Risk Pool

The County participates in the New Mexico Self Insurers' Fund. The County's premium is redetermined every year, and is based on the County's loss experience over the previous three years. The deductibles at the County level are as follows:

\$1,000 per incident for accident/loss to County property

\$6,000 per incident for Civil Rights related claims

\$10,000 per incident for Law Enforcement related claims

Limits of coverage through the risk pool are as follows:

\$2,000,000 Employee Dishonesty

\$2,000,000 Worker's Compensation per accident or occupational disease

\$2,000,000 Crime coverage

\$1,750,000 Tort and Law Enforcement related claims

\$150,000,000 per occurrence for property losses

\$4,000,000 additional coverage for Excess Foreign Jurisdiction claims

\$3,000,000 Environmental Liability Insurance

\$255,000 Volunteer Firefighters Accident

\$20,000 Land Use Coverage per occurrence and \$40,000 aggregate

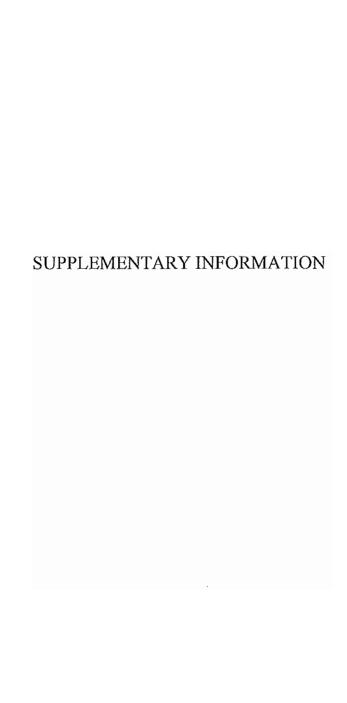

\$30,000,000 Earthquake and Flood

\$6,000,000 Foreign Jurisdiction Liability

Contributions paid to the pool for the 2008/2009 fiscal year were \$3,779,758.

Commercial Insurance

Commercial liability insurance covers the County's airport operations up to \$10,000,000 per occurrence. There is no deductible. Premiums paid for 2008/2009 were \$6,193. In addition, the County maintains commercial liability policies for Accidental Death and Dismemberment of the County's Independent Fire Districts (premium paid of \$74,142) and Pollution and Remediation Legal Liability (premium paid of \$44,533).

NONMAJOR SPECIAL REVENUE FUNDS JUNE 30, 2009

Nonmajor Special Revenue Funds

The special revenue funds are used to account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditures for specified purposes.

Special revenue funds consist of the following:

<u>CFP Housing</u> – To account for HUD's Public Housing Capital Fund Program, which replaces CIAP and CGP. Provides funds for capital improvements for Housing Authority-owned housing.

<u>CDBG - Rio Grande Water</u> - To account for federal grant funding for the Rio Grande Water Project.

<u>Colonias Initiative</u> – To improve the quality of life for residents of the colonias of Dona Ana County. Colonias are defined as communities within 150 miles of the U.S./Mexico border that lack one or more of the following: potable water, centralized sewer system, safe, sanitary, and decent housing, and improved roads.

<u>Community Services</u> – To provide funding for a variety of County construction and renovation projects. Financing is provided by special appropriation from the New Mexico State Legislature. This fund has been established to comply with the accountability requirements of the grant agreements.

<u>Confiscated Assets</u> – In accordance with NMSA Section 54-11-33 – To account for the Dona Ana County Sheriff's confiscated asset program related directly to its drug interdiction program. The program was established through a joint powers agreement between Dona Ana County Sheriff's department and the U.S. Drug Enforcement Agency. Required by Federal Equitable sharing agreement between the Sheriffs Department and U.S. Departments of Justice and Treasury.

<u>COPS</u> – To provide funding for the County to add full time officers to the Sheriffs Department. The funding runs for three years, at which time the County must make a good faith effort to retain the positions at the conclusion of the grant. Financing is provided by the U.S. Department of Justice, Office of Community Oriented Policing Services. This fund has been established in accordance with 28 CFR66.20.

<u>Correction Fees</u> – To account for fees collected by the magistrate court and the motor vehicle division and distributed by the state Administrative Office of the Courts to the County, pursuant to NMSA 1978 Section 33-3-25. The fund is restricted to paying costs of the county jailor juvenile detention facility.

<u>County Flood Commission Fund</u>- To account for the operations of the flood projects, in accordance with NMSA Compilation Section 7 Article 38-38-1. The funding is provided by charging an administrative fee on property taxes collected and distributed.

<u>DOH – BHSD State Incentive</u> – This program provides funding to fight substance abuse in Dona Ana County. Funding source of financing is the U.S. Department of Health and Human Services, passed through the State of New Mexico. The fund was established in accordance with 45 CFR 74.21.

NONMAJOR SPECIAL REVENUE FUNDS JUNE 30, 2009

Nonmajor Special Revenue Funds (Continued)

<u>DWI Grants</u> – The DWI program partners with many entities that include law enforcement, MADD, National Guard, Safe Kids, private businesses and more, to combat the high DWI rate in Dona Ana County. Funding is provided by the U.S. Department of Justice. This fund has been established in accordance with 28 CFR 66.20.

<u>Emergency Fund</u> – This program provides for emergency funds that may be required for any emergency within the County. The County Budget Resolution #2006-56 established the fund pursuant to the Board of County Commissioners.

<u>Emergency Medical Services</u> – In accordance with NMSA Section 7-24-IOA -To account for the operation and maintenance of Rural Metro Ambulance Service, Hatch Clinic, and various volunteer fire districts. Funding is from the State Emergency Medical Fund Act. State Law requires that financing be provided in this manner.

<u>Farm and Range</u> – In accordance with NMSA Section 6-11-5/6 -To provide for the Fish and Wildlife Service in control of predator animals. Funding is from the Taylor Grazing Act.

<u>Fire Districts</u> – In accordance with NMSA 7-20E-1 5 – To account for the operation and maintenance of the sixteen volunteer fire districts throughout the County of Dona Ana. Funding is provided from the State Fire Fund.

<u>Housing Assistance - Section 8 Vouchers</u> – To account for rent subsidy payments from HUD, and for HUD's new Public Housing Capital Fund Program, CFDA# 14.872, which provides funds for capital improvements for Housing Authority-owned housing. This fund was set up to comply with the requirements of 24 CFR 85.20.

<u>Housing - Grant - NMFA</u> – The Mortgage Finance Authority will facilitate the rehabilitation, reconstruction, or new construction of 17 homes in any New Mexico designated colonias neighborhood.

<u>Indigent Hospital Care Fund</u> – In accordance with NMSA Section 7-20E-9 to account for hospital expenditures for County indigents. Funds are provided through local gross receipts tax.

<u>Law Enforcement Block Grant</u> – This fund provides for purchase of equipment used in law enforcement.

<u>Law Enforcement Grant</u> – This program provides the County with funds to underwrite projects designed to reduce crime and improve public safety.

<u>Law Enforcement Protection</u> – In accordance with NMSA Section 29-13 – To account for expenditures of the sheriffs department. Financing is provided by the State.

<u>Reappraisal Administrative Fees</u> – In accordance with NMSA 7-38-38.1 - To account for countywide reappraisal funding and expenditures.

NONMAJOR SPECIAL REVENUE FUNDS JUNE 30, 2009

Nonmajor Special Revenue Funds (Continued)

Sheriff's Grants State - Various grants to enable the Sheriff's Department in their goals to reduce crime and improve public safety.

Sheriff's GREAT Grant – To provide funding to allow the County to support New Mexico Intelligence Center initiatives at the SWB New Mexico High Intensity Drug Trafficking Area. The Executive Office of the President, Office of National Drug Control Policy, provides financing. This fund has been established in accordance with grant agreements.

<u>Spaceport Gross Receipts Tax</u> - To provide funding to the regional Spaceport district for the financing, planning, designing, engineering and construction of a Spaceport or for projects or services of the district pursuant to the regional Spaceport district act by DAC Ordinance 227A-07.

State Appropriations – Appropriations from the State Legislature for various projects.

<u>Substance Abuse Grants</u> – In accordance with 28 CFR 66.20, to account for a Drug-Free Communities Support Program grant from the U.S. Department of Justice Office of Juvenile Justice and Delinquency Prevention, and for substance abuse programs funded by local and private sources.

<u>TIDD – Tax Increment Development District</u> – To Provide financing of public infrastructure serving the district, including without limitation: streets, utility infrastructure, parking facilities, and other public facilities.

<u>Victims of Crime</u> – The program, which is under the Office of Justice Programs, provides funds to raise awareness during National Crime Victim's Rights Week.

NOTES ON ACCOUNTING POLICIES AND PROCEDURES FOR FEDERAL AWARDS JUNE 30, 2009

- 1. Special Revenue Funds are used to account for resources restricted to or designated for specific purposes by a grantor. Generally, federal and state financial assistance is accounted for in a Special Revenue Fund and unused balances are returned to the grantor at the close of specified projects periods. Although, certain capital grants for construction have been accounted for in Capital Projects Funds.
- 2. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The Governmental Fund types are accounted for using a current financial resources measurement focus. All federal grant funds were accounted for in these funds. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.
- 3. The modified accrual basis of accounting is used for the Governmental Fund Types and Agency Funds. This basis of accounting recognizes revenues in the accounting period in which they become susceptible to accrual, i.e., both measurable and available, and expenditures in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on General Long-Term Debt, which is recognized when the obligations are expected to be liquidated with expendable available financial resources. Federal grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant, and, accordingly, when such funds are received they are recorded as deferred revenues until earned.
- 4. The period of availability for federal grant funds for the purpose of liquidation of outstanding obligations made on or before the ending date of the federal project period extended 30 days beyond the federal project period ending date, in accordance with provisions in Section H. Period of Availability of Federal Funds, Part 3, OMB Circular A-133 Compliance Supplement.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Mr. Hector H. Balderas, State Auditor and The Board of County Commissioners Dona Ana County Las Cruces, New Mexico

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, the aggregate remaining fund information, and the major budget comparisons of Dona Ana County (the "County"), as of and for the year ended June 30, 2009, which collectively comprise the County's basic financial statements and have issued our report thereon dated November 11, 2009. We also audited the financial statements of the County's nonmajor governmental funds, nonmajor enterprise funds, the internal service fund, the fiduciary funds and all the budgetary comparisons presented as supplementary information. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affect the County's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the County's financial statements that is more than inconsequential will not be prevented or detected by the County's internal control. We consider the deficiencies described in the accompanying schedule of findings and questioned costs to be significant deficiencies in internal control over financial reporting, findings 2007-03, 2008-08, and 2009-01 through 2009-05.

Mr. Hector H. Balderas, State Auditor and The Board of County Commissioners Dona Ana County Las Cruces, New Mexico Page Two

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the County's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, we believe that none of the significant deficiencies described above is a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of findings and questioned costs as item 2007-06.

The County's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. We did not audit the County's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of management, the Board of County Commissioners, the State Auditor, the New Mexico Legislature, the New Mexico Department of Finance and Administration, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Mr. Hector H. Balderas, State Auditor and The Board of County Commissioners Dona Ana County Las Cruces, New Mexico

Compliance

We have audited the compliance of Dona Ana County with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2009. Dona Ana County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of Dona Ana County's management. Our responsibility is to express an opinion on Dona Ana County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States*, *Local Governments*, and *Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Dona Ana County's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Dona Ana County's compliance with those requirements.

In our opinion, Dona Ana County complied in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2009.

Mr. Hector H. Balderas, State Auditor and The Board of County Commissioners Dona Ana County Las Cruces, New Mexico Page Two

Internal Control Over Compliance

The management of Dona Ana County is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered Dona Ana County's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A control deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affect the entity's ability to administer a federal program such that there is more than a remote likelihood that non-compliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, the Board of County Commissioners, the State Auditor, the New Mexico Legislature, the New Mexico Department of Finance and Administration, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE FISCAL YEAR ENDED JUNE 30, 2009

SECTION II - FINANCIAL STATEMENT FINDINGS

CURRENT YEAR SIGNIFICANT DEFICIENCIES:

2009-01 Tips Reimbursed as Part of Meal Expense Excessive

Statement of Condition – During our test work of the disbursement system (2 of 40 items sampled) and our test work of the travel disbursements (2 of 20 items sampled), we noted tips reimbursed as part of meal costs ranging from 33% to 46% of the actual meal cost.

Criteria – Public funds should be expended with due care in the most cost effective manner.

Cause – Miscalculation of customary tips and lack of County policy providing acceptable limits.

Effect – Waste of public funds.

Recommendation – The County should set a limit for tips that are to be reimbursed for the actual cost reimbursement method. The County may want to consider mandatory use of per diem for meals.

Management's Response – Though the dollar amounts involved are minimal and overall meal expenses were within guidelines, Management agrees that clarification of gratuity guidelines would be prudent. Current State statutes and County policies are silent on this issue. Management will recommend appropriate language additions to the County's *Travel*, *Per Diem and Mileage Policies and Procedures* for the Board of County Commissioners approval, by the end of calendar year 2009.

SECTION II - FINANCIAL STATEMENT FINDINGS

CURRENT YEAR SIGNIFICANT DEFICIENCIES (CONTINUED):

2009-02 Travel Costs Over Reimbursed and Incorrectly Classified

Statement of Condition – Our test work of travel reimbursements identified one instance (1 of 20 sampled) where costs were incorrectly classified in the accounting records between lodging and meals and one instance (1 of 20 sampled) where the County over reimbursed by \$49.

Criteria – Travel costs are to be reimbursed under the actual cost method not to exceed the state per diem limits. Accounting records should correctly reflect/classify costs incurred.

Cause – Miscalculation and lack of review.

Effect – Potential violation of anti-donation clause and potential management reliance on inaccurate accounting data.

Recommendation – The County should implement cross checks and review procedures to identify and eliminate errors prior to processing the travel cost reimbursements.

Management's Response – The \$49.00 discrepancy is due to the fact that the County reimbursed the employee for an online rental car quote, rather than the final actual cost. Management will review this reimbursement and make appropriate adjustments.

In the past, small dollar adjustments between travel advance amounts and the final expense report, \$16.59 in this case, were often booked through a single travel line item. Procedures are now in place to book even small adjustments to the proper line item.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE FISCAL YEAR ENDED JUNE 30, 2009

SECTION II - FINANCIAL STATEMENT FINDINGS

CURRENT YEAR SIGNIFICANT DEFICIENCIES (CONTINUED):

2009-03 Payroll - Inconsistent Treatment of Hourly Pay and Policy Not Consistently Applied

Statement of Condition – Employee pay not calculated consistently employee to employee and policy is not consistently applied. The following items were noted during our test:

- Departments do not review timesheets/time cards consistently for basic payroll issues determining of hours, time assumed when time clock not utilized – settled in employee favor (4 of 40), no required memo attached.
- Employees are allowed to cash out sick leave and vacation when working full regular weekly hours (3 out of 40). (Cash outs of \$129)
- Banner does not agree to employee time card (7 out of 40).
- Time card not properly totaled (3 out of 40).

Criteria – Good internal controls require a detailed review of all transactions at each level, individual departments as well as finance. Sick leave and vacation usage is meant to supplement the regular established work hours not enhance a fully worked pay period.

Cause – Lack of appropriate review of timesheets, lack of clear and consistent application of sick and vacation leave, banner system and time card system not in congruence.

Effect – Potential overpayment of employees, overburdened payroll department for lack of appropriate review at department level, inconsistent application of leave.

Recommendation – The County should clarify department responsibilities for review of payroll, clarify and enforce proper use of leave and consider time card systems that directly feed into banner in a consistent manner.

Management's Response – The County's *Finance Procedures* state that a written explanation *should* be attached, when employees forget to clock in or out. The recently (May 2008) adopted *Human Resources Policies and Procedures* only require the employee to notify his/her supervisor. In practice, missing in/out times are written in and initialed by the employee's supervisor. Management believes this provides sufficient assurance and will amend the *Finance Procedures* accordingly.

Management will review the issue of payment of sick or vacation leave during a week where an employee also works outside of his/her normally scheduled hours. A policy will be developed and implemented, after taking into account legal, equity and collective bargaining considerations.

Staff in the various County departments has primary responsibility to ensure timecards are correctly totaled and that input data matches the timecards. County payroll receives timecards after payroll has been completed and performs an audit of the payroll and makes corrections as problems are found. Management has developed a proposal for Board of County Commissioner's approval to implement a computerized timekeeping system. This timekeeping information will be uploaded directly to the payroll system and thereby drastically reduce addition and data entry errors. Staff proposes beginning the first phase of the implementation in early 2010. The planned second phase would follow in 2011.

SECTION II - FINANCIAL STATEMENT FINDINGS

CURRENT YEAR SIGNIFICANT DEFICIENCIES (CONTINUED):

2009-04 Inmate Welfare Funds Used for General Operating Costs for Detention

Statement of Condition – Per our test work of disbursements from Inmate Welfare funds, it appears that funds are not being utilized as intended – as follows:

- Purchase of exercise equipment \$3,853.
- Purchase of uniforms \$22,145.
- Purchase of mattresses \$1,597.
- Purchase of towels \$810.
- Payment of post office box fees \$2,660.

Criteria – The funds received from a third party are earmarked for "inmate welfare."

Cause - No clear definition of "inmate welfare."

Effect – The inmate welfare funds are being used to supplant the general detention operating costs.

Recommendation – A clear definition of inmate welfare should be established and approved by the third party funder. All future expenditures of inmate welfare funds should meet this definition.

Management's Response – Inmate Welfare funds are generated as a percentage of sales at the Detention Center Commissary. There are no state guidelines for the expenditure of these funds and Management agrees that County guidelines should be established. Detention Center management will work with the Financial Services Department to establish guidelines for the expenditure of Inmate Welfare funds.

SECTION II - FINANCIAL STATEMENT FINDINGS

CURRENT YEAR SIGNIFICANT DEFICIENCIES (CONTINUED):

2009-05 Health & Human Services Department Lacks Policies and Procedures

Statement of Condition – The Health & Human Services Department lacks clear and up to date policies and procedures to appropriately manage the department (identified through the County's internal audit process) as follows:

- DWI policies and procedures have not consistently been disseminated to staff.
- Indigent Health Care Program lacks appropriate operating guides.
- The department lacks procedures to track evidence of insurance for all contracted service providers.
- Lack of clear procedures and documentation for management overrides of applicant documentation for indigent health care claims.
- Quarterly reports to grantor not reconciled to general ledger.

Criteria – Good internal controls require that clear and updated policies and procedures are established and implemented.

Cause – Departments rapid growth resulting in inadequate oversight and review.

Effect – Errors have gone undetected, and potential risk for various program noncompliance.

Recommendation — The department should reorganize in light of growth and update and enhance all policies and procedures. Training should include review of new policies and procedures. Strengthened review and oversight procedures should be implemented and clearly documented.

Management's Response – The department has developed appropriate policies and procedures, in response to internal audit recommendations, and provided training to staff. All required reconciliations are being performed and are reviewed by the Financial Services Department.

2008-08 Terminated Employees Final Pay Not Consistent With Policy and Employment Law

Repeated with modifications.

Statement of condition — During test work related to payroll, of the 15 forced terminations tested, four of the employees were not paid out in the five calendar days required by County policy and state law.

Criteria – Good internal controls and county policy require terminated employees, and particularly involuntary terminations, be paid out as soon as possible. Employment law requires terminated employees be paid out in five days.

Cause – Lack of timely communication from the departments to the payroll department, as well as a cumbersome payroll system which discourages the processing of single check payroll runs.

Effect - Potential litigation from disgruntled ex-employees and out of compliance with County policy and employment law.

Recommendations – The County should establish procedures to ensure that terminated employees are paid within the five calendar days.

Management Response – The Financial Services Department will reiterate the importance of timely payoffs to payroll staff and department heads in the various County departments and follow up on any untimely submissions of paperwork to avoid future problems.

SECTION II - FINANCIAL STATEMENT FINDINGS

CURRENT STATUS ON PRIOR YEAR FINDINGS (CONTINUED):

2007-03 Cell Phone Charges/Plans Excessive

Repeated with modification.

Statement of Condition – While testing cell phone bills for purposes of fringe benefits, we noted the following:

- · No follow-up on resolution of cell phone issues after review.
- Alltel phone bills not being reviewed.
- The appearance of significant personal use, although not in excess of minutes, may be a waste or abuse of public money, (i.e., cell phone plan too large).
- Inconsistencies in size of plan approved for a particular position.
- Volunteer firemen have what appears to be an excessively high calling plan for the County needs.

We selected ten vendor payments for cell phone service and reviewed 20 phone numbers. The above items were noted for seven of the phone numbers reviewed.

Criteria – The Anti-Donation Clause (New Mexico Constitution Article IX, Section 14) prohibits the expenditure of public funds for the direct benefit of an individual absent of a receipt for services or goods. Good internal controls require monitoring of processes or procedures to prevent and detect misuse of public funds as well as waste and abuse.

Cause – Inconsistent monitoring and no County policy as to determination of cell phone plans for various purposes.

Effect – Public funds may have been used for the benefit of an individual, no fringe benefit attached to wages for personal use.

Recommendation – The County should implement a policy for cell phones to document the determination or need for County business by department and position. The policy should also require random review and monitoring of cell phone bills for excessive personal use as well as appropriateness of plan minutes.

Management's Response – Management is reviewing cell phone policies and procedures in use by other public agencies and alternative arrangements, such as stipends, which might eliminate this administrative burden. Based on this information, Management will implement appropriate policies and procedures to address any constitutional concerns. It should be noted that efforts are underway to port all remaining Alltel accounts to Verizon where Management has centralized control of all lines. Most of the Alltel lines identified in the audit as problematic were used by volunteer firefighters and chiefs in the field, who are agents but not employees of Doña Ana County. The firefighters' lines have been converted over to the County's Verizon account. This will allow better oversight of usage by Management and a more cost effective plan for the County. All lines on the Verizon account are 450 minutes per user, on a pooled basis. Because all Verizon lines are pooled, the County has eliminated overage charges for individual lines. Slightly higher rates on the same pooled minute plan apply to PDAs to enable email and internet access.

2007-06 Housing Authority Budgets

Repeated with modification.

Statement of Condition – The Housing Authority budgets are not amended, monitored or adopted in accordance with New Mexico State statutes.

Criteria – The Housing Authority is considered to be a department of the County and therefore, the budget provisions as stated in 6-3-1 to 6-3-25 NMSA 1978 apply to the Housing Authority budgets.

Cause – The Housing Authority, although a part of the County, budgets in accordance with HUD requirements, which uses budgets only as a guideline.

Effect – Noncompliance with New Mexico Budgeting Statutes –

• Expenditures exceeded budget – Villa Sereno – Low Income Housing \$18,596.

Recommendation – The County should require the Housing Authority to adopt budgets, monitor and amend those budgets in accordance with New Mexico State Statutes.

Management's Response - Budgets for the Housing Authority are prepared in accordance with HUD prescribed requirements.
