October 31, 2014

To the Chairman of the Commission, Members of the Commission, and the Citizens of San Juan County:

New Mexico state law, Section 12-6-3, NMSA 1978, mandates that the financial affairs of every New Mexico agency be thoroughly examined and audited each year by the State Auditor, personnel of his office designated by him, or by independent auditors approved by him. A complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards and rules issued by the State Auditor is due by November 15th each year for the fiscal year ending June 30th. Pursuant to that requirement, we hereby issue the comprehensive annual financial report of San Juan County, NM for the fiscal year ended June 30, 2014.

This report consists of management's representations concerning the finances of San Juan County. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of San Juan County has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of San Juan County's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, San Juan County's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

San Juan County's financial statements have been audited by Axiom Certified Public Accountants and Business Advisors LLC, as approved by the State Auditor. The goal of the independent audit was to provide reasonable assurance that the financial statements of San Juan County for the fiscal year ended June 30, 2014, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amount and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified (or clean) opinion that San Juan County's financial statements for the fiscal

year ended June 30, 2014 are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of San Juan County was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available within the "Other Supplementary Information" section of this report.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. San Juan County's MD&A can be found immediately following the independent auditor's report.

Profile of San Juan County

San Juan County, NM was incorporated in 1887 with Aztec, NM appointed as the county seat. The County is located in the Northwest corner of New Mexico in an area known as the "Four Corners" describing where the four states of New Mexico, Arizona, Colorado, and Utah meet. The County has a land area of approximately 5,535 square miles and a 2013 estimated population according to the U.S. Census Bureau of 126,503. The population has grown 2.7% since the 2004 population which was 123,179. The land ownership is distributed as follows: Private ownership 6.5%, Federal Government 25.0%, Navajo and Ute Mountain Reservations 65.0%, and State Government 3.5%.

The County is empowered to impose a maximum property tax rate for general operating purposes of 11.85 mils. The County currently has imposed 8.5 mils, which is the second lowest rate of the 33 counties in New Mexico. The County is also empowered to implement certain county local option gross receipts taxes, some requiring voter approval. The County's gross receipt tax rate as of June 30, 2014 was 6.3750%. The tax is imposed on sales of both services and tangibles.

San Juan County operates under the Commission, Manager (County Executive Officer) form of government. Policy making and legislative authority are vested in the County Commission consisting of the Commission Chairman and four other Commission members serving five districts. The County Commission is responsible for, among other things, passing ordinances, adopting the annual budget, appointing committees, serving as the Board of Finance and the Indigent Hospital Board, and hiring the County Executive Officer. The County Executive Officer is responsible for carrying out the policies and ordinances of the County Commission and overseeing the day-to-day operations of the County coordinating with the Commission, Department Administrators as well as the other County Elected Officials (Sheriff, Clerk, Assessor, Treasurer, and

Probate Judge). All County Elected Officials are elected on a staggering basis to serve four year terms.

San Juan County offers a full range of services, including fire protection through 24 volunteer fire stations, 267 volunteer firefighters, protection of its citizens through the Sheriff's department, road maintenance and construction, waste transfer stations, parks and facilities, adult and juvenile correction facilities, DWI/Meth facility, building permits, addressing, subdivisions, and Section 8 housing program.

San Juan County is also the fiscal agent for two separate legal entities, the San Juan Water Commission and the Communications Authority, both of which are reported as discretely presented component units within the financial statements. Additional information regarding these two component units can be found in the notes to the financial statements.

The annual budget serves as the foundation for San Juan County's financial planning and control. The County Commission is required to annually approve and submit an interim budget by June 1st and a final approved budget by July 31st to the New Mexico Department of Finance and Administration (DFA) for their review and approval. The appropriated budget is prepared by fund and department. All budget adjustments must be approved by the County Commission. All budget increases and transfers between funds must also be approved by the DFA. The County Commission also annually approves the five-year Infrastructure Capital Improvement Plan (ICIP). The capital improvement process entails input from County staff, citizens, social organizations and the community obtained through several public hearings. Both short-term and long-term capital infrastructure needs are identified and prioritized based on existing health and safety hazards, requirement by law, regulation or court mandate, critical to structural integrity, impact on operating budget, and scheduling. Potential sources of funding are identified for each project. The County's approved ICIP is then incorporated into the State of New Mexico's capital planning process. The County also annually updates and monitors the Strategic Plan which outlines goals and accomplishments for each department.

Factors Affecting Financial Condition

Local Economy: The County is the retail hub for the four corners area serving an estimated consumer population of 250,000. The area continues to draw consumers from New Mexico, Utah, Colorado, and Arizona. San Juan County's gross receipts taxes were impacted by the national economic downturn. As the economy continues to struggle, San Juan County experienced a decrease in gross receipts tax of 4.21% from FY12 to FY13. Revenues for FY14 declined by 1.29% when compared to FY13; however, the revenue came in better than the 3% decline that was projected. FY14 revenues also included four months of receipts from a new General Fund 1/16th gross receipts tax that went into effect January 1, 2014. The FY15 budgeted gross receipts tax revenue includes a full year of revenue from the 1/16th increment implemented in the previous fiscal year. It also includes restructuring the gross receipts taxes by eliminating the 1/8th Local Hospital GRT and implementing the first 1/8th Hold Harmless GRT increment, both effective January 1, 2015. San Juan County continues to conservatively budget gross receipts tax revenue for FY15 with an overall projected 1.9% decline over FY14 actual receipts.

San Juan County experienced some growth as evidenced by national chains moving into the area. Texas Roadhouse and Blue Diamond Auto Spa opened in June 2014, and Buffalo Wild Wings opened in July 2014. There are also plans that Freddy's Burgers will open a restaurant near Wal-Mart on the east side of town and two additional hotels will be built near Browning Parkway in Farmington. Praxair, one of the largest industrial gases companies worldwide, is planning an estimated \$67 million expansion in San Juan County. Praxair completed a \$15 million expansion of the plant earlier this year. Gov. Susana Martinez announced during a ribbon cutting at the building in late February that the expansion will create more than 200 jobs. The County Commission approved Resolution #14-15-17 on October 21, 2014 declaring the intent to issue Industrial Revenue Bonds for the expansion project. Raytheon Dine Facility will also be expanding by adding a 28,000 square foot warehouse. Raytheon is a defense contractor and assembles missile and munitions parts at its facility near Farmington.

The seasonally adjusted unemployment rate for the Farmington Metropolitan Statistical Area (San Juan County) was 6.5% as of June, 2014 which is down from 6.6% in May and 6.7% a year earlier. The New Mexico Labor Market Report reported that "Over the year, the Farmington MSA reported a decline of 1,000 jobs or 2% in its total nonfarm employment level. Goods-producing industries continued on a downward trend, with a loss of 1,000 jobs, or 8.8%. Private service-providing industries gained 200 jobs, representing an increase of 0.7%. Public sector employment was down 200 jobs. Federal and local government each posted losses of 100 jobs." San Juan County's unemployment rate is the same as the State of New Mexico rate of 6.5% and is slightly higher than the national unemployment rate of 6.1% as of June 30, 2014.

Energy production is the cornerstone of San Juan County's economy. Measuring 7,500 square miles, the San Juan Basin is one of North America's largest natural gas fields. The County is home to installations by Conoco Phillips, Chevron, BP America, Enterprise Products, El Paso Natural Gas, Dugan Productions, Williams Field Service, XTO Energy, Western Energy, and Val Verde Gas. Local oil and gas extraction companies continue to explore the San Juan Basin's Mancos Shale deposits. Once thought unreachable, now due to new technologies, including horizontal drilling and hydraulic fracturing, these shale deposits are now within reach. Three companies have announced plans to invest more than \$600 million exploring the San Juan Basin this year. LOGOS Resources announced plans to spend \$100 million. WPX Energy announced plans to spend \$160 million, and Encana Corporation expects to invest between \$300 and \$350 million, three times the amount they spent last year.

In August 2012, BP America Production Company announced a \$4 million donation to San Juan College's School of Energy. BP's donation is in response to the growing workforce development needs in the San Juan Basin's energy industry. The donation will be used, along with \$2 million pledged by San Juan College's governing board, for the construction of a new 53,000 square foot building on the Farmington campus as well as state of the art training and curriculum in the energy industry. Other donors for the \$15 million School of Energy construction project include, Merrion Oil & Gas, State of New Mexico, Westmeath Foundation, Tom Dugan Family, ConocoPhillips, Arizona Public Service, XTO, DJ Simmons/Twin Stars, and Williams Field Service. Ground breaking

for the new facility began on October 17, 2013 and is scheduled to be completed May 2015.

San Juan County's oil & gas revenue is showing signs of improving. The County's oil & gas revenues increased throughout FY14. Actual revenues for FY14 were \$7,575,607 of which \$6,529,513 is from production. This represents a 29.08% increase over FY13 production revenue. San Juan County is projecting an increase of 4.33% or \$7,903,266 total oil & gas production and equipment revenue for FY15.

The Navajo Nation opened the Northern Edge Navajo Casino in January, 2012. The casino is located in Upper Fruitland, on the Navajo Reservation, just barely over the reservation border outside the southwest corner of Farmington. The gaming facility employs approximately 375 full-time employees. The casino will hopefully have a positive impact on off-reservation surrounding communities within San Juan County. However, the County currently has a lease agreement with SunRay Gaming located near McGee Park. According to the lease, San Juan County government receives \$2 million per year or 15% of the net gaming revenue whichever is greater. According to SunRay representatives, the new Navajo Casino is having a negative impact on their revenues. In FY13, the County received the required \$2 million in revenue and no excess due to the declining net gaming revenue. San Juan County received the required \$2 million in revenue with no percentage of net gaming revenue for FY14 and will budget only the required payment for FY15.

San Juan County's economy is diversified by the recreational and farming sectors. San Juan County is home to many tourist attractions including Chaco Canyon, Navajo Lake State Park, Salmon Ruins, and the Aztec Ruins. Farmington is home of the Pinon Hills Golf Course, a four star golf course voted the best golf value in the Nation. Farmington also hosts the Connie Mack World Series in August each year.

In March, 2010, San Juan County acquired the Riverview Golf Course from Central Consolidated School District #22. Riverview Golf Course encompasses 226.36 acres located in Kirtland, NM. Riverview covers 18-holes and is a par 72 course. The value of the Riverview Golf Course was estimated at \$2.9 million and is considered a donation at no cost to San Juan County. San Juan County will own and operate the facility into the future for the betterment of all citizens and visitors of the County.

Financial Planning: The County updates its strategic plan, outlining both short-term and long-term goals for each department. The strategic plan is the result of a planning retreat attended by all departments. A copy of the strategic plan can be obtained through the San Juan County Executive Office.

The County Commission also annually approves the five year Infrastructure Capital Improvement Plan (ICIP) prioritizing projects and their potential funding sources. The District Court Expansion and Renovation is complete. The expansion and renovation used bond proceeds from the GRT Revenue Bonds, Series 2008. This project involved construction of a 25,000 square foot expansion and renovation of an existing 19,000 square foot building in Aztec. The District Court complex houses four courtrooms. Total project costs were \$8,736,370. The primary funding source was the GRT Revenue Bonds (8,649,097). The District Attorney's office was also completed in FY14. The new

facility is approximately 25,000 square feet and is located in Farmington. The primary funding source was the GRT Revenue Bonds, Series 2008 (\$6,474,367). Total project costs were \$6,522,903. The Sheriff's office expanded their facility by approximately 15,000 square feet. This expansion houses the evidence room, consolidated detective's area and crime lab. The primary funding source was the GRT Revenue Bond, Series 2008 (\$5,298,670) and state funding (\$198,000). Total cost of the expansion was \$5,496,759. San Juan County is currently working on the Pinon Hills road construction project that will connect the fastest growing area of the unincorporated area of San Juan County, Crouch Mesa, with the fastest growing area in the City of Farmington, east Farmington. San Juan County will be responsible for connecting Southside River Road to CR390. San Juan County will be the fiscal agent for our respective part of the project. Project costs to date are \$759,153. The funding sources will be through revenue bonds and federal funding. All of these expansion projects demonstrate the continued growth in San Juan County.

The Growth Management Plan, an official public document adopted by the Board of County Commissioners, was approved July 18, 2007. The plan is intended to assist the County to prepare for the future by anticipating change, maximizing strengths and minimizing weaknesses. The Plan sets policies that help guide addressing critical issues facing the community, achieving goals according to priority, and coordinating both public and private efforts. The Growth Management Plan encompasses all functional elements that bear on physical development in an internally consistent manner, including: land use, environment, water and wastewater, county facilities, transportation, housing, and economic development. Development of the Growth Management Plan was funded by a 50/50 split between the County and the State.

The Growth Management Plan identified a number of land use issues and made recommendations for the future growth in the County. As part of the land use plan, the County began conducting meetings with the public in FY09 to determine how the County should manage future development of the unincorporated areas, while protecting residents' quality of life and economic opportunities. These meetings continued throughout FY10 in all areas of San Juan County as Round 2 of the Plan. Citizen surveys were also completed as an opportunity for citizens to voice their opinions and concerns for the future of San Juan County. As a result of the citizen surveys and round table meetings, the County Commission moved forward in addressing the most pressing concerns of San Juan County residents by introducing a series of proposed ordinances intended to manage junk and trash in San Juan County.

The first phase of the land use plan that was implemented in August, 2010 was the passing of Ordinance #73, Trash & Refuse Disposal. The purpose of the Ordinance is to protect the health, safety, and welfare of the public by preserving property values and reducing shelter for rodents and snakes. The goal is for citizen cooperation and compliance without the need to impose penalties. San Juan County is willing to aid in the cleanup process for citizens and granted a transitional grace period until January 31, 2012 for required compliance with the program. Phase two of the land use plan, imposing Ordinance #72, Junkyards, Junked Vehicles, and Junked Mobile Homes was addressed in FY11. After the August, 2010 public hearing, additional Citizen Advisory meetings were held and included representatives from the following groups: Four Corners Drag Racing Association, Round Track Racers, Auto-Restorers Group, and the

Junkyard/Auto Recycler Businesses. Ordinance #72 was approved in February, 2011 with amendments for fencing and licensing. Additional information regarding the land use management plan can be viewed at www.sanjuancountyplanning.com.

The San Juan County Commission voted on September 4, 2012 to amend the County's Growth Management Plan. The amendment shows that the County will consider zoning rules for businesses and residences in unincorporated areas. The amendment contains a proposed land-use district map, designating certain unincorporated areas for residential use and other areas for commercial or industrial use. County officials have acknowledged that zoning laws may be needed in the future as the population living on a limited amount of private land in the community continues to grow.

Cash Management Policies: The state DFA requires New Mexico counties to maintain a cash balance in the General Fund of at least 3/12ths (25%) of the General Fund's budgeted expenditures and a 1/12th (8.33%) reserve for county road funds in order to maintain adequate cash flow until the next significant property tax collection. The County met and exceeded the state's cash reserve requirements. The General Fund (sub-fund's) cash reserve at June 30, 2014 was \$13,310,686 or 44.13% of the General Fund (sub-fund's) final budget, far exceeding the required 3/12ths reserve requirement. The Road Fund's ending cash balance at June 30, 2014 was \$599,882 or 8.34% of the Road Fund's final expenditure budget, also exceeding the 1/12th reserve requirement. The County's overall General Fund unrestricted fund balance of \$15,587,484 at the end of the fiscal year is 28.45% of revenues. The County strives to maintain this at a minimum of 15%.

Awards and Acknowledgements: The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to San Juan County for its comprehensive annual financial report for the fiscal year ended June 30, 2013. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements. This is the eighth year that the County has received this GFOA award.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

San Juan County also received the Government Finance Officers Association Distinguished Budget Presentation award for the FY14 Final Program Budget. Entities that receive the Distinguished Budget Presentation award are considered those who have prepared the highest quality budget documents. This is the sixth year that the County has received this GFOA budget award.

San Juan County has received an Audit Accountability Award from New Mexico Association of Counties. This award is given in recognition of a large, mid-size and small county who have shown the most improvement in their audits, submitted their

audits in a timely manner, and have sustained excellence with the highest audit opinions for the past three years. Only two other counties in the state earned this honor in 2014.

San Juan County received a Certificate of Award from the National Association of Counties for participating in the 2013 National County Government Month Award Program and raising public awareness about the role and responsibility of county government. More than 100 counties in 26 states participated in the program to educate the public about the important role county government plays in their communities. Since 2006, San Juan County has won a total of ten NACO Significant Achievement Awards for various programs.

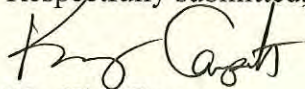

The San Juan County Fire Department received a Voice of the People Award for Transformation in Fire Services from the International City/County Management Association (ICMA). San Juan County Fire is one of eight jurisdictions receiving this award nationwide for transformations that have this level of service quality rating increase in fire services. The Fire Department received a service quality rating of 88% in 2012 which was significantly higher than the rating from its most recent prior survey of 78% conducted in 2009.

The San Juan County Detention Center recently became the first class "A" county in the State of New Mexico to receive Detention Center Accreditation from the New Mexico Association of Counties. In order to receive accreditation, the Detention Center had to pass an onsite inspection which evaluated 208 standards ranging from administration, physical plant, safety and security controls, medical and mental healthcare services, and inmate programs.

The San Juan County Housing Authority was awarded a Certificate of Excellence for outstanding performance and lasting contribution on the Section Eight Management Assessment Program (SEMAP) Assessment for ten consecutive years. The SEMAP measures the performance of public housing agencies that administer the housing choice voucher program in 14 key areas. Some of these key indicators include the following: proper selection of applicants from the housing choice voucher waiting list, sound determination of reasonable rent, accurate verification of family income, ensuring units comply with housing quality standards, timely annual housing inspections, expanding housing choice outside areas of poverty, and enrolling families in the family self-sufficiency program to help achieve increases in income.

We would like to express our appreciation to each member of the Finance Department that assisted and contributed to the preparation of this report. This final report would not have been possible without their dedication and professionalism. We also extend our appreciation to the County Commission for their continued support in maintaining the highest standards making it possible to meet the needs of San Juan County's citizens and visitors. San Juan County remains committed to *Building a Stronger Community*.

Respectfully submitted,

Mr. Kim Carpenter

INDEPENDENT AUDITOR'S REPORT

To the County Commission
San Juan County
and Mr. Hector H. Balderas
New Mexico State Auditor

Report on Financial Statements

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information, and the budgetary comparisons for the general fund and major special revenue funds of San Juan County, New Mexico ("County") as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents. We also have audited the financial statements of each of the County's nonmajor governmental funds, and the budgetary comparisons for all of the nonmajor funds presented as supplementary information, as defined by the Government Accounting Standards Board, in the accompanying combining and individual fund financial statements as of and for the year ended June 30, 2014, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion.

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County, as of June 30, 2014, and the respective changes in financial position thereof and the respective budgetary comparisons for the general fund and major special revenue funds for the year then ended in accordance with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each nonmajor governmental fund of the County as of June 30, 2014, and the respective changes in financial position thereof and the respective budgetary comparisons for all of the nonmajor funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion on pages 16 and 31 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the County's financial statements, the combining and individual fund financial statements, and the budgetary comparisons. The Schedule of Expenditures of federal awards as required by Office of Management and Budget *Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations*, introductory and statistical sections, and the other schedules as required by Section 2.2.2 NMAC are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Schedule of Expenditures of federal awards and other schedules required by Section 2.2.2 NMAC are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been

subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of federal awards and other schedules required by Section 2.2.2 NMAC are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Change in Accounting Principle

As discussed in Note 16 to the financial statements, in 2014 the County adopted new accounting guidance, *GASB Statement No. 65, Items Previously Reported as Assets and Liabilities*. Our opinion is not modified with respect to this matter.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 31, 2014 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Albuquerque, New Mexico
October 31, 2014

**SAN JUAN COUNTY, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2014**

As management of San Juan County, we offer readers of San Juan County's financial statements this narrative overview and analysis of the financial activities of San Juan County for the fiscal year ended June 30, 2014. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages 1-8 of this report.

Financial Highlights

- The assets of San Juan County exceeded its liabilities at the close of the most recent fiscal year by \$246,109,974 (*net position*). Of this amount \$24,500,265 (*unrestricted net position*) may be used to meet the County's ongoing obligations to citizens and creditors.
- Total net position increased by \$6,240,603 from the prior year.
- As of the close of the current fiscal year, San Juan County's governmental funds reported combined ending fund balances of \$74,675,474, increasing \$7,341,323 from the prior year. Approximately 36.43% of this total fund balance amount, \$27,204,447, is available for spending at the government's discretion (*unrestricted fund balance*).
- At the end of the current fiscal year, unrestricted fund balance for the General Fund was \$15,587,484, or 29.30% of total general fund expenditures.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to San Juan County's basic financial statements. San Juan County's basic financial statements consist of three components: 1.) government-wide financial statements, 2.) fund financial statements, and 3.) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of San Juan County's finances, in a manner similar to the private-sector business. These statements consist of the statement of net position and the statement of activities.

The *statement of net position* presents information on all of San Juan County's assets and liabilities, with the difference between the two reported as *net position*. Over time, the increases or decreases in net position may serve as a useful indicator of whether the financial position of San Juan County is improving or deteriorating.

**SAN JUAN COUNTY, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2014**

The *statement of activities* presents information showing how the County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of San Juan County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of San Juan County include general government, public safety, public works, health and welfare, culture and recreation, and environmental. San Juan County has no business-type activities at this time.

The government-wide financial statements include not only San Juan County itself (known as the *primary government*), but also two discretely presented component units, the Consolidated Communications Authority and the San Juan Water Commission. Additional information concerning these two component units can be found in the notes to the financial statements.

The government-wide financial statements can be found on pages 32 and 33 of this report.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. San Juan County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of San Juan County can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental*

**SAN JUAN COUNTY, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2014**

funds with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

San Juan County maintains 33 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General Fund, Corrections, and the GRT-Communications/EMS fund, all of which are considered to be major funds. Governmental fund balances are classified as *nonspendable*, *restricted*, *committed*, *assigned*, and *unassigned*. GASB 54's updated definition of Special Revenue Funds resulted in the Ambulance Fund being combined and reported with the Gross Receipts Tax-Communications/EMS Fund. Data from the other 29 governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* elsewhere in this report.

San Juan County adopts an annual appropriated budget for all of its governmental funds. Budgetary comparison statements have been provided for the governmental funds to demonstrate budget compliance.

The basic governmental fund financial statements can be found on pages 34 and 36 of this report.

Proprietary funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among various functions.

San Juan County had no proprietary funds at the end of the current fiscal year.

Fiduciary funds. *Fiduciary funds* are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statement because the resources of those funds are *not* available to support San Juan County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. San Juan County uses a fiduciary fund mainly to distribute property taxes, including oil and gas equipment and production taxes, collected on behalf of municipalities, schools, college, and conservancy/irrigation/water districts.

The basic fiduciary fund financial statements can be found on page 41 of this report.

**SAN JUAN COUNTY, NEW MEXICO
MANAGEMENT’S DISCUSSION AND ANALYSIS
JUNE 30, 2014**

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 42-73 of this report.

Other Information. In addition to the basic financial statements and accompanying notes, this report also presents combining and individual fund statements and schedules that further support the information in the financials statements.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government’s financial position. In the case of San Juan County, assets exceeded liabilities by \$246,109,974 at the close of the most current fiscal year. Below is a chart indicating the net position growth over the last five fiscal years.

In FY14, 71% of San Juan County’s net position reflects its investment in capital assets (e.g. land, buildings, machinery, equipment, and infrastructure) less any related debt used to acquire those assets that is still outstanding. San Juan County uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although San Juan County’s investment in its capital assets is reported net of

**SAN JUAN COUNTY, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2014**

related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

San Juan County's Net Position

	Governmental Activities	
	FY 2014	FY 2013
Current and other assets	\$ 80,447,493	\$ 72,588,242
Capital assets	218,080,764	220,655,095
Total assets	<u>\$ 298,528,257</u>	<u>\$ 293,243,337</u>
Deferred outflow - charge on refunding	<u>\$ 496,162</u>	<u>\$ -</u>
Long-term liabilities outstanding	\$ 47,797,781	\$ 49,604,676
Other liabilities	<u>5,086,125</u>	<u>3,769,290</u>
Total liabilities	<u>\$ 52,883,906</u>	<u>\$ 53,373,966</u>
Deferred inflow - unavailable revenue	<u>\$ 30,539</u>	<u>\$ -</u>
Net Position		
Net Investment in capital assets	\$ 175,548,986	\$ 175,555,180
Restricted	46,060,723	39,698,702
Unrestricted	<u>24,500,265</u>	<u>24,615,489</u>
Total net position	<u><u>\$ 246,109,974</u></u>	<u><u>\$ 239,869,371</u></u>

An additional portion of San Juan County's net position, \$46,060,723, represents resources that are subject to external restrictions on how they may be used (*restricted net position*). The remaining balance of *unrestricted net position*, \$24,500,265 may be used to meet the government's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, San Juan County is able to report positive balances in all three categories of net position for governmental activities. The same situation held for the prior fiscal year.

Net position increased by \$6,240,603 a 2.60% increase from the prior fiscal year.

**SAN JUAN COUNTY, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2014**

Governmental activities increased San Juan County's net position by \$6,240,603. Key elements of this increase are as follows:

Revenues: The economic conditions declined slightly in FY14 as compared to FY13 as the revenues decreased by 0.36%.

- Charges for Services revenue decreased mainly in the Major Medical Fund due to a decrease in enrolled participants in the medical plan for FY14 and a reduction in stop loss claims and reimbursements throughout the fiscal year. The revenues collected decreased by \$440,295 from FY13 to FY14.
- The overall decrease in Operating Grants and Contributions from FY13 to FY14 was \$4.5 million. The main factor driving this decrease was due to a \$3.7 million decrease in Sole Community Provider funding from San Juan Regional Medical Center. This decrease was offset by a \$1.3 million decrease in the Supplemental Sole Community Provider expenditures, \$861,686 decrease in the Sole Community Provider Match expenditure, and \$844,708 decrease in Indigent Claims paid.
- The significant increase in Public Works Capital Grants and Contributions is due in part to \$1.5 million in funding from the Navajo Nation for Bridge 8105 construction costs. Total construction costs are estimated to be approximately \$2,850,650 with \$1.5 million provided by the Navajo Nation, \$918,480 provided from grants and the remainder provided by County funds. There was also an increase in Public Safety Capital Grants and Contributions resulting from a \$958,000 State Fire Equipment grant and Federal surplus donations to the Sheriff's Office in the amount of \$743,000.
- Property Tax Revenue increased by \$317,613, 1.38%, resulting from new property valuations completed in September 2013 and the corresponding property taxes imposed. Net taxable values for residential property increased by 3.87%. Non-residential property net taxable values decreased by 2.08%, mainly due to a decrease in centrally assessed property values. The implemented mil rate remained at 8.5 mils.
- Gross Receipts Tax revenue decreased by \$193,894 (0.55%) from the prior year. The gross receipts tax revenue began to decrease late in the third quarter of FY09 due to the national economic recession. The decrease in FY14 indicates the economy is still not recovering as well as anticipated. However, the County recognized the need to budget gross receipts tax revenue conservatively at an estimated 3% decrease from the prior year's actual receipts. The actual gross receipts tax decreased 1.29% as compared to FY13. FY14 receipts included 4 months of revenue from the new 1/16th gross receipts tax increment effective January 1, 2014.
- Revenue from oil and gas production and equipment increased by \$885,642, 13.24% from the prior year, mainly due to an increase in natural gas prices and the exploration of Mancos Shale in the San Juan Basin.
- Payments in Lieu of Taxes (PILT) - Beginning in FY09 the federal government enacted the Emergency Economic Stabilization Act of 2008 and authorized full

**SAN JUAN COUNTY, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2014**

funding of the PILT program from 2008 through 2012. This full funding brought in approximately \$800,000 in additional PILT revenue in FY08 through FY12. The full funding was extended for one year to include FY13. Originally, the federal government had not approved an additional extension of the full funding, resulting in the County decreasing the FY14 estimated PILT funding by over \$713,000. However, in mid-June, 2014, PILT was reauthorized under the Agriculture Act of 2014, which funded full entitlement levels of the program. The actual PILT revenue received from FY13 to FY14 increased by \$145,699 or 7.06%.

- In accordance with the updated Franchise Tax Agreement, the City of Farmington Electric Utility's franchise tax payment remained at 3% for FY14. The franchise tax revenue increased by \$222,932 from the prior year, mainly due to the City of Farmington's Power Cost Adjustment (PCA) factor.
- The significant increase of \$430,535 in investment earnings is due in part to higher cash balances, as well as the net effect of the fair value adjustment \$47,191.
- Miscellaneous revenues increased by \$1.5 million as a result of a refund from the State of New Mexico for the Sole Community Hospital contribution into the County Indigent Fund amounting to \$1,534,580.

Due to San Juan County's diversified revenue sources through gross receipts taxes, property taxes, and oil and gas equipment and production taxes, revenues overall remained sufficient to operate the FY14 budget even through stressed economic times.

Expenses: Expenses decreased by 9.78% from the prior fiscal year.

- The County strives to remain competitive amongst local employers and across the region in regards to wage and benefit costs. Salary studies are performed annually and adjustments are made where necessary to fulfill this goal. The prior year FY13 had a 3% wage adjustment. However, due to the struggling economy, the San Juan County Commission approved the FY14 budget with no wage increases, step increases, or cost of living adjustments.
- The County implemented a hiring freeze beginning in FY10. A total of 26 positions from various County departments were frozen during FY14, an increase of 8 frozen positions from the prior year, at a savings of \$1,547,399. The Commission did not approve any new positions for FY14.
- Due to the rising cost of health care, the County Commission approved a slight change to the health care premium split between the County and its employees. Effective July 1, 2013, the County pays 79% and the employee 21% of the premiums into the Major Medical Fund. Prior to FY14, the County paid 80% and the employee paid 20% of the health care premiums. There were no increases in premiums.
- The General Government expenses decreased by \$9.2 million comparing FY14 to FY13. The main reason for the decrease is due to County Maintained mileage

**SAN JUAN COUNTY, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2014**

changes on the annual resolution certifying public roads maintained by San Juan County.

- The Public Works expenses decreased by \$813,892 (9.71%) comparing FY14 to FY13. The main reason for the decrease was due to the reduction of depreciation expense in the Public Works function resulting from infrastructure reduction based on the annual mileage recertification.
- The FY14 Health and Welfare expenses decreased by \$2.7 million from FY13. The main factor driving this decrease was due to a \$3.7 million decrease in Sole Community Provider funding from San Juan Regional Medical Center. This decrease in funding was offset by a \$1.3 million decrease in the Supplemental Sole Community Provider expense, a decrease in the Supplemental Sole Community Provider Match expense of \$861,686, and a decrease in Indigent Claims paid of \$844,708.
- The FY14 Interest on Long-Term Debt increased from FY13 due to the implementation of GASB #65. The interest expense includes \$752,226 of previously unamortized bond issuance costs.

Financial Analysis of the Government's Funds

As noted earlier, San Juan County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of San Juan County's *governmental funds* is to provide information on near-term inflows, outflows and balances of *spendable* resources. Such information is useful in assessing San Juan County's financing requirements. In particular, *unrestricted fund balance* (consisting of *committed*, *assigned*, and *unassigned* balances) may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, San Juan County's governmental funds reported combined ending fund balances of \$74,675,474 an increase of \$7,341,323 in comparison with the prior fiscal year's fund balance. Approximately 36.43% of this total amount, or \$27,204,447 constitutes *unrestricted fund balance* (consisting of \$6,056,820 *committed*, \$15,469,142 *assigned*, and \$5,678,485 *unassigned*) which is available for spending at the government's discretion. \$1,330,926 is classified as *nonspendable* and includes inventories and prepaid insurance. The remainder of fund balance is *restricted* to indicate that it is not available for new spending because it has already been restricted for the following purposes: to pay debt service (\$679,858), public safety (\$17,832,148), healthcare expenditures (\$17,380,215), GRT Bond Series 2008 (\$281,891), grant funding (\$7,130,266), GRT reserve (\$1,319,808), and other purposes (\$1,515,915). A detailed listing of governmental fund balances by classification in accordance with GASB 54 can be found in Note 1 – Summary of Significant Accounting Policies.

**SAN JUAN COUNTY, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2014**

The main reason for the increased fund balance was due to contributions received from the Navajo Nation for Bridge 8105 construction (\$1.5 million) and also from a Disaster/Public Assistance Recovery from the Department of Homeland Security and Emergency Management in the amount of \$653,936 for flood damages incurred in the fall of FY14.

The General Fund is the chief operating fund of San Juan County. At the end of the current fiscal year, *unrestricted* fund balance of the General Fund was \$15,587,484, while total fund balance reached \$21,416,899. As a measure of the General Fund's liquidity, it may be useful to compare both *unrestricted* fund balance and total fund balance to total fund expenditures. *Unrestricted* fund balance represents 29.30% of total General Fund expenditures, while total fund balance represents 40.26% of that same amount.

The fund balance of the General Fund increased by \$836,227 or 4.06% during the current fiscal year. Overall the General Fund's FY14 revenues were \$247,187 higher than FY13 revenue. Gross receipts tax revenue increased by nearly \$1 million or 123.21% due to the County Commission approving Ordinance #80 imposing a 1/16th gross receipts tax for the General Fund effective January 1, 2014. In FY14, the tax generated \$703,952 (partial year collection of 4 months). The oil and gas production revenue increased by \$1.4 million or 29.08% due to higher natural gas prices and an increased volume of production. The revenues also include a \$47,191 unrealized gain on investments. The PILT revenue increased by \$145,699 or 7.06% due to full entitlement funding levels under the Agriculture Act of 2014. The General Fund's Intergovernmental revenue decreased by \$3.9 million mainly due to the decrease in Sole Community Provider funding from San Juan Regional Medical Center by \$3.7 million. This decrease in funding was offset by an \$861,686 decrease in the Sole Community Provider Match expense, a decrease in the Supplemental Sole Community expense of \$1.3 million, and an \$844,708 decrease in Indigent Claims paid. The fund balance of the General Fund increased in FY14 primarily due to the decrease in expenditures incurred throughout FY14 of \$4 million or 6.99%, along with the slight increase in revenues received over the prior year. The decrease in expenditures was again due to the decrease in Sole Community expenditures.

Major funds. Other key governmental-type funds (major funds), other than the General Fund, include the Corrections fund, and the Gross Receipts Tax-Communications/Emergency Medical Services fund.

The **Corrections Fund** accounts for all of the expenditures related to the adult detention facility. The three neighboring cities pay a per-diem rate for all of their prisoners which the County houses. The County annually updates this per-diem rate. Despite the increase in the per-diem rate for FY14, prisoner care revenues generated from the cities of Farmington, Aztec, and Bloomfield decreased by \$495,366 due to a decrease in the number of inmate bed days billed to the cities over the course of the fiscal year. A new fee was approved by the Commission effective September 1, 2013 for booking inmates.

**SAN JUAN COUNTY, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2014**

This booking user fee set at \$10 per inmate generated \$47,463 at the adult detention facility in FY14.

The *Gross Receipts Tax-Communications/Emergency Medical Services* fund accounts for the three-sixteenths of one percent Emergency Communications and Emergency Medical Services gross receipts tax collected county-wide and is combined with the Ambulance Fund. The Ambulance Fund is used to account for funds spent on ambulance and paramedic services in the County operated by San Juan Regional Medical Center. This gross receipts tax was scheduled to sunset on June 30, 2013. An election was held in March, 2013 and voters overwhelmingly voted in favor of Ordinance #79 keeping the tax in place to fund the Communications Authority and the Ambulance and giving the County the ability to collect the tax indefinitely.

General Fund Budgetary Highlights

During the fiscal year, the County Commission approved adjustments to the County's budget. The majority of the adjustments were made during the mid-year budget adjustment process. The General Fund's final amended revenue estimates were \$6,590,704 less than the original estimates and the expenditure budget was \$6,921,947 less than the original expenditure budget. The main adjustments can be summarized as follows:

- The revenues from San Juan Regional Medical Center for the Sole Community Provider Program were decreased by \$8,957,950 due to the program ending December 31, 2013.
- The Sole Community Provider Match budgeted expenditures were decreased by \$7,423,370.
- The refunds from the Sole Community Provider Program were increased by \$1,549,812 as the State refunded previous contributions.
- The County Supported Medicaid budgeted payment was decreased by \$317,910 based on actual amounts owed and paid to the State.
- The General Fund's miscellaneous and refund revenue was increased by \$338,076 due to fire donations and refunds from fighting fires. Budget adjustments are approved to increase volunteer firefighters' expenditure line items in the same amount based on these State/Federal reimbursements and donations in order to pay nominal fees to volunteers and cover Fire employee overtime.

During the year General Fund revenues came in over budgetary estimates by approximately \$3 million and expenditures were less than budgetary estimates by approximately \$6.5 million. The main reason for the differences was due to the increase in oil and gas production revenues. The revenue received was \$1.3 million higher than budgeted. Payment in lieu of taxes received was also \$858,964 higher than anticipated, and health plan refunds received came in \$467,075 over budgeted revenues. Health plan refunds consist of various overpayments, rebates, and stop loss reimbursements. Overall

**SAN JUAN COUNTY, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2014**

the General Government expenditures were \$818,084 lower than budgeted. The Public Safety expenditures were \$1,085,635 lower than budgeted mainly due to turnover and understaffing. The County Indigent expenditures were \$1,886,695 lower than budgeted due to a reduction in indigent claims paid in FY14. The Road expenditures were \$970,242 lower than budgeted due to road maintenance and projects still in process. The Major Medical expenditures were \$1,304,025 lower than budgeted due to lower employee health claims.

Capital Asset and Debt Administration

Capital assets. San Juan County's investment in capital assets for its governmental activities as of June 30, 2014 amounts to \$218,080,764 (net of accumulated depreciation) as compared to \$220,655,095 in the prior fiscal year. This investment in capital assets includes land, buildings and improvements, machinery and equipment, roads, bridges and construction in progress.

Major capital asset events during the current fiscal year included the following:

- Construction was completed on the Sheriff's Department Addition. Total construction costs were \$5,496,759.
- Construction completed on the new District Attorney's Office. Total construction costs were \$6,522,903.
- Construction completed on the District Court Building. Total construction costs were \$8,736,370.
- Construction continued on the Pinon Hills Bridge CR 3900; construction-in-progress as of the close of the fiscal year was \$759,153.
- Construction continued on the Bridge 8105 CR 7150; construction-in-progress as of the close of the fiscal year was \$523,395.
- Construction continued on the Lower Valley Lagoon project; construction-in-progress as of the close of the fiscal year was \$179,227.
- Construction continued on the San Juan Regional Medical Center 2nd and 4th Floor Renovation and Endoscopy project; construction-in-progress as of the close of the fiscal year was \$144,110.

Infrastructure	74,360,471	73,246,781
Construction in progress	2,036,055	21,468,979
Total	<u>\$ 218,080,764</u>	<u>\$ 220,655,095</u>

Additional information on San Juan County's capital assets can be found on note 1 on pages 47-48 and note 6 on pages 57-59.

Long-term debt. At the end of the current fiscal year, San Juan County had total debt outstanding of \$42,085,000. All of the County's current outstanding debt is secured by specified gross receipts taxes.

In FY12 the County also entered into a loan agreement with the New Mexico Finance Authority (par amount \$8,925,000) in order to complete a current refunding of the Series 2002 Gasoline Tax/Motor Vehicle Revenue Bonds and an advance refunding of the Series 2004 Gasoline Tax/Motor Vehicle Revenue Bonds. More information concerning outstanding debt and these transactions can be found in the notes to the financial statements on pages 60-61.

The County filed the required annual Continuing Disclosure Undertakings by the March 31, 2014 deadline.

San Juan County's Outstanding Debt

	<u>FY2014</u>	<u>FY2013</u>
GRT Revenue Bonds	\$ 34,285,000	\$ 36,430,000
NMFA Loan	7,800,000	8,370,000
Total Outstanding Debt	<u>\$ 42,085,000</u>	<u>\$ 44,800,000</u>

Credit ratings. San Juan County's bonds are rated A2 by Moody's and A+ by Standard & Poor's.

**SAN JUAN COUNTY, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2014**

Debt limitations. New Mexico state statutes limit the amount a county may issue in general obligations bonds to 4% of the total assessed value of the property within the county. San Juan County's total assessed value at the close of the current fiscal year was \$3,699,760,378. Thus, San Juan County's legal debt limit is \$147,990,415. San Juan County had no general obligations bonds outstanding at the close of the current fiscal year.

Additional information on San Juan County's long-term debt can be found in note 7 beginning on page 59 of this report.

Economic Factors and Next Year's Budget and Tax Rates

- The seasonally adjusted unemployment rate for San Juan County at the close of the current fiscal year was 6.5%. This is down slightly from the June 2013 rate of 6.6%. It stands equal to the State of New Mexico's rate of 6.5% and slightly higher than the nationwide rate of 6.1%.
- The implemented property tax mil rate continued at 8.5 mils with a ½ mil dedicated to fund water reserves. San Juan County's property tax rate continues to be the second lowest in the state.
- The County currently has in place a 1/8th Local Hospital Gross Receipts Tax intended to fund hospital construction projects and pay debt service on Hospital Bonds. The Hospital Bonds paid off years earlier than scheduled, due to monthly mandatory redemptions. Thus, the County Commission approved the elimination of the 1/8th Local Hospital Gross Receipts Tax effective January 1, 2015.
- The New Mexico Legislature passed a repeal of the Hold Harmless provisions related to gross receipts tax on food and medical sales. This new legislation will phase out the State's Hold Harmless payments beginning in FY16. In FY14, the County received \$2.7 million from the State as Hold Harmless payments. Legislation now allows entities to implement a new local option Hold Harmless Gross Receipts Tax in 1/8th increments up to 3/8ths of one percent. The County Commission approved the implementation of a 1/8th Hold Harmless Gross Receipts Tax effective January 1, 2015. The estimated revenue from the 1/8th for a partial year is \$1.4 million.
- The gross receipts tax rate from July 1, 2014 to December 31, 2014 will remain at 6.375%. The elimination of the 1/8th Local Hospital Gross Receipts Tax and the implementation of the 1/8th Hold Harmless Gross Receipts Tax, both effective January 1, 2015, will hold the overall gross receipts tax steady at 6.375% for FY15. Gross receipts tax revenue was conservatively budgeted with an overall projected 1.9% decline over the FY14 actual receipts.
- Payments in Lieu of Taxes (PILT) – The FY15 budgeted revenues from PILT were estimated at a full funding level of \$2,200,000.

**SAN JUAN COUNTY, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2014**

- Oil and gas production revenues were budgeted at an estimated 3.03% increase from the prior year's budget. Current receipts in FY15 July through October have increased significantly by 14.52% from the same time period in the previous year.
- Oil and gas equipment revenues are based upon the previous year's production. Due to the rise in production in the previous year, the FY15 budgeted revenues for oil and gas equipment was increased by 12.43% from \$1 million to \$1.2 million.
- The FY15 budget includes a hiring freeze of 26 full-time positions for a total savings of \$1,551,294, and four intern positions for a total savings of \$49,061.
- In FY15 the County Commission approved a 2% Cost of Living Adjustment (COLA) and a 1% merit increase. One position in the IT department was removed in FY15 after it was vacated by a retiring employee. Another position for the San Juan Water Commission was added in FY15, after their Board and the Commission approved.
- The County Commission did not make any changes to the health insurance plan for FY15. Premiums are paid 79% by the County and 21% by the employee. There was no increase in premiums for FY15. Health care fees in the amount of \$65,260 were budgeted for FY15 as a requirement of the Affordable Health Care Act. Fees are anticipated to increase over the upcoming years.
- The FY15 budget also includes the continuation of the transfer station waste disposal fees that were effective July 11, 2011. The actual revenue to the Solid Waste fund in FY14 was \$431,307 and the estimated revenue for FY15 is \$450,000. The County no longer pays the waste disposal charges at the landfill for citizens with polycarts. The County recently implemented a recycling initiative by accepting recycle materials free at all 12 Solid Waste Convenience Stations. The Solid Waste Manager saw a significant decrease in the amount of customers utilizing the transfer stations for the first three months after the fees were implemented and the amount of hauling to the main landfill decreased; however, the customer base is slowly increasing and the revenues have remained constant between the transfer stations and the main landfill.
- Property Tax revenue was budgeted with a decrease of 3.68% over FY14 actual receipts, mainly due to the sale of the Navajo Mine by BHP to the Navajo Nation and the closure of 3 units by Arizona Public Service at the Four Corners Power Plant. The sale of the mine to the Navajo Nation will impact the County's property taxes since the Navajo Nation is tax exempt. The estimated decline in the County's property taxes is estimated at \$732,095 beginning in FY15. The affect on the County's gross receipts taxes is unknown.
- Due to EPA requirements, the coal fired power plants within San Juan County are reviewing their operating options. There are discussions of closing several of the coal fired units. The County will continue to monitor the situation in planning for the FY16 budget process.
- Priority Based Budgeting – The County entered into an agreement with the Center for Priority Based Budgeting on August 1, 2013. The consultants assisted the County in implementing Priority Based Budgeting for the FY15 budget and will continue for the upcoming FY16 budget process.

**SAN JUAN COUNTY, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2014**

- The Sole Community Provider program was eliminated by the State on December 31, 2013. The New Mexico Legislature passed Senate Bill #268 which created the Safety Net Care Pool. The bill requires Counties to annually contribute an equivalent of a 1/12th gross receipts tax revenue to the Pool. In accordance with the legislation, the County Commission approved Ordinance No. 87 regarding the quarterly payments to the State. The annual contribution for the County is approximately \$3 million and has been included in the FY15 budget.
- Due to the elimination of the Sole Community Provider program, the new Safety Net Care Pool, and the new distribution formula, San Juan Regional Medical Center and the County expect to receive far less funds for uncompensated health care coverage. In order for the County to continue supporting health care providers for indigent care, on September 22, 2014, the County Commission passed Ordinance No. 91 implementing a 1/16th County Health Care Gross Receipts Tax effective January 1, 2015. The Commission also approved Ordinance No. 90 implementing the second 1/8th Hold Harmless Gross Receipts Tax increment which is also effective January 1, 2015. Budget adjustments will be processed in FY15 for these new tax increments. The estimated revenue from both increments for the partial year (four months) is \$2.2 million.

All of these factors were considered in preparing San Juan County's operating budget for the 2015 fiscal year as well as planning for the FY16 budget process.

Requests for information

This financial report is designed to provide a general overview of San Juan County's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the San Juan County Chief Financial Officer, 100 South Oliver Drive, Aztec, NM 87410.

SAN JUAN COUNTY, NEW MEXICO
RECONCILIATION OF THE BALANCE SHEETS - GOVERNMENTAL FUNDS
TO THE STATEMENT OF NET POSITION
June 30, 2014

	Governmental Activities
Total Fund Balance Governmental Funds	\$ 74,675,474
Amounts reported for governmental activities in the statement of net position are different because:	
Refunding of debt	496,162
Receivables that are not available to pay for current period expenditures and, therefore are deferred in the funds.	734,733
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.	218,080,764
Accrued interest payable	(79,378)
Long-term liabilities, including bonds/loans payable, are not due and payable in the current period and therefore are not reported in the funds. Also the governmental funds report the effect of premiums and discounts, whereas these amounts are amortized in the statement of activities. This amount is the net affect of long-term debt (\$47,797,781). The net affect of long-term debt is broken down as follows:	
Net affect of bonds/loans payable/claims and judgements	(43,174,540)
Net affect of compensated absences	(4,623,241)
Subtotal	(47,797,781)
	<u>(47,797,781)</u>
Net position of governmental activities	<u>\$ 246,109,974</u>

SAN JUAN COUNTY, NEW MEXICO
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
Fiscal Year Ended June 30, 2014

	Primary Government
	Governmental Activities
Net changes in fund balances total governmental fund	\$ 7,341,323
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlay as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays (\$13,579,845) exceed depreciation (\$9,727,432) and net loss on assets disposed of (\$6,426,744) in the current period. (The capital outlays include \$743,000 in donated assets).	(2,574,331)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. This is the amount by which the deferred inflow on property taxes from end of the year (\$734,733) exceeds the deferred inflow on property taxes from the beginning of the year (\$810,264).	(75,531)
The issuance of long-term debt (e.g. bonds, loans, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position.	
The following table represents the changes in long-term debt for the fiscal year:	
Change in revenue bonds payable	2,715,000
Change in bond premium	67,086
Change in bond discount	-
Change in refunding of debt	(76,048)
Change in compensated absences	(275,580)
Change in claims and judgements	10,500
Change in capital leases	(137,901)
Subtotal	2,303,057
Change in accrued interest	(1,689)
GASB 65 write off of previously capitalized bond issuance costs	(752,226)
	1,549,142
 Change in net position governmental activities	 \$ 6,240,603

**SAN JUAN COUNTY, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

San Juan County, New Mexico (County) was incorporated in 1887 under the provisions of Chapter 13, Section 1 of the Territory of New Mexico Statutes as shown in Article 4-24-1 of the 1978 New Mexico State Statutes. The County operates under a Commissioner-Manager (CEO) form of government and provides the following services as authorized by its charter: public safety, highways and streets, sanitation, health and social services, recreation, public housing assistance, public improvements, planning, property assessments, tax collection and general administrative services.

The financial statements of the County have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental entities. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below.

As required by GAAP, the financial statements present the County and its component units, entities for which the County is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the County's operations and so data from these units are combined with data of the primary government. Each discretely presented component unit, on the other hand, is reported in a separate column in the financial statements to emphasize it is legally separate from the County.

Depending upon the significance of the County's financial and operational relationships with various separate entities, the organizations are classified as blended or discrete component units, related organizations, joint ventures, or jointly governed organizations, and the financial disclosure is treated accordingly.

Discretely Presented Component Units:

The Consolidated Communications Authority (Authority) is a discretely presented component unit. The Authority was created through a Joint Powers Agreement to operate a consolidated communications center to provide emergency and law enforcement communications for its participants; San Juan County, the City of Farmington, the City of Bloomfield, the City of Aztec, and the State of New Mexico Department of Public Safety. The Authority is fiscally dependent on San Juan County. The necessary funds for administrative and operational expenses are provided by a County 3/16th gross receipts tax. The San Juan County Board of Commissioners approves the Authority's annual budget. San Juan County appoints only two of the seven members of the Authority's board of directors.

**SAN JUAN COUNTY, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014**

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)**

The San Juan Water Commission is also reported as a discretely presented component unit. The San Juan Water Commission was created through a Joint Powers Agreement to provide funding for the Animas-La-Plata Water Project, to acquire water rights, protect and utilize existing and future water rights and water resources, and to administer the water for its participants; San Juan County, the City of Farmington, the City of Bloomfield, the City of Aztec, and the San Juan Rural Water Users Association. The San Juan Water Commission is fiscally dependent on San Juan County. The County, per the Joint Powers Agreement, agrees to implement, maintain, and keep in force a mill levy of approximately three mills upon all real and personal property in San Juan County to pay for the construction costs of the Animas-La-Plata Water Project as well as the operating costs of the San Juan Water Commission. The County currently has .5 mills imposed for this purpose. The San Juan County Board of Commissioners approves the San Juan Water Commission's annual budget. San Juan County appoints only one of the five representative members on the San Juan Water Commission.

Both of these discretely presented component units do not issue separate financial statements. Therefore, the fund financial statements for these component units are presented within this comprehensive annual financial report.

Government-wide financial statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on the primary government, not including fiduciary funds. The component units are presented in separate columns. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. The County had no business-type activities. The primary government is reported separately from the legally separate component units for which the primary government is financially accountable.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment and include depreciation expense. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

**SAN JUAN COUNTY, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014**

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)**

Fund financial statements

Separate fund financial statements are provided for governmental funds and the component units. Major individual governmental funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as nonmajor funds.

The County reports the following *major governmental funds*:

The *General Fund* is the County's primary operating fund used to account for and report all financial resources not accounted for and reported in another fund.

Corrections Fund. To account for funds expended for prisoner care at the County Detention Center. A one-eighth of one percent gross receipts tax provides for the funding as well as fees collected from municipalities. This fund was created by authority of state statute (Section 33-3-25 and Section 7-20F-3, NMSA Compilation).

Gross Receipts Tax-Communications/Emergency Medical Services. To account for the three-sixteenths of one percent Emergency Communications and Emergency Medical Services gross receipts tax collected county wide. The fund was created by authority of state statute (see Section 7-20E-11, NMSA 1978 Compilation).

Fiduciary statements

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statement because the resources of those funds are *not* available to support San Juan County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. San Juan County has the following types of agency funds to account for revenues billed and collected or property taxes levied and collected by the County on behalf of the following:

- Conservancy and Irrigation Funds for conservancies, irrigation and water districts revenues.
- Municipalities Funds for the municipalities of Aztec, Bloomfield, and Farmington for property taxes.
- State Funds for payments to the State of New Mexico.
- School Funds for various County school districts and San Juan College for property taxes and oil and gas production and equipment taxes amongst other revenues.
- Suspense Funds for the collection and distribution of current and delinquent property taxes, taxes paid under protest, and in advance as required by bases involving mobile homes, and overpayments and underpayment of taxes.
- Clerk's Refunds for excess collections from the Clerk's Office due to customers.

**SAN JUAN COUNTY, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014**

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)**

Measurement focus, Basis of accounting

The government-wide and fiduciary fund financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Agency funds have no *measurement focus*.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

The modified accrual basis of accounting is followed by the governmental fund types for financial statement purposes. Under the modified accrual basis of accounting, revenues and other governmental fund financial resource increments are recognized in the accounting period in which they become measurable and available to pay liabilities of the current period (amounts collected within 60 days after year-end).

Revenue recognition for the various sources is as follows:

- The County recognizes property taxes as revenue on a accrual basis in the year in which they are first billed. The County has determined that recognizing revenues when the property taxes are levied is not feasible as the amounts have not been determined at the time the financial statements are prepared.
- The County recognizes oil and gas taxes as revenue when received by the County. These taxes are not recognized on a full accrual basis in the entity-wide financial statements since reasonable estimates of the total receivable and amount uncollectible are not available.
- The County recognizes gross receipts tax distributions and franchise taxes on the modified accrual basis using a 60-day time period subsequent to year-end. Gross receipts are collected by the State of New Mexico and distributed to the County on a monthly basis 30 days after collection. These taxes are not recognized on a full accrual basis in the entity-wide financial statements since reasonable estimates of the total receivable and amount uncollectible are not available.
- The County recognizes grant receivables when the eligibility requirements have been met. Generally, this is when the costs are incurred.

Expenditures are recorded as liabilities when they are incurred, except for unmatured interest on general long-term debt which is recognized when due, and certain compensated absences which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

**SAN JUAN COUNTY, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014**

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)**

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the government's risk management and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Deferred Outflows/Inflows of Resources. In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. Also, in addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The County reports deferred outflows for the deferred amount on bond refunding. Deferred inflows are reported in the governmental funds regarding property taxes and unavailable HUD revenue. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

Encumbrances. Encumbrances represent commitments related to unperformed contracts for goods or services. Encumbrance accounting is used for purchase orders, contracts and other commitments for the expenditures of monies to reserve that portion of the applicable appropriation, as an extension of formal budgetary integration. Significant encumbrances, those greater than \$200,000, are disclosed in the Commitments and Contingencies note.

Equity in Pooled Cash and Investments. Equity in pooled cash and investments includes amounts in demand deposit accounts, certificates of deposit and investments. Substantially all cash resources are combined and excess amounts are invested. Interest earned is allocated to various funds (required by law and by the County Commission) based on the average of the funds' month end balances.

Investments are stated at fair value that is determined using selected bases. Investments with managed funds are reported at estimated fair value as determined by the respective fund managers based on quoted sales prices of the underlying securities. Cash deposits are reported at carrying amount, which reasonably estimates fair value.

Due From Other Governments. Intergovernmental receivables include amounts due from grantors for grants for specific programs and capital projects. Program grants and capital grants are recorded as receivables and revenues at the time reimbursement project costs are incurred. Revenues received in advance of project costs being incurred are deferred.

Receivables and Payables. Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "interfund receivables/payables" (i.e., the current portion of interfund loans) or

**SAN JUAN COUNTY, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014**

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)**

“advances to/from other fund” (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as “due to/from other funds.” The County only has due to/from other funds at year-end.

Advances between funds are offset by a fund balance reserve account in applicable governmental funds to indicate they are not available for appropriation and are not expendable available financial resources.

Property taxes are levied as of January 1 on property values assessed on the same date. The tax levy is payable in two installments, November 10 and April 10. The property taxes are considered delinquent and subject to lien, penalty and interest, 30 days after the date on which they are due.

Gross receipts taxes are collected by the State of New Mexico and distributed to the County on a monthly basis thirty days after collection. Franchise taxes are levied on gross sales and remitted quarterly to the County. The County recognizes gross receipts tax distributions and franchise taxes on the modified accrual basis using a 60-day time period subsequent to year-end. These taxes are not recognized on a full accrual basis in the entity-wide financial statements as reasonable estimates of the total receivable and amount uncollectible are not available.

The County has reviewed its customer base for concentrations of credit risk and has determined that no individual customer or group of customers engaged in similar activities represent a material concentration of credit risk to the County.

Inventories. Inventories are valued at cost (first-in, first-out), which approximates market. The costs of governmental fund-type inventories are recorded as expenditures when consumed rather than when purchased. Reported inventory balances are included in the nonspendable fund balance classification representing amounts that cannot be spent because they are not in spendable form.

Prepaid Items. Payments made to vendors for services that will benefit periods beyond the year-end are recorded as prepaid items. San Juan County follows the consumption method of accounting for prepaid items. Reported prepaid items are classified as non-spendable fund balance representing amounts that cannot be spent because they are not in spendable form.

Capital Assets. Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the governmental activities columns in the government-wide financial statements.

Capital assets are defined by the County as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital

**SAN JUAN COUNTY, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014**

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)**

assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Such assets, including infrastructure, have higher limits that must be met before they are capitalized. All infrastructure has been capitalized. Software is included as part of machinery and equipment.

Property, plant and equipment of the primary government is depreciated using the straight line method over the following estimated useful lives:

Improvements other than buildings	10 - 50 years
Buildings and structures	10 - 45 years
Machinery and equipment	5 - 30 years
Furniture and fixtures	5 - 30 years
Infrastructure	5 - 50 years

Bond Discounts/Premiums/Deferred Charge on Refunding. In governmental fund types, premiums and discounts, and similar items are recognized when the bonds are issued. In the entity-wide financial statements, bond discounts, premiums, and deferred charges on refunding are deferred and amortized over the term of the bonds using the straight-line method, which approximates the effective interest method. The entity-wide financial statements report the face amount of the bonds payable net of bond discounts and premiums. Whereas, the deferred charges on refunding are reported as a deferred outflow. Bond Issuance Costs are recognized as an expenditure in both the governmental fund types and the entity-wide financial statements when the bonds are issued.

Compensated Absences. Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. Compensated absences are reported in governmental funds only if they have matured. In the entity-wide statements vested or accumulated vacation is recorded as an expense and liability as the benefits accrue to employees. San Juan County caps the accumulated vacation at 320 hours.

Long-Term Obligations. Long-term debt is recognized as a liability of a governmental fund when due, or when resources have been accumulated in the debt service fund for payment early in the following year. For other long-term obligations, only that portion expected to be financed from expendable available financial resources is reported as a fund liability of a governmental fund. In the entity-wide financial statements long-term liabilities were included.

Fund Balance Reporting. The governmental fund financial statements may report five classifications of fund balance as follows:

SAN JUAN COUNTY, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)

1. Nonspendable – This classification represents amounts that cannot be spent because they are either (a) not in spendable form, such as inventories and prepaid items, or (b) they are legally or contractually required to remain intact, i.e. for the principal of a permanent fund.

2. Restricted – This classification represents fund balances restricted to a specific purpose when constraints placed on the use of resources are either (a) external impositions by creditors, grantors, contributors, laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.

3. Committed – This classification is used to represent fund balances committed for specific purposes pursuant to constraints imposed by formal action of the highest level of decision making authority, which is the San Juan County Board of County Commissioners. The highest formal action required by the County is in the form of an ordinance, which requires public notice 14 days prior to Commission decision. To remove a commitment, the San Juan County Board of County Commissioners must take the same type of action it employed to previously commit the funds. Commitments must occur prior to the end of the reporting period, but the amount may be determined in the subsequent period.

4. Assigned – This classification represents amounts that are constrained by the County's intent to be used for specific purposes, but are neither restricted nor committed. The authority for assigning resources remains only with the governing body, the San Juan County Board of County Commissioners. The County Commission has not delegated this authority to any other body or official.

5. Unassigned – This classification of fund balance is the residual classification for the General Fund consisting of fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General Fund. The General Fund is the only fund that reports a positive unassigned fund balance amount. In other governmental funds, if expenditures incurred for specific purposes exceeded the amounts restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

Classifying Fund Balance Amounts. When an expenditure is incurred for purposes for which both restricted and unrestricted (committed, assigned, or unassigned) resources are available for use, it is the County's policy to use restricted resources first and then unrestricted resources. Any residual balances are classified using the default policy for unrestricted fund balance: committed amounts would be reduced first, followed by assigned amounts, and then unassigned amounts.

Fund Balance for Subsequent Years Expenditures. According to New Mexico State Statute and the New Mexico Department of Finance and Administration (DFA), San Juan County is required to reserve 3/12^{ths} of the General Fund's (sub-fund) budgeted expenditures (\$7,540,349) for subsequent year expenditures to maintain an adequate cash flow until the next significant property tax collection. The DFA also requires that 1/12th of the Road Fund budgeted expenditures be reserved (\$599,538). The County has

**SAN JUAN COUNTY, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014**

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)**

incorporated this reserve requirement within its financial policies approved by the County Commission. These balances are reported as assigned to subsequent years expenditures in the General Fund. The County is in compliance with these DFA requirements.

Fund Balances, Governmental Funds. On the *Balance Sheets – Governmental Funds*, the fund balances are reported in the aggregate using the classifications defined by GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. Fund balances by classification for the year ended June 30, 2014 were as follows:

	General	Corrections	Gross Receipts Tax Comm/EMS	Other Governmental Funds	Total
Fund Balance - San Juan County					
<u>Nonspendable</u>

**SAN JUAN COUNTY, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014**

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)**

Net Position. In the government-wide financial statements, net position represents the difference between (a) assets and deferred outflows of resources and (b) liabilities and deferred inflows of resources. *Net investment in capital assets* consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of borrowings that are attributable to the acquisition, construction, or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislations adopted by the County or through external restrictions imposed by creditors, grantors, laws or regulations of other governments. Unrestricted net position represents assets of the County not restricted for any other project or purpose. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of San Juan County is improving or deteriorating.

Interfund Transactions. Inter-fund services provided and used are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed.

All other interfund transactions, except interfund services provided and used and reimbursements, are reported as transfers.

Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2. LEGAL COMPLIANCE - BUDGETS

Budgets. The legal level of budgetary control is defined at the fund level, the lowest level of which the County's Management may not reallocate resources or make over expenditures without approval of the Commission. The County Commission is authorized to transfer budgeted amounts between detail line items within a department within any fund. Both the County Commission and the State of New Mexico, Department of Finance and Administration, Local Government Division must approve any revisions that alter the total expenditures of any fund.

Expenditures of the County may not legally exceed appropriations at the level at which the budget is adopted, that is, expenditures in each fund may not exceed the budgeted appropriation for that fund.

**SAN JUAN COUNTY, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014**

NOTE 2. LEGAL COMPLIANCE – BUDGETS (CONTINUED)

The County follows the following procedures in establishing the budgetary data reflected in the financial statements:

1. In April or May the County Executive Officer submits to the Commission a proposed operating budget for the fiscal year commencing the following July 1. The budget includes proposed expenditures and the means of financing them. The budget is prepared by fund, department and function.
2. In late June, after there has been an opportunity for public comment, the County Commission adopts the budget as finalized.
3. By the end of July the Local Government Division of the State Department of Finance and Administration approves the final budget.
4. After the budget is adopted any supplemental appropriations must be approved by the County Commission.

Encumbrance accounting is employed by the County. Encumbrances (e.g., purchase orders, contracts) outstanding at year-end are carried forward to the new fiscal year and do not constitute expenditures or liabilities because the commitments will be re-appropriated and honored during the subsequent year.

Budgets are adopted on a cash basis, which is not consistent with accounting principles generally accepted in the United States of America; therefore a budget/GAAP reconciliation is required.

The San Juan County Commission approves the budgets for both discretely presented component units. The budgets for the San Juan Water Commission and the Communications Authority are included in County's budget and sent to the Department of Finance and Administration for approval.

NOTE 3. POOLED CASH AND INVESTMENTS

The County follows the practice of pooling cash and equivalents of all funds, which include both discretely presented component units, except for restricted or dedicated funds. Each fund's portion of total cash and investments is summarized by fund type in the combined balance sheet as equity in pooled cash and investments.

Pooled cash and investments held by the County, including both component units, consist of cash on deposit with financial institutions and certificates of deposit. Deposits are secured by both Federal depository insurance and collateral pledged in the County's name. Under New Mexico law, all deposits with financial institutions must be collateralized in an amount not less than 50% (102% for overnight deposits) of the uninsured balance. Market values of all cash and deposits approximate the cost of those assets.

Uninsured and uncollateralized	<u>7,862,299</u>
Total deposits	<u>\$35,559,995</u>

Custodial Credit Risk. Custodial credit risk is the risk that in the event of a bank failure, the County's deposits may not be returned to it. The County Investment Policy states that all banks in which San Juan County funds in excess of \$250,000 are deposited will be required to enter into a Collateral Security Agreement. The Collateral Security Agreement further states that should a bank fail at any time to maintain adequate collateral as required by the agreement, the County shall be given written notice of such failure, insolvency, or breach by the bank, and the bank shall have three days to cure such failure, insolvency, or breach. In the event the bank fails to cure such failure, insolvency, or breach, the County may demand the bank to surrender the above described collateral to the County. According to the Investment Policy, collateral shall be held by an independent third party financial institution acceptable to the County. Securities eligible as collateral are those defined under New Mexico State Law (6-10-16 NMSA 1978). As of June 30, 2014, \$34,559,011 of the County's bank balance of \$35,559,995 was exposed to custodial credit risk as follows:

Uninsured and uncollateralized	\$ 7,862,299
Uninsured collateral held by pledging bank's trust department not in the County's name	<u>26,696,712</u>
Total	<u>\$34,559,011</u>

State Statute Section 6-10-10(f), NMSA 1978 authorized the County Treasurer to invest in United States Treasury certificates, United States Treasury bonds or negotiable securities of the United States. The Section also authorizes investments in bonds or negotiable securities of the State of New Mexico or of any county, municipality or school district with the consent of the County Commission. Effective July 1, 1994, State statutes authorized the County to enter into yield maintenance repurchase agreements (overnight deposits). The County's Investment Policy requires all investment securities other than local financial institution CDs to be held in third-party safekeeping by an acceptable institution.

Cash on hand			2,192
			<u>\$69,931,324</u>

Cash is reconciled to the financial statements as follows:

Cash in governmental funds	\$68,884,793
Cash in agency funds	181,390
Cash in Communications Authority	815,074
Cash in San Juan Water Commission	50,067
	<u>\$69,931,324</u>

The Federal Home Loan Bank has a credit rating of Aaa with Moody's and AA+ with Standard and Poor's. The Federal National Mortgage Association (FNMA) has a credit rating of Aaa with Moody's and AA+ with Standard and Poor's. These are the highest possible ratings and are considered very secure. The obligators capacity to meet financial commitments is extremely strong.

Interest Rate Risk. The County's Investment Policy requires investment maturities to be scheduled to meet projected cash flow. The policy requires the County to commit investment maturities as follows: (1) No individual security will have a final maturity greater than 4 years and (2) With the exception of CDs and bank deposits, any investment portfolio with marketable securities will have an average weighted maturity or duration of no greater than 1.5-2.0 years and (3) For securities which are peg to a floating interest rate, the next reset date shall be used to determine the effective maturity.

Concentration Credit Risk. The County will diversify use of investment instruments to avoid incurring unreasonable risks inherent in over-investing in specific instruments, individual financial institutions or maturities. The County's Investment Policy specifies that no more than 40% of the portfolio may be invested in any one sector except for U.S. Treasuries and Agencies. It further states that individual holdings of obligors other than

**SAN JUAN COUNTY, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014**

NOTE 3. POOLED CASH AND INVESTMENTS (CONTINUED)

those backed by the U.S. Government, its agencies, or its instrumentalities are limited to 5% of the total market value of the portfolio. GAAP requires disclosure when any one issuer is 5% or more of the investment portfolio. The investment in the Federal Home Loan Bank (FHLB) is 34.15% and the investment in the Government National Mortgage Association (GNMA) is 14.90% of the investment portfolio. The additional concentration in the FHLB and the FNMA is not considered an additional risk based on the fact that the FHLB and FNMA investments purchased have the highest credit rating.

San Juan County entered into a contract with RBC Public Fund Services, a division of RBC Global Asset Management to act as investment advisor for San Juan County. In April 2013, the US Bank Money Market Fund was opened by the San Juan County Treasurer. This account is being used by San Juan County for investment funds and is being managed by RBC Global Asset Management. RBC Global Asset Management will act as the County's agent in the management of all assets from time to time held in the County's US Bank Account. They have the authority to buy, sell, exchange, convert, and otherwise trade in any securities and place orders for the execution of such securities transactions with or through such brokers, dealers or issuers as RBC Global Asset Management may select.

NOTE 4. PROPERTY TAXES

Property taxes are levied and collected by the County. The County recognizes property taxes as revenue on the modified accrual basis. Oil and gas taxes are recognized as revenue when received by the County.

The County bills property taxes on November 1st of each year on the assessed valuation of property located in the County as of the preceding January 1st. Taxes are due and payable in two equal installments on November 10th and April 10th following the levy and become delinquent and subject to lien after December 10th and May 10th.

Based on history, management has determined that an allowance for property taxes is not necessary. The following is the schedule of property taxes receivable in the agency fund:

Due to Other Agencies	<u>\$ 2,442,818</u>

Total capital assets, depreciated net	<u>\$ 40,644</u>	<u>(8,644)</u>	<u>-</u>	<u>32,000</u>

Depreciation expense was charged to functions/programs of the San Juan Water Commission as follows:

Environmental \$ 8,644

NOTE 7. LONG-TERM OBLIGATIONS

In June 2013, San Juan County entered into a Master Equipment Lease/Purchase Agreement (Agreement No. 325499) with NetApp, Inc. dba NetApp Capital Solutions for Information Technology (IT) equipment. The total principal balance of the lease is \$208,314.

The following is a schedule of the future minimum lease payments under this master equipment lease/purchase agreement, and the present value of the net minimum lease payments at June 30, 2014:

<u>Fiscal Year</u>	<u>IT Equipment</u>
2015	70,413
2016	<u>78,219</u>
Total	148,632
Amount representing interest	<u>10,731</u>
Present value of minimum lease payments	<u>\$137,901</u>

**SAN JUAN COUNTY, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014**

NOTE 7. LONG-TERM OBLIGATIONS (CONTINUED)

Outstanding Debt Obligations. The County has outstanding bonds and loans where the County pledges gross receipts tax or gasoline/motor vehicle tax revenue to pay debt service.

Revenue bonds and loans outstanding as of June 30, 2014 are as follows:

	<u>Interest Rate</u>	<u>Amount</u>	<u>Purpose of Pledge</u>
General Government			
<u>GRT Revenue Bonds - 1st & 3rd 1/8% Combined Pledge</u>			<u>Adult/Juvenile Facilities, Administration/ Sheriff Buildings, DA 's Office</u>
GRT Revenue Bond Series 2008	3.5 - 4.375%	15,075,000	
GRT Revenue Bond Series 2005	4.00 - 5.00%	19,210,000	
<u>Loans - 1st & 3rd 1/8% GRT Combined Pledge</u>			<u>Refund 2002 & 2004 Gasoline Tax/Motor Vehicle Revenue Bonds</u>
NMFA Loan 2012	.58 - 2.83%	7,800,000	
Total		<u>\$ 42,085,000</u>	

Gross Receipts Tax. The gross receipts tax is a tax on persons engaged in business in New Mexico for both tangibles and services. The county portion is determined by the County Commission. The county rate can go as high as 3.0833%. The county's current rate as of June 30, 2014 is 1.2500%.

Gasoline Tax and Motor Vehicle Tax. A tax on gasoline received in New Mexico is imposed at a rate of seventeen cents per gallon, imposed on registered distributors of gasoline in New Mexico and at the time the gasoline is received by a registered distributor. A tax on special fuels sold in New Mexico for use in any motor vehicle is imposed as a toll for the use of highways at a rate of eighteen cents per gallon, imposed at the time of sale to the user by the dealer of special fuels.

There are a number of limitations and restrictions contained in the bond agreements. As of June 30, 2014, the County was in compliance with all significant limitations and restrictions.

Revenue bond and loan debt service requirements to maturity for all revenue bonds and loans for June 30 are as follows:

	<u>Principal</u>	<u>Interest</u>	<u>Reserve</u>	<u>Total</u>
2015	2,785,000	1,646,308	272,708	4,704,016
2016	3,160,000	1,544,635	-	4,704,635
2017	3,180,000	1,435,992	-	4,615,992
2018	3,275,000	1,326,367	-	4,601,367
2019	3,375,000	1,224,191	-	4,599,191
2020-2024	17,720,000	4,165,129	-	21,885,129
2025-2027	8,590,000	712,482	-	9,302,482
Total	<u>\$42,085,000</u>	<u>12,055,104</u>	<u>272,708</u>	<u>54,412,812</u>

**SAN JUAN COUNTY, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014**

NOTE 7. LONG-TERM OBLIGATIONS (CONTINUED)

Defeased Debt. The County has the following amounts of outstanding defeased debt in escrow accounts:

<u>Bond</u>	06/30/13 Principal <u>Outstanding</u>	<u>Additions</u>	<u>Deletions</u>	06/30/14 Principal <u>Outstanding</u>
Gasoline Tax Series 2004	\$4,505,000	-	4,505,000	-
Total	<u>\$4,505,000</u>	-	<u>4,505,000</u>	-

New Mexico Finance Authority Loan. On May 14, 2012, the County entered into a loan agreement with the New Mexico Finance Authority at a par amount of \$8,925,000 and an average interest rate of 1.84%. The net loan proceeds, after paying issuance costs of \$158,958, were used for an advance refunding of the Series 2004 Gasoline Tax / Motor Vehicle Revenue Bonds and a current refunding of the Series 2002 Gasoline Tax / Motor

Vehicle Revenue Bonds. The debt service reserve requirement is \$892,500 and will be funded monthly over three years. In regards to the advance refunding, \$4,729,772 of loan proceeds and \$538,914 of County funds were used to purchase U.S. government securities and those securities were deposited in an irrevocable trust with an escrow agent to provide debt service payments until the Series 2004 Gasoline Tax / Motor Vehicle Revenue Bonds are called on April 15, 2014. The advance refunding met the requirements of an in-substance debt defeasance and the bonds were removed from the County's government-wide financial statements. In regards to the current refunding, \$4,027,800 of loan proceeds along with \$1,298,687 of County funds were used to payoff the Series 2002 Gasoline Tax / Motor Vehicle Revenue Bonds on May 15, 2012. As a result of the refunding transaction, the County reduced its total debt service requirements by \$1,342,097, which resulted in an economic gain (difference between the present value of the debt service payments on the old and new debt) of \$1,048,080.

Animas-La Plata Project Agreement. The San Juan Water Commission (the SJWC) entered into an agreement with the La Plata Conservancy District (the District) in December, 2008 concerning the construction and operating costs of the Animas-La Plata Project (the Project). The Project allocated water to certain entities and established payment obligations to the Federal Government for each entity to which Project water is allocated. Project construction costs for the District's portion were estimated at approximately \$4.9 million. Due to the fact that the La Plata Conservancy District has a limited resource/revenue base, the San Juan Water Commission agreed to advance the District's capital and operation, maintenance, and replacement (OM&R) costs for payment to the Federal Government in order to secure the Project water until contracts have been executed for water allocation through third party water supply contracts. When all Project waters have been contracted for use and the District receives revenue from the associated contracts, the District will then repay the SJWC all costs advanced

**SAN JUAN COUNTY, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014**

NOTE 7. LONG-TERM OBLIGATIONS (CONTINUED)

including interest at 2% per year. The District has filed an application with the New Mexico Water Trust Board to help pay the required obligation to the Federal Government for Project construction costs. The New Mexico Water Trust Board requires a 10-20% “hard” local-match contribution. This match is covered by the advance from the San Juan Water Commission.

An additional agreement was entered into between San Juan County (the County) and the San Juan Water Commission (the SJWC) in February, 2010. The County agrees to process payments at the request of the SJWC to the United States Bureau of Reclamation for the La Plata Conservancy District’s capital costs for the Project from the Water Reserve Fund. The County also agrees to pay OM&R charges for the Project. When revenues are received from the District’s lease or sale of the Project water, the revenue will first be paid to SJWC for OM&R charges, then 10% of the gross revenues will be paid to SJWC for overhead expenses and administration costs, and finally, any remaining revenue shall be split 50-50 between the SJWC and the District until the District has repaid all Project capital costs. The payments received from the District shall be credited to the County’s Water Reserve Fund. In FY10, a transfer was made from the Water Reserve Fund to the San Juan Water Commission Fund for \$2.6 million, and in FY11, a transfer was made for \$2.0 million. The SJWC remitted the transferred funds to the Bureau of Reclamation on behalf of the La Plata Conservancy District for the Animas-La Plata Project.

The loan for the Animas-La Plata Project is collectible through an estimated 50 year period. Based on the terms of the agreements discussed in the preceding paragraphs, the loan is required to be paid back only upon receipt of collections from the lease or sale of Project water. Due to the extended collection period and the uncertain pledged revenue source, the loan was accounted for as an expenditure in both the Water Reserve Fund and the San Juan Water Commission Fund. No Due To / Due From is recorded for the transaction and is not required for the loan transfer based on the agreement terms and the uncertainty of collection.

Changes in Long-Term Liabilities: During the year ended June 30, 2014, the following changes occurred in liabilities as follows:

**SAN JUAN COUNTY, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014**

NOTE 7. LONG-TERM OBLIGATIONS (CONTINUED)

Primary Government:

	Balance <u>June 30, 2013</u>	<u>Additions</u>	Adjustments/ <u>Deletions</u>	Balance <u>June 30, 2014</u>	Due Within <u>One Year</u>
Revenue bonds & Loans payable	\$ 44,800,000	-	(2,715,000)	42,085,000	2,785,000
Deferred bond premium	872,125	-	(67,086)	805,039	-
Deferred amount on refunding	(572,210)	-	76,048	(496,162)	-
Compensated absences	4,347,661	2,711,057	(2,435,477)	4,623,241	2,435,477
Capital leases	-	208,314	(70,413)	137,901	70,413
Claims and judgments	157,100	130,956	(141,456)	146,600	146,600
Total	\$ 49,604,676	3,050,327	(5,353,384)	47,301,619	5,437,490

Revenue bonds and loans payable are paid out of the Debt Service Fund. All other liabilities are paid primarily out of the General Fund. In the past, the General Fund was generally used to liquidate compensated absences, capital leases, and claims and judgments. The entire amount of claims and judgments is shown as due within one year as it is anticipated that the claims will settle in the following fiscal year.

Total Transfers	<u>\$24,835,377</u>

**SAN JUAN COUNTY, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014**

NOTE 8. INTERFUND ACTIVITY (CONTINUED)

The above due and due from balances and transfers were made as a result of the County utilizing pooled cash and related expenses being made in one fund and paid from another. In addition, some revenues, such as gross receipts taxes, are recognized in one fund and transferred to other funds to pay for expenditures. For example, the Communications/EMS gross receipts tax revenue is reported within the Communications/EMS Fund. Revenue is then transferred to the two separate Special Revenue Funds, the Communications Authority Fund and the Ambulance Fund, as needed to fund operations.

Resource flows between the primary government and the component units for the year ended June 30, 2014 consisted of the following:

Communications Authority expenditures -	
General Fund revenues	\$ 328,203
San Juan Water Commission expenditures -	
General Fund revenues	164,687
GRT-Communications/EMS Fund expenditures -	
Communications Authority revenues	2,002,907
Water Reserve Fund expenditures -	
San Juan Water Commission revenues	1,472,713

NOTE 9. RISK MANAGEMENT

The County is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; and natural disasters for which the County carries commercial insurance. The County has established a limited risk management program for workers' compensation and health insurance. Premiums for health insurance are paid into the General Fund by all other funds and are available to pay claims, claim reserves and administrative costs of the health insurance program. Workers' compensation risk management program is included in the General Fund.

As of July 1, 2008, San Juan County began participating in the New Mexico Association of Counties (NMAC) Workers' Compensation Fund. The County is no longer self-insured for workers' compensation. Premiums are paid to the NMAC Workers' Compensation Fund and insurance coverage is provided through NMAC. The premium for July 1, 2013 through June 30, 2014 was \$851,642.

**SAN JUAN COUNTY, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014**

NOTE 9. RISK MANAGEMENT (CONTINUED)

Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. An excess coverage insurance policy covers individual claims in excess of a “stop-loss” amount. Liabilities include an amount for claims that have been incurred but not reported (IBNR’s). Claim liabilities are calculated considering the effects of inflation, recent claim settlement trends including frequency and amount of payouts and other economic and social factors. Changes in the balances of claims liabilities during the past three years at June 30 are as follows:

	<u>2012</u>	<u>2013</u>	<u>2014</u>
Unpaid claims, beginning	\$ 569,076	655,739	718,027
Incurred claims and changes in estimates	7,883,479	6,836,729	6,478,146
Claims payments	<u>(7,796,816)</u>	<u>(6,774,441)</u>	(6,341,754)
Unpaid claims, ending	<u>\$ 655,739</u>	<u>718,027</u>	854,419

NOTE 10. COMMITMENTS AND CONTINGENCIES

Encumbrances: San Juan County’s significant encumbrances, those greater than \$200,000, for fiscal year ended June 30, 2014 are listed as follows:

<u>Purpose</u>	<u>Major Funds</u>		<u>Nonmajor</u>	<u>Total</u>
	<u>General</u>	<u>Corrections</u>	<u>Funds</u>	
Chip/seal projects-various county roads	\$ 357,716	\$ -	\$ -	\$ 357,716
Ambulance service contract	-	-	671,670	671,670
Health Plan - Medical/Prescriptions	339,171	-	-	339,171
Food Management Services	-	231,836	-	231,836
Inmate Health Care	-	237,853	-	237,853
Side Mount Saber Pumper - Fire	-	-	385,375	385,375
Hospital Construction Project	-	-	217,858	217,858
Bridge Construction #8105	-	-	2,319,470	2,319,470
Total significant encumbrances	<u>\$ 696,887</u>	<u>\$ 469,689</u>	<u>\$ 3,594,373</u>	<u>\$ 4,760,949</u>

There were no significant encumbrances for San Juan County Communications Authority or San Juan Water Commission as of June 30, 2014.

Contingencies: The San Juan Water Commission entered into an agreement with the United States Department of Interior, the State of Colorado, the State of New Mexico and certain political subdivisions for the cost-sharing and financing of the Animas-La Plata Water project. The project included the construction of reservoirs, pumping and distribution lines and storage facilities to protect and utilize the future municipal and industrial water resources of the cities, county and other public agencies. The San Juan Water Commission executed a joint powers agreement with the County, local municipalities, and ten domestic water users associations agreeing to pay \$12.8 million during construction of the Animas-La Plata Water Project. A non-binding referendum to

**SAN JUAN COUNTY, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014**

NOTE 10. COMMITMENTS AND CONTINGENCIES (CONTINUED)

incur this debt was submitted to and approved by County voters in early 1990. The San Juan Water Commission's portion of the project costs (\$7,492,948 as of 6/30/14) has been paid for through a property tax mil levy. On April 1, 2013, the Animas-La Plata Water Project was officially transferred from the construction phase to operations with the Animas-La Plata Operation, Maintenance and Replacement Association. However, the Bureau of Reclamation is working on the final reconciliation of all construction costs and billings for the participants. Based upon the final reconciliation, there is the possibility for additional construction costs to close out the construction project.

Lee Acres Landfill: The Environmental Protection Agency (EPA) of the federal government had previously notified the County that the EPA named the County a "Potentially Responsible Party." The EPA, the Bureau of Land Management and the New Mexico Environment Department (NMED) could have sought to recover an estimated \$8.1 million in costs to clean up a hazardous materials spill at the Lee Acres landfill. However, in September, 2004 a proposed plan based on a Remedial Investigation and Feasibility Study was approved by the EPA and the NMED. The remediation project consisted of 1. Construction completion and capping of landfill soils to prevent leachate using a capillary barrier conceptual design provided by the Department of Energy's Sandia National Laboratory. 2. Continued monitoring of groundwater monitoring wells. 3. Realignment of County Road 5569 and placement of a fence barrier isolating the road from the Lee Acres Landfill and the capped areas. The County has completed the remediation project and in September, 2005 received an Interim Remedial Action Report for the Lee Acres Landfill prepared by the Department of the Interior, Bureau of Land Management Farmington office. The cost of monitoring is not included in these financial statements. The interim report states that "This project has demonstrated a very successful deployment of a Superfund Closure."

The first five-year review of the Lee Acres Landfill Superfund Site was completed in June of 2009. This site is on the National Priorities List (NPL – EPA ID# NMD980750020). The remedy actions selected in the June 2004, Record of Decision (ROD) included the construction of a landfill cover, water run-on and run-off controls, institutional controls, and monitored natural attenuation of ground water. The remedy actions resulted in landfill contaminants remaining onsite above levels that would allow for unlimited use and unrestricted exposure. The ROD required a statutory review no less often than each five years after the initiation of the remedial action as defined in the Work Plan to ensure that the remedy is, or will be, protective of human health and the environment. The results of this first five-year review indicate that the remedy actions completed at the site are protective of human health and the environment. The initial construction of the landfill cap and follow-up actions performed appear to be functioning as designed. The site has been maintained sufficiently to protect the landfill cover that has been constructed over the remaining waste. No deficiencies were noted that currently impact the protectiveness of the remedial actions. Monitoring will continue until the Department of the Interior issues a final report.

**SAN JUAN COUNTY, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014**

NOTE 10. COMMITMENTS AND CONTINGENCIES (CONTINUED)

Litigation: The County is a defendant in various lawsuits. Although the outcome of the extent of loss of these lawsuits is not presently determinable, in the opinion of the County's legal counsel, any loss as a result of the resolution of these matters is covered by insurance and will not have a material adverse effect on the financial condition of the County.

Grant Compliance: The County receives financial assistance from federal and state sources in the form of grants and entitlements. The disbursements of the funds received are generally limited to specific compliance requirements as specified in the grant agreement. During the period under audit, the County also had their grants audited under the audit requirements of the Office of Management and Budget Circular A-133. The federal agencies reserve the right to review the scope of the audit and conduct a follow-up review if deemed necessary. Any disallowed claims resulting from such audits could become a liability of the General Fund or any other applicable County fund. The County, however, believes that liabilities resulting from disallowed claims, if any, will not have a material effect on the County's financial position.

NOTE 11. PENSION PLAN – Public Employees Retirement Association

Plan Description: Substantially all of the County's full-time employees participate in a public employee retirement system authorized under the Public Employees Retirement Act (Chapter 10, Article 11, NMSA 1978). The Public Employees Retirement Association (PERA) is the administrator of the plan, which is a cost-sharing multiple-employer defined benefit retirement plan. The plan provides for retirement benefits, disability benefits, survivor benefits and cost-of-living adjustments to plan members and beneficiaries. PERA issues a separate, publicly available financial report that includes financial statements and required supplementary information for the plan. That report may be obtained by writing to PERA, P.O. Box 2123, Santa Fe, NM 87504-2123. The report is also available on PERA's website at www.pera.state.nm.us.

Funding Policy: Plan members are required to contribute 9.15%, 10.65%, 16.2%, 17.70%, 16.3%, or 17.80% (ranges from 6.28% to 18.15% depending upon the plan – i.e., state general, state hazardous duty, state police and adult correctional officers, municipal general, municipal police, municipal fire, municipal detention officer) of their gross salary. The County is required to contribute 9.15%, 21.25%, or 18.50% (ranges from 7.0% to 25.72% depending upon the plan) of the gross covered salary. The contribution requirements of plan members and the County are established in State Statute under Chapter 10, Article 11, NMSA 1978. The requirements may be amended by acts of the legislature. The County, Communications Authority and San Juan Water Commission's contributions to PERA for the fiscal years ending June 30, 2014, 2013, and 2012, which equal the amount of the required contributions for each fiscal year, were as follows:

2013	6,390,723	341,439	48,179	100
2014	6,627,983	360,364	53,481	100

NOTE 12. POST-EMPLOYMENT BENEFITS – State Retiree Health Care Plan

Plan Description: San Juan County contributes to the New Mexico Retiree Health Care Fund, a cost-sharing multiple-employer defined benefit postemployment healthcare plan administered by the New Mexico Retiree Health Care Authority (RHCA). The RHCA provides health care insurance and prescription drug benefits to retired employees of participating New Mexico government agencies, their spouses, dependents, and surviving spouses and dependents. The RHCA Board was established by the Retiree Health Care Act (Chapter 10, Article 7C, NMSA 1978). The Board is responsible for establishing and amending benefit provisions of the healthcare plan and is also authorized to designate optional and/or voluntary benefits like dental, vision, supplemental life insurance, and long-term care policies.

Eligible retirees are (1) retirees who make contributions to the fund for at least five years prior to retirement and whose eligible employer during that period of time made contributions as a participant in the RHCA plan on the person’s behalf, unless that person retires before the employer’s RHCA effective date, in which event the time period required for employee and employer contributions shall become the period of time between the employer’s effective date and the date of retirement; (2) retirees defined by the Act who retired prior to July 1, 1990; (3) former legislators who served at least two years; and (4) former governing authority members who served at least four years.

The RHCA issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for the postemployment healthcare plan. That report and further information may be obtained by writing to the Retiree Health Care Authority at 4308 Carlisle Blvd NE, Suite 104, Albuquerque, New Mexico 87107.

Funding Policy: The Retiree Health Care Act (Section 10-7C-13 NMSA 1978) authorizes the RHCA Board to establish the monthly premium contributions that retirees are required to pay for healthcare benefits. Each participating retiree pays a monthly premium according to a service based subsidy rate schedule for the medical plus basic life plan plus an additional participation fee of five dollars if the eligible participant retired prior to the employer’s RHCA effective date or is a former legislator or former governing authority member. Former legislators and governing authority members are required to pay 100% of the insurance premium to cover their claims and the

**SAN JUAN COUNTY, NEW MEXICO
 NOTES TO FINANCIAL STATEMENTS
 JUNE 30, 2014**

**NOTE 12. POST-EMPLOYMENT BENEFITS – State Retiree Health Care Plan
 (CONTINUED)**

administrative expenses of the plan. The monthly premium rate schedule can be obtained from the RHCA or viewed on their website at www.nmrhca.state.nm.us.

The employer, employee and retiree contributions are required to be remitted to the RHCA on a monthly basis. The statutory requirements for the employer and employee contributions can be changed by the New Mexico State Legislature. Employers that choose to become participating employers after January 1, 1998, are required to make contributions to the RHCA fund in the amount determined to be appropriate by the board.

The Retiree Health Care Act (Section 10-7C-15 NMSA 1978) is the statutory authority that establishes the required contributions of participating employers and their employees. For employees that were members of an enhanced retirement plan (state police and adult correctional officer member coverage plan 1; municipal police member coverage plans 3, 4, or 5; municipal fire member coverage plan 3, 4, or 5; municipal detention officer member coverage plan 1; and members pursuant to the Judicial Retirement Act) during the fiscal year ended June 30, 2014, the statute required each participating employer to contribute 2.5% of each participating employee’s annual salary; and each participating employee was required to contribute 1.25% of their salary. For employees that were not members of an enhanced retirement plan during the fiscal year ended June 30, 2014, the statute required each participating employer to contribute 2.0% of each participating employee’s annual salary; each participating employee was required to contribute 1.0% of their salary. In addition, pursuant to Section 10-7C-15(G) NMSA 1978, at the first session of the Legislature following July 1, 2013, the legislature shall review and adjust the distributions pursuant to Section 7-1-6.1 NMSA 1978 and the employer and employee contributions to the authority in order to ensure the actuarial soundness of the benefits provided under the Retiree Health Care Act.

The County, Communications Authority and San Juan Water Commission’s contributions to the RHCA for the years ended June 30, 2014, 2013 and 2012, which equal the required contributions for each year, were as follows:

	San Juan County Annual <u>Contributions</u>	Communications Authority Annual <u>Contributions</u>	San Juan Water Commission Annual <u>Contributions</u>	Percentage <u>Contributions</u>
2012	\$ 830,332	51,053	7,055	100%
2013	924,323	55,973	7,898	100
2014	899,497	54,757	8,126	100

NOTE 13. DEFICIT FUND BALANCES/EQUITY

As of June 30, 2014, the County had no deficit fund balances due to receivables.

**SAN JUAN COUNTY, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014**

NOTE 14. FINANCIAL DATA SCHEDULE RECONCILIATION

The Section 8 Housing-Voucher Special Revenue Fund was presented in accordance with GASB 34 on the Financial Data Schedule. The equity balance was adjusted to remove the effects of the capital asset additions that are not reflected in the governmental fund presentation.

Net Assets - Housing Choice Voucher CFDA 14.871	\$ 81,823
Reduction of capital assets	(38,749)
Accumulated depreciation	38,749
Compensated absences	13,670
	<u>\$ 95,493</u>

Capital assets are included as part of capital assets on the entity wide statements.

Revenue adjustments are as follows:

Revenues – financial data schedule	\$ 1,045,272
Adjustments	<u>-</u>
Revenues - Housing Authority Fund	<u>\$ 1,045,272</u>

Expense adjustments are as follows:

Expenses - financial data schedule	\$ 1,115,713
Compensated absences	(5,027)
Depreciation expense	<u>(0)</u>
Expenses - Housing Authority Fund	<u>\$ 1,110,686</u>

NOTE 15. RACETRACK LEASE

The County currently has a lease agreement with SunRay Gaming of New Mexico, LLC to operate race track facilities owned by the County. SunRay conducts live horse racing and horse race simulcasting. The original lease was for a 10-year period and was set to expire on September 30, 2007. On September 6, 2006, the County Commission approved extending the lease an additional 10 years to expire on September 30, 2017. The County Commission approved an option to extend the lease an additional 10 years commencing in 2017 provided that SunRay spends \$3.3 million on extensive capital improvements to the facility. The County receives a minimum of \$2 million in rental fees annually or 15% of the net gaming revenue, whichever is greater. The net gaming revenue is the amount the licensee is allowed to retain from wagering under the New Mexico Horse Racing Act and the New Mexico Gaming Control Act. During the fiscal year ending June 30, 2014 the County received a total of \$2,000,000 from SunRay under this agreement.

NOTE 16. RECENT ACCOUNTING PRONOUNCEMENTS

In March 2012, the Governmental Accounting Standards Board (GASB) issued Statement No. 65, *Items Previously Reported as Assets and Liabilities*. This statement, which is effective for financial statements for periods beginning after December 15,

SAN JUAN COUNTY, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

NOTE 16. RECENT ACCOUNTING PRONOUNCEMENTS (CONTINUED)

2012, establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities. The requirements of this Statement will improve financial reporting by clarifying the appropriate use of the financial statement elements deferred outflows of resources and deferred inflows of resources to ensure consistency in financial reporting. The County adopted GASB Statement No. 65 during fiscal year 2014. The County currently has no deferred outflows. Deferred inflows are reported regarding property taxes and unavailable HUD revenue. During fiscal year 2014, the County included \$752,226 of previously unamortized bond issuance costs in interest expense. The amount is not significant to users of the financial statements and is included in current year expenses.

In March 2012, the GASB issued Statement No. 66, *Technical Corrections – 2012 - an amendment of GASB Statements No. 10 and No. 62*. This statement, which is effective for financial statements for periods beginning after December 15, 2012, amends Statement No. 10, Accounting and Financial Reporting for Risk Financing and Related Insurance Issues, by removing the provision that limits fund-based reporting of an entity's risk financing activities to the general fund and the internal service fund type. This Statement also amends Statement 62 by modifying the specific guidance on accounting for (1) operating lease payments that vary from a straight-line basis, (2) the difference between the initial investment (purchase price) and the principal amount of a purchased loan or group of loans, and (3) servicing fees related to mortgage loans that are sold when the stated service fee rate differs significantly from a current (normal) servicing fee rate. The requirements of this Statement resolve conflicting accounting and financial reporting guidance that could diminish the consistency of financial reporting and thereby enhance the usefulness of the financial reports. The adoption of GASB Statement No. 66 had no effect on the County's financial statements.

In June 2012, the GASB issued Statement No. 67, *Financial Reporting for Pension Plans—an amendment of GASB Statement No. 25*. This statement, which is effective for financial statements for periods beginning after June 15, 2013, replaces the requirements of Statements No. 25, Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans, and No. 50, Pension Disclosures, as they relate to pension plans that are administered through trusts or equivalent arrangements (hereafter jointly referred to as trusts) that meet certain criteria. The requirements of this Statement will improve financial reporting primarily through enhanced note disclosures and schedules of required supplementary information that will be presented by the pension plans that are within its scope. The County is a participant in the State of New Mexico's Public Employee Retirement Association (PERA). PERA as the plan's administrator, implemented this new pronouncement during fiscal year 2014.

In April 2013, the GASB issued Statement No. 70, *Accounting and Financial Reporting for Nonexchange Financial Guarantees*. This statement, which is effective for financial statements for periods beginning after June 15, 2013, requires a government that extends

**SAN JUAN COUNTY, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014**

NOTE 16. RECENT ACCOUNTING PRONOUNCEMENTS (CONTINUED)

a nonexchange financial guarantee to recognize a liability when qualitative factors and historical data, if any, indicate that it is more likely than not that the government will be required to make a payment on the guarantee. This Statement requires a government that has issued an obligation guaranteed in a nonexchange transaction to recognize revenue to the extent of the reduction in its guaranteed liabilities. The requirements of this Statement will enhance comparability of financial statements among governments by requiring consistent reporting by those governments that extend nonexchange financial guarantees and by those governments that receive nonexchange financial guarantees. The adoption of this pronouncement had no effect on the County's financial statements.

NOTE 17. NEW ACCOUNTING PRONOUNCEMENTS

The following GASB pronouncements have been issued, but are not yet effective at June 30, 2014.

- GASB Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27*. Upon adoption of this statement for the year ended June 30, 2015, the Statement of Net Position will include a material liability for pension participation in fiscal year 2015.
- GASB Statement No. 69, *Government Combinations and Disposals of Government Operations*
- GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68*

The County will implement the new GASB pronouncements in the fiscal year no later than the required effective date. The County believes that the above listed new GASB pronouncements will not have a significant financial impact to the County or in issuing its financial statements.

**SAN JUAN COUNTY, NEW MEXICO
GENERAL SUB FUNDS
JUNE 30, 2014**

GENERAL FUND

The General Fund is used to account for and report all financial resources not accounted for and reported in another fund.

The County has established the following sub funds to assist in the accounting and management of the County's financial records. The County's General Fund includes all of the following sub funds:

General Sub Fund 101
Appraisal Fund 203
Road Fund 204
County Indigent Fund 220
Risk Management Fund 291
Major Medical 600

General Sub Fund. To account for the County's primary operations and financial resources of the general government not accounted for and reported in another fund.

Appraisal Fund. This account consists of revenue based on a 1% administrative fee received by the County Treasurer prior to revenue distribution. Expenditures are pursuant to property valuations by the County Assessor. This fund was created in accordance with state statute section 7-38-38.1 NMSA compilation.

Road Fund. To account for the maintenance and operations of all roads in San Juan County. Services also include traffic control, community resources, vector control, and maintenance shop.

County Indigent Fund. To provide for the provision of health care to indigent patients domiciled in San Juan County. This fund was established in accordance with, and under the authority of the Indigent Hospital and County Health Care Act, Chapter 27, Article 5 NMSA 1978.

Risk Management Fund. To evaluate and secure appropriate liability and property insurance coverage for all County operations. This fund also administers the Workers' Compensation Program.

Major Medical Fund. To account for the costs of providing medical and dental insurance coverage for the employees of San Juan County through an adopted and approved IRS 125 benefit plan.

GROSS RECEIPTS TAX COMMUNICATIONS/EMS COMBINING FUND

Under GASB Statement 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, the Gross Receipts Tax-Communications/Emergency Medical Services Fund is now combined with the Ambulance Fund.

The County has established the following sub funds to assist in the accounting and management of the County's financial records. The County's Gross Receipts Tax-Communications/EMS fund includes the following sub funds:

- Ambulance Fund 205
- Gross Receipts Tax-Communications/EMS 226

Gross Receipts Tax-Communications/Emergency Medical Services. To account for the three-sixteenths of one percent Emergency Communications and Emergency Medical Services gross receipts tax collected county wide. The fund was created by authority of state statute (see Section 7-20E-11, NMSA 1978 Compilation).

The *Ambulance Fund* is used to account for funds spent on ambulance and paramedic services in the County operated by San Juan Regional Medical Center. Funding is provided by a portion of the three-sixteenths of one percent Emergency Communications/ Emergency Medical Services gross receipts tax in accordance with state statute (Section 7-20E-11 NMSA 1978 Compilation).

SPECIAL REVENUE FUNDS

Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The creation of special revenue funds is authorized by the County Commission.

Solid Waste Fund. To account for the operation and maintenance of solid waste compactor stations in the County. Funding is provided by one-eighth of one percent gross receipts tax in unincorporated areas of the County. The fund was created by authority of state statute (see Section 7-20B-3, NMSA 1978 Compilation).

Emergency Medical Services Fund. To account for funds spent on ambulance and paramedic services in the County through the various volunteer fire districts. Funding is provided by a state grant. This fund was created by authority of state statute (see Section 24-10A-6, NMSA 1978 Compilation).

Farm and Range Fund. To account for the activities of predator and environmental controls for the area ranches. Funding is provided by a State Grazing Grant. The fund was created by authority of state statute (see Section 6-11-6, NMSA 1978 Compilation).

Hospital Gross Receipts Tax. To account for funds collected from the one-eighth of one percent Local Hospital Gross Receipts Tax in accordance with state statute (Section 7-20C-3 NMSA 1978 Compilation) and County Ordinance Number 57. The funds are currently being used to make the debt service payments on the bonds issued for the hospital construction project.

Law Enforcement Protection Fund. To account for funds expended for capital outlays, travel and training of the Sheriff's department. Funding is provided from a state grant. The fund was created by authority of state statute (see Section 29-13-4, NMSA Compilation).

Criminal Justice Training Authority Fund. To account for the operation of the Criminal Justice Training Authority which provides defensive driving courses and other certified instructor trainings on behalf of San Juan County. Funding is established through a Joint Powers Agreement between San Juan County, City of Farmington, City of Bloomfield, City of Aztec, and the State of New Mexico Department of Public Safety. San Juan County became the fiscal agent on January 1, 2011.

**SAN JUAN COUNTY, NEW MEXICO
NONMAJOR GOVERNMENTAL FUNDS
JUNE 30, 2014**

SPECIAL REVENUE FUNDS (CONTINUED)

Riverview Golf Course Fund. To account for the operations of the Riverview Golf Course acquired from Central Consolidated School District No. 22 in March, 2010. Funding is provided by golf course fees along with a transfer from the General Fund.

Recreation Fund. To account for the operation of youth-centered recreation projects such as amateur baseball. Funding is provided by the County's share of the State Cigarette Tax. The fund was created by authority of state statute (see Section 7-12-15, NMSA Compilation).

Intergovernmental Grants Fund. To account for the operations of various state and federal grants. Funding is provided by state and Federal grants and local governments. Authority for creation of the fund was by County Resolution.

Health Care Fund. To account for the one-eighth of one percent gross receipts tax for support of indigent patients. Funding is provided by gross receipt taxes county-wide. The fund was created by authority of state statute (see Section 7-20E-9, NMSA 1978 Compilation).

Fire Excise Tax Fund. To account for funds expended for operations (excluding wages/benefits) and capital outlay for volunteer fire districts and ambulance services. Funding is provided by a one-fourth of one percent gross receipts tax collected from unincorporated areas within the County. The fund was created by authority of state statute (see Section 7-20E-15 & 16, NMSA 1978 Compilation).

DWI Facilities. To account for the operation of the Alternative Sentencing Department, which includes the DWI Treatment Facility, DWI Detention Facility, the Compliance Program, and the Methamphetamine Pilot Project. Funding is provided by client fees, State grants, State distribution, and participation by the City of Farmington. Authority for creation of the fund is by county Resolution.

County Clerk's Recording Fees Fund. Authorized by the State legislature to allow County Clerk's offices to charge a fee for filing and recording documents to be used specifically for new equipment and employee training using this equipment. The fund was created by authority of state statute (see Section 14-8-12.2, NMSA 1978 Compilation).

JUNE 30, 2014**

SPECIAL REVENUE FUNDS (CONTINUED)

Fire Districts Fund. To account for operations and maintenance of the volunteer fire districts in the County. Funding is provided by allotments from the State Fire Marshal's office. The following individual fire districts comprise the Fire District Fund: Valley Fire, Cedar Hill, Flora Vista, La Plata, Blanco, Lee Acres, Center Point, Hart Valley, Sullivan Road, Navajo Dam, Shiprock, Dzilh-Na-O-Dith-Hle, Newcomb, and Ojo. The fund was created by authority of state statute (see Section 59A-53, NMSA 1978 Compilation).

Housing Authority Fund. To account for funds expended for low-income housing assistance. Funding is provided from the United States Department of Housing and Urban Development. The fund was created to account for grant activity under the contract with HUD. Authority for creation of the fund is by County Resolution.

Water Reserve Fund. To account for the mill levy implemented by the County in accordance with the San Juan Water Commission joint powers agreement. The County currently has implemented a .5 mill levy for this purpose.

Gross Receipts Tax Reserve Fund. To account for the 25% of the first one-eighth of one percent gross receipts tax as required by state statute. Funding is provided by gross receipts taxes county-wide. The fund was created by authority of state statute (see Section 7-20E-11, NMSA 1978 Compilation).

Juvenile Services. To account for funds expended for the operation of a County juvenile detention facility. Revenues come from a County-wide one-eighth of one percent gross receipts tax. The fund was created by authority of state statute (see Section 7-20E-11, NMSA 1978 Compilation).

CAPITAL PROJECTS FUNDS

Capital projects funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets. Capital projects funds exclude those types of capital-related outflows financed by proprietary funds or for assets that will be held in trust for individuals, private organizations, or other governments.

The Hospital Construction Project to account for the San Juan Regional hospital expansion project using bond proceeds as well as state funding.

Gross Receipts Tax Revenue Bond Series 2008. To account for the capital projects funded by the GRT Revenue Bonds issued in 2008. The projects include the District Court addition project, the new Sheriff's Offices/D.A.'s Offices/Crime Investigative Facility, and the renovation of the old Sheriff's facility. This fund was created by County Resolution.

Capital Replacement Fund. County management established this fund to account for various capital replacement projects.

The Capital Replacement Reserve Fund to account for funds reserved for capital replacements and capital projects. One-time revenues are transferred into this reserve fund for one-time expenditures.

Road Construction Fund. County management established this fund to account for the construction of roads.

DEBT SERVICE FUNDS

Debt service funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest. Debt service funds should be used to report resources if legally mandated. Financial resources that are being accumulated for principal and interest maturing in future years also should be reported in debt service funds.

Debt Service Fund. To account for the dedicated gross receipts taxes, motor vehicle taxes, and gasoline taxes which are pledged revenues for payments of bond principal and interest. To account for required bond reserve funds.

Animas River

**SAN JUAN COUNTY, NEW MEXICO
NONMAJOR GOVERNMENTAL FUNDS
JUNE 30, 2014**

AGENCY FUNDS

Agency funds are used to account for assets held by the County as an agent for organizations and other governments.

Clerk's Refunds. To account for excess collections from the Clerk's Office due to customers.

Conservancy and Irrigation Fund. To account for the collection and payment to the various conservancies, irrigation and water districts of revenue billed and collected by the County on their behalf.

Municipalities Fund. To account for the collection and payments to the municipalities of Aztec, Bloomfield and Farmington of property taxes levied and collected by the County on their behalf.

State Fund. To account for the collection and payment to the State of New Mexico of revenue billed and collected by the County on its behalf.

School Funds. To account for the collection and payment to the various County school districts and the San Juan College of property taxes levied and collected by the County on their behalf, along with their share of the oil and gas production and equipment taxes and any other sources of revenue legally belonging to the school districts and collected by the County.

Suspense Fund. To account for the collection and distribution of current and delinquent property taxes, taxes paid under protest, and in advance as required by bases involving mobile homes, and overpayments and underpayments of taxes.

**SAN JUAN COUNTY, NEW MEXICO
NONMAJOR GOVERNMENTAL FUNDS
JUNE 30, 2014**

DISCRETELY PRESENTED COMPONENT UNITS

Communications Authority Operating. To account for the operation and maintenance of a joint communication facility. Funding is provided by a portion of the three-sixteenths of one percent Emergency Communications/Emergency Medical Services gross receipts tax. Authority for creation of the fund is by joint powers agreement as well as state statute (Section 7-20E-11 NMSA 1978 Compilation).

Communications Authority Capital. To account for the capital purchases of a joint communication facility. Funding is provided by local government entities that are participants of the agreement. Authority for creation of the fund is by joint powers agreement.

San Juan Water Commission. To account for operating and capital expenditures of the San Juan Water Commission established by a joint powers agreement between the participants of San Juan County, City of Farmington, City of Bloomfield, and the City of Aztec. Funding is provided by a transfer from the Water Reserve Fund which is funded by a ½ mil property tax in accordance with the joint powers agreement. Authority for creation of the fund is by joint powers agreement.

**SAN JUAN COUNTY, NEW MEXICO
STATISTICAL SECTION
June 30, 2014**

This part of San Juan County's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the County's overall financial health.

Contents

Financial Trends

These schedules contain trend information to help the reader understand how the County's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the County's most significant local revenue sources, property taxes and gross receipts taxes.

Debt Capacity

These schedules present information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the County's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the County's financial report relates to the services the County provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The County implemented GASB 34 in 2003; schedules presenting government-wide information include information beginning in that year.

Debt service as a percentage of noncapital expenditures (2)	11.3%	11.5%	10.1%	9.5%	10.2%

(1) The capital outlay listed above is adjusted in the government-wide statement of activities for the following variances: donated assets, depreciation expense, gain or loss on disposal of assets, and capital outlay classified as operating expenditures on the fund financial statements.

(2) The debt service as a percentage of noncapital expenditures formula for fiscal years 2006-2011 was updated to reflect only the capitalized capital outlay reported in the Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities. Capitalized capital outlay information prior to FY2006 was not available.

(1) Taxable assessed values are established by the San Juan County Assessor for locally assessed property, and by the State of New Mexico Taxation and Revenue Department, Audit and Compliance Division (oil and gas equipment and production), and Property Tax Division (state assessed property). The last reappraisal for locally assessed property occurred in 2014.

Note: Total taxable assessed value is calculated as 1/3rd of estimated actual value. For additional information, refer to Note 4 - Property Taxes in the Notes to Financial Statements.

**Starting in Tax Year 2011 the Personal Property - Non-Residential Agriculture will be included in the Non-Agriculture total per the Assessor's Office

Notes:

Pledged revenue is reported from actual cash receipts. Details regarding the County's outstanding debt can be found in the notes to the financial statements.

The County began reporting pledged revenue information with the implementation of GASB Statement 34 in fiscal year 2003.

Gross Receipts Tax: The gross receipts tax is a tax on persons engaged in business in New Mexico for both tangibles and services. The county portion is determined by the County Commission. The county rate can go as high as 2.375%.

Gasoline Tax and Motor Vehicle Tax: A tax on gasoline received in New Mexico is imposed at a rate of seventeen cents per gallon, imposed on registered distributors of gasoline in New Mexico and at the time the gasoline is received by a registered distributor. A tax on special fuels sold in New Mexico for use in any motor vehicle is imposed as a toll for the use of highways at a rate of eighteen cents per gallon, imposed at the time of sale to the user by the dealer of special fuels.

(1) Environmental Revenue Bond Series 2000 was paid in full June 15, 2010.

(2) NMFA Loan 2731-PP was used for an advance refunding of the Series 2004 Gasoline Tax/Motor Vehicle Revenue Bond Series and a current refunding of the Series 2002 Gasoline Tax/Motor Vehicle Revenue Bonds, effective May, 2012.

(3) The Hospital Gross Receipts Tax Series 2004 was paid off on April 1, 2013.

Sources: Population, Per Capita Personal Income, and Unemployment Rate provided by the New Mexico Department of Labor. School Enrollment provided by the New Mexico Department of Education. Median age is statewide and is provided by the State of New Mexico.

(1) Computation of per capita personal income multiplied by population.

(2) Information not available.

(3) The State of New Mexico stopped providing median age information after FY2010. We began using the US Census Bureau median age statistics, thus the slight difference in year to year reporting comparisons.

Note: The US Census Bureau restated the Population and Per Capita numbers for the years 2001-2006 as a result of a measurement modification. This change reflects how "internal migration" or migration from county to county is measured.

Source: Information provided by individual San Juan County departments.

Note: The County began reporting operating indicators information starting in fiscal year 2005.

- (1) Years 2005, 2007, 2009 and 2011 were reappraisal years; all properties were reappraised. Years 2006, 2008, 2010 were maintenance years. Reappraisals were previously done every other year. Beginning in 2012, reappraisals will be done on an annual basis.
- (2) The number of calls responded to were recorded on a calendar year for 2006. For year 2006, actual number of calls were 4,899 through Sept. 2006. The remainder of the year was based on the average calls per month. The number of fire calls may vary from year to year depending on climate conditions.
- (3) The number of inmate hours worked is based on a calendar year and does not include community service assignments.
- (4) The Emergency Crisis Shelter opened in January 2005. Full year of data not available.
- (5) The Residential Treatment Center data was collected on a calendar year basis for 2006. The actual number of juveniles served through September 2006 was 36. The remainder of the year was calculated based on the average juveniles assisted per month.
- (6) Prior to 2008, the information collected for the Sheriff's Department was recorded on a calendar year basis.
- (7) Starting in FY07, the GIS Web Portal on the San Juan County Web site allows the public to print their own maps. Request for maps should decrease in subsequent years.
- (8) The 2005 Adult Misdemeanor Compliance numbers were updated from N/A to 708. All the numbers were updated for 2006 as follows: Adult misdemeanor was 564, updated to 570; DWI treatment was 534, updated to 535; and Jail based Meth Treatment was N/A, updated to 12. The 2008 Adult misdemeanor was 902, updated to 890. These adjustments were made due to Compliance.

(9) Data for new addresses issued, voluntary program cleanups, and cleanup yards to landfill was added in FY10.

(10) Riverview Golf Course was acquired by the County March 16, 2010. No data available for FY10.

(11) San Juan County became fiscal agent of the Criminal Justice Training Authority on January 1, 2011.

(12) Data for advanced hours of instruction was added in FY12.

(13) 2011 property transfers were reported as 2875, updated with corrected information from Department.

(14) Old Pepsi warehouse has been converted and now houses fire trucks and equipment that can be used in the event of an emergency. This was added as an additional fire station in FY12.

(15) Data for number of address changes and number of new roads was added in FY13.

(16) Data for work comp premiums was added in FY13, prior FY information also included.

Total Department of Defense		743,000
Total Expenditures of Federal Awards		\$ 3,510,261

NOTE 1. BASIS OF PRESENTATION

This schedule has been prepared on the accrual basis of accounting.

NOTE 2. BASIS OF REPORTING NON-CASH AWARDS

The value recorded for federal surplus donated property equals the assessed value provided by the federal agency.

NOTE 3. SUBRECIPIENTS

Of the federal expenditures presented in the schedule, San Juan County provided federal awards to subrecipients as follows:

<u>CFDA Number</u>	<u>Program Name</u>	<u>Subrecipient</u>	<u>Amount Provided</u>
97.067	Homeland Security Cluster - Pass Through State of NM - FEMA/OEM	City of Farmington Police Dept. City of Farmington Fire Dept.	\$ 28,135 17,920
Total Provided to Subrecipients			\$ 46,055

Of the amounts provided above, San Juan County purchased tangible property that was subsequently transferred to each subrecipient. As a result, there was no exchange of cash and no required subrecipient monitoring by the County.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the County Commission
San Juan County
and Mr. Hector H. Balderas
New Mexico State Auditor

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information, the budgetary comparisons of the general fund and major special revenue funds of San Juan County, New Mexico ("County"), as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and the combining and individual funds and related budgetary comparisons of the County, presented as supplemental information, and have issued our report thereon dated October 31, 2014.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses or significant deficiencies. However, material weaknesses or deficiencies may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Albuquerque, New Mexico
October 31, 2014

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133**

To the County Commission
San Juan County

and Mr. Hector H. Balderas
New Mexico State Auditor

Report on Compliance for Each Major Federal Program

We have audited San Juan County, New Mexico's ("County") compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended June 30, 2014. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2014.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as items 2014-001 and 2014-002. Our opinion on each major federal program is not modified with respect to these matters.

The County's responses to the noncompliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

Report on Internal Control over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness* in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

**SAN JUAN COUNTY, NEW MEXICO
 SCHEDULE OF FINDINGS AND QUESTIONED COSTS
 Year Ended June 30, 2014**

A. SUMMARY OF AUDITORS' RESULTS

Financial Statements

Type of auditors' report issued Unmodified

Internal control over financial reporting:

- Material weakness(es) identified? _____ Yes x No
- Significant deficiency identified that are not considered to be material weakness(es)? _____ Yes x None Reported

Non-compliance material to financial statements noted? _____ Yes x No

Federal Awards

Internal control over major programs:

- Material weakness(es) identified? _____ Yes x No
- Significant deficiency identified that are not considered to be material weakness(es) _____ Yes x None reported

Type of auditor's report issued on compliance for major programs: Unmodified

Any audit findings disclosed that are required to be reported in accordance with section 510(a) of Circular A-133? x Yes _____ No

Identification of Major Program

<u>CFDA Number</u>	<u>Name of Federal Program or Cluster</u>
97.036	FEMA 4152 Public Assistance/Disaster Assistance Project
20.205	Highway Planning and Construction Cluster
12.Unknown	Department of Defense

Dollar threshold used to distinguish between type A and type B programs \$ 300,000

Auditee qualified as low-risk auditee? x Yes _____ No

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
Year Ended June 30, 2014**

B. FINANCIAL STATEMENT FINDINGS

None

C. FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

2014-001 Reporting (noncompliance-other matters)

*Federal program
information:*

Funding agency:	Federal Emergency Management Agency passed through the State of New Mexico
Title:	FEMA 4152 Public Assistance / Disaster Assistance Project
CFDA Number:	97.036
Award year and number:	2013, FEMA-4152-DR-NM
Funding agency:	U.S. Department of Transportation passed through the State of New Mexico
Title:	Highway Planning and Construction Cluster
CFDA Number:	20.205
Award year and number:	2013, Project Control No. 5100361#D14115

CONDITION: Our testing of the Disaster Assistance Project identified that the quarterly reports for the periods 7/1/2013 to 9/30/2013 and 10/1/2013 to 12/31/2013 were not submitted. It was further identified that the final performance and financial report, due at the latest on March 31, 2014 was not submitted. Further testing on the SAFETEA-LU project under the highway planning and construction cluster identified that monthly reports were not submitted and the final report was not submitted timely (submitted July 2014 while due April 2014).

CRITERIA: The sub-grant agreement with the New Mexico Department of Homeland Security and Emergency Management (“State”) requires that the sub-grantee (“County”) submit quarterly reports on projects greater than \$67,500 each to be submitted no later than the 15th of the month following the end of the quarter. The quarterly report shall contain a description of the work accomplished to date, the methods and procedures used, the anticipated completion date, a summary of all project costs to date and other such information as may be of assistance in the State’s evaluation of the project. Upon completion of the project the sub-grant agreement requires that the sub-grantee submit a final performance and financial report that includes a narrative of accomplishments under the agreement and a summary of actual costs for each project greater than \$67,500. The

SAN JUAN COUNTY, NEW MEXICO
SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
Year Ended June 30, 2014

C. FEDERAL AWARD FINDINGS AND QUESTIONED COSTS (CONTINUED)

final report should be submitted within 30 days of the completion and inspection of the final project, or not later than the date of the next scheduled quarterly report.

Finally, the cooperative project agreement with the New Mexico Department of Transportation (“Department”) requires that the County submit monthly invoices with supporting documentation as determined and/or approved by the Department (considered the report) to the Department’s district office certifying that the costs have been incurred in compliance with the cooperative agreement. The final report and payment request shall be submitted to the Department’s district office within four months of completion of the project and prior to the termination date of the contract.

QUESTIONED COSTS: None

EFFECT: With the absence or late submission of quarterly and final reports, it is possible that future funding opportunities will be reduced or cancelled. Furthermore, there is a delay in reimbursement of costs associated with the projects as the reports for these projects are linked to the reimbursement of costs. Finally, expenditures incurred under the federal award can get denied due to the non-compliance of reporting such expenditures.

CAUSE: There appeared to be miscommunication between the State and the County with regard to the template to use and/or the overall timing requirements of submission of the financial reports.

RECOMMENDATION: It is recommended that the Public Works Department of the County implement certain procedures to track and monitor all direct or pass-through grants awarded to them to ensure that all compliance related matters in regard to the award agreement have been met. Such tracking would include a timeline of events that should occur and the due dates by which those events should be completed.

MANAGEMENT RESPONSE: The Public Works Administrator will review all grant contracts for reporting requirements and due dates and establish an internal tracking mechanism to ensure that all reporting requirements are met in the future.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
Year Ended June 30, 2014**

C. FEDERAL AWARD FINDINGS AND QUESTIONED COSTS (CONTINUED)

2014-002 Allowable Cost (noncompliance-other matters)

*Federal program
information:*

Funding agency:	U.S. Department of Transportation passed through the State of New Mexico
Title:	Highway Planning and Construction Cluster
CFDA Number:	20.205
Award year and number:	2013, Project Control No. 5100361#D14115

CONDITION: Based on the testing procedures performed, it was identified that the County charges their internal equipment usage fees at the unit rates as specified by the Federal Highway Administration. Testing of a sample of 25 total costs charged to the grant identified 19 charges related to the use of County equipment. Of the 19 costs charged to the grant 19 of the charges were different than the applicable rate. The variance resulted in an aggregate gross undercharge of approximately \$370 on \$3,157 total equipment use charged on the sample selected. As the amount charged to the grant was grossly undercharged, there are no questionable costs charged to the grant.

CRITERIA: Adequate control processes for determination, tracking and monitoring of internal County usage and charging to federal grants should be established such that federal grants can be charged with the correct balance.

QUESTIONED COSTS: None

EFFECT: Inaccurate charging of federal grants can cause the loss of future awards or a reduced balance of future awards. Furthermore, undercharging of the federal grant requires additional costs to be included to satisfy the terms of the grant agreement. Such costs could potentially be allocated to future awards or could be used to satisfy the matching requirement.

CAUSE: It appears that there were not adequately trained personnel within the Public Works Department of the County to make the determinations as to what rate to charge based on the type of County equipment used. Furthermore, it did not appear that there was an adequate process to monitor, update and track the Federal Highway Administration rate schedules based on the type of equipment maintained by the County.

RECOMMENDATION: It is recommended that the Public Works Department train all staff responsible for charging of internal equipment to federal grants. It is further recommended that an internal review process be generated to verify that such costs are accurately recorded and charged. It is finally recommended that a process be

C. FEDERAL AWARD FINDINGS AND QUESTIONED COSTS (CONTINUED)

implemented to monitor, update and track the Federal Highway Administration rates against the equipment in which the County owns and uses for the federal projects. Such processes should be adequately supported with the published rate schedules or other information.

MANAGEMENT RESPONSE: The County has recently reclassified an employee as the Fleet Manager. The Fleet Manager has extensive knowledge regarding Public Works equipment. The Fleet Manager will review the classification of equipment used on the grant projects and ensure that the correct rates are charged per piece of equipment. The Public Works Administrator will ensure that the rates are updated with the correct current allowable equipment rates and billed accordingly to the grant.
