November 28, 2017

To the Chairman of the Commission, Members of the Commission, and the Citizens of San Juan County:

New Mexico state law, Section 12-6-3, NMSA 1978, mandates that the financial affairs of every New Mexico agency be thoroughly examined and audited each year by the State Auditor, personnel of the State Auditor's office designated by the State Auditor, or by independent auditors approved by the State Auditor. A complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards and rules issued by the State Auditor is due by December 1st each year for the fiscal year ending June 30th. Pursuant to that requirement, we hereby issue the comprehensive annual financial report of San Juan County, NM for the fiscal year ended June 30, 2017.

This report consists of management's representations concerning the finances of San Juan County. Consequently, management assumes full responsibility for the completeness and reliability of the information presented in this report. To provide a reasonable basis for making these representations, management of San Juan County has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of San Juan County's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, San Juan County's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

San Juan County's financial statements have been audited by Axiom Certified Public Accountants and Business Advisors LLC, as approved by the State Auditor. The goal of the independent audit was to provide reasonable assurance that the financial statements of San Juan County for the fiscal year ended June 30, 2017, are free of material misstatement. The independent audit involved examining, on a test basis,

evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified (or clean) opinion that San Juan County's financial statements for the fiscal year ended June 30, 2017 are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report and can be found on page 20 to the financial statements.

The independent audit of the financial statements of San Juan County was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available within the "Single Audit Reports" section of this report starting on page 274.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. San Juan County's MD&A, starting on page 24, can be found immediately following the independent auditor's report.

Profile of San Juan County

San Juan County, NM was incorporated in 1887 with Aztec, NM appointed as the county seat. The County is located in the Northwest corner of New Mexico in an area known as the "Four Corners" describing where the four states of New Mexico, Arizona, Colorado, and Utah meet. The County has a land area of approximately 5,535 square miles and a 2016 estimated population according to the U.S. Census Bureau of 115,079. The population decreased by 6% since the 2007 population which was 122,427. The land ownership is distributed as follows: Private ownership 6.5%, Federal Government 25.0%, Navajo and Ute Mountain Reservations 65.0%, and State Government 3.5%.

The County is empowered to impose a maximum property tax rate for general operating purposes of 11.85 mils. The County currently has imposed 8.5 mils, which is the second lowest rate of the 33 counties in New Mexico. The County is also empowered to implement certain county local option gross receipts taxes, some requiring voter approval. The County's gross receipt tax rate as of June 30, 2017 was 6.5625%. The tax is imposed on sales of both services and tangibles.

San Juan County operates under the Commission, Manager (County Executive Officer) form of government. Policy making and legislative authority are vested in the County Commission consisting of the Commission Chairman and four other Commission members serving five districts. The County Commission is responsible for, among other

things, passing ordinances, adopting the annual budget, appointing committees, serving as the Board of Finance and the Indigent Hospital Board, and hiring the County Executive Officer. The County Executive Officer is responsible for carrying out the policies and ordinances of the County Commission and overseeing the day-to-day operations of the County coordinating with the Commission, Department Administrators as well as the other County Elected Officials (Sheriff, Clerk, Assessor, Treasurer, and Probate Judge). All County Elected Officials are elected on a staggering basis to serve four year terms.

San Juan County offers a full range of services, including fire protection through 22 volunteer fire stations, 250 volunteer firefighters, protection of its citizens through the Sheriff's department, road maintenance and construction, waste transfer stations, parks and facilities, adult and juvenile correction facilities, DWI/Axis facility, building permits, addressing, subdivisions, and Section 8 housing program.

San Juan County is also the fiscal agent for two separate legal entities, the San Juan Water Commission and the Communications Authority, both of which are reported as discretely presented component units within the financial statements. Additional information regarding these two component units can be found in the notes to the financial statements on page 53.

The annual budget serves as the foundation for San Juan County's financial planning and control. The County Commission is required to annually approve and submit an interim budget by June 1st and a final approved budget by July 31st to the New Mexico Department of Finance and Administration (DFA) for their review and approval. The legal level of budgetary control is defined at the fund level, the lowest level of which the County's Management may not reallocate resources or make over expenditures without the approval of the Commission. The appropriated budget is prepared by fund and department. All budget adjustments must be approved by the County Commission. All budget increases and transfers between funds must also be approved by the DFA. The County Commission also annually approves the five-year Infrastructure Capital Improvement Plan (ICIP). The capital improvement process entails input from County staff, citizens, social organizations and the community obtained through several public hearings. Both short-term and long-term capital infrastructure needs are identified and prioritized based on existing health and safety hazards, requirement by law, regulation or court mandate, critical to structural integrity, impact on operating budget, and scheduling. Potential sources of funding are identified for each project. The County's approved ICIP is then incorporated into the State of New Mexico's capital planning process. The County also annually updates and monitors the Strategic Plan which outlines goals and accomplishments for each department.

Factors Affecting Financial Condition

Local Economy: The County is the retail hub for the four corners area serving an estimated consumer population of 250,000. The area continues to draw consumers from New Mexico, Utah, Colorado, and Arizona. San Juan County's gross receipts taxes

were impacted by the national economic downturn. While the economy continues to struggle, San Juan County experienced a cash basis decrease in gross receipts tax of 13.98% from FY16 to FY17.

San Juan County experienced some growth as evidenced by national chains moving into the area. Ulta Beauty opened its new location at Animas Valley Mall in October 2016 and Fairfield Inn & Suites opened an 80-room hotel centrally located in Farmington. Denny's is building a new restaurant, which will replace the current restaurant. The current restaurant employs 40 people but the number will increase to about 75 people once the new building is complete. Starbucks built a new coffee shop in Farmington and opened its doors in July 2017. Blakes Lotaburger opened a new location on the east side of Farmington in the Spring of 2017. Chipolte is building new restaurant in Farmington with a potential opening date in late Fall 2017. Process Equipment and Service Company (PESCO) has received a \$1 million grant from the State Economic Development Department for construction of a plant expansion for its facility located in Farmington. The State Economic Development Department has asked the County to serve as fiscal agent for the grant. The County Commission approved Ordinance No. 101 to allow San Juan County to be fiscal agent for this grant. PESCO will expand its manufacturing facility by 48,000 square feet and will add approximately 170 jobs.

San Juan County received news that Public Service Company of New Mexico has plans to close San Juan Generating Station, a coal-fired power plant, by the year 2022. This potential closure will also affect the operation of the San Juan Coal Company. This would negatively impact the County with loss to property tax revenue, loss of jobs, and loss of potential gross receipts tax due to families leaving the area. San Juan County is working with a law firm to aid in preventing this closure from happening. At this time, there is no further update available as to the future of San Juan Generating Station and San Juan Coal Company.

The seasonally adjusted unemployment rate for the Farmington Metropolitan Statistical Area (San Juan County) was 7.1% as of June 2017 which is down from 7.6% in May 2017 and 9.1% in June 2016. The New Mexico Labor Market Report reported that "Over the year, the Farmington MSA was down 300 private sector jobs, or 0.8 percent from a year earlier. Government employment was unchanged from the previous year in the aggregate. A gain in local government of 100 jobs, or 1.1 percent, offset a loss of 100 jobs, or 6.7 percent, in federal government. State government payrolls were unchanged from June 2016. San Juan County's not seasonally adjusted unemployment rate of 8% (7.1% seasonally adjusted) is higher than the State of New Mexico seasonally adjusted rate of 6.4% and is higher than the national unemployment rate of 4.4% as of June 30, 2017.

Energy production is the cornerstone of San Juan County's economy. Measuring 7,500 square miles, the San Juan Basin is one of North America's largest natural gas fields. The County is home to installations by ConocoPhillips, Chevron, Enterprise Products, El Paso Natural Gas, Dugan Productions, Williams Field Service, XTO Energy, Western Energy, and Val Verde Gas. BP America announced it will be closing its Farmington office in late

2017. Some employees will be relocated to Durango, Colorado, and another 40 will be laid off.

San Juan County’s oil & gas revenue is continuing to show signs of decreasing slightly. The County’s oil & gas revenues began to decrease slightly throughout FY16 and has continued through FY17. Actual revenues for FY17 were \$4,108,968 of which \$3,391,853 is from production.

San Juan County’s economy is diversified by the recreational and farming sectors. San Juan County is home to many tourist attractions including Chaco Canyon, Navajo Lake State Park, Salmon Ruins, and the Aztec Ruins. Farmington is home of the Pinon Hills Golf Course, voted as one of the best municipal golf courses in the United States for over 20 years. Farmington also hosts the Connie Mack World Series in August each year.

Financial Planning: The County updates its strategic plan, outlining both short-term and long-term goals for each department. The strategic plan is the result of a planning retreat attended by all departments. A copy of the strategic plan can be obtained through the San Juan County Executive Office.

The County Commission also annually approves the five-year Infrastructure Capital Improvement Plan (ICIP) prioritizing projects and their potential funding sources. The top 3 capital improvement projects in place as of the June 30, 2017 budget cycle include the following:

Project	Total Project Cost	Funding in Place
Flora Vista Wastewater System	\$ 9,950,000	3,850,000
Upper La Plata & North Star Regional Waterline	2,400,000	50,000
Total Subdivision Water & Wastewater Improvements	\$ 3,600,000	100,000

The County continues to seek funding for completion of these projects.

The Growth Management Plan, an official public document adopted by the Board of County Commissioners, was approved July 18, 2007. The plan is intended to assist the County to prepare for the future by anticipating change, maximizing strengths and minimizing weaknesses. The Plan sets policies that help guide addressing critical issues facing the community, achieving goals according to priority, and coordinating both public and private efforts. The Growth Management Plan encompasses all functional elements that bear on physical development in an internally consistent manner, including: land use, environment, water and wastewater, county facilities, transportation, housing, and economic development. The original development of the Growth Management Plan was funded by a 50/50 split between the County and the State. San Juan County is currently seeking grant funding to update our Growth Management Plan. If San Juan County is approved for the grant, it will take approximately 6 months to a year to complete.

Cash Management Policies: The state DFA requires New Mexico counties to maintain a cash balance in the General Fund of at least 3/12ths (25%) of the General Fund's budgeted expenditures and a 1/12th (8.33%) reserve for county road funds in order to maintain adequate cash flow until the next significant property tax collection. The County met and exceeded the state's cash reserve requirements. The General Fund (sub-fund) cash reserve at June 30, 2017 was \$12,708,660 or 41.98% of the General Fund (sub-fund) final budget, far exceeding the required 3/12ths reserve requirement. The Road Fund's ending cash balance at June 30, 2017 was \$634,747 or 9.99% of the Road Fund's final expenditure budget, meeting the 1/12th reserve requirement. The County's overall General Fund, comprised of the general fund sub-fund and its additional 5 sub-funds, unrestricted fund balance of \$16,352,452 at the end of the fiscal year is 26.48% of revenues. The County strives to maintain this at a minimum of 15%.

Awards and Acknowledgements: The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to San Juan County for its comprehensive annual financial report for the fiscal year ended June 30, 2016. To be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements. This is the 11th year that the County has received this GFOA award.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

San Juan County also received the Government Finance Officers Association Distinguished Budget Presentation award for the FY17 Final Program Budget. Entities that receive the Distinguished Budget Presentation award are considered those who have prepared the highest quality budget documents. This is the ninth year that the County has received this GFOA budget award.

The San Juan County Housing Authority was awarded a Certificate of Excellence for outstanding performance and lasting contribution on the Section Eight Management Assessment Program (SEMAP) Assessment for 12 consecutive years. The SEMAP measures the performance of public housing agencies that administer the housing choice voucher program in 14 key areas. Some of these key indicators include the following: proper selection of applicants from the housing choice voucher waiting list, sound determination of reasonable rent, accurate verification of family income, ensuring units comply with housing quality standards, timely annual housing inspections, expanding housing choice outside areas of poverty, and enrolling families in the family self-sufficiency program to help achieve increases in income.

We would like to express our appreciation to each member of the Finance Department that assisted and contributed to the preparation of this report. This final report would

not have been possible without their dedication and professionalism. We also extend our appreciation to the County Commission for their continued support in maintaining the highest standards making it possible to meet the needs of San Juan County's citizens and visitors. San Juan County remains committed to *Building a Stronger Community*.

Respectfully submitted,

INDEPENDENT AUDITOR'S REPORT

To the County Commission
San Juan County
and Mr. Wayne Johnson
New Mexico State Auditor

Report on Financial Statements

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, the aggregate remaining fund information, and the budgetary comparisons for the general fund and major special revenue funds of San Juan County, New Mexico (the "County") as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County, as of June 30, 2017, and the respective changes in financial position thereof and the respective budgetary comparisons for the general fund and major special revenue funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 24 to 37, Schedule of County's Proportionate Share of the Net Pension Liability, and Schedule of County Contributions on pages 100 to 102 and 103 to 108, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the County's financial statements that collectively comprise the County's basic financial statements. The schedule of expenditures of federal awards as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), the financial data schedules, as required by the U.S. Department of Housing and Urban Development, introductory and statistical sections, and the other schedules as required by 2.2.2 NMAC are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The schedule of expenditures of federal awards, the financial data schedule and other schedules required by Section 2.2.2 NMAC are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards, financial data schedule and other schedules required by Section 2.2.2 NMAC are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 28, 2017 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2017**

As management of San Juan County, we offer readers of San Juan County's financial statements this narrative overview and analysis of the financial activities of San Juan County for the fiscal year ended June 30, 2017. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages 8-14 of this report.

Financial Highlights

- The assets and deferred outflows of San Juan County exceeded its liabilities and deferred inflows at the close of the most recent fiscal year by \$187,110,033 (*net position*). Of this amount, \$(39,058,119) was reported as *unrestricted net position*. A negative balance indicates that no funds were available for discretionary purposes.
- Total net position decreased by \$16,506,129 from the prior year largely due to declining gross receipts tax, oil and gas revenues and several capital projects spending down the 2015 GRT Bond money. The loss is additionally inclusive of the current fiscal year pension expense approximating \$7.7 million.
- As of the close of the current fiscal year, San Juan County's governmental funds reported combined ending fund balances of \$76,353,756, decreasing \$9,619,667 from the prior year. Approximately 40.12% of this total fund balance amount, \$30,630,486, is available for spending at the government's discretion (*unrestricted fund balance*).
- At the end of the current fiscal year, unrestricted fund balance for the General Fund was \$16,352,452, or 32.04% of total general fund expenditures.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to San Juan County's basic financial statements. San Juan County's basic financial statements consist of three components: 1.) government-wide financial statements, 2.) fund financial statements, and 3.) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of San Juan County's finances, in a manner similar to the private-sector business. These statements consist of the statement of net position and the statement of activities.

**SAN JUAN COUNTY, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2017**

The *Statement of Net Position* presents information on all of San Juan County's assets and liabilities, with the difference between the two reported as *net position*. Over time, the increases or decreases in net position may serve as a useful indicator of whether the financial position of San Juan County is improving or deteriorating.

The *Statement of Activities* presents information showing how the County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of San Juan County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of San Juan County include general government, public safety, public works, health and welfare, culture and recreation, and environmental. San Juan County has no business-type activities at this time.

The government-wide financial statements include not only San Juan County itself (known as the *primary government*), but also two discretely presented component units, the Consolidated Communications Authority and the San Juan Water Commission. Additional information concerning these two component units can be found in the notes to the financial statements.

The government-wide financial statements can be found on pages 39 and 40 of this report.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. San Juan County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of San Juan County can be divided into three categories: governmental funds, proprietary funds and fiduciary funds. The County has no proprietary funds.

**SAN JUAN COUNTY, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2017**

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

San Juan County maintains 34 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General Fund, Corrections, D.W.I Facilities, GRT-Communications/EMS fund, and the GRT Revenue Bond Series 2015 fund, all of which are considered to be major funds. Governmental fund balances are classified as *nonspendable, restricted, committed, assigned, and unassigned*. GASB 54's updated definition of Special Revenue Funds resulted in the Ambulance Fund being combined and reported with the Gross Receipts Tax-Communications/EMS Fund. Data from the remaining governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* elsewhere in this report.

San Juan County adopts an annual appropriated budget for all of its governmental funds. Budgetary comparison statements have been provided for the governmental funds to demonstrate budget compliance.

The basic governmental fund financial statements can be found on pages 41-42 and 45-46 of this report.

Proprietary funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among various functions.

San Juan County had no proprietary funds at the end of the current fiscal year.

**SAN JUAN COUNTY, NEW MEXICO
MANAGEMENT’S DISCUSSION AND ANALYSIS
JUNE 30, 2017**

Fiduciary funds. *Fiduciary funds* are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statement because the resources of those funds are *not* available to support San Juan County’s own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. San Juan County uses a fiduciary fund mainly to distribute property taxes, including oil and gas equipment and production taxes, collected on behalf of municipalities, schools, college, and conservancy/irrigation/water districts.

The basic fiduciary fund financial statements can be found on page 52 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 53-99 of this report.

Other Information. In addition to the basic financial statements and accompanying notes, this report also presents combining and individual fund statements and schedules that further support the information in the financial statements.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government’s financial position. In the case of San Juan County, total assets and deferred outflows exceeded liabilities and deferred inflows by \$187,110,033 at the close of the most current fiscal year. Below is a chart indicating the net position changes over the last five fiscal years.

**SAN JUAN COUNTY, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2017**

In FY17, 94% of San Juan County's net position reflects its investment in capital assets (e.g. land, buildings, machinery, equipment, and infrastructure) less any related debt used to acquire those assets that is still outstanding. San Juan County uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although San Juan County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

**SAN JUAN COUNTY, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2017**

At the end of the current fiscal year, San Juan County is able to report positive balances in two of the three categories of net position for governmental activities.

Net position decreased by \$16,506,129 representing 15.82 times the decrease from the prior fiscal year. The decrease is largely due to the decrease in gross receipt tax revenue and several capital projects spending down the 2015 GRT Bond money and is inclusive of a significant pension expense charged as a result of the change in net pension liability.

Governmental activities. The following table provides a summary of the County's operations for the year ended June 30, 2017.

**SAN JUAN COUNTY, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2017**

Governmental activities decreased San Juan County's net position by \$16,506,129. Key elements of this decrease are as follows:

Revenues: The economic conditions weakened in FY17 as compared to FY16 as the revenues decreased by 5.38%.

- The charges for services revenues in FY17 increased by \$499,802, or 3.80%. The increase is largely a result of an increase of \$436,206 in fee revenues for public safety as compared to the prior year.
- The Operating Grants and Contributions revenues in FY17 have increased 3.56%, or an increase of \$409,395. The relatively consistent revenues identify that programs funded by grants and contributions have remained consistent from the prior fiscal year; however, adjusted for rising costs.
- Capital Grants and Contributions have decreased \$2,352,281, or 70.46%, from FY16. The main contributing factor to the decrease was the use of General Fund money to help fund the implementation of the new ERP system in FY16.
- Property Tax Revenue increased by \$1,657,648, 7.08%, resulting from new property valuations completed in September 2016 and the corresponding property taxes imposed. Net taxable values for residential property increased by 2.61%. Non-residential property net taxable values decreased by 2.96%. The implemented mil rate remained at 8.5 mils.
- Gross Receipts Tax Revenue decreased by \$4,835,471 or 11.59% due to the slow down of jobs in the oil field and families leaving the area.
- Revenue from oil and gas production and equipment decreased by \$500,582, 10.86% from the prior year, mainly due to fluctuation in oil and gas production and prices and the number of rigs drilling. The revenue generated in FY17 has recovered slightly as compared to the \$2,429,753 loss that occurred between FY15 and FY16 revenues.
- Payments in Lieu of Taxes (PILT) - Beginning in FY09 the federal government enacted the Emergency Economic Stabilization Act of 2008 and authorized full funding of the PILT program from 2008 through 2012. In mid-June, 2014, PILT was reauthorized under the Agriculture Act of 2014, which funded full entitlement levels of the program. PILT was subsequently reauthorized in FY16 and FY17. The actual PILT revenue received for FY17 was \$2,272,465 approximating that of FY16.
- Other taxes saw a decrease of \$226,314, or 12.69%, mainly due in part to the amount received for franchise tax in the Road department. The City of

**SAN JUAN COUNTY, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2017**

Farmington, who is the payor of the franchise tax, saw a reduction in payments due to a large company leaving the area.

- Miscellaneous revenues decreased by \$386,126. The main contributing factor due to the decrease was a loss on the sale of county assets and a decrease in miscellaneous cash receipts as more functions are becoming available through the internet (i.e. a reduction on sale of county maps, etc.).

Due to San Juan County's diversified revenue sources through gross receipts taxes, property taxes, and oil and gas equipment and production taxes, revenues overall remained sufficient to operate the FY17 budget even through stressed economic times.

Expenses: Expenses increased by 9.15% from the prior fiscal year.

- The County strives to remain competitive amongst local employers and across the region in regards to wage and benefit costs. Salary studies are performed annually and adjustments are made where necessary to fulfill this goal. Even as the economy struggles, San Juan County recognizes the need to retain the current workforce; however, it was determined during the budgeting process due to economic uncertainty for FY17 that a cost of living or pay increases could not be offered.
- The County implemented a hiring freeze beginning in FY10. A total of 29 positions from various County departments were frozen during FY17, holding steady from the prior year, at a savings of \$1,130,022.
- There were no increases in premiums and no changes to the County health insurance plan for FY17. Health care fees in the amount of \$27,038 were incurred as part of a requirement of the Affordable Health Care Act.
- The General Government expenses increased by \$10.2 million comparing FY17 to FY16. The main reason for the increase is due to the change in valuation of net pension liability causing a pension expenditure of \$7.7 million compared to a recovery of \$1.8 million in the prior year. The remainder is department spending down available cash balance.
- The Public Safety expenses increased by \$696,387, or 1.31%, in FY17 as compared to FY16. The increase is due in part to the State Fire Fund working on several capital projects.
- The Environmental expenses decreased by \$607,230 from FY17 as compared with FY16 due to the retirement of several long-term employees which resulted in hiring new employees at a lower salary. General operating expenditures also saw a decrease in FY17 as compared to FY16.

Financial Analysis of the Government's Funds

As noted earlier, San Juan County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of San Juan County's *governmental funds* is to provide information on near-term inflows, outflows and balances of *spendable* resources. Such information is useful in assessing San Juan County's financing requirements. In particular, *unrestricted fund balance* (consisting of *committed*, *assigned*, and *unassigned* balances) may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, San Juan County's governmental funds reported combined ending fund balances of \$76,353,756 a decrease of \$9,619,667 in comparison with the prior fiscal year's fund balance. The main reason for the decrease fund balance was due to the lack of revenues coming in and departments spending down their fund balances for required projects. Approximately 40.12% of this total amount, or \$30,630,486 constitutes unrestricted fund balance (consisting of \$7,570,371 committed, \$16,269,251 assigned, and \$6,790,864 unassigned) which is available for spending at the government's discretion. \$1,631,325 is classified as non-spendable and includes inventories and prepaid insurance. The remainder of fund balance is restricted to indicate that it is not available for new spending because it has already been restricted for the following purposes: public safety (\$14,692,376), healthcare expenditures (\$12,062,462), GRT Bond Series 2015 (\$10,317,310), grant funded (\$2,767,417), GRT reserve (\$1,290,244), and other purposes (\$2,962,136). A detailed listing of governmental fund balances by classification in accordance with GASB 54 can be found in Note 1 – Summary of Significant Accounting Policies.

The General Fund is the chief operating fund of San Juan County. At the end of the current fiscal year, *unrestricted* fund balance of the General Fund was \$16,352,452, while total fund balance reached \$28,482,738. As a measure of the General Fund's liquidity, it may be useful to compare both *unrestricted* fund balance and total fund balance to total fund expenditures. *Unrestricted* fund balance represents 32.04% of total General Fund expenditures, while total fund balance represents 55.8% of that same amount.

The fund balance of the General Fund decreased by \$4,107,344 or 12.60% during the current fiscal year. Overall the General Fund's FY17 revenues were \$1.1 million less than FY16 revenue primarily due to a decline of state intergovernmental revenue. The road fund (general fund sub-fund) revenues were also approximately \$1 million less while the Healthcare Assistance Fund (general fund sub-fund) saw a decline of \$687,817 in gross receipts tax revenue. The General Fund also noticed a larger transfer out increasing by

**SAN JUAN COUNTY, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2017**

approximately \$2.9 million as compared to FY16. As a result of these revenue reductions and higher transfers out, management focused on reducing operating expenditures causing overall operating expenditures to be approximately \$1.5 million lower as compared to FY16.

Major funds. Other key governmental-type funds (major funds), other than the General Fund, include the Corrections fund, the D.W.I Facilities fund, the Gross Receipts Tax-Communications/Emergency Medical Services fund, and the GRT Revenue Bond Series 2015 fund.

The **Corrections Fund** accounts for all of the expenditures related to the adult detention facility. The three neighboring cities pay a per-diem rate for all of their prisoners which the County houses. The County annually updates this per-diem rate. In FY17, the per-diem rate increased from \$60.66 to \$65.14 and prisoner care revenues generated from the cities of Farmington, Aztec, and Bloomfield approximated that of FY16 (due to a significant drop in the number of bed days for the City of Farmington). Actual bed days increased for the City of Aztec and the City of Bloomfield. Corrections booking user fee generated \$98,505 at the adult detention facility in FY17, an increase of \$61,781 over FY16.

The **Alternative Sentencing** fund accounts for the operation of the DWI Treatment Facility, DWI Detention Facility, the Compliance Program, the AXIS Program, and the DWI Facility Screening. Funding is provided by client fees, State grants, State distribution, and participation by the City of Farmington. Authority for creation of the fund is by county Resolution. Operations remained relatively consistent with only a reduction of fund balance in the amount of \$187,479 from that of FY16. This is primarily due to a reduction in State intergovernmental grant revenues.

The **Gross Receipts Tax-Communications/Emergency Medical Services** fund accounts for the three-sixteenths of one percent Emergency Communications and Emergency Medical Services gross receipts tax collected county-wide and is combined with the Ambulance Fund. The Ambulance Fund is used to account for funds spent on ambulance and paramedic services in the County operated by San Juan Regional Medical Center. This gross receipts tax was scheduled to sunset on June 30, 2013. An election was held in March, 2013 and voters overwhelmingly voted in favor of Ordinance #79 keeping the tax in place to fund the Communications Authority and the Ambulance and giving the County the ability to collect the tax indefinitely.

The **Gross Receipts Tax Revenue Bonds Series 2015 Fund** was established to account for the capital projects funded by the GRT Revenue Bonds issued in 2015. The projects include designing, constructing, purchasing, furnishing, equipping, rehabilitating, making additions and improvements to and renovating certain County capital projects. The Fire Department will also be utilizing funds to renovate fire department substations including acquisition of equipment and real property, and acquiring equipment and other personal

**SAN JUAN COUNTY, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2017**

property for other projects. The Road Department will also be utilizing funds for road improvements, acquiring right of way or land for road or other projects, and parking lot improvements. There was a reduction in the fund balance of \$4,564,022 as projects continue to spend down the bond cash balance for capital outlay and was primarily related to fire equipment purchases.

General Fund Budgetary Highlights

During the fiscal year, the County Commission approved adjustments to the County's budget. The Finance Department strives to complete budget adjustments on a monthly basis to help keep the budget up-to-date. The General Fund's final amended revenue estimates were \$2,944,051 more than the original estimates and the expenditure budget was \$273,178 more than the original expenditure budget. The main adjustments can be summarized as follows:

- The General Fund tax revenue came in lower than what was budgeted by \$270,281 due to a continued decline in gross receipts tax and oil and gas revenue.
- The fees charged by the General Fund came in lower than what was budgeted in the amount of \$112,768. This reduction is due in part to there having been less events booked at McGee Park.
- The General Fund miscellaneous revenue came in less than what was budgeted by \$115,725. The primary reason is due to a reduction in refunded monies received during the fiscal year.
- General Government expenditures were \$842,394 less than budgeted. The County Attorney's office saw a reduction in salaries due to the retirement of a long-term employee and the operating expenditures were less due to budgeting for litigation that not occur. Administration's budget for salary and benefits was higher than actuals due to a vacant position that was originally budgeted at a higher rate of pay but towards the end of the fiscal year it was determined to reclass the position. The remaining General Government departments saw cost savings in areas of salary and benefits due to turnover and watched their overall operating expenditures.
- Public Safety saw expenditures come in lower than budget by \$894,672 due to turnover, retirement of long-term employees and replacement employees being brought in at a lower step and grade. These departments were also diligent in watching their overall operating expenditures.
- Health Care Assistance Fund saw a reduction in expenditures of \$830,926. The main contributing factor was due to the County Supported Medicaid intercept

**SAN JUAN COUNTY, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2017**

from the State of New Mexico and Safety Care Net Pool being lower than expected.

- Major Medical Fund saw a drop in employee health claims, health care premiums charged from the County's third party administrator, and a drop in prescription drug claims which resulted in expenditures less than budgeted by \$1.5 million.

Capital Asset and Debt Administration

Capital assets. San Juan County's investment in capital assets for its governmental activities as of June 30, 2017 amounts to \$213,726,848 (net of accumulated depreciation) as compared to \$216,924,208 in the prior fiscal year. This investment in capital assets includes land, buildings and improvements, machinery and equipment, roads, bridges and construction in progress.

Major capital asset events during the current fiscal year included the following:

- Construction was completed on the 2nd and 4th Floor Renovations for San Juan Regional Medical Center. Total construction costs were \$6,472,367.
- Construction was completed on the Lower Valley Lagoon project. Total construction costs were \$2,863,940.
- Construction was completed on the Valley Fire project for a total cost of \$1,226,822.
- The Centerpoint fire station project was started and completed during the fiscal year costing \$1,198,483.
- Construction continued on the Pinon Hills Bridge CR 3900; construction-in-progress as of the close of the fiscal year was \$1,146,654.
- The implementation continued for San Juan County's new ERP system; implementation-in-progress as of the close of the fiscal year was \$1,251,448.

Additional information on San Juan County’s capital assets can be found in note 1 on page 59-60 and note 6 on page 71.

Long-term debt. At the end of the current fiscal year, San Juan County had total debt outstanding of \$47,560,000. All of the County’s current outstanding debt is secured by specified gross receipts taxes.

On March 29, 2017, San Juan County signed a loan agreement with the New Mexico Finance Authority in the amount of \$12,010,000, a premium of \$1,758,400, and a blended interest rate of 4.95%. The net loan proceeds, after paying issuance costs of \$174,804, were used to currently refund the San Juan County Subordinate Gross Receipts Tax Revenue Bonds, Series 2008.

More information concerning outstanding debt and these transactions can be found in note 7 on pages 73-76.

The County filed the required annual Continuing Disclosure Undertakings by the March 31, 2017 deadline.

Credit ratings. San Juan County’s Series 2015A are rated A2 by Moody’s and A+ by Standard & Poor’s. San Juan County’s GRT Revenue Bonds Series 2015B are rated A1 by Moody’s and A+ by Standard & Poor’s.

Debt limitations. New Mexico state statutes limit the amount a county may issue in general obligations bonds to 4% of the total assessed value of the property within the county. San Juan County’s total assessed value at the close of the current fiscal year was \$3,540,376,687. Thus, San Juan County’s legal debt limit is \$141,615,067. San Juan County had no general obligations bonds outstanding at the close of the current fiscal year.

Economic Factors and Next Year’s Budget and Tax Rates

- The seasonally adjusted unemployment rate for San Juan County at the close of the current fiscal year was 7.1%. This is down slightly from the June 2016 rate of

8.2%. It stands slightly higher than the State of New Mexico's rate of 6.4% and higher than the nationwide rate of 4.4%.

- The implemented property tax mil rate continued at 8.5 mils with a ½ mil dedicated to fund water reserves. San Juan County's property tax rate continues to be the second lowest in the state.
- The gross receipts tax rate from July 1, 2017 to December 31, 2017 remained at 6.5625%.
- Payments in Lieu of Taxes (PILT) – The FY18 budgeted revenues from PILT were estimated at a full funding level of \$2,000,000.
- Oil and gas revenues were budgeted at an estimated 13.97% decrease from the prior year's actual receipts. Current receipts in FY18 July through September have increased significantly by 46.42% from the same time period in the previous year. While the County budgeted conservatively given that FY17 revenues were the lowest they have been in the last five fiscal years, this increase indicates a potential economic turnaround for County generation of oil and gas production and equipment receipts.
- In FY18 the County Commission voted not to have a Cost of Living Adjustment or Merit increases due to the continued unknown economic times.
- The County Commission did not make any changes to the health insurance plan for FY18. Premiums are paid 79% by the County and 21% by the employee. There was no increase in premiums for FY18.
- Public Service Company of New Mexico is looking at closing San Juan Generating Station in 2022. This closure will cause a loss of property tax revenue, jobs, and gross receipts tax. San Juan County is working with a law firm out of Santa Fe, NM to attempt to stop this closure from happening.

All of these factors were considered in preparing San Juan County's operating budget for the 2017 fiscal year as well as planning for the FY18 budget process.

SAN JUAN COUNTY, NEW MEXICO
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
Fiscal Year Ended June 30, 2017

	<u>Primary Governmental Activities</u>
Net changes in fund balances total governmental fund	\$ (9,619,667)
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlay as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays (\$10,051,494) exceed depreciation (\$12,920,867) and net loss on assets disposed of (\$327,987) in the current period.	(3,197,360)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. This is the amount by which the deferred inflow on property taxes from end of the year (\$1,006,118) exceeds the deferred inflow on property taxes from the beginning of the year (\$965,899).	40,219
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. This is the amount by which the deferred inflow on accounts receivable from end of the year (\$629,303) exceeded the deferred inflow on accounts receivable from the beginning of the year (\$327,209).	302,094
The issuance of long-term debt (e.g. bonds, loans, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position.	
The following table represents the changes in long-term debt for the fiscal year:	
Change in revenue bonds and loans payable	4,745,000
Change in bond premium	(1,318,395)
Change in refunding of debt	125,721
Change in compensated absences	194,511
Change in claims and judgements	(48,736)
Change in accrued interest	3,930
Change in net pension liability and pension related accounts	(7,733,446)
	<u>(4,031,415)</u>
Change in net position governmental activities	\$ <u>(16,506,129)</u>

**SAN JUAN COUNTY, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

San Juan County, New Mexico (County) was incorporated in 1887 under the provisions of Chapter 13, Section 1 of the Territory of New Mexico Statutes as shown in Article 4-24-1 of the 1978 New Mexico State Statutes. The County operates under a Commissioner-Manager (CEO) form of government and provides the following services as authorized by its charter: public safety, highways and streets, sanitation, health and social services, recreation, public housing assistance, public improvements, planning, property assessments, tax collection and general administrative services.

The financial statements of the County have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental entities. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below.

As required by GAAP, the financial statements present the County and its component units, entities for which the County is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the County's operations and so data from these units are combined with data of the primary government. Each discretely presented component unit, on the other hand, is reported in a separate column in the financial statements to emphasize it is legally separate from the County.

Depending upon the significance of the County's financial and operational relationships with various separate entities, the organizations are classified as blended or discrete component units, related organizations, joint ventures, or jointly governed organizations, and the financial disclosure is treated accordingly.

Discretely Presented Component Units:

The Consolidated Communications Authority (Authority) is a discretely presented component unit. The Authority was created through a Joint Powers Agreement to operate a consolidated communications center to provide emergency and law enforcement communications for its participants; San Juan County, the City of Farmington, the City of Bloomfield, the City of Aztec, and the State of New Mexico Department of Public Safety. The Authority is fiscally dependent on San Juan County. The necessary funds for administrative and operational expenses are provided by a County 3/16th gross receipts tax. The San Juan County Board of Commissioners approves the Authority's annual budget. San Juan County appoints only two of the seven members of the Authority's board of directors.

**SAN JUAN COUNTY, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The San Juan Water Commission is also reported as a discretely presented component unit. The San Juan Water Commission was created through a Joint Powers Agreement to provide funding for the Animas-La-Plata Water Project, to acquire water rights, protect and utilize existing and future water rights and water resources, and to administer the water for its participants; San Juan County, the City of Farmington, the City of Bloomfield, the City of Aztec, and the San Juan Rural Water Users Association. The San Juan Water Commission is fiscally dependent on San Juan County. The County, per the Joint Powers Agreement, agrees to implement, maintain, and keep in force a mill levy of approximately three mills upon all real and personal property in San Juan County to pay for the construction costs of the Animas-La-Plata Water Project as well as the operating costs of the San Juan Water Commission. The County currently has .5 mills imposed for this purpose. The San Juan County Board of Commissioners approves the San Juan Water Commission's annual budget. San Juan County appoints only one of the five representative members on the San Juan Water Commission.

Both of these discretely presented component units do not issue separate financial statements. Therefore, the fund financial statements for these component units are presented within this comprehensive annual financial report.

Government-wide financial statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on the primary government, not including fiduciary funds. The component units are presented in separate columns. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. The County had no business-type activities. The primary government is reported separately from the legally separate component units for which the primary government is financially accountable.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment and include depreciation expense. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fund financial statements

Separate fund financial statements are provided for governmental funds and the component units. Major individual governmental funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as nonmajor funds.

The County reports the following *major governmental funds*:

General Fund. The County's primary operating fund used to account for and report all financial resources not accounted for and reported in another fund.

Corrections. To account for funds expended for prisoner care at the County Detention Center. A one-eighth of one percent gross receipts tax provides for the funding as well as fees collected from municipalities. This fund was created by authority of state statute (Section 33-3-25 and Section 7-20F-3, NMSA Compilation).

DWI Facilities. To account for the operation of the Alternative Sentencing Department, which includes the DWI Treatment Facility, DWI Detention Facility, the Compliance Program, and the Axis program. Funding is provided by client fees, State grants, State distribution, and participation by the City of Farmington. Authority for creation of the fund is by County Resolution.

Gross Receipts Tax-Communications/Emergency Medical Services. To account for the three-sixteenths of one percent Emergency Communications and Emergency Medical Services gross receipts tax collected county wide. The fund was created by authority of state statute (see Section 7-20E-11, NMSA 1978 Compilation).

Gross Receipts Tax Revenue Bonds Series 2015. To account for the capital projects funded by the GRT Revenue Bonds issued in 2015. The projects include new fire stations, existing fire station renovations, fire trucks and equipment, Pinon Hills road extension project, energy conservation improvements, resurfacing and parking lot improvements, and other County replacements and improvements. This fund was created by County resolution and is restricted for expenditure in accordance with the bond issuance.

Fiduciary statements

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statement because the resources of those funds are *not* available to support San Juan County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. San Juan County has the following types of agency funds to account for revenues billed and collected or property taxes levied and collected by the County on behalf of the following:

- Conservancy and Irrigation Funds for conservancies, irrigation and water districts revenues.
- Municipalities Funds for the municipalities of Aztec, Bloomfield, and Farmington for property taxes.

**SAN JUAN COUNTY, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

- State Funds for payments to the State of New Mexico.
- School Funds for various County school districts and San Juan College for property taxes and oil and gas production and equipment taxes amongst other revenues.
- Suspense Funds for the collection and distribution of current and delinquent property taxes, taxes paid under protest, and in advance as required by bases involving mobile homes, and overpayments and underpayment of taxes.
- Clerk's Refunds for excess collections from the Clerk's Office due to customers.

Measurement focus, Basis of accounting

The government-wide and fiduciary fund financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Agency funds have no *measurement focus*.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

The modified accrual basis of accounting is followed by the governmental fund types for financial statement purposes. Under the modified accrual basis of accounting, revenues and other governmental fund financial resource increments are recognized in the accounting period in which they become measurable and available to pay liabilities of the current period (amounts collected within 60 days after year-end).

Revenue recognition for the various sources is as follows:

- The County recognizes property taxes as revenue on a accrual basis in the year in which they are first billed. The County has determined that recognizing revenues when the property taxes are levied is not feasible as the amounts have not been determined at the time the financial statements are prepared.
- The County recognizes oil and gas taxes as revenue when received by the County. These taxes are not recognized on a full accrual basis in the entity-wide financial statements since reasonable estimates of the total receivable and amount uncollectible are not available.
- The County recognizes gross receipts tax distributions and franchise taxes on the modified accrual basis using a 60-day time period subsequent to year-end. Gross receipts are collected by the State of New Mexico and distributed to the County on a monthly basis 30 days after collection. These taxes are not recognized on a

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

- full accrual basis in the entity-wide financial statements since reasonable estimates of the total receivable and amount uncollectible are not available.
- The County recognizes grant receivables when the eligibility requirements have been met. Generally, this is when the costs are incurred.

Expenditures are recorded as liabilities when they are incurred, except for unmatured interest on general long-term debt which is recognized when due, and certain compensated absences which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the government's risk management and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Deferred Outflows/Inflows of Resources. In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. Also, in addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The County reports deferred outflows for the deferred amount on bond refunding. Deferred inflows are reported in the governmental funds regarding property taxes and unavailable HUD revenue. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

Encumbrances. Encumbrances represent commitments related to unperformed contracts for goods or services. Encumbrance accounting is used for purchase orders, contracts and other commitments for the expenditures of monies to reserve that portion of the applicable appropriation, as an extension of formal budgetary integration. Significant encumbrances, those greater than \$200,000, are disclosed in the Commitments and Contingencies note.

Equity in Pooled Cash and Investments. Equity in pooled cash and investments includes amounts in demand deposit accounts, certificates of deposit and investments. Substantially all cash resources are combined and excess amounts are invested. Interest earned is allocated to various funds (required by law and by the County Commission) based on the average of the funds' month end balances.

**SAN JUAN COUNTY, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investments are stated at fair value that is determined using selected bases. Investments with managed funds are reported at estimated fair value as determined by the respective fund managers based on quoted sales prices of the underlying securities. Cash deposits are reported at carrying amount, which reasonably estimates fair value. The County categorizes the fair value measurements of its investments within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on valuation inputs used to measure the fair value of the asset into three levels:

Level 1: inputs are quoted prices (unadjusted) for identical assets or liabilities in active markets that a government can access at the measurement date (June 30th of that year).

Level 2: inputs, other than quoted prices included within level 1, that are observable for an asset or liability, either directly or indirectly.

Level 3: are unobservable inputs for an asset or liability. The County measures level 3 inputs using other valuation techniques that attempts to maximize the use of relevant observable inputs and maximizes the use of unobservable inputs.

Due From Other Governments. Intergovernmental receivables include amounts due from grantors for grants for specific programs and capital projects. Program grants and capital grants are recorded as receivables and revenues at the time reimbursement project costs are incurred. Revenues received in advance of project costs being incurred are deferred.

Receivables and Payables. Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "interfund receivables/payables" (i.e., the current portion of interfund loans) or "advances to/from other fund" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds."

Advances between funds are offset by a fund balance reserve account in applicable governmental funds to indicate they are not available for appropriation and are not expendable available financial resources.

Property taxes are levied as of January 1 on property values assessed on the same date. The tax levy is payable in two installments, November 10 and April 10. The property taxes are considered delinquent and subject to lien, penalty and interest, 30 days after the date on which they are due.

**SAN JUAN COUNTY, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Gross receipts taxes are collected by the State of New Mexico and distributed to the County on a monthly basis thirty days after collection. Franchise taxes are levied on gross sales and remitted quarterly to the County. The County recognizes gross receipts tax distributions and franchise taxes on the modified accrual basis using a 60-day time period subsequent to year-end. These taxes are not recognized on a full accrual basis in the entity-wide financial statements as reasonable estimates of the total receivable and amount uncollectible are not available.

The County has reviewed its customer base for concentrations of credit risk and has determined that no individual customer or group of customers engaged in similar activities represent a material concentration of credit risk to the County.

Inventories. Inventories are valued at cost (first-in, first-out), which approximates market. The costs of governmental fund-type inventories are recorded as expenditures when consumed rather than when purchased. Reported inventory balances are included in the nonspendable fund balance classification representing amounts that cannot be spent because they are not in spendable form.

Prepaid Items. Payments made to vendors for services that will benefit periods beyond the year-end are recorded as prepaid items. San Juan County follows the consumption method of accounting for prepaid items. Reported prepaid items are classified as nonspendable fund balance representing amounts that cannot be spent because they are not in spendable form.

Capital Assets. Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the governmental activities columns in the government-wide financial statements.

Capital assets are defined by the County as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are recorded at acquisition value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Such assets, including infrastructure, have higher limits that must be met before they are capitalized. All infrastructure has been capitalized. Software is included as part of machinery and equipment.

Bond Discounts/Premiums/Deferred Charge on Refunding. In governmental fund types, premiums and discounts, and similar items are recognized when the bonds are issued. In the entity-wide financial statements, bond discounts, premiums, and deferred charges on refunding are deferred and amortized over the term of the bonds using the straight-line method, which approximates the effective interest method. The entity-wide financial statements report the face amount of the bonds payable net of bond discounts and premiums. Whereas, the deferred charges on refunding are reported as a deferred outflow. Bond Issuance Costs are recognized as an expenditure in both the governmental fund types and the entity-wide financial statements when the bonds are issued.

Compensated Absences. Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. Compensated absences are reported in governmental funds only if they have matured. In the entity-wide statements vested or accumulated vacation is recorded as an expense and liability as the benefits accrue to employees. San Juan County caps the accumulated vacation at 320 hours.

Pensions. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the New Mexico Public Employees Retirement Association (PERA) and additions to/deductions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA, on the economic resources measurement focus and accrual basis of accounting. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Long-Term Obligations. Long-term debt is recognized as a liability of a governmental fund when due, or when resources have been accumulated in the debt service fund for payment early in the following year. For other long-term obligations, only that portion

expected to be financed from expendable available financial resources is reported as a fund liability of a governmental fund. In the entity-wide financial statements long-term liabilities were included.

Fund Balance Reporting. The governmental fund financial statements may report five classifications of fund balance as follows:

Nonspendable – This classification represents amounts that cannot be spent because they are either (a) not in spendable form, such as inventories and prepaid items, or (b) they are legally or contractually required to remain intact, i.e. for the principal of a permanent fund.

Restricted – This classification represents fund balances restricted to a specific purpose when constraints placed on the use of resources are either (a) external impositions by creditors, grantors, contributors, laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.

Committed – This classification is used to represent fund balances committed for specific purposes pursuant to constraints imposed by formal action of the highest level of decision making authority, which is the San Juan County Board of County Commissioners. The highest formal action required by the County is in the form of an ordinance, which requires public notice 14 days prior to Commission decision. To remove a commitment, the San Juan County Board of County Commissioners must take the same type of action it employed to previously commit the funds. Commitments must occur prior to the end of the reporting period, but the amount may be determined in the subsequent period.

Assigned – This classification represents amounts that are constrained by the County's intent to be used for specific purposes, but are neither restricted nor committed. The authority for assigning resources remains only with the governing body, the San Juan County Board of County Commissioners. The County Commission has not delegated this authority to any other body or official.

Unassigned – This classification of fund balance is the residual classification for the General Fund consisting of fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General Fund. The General Fund is the only fund that reports a positive unassigned fund balance amount. In other governmental funds, if expenditures incurred for specific purposes exceeded the amounts restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

Classifying Fund Balance Amounts. When an expenditure is incurred for purposes for which both restricted and unrestricted (committed, assigned, or unassigned) resources are available for use, it is the County's policy to use restricted resources first and then unrestricted resources. Any residual balances are classified using the default policy for unrestricted fund balance: committed amounts would be reduced first, followed by assigned amounts, and then unassigned amounts.

Fund Balance for Subsequent Years Expenditures. According to New Mexico State Statute and the New Mexico Department of Finance and Administration (DFA), San Juan County is required to reserve 3/12^{ths} of the General Fund's (sub-fund) budgeted expenditures (\$7,567,699) for subsequent year expenditures to maintain an adequate cash flow until the next significant property tax collection. The DFA also requires that 1/12th of the Road Fund budgeted expenditures be reserved (\$529,289). The County has incorporated this reserve requirement within its financial policies approved by the County Commission. These balances are reported as assigned to subsequent years expenditures in the General Fund. The County is in compliance with these DFA requirements.

Fund Balances, Governmental Funds. On the *Balance Sheets – Governmental Funds*, the fund balances are reported in the aggregate using the classifications defined by GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. Fund balances by classification for the year ended June 30, 2017 were as follows:

Net Position. In the government-wide financial statements, net position represents the difference between (a) assets and deferred outflows of resources and (b) liabilities and deferred inflows of resources. *Net investment in capital assets* consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of borrowings that are attributable to the acquisition, construction, or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislations adopted by the County or through external restrictions imposed by creditors, grantors, laws or regulations of other governments. Unrestricted net position represents assets of the County not restricted for any other project or purpose. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of San Juan County is improving or deteriorating.

Interfund Transactions. Inter-fund services provided and used are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed.

All other interfund transactions, except interfund services provided and used and reimbursements, are reported as transfers.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2. LEGAL COMPLIANCE - BUDGETS

Budgets. The legal level of budgetary control is defined at the fund level, the lowest level of which the County's Management may not reallocate resources or make over expenditures without approval of the Commission. The County Commission is authorized to transfer budgeted amounts between detail line items within a department within any fund. Both the County Commission and the State of New Mexico, Department of Finance and Administration, Local Government Division must approve any revisions that alter the total expenditures of any fund.

Expenditures of the County may not legally exceed appropriations at the level at which the budget is adopted, that is, expenditures in each fund may not exceed the budgeted appropriation for that fund.

The County follows the following procedures in establishing the budgetary data reflected in the financial statements:

1. In April or May the County Executive Officer submits to the Commission a proposed operating budget for the fiscal year commencing the following July 1. The budget includes proposed expenditures and the means of financing them. The budget is prepared by fund, department and function.
2. In late June, after there has been an opportunity for public comment, the County Commission adopts the budget as finalized.
3. By the end of July, the Local Government Division of the State Department of Finance and Administration approves the final budget.
4. After the budget is adopted any supplemental appropriations must be approved by the County Commission.

Encumbrance accounting is employed by the County. Encumbrances (e.g., purchase orders, contracts) outstanding at year-end are carried forward to the new fiscal year and

do not constitute expenditures or liabilities because the commitments will be re-appropriated and honored during the subsequent year.

Budgets are adopted on a cash basis, which is not consistent with accounting principles generally accepted in the United States of America; therefore, a budget-GAAP reconciliation is required.

The San Juan County Commission approves the budgets for both discretely presented component units. The budgets for the San Juan Water Commission and the Communications Authority are included in County’s budget and sent to the Department of Finance and Administration for approval.

NOTE 3. POOLED CASH AND INVESTMENTS

The County follows the practice of pooling cash and equivalents of all funds, which include both discretely presented component units, except for restricted or dedicated funds. Each fund’s portion of total cash and investments is summarized by fund type in the combined balance sheet as equity in pooled cash and investments.

Pooled cash and investments held by the County, including both component units, consist of cash on deposit with financial institutions and certificates of deposit. Deposits are secured by both Federal depository insurance and collateral pledged in the County’s name. Under New Mexico law, all deposits with financial institutions must be collateralized in an amount not less than 50% (102% for overnight deposits) of the uninsured balance. Market values of all cash and deposits approximate the cost of those assets.

Custodial Credit Risk. Custodial credit risk is the risk that in the event of a bank failure, the County's deposits may not be returned to it. The County Investment Policy states that all banks in which San Juan County funds in excess of \$250,000 are deposited will be required to enter into a Collateral Security Agreement. The Collateral Security Agreement further states that should a bank fail at any time to maintain adequate collateral as required by the agreement, the County shall be given written notice of such failure,

insolvency, or breach by the bank, and the bank shall have three days to cure such failure, insolvency, or breach. In the event the bank fails to cure such failure, insolvency, or breach, the County may demand the bank to surrender the above described collateral to the County. According to the Investment Policy, collateral shall be held by an independent third party financial institution acceptable to the County. Securities eligible as collateral are those defined under New Mexico State Law (6-10-16 NMSA 1978). As of June 30, 2017, \$24,843,199 of the County's bank balance of \$26,343,199 was exposed to custodial credit risk as follows:

Uninsured and uncollateralized	\$1,977,966
Uninsured collateral held by pledging bank's trust department not in the County's name	<u>22,865,233</u>

State Statute Section 6-10-10(f), NMSA 1978 authorized the County Treasurer to invest in United States Treasury certificates, United States Treasury bonds or negotiable securities of the United States. The Section also authorizes investments in bonds or negotiable securities of the State of New Mexico or of any county, municipality or school district with the consent of the County Commission. Effective July 1, 1994, State statutes authorized the County to enter into yield maintenance repurchase agreements (overnight deposits). The County's Investment Policy requires all investment securities other than local financial institution CDs to be held in third-party safekeeping by an acceptable institution.

(1) As of June 30, 2017, the New Mexico LGIP AAAM Rated \$2,014,088 [58] day WAM (R); [106] day WAM (F). The WAF (R) indicates the number of days until the floating interest rate Resets, and WAM (F) indicates the number of days to Final maturity. Additional information can be found on the State Treasurer's Office website at www.nmsto.gov.

Interest Rate Risk. The County's Investment Policy requires investment maturities to be scheduled to meet projected cash flow. The policy requires the County to commit investment maturities as follows: (1) No individual security will have a final maturity greater than 4 years and (2) With the exception of CDs and bank deposits, any investment portfolio with marketable securities will have an average weighted maturity or duration of no greater than 1.5-2.0 years and (3) For securities which are peg to a floating interest rate, the next reset date shall be used to determine the effective maturity.

NOTE 3. POOLED CASH AND INVESTMENTS (CONTINUED)

Concentration Credit Risk. The County will diversify use of investment instruments to avoid incurring unreasonable risks inherent in over-investing in specific instruments, individual financial institutions or maturities. The County's Investment Policy specifies that no more than 40% of the portfolio may be invested in any one sector except for U.S. Treasuries and Agencies. It further states that individual holdings of obligors other than those backed by the U.S. Government, its agencies, or its instrumentalities are limited to 5% of the total market value of the portfolio. GAAP requires disclosure when any one issuer is 5% or more of the investment portfolio. The investment in the Federal Home Loan Bank (FHLB) and Federal Home Loan Mortgage Corporation (FHLMC) is 10.77%, marketable certificates of deposit is 18.72%, Government National Mortgage Association (GNMA) is 6.43%, and US treasury securities is 48.41%. The additional concentrations are not considered an additional risk based on the fact that the investments purchased have high credit ratings.

San Juan County entered into a contract with Public Trust Advisors to act as investment advisor for San Juan County. This contracted entity will act as the County's agent in the management of all assets from time to time held in the County's US Bank Account. They have the authority to buy, sell, exchange, convert, and otherwise trade in any securities and place orders for the execution of such securities transactions with or through such brokers, dealers or issuers as Public Trust Advisors may select.

NOTE 4. PROPERTY TAXES

Property taxes are levied and collected by the County. The County recognizes property taxes as revenue on the modified accrual basis. Oil and gas taxes are recognized as revenue when received by the County.

The County bills property taxes on November 1st of each year on the assessed valuation of property located in the County as of the preceding January 1st. Taxes are due and payable in two equal installments on November 10th and April 10th following the levy and become delinquent and subject to lien after December 10th and May 10th.

Based on history, management has determined that an allowance for property taxes is not necessary. The following is the schedule of property taxes receivable in the agency fund:

On November 14, 2012, San Juan County entered into a promissory note with Lower Valley Mutual Domestic Water and Waste Consumers Association to complete the planning and designing of the Lower Valley lagoon decommissioning and lift station hookup project. The amount of the loan was \$86,000 plus interest to be paid in monthly installments of \$716.67. As of June 30, 2017, the balance of the loan receivable was \$46,583.

As a result of financial software implementation during the fiscal year ended June 30, 2017, it was identified that the Alternative Sentencing Department tracked its receivables through a separate financial software that was not reported to the County in prior periods. As a result, the County subsequently incorporated the receivable into its DWI Facilities fund. In evaluation of, and considering the receivables are court mandated to individuals of lesser means, historical collections average approximately 2%. As a result, the County has allowed for a significant portion of the receivable and considered the net amount to be insignificant to the users of the financial statements; therefore, no restatement of the prior year was considered necessary by the County.

Gross Receipts Tax. The gross receipts tax is a tax on persons engaged in business in New Mexico for both tangibles and services. The County portion is determined by the County Commission. The county rate can go as high as 3.0833%. The County’s current rate as of June 30, 2017 is 1.4375%.

There are a number of limitations and restrictions contained in the bond agreements. As of June 30, 2017, the County was in compliance with all significant limitations and restrictions.

Animas-La Plata Project Agreement. The San Juan Water Commission (the SJWC) entered into an agreement with the La Plata Conservancy District (the District) in December, 2008 concerning the construction and operating costs of the Animas-La Plata Project (the Project). The Project allocated water to certain entities and established payment obligations to the Federal Government for each entity to which Project water is allocated. Project construction costs for the District’s portion were estimated at approximately \$4.9 million. Due to the fact that the La Plata Conservancy District has a limited resource/revenue base, the San Juan Water Commission agreed to advance the District’s capital and operation, maintenance, and replacement (OM&R) costs for payment to the Federal Government in order to secure the Project water until contracts have been executed for water allocation through third party water supply contracts.

When all Project waters have been contracted for use and the District receives revenue from the associated contracts, the District will then repay the SJWC all costs advanced including interest at 2% per year. The District has filed an application with the New Mexico Water Trust Board to help pay the required obligation to the Federal Government for Project construction costs. The New Mexico Water Trust Board requires a 10-20% “hard” local-match contribution. This match is covered by the advance from the San Juan Water Commission.

An additional agreement was entered into between San Juan County (the County) and the San Juan Water Commission (the SJWC) in February, 2010. The County agrees to process payments at the request of the SJWC to the United States Bureau of Reclamation for the La Plata Conservancy District’s capital costs for the Project from the Water Reserve Fund. The County also agrees to pay OM&R charges for the Project. When revenues are received from the District’s lease or sale of the Project water, the revenue will first be paid to SJWC for OM&R charges, then 10% of the gross revenues will be paid to SJWC for

overhead expenses and administration costs, and finally, any remaining revenue shall be split 50-50 between the SJWC and the District until the District has repaid all Project capital costs. The payments received from the District shall be credited to the County's Water Reserve Fund. In FY10, a transfer was made from the Water Reserve Fund to the San Juan Water Commission Fund for \$2.6 million, and in FY11, a transfer was made for \$2.0 million. The SJWC remitted the transferred funds to the Bureau of Reclamation on behalf of the La Plata Conservancy District for the Animas-La Plata Project.

The loan for the Animas-La Plata Project is collectible through an estimated 50 year period. Based on the terms of the agreements discussed in the preceding paragraphs, the loan is required to be paid back only upon receipt of collections from the lease or sale of Project water. Due to the extended collection period and the uncertain pledged revenue source, the loan was accounted for as an expenditure in both the Water Reserve Fund and the San Juan Water Commission Fund. No Due To / Due From is recorded for the transaction and is not required for the loan transfer based on the agreement terms and the uncertainty of collection.

NMFA Loan Series 2017: On March 29, 2017, San Juan County signed a loan agreement with the New Mexico Finance Authority in the amount of \$12,010,000, a premium of \$1,758,400, and a blended interest rate of 4.95%. The net loan proceeds, after paying issuance costs of \$174,804, were used to currently refund the San Juan County Subordinate Gross Receipts Tax Revenue Bonds, Series 2008. For the refunding, \$13,595,345 of loan proceeds were deposited to BOKF, NA under the care of the New Mexico Finance Authority, the Escrow Agent. The funds were held by the Escrow Agent in an irrevocable escrow account maintained on behalf of the County in the Escrow Bank until the redemption date of June 15, 2017, at which point the Series 2008 redeemed principal (\$13,340,000) and interest (\$255,346) became due and were paid from the escrow account. As a result of the refunding transaction, the County reduced its total debt service requirements by \$1,330,000, which resulted in an economic gain (difference between the present value of the debt service payments on the old and new debt) of \$1,164,050. The County evaluated the impact on the users of the financial statements, referred to GASB Statement No. 65 paragraph 6, and determined that reporting as a deferred item on the statement of net position would not impact the users of the financial statements; therefore, the deferred item was not reported on the statement of net position.

Total transfers from Capital Replacement Reserve Fund	1,569,163
Transfers from Ambulance Fund to General Fund	<u>47,761</u>
Total Primary Government Transfers	<u><u>\$28,072,192</u></u>

The above due to and due from balances and transfers were made as a result of the County utilizing pooled cash and related expenses being made in one fund and paid from another. In addition, some revenues, such as gross receipts taxes, are recognized in one fund and transferred to other funds to pay for expenditures. For example, the Communications/EMS gross receipts tax revenue is reported within the Communications/EMS Fund. Revenue is then transferred to the two separate Special Revenue Funds, the Communications Authority Fund and the Ambulance Fund, as needed to fund operations.

Resource flows between the primary government and the component units for the year ended June 30, 2017 consisted of the following:

Communications Authority expenditures General Fund revenues	\$ 371,688
San Juan Water Commission expenditures General Fund revenues	143,682
GRT-Communications/EMS Fund expenditures Communications Authority revenues	4,337,703

NOTE 9. RISK MANAGEMENT

The County is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; and natural disasters for which the County carries commercial insurance. The County has established a limited risk management program for workers' compensation and health insurance. Premiums for health insurance are paid into the General Fund by all other funds and are available to pay claims, claim reserves and administrative costs of the health insurance program. Workers' compensation risk management program is included in the General Fund.

As of July 1, 2008, San Juan County began participating in the New Mexico Association of Counties (NMAC) Workers' Compensation Fund. The County is no longer self-insured for workers' compensation. Premiums are paid to the NMAC Workers' Compensation Fund and insurance coverage is provided through NMAC. The premium for July 1, 2016 through June 30, 2017 was \$891,779.

Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. An excess coverage insurance policy covers individual claims in excess of a "stop-loss" amount. Liabilities include an amount for claims that have been incurred but not reported (IBNR's). Claim liabilities are calculated considering the effects of inflation, recent claim settlement trends including frequency and amount of payouts and other economic and social factors. Changes in the balances of claims liabilities during the past three years at June 30 are as follows:

	<u>2015</u>	<u>2016</u>	<u>2017</u>
Unpaid claims, beginning	\$ 854,419	619,297	925,495

There were no individually significant encumbrances for the County's major funds as of June 30, 2017.

San Juan County Communications Authority and San Juan Water Commission's individually significant encumbrances, those greater than \$200,000 for fiscal year ended June 30, 2017 are as follows:

<u>Purpose</u>	<u>Communications Authority</u>	<u>San Juan Water Commission</u>
Backup site upgrade	\$ 209,500	-
Professional services consulting	-	349,912
Total significant encumbrances	\$ <u>209,500</u>	<u>349,912</u>

Contingencies: The San Juan Water Commission entered into an agreement with the United States Department of Interior, the State of Colorado, the State of New Mexico and certain political subdivisions for the cost-sharing and financing of the Animas-La Plata Water project. The project included the construction of reservoirs, pumping and distribution lines and storage facilities to protect and utilize the future municipal and industrial water resources of the cities, county and other public agencies. The San Juan Water Commission executed a joint powers agreement with the County, local municipalities, and ten domestic water users associations agreeing to pay \$12.8 million during construction of the Animas-La Plata Water Project. A non-binding referendum to incur this debt was submitted to and approved by County voters in early 1990. The San Juan Water Commission's portion of the project costs (\$7,492,948 as of 6/30/17) has been paid for through a property tax mil levy. On April 1, 2013, the Animas-La Plata Water

Project was officially transferred from the construction phase to operations with the Animas-La Plata Operation, Maintenance and Replacement Association. However, the Bureau of Reclamation is working on the final reconciliation of all construction costs and billings for the participants. Based upon the final reconciliation, there is the possibility for additional construction costs to close out the construction project.

Lee Acres Landfill: The Environmental Protection Agency (EPA) of the federal government had previously notified the County that the EPA named the County a “Potentially Responsible Party.” The EPA, the Bureau of Land Management and the New Mexico Environment Department (NMED) could have sought to recover an estimated \$8.1 million in costs to clean up a hazardous materials spill at the Lee Acres landfill. However, in September, 2004 a proposed plan based on a Remedial Investigation and Feasibility Study was approved by the EPA and the NMED. The remediation project consisted of 1. Construction completion and capping of landfill soils to prevent leachate using a capillary barrier conceptual design provided by the Department of Energy’s Sandia National Laboratory. 2. Continued monitoring of groundwater monitoring wells. 3. Realignment of County Road 5569 and placement of a fence barrier isolating the road from the Lee Acres Landfill and the capped areas. The County has completed the remediation project and in September, 2005 received an Interim Remedial Action Report for the Lee Acres Landfill prepared by the Department of the Interior, Bureau of Land Management Farmington office. The cost of monitoring is not included in these financial statements. The interim report states that “This project has demonstrated a very successful deployment of a Superfund Closure.”

The first five-year review of the Lee Acres Landfill Superfund Site was completed in June of 2009. This site is on the National Priorities List (NPL – EPA ID# NMD980750020). The remedy actions selected in the June 2004, Record of Decision (ROD) included the construction of a landfill cover, water run-on and run-off controls, institutional controls, and monitored natural attenuation of ground water. The remedy actions resulted in landfill contaminants remaining onsite above levels that would allow for unlimited use and unrestricted exposure. The ROD required a statutory review no less often than each five years after the initiation of the remedial action as defined in the Work Plan to ensure that the remedy is, or will be, protective of human health and the environment. The results of this first five-year review indicate that the remedy actions completed at the site are protective of human health and the environment. The initial construction of the landfill cap and follow-up actions performed appear to be functioning as designed. The site has been maintained sufficiently to protect the landfill cover that has been constructed over the remaining waste.

The Second five-year review of the Lee Acres Landfill Superfund Site was completed in September of 2014. The results of the second five-year review indicate that the remedy

actions performed at the site are considered protective of human health and the environment in the short term. Because manganese levels are not decreasing, the long-term protectiveness of human health and the environment will be achieved when manganese levels decrease, and satisfy the cleanup level established in the ROD. Due to the documentation that all six contaminants of concern regulated by the SDWA have remained below cleanup levels since 2000, and the attainment of the manganese cleanup level is not likely, the BLM recommends that quarterly monitoring of groundwater for a total of eight quarters be initiated in 2015. After completion of quarterly monitoring, the BLM will consult with the EPA and NMED to determine if continued monitoring of the six contaminants of concern regulated by the SDWA is warranted. If manganese levels do not achieve cleanup levels in all monitoring wells, BLM will consult the EPA and NMED to determine if an appropriate regulatory process should be pursued.

Litigation: The County is a defendant in various lawsuits. Although the outcome of the extent of loss of these lawsuits is not presently determinable, in the opinion of the County's legal counsel, any loss as a result of the resolution of these matters is covered by insurance and will not have a material adverse effect on the financial condition of the County.

Grant Compliance: The County receives financial assistance from federal and state sources in the form of grants and entitlements. The disbursements of the funds received are generally limited to specific compliance requirements as specified in the grant agreement. During the period under audit, the County also had their grants audited under the audit requirements of the Uniform Grant Guidance. The federal agencies reserve the right to review the scope of the audit and conduct a follow-up review if deemed necessary. Any disallowed claims resulting from such audits could become a liability of the General Fund or any other applicable County fund. The County, however, believes that liabilities resulting from disallowed claims, if any, will not have a material effect on the County's financial position.

NOTE 11. PENSION PLAN – Public Employees Retirement Association

General Information about the Pension Plan

Plan Description. The Public Employees Retirement Fund (PERA Fund) is a cost-sharing, multiple employer defined benefit pension plan. This fund has six divisions of members, including State General, State Police/Adult Correction Officer, Municipal General, Municipal Police/Detention Officers, Municipal fire, and State Legislative Divisions, and offers 24 different types of coverage within the PERA plan. All assets accumulated may be used to pay benefits, including refunds of member contributions, to any of the plan

members or beneficiaries, as defined by the terms of this plan. Certain coverage plans are only applicable to a specific division. Eligibility for membership in the PERA Fund is set forth in the Public Employees Retirement Act (Chapter 10, Article 11, NMSA 1978).

Except as provided for in the Volunteer Firefighters Retirement Act (10-11A-1 to 10-11A-7, NMSA 1978), the Judicial Retirement Act (10-12B-1 to 10-12B-19, NMSA 1978), the Magistrate Retirement Act (10-12C1 to 10-12C-18, NMSA 1978), and the Educational Retirement Act (Chapter 22, Article 11, NMSA 1978), and the provisions of Sections 29-4-1 through 29-4-11, NMSA 1978 governing the State Police Pension Fund, each employee and elected official of every affiliated public employer is required to be a member in the PERA Fund.

PERA issues a publicly available financial report and a comprehensive annual financial report that can be obtained at <http://saonm.org/> using the Audit Report Search function for agency 366.

Benefits Provided. For a description of the benefits provided and recent changes to the benefits see Note 1 in the PERA audited financial statements for the fiscal year ended June 30, 2016.

Contributions. The contribution requirements of defined benefit plan members and San Juan County (“County”) are established in state statute under Chapter 10, Article 11, NMSA 1978. The contribution requirements may be amended by acts of the legislature. For the employer and employee contribution rates in effect for FY16 for the various PERA coverage options, for both Tier I and Tier II, see the tables available in the note disclosures on page 43 of the PERA FY16 annual audit report at <http://saonm.org/> using the Audit Report Search function for agency 366. The PERA coverage options that apply to the County are: Municipal General Division, Municipal Police Division and Municipal Fire Division. performed as of June 30, 2015. The PERA pension liability amounts for each division were rolled forward from the valuation date to the Plan year ending June 30, 2016, using generally accepted actuarial principles. Therefore, the employer's portion was established as of the measurement date June 30, 2016.

The assets of the PERA fund are held in one trust, but there are six distinct membership groups (municipal general members, municipal police members, municipal fire members, state general members, state police members and legislative members) for whom separate contribution rates are determined each year pursuant to chapter 10, Article 11 NMSA 1978. Therefore, the calculations of the net pension liability, pension expense and deferred Inflows and Outflows were performed separately for each of the membership groups: municipal general members; municipal police members; municipal fire members; state general members; state police members and legislative members. The County's proportion of the net pension liability for each membership group that the employer participates in is based on the employer contributing entity's percentage of that membership group's total employer contributions for the fiscal year ended June 30, 2016. Only employer contributions for the pay period end dates that fell within the period of July 1, 2015 to June 30, 2016 were included in the total contributions for a specific employer. Regular and any adjustment contributions that applied to FY 2016 are included in the total contribution amounts. In the event that an employer is behind in reporting to PERA its required contributions, an estimate (receivable) was used to project the unremitted employer contributions. This allowed for fair and consistent measurement of the contributions with the total population. This methodology was used to maintain consistent measurement each year in determining the percentages to be allocated among all the participating employers.

For PERA Fund Division Municipal General - San Juan County, at June 30, 2017, the County reported a liability of \$41,906,040 for its proportionate share of the net pension liability. At June 30, 2016, the County's proportion was 0.680 percent which increased from its proportion measured as of June 30, 2015 at 0.651 percent.

For the year ended June 30, 2017, the County recognized a PERA Fund Division Municipal General - San Juan County pension expense of \$2,399,419. At June 30, 2017, the County reported PERA Fund Division Municipal General - San Juan County deferred outflows of resources and deferred inflows or resources related to pensions from the following sources:

Actuarial Assumptions. As described above, the PERA Fund member group pension liabilities and net pension liabilities are based on actuarial valuations performed as of June 30, 2015 for each of the membership groups. Then each PERA Fund member group pension liability was rolled forward from the valuation date to the Plan year ending June 30, 2016 using generally accepted actuarial principles. There were no significant events or changes in benefit provisions that required an adjustment to the roll-forward liabilities as of June 30, 2016. These actuarial methods and assumptions were adopted by the Board for use in the June 30, 2016 actuarial valuation.

Actuarial valuation date	June 30, 2015
Actuarial cost method	Entry age normal
Amortization method	Level percentage of pay, open

NOTE 11. PENSION PLAN – Public Employees Retirement Association (Continued)

The long-term expected rate of return on pension plan investments was determined using a statistical analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and most recent best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

ALL FUNDS - Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Global Equity	43.5%	7.39%
Risk Reduction & Mitigation	21.5	1.79
Credit Oriented Fixed Income	15.0	5.77
Real Assets	20.0	7.35
Total	100.0%	

Discount Rate: A select and ultimate rate of return assumption has been adopted funding purposes for the PERA Fund. The rate is 7.25% for the first 10 years (select period) and 7.75% for all other years (ultimate). The equivalent blended rate is 7.48% and will be used as the discount rate used to measure the total pension liability. The projection of cash flows used to determine the discount rate assumed that future contributions will be made in accordance with statutory rates. On this basis, the pension plan’s fiduciary net position together with the expected future contributions are sufficient to provide all projected future benefit payments of current plan members as determined in accordance with GASB Statement No. 67. Therefore, the 7.48% assumed long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County’s proportionate share of the net pension liability to changes in the discount rate. The following tables show the sensitivity of the net pension liability to changes in the discount rate of 7.48 percent. In particular, the tables present the County’s net pension liability in each PERA Fund Division that the County participates in, under the current single rate assumption, as if it were calculated using a discount rate one percentage point lower (6.48%) or one percentage point higher (8.48%) than the single discount rate.

NOTE 12. POST-EMPLOYMENT BENEFITS – State Retiree Health Care Plan

Plan Description: San Juan County contributes to the New Mexico Retiree Health Care Fund, a cost-sharing multiple-employer defined benefit postemployment healthcare plan administered by the New Mexico Retiree Health Care Authority (RHCA). The RHCA provides health care insurance and prescription drug benefits to retired employees of participating New Mexico government agencies, their spouses, dependents, and surviving spouses and dependents. The RHCA Board was established by the Retiree Health Care Act (Chapter 10, Article 7C, NMSA 1978). The Board is responsible for establishing and amending benefit provisions of the healthcare plan and is also authorized to designate optional and/or voluntary benefits like dental, vision, supplemental life insurance, and long-term care policies.

Eligible retirees are: (1) retirees who make contributions to the fund for at least five years prior to retirement and whose eligible employer during that period of time made contributions as a participant in the RHCA plan on the person’s behalf, unless that person retires before the employer’s RHCA effective date, in which event the time period required for employee and employer contributions shall become the period of time between the employer’s effective date and the date of retirement; (2) retirees defined by the Act who retired prior to July 1, 1990; (3) former legislators who served at least two years; and (4) former governing authority members who served at least four years.

The RHCA issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for the postemployment

healthcare plan. That report and further information may be obtained by writing to the Retiree Health Care Authority at 4308 Carlisle Blvd NE, Suite 104, Albuquerque, New Mexico 87107.

Funding Policy: The Retiree Health Care Act (Section 10-7C-13 NMSA 1978) authorizes the RHCA Board to establish the monthly premium contributions that retirees are required to pay for healthcare benefits. Each participating retiree pays a monthly premium according to a service based subsidy rate schedule for the medical plus basic life plan plus an additional participation fee of five dollars if the eligible participant retired prior to the employer's RHCA effective date or is a former legislator or former governing authority member. Former legislators and governing authority members are required to pay 100% of the insurance premium to cover their claims and the administrative expenses of the plan. The monthly premium rate schedule can be obtained from the RHCA or viewed on their website at www.nmrhca.state.nm.us.

The employer, employee and retiree contributions are required to be remitted to the RHCA on a monthly basis. The statutory requirements for the employer and employee contributions can be changed by the New Mexico State Legislature. Employers that choose to become participating employers after January 1, 1998, are required to make contributions to the RHCA fund in the amount determined to be appropriate by the board.

The Retiree Health Care Act (Section 10-7C-15 NMSA 1978) is the statutory authority that establishes the required contributions of participating employers and their employees. For employees that were members of an enhanced retirement plan (state police and adult correctional officer member coverage plan 1; municipal police member coverage plans 3, 4, or 5; municipal fire member coverage plan 3, 4, or 5; municipal detention officer member coverage plan 1; and members pursuant to the Judicial Retirement Act) during the fiscal year ended June 30, 2016, the statute required each participating employer to contribute 2.5% of each participating employee's annual salary; and each participating employee was required to contribute 1.25% of their salary. For employees that were not members of an enhanced retirement plan during the fiscal year ended June 30, 2016, the statute required each participating employer to contribute 2.0% of each participating employee's annual salary; each participating employee was required to contribute 1.0% of their salary. In addition, pursuant to Section 10-7C-15(G) NMSA 1978, at the first session of the Legislature following July 1, 2013, the legislature shall review and adjust the distributions pursuant to Section 7-1-6.1 NMSA 1978 and the employer and employee contributions to the authority in order to ensure the actuarial soundness of the benefits provided under the Retiree Health Care Act.

NOTE 15. RACETRACK LEASE

The County currently has a lease agreement with SunRay Gaming of New Mexico, LLC to operate race track facilities owned by the County. SunRay conducts live horse racing and horse race simulcasting. The original lease was for a 10-year period and was set to expire on September 30, 2007. On September 6, 2006, the County Commission approved extending the lease an additional 10 years to expire on September 30, 2017. On September 22, 2016, the County Commission approved extending the lease an additional 10 years to expire September 2027. The County receives a minimum of \$2 million in rental fees annually or 15% of the net gaming revenue, whichever is greater, for the period July through September 2017. Commencing October 2017, the County will receive \$750,000 annually thru September 2020, \$1,000,000 annually for the period October 2020 thru September 2024 and \$1,250,000 annually for the period October 2024 thru September 2027. Should 7.5% of Sunray’s net racing and gaming revenue exceed the amounts specified, the County will receive the larger sum. NOTE 16. RECENT ACCOUNTING PRONOUNCEMENTS

In June 2015, the Governmental Accounting Standards Board (GASB) issued Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*. The statement's objective is to improve the usefulness of information about postemployment benefits other than pensions (other postemployment benefits or OPEB) included in general purpose external financial reports of state and local governmental OPEB plans for making decisions and assessing accountability. The statement is effective for fiscal years beginning after June 15, 2016. The County has evaluated the statement and concluded that it will affect the New Mexico Retiree Healthcare Authority for reporting in fiscal year 2017; however, it will not affect the County until adoption of Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pension Plans (for governmental entities)*.

In August 2015, GASB issued Statement No. 77, *Tax Abatement Disclosures*. The statement is intended to provide users of governmental financial statements information about certain limitations for a government's ability to raise resources. This includes limitations on revenue raising capacity resulting from government programs that use tax abatements to induce behavior by individuals and entities that is beneficial to the government or its citizens. Tax abatements are widely used by state and local governments particularly to encourage economic development. For financial reporting purposes, this statement defines a tax abatement as resulting from an agreement between a government and an individual or entity in which the government promises to forgo tax revenues and the individual or entity promises to subsequently take a specific action that contributes to economic development or otherwise benefits the government or its citizens. The County adopted this statement for fiscal year ending June 30, 2017. Information related to tax abatement by the County can be found in Note 13 to the financial statements.

In January 2016, GASB issued Statement No. 80, *Blending Requirements for Certain Component Units*. The objective of the statement was to improve financial reporting by clarifying the financial statement presentation requirements for certain component units. The statement applies to component units that are organized as not-for profit corporations in which the primary government is the sole corporate member. The statement is effective for reporting periods beginning after June 15, 2016. The County has evaluated this statement against its reported component units and has determined that the statement will not affect the County as the San Juan Communications Authority and

NOTE 16. RECENT ACCOUNTING PRONOUNCEMENTS (CONTINUED)

San Juan Water Commission are organized under Joint Powers Agreements with different governmental members. As a result, San Juan County is not the sole corporate member.

In March 2016, GASB issued Statement No. 82, *Pension Issues an amendment of GASB Statements No. 67, No. 68, and No. 73*. The objective of this Statement is to address certain issues that have been raised with respect to Statements No. 67, *Financial Reporting for Pension Plans*, No. 68, *Accounting and Financial Reporting for Pensions*, and No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68*, and amendments to certain provisions of GASB Statements 67 and 68. Specifically, this Statement addresses issues regarding (1) the presentation of payroll-related measures in required supplementary information, (2) the employers to satisfy employee (plan member) contribution requirements. The County has adopted this statement for fiscal year ending June 30, 2017.

NOTE 17. NEW ACCOUNTING PRONOUNCEMENTS

The following GASB pronouncements have been issued, but are not yet effective at June 30, 2017.

- GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. The requirements of this statement will take effect for financial statements starting with the fiscal year that ends June 30, 2018.
- GASB Statement No. 81, *Irrevocable Split-Interest Agreements*. The requirements of this statement will take effect for financial statements starting with the fiscal year that ends December 31, 2017.
- GASB Statement No. 82, *Pension Issues an amendment of GASB Statements No. 67, No. 68, No. 73*. Effective for the County in the first reporting period in which the measurement date of the pension liability is on or after June 15, 2017.
- GASB Statement No. 83, *Certain Asset Retirement Obligations*. Effective for fiscal years beginning after June 15, 2018.
- GASB Statement No. 84, *Fiduciary Activities*. Effective for fiscal years beginning after December 15, 2018.
- GASB Statement No. 85, *Omnibus 2017*. Effective for fiscal years beginning after June 15, 2017.
- GASB Statement No. 86, *Certain Debt Extinguishment Issues*. Effective for fiscal years beginning after June 15, 2017.
- GASB Statement No. 87, *Leases*. Effective for fiscal years beginning after December 15, 2019.

The County will implement the new GASB pronouncements in the fiscal year no later than the required effective date.

SAN JUAN COUNTY, NEW MEXICO
GENERAL SUB FUNDS
JUNE 30, 2017

GENERAL FUND

The General Fund is used to account for and report all financial resources not accounted for and reported in another fund.

The County has established the following sub funds to assist in the accounting and management of the County's financial records. As evidenced in the below, the County's fund structure has changed as a result of implementation of a new ERP system. Fund numbers presented in prior financial statements correspond to the new fund numbers below. The County's General Fund includes all of the following sub funds:

- General Sub Fund 100
- Appraisal Fund 101
- Road Fund 102
- Healthcare Assistance Fund 103
- Risk Management Fund 104
- Major Medical 105

General Sub Fund. To account for the County's primary operations and financial resources of the general government not accounted for and reported in another fund.

Appraisal Fund. This account consists of revenue based on a 1% administrative fee received by the County Treasurer prior to revenue distribution. Expenditures are pursuant to property valuations by the County Assessor. This fund was created in accordance with state statute section 7-38-38.1 NMSA compilation.

Road Fund. To account for the maintenance and operations of all roads in San Juan County. Services also include traffic control, community resources, vector control, and maintenance shop.

Healthcare Assistance Fund. To provide for the provision of health care to indigent patients domiciled in San Juan County. This fund was established in accordance with, and under the authority of the Indigent Hospital and County Health Care Act, Chapter 27, Article 5 NMSA 1978.

Risk Management Fund. To evaluate and secure appropriate liability and property insurance coverage for all County operations. This fund also administers the Workers' Compensation Program.

Major Medical Fund. To account for the costs of providing medical and dental insurance coverage for the employees of San Juan County through an adopted and approved IRS 125 benefit plan.

GROSS RECEIPTS TAX COMMUNICATIONS/EMS COMBINING FUND

Under GASB Statement 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, the Gross Receipts Tax-Communications/Emergency Medical Services Fund is now combined with the Ambulance Fund.

The County has established the following sub funds to assist in the accounting and management of the County's financial records. The County's Gross Receipts Tax-Communications/EMS fund includes the following sub funds:

Ambulance Fund 205

Gross Receipts Tax-Communications/EMS 206 (previously 226)

Gross Receipts Tax-Communications/Emergency Medical Services. To account for the three-sixteenths of one percent Emergency Communications and Emergency Medical Services gross receipts tax collected county wide. The fund was created by authority of state statute (see Section 7-20E-11, NMSA 1978 Compilation).

The *Ambulance Fund* is used to account for funds spent on ambulance and paramedic services in the County operated by San Juan Regional Medical Center. Funding is provided by a portion of the three-sixteenths of one percent Emergency Communications/ Emergency Medical Services gross receipts tax in accordance with state statute (Section 7-20E-11 NMSA 1978 Compilation).

SPECIAL REVENUE FUNDS

Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The creation of special revenue funds is authorized by the County Commission.

Solid Waste Fund. To account for the operation and maintenance of solid waste compactor stations in the County. Funding is provided by one-eighth of one percent gross receipts tax in unincorporated areas of the County. The fund was created by authority of state statute (see Section 7-20B-3, NMSA 1978 Compilation).

Emergency Medical Services Fund. To account for funds spent on ambulance and paramedic services in the County through the various volunteer fire districts. Funding is provided by a state grant. This fund was created by authority of state statute (see Section 24-10A-6, NMSA 1978 Compilation).

Farm and Range Fund. To account for the activities of predator and environmental controls for the area ranches. Funding is provided by a State Grazing Grant. The fund was created by authority of state statute (see Section 6-11-6, NMSA 1978 Compilation).

Hospital Gross Receipts Tax. To account for funds collected from the one-eighth of one percent Local Hospital Gross Receipts Tax in accordance with state statute (Section 7-20C-3 NMSA 1978 Compilation) and County Ordinance Number 57. The funds are currently being used to make the debt service payments on the bonds issued for the hospital construction project.

Law Enforcement Protection Fund. To account for funds expended for capital outlays, travel and training of the Sheriff's department. Funding is provided from a state grant. The fund was created by authority of state statute (see Section 29-13-4, NMSA Compilation).

Criminal Justice Training Authority Fund. To account for the operation of the Criminal Justice Training Authority which provides defensive driving courses and other certified instructor trainings on behalf of San Juan County. Funding is established through a Joint Powers Agreement between San Juan County, City of Farmington, City of Bloomfield, City of Aztec, and the State of New Mexico Department of Public Safety. San Juan County became the fiscal agent on January 1, 2011.

SPECIAL REVENUE FUNDS (CONTINUED)

Riverview Golf Course Fund. To account for the operations of the Riverview Golf Course acquired from Central Consolidated School District No. 22 in March, 2010. Funding is provided by golf course fees along with a transfer from the General Fund.

Recreation Fund. To account for the operation of youth-centered recreation projects such as amateur baseball. Funding is provided by the County's share of the State Cigarette Tax. The fund was created by authority of state statute (see Section 7-12-15, NMSA Compilation).

Intergovernmental Grants Fund. To account for the operations of various state and federal grants. Funding is provided by state and Federal grants and local governments. Authority for creation of the fund was by County Resolution.

Health Care Fund. To account for the one-eighth of one percent gross receipts tax for support of indigent patients. Funding is provided by gross receipt taxes county-wide. The fund was created by authority of state statute (see Section 7-20E-9, NMSA 1978 Compilation).

Fire Excise Tax Fund. To account for funds expended for operations (excluding wages/benefits) and capital outlay for volunteer fire districts and ambulance services. Funding is provided by a one-fourth of one percent gross receipts tax collected from unincorporated areas within the County. The fund was created by authority of state statute (see Section 7-20E-15 & 16, NMSA 1978 Compilation).

County Clerk's Recording Fees Fund. Authorized by the State legislature to allow County Clerk's offices to charge a fee for filing and recording documents to be used specifically for new equipment and employee training using this equipment. The fund was created by authority of state statute (see Section 14-8-12.2, NMSA 1978 Compilation).

Fire Districts Fund. To account for operations and maintenance of the volunteer fire districts in the County. Funding is provided by allotments from the State Fire Marshal's office. The following individual fire districts comprise the Fire District Fund: Valley Fire, Cedar Hill, Flora Vista, La Plata, Blanco, Lee Acres, Center Point, Hart Valley, Sullivan Road, Navajo Dam, and Dzilh-Na-O-Dith-Hle. The fund was created by authority of state statute (see Section 59A-53, NMSA 1978 Compilation).

Housing Authority Fund. To account for funds expended for low-income housing assistance. Funding is provided from the United States Department of Housing and Urban Development. The fund was created to account for grant activity under the contract with HUD. Authority for creation of the fund is by County Resolution.

SPECIAL REVENUE FUNDS (CONTINUED)

Water Reserve Fund. To account for the mill levy implemented by the County in accordance with the San Juan Water Commission joint powers agreement. The County currently has implemented a .5 mill levy for this purpose.

Gross Receipts Tax Reserve Fund. To account for the 25% of the first one-eighth of one percent gross receipts tax as required by state statute. Funding is provided by gross receipts taxes county-wide. The fund was created by authority of state statute (see Section 7-20E-11, NMSA 1978 Compilation).

Juvenile Services. To account for funds expended for the operation of a County juvenile detention facility. Revenues come from a County-wide one-eighth of one percent gross receipts tax. The fund was created by authority of state statute (see Section 7-20E-11, NMSA 1978 Compilation).

CAPITAL PROJECTS FUNDS

Capital projects funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets. Capital projects funds exclude those types of capital-related outflows financed by proprietary funds or for assets that will be held in trust for individuals, private organizations, or other governments.

CDBG Project Fund. County management established this fund to account for projects using Community Development Block Grants. The most recent project is the Lower Valley Senior Center.

The *Hospital Construction Project* to account for the San Juan Regional hospital expansion project using bond proceeds as well as state funding.

Capital Replacement Fund. County management established this fund to account for various capital replacement projects.

The *Capital Replacement Reserve Fund* to account for funds reserved for capital replacements and capital projects. One-time revenues are transferred into this reserve fund for one-time expenditures.

Road Construction Fund. County management established this fund to account for the construction of roads.

RECONCILIATION OF THE STATEMENTS OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES - COMMUNICATIONS AUTHORITY
TO THE STATEMENT OF ACTIVITIES
Fiscal Year Ended June 30, 2017

	<u>Component Unit</u>
Amounts reported for Communications Authority in the statement of activities are different because:	<u>Communications Authority</u>
Net changes in fund balances total governmental fund	\$ (29,114)
Governmental funds report capital outlay as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceed depreciation in the current period.	(114,314)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	(8,300)
The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. This amount is the net effect of these differences in the treatment of long-term debt and related items.	
The following table represents the changes in long-term debt for the fiscal year:	
Change in compensated absences	5,664

AND CHANGES IN FUND BALANCES - SAN JUAN WATER COMMISSION
TO THE STATEMENT OF ACTIVITIES

	<u>Component Unit</u>
Amounts reported for San Juan Water Commission in the statement of activities are different because:	<u>San Juan Water Commission</u>
Net changes in fund balances total governmental fund	\$ 532,375
Governmental funds report capital outlay as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceed depreciation in the current period.	(5,223)
The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. This amount is the net effect of these differences in the treatment of long-term debt and related items.	
The following table represents the changes in long-term debt for the fiscal year:

(1) Taxable assessed values are established by the San Juan County Assessor for locally assessed property, and by the State of New Mexico Taxation and Revenue Department, Audit and Compliance Division (oil and gas equipment and production), and Property Tax Division (state assessed property). The last reappraisal for locally assessed property occurred in 2017.

Note: Total taxable assessed value is calculated as 1/3rd of estimated actual value. For additional information, refer to Note 4 - Property Taxes in the Notes to Financial Statements.

**Starting in Tax Year 2011 the Personal Property - Non-Residential Agriculture will be included in the Non-Agriculture total per the Assessor's Office

Sources: Population, Per Capita Personal Income, and Unemployment Rate provided by the New Mexico Department of Labor. School Enrollment provided by the New Mexico Department of Education. Median age is statewide and is provided by the State of New Mexico.

(1) Computation of per capita personal income multiplied by population.

(2) Information not available.

(3) The State of New Mexico stopped providing median age information after FY2010. We began using the US Census Bureau median age statistics, thus the slight difference in year to year reporting comparisons.

Note: The US Census Bureau restated the Population and Per Capita numbers for the years 2001-2006 as a result of a measurement modification. This change reflects how "internal migration" or migration from county to county is measured.

Source: Information provided by individual San Juan County departments.

Note: The County began reporting operating indicators information starting in fiscal year 2005.

(1) Years 2005, 2007, 2009 and 2011 were reappraisal years; all properties were reappraised. Years 2006, 2008, 2010 were maintenance years. Reappraisals were previously done every other year. Beginning in 2012, reappraisals will be done on an annual basis.

(2) The number of calls responded to were recorded on a calendar year for 2006. For year 2006, actual number of calls were 4,899 through Sept. 2006. The remainder of the year was based on the average calls per month. The number of fire calls may vary from year to year depending on climate conditions.

(3) The number of inmate hours worked is based on a calendar year and does not include community service assignments.

(4) The Emergency Crisis Shelter opened in January 2005. Full year of data not available.

(5) The Residential Treatment Center data was collected on a calendar year basis for 2006. The actual number of juveniles served through September 2006 was 36. The remainder of the year was calculated based on the average juveniles assisted per month.

(6) Prior to 2008, the information collected for the Sheriff's Department was recorded on a calendar year basis.

(7) Starting in FY07, the GIS Web Portal on the San Juan County Web site allows the public to print their own maps. Request for maps should decrease in subsequent years.

(8) The 2005 Adult Misdemeanor Compliance numbers were updated from N/A to 708. All the numbers were updated for 2006 as follows: Adult misdemeanor was 564, updated to 570; DWI treatment was 534, updated to 535; and Jail based Meth Treatment was N/A, updated to 12. The 2008 Adult misdemeanor was 902, updated to 890. These adjustments were made due to Compliance.

(9) Data for new addresses issued, voluntary program cleanups, and cleanup yards to landfill was added in FY10.

(10) Riverview Golf Course was acquired by the County March 16, 2010. No data available for FY10.

**SAN JUAN COUNTY, NEW MEXICO
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED JUNE 30, 2017**

NOTE 1. BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal award activity of San Juan County ("County") under programs of the federal government for the year ended June 30, 2017. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the County, it is not intended and does not present the financial position or changes in net position of the County.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts, if any, shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. The County has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the County Commission
San Juan County
and Mr. Wayne Johnson
New Mexico State Auditor

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information, the budgetary comparisons of the general fund and major special revenue funds of San Juan County (the "County"), as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated November 28, 2017.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that is required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Albuquerque, New Mexico

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY UNIFORM GUIDANCE**

To the County Commission
San Juan County
and Mr. Wayne Johnson
New Mexico State Auditor

Report on Compliance for Each Major Federal Program

We have audited the San Juan County's (the "County") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended June 30, 2017. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2017.

Report on Internal Control over Compliance

Management of the County, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
