INDEPENDENT AUDITOR'S REPORT

To the County Manager and County Commissioners Socorro County Socorro, New Mexico and Hector Balderas New Mexico State Auditor

Report on Financial Statements

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, the aggregate remaining fund information, and the budgetary comparisons for the general fund and major special revenue funds of Socorro County (the County), as of and for the year ended June 30, 2014, and the related notes to the financial statements which collectively comprise the County's basic financial statements as listed in the table of contents. We also have audited the financial statements of each of the County's nonmajor governmental, fiduciary funds, and the budgetary comparisons for the major capital project and debt service funds, and all nonmajor funds presented as supplementary information, as defined by the Government Accounting Standards Board, in the accompanying combining and individual fund financial statements as of and for the year ended June 30, 2014, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of El Camino Real Housing Authority or Socorro Villages, which represents 6%, 3% and 25% respectively, of the assets, net position, and revenues of Socorro County. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for El Camino Real Housing Authority and Socorro Village, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion.

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

2500 9th St. NW, Albuquerque, NM 87102

Telephone: 505.883.8788

www.HL-cpas.com

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the County, as of June 30, 2014, and the respective changes in financial position and the respective budgetary comparisons for the general fund and major special revenue funds for the year then ended in accordance with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each nonmajor governmental and fiduciary fund of the County as of June 30, 2014, and the respective changes in financial position and the respective budgetary comparisons for the major capital project fund and debt service funds, and all nonmajor funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 17 to the financial statements, the 2014 financial statements have been restated to correct a misstatement. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Management has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America requires to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by the missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the County's financial statements, the combining and individual fund financial statements, and the budgetary comparisons. The Schedule of Expenditures of federal awards as required by Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and the other schedules listed as "other supplemental information" and supporting schedules in the table of contents, required by 2.2.2. NMAC are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Schedule of Expenditures of federal awards and other schedules listed as "other supplemental information" in the table of contents, required by 2.2.2 NMAC are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with the auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures and other schedules listed as "other supplemental information" in the table of contents required by 2.2.2 NMAC are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated December 3, 2014 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the County's internal control over financial reporting and compliance.

inkle & Zandeus, P.C. Hinkle + Landers, PC Albuquerque, New Mexico

GOVERNMENTAL FUNDS

RECONCILIATION OF THE BALANCE SHEET TO THE STATEMENT OF NET POSITION FOR THE YEAR ENDED JUNE 30, 2014

Amounts reported for governmental activities in the Statement of Net Position are different because:

| Fund balances - total governmental funds | \$ | 15,009,656 |
|---|----|-------------|
| Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds | | 22,791,419 |
| Delinquent property taxes not collected within sixty days after year end are not considered "available" revenues and are considered to be unavailable revenue in the fund financial statements, but are considered revenue in the Statement of Activities | | 716,260 |
| Certain liabilities, including bonds payable, notes payable, and current and long-term portions of accrued compensated absences, are not due and payable in the current period and, therefore, are not reported in the funds: | | |
| Accrued interest payable | | (58,217) |
| Bond underwriter premiums, net of accumulated amortization | | (60,960) |
| Compensated absences not due and payable | | (138,338) |
| Notes and bonds payable | | (8,734,924) |
| Landfill closure and post-closure liability | _ | (63,250) |
| Net position - governmental activities | \$ | 29,461,646 |

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED JUNE 30, 2014

Amounts reported for governmental activities in the Statement of Activities are different because:

| NEUCHARRE III TURU DAIARUES - LOLAI ROVERTIIIIERIAI TURUS — 500.71 | Net change in fund balances - total s | governmental funds | \$ 5 | 66,716 |
|--|---------------------------------------|--------------------|------|--------|
|--|---------------------------------------|--------------------|------|--------|

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense:

| Capital expenditures | 994,445 |
|------------------------------------|-------------|
| Depreciation expense | (2,221,982) |
| Loss on disposal of capital assets | (350,973) |

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenue in the funds:

| Change in unavailable revenue related to property taxes receivable | 19,561 |
|--|-----------|
| Change in unavailable revenue related to other receivables | (208,821) |

The issuance of long-term debt (e.g. bonds, notes, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities:

| Increase in accrued compensated absences not due and payable | (31,281) |
|--|-------------|
| Increase in accrued interest payable | (10,289) |
| Amortization of bond premiums | 3,790 |
| Bond and loan proceeds | (1,120,449) |
| Principal payments on bonds | 280,000 |
| Principal payments on notes and loans payable | 306,160 |
| Principal payments on landfill liability | 5,500 |
| | |

| Restatement related | l to grant receival | oles (| (223,703) |
|---------------------|---------------------|--------|-----------|
| | | | |

| Cł | lange in net position of | governmenta | l activities | \$ (| (1,991,326) |
|----|--------------------------|-------------|--------------|------|-------------|

Notes to Financial Statements For the Year Ended June 30, 2014

NOTE 1. Summary of Significant Accounting Policies

Socorro County is a political subdivision of the State of New Mexico established under the provision of Section 14-14-1 of NMSA, 1978 Compilation and regulated by the Constitution of the State of New Mexico. The County operates under a Board of County Commissioners-manager form of government and provides the following services as authorized by public law: public safety (sheriff, fire, emergency medical, etc.), roads, health and social services, recreation, sanitation, planning and zoning, property assessment, tax collection and general administrative services.

Socorro County is a body politic and corporate under the name and form of government selected by its qualified electors. The County may:

- 1. Sue or be sued;
- 2. Enter into contracts and leases;
- 3. Acquire and hold property, both real and personal;
- 4. Have a common seal, which may be altered at pleasure;
- 5. Exercise such other privileges that are incident to corporations of like character or degree that are not inconsistent with the laws of New Mexico.
- 6. Protect generally the property of its county and its inhabitants;
- 7. Preserve peace and order within the county; and
- 8. Establish rates for services provided by the County utilities and revenue-producing projects, including amounts which the governing body determines to be reasonable in the operation of similar facilities.

This summary of significant accounting policies of Socorro County is presented to assist in the understanding of Socorro County's financial statements. The financial statements and notes are the representation of Socorro County's management who is responsible for their integrity and objectivity. The financial statements of the County have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental entities.

During the year ended June 30, 2014, the County adopted GASB Statements No. 65, Items Previously Reported as Assets and Liabilities, which establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities. The implementation of GASB Statement No. 65 has impacted the County by reclassifying unearned revenues—property taxes as a deferred inflow of resources and removing previously recorded bond issuance costs and related accumulated amortization through a restatement as more fully described in Note 17.

A. Financial Reporting Entity

In evaluating how to define the County, for financial reporting purposes, management has considered all potential component units. The decision to include any potential component units in the financial reporting entity was made by applying the criteria set forth in GASB Statement No. 14, as amended by GASB Statement No. 39 and GASB Statement No. 61. Blended component units, although legally separate entities, are in substance part of the government's operations. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the government.

The basic-but not the only-criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters.

A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity benefits the government and/or its citizens.

Notes to Financial Statements For the Year Ended June 30, 2014

A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the government is able to exercise oversight responsibilities. Finally, the nature and significance of a potential component unit to the primary government could warrant its inclusion within the reporting entity.

Discretely Presented Component Unit

El Camino Real Housing Authority (formerly Socorro County Housing Authority) (The Authority) has been determined to be a component unit of the County that should be discretely presented in the County's financial statements pursuant to the criteria described above. Socorro Village is a component unit of the Authority that should be discretely presented in the Authority's financial statements pursuant to the criteria described above. The Authority and the Village were audited by another auditor and have separately issued financial statements and all exhibits, schedules, and footnotes are included in their financial statements. The County has departed from U.S. Generally Accepted Accounting Principles (GAAP) and has not included the component unit's activities within the County's financial report. The component unit's activities and additional information regarding the Housing Authority and Socorro Village's separate audit report for the period ended June 30, 2014 may be obtained from their administrative office as follows: Housing Authority of Socorro County, PO Box 00, Socorro, NM 87801

B. Government-wide and fund financial statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. The County does not have any *business-type activities*.

The Statement of Net Position and the Statement of Activities were prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets and liabilities resulting from non-exchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, Accounting and Financial Reporting for Non-exchange Transactions.

In the government-wide Statement of Net Position, the governmental column (a) is presented on a consolidated basis by column, (b) and is reported on a full accrual, economic resource basis, which recognize all long-term assets and receivables as well as long-term debt obligations. The County's net position are reported in three parts – net investment in capital assets; restricted net position; and unrestricted net position.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Notes to Financial Statements For the Year Ended June 30, 2014

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

C. Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements of time, reimbursement and contingencies imposed by the provider are met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period, subject to the availability criterion. Sales and use taxes are classified as derived tax revenues and are recognized as revenue when the underlying exchange takes place and the revenues are measurable and are subject to the availability criterion. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

Program revenues included in the if so Statement of Activities are derived directly from the program itself or from parties outside the County's taxpayer or citizenry, as a whole; program revenues reduce the cost of the function to be financed from the County's general revenues. Program revenues are categorized as (a) charges for services, which include revenues collected for fees and use of County facilities, etc., (b) program-specific operating grants, which include revenues received from state and federal sources such as small cities assistance to be used as specified within each program grant agreement, and (c) program-specific capital grants and contributions, which include revenues from state and federal sources to be used for capital projects. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

The County reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. The County does not currently employ indirect cost allocation systems. Depreciation expense is specifically identified by function and included in the direct expense of each function. Interest on general long-term debt is considered an indirect expense and is reported separately on the Statement of Activities.

Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred, all other grant requirements have been met and the availability criterion have been met.

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, then unrestricted resources as they are needed.

Under the requirements of GASB Statement No. 34, the County is required to present certain of its governmental funds as major based upon certain criteria. The major funds presented in the fund financial statements include the following:

The *General Fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Notes to Financial Statements For the Year Ended June 30, 2014

The *Road Special Revenue Fund* is used to account for revenues and expenditures for control of road maintenance. Funding is from state shared revenue. This fund was created by authority of state statutes (see Section 67-4-1, NMSA 1978 Compilation).

The *Jail – Detention Fund Special Revenue Fund* is used to account for proceeds that must be used for operating, maintaining, constructing, purchasing, furnishing, equipping, rehabilitating, expanding or improving a judicial-correctional or county correctional facility or the grounds of a judicial-correctional or county correctional facility, including acquiring and improving parking lots, landscaping, transporting or extraditing prisoners or for the payment of principal and interest on revenue bonds. The authority to create this fund was given by 7-20F-1 through 7-20F-12, NMSA 1978 Compilation.

The General Obligation Bond Debt Service Fund – is used to account for Property Taxes collected and Gross Receipts Taxes intercepted to be used to reduce the County's outstanding G.O. Bond issue. The G.O. Bonds issue was authorized by Socorro County Resolution 99-032. This fund was created by the Board of County Commissioners.

The Legislative Appropriations Capital Projects Fund is used to account for legislative appropriations. Beginning with the 2007 New Mexico Legislative Session, all legislative appropriations are coded to this fund with each legislative appropriation given its own revenue and expense line item. Recording all legislative appropriations to one fund will make it easier to track the funding/reimbursement status of each project. Also any other state grants deemed necessary to run through this fund to track individually. This fund was created by, and is utilized at the discretion of, the Board of County Commissioners.

Additionally, the government reports the following agency fund:

Fiduciary funds are purely custodial (assets equal liabilities) and do not involve measurement of results of operations. The County's fiduciary fund is used to account for the collection and payment of property taxes and special fees to other governmental agencies.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

D. Assets, Liabilities, Deferred Inflows, and Net Position or Fund Equity

Deposits and Investments

The County's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

State statutes authorize the County to invest in Certificates of Deposit, obligations of the U.S. Government, and the State Treasurer's Local Government Investment Pool (LGIP).

Investments for the County are reported at fair value.

Receivables and Payables

Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting funds and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental funds are netted as part of the reconciliation to the government-wide financial statements.

Notes to Financial Statements For the Year Ended June 30, 2014

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible. In the government-wide and governmental fund financial statements, property taxes are recorded as revenue when levied net of estimated refunds and uncollectable amounts.

Property taxes are levied on November 1 based on the assessed value of property as listed on the previous January 1 and are due in two payments by November 10th and April 10th. Property taxes uncollected after May 10th are considered delinquent. The taxes attach as an enforceable lien on property as of January 1st.

Prepaid Expenses

Prepaid expenses include insurance and contract payments to vendors and reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide financial statements and fund financial statements.

Restricted Assets

Restricted assets consist of those funds expendable for operating purposes but restricted by debt service and capital outlay projects as to the specific purpose for which they may be expended.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Socorro County was a phase III government for purposes of implementing GASB 34. Therefore, the County was not required to report its major general infrastructure assets retroactively to June 30, 1980. However, the County has elected to make the restatement for infrastructure assets retroactive to June 30, 1980, in order to implement GASB 34. Information Technology Equipment including software is being capitalized and included in furniture, fixtures and equipment in accordance with NMAC 2.20.1.9 C (5). Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. No interest was included as part of the cost of capital assets under construction.

Property, plant, and equipment of the primary government are depreciated using the straight line method over the following estimated useful lives:

| Asset Type | Years |
|----------------------------|--------------|
| Buildings and improvements | 20-40 |
| Equipment | 5-20 |
| Infrastructure | 50 |
| Other improvements | 20 |

Accrued Expenses

Accrued expenses are comprised of the payroll expenditures based on amounts earned by the employees through June 30, 2014, along with applicable PERA, Social Security Taxes, and Medicare payable.

Notes to Financial Statements For the Year Ended June 30, 2014

Deferred Inflows of Resources

In addition to liabilities, the balance sheet reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. Revenue must be susceptible to accrual (measurable and available to finance expenditures of the current fiscal period) to be recognized. If assets are recognized in connection with a transaction, but those assets are not yet available to finance expenditures of the current fiscal period, then the assets must be offset by a corresponding liability for deferred inflows of resources. The County has only one type of item, which arises under the modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, unavailable revenue - property taxes, is reported only in the governmental funds balance sheet. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The County has recorded \$716,260 as a deferred inflow related to property taxes considered "unavailable".

Compensated Absences

Qualified employees are entitled to accumulate annual leave of ten to thirty days per year according to a graduated leave schedule. The number of days accumulated depends on length of service. Employees may accumulate up to two hundred eighty hours (thirty-five days) of annual leave and carry that leave forward from calendar year to calendar year. Upon termination, employees will be paid for up to two hundred eighty hours of accrued annual leave.

Qualified employees are entitled to accumulate sick leave at a rate of ten days per year. Sick leave can be carried over from year to year at no limitation. Upon termination, employees receive no pay for sick time accumulated. Accrued sick leave greater than two hundred forty hours may be converted to cash at a percentage based upon the number of years the employee has worked for the County.

Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. In prior years, substantially all of the related expenditures have been liquidated by the general fund. Amounts of vested or accumulated vacation leave that are not expected to be liquidated with expendable available financial resources are reported in the government-wide statement of net position.

Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities. Bond premiums and discounts will be deferred and amortized over the life of the bonds using the effective interest method or straight-line if the difference is inconsequential for bonds issued after the County implemented GASB Statement No. 34. For fund financial reporting, bond premiums and discounts, as well as issuance costs, are recognized in the period the bonds are issued. Bond proceeds are reported as an other financing source, net of the applicable premium or discount. Bond issuance costs have been removed and will be considered a restatement of beginning equity for the implementation of GASB 65, *Items Previously Reported as Assets and Liabilities*.

Fund Balance Classification Policies and Procedures

The County has implemented GASB No. 54 and has defined the various categories reported in fund balance. For committed fund balance, the County's highest level of decision-making authority is the County Commission. The formal action that is required to be taken to establish a fund balance commitment is the County Commission.

For assigned fund balance, the County Commission or an official or body to which the County Commission delegates the authority is authorized to assign amounts to a specific purpose. The authorization policy is in governmental funds other than the general fund, assigned fund balance represents the amount that is not restricted or committed. This indicates that resources in other governmental funds are, at a minimum, intended to be used for the purpose of that fund.

Notes to Financial Statements For the Year Ended June 30, 2014

For the classification of fund balances, the County considers restricted or unrestricted amounts to have been spent when an expenditure is incurred for the purposes for which both restricted and unrestricted fund balance is available. Also for the classification of fund balances, the County considers committed, assigned, or unassigned amounts to have been spent when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

Non-spendable Fund Balance

At June 30, 2014, the County had non-spendable fund balance categorized in the governmental funds balance sheet in the amount of \$179,517 as detailed on pages 18-19.

Restricted and Committed Fund Balance

At June 30, 2014, the County has presented restricted fund balance on the governmental funds balance sheet in the amount of \$8,373,548 for various County operations as restricted by enabling legislation. The County has also presented committed fund balance on the governmental funds balance sheet in the amount of \$1,928,947 in order to provide services throughout the County. The details of these fund balance items are located on the governmental funds balance sheet as identified in the table of contents.

Minimum Fund Balance Policy

The County's policy for maintaining a minimum amount of fund balance for operations is to minimize any sudden and unplanned discontinuity to programs and operations and for unforeseen contingencies. At a minimum, the budget shall ensure that the County holds cash reserves of 3/12th the General Fund expenditures and cash reserves of 1/12th the Road Special Revenue Fund. At June 30, 2014, the County had \$1,206,639 as minimum fund balance.

Net Position

Equity is classified as net position and displayed in three components:

- a. Net investment in capital assets: Net position invested in capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. The County has \$6,286,249 in unspent bond and note proceeds as of June 30, 2014.
- b. Restricted net position: Consist of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulation of other governments; or (2) law through constitutional provisions or enabling legislation. Descriptions for the related restrictions for net position restricted for "special revenue, debt service, and capital projects" are listed in the table of contents.
- c. Unrestricted net position: All other net position that do not meet the definition of "restricted" or "net investment in capital assets."

Interfund Transactions

Quasi-external transactions are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed.

All other interfund transactions, except quasi-external transactions and reimbursements, are reported as transfers. Nonrecurring or non-routine permanent transfers of equity are reported as residual equity transfers. All other interfund transfers are reported as operating transfers.

Notes to Financial Statements For the Year Ended June 30, 2014

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. Significant estimates for the County are management's estimate of depreciation on assets over their estimated useful lives, remaining landfill closure and post-closure costs, allowance for uncollectables, and the current portion of accrued compensated absences.

NOTE 2. Stewardship, Compliance and Accountability

Budgetary Information

Annual budgets of the County are prepared prior to June 1 and must be approved by resolution of the County Commissioners, and submitted to the Department of Finance and Administration for State approval. Once the budget has been formally approved, any amendments must also be approved by the County Commissioners and the Department of Finance and Administration. A separate budget is prepared for each fund. Line items within each budget may be over-expended; however, it is not legally permissible to over-expend any budget in total by fund.

These budgets are prepared on the Non-GAAP budgetary basis. Budgetary basis expenditures exclude encumbrances. The budget secures appropriations of funds for only one year. Carryover funds must be reappropriated in the budget of the subsequent fiscal year.

The budgetary information presented in these financial statements has been properly amended by the County Commissioners in accordance with the above procedures.

| | Excess (deficiency) of revenues over expenditures | | | |
|--|---|---------------|----|-----------------|
| | Original Budget | | | Final Budget |
| Budgeted Funds: | 01 | iginai buuget | | Duaget |
| General Fund | \$ | 550,234 | \$ | 1,360,385 |
| Road Special Revenue Fund | \$ | 39,642 | \$ | (154,844) |
| Jail - Detention Fund Special Revenue Fund | \$ | (755,130) | \$ | (912,704) |
| General Obligation Bond Debt Service Fund | \$ | 400,000 | \$ | 467,103 |
| Legislative Appropriations Capital Projects Fund | \$ | (5,330,549) | \$ | (601,383) |
| Other Governmental Funds | \$ | (1,050,517) | \$ | (1,187,286) |

The accompanying Statements of Revenues, Expenditures and Changes in Fund Balance – Budget (Non-GAAP Budgetary Basis) and Actual present comparisons of the legally adopted budget with actual data on a budgetary basis.

Since accounting principles applied for purposes of developing data on a budgetary basis differ significantly from those used to present financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) a reconciliation of resultant basis, perspective, equity and timing differences in the excess (deficiency) of revenues and other sources of financial resources for the year ended June 30, 2014 is presented. Reconciliations between the Non-GAAP budgetary basis amounts and the financial statements on the GAAP basis by fund can be found on each individual budgetary statement.

NOTE 3. Deposits and Investments

State statutes authorize the investment of County funds in a wide variety of instruments including certificates of deposit and other similar obligations, state investment pool, money market accounts, and United States

Notes to Financial Statements For the Year Ended June 30, 2014

Government obligations. All invested funds of the County properly followed State investment requirements as of June 30, 2014.

Deposits of funds may be made in interest bearing or non-interest bearing checking accounts in one or more banks or savings and loan associations within the geographical boundaries of the County. Deposits may be made to the extent that they are insured by an agency of the United States or collateralized as required by statute. The financial institution must provide pledged collateral for 50% of the deposit amount in excess of the deposit insurance.

The rate of interest in non-demand interest-bearing accounts shall be set by the State Board of Finance, but in no case shall the rate of interest be less than one hundred percent of the asked price on United States treasury bills of the same maturity on the day of deposit.

Excess funds may be temporarily invested in securities which are issued by the State or by the United States government, or by their departments or agencies, and which are either direct obligations of the State or the United States or are backed by the full faith and credit of those governments.

By operation of federal law, beginning January 1, 2013, funds deposited in a noninterest-bearing transaction account (including an Interest on Lawyer Trust Account) no longer will receive unlimited deposit insurance coverage by the FDIC. Beginning January 1, 2013, all of the County's accounts at an insured depository institution, including all noninterest-bearing transaction accounts, will be insured by the FDIC up to the Standard Maximum Deposit Insurance Amount of \$250,000.

Custodial Credit Risk – Deposits. Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The County does not have a deposit policy for custodial credit risk, other than following state statutes as put forth in the Public Money Act (Section 6-10-1 to 6-10-63, NMSA 1978). As of June 30, 2014, \$12,911,140 of the County's bank balance of \$13,676,674 was exposed to custodial credit risk; \$12,911,140 was uninsured but collateralized by collateral held by the pledging bank's trust department, but not in the County's name. None of the County's deposits were uninsured and uncollateralized at June 30, 2014.

| | _ | First State Bank | Wells Fargo Bank | Total |
|---|-----|-------------------------------------|-------------------------------------|---------------------------------------|
| Amount of deposits FDIC Coverage Total uninsured public funds | \$_ | 7,630,751 (500,000) 7,130,751 | 6,045,923 (265,534) 5,780,389 | 13,676,674 (765,534) 12,911,140 |
| Collateralized by securities held by pledging institutions or by its trust department or agent in other than the County's name | _ | 7,130,751 | 5,780,389 | 12,911,140 |
| Uninsured and uncollateralized | \$ | - | - | - |
| Collateral requirement (50% of uninsured funds) Pledged Collateral Over (Under) colleteralized | \$ | 3,565,376 9,530,333 | 2,890,196 6,040,966 | 6,455,571 15,571,299 |
| Over (Under) collateralized | \$_ | 13,095,709 | 8,931,162 | 22,026,870 |

The collateral pledged is listed on Schedule I of this report. The types of collateral are limited to direct obligations of the United States Government and all bonds issued by any agency, district, or political subdivision of the State of New Mexico.

Notes to Financial Statements For the Year Ended June 30, 2014

Investments

As of June 30, 2014, the County had investments with maturities as follows:

| | Weighted Average | | |
|-------------------------|---------------------|------------|--------|
| Investment Type | Maturities | Fair Value | Rating |
| U.S. MMA and Treasury & | | | |
| Agency Notes** | <1 year | 2,080,512 | AA+* |

^{*}Rating based off Standard & Poor's rating

The investments are listed on Schedule II of this report.

Interest Rate Risk – Investments. The County does not have a formal policy limiting investment maturities that would help manage its exposure to fair value losses from increasing interest rates.

Concentration Credit Risk – Investments. For an investment, concentration credit risk is when any one issuer is 5% or more of the investment portfolio of the County. The investments in the U.S Agency Notes consisting of notes held in Fannie Mae and Freddie Mac and the U.S. Treasury Notes represent 100% of the investment portfolio. Since the County only purchases investments with high grade credit ratings, the additional concentration is not viewed to be an additional risk by the County. The County's policy related to concentration credit risk is to comply with the state statute as put forth in the Public Money Act (Section 6-10-1 to 6-10-63, NMSA 1978).

The County has presented certificates of deposits of \$4,500,000 as investments in the Statement of Net Position; however, these are classified as deposits for disclosure purposes.

The County utilized pooled accounts for their funds. The General, Special Revenue, Capital Projects, and Agency Funds are all in multiple accounts. Separate accounts also exist for Sheriff's Office confiscated funds.

Notes to Financial Statements For the Year Ended June 30, 2014

Notes payable outstanding at June 30, 2014, consisted of the following issues: NM Finance Authority Loan, dated April 1, 2005, principal due May 1, 2006 through 2015 having no yield 6,074 New Mexico Finance Authority, dated March 3, 2006, principal due May 1, 2006 through 2016 having approximate yields of 3.14% to 3.63% 49,163 NM Finance Authority Loan, dated May 19, 2006, principal due May 1, 2007 through 2016 having approximate yields of 3.00% 45,242 New Mexico Finance Authority, dated July 28, 2006, principal due May 1, 2007 through 2027 having approximate yields of 3.28% to 4.18% 181,955 New Mexico Finance Authority, dated February 16, 2007, principal due May 1, 2008 through 2027 having approximate yields of 3.29% to 3.83% 179,013 New Mexico Finance Authority, dated January 30, 2009, principal due May 1, 2010 through 2019 having approximate yields of 3.05% to 5.46% 187,466 New Mexico Finance Authority, dated January 30, 2009, principal due May 1, 2010 through 2029 having approximate yields of 1.55% to 5.29% 353,025 New Mexico Finance Authority, dated July 17, 2009, principal due May 1, 2011 through 2030 having approximate yields of 0.24% to 2.41% 285,710 New Mexico Finance Authority, dated February 4, 2011, principal due May 1, 2011 through 2026 having approximate yields of 0.57% to 3.632% 314,000 New Mexico Finance Authority, dated December 1, 2011, principal due May 1, 2013 through 2016 having approximate yields of 1.590% 33,206 New Mexico Finance Authority, dated July 27, 2012, principal due June 6, 2013 through 2032 having approximate yields of 0.250% 734,684 New Mexico Finance Authority, dated November 22, 2013, principal due May 1, 2014 through 2023 having approximate yields of 1.569% 1,066,829 State of New Mexico Taxation and Revenue Loan, dated July 28, 2009, principal due July 1, 2010 through 2014 having approximate yields of 0.00% Total notes payable

The associated debt service funds, as identified in the combining statements, are usually used to pay the long-term debt obligations. Typically, the general fund has been used to liquidate the compensated absences.

Notes to Financial Statements For the Year Ended June 30, 2014

Landfills – The County monitors the closures of three landfills as required by State and Federal laws. During fiscal year June 30, 2014, landfill liabilities decreased \$5,500 from the prior year.

Compensated Absences – Employees of the County are able to accrue a limited amount of vacation and other compensatory time during the year. During fiscal year June 30, 2014, compensated absences increased \$31,281 over the prior year accrual. The liability is typically liquidated by the General Fund.

Operating Leases – The County leases equipment under operating leases expiring during the next five years. Although renewal and purchase options are available on these leases, the County considers these to be operating leases as they contain a non-appropriation termination clause.

At June 30, 2014, future minimum lease payments applicable to the operating leases are as follows:

| Fiscal Year | |
|-----------------|---------------|
| Ending June 30, | Amount |
| | |
| 2015 | \$ 159,739 |
| 2016 | 114,709 |
| 2017 | 98,669 |
| 2018 | 63,518 |
| 2019 | |
| Total | \$ 436,635 |

NOTE 8. Risk Management

The County is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; injuries and natural disasters.

Socorro County is a member of and is insured through the New Mexico County Insurance Authority. The Authority was created to provide comprehensive core insurance programs by expanding the pool of subscribers to maximize cost containment opportunities for required insurance coverage. The Authority acts as the common carrier for the State of New Mexico counties. The County pays an annual premium to the Authority based on claim experience and the status of the pool. The Risk Management Program includes Workers Compensation, General and Automobile Liability, Automobile Physical Damage, and Property and Crime coverage. The County is not liable for more than the premiums paid.

At June 30, 2014, no unpaid claims have been filed which exceed the policy limits and to the best of management's knowledge and belief, all known and unknown claims will be covered by insurance. The County is not aware of any major lawsuits that have been filed.

NOTE 9. Other Required Individual Fund Disclosures

Generally accepted accounting principles require disclosures of certain information concerning individual funds including:

A. Deficit fund balance of individual funds. The following funds reflected deficit fund balances as of June 30, 2014:

| Jail - Detention Fund - Special Revenue Fund | \$ (16,833) |
|--|----------------|
| Total | \$ (16,833) |

The County incurred more expenditures than revenues received in this fund in the current year. The County anticipates this fund balance will not be in a deficit state in subsequent years.

Notes to Financial Statements For the Year Ended June 30, 2014

- B. Excess of expenditures over budget authority. There were no funds with expenditures in excess of budget authority for the year ended June 30, 2014.
- C. Designated cash appropriations in excess of available balances. There were no funds in which cash appropriations exceeded approved budgetary authority for the year ended June 30, 2014.

NOTE 10. Pension Plan-Public Employees Retirement Association

Plan Description: Substantially all of Socorro County's full-time employees participate in a public employee retirement system authorized under the Public Employees Retirement Act (Chapter 10, Article 11 NMSA 1978.) The Public Employees Retirement Association (PERA) is the administrator of the plan, which is a cost-sharing, multiple-employer defined benefit retirement plan. The plan provides for retirement benefits, disability benefits, survivor benefits and cost-of-living adjustments to plan members and beneficiaries. PERA issues a separate, publicly available financial report that includes financial statements and required supplementary information for the plan. That report may be obtained by writing to PERA, P. O. Box 2123, Santa Fe, New Mexico 87504-2123. The report is also available on PERA's website at http://www.pera.state.nm.us

Funding Policy: Plan members are required to contribute the following percentages of their gross salary: 16.3% for law enforcement and fire protection employees; and 9.15% for County employees. The County is required to contribute the following percentages of the gross covered salary: 18.5% for law enforcement and fire protection plan members; and 9.15% for County plan members. The contribution requirements of plan members and Socorro County are established in State Statute under Chapter 10, Article 11 NMSA 1978. The requirements may be amended by acts of the legislature. The County's contributions to PERA for the fiscal years ended June 30, 2014, 2013, and 2012 were \$316,456, \$306,751, and \$305,044, respectively, which equal the amount of the required contributions for each fiscal year.

NOTE 11. Post-Employment Benefit-State Retiree Health Care Plan

Socorro County did not participate in the Retiree Health Care Plan provided under the Retiree Health Care Act (10-7c-1 to 10-7c-17, NMSA 1978) during the year ended June 30, 2014.

NOTE 12. Landfill Closure and Post-Closure Care Costs

State and federal laws and regulations require that Socorro County place a final cover on its landfills and perform certain maintenance and monitoring functions at the landfill sites for thirty years after closure. The landfills were closed in 1995 and 1996. The recognition of post-closure care costs for these landfills are based on the Closure and Post-Closure Plan prepared by Engineers, Inc., Socorro, NM prior to the closing of each of the landfills. An expense provision and related liability have been recognized based on the estimated post-closure care costs. The original estimated post-closure cost was \$165,000. The post-closure period was estimated at thirty years beginning in 1996. Because of 1) changes in regulations, 2) the necessary maintenance and monitoring functions, and 3) the assumption upon which the post closure costs are estimated, the actual liability and costs may differ from the estimated liability and costs. The liability for the post-closure costs as reflected in the government-wide financial statements is \$63,250 which is an estimate of the remaining liability through June 30, 2014 for post-closure costs.

NOTE 13. Contingent Liabilities

The County is party to various claims and lawsuits arising in the normal course of business. The County is insured through the New Mexico County Insurance Authority. In the opinion of management, the outcome of these matters will not have a material effect on the financial position of the County.

Notes to Financial Statements For the Year Ended June 30, 2014

NOTE 14. Commitments

The County's commitments as of June 30, 2014 are as follows:

| Project | Year Ending | Amount |
|----------------------------------|-------------|-----------|
| Abeytas Community Center | 2015 \$ | 101,000 |
| Cottonwood Valley Charter School | 2016 | 1,771,586 |
| Jail Project | 2017 | 7,121,600 |
| Total commitments | \$ | 8,994,186 |

NOTE 16. Restricted Net Position

The government-wide statement of net position reports restricted net position, all of which is restricted by enabling legislation. For descriptions of the related enabling legislation for special revenue and debt service funds, see table of contents.

NOTE 17. Net Position Restatement

The County has restated prior year net position in the government-wide financial statements as a result of the following:

Governmental Activities:

The County restated the Government Wide net position in the amount of (\$223,703) in order to properly record the impact of prior year receivables not previously accrued at the Government Wide level. Amounts were received as revenue in the current year at the individual fund level.

The County restated the Government Wide net position in the amount of \$106,294 in order to properly implement GASB Statement No. 65, with requires all bond issuance costs be recognized in the year of issuance rather than amortizing them over the life of the related debt instrument. As of June 30, 2013, the County maintained bond issuance costs of \$139,123 with accumulated amortization of \$32,829.

NOTE 18. Subsequent Events

Subsequent events are events or transactions that occur after the balance sheet date but before the financial statements are issued. The County recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the balance sheet, including the estimates inherent in the process of preparing the financial statements. The County's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the balance sheet but

Notes to Financial Statements For the Year Ended June 30, 2014

arose after the balance sheet date and before financial statements are available to be issued. The County has evaluated subsequent events through December 3, 2014, which is the date the financial statements were available to be issued.

NOTE 19. Concentrations

The County depends on financial resources flowing from, or associated with, both the Federal Government and the State of New Mexico. Because of this dependency, the County is subject to changes in specific flows of intergovernmental revenues based on modifications to Federal and State laws and Federal and State appropriations.

NOTE 20. Implementation of New GASB Standards

GASB 69 Government Combination and Disposals of Government Operations

In January 2013, GASB Statement No. 69 *Government Combinations and Disposals of Government Operations*, was issued. Effective Date: The requirements of this Statement are effective for government combinations and disposals of government operations occurring in financial reporting periods beginning after December 15, 2013. Earlier application is encouraged. The provisions of this Statement generally are required to be applied prospectively. The County is still evaluating how this reporting standard will affect the County.

GASB 69 Pension Transition for Contributions Made Subsequent to the Measurement Date

In November 2013, GASB Statement No. 71 Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No 68, was issued. Effective Date: The provisions of this Statement are effective for fiscal years beginning after June 15, 2014. The provisions of this Statement are required to be applied simultaneously with the provisions of GASB Statement No. 68. The Count will implement the standard during the fiscal year June 30, 2015.

In June 2012, The Governmental Accounting Standards Board (GASB) approved Statement No. 67, Financial Reporting for Pension Plans, which applies to pension plans that administer pension benefits. The Public Employees Retirement Association (PERA) administers the pension for the Department. Statement No. 68, Accounting and Financial Reporting for Pensions, which applies to governments that provide pension benefits to their employees.

GASB 67 Financial Reporting for Pension Plans

Requires changes to presentation in financial statements, notes to the financial statements, and required supplementary information in PERA's financial report. GASB 67 will be implemented in FY 2014 by PERA.

GASB 68 Accounting and Financial Reporting for Pensions

Applies the changes implemented at the pension plan level (PERA) under GASB 67 and segregates and divides, or allocates, the pension liability to each participating employer (state, municipal, judicial, magistrate, volunteer firefighters, and legislative). The statement implementation date is FY 2015.

PERA's Current Implementation and Timeline

Implementation GASB 67

GASB 67 will require the net pension liability to be disclosed in PERA's FY 2014 financial report. The total "collective" pension liability will then be allocated to the participant employers for FY 2015 financial reporting.

PERA plans to separately issue an audited report, referred to as the "Schedule of Employer Allocations" that will allocate the total pension liability *by employer*. The report will also include other required information that will be used by each employer participant for disclosure in each employer's FY 2015 financial reports.

Anticipated process and timeline is as follows:

1. The "Schedule of Employer Allocations" is provided to PERA's external auditor in January of 2015.

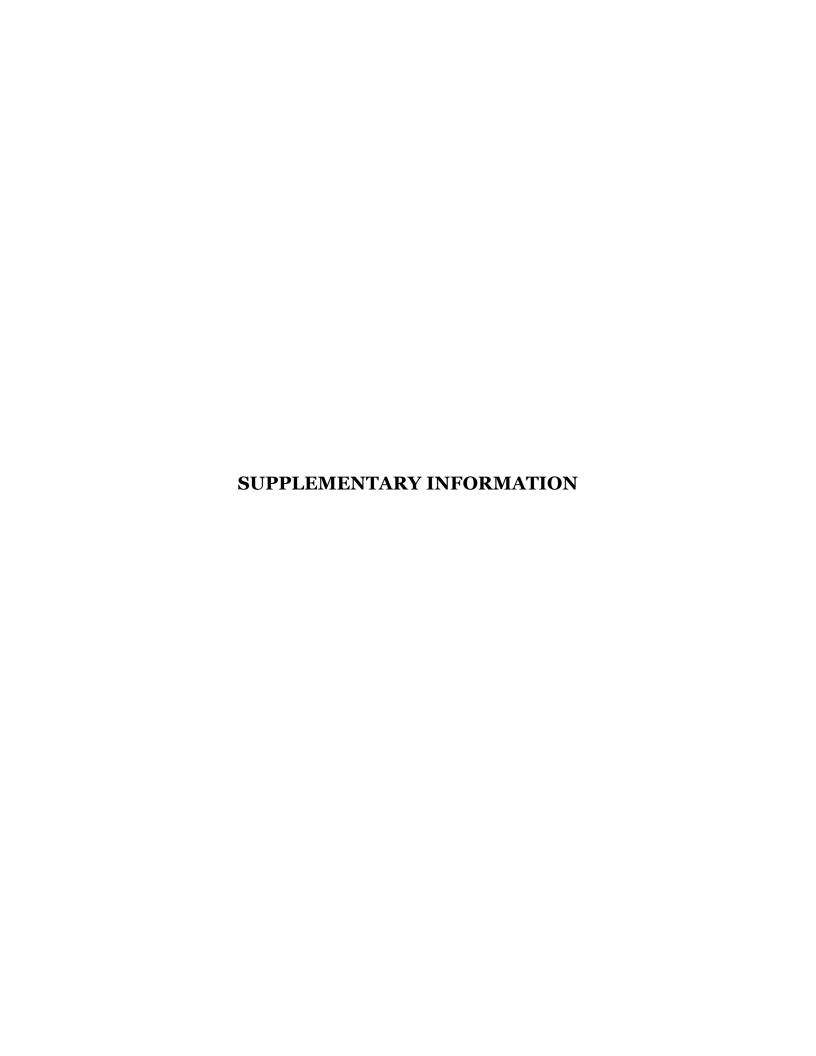

STATE OF NEW MEXICO SOCORRO COUNTY Notes to Financial Statements For the Year Ended June 30, 2014

- 2. PERA's external auditor's will audit the "Schedule of Employer Allocations" in February of 2015 and submit that report to the State Auditor's Office for review in March of 2015. (See also 2.2.2.10 NMAC Sections CC and DD)
- 3. The "Schedule of Employer Allocations" will be provided to employers in April of 2015, allowing enough time for incorporation into financial reports as required by GASB 68, after the June 30, 2015 year end.

In FY 15, the Department will report a net pension liability based on its proportion of the collective net pension liability of all of the governments participating.

NOTE 21. Related Parties

During the year ended June 30, 2014, the County purchased services from various related parties. Expenditures related to these related parties totaled \$160,233.

STATE OF NEW MEXICO SOCORRO COUNTY Nonmajor Governmental Fund Descriptions For the Year Ended June 30, 2014

SPECIAL REVENUE FUNDS

Forest Reserve Title III - To account for the County's share of Title III Forest Reserve Receipts. Funds may be expended by the Board of County Commissioners upon roads within forest reserves in those counties. The authority to create this fund was given by 6-11-3, NMSA 1978 Compilation.

Farm and Range Improvement – Congress provides for distribution among the states and territories of the United States, a portion of the revenues derived from forest reserves, commonly known as the Taylor Grazing Act. The Treasurer of the State of New Mexico shall transmit to the treasurers of the various counties, in which forest reserves are situated, the proportion to be based upon the number of acres of forest reserve in such county. Expenditures from this fund are limited to conservation of soil and water, the control of rodents and predatory animals and the extermination of poisonous and noxious weeds, the construction of dipping vats, spraying machines and other structures to control parasites on livestock, and for repair and maintenance of said vats, machines and structures and for the construction and maintenance of secondary roads. This work is contracted through the United States Department of Agriculture (USDA) Animal and Plant Health Inspection Services and Wildlife Services division. The authority to create this fund was given by 6-11-6 NMSA 1978 Compilation.

FEMA Grant Fund – To account for aid and expenditures from damage related to natural disasters within the County in which the County is receiving federal assistance. Authority for creation of the fund was the County Commission.

Fire District Protection Funds - To account for state funds received and expenditures incurred in providing fire protection to residents of *Midway, San Antonio, Veguita, Abeytas, La Joya* and *Hop Canyon*. The "Fire Protection Fund Law" collects a portion of the proceeds derived from property and vehicle insurance business (59A-6-5, D (1)) transactions in the state. The purpose of the Fire Protection Fund Law is to provide funding for the operation, maintenance and betterment of local fire departments, to the end that the hazard of loss by fire and fire insurance rates may be reduced and the public safety thereby promoted. Expenditures are limited to the maintenance and insurance of the fire department, the purchase, construction, maintenance, repair and operation of fire stations, including substations, fire apparatus and equipment, and the financing or refinancing thereof, the payment of insurance premiums for injuries or deaths of firefighters, attendance at any fire schools and conventions approved by the State Fire Marshal. Any expenditures in connection with the construction, purchase or equipment of any fire station or substation, must have the prior written approval of the State Fire Marshal. No funds may be expended for any purpose relating to the water supply/distribution systems or for the purchase, rental, installation or maintenance of fire hydrants. The authority to create this fund was given by 59A-53-1, NMSA 1978 Compilation.

<u>Alamo EMS (Emergency Medical Service) Funds</u> – To account for revenues, grants received, and expenditures incurred in providing emergency medical services to the residents of the Alamo Navajo Indian Reservation. The purpose of the Emergency Medical Services Fund Act is for the establishment and enhancement of local emergency medical services, statewide emergency medical services and trauma services in order to reduce injury and loss of life. The authority to create this fund was given by 24-10A-6, NMSA 1978 Compilation.

<u>Hospital</u> – The Statewide Health Care Act (Chapter 27, Article 10 NMSA 1978) requires counties to contribute to the *County-supported Medicaid Fund* in amounts equivalent to an imposition of a county-wide gross receipts tax at the rate of one-sixteenth of one percent. Each county's obligation may be met by imposition of the *County Health Care Gross Receipts Tax*. These funds are intercepted directly by the State for the benefit of New Mexico Human Services Department. No proceeds or expenditures pass directly through this fund; it is for recording purposes only. The authority to create this fund was given by 7-20E-18, NMSA 1978.

<u>Fire Excise Tax</u> - To account for taxes received, from a dedicated Gross Receipts Tax, and expenditures incurred to supplement the operational expenses and capital outlay costs of the County's independent fire districts and/or ambulance service. Expenditures from this fund are at the discretion of the Board of County Commissioners. The authority to create this fund was given by 7-20E-15, NMSA 1978 Compilation and Socorro County Ordinance 05-004.

STATE OF NEW MEXICO SOCORRO COUNTY For Covernmental Fund Descripti

Nonmajor Governmental Fund Descriptions For the Year Ended June 30, 2014

SPECIAL REVENUE FUNDS (continued)

<u>Law Enforcement Protection</u> - To account for planning, training and purchasing equipment to enhance the efficiency and effectiveness of law enforcement services. The authority to create this fund was given by 29-13-1 to 9, NMSA 1978.

<u>Property Administration</u> - To account for fees received and expenditures incurred for the County's property reappraisal program. Fees received are one percent (1%) of the property taxes collected. Expenditures from the fund may be made pursuant to a property valuation program presented by the County assessor and approved by the majority of the County commissioners. The authority to create this fund was given by 7-38-38.1, NMSA 1978 Compilation.

<u>Technology</u> – This fund is used for the sole purpose of improving Socorro County's technology throughout the County. Items funded include new software for the Assessor's office and a new phone system for the County. This fund was created by, and is utilized at the discretion of, the Board of County Commissioners.

<u>VLA EMS Funds</u> – To account for revenues, grants received, and expenditures incurred in providing emergency medical services to the residents of the NRAO/VLA. The purpose of the Emergency Medical Services Fund Act is for the establishment and enhancement of local emergency medical services, statewide emergency medical services and trauma services in order to reduce injury and loss of life. The authority to create this fund was given by 24-10A-6, NMSA 1978 Compilation.

<u>Clerk Filing Fees</u> - To account for the fees assessed (not to exceed four dollars (\$4.00)) on each recorded document in the County Clerk's office. Proceeds may be used to rent, purchase, lease or lease-purchase equipment associated with recording, filing, maintaining or reproducing documents in the county clerk's office and for staff training on office procedures and equipment. The authority to create this fund was given by 14-8-12.2, NMSA 1978 Compilation.

<u>**DWI Grant**</u> – To account for revenues, grants received, and expenditures incurred in providing DWI program activities to residents of Socorro County including: (1) prevention, (2) Teen Court, (3) screening, assessment, and supervised probation, and (4) intensive outpatient treatment. The authority to create this fund was given by 31-12-7, NMSA 1978.

<u>Parks Department</u> – To account for funds used in the operation of, and ongoing improvements to, Socorro County parks. Primary funding is Escondida Lake user fees, local contributions, and support from the General Fund. The County maintains the following parks: Isidro Baca (aka Veterans Memorial Park), Escondida Lake, Polvadera (aka Em Eusebio Saiz Memorial), and San Antonio. This fund was created by, and is utilized at the discretion of, the Board of County Commissioners.

Senior Center – To account for funds used to provide feeding of senior citizens, senior companion program and other senior citizens services such as transportation and homemaking. Funding is provided through the Department of Health and Human Services. The authority to create this fund was given by the Older American Act of 1965, Title III, Parts A and F, Public Law 89-73, as amended; Public Law 90-42, 81 Stat. 106; Public Law 91-69, 83 Stat. 108; Public Law 93-29, 87 Stat. 30; Public Law 93-351, 88 Stat. 357; Public Law 94-135, 89 Stat. 713; Public Law 95-65, 91 Stat. 269; Public Law 95-478, 92 Stat. 1513; Public Law 97-115, 95 Stat. 1595; Public Law 98-459, 98 Stat. 1767; Public Law 100-175, 101 Stat. 926, Section 705, Public Law 100-628; 42 U.S.C 3022-3030(m); Public Law 102-375 and New Mexico State Chapter 354, NMSA 1978 Compilation.

<u>Wildland Grant</u> – To account for funds received for protecting and preserving the County's surrounding Wildland areas. Wildland is defined as lands owned by the governing body that are designated for public recreational purposes and that are covered wholly or in part by timber, brush or native grass. This fund includes an annual disbursement from the State Fire Marshal's Office for the operation (not salary or benefits) of an administrative office for the county fire marshal. This fund is administered by the County Fire Marshal's Office. This fund was created by the Board of Commissioners under County Ordinance 2005-003.

Nonmajor Governmental Fund Descriptions For the Year Ended June 30, 2014

SPECIAL REVENUE FUNDS (continued)

<u>Telecommunications Fund</u> – To account for funds received and expended for reviewing and analyzing applications for wireless telecommunications facilities within the County. The authority to create this fund was given by 63-9F-12, NMSA 1978.

<u>Literacy Volunteer Program</u> – To account for funds used to foster and promote increased literacy among the 17,000 + residents in Socorro County. Accredited through ProLiteracy of America LVSC provides literacy opportunities for adults and their families to acquire skills that will help them become more effective members of their families, communities, and workplaces. This fund was created by, and is utilized at the discretion of, the Board of County Commissioners.

<u>Senior Volunteer Program</u> – To account for funds used to provide academia and companion to seniors in the County of Socorro. The County is the sponsor for this program, but the funds are provided through Area on Aging. This fund was created by, and is utilized at the discretion of, the Board of County Commissioners.

<u>Lodger's Tax</u> – To account for funds used for advertising, publicizing and promoting tourist-related attractions, facilities and events. The authority to create this fund was given by 3-38-13 to 3-38-24, NMSA 1978 Compilation.

<u>Fire & Emergency Grant Fund</u> — To account for funds used for grants that do not have specific reference to the County's Fire Marshal Office, Emergency Management, or Fire Protection Funds. This fund was specifically created to keep tract of grants that will carry over into fiscal years, have multiple purposes, and/or have specific guidelines on how the funds can be used. This fund was created by, and is utilized at the discretion of, the Board of County Commissioners.

<u>Solid Waste Fund</u> – This fund will be used for segregating and tracking expenses and revenue related to the Solid Waste department. Because this is not a true enterprise fund, general fund will subsidize the shortfall. Socorro County commission wanted to create this as an enterprise fund for the new FY 2012-2013 fiscal year.

DEBT SERVICE FUNDS

<u>NMFA Fire District Funds</u> - To account for funds received from NMFA for the purchase of equipment and/or construction/remodeling of buildings for fire Districts throughout the County. The outstanding loans serviced by these funds are *Midway*, *San Antonio #3 Pumper*, *San Antonio #2*, *Veguita*, *Abeytas #2*, *Hop Canyon Station*, *San Antonio Fire Station*, *Abeytas Fire Pumper/Tanker*, *Veguita Fire Station*, and *Veguita #3*. This fund was created by the Board of County Commissioners.

<u>NMFA BLM Building Purchase</u> – To account for funds received from NMFA for the balance due on the purchase of the Socorro County Annex Building. Locally known as the old BLM (Bureau of Land Management) Building. This fund was created by the Board of County Commissioners.

<u>NMFA Bulldozer</u> – To account for a NMFA loan to pay the balance due on the purchase of the Socorro County Caterpillar bulldozer. This fund was created by the Board of County Commissioners.

<u>Property Valuation Loan</u> – To account for PTD Loans used for the purchase of equipment and vehicles for valuation maintenance in Socorro County. The only revenue for these loans are the initial proceeds. Expenditures are limited to annual principal payments. The maturity dates for these loans are July 1, 2015 and January 31, 2011. This fund was created by the Board of County Commissioners.

NMFA G.O. Bond – The GO Bond fund was converted to an NMFA loan on 08/20/2010. The amount paid off was \$1,445,000 maturing June 2015. This fund was set up specifically to pay the principal and interest to NMFA. Fund 425 still accounts for current and delinquent property taxes collected. A transfer is made every year for the exact amount to pay principal and interest. This fund was created by the Board of County Commissioners.

STATE OF NEW MEXICO SOCORRO COUNTY Nonmajor Governmental Fund Descriptions For the Year Ended June 30, 2014

DEBT SERVICE FUNDS (continued)

<u>NMFA Sheriff Department</u> — To account for a NMFA loan to reimburse the General Fund (Fund 401) for the purchase of two (2) vehicles for the Sheriff Office. After the initial loan proceeds, ongoing revenue for this fund comes from intercepting part of the State Law Enforcement Protection Funds and interest income. Expenditures are limited to an annual principal payment and two semi-annual interest payments. The maturity date for this loan is May 1, 2016. This fund was created by the Board of County Commissioners.

<u>NMFA G.O. Bond – New Jail</u> – This fund was created in order to track the NMMA GO Bond debt activity for the New G.O. Bond that was issued for \$5,000,000. This fund was set up specifically to pay the principal and interest to NMFA. Fund 425 still accounts for current and delinquent property taxes collected. A transfer is made every year for the exact amount to pay principal and interest. This fund was created by the Board of County Commissioners.

NMFA Water Trust Board Phase I Flood Prevention Project – Funding of \$772,094.40 (loan portion) and \$1,158,141.60 (grant portion). This project is a three-phase plan: Phase I is the installation of three low water crossing in a one mile road length area as well as build up the existing road sub-grade elevation to merge seamlessly with the new crossing. Phase II to raise the elevation existing roadway in the one mile area of road with the additional material, build bar ditches, improve driveway access for residents and ensure better water flow through private property, to prevent flooding. Phase III of this project is to pulverize and reclaim chip seal material along the remaining four mile of Bosquesito Road. The maturity date for this loan is June 1, 2033.

<u>NMFA CVCS Building</u> — To account for a NMFA loan to pay the balance dues on the loan for the Cottonwood Valley Charter School Building project. This fund was created by the Board of County Commissioners.

CAPITAL PROJECTS FUNDS

Rio Abajo Library - Socorro County is the fiscal intermediary for two GO Bonds awarded in 2004 and 2006 by the New Mexico State Library. This fund was created by, and is utilized at the discretion of, the Board of County Commissioners.

Repair and Replacement – Formerly known as the Equipment Fund, this fund is intended for the repair or replacement of County equipment, infrastructure, and buildings. Proceeds may be from loans, sale of county assets, rental income from leasing County office space, transfer(s) from the General Fund, etc. This fund is not intended for routine repair expenditures, but for more extensive expenditures such as major equipment overhauls or roof replacements. This fund may also be used for capital projects when Legislative Appropriations prove insufficient to complete the project. This fund was created by, and is utilized at the discretion of, the Board of County Commissioners.

<u>Sabinal and Abeytas Center</u> – To account for legislative funds received to plan, design, construct, and equip a Community Center in Abeytas in Socorro County. This fund was created by, and is utilized at the discretion of, the Board of County Commissioners.

STATE OF NEW MEXICO SOCORRO COUNTY SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED JUNE 30, 2014

Notes to Schedule of Expenditures of Federal Awards

1 Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (Schedule) includes the federal grant activity of Socorro County, New Mexico (County) and is presented on the modified accrual basis of accounting, which is the same basis as was used to prepare the fund financial statements. The information in this Schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations* .

2 Subrecipients

The County did not provide any federal awards to subrecipients during the year.

3 Non-Cash Federal Assistance

The County did not receive any non-cash federal assistance during the year.

Reconciliation of Schedule of Expenditures of Federal Awards to Financial Statements:

| Total federal awards expended per Schedule of Expenditures of Federal Awards | \$ | 915,610 |

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the County Manager and County Commissioners Socorro County Socorro, New Mexico and Hector Balderas, New Mexico State Auditor

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, the aggregate remaining fund information, the budgetary comparisons of the general fund and major special revenue funds, of Socorro County (County) as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and the combining and individual funds and related budgetary comparisons of the County presented as supplemental information of and have issued our report thereon dated December 3, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control that we consider to be material weaknesses.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and questioned costs to be material weaknesses: 2014-02 and 2014-004.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompanying schedule of findings and questioned costs to be a significant deficiency: FS 2013-004.

December 3, 2014 | Independent Auditor's Report on Internal Control Over Financial Reporting an on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under Government Auditing Standards and which are described in the accompanying schedule of findings and questioned costs as items: 2014-001, 2014-003, 2014-004, HA 2014-001 and HA 2014-002.

The County's Response to the Findings

inkle & Landers, P.C.

The County's responses to the finding identified in our audit are described in the accompanying schedule of findings and questioned costs. The County's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

To the County Manager and County Commissioners Socorro County Socorro, New Mexico and Hector Balderas New Mexico State Auditor

Report on Compliance for Each Major Federal Program

We have audited Socorro County, State of New Mexico's (the County) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended June 30, 2014. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program

In our opinion, the County, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2014.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as items HA 2014-001, and 2014-002. Our opinion on each major federal program is not modified with respect to these matters.

2500 9th St. NW, Albuquerque, NM 87102

www.HL-cpas.com

December 3, 2014 Independent Auditor's Report on Compliance For Each Maior Program and on Internal Control over Compliance Required by OMB Circular A-133, continued

The County response to the noncompliance finding identified in our audit is described in the accompanying schedule of finding and questioned costs. The County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control over compliance that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2014-002 to be a material weakness.

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as item HA 2014-001, to be a significant deficiency.

The County's responses to the internal control over compliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The County's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

PRIOR YEAR FINDINGS

2013-004-Solid Waste Receivables (Modified)

Type of Finding: B

Schedule of Findings and Questioned Costs For the Year Ended June 30, 2014

Statement of Condition

During our test work over the solid waste receivables, we noted the following:

- There are no enforcement procedures in place to ensure timely collection of outstanding balances.
- The County failed to write-off long outstanding balances that have been deemed uncollectible.

Criteria

The Codification of Statements on Auditing Standards (SAS AU) paragraph 110.03 states that the financial statements are management's responsibility. Management is responsible for adopting sound accounting policies, and for establishing and maintaining internal control that will, among other things, initiate, authorize, record, process, and report transactions (as well as events and conditions) consistent with management's assertions embodied in the financial statements.

Effect

Because the internal control structure appears inadequate for enforcement procedures for timely collection of outstanding balances and writing off uncollectible outstanding balances, management and staff are unsure about what procedures and processes to follow or what key controls are in place to properly safeguard assets. Adequate controls do not appear to be in place to prevent or detect intentional misstatements of accounting information.

Cause

An adequate accounting system is not in place to ensure timely collection of outstanding balances and writing off uncollectible outstanding balances.

Recommendation

We recommend the County develop enforcement procedures for timely collection of outstanding balances and writing off uncollectible outstanding balances.

Management Response

The County has reconciled the outstanding balance from the previous accounting software to the balance maintained after conversion to the new accounting software. The County has documented internal control procedures to ensure that client payments are being properly recorded against outstanding resident balances. Due to two separate software conversions in the Assessor's office, the County was unable to ensure that those owners billed the annual residential fee were truly subject to the fee. Prior to filing liens or pursing collections, Socorro County has opted to postpone those efforts until our records were accurate and verifiable.

On 7/1/14, all solid waste accounts collections were moved to the manager's office. Aggressive collection on commercial haul accounts began in August with success. The Board of County Commissioners also passed a new solid waste ordinance which takes effect January 1, 2015. This ordinance eliminates the annual assessment and instead utilizes a per-use punch card system. The Board of County Commissioners will be approached to decide whether to invest funds for collection of past balances and any bad/uncollectable receivables or to charge off those balances for FY15.

2014-001-Violation of Travel Policy

Type of Finding: C, G

Statement of Condition

During testing of travel in one transaction in the amount of \$420, out of the five transactions tested, it was noted that the County Manager verbally approved travel and was paid by County Manager's credit card. This appears to be a violation of Travel Policy 2009-76, Section 3, B which states that when requesting travel, a Socorro County Travel Request and Voucher form should be filled out. No documentation of the purpose of requested travel was on file.

Criteria

Travel transactions should be made according to the County's approved travel policy, Resolution 2009-76.

Effect

The County does not appear to be in compliance with its approved travel policy.

Schedule of Findings and Questioned Costs For the Year Ended June 30, 2014

Cause

Verbal approval of travel with payment made with a Socorro County credit card. No documentation of Travel Request and Voucher form or purpose of travel.

Recommendation

The County should process travel transactions according to its approved travel policy in Resolution 2009-76. All travel requests should have a Travel Request and Voucher form with approval from department head or manager, with purpose of travel documented.

Management Response

In this instance, an employee was sent to retrieve equipment purchased at auction and insufficient time was available to process a travel check run prior to his departure. The act of issuing the credit card for travel was approval by the manager along with verbal approval. For all future travel, a travel request form or written approval will be obtained and recorded with the issuance of the credit card prior to travel.

2014-002—SAS115 Material Adjustments by Auditor (Grant Management)

Type of Finding: A, D

Federal program information: Funding Department: ALL

Title: ALL

CFDA Number: ALL

Statement of Condition

During our reconciliation of expenditures of federal awards and transaction testing, we identified amounts recorded as revenue in the current year which should have been receivables in prior years that were not recorded. There were two adjustments recorded in the amount of \$223,703 with a net financial statement impact of \$223,703 related to receivables for FY2010-2012 which were not recorded in prior years and amounts were subsequently received and recorded as revenue in the current fiscal year. This indicates a weakness in how revenues and receivables are recorded that could potentially impact the amount of federal revenue reported. As a result, a prior period adjustment in the amount of \$223,703 was necessary to correct the receivable balance and revenue balance. Statement of Auditing Standards (SAS) 115 effectively states that an auditor cannot serve as a part of the internal controls of the client. While conducting the audit of the County, there were material adjustments made to the financial statements which were identified by the auditor.

Criteria

Revenue for reimbursable grants must match expenditures otherwise the recording of revenue and expenditure activity is not accurate.

Federal Programs affected – US Department of Agriculture – Forest Reserve Title I, II and III and Department of Homeland Security – Homeland Security Grant Program and Emergency Management Performance Grant. Please see Schedule of Federal Expenditures per Table of Contents.

Some of the key underlying concepts of Statement of Auditing Standards (SAS) 115 are:

- The auditor cannot be part of a client's internal control. Becoming part of a client's internal control impairs the auditor's independence.
- What the auditor does is independent of the client's internal control over financial reporting. Therefore, the auditor cannot be a compensating control for the client.
- A system of internal control over the financial reporting does not stop at the general ledger; rather it includes controls over the preparation of the financial statements.

Recording the two adjustments is considered a significant process that the client needs to maintain. Also since significant adjustments to the financials were made, it calls into question whether the County staff has/had the

Schedule of Findings and Questioned Costs For the Year Ended June 30, 2014

expertise to apply U.S. generally accepted accounting principles in recording the entity's financial transactions and/or preparing its financial statements.

Cause

Because these adjustments were identified and/or corrected by the auditor and not by the County, it shows an internal control weakness in maintaining the general ledger at the modified accrual level and would potentially extend to the audit report. Additionally, the County does not appear to have adequate procedures in place to record receivables specifically related to grants in the proper fiscal year. This significantly increases the potential for misstated financial statements.

Effect

The County's personnel and internal control procedures were not effective in identifying and correcting necessary accruals to the general ledger that would have resulted in material misstatement of the financial statements had they not been identified and/or corrected by the auditor. Recorded revenues and receivables could potentially be materially incorrect.

Recommendation

We recommend that the County make adjustments to their general ledger in a timely manner. Grant revenues should be properly recorded and reconciled to their associated expenditures by grant. Funding sources should be adequately isolated in the accounting system to promote tracking and accountability of the separate grants. Receivables should be included in the reconciliation process to ensure amounts received are properly recorded to receivable instead of being recorded as additional revenue. Asking for technical advice from the auditor or from someone else when these adjustments are needed is not considered a control deficiency as long as the staff of the County initiates and makes the adjustment and understands how and why the adjustments were made. We recommend that at year end and in the months directly after year end, the County identify those accruals and deferrals necessary to take the books into the modified-accrual basis. This information should be provided to the auditors during the annual audit for further testing.

Management Response

Management will implement internal processes to better track federal grant award expenditures and related revenue and receivables.

2014-003 -Audit Report Submission

Type of Finding: G

Statement of Condition

The audit report for the County's fiscal year ended June 30, 2014 was not submitted by the November 15, 2014 due date. The audit report was submitted December 5, 2014.

<u>Criteria</u>

OSA Rule 2.2.2.10.I.(4) establishes a due date of November 15, 2014 for submission of this audit report to the Office of the State Auditor.

Effect

The report was not submitted as required. Without the audit report being delivered on time, fund and regulatory agencies as well as legislative committees do not have the financial data available to make funding decisions.

Cause

The reason for the late report was related to the County having significant changes in staff during the audit. The loss of staff resulted in a delay of the compilation of Financial Statements and delay in the audit.

Recommendation

We recommend the County determine its staffing needs to ensure on-time completion of the annual audit.

Management's Response

The County did have some turnover in staff that led to a later timeframe in which financial statements could be completed and fieldwork could be scheduled, however, the County was still able to provide the Auditor with a

Schedule of Findings and Questioned Costs For the Year Ended June 30, 2014

complete full disclosure GASB Statement No. 34 financial statement on October 14, 2014, prior to the auditors being on-site for audit fieldwork.

2014-004 -Lack of Internal Controls Over IT

Type of Finding: A, G

Statement of Condition

We identified that the County Manager has substantial control over the IT function related to financial information of the County.

Criteria

Pursuant to NMAC 6.2.2.11 A. "Every County shall establish and maintain an internal control structure to provide management reasonable assurance that assets are safe-guarded...." and B. Each County shall develop, establish and maintain a structure of internal accounting controls and written procedures to provide for segregation of duties..."

Effect

The County is at an increased risk of misstatement due to fraud or misappropriation.

Cause

The County has limited staff and has experienced turnover in key accounting positions requiring the County Manager to assume those responsibilities.

Recommendation

We recommend the County determine its staffing needs and evaluate segregation of duties related to IT.

Management's Response

The County does not employee an IT director and instead contracts systems management to an outside vendor. However, IT oversight duties fall to the County Manager. The manager is the administrator only for the County's website, telephone system and financial software system in order to ensure a quick and efficient response time to daily user needs involving those systems. All other software systems keep administrative control segregated with the IT contractor. In order to mitigate risk associated with the manager's administrative rights to the financial software, the County will purchase a fiduciary bond for the County Manager.

HA 2014-001- Late Annual Performance Reports

Type of Finding: E, F

Statement of Condition

El Camino Real Housing Authority was late filing the required Annual Performance Report (APR) for grant NM0054L6B011203. Grant NM0054L6B011023 has an effective grant date of June 11, 2013.

Criteria

Per 24 CFR section 582.300 (d) the APR is due within 90 days after the end of its operating year. HUD has interpreted the operating year as one year beginning with the effective date of the grant (date signed by HUD). For grant NM0054L6B011203 the APR report was due on September 9, 2014.

Effect

Information needed by HUD to evaluate the effectiveness of the program, including, but not limited to, demonstrating the housing authority's success in serving the targeted homeless population was delayed.

Cause

The method employed by HUD to accumulate the information required on the APR has been reworked and, although the process has been improved, unfamiliarity with the new process caused some delay in submitting the report timely. Also, ECRHA was unclear about the actual due date imposed by HUD.

Schedule of Findings and Questioned Costs For the Year Ended June 30, 2014

Recommendation

Required information for submittal in the APR should be compiled each month and retained for insertion in the report. Training on how to use the APR reporting system, if needed, should be taken prior to the grant's year end.

Management's Response

The APR that was due on September 9, 2014, we thought that it was due on September 30, 2014. It will be submitted by September 25, 2014.

HA 2014-002-Incomplete Tenant File Records

Type of Finding: F

Statement of Condition

During the audit for FYE June 30, 2014 a total of 20 Section 8 Housing Choice Voucher (HCV) and 10 Shelter Plus Care (S+C) tenant files were selected for examination to determine that the files contained evidence that El Camino Real Housing Authority (ECRHA) was in compliance with HUD regulation in the following areas: 1) Activities Allowed or Un-allowed, 2) Allowable Costs-Cost Principals, 3) Eligibility and 4) Special Tests and Provisions. The examination of the tenant files produced the following findings:

For HCV files: No exceptions were noted for items tested for Activities Allowed or Un-allowed nor Allowable Costs/Cost Principals. Two (2) possible exceptions were noted under Eligibility. In one case, one of the 20 tenant files contained a note from the tenant stating that 2 children were leaving the residence which would have cause a change in the family composition. Upon lease re-certification the two children were included as members of the household and the file didn't include an explanation as to why the children were still included as members of the household. In a second case, one tenant file did not include Electronic Income Verification (EIV) information on one of the children included as a family member. The lack of information on this child was due to the child having legally changed its name between re-certification dates. Under special tests and provisions one of the 20 dwelling units had failed its initial inspection. The tenant file did not include documentation that the re-inspection had been performed and the unit had passed at re-inspection.

For S+C files: No exceptions were noted for items tested for Activities Allowed or Un-allowed nor Allowable Costs/Cost Principles. Three (3) possible exceptions were noted under Eligibility. The three separate exceptions included (1) No copy of one family member's Social Security card (2) Tenant rent calculation in error because general assistance (food stamps) were included as income. (3) Re-certification was performed and changed were made to HAP and tenant rents but the tenant file did not include the required supporting documentation. Unsigned documents were located in ECRHA's electronic system. One (1) possible exception was noted under Special Tests and Provisions. One of the Tenant files did not include a copy of the HQS inspection.

Criteria

The criteria for these two programs are detailed in 24 CFR Section 982 for HCV and 24 CFE Part 582 for S+C.

Effect

When tenant files are incomplete or when the files are not being reviewed adequately errors could be made. If errors are not timely noted and corrected, immediate and future erroneous assistance payments could occur.

Cause

Although employees appear adequately trained and knowledgeable about the work to be performed HUD's requirements are numerous, tenant files are voluminous, and time constraints are tight. Many of HUD's requirements require the cooperation and participation by the tenant and landlord who may, or may not, have work schedules that are similar to those of ECRHA's employees.

Recommendation

In the future, a greater emphasis should be placed on the quality control system. This emphasis may require that a greater percentage of the tenant files be reviewed for accuracy and completeness before the 50058 forms are submitted to HUD and changes to rents are made. All reviewed files should be included in the documented quality control listings to demonstrate that the files have been checked for compliance issues.

Management's Response

Quality Control procedures will be done on at least 20% of all files and on all Initial (new) files.

STATE OF NEW MEXICO SOCORRO COUNTY Exit Conference For the Year Ended June 30, 2014

An exit conference was held on December 3, 2014. Present at the exit conference were:

For the County:

Daniel P. Monette

Delilah Walsh

Vanessa Grain

Mary Ann Chavez-Lopez

Commissioner Chair, District IV

County Manager

Finance Director

Executive Director – El Camino Real Housing Authority

For Hinkle + Landers, P.C.:

Farley Vener, CPA, CFE Misty Crawford, CPA, CFE, CGMA Managing Shareholder Audit Manager

PREPARATION OF THE FINANCIAL STATEMENTS

The accompanying financial statements of the County have been prepared by the County and their consultants, the financial statements are the responsibility of management.
