### Independent Auditors' Report

Hector H. Balderas, State Auditor and Board of County Commissioners Union County Clayton, New Mexico

#### **Report on Financial Statements**

We have audited the accompanying financial statements of the governmental activities, each major fund, the aggregate remaining fund information, and the budgetary comparisons of the general fund and major special revenue funds of Union County, New Mexico (County), as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents. We have also audited the financial statements of each of the County's nonmajor governmental funds and the budgetary comparisons for the nonmajor funds presented as supplementary information, as defined by the Governmental Accounting Standards Board, in the accompanying combining and individual fund financial statements as of and for the year ended June 30, 2014, as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatements, whether due to fraud or error.

### **Auditors' Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Union County, as of June 30, 2014, and the respective changes in financial position thereof and the respective budgetary comparisons for the general fund and the major special revenue funds for the year then ended in accordance with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each nonmajor governmental funds as of June 30, 2014, and the respective changes in financial position thereof and the respective budgetary comparisons for the nonmajor governmental funds for the year ended in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matters**

#### Required Supplementary Information

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America required to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the County's financial statements, the combining and individual fund financial statements, and the budgetary comparisons. The other schedules required by 2.2.2 NMAC are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The other schedules required by 2.2.2 NMAC are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with the auditing standards generally accepted in the United States of America. In our opinion, the other schedules required by 2.2.2 NMAC are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 7, 2014 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

# RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED JUNE 30, 2014

Amounts reported for governmental activities in the statement of activities are different because:

| Net change in fund balances total governmental funds (page eight)   | \$<br>(1,029,762) |
|---|-------------------|
| Governmental funds report capital outlay as expenditures in the amount of \$1,466,042; however, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense, in the amount of \$788,138. The net adjustment is \$677,904.  | 677,904           |
| Within the statement of activities, the basis of capital assets disposed of are netted with the gross proceeds to produce a gain or loss. The disposal of capital assets does not use current financial resources and, therefore, are not reported as expenditures in the governmental funds.   | (12,558)          |
| Some of the County's taxes will be collected after year-end, but are not available soon enough to pay for the current period's expenditures, and therefore, are reported as deferred revenue in the funds. At June 30, 2013, deferred property taxes amounted to \$51,524. The deferred property taxes for the current fiscal year amounted to \$65,188; therefore, the net adjustment is \$13,664. | 13,664            |
| Accrued interest expense not due within thirty days after year-end is not considered in the current period and is not reported in the governmental funds. The decrease of the accrued interest liability from the previous year decreases the interest expense within the statement of activities.  | 723               |
| The repayment of principal of long-term consumes the current financial resources of the governmental funds; however, it is not recorded as an expense within the statement of activities.   | 258,840           |
| Increase in the compensated absences liability is reflected as an expense within the statement of activities and the expense does not use a current financial resources and is not recorded within the governmental funds.  | (3,766)           |

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2014

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Union County, New Mexico (County) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Government Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below.

### A. Reporting Entity

The County was established by the laws of the Territory of New Mexico of 1876, under the provisions of the act now referred to as Sections 4-9-1 and 4-9-2 of the New Mexico Statutes Annotated, 1978 Compilation. The County operates under the commission-manager form of government and provides the following services as authorized in the grant of powers: public safety (sheriff, fire, emergency medical, etc.), public works (highways and streets), sanitation, health and welfare services, public improvements, and general administration services. The County's basic financial statements include all activities and accounts of the County's financial reporting entity.

The financial reporting entity consists of the primary government, and any another organization for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The definition of the reporting entity is based primarily on the notion of financial accountability. A primary government is financially accountable for the organizations that make up its legal entity. It is also financially accountable for legally separate organizations if its officials appoint a voting majority of an organization's governing body, and either it is able to impose its will on that organization, or there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens, on the primary government. A primary government may also be financially accountable for governmental organizations that are fiscally dependent on it.

A primary government has the ability to impose its will on an organization if it can significantly influence the programs, projects, activities, or level of services performed or provided by the organization. A financial benefit or burden relationship exists if the primary government (a) is entitled to the organization's resources; (b) is legally obligated or has otherwise assumed the obligation to finance the deficits of, or provide financial support to, the organization; or (c) is obligated in some manner for the debt of the organization. Based on this criterion, there are no component units of the County.

### B. Government-Wide and Fund Financial Statements

The basic financial statements include both government-wide (based on the County as a whole) and fund financial statements. The government-wide financial statements (i.e., the statement of net assets and the statement of changes in net assets) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been eliminated from these statements.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2014

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### B. Government-Wide and Fund Financial Statements (continued)

Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for services for support. The Statement of Net Position and the Statement of Activities were prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange-like transactions are recognized in accordance with the requirements of GASB Statement No. 33, Accounting and Financial Reporting for Non-Exchange Transactions. The County has no business-type activities.

The government-wide statement of activities demonstrates the degree to which the direct expenses of a function category (general government, public safety, etc.) or activity are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or activity. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or activity; (2) grants and contributions that are restricted to meeting the operational requirements of a particular function or activity, and (3) grants and contributions that are restricted to meeting the capital requirements of a particular function or activity. Taxes and other items not properly included among program revenues are reported as general revenues.

The net cost (by function of governmental activity) is normally covered by general revenues (taxes, intergovernmental revenues, interest income, etc.). The County does not allocate indirect costs. Depreciation expense is specifically identified by function and is included in the direct expense of each function. Interest on general long-term is considered an indirect expense and is reported separately on the Statement of Activities.

Separate financial statements are provided for the governmental funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. GASB Statement No. 34 sets forth minimum criteria (percentage of assets, liabilities, revenues or expenditures/expenses of either fund category for the governmental) for the determination of major funds. The nonmajor funds are combined in a column in the fund financial statements. The nonmajor funds are detailed in the combining section of the statements.

The County's fiduciary funds (which have been refined and narrowed in scope) are presented in the fund financial statements by type. Since, by definition, these assets are being held of the benefit of a third party (other state and local governments and individuals) and cannot be used to address activities or obligations of the government, these funds are not incorporated into government-wide statements.

The government-wide focus is more on the sustainability of the County, as an entity and the change in aggregate financial position resulting from the activities of the fiscal period. The focus of the fund financial statements is on the major individual funds of the governmental activities as well as the fiduciary funds (by category).

#### B. Government-Wide and Fund Financial Statements (continued)

Each presentation provides valuable information that can be analyzed and compared to enhance the usefulness of the information.

### C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources* measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Non-exchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, includes property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balance of financial resources) rather than upon net income. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period. For this purpose, the County considers revenues to be available if they are collected within sixty days of the end of the current fiscal period. Generally, intergovernmental revenues and grants are recognized when all eligibility requirements are met and the revenues are available. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is made.

In addition to assets, the statement of financial position will, at times, report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future reporting period(s); therefore, is not recognized as an outflow of resources (expense) until then.

In addition to liabilities, the statement of financial position will, at times, report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future reporting period(s); therefore, will not be recognized as an inflow of resources (revenue) until that time.

Property, franchise, sales and public service tax revenues associated with the current fiscal period are recognized under the susceptible to accrual concept.

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Measurement Focus, Basis of Accounting,
C. and Financial Statement Presentation (continued)

Licenses and permits, charges for services, fines and forfeitures, contributions, and miscellaneous revenues are recorded as revenues when received in cash, as the resulting receivable is immaterial. Investment earnings are recorded as earned since they are measurable and available. In applying the susceptible to accrual concept to intergovernmental revenues, the legal and contractual requirements of the numerous individual programs are used as guidance.

There are, however, essentially two types of these revenues. In one, monies must be expended for the specific purpose or project before any amounts will be paid to the County; therefore, revenues are recognized based upon the expenditures recorded. In the other, monies are virtually unrestricted as to purpose of expenditure and are usually revocable only for failure to comply with prescribed compliance requirements. These resources are reflected as revenues at the time of receipt or earlier if the susceptible to accrual criteria are met.

The County reports the following major governmental funds:

The *general fund* is the County's primary operating fund. It accounts for all the financial resources of the general government, except those required to be accounted for in another fund.

The *road fund* accounts for the operation and maintenance of the County roads. Financing is primarily from state shared revenues from motor vehicle taxes. The authority for this fund is given by Sections 7-1-6.9 and 7-1-6.26 NMSA 1978.

The *hospital mill levy fund* accounts for the four and one quarter mill levy tax revenues, which are used for the maintenance and purchase of capital equipment for the County's hospital. The authority for this fund is given by County Resolution 93-2.

The County maintains twenty-four other individual governmental funds that are considered nonmajor funds; twenty-three are classified as special revenue funds, and one is classified as capital projects fund. A description of each nonmajor governmental fund is as follows:

### **Special Revenue Funds**

The farm and range fund accounts for the maintenance, improvements and animal control of federal land under Section 10 of the Taylor Grazing Act of 6-28-34. The Taylor Grazing Co-Op Agreement provides funds that are to be used strictly for the maintenance, improvements, and animal control of this federal land. The authority for the fund is given by Section 6-11-6 NMSA 1978.

### Special Revenue Funds (continued)

The *recreation fund* accounts for the operations and maintenance of county owned recreation facilities. Financing is provided by the County's share of cigarette tax. State law requires the use of these cigarette taxes be used for recreation purposes. The authority for the fund is given by Section 7-12-15 NMSA 1978.

The *county clerk's fee fund* accounts for the charges for services collected to be used for purchase of special equipment associated with the County Clerk's office. The authority for the fund is given by Section 14-8-12.2A, NMSA 1978.

The *indigent hospital fund* accounts for the revenues received from state gross receipts taxes for hospital service for indigent citizens of the County. The authority for the fund is given by Section 7-20E-9, NMSA 1978.

The Capulin fire fund accounts for state fire protection revenues that are to be expended only for the maintenance of its fire department. The authority for the fund is given by Sections 59A-53-5 and 59A-53-8, NMSA 1978.

The Sedan fire fund accounts for state fire protection revenues that are to be expended only for the maintenance of its fire department. The authority for the fund is given by Sections 59A-53-5 and 59A-53-8, NMSA 1978.

The *Amistad/Hayden fire fund* accounts for state fire protection revenues that are to be expended only for the maintenance of its fire department. The authority for the fund is given by Sections 59A-53-5 and 59A--53-8, NMSA 1978.

The *Rabbit Ear fire fund* accounts for state fire protection revenues that are to be expended only for the maintenance of its fire department. The authority for the fund is given by Sections 59A-53-5 and 59A-53-8, NMSA 1978.

### Special Revenue Funds (continued)

The *law enforcement fund* accounts for the County's state distribution of Law Enforcement Protection funds to be used for the repair and /or replacement of law enforcement equipment. The authority for the fund is given by Section 29-13-1, NMSA 1978.

The *legislative appropriations fund* accounts for the revenues and expenditures from special appropriations received from the New Mexico Legislature. The authority for the fund is given by County resolution.

### **Capital Projects Fund**

The capital improvements/emergency fund accounts for funds from federal, state and local sources for capital projects throughout the County. This includes cooperative agreements with the New Mexico Department of Transportation to construct or improve selected projects. The authority for this fund is given by County resolution.

### D. Budgets

Budgets for all funds are prepared by management and approved by the local commission and the New Mexico Department of Finance and Administration. The County Manager is responsible for preparing the budget from requests submitted by elected officials and department heads. The appropriated budget is prepared by line item within object class, program, department and fund; revenues expected to be available are estimated to provide for balanced budgeting. The comprehensive budget package is brought before the County Commissioners for approval by resolution. The proposed budget is then submitted by June 1<sup>st</sup> to the New Mexico Department of Finance and Administration Local Government Division (DFA) for approval. DFA certifies a pending budget by July 1<sup>st</sup> with final certification of the budget by the first Monday of September. The expenditure section of the budget, once adopted, is legally binding. Based on the final certified budget submitted, DFA certifies the allowable tax rates for property taxes in September.

These budgets are prepared on the non-GAAP cash basis, excluding encumbrances, and secure appropriation of funds for only one year. Carryover funds are reappropriated in the budget of the subsequent fiscal year. The budget process in the state of New Mexico requires that the beginning cash balance be utilized to fund deficit budgets appropriated in the budget of the subsequent fiscal year. Such appropriated balance is legally restricted and is, therefore presented as a reserved portion of fund balance.

Actual expenditures may not exceed the budget on a fund basis. Budgets may be amended in two ways. If a budget transfer is necessary within a fund, this may be accomplished with only local commission approval.

### 1. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)</u>

### D. Budgets (continued)

If a transfer between "funds" or a budget increase is required, approval must be obtained from the Department of Finance and Administration. The budgetary information presented in these financial statements has been amended in accordance with the above procedures.

### E. Assets, Liabilities, and Net Assets or Equity

### 1. Deposits and Investments

Investments in the County's cash and certificates of deposit are stated at cost, which approximates fair value. State statutes authorize the County to invest in certificates of deposit, obligations of the state and the U.S. government, and the New Mexico State Treasurer's investment pool. Cash and certificates of deposit are reported at book value. All other investments are carried at fair market value using quoted market prices. Interest income, realized gains and losses on investment transactions, and amortization of premiums/discounts on investment purchases are included for financial statement purposes as investment income and are allocated to participating funds based on the specific identification of the source of funds for a given investment.

### 2. Interfund Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as interfund balance. Long-term advances between funds, as reported in the fund financial statements, are offset by a nonspendable fund balance account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

### 3. Inventory

Inventories are recorded using first-in, first-out cost method. The costs of inventories in governmental fund types are recorded as expenditures when purchased, therefore, the inventory amount is not available for appropriation.

### 4. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2014

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### E. Assets, Liabilities, and Net Assets or Equity (continued)

#### 5. Restricted Assets

Certain long-term assets are classified as restricted assets on the balance sheet because their use is limited to payments for debt service or other purposes such as deposits held in trust for others.

### 6. Interfund Activity

Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund balance as appropriate, and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental funds are netted as part of the reconciliation to the government-wide financial statements.

### 7. Capital Assets

Property, plant, and equipment purchased or acquired is carried at historical cost or estimated cost. Contributed capital assets are recorded at estimated fair market value at the time received. Purchased computer software is recorded at historical cost. The County defines capital assets as assets with an initial, individual cost or donated value of more than \$5,000 and an estimated useful life in excess of one year.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant, and equipment of the primary government are depreciated using the straight line method over the following estimated useful lives:

| Assets                             | Years |
|------------------------------------|-------|
| Infrastructure                     | 10-80 |
| Buildings and other improvements   | 15-40 |
| Machinery and equipment (including |       |
| computer software)                 | 5-10  |
| Hospital equipment                 | 5-10  |

#### 8. Compensated Absences

County employees may accumulate limited amounts of vacation pay which are payable to the employee upon termination or retirement. For governmental funds, expenditures are recognized during the period in which vacation costs become payable from available, expendable resources.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2014

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

### E. Assets, Liabilities, and Net Assets or Equity (continued)

### 8. Compensated Absences (continued)

A liability for amounts earned, but not payable from available expendable resources, is reported in the government-wide financial statements.

County employee may accumulate limited amounts of sick leave; however, such accumulation is not paid upon termination. Therefore, the accumulated sick leave liability is not recorded.

#### 9. Deferred Inflows of Resources - Unearned Revenues

Within the government-wide financial statements, unearned revenues represent unearned revenues advanced to the County. Such advances are reported as unearned revenue until the earnings process is complete. Unearned revenues may include grant awards reflected as a receivable, but not recognized as revenues since all criteria have not been met.

Within the governmental funds, revenues must be available in order to be recognized. Revenues, such as property taxes that are not available, are recorded as unearned revenues and reflected as a liability within the balance sheet.

### 10. Short-Term Obligations

No short-term debt occurred during the current fiscal year.

#### 11. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities within the statement of net position. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

### E. Assets, Liabilities, and Net Assets or Equity (continued)

#### 12. Net Position

The government-wide financial statements utilize a net position presentation. Net position is categorized as follows:

*Net investment in capital assets* – This category reflects the portion of net position that are associated with capital assets less outstanding capital asset related debt.

Restricted net position – This category reflects the portion of net position that have third party limitations on their use.

*Unrestricted net position* – This category reflects net position of the County, not restricted for any project or other purpose.

### 13. Fund Equity Reservation and Designations

In the fund financial statements, governmental funds report aggregate amounts for five classifications of fund balances based on the constraints imposed on the use of these resources. The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form — prepaid items or inventories; or (b) legally or contractually required to be maintained intact.

The spendable portion of the fund balance comprises the remaining four classifications: restricted, committed, assigned, and unassigned.

Restricted fund balance – This classification reflects the constraints imposed on resources either (a) externally by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed fund balance – These amounts can only be used for specific purposes pursuant to constraints imposed by formal resolutions or ordinances of the board of commissioners – the government's highest level of decision making authority. Those committed amounts cannot be used for any other purpose unless the board of commissioners removes the specified use by taking the same type of action imposing the commitment. This classification also includes contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned fund balance – This classification reflects the amounts constrained by the County's "intent" to be used for specific purposes, but are neither restricted nor committed. The board of commissioners, and County manager, has the authority to assign amounts to be used for specific purposes.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2014

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

### E. Assets, Liabilities, and Net Assets or Equity (continued)

### 13. Fund Equity Reservation and Designations (continued)

Assigned fund balance (continued) – Assigned fund balances include all remaining amounts (except negative balances) that are reported in governmental funds, other than the General Fund, that are not classified as nonspendable and are neither restricted nor committed.

*Unassigned fund balance* – The fund balance is the residual classification for the General Fund. It is also used to report negative fund balances in other governmental funds.

When both restricted and unrestricted resources are available for use, it is the County's policy to use externally restricted resources first, then unrestricted resources-committed, assigned, and unassigned-in order as needed.

### F. Other Matters

### 1. Presentation

Certain reclassifications of prior year information have been made to conform to the current year presentation.

#### 2. Cash Flows

For the purpose of the statement of cash flows, the County considers all highly liquid investments, including restricted cash with maturity of three months or less when purchased, to be cash equivalents.

#### 3. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

### 2. CASH DEPOSITS WITH FINANCIAL INSTITUTIONS

#### Cash

New Mexico State Statutes provide authoritative guidance regarding the deposit of cash and idle cash.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2014

### 2. CASH DEPOSITS WITH FINANCIAL INSTITUTIONS (continued)

### Cash (continued)

Deposits of funds may be made in interest or non-interest bearing checking accounts in one or more bank or savings and loan associations within the geographical boundaries of the County. Deposits may be made to the extent that they are insured by an agency of the United States of America or by collateral deposited as security or by bond given by the financial institution. The rate of interest in non-demand interest-bearing accounts shall be set by the state Board of Finance, but in no case shall the rate of interest be less than one hundred percent of the asked price on United States treasury bills of the same maturity on the day of deposit.

Idle cash may be invested in a wide variety of instruments, including money market accounts, certificates of deposit, the New Mexico State Treasurer's investment pool, or in securities which are issued by the state or by the United States government, or by their departments or agencies, and which are either direct obligations of the state or the United States, or are backed by the full faith and credit of those governments.

#### Cash Deposited with Financial Institutions

The County maintains cash in two financial institutions within Union County, New Mexico. The County's deposits are carried at cost.

As of June 30, 2014, the amount of cash reported on the financial statements differs from the amount on deposit with the various institutions because of transactions in transit and outstanding checks. The locations and amounts deposited are as follows:

|   | Per Institution |                               | R  | econciling<br>Items     | er Financial<br>Statements          |

A detailed listing of the pledged collateral is contained in the supplemental financial information section of this report. According to the Federal Deposit Insurance Corporation, public unit deposits, time deposit, savings deposits and interest bearing money market accounts at a public unit in an institution in the same state will be insured up to \$250,000.

Custodial Credit Risk – Deposits – Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The County does not have a deposit policy for custodial credit risk. As of June 30, 2014, \$4,540,494 of the County's bank balances of \$5,540,494 was exposed to custodial credit risk as follows:

|  | First National Bank of New Mexico | -  | Farmer's & ckmen's Bank | Total           |

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2014

### 3. RESTRICTED ASSETS

The County has restricted cash and investments for particular purposes. A description of the assets restricted, and the purpose of the restriction is described as:

#### Investments Held by Fiscal Agent

As required by note agreements with the New Mexico Finance Authority (NMFA), the County has cash held and invested with the NMFA. For the fiscal year ended June 30, 2014, the NMFA has invested the funds held in the debt service and debt reserve pools.

### NMFA - Debt Service Pool

The County has \$90,637 invested with the NMFA debt service pool. At June 30, 2014, the pool was composed of short-term, high-credit-quality money market instruments.

### NMFA – Debt Reserve Pool

The County has \$124,846 invested with the NMFA debt reserve pool. At June 30, 2014, the pool was composed of 7.73% money market funds and 92.27% fixed income funds.

#### Interest Rate Risk

Interest rate risk is the risk that interest rate variations may adversely affect an investment's fair value. The prices of securities fluctuate with market interest rates and the securities held in a portfolio will decline if market interest rates rise. The portfolio's weighted average maturity (WAM) is a key determinant of the tolerance of a fund's investments to rising interest rates. In general, the longer the WAM, the more susceptible the fund is to rising interest rates. The NMFA debt service pool fund weighted average maturity is 37-days WAM. The NMFA debt reserve pool fund weighted average maturity is 1.323 WAM.

The County does not have a formal policy limiting investment maturities that would help manage its exposure to fair value losses from increasing interest rates.

### 4. RECEIVABLES, NET

Receivables, net of allowance for doubtful accounts, at June 30, 2014, consisted of the following:

|   | Governmental<br>Activities |  |  |  |  |
|---|----------------------------|--|--|--|--|

| Receivables, net   | \$ | 362,477                  |

The County's policy is to provide for uncollectible accounts based upon expected defaults.

#### 5. PROPERTY TAX

A tax is imposed upon all property located within Union County subject to valuation for property taxation purposes under Article 36, Chapter 7 NMSA 1978. By April 1<sup>st</sup> of each year, the County Assessor mails a notice to each property owner informing him of the net value of his property that has been valued for property evaluation purposes by the assessor.

A property owner may protest the value or classification determined for his property for property taxation purposes, the allocation of value of his property to a particular governmental unit, or a denial of a claim for an exemption, or for a limitation on increase in value. No later than September 1<sup>st</sup> of each year, the secretary of finance and administration shall, by written code, set the property tax rates for the governmental units sharing in the tax in accordance with the property tax code. After receipt of the rate-setting order and the order imposing the tax, but no later than October 1<sup>st</sup> of each tax year, the County Assessor shall prepare a property tax schedule for all property subject to property taxation in the County. A copy of the property tax schedule prepared by the assessor shall be delivered to the County Treasurer on October 1<sup>st</sup> of each tax year.

Upon receipt of the property tax schedule, the County Treasurer shall prepare and mail property tax bills. Tax bill shall be mailed no later than November 1<sup>st</sup> of each tax year.

Property taxes are payable to the County Treasurer in two equal installments due on November 10<sup>th</sup> of the year in which the tax bill was prepared and mailed, and on April 10<sup>th</sup> of the following year. Property taxes that are not paid within thirty days after the date on which they are due are delinquent. Delinquent taxes are subject to penalties and interest. A lien against the real property for taxes is effective from January 1<sup>st</sup> of the tax year that the taxes are imposed.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2014

#### 5. PROPERTY TAX (continued)

The lien runs in favor of the state and secures the payment of taxes on real property and any penalty and interest that may become due. The lien continues until the taxes and any penalty and interest are paid.

The County Treasurer has the responsibility and authority for collection of taxes and any penalties or interest due under the property tax code. The County Treasurer distributes the receipts from collected taxes to each government unit in an amount and in a manner determined in accordance with the law and with the regulation of the Department of Finance and Administration.

Per NMSA 7-37-7-(B)(1), the County is permitted to levy taxes for general operating purposes up to \$11.85 per \$1,000 of taxable value for both residential and non-residential property, taxable value being defined as one third of the fully assessed value. In addition, the County is allowed to levy taxes for payments of bond principal and interest in amounts approved by County voters.

The County's operating tax rate to finance general government services for 2013 was \$9.150 per \$1,000 for non-residential property and \$7.239 per \$1,000 for residential property.

#### 6. CAPITAL ASSETS

During the fiscal year, the county preformed an intensive inventory and review of its capital assets and the subsidiary records. The County discovered errors in the amounts reported at June 30, 2013, within the governmental capital assets. The effect of the changes is as follows:

#### Compensated Absences

A liability for unused vacation and sick time for all full-time employees is calculated and reported in the government-wide statements. For financial reporting, the following criteria must be met to be considered as compensated absences:

- leave or compensation is attributable to services already rendered.
- leave or compensation is not contingent on a specific event (such as illness).

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2014

#### 7. LONG-TERM OBLIGATIONS (continued)

#### Compensated Absences (continued)

Per GASB Interpretation No. 6, liabilities for compensated absences are recognized in the fund statements to the extent the liabilities have matured (i.e., are due for payment). Compensated absences are accrued in the government-wide statements. The compensated absences liability attributable to the governmental activities will be liquidated primarily by the general fund.

In the past, approximately forty-seven percent has been paid by the General Fund and fifty-three percent by the Road Fund.

#### 8. UNEARNED REVENUES

The County has recorded unearned revenues of \$42,430, \$21,693 and \$1,065 within the governmental general, hospital mill levy and re-appraisal funds, respectively. These amounts represent non-current property taxes.

#### 9. OPERATING LEASES

The County has entered into a lead agreement to lease a computer system. The agreement includes the use of the computer software and support. The agreement is renewable annually. The County expects that in the normal course of business, the computer agreement will continue to be required. For the fiscal year ended June 30, 2014, the County expended \$44,535 for the computer agreement.

The County leases four motor graders and a Caterpillar loader from a third party under a governmental operating lease agreement. The lease term is for eighty-four months ending October 2020. In the event no funds or insufficient are appropriated and budgeted, or otherwise not available in any fiscal year for rental payments; upon notification to the Lessor, the operating lease agreement will terminate on the last day of the fiscal year, for which appropriations were received without penalty or expense to the County. Future minimum operating lease commitments are as follows:

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend. Transfers are used to move unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

#### 11. DEFICIT BALANCES

The Rabbit Ear Fire fund had a deficit fund balance of \$25,131 and the Capulin EMS fund had a deficit fund balance of \$47 at June 30, 2014. The deficit balances will be reduced from revenues received in the next fiscal year, and or transfers from the general fund.

#### 12. CONDUIT DEBT OBLIGATIONS AND HOSPITAL OPERATIONS

Pursuant to Section 4-48B-1 NMSA 1978, the County and Clayton Health Systems, Inc., a New Mexico Nonprofit Corporation, (CHS) entered into an agreement for operations of the County hospital. The terms of the agreement requires CHS to operate the hospital to provide health care services to County residents. The County provides the health care facility and certain equipment for the use of CHS in providing the health care services and has set aside the proceeds of the mill levy collected, pursuant to the Hospital Funding Act, for use the CHS for hospital maintenance and hospital equipment. The term of the agreement extends through November 1, 2029. CHS is an independent entity and not a component unit of the County.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2014

#### 12. CONDUIT DEBT OBLIGATIONS AND HOSPITAL OPERATIONS (continued)

The County has entered into a series of four special limited obligation loan agreements with the New Mexico Finance Authority to provide financial assurance to CHS for the remodeling and construction of the County hospital. As of June 30, 2014, the four loans outstanding balances are as follows:

| Year of Agreement | Amount       |
|-------------------|--------------|
| 2005              | \$ 2,424,093 |
| 2006              | 1,266,087    |
| 2007              | 1,088,442    |
| 2009              | 1,843,392    |
| 2000              | \$6,622,014  |

Simultaneously, with the execution of the loan agreements, the operating agreements with CHS were amended to require payment of the loan obligations by CHS from hospital revenues.

The loans are special limited obligations of the County, payable solely from revenues of the hospital and do not constitute indebtedness to the County within the meaning of any State constitutional provision or statutory debt limitation.

Nor, do the obligations constitute a charge against the County's general credit or taxing power and, accordingly, therefore, have not been reported in the accompanying financial statements, pursuant to GASB Codification Section C65.

However, the County remains contingently liable in the event of default to the extent of its third one-eighth of one percent County Gross Receipts Tax, which is also pledged to secure the loan. This tax is presently committed to the Hospital Indigent Fund, combined with other gross receipts taxes. The amount of the third one-eighth County Gross Receipts Tax is not obligated, so long as the loan is not in default as to any monthly loan payment or the rate covenant as set forth in the loan agreement, the Gross Receipts Tax revenues will not be used for the purpose of the loan payments.

The operating agreement between the County and CHS also requires CHS to pledge its revenues and to directly pay the principal and interest payments required under the loan agreement. In addition, the operating agreement imposes certain other obligations on CHS to include a rate covenant, which requires that rates be established by CHS to produce gross revenues sufficient to pay the annual operation and maintenance expenses and one hundred thirty percent of the aggregate annual debt service requirements payable during the current fiscal year.

In 2007, the County and CHS entered into a memorandum of understanding in which the County agreed to provide a subsidy to CHS in the amount of the principal and interest payments on the 2007 loan agreement. For the current fiscal year, the County budgeted a payment of \$159,300 through its Governmental Gross Receipts Tax General Special Revenue Fund for this subsidy.

#### 14. PENSION PLAN - PUBLIC EMPLOYEES RETIREMENT ASSOCIATION

#### Plan Description

Substantially, all of the County's full-time employees participate in a public employee retirement system authorized under the Public Employees Retirement Act (Chapter 10, Article 11 NMSA 1978). The Public Employees Retirement Association (PERA) is the administrator of the plan, which is a cost-sharing multiple-employer defined benefit retirement plan. The plan provides for retirement benefits, disability benefits, survivor benefits and cost-of-living adjustments to plan members and beneficiaries. PERA issues a separate, publicly available financial report that includes financial statements and required supplementary information for the plan. That report may be obtained by writing to PERA, P.O. Box 2123, Santa Fe, New Mexico 87504-2123. The report is also available on PERA's website at www.pera.state.nm.us.

#### **Funding Policy**

Plan members are required to contribute from 9.15% to 12.35% (ranges from 6.28% to 18.15% depending upon the plan, i.e., state general, state police, and adult correctional officers, municipal general, municipal police, municipal fire, municipal detention officer) of their gross salary. The County is required to contribute from 9.15% to 18.5% (ranges from 7.0% to 25.72% depending upon the plan) of the gross covered salary.

The contribution requirements of plan members and the County are established in State statute under Chapter 10, Article 11 NMSA 1978. The requirements may be amended by acts of the legislature. The County's contributions to PERA for the years ending June 30, 2014, 2013, and 2012 were \$247,463, \$235,724, \$225,699, respectively, equal to the amount of the required contributions for each year.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2014

#### 15. POST-EMPLOYMENT BENEFITS – STATE RETIREE HEALTH CARE PLAN

#### Plan Description

The County contributes to the New Mexico Retiree Health Care Fund, a cost-sharing multiple-employer defined benefit post-employment healthcare plan administered by the New Mexico Retiree Health Care Authority (RHCA). The RHCA provides health care insurance and prescription drug benefits to retired employees of participating New Mexico government agencies, their spouses, dependents, and surviving spouses and dependents. The RHCA Board was established by the Retiree Health Care Act (Chapter 10, Article 7C, NMSA 1978). The Board is responsible for establishing and amending benefit provisions of the healthcare plan and is also authorized to designate optional and/or voluntary benefits like dental, vision, supplemental life insurance, and long-term care policies.

Eligible retirees are: 1) retirees who make contributions to the fund for at least five years prior to retirement and whose eligible employer during that period of time made contributions as a participant in the RHCA plan on the person's behalf, unless that person retires before the employer's RCHA effective date, in which event, the time period required for employee and employer contributions shall become the period of time between the employer's effective date and the date of retirement; 2) retirees defined by the Act who retired prior to July 1, 1990; 3) former legislators who served at least two years; and 4) former governing authority members who served at least four years.

The RCHA issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for the post employment healthcare plan. That report and further information can be obtained by writing to the Retiree Health Care Authority at 4308 Carlisle NE, Suite 104, Albuquerque, New Mexico 87107.

#### Funding Policy

The Retiree Health Care Act (Section 10-7C-13 NMSA 1978) authorizes the RCHA Board to establish the monthly premium contributions that retirees are required to pay for healthcare benefits. Each participating retiree pays a monthly premium according to a service based subsidy rate schedule for the medical plus basic life plan plus an additional participation fee of five dollars if the eligible participant retired prior to the employer's RCHA effective date or is a former legislator or former governing authority member. Former legislators and governing authority members are required to pay 100% of the insurance premium to cover their claims and the administrative expenses of the plan. The monthly premium rate schedule can be obtained from the RCHA or viewed on their website at <a href="https://www.nmrcha.state.nm.us">www.nmrcha.state.nm.us</a>.

The employer, employee and retiree contributions are required to be remitted to the RCHA on a monthly basis. The statutory requirements for the employer and employee contributions can be changed by the New Mexico State Legislature. Employers that choose to become participating employers after January 1, 1998, are required to make contributions to the RHCA fund in the amount determined to be appropriate by the Board.

The Retiree Health Care Act (Section 10-7C-15 NMSA 1978) is the statutory authority that establishes the required contributions of participating employers and their employees.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2014

#### 15. POST-EMPLOYMENT BENEFITS – STATE RETIREE HEALTH CARE PLAN (continued)

#### Funding Policy (continued)

For employees that were members of an enhanced retirement plan (state police and adult correctional officer member coverage plan 1; municipal police member coverage plans 3, 4 or 5; municipal fire member coverage plans 3, 4 or 5; municipal detention officer member coverage plan 1; and members pursuant to the Judicial Retirement Act) during the fiscal year ended June 30, 2014, the statutes required each participating employer to contribute 2.5% of each participating employee's annual salary; and each participating employee was required to contribute 1.25% of their salary.

For employees that were not members of an enhanced retirement plan during the fiscal year ended **June 30**, **2014**, the statute required each participating employer to contribute **2.0%** of each participating employee's annual salary; each participating employee was required to contribute **1.0%** of their salary. In addition, pursuant to Section 10-7C-15(G) NMSA 1978, at the first session of the Legislature following July 1, 2013, the legislature shall review and adjust the distributions pursuant to Section 7-1-6.1 NMSA 1978 and the employer and employee contributions to the authority in order to ensure the actuarial soundness of the benefits provided under the Retiree Health Care Act.

The County's contributions to the RHCA for the years ended June 30, 2014, 2013 and 2012 were \$26,912, \$25,651 and \$23,656, respectively, which equal the required contributions for each year.

#### 16. RELATED PARTY TRANSACTION

During the fiscal year, the County received a donation from a commissioner's family trust, in the amount of \$230,000, for the purchase of a building for a rural health clinic.

#### **17. RISK MANAGEMENT**

The County is exposed to various risks of loss related to torts: theft of, damage to, and destruction of assets, errors and omissions, injuries to employees, and natural disasters. The County has joined together with other local governments in the state and obtained insurance through the New Mexico Self-Insured fund, a public entity risk pool currently operating as a common risk management and insurance program for local governments. The County pays an annual premium to New Mexico Self-Insured fund for its general insurance coverage and all risk of loss is transferred.

#### **18. CONTINGENT LIABILITIES**

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the County expects such amounts, if any, to be immaterial.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2014

#### 18. CONTINGENT LIABILITIES (continued)

The County has various claims and lawsuits pending against the County. The County's attorney believes that no liability or damages could accrue to the County other than payment of attorney and other legal fees.

#### 19. SUBSEQUENT EVENTS

#### Union County General Hospital Management Changes

After considerable thought and deliberation, a decision was made by the Union County Board of Commissioners in February 2014 involving the future management of Union County General Hospital. This decision was made to improve the management of the hospital and its accountability to the residents of Union County.

This change in management is no reflection of the staff and employees of the hospital, who have and continue to provide high quality healthcare to residents of the county. Throughout the process, the County Commissioners have assured hospital employees that their jobs are not at risk, they are integral to the future of the hospital, and that they can be confident that the provision of high quality healthcare is of paramount importance to the Commissioners.

In the spring of 2014, the Commissioners met with five prospective management companies regarding their potential operation of Union County General Hospital, and held public meetings with each company to allow residents of the County the opportunity to ask questions and learn about the companies. After careful consideration, a delegation consisting of two County Commissioners, two members of the staff of the hospital, and the County's financial advisor visited hospitals managed by three of the prospective management companies, including meetings with members of the Boards, employees and physicians. During the visits, the delegation stressed the importance of employees retaining their position with Union County General Hospital, and confirmed with representatives of the Boards of the visited hospitals that each managements company understood the importance of maintaining jobs in rural communities, both philosophically and in their actions. Based on the findings of the delegation, the Commissioners then requested additional information from two management companies. Community Hospital Corporation and Endeavor Healthcare. Subsequent to the receipt and review of such information, the Commissioners analyzed the information received and the findings of their visits, and, upon careful deliberation, entered into detailed discussions with Community Hospital Consulting, Inc. (CHC Consulting) regarding their operations of Union County General Hospital commencing in August 2014.

On August 11, 2014, Clayton Health Systems, Inc., (CHS) the operator of Union County General Hospital, installed James Brook, Judith Cooper, Gloria Rice, and Holly Steen as new members of its Board of Directors. James Mayfield was later added as a fifth member of the CHS Board of Directors. The new CHS Directors were selected by the Union County Board of Commissioners to represent the community and its interest in providing strategic guidance and oversight to the hospital.

#### Union County General Hospital Management Changes (continued)

As one of its first orders of business, the new CHS Board unanimously voted to adopt a new set of Bylaws and a new Operating Agreement between CHS and Union County. The new bylaws and operating agreement are designed to promote transparency between CHS and the community, with CHS conducting itself as a public entity with its meetings noticed in advance and open to the general public. While the CHS Board will continue to have oversight over the hospital, the new bylaws and operating agreement increase the accountability of CHS to the Union County Board of Commissioners by virtue of certain key oversight and approval rights, including the selection of CHS Board of Directors by the commissioners.

After implementing these structural changes, the new CHS Board unanimously voted to select CHC Consulting, a hospital management company based in Texas, as its new management company for the hospital. As part of its management services, CHC Consulting provides one of its own employees to serve as the Administrator of the hospital. Effective August 11<sup>th</sup>, on an interim basis, Gary G. Kendrick was named Hospital Administrator. Mr. Kendrick is a seasoned hospital executive, having served as the chief executive officer of a wide variety of hospitals, including critical access hospitals similar to Union County General Hospital. Mr. Kendrick struck a positive tone in his remarks at the CHS board meeting, noting that 'CHC Consulting looks forward to partnering with the CHS Board and the County to deliver high quality care to Union County.'

As part of the management company transition to CHC Consulting, all hospital employees will retain their current positions. The County Commissioners reaffirmed their support for the employees of the hospital, and thanked them for their continued service to the health and wellness of Union County.

CHC Consulting is currently conducting a search for a permanent Administrator, which must be approved by the CHS Board with input from the County Commissioners.

#### Union County's Hospital-Related Debt Refinancing

At its meeting on July 24<sup>th</sup>, the New Mexico Finance Authority approved the refinancing of an outstanding loan to Union County for the benefit of Union County General Hospital. Appearing before the New Mexico Finance Authority, on behalf of Union County, were Angie Gonzales, County Manager, and Michael Newman, financial advisor to Union County.

The refinancing of this lean will reduce expenses of Union County General Hospital. Based on current interest rates, the refinancing is anticipated to result in savings of approximately \$287,000 after accounting for costs and expenses, with approximately \$257,000 of such savings to be realized prior to the fiscal year ending June 30, 2015. The refinancing will yield, based on current conditions, net present value savings as a percentage of refunded principal of approximately 10.2%, versus the threshold of 3% to 4% used by many state and local governments, including the state of New Mexico.

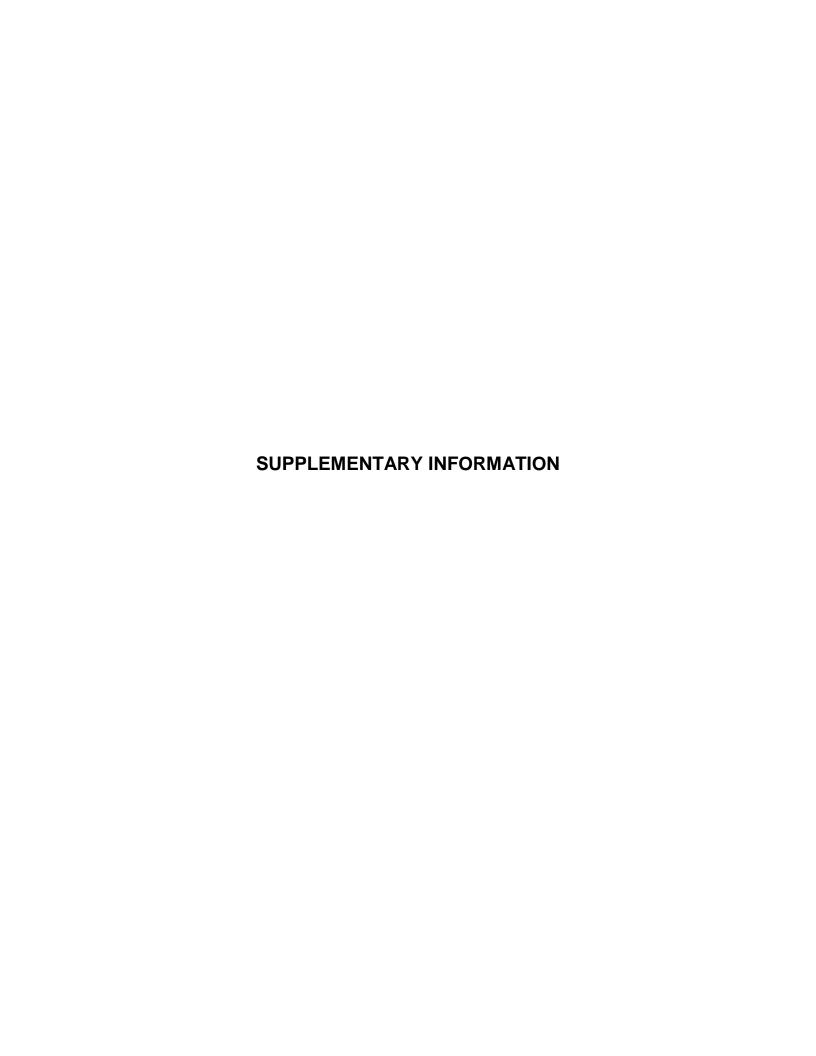

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2014

#### 19. SUBSEQUENT EVENTS (continued)

Union County's Hospital-Related Debt Refinancing (continued)

As a result of the reduction in interest rates on the new loan, the principal amount of the loan was able to be reduced by approximately \$12,000, and there is no extension of the final maturity date of the loan. The financing is scheduled to close in October 2014, at which time the interest rate on the loan will be set and savings finalized.

Union County has three additional loans from the New Mexico Finance Authority that were incurred to finance the expansion of Union County General Hospital. When permitted by contract to refinance these loans and subject to prevailing market conditions and the availability of more favorable interest rates, the County will seek to refinance each of such loans with the New Mexico Finance Authority for a reduction in interest expense.

Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed In Accordance with *Government Auditing Standards* 

Independent Auditors' Report

Hector H. Balderas, State Auditor and Board of Commissioners Union County Clayton, New Mexico

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, the aggregate remaining fund information, the budgetary comparisons of the general fund and major special revenue funds, of Union County (County), as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and the combining and individual funds and related budgetary comparisons of the County, presented as supplementary information, and have issued our report thereon dated November 7, 2014.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our test disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and responses as items 2013-002, 2013-003, and 2014-001.

### The County's Responses to Findings

The County's responses to the findings identified in our audit are described in the accompanying schedule of findings and responses. The County's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

### Item 2013-002 - Other - Travel and Per Diem Reimbursements

**Statement of Condition** – During the course of the audit, we performed tests of travel and per diem expenditures. Our sample size was forty-seven transactions, which were selected throughout the fiscal year, and contained the following discrepancies:

- There was one instance where there was no documentation for the purpose of a luncheon.
- There were four instances where an employee was not paid correctly for partial day per diem on their final day of travel. Two employees were overpaid \$12 each; one employee was underpaid \$12, and another was underpaid \$10.
- There was one instance where an employee was paid 100% in advance of a training trip. The amount paid in advance totaled \$457.73.

Criteria – The New Mexico Department of Finance and Administration (DFA) has issued regulations in the form of Title 2, Chapter 42, Part 2, Travel and Per Diem Regulations Governing the Per Diem and Mileage Act of the New Mexico Administrative Code. The rule was issued in accordance with Section 10-8-1 to 10-8-8 NMSA 1978. Also, the County approved Resolution 97-42, Governing the County's Mileage and Per Diem Compensation, on July 14, 2009. The County's resolution states, "all employees shall be entitled for reimbursement for travel expenses at a rate of \$.505 per mile." Item B1 of the County's resolution 97-42, "On the last day of travel when overnight lodging is no longer required, partial day reimbursement shall be made. To calculate the number of hours in a partial day, begin with the time the traveler initially departed. Divide the number of hours traveled by 24. The hours remaining constitute the partial day which shall be reimbursed as: less than two hours, none; for two but less than six hours, \$12.00; for six but less than twelve hours, \$20.00 and for twelve hours or more, \$30.00."

Section 2.42.2.12 A (4) states, "If more than \$6.00 per day or \$30.00 per trip is claimed, for parking fees, the entire amount of the reimbursement claim must be accompanied by receipts."

**Effect** – Non-compliance with the state of New Mexico Travel and Per Diem Act subjects officials and employees to penalties as required by state statutes.

**Cause –** The County failed to review the travel documentations prior to disbursement.

**Recommendation** – We recommend the County review the Travel and Per Diem Act as well as its procedures for payment. Each travel voucher should be thoroughly reviewed for accuracy and completeness.

Views of Responsible Officials and Planned Corrective Actions — County staff has corrected the mileage and per diem form to reflect the most recent resolution from which the amounts are used. Administration will not reimburse until the mileage/per diem form is completed along with purpose of trip documentation.

# SCHEDULE OF FINDINGS AND RESPONSES FOR THE YEAR ENDED JUNE 30, 2014

### <u>Item 2013-003 – Compliance – Deficit Ending Cash Balances for Budget</u>

**Statement of Condition** – The County budgeted a deficit ending cash balance within the following funds:

| Fund                        | Α  | mount  |
|-----------------------------|----|--------|
| Folsom EMS                  | \$ | 176    |
| Fire Marshal                |    | 22,920 |
| Special County Hospital GRT |    | 39,913 |

**Criteria** – Sections 6-6-6 through 6-6-11, NMSA 1978 prohibits local governments from making expenditures in excess of the approved budget and make public officials liable for such expenditures. County officials and governing authorities have the obligation to follow applicable state statutes.

**Effect** – Noncompliance with New Mexico State Statutes could subject officials and employees to penalties and fines required by state statutes.

**Cause** – When the County was working on its budget for the current fiscal year, the County failed to verify all ending cash budgeted balances within all the funds.

**Recommendation** – We recommend that the County officials expedite the establishment of procedures that will provide assurance of compliance with budget constraints established by state law. Such procedures should include an extensive review of beginning cash balances as these balances may have a direct and material effect on the final budget.

**Views of Responsible Officials and Planned Corrective Actions** – Procedures have been implanted in the budget allocation process to allocate the proper amounts to the departments. The Statement of Revenues, Expenditures and Changes in cash basis documents are reviewed and updated on a quarterly basis to catch and correct any deficit spending in any department.

### Item 2014-001 - Compliance - New Mexico Procurement Code

**Statement of Condition** - During our testing of the County's adherence to the New Mexico procurement code, we discovered the County was billed and paid for attorney services that had been procured under sealed bid procedures. The amount of overpayment was \$10,874.

**Criteria** – The state of New Mexico has a procurement code to ensure the best protection for those responsible for the expenditures of public funds. The purpose of the procurement code is to: 1) provide for fair and equitable treatment; 2) maximize purchasing value of public funds; and 3) offer safeguards to maintain a system of quality and integrity. The County is governed by New Mexico Statutes (NMSA) 1978 annotated, Chapter 13, Pamphlet 29 as amended and the General Service Department (GSD) Regulation 1.4.1 NMAC.

Further, Section 13-1-102 NMSA 1978 states that all procurement shall be by competitive sealed bid except for procurements via competitive sealed proposals; small purchases; sole source; emergency procurements; existing procurements; and anti-poverty program businesses.

# SCHEDULE OF FINDINGS AND RESPONSES FOR THE YEAR ENDED JUNE 30, 2014

### <u>Item 2014-001 – Compliance – New Mexico Procurement Code (continued)</u>

**Effect** – Any person, firm, or corporation that knowingly violates any provision of the Procurement code is subject to a civil penalty of not more than one thousand dollars (\$1,000) for each procurement in violation of any provision of the Procurement Code [13-1-28 to 13-1-117 and 13-1-118 to 13-1-199].

**Cause** - An administrative fee of 2.5% of the legal fees charged was billed in error by the legal firm. The firm had agreed to waive administrative fees. During the processing of payments, the County did not take notice of the billing of administrative fees.

**Recommendation** – We recommend that efforts be made to review payment procedures as they related to disbursements made under the sealed bid process.

**Views of Responsible Officials and Planned Corrective Actions** – The County will review bid documents to ensure the proper payment is issued to vendors. Administration contacted the vendor and a credit was issued for the amount billed in error.

### PRIOR YEAR'S AUDIT FINDINGS

<u>Item 2008-04 – Capital Assets Subsidiary Records</u> – In the prior year, it was noted that the capital assets subsidiary records were not reconciled. As a result, depreciation on capital assets could not be determined. During the fiscal year ended June 30, 2014, the County conducted a county wide inventory and a major reconciliation of its capital asset records. The County recorded an adjustment of \$1,428,592 to its overall capital assets total. Staff continues to review the inventory for proper recording of additions and deletions. The finding is considered resolved.

<u>Item 2010-02 – Compliance – PERA Contributions –</u> In the prior year, \$4,816 of retirement wages were erroneously omitted from the reports submitted to Public Employees Retirement Association (PERA). The County identified the employees, corrected their payroll files and worked diligently with PERA to remit omitted retirement contributions. As a control, the County implemented a check list to use when entering new employees into the payroll system. Periodic reconciliations are conducted throughout the year. The finding is considered resolved.

<u>Item 2011-01 – Material Weakness – Financial Statements and Disclosures</u> – The County relies upon their independent auditor to prepare the financial statements in accordance with generally accepted accounting principles (GAAP). Several staff members responsible for the preparation of the financial activity of the County attended training on governmental accounting during the fiscal year. As a result of the training and efforts of such members, the County displayed a satisfactory level of expertise regarding financial reporting in accordance with GAAP. The County prepared numerous schedules and financial statements which were incorporated in the audit process. The finding is considered resolved.

SCHEDULE OF FINDINGS AND RESPONSES FOR THE YEAR ENDED JUNE 30, 2014

### PRIOR YEAR'S AUDIT FINDINGS (continued)

<u>Item 2013-01 – Material Weakness – Accounting Activity</u> – During the prior fiscal year the following deficiencies regarding the County's accounting activity were noted:

- The County failed to record financial activity related to debt of the County held by outside parties. In particular, the County failed to record activity at the New Mexico Finance Authority (NMFA) for gross receipts intercepts, earning of interest income, and the payment of outstanding liabilities on their records.
- Further, the County failed to record financial activity at the New Mexico State Treasurer's escrow accounts related to County debt.
- The County failed to reconcile its capital assets subsidiary records with the general ledger activity.

During the current fiscal year, the County established protocol for incorporating the financial activity related to its debt held with NMFA into its accounting records. At the very minimum, the County has demonstrated an understanding of how this activity should be accounted in the County accounting records and for inclusion in financial statements. In addition, the County reconciled its capital outlay purchases to the capital assets subsidiary records. The finding is considered resolved.

<u>Item 2013-02 – Travel and Per Diem Reimbursements</u> – In the prior year audit, the County had several discrepancies related to travel and per diem expenditures. While the discrepancies found during the current year testing were less in magnitude, the finding is not considered resolved and is repeated as item 2013-002.

<u>Item 2013-03 – Compliance – Deficit Ending Cash Balances for Budget</u> - In the prior year, the County budgeted a deficit ending cash balance in eight separate funds. For the current year, the County budgeted a deficit ending cash balance in three funds. The finding is not considered resolved and is repeated as item 2013-003.

<u>Item 2013-04 – Compliance – New Mexico Procurement Code – Hospital Assets</u> –The County failed to determine if the management company of the hospital operations, who selects hospital items to purchase on behalf of the County, adhered to the New Mexico procurement code. The County's procedures require the mill levy or special hospital gross receipts requests from the management company of the hospital include documents to justify the expenditure. Such expenditures are approved by the County Board of Commissioners.

<u>Item 2013-05 – Compliance - Annual Inventory of Capital Assets</u> – The County did not perform a physical inventory of capital assets for the fiscal year ended June 30, 2013. As such, management is unable to determine if the capital assets subsidiary ledger is accurate, correct or complete. As part of the capital assets subsidiary records reconciliation performed in fiscal year 2013-2014, the County performed a physical inventory of capital assets. The inventory procedure has been set up to repeat itself every year. The finding is considered resolved.

### **PRIOR YEAR'S AUDIT FINDINGS (continued)**

<u>Item 2013-06 – Compliance – Submission of Audit Report</u> – The audit report for the fiscal year ended June 30, 2013, was submitted three days late. The finding was unique to the prior year and is not repeated for the current year.

EXIT CONFERENCE AND PREPARATION OF FINANCIAL STATEMENTS JUNE 30, 2014

### **EXIT CONFERENCE**

The audit report for the fiscal year ended June 30, 2014, was discussed during the exit conference held on November 12, 2014 in Clayton, New Mexico. Present for the County was Walter C. Hall, county commissioner; Angie Gonzales, county manager; Brandy Thompson, county treasurer; and Cheryl Garcia, assistant county manager. Present for the auditing firm was Rose Fierro, CPA.

### PREPARATION OF FINANCIAL STATEMENTS

The auditing firm of Fierro & Fierro, P.A., Certified Public Accountants, prepared the financial statements of Union County as of June 30, 2014. The County's upper management has reviewed and approved the financial statements and related notes, and they believe the County's books and records adequately support them.
