INDEPENDENT AUDITORS' REPORT

Wayne A. Johnson
New Mexico State Auditor
The Office of Management and Budget
To the City Commission
City of Alamogordo
Alamogordo, New Mexico

Report on Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, the aggregate remaining fund information, and the budgetary comparison for the general fund of the City of Alamogordo (the "City"), as of and for the year ended June 30, 2017, and the related notes to the financial statements which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City, as of June 30, 2017, and the respective changes in financial position and where applicable, cash flows thereof and the respective budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that *Management's Discussion and Analysis* on pages 11 through 21 and Schedules I and II and the Notes to the Required Supplementary Information on pages 88 through 94 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, the combining and individual nonmajor fund financial statements, the budgetary comparison for the component unit with a legally adopted budget, the Schedule of Expenditures of Federal Awards as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and Supporting Schedules III through V and VII required by Section 2.2.2 NMAC are presented for the purposes of additional analysis and are not a required part of the basic financial statements. The accompanying Schedule VI Financial Data Schedule is presented for purposes of additional analysis as required by the U.S Department of Housing and Urban Development and is not a required part of the financial statements. The accompanying Schedule VIII Schedule of Revenues and Expenses – Aging Programs is presented for purposes of additional analysis as required by the North Central New Mexico Economic Development District Non-Metro Area Agency on Aging and is not a required part of the financial statements.

The combining and individual nonmajor fund financial statements, the budgetary comparison for the component unit with a legally adopted budget, the Schedule of Expenditures of Federal Awards and Supporting Schedules III through VIII are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion the combining and individual nonmajor fund financial statements, the budgetary comparison for the component unit with a legally adopted budget, the Schedule of Expenditures of Federal Awards and Supporting Schedules III through VIII are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 13, 2017 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

STATE OF NEW MEXICO
CITY OF ALAMOGORDO
Management's Discussion and Analysis
For the Year Ended June 30, 2017
Unaudited

As management of the City of Alamogordo, we offer readers of the City of Alamogordo's financial statements this narrative overview and analysis of the financial activities of the City of Alamogordo for the fiscal year ended June 30, 2017. We encourage readers to consider the information presented here in conjunction with the financial statements of the City of Alamogordo and additional information provided.

Financial Highlights

- The assets and deferred outflows of resources of the City of Alamogordo exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$161,796,136 (*net position*). Of this amount, \$10,078,286 represents unrestricted net position, which may be used to meet the government's ongoing obligations to citizens and creditors.
- The City of Alamogordo's total net position increased \$5,797,020 due primarily to increases in charges for services in the proprietary and governmental funds and property taxes and other taxes in the governmental funds.
- At the close of the current fiscal year, the City of Alamogordo's governmental funds reported combined fund balances of \$61,088,372, an increase of \$559,247 in comparison with the prior year. Approximately 10.07% of the total fund balance, or \$7,041,996, is available for spending at the government's discretion (*unassigned fund balance*).
- At the end of the current fiscal year, unrestricted fund balance (the total of the *committed*, *assigned*, and *unassigned* components of *fund balance*) for the general fund was \$10,734,950, or approximately 59.53% of total general fund expenditures.
- The City of Alamogordo's total outstanding long-term debt increased by \$2,552,720 during the current fiscal year because there were several new debt issuances during the year.

Overview of the Financial Statements

The discussion and analysis provided here are intended to serve as an introduction to the City of Alamogordo's basic financial statements. The City of Alamogordo's basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) the notes to financial statements. This report also includes supplementary information intended to furnish additional detail to support the basic financial statements themselves.

Government-wide Financial Statements

The *government-wide financial statements* are designed to provide readers with a broad overview of the City of Alamogordo's finances, in a manner similar to a private-sector business.

The *statement of net position* presents financial information on all of the City of Alamogordo's assets, liabilities, and deferred inflows/outflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City of Alamogordo is improving or deteriorating.

STATE OF NEW MEXICO
CITY OF ALAMOGORDO
Management's Discussion and Analysis
For the Year Ended June 30, 2017
Unaudited

The *statement of activities* presents information showing how the City of Alamogordo's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City of Alamogordo that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City of Alamogordo include general government, public safety, public works, and culture and recreation. The business-type activities of the City of Alamogordo include an airport, golf course, water and sewer, solid waste collections, Bonito Lake, and a public housing authority (PHA).

The government-wide financial statements include not only the City of Alamogordo itself (known as the *primary government*), but also a legally separate Regional Landfill for which the City of Alamogordo is financially accountable. Financial information for this component unit is reported separately from the financial information presented for the primary government itself. The Public Housing Authority (PHA), although also legally separate, functions for all practical purposes as a department of the City of Alamogordo, and therefore has been included under business-type activities.

The government-wide financial statements can be found on pages 24-27 of this report.

Fund Financial Statements

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Alamogordo, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Alamogordo can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in assessing a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

STATE OF NEW MEXICO
CITY OF ALAMOGORDO
Management's Discussion and Analysis
For the Year Ended June 30, 2017
Unaudited

The City of Alamogordo maintains a number of individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, the debt service fund and the capital projects funds, which are considered to be major funds. Data from the other non-major governmental funds are combined into a single aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements in the combining and individual fund statements and schedules section of this report. The *Cemetery – Perpetual care fund* is a permanent fund established to report the accumulation of funds from designated sales of cemetery lots, for the future maintenance of the cemetery and is included in the nonmajor governmental funds.

The City of Alamogordo adopts an annual appropriated budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 28-35 of this report.

Proprietary Funds

The City of Alamogordo maintains two different types of proprietary funds; enterprise funds and internal service funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City of Alamogordo uses enterprise funds to account for its airport, golf course, water and sewer, solid waste collections, Bonito Lake, and public housing authority (PHA) funds. *Internal service funds* are used to provide financing for activities provided in-house to the City. The City of Alamogordo uses internal service funds to account for internal service, self-insurance, and liability/deductibles.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the airport, golf course, water and sewer, solid waste collections, Bonito Lake, and public housing authority (PHA) funds. The water & sewer fund is considered to be a major funds of the City of Alamogordo.

The basic proprietary fund financial statements can be found on pages 38-43 of this report.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside of the government. Fiduciary funds are *not* reported in the government-wide financial statements because the resources of those funds are *not* available to support the City of Alamogordo's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The City of Alamogordo maintains three different types of fiduciary funds, and one permanent fund. The *Police Court bond fund* is used to report the collection, holding, and reimbursement of court bonds. The *State Judicial fund* is used to report the State's share of fines for persons convicted of traffic violations. The *Corps of Engineers reserve fund* is used to report amounts held in escrow by the City of Alamogordo for Corps of Engineers projects.

The fiduciary fund financial statements can be found on page 44 of this report.

Notes to the Financial Statements

The notes provide additional information that is necessary to acquire a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 45-86 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents *required supplemental information* concerning the City of Alamogordo's progress in funding its obligation to provide pension and OPEB benefits to its employees. Required supplementary information can be found on pages 88-94 of this report.

The combining statements referred to earlier in connection with non-major governmental funds and internal service funds are presented immediately following the required supplementary information on pensions and OPEB. Combining and individual fund statements and schedules can be found on pages 100-137 of this report.

Government-wide Overall Financial Analysis

As noted earlier, net position over time, may serve as a useful indicator of a government's financial position. In the case of the City of Alamogordo, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$161,796,136, at the close of the most recent fiscal year.

City of Alamogordo's Net Position

By far, the largest portion of the City of Alamogordo's net position (62.8%) reflects its investment in capital assets (e.g., land, buildings, machinery, equipment, vehicles, and infrastructure), less

STATE OF NEW MEXICO
CITY OF ALAMOGORDO
Management's Discussion and Analysis
For the Year Ended June 30, 2017
Unaudited

any related outstanding debt that was used to acquire those assets. The City of Alamogordo uses these capital assets to provide a variety of services to its citizens. Accordingly, these assets are not available for future spending. Although the City of Alamogordo's investment in capital assets is reported net of related debt, it should be noted that the resources used to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City of Alamogordo's net position (30.93%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of \$10,078,286 is unrestricted and may be used to meet the government's ongoing obligations to its citizens and creditors.

At the end of the current fiscal year, the City of Alamogordo is able to report positive balances in all reported categories of net position, both for the government as a whole, as well as for its separate governmental and business-type activities. The same situation held true for the prior fiscal year.

The City of Alamogordo's overall net position increased \$5,797,020 from the prior fiscal year. The reasons for this overall increase are discussed in the following sections for governmental activities and business-type activities.

STATE OF NEW MEXICO
CITY OF ALAMOGORDO
Management's Discussion and Analysis
For the Year Ended June 30, 2017
Unaudited

Governmental Activities

During the current fiscal year, net position for governmental activities increased \$3,209,379 from the prior fiscal year for an ending balance of \$76,983,317. The increase in the overall net position of governmental activities is the result of increases in charges for services, property taxes, and other taxes.

City of Alamogordo's Changes in Net Position

Business-type Activities

For the City of Alamogordo’s business-type activities, the results for the current fiscal year were positive in that overall net position increased by \$2,587,641 to reach an ending balance of \$84,812,819. The total unrestricted net position for business-type activities decreased \$248,778, or a decrease of 1.61% from the prior fiscal year.

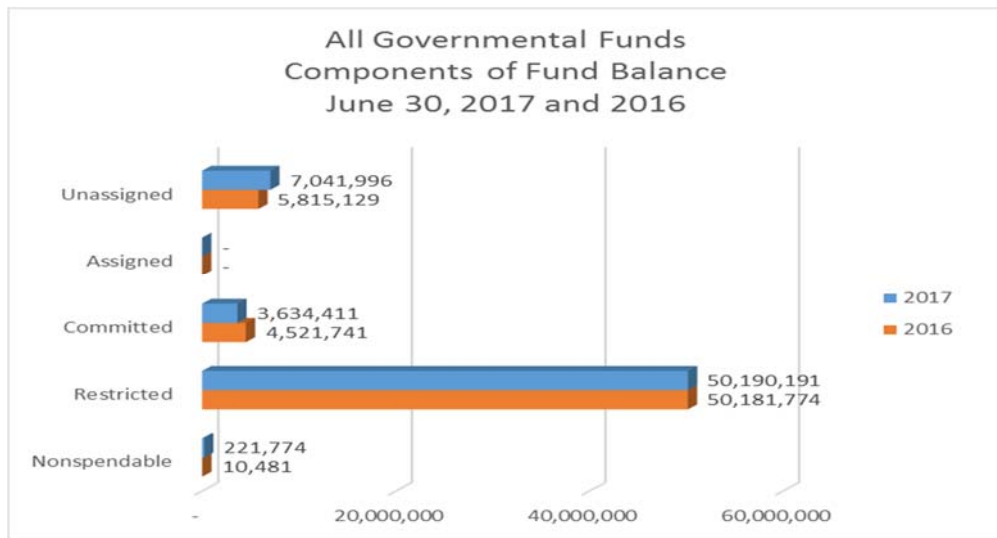

Financial Analysis of Governmental Funds

As noted earlier, the City of Alamogordo uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the City of Alamogordo’s *governmental funds* is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City of Alamogordo’s financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for discretionary use as they represent the portion of fund balance which has not yet been limited to use for a particular purpose by either an external party, the City of Alamogordo itself, or a group or individual that has been delegated authority to assign resources for use for particular purposes by the City of Alamogordo’s Commission.

At June 30, 2017, the City of Alamogordo’s governmental funds reported combined fund balances of \$61,088,372, an increase of \$559,247 in comparison with the prior year. Approximately 11.63% of this amount \$7,041,996 constitutes *unassigned fund balance*, which is available for spending at the government's discretion. The remainder of the fund balance is either *nonspendable*, *restricted*, *committed*, or *assigned* to indicate that it is 1) not in spendable form, \$221,774, 2) restricted for particular purposes \$50,190,191, 3) committed for particular purposes \$3,634,411, or 4) assigned for particular purposes \$(0).

STATE OF NEW MEXICO
CITY OF ALAMOGORDO
 Management's Discussion and Analysis
 For the Year Ended June 30, 2017
 Unaudited

The general fund is the chief operating fund of the City of Alamogordo. At the end of the current fiscal year, unassigned fund balance of the general fund was \$7,100,539, while total fund balance increased to \$10,956,724. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total general fund expenditures. Unassigned fund balance represents approximately 39.38% of total general fund expenditures, while total fund balance represents approximately 60.76% of that same amount.

The fund balance of the City of Alamogordo's general fund increased by \$547,810 during the current fiscal year.

Proprietary Funds

The City of Alamogordo's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the Water and Sewer Utility at the end of the year was \$13,314,146. The total unrestricted net position for the business-type activities increased \$2,587,641, or a increase of 3.15% compared to the prior year.

General Fund Budgetary Highlights

Original budget compared to final budget

There were increases to budgeted revenue and expenditures in the general fund of \$571,672 and \$1,967,527, respectively, between the original budget and the final amended budget for the general fund. The difference between expenses and revenues budgeted would be covered by existing cash balances.

Final budget compared to actual results

There were no significant difference between the final amended budget and actual revenues. Actual general fund expenditures were \$3,665,426 less than the final amended budget amount (favorable variance). This was due primarily to decreases in expenditures from the prior year.

Capital Assets and Debt Administration

Capital assets

The City of Alamogordo's investment in capital assets for its governmental and business-type activities as of June 30, 2017, amounts to \$164,323,811 (net of accumulated depreciation). This investment in capital assets includes land, buildings, machinery, equipment, vehicles, park facilities, roads, highways, the water and sewer treatment plant, and other infrastructure. The total increase in capital assets for the current fiscal year was approximately \$9,149,378 or 5.90%.

Major capital asset events during the current fiscal year included the following:

- Continuing (additions) of \$10,943,784 in governmental activities and \$5,577,902 in business-type construction-in-progress projects.
- Significant additions in both governmental and business-type capital assets due to CIP being finished in prior year.

Additional information on the City of Alamogordo's capital assets can be found in Note 7 – Capital Assets on pages 66-68 of this report.

Long-term Debt

At the end of the current fiscal year, the City of Alamogordo had total bonded debt outstanding of \$24,006,114, and loans and notes outstanding of \$39,286,741.

CITY OF ALAMOGORDO'S Outstanding Debt

	Governmental Activities		Business-type Activities		Total	
	2017	2016	2017	2016	2017	2016
General obligation bonds	\$ 11,463,840	\$ 11,687,720	\$ 5,111,460	\$ 5,238,480	\$ 16,575,300	\$ 16,926,200
Revenue bonds / loans	-	2,175,000	7,430,814	10,891,698	7,430,814	13,066,698
Other loans / notes payable	26,424,250	20,734,782	12,862,492	10,012,435	39,286,742	30,747,217
Compensated absences	844,605	684,565	197,288	176,185	1,041,893	860,750
Total	\$ 38,732,695	\$ 35,282,067	\$ 25,602,054	\$ 26,318,798	\$ 64,334,749	\$ 61,600,865

The City of Alamogordo's total debt, including compensated absences increased by \$2,733,884, or 4.44% during the current fiscal year. The reason for the increase is several new debt issuances during the year.

Additional information on the City of Alamogordo's long-term debt can be found in Note 8 – Long-Term Debt on pages 69-74 of this report.

Economic Factors and Next Year's Budgets and Rates

The City of Alamogordo was founded in 1898 as a terminal for the railroad. It is the county seat, and commercial and governmental center of Otero County, New Mexico. Located in the Tularosa Basin, the City of Alamogordo is surrounded by the Organ, San Andres, and Sacramento mountain ranges, and has a population of approximately 35,000 citizens, many of which are military or retirees. The City of Alamogordo is closely linked to both Holloman Air Force Base and White Sands Missile Range. Tourism and the New Mexico Film Industry also contribute to the local economy with Whites Sands National Monument and the NM Museum of Space History being popular attractions.

The following economic factors currently affect the City of Alamogordo and were considered in developing the 2017-2018 fiscal year budget.

- **Unemployment Rate** - Per the New Mexico Department of Workforce Solutions, the unemployment rate for Otero County as of June 2017 was 6.9%, which is a slight increase from a rate of 6.8% in June 2016. We do not expect any significant changes in the unemployment rate for the City of Alamogordo over the next year.
- **Economic Growth** – Per the Bureau of Economic Analysis, the US Gross Domestic Product (GDP) increased 3.1% in the second quarter of 2017 (Apr-Jun). Locally, the White Sands Mall will be welcoming Hobby Lobby, Melrose Fashions, and Harbor Freight in early 2018. These stores will offset jobs lost with the departure of several other stores in 2017 including Kmart, Sears, Payless Shoes, and Foot Locker.

STATE OF NEW MEXICO
CITY OF ALAMOGORDO
Management's Discussion and Analysis
For the Year Ended June 30, 2017
Unaudited

- **Gross Receipts Tax** - During FY2017 the City of Alamogordo received approximately 80% of its annual operating budget for the General Fund from Gross Receipts Taxes. FY2016 was the first year that NM Taxation and Revenue Department started deducting the Hold Harmless food and medical portion of the GRT distribution at a rate of 6%. This deduction will be a cumulative 6% through FY2019, changing to a cumulative 7% in FY2020 thru FY2030, at which point 100% of the food and medical distribution will have been deducted. The rate for FY2018 will be 18% which is projected to result in a loss of approximately \$640,000 in GRT revenue for the City of Alamogordo.
- **Fee Increases** - The City Commission approved raising fees for the Planning and Zoning Department that will go into effect in March 2018. The increased fees are expected to generate an additional \$35,000 annually.
- **Workers Compensation** - The City's workers compensation modifier has risen to 1.21 for 2018, up from 1.14 in 2017. Due to completing all of our required safety training hours, the City received a workers compensation credit in the amount of \$113,560 for FY2018. This credit is deducted directly from the City's workers compensation payments to the NM Self Insurer's Fund until it is used up in full.
- **Salary and Benefits** – No salary or benefit increases are budgeted for FY2018, however, the City did add an additional holiday for all staff on Veteran's Day, effective November 10, 2017.
- **Health Insurance Costs** – For FY2018 the cost of health insurance will increase by 1%, effective July 1, 2017.

At the end of FY2017, the unassigned fund balance in the general fund was \$7,100,539. The City of Alamogordo has appropriated \$3,634,411 of this amount for spending in the FY2018 budget.

Requests for Information

This financial report is designed to provide a general overview of the City of Alamogordo's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the Finance Director, 1376 East Ninth Street, City of Alamogordo, NM 88310.

Governmental Funds

Exhibit B-1
Page 2 of 2

Reconciliation of the Balance Sheet to the Statement of Net Position
June 30, 2017

Amounts reported for governmental activities in the Statement of Net Position are different because:

Fund balances - total governmental funds	\$	61,088,372
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds		69,210,209
Internal service funds are used by management to charge the costs of activities, such as insurance, to individual funds. The assets, deferred outflows of resources, liabilities, and deferred inflows of resources are included in governmental activities in the Statement of Net Position		1,429,699
Delinquent property taxes and grants not collected within sixty days after year end are not considered "available" revenues and are considered to be unavailable revenue in the fund financial statements, but are considered revenue in the Statement of Activities		177,806
Deferred outflows of resources related to long term debt are applicable to future periods and therefore, are not reported in funds		
Deferred outflows of resources related to the extinguishment of debt		719,428
Deferred outflows and inflows of resources related to pensions are applicable to future periods and therefore, are not reported in funds		
Deferred outflows of resources related to employer contributions subsequent to the measurement date		1,192,635
Deferred outflows of resources related to changes in assumptions		1,374,026
Deferred outflows of resources related to changes in proportion		32,916
Deferred outflows of resources related to the net difference between projected and actual investment earnings		3,555,197
Deferred outflows of resources related to differences between expected and actual experience		1,286,577
Deferred inflows of resources related to changes in assumptions		(139,389)
Deferred inflows of resources related to changes in proportion		(937,573)
Deferred inflows of resources related to differences between expected and actual experience		(117,128)
Certain liabilities, including bonds payable, net pension liability, and current and long-term portions of accrued compensated absences, are not due and payable in the current period and, therefore, are not reported in the funds:		
Accrued interest		(233,442)
Current portion of accrued compensated absences		(844,605)
Bond discounts		205,519
Bond premiums		(240,120)
Long-term debt payable		(37,888,090)
Net pension liability		(22,888,720)
		76,983,317
<i>Net position of governmental activities</i>	\$	<u><u>76,983,317</u></u>

STATE OF NEW MEXICO

City of Alamogordo

Governmental Funds

Reconciliation of the Statement of Revenues, Expenditures and Changes
in Fund Balances of Governmental Funds to the Statement of Activities
For the Year Ended June 30, 2017

Exhibit B-2

Page 2 of 2

Amounts reported for governmental activities in the Statement of Activities are different because:

Net change in fund balances - total governmental funds	\$	559,247
Change in net position of the internal service funds, which are presented in the Statement of Activities as governmental activities but are not presented with the governmental fund financial statements		1,003,687
Net pension liability, and associated deferred outflows and deferred inflows transferred to the governmental activities from the internal service fund.		(1,148,883)
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense:		
Capital expenditures		11,890,932
Loss on disposition of capital assets		(194,496)
Depreciation expense		(4,656,417)
Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenue in the funds:		
Change in unavailable revenue related to property taxes receivable		6,770
Governmental funds report City pension contributions as expenditures. However in the Statement of Activities, the cost of pension benefits earned net of employee contributions is reported as pension expense:		
City pension contributions		1,192,635
Pension expense		(2,733,566)
The issuance of long-term debt (e.g. bonds, notes, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities:		
Decrease in accrued interest		28,865
Increase in accrued compensated absences		(230,357)
Proceeds from refunding loans issued		(7,920,000)
Payments to refunded bond escrow agent		7,705,707
Proceeds from issuance of debt		(6,870,000)
Principal payments on debt payable		4,544,412
Discount on debt issuance		59,400
Amortization of bond discounts		(11,330)
Amortization of deferred loss on extinguishment of debt		(31,279)
Amortization of bond premiums		14,052
<i>Change in net position of governmental activities</i>	\$	<u><u>3,209,379</u></u>

The accompanying notes are an integral part of these financial statements.

STATE OF NEW MEXICO
City of Alamogordo
Notes to the Financial Statements
June 30, 2017

NOTE 1. Summary of Significant Accounting Policies

The City of Alamogordo (City) was incorporated in 1912. The City operates under a Commission-Manager form of government and provides the following services as authorized by its charter: public safety (police and fire), highways and streets, public utilities (water, wastewater, and solid waste), health and social services, culture-recreation, education, public improvements, planning and zoning, and general administrative services.

The City of Alamogordo is a body politic and corporate under the name and form of government selected by its qualified electors. The City may:

1. Sue or be sued;
2. Enter into contracts and leases;
3. Acquire and hold property, both real and personal;
4. Have common seal, which may be altered at pleasure;
5. Exercise such other privileges that are incident to corporations of like character or degree that are not inconsistent with the laws of New Mexico;
6. Protect generally the property of its municipality and its inhabitants;
7. Preserve peace and order within the municipality; and
8. Establish rates for services provided by municipal utilities and revenue-producing projects, including amounts which the governing body determines to be reasonable in the operation of similar facilities.

This summary of significant accounting policies of the City is presented to assist in the understanding of City's financial statements. The financial statements and notes are the representation of City's management who is responsible for their integrity and objectivity. The financial statements of the City have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units.

During the year ended June 30, 2017, the City adopted GASB Statements No. 73, *Accounting and Financial Reporting for Pensions and Related Assets that are not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68* (partial), No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, No. 77, *Tax Abatement Disclosures*, No. 78 *Pensions Provided through Certain Multiple-Employer Defined Benefit Pension Plans*, No. 80, *Blending Requirements for Certain Component Units – an amendment of GASB Statement No. 14*, and No. 82, *Pension Issues-an amendment of GASB Statements No. 67, No. 68, and No. 73* (partial). These six Statements are required to be implemented as of June 30, 2017, if applicable.

GASB Statement No. 73 establishes accounting and financial reporting standards for defined benefit pensions and defined contribution pensions that are not provided to employees of state and local government employers and are not within the scope of Statement 68. A portion of this pronouncement was effective and was implemented for the June 30, 2016 year end, and a portion is effective for June 30, 2017 year end. Effective for June 30, 2017 are the provisions of the statement that address accounting and financial reporting by employers and governmental nonemployer contributing entities for pensions that are not within the scope of Statement 68. This does not have a material effect on the financial statements of the City, as its pension plan is within the scope of Statement 68.

The objective of GASB Statement No. 74 is to improve the usefulness of information about postemployment benefits other than pensions (other postemployment benefits or OPEB) included in the general purpose external financial reports of state and local governmental OPEB plans for making decisions and assessing accountability. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for all postemployment benefits (pensions and OPEB) with

STATE OF NEW MEXICO
City of Alamogordo
Notes to the Financial Statements
June 30, 2017

NOTE 1. Summary of Significant Accounting Policies (continued)

regard to providing decision-useful information, supporting assessments of accountability and interperiod equity, and creating additional transparency. This Statement does not affect the City's financial statements directly; however, the effects on the City's OPEB plan, administered through the New Mexico Retiree Health Care Authority, will be seen in future periods.

GASB Statement No. 77 is intended to improve the usefulness of financial statements prepared by state and local governments – which are intended, among other things, to assist users of financial statements in assessing (1) whether a government's current-year revenues were sufficient to pay for current-year services (interperiod equity), (2) whether a government complied with finance-related legal and contractual obligations, (3) where a government's financial resources came from and how it uses them, and (4) a government's financial position and economic condition and how they have changed after time – by including information about certain limitations on a government's ability to raise resources. This includes limitations on revenue-raising capacity resulting from government programs that use tax abatements to induce behavior by individuals and entities that is beneficial to the government or its citizens – such as the encouragement of economic development. For financial reporting purposes, this Statement defines a tax abatement as resulting from an agreement between a government and an individual or entity in which the government promises to forgo tax revenues and the individual or entity promises to subsequently take a specific action that contributes to economic development or otherwise benefits the government or its citizens.

These tax abatements may affect the financial position of the government and its results of operations, including its ability to raise resources in the future. Statement No. 77 requires disclosure of tax abatement information about (1) a reporting government's own tax abatement agreements and (2) those that are entered into by other governments that reduce the reporting government's tax revenues.

The City had no tax abatements to disclose as of June 30, 2017.

The objective of GASB Statement No. 78 is to address a practice issue regarding the scope and applicability of Statement No. 68, *Accounting and Financial Reporting for Pensions*. This issue is associated with pensions provided through certain multiple-employer defined benefit pension plans and to state or local governmental employers whose employees are provided with such pensions. This Statement amends the scope and applicability of Statement 68 to exclude certain pensions provided to employees of state or local governmental employers. The City's pension plan does not meet the criteria for exclusion.

The objective of GASB Statement No. 80 is to improve financial reporting by clarifying the financial statement presentation requirements for certain component units. This Statement amends the blending requirements established in paragraph 53 of Statement No. 14, *The Financial Reporting Entity*, as amended. This Statement amends the blending requirements for the financial statement presentation of component units of all state and local governments. The additional criterion requires blending of a component unit incorporated as a not-for-profit corporation in which the primary government is the sole corporate member. The additional criterion does not apply to component units included in the financial reporting entity pursuant to the provisions of Statement No. 39, *Determining Whether Certain Organizations Are Component Units*.

GASB Statement No. 82 clarified and adjusted several items from GASB 67 and 68, including the definition of covered payroll, the presentation of payroll-related measures in required supplementary information, the selection of assumptions and the treatment of deviations from the guidance in an Actuarial Standard of Practice for financial reporting purposes, and the classification of payments made by employers to satisfy employee contribution requirements.

STATE OF NEW MEXICO
City of Alamogordo
Notes to the Financial Statements
June 30, 2017

NOTE 1. Summary of Significant Accounting Policies (continued)

A. Financial Reporting Entity

The financial reporting entity consists of (a) the primary government, (b) organizations for which the primary government is financially accountable and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

In evaluating how to define the City for financial reporting purposes, management has considered all potential component units. The decision to include any potential component units in the financial reporting entity was made by applying the criteria set forth in GASB Statement No. 14, as amended by GASB Statements No. 39, No. 61, and No. 80. Blended component units, although legally separate entities, are in substance part of the government's operations. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the government.

The basic-but not the only-criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters.

A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity benefits the government and/or its citizens.

A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the government is able to exercise oversight responsibilities. Finally, the nature and significance of a potential component unit to the primary government could warrant its inclusion within the reporting entity. Based upon the application of these criteria, the City has one component unit required to be reported under GASB Statements No. 14, No. 39, No. 61, and No. 80 as a discretely presented component unit. The discretely presented component unit does not have separately issued financial statements.

The Otero-Greentree Regional Landfill has been determined to be a component unit as a result of a joint powers agreement entered into during the fiscal year 1994, which should be presented as a discretely presented component unit. The purpose of the joint venture was to establish, finance and operate the landfill. The governmental entities involved in the JPA are City of Alamogordo, Otero County, Village of Cloudcroft, Village of Tularosa, Village of Corona, Lincoln County, Town of Carrizozo, Village of Capitan, Village of Ruidoso and Village of Ruidoso Downs. Each of the governmental entity signers has pledged their respective environmental services gross receipts tax revenues as financial support for the purpose of funding the acquisition of capital assets necessary for the operation of the landfill. The Otero and Lincoln County authorities have also agreed to a 50-50 joint ownership and operation of this enterprise.

It was mutually agreed and covenanted between the entities that:

1. The facility shall be known as the Otero-Greentree Regional Landfill;
2. Title to the facility shall be held in undivided-joint tenancy between the Otero and Lincoln Solid Waste Authorities;

STATE OF NEW MEXICO
City of Alamogordo
Notes to the Financial Statements
June 30, 2017

NOTE 1. Summary of Significant Accounting Policies (continued)

A. Financial Reporting Entity (continued)

3. The entities, through their respective Otero or Lincoln County Authorities, shall be joint owners of a co-equal undivided one-half interest in the assets and also shall be equally responsible for the debt;
4. The entities each agree to maintain an irrevocable, first, but not exclusive, pledge of 100% of their environmental gross receipts tax revenues for the life of the bond issue used for permanent financing;
5. The entities agree that tipping fees collected shall be used to pay principal and interest on the bonds and that the fee established shall be adequate to meet operations, maintenance and financing requirements;
6. The entities agree that the City of Alamogordo shall annually prepare a budget that shall be approved by the Otero and Lincoln County Solid Waste Authorities. Thereafter, the City will operate the Landfill in accordance with good business practice;
7. The governmental entities authorize the exercise of the following joint powers by the City acting as agent on their behalf:
 - a. In accordance with the approved budget, to acquire, cause to be acquired, and maintain the necessary property, equipment and personnel for the landfill;
 - b. To approve the issuance of revenue bonds;
 - c. To enter into agreements for the services of managers, attorneys, appraisers consultants and employees; and
 - d. To implement adopted policies regarding fees, rates and charges.
8. The landfill shall be a joint venture of the entities acting in a proprietary capacity.
9. Annually, the City of Alamogordo will provide a complete financial report on the operation to each participating entity.
10. The terms of this agreement are perpetual.
11. The agreement was originally signed on September 30, 1993, was amended on June 2, 1995.

B. Government-wide and fund financial statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The Statement of Net Position and the Statement of Activities were prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets and liabilities resulting from non-exchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, *Accounting and Financial Reporting for Non-exchange Transactions*.

In the government-wide Statement of Position, both the governmental and business-type activities columns (a) are presented on a consolidated basis by column, (b) and are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The City's net position is reported in three parts – net investment in capital assets; restricted net position; and unrestricted net position.

STATE OF NEW MEXICO
City of Alamogordo
Notes to the Financial Statements
June 30, 2017

NOTE 1. Summary of Significant Accounting Policies (continued)

B. Government-wide and fund financial statements (continued)

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes, net of estimated refunds, are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period, subject to the availability criterion. Sales and use taxes are classified as derived tax revenues and are recognized as revenue when the underlying exchange takes place and the revenues are measurable and available. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met, subject to the availability criterion. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

Program revenues included in the Statement of Activities are derived directly from the program itself or from parties outside the City's taxpayer or citizenry, as a whole; program revenues reduce the cost of the function to be financed from the City's general revenues.

STATE OF NEW MEXICO
City of Alamogordo
Notes to the Financial Statements
June 30, 2017

NOTE 1. Summary of Significant Accounting Policies (continued)

C. Measurement focus, basis of accounting, and financial statement presentation (continued)

Program revenues are categorized as (a) charges for services, which include revenues collected for fees and use of City facilities, etc., (b) program-specific operating grants, which includes revenues received from state and federal sources such as small cities assistance to be used as specified within each program grant agreement, and (c) program-specific capital grants and contributions, which include revenues from state sources to be used for capital projects. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

The City reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. The City does not currently employ indirect cost allocation systems. Depreciation expense is specifically identified by function and is included in the direct expense of each function. Interest on general long-term debt is considered an indirect expense and is reported separately on the Statement of Activities.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with the fund's principal ongoing operations. The principal operating revenue of the City's major proprietary fund is charges for services for the City's utilities. Operating expenses for enterprise funds include the cost of services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

Under the requirements of GASB Statement No. 34, the City is required to present certain of its governmental funds as major based upon certain criteria. The major funds presented in the fund financial statements include the following:

The City reports the following major governmental funds:

The *General Fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. This fund includes state shared gross receipts tax income fund and state shared gas tax income fund. The general fund also includes revenues and costs associated with community services, community development, and building codes.

The *1986 Gross Receipts Tax Fund Capital Projects Fund* is a capital projects fund used to account for one-quarter of one percent gross receipts increments dedicated for the cost of maintenance, repairs and activities related to the treatment of water facilities. This fund was authorized by the City Commission.

The *2004 Capital Outlay GRT Fund Capital Projects Fund Street Projects Improvement Loan Fund* is a capital project fund that is used to account for 1/4 of 1% gross receipts tax dedication adopted in 2004 to be used for construction, reconstruction or improvement of municipal streets, alleys, roads or bridges, including acquisition of rights of way. This fund was authorized by the City Commission.

STATE OF NEW MEXICO
City of Alamogordo
Notes to the Financial Statements
June 30, 2017

NOTE 1. Summary of Significant Accounting Policies (continued)

C. Measurement focus, basis of accounting, and financial statement presentation (continued)

The 1989 & 1996 GRT Principal and Interest Debt Service Fund is a debt service fund that is used to provide funds for the servicing of principal and interest payments for any debt pledged with Gross Receipts Tax revenues. This fund was authorized by the City Commission.

The City reports the following proprietary fund as a major fund:

The *Water & Sewer Fund* is to provide funds for the operations and maintenance of water and sewer services. This fund is authorized by the City Commission.

Additionally, the government reports the following agency fund:

Fiduciary funds are purely custodial (assets equal liabilities) and do not involve measurement of results of operations. The City's fiduciary funds are used to account for the collection, holding, and reimbursement of jail bonds and judicial revenues and expenditures.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the government's enterprise funds and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported in the Statement of Activities.

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Fund Equity

Deposits and Investments: The City's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

State statutes authorize the City to invest in Certificates of Deposit, obligations of the U.S. Government, and the State Treasurer's Investment Pool.

Investments for the City are reported at fair value. The State Treasurer's Pool operates in accordance with appropriate state laws and regulations. The reported value of the pool is the same as the fair value of the pool shares. The composition of investments and fair values are presented in Notes 3 and 4.

All cash and investments of the proprietary fund types are pooled with the City's pooled cash and investments.

Receivables and Payables: Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or between proprietary funds are netted as part of the reconciliation to the government-wide financial statements.

STATE OF NEW MEXICO
City of Alamogordo
Notes to the Financial Statements
June 30, 2017

NOTE 1. Summary of Significant Accounting Policies (continued)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Fund Equity (continued)

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources in the event they are not received within 60 days of year end.

All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible. In the government-wide and governmental fund financial statements, delinquent property taxes are recorded when levied. Property taxes are considered to be 100% collectible.

Property taxes are levied on November 1 based on the assessed value of property as listed on the previous January 1 and are due in two payments by November 10th and April 10th. Property taxes uncollected after November 10th and April 10th are considered delinquent and the City may assess penalties and interest. The taxes attach as an enforceable lien on property thirty (30) days thereafter, at which time they become delinquent. Property taxes are collected by Otero County and remitted monthly to the City.

Inventory: The City's method of accounting for inventory is the consumption method. Under the consumption approach, governments report inventories they purchase as an asset and defer recognition of the expenditures until the period in which the inventories actually are consumed. Inventory is valued at cost and consists of supplies and materials. The cost of purchased supplies and materials is recorded as expenditures at the time individual inventory items are consumed.

Prepaid Expenses: Prepaid expenses include insurance and contract payments to vendors which reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide financial statements and fund financial statements.

Restricted Assets: Restricted assets consist of those funds expendable for operating purposes but restricted by donors or other outside agencies as to the specific purpose for which they may be used and restricted for future debt service payments, capital projects, customer deposits and the City's landfill liability.

Capital Assets: Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Pursuant to the implementation of GASB Statement No. 34, as a Phase 2 government, the historical cost of infrastructure assets, (retroactive to June 30, 1980) are included as part of the governmental capital assets reported in the government wide statements. Information Technology Equipment including software is being capitalized and included in furniture, fixtures and equipment in accordance with NMAC 2.20.1.9 C (5). Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

STATE OF NEW MEXICO
City of Alamogordo
Notes to the Financial Statements
June 30, 2017

NOTE 1. Summary of Significant Accounting Policies (continued)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Fund Equity (continued)

Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. There was no interest expense capitalized by the City during the current fiscal year. No interest was included as part of the cost of capital assets under construction.

Property, plant, and equipment of the primary government are depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings and improvements	20-50
Mechanized equipment	3-10
Unscheduled property	10-50
Infrastructure	20-65

Accrued Expenses: Accrued expenses are comprised of the payroll expenditures based on amounts earned by the employees through June 30, 2017, along with applicable FICA and Medicare liabilities.

Deferred Outflows of Resources: In addition to assets, the balance sheet reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a use of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expenditure) until that time. The City has one type of item that appears in the governmental activities only, which is the loss on extinguishment of debt in the amount of \$719,428. The City has five other types of items that qualify for reporting in this category in the governmental activities, the business type activities, as well as for the discretely presented component unit. The City's employer contributions subsequent to the measurement date have been reported as a deferred outflow of resources in the amounts of \$1,192,635, \$174,750, and \$16,478, respectively. This item will directly reduce the net pension liability in the next fiscal year. The City's changes in assumptions has been reported as a deferred outflow of resources in the amounts of \$1,374,026, \$246,877, and \$22,702, respectively. The City's change in proportion has been reported as a deferred outflow of resources in the amounts of \$32,916, \$6,118, and \$533, respectively. The City's net difference between projected and actual investment earnings has been reported as a deferred outflow of resources in the amounts of \$3,555,197, \$791,960, and \$62,036, respectively. The City's difference between expected and actual experience has been reported as a deferred outflow of resources in the amounts of \$1,286,577, \$242,115, and \$20,643, respectively. These amount will reduce the net pension liability in future periods.

Deferred Inflow of Resources: In addition to liabilities, the balance sheet reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. Revenue must be susceptible to accrual (measurable and available to finance expenditures of the current fiscal period) to be recognized. If assets are recognized in connection with a transaction, but those assets are not yet available to finance expenditures of the current fiscal period, then the assets must be offset by a corresponding liability for deferred inflows of resources. The City has one item which arises under the modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, unavailable revenue - property taxes is reported only in the governmental funds balance sheet.

STATE OF NEW MEXICO
City of Alamogordo
Notes to the Financial Statements
June 30, 2017

NOTE 1. Summary of Significant Accounting Policies (continued)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Fund Equity (continued)

The City has recorded \$177,806 related to property taxes considered “unavailable”. For the business-type activities and the component unit, unavailable revenues are reported on the full accrual basis of accounting. These amounts, for both governmental and proprietary funds, as well as the component unit, are deferred and recognized as inflows of resources in the period that the amounts become available. In addition, the City has three types of items present on the Statement of Net Position for the governmental activities, business-type activities, and the component unit, which arise due to the net pension liability. Accordingly, the items, changes in assumptions of \$139,389, \$18,588, and \$1,753, respectively; changes in proportion of \$937,573, \$179,082, and \$14,843, respectively; and difference between expected and actual experience of \$117,128, \$25,109, and \$1,648 are reported on the Statement of Net Position. These amounts are reported as deferred inflows and amortized into pension expense over the average remaining service life of employees.

Pensions: For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Public Employees Retirement Association (P.E.R.A) and additions to/deductions from P.E.R.A’s fiduciary net position have been determined on the same basis as they are reported by P.E.R.A, on the economic resources measurement focus and accrual basis of accounting. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Unearned Revenues: Unearned revenues are comprised of payments made in advance by customers for various services (i.e. prepaid rent, golf pro shop gift cards, etc.) provided by the city as of June 30, 2017.

Compensated Absences: City employees are entitled to certain compensated absences based on their employment classification and length of employment.

Vacation Pay – Each employee of the City may accumulate a total of thirteen to twenty-six days of vacation per year. Employees may accumulate up to 240 hours of vacation and carry leave forward from calendar year to calendar year. Upon termination, employees will be paid up to 240 hours of accrued vacation pay leave. All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability is reported in the governmental funds only if they have matured.

Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental or proprietary fund that will pay it. In prior years, substantially all of the related expenditures have been liquidated by the general fund. Amounts of vested or accumulated vacation leave that are not expected to be liquidated with expendable available financial resources are reported in the government-wide statement of net position.

Sick Leave – Each employee of the City may accumulate a total of thirteen days of sick leave per year. Sick leave can be carried forward from calendar year to calendar year. Upon separation of employment, an employee with five or more continuous years of service will be compensated for one third of the first 480 accrued sick leave hours for a total of 160 hours. Employees with less than five years of continuous service forfeit all accrued sick leave at separation of employment. Employees cannot donate sick leave at time of separation.

STATE OF NEW MEXICO
City of Alamogordo
Notes to the Financial Statements
June 30, 2017

NOTE 1. Summary of Significant Accounting Policies (continued)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Fund Equity (continued)

Long-term Obligations: In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. For fund financial reporting, bond premiums and discounts, as well as issuance costs are recognized in the period the bonds are issued. Bond proceeds are reported as another financing source net of the applicable premium or discount. Issuance costs, even if withheld from the actual net proceeds received, are reported as debt service expenditures.

Fund Balance Classification Policies and Procedures: For committed fund balance, the City's highest level of decision-making authority is the City Commission. The formal action that is required to be taken to establish a fund balance commitment is the City Commission.

For assigned fund balance, the City Commission or an official or body to which the City Commission delegates the authority is authorized to assign amounts to a specific purpose. The authorization policy is in governmental funds other than the general fund, assigned fund balance represents the amount that is not restricted or committed. This indicates that resources in other governmental funds are, at a minimum, intended to be used for the purpose of that fund.

For the classification of fund balances, the City considers restricted or unrestricted amounts to have been spent when an expenditure is incurred for the purposes for which both restricted and unrestricted fund balance is available. Also for the classification of fund balances, the City considers committed, assigned, or unassigned amounts to have been spent when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

Nonspendable Fund Balance: At June 30, 2017, the nonspendable fund balance of the City is comprised of inventory and prepaid expenses in the general fund in the amount of \$221,774 which is not in spendable form.

Restricted and Committed Fund Balance: At June 30, 2017, the restricted fund balance on the governmental funds balance sheet totals \$50,190,191. The City also has \$3,634,411 of committed funds on the governmental funds balances sheet at June 30, 2017. The details of these fund balance items are located on the governmental funds balance sheet as detailed on pages 28-29.

Minimum Fund Balance Policy: The City's policy for maintaining a minimum amount of fund balance for operations is to minimize any sudden and unplanned discontinuity to programs and operations and for unforeseen contingencies. At a minimum, the budget shall ensure that the City holds cash reserves (as approved in the subsequent year's preliminary budget) of 1/12th of the General Fund budgetary basis expenditures of \$1,502,985 and the City's self-imposed reserve of \$375,746 for the year ended June 30, 2017. As these amounts are an accumulation of resources and not a true restriction or commitment of expenditures, they are reflected within the unassigned fund balance of the general fund.

STATE OF NEW MEXICO
City of Alamogordo
Notes to the Financial Statements
June 30, 2017

NOTE 1. Summary of Significant Accounting Policies (continued)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Fund Equity (continued)

Net Position: Equity is classified as net position and displayed in three components:

- a. Net investment in capital assets: Consists of capital assets, net of net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. The City includes unspent debt proceeds in the amounts of \$5,266,881 in the calculation of net investment in capital assets in the governmental activities
- b. Restricted net position: Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulation of other governments; or (2) law through constitutional provisions or enabling legislation. Descriptions for the related restrictions for net position restricted for “special revenue, debt service, and capital projects” are described on pages 50-51 and 96-99.
- c. Unrestricted Net Position: All other net position that do not meet the definition of “restricted” or “net investment in capital assets.”

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. Significant estimates in the City’s financial statements include the allowance for uncollectible accounts, expected useful lives of capital assets, current portion of accrued compensated absences, the estimate for landfill closure and postclosure costs, and actuarial estimates included in the calculation of the net pension liability.

Interfund Transactions: Quasi-external transactions are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund from expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed. The General Fund and Joint Utility fund have been combined with funds that have identical activities for financial statement reporting.

All other interfund transactions, except quasi-external transactions and reimbursements are reported as transfers. Nonrecurring or non-routine permanent transfers of equity are reported as residual equity transfers. All other interfund transfers are reported as operating transfers.

NOTE 2. Stewardship, Compliance and Accountability

Budgetary Information

The City uses the following procedures in establishing the budgetary data reflected in the accompanying financial statements:

1. Prior to June 1, the City Manager submits to the City Commission a proposed operating budget for the fiscal year commencing July 1. The operating budget includes proposed expenditures and the means of financing them.
2. Prior to July 20, the budget is legally enacted through passage of a resolution.

STATE OF NEW MEXICO
City of Alamogordo
Notes to the Financial Statements
June 30, 2017

NOTE 2. Stewardship, Compliance and Accountability (continued)

Budgetary Information (continued)

3. The State of New Mexico Department of Finance and Administration must approve the budget and any revision to the budget.
4. The City Manager is authorized to transfer budgeted amounts between departments within any fund; however, the City Commission and the Department of Finance and Administration must approve any revisions that alter the total expenditures of any fund.

Formal budgetary integration is employed as a management control device during the year for all funds. A separate budget is prepared, and adopted by the City Commission, for each fund. Line items within each budget may be over-expended; however, it is not legally permissible to over-expend any budget in total by fund.

The budgets for all funds are prepared on the Non-GAAP cash basis, excluding encumbrances, and secure appropriation of funds for only one year. Carryover funds must be re-appropriated in the budget of the subsequent fiscal year.

The budgetary information presented in these financial statements has been properly amended by City Commissioners in accordance with the above procedures. These amendments resulted in the following changes:

	Excess (deficiency) of revenues over expenditures	
	Original Budget	Final Budget
Budgeted Governmental Funds:		
General Fund	\$ (1,242,951)	\$ (2,638,806)
1986 Gross Receipts Tax Fund Capital Projects Fund	\$ 1,680,083	\$ 1,028,260
2004 Capital Outlay GRT Fund Capital Projects Fund	\$ (2,309,596)	\$ (7,693,353)
1989 & 1996 GRT Principal and Interest Debt Service Fund	\$ (2,798,395)	\$ (12,682,176)
Other Governmental Funds	\$ (6,383,097)	\$ (20,853,429)
Budgeted Proprietary Funds:		
Water & Sewer Fund	\$ (3,479,191)	\$ (13,224,873)
Nonmajor proprietary funds	\$ (340,283)	\$ (1,000,309)
Internal Service Fund	\$ (165,151)	\$ (186,822)
Component Unit:		
Otero - Greentree Regional Landfill	\$ (107,076)	\$ (1,315,920)

The accompanying Statements of Revenues, Expenditures and Changes in Fund Balance – Budget (Non-GAAP Budgetary Basis) and Actual and Statements of Revenues, Expenses and Changes in Net Position – Budget (Non-GAAP Budgetary Basis) and Actual presents comparisons of the legally adopted budget with actual data on a budgetary basis.

Since accounting principles applied for purposes of developing data on a budgetary basis differ significantly from those used to present financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP), a reconciliation of resultant basis, perspective, equity and timing differences in the excess (deficiency) of revenues and other sources of financial resources for the year ended June 30, 2017 is presented. Reconciliations between the Non-GAAP budgetary basis amounts and the financial statements on the GAAP basis by fund can be found on each individual budgetary statement.

STATE OF NEW MEXICO
City of Alamogordo
Notes to the Financial Statements
June 30, 2017

NOTE 3. Deposits and Investments

State statutes authorize the investment of City funds in a wide variety of instruments including certificates of deposit and other similar obligations, the state investment pool, money market accounts, and United States Government obligations. All invested funds of the City properly followed State investment requirements as of June 30, 2017.

Deposits of funds may be made in interest bearing or non-interest bearing checking accounts in one or more banks or savings and loan associations within the geographical boundaries of the City. Deposits may be made to the extent that they are insured by an agency of the United States or by collateralized as required by statute. The financial institution must provide pledged collateral for 50% of the deposit amount in excess of the deposit insurance for accounts held by the City and pledged collateral for 100% of the deposit amount in excess of the deposit insurance for accounts held in the name of the City's Housing Authority.

The rate of interest in non-demand interest-bearing accounts shall be set by the State Board of Finance, but in no case shall the rate of interest be less than one hundred percent of the asked price on United States treasury bills of the same maturity on the day of deposit.

Excess funds may be temporarily invested in securities which are issued by the State or by the United States government, or by their departments or agencies, and which are either direct obligations of the State or the United States or are backed by the full faith and credit of those governments.

The City's accounts at an insured depository institution, including all noninterest-bearing transaction accounts, will be insured by the FDIC up to the standard maximum deposit insurance amount of \$250,000 for demand deposit accounts and \$250,000 for time and savings accounts.

Custodial Credit Risk – Deposits. Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. The City does not have a deposit policy for custodial credit risk, other than following state statutes as put forth in the Public Money Act (Section 6-10-1 to 6-10-63, NMSA 1978). At June 30, 2017, \$17,624,494 of the City's bank balance of \$31,804,538 was subject to custodial credit risk. \$12,120,529 was uninsured and collateralized by collateral held by the pledging bank's trust department, not in the City's name and \$5,503,965 of the City's deposits was uninsured and uncollateralized at June 30, 2017.

The City utilizes pooled accounts for their funds. Cash and investments of the General, Special Revenue, Capital Projects, Proprietary Funds, and Agency funds are pooled and held in multiple accounts.

*In addition to the regular FDIC coverage of \$250,000 per bank, the deposits at Moreton Capital Markets also include CDs (and related FDIC Insurance) of \$250,000 spread across forty-seven (47) separate financial institutions, all invested as part of the Moreton Capital Markets account, in order to not exceed FDIC insurance coverage per institution.

** These accounts require 100% collateralization of the amount over FDIC Coverage per depository agreements with the United States Department of Housing and Urban Development.

STATE OF NEW MEXICO
City of Alamogordo
Notes to the Financial Statements
June 30, 2017

NOTE 3. Deposits and Investments (continued)

The collateral pledged is listed on Schedule IV in this report. The types of collateral allowed are limited to direct obligations of the United States Government, all bonds issued by any agency, city or political subdivision of the State of New Mexico, or revenue bonds that are underwritten by a member of the financial industry regulatory authority, known as FINRA, and are rated BAA or above by a nationally recognized bond rating service.

Investments

The City's investments at June 30, 2017, include the following:

<u>Investment Type</u>	<u>Weighted Average Maturities</u>	<u>Fair Value</u>	<u>Rating**</u>
New MexiGROW LGIP	77 days	\$ 4,612,732	AAAm
Federal Home Loan Bank Bond	1 to 10 years	41,754,079	A-1+
State of NM Bonds	1 to 10 years	601,056	AAAm
Moreton Capital Money Market Mutual Fund*	<1 year	700,485	AA+
U.S. Treasury Money Market Mutual Fund	<1 year	4,984,852	AA+
		<u>\$ 52,653,204</u>	

* Moreton Capital Money Market Mutual Fund Account is composed of US Government Securities

** Based off Standard & Poor's rating

In addition to the investments noted above, there are \$18,207,817 of certificates of deposits that are greater than 90 days and therefore are considered investments in the Statement of Net Position.

Interest Rate Risk – Investments. The City has multiple investments in which the maturity date is greater than one year. The fair value of the securities exposed to interest rate risk is \$39,868,667. These securities do not have call options. The City's policy related to interest rate risk with investments is to comply with the statute as put forth in the Public Money Act (Section 6-10-1 to 6-10-63, NMSA 1978).

Maturity rates consist of the following as of June 30, 2017:

<u>Investment Type</u>	<u>Investment Maturities</u>

NOTE 3. Deposits and Investments (continued)

Concentration of Credit Risk – Investments. For an investment, concentration of credit risk is when any one issuer is 5% or more of the investment portfolio of the City. The investment in the Federal Home Loan Bank bonds represent 79.3% of the investment portfolio, the U.S. Treasury Money Market Mutual Funds represent 9.47% and the investment in New MexiGROW LGIP represents 8.76%. The City’s policy related to concentration credit risk is to comply with the state statute as put forth in the Public Money Act (Section 6-10-1 to 6-10-63, NMSA 1978).

Reconciliation to the Statement of Net Position

Cash and cash equivalents per Exhibit A-1	\$ 11,117,039
Investments per Exhibit A-1	59,880,547
Restricted cash and cash equivalents per Exhibit A-1	264,677
Restricted investments per Exhibit A-1	6,500,241
Component unit cash and cash equivalents per Exhibit A-1	120,816
Component unit investments per Exhibit A-1	3,690,591
Component unit restricted investments per Exhibit A-1	789,642
Agency funds cash and cash equivalents per Exhibit E-1	<u>2,031,775</u>
 Total cash, cash equivalents and investments	 84,395,328
 Plus: outstanding checks	 74,327
Less outstanding deposits	(5,008)
Less: investments at Moreton Capital Markets	(43,055,620)
Less: investments in Local Government Investment Pool	(4,612,732)
Less: investments in U.S. Treasury money market mutual funds	(4,984,852)
Less: petty cash	<u>(6,905)</u>
 Bank balance of deposits	 <u><u>\$ 31,804,538</u></u>

NOTE 4. Fair Value Measurements

The fair value framework uses a hierarchy that prioritizes the inputs to the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Foundation has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability,
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

STATE OF NEW MEXICO
City of Alamogordo
Notes to the Financial Statements
June 30, 2017

NOTE 4. Fair Value Measurements (continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. See above for discussion of valuation methodologies used to measure fair value of investments.

New MexiGROW LGIP, State of NM Bonds, Wells Fargo Money Market Mutual Funds, Moreton Capital Money Market Mutual Funds, and U.S. Treasury Money Market Mutual Funds, and Certificates of Deposit are valued at the daily closing price as reported by the fund. These investments held by the City are open-end funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the City are deemed to be actively traded.

Federal Home Loan Bank Bonds are valued at the daily closing price as reported by the fund. These investments held by the City are open-end funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The Federal Home Loan Bank Bonds held by the City are deemed to not be actively traded.

The valuation methodologies described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the City believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The City maintained a balance of \$52,653,204 in investments at June 30, 2017 which required fair value disclosure. The following table sets forth by level within the fair value hierarchy of the City's assets at fair value as of June 30, 2017:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

NMFA Adv Ref & Defeas	12/1/2016	6/1/2028	0.670-2.130%	5,150,000	5,020,000
NMFA Adv Ref & Defeas	12/1/2016	6/1/2028	0.670-2.130%	2,770,000	2,705,000

On December 1, 2016, the City issued a \$5,150,000 NMFA Loan with an interest rate of 0.670-2.130 percent to advance refund \$4,535,000 of outstanding NMFA Loans for Street Projects with an interest rate of 2.18-5.30% percent. The new loan is comprised of \$5,150,000 used to refund the NMFA Loan. The net refunding proceeds of \$5,027,976 (after paying \$122,024 of underwriting fees, insurance, and other issuance costs) were used to purchase U.S. government securities. Those securities were deposited in an irrevocable trust with the Bank of Oklahoma (the escrow agent) to provide for all future debt service payments on the NMFA Loans for Street Projects. As a result, the NMFA Loans for Street Projects are considered to be defeased and the liability for those bonds has been removed from the government-wide financial statement of net position.

The advanced refunding resulted in a difference between the reacquisition price and the net carrying amount of the old debt of \$492,976, which is reported as a deferred outflow on the government-wide statement of net position. This difference, reported in the accompanying financial statements as a deduction from bonds payable, is being charged to operations through fiscal year 2029 using the straight line method. The City completed the advanced refunding to obtain an economic gain (difference between the present values of the old and new debt service payments) of \$527,794.

On December 1, 2016, the City issued a \$2,770,000 NMFA Loan with an interest rate of 0.670-2.130 percent to advance refund \$4,535,000 of outstanding NMFA Loans for Flood Control with an interest rate of 2.18-5.30% percent. The new loan is comprised of \$2,420,000 used to refund the NMFA Loan. The net refunding proceeds of \$2,677,731 (after paying \$92,269 of underwriting fees, insurance, and other issuance costs) were used to purchase U.S. government securities. Those securities were deposited in an irrevocable trust with the Bank of Oklahoma (the escrow agent) to provide for all future debt service payments on the NMFA Loans for Flood Control. As a result, the NMFA Loans for Flood Control are considered to be defeased and the liability for those bonds has been removed from the government-wide financial statement of net position.

NOTE 8. Long-term Debt (continued)

Governmental Activities (continued)

The advanced refunding resulted in a difference between the reacquisition price and the net carrying amount of the old debt of \$257,731, which is reported as a deferred outflow on the government-wide statement of net position. This difference, reported in the accompanying financial statements as a deduction from bonds payable, is being charged to operations through fiscal year 2029 using the straight line method. The City completed the advanced refunding to obtain an economic gain (difference between the present values of the old and new debt service payments) of \$273,706.

The annual requirements to amortize the NMFA loan as of June 30, 2017, including interest payments, are as follows:

<u>Fiscal Year Ending June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total Debt Service</u>
2018	\$ 2,134,008	\$ 927,158	\$ 3,061,166
2019	2,181,703	535,075	2,716,778
2020	2,215,877	505,285	2,721,162
2021	2,209,662	466,540	2,676,202
2022	2,250,000	425,741	2,675,741
2023-2027	10,785,000	1,468,978	12,253,978
2028-2031	4,648,000	275,467	4,923,467
	<u>\$ 26,424,250</u>	<u>\$ 4,604,244</u>	<u>\$ 31,028,494</u>

Compensated Absences – Employees of the City are able to accrue a limited amount of vacation and other compensatory time during the year. During fiscal year June 30, 2017, compensated absences increased \$160,040 from the prior year accrual. Compensated absences are liquidated by the respective funds in which they are accrued.

Business-Type Activities:

The proprietary funds have incurred various forms of debt which were used for the purposes of constructing, expanding, repairing and making improvements to its property, plant and equipment. The following schedule shows the changes to its various forms of debt during the fiscal year ended June 30, 2017:

	<u>Balance June 30, 2016</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance June 30, 2017</u>	<u>Due Within One Year</u>

NOTE 9. Risk Management

The City's risk management activities are recorded in the Fleet Collision Self-Insurance Fund. The purpose of this fund is to administer general liability, auto liability, workers' compensation, civil rights (errors and omissions/personal injury), emergency medical liability, law enforcement liability, foreign jurisdiction, underground storage tanks, and volunteers risk management function. The City covers its insurance needs through the New Mexico Self Insurers' Fund. The risk of loss transfers to the Self Insurer's Fund under this plan.

The City began providing self-insurance for the City-owned vehicles for property damage during the fiscal year ended June 30, 1996. The City accounts for this plan through its Fleet Collision Self-Insurance Fund.

All other insurance is provided by commercial insurance carriers in which the risk of loss is transferred to the Insurance Company.

The City has not filed any claims for which the settlement amount exceeded the insurance coverage during the past three years. However, should a claim be filed against the City which exceeds the insurance coverage, the City would be responsible for a loss in excess of the coverage amounts. As claims are filed, the New Mexico Self-Insurers' Fund assesses and estimates the potential for loss and handles all aspects of the claim. Insurance coverage's have not changed significantly from prior years and coverage's are expected to be continued.

At June 30, 2017, no unpaid claims have been filed which exceed the policy limits and to the best of management's knowledge and belief all known and unknown claims will be covered by insurance. No major lawsuits have been filed against the City of Alamogordo.

New Mexico Self-Insurers' Fund has not provided information on an entity by entity basis that would allow for a reconciliation of changes in the aggregate liabilities for claims for the current fiscal year and the prior fiscal year.

NOTE 10. Other Required Individual Fund Disclosures

Generally accepted accounting principles require disclosures of certain information concerning individual funds including:

A. Deficit fund balance of individual funds.

Nonmajor Funds

Court Administration Special Revenue Fund	\$ (15,911)
Police Contingency Special Revenue Fund	<u>(42,632)</u>

Total Governmental Funds	<u>\$ (58,543)</u>
---------------------------------	---------------------------

There were no business type funds with a deficit fund balance as of June 30, 2017.

- B. Actual expenditures in excess of amount budgeted at the budgetary authority level. Budgetary legal level of control is at the fund level. There were no funds that exceeded approved budgetary authority for the year ended June 30, 2017.
- C. Designated cash appropriations in excess of available balances. There were no funds that had designated cash appropriations in excess of available balances for the year ended June 30, 2017.

NOTE 11. Pension Plan- Public Employees Retirement Association

General Information about the Pension Plan

Plan Description: The Public Employees Retirement Fund (PERA Fund) is a **cost-sharing, multiple employer defined benefit pension plan**. This fund has six divisions of members, including State General, State Police/Adult Correction Officer, Municipal General, Municipal Police/Detention Officers, Municipal fire, and State Legislative Divisions, and offers 24 different types of coverage within the PERA plan. All assets accumulated may be used to pay benefits, including refunds of member contributions, to any of the plan members or beneficiaries, as defined by the terms of this plan. Certain coverage plans are only applicable to a specific division. Eligibility for membership in the PERA Fund is set forth in the Public Employees Retirement Act (Chapter 10, Article 11, NMSA 1978). Except as provided for in the Volunteer Firefighters Retirement Act (10-11A-1 to 10-11A-7, NMSA 1978), the Judicial Retirement Act (10-12B-1 to 10-12B-19, NMSA 1978), the Magistrate Retirement Act (10-12C-1 to 10-12C-18, NMSA 1978), and the Educational Retirement Act (Chapter 22, Article 11, NMSA 1978), and the provisions of Sections 29-4-1 through 29-4-11, NMSA 1978 governing the State Police Pension Fund, each employee and elected official of every affiliated public employer is required to be a member in the PERA fund.

PERA issues a publicly available financial report and a comprehensive annual financial report that can be obtained at <http://saonm.org/> using the Audit Report Search function for agency 366.

Benefits provided. For a description of the benefits provided and recent changes to the benefits see Note 1 in the PERA audited financial statements for the fiscal year ended June 30, 2016 available at: http://www.nmpera.org/assets/uploads/downloads/comprehensive-annual-financial-reports/2016_CAFR_12.22.2016_FINAL-with-corrections.pdf.

STATE OF NEW MEXICO
City of Alamogordo
Notes to the Financial Statements
June 30, 2017

NOTE 11. Pension Plan - Public Employees Retirement Association (continued)

General Information about the Pension Plan (continued)

Contributions. The contribution requirements of defined benefit plan members and The City are established in State Statute under Chapter 10, Article 11 NMSA 1978. The contribution requirements may be amended by acts of the legislature. For the employer and employee contribution rates in effect for FY16 for the various PERA coverage options, for both Tier I and Tier II, see the tables available in the note disclosures on pages 29 through 31 of the PERA FY16 annual audit report at:

http://www.nmpera.org/assets/uploads/downloads/comprehensive-annual-financial-reports/2016CA_FR_12.22.2016_FINAL-with-corrections.pdf.

The PERA coverage options that apply to City of Alamogordo are: Municipal General Division, Municipal Police Division and Municipal Fire Division. Statutorily required contributions to the pension plan from City of Alamogordo were \$1,549,335 for the year ended June 30, 2017.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions: The PERA pension liability amounts, net pension liability amounts, and sensitivity information were based on an annual actuarial valuation performed as of June 30, 2015. The PERA pension liability amounts for each division were rolled forward from the valuation date to the Plan year ending June 30, 2016, using generally accepted actuarial principles. Therefore, the employer's portion was established as of the measurement date June 30, 2016.

The assets of the PERA fund are held in one trust, but there are six distinct membership groups (municipal general members, municipal police members, municipal fire members, state general members, state police members and legislative members) for whom separate contribution rates are determined each year pursuant to chapter 10, Article 11 NMSA 1978. Therefore, the calculations of the net pension liability, pension expense and deferred inflows and outflows were performed separately for each of the membership groups: municipal general members; municipal police members; municipal fire members; state general members; state police members and legislative members. City of Alamogordo's proportion of the net pension liability for each membership group that the employer participates in is based on the employer contributing entity's percentage of that membership group's total employer contributions for the fiscal year ended June 30, 2016. Only employer contributions for the pay period end dates that fell within the period of July 1, 2015 to June 30, 2016 were included in the total contributions for a specific employer. Regular and any adjustment contributions that applied to FY 2016 are included in the total contribution amounts. In the event that an employer is behind in reporting to PERA its required contributions, an estimate (receivable) was used to project the unremitted employer contributions. This allowed for fair and consistent measurement of the contributions with the total population. This methodology was used to maintain consistent measurement each year in determining the percentages to be allocated among all the participating employers.

For PERA Fund Municipal General Division, at June 30, 2017, City of Alamogordo reported a liability of \$14,743,243 for its proportionate share of the net pension liability. At June 30, 2016, Alamogordo's proportion was 0.9228 percent, which was decreased from its proportion measured as of June 30, 2015, by 0.0423 percent.

Total	\$ 880,232	\$ -

\$149,397 reported as deferred outflows of resources related to pensions resulting from City of Alamogordo's contributions subsequent to the measurement date June 30, 2016 will be recognized as a reduction of the net pension liability in the year ended June 30, 2018. Other amounts reported as deferred outflows and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2018	\$ (205,181)
2019	(205,181)
2020	(237,357)
2021	(83,116)
Thereafter	-

Actuarial assumptions. As described above, the PERA Fund member group pension liabilities and net pension liabilities are based on actuarial valuations performed as of June 30, 2015 for each of the membership groups. Then each PERA Fund member group pension liability was rolled forward from the valuation date to the Plan year ending June 30, 2016 using generally accepted actuarial principles. There were no significant events or changes in benefit provisions that required an adjustment to the roll-forward liabilities as of June 30, 2016. These actuarial methods and assumptions were adopted by the Board for use in the June 30, 2016 actuarial valuation.

STATE OF NEW MEXICO
City of Alamogordo
Notes to the Financial Statements
June 30, 2017

NOTE 11. Pension Plan - Public Employees Retirement Association (continued)

General Information about the Pension Plan (continued)

Actuarial valuation date	June 30, 2015
Actuarial cost method	Entry age normal
Amortization method	Level percentage of pay, open
Amortization period	Solved for based on statutory rates
Asset valuation method	Fair value
Actuarial assumptions:	
Investment rate of return	7.48% annual rate, net of investment expense
Projected benefit payment	100 years
Payroll growth	2.75% for the first 10 years, then 3.25% all other years
Projected salary increases	2.75% to 14.25% annual rate
Includes inflation at	2.25% annual rate first 10 years, 2.75% all other years
Mortality assumptions	RP-2000 mortality tables (combined table for healthy post-retirements, Employee table for active members, and disabled table for disabled retirees before retirement age) with projections to 2018 using scale AA.
Experience study dates	July 1, 2008 to June 30, 2013 (demographic) and July 1, 2010 through June 20, 2015 (economic)

The long-term expected rate of return on pension plan investments was determined using a statistical analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and most recent best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

ALL FUNDS - Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Global Equity	43.50%	7.39%
Risk Reduction & Mitigation	21.50	1.79
Credit Oriented Fixed Income	15.00	5.77
Real Assets	20.00	7.35
Total	100.00%	

Discount rate: The discount rate used to measure the total pension liability was 7.48 percent. The projection of cash flows used to determine the discount rate assumed that future contributions will be made in accordance with statutory rates. On this basis, the pension plan's fiduciary net position together with the expected future contributions are sufficient to provide all projected future benefit payments of current plan members as determined in accordance with GASBS 67. Therefore, the 7.48% assumed long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

NOTE 11. Pension Plan - Public Employees Retirement Association (continued)

General Information about the Pension Plan (continued)

Sensitivity of the Employer's proportionate share of the net pension liability to changes in the discount rate. The following tables show the sensitivity of the net pension liability to changes in the discount rate. In particular, the tables present City of Alamogordo's net pension liability in each PERA Fund Division that City of Alamogordo participates in, under the current single rate assumption, as if it were calculated using a discount rate one percentage point lower (6.48%) or one percentage point higher (8.48%) than the single discount rate.

PERA Fund Municipal General Division	1% Decrease (6.48%)	Discount Rate (7.48%)	1% Increase (8.48%)
City of Alamogordo's proportionate share of the net pension liability	<u>\$ 21,980,858</u>	<u>\$ 14,743,243</u>	<u>\$ 8,739,994</u>

PERA Fund Municipal Police Division	1% Decrease (6.48%)	Current Discount Rate (7.48%)	1% Increase (8.48%)
City of Alamogordo's proportionate share of the net pension liability	<u>\$ 12,829,887</u>	<u>\$ 8,720,409</u>	<u>\$ 5,359,338</u>

PERA Fund Municipal Fire Division	1% Decrease (6.48%)	Current Discount Rate (7.48%)	1% Increase (8.48%)
City of Alamogordo's proportionate share of the net pension liability	<u>\$ 4,982,349</u>	<u>\$ 3,809,151</u>	<u>\$ 2,845,490</u>

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued FY16 PERA financial report. The report is available at http://www.nmpera.org/assets/uploads/downloads/comprehensive-annual-financial-reports/2016CA_FR_12.22.2016_FINAL-with-corrections.pdf.

Payables to the pension plan. At June 30, 2017 there were no contributions due and payable to PERA for the City.

NOTE 12. Post-Employment Benefits – State Retiree Health Care Plan

Plan Description. City of Alamogordo contributes to the New Mexico Retiree Health Care Fund, a cost-sharing multiple-employer defined benefit postemployment healthcare plan administered by the New Mexico Retiree Health Care Authority (RHCA). The RHCA provides health care insurance and prescription drug benefits to retired employees of participating New Mexico government agencies, their spouses, dependents, and surviving spouses and dependents. The RHCA Board was established by the Retiree Health Care Act (Chapter 10, Article 7C, NMSA 1978). The Board is responsible for establishing and amending benefit provisions of the healthcare plan and is also authorized to designate optional and/or voluntary benefits like dental, vision, supplemental life insurance, and long-term care policies.

Eligible retirees are: 1) retirees who make contributions to the fund for at least five years prior to retirement and whose eligible employer during that period of time made contributions as a participant in the RHCA plan on the person's behalf unless that person retires before the employer's RHCA effective date, in which event the time period required for employee and employer contributions shall become the period of time between the employer's effective date and the date of retirement; 2) retirees defined by the Act who retired prior to July 1, 1990; 3) former legislators who served at least two years; and 4) former governing authority members who served at least four years.

The RHCA issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for the postemployment healthcare plan. That report and further information can be obtained by writing to the Retiree Health Care Authority at 4308 Carlisle NE, Suite 104, Albuquerque, NM 87107.

Funding Policy. The Retiree Health Care Act (Section 10-7C-13 NMSA 1978) authorizes the RHCA Board to establish the monthly premium contributions that retirees are required to pay for healthcare benefits. Each participating retiree pays a monthly premium according to a service based subsidy rate schedule for the medical plus basic life plan plus an additional participation fee of five dollars if the eligible participant retired prior to the employer's RHCA effective date or is a former legislator or former governing authority member. Former legislators and governing authority members are required to pay 100% of the insurance premium to cover their claims and the administrative expenses of the plan. The monthly premium rate schedule can be obtained from the RHCA or viewed on their website at www.nmrhca.state.nm.us.

The employer, employee and retiree contributions are required to be remitted to the RHCA on a monthly basis. The statutory requirements for the employer and employee contributions can be changed by the New Mexico State Legislature. Employers that choose to become participating employers after January 1, 1998, are required to make contributions to the RHCA fund in the amount determined to be appropriate by the board.

The Retiree Health Care Act (Section 10-7C-15 NMSA 1978) is the statutory authority that establishes the required contributions of participating employers and their employees. For employees that were members of an enhanced retirement plan (state police and adult correctional officer member coverage plan 1; municipal police member coverage plans 3, 4 or 5; municipal fire member coverage plan 3, 4 or 5; municipal detention officer member coverage plan 1; and members pursuant to the Judicial Retirement Act) during the fiscal year ended June 30, 2017, the statute required each participating employer to contribute 2.5% of each participating employee's annual salary; and each participating employee was required to contribute 1.25% of their salary. For employees that were not members of an enhanced retirement plan during the fiscal year ended June 30, 2017, the statute required each participating employer to contribute 2.0% of each participating employee's annual salary; each participating employee was required to contribute 1.0% of their salary.

STATE OF NEW MEXICO
City of Alamogordo
Notes to the Financial Statements
June 30, 2017

NOTE 12. Post-Employment Benefits – State Retiree Health Care Plan (continued)

In addition, pursuant to Section 10-7C-15(G) NMSA 1978, at the first session of the Legislature following July 1, 2013, the legislature shall review and adjust the distributions pursuant to Section 7-1-6.1 NMSA 1978 and the employer and employee contributions to the authority in order to ensure the actuarial soundness of the benefits provided under the Retiree Health Care Act.

City of Alamogordo's contributions to the RHCA for the years ended June 30, 2017, 2016, and 2015 were \$241,232, \$234,526, and \$232,365, respectively, which equal the required contributions for each year.

NOTE 13. Contingent Liabilities

The City is party to various claims and lawsuits arising in the normal course of business. The City is insured through the New Mexico Self Insurers Fund. The maximum exposure of the City is not estimable as of June 30, 2017 for any open claims and lawsuits.

NOTE 14. Federal and State Grants

In the normal course of operations, the City receives grant funds from various federal and state agencies. Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, the purpose of which is to ensure compliance with conditions precedent to the granting of funds. Any liability for reimbursement which may arise as a result of these audits is not believed to be material.

NOTE 15. Otero – Greentree Regional Landfill

State and Federal laws and regulations require the Regional Landfill to place a final cover on its landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the landfill site for a minimum of thirty years after closure. Although closure and post closure care costs will be paid only near or after the date the landfill stops accepting waste, the Regional Landfill is required to report a portion of these closure and post closure costs as an operating expense in each period based on landfill capacity used as of each balance sheet date.

The estimate of closure and post-closure costs was updated during the year ended June 30, 2017, and has increased by \$349,450, for a balance of \$1,139,092. The effect of this change in accounting estimate is that net position and the change in net position have increased by \$349,450, as of and for the year ended June 30, 2017.

The landfill current holds a 95-acre permit. The permit is defined as land that may be disturbed. To date 58% of the landfill capacity has been used: 30 acres have been disturbed for solid waste disposal and 15 acres for landfill facilities. The landfill is averaging six years of use for every ten acres of land. The remaining acres should give approximately 23.5 more years of life before re-permitting is requested.

The landfill is required to set aside a predetermined amount of funds to cover any closure and post closure care. The City sets aside approximately \$20,000 to \$40,000 annually in investment. To date, the City has restricted \$789,642 in investments for this purpose.

The estimated closure and post closure care costs were originally determined in 1998 when the landfill applied for the operating permit. The closure and post closure care costs are re-calculated annually to include inflation, actual landfill usage percentage, and any new regulatory requirements.

STATE OF NEW MEXICO
City of Alamogordo
Notes to the Financial Statements
June 30, 2017

NOTE 15. Otero – Greentree Regional Landfill (continued)

The Environmental Protection Agency (EPA) required the landfill to obtain a permit under 20 NMAC 2.70 Title V. This permit requires the landfill to monitor and report emission and particulates that are disbursed into the atmosphere. As the landfill continues to grow and monitoring requirements change, additional costs for closure and post closure care costs will need to be estimated in order for the City to accumulate the proper reserves and restrict sufficient funds to pay for the costs. As specified by 20.9.10.9 B NMAC, the owner of each solid waste facility shall establish a financial assurance mechanism for closure of the facility in compliance with 20.9.10.13 – 20.9.10.23 NMAC. The owner shall provide continues coverage for closure until released from financial assurance requirements by written verification issued by the secretary. The owner of a solid waste facility shall develop a detailed written estimate, in current dollars, of the cost of hiring a third party to close the largest area of the facility requiring closure under 20.9.6 NMAC.

NOTE 16. Concentrations

The City depends on financial resources flowing from, or associated with, both the Federal Government and the State of New Mexico. Because of this dependency, the City is subject to changes in the specific flows of intergovernmental revenues based on modifications to Federal and State laws and Federal and State appropriations.

NOTE 17. Commitments

The City’s commitments as of June 30, 2017 are as follows:

<u>Contract</u>	<u>Project</u>	<u>Year Ending</u>	<u>Amount</u>
1st / Florida Realignment	EN1405	2018	\$ 1,964,484
Desalination Plant - Design	PW1401	2018	2,900
Family Fun Center	PW1513	2018	3,161,121
Scenic Drive Extension	PW1606	2018	3,925,796
Radio Read Program	UB2006	2018	160,062
Flood Control	EN0226	2019	2,525,373
Desalination Plant - Capital Outlay	PW1406	2019	623,855
Bonito Lake Restoration	PW1501	2019	1,905,311
Total commitments			<u>\$ 14,268,902</u>

NOTE 18. Subsequent Events

On October 10, 2017, the City Commission approved a resolution authorizing publication of a notice of sale of \$5,285,000, City of Alamogordo, NM, general obligation refunding bonds, Series 2017, to be used for refunding the City’s Series 2009 GO Bonds. The bond sale was executed by auction on October 24, 2017, and the transaction between the City of Alamogordo and the bond purchaser, Raymond James, closed on November 30, 2017.

The date to which events occurring after June 30, 2017, the date of the most recent statement of net position, have been evaluated for possible adjustment to the financial statements or disclosure is December 13, 2017, which is the date on which the financial statements were issued.

STATE OF NEW MEXICO
City of Alamogordo
Notes to the Financial Statements
June 30, 2017

NOTE 19. Restricted Net Position

The government-wide statement of net position reports \$44,783,349 of restricted net position for governmental activities, all of which is restricted by enabling legislation. For descriptions of the related enabling legislation for special revenue, capital projects, and debt service funds, see pages 50-51 and 96-99.

NOTE 20. Subsequent Pronouncements

In June 2015, GASB Statement No. 75 *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* was issued. Effective Date: The provisions of this Statement are effective for fiscal years beginning after June 15, 2017. The standard will be implemented during the fiscal year ended June 30, 2018. The City expects this pronouncement to have a material effect on their financial statements as they participate in such a plan.

In March 2016, GASB Statement No. 81 *Irrevocable Split-Interest Agreements* was issued. Effective Date: The requirements of this Statement are effective for reporting periods beginning after December 15, 2016. Earlier application is encouraged. The City is still evaluating how this pronouncement will affect the financial statements.

In November 2016, GASB Statement No. 83, *Certain Asset Retirement Obligations* was issued. Effective Date: The requirements of this Statement are effective for reporting periods beginning after June 15, 2018. Earlier application is encouraged. The City is still evaluating how this pronouncement will affect the financial statements.

In January 2017, GASB Statement No. 84, *Fiduciary Activities* was issued. Effective Date: The requirements of this Statement are effective for reporting periods beginning after December 15, 2018. Earlier application is encouraged. The City is still evaluating how this pronouncement will affect the financial statements.

In March 2017, GASB Statement No. 85 *Omnibus 2017* was issued. Effective Date: The requirements of this Statement are effective for reporting periods beginning after June 15, 2017. Earlier application is encouraged. This Statement addresses a variety of topics including issues related to blending component units, goodwill, fair value measurement and application, and postemployment benefits (pensions and other postemployment benefits [OPEB]). The City is still evaluating how this pronouncement will affect the financial statements.

In May 2017, GASB Statement No. 86 *Certain Debt Extinguishment Issues* was issued. Effective Date: The requirements of this Statement are effective for reporting periods beginning after June 15, 2017. Earlier application is encouraged. The City is still evaluating how this pronouncement will affect the financial statements.

In June 2017, GASB Statement No. 87 *Leases* was issued. Effective Date: The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. Earlier application is encouraged. The City is still evaluating how this pronouncement will affect the financial statements.

SUPPLEMENTARY INFORMATION

STATE OF NEW MEXICO
City of Alamogordo
Nonmajor Governmental and Proprietary Fund Descriptions
June 30, 2017

Special Revenue Funds

Corrections – This fund accounts for fees imposed on individuals convicted of any offense relating to the operation of a motor vehicle. Funds must be used as specified by State law. This is also the fund where the City pays the County for prisoners at the Detention Center. NMSA 33-3-25

Lodgers' Tax Promotional – To account for various promotional and tourism attraction programs. NMSA 3-38-15.

Court Automation – This fund is to account for the collections and disbursement of penalty assessments to develop a statewide computer system for all Municipal Courts. This fund was authorized by the City Commission and 35-14-11 NMSA

Lodgers' Tax – City – To account for revenues generated through the use of the Civic Center. NMSA 3-38-25.

D.A.R.E. Donations – To account for revenues and expenditures designated for the educational programs provided by D.A.R.E. officers. This fund was authorized by the City Commission.

Designated Gifts – To account for receipts and disbursements of funds donated for designated purposes. This fund was authorized by the City Commission.

Grant Capital Improvement – To accounts for receipts and disbursements of grant funds for capital projects. This fund was authorized by the City Commission.

Court Administration – To account for collections and disbursements associated with traffic violations. NMSA 33-3-25.

Police Contingency – To account for revenues and costs associated with confiscated items and investigation programs. NMSA 7-12-15.

Fire Protection – To account for revenues accumulated by the State from taxes for the operation, betterment, and maintenance of local fire departments. NMSA 59A-53-1.

Law Enforcement – To account for revenues received from the State for the equitable distribution to Municipal and County Police and Sheriff's Department for maintenance and improvements. NMSA 29-13-3.

State Highway – To account for a grant from the New Mexico State Highway and Transportation Department for the Keep Alamogordo Beautiful program. NMSA 67-15-1.

Traffic Safety – This fund is created to account for fees attached to each penalty assessment and traffic convictions under the State Motor Vehicle Code. The monies are used for public outreach programs, educational activities and programs to promote traffic safety in the entity's area. This fund was authorized by the City Commission.

1984 Gross Receipts Tax – To account for a one-quarter of one percent gross receipts tax used for the cost of maintenance and repairs of the City streets. NMSA 1978 7-1-6-9.

Transportation – To account for the one-cent gasoline tax revenues used for local street and bridges capital items. NMSA 7-1-6-9.

1994 Gross Receipts Tax – This fund serves as an income fund for ¼ of 1% Gross Receipts Tax Revenues which is pledged for repayment of the 1996 and 2002 Gross Receipts Tax Revenue Bonds. This fund was authorized by the City Commission.

Alamo Senior Center – To account for grants and user fees to provide services for person 60 and over. (State Grant and City Ordinance)

STATE OF NEW MEXICO
City of Alamogordo
Nonmajor Governmental and Proprietary Fund Descriptions
June 30, 2017

Special Revenue Funds (continued)

Alamo Senior Center Gift – This fund is created to account for donations and proceeds from fundraising events. Expenditures are restricted to building improvements or special events. This fund was authorized by the City Commission.

Retired and Senior Volunteer Program – To account for grants used to recruit, train and place senior volunteers throughout Otero County. Domestic Volunteer Service Act of 1973; PL 93-113.

ESGRT 0.625% – To account for the Environmental Gross Receipts Tax that is used for the activities for the Convenience Center. NMSA 7019D-10.

Capital Projects Funds

Airport Improvement Projects – To account for the state and federal funding for the Airport Pavement Rehabilitation. This fund was authorized by the City Commission.

New Mexico CDBG – To account for funds used for community housing rehabilitation and infrastructure projects for low to moderate-income families. This fund was authorized by the City Commission.

Property Acquisition – To account for funds used to acquire needed right-of-way and easements, as well as provide for expenditures involved in the disposition of City property and maintenance of City rental property. This fund was authorized by the City Commission.

Reverse Osmosis Project Reserve – This fund is established to receive the monies that are being paid back to the GO Bond Fund which were borrowed to fund the covers and linings on the reservoirs at La Luz. This fund was authorized by the City Commission.

99 Gross Receipts Tax Flood Control – To account for bond proceeds for the purpose of paying for flood control. This fund was authorized by the City Commission.

Municipal Infrastructure .0625% – To account for one-sixteenth of one-percent gross receipts tax dedicated for the payment of special obligation bonds used for repairs, maintenance and acquisition of infrastructure improvements. This fund was authorized by the City Commission.

Economic Development – To account for projects that are not funded from specific revenue dedications. This fund was authorized by the City Commission.

Sewer Plant – The 2009 Sewer Improvement Bond Acquisition was issued to provide funds for the purpose of financing the construction and improvement of a Sewer Plant. This fund was authorized by the City Commission.

Sidewalk Revolving Loans – This fund provides the City with an accounting of loans financed through the City for qualified property owners for the replacement or repair of sidewalks, curb cuts and driveway ramps.

Reg Water Supply Trans LN – This fund accounts for the Water Trust Board Grant, and related NMFA loan, which finance the cost of approximately 15 miles of pipeline. This fund was authorized by the City Commission.

2011 JT W/S Refunding & Improvement Bond – This fund accounts for the proceeds of the refunding of the 1998 Joint Water and Sewer Bonds and for additional loan proceeds to fund the wastewater treatment project. This fund was authorized by the City Commission.

11 NMFA St GRT Street – The purpose of this fund is to provide funds for the acquisition, construction, installation, and improvement for various street projects. This fund is authorized by Ord. 1410 dated 11/15/2011.

STATE OF NEW MEXICO
City of Alamogordo
Nonmajor Governmental and Proprietary Fund Descriptions
June 30, 2017

Capital Projects Funds (continued)

2012 GRT Refunding and Improvement Revenue Bond – The fund is for the improvement of the revenue loan, “Quality for Life” and GRT bond refunding. This fund was authorized by the City Commission.

2014A GO Bond- Fun Center – The purpose of this fund is to provide funds for the purpose of beautifying, improving, acquiring, constructing, equipping, and improving land and buildings for public parks and related recreational facilities. This fund was authorized by Ord. 1476 dated 11/18/2014.

2014B GO Bond – Streets – The purpose of this fund is to provide funds for constructing, repairing, and otherwise improving streets and bridges. This fund was authorized by Ord. 1477 dated 11/18/2014.

Debt Service Funds

General Obligation – The purpose of this fund is to account for servicing of principal and interest requirements on the 1990 General Obligation Sanitary Sewer Bonds and the 1996 General Obligation Sanitary Sewer Refunding Water Improvement Bonds. Property tax revenues secure these bonds. This fund was authorized by the City Commission.

Permanent Funds

Perpetual Care/Cemetery – This fund is established to account for the accumulation of funds for the future maintenance of the cemetery. This fund was authorized by the City Commission.

Proprietary Funds

Solid Waste Fund – This fund was established to provide funds for the solid waste services provided to the residents of the City, and related costs. This fund is authorized by the City Commission.

Bonito Lake Fund – This fund was established to provide funds for the management and daily operations of the Bonito Lake watershed, recreation area, and part of the Bonito pipeline. This fund is authorized by the City Commission.

Golf Course Fund – This fund was established to provide funds for the maintenance and daily operations of the Municipal golf course. This fund is authorized by the City Commission.

Airport Fund – This fund was established to provide funds for the maintenance and daily operations of the Municipal Airport. This fund is authorized by the City Commission.

Low Rent Public Housing Fund – This fund was established to provide funds to assist income eligible families with housing needs within the guidelines set forth by Housing and Urban Development (HUD). This fund is authorized by the City Commission.

Home Ownership Fund – This fund was established to provide funds to assist income eligible families with housing needs within the guidelines set forth by Housing and Urban Development (HUD). This fund is authorized by the City Commission.

COMPLIANCE SECTION

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER
MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

INDEPENDENT AUDITORS' REPORT

Wayne A. Johnson
New Mexico State Auditor
The Office of Management and Budget
To the City Commission
City of Alamogordo
Alamogordo, New Mexico

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, the aggregate remaining fund information and the budgetary comparison of the general fund of the City of Alamogordo, New Mexico (the "City") as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated December 13, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that are required to be reported per section 12-6-5 NMSA 1978 that we have described in the accompanying schedule of Section 12-6-5 NMSA 1978 Findings as items NM 2017-001 and NM 2017-002.

City's Responses to Findings

The City's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The City's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Notes to Schedule of Expenditures of Federal Awards

Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (Schedule) includes the federal grant activity of the City of Alamogordo. (The City) and is presented on the full accrual basis of accounting, which is the same basis as was used to prepare the fund financial statements. The information in this Schedule is presented in accordance with the requirements of *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*

Federally Funded Loans

The City has no federally funded loans or loan guarantee programs as of June 30, 2017.

10% de minimis Indirect Cost Rate

The City did not elect to use the allowed 10% indirect cost rate.

Federally Funded Insurance

The City has no federally funded insurance.

Reconciliation of Schedule of Expenditures of Federal Awards to Financial Statements:

<i>Total federal awards expended per Schedule of Expenditures of Federal Awards</i>	\$ 4,082,603
<i>Total expenditures funded by other sources</i>	49,113,088

None Noted

Section III – Financial Statement Findings

None Noted

Section IV – Federal Award Findings

None Noted

Section V –Section 12-65-8 NMSA Findings

NM 2017-001 – Travel and Per Diem – Other Noncompliance

Condition: The City paid for lodging in excess of \$215 per night without the prior approval of the appropriate individual.

Criteria: Per 2.42.2.9 B (1) NMAC, “Whenever possible, public officers and employees should stay in hotels which offer government rates. Agencies, public officers or employees who incur lodging expenses in excess of \$215.00 per night must obtain the signature of the agency head or chairperson of the governing board on the travel voucher prior to requesting reimbursement and on the encumbering document at the time of encumbering the expenditure. The segregation of duties aspect of proper internal control precludes an individual from authorizing an expenditure for him/herself.

Effect: The City paid more than state approved rates without proper authorization.

Cause: The City’s policy allowed for an individual to approve their own travel request.

Auditor’s Recommendation: We recommend that the City’s policy be amended to require chairperson of the commission approval of expenses for lodging in excess of \$215 for all upper level management employees, and that the City Manager approve any commission travel with lodging in excess of \$215.

Management Response: As a Charter City, (Home Ruled), the City of Alamogordo has chosen to implement its own travel policy, as allowed by state statute. Effective November 1, 2017 the City’s new travel policy utilizes the Government Services Administration (GSA) travel and per diem rates. The GSA rates allow for variances in lodging and per diem based upon established rates for each location traveled to. The area traveled to in this instance was Washington, DC, which is a high cost area. The maximum DFA lodging rate is \$215 per night no matter if the location is a high cost area or not. By utilizing the GSA rates which fluctuate based upon location, it is unlikely there will be an issue in the future with exceeding the established per diem and lodging rates.

Additionally, City Attorney is reviewing the City’s new travel policy to determine the best way to implement controls to properly reduce the risk of self-approval of travel by the City Manager.

Section V –Section 12-65-8 NMSA Findings (continued)

NM 2017-002 – Procurement – Other Noncompliance

Condition: The City purchased four items totaling \$145 from an employee.

Criteria: Per the Alamogordo Code of Ordinances, Section 2-13-280(a)(1) “It shall be unlawful for any city employee to participate directly or indirectly in a purchase when the employee knows that: The employee or any member of the employee’s immediate family has a financial interest pertaining to the purchase”

Effect: The City is in violation of its own policy regarding purchases when an employee has a financial interest in the purchase.

Cause: The City’s policy allowed for an individual to sell property to the City.

Auditor’s Recommendation: We recommend that the City’s policy be enforced, and that the City emphasize the importance to employees of being familiar with City policies.

Management Response: Management of the City have thoroughly reviewed our purchasing policy to ensure all sections are understood, especially by those who approve of purchasing transactions. All requests for payment will be carefully reviewed by the requesting department before submission, as well as by the finance department before being entered into our system for processing and payment. Any purchasing transactions that do not comply with the City’s policy will be rejected and returned to the requesting department with an explanation as to why it is being rejected.

The Purchasing department reports directly to the Assistant City Manager, who shall be responsible for ensuring the policy is followed. This corrective action plan was implemented in December 2017.
