INTRODUCTORY SECTION

March 7, 2014

Honorable Mayor and City Council
City of Albuquerque, New Mexico

We are pleased to submit the Comprehensive Annual Financial Report (CAFR) for the City of Albuquerque, New Mexico, (City), for the fiscal year ended June 30, 2013. New Mexico State Statute 12-6-3, NMSA 1978 mandates that the financial affairs of the City's records be thoroughly examined and audited each year by independent public accountants. Federal law also requires that a single audit be performed for federal grant funds in conformance with the provisions of the Single Audit Act of 1984 and OMB Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations". All information related to the single audit, including the schedule of expenditures of federal awards, findings and recommendations, and the independent auditors' reports on the internal control structure and compliance with applicable laws and regulations are included in the Single Audit Information Section.

This report was prepared by the Department of Finance and Administrative Services with the assistance of various other City departments. City management assumes full responsibility for the accuracy of the data presented and the completeness and fairness of presentation, including all disclosures, based upon a comprehensive framework of internal control that has been established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements. REDW, Certified Public Accountants, have issued an unmodified opinion on the City's CAFR for the year ended June 30, 2013. As indicated by the opinion of our independent auditors, the report fairly presents the financial position and the results of operations of the City as measured by the financial activity of its various funds. The report has been set forth in a manner that will give the reader a broad understanding of the City's financial affairs. It includes disclosures necessary for the reader to gain an understanding of the City's financial activities. The independent auditors' report is located at the front of the Financial Section.

Management's Discussion & Analysis (MD&A) immediately follows the independent auditors' report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

Profile of the City

Albuquerque, New Mexico is located in the central region of the state and is the economic and population hub of New Mexico. With an estimated population of 543,000 in 2010, Albuquerque ranks 33rd in population of the nation's cities and is the largest city in New Mexico with roughly one-fourth of the state's population. The City was founded in 1706, chartered as a town in 1885, and organized under territorial law as a city in 1891. The City became a charter city in 1917 and the voters approved a home rule amendment to the charter in 1971. In 1974, the electorate voted to establish a mayor-council form of government; the City Council consists of nine council members elected from districts. As a governmental entity, the City is not subject to Federal or State income taxes. The City provides traditional services such as public safety, culture and recreation, public works, highways and streets, storm drainage, and refuse collection. In addition, the City operates parking facilities, a transit system, an international airport, and a housing authority.

The CAFR of the City includes all government activities, organizations and functions for which the City is financially accountable. The criteria used to determine financial accountability are based on, and consistent with, the pronouncements of the Governmental Accounting Standards Board which sets criteria for defining the financial reporting entity. Effective July 1,

2003, water and sewer services that used to be provided by the City are now provided by the Albuquerque-Bernalillo County Water Utility Authority. In previous years the Authority was reported as a component unit of the City; however, effective in fiscal year 2012 the Authority reports as a stand-alone special purpose government, not as a component unit of the City. The City does not have relationships with any other organizations not included in this CAFR of such nature and significance that exclusion would render the City's financial statements incomplete or misleading.

Summary of Local Economy

Albuquerque is the major commercial, trade, service and financial center of the state. It is located in the central part of the state, at the intersection of two major interstate highways, and served by both rail and air. The Albuquerque Metropolitan Statistical Area (MSA) includes Bernalillo, Sandoval, Torrance and Valencia Counties. The MSA has a population 887,000 as of the 2010 census. The largest employers in the Albuquerque area are the University of New Mexico, Albuquerque Public Schools, Sandia National Labs (SNL), and Kirtland Air Force Base.

The Albuquerque economy has an industry composition not unlike that of the U.S. as a whole. Manufacturing makes up a smaller part of the Albuquerque economy, and government employment makes up a larger share.

Albuquerque MSA Employment in Thousands				
NAICS CATEGORY	Employment FY/13	Share of FY/13 Employment	Growth FY/12 to FY/13	Compound Annual Average FY/08 to FY/13
Total Nonfarm Employment (does not include military)	367.74	100%	0%	-1.5%
Natural Resources and Mining and Construction	18.73	5%	-2%	-8.8%
Manufacturing	17.31	5%	-2%	-5.4%
Trade, Transportation, and Utilities	61.29	17%	0%	-2.4%
Information	8.59	2%	8%	-1.4%
Financial Activities	17.59	5%	1%	-1.5%
Aggregate of Services	161.95	44%	0%	-0.5%
Professional and Business Services	54.58	15%	-2%	-3.2%
Educational and Health Services	56.58	15%	1%	2.6%
Leisure and Hospitality	38.99	11%	3%	-0.2%
Other Services	11.80	3%	1%	-0.8%
Government	82.28	22%	0%	0.5%
MILITARY	6.24	n/a	0%	1.7%

While the U.S. has shown some gains in employment, the Albuquerque MSA has only recently begun to add jobs. FY/13 shows no job growth in total, with continued losses in Professional and Business Services, Construction and Manufacturing. The unemployment rate increased from 3.5% in FY/08 to a maximum of 8.3% in November of 2010. The rate has declined and was 6.2% in June of 2013. Although fiscal year 2013 showed no gain in employment the second half of the fiscal year showed some increases. Construction declined 37% from fiscal year

2008 to fiscal year 2013, an average annual decline of nearly 9%. Single family construction activity has increased, but it is at a low level. Commercial and public construction have increased and at the end of fiscal year 2013 employment in the construction sector showed an increase. Government employment after holding up in the recession declined in fiscal year 2012 and was flat in fiscal year 2013. One of the strengths for the Albuquerque economy is the national labs. Sandia National Laboratories (SNL) has devoted a great deal of research to terrorism and homeland security and the mission to protect the nuclear weapons arsenal. The micro-systems technology, or nano-technology, for which SNL is well known, may provide many novel and inexpensive answers to medical and materials sciences. The labs expertise and technology is also becoming more readily available to the private sector.

Additional historic economic information is presented in the statistical section of this report.

Long-term financial planning

As a matter of City policy, the General Fund is required to maintain an operating reserve equal to one-twelfth of the total annual appropriation level. This standard is more conservative than the State's standard as it includes transfers and nonrecurring appropriations. This reserve is included in the annual budget process and is modified as necessary, if material, throughout the year to reflect changes in appropriations. Annually, the budget process begins with the development and publication of a Five-Year Forecast which estimates future revenues and expenditures for the General Fund and the general fund subsidized funds. The purpose of this report is to identify key trends in revenues and expenditures and to provide information about the financial challenges anticipated over the next few years. The City's Forecasting Advisory Committee, including experts from within and outside government, reviews the forecasts and revenue projections prepared by City staff. Revenues are monitored monthly and expenditures are reviewed quarterly.

The City also develops a Decade Plan that guides the capital improvements program (CIP) and forms the basis for the general obligation bond program which is presented to and voted on by the public in odd-numbered years. This process allows for long-term planning for both initial construction costs as well as additional operating costs to staff, operate and maintain new facilities required in the community.

The City is committed to performance-based budgeting which drives the development of both operating and capital budgets.

Financial Policies

The City has a well developed system of program performance budgeting. Program strategies are developed to impact the defined and monitored community conditions which move the City towards achieving its goals. Each program strategy is a collection of specific service activities that are monitored for financial and performance management. Department directors are held responsible for the fiscal performance of their units as well as the programmatic performance of their units.

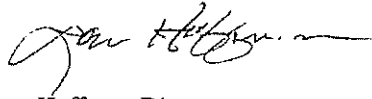

Historically, the City has been conservative in its approach to financial matters, managing long-term debt to control interest costs and stringently monitoring and controlling the use of both recurring and non-recurring operating revenues.

Awards and Acknowledgements

The Government Finance Officers Association (GFOA) of the United States and Canada presented the City of Albuquerque a Distinguished Budget Presentation Award for its annual appropriated budget for the fiscal year beginning July 1, 2012. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, an operations guide, a financial plan, and a communications medium.

The preparation of this report could not have been accomplished without the dedicated services of the staff of the Department of Finance and Administrative Services. We wish to express our sincere appreciation to all members of the Department who contributed to its preparation and recognize the major effort of the Accounting Division and its Financial Reporting Section in administering the City's accounting system and in preparing this report. We also wish to thank each of you for your interest and support in planning and conducting the financial operations of the City in a responsible and progressive manner.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Lou Hoffman", with a long horizontal flourish extending to the right.

Independent Auditor's Report

The Honorable Richard J. Berry, Mayor and City Council Members
of the City of Albuquerque

Mr. Hector H. Balderas, New Mexico State Auditor

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, the aggregate remaining fund information, and the budgetary comparison for the general fund of the City of Albuquerque, New Mexico (the "City") as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents. We also have audited the financial statements of each of the City's nonmajor governmental funds, nonmajor enterprise funds, internal service funds and agency fund, and the budgetary comparisons for the major capital project fund, the major general obligation bond debt service fund, and all nonmajor funds presented as supplementary information, as defined by the Government Accounting Standards Board, in the accompanying combining and individual fund financial statements as of and for the year ended June 30, 2013, as listed in the table of contents.

Management's Responsibility

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City as of June 30, 2013, and the respective changes in financial position, and, where applicable, cash flows thereof and the respective budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each nonmajor governmental fund, nonmajor enterprise fund, internal service fund and agency fund of the City as of June 30, 2013, and the respective

changes in financial position, and, where applicable, cash flows thereof and the respective budgetary comparisons for the major capital project fund, the major general obligation bond debt service fund, and all nonmajor funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 11 through 22 and the Schedule of Funding Progress for Life Insurance Benefits Plan on page 88 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the City's financial statements, the combining and individual fund financial statements, and the budgetary comparisons. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. The additional schedules listed as "other supplementary schedules" in the table of contents, as well as the Financial Data Schedule, Schedule of Changes in Fiduciary Assets and Liabilities, Schedule of Deposits and Investments by Financial Institution, Schedule of Pledged Collateral by Financial Institution, and Joint Powers Agreements, are also presented for purposes of additional analysis and are also not a required part of the financial statements.

The schedule of expenditures of federal awards, as well as the additional schedules listed as "other supplementary schedules" in the table of contents, and the Financial Data Schedule, Schedule of Changes in Fiduciary Assets and Liabilities, Schedule of Deposits and Investments by Financial Institution, Schedule of Pledged Collateral by Financial Institution, and Joint Powers Agreements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 7, 2014, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City's internal control over financial reporting and compliance.

REDW LLC

Albuquerque, New Mexico
March 7, 2014

CITY OF ALBUQUERQUE, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2013

This section of the City of Albuquerque's (City) Comprehensive Annual Financial Report (CAFR) presents a narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2013. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal.

FINANCIAL HIGHLIGHTS

- The City's total net position increased by \$17.7 million during the year. The assets of the City exceeded its liabilities at the close of the most recent fiscal year by \$3.9 billion (net position). Of this amount, \$207.4 million (unrestricted net position) may be used to meet the government's ongoing obligations to citizens and creditors in subsequent accounting periods.
- As of June 30, 2013, the City's governmental funds reported combined ending fund balances of \$464.3 million. Of the total fund balance, \$18.9 million is fund balance available for spending at the government's discretion (sum of unassigned and assigned fund balance).
- As of June 30, 2013, fund balance of the general fund was \$58.3 million. At the close of the current fiscal year, unassigned fund balance of the general fund was \$16.8 million or 3.96% of the total general fund expenditures of \$425.6 million.
- During fiscal year 2013, net position of the City's proprietary funds increased by \$14.6 million yielding net position of \$543.5 million as of June 30, 2013.
- The City's governmental activities long-term obligations increased by \$123.5 million during the current year. The key factors in this change were increases in long-term debt of \$96.3 million and an increase in accrued vacation, sick leave, and claims totaling \$25.9 million.

OVERVIEW OF THE FINANCIAL STATEMENTS

The City's basic financial statements contain three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains supplementary information in addition to the basic financial statements.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business. The *statement of net position* presents information on all of the City's assets and liabilities, with the differences between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether or not the financial position of the City is improving or deteriorating. The *statement of activities* presents information showing how the City's net position changed during the fiscal year. In this statement, all changes in net position are reported when the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods, such as revenues pertaining to uncollected taxes and expenses pertaining to earned but unused vacation and sick leave.

The government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, culture and recreation, public works, health and welfare, human services, housing, and highways and streets. The business-type activities of the City include an airport, apartments, a baseball stadium, refuse disposal services, golf courses, parking facilities, housing authority, and a transit system.

In previous years, the Albuquerque Bernalillo County Water Utility Authority (Authority) was reported as a component unit of the City. The Authority provides water and sewer services to City residents. The City provides certain administrative services to the Authority under the terms of a Memorandum of Understanding. Beginning in fiscal year 2012, the Authority is reported as a stand-alone special purpose government. Accordingly, it is not included in this

CITY OF ALBUQUERQUE, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2013

report. The Authority's Comprehensive Annual Financial Report as of and for the year ended June 30, 2013, is available by contacting the Authority at the following address: Fifth floor, P.O. Box 1293, Albuquerque, NM 87103.

Fund Financial Statements

The fund financial statements are designed to report information about groupings of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The funds of the City are classified as: governmental funds, proprietary funds, and fiduciary funds, as described in the following sections.

Governmental funds – Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. Most of the City's basic services are reported in governmental funds. Governmental fund statements focus on sources, uses and balances of cash and other financial assets that can readily be converted to cash and that are available for spending. Such information may be useful in determining what financial resources are available in the near future to finance the City's programs. Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statements of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities. The City maintains several individual governmental funds organized according to their type (special revenue, debt service, capital projects and permanent funds). Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General, General Obligation Bond Debt Service, Special Assessments Debt Service and Capital Acquisition funds, all of which are considered major funds. Data from the remaining governmental funds are combined into a single, aggregated presentation. Individual fund data for each of the nonmajor governmental funds is provided in combining statements presented as supplementary information.

The City adopts an annual appropriated budget for the General Fund. A budgetary comparison statement for the General Fund is presented in the Basic Financial Statements section of this report. A budgetary comparison statement for the General Obligation Bond Debt Service Fund and Capital Acquisition Fund, major funds, are presented in the supplementary information section. In addition, the City adopts an annual appropriated budget for nonmajor governmental funds. Budgetary comparison statements for those funds are also presented in the supplementary information section.

Proprietary funds – Proprietary funds are generally used to account for services for which the City charges customers – either outside customers, or internal units or departments of the City. Proprietary funds provide the same type of information as shown in the government-wide financial statements, only in more detail. The City maintains the following two types of proprietary funds:

- **Enterprise funds** are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for the operations of the Albuquerque International Airport, Refuse Disposal, and Transit, which are considered major funds of the City. In addition the following nonmajor funds are reported: Apartments; Golf Course; Parking; Stadium; and Housing Authority.
- **Internal Service funds** are used to report activities that provide supplies and services for certain City programs and activities. These funds account for inventory warehousing and stock issues; workers' compensation, tort and other claims insurance coverage; vehicle maintenance and motor pool services; and communication services to City departments. In addition, an internal service fund provides health insurance coverage to City employees. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements. The internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in combining statements reported as supplementary information.

CITY OF ALBUQUERQUE, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
 June 30, 2013

Fiduciary funds – Fiduciary funds are used to account for resources held for the benefit of parties outside the City. The City's Agency Fund is reported as a fiduciary fund. Since the resources of this fund are not available to support the City's own programs, it is not reflected in the government-wide financial statements. The accounting used for fiduciary funds is much like that used for proprietary funds.

Notes to the Financial Statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Required Supplementary Information (RSI)

The Schedule of Funding Progress for the Life Insurance Benefit Plan is presented as required supplementary information. Significant plan provisions are described in the notes to the basic financial statements.

Combining Statements

The combining statements of nonmajor governmental funds, nonmajor enterprise funds, internal service funds, and fiduciary funds are presented immediately following the notes to the financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Below is a comparative analysis of government-wide data for the most recently completed fiscal year and the prior fiscal year.

Statement of Net Position
(in millions)

	Governmental Activities		Business-type Activities		Total		Total Percent Change
	2013	2012	2013	2012	2013	2012	
Assets:							
Current and other assets	\$ 760.6	\$ 675.6	\$ 206.0	\$ 201.0	\$ 966.6	\$ 876.6	10.3%
Capital assets	3,426.6	3,368.2	489.0	506.6	3,915.6	3,874.8	1.1%
Total assets	<u>4,187.2</u>	<u>4,043.8</u>	<u>695.0</u>	<u>707.6</u>	<u>4,882.2</u>	<u>4,751.4</u>	2.8%
Liabilities:							
Long-term liabilities	640.8	517.4	109.2	134.4	750.0	651.8	15.1%
Other liabilities	185.2	168.3	42.2	44.3	227.4	212.6	7.0%
Total Liabilities	<u>826.0</u>	<u>685.7</u>	<u>151.4</u>	<u>178.7</u>	<u>977.4</u>	<u>864.4</u>	13.1%
Net position:							
Net investment in capital assets	3,020.7	3,007.0	376.9	364.0	3,397.6	3,371.0	0.8%
Restricted	204.8	203.2	95.0	93.6	299.8	296.8	1.0%
Unrestricted	135.7	147.9	71.7	71.3	207.4	219.2	-5.4%
Total net position	<u>\$ 3,361.2</u>	<u>\$ 3,358.1</u>	<u>\$ 543.6</u>	<u>\$ 528.9</u>	<u>\$ 3,904.8</u>	<u>\$ 3,887.0</u>	0.5%

The City's assets exceeded liabilities by \$3.9 billion at the close of the year. The largest portion of the City's net position (87.0%) reflects its investment of \$3.4 billion in capital assets (i.e. land, buildings, infrastructure, and equipment less any related outstanding debt used to acquire these assets.) The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending.

Although the City's investment in its capital assets is reported net of related debt, resources needed to pay this debt must come from other sources since capital assets cannot be liquidated for these liabilities. The restricted net position amount of \$299.8 million represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position, \$207.4 million, may be used to meet the City's ongoing obligations to its citizens and creditors. At the end of the current fiscal year, the City has positive balances in all three categories of net position for the government as a whole, as well as for both the governmental and business-type activities.

CITY OF ALBUQUERQUE, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2013

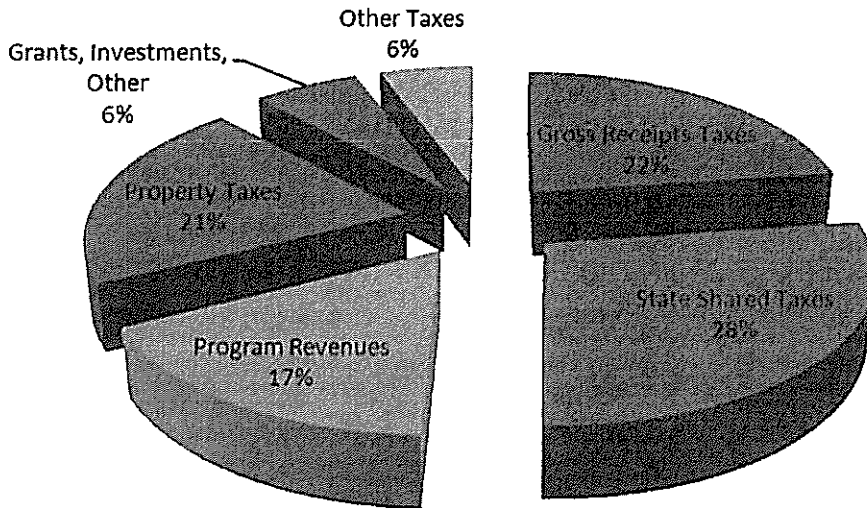

The City's net position increased by \$17.7 million during the current fiscal year. The increase in net position is explained in the governmental and business-type activities discussion.

CITY OF ALBUQUERQUE, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
 June 30, 2013

Governmental Revenues by Source

Governmental Expenditures by Function

Governmental activities – Governmental activities increased the City's net position by \$3.1 million. Governmental activities revenue increased by \$16.4 million, or 2.5% from \$659.0 million in fiscal year 2012 to \$675.4 million in fiscal year 2013. Key elements in the change of the City's governmental activities revenues are as follows:

- Gross receipts tax revenue and state shared taxes and fees, which together account for approximately 50% of the City's governmental activities revenue, increased by \$4.4 million from \$336.1 million to \$340.5 million, or by 1.3% from prior year.

CITY OF ALBUQUERQUE, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2013

- Program revenues consisting of charges for services, operating grants, capital grants, and contributions account for approximately 16.9% of the City's governmental activities revenues. Charges for services increased by \$2.7 million, operating grants and contributions increased by \$7.6 million and capital grants and contributions decreased by \$10.1 million resulting in an overall slight increase in program revenues of 0.1%. Building permit revenues increased from \$2.5 million in 2012 to \$3.0 million in 2013. Total licensing and permits are 24.9% higher than amounts recorded in fiscal year 2012.
- Property taxes, which account for approximately 20.7% of the City's governmental activities revenues, increased by from \$135.0 million to \$139.9 million, or by 3.6%. In fiscal year 2013 (tax year 2012) taxable assessed property valuations within the City decreased \$8.0 million from \$11.95 billion to \$11.88 billion, or by 0.63%. This change reflects the County Assessor's reassessments and new additions to the tax base and adjustments for yield control. The City's direct property tax mill levy rate remained at 11.52 in fiscal year 2013.
- Grants, investments, and other revenues, which account for approximately 6.3% of the City's governmental activities revenues, increased from \$35.2 million to \$42.7 million.
- Other taxes such as franchise, hospitality, lodgers', and payments in lieu of taxes decreased by \$600 thousand from \$38.9 million in fiscal year 2012 to \$38.3 million in fiscal year 2013, or by 1.5%. More detail comparison of other taxes can be found on Schedule 3 in the Statistical Section of this report.

MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2013

**Revenues By Source
Business-type Activities**

**Expenses by Service Type
Business-type Activities**

Business-type activities – Business-type activities decreased the City's net position by \$16.2 million in fiscal year 2013 before operating transfers of \$30.8 million. Business-type activities revenues decreased \$3.7 million from \$213.0 million in fiscal year 2012 to \$209.2 million in fiscal year 2013, or by (1.8%). Key factors for the increases in the charges for services category are on the following page:

CITY OF ALBUQUERQUE, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2013

- The Airport Fund had an increase in net position of \$14.3 million in fiscal year 2013 compared to an \$18.3 million increase in 2012. The charges for services decreased from \$63.3 million in fiscal year 2012 to \$62.1 million in fiscal year 2013. Passenger facilities charges (PFCs) decreased from \$10.7 million to \$9.9 million in fiscal year 2013, operating expenses decreased from \$62.5 million in fiscal year 2012 to \$61.0 in fiscal year 2013, and capital contributions decreased from \$8.2 million in fiscal year 2012 to \$6.6 million in fiscal year 2013.
- The Refuse Disposal Fund had a decrease in net position of \$173 thousand in fiscal year 2013 compared to an increase of \$9.7 million in 2012. Charges for services increased \$433 thousand. Operating cost increased by \$7.9 million primarily due to the large purchases of recycling carts.
- The Transit Fund had a decrease in net position of \$892 thousand in fiscal year 2013 compared to a \$593 thousand decrease in fiscal year 2012. Capital contributions decreased from \$10.9 million in 2012 to \$10.0 million in 2013. Transfers decreased from \$32.7 million in 2012 to \$31.7 million in 2013.

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

Governmental funds – The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of resources that are available for spending. Such information is useful in assessing the City's financing requirements. In particular, assigned and unassigned fund balances may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. At the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$464.3 million, an increase of \$57.4 million in comparison with the prior year. Of the total balance at year-end, \$338.2 million is restricted fund balance which primarily consists of funds reserved for capital projects and improvements and \$28.4 is nonspendable, which relates to long-term receivables and property held for resale.

Revenues of governmental funds overall totaled approximately \$650.9 million in the fiscal year ended June 30, 2013, which represents a decrease of \$5.7 million from the previous year total of \$656.6 million. Intergovernmental revenues decreased by \$11.2 million of which \$1.9 million was attributed to an increase in the General Fund, a decrease in the Capital Acquisition fund of \$20.9 million and an increase operating grants of \$5.9 million. The City's governmental funds expenditures of \$724.2 million increased by \$40.2 million from the previous year's total of \$684.0 million. The primary cause of the increase is attributed to an increase in general government of \$12.4 million, an increase in capital outlay of \$11.5 million, an increase in culture and recreation expenditures of \$6.6 million, and a net increase in public works and highways and streets of \$2.9 million.

General Fund – This is the City's chief operating fund. At the end of the current fiscal year, the total fund balance was \$58.3 million, of which \$16.8 million is assigned and unassigned fund balance and \$41.5 million is committed for subsequent years' operations. The net change in fund balance for the current fiscal year was a decrease of \$885 thousand. The total revenues of \$463.3 million for the current fiscal year were \$3.1 million more than the previous fiscal year. The primary cause of the increase was due to increases in licenses and permits of \$2.3 million, an increase of intergovernmental revenue of \$1.9 million, increase of gross receipts taxes of \$1.4 million, followed by a decrease in charges for services of \$2.7 million. Total expenditures of \$425.6 million represent an increase of \$2.4 million from the previous fiscal year. Increases in expenditures were attributed to public works and highway and streets of \$2.2 million, human services of \$1.3 million, culture and recreation of \$1.0 million and general government of \$1.0 million. The increases were offset by decreases in capital outlay of \$3.6 million. See the general fund budgetary highlights for an analysis with respect to budgets.

General Obligation Bond Debt Service Fund – This fund is used to accumulate resources for the repayment of the City's GO Bonds. GO Bonds are backed by the full faith and credit of the City and may be used to finance any capital improvement approved by the voters. GO bonds may be redeemed by any regular City funding, but by policy, are generally redeemed by property taxes paid to the City. Fund balance in the City's General Obligation Bond Debt Service fund decreased by \$361 thousand from \$6.3 million in fiscal year 2012 to \$5.9 million in fiscal year 2013. Property tax revenues dedicated to the repayment of GO Bonds increased by \$530 thousand from \$58.6 million in fiscal year 2012 to \$59.1 million in fiscal year 2013, or by .9%. In fiscal year 2013, total property tax revenue increased by 3.7%. Taxable assessed property valuations decreased .6% for fiscal year 2013. The City's property tax rates have remained constant for well over a decade and no tax rate increase has been required to fund the GO Bond program of capital improvements. The decrease was primarily due to an increase in debt service principal and interest expenditures from the previous year.

CITY OF ALBUQUERQUE, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
 June 30, 2013

Special Assessments Debt Service Fund – This fund accounts for the monies accumulated for the payment of principal and interest of bonds secured by pledges of revenues from assessments levied against benefited properties. The Special Assessments Debt Service Fund spending is controlled primarily through bond indenture provisions. In fiscal year 2013, the City executed two tax exempt loan agreements with different maturity coupon rates and maturity dates for Special Assessment District No. 228. The balance outstanding at June 30, 2013, was \$25.24 million with \$345,000 payable within one year.

Capital Acquisition Fund – This fund is used to accumulate resources for the acquisition of Capital. Capital is defined as tangible property with a life beyond a one year budget cycle. Land, infrastructure, equipment, buildings as well as the services required to build or install these assets may be classified as capital. The Capital Acquisition Fund is primarily funded by bond proceeds, but recurring and non-recurring revenue may be used. Major capital improvements for the City are funded primarily with general obligation and enterprise fund revenue bonds. In many cases, these bond funds are matched with Federal and/or State contributions and private assessments. During the 2013 fiscal year, the Capital Acquisition Fund balance increased by \$44.5 million from \$219.5 million in fiscal year 2012 to \$264.0 million. The increase in fund balance during the year is attributed to bond proceeds, refunding bonds and premiums of \$128.3 million plus revenues of \$17.8 million and net transfers in of \$12.5 million exceeding total expenditures of \$114.2 million.

Enterprise Funds – The City's enterprise funds provide the same type of information presented in the government-wide financial statements business-type activities, but in more detail. At the end of the fiscal year, the unrestricted net position (in millions) were as follows:

Airport Fund	\$	43.7
Refuse Disposal Fund		9.5
Transit Fund		4.1
Nonmajor enterprise funds		14.4
Total	\$	71.7

Internal Service Funds – Internal Service Funds are used to account for certain governmental activities and had an unrestricted net position of \$(31.4) million in fiscal year 2013 as compared to unrestricted net position of \$11.5 million in fiscal year 2012. The change in net position is due to an increase in reserves in the Risk Management Fund. In recent years, the City has experienced an increase in claim amounts. In response to this increase, the City conducted a review of both its philosophy for reserving funds and the tools used to analyze the reported claims liability. As a result of this review, and based on information pertaining to existing claims, the City determined that a higher reserve liability was needed. The City plans to increase annual funding to the Risk Management Fund reserve in the amount of \$2.5 million per year beginning in fiscal year 2015. All other internal service funds had a positive unrestricted net position as of June 30, 2013.

Fiduciary Funds – The only fund in this category is the City's Agency fund. This fund is used by the City to account for funds held for third parties.

Budgetary Highlights – The original fiscal year 2013 approved budget of \$475.6 million reflected a 1.7% increase over the original fiscal year 2012 budget of \$467.5 million. The budget was balanced without tax increases, pay cuts, layoffs, or reduction of hours. Funding was reserved for the equivalent of a 1% pay increase for employees making below \$50 thousand per year. Significant increases included the additional debt service for capital projects, full-year funding of positions added mid-year, cost of employee health benefits, electricity and water utility costs, increased costs for vehicle maintenance, and transfers to subsidized funds such as Parking and Open Space. There were also a number of one-time appropriations in the fiscal year 2013 budget including an additional \$2.9 million reserve for ABQ: The Plan, \$2.3 million for police vehicles, \$200 thousand for upgrades to the Mondo Track, \$615 thousand for new software, \$45 thousand for veterinarian supplies, and \$715 thousand in funding for cultural and social service programs. The final budget appropriation for fiscal year 2013 was \$485.5 million after additional legislation was passed for intra-year adjustments and re-appropriated encumbrances from fiscal year 2012.

CITY OF ALBUQUERQUE, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets – The City's capital assets of governmental and business-type activities as of June 30, 2013, total \$3.9 billion, net of accumulated depreciation. The increase in capital assets in the current fiscal year was \$40.8 million or 1.05%. Capital assets are summarized as follows:

CAPITAL ASSETS
(net of depreciation, in millions of dollars)

	Governmental Activities		Business-type Activities		Total		Total Percent Change
	2013	2012	2013	2012	2013	2012	
Land	\$ 301.8	\$ 296.5	\$ 64.5	\$ 64.5	\$ 366.3	\$ 361.0	1.5%
Right of way	1,145.2	1,145.2	-	-	1,145.2	\$ 1,145.2	0.0%
Other	-	-	1.0	1.0	1.0	\$ 1.0	0.0%
Buildings and improvements	325.2	309.2	173.5	216.0	498.7	\$ 525.2	-5.0%
Runways and improvements	-	-	65.8	64.5	65.8	\$ 64.5	2.0%
Improvements other than buildings and runways	291.0	285.4	110.8	83.2	401.8	\$ 368.6	9.0%
Equipment	30.5	23.6	45.0	52.9	75.5	\$ 76.5	-1.3%
Infrastructure	1,261.8	1,233.1	8.7	5.4	1,270.5	\$ 1,238.5	2.6%
Construction in progress	71.1	75.2	19.7	19.2	90.8	\$ 94.4	-3.8%
Total	\$ 3,426.6	\$ 3,368.2	\$ 489.0	\$ 506.7	\$ 3,915.6	\$ 3,874.9	1.1%

Governmental activities – In fiscal year 2013, \$71.5 million of street infrastructure was placed into service along with \$1.8 million of storm infrastructure. Of this amount, \$2.2 million was dedicated street infrastructure and \$397,830 was dedicated storm infrastructure. The construction in progress consists of expenditures made by the Capital Acquisition, Infrastructure Tax, and Impact Fee funds \$71.1 million was placed into service during fiscal year 2013. The following was placed in service: \$25.9 million buildings, \$25.0 million non-structural improvements, \$5.3 million land, and \$76.8 million of infrastructure. Machinery and equipment purchases totaled \$50.5 million, of which \$15.8 million was for public safety, and \$3.2 million was for public works.

Business-type activities – In 2013, the Aviation fund placed into service \$11.1 million in runway upgrades; \$4.3 million in improvements, which included terminal and rental car building renovations; and \$1.2 million in equipment, which included new cooling towers, new above ground storage tanks, and the donation of a Boeing 727 aircraft from FedEx. The construction work in progress increased by \$18.7 million. The construction work in progress consists of expenditures made in connection with the Aviation Fund. The Refuse Fund placed into service \$31.0 million in improvements, \$3.5 million in infrastructure, and \$7.2 million in equipment, which included \$7.0 million in heavy equipment. The Transit Fund placed into service \$3.7 million in buildings and \$6.2 million in improvements. More detailed information may be found in Section IV Note C. Capital Assets of the accompanying financial statements.

Debt administration – At the end of the current fiscal year, the City's governmental activities had total long-term obligations of \$744.1 million, of which \$103.2 million is due or payable within the next fiscal year. The total bonded debt, net of unamortized discounts and deferred amounts on refunding (\$3.7 million) and including unamortized premiums of \$25.9 million, is \$562.5 million. The remaining debt is for loans, accrued vacation and sick leave pay, and claims payable. During the fiscal year ended June 30, 2013, the City issued GO Bonds in the amount of \$75.0 million plus an additional \$6.1 million of short-term GO Bonds. The GO Bonds were issued to finance projects relating to streets \$14.9 million, senior, family, community centers, and community enhancement \$14.6 million, parks & recreation \$11.0 million, energy conservation, public facilities, and system modernization and housing \$10.2 million, library \$9.0 million, zoo, biological park museum, and cultural facilities \$ 5.5 million, storm sewer system \$5.0, public safety \$3.9 million, and public transportation \$.9 million.

CITY OF ALBUQUERQUE, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2013

of general purpose obligation debt outstanding subject to the legal debt limit at June 30, 2013. The net general bonded debt per capita is \$675 which is the highest per capita amount in the last ten fiscal years. The lowest per capita amount was \$338 in the fiscal year ended June 20, 2003. The ratings on the City's uninsured general obligation bonds and gross receipts tax bonds for fiscal year 2013 are as follows:

Credit	Bond Ratings		
	Moody's	S & P	Fitch
General Obligation Bonds	Aa1	AAA	AA+
Gross Receipts Tax Revenue Bonds	Aa2	AAA	AA+

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

The City's elected and appointed officials considered many factors when developing the fiscal year 2014 budget. Many of the City's revenues are influenced by the economy. The gross receipts tax revenue forecast, particularly, is highly influenced by economic conditions. The budget anticipated growth of 1.7% in GRT, slightly down from fiscal year 2012 expectations. Part of this slower growth is due to changes in State tax law that allows additional deductions. Construction related revenues such as building permits are starting to grow and are expected to increase in fiscal year 2014 from fiscal year 2013 levels.

Property tax revenue growth was relatively low because of limited new property and commercial values. This was due to the economy. The two mill shift of property taxes from debt service to General Fund operations in fiscal year 2010 makes the property tax a more important source of revenue to the General Fund. The General Fund share of revenue from property taxes has increased from 8% in fiscal year 2008 to 16% in fiscal year 2014.

MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2013

The following table presents the underlying assumptions used in the budget process:

	2012	2013	2014
National Variables			
Real GDP Growth	2.0%	1.7%	2.3%
Federal Funds Rate	0.1%	0.2%	0.2%
10 U.S. Bonds	2.1%	1.7%	2.5%
CPI U	2.9%	1.5%	1.5%
Unemployment Rate(U.S.)	8.6%	8.1%	7.9%
Total Non-Farm Employment	1.4%	1.2%	1.6%
Manufacturing Employment	1.9%	1.3%	1.2%
Consumer sentiment index--University of Michigan	69.1	77.5	81.3
Exchange Rates	0.86	0.89	0.92
Current Trade Account (billions of \$)	(477.8)	(412.9)	(447.5)
Change in output per hour	0.8%	0.7%	0.5%
Natural Gas-Henry Hub \$ per MCF	3.0	3.1	4.3
West TX Intermediate (dollars per bbl)	95.0	89.8	89.4
Wage Growth	1.7%	1.8%	1.9%
Albuquerque Variables			
Employment Growth and Unemployment in Albuquerque MSA			
Total Non-Ag ABQ	-0.9%	0.4%	1.6%
Private-Non Construction	-0.2%	1.0%	2.0%
Construction Employment (growth)	-9.1%	-3.1%	2.1%
Manufacturing(ABQ)	1.3%	1.6%	2.2%
Unemployment Rate (Alb.)	7.5%	6.6%	6.5%
Construction Units Permitted in City of Albuquerque			
Single-Family Permits	843	1,014	1,342
Multi-Family Permits	359	622	642
Total Residential Permits	1,202	1,635	1,984

Source Global Insight and FOR-UNM November 2012 Baseline Forecasts

In October 2013, the voters passed a general obligation bond issue of \$115.6 million. Proceeds will be used for a variety of purposes including improvements for streets, storm drainage facilities, parks, senior and community centers, energy conservation, libraries and other cultural facilities. Based on information provided by the departments, the recurring operating impact on future budgets will be under \$1 million annually.

The total original General Fund appropriation for fiscal year 2014 is \$480.3 million. This is an increase of \$4.7 million from the original fiscal year 2013 budget of \$475.6 million. The economy following the recession remains fragile and the City continues to diligently monitor expenditures along with revenues so that it can respond quickly should changes be required.

CITY OF ALBUQUERQUE, NEW MEXICO
RECONCILIATION OF THE BALANCE SHEET - GOVERNMENTAL FUNDS
TO THE STATEMENT OF NET POSITION
JUNE 30, 2013

Total fund balances governmental funds (page 28)	\$	464,327,558
Capital assets used in governmental activities (except for internal service funds) are not financial resources and, therefore, are not reported in the funds.		3,425,998,537
Some long-term obligations applicable to governmental activities are not reported as fund liabilities. All liabilities are reported in the statement of net position. (Note II.A)		(564,269,002)
Internal service funds are used by the City to charge the cost of tort liability, workers compensation and employee health insurance to other individual funds. In additions, the cost of providing communications, fleet maintenance and supplies warehousing services are also charged. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position.		(30,741,549)
Some of the City's taxes will be collected after year-end and amounts due on real estate contracts are not available soon enough to pay for the current period's expenditures, and therefore, are reported as unearned revenue in the funds. (Note II.A)		<u>65,865,818</u>

CITY OF ALBUQUERQUE, NEW MEXICO
RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCES OF
GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
For the year ended June 30, 2013

Net change in fund balances – total governmental funds (page 31)	\$	57,378,369
Governmental funds report capital outlay as expenditures. However, in the statement of activities the cost of capital assets is allocated over their estimated useful lives and reported as depreciation in the current period. This is the amount by which additions to capital assets exceeded depreciation in the current period. (Note II.B)		58,512,170
The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items. (Note II.B)		(95,216,728)
Internal service funds are used by the City to charge the cost of tort liability, workers compensation and employee health insurance to other individual funds. In addition, the cost of providing communications, fleet maintenance and supplies warehousing services are also charged. The net revenue (expense) of the internal service funds is reported with governmental activities.		(42,921,112)
Under the modified accrual basis of accounting used in the governmental funds, revenue is recognized when available to provide financing resources for the current period. Likewise, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. In the statement of activities, however, which is presented on the accrual basis, revenues and expenses are reported regardless of when financial resources are available. This adjustment combines the net change of balances.		23,833,832
Interest earned on loans receivable are not available for collections and are not included in the governmental fund financial statements. However, the accrued interest is reported in the governmental-wide financial statements.		(1,377)
The change in liability for compensated absences that is reported as an expense in the statement of activities does not require the use of current financial resources and therefore is not reported as expenditures in governmental funds.		<u>1,470,171</u>
Change in net position of governmental activities (page 26)	\$	<u>3,105,325</u>

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2013

I. Summary of significant accounting policies

The financial statements of the City of Albuquerque, New Mexico (City) have been prepared in conformity with generally accepted accounting principles as applied to governmental entities. Significant accounting policies are described below.

A. Reporting entity

The City of Albuquerque, New Mexico (City), was founded in 1706, chartered as a town in 1885, and organized under territorial law as a city in 1891. The City became a charter city in 1917, and the voters approved a home rule amendment to the charter in 1971. In 1974, the electorate voted to establish a mayor-council form of government; the City Council consists of nine council members elected from districts. As a governmental entity, the City is not subject to Federal or State income taxes.

The City provides traditional services such as public safety, culture and recreation, public works, highways and streets, water and sewer services, and refuse collection. In addition, the City operates parking facilities, a transit system, an international airport, and a housing authority.

The accompanying financial statements present the City's primary government (funds, departments and programs). A primary government may be financially accountable for legally separate organizations if its elected officials appoint a voting majority of an organization's governing body, and either it is able to impose its will on that organization, or there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government. A primary government may also be financially accountable for governmental organizations that are fiscally dependent on it.

The Albuquerque Bernalillo County Water Utility Authority (Authority), a stand-alone special-purpose government, is not reported as a component unit of the City. The City provides certain administrative services to the Authority under the terms of a Memorandum of Understanding. The Authority's Comprehensive Annual Financial Report as of and for the year ended June 30, 2013, is available by contacting the Authority at the following address; Fifth floor, P.O. Box 1293, Albuquerque, NM 87103. The City had no component units during the year ended June 30, 2013.

B. Government-wide and fund financial statements

The government-wide financial statements (statement of net position and statement of activities) report information on all non-fiduciary activities of the City. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or program. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Revenues included among program revenues are reported as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds. Major governmental funds and major enterprise funds are reported as separate columns in the fund financial statements. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

C. Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. The Agency Fund is reported on the accrual basis of accounting and has no measurement focus. Under accrual accounting, revenues are recorded when earned and expenses are recorded when liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the City gives or receives value without directly receiving or giving equal value in exchange, include gross receipts and property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes, net of estimated

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2013

refunds and uncollectible amounts, are recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The City considers revenues to be available if they are collected in the current period or within one month following the year-end. Revenues not considered available are recorded as unearned revenues. Governmental funds generally report expenditures when the related fund liability is incurred. However, expenditures for vacation and sick leave, and claims and judgments are recognized only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds and proceeds of long-term debt are reported as other financing sources.

Property taxes, gross receipts taxes, motor vehicle taxes, cigarette taxes, gasoline taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Gross receipts tax revenue is recognized when the underlying exchange transaction takes place. A small portion of the gross receipts tax revenue is derived from an estimate of delinquent taxes not yet collected and available. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the City.

The allocation of indirect expenses on the statement of activities is based on the relative usage by the function charged to all functions for services rendered by all central service activities of the general government such as accounting, information services, treasury, budgeting, and other central services.

The City reports the following major governmental funds:

General Fund - This fund is the City's primary operating fund and is used to account for the financial resources of the City, except those accounted for in another fund.

General Obligations Bond Debt Service Fund - This fund accounts for the monies set aside for the payment of principal and interest of general obligation bonds. The principal source of revenue is property taxes.

Special Assessments Debt Service Fund - This fund accounts for the monies accumulated for the payment of principal and interest of bonds secured by pledges of revenues from assessments levied against benefited properties. In previous fiscal years this fund had been classified as a nonmajor governmental fund.

Capital Acquisition Fund - This fund accounts for capital projects for which financing is provided by the sale of general obligation and revenue bonds, miscellaneous revenues and various grants.

The City reports the following major proprietary (enterprise) funds:

Airport Fund - This fund accounts for the operations of the Albuquerque International Sunport.

Refuse Disposal Fund - This fund accounts for the general operations of providing refuse removal services.

Transit Fund - This fund accounts for the operations of the City's Sun Tran bus system.

The City reports the following fund types:

Special Revenue Funds - To account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes.

Debt Service Funds - To account for the accumulation of resources for, and the payment of, general and special assessment long-term principal, interest, and related costs.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2013

Capital Projects Funds - To account for financial resources to be used for the acquisition or construction of major capital facilities other than those financed by proprietary funds.

Enterprise Funds - These funds account for resources generally through services for which the City charges. These funds report on the full accrual basis of accounting.

Permanent Funds - These funds account for resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support specific programs.

Internal Service Funds - These funds account for inventory warehousing and issues; worker's compensation, tort and other claims; vehicle maintenance and motor pool services; and communication services to City departments. In addition, these funds provide health insurance coverage to City employees.

Agency Funds - These funds account for monies held by the City in a custodial capacity on behalf of third parties or other agencies.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions are charges for risk management and various other functions. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating revenues and expenses. Operating revenues and expenses generally result from providing services in connection with the fund's principal ongoing operations. Principal operating revenues, such as charges for services, result from exchange transactions in which each party receives and gives up essentially equal values. Operating expenses include the cost of services, administrative expenses, and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues or expenses. These include operating subsidies, investment earnings, interest expense, and transactions that result from non-exchange transactions or ancillary activities.

D. Assets, liabilities, and net position

1. Deposits and investments

A significant portion of the cash and investments of funds of the City is pooled for investment purposes under the provisions of City ordinance and investment policy. The policy states that the City shall invest cash balances over the anticipated amount needed to meet operating requirements. Investments are recorded at fair value. The balance reported for each participating fund as "Cash, Investments, and Accrued Interest" represents the equity of that fund in the pooled cash, investments, and accrued interest. Interest earnings on pooled investments are allocated to the participating funds based on average daily balances.

The investment policy states that the City will not commit any funds invested in the pool to maturities longer than three years from the date of purchase, except investments held to meet legal reserve requirements on bond indebtedness. The maturity date of these investments will not exceed the final maturity date of the bond issue to which they are pledged. Funds are invested on the basis of a minimum of three bids and/or offers. Certificates of deposit are based on competitive rates for specified maturities.

All investments are valued at quoted market prices except for the investment in Special Assessments District bonds and in State of New Mexico Mortgage Finance Authority bonds that are computed at amortized cost approximating market value.

Investments in the State of New Mexico local government investment pool (LGIP) are valued at fair value based on quoted market prices as of the valuation date in accordance with GASB Statement No. 31. The LGIP is not SEC registered. The State Treasurer is authorized to invest the LGIP, with the advice and consent of the State Board of Finance, in accordance

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2013

with Sections 6-10-10 I through 6-10-10 P and Sections 6-10-10.1A and E, NMSA 1978. The pool does not have unit shares. Per Section 6-10-10.1F, NMSA 1978, at the end of each month all interest is distributed by the State Treasurer to the contributing entities in amounts directly proportionate to the respective amounts deposited in the fund and the length of time the fund amounts were invested. Participation in the LGIP is voluntary. This pool is subject to the standards set forth in the State Treasurer's Local Government Investment Policy document incorporated in and made a part of the State Treasurer's Investment Policy document. The Independent Auditors' Report, together with the Financial Statements, the accompanying Notes to the Financial Statements and the Independent Auditors' Report on Compliance and Internal Controls are available from the State Investment Council, 2055 South Pacheco Street, Suite 100, Santa Fe, New Mexico 87505, upon written request.

The following categories of investments are specifically authorized by the City's policy:

Repurchase agreements - secured by collateral, which is delivered to a third-party safekeeping institution, with a market value equal to or greater than the value of the agreement.

U.S. Treasury obligations - bills, notes, and bonds.

Obligations of Federal agencies or instrumentalities - interest bearing or discount form.

Municipal bonds - rated in any of the three highest major rating categories by one or more nationally recognized rating agencies.

Fixed-income securities - through a diversified investment company registered pursuant to the federal Investment Company Act of 1940, provided the investment company or manager has total assets under management of at least one hundred million dollars (\$100,000,000).

The following categories of deposits are specifically authorized by the policy:

Checking accounts - at insured financial institutions.

Certificates of deposit - subject to restrictions set forth in the City's Fiscal Agent Ordinance (City policy requires a minimum of 50% security consisting of insurance and/or collateral).

Money market instruments - rated in the highest rating category by any nationally recognized rating agency.

2. *Receivables and payables*

Lending and borrowing arrangements between funds that are expected to be paid back within a year are referred to as "due to/from other funds." Lending/borrowing arrangements not expected to be paid back within a year are referred to as "advances to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the governmental-wide financial statements as "internal balances." Advances between funds, as reported in the fund financial statements, are offset by a fund balance non-spendable account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

Proprietary fund receivables are recorded as revenue when earned including services earned but not billed, however the receivables of proprietary funds include billing for residential and commercial customers for City refuse services, consignment sales of bus tokens for transit services, space rental fees from commercial customer at the airport and baseball stadium, and from tenant rental fees for City Housing services. The allowance for doubtful accounts is based on management's assessment of the collectability of specific customer accounts, the aging of the accounts receivables, and historical experience. All property tax receivables are shown net of an allowance for uncollectibles.

3. *Inventories and prepaid items*

The inventories in the general fund consist of fuel, vehicle parts, and fluids. Inventories of supplies are valued at average cost. Inventory items are expensed when consumed. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2013

4. Land held for sale

Land held for sale consists primarily of approximately 4,865 acres located throughout the State of New Mexico obtained by trade with the federal government in July 1982, as part of the Acquisition and Management of Open Space Permanent Fund. Upon sale of these properties, a portion of the gain, if any, as defined in an agreement, is payable to a third party. Other land was obtained through foreclosure proceedings required by special assessment bond ordinances. The land for sale is valued at estimated fair market value, based on appraisals completed near the date of acquisition updated for property tax assessed values.

For the government-wide financial statements, the City recognizes income on real estate sales by recording the entire gross profit on sales that meet the requirements for the accrual method. Transactions that do not meet the requirements for the accrual method are recorded using the deposit method or installment method until the requirements for the accrual method are met. Under the deposit method, cash received is recorded as a deposit. Under the installment method, the City records the entire contract price and the related costs at the time the transaction is recognized as a sale, but the gross profit is deferred and recognized as payments are received on the related contract receivable. In the financial statements for the governmental funds, the City recognizes income from the sale of real estate when the principal on mortgage contracts are collected. At the time of the sale, the principal on the real estate contracts are recorded as unearned revenue.

5. Capital assets

Capital assets, which include land, land improvements, buildings and improvements, machinery and equipment, construction in progress, rights of way and infrastructure assets, are reported in the applicable governmental or business-type activity columns in the government-wide financial statements. The City defines capital assets as assets with an initial, individual cost of more than \$5,000 and estimated useful life in excess of one year in accordance with State of New Mexico Administrative Code (Section 12-6-10 NMSA 1978) requirements in excess of \$5,000. Capital assets are recorded at historical cost or estimated historical cost. Software is capitalized when acquired while library books are not capitalized because the aggregated cost of books is immaterial. Donated capital assets are recorded at estimated fair market value at the date of donation.

In accordance with provisions of GASB Statement 34, works of art and historical treasures are not capitalized because those are: 1) held for public exhibition rather than for financial gain, 2) protected, kept unencumbered, cared for, and preserved, and 3) all proceeds from the sale of collection items are required to be used to acquire other items for collections.

Capital outlay is recorded as expenditures of the General, Special Revenue, and Capital Projects Funds and as assets in the government-wide financial statements to the extent the City's capitalization threshold is met. Interest incurred during the construction phase of capital assets of the business-type activities is reflected in the capitalized value of the asset constructed, net of interest earned on the invested proceeds over the same period.

Infrastructure assets consist of the streets network: landscaped medians, roadways, right of ways, bridges, signals, beacons, trails, and trail bridges; and the storm network: easements, drainage pipes, lift stations, bridges, dams, detention basins, right of ways, and arroyo easements right of ways. Streetlights managed by the local electric utility, sidewalks, traffic signs, dirt roads and milling roads are not considered infrastructure.

Capital assets, which are financed by general obligation bonds (to be repaid solely from property tax levies) for use by a proprietary fund, are reported as construction in progress in the government-wide financial statements during construction. The asset, when placed in service, is transferred at historical cost to the proprietary fund as a capital contribution from the City.

Buildings and improvements, infrastructure, and machinery and equipment are depreciated using the straight-line method over the following estimated useful lives:

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2013

Buildings and improvements	15- 50 years
Runways and other improvements	15-25 years
Infrastructure	35-50 years
Improvements other than buildings	15-20 years
Machinery and equipment	3-13 years

6. *Deferred charges and other assets*

Costs incurred in connection with the issuance of bonds are capitalized and reported as capitalized bond issuance costs. These costs are amortized over the remaining maturity period of the related bond issues under a method that approximates the level interest rate method.

7. *Risk management*

Risk management activities are reported in the City's Risk management fund, a nonmajor internal service fund. Liabilities for workers' compensation, tort and other claims as of June 30, 2013, are accrued based on actuarial estimates and on a case-by-case evaluation of the probable outcome of claims filed against the City, as well as an estimate of claims incurred but not reported. The long-term portion of the liability is discounted at 2.5% over the estimated payment period. Revenues consist primarily of charges to other funds, the amounts of which approximate the cost of claims and other risk management costs arising from the activities of those funds.

8. *Compensated absences*

Subject to specific limits, employees accumulate vacation pay that is payable upon termination or retirement. For governmental funds, expenditures are recognized during the period in which vacation costs become payable from available, expendable resources. A liability for amounts earned but not payable from available, expendable resources is reported in the government-wide financial statements. For proprietary funds, vacation costs are recognized as a liability when incurred.

City employees also accumulate specified amounts of sick leave that are payable to the employee upon termination or retirement. For governmental funds, expenditures are recognized during the period in which sick leave costs become payable from available, expendable resources. A liability for vested amounts, due to employees meeting the termination or retirement requirements, but not payable from available, expendable resources is reported in the government-wide financial statements. For proprietary funds, accumulated sick leave pay is recognized when vested or taken whichever occurs first.

9. *Unearned revenue*

In governmental funds, tax revenues not collected within one month following year end are recorded as unearned. The City also records unearned revenue on rehabilitation loans, construction loans, economic development loans and special assessments. Revenue is recognized as the receivables are collected. In addition, unearned revenue includes moneys collected for food service and license fees, not yet earned.

10. *Special assessments*

Special assessment receivables are recorded upon approval of the assessment roll by the City Council, and the related revenues, interest, and penalties are recognized when due. City participation revenues are recorded at the time of receipt.

11. *Long-term obligations*

Long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statements of net position. Long-term obligations used to finance proprietary fund capital acquisitions and payable from revenue of proprietary funds are recorded in the applicable proprietary fund. Long-term obligations of governmental funds payable from general revenues of the City and special assessment levies are reported in the government-wide financial statements.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2013

Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

12. Net position

The government-wide and proprietary fund net position is categorized as follows:

Net investment in capital assets – This category reflects the portion of net position that is associated with capital assets less outstanding capital asset related debt.

Restricted net position – Restricted net position results from constraints placed on the use of net position when externally imposed by creditors, grantors, laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. Net position is restricted for debt service, construction, housing and economic development, federal and state funded programs, and open space and urban enhancement. The government-wide statement of net position reports \$299,701,497 of restricted net position, of which \$19,465,147 is restricted by enabling legislation.

Unrestricted net position – This category reflects net position of the City, not restricted for any project or other purpose.

13. Fund balance

Fund balances are reported in classifications comprising a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The accompanying financial statements report the following categories of Fund Balance: Nonspendable, Restricted, Committed, Assigned, and Unassigned.

Nonspendable fund balance includes amounts that cannot be spent because they are not in spendable form or funds contractually required to be maintained intact. Nonspendable fund balance includes advances between funds, prepaid expenses, long-term receivables, and land held for resale because these items are not yet spendable.

Restricted fund balance is constrained externally by creditors, grantors, contributors, laws or regulations of other governments or imposed by law through enabling legislation. Restricted fund balances are associated with various purposes, including public safety, culture and recreation, human services, and debt service.

Committed fund balance includes amounts that can be used for specific purposes pursuant to constraints imposed by formal action of the government's highest decision making authority. The funds cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of action employed to previously commit those amounts. The City includes funds that have been appropriated for various purposes by City Council and have been contractually obligated.

Assigned fund balance includes amounts that are constrained by the Office of Management and Budget to be used for specific purposes, but are neither restricted nor committed. These include miscellaneous capital projects, debt service, and general government.

Unassigned fund balance is the residual classification for the General Fund. The City includes funds that are not classified as nonspendable, restricted, committed or assigned.

Sometimes the City will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to reports as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2013

about the order in which the resources are considered to be applied. It is the City's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of the unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

The constraints on fund balance are detailed in the table below:

Fund Balance Category	General Fund	GO Bond Debt Service Fund	Special Assessments Debt Service Fund	Capital Acquisition Fund	Other Funds	Total
Nonspendable:						
Prepaid Expenses	46,753	-	-	-	-	46,753
Land Held for Resale	-	-	-	-	10,086,398	10,086,398
Permanent Fund Principal Investment	-	-	-	-	18,268,274	18,268,274
Total nonspendable fund balances	46,753	-	-	-	28,354,672	28,401,425
Restricted for:						
General Government	-	-	-	17,222,377	8,878,350	26,100,727
Public Safety	-	-	-	32,500,135	2,123,527	34,623,662
Culture and Recreation	-	-	-	52,784,610	49,742	52,834,352
Municipal Development/Public Works	-	-	-	21,416,132	75,723	21,491,855
Highways and Streets	-	-	-	119,291,936	50,129,696	169,421,632
Health	-	-	-	-	2,052,682	2,052,682
Human Services	-	-	-	20,803,298	67,890	20,871,188
Housing	-	-	-	-	62,741	62,741
Debt Service	-	5,941,280	-	-	4,835,452	10,776,732
Total restricted fund balances	-	5,941,280	-	264,018,488	68,275,803	338,235,571
Committed to:						
Capital Projects	-	-	-	-	16,863,695	16,863,695
Culture and Recreation	-	-	-	-	1,920,015	1,920,015
Housing	-	-	-	-	10,121,175	10,121,175

	16,842,783	-	-	-	(13,515)	16,829,268
Total Fund Balances	58,339,547	5,941,280	2,480,509	264,018,488	133,547,734	464,327,558

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2013

14. Statement of cash flows

For purposes of the statement of cash flows, pooled cash and investments (including restricted assets) of the City are considered to be cash equivalents although they include investments with a maturity in excess of three months when purchased because they have the characteristics of demand deposits for each individual fund. Non-pooled investments with original maturities of three months or more are deducted from cash, investments, and accrued interest and changes therein are reported as cash flows from investing activities.

15. Estimated amounts reported in financial statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting year. Actual results could differ from those estimates.

16. Bond premiums/issuance costs

In governmental fund types, bond premiums and issuance costs are recognized in the current period. Bond premiums are presented separately as other financing sources.

17. Inter-fund transactions

Transactions that would be recorded as revenues, expenditures, or expenses if they involved organizations external to the City are similarly treated when involving other funds of the City. These transactions include charges for administrative services, building rental, risk management services, vehicle maintenance and motor pool services, inventory and office services, retirees' health care, and payments in lieu of taxes. Other authorized transfers between funds are recorded as transfers and are included in the determination of the results of operations in the governmental, proprietary, and fiduciary funds.

18. New accounting pronouncements

The following GASB pronouncements have been issued, but are not yet effective at June 30, 2013:

- GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*.
- GASB Statement No. 66, *Technical Corrections - 2012*.
- GASB Statement No. 67, *Financial Reporting for Pension Plans*.
- GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*.
- GASB Statement No. 69, *Government Combinations and Disposals of Government Operations*.
- GASB Statement No. 70, *Accounting and Financial Reporting for Nonexchange Financial Guarantees*.

The City will implement the new GASB pronouncements in the fiscal year no later than the required effective date.

Except as discussed in the following paragraph, the City believes that the above listed GASB pronouncements will not have a significant financial impact to the City.

GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, becomes effective in the fiscal year ending June 30, 2015. The new standard will substantially change accounting and financial reporting for the City's participation in the Public Employees Retirement System (PERA), a cost sharing multiple-employer defined benefit retirement plan. The new standard will require the City's financial statements that use the economic resources measurement focus and accrual accounting to recognize a liability for the City's proportionate share of PERA's net pension liability, and to recognize pension expense, and to report deferred outflows of resources and deferred inflows of resources related to pensions, for its proportionate shares of PERA's collective pension expense and collective deferred outflows of resources and deferred inflows of resources.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2013

19. Reclassifications

Certain reclassifications of prior year information have been made to conform to the current period.

II. Reconciliation of government-wide and fund financial statements

A. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position

The governmental fund balance sheet includes a reconciliation between *fund balance – total governmental funds* and *net position – governmental activities* as reported in the government-wide statement of net position. One element of that reconciliation explains that “long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds.” The details of this difference are as follows:

Long-term portion of:

Bonds and bond anticipation notes payable	\$ (327,545,000)
Gross receipts tax revenue bonds and notes payable	(160,090,000)
Special assessments bonds and notes payable	(24,897,485)
Fire fund loan	(1,334,193)
Deferred refunding costs	3,681,003
Unamortized bond premiums	(25,877,074)
Deferred bond issuance costs	3,627,682
Accrued rebatable arbitrage payable reported as other liability	(774,110)
Accrued vacation and sick leave	<u>(31,059,825)</u>
Net adjustment to reduce fund balance – total governmental funds to arrive at net position – governmental activities	<u>\$ (564,269,002)</u>

Another element of the reconciliation involves taxes receivable and other amounts that are not available to pay for the current period's expenditures, are as follows:

Gross receipts tax	\$ 26,106,101
Property taxes	8,359,105
Franchise taxes	1,335,580
Gasoline taxes	661,232
Motor vehicle taxes	151,092
Rehab and developer loans	4,611,969
Special assessments	24,484,889
Amounts due on real estate contracts	11,337
Miscellaneous revenue	<u>144,513</u>
Net adjustment to governmental fund balance to arrive at net position of governmental activities	<u>\$ 65,865,818</u>

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2013

B. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities.

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net changes in fund balances – total governmental funds and changes in net position of governmental activities as reported in the government-wide statement of activities. One element of that reconciliation explains that, “Governmental funds report capital outlay as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.” The details of this difference, which excludes internal service funds, are as follows:

Capital additions, depreciated and non-depreciated	\$ 221,600,991
Prior year construction work in process reclassified to capital additions	(75,223,759)
Depreciation expense	(87,533,752)
Net gain (loss) on disposition of capital assets	<u>(331,310)</u>
Net adjustment to net change in governmental fund balances to arrive at change in net position of governmental activities	<u>\$ 58,512,170</u>

Another element of that reconciliation states that, “the issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds.” Neither transaction, however, has any effect on net position. The details of this difference are as follows:

Debt issued or incurred:	
General obligation bonds	\$ (81,122,000)
Gross receipts tax bonds	(42,030,000)
Special assessment district bonds	(25,242,485)
Bond premium	(11,447,688)
Deferred bond issue costs	(529,574)
Arbitrage costs	113,200
Amortization:	
Bond discount	(185,893)
Bond premium	4,586,789
Bond issue costs	1,489,586
Principal repayments:	
General obligation bonds	53,222,000
Gross receipts tax revenue bonds	5,525,000
Fire Fund loan	59,337
Special assessment district bonds and notes	<u>345,000</u>
Net adjustment to net change in governmental fund balances to arrive at change in net position of governmental activities	<u>\$ (95,216,728)</u>

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2013

Under the modified accrual basis of accounting used in the governmental funds, revenue is recognized when available to provide financing resources for the current period. Likewise, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. In the statement of activities, which is presented on the accrual basis, revenues and expenses are reported regardless of when financial resources are available.

Gross receipts taxes	\$	(95,532)
Franchise taxes		(20,013)
Property taxes		3,056,544
Gasoline taxes		185,343
Motor vehicle taxes		(6,452)
Collections on real estate contracts, rehab and developer loans, net of deferred gains		(2,931,186)
Special assessments		23,695,605
Other deferred revenues		(481)
Net adjustment to net change in governmental fund balance to arrive at change in net position of governmental activities		\$ 23,883,828

III. Stewardship, compliance and accountability

A. Budgetary information

Annual budgets for the General Fund, the following special revenue funds: Community Development; Fire; Lodgers' Tax; Hospitality Tax; Culture and Recreation Projects; Albuquerque Biological Park; City Housing; Air Quality; HEART Ordinance; Operating Grants; Metropolitan Redevelopment; Housing and Neighborhood Economic Development; Law Enforcement Protection; Photo Enforcement Red Light; Gas Tax Road; City/County Facilities; Acquisition and Management of Open Space Expenditures; and Urban Enhancement Expenditures; and certain Debt Service Funds are departmental appropriations by program, the level at which expenditures may not legally exceed appropriations. Budgets were also prepared for the Quality of Life, Vehicle Equipment and Replacement, Infrastructure Tax and Impact Fees Capital Projects Funds. Budgets of each function and program include current expenditures, capital outlay and transfers. The annual budget approved by the City Council also includes proprietary funds. Budgets are adopted consistent with the basis of accounting described in Note I. C. As required by the home rule City charter, the annual budget is formulated by the Mayor and submitted to the City Council by April 1 for the fiscal year commencing July 1. When there is a proposal for a change in rates or fees, City ordinances provide that the Mayor shall submit the operating budget for the Refuse Disposal, Golf, and Aviation enterprise funds to the City Council no later than March 1. Public hearings are conducted to obtain citizen comments on the proposed budget. By June 1, the budget is adopted through passage of an appropriation resolution by the City Council.

The Mayor has the authority to change individual program appropriations by the lesser of five percent of the original appropriation or \$100,000, provided that the total amount of appropriations for the fund, as approved by the City Council, does not change. Approved appropriations lapse at the end of the fiscal year to the extent that they have not been expended or encumbered except any appropriation continued by ordinance. An annual budget, which is not legally adopted, for the City of Albuquerque Housing Authority is prepared in accordance with the Department of Housing and Urban Development regulations on an accrual basis and includes both operating and debt service activities as a single budget. The Special Assessments Debt Service Fund spending is controlled primarily through bond indenture provisions and, accordingly, no annual budget is presented in the accompanying financial statements.

B. Deficit fund equity

As of June 30, 2013, the following funds had fund balance/net position deficits:

Capital Projects Funds:	
Impact Fees	(\$13,515)
Internal Services Funds:	
Risk Management	(\$37,074,572)

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2013

The deficit in the Impact Fees Fund is a result of a change in accounting for unspent impact fees that was discovered and corrected during fiscal year 2011 and a change in market value of interest on investments. The deficit may change in future years due to fluctuations in the market value of investments.

The deficit in the Risk Management Fund is a result of an increase in claim amounts reported and expected to be reported due to several large law enforcement claims. During the current fiscal year the City conducted a review of its philosophy for reserving funds related to the reported claims liability and determined that a more conservative approach for reserving potential losses was necessary in order to ensure the ongoing solvency of the Risk Management Fund. Additional information can be found in Note IV, N.

IV. Detailed notes on all funds

A. Cash and investments

Cash, investments, and accrued interest and cash with fiscal agents at June 30, 2013, consist of the following:

(In thousands of dollars)

	City of Albuquerque				Related Organization

Related Organization - The Albuquerque Bernalillo County Water Utility Authority (Authority) is a related organization to the City. Under the terms of a Memorandum of Understanding between the City and the Authority, the City provides certain administrative services to the Authority including cash management and investing. A portion of the cash, investments and

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2013

interest in the City's internal investment pool are assets of and are held for the Authority. The policies stated herewith for the City's investments also govern the Authority's investments.

Custodial credit risk – Deposits - Custodial credit risk is the risk that in the event of a bank failure, the City's funds may not be returned to it. The City is required to obtain from each bank that is a depository for public funds pledged collateral in an aggregate amount equal to one half of the public money in each account (Section 6-10-17 NMSA 1978). No security is required for the deposit of public money that is insured by the Federal Deposit Insurance Corporation (FDIC). At June 30, 2013, none of the City's bank balances of \$469,554,000 was exposed to custodial credit risk.

Custodial credit risk – Investments - Custodial credit risk with respect to investments is the risk that in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City's investment policy requires that all security transactions, including collateral for repurchase agreements, entered into by the City shall be conducted on a delivery-versus-payment basis. The investment policy further requires that all collateral securities held by a third party custodian, designated by the City Treasurer, shall be held in the City's name and evidenced by a safekeeping receipt or Federal Reserve book-entry reporting. The City's investment in the New Mexico State Treasurers Office (STO) Local Government Investment Pool (LGIP) represents a proportionate interest in the Pool's portfolio. The City's portion is not identified with specific investments and is not subject to custodial credit risk.

Credit risk - Credit risk is the risk that in the event an issuer or other counterparty to an investment does not fulfill its obligations, the City will not be able to recover the value of its principal. As a home rule city, the City's general investment policy is to apply the prudent-person rule: Investments are made as a prudent person would be expected to act, with discretion and intelligence, to seek reasonable income, preserve capital and, in general, avoid speculative investments. The City's Investment Committee annually reviews its asset allocation strategies and guidelines for the percentage of its total portfolio that may be invested in securities other than repurchase agreements, U.S. Treasury bills and notes or insured/collateralized certificates of deposit. As part of the City's allocation evaluation, these guidelines are reviewed periodically, considering the probability of market and default risk in various investment sectors. The City's investment policy describes permitted investments as those allowed for municipalities with a population in excess of 65,000 per Section 10-10-10 of the Statutes of the State of New Mexico. Among permitted investments, the investment policy requires that 1) repurchase agreements have a collateralized value of 102% of the par value of the agreement, and 2) certificates of deposit with local banks be fully insured by the FDIC. Investments in direct obligations of the U.S. Treasury are permitted as are securities of the U.S. Government agencies denoted in Section 6-10-10 F (2) of the State Statutes. At June 30, 2013, the City's internal investment pool held investments in fully-collateralized overnight repurchase agreements (repos), a fully-insured money market account, U.S. Government agency notes and a local government obligation.

In 2009, the City's internal investment pool liquidated its position in the STO LGIP. However, at June 30, 2013, the City continued to hold \$134,524 in the STO's "Reserve Contingency Fund" which represented the maximum potential loss from assets previously held in the LGIP's Primary Money Market Fund. The City does not expect any further recoveries from the reserve and has accrued the remaining balance as a loss. The City's Housing Authority Fund continued to hold a non-pooled position in the STO LGIP Fund of \$8,047,579 and a balance in the Reserve Contingency Fund of \$3,886. The State of New Mexico's LGIP is rated AAAM by Standard and Poors.

Concentration of credit risk - Concentration of credit risk is the risk of loss attributed to the magnitude of the City's investment in a single issuer. The City's investment policy states the City will develop diversification strategies to avoid incurring concentration risk. The following general policies and constraints shall apply: With the exception of collateralized repos, U.S. Treasury securities, and authorized pools (comprising the "liquidity segment" of the portfolio), no more than 50% of the residual investment portfolio (the "core segment") will be invested in a single issue or at a single maturity. At June 30, 2013, the City's core segment is invested in debt securities issued by four Government Sponsored Entities (GSEs): the Federal Home Loan Bank, the Federal National Mortgage Association, the Federal Farm Credit Bank and the Federal Home Loan Mortgage Corporation. These investments comprise 9%, 68%, and 23% respectively, of the core segment residual. Portfolio maturities shall be staggered to avoid undue concentration of assets in a specific maturity range. At June 30, 2013, liquidity and core segment maturities are allocated as follows: 0-12 months – 0%; 1-2 years – 12%; 3-5 years – 88%. Holdings in the STO LGIP represent 1% of the total portfolio.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2013

Summarized information concerning the GSE investments is as follows:

U.S. Agency Investments (summarized by GSE)	Wtd. Avg. Days to Maturity	Weighted Average Days to Call	Standard & Poor's Rating	Moody's Rating
Federal Home Loan Banks	964	50	AA+	Aaa
Federal National Mortgage Association	947	112	AA+	Aaa
Federal Home Loan Mortgage Corporation	852	157	AA+	Aaa

Repo holdings (collateral) consisted of U.S. Agency securities permitted under Section 6-10-10 N.M.S.A. 1978, and by the City's investment policy.

Interest rate risk - Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of the City's investments. The City's investment policy limits the City's exposure to interest rate risk by requiring that no less than 80% of the funds invested in the core segment of the internal investment pool or in other discretionary funds be in maturities of no more than three years from date of purchase. No more than 20% of the funds may be invested in maturities between three and five years. Investment of non-discretionary assets, including funds to be held in trust, may be committed to maturities up to ten years from the date of purchase. The weighted average maturity of the investments in the internal investment pool's core segment at June 30, 2013, was 926 days. The weighted average days to call of the core segment was 117 days.

Pledged collateral by bank - The City is required to obtain from each bank that is a depository for public funds pledged collateral in an aggregate amount equal to one half of the public money in each account (Section 6-10-17 NMSA 1978). No security is required for the deposit of public money that is insured by the Federal Deposit Insurance Corporation (FDIC). The FDIC provides insurance of \$250,000 per depositor, per insured bank. The pledged collateral by bank (in thousands) at June 30, 2013, was as follows:

	US Bank	Bank of America	Bank of the West	Wells Fargo Bank	NM Bank & Trust	Bank of Albuquerque
Total amount on deposit	\$ 983	\$ 213,413	\$ 252,261	\$ 376	\$ 961	\$ 1,560

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2013

B. Receivables

Taxes receivable at June 30, 2013, are from the following sources:

Gross receipts tax	\$	57,396,073
Property tax		10,259,932
Lodgers' tax		1,235,966
Hospitality tax		247,193
Other taxes		4,347,752
Total	\$	<u>73,486,916</u>

The property taxes above include a receivable of \$4,741,977 in the General Obligation Bond Debt Service Fund and \$5,517,955 in the General Fund.

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied each year on July 1 on the taxable valuation of property located in the City as of the preceding January 1. The Bernalillo County Assessor and the State of New Mexico Department of Taxation and Revenue determine the taxable valuations for the various classes of property at one-third of assessed valuation. Property in the City for the fiscal year 2013 tax levy had a taxable value of \$11,876,389,476. The State Constitution limits the rate of taxes for operating purposes for all taxing jurisdictions to 20 mills (\$20 per \$1000 assessed valuation), of which the City's portion, by state regulation, is limited to 7.650 mills for operations and 12.0 mills for each debt service obligation. The general obligation bond debt service levy for tax year 2012 (fiscal year 2013) is 4.976 mills and the operational levy is 6.544 mills on residential property and 6.544 mills on commercial property. Taxes are payable in two equal installments on November 10 and April 10 and become delinquent after 30 days.

Due from other governments

Due from other governments represents \$14.1 million in federal and state grant receivables, \$2.2 million from other governmental agencies and \$724 thousand in State receivables.

Accounts receivable and allowance for uncollectible accounts

Included on page 23, Statement of Net Position, are balances of receivables which are reported net of allowances for uncollectible accounts. The amounts of these receivables and allowances as of June 30, 2013, are as follows:

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2013

The transfers from the General Fund to the other funds are for the purpose of: 1) providing a subsidy for the operations of the Transit and Open Space Management funds, 2) providing the City's local match for operating grants from federal and state agencies, 3) funding the purchase of police and fire vehicles, and various construction projects, and 4) transferring resources to debt service funds for the retirement of General Obligation and Sales Tax Refunding bonds.

The transfers to the General Fund from the major and nonmajor enterprise funds are primarily for payments in lieu of taxes.

Other transfers relating to funds within the nonmajor governmental funds type are: 1) for debt retirement and various other purposes, and 2) from permanent funds to the related expenditures for governmental special revenue funds.

E. Leases

The City has various lease commitments for real property. The lease commitments are for one to ten years, with most leases being for five years. About half of the leases have renewal options; the others do not. Lease expenses of \$1,688,322 were incurred for the year ended June 30, 2013. Lease commitments for future years are as follows:

<u>Fiscal Year</u>	<u>Amount</u>
2014	\$ 1,587,064
2015	1,317,466
2016	747,486
2017	593,135
2018	52,020
2024-2028	260,100
2029-2033	260,080
2034-2037	98,333
Total	<u>\$ 4,915,684</u>

The Housing Authority has also entered into a lease agreement as lessee for financing the acquisition of equipment and improvements. This lease agreement is treated as a capital lease for accounting purposes and, therefore, has been reported at the present value of the future minimum lease payments as of the inception of the lease. At June 30, 2013, the outstanding balance of the capital lease is \$166,140. Amortization is included with depreciation expense on the Statement of Revenues, Expenses, and Changes in Fund Net Position.

The assets acquired through capital leases are as follows:

Equipment and Improvements	\$ 944,458
Less accumulated amortization	<u>(778,318)</u>
Total	<u>\$ 166,140</u>

The future minimum lease obligations and the net present value of the minimum lease payments as of June 30, 2013, are as follows:

<u>Year Ending June 30</u>	<u>Principal and Interest</u>
2014	\$ 107,105
2015	<u>87,634</u>
Total minimum lease payment	194,739
Less amount representing interest	<u>(7,280)</u>
Present value of minimum lease payments	<u>\$ 187,459</u>

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2013

F. Restricted assets

Restricted assets arise principally from legal restrictions on expenditures of proceeds from general obligations bonds or sales tax revenue bonds in the governmental activities, or on expenditures of proceeds from revenue bonds of the enterprise funds. Restricted assets also include the investments restricted for use held in the City's permanent funds. The amount of restricted assets reported in the statement of net position at June 30, 2013, is as follows:

<u>Governmental activities</u>		
Capital Acquisition Fund	\$	167,286,407
Acquisition and Management of Open Space Fund		20,453,236
Urban Enhancement Fund		7,901,436
Total	\$	<u>195,641,079</u>
 <u>Business-type activities</u>		
Airport Fund	\$	98,585,908
Refuse Disposal Fund		14,354,642
Transit Fund		954,666
Nonmajor enterprise funds		<u>14,477,567</u>
Total	\$	<u>128,372,783</u>

G. Short-term and long-term obligations

Governmental activities:

Short-term obligations - On June 28, 2013, the City issued \$6,102,000 of Short-Term Taxable General Obligation Bonds, Series 2013D. The Series 2013D Bonds bear interest at the daily rate on the date of issuance applicable to the Local Government Investment Pool administered by the State Treasurer of New Mexico. The interest rate in effect was 0.500%. The proceeds of these bonds will be used for senior citizen facilities, public facility energy system modernization, and affordable housing. The bonds mature on July 1, 2013. The change in short-term obligations of the governmental activities for the year ended June 30, 2013, is as follows:

	Balance July 1, 2012	Additions	Deletions	Balance June 30, 2013
Short-term General Obligation Bonds	<u>\$ 4,000,000</u>	<u>\$6,102,000</u>	<u>\$4,000,000</u>	<u>\$6,102,000</u>

Long-term obligations - Bonded obligations of the City consist of various issues of general obligation, revenue, and special assessment bonds. Also included in long-term obligations are notes payable, claims and judgments, deferred credits, other postemployment benefits, and accrued vacation and sick leave. The City has complied with all revenue bond ordinances and bond covenants requirements for maintaining specific reserves for future debt service as of June 30, 2013.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2013

The changes in the long-term obligations of the governmental activities for the year ended June 30, 2013, are as follows:

	Outstanding				Payable in one year

Total	<u>\$ 517,356,604</u>	<u>\$ 245,575,686</u>	<u>\$ 122,110,679</u>	<u>\$ 640,821,611</u>	<u>\$ 103,249,407</u>

Total interest cost incurred for governmental activities for the year ended June 30, 2013, was \$18,379,485, all of which was charged to expense.

General Obligation bonds are direct obligations of the City for which its full faith and credit are pledged and are payable from taxes levied on property located within the City. The accrued sick leave and vacation obligations are being liquidated primarily by the General Fund. Limited amounts are being liquidated by other funds. The City's Risk Management Fund (an internal service fund) liquidates all claims payable. General obligation bonds outstanding at June 30, 2013, are as follows:

Issue	Amount	Interest Rate	Final Maturity	Call Provisions
June 30, 2005 General Purpose	11,130,000	4.00/5.00%	July 1, 2013	Not callable

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2013

The Constitution of the State of New Mexico limits the amount of general-purpose general obligation bonds that may be issued by a municipality to four percent of the taxable valuation of property located within the City. At June 30, 2013, based on the most recent assessed taxable valuation of \$11,876,389,476, the City may issue an additional \$179,281,579 of general-purpose general obligation bonds. Included in the general obligation bonds outstanding at June 30, 2013, are Storm Sewer bonds in the amount of \$33,770,000 that are not subject to the legal debt limit.

On May 8, 2013, the City issued \$70,040,000 of General Obligation General Purpose Bonds, Series 2013A with an average coupon rate of 3.58%. The proceeds of these bonds were deposited into the Capital Acquisition Fund to be used to finance certain City projects relating to public safety, citizens' centers, parks and recreation facilities, facilities and equipment, libraries, public transportation, cultural facilities, streets, and zoo and bio park facilities. The bonds require annual principal payments and semi-annual interest payments through July 1, 2026.

Also on May 8, 2013, the City issued \$4,980,000 of General Obligation Storm Sewer Bonds, Series 2013B with a coupon rate of 3.00%. The proceeds of these bonds were deposited into the Capital Acquisition Fund to be used to finance certain storm sewer improvements. The bonds require semi-annual interest payments through July 1, 2026 at which time the bonds mature.

Sales Tax Revenue Bonds and Notes of the City are secured by a pledge of gross receipts tax (sales tax) revenues. Sales tax revenue bonds and notes outstanding at June 30, 2013, are as follows:

Issue	Amount	Interest Rate	Final Maturity	Call Provisions
October 6, 2004 A Refunding	31,965,000	4.75%	July 1, 2037	100% beginning July 1, 2014
October 6, 2004 B Refunding	27,330,000	2.39/4.90%	July 1, 2014	100% beginning October 6, 2004
June 4, 2008 A Refunding	6,065,000	3.74/4.99%	July 1, 2014	Not callable
July 22, 2009 A Refunding	10,535,000	3.00/5.00%	July 1, 2025	100% beginning July 1, 2019
July 22, 2009 B Refunding	26,960,000	3.00/5.00%	July 1, 2022	100% beginning July 1, 2019
September 1, 2011 A Refunding	20,730,000	2.00/4.00%	July 1, 2028	100% beginning July 1, 2021
April 9, 2013 Improvement Bonds	42,030,000	1.50/5.00%	July 1, 2028	100% beginning July 1, 2023
	<u>\$ 165,615,000</u>			

On April 9, 2013, the City issued \$42,030,000 of Gross Receipts Tax Improvement Revenue Bonds, Series 2013. The bonds have an average coupon rate of 3.88% and require annual principal payments and semi-annual interest payments through July 1, 2035. The Series 2013 bonds are being issued for the purpose of study, design, engineering and reconstruction of the Paseo del Norte and Interstate I-25 interchange located within the City.

Fire Fund Loan - On January 28, 2011, the City closed on a loan with New Mexico Finance Authority (NMFA) for \$1,441,625 with an average interest rate of 3.417%. The proceeds were used to design, construct, equip, and furnish Fire Station #7. The terms of the loan require annual principal payments and semi-annual interest payments beginning November 1, 2011, and maturing May 1, 2031. As part of the agreement, the City also entered into an intercept agreement with NMFA whereby the principal and interest payment required will be from annual distributions made to the City's Fire Fund by the State Treasurer pursuant to Section 59A-53-7, NMSA 1978. The State Treasurer will reduce the annual distribution to the City by \$100,926 beginning July 1, 2011, and then \$101,043 thereafter. The funds will be remitted directly to NMFA and held by NMFA until the November/May due dates. The balance due at June 30, 2013 is \$1,334,193.

Special Assessment Debt and Notes Payable is secured by pledges of revenues from special assessments levied. All special assessment debt requires semi-annual principal and interest payments. Special assessment debt is callable at 100% on any semi-annual interest payment date.

On October 30, 2012, the City executed a loan agreement with Banc of America Public Capital Corp for Special Assessment District No. 228. The tax exempt loan payable for \$22,743,479 has a coupon rate of 3.0% and matures on January 1, 2028. The proceeds are being used to finance the construction of streets, storm and sanitary sewer lines, and water lines. The balance outstanding at June 30, 2013 was \$22,743,479.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2013

On October 30, 2012, the City executed a loan agreement with Banc of America Leasing and Capital for Special Assessment District No. 228. The taxable loan payable for \$2,499,006 has a coupon rate of 2.30% and matures on January 1, 2015. The proceeds are being used to finance the construction of electrical and natural gas lines and telephone and cable television lines. The balance outstanding at June 30, 2013 was \$2,499,006.

Net outstanding	\$98,361,501			

Apartments Revenue Bonds are secured by pledges of net revenues of the apartments. On July 20, 2000, the City, pursuant to a mortgage and indenture of trust, issued its Affordable Housing Projects Refunding Revenue Bonds Series 2000 (Series 2000) in the aggregate principal amount of \$15,080,000 for the purpose of refunding and defeasing three bond issues of the City; 1) its Multifamily Mortgage Revenue Bonds (Beach Apartments Project), Series 1991, 2) its Multifamily Mortgage Revenue Bonds (Manzano Vista, formerly Dorado Village Apartments Project), Series 1994, and 3) its Affordable Housing Project/Gross Receipts Tax Subordinate Lien Revenue Bonds, Series 1996. The Series 2000 bonds consist of debt issued by three City owned trusts; Beach, Bluewater Village and Manzano Vista Apartments. The debt constitutes a limited obligation of the City and is payable solely from the resources of these trusts. The facilities and the revenues derived from these facilities are pledged for the repayment of the bonds. The mortgage and indenture of trust contain significant requirements for annual debt service and use of project revenues and resources. Required funds include escrow and expense funds, a debt service fund, use of project reserve funds (debt service, retained earnings coverage and sinking fund installment accounts) and restricted property reserve funds (rehabilitation, renovation, repair and replacement accounts).

In December of 2008, the City issued \$11,275,000 Gross Receipts Tax Revenue Bonds (Series 2008B) to refund the Series 2000 Bonds. The City, pursuant to a mortgage and indenture of trust, issued the Series 2008B bonds as described above. The Series 2008B bonds consist of debt issued by the City owned trusts and the Apartments. This debt constitutes a limited obligation of the City and is payable solely from the resources for three trusts. Respective facilities and revenues derived from them are pledged for the repayment of these bonds. The mortgage and indenture of trust contains significant requirements for annual debt service and use of project revenues and resources. Required funds include a debt service fund, a net project revenue service fund, a property reserve fund and a stabilization fund. The Series 2008B Gross Receipts Revenue Bonds mature July 1, 2030, and bear an initial 4% coupon interest rate, increasing to 5.375% coupon rate at maturity. Interest is paid semiannually on January 1 and July 1. The initial payment was due July 1, 2009. Principal payment is due annually on July 1. The Series 2008B bonds are subject to optional and mandatory redemptions generally at par (unless long-term interest rates are in effect) as required by the mortgage and indenture of trust. The mortgage and indenture of trust requires a cumulative sinking fund redemption commencing January 1, 2011. The Apartments debt in the amount of \$10,105,000 is outstanding at June 30, 2013 and maturities extend through July 1, 2030.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2013

Refuse Disposal Revenue Bonds are secured by a pledge of net revenues from refuse disposal operations. Refuse Disposal Revenue Bonds outstanding at June 30, 2013, are as follows:

Issue	Amount	Interest Rate	Final Maturity	Call Provision
February 1, 1998	<u>\$ 905,000</u>	4.63%	July 1, 2013	100% July 1, 2007

Refuse Loans - On July 9, 2004, the City entered into a tax-exempt loan agreement with New Mexico Finance Authority for \$5,800,000 with an average interest rate of 2.87%. Final payment is due on July 1, 2014. The balance due on June 30, 2013, was \$1,287,779.

On March 16, 2008, the City entered into a tax-exempt loan agreement with New Mexico Finance Authority for \$2,600,000 with an average interest rate of 3.31%. Final payment is due on July 1, 2015. The outstanding balance at June 30, 2013, was \$1,192,398.

Stadium Loans are secured by pledges of net revenues of the Albuquerque baseball stadium. On September 1, 2011, the City issued Gross Receipts Tax/Stadium Revenues Refunding Revenue Bonds Taxable Series 2011B in the amount of \$11,650,000. The bonds have an average coupon rate of 3.23% and require annual principal payments and semi-annual interest payments through July 1, 2026. The outstanding balance at June 30, 2013, was 10,900,569.

Transit Loans - On July 25, 2006, the City entered into a tax-exempt lease-purchase agreement with SunTrust Leasing Corporation for \$20,000,000 with an average interest rate of 4.3%. Final payment is due on July 1, 2016. The principal balance outstanding at June 30, 2013, was \$5,938,983.

Summary of Annual Debt Service Requirements - The annual debt service requirements on bonds, notes and capital leases outstanding at June 30, 2013, are as follows:

Year ending June 30, 2013	Governmental activities		Business-type activities	
	Principal	Interest	Principal	Interest
2014	\$ 59,151,805	\$ 20,654,072	\$ 24,238,072	\$ 5,006,207
2015	55,744,085	19,887,073	25,428,723	4,105,725
2016	47,836,912	17,896,237	16,729,408	3,225,374
2017	47,721,413	16,021,818	13,231,667	2,589,267
2018	42,275,748	14,193,779	10,270,000	2,046,434
2019 - 2023	164,488,543	49,109,221	26,150,416	5,211,446
2024 - 2028	86,819,665	23,271,757	10,235,000	1,562,776
2029 - 2033	33,550,507	12,467,498	2,375,000	196,053
2034 - 2038	35,370,000	4,148,500	-	-
2039 - 2043	-	-	-	-
Total	<u>\$ 572,958,678</u>	<u>\$ 177,649,955</u>	<u>\$ 128,658,286</u>	<u>\$ 23,943,282</u>

Arbitrage - Section 148 of the Internal Revenue Code generally provides that bonds issued by a municipality will be "arbitrage bonds", if any portion of the proceeds of the bonds are reasonably expected to be invested in obligations with a yield that is "materially higher" than the yield on the bonds. While municipalities are entitled to earn a certain amount of positive arbitrage during the period the bonds are outstanding, Section 148(f) generally requires that these earnings be paid to the Internal Revenue Service (IRS) at least every five years. As of June 30, 2013, the City has set aside \$774,110 in arbitrage interest due the IRS in connection with future filings and payments to the IRS. This amount is included in other liabilities in the Statement of Net Position. For fiscal year 2013, no payment is due to the IRS.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2013

H. Refunded bonds

The City has refunded various bond issues by issuing refunding bonds, the proceeds of which have been placed in escrow and used to purchase securities of the United States Government and related agencies at various interest rates and maturities sufficient to meet all debt service requirements of the refunded debt. These assets are administered by trustees and are restricted to use for retirement of the refunded debt. The liability for the refunded bonds and the related securities and escrow accounts are not included in the accompanying general purpose financial statements as the City satisfied its obligation for payment of the refunded debt upon completion of the refunding transactions. Refunded debt outstanding at June 30, 2013, is as follows:

Gross Receipts Tax Revenue Bonds	\$30,455,000
----------------------------------	--------------

I. Conduit bonds

The City has acted from time to time as the issuer of conduit bonds, the proceeds of which have been immediately loaned to a private borrower. Such bonds are payable by the City only from amounts paid to the City by such conduit borrowers pursuant to a lease, loan or other agreement. The City has assigned its rights with respect to such bonds to various trustees that monitor amounts due by the borrowers and pay the principal and interest as due on such conduit bonds from the borrowers' payments. The City has no obligation to repay all or any portion of such bonds in the event the private borrowers fail to make their payments when due.

Industrial Revenue Bonds - As of June 30, 2013, there were thirty series of Industrial Revenue Bonds outstanding. The aggregate principal amount payable for the twenty-six series issued after July 1, 1995, is \$696.8 million. The aggregate principal amount payable for the seven series issued prior to July 1, 1995, could not be determined; however, the original amount issued totaled \$102.8 million.

Metropolitan Redevelopment Bonds - As of June 30, 2013, there was one series of Metropolitan Redevelopment Bonds outstanding. The aggregate principal amount payable for the one series issued prior to July 1, 1995, could not be determined; however, the original amount issued totaled \$650,000.

Housing Authority Conduit Debt - The U.S. Department of Housing and Urban Development (HUD) guaranteed third party debt consisting of revenue bonds and permanent notes, payable to the Federal Financing Bank, which were issued to provide for the development and modernization of low rent housing units. These bonds and notes are payable by HUD and secured by annual contributions to the Albuquerque Housing Authority Fund. HUD regulations state that the bonds and notes do not constitute a debt of the Albuquerque Housing Authority Fund and, accordingly, these have not been reported in the accompanying financial statements. At June 30, 2013, the outstanding balance of the permanent notes was \$2,653,678 with annual payments required through 2017.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2013

The Golf Course Fund charges a greens fee for the use of the City's golf courses. The Apartments Fund charges rental on housing for persons who meet eligibility requirements based on the level of income earned. The Stadium Fund provides a baseball stadium that is being used by an AAA class baseball team. The Housing Fund provides housing or rental assistance to low income City residents. The Parking Fund charges fees for the use of City-owned parking facilities.

K. Defined benefit pension plan

Plan Description - Substantially all of the City's full-time employees participate in a public employee retirement system authorized under the Public Employees Retirement Act (Chapter 10, Article 11, NMSA 1978). The Public Employees Retirement Association (PERA) is the administrator of the plan, which is a cost-sharing multiple-employer defined benefit retirement plan. The plan provides for retirement benefits, disability benefits, survivor benefits and cost-of-living adjustments to plan members and beneficiaries. PERA issues a separate, publicly available financial report that includes financial statements and required supplementary information for the plan. That report may be obtained by writing to PERA, P.O. Box 2123, Santa Fe, NM 87504-2123. The report is also available on PERA's website at www.pera.state.nm.us.

Funding Policy - Plan members are required to contribute between 7.00%-16.65% of their gross salary, depending on the specific plan type. The City is required to contribute between 7.00%-21.25% of the gross covered salary, depending on the specific plan type.

The following are the plans covered by the City and the contribution requirements (in thousands of dollars) for the year ended June 30, 2013:

Group Covered	Employee		Employer	
	Percent	Amount	Percent	Amount
General, Management, and Bus Drivers	13.15%	\$ 19,032	9.15%	\$ 13,243
Temporary Employees	7.00%	140	7.00%	140
J-Series 20 Year	16.65%	143	16.65%	143
Police	16.30%	9,255	18.50%	10,504
Fire	16.20%	5,715	21.25%	7,496
		\$ 34,285		\$ 31,526

The contribution requirements of plan members and the City are established in State statute under Chapter 10, Article 11, NMSA 1978. The requirements may be amended by acts of the legislature. In accordance with Chapter 10, Article 11, Section 5 NMSA 1978, the City has elected to make a percentage of the employees' contributions. The percentage of the employees' contributions paid by the City varies according to the specific plan type. The City's required contributions to PERA for the years ending June 30, 2013, 2012, and 2011 were \$31,526,501, \$34,732,631, and \$33,662,266, respectively. The City's total contributions to PERA, including the employer required contributions and the portion the City pays for the employees for the years ending June 30, 2013, 2012, and 2011 were \$60,980,095, \$63,316,398, and \$63,697,954, respectively.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2013

L. Post-employment benefits

In addition to providing pension benefits described in Note K, the City provides certain health care and life insurance benefits for retired employees. Substantially all of the City's employees may become eligible for those benefits if they reach the normal retirement eligibility conditions while working for the City.

Postemployment Life Insurance Benefits

Plan Description - The City's Life Insurance Benefit Plan (Plan) is a single employer defined benefit plan administered by the City; the Plan also includes coverage for the employees of the Albuquerque Bernalillo County Water Authority (a separate legal entity, formerly a component unit of the City). Insurance benefits are authorized by the City's Merit System Ordinance and Personnel Rules and Regulations. Upon retirement an employee will continue to be covered by the City's plan at no cost to the employee. Coverage will be one-half of the coverage reflected on the most recent annual life insurance adjustment report immediately prior to retirement up to a maximum of \$25,000. Effective July 1, 2008 the minimum amount of coverage per retiree is \$12,500. The number of retired employees covered under the life insurance benefit was 4,411 at June 30, 2013, and the amount of life insurance coverage for these retired employees was \$95,836,000.

Funding Policy - The City recognizes the cost of providing the life insurance benefits by charging the insurance premiums to expenditures. Life insurance benefits are paid through premiums to an insurance company under an indemnity plan. The insurance company has the right to adjust the premiums based on claims paid. Historically, the claims paid in any one year have not exceeded the premiums. The required contribution is based on projected pay-as-you-go financing requirements. The current rate is .28 per \$1,000 face value of life insurance for actives and retirees. The life insurance premium costs for the City's retirees for the years ending June 30, 2013, 2012, and 2011 were \$316,168, \$310,637, and \$275,971, respectively. The life insurance and accidental death and dismemberment premium costs for the City's active employees for the years ending June 30, 2013, 2012, and 2011 were \$1,120,321, \$1,148,553, and \$1,149,148, respectively.

Annual OPEB Cost and Net OPEB Obligation - The City's annual postemployment benefit (OPEB) cost is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed thirty years. The following table shows the components of the City's annual OPEB cost for the year, the amount actually contributed to the Plan, and the changes in the City's net OPEB obligation to the Plan.

Net OPEB obligation at beginning of year	\$	11,390,128	
Less: Water utility contribution at 8%		911,210	
		10,478,918	
Plus: Projected annual OPEB cost:			
Interest on net OPEB obligation at beginning of year		419,157	
Annual required contribution (ARC) for current fiscal year		3,901,473	
ARC adjustment for current fiscal year		(488,326)	
		3,832,304	
Less: Net employer contribution		(1,560,915)	
Expected net OPEB obligation at end of year	\$	12,750,307	

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the Plan, and the net OPEB obligation for 2013 and the two preceding years were as follows:

Fiscal Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
6/30/11	\$ 3,664,536	35.0%	\$ 8,372,486
6/30/12	\$ 3,909,642	22.8%	\$ 11,390,128
6/30/13	\$ 3,832,304	40.7%	\$ 12,750,307

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2013

Funding Status and Funding Progress - As of June 30, 2013, the most recent actuarial valuation date, the Plan was 0% funded using the criteria established by GASBS 45. The actuarial accrued liability for benefits was \$58,657,889 (\$17,250,799 for active employees and \$41,407,088 for retired employees). There are no Plan assets; however, the City has earmarked \$9,912,560 in the City's Internal Service Employee Insurance Fund for future Plan costs. The covered payroll (annual payroll of active employees covered by the Plan) was \$253,660,903 and the ratio of the Unfunded Actuarial Accrued Liability (UAAL) to the covered payroll was 23.1%. The ARC as a percent of payroll is 1.5% of which 0.5% is the normal cost as a percent of payroll. The ARC per active employee is \$544. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events of events far into the future. Examples include assumptions about future employment, mortality, and changes in life expectancies. Amounts determined regarding the funded status of the Plan and the annual required contributions of the City are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The Schedule of Funding Progress is presented as required supplementary information following the notes to the financial statements.

Actuarial Methods and Assumptions - Projections of benefits for financial reporting purposes are based on the Plan as understood by the City and the Plan members and include the types of benefits provided at the time of each valuation and the City's historical pattern of paying for the Plan. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations. In the June 30, 2013, actuarial valuation, the Entry Age Normal (EAN) funding method was used where, for each plan member, the actuarial present value of benefits is levelly spread over the Plan member's earnings or service from entry age to assumed exit age. The EAN cost method is generally regarded by actuaries as the most stable of the funding methods. The goal of GASBS 45 is to match recognition of retiree life expense with the periods during which the benefit is earned and the City's actuary believe that EAN funding method effectively meets that goal in most circumstances. Another important issue in these calculations is the treatment of implicit subsidies where retiree coverage is subsidized by active employee costs. The City pays the same insurance premium rates for both active and retired employees, because the retired employees are on average older than active employees, there is an implicit subsidy of retiree coverage by active employee costs, which GASBS 45 generally requires be attributed to the retiree liability. The actuarial assumptions included a 4.0 percent investment rate of return on expected long-term returns on the City's own investments calculated on the funded level of the Plan at the valuation date. As of June 30, 2013, the Plan has not been funded and no interest was earned on the Plan assets during the year. The City intends to amortize the UAAL over a thirty-year period under the level percentage of pay method, beginning in the next fiscal year. The remaining amortization period at June 30, 2013, was 25 years. The ARC was based on a 4.0 percent discount rate, funding will be based on a 6.0 percent discount rate.

Retiree Health Care Act Contributions

Plan Description - The City contributes to the New Mexico Retiree Health Care Fund, a cost-sharing multiple-employer defined benefit postemployment healthcare plan administered by the New Mexico Retiree Health Care Authority (RHCA). The RHCA provides health care insurance and prescription drug benefits to retired employees of participating New Mexico government agencies, their spouses, dependents, and surviving spouses and dependents. The RHCA Board was established by the Retiree Health Care Act (Chapter 10, Article 7C, NMSA 1978). The Board is responsible for establishing and amending benefit provisions of the healthcare plan and is also authorized to designate optional and/or voluntary benefits like dental, vision, supplemental life insurance, and long-term care policies.

Eligible retirees are: 1) retirees who make contributions to the fund for at least five years prior to retirement and whose eligible employer during that period of time made contributions as a participant in the RHCA plan on the person's behalf unless that person retires before the employer's RHCA effective date, in which event the time period required for employee and employer contributions shall become the period of time between the employer's effective date and the date of retirement; 2) retirees defined by the Retiree Health Care Act who retired prior to July 1, 1990; 3) former legislators who served at least two years; and 4) former governing authority members who served at least four years.

The RHCA issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for the postemployment healthcare plan. That report and further information can be obtained by writing to the Retiree Health Care Authority at 4308 Carlisle NE, Suite 104, Albuquerque, NM 87107.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2013

Funding Policy - The Retiree Health Care Act (Section 10-7C-13 NMSA 1978) authorizes the RHCA Board to establish the monthly premium contributions that retirees are required to pay for healthcare benefits. Each participating retiree pays a monthly premium according to a service based subsidy rate schedule for the medical plus basic life plan plus an additional participation fee of five dollars if the eligible participant retired prior to the employer's RHCA effective date or is a former legislator or former governing authority member. Former legislators and governing authority members are required to pay 100% of the insurance premium to cover their claims and the administrative expenses of the plan. The monthly premium rate schedule can be obtained from the RHCA or viewed on their website at www.nmrhca.state.nm.us.

The employer, employee and retiree contributions are required to be remitted to the RHCA on a monthly basis. The statutory requirements for the contributions can be changed by the New Mexico State Legislature. Employers that choose to become participating employers are January 1, 1998, are required to make contributions to the RHCA fund in the amount determined to be appropriate by the board.

The Retiree Health Care Act (Section 10-7C-15 NMSA 1978) is the statutory authority that establishes the required contributions of participating employers and their employees. For employees who are members of an enhanced retirement plan (state police and adult correctional officer coverage plan 1; municipal police member coverage plans 3, 4 and 5; municipal fire member coverage plan 3, 4 and 5; municipal detention officer member coverage plan 1; and members pursuant to the Judicial Retirement Act [10-12B-1 NMSA 1978]), during the fiscal year ended June 30, 2013, the statute required each participating employer to contribute 2.5% of each participating employee's annual salary, and each participating employee was required to contribute 1.25% of their salary. For employees that were not members of an enhanced retirement plan during the fiscal year ended June 30, 2013, the statute required each participating employer to contribute 2.0% of each participating employee's annual salary; each participating employee was required to contribute 1.0% of their salary. In addition, pursuant to Section 10-7C-15(G) NMSA 1978, at the first session of the Legislature following July 1, 2013, the legislature shall review and adjust the distributions pursuant to Section 7-1-6.1 NMSA 1978 and the employer and employee contributions to the authority in order to ensure the actuarial soundness of the benefits provided under the Retiree Health Care Act.

The City's contributions to the RHCA for the years ended June 30, 2013, 2012, and 2011 were \$5,470,619, \$5,301,347, and \$4,688,405, respectively, which equal the required contributions for each year.

M. Landfill closure and postclosure care cost

Federal laws and regulations require the City to place a final cover on its landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Although closure and post-closure care costs will be paid only near or after the date that the landfill stops accepting waste, the City reports a portion of these closure and post-closure care costs in the Refuse Disposal Fund as an operating expense in each period based on landfill capacity used as of each balance sheet date. The \$1,924,562 reported as accrued landfill closure costs from restricted assets at June 30, 2013, represents the cumulative amount reported to date based on the use of 27.4% of the estimated capacity of the Cerro Colorado Landfills.

The City will recognize the remaining estimated cost of closure and post-closure care of \$5,093,988 as the remaining estimated capacity is filled. These amounts are based on what it would cost to perform all closure and post-closure care in 2013. The City expects to close the landfill in the year 2077. Actual cost may be higher due to inflation, change in technology, or change in regulations. The City has set aside \$2,460,092 for future post-closure costs. This amount is reported as a restricted asset on the balance sheet. The City expects that future inflation costs will be paid from interest earnings on these annual contributions. However, if interest earnings are inadequate, or additional post-closure care requirements are determined (due to change in technology or applicable laws or regulations, for example); these costs may need to be covered by charges to future landfill users or from future tax revenue.

N. Risk management

The City is exposed to various risks of loss related to torts and civil rights claims (including law enforcement and employment related exposures); theft, damage and destruction of its real and personal assets; workers compensation losses; errors and omissions of City officers and officials; and natural disasters. The City uses the Risk Management Fund to account for and finance its uninsured risks of loss. Under this program, the Risk Management Fund provides coverage for up to a maximum of \$1,000,000 for each workers' compensation incident, \$1,050,000 for each tort liability claim, and

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2013

\$50,000 for each City real and contents damage claim. Losses in other categories and catastrophic losses in the mentioned categories are the subject of insurance and/or actuarially reviewed retentions. Whenever a risk exposure is insured, the City continues to benefit from case coverage on claims that were incurred during the insured claim year.

The Risk Management Fund tracks claims on a fund by fund basis and assesses charges to each fund based on historical claims experience and the need to establish a reserve for unanticipated catastrophic losses. That reserve was \$1,000,000 at June 30, 2013, and is included in the unrestricted net position of the Risk Management Fund. The claims liabilities reported in the Risk Management Fund are based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported (IBNRs). The result of the process to estimate the claims liability is not an exact amount as it depends on many complex factors, such as inflation, changes in legal doctrines, and damage awards. Accordingly, claims are reevaluated periodically to consider the effects of inflation, recent claim settlement trends (including frequency and amount of pay-outs), and other economic factors. The estimate of the claims liability also includes amounts for incremental claim adjustments expenses related to specific claims and other claim adjustment expenses regardless of whether allocated to specific claims. Estimated recoveries, for example from salvage or subrogation, are another component of the claims liability estimate. Based on historical data, the City believes the Risk Management Fund is adequately funded. Moreover, pursuant to Section 41-4-25(B) NMSA 1978, in the event of a judgment against the City in excess of \$1,000,000 the City, with Council approval, may levy a tax on real property to provide for the payment of catastrophic losses. In addition, the City started fiscal year 2013 with \$41,400,000 available in the committed General Fund balance.

In recent years, the City has experienced an increase in claim amounts. In response to this increase, the City conducted a review of both its philosophy for reserving funds and the tools used to analyze the reported claims liability. As a result of this review, and based on information pertaining to existing claims, the City determined that a higher reserve liability was needed. The City plans to increase annual funding to the Risk Management Fund reserve in the amount of \$2.5 million per year by increasing charges to other funds beginning in fiscal year 2015.

Finally, the City has reserve amounts created by the City's policy to reserve one-twelfth of the General Fund budgeted amount. The amounts and change in the Fund's claims liability in fiscal year 2013 and 2012 were:

	2013	2012
Claims liability at July 1	\$ 72,136,558	\$ 66,902,536
Current year claims and change in estimates	65,079,418	26,923,508
Claims liquidated	(27,383,326)	(21,689,486)
Claims liability at June 30	<u>\$ 109,832,650</u>	<u>\$ 72,136,558</u>
The components of the claims liability at June 30 are:		
Current portion	\$ 25,242,425	\$ 16,800,000
Noncurrent portion	84,590,225	55,336,558
Total claims liability	<u>\$ 109,832,650</u>	<u>\$ 72,136,558</u>

O. Commitments and contingencies

Encumbrances for purchase orders, contracts, and other commitments for expenditures are recorded in memorandum accounts of the City's governmental funds. Encumbrances lapse for budgetary purposes at the end of each fiscal year and the subsequent year's appropriations provide authority to complete these transactions. These typically are for property purchases and will be re-appropriated in the ensuing year. Encumbrances that are outstanding, but not re-appropriated, are a commitment of the City and the outstanding amount is reported in the table below.

Government activities:	
Major Funds: General Fund	\$ 2,352,765
Nonmajor government funds	<u>9,733,867</u>
Total governmental activities	<u>\$ 12,086,632</u>

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2013

In addition, the business-type funds have uncompleted construction and other commitments for construction, improvements and replacements or from operating revenues:

Business-type activities:

Major Funds:

Airport Fund	\$ 82,505,738
Refuse Disposal Fund	5,614,088
Transit Fund	1,000,991
Nonmajor business-type funds	<u>4,744,692</u>
Total business-type activities	<u>\$ 93,865,509</u>

In the normal course of business, the City is subject to certain contingent liabilities and unasserted claims. These contingencies are evaluated in light of their probability of being asserted and the estimatability of the claims. Those claims that are probable and estimable have been accrued in the accompanying financial statements. Claims that are possible and/or not estimable are disclosed herein. Remote claims are monitored until such time as they are resolved, disclosed, or accrued. Except as discussed in the following paragraphs, it is the opinion of City management that the ultimate resolution of other litigation will not have a material effect on the financial position of the City.

The City is a defendant in a legal proceeding that does not fall under the New Mexico Tort Claims Act; this legal proceeding alleges that certain time incurred by some of the City of Albuquerque's Fire Department, Transit Department and other employees are subject to overtime compensation. The ultimate outcome of these legal proceedings cannot presently be determined; the case is currently awaiting the Courts consideration on how the calculations are to be determined. Accordingly, no provision for any additional liability that may result upon the ultimate outcome has been recognized in the accompanying financial statements and schedules.

The City has received a number of Federal and State grants for specific purposes. These grants are subject to audit and may result in requests for reimbursements to granting agencies for expenditures disallowed under the terms of the grants. Based on prior experience, City management believes that such discrepancies, if any, will not be material.

P. Budget violations

In violation of City ordinance Section 2-11-12 ROA 1994, the City overspent the budget at the following fund levels. The City produces quarterly expenditure reports and provides this information to City Departments in an effort to prevent future violations.

Fund/Program	Final Budget	Actual	Variance
Albuquerque Biological Park Projects Fund/BioPark	\$18,990,255	\$19,282,035	\$(291,780)
City Housing Fund/Planning and Coordinating	10,916,069	11,802,894	(886,825)
Law Enforcement Protection Fund/Police Forfeitures	23,992,200	24,356,024	(363,824)
Apartments Fund/Apartments	4,457,000	4,894,540	(437,540)
Stadium Fund/Stadium Operations	2,922,000	2,922,856	(856)

Q. Significant effects of subsequent events

On July 1, 2013, the City issued \$11,675,000 of General Obligation Refunding Bonds, Series 2013C. The bonds have a coupon rate of 0.350% and require semi-annual interest payments until the bonds mature on July 1, 2014. The net proceeds of \$11,598,757 (less costs of issuance of \$76,243) were used to redeem in full the Series 2005B General Obligation Storm Sewer Bonds with maturity dates through July 1, 2014, and accrued interest of \$241,294 on the Series 2005B Bonds. This refunding was undertaken to reduce future interest costs resulting in a net decrease to debt service over the life of the bonds of \$121,725 and resulting in an economic gain (difference between the present value of the debt service payment of the refunded and refunding bonds) of \$121,511.

CITY OF ALBUQUERQUE, NEW MEXICO

DESCRIPTION OF NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

COMMUNITY DEVELOPMENT FUND—To account for the sources and uses of Development Block Grants. (7-1-6.11 NMSA 1978)

FIRE FUND—To account for the proceeds of the City's share of taxes on fire insurance premiums collected by the state, which are required to be used for equipment, maintenance of equipment, or training. (59A-53-5 NMSA 1978)

LODGERS' TAX FUND—To account for the proceeds of the Lodger's Tax which are required to be used for promotional activities and the acquisition or construction of certain facilities. (3-38-21 NMSA 1978)

HOSPITALITY TAX FUND—To account for the proceeds of the Hospitality Tax of which fifty percent are required to be used for the purpose of purchasing advertising to publicize and promote tourist-related attractions, facilities and events. The other fifty percent are required to be used to equip and furnish the City of Albuquerque Convention Center. (3-38A NMSA 1978)

CULTURE AND RECREATION PROJECTS FUND—To account for contributions and donations earmarked for specific projects of Culture and Recreation Department. (Enactment No. 51-1997, R-97-189-12th Council)

ALBUQUERQUE BIOLOGICAL PARK PROJECTS FUND—To account for contributions and donations earmarked for specific projects of the Biological Park. (Enactment No. 51-1997, R-97-189-12th Council)

CITY HOUSING FUND—To account for the revenues and expenditures incurred for the repair and replacement of the City operated subsidized housing. (Enactment No. 110-1984, R-84-112-6th Council)

AIR QUALITY FUND—To account for the operation of the City's Air Pollution Control Program. (9-5-1-13 RO 1994)

HEART ORDINANCE FUND—To account for license and permit fees dedicated exclusively to programs for free microchipping and free spay and neutering of Companion Animals for Low Income Persons, moderate income persons, seniors, and when possible, the general public. (Enactment No. 18-2006)

OPERATING GRANTS FUND—To account for various grants from federal and state agencies and other sources which are restricted by the granting agency to expenditures for specified purposes. (Enactment No. 51-1979, 0-79-64-3rd Council)

METROPOLITAN REDEVELOPMENT FUND—To account for the revenues and expenditures incurred in connection with the rehabilitation of historical buildings. Financing is provided by certain property taxes in accordance with the State of New Mexico Metropolitan Redevelopment Code. (14-8-4 NMSA 1978)

HOUSING AND NEIGHBORHOOD ECONOMIC DEVELOPMENT FUND—To account for the use of proceeds from repayment of Urban Development Action Grant loans. The proceeds will be used for housing and economic development in poverty regions within the City. (4-2-2 RO 1994)

LAW ENFORCEMENT PROTECTION FUND—To account for certain state taxes and fees required to be used for law enforcement services. (29-13-6 NMSA 1978)

GAS ROAD TAX FUND—To account for the proceeds of the City's share of the state shared Gas Tax revenues required to be used for street maintenance. (7-1-6.9 NMSA 1978)

PHOTO ENFORCEMENT RED LIGHT FUND—To account for revenues and expenditures associated with the photo enforcement program. (Enactment No. 95-2003, R-03-298-10th Council)

CITY/COUNTY FACILITIES FUND—To account for rental income and costs of operating City/County facilities. (1984 Joint Powers Agreement)

ACQUISITION & MANAGEMENT OF OPEN SPACE EXPENDITURES FUND—To account for the investment earnings of the Acquisition and Management of Open Space Permanent Fund that is transferred to this fund and the related expenditures. (Enactment NO. 41-1982, R-82-67-5th Council)

URBAN ENHANCEMENT EXPENDITURES FUND—To account for the investment earnings of the Urban Enhancement Permanent Fund that is transferred to this fund and the related expenditures. (Enactment No. 69-1983, 0-83-170-5th Council)

CITY OF ALBUQUERQUE, NEW MEXICO

DESCRIPTION OF NONMAJOR GOVERNMENTAL FUNDS

CAPITAL PROJECTS FUNDS

SPECIAL ASSESSMENTS CAPITAL FUND—To account for capital projects financed by sale of special assessment bonds.

QUALITY OF LIFE FUND—To account for capital projects for which financing is provided by the Quality of Life gross receipts tax, grants, and other miscellaneous revenues.

INFRASTRUCTURE TAX FUND—To account for capital projects for which financing is provided by the municipal infrastructure gross receipts tax, grants, and other miscellaneous revenues.

IMPACT FEES FUND—To account for the fees received from builders of new commercial and residential building restricted for funding of critical major infrastructure.

VEHICLE AND EQUIPMENT REPLACEMENT FUND—To segregate funds for planned purchases of vehicles and equipment for City departments.

DEBT SERVICE FUNDS

SALES TAX REFUNDING DEBT SERVICE FUND—To accumulate monies for payment of principal and interest of revenue bonds secured by pledges of Gross Receipts Tax (sales tax) and certain Lodgers' Tax revenues.

FIRE DEBT SERVICE FUND—To accumulate monies for payment of principal and interest of debt secured by pledges of revenues from State Fire Protection Fund distributions.

PERMANENT FUNDS

ACQUISITION AND MANAGEMENT OF OPEN SPACE PERMANENT FUND—To account for proceeds from the sale of certain properties. The principal of this fund is to be retained intact. The investment earnings are to be used for the acquisition and management of open space land. (Enactment NO. 41-1982, R-82-67-5th Council)

URBAN ENHANCEMENT PERMANENT FUND—To account for the principal of the Urban Enhancement Fund. The principal of the fund is to remain intact. The investment earnings are to be used to enhance or enrich the appearance and culture of the City. (Enactment No. 69-1983, 0-83-170-5th Council)

Source: Bernalillo County Abstract of Property Reported For Taxation

Note: Bernalillo County assesses property at 33.3% of assessed valuation in accordance with Sections 7-37-7 and 7-37-7.1 NMSA 1978. Estimated actual value is calculated by dividing assessed value by those percentages. Tax rates are per \$1,000 of assessed value.

- (1) Weighted average of residential rate and non-residential (commercial) rate based on percentage of each type to total assessed value.
- (2) Residential exemptions are Head of Household (\$2,000) and Veteran (\$4,000) and low income/age (65 years old with less than \$18,500 in income).
- (3) Non-residential exemptions are granted for agriculture property and for Industrial and Municipal Revenue Bonds.

NOTE C NON-CASH ASSISTANCE, LOANS, AND LOAN GUARANTEES

In accordance with OMB Circular A-133, the City discloses non-cash assistance, loans, and loan guarantees. The City considers the non-cash assistance amount to be immaterial and will fully disclose amounts in subsequent years. The reported amount includes new loans made during the year, plus prior year loans for which the federal government imposes continuing compliance requirements. Accordingly, the total expenditures per the Schedule of Expenditures of Federal Awards is adjusted as follows:

Total expenditures per Schedule of Expenditures of Federal Awards	\$ 74,788,302
Loans and loan guarantees:	
Community Development Block Grant	14.218 1,331,494
HOME program	14.239 <u>366,005</u>
Adjusted total expenditures per Schedule of Expenditures of Federal Awards	<u>\$ 76,485,801</u>

Independent Auditor's Report on Internal Control Over
Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in
Accordance with *Government Auditing Standards*

The Honorable Richard J. Berry, Mayor and City Council Members
of the City of Albuquerque
Mr. Hector H. Balderas, New Mexico State Auditor

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, the aggregate remaining fund information, and the budgetary comparison of the general fund of the City of Albuquerque, New Mexico (the "City"), as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and the combining and individual funds and related budgetary comparisons of the City, presented as supplementary information, and have issued our report thereon dated March 7, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and questioned costs as items 2008-016, 2009-015, 2011-003, 2012-003, and 2013-001 to be material weaknesses.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompany schedule of findings and questioned costs as items 2006-016, 2008-012, 2009-020, 2011-001, and 2012-004 to be significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and pursuant to Section 12-6-5, NMSA 1978, which are described in the accompanying schedule of findings and questioned costs as items 2001-017, 2008-012, 2009-014, 2010-004, 2012-002, and 2013-005.

The City's Response to Findings

The City's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The City's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance For Each Major Program and on Internal Control Over Compliance Required by OMB Circular A-133

The Honorable Richard J. Berry, Mayor and City Council Members
of the City of Albuquerque
Mr. Hector H. Balderas, New Mexico State Auditor

Report on Compliance for Each Major Federal Program

We have audited the City of Albuquerque's (the "City") compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended June 30, 2013. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City's compliance.

Opinion on Each Major Federal Program

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2013.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as items 2010-012, 2011-006, 2012-001, 2013-002, 2013-003, and 2013-004. Our opinion on each major federal program is not modified with respect to these matters.

The City's responses to the noncompliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The City's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

Report on Internal Control Over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified certain deficiencies in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as items 2010-012, 2012-001, 2013-002, 2013-003, and 2013-004 that we consider to be significant deficiencies.

The City's responses to the internal control over compliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The City's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

FOR THE YEAR ENDED JUNE 30, 2013

B — Financial Statement Findings

2006-016 Operating Grants Fund Balance (Repeated and Modified) (Significant Deficiency)

Criteria: Financial statements of governmental funds are reported using the modified accrual basis of accounting. Under this basis of accounting, grant revenues generally are reported only to the extent of expenditures, resulting in no fund balance. Reasons for departures from this general rule – resulting in fund balance being reported in grant funds – should be documented.

Condition: The Operating Grants Fund is used to account for various grants from federal and state agencies and other sources which are restricted by the granting agency to expenditures for specified purposes (City Enactment No. 51-1979) and is considered a special revenue fund for financial reporting purposes. As of June 30, 2013, the Operating Grants Fund reported fund balance of \$4,536,490. The City has not identified the cause and/or source of a significant portion of this fund balance.

Cause: Older and inactive grants have not been reconciled by the City.

Effect: Revenues or expenditures resulting in fund balance may be incorrectly reported in grant funds.

Auditors' Recommendations: The City should document the reasons for the fund balance reported in the Operating Grants Fund. The City began this process in fiscal year 2012 and continued this research in fiscal year 2013. The City should also consider centralizing the grant accounting function so that central accounting has better control over the recording and reporting of grant revenue.

Management's Response: The City concurs with the finding. The City Accounting Division has made significant progress in the reconciliation of older inactive grants. In fiscal year 2013, the City closed over 160 projects including approximately 750 activities. The City continues to identify the grants that make up the excess fund balance in the grant fund and is working with the appropriate City departments. The City is close to explaining a major component of the fund balance on the older inactive grants and has justified the balances in the current year as advanced City match and program income.

Additional resources have been hired to reconcile grants on a life-to-date basis. As reconciliations are being completed, the source of the fund balance will be clearly defined and appropriate steps will be taken.

CITY OF ALBUQUERQUE, NEW MEXICO
SCHEDULE OF FINDINGS AND QUESTIONED COSTS - CONTINUED
FOR THE YEAR ENDED JUNE 30, 2013

B — Financial Statement Findings — continued

2008-012 New Mexico State Public Money Law Requirements (Repeated and Modified) (Significant Deficiency)

Criteria: The New Mexico Statutes, Section 6-10-3 NMSA 1978, requires all public money to be deposited before the close of the next succeeding business day after the receipt of the money. In addition, deposits should be supported by system reports and be approved by someone independent of the cash receiving process.

Condition: We reviewed a sample of 25 cash receipts transactions occurring during fiscal year 2013 totaling \$403,774. Three cash receipts tested totaling \$305,657 were not deposited before the close of the next succeeding business day after the receipt of the money. We also identified two other instances where there was lack of approval for the amount deposited, and one instance where the amount deposited does not agree to the deposit slip or the daily cash receipts report produced by the cash receipts system.

Cause: Cash handling procedures are not being followed by several departments within the City.

Effect: The City did not comply with the state statutes regarding timely deposit of public money. In addition, lack of review of deposits could result in incorrect amounts being deposited.

Auditors' Recommendations: The City should enforce its cash handling procedures to ensure that all cash receipts are deposited within one business day after the receipt of the money. The City should also ensure that deposits are reviewed by someone other than the preparer of the deposit before the money is deposited to the bank.

Management's Response: The City concurs with the finding. City Treasury will continue instructing cash handling classes twice a month for all employees who handle and have access to public monies. This class is the first step in introducing and advising employees of the following, but not limited to: (1) the 24 hour monies deposit rule, (2) the dual verification process, (3) the recording and entering deposits into the ERP Remote Cash Receiving module within 24 hours, (4) the separation of duties and (5) the importance of implementing custom cash handling procedures for their cash sites.

In the near future, City Treasury will work with all fiscal officers of each department to ensure written cash handling procedures have been implemented for each cash site. The City will require that a copy of the procedures be filed with the Treasurer together with sign off from employees stating they have read the procedures and agree to abide by them or they may be subjected to disciplinary action.

In addition, City Treasury will offer classes on providing step by step instructions on recording deposits in the City's financial system on a timely manner (within 24 hour deposit rule).

CITY OF ALBUQUERQUE, NEW MEXICO
SCHEDULE OF FINDINGS AND QUESTIONED COSTS - CONTINUED
FOR THE YEAR ENDED JUNE 30, 2013

B — Financial Statement Findings — continued

2008-016 Bank Reconciliation Process (Repeated and Modified) (Material Weakness)

Criteria: Bank reconciliations are an important element of internal control, facilitating timely detection of book/bank differences so they can be investigated and resolved. Such reconciliations are consistent with New Mexico statutes, Section 6-6-3 A NMSA 1978, which require that the City “keep all the books, records, and accounts in their respective offices in a form as prescribed by the Local Government Division.”

Condition: General ledger cash balances of the common fund, accounts payable, and payroll accounts are adjusted monthly to equal balances derived from adjusting bank balances for the effect of known outstanding items. Adjustments to cash resulting from this process are accumulated throughout the fiscal year and allocated to investment income among various funds at year-end. This process does not result in a true reconciled bank balance, nor does it allow City personnel to accurately track and resolve reconciling items on a timely basis. Moreover, the process does not ensure that book/bank differences are identified and resolved.

Cause: Reports that would facilitate reconciliation of general ledger cash balances to the corresponding bank balance are not currently produced by the accounting system. The City also uses other systems to track certain cash transactions, which do not interface completely with the City’s accounting system.

Effect: Errors in general ledger cash balances, and/or bank errors, may not be detected. Moreover, the current process does not reconcile the general ledger activity and book balances with the corresponding bank activity and bank balances. This can result in potential misstatements and does not facilitate identification and correction of errors on a timely basis.

Auditors’ Recommendations: The City should establish and implement procedures to ensure general ledger cash balances are regularly reconciled to corresponding bank balances. Any unreconciled differences identified through this process should be investigated and resolved on a timely basis.

Management’s Response: The City concurs with the finding. The City Accounting Division is working with Treasury to develop a better deposit reconciliation process. The City is working with departments to attempt to clear unreconciled items. In order to improve the process, the City Accounting Division feels it is necessary to implement the PeopleSoft Treasury Accounting reconciliation functionality and modify the current business process. The City Accounting Division has requested that the remediation be prioritized.

CITY OF ALBUQUERQUE, NEW MEXICO
SCHEDULE OF FINDINGS AND QUESTIONED COSTS - CONTINUED
FOR THE YEAR ENDED JUNE 30, 2013

B — Financial Statement Findings — continued

2009-015 Timely Closing of General Ledger and Reconciliation of Subsidiary Ledgers (Repeated and Modified) (Material Weakness)

Criteria: Timely reconciliation of subsidiary ledgers supporting asset and liability balances is essential to the detection of errors and/or irregularities and to facilitate timely closing of the general ledger. Procedures should be in place to ensure that timely, accurate reconciliations are prepared, and that differences are investigated and resolved timely.

Condition: For the first nine months of fiscal year 2013, several subsidiary ledgers were not reconciled to the general ledger on a monthly basis. This increases the risk for undetected errors and irregularities.

Cause: There are a number of standalone subsidiary ledgers maintained by individual departments that are not interfaced with the accounting system, which obscures the reconciliation and closing process. The PeopleSoft accounting system was also actively being remediated during fiscal year 2013 to implement different modules in the system. As the City's Accounting Division has become more comfortable with the system, implementation of monthly closing procedures has been easier to implement.

Effect: There is an increased risk that errors and/or irregularities will occur and not be detected and corrected in a timely manner. In addition, the City is not able to draft its Comprehensive Annual Financial Report (CAFR) in a timely manner, which could affect the City's bond ratings and availability of federal funding. This also affects the City's ability to comply with bond covenants and regulatory deadlines, such as the New Mexico State Auditor Rule.

Auditors' Recommendations: The City should devote appropriate resources in gaining better functionality within the PeopleSoft accounting system. The City has made improvements in their reconciliation process and should continue to work diligently to update and reconcile information in the accounting system.

All standalone subsidiary ledgers should also be interfaced with the accounting system and included in the monthly reconciliation process. This will improve the quality of information in the accounting system and enable the City to expedite the year-end reconciliation process.

Management's Response: As of April 2013, the City began timely reconciliation and closing of the subsidiary ledgers and the general ledger. The City is working to shorten the time between the end of the month and the actual closing date. The City expects this finding to be resolved in fiscal year 2014.

CITY OF ALBUQUERQUE, NEW MEXICO
SCHEDULE OF FINDINGS AND QUESTIONED COSTS - CONTINUED
FOR THE YEAR ENDED JUNE 30, 2013

B — Financial Statement Findings — continued

2009-020 Developer Loans (Repeated and Modified) (Significant Deficiency)

Criteria: The City should review loans to developers regularly and ensure that the loans are accruing interest and are collectible. The City should monitor the maturity date of each loan and ensure the loans are either collected on the maturity date or agree to an amendment extending the due date. Developer loan supporting documentation should be maintained in accordance with the City's policies and procedures.

Condition: Developer loans are made out of various funds of the City. Developer loans out of the Parking fund are not accruing interest as stated in the loan agreements with the developers and an audit adjusting entry was needed to record the accrued interest. In addition, one of these loans matured in fiscal year 2013 and the City has not contacted the developer to determine whether this loan should be collected or be extended.

Cause: Most developer loans do not mature for several years and are not reviewed regularly by the Parking fund personnel. There has also been turnover in management within the Parking fund.

Effect: The likelihood of collecting these developer loans increases without regular review of developer loan agreements and regular contact with the developers. By not accruing interest, the City is understating the ultimate balances receivable from developers in the Parking fund. If loans are not repaid, it would adversely affect the City's financial position.

Auditors' Recommendations: The City should develop and implement policies and procedures to ensure that interest is accrued on all developer loans in accordance with the developer loan agreement. The City should also monitor developer loans for upcoming maturity dates and maintain contact with developers to ensure collection of these loans.

Management's Response: The City concurs with this finding. The City of Albuquerque Accounting division has updated the interest schedules and will continue to accrue the interest annually. The City of Albuquerque legal department has drafted a letter notifying the developer that the note has matured and the City intends to collect. The developer may have the terms of the note extended which requires council approval.

CITY OF ALBUQUERQUE, NEW MEXICO
SCHEDULE OF FINDINGS AND QUESTIONED COSTS - CONTINUED
FOR THE YEAR ENDED JUNE 30, 2013

B — Financial Statement Findings — continued

2011-001 Accounts Payable Controls (Repeated and Modified) (Significant Deficiency)

Criteria: Controls over disbursements should include, among others, procedures that ensure prior independent review of wire transfers. In addition, there should be monthly analysis of an aged payable report to identify accounts that are not being paid timely.

Condition: For the first eleven months of fiscal year 2013, wire transfers to vendors (i.e. E-payables or ACH payments) were not independently reviewed for accuracy prior to the transfers being made. In addition, an aged payables report is not being produced by the accounting system to enable review of vendor payables.

Cause: The City has been operating with limited resources and did not have adequate staffing to enable an independent review of wire transfers. The City's accounting system also currently does not contain a workflow for accounts payable, which has made it difficult to produce an aged payables report.

Effect: Payments could be made through wire transfers to fictitious or inappropriate vendors. There is also increased risk that invoices may be paid late, causing the City to incur unnecessary late fees.

Auditors' Recommendations: The City should ensure that all wire transfers are approved by two individuals prior to being sent to vendors. The City should also develop an aged payables report within the accounting system. Once this report has been developed, assign an individual with the responsibility of periodically reviewing this report for validity and accuracy on a monthly basis.

Management's Response: The City Concurs with this finding. The City implemented a process in June 2013 to review ACH payments. The City expects this portion of the finding to be resolved in fiscal year 2014.

A query report has been developed in PeopleSoft that shows purchase orders issued but not received which gives some information on potential liabilities. The City has discovered that implementation of the PeopleSoft EProcurement module and process reengineering is required to enable the City to identify outstanding liabilities. Implementation of the PeopleSoft EProcurement module is expected to begin in fiscal year 2015.

CITY OF ALBUQUERQUE, NEW MEXICO
SCHEDULE OF FINDINGS AND QUESTIONED COSTS - CONTINUED
FOR THE YEAR ENDED JUNE 30, 2013

B — Financial Statement Findings — continued

2011-003 Capital Assets Records (Repeated and Modified) (Material Weakness)

Criteria: The City should have detailed capital asset records to support the reported balance of capital assets. These detailed records should include information such as description (including serial number or other identification number), source, acquisition date and cost, percentage of federal participation in the cost, location and condition of the asset.

Condition: Reported balances of buildings, infrastructure, land, improvements, and right-of-ways are not supported by subsidiary records detailing the pertinent information about each asset, or asset category, necessary to manage and account for these assets. Generally, records maintained by the City consist of the annual dollar amount of additions in each asset category; however, these amounts are not associated with the specific assets acquired. The City does maintain detailed listings of equipment and vehicles.

Cause: Internal controls have not been implemented to ensure that detailed capital asset records are created, maintained, and reconciled to all capital asset amounts reported in the financial statements.

Effect: The reported balance of capital assets in the annual financial statements may be incorrect.

Auditors' Recommendations: Many years ago, with the implementation of GASB Statement No. 34, the City prepared detailed listings of capital assets by category, such as buildings, infrastructure, etc. The City should update those detailed listings so that they reflect all significant capital assets reported in the financial statements, in such a way that individual assets (parcels of land, individual buildings and individual or systems of infrastructure assets, etc.) can be identified.

This may require investigation of historical general ledger activity and comparison to other sources of information to ensure all significant capital assets are included on the capital asset records, and that all assets listed are truly assets of the City. If the resulting detailed listings differ from the corresponding general ledger balances, adjustments should be recorded to bring them into agreement. Procedures should be implemented to ensure that detailed capital asset records of all categories of capital assets are updated regularly to reflect current activity and the resulting balances are reconciled to the corresponding general ledger account balances. Finally, all asset categories should be subject to period verification by physical inspection or other means such as review of supporting documentation.

Management's Response: The City somewhat concurs with this finding. Prior to GASB 34, governments were not required to report capital assets in the financial statements. GASB 34 allowed governments to estimate the value of buildings, roads and infrastructure. The City hired consultants to help determine these values. Since then, the City has kept track of additions by project and activity. Project ID's have descriptions that can identify the capital asset. If a project takes years to develop, the City would have to summarize the additions for multiple years to calculate the historical cost of the specific capital asset. The City agrees that some of the project names are not descriptive enough to accurately determine the capital asset location. In fiscal year 2013 the City implemented the PeopleSoft Asset Management module. This module enables the City to track individual assets. Going forward, a detailed list of additions for all asset classifications will be available. The City plans to continue to utilize the GIS system to identify roads and infrastructure added by mileage totals.

B — Financial Statement Findings — continued

2012-003 Cash Reconciliations – Albuquerque Housing Authority (Repeated and Modified) (Material Weakness)

Criteria: Bank reconciliations are an important element of internal control, facilitating timely detection of book/bank differences so they can be investigated and resolved. Such reconciliations are consistent with New Mexico statutes, Section 6-6-3 A NMSA 1978, which require that the City “keep all the books, records, and accounts in their respective offices in a form as prescribed by the Local Government Division.”

Condition: The bank reconciliations for the Authority’s operating bank account were not completely and accurately reconciled to the general ledger for each of the last four months of fiscal year 2013. As a result, extensive analysis and many journal entries were prepared by the Authority after year-end to correct the fiscal year 2013 general ledger account balances.

Cause: The Authority converted their accounting records to a new public housing and accounting software system. During the conversion, both the legacy system and the new system were used to record transactions, and some transactions during the year were not properly posted to the general ledger in the new system. Therefore, many journal entries were needed after year-end to correct account balances.

Effect: Errors in general ledger cash balances, and/or bank errors, may not be detected. Moreover, a significant amount of time was needed to research and correct the cash balances in preparation of the year-end financial statements.

Auditors’ Recommendations: The Authority should establish and implement procedures to ensure general ledger cash balances are regularly reconciled to corresponding bank balances. Any unreconciled differences identified through this process should be investigated and resolved on a timely basis.

Management’s Response: The Housing Authority agrees with this finding. Procedures are being established and implemented to ensure general ledger cash balances are regularly reconciled to corresponding bank balances. Any unreconciled differences identified through this process will be investigated and resolved on a timely basis. The procedures include completing the cash account reconciliations within 15 days after month-end to accomplish timely and accurate monthly closings.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS - CONTINUED
FOR THE YEAR ENDED JUNE 30, 2013

B — Financial Statement Findings — continued

2012-004 Journal Entries – Albuquerque Housing Authority (Repeated and Modified) (Significant Deficiency)

Criteria: Appropriate and accurate journal entries are essential in correcting errors, facilitating the month-end closing process, and preparing accurate financial statements. Journal entries should be reviewed by someone other than the preparer and that has the accounting knowledge to determine that the entry is appropriate and correct. The entry should be accompanied by supporting documentation to facilitate the review process. The review should be performed prior to the entry being recorded in the accounting records to reduce the need for additional correcting journal entries.

Condition: Certain journal entries reviewed as part of the fiscal year 2013 audit were made in error, and several journal entries were posted to the general ledger without an adequate level of review. As a result, a significant amount of research and several journal entries were prepared by the Authority after year-end to correct the fiscal year 2013 general ledger account balances.

Cause: There was significant turnover at the Authority during fiscal year 2013, including the entire accounting staff and the Executive Director position. In addition, a new public housing and accounting system was implemented during fiscal year 2013. Due to new staff members and the increased workload caused by the accounting records conversion, the appropriate level of review of journal entries was not performed.

Effect: Journal entries that are not reviewed or approved by someone with the appropriate level of accounting knowledge result in entries made in error and misstatement of the financial statements. Additionally, a significant amount of time is required to research and correct erroneous journal entry postings.

Auditors' Recommendations: The Authority should identify and assign responsibility for the preparation and independent review of all journal entries to individuals with the appropriate level of accounting knowledge. Supporting documentation should accompany all journal entries to ensure the reviewer has adequate information to determine the accuracy of the entry.

Management's Response: The Housing Authority agrees with this finding. Policies and procedures are being implemented to identify and assign responsibility for the preparation and independent review of all journal entries to individuals with the appropriate level of accounting knowledge.

CITY OF ALBUQUERQUE, NEW MEXICO
SCHEDULE OF FINDINGS AND QUESTIONED COSTS - CONTINUED
FOR THE YEAR ENDED JUNE 30, 2013

B — Financial Statement Findings — continued

2013-001 Workers Compensation Claims Tracking (Material Weakness)

Criteria: According to Government Accounting Standards Board Statement No. 10, *Accounting and Reporting for Risk Financing and Related Insurance Issues*, a liability for unpaid claims costs, including estimates of costs relating to incurred but not reported (IBNR) claims, should be accrued when insured events occur. The liability should be based on the estimated ultimate cost of settling the claims (including the effects of inflation and other societal and economic factors), using past experience adjusted for current trends, and any other factors that would modify past experience.

Condition: The City's liability for workers compensation claims is based on the estimated cost of settling claims outstanding as of June 30, 2013. However, audit testwork identified a total of five claims occurring in 2009 and earlier that are considered to be settled claims. The City's estimated cost of settling these five claims approximated \$142,000, which should not be reported as a liability at June 30, 2013.

Cause: The City has not adequately reviewed the status of older workers compensation claims for validity and accuracy.

Effect: The reported liability balances for claims and judgments in the annual financial statements may be incorrect.

Auditors' Recommendations: The City should implement a process to regularly review its workers compensation claims database to ensure that all claims exist and represent outstanding claims against the City. Any claims that are identified as being closed or settled should be removed from the claims database or written down to zero.

Management's Response: The City concurs with the finding. The City has added additional staff to review all open claims. Adjustments are being made when necessary. The City is implementing a system to ensure that the status of every open claim is addressed every 90 days.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS - CONTINUED
FOR THE YEAR ENDED JUNE 30, 2013

C — Federal Award Findings and Questioned Costs

2010-012 Documentation of Employee Time and Effort (Repeated and Modified) (Significant Deficiency)

Federal Program Information:

Funding Agency:	U.S. Department of Housing and Urban Development
Title:	Public Housing – Low Rent Operating Subsidy Program
CFDA Number:	14.850
Award year and number:	2012, NM0010000012D-512D 2013, NM0010000013D-513D

Criteria: OMB Circular A-87 requires that Time and Effort Certifications and personnel activity reports be prepared at least semiannually to support personnel charges to federal award programs.

Condition: Procedures are not in place to ensure that Time and Effort Certifications and/or personnel activity reports are prepared to support charges to federal award programs by Housing Authority personnel during fiscal year 2013. Such certifications were not completed by Housing Authority personnel.

Context: Time and Effort Certifications and personnel activity reports were not completed by Housing Authority personnel.

Questioned Costs: None.

Cause: Housing Authority personnel were not aware of these requirements prior to April 2013 and do not have controls in place to ensure Time and Effort Certifications and personnel activity reports support charges to federal awards.

Effect: The program is not in compliance with grant requirements and employee's time has the potential to be misstated, which could result in unallowable expenditures.

Auditors' Recommendations: The City should ensure Time and Effort Certifications and personnel activity reports are completed and retained to support charges to federal awards.

Management's Response: The Housing Authority agrees with this finding. In July 2013, procedures were implemented that required all employees to complete personnel activity reports to support charges to federal award programs. A quarterly audit of all timesheets and funding source will be identified and reconciled by the senior accounting staff.

CITY OF ALBUQUERQUE, NEW MEXICO
SCHEDULE OF FINDINGS AND QUESTIONED COSTS - CONTINUED
FOR THE YEAR ENDED JUNE 30, 2013

C — Federal Award Findings and Questioned Costs — continued

2011-006 Earmarking (Repeated and Modified)

Federal program information:

Funding agency:	U.S. Department of Health and Human Services
Title:	Early Head Start
CFDA Number:	93.600
Award year and number:	2013, 06CH7016/11

Criteria: In accordance with 42 USC 9387(g), each Head Start agency must enroll 100 percent of its funded enrollment in accordance with the targeted earmark requirement.

Condition: The Early Head Start program did not meet its required enrollment of 228 children as outlined in the grant agreement.

Questioned Costs: None.

Context: N/A.

Cause: The City's Early Head Start grant agreement requires providing home-based services before providing center-based services, which is less appealing to eligible families. Recruitment efforts have not been successful in meeting enrollment requirements.

Effect: Noncompliance with this requirement could result in the City being denied Early Head Start funding in the future.

Auditors' Recommendations: Aggressive student recruitment and increased information sessions/ community outreach events could help increase enrollment.

Management's Response: The City concurs with this finding. During fiscal year 2012/2013, the City continued to work with the Regional Head Start Office on its risk management plan. In April 2013, the City submitted a request to the National Office of Head Start to change its program options, allowing families the option between home-based and center-based enrollment, and to reduce enrollment to 204 families. The request included all documented data from the last five years that supported the need for families to have immediate access to center-based services. The request was approved in July 2013 with the award of the fiscal year 2013/2014 Early Head Start grant. The award allows a change to enrollment options and reduces enrollment to 204 without loss of funding. Since the award date, the City has opened a new center-based program at Western Trails and will open a new center-based program at Plaza Feliz in February 2014. It is anticipated both programs will fill the allotted slots, taking the City over its funded enrollment counts. The City expects that the finding will be resolved in fiscal year 2014.

CITY OF ALBUQUERQUE, NEW MEXICO
SCHEDULE OF FINDINGS AND QUESTIONED COSTS - CONTINUED
FOR THE YEAR ENDED JUNE 30, 2013

C — Federal Award Findings and Questioned Costs — continued

2012-001 Timeliness of Grant Expenditures (Repeated and Modified) (Significant Deficiency)

Federal program information:

Funding agency:	U.S. Department of Housing and Urban Development
Title:	Community Development Block Grants (CDBG)/ Entitlement Grants
CFDA Number:	14.218
Award year and number:	2012, B-12-MC-35-0001

Criteria: According to 24 CFR part 570.902 (a), "before the funding of the next annual grant and absent contrary evidence satisfactory to the U.S. Department of Housing and Urban Development (HUD), HUD will consider an entitlement recipient to be failing to carry out its CDBG activities in a timely manner if: (i) Sixty days prior to the end of the grantee's current program year, the amount of entitlement grant funds available to the recipient under grant agreements but undisbursed by the U.S. Treasury is more than 1.5 times the entitlement grant amount for its current program year; and (ii) The grantee fails to demonstrate to HUD's satisfaction that the lack of timeliness has resulted from factors beyond the grantee's reasonable control.

Condition: The last sixty day test measured for the City, which was measured on November 1, 2012, indicated the City had entitlement grant funds available equaling 1.94 times its program year 2012 grant, exceeding the amount allowed.

Context: Entitlement grant funds available but undisbursed by the City.

Questioned Costs: None.

Cause: The City's planning and approval process for construction of homeless facilities, which is expected to use much of the funding backlog, took longer than expected. This delayed the start of this project.

Effect: The City is not in compliance with 24 CFR part 570, which could result in the loss or delay of entitlement grant funding.

Auditors' Recommendations: The City should work with HUD to improve the program's performance and reduce the CDBG funds backlog.

Management's Response: The City concurs with this finding. The City of Albuquerque takes its responsibility to spend CDBG funds in a timely manner very seriously. Historically, the City has issued RFPs following the receipt of federal grant funds. In order to spend funds more timely, the City has revised its procedures and will issue RFPs in anticipation of receiving the funds and make the award contingent upon receipt of grant funds. In addition, the City will select primary and secondary bidders in order to have projects available to fund in the event a primary recipient fails to make acceptable progress towards starting the project. Staff will continue training on developing and monitoring project-specific performance outcome measures and early problem identification along with providing early intervention problem-solving options. As of November 1, 2013, the City met its requirement for spending its program year 2013 grant.

CITY OF ALBUQUERQUE, NEW MEXICO
SCHEDULE OF FINDINGS AND QUESTIONED COSTS - CONTINUED
FOR THE YEAR ENDED JUNE 30, 2013

C — Federal Award Findings and Questioned Costs — continued

2013-002 Special Tests and Provisions – Housing Quality Standards (Significant Deficiency)

Federal program information:

Funding agency:	U.S. Department of Housing and Urban Development
Title:	Home Investment Partnerships Program (HOME)
CFDA Number:	14.239
Award year and number:	2011, M-11-MC-35-0209
	2010, M-10-MC-35-0209
	2009, M-09-MC-35-0209
	2008, M-08-MC-35-0209

Criteria: According to the *OMB Circular A-133 Compliance Supplement*, during the period of affordability (i.e., the period for which the non-Federal entity must maintain subsidized housing) for HOME assisted rental housing, the participating jurisdiction must perform on-site inspections to determine compliance with property standards and verify the information submitted by the owners no less than (a) every 3 years for projects containing 1 to 4 units, (b) every 2 years for projects containing 5 to 25 units, and (c) every year for projects containing 26 or more units. The participating jurisdiction must perform on-site inspections of rental housing occupied by tenants receiving HOME-assisted tenant-based rental assistance to determine compliance with housing quality standards (24 CFR sections 92.251, 92.252, and 92.504(b)). These on-site inspections also involve monitoring eligibility of tenants for the projects.

Condition: The City's HOME program did not perform required on-site inspections during fiscal year 2013. In addition, the program did not monitor compliance with eligibility of participants on one of three projects tested.

Context: N/A

Questioned Costs: None.

Cause: The City's HOME program assigns one individual the responsibility of performing on-site inspections and monitoring eligibility of participants. The program experienced turnover in this position in the last year.

Effect: The City's HOME program is not in compliance with this special test and provision of this grant.

Auditors' Recommendations: The City's HOME program should implement controls to ensure that on-site inspections and eligibility monitoring occur regularly as required by the *OMB Circular A-133 Compliance Supplement*. The program should assign the responsibility of performing on-site inspections and eligibility monitoring to more than one person so that compliance with these requirements are not affected in the event of turnover.

Management's Response: The City concurs with this finding. City staff performs housing quality standards inspections and confirms tenant eligibility at the time of its on-site monitoring of long term compliance projects. It should be noted that current and active City contracts involving construction, rehabilitation or delivery of social services require immediate and sustained monitoring as services are rendered and this monitoring is performed consistently and timely, while asset management projects, which are the City's multifamily long-term projects for which construction has been completed, necessitate up to 20 years of monitoring per HOME regulations or more dependent on other funding sources. Due to staff turnover and the high number of units requiring inspection, the City has not been consistent in performing this function. The Community Development Division has recognized this inconsistency and is currently addressing this issue by preparing a monitoring schedule to include on-site monitoring, tenant eligibility and HQS inspections of all asset management projects which received HOME funding. If needed, the City will contract with a certified HQS contractor to conduct inspections for overdue units.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS - CONTINUED
FOR THE YEAR ENDED JUNE 30, 2013

C — Federal Award Findings and Questioned Costs — continued

2013-003 Reporting (Significant Deficiency)

Federal program information:

Funding agency:	U.S. Department of Housing and Urban Development
Title:	Home Investment Partnerships Program (HOME) Community Development Block Grants (CDBG)
CFDA Number:	14.239, 14.218
Award year and number:	(HOME) 2011, M-11-MC-35-0209 (HOME) 2010, M-10-MC-35-0209 (HOME) 2009, M-09-MC-35-0209 (HOME) 2008, M-08-MC-35-0209 (CDBG) 2013, B-13-MC-35-0001 (CDBG) 2012, B-12-MC-35-0001 (CDBG) 2011, B-11-MC-35-0001 (CDBG) 2010, B-10-MC-35-0001 (CDBG) 2009, B-09-MC-35-0001

Criteria: Prime contractors awarded a federal contract that is subject to Federal Acquisition Regulation clause 52.204-10 are required to file a Federal Funding Accountability and Transparency Act (FFATA) subaward report by the end of the month following the month in which the prime contractor awards any subcontract greater than \$25,000.

Condition: There was no evidence that the FFATA subaward report was completed and submitted during the year.

Context: All required FFATA subaward reports.

Questioned Costs: None.

Cause: The City's HOME and CDBG programs were not aware of the FFATA reporting requirements.

Effect: The City's HOME and CDBG programs are not in compliance with FFATA reporting requirements.

Auditors' Recommendations: The OMB Circular A-133 Compliance Supplements for the CDBG and HOME programs should be reviewed to identify applicable reporting requirements. Once reporting requirements are identified, program staff should discuss these requirements with their awarding officials to determine if all reports are required for these programs.

Management's Response: The City concurs with this finding. At the time of the audit, the City was unaware of this requirement regarding its CDBG and HOME programs since it was never brought to our attention by the granting agency. After consultation with the U. S. Department of Housing and Urban Development, we have been apprised that even if we had been aware of this requirement, it would not have been possible to report. HUD has not been successful in transmitting data for all prime awards. HUD has recommended for grantees to login into FSRS.gov monthly and check to see if its prime award is shown. If the award is shown, grantees should report all applicable subawards. HUD also notes that at this time there is no efficient way for HUD program offices to monitor whether their prime awards are listed or if grantees are fulfilling their obligation to report subawards. The City will follow HUD's recommendation in reporting this information.

CITY OF ALBUQUERQUE, NEW MEXICO
SCHEDULE OF FINDINGS AND QUESTIONED COSTS - CONTINUED
FOR THE YEAR ENDED JUNE 30, 2013

C — Federal Award Findings and Questioned Costs — continued

2013-004 Eligibility (Significant Deficiency)

Federal program information:

Funding agency:	U.S. Department of Housing and Urban Development
Title:	Public and Indian Housing (Low Rent Operating Subsidy) Housing Voucher Cluster
CFDA Number:	14.850, 14.871/14.879
Award year and number:	NM00100000013D_513D NM001VO, NM001DV0001

Criteria: Internal control over tenant application and admission process is essential in demonstrating compliance with tenant eligibility requirements. According to CFR part 5, subpart B and subpart F, Public Housing Agencies must, as a condition of admission or continued occupancy of an eligible tenant, require the tenant to provide necessary information, documentation, and releases for the PHA to verify income eligibility and to calculate the tenant's rent payment.

Condition: Documentation demonstrating a quality control review was not performed to ensure that necessary information, documentation and releases were obtained as a condition of admission or continued occupancy of an eligible tenant. Additionally, documentation demonstrating a 30% reduction in tenant rent payments based on a utility allowance was not found. In addition, tenant application files did not contain evidence of the required Release of Information and Privacy Notice.

Context: One of 25 tenant files tested was missing documentation of a quality control review and the required Release of Information and Privacy Notice. One other tenant file did not contain evidence of a utility allowance used to calculate a reduced tenant rent payment.

Questioned Costs: None.

Cause: Procedures for admission or continued occupancy, and tenant rent calculations, were not adequately followed. Procedures for obtaining the consent for the release of information and for providing a privacy notice to the applicant was not obtained during the tenant recertification process.

Effect: A lack of adequate internal control procedures in obtaining necessary documentation could result in errors in the admission or continued occupancy process, and the calculation of tenant rent payments. Third party information was obtained without a valid release and the tenant was not provided a privacy notice. The Housing Authority did not obtain required releases in accordance with 24 CFR 5.212 and 5.230.

Auditors' Recommendations: The Housing Authority should require case managers to sign off on each file once completed. In addition, a Quality Checklist should be incorporated into the file listing all required documents, with case managers affirming documentation is present prior to funding.

Management's Response: The Housing Authority agrees with this finding. The Housing Authority will improve the current quality control procedures to include checklists, sign-offs and affirming documentation.

CITY OF ALBUQUERQUE, NEW MEXICO
SCHEDULE OF FINDINGS AND QUESTIONED COSTS - CONTINUED
FOR THE YEAR ENDED JUNE 30, 2013

D — Other Findings, as Required by New Mexico State Statute, Section 12-6-5, NMSA 1978

2001-017 and 2009-014 Accurate and Timely Budget to Actual Information and Budget Overspending (Repeated and Modified) (Other)

Criteria: According to City Ordinance Section 2-11-12 ROA 1994, the City cannot overspend their approved budget.

Condition: Expenditures in the following funds exceeded budget amounts:

<u>Fund/Program</u>	<u>Overspent Amount</u>
Albuquerque Biological Park Projects Fund	\$ 291,780
City Housing Fund	886,825
Law Enforcement Protection Fund	363,824
Apartments Fund	437,540
Stadium Fund	856

Cause: The City approves an annual "clean-up" resolution that amends budgets before the accounts are closed and the financial statements are published. Budget adjustments for the funds above were not included in the clean-up resolution because the fund reconciliation process, which was not completed until after the clean-up resolution, resulted in adjustments that caused expenditures to exceed budgeted amounts.

Effect: Budgets were overspent in violation of the City Ordinance.

Auditors' Recommendations: The City has made improvements in their budgetary process, which has resulted in fewer funds exceeding their budget in fiscal year 2013 as compared to the prior year. The City should continue to implement processes to ensure that timely budget to actual reports are available to facilitate timely monitoring of budgetary compliance.

Management's Response: The City cleans up funds in the event that they are overspent. Some of the funds that were over-expended were a direct result of budgets that were approved but not entered into the system. Other funds were not included in the clean-up bill. The City plans to submit clean up bills for all funds that were overspent.

CITY OF ALBUQUERQUE, NEW MEXICO
SCHEDULE OF FINDINGS AND QUESTIONED COSTS - CONTINUED
FOR THE YEAR ENDED JUNE 30, 2013

D — Other Findings, as Required by New Mexico State Statute, Section 12-6-5, NMSA 1978 — continued

2010-004 Reporting Unclaimed Property (Repeated and Modified) (Other)

Criteria: The Uniform Unclaimed Property Act (1995) Article SA states that property held by a court, government, governmental subdivision, or agency is assumed abandoned if it is unclaimed by the apparent owner one year after the property becomes distributable. Such funds must be escheated to the State of New Mexico.

Condition: The City did not report unclaimed tenant security deposits of the City's Apartment fund to the State, as required by the Uniform Unclaimed Property Act (1995).

Cause: Procedures are not in place to ensure that unclaimed tenant security deposits are reported to the State on an annual basis.

Effect: The City's Apartment fund has not complied with the Uniform Unclaimed Property Act (1995) Article SA.

Auditors' Recommendations: The City should evaluate all unclaimed tenant security deposits in the Apartment fund and exercise due diligence in reporting unclaimed property to the State.

Management's Response: The City concurs with this finding. The City will put procedures in place to ensure that unclaimed tenant security deposits of the City's Apartment fund are escheated to the State.

CITY OF ALBUQUERQUE, NEW MEXICO
SCHEDULE OF FINDINGS AND QUESTIONED COSTS - CONTINUED
FOR THE YEAR ENDED JUNE 30, 2013

D — Other Findings, as Required by New Mexico State Statute, Section 12-6-5, NMSA 1978 — continued

2012-002 Audit Report Due Date (Repeated and Modified) (Other)

Criteria: Section 9A of 2.2.2 NMAC (Audit Rule 2013) requires that annual audit reports be received in the Office of the State Auditor on or before December 1st for entities with a June 30th year-end.

Condition: The fiscal year 2013 Comprehensive Annual Financial Report for the City was not submitted to the New Mexico Office of the State Auditor by the December 1, 2013 submission deadline.

Cause: There are a number of standalone subsidiary ledgers maintained by individual departments that are not interfaced with the accounting system, which obscures the reconciliation and closing process. In addition, the Albuquerque Housing Authority (AHA) is reported as a nonmajor enterprise fund of the City. In fiscal year 2013, AHA converted their accounting records to a new public housing and accounting software system. This conversion significantly delayed the reconciliation of the general ledger and AHA's financial statements.

Effect: The City is not in compliance with the New Mexico State Auditor Rule.

Auditors' Recommendations: The City has made improvements in their reconciliation process and should continue to work diligently to update and reconcile information in the accounting system. In addition, the City should work closely with AHA to ensure that system conversion issues are resolved going forward.

Management's Response: The City concurs with the finding. The City has added additional staff, increased training documentation and classes, and implemented additional PeopleSoft modules that make it easier to close in a timely fashion. The City has successfully reduced the submission time each year and will make every effort to reduce year end closing processes in fiscal year 2014.

CITY OF ALBUQUERQUE, NEW MEXICO
SCHEDULE OF FINDINGS AND QUESTIONED COSTS - CONTINUED
FOR THE YEAR ENDED JUNE 30, 2013

D — Other Findings, as Required by New Mexico State Statute, Section 12-6-5, NMSA 1978 — continued

2013-005 Take-Home Vehicles (Other)

Criteria: According to Section 10H of 2.2.2 NMAC (Audit Rule 2013), employee fringe benefits are presumed by the IRS to be income to the employee unless they are specifically excluded from income by the tax code. Any employee fringe benefits not excluded from income by the tax code must be reported on the employee's W-2. Personal use of a government agency vehicle is always taxable income to the employee unless the vehicle is a qualified nonpersonal use vehicle [Rev. 1.274-5T(k)(3)] provided to the employee as a "working condition fringe benefit."

Condition: An internal audit performed by the City identified that the City has not recognized the personal use of an employer-provided vehicle as a taxable fringe benefit for 31 of 63 City employees with a take-home vehicle assignment. Our follow-up to this internal audit identified that one of the three original employees tested still does not have the personal use of an employer-provided vehicle reported as a taxable fringe benefit.

Cause: Certain City departments did not properly review take-home vehicle assignments for its employees. There is also no review to ensure that employees are properly filling out Administrative Instruction (AI) 4-5 application forms timely or accurately.

Effect: Employee taxable income is not being reported through use of a W-2. In addition, the City is not in compliance with Section 10H of 2.2.2 NMAC.

Auditors' Recommendations: City departments should regularly review and approve AI 4-5 applications for take-home vehicles of employees to ensure that this benefit is reported on the employee's W-2. These applications should be retained in the human resources department for reporting purposes.

Management's Response: The City agrees with this finding. The City has increased efforts to ensure employee fringe benefits are reported to the IRS. The City will continue to educate departments of the IRS rule to ensure employees are reporting the proper taxable income.
