## INDEPENDENT AUDITOR'S REPORT

Tim Keller, New Mexico State Auditor  
The Office of Management and Budget  
Chairman and Board Members  
Artesia Housing Authority, Artesia, New Mexico

### Report on Financial Statements

We have audited the accompanying financial statements of the business-type activities, each major fund, and the aggregate remaining fund information of the Artesia Housing Authority (the Authority), as of and for the year ended June 30, 2015, and the related notes to the financial statements which collectively comprise the Authority's basic financial statements as listed in the table of contents. We also have audited the financial statements of each of the Authority's the budgetary comparisons for the major business-type funds, presented as supplementary information, as defined by the Government Accounting Standards Board (GASB), in the accompanying combining and individual fund financial statements as of and for the year ended June 30, 2015, as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

P.O. Box 37379 • Albuquerque, NM 87176-7379  
8500 Menaul Blvd. NE, Ste. B295 • Albuquerque, NM 87112  
Phone (505) 856-2741 - Fax (505) 856-7510

## Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities, each major fund, and the aggregate remaining fund information of the Authority, as of June 30, 2015, and the respective changes in financial position thereof and the respective budgetary comparisons for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## Other Matters

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the Authority's financial statements, the combining and individual fund financial statements, and the budgetary comparisons. The other supplemental information and supporting schedules required by 2.2.2.NMAC are presented for purposes of additional analysis and are not a required part of the basic financial statements. The supporting schedules required by 2.2.2 NMAC are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with the auditing standards generally accepted in the United States of America. In our opinion, the financial data schedule and supporting schedules required by 2.2.2 NMAC are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Management has omitted *Management's Discussion and Analysis* that accounting principles generally accepted in the United States of America requires to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

The Schedule of Vendors over \$60,000 has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

## Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 14, 2015, on our consideration of District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

**STATE OF NEW MEXICO**  
**ARTESIA HOUSING AUTHORITY**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2015**

**Note 1. Summary of Significant Accounting Policies**

The Artesia Housing Authority (the Authority) was organized pursuant to an agreement with the United States Department of Housing and Urban Development (HUD) in 1968. The agreement provided for 138 low-rent housing units, the construction of which was financed by bonds guaranteed by the U.S. Government. The terms of the agreement provided that HUD shall provide annual contributions to cover the debt service on bonds used for the construction and subsidies for operations of the program. The City of Artesia agreed to operate and maintain the Authority in accordance with the requirements of HUD. The Authority is department of the City of Artesia, New Mexico.

The primary goal of the Low Rent Public Housing program is the provision of a decent home in a suitable living environment for families that cannot afford standard private housing. Under this program, decent, safe and sanitary housing is made available to families having incomes lower than those serviced by Public Housing Agencies (PHA) which are organized and authorized in accordance with State Law to engage or assist in the development and operation of a Low Rent Public Housing program. The PHA is a local housing authority (LHA) governed by an appointed board of directors who employ an administrative staff headed by an executive director.

The financial statements present only the financial position, results of operations and cash flows of the Authority and are not intended to present fairly the City's financial position, results of operations and cash flows of its proprietary fund types in conformity with accounting principals generally accepted in the United States of America (GAAP) as applied to governmental units.

This summary of significant accounting policies of the Authority is presented to assist in the understanding of the Authority's financial statements. The financial statements and notes are the representation of the Authority's management, who is responsible for their integrity and objectivity. The Authority has implemented Governmental Accounting Standards Board (GASB) statement No. 34 *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments* for the year ended June 30, 2015. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The GASB periodically updates its codification of the existing Governmental Accounting and Financial Reporting Standards which, along with subsequent GASB pronouncements (Statements and Interpretations), constitutes GAAP for governmental units. The financial statements have incorporated all applicable GASB pronouncements as well as Accounting Principles Board Opinions and Accounting Research Bulletins of the Committee on Accounting Procedures unless those pronouncements conflict with or contradict GASB pronouncements.

The more significant of the Authority's accounting policies are described below.

The following programs are maintained as major enterprise funds by the Authority:

- **Low Rent Public Housing Program** – Funded through direct grants from HUD, the overall objective of the Low Rent Public Housing Program is to provide cost-effective, decent, safe and affordable dwellings for lower income families through reduced rate rental units built and owned by the Authority.
- **Capital Fund Projects** – Funded on a reimbursement basis by HUD, the program funds may be used for the development, financing, and modernization of public housing developments and for management improvements. Per HUD requirements, these funds are presented within the Low Rent Public Housing Program on the Financial Statements.

**STATE OF NEW MEXICO**  
**ARTESIA HOUSING AUTHORITY**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2015**

**Note 1. Summary of Significant Accounting Policies (Continued)**

A. *Financial Reporting Entity*

In evaluating how to define the Authority for financial reporting purposes, management has considered all potential component units. The decision to include potential component units in the financial reporting entity was made by applying the criteria set forth in GASB #14. The basic, but not the only, criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters.

A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity benefits the government and/or its citizens. A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the government is able to exercise oversight responsibilities. Based upon the application of these criteria, the Authority has no component units and the Authority does not meet the requirements to be reported as a component unit of the City of Artesia.

B. *Basis of Presentation*

All of the Authority's programs are accounted for as business-type activities using proprietary (enterprise) funds for financial reporting purposes. This financial statement presentation provides an indication of the financial performance of the Authority as a whole. Enterprise designations are used to account for activities (a) which are financed with debt that is solely secured by a pledge of the net revenues from fees and charges of the activity; (b) which are governed by laws or regulations that require that the activity's costs of providing services be recovered with fees and charges, rather than taxes or similar revenues; or (c) that the pricing policies of the activity establish fees and charges designed to recover its costs.

The Authority uses funds to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities. Encumbrance accounting is not used for budgetary or normal financial reporting purposes.

A fund is a separate accounting entity with a self-balancing set of accounts. The Authority classifies all funds into one category: proprietary. That category, in turn, is divided into separate "funds".

**STATE OF NEW MEXICO**  
**ARTESIA HOUSING AUTHORITY**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2015**

**Note 1. Summary of Significant Accounting Policies (Continued)**

B. *Basis of Presentation (Continued)*

Proprietary funds are used to account for activities similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration. Goods or services from such activities can be provided either to outside parties (enterprise funds) or to other departments or agencies primarily within the government (internal service funds).

C. *Measurement Focus, Basis of Accounting, and Financial Statement Presentation*

The Authority's financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Under this method, revenues are recognized when earned and expenses are recognized when incurred, regardless of the timing of related cash flows.

GASB No. 63 amends GASB 34 to incorporate deferred outflows of resources and deferred inflows of resources in the financial reporting model.

*Deferred outflows of resources* – a consumption of net assets by the government that is applicable to a future reporting period. It has a positive effect on net position, similar to assets.

*Deferred inflows of resources* – an acquisition of net assets by the government that is applicable to a future reporting period. It has a negative effect on net position, similar to liabilities.

*Net Position* – The residual of the net effects of assets, deferred outflows of resources, liabilities, and deferred inflows of resources.

The Authority distinguishes operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with the Authority's principal ongoing operations. The Authority's operating revenues consist primarily of charges for services and operating grants. Operating expenses include administration, utilities and ordinary repairs and maintenance expenses as well as general expenses, housing assistance payments, and depreciation expense. All revenues and expenses not meeting these definitions are reported as non-operating revenues and expenses.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All proprietary funds are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the balance sheet. Proprietary fund type operating statements present increases (revenues) and decreases (expenses) in net total assets.

The accrual basis of accounting is utilized by proprietary funds. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

D. *Assets, Liabilities, and Equity*

**Cash and Cash Equivalents**

The Authority considers cash in operating bank accounts, cash on hand and all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents. State statutes authorize the Authority to invest in obligations of the U.S. Treasury, certified financial institution time deposits, and New Mexico political subdivision obligations.

**STATE OF NEW MEXICO**  
**ARTESIA HOUSING AUTHORITY**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2015**

**Note 1. Summary of Significant Accounting Policies (Continued)**

D. *Assets, Liabilities, and Equity (Continued)*

New Mexico Statutes require that financial institutions with public monies on deposit to pledge collateral to the owner of such public monies in an amount not less than 50% of the public monies held on deposit. Collateral pledged is held in safekeeping by other financial institutions, with safekeeping receipts held by the Authority (Note 2).

**Accounts Receivable**

All trade receivables and tenant receivables are shown net of an allowance for doubtful accounts. The allowance is comprised of all accounts receivable which management estimates to be uncollectible.

**Inventory**

Inventories are valued at cost.

**Prepaid Items**

Prepaid balances are for payments made by the Authority in the current year to provide services that are applicable to future accounting periods.

**Land, Structures and Equipment**

Proprietary fund property and equipment acquisitions are recorded at cost or, if contributed property, at their fair market value at the time the contribution is made. Repairs and maintenance are recorded as expenses, while renewals and betterments are capitalized. Assets capitalized have an original cost of \$5,000 or more, per section 12-6-10 NMSA 1978, and a useful life of more than one year. Pursuant to the implementation of GASB Statement No. 34, the historical costs of infrastructure assets, (retroactive to 1979) are included as part of the Authority's capital assets reported in the basic financial statements. Information Technology Equipment including software is being capitalized and included in furniture, fixtures and equipment in accordance with NMAC 2.2.20.1.9 C (5). Contributed capital assets are recorded at estimated fair market value at the date of donation. Major outlays for capital assets and improvements are capitalized as projects are constructed. No interest was included as part of the cost of capital assets under construction.

Depreciation is recorded using the straight-line method based on the estimated useful life of the asset. The following lives are utilized:

Buildings & Building Improvements	10-40 years
Machinery & Equipment	5-10 years

**Accounts Payable**

Payables are comprised of unpaid vendor and supplier invoices and are recognized when incurred.

**Accrued Expenses**

Accrued expenses are comprised of accrued salaries, wages, related employment taxes and current maturities of compensated absences, discussed more fully below.

**STATE OF NEW MEXICO**  
**ARTESIA HOUSING AUTHORITY**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2015**

**Note 1. Summary of Significant Accounting Policies (Continued)**

D. *Assets, Liabilities, and Equity (Continued)*

**Compensated Absences**

The Authority's policy allows employees to accumulate limited amounts of vacation and sick pay, which are payable to the employee upon termination or retirement. Vested or accumulated vacation leave is reported as an expenditure and a liability of the program that will pay it.

**Cash Flows**

For the purpose of the statement of cash flows, the Authority considers all highly liquid investments (including restricted assets) with an original maturity of three months or less when purchased to be cash equivalents.

**Interfund Transactions**

Quasi-external transactions are accounted for as revenues or expenses. Transactions that constitute reimbursements to a fund for expenses initially made from it that are properly applicable to another fund are recorded as expenses in the reimbursing fund and as a reduction of expenses in the fund that is reimbursed.

All other interfund transactions, except quasi-external transactions and reimbursements, are reported as transfers. Non-recurring or non-routine permanent transfers of equity are reported as residual equity transfers. All other interfund transfers are reported as operating transfers.

**Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. Significant estimates affecting the Authority's financial statements include management's estimate of the useful lives of capital assets.

**Net Position**

Net position comprise the various net earnings from operating and non-operating revenues, expenses and contributions of capital. Net position are classified in the following three components: invested in capital assets, net of related debt; restricted; and unrestricted net position. Invested in capital assets, net of related debt, consists of all capital assets, net of accumulated depreciation and reduced by the outstanding debt that is attributable to the acquisition, construction and improvement of the assets: debt related to the unspent proceeds or other restricted cash and investments is excluded from the determination. Restricted net position consists of net assets for which constraints are placed thereon by external parties, such as: lenders, grantors, contributors, laws, regulations and enabling legislation, including self-imposed legal mandates. Unrestricted net position consist of all other net assets not included in the above categories.

**STATE OF NEW MEXICO**  
**ARTESIA HOUSING AUTHORITY**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2015**

**Note 1. Summary of Significant Accounting Policies (Continued)**

D. *Assets, Liabilities, and Equity (Continued)*

**Restricted Assets**

Certain resources set aside for modernization and development, as well as security deposits held as insurance against the non-payment for services rendered are classified on the balance sheet as restricted because their use is limited. The Authority's policy is to apply restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

**Revenue Recognition**

Dwelling rental revenues are recorded as rentals become due. Rental payments received in advance, if any, are deferred until earned. The Authority has entered into annual contributions contracts with HUD to develop, manage and own public housing projects and to administer the federal Section 8 housing programs, whereby monthly housing assistance payments are made to landlords on behalf of eligible lower income individuals and families. HUD makes monthly operating subsidy contributions within the public housing program and monthly contributions for housing assistance payments and administration fees for the Section 8 program. Such contributions are reflected as operating grants in the accompanying financial statements.

E. *Budgets*

The Authority adheres to the following regarding the budget:

1. The executive director and the fee accountant prepare the budget in accordance with HUD guidelines.
2. Capital expenditures for the Capital Funds Program (CFP) are budgeted for grant purposes. Expenditures capitalized are reflected as increases to capital assets and reported on the statement of net position. The Authority does not budget for depreciation expense.
3. HUD reviews the proposed budget and makes corrections, revisions and amendments as necessary.
4. The executive director submits the budget to the Authority's Board of Directors for approval.
5. The Board of Directors approves the budget.

The Authority does not budget depreciation expense; therefore, the budget is not prepared in accordance with generally accepted accounting principles. The budget is a guideline to operations and is not a legally enforceable document. The Authority's level of budgetary control is at the total fund level and the individual capital projects level. The Authority submitted its budget to the State of New Mexico Department of Finance and Administration.

**STATE OF NEW MEXICO**  
**ARTESIA HOUSING AUTHORITY**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2015**

**Note 2. Cash and Cash Equivalents**

State statutes authorize the investment of the Authority's funds in a wide variety of instruments including certificates of deposit and other similar obligations, state investment pool, money market accounts, and United States Government obligations. All invested funds of the Authority properly followed State investment requirements as of June 30, 2015.

Deposits of funds may be made in interest or non-interest bearing checking accounts in one or more banks or savings and loan associations within the geographical boundaries of the Authority. Deposits may be made to the extent that they are insured by an agency of the United States or by collateral deposited as security or by bond given by the financial institution.

The rate of interest in non-demand interest-bearing accounts shall be set by the State Board of Finance, but in no case shall the rate of interest be less than one hundred percent of the asked price on United States treasury bills of the same maturity on the day of deposit.

Excess of funds may be temporarily invested in securities which are issued by the State or by the United States government, or by their departments or agencies, and which are either direct obligations of the State or the United States or are backed by the full faith and credit of those governments.

The collateral pledged is listed on Schedule I of this report. The types of collateral allowed are limited to direct obligations of the United States Government and all bonds issued by any agency, district or political subdivision of the State of New Mexico.

According to the Federal Deposit Insurance Corporation, public unit deposits are funds owned by the public unit. Time deposits, savings deposits and interest bearing NOW accounts of a public unit in an institution in the same state will be insured up to \$250,000 in aggregate and separate from the \$250,000 coverage for public unit demand deposits at the same institution.

**Deposits**

NM State Statutes require collateral pledged for deposits in excess of the federal deposit insurance to be delivered, or a joint safekeeping receipt be issued, to the Authority for a least one half of the amount on deposit with the institution. The schedule listed below discloses the State of New Mexico, Office of the State Auditor's requirements on reporting the insured portion of the Authority's deposits.

	<b>First American Bank</b>
Total amount of deposits	\$ 720,517
FDIC Coverage	( 250,000)
Total uninsured public funds	470,517
Pledged collateral held by pledging bank's trust department or agent but not in agency's name	<u>590,000</u>
Uninsured and uncollateralized	<u>\$ 119,483</u>
Collateral requirement (50% of uninsured public funds)	\$ 235,259
Total pledged collateral	<u>590,000</u>
Total (over) under requirement	<u>\$ (354,741)</u>

**STATE OF NEW MEXICO**  
**ARTESIA HOUSING AUTHORITY**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2015**

**Note 2. Cash and Cash Equivalents (Continued)**

At June 30, 2015, the carrying amount of the Authority's deposits was \$720,118.

*Custodial Credit Risk – Deposits.* Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The government does not have a deposit policy for custodial credit risk, other than following state statutes as put forth in the Public Money Act (Section 6-10-1 to 6-10-63, NMSA 1978). At June 30, 2015, none of the Authority's bank balance of \$720,517 was exposed to custodial credit risk because the amount uninsured was collateralized by collateral held by the pledging bank's trust department in the Authority's name.

**Reconciliation of Cash and Temporary Investments**

Proprietary Funds – Statement of Net Position	
Cash and cash equivalents per Exhibit A	\$ 720,118
Less: Petty Cash	(20)
Add: Outstanding and Other Reconciling Items	<u>419</u>
Total Amount of Deposits per Bank	<u>\$ 720,517</u>

**Note 3. Accounts Receivable**

The Authority's accounts receivable at June 30, 2015, are as follows:

	Accounts Receivable	Allowance	Net
Accounts receivable – Tenants	\$ 1,923	\$ 946	\$ 977
Accounts receivable – other	<u>137</u>	<u>0</u>	<u>137</u>
Total	<u>\$ 2,060</u>	<u>\$ 946</u>	<u>\$ 1,114</u>

**Note 4. Interfund Receivables, Payables and Transfers**

During the course of operations, numerous transactions occur between individual funds for loans. These loans are reported as "due from other funds" or "due to other funds" on the balance sheet.

As of June 30, 2015, the Authority did not have any balances due between funds.

As of June 30, 2015, the Authority did have any transfers between funds of \$172,796.

**Note 5. Land, Structures, and Equipment**

A summary of capital assets and changes occurring during the year ended June 30, 2015 follows. Land and construction in progress are not subject to depreciation.

	Balance 6/30/2014	Additions	Deletions	Transfers	Balance 6/30/2015
<b>Capital Assets, Not Being Depreciated:</b>

Buildings & building improvement	<u>(4,738,495)</u>	<u>(235,836)</u>	<u>0</u>	<u>0</u>	<u>(4,974,331)</u>
Total Public Housing Program	<u>(4,917,344)</u>	<u>(243,773)</u>	<u>0</u>	<u>0</u>	<u>(5,161,117)</u>
<b>Total Accumulated Depreciation:</b>	<u>(4,917,344)</u>	<u>(243,773)</u>	<u>0</u>	<u>0</u>	<u>(5,161,117)</u>
<b>Total Capital Assets, Net of Depreciation:</b>	<u>\$ 2,488,760</u>	<u>\$ (72,558)</u>	<u>\$ 0</u>	<u>\$ 0</u>	<u>2,416,202</u>

The Authority has continued to maintain the cost of its buildings and equipment and update its depreciation schedule as information becomes available. Depreciation expense for the year ended June 30, 2015, totaled \$243,773.

**Note 6. Long-Term Debt**

The following summarizes changes in long-term liabilities during the year ended June 30, 2015.

	Balance 6/30/2014	Additions	Deletions	Balance 6/30/2015	Due Within One Year
Compensated Absences	<u>\$ 5,515</u>	<u>\$ 12,729</u>	<u>\$ (11,564)</u>	<u>\$ 6,680</u>	<u>\$ 4,475</u>
<b>Total</b>	<u>\$ 5,515</u>	<u>\$ 12,729</u>	<u>\$ (11,564)</u>	<u>\$ 6,680</u>	<u>\$ 4,475</u>

**Compensated Absences**

The Authority's policy allows employees to accumulate limited amounts of vacation and sick pay, which vacation is payable to the employee upon termination or retirement. The amount due within one year is \$4,475.

**Note 7. Risk Management**

Artesia Housing Authority is exposed to various risks of loss related to torts: theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Authority has joined together with other housing authorities throughout the Country and obtained insurance through the Housing Authority Insurance Group, a housing Authority risk pool currently operating as a common risk management and insurance program for member units. The Authority pays an annual premium to the Housing Authority Insurance Group for its general insurance coverage and all risk of loss is transferred.

**Note 8. Contingent Liabilities**

Amounts received or receivable from grantor agencies are subject to audit and adjustments by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although Authority expects such amounts, if any, to be immaterial.

**STATE OF NEW MEXICO**  
**ARTESIA HOUSING AUTHORITY**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2015**

**Note 9. Concentrations**

Approximately 29% percent of the Authority's revenues are derived from grants from various federal agencies. Reduction or interruption of these funds is not expected, however, if reduction or interruption of funding occurred it would have a material impact on the operations of the Authority.

**Note 10. Other Required Individual Fund Disclosures**

Generally accepted accounting principles require disclosures of certain information concerning individual funds including:

Excess of expenditures over appropriations: There were no funds which exceeded approved budgetary authority for the year ended June 30, 2015.

**Note 11. Subsequent Events**

The date to which events occurring after June 30, 2015, the date of the most recent balance sheet, have been evaluated for possible adjustment to the financial statements or disclosures is December 14, 2015. There were no events noted as of this date.

**Note 12. Subsequent Accounting Standard Pronouncements**

In February 2015, the GASB issued Statement No. 72, *Fair Value Measurement and Application*, which is effective for financial statement for periods beginning after June 15, 2015.

In June 2015, the GASB issued Statement No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB 67 and 68*, which is effective for financial statement for periods beginning after June 15, 2015.

In June 2015, the GASB issued Statement No. 74, *Financial Reporting for Postemployment Benefits Other Than Pension Plans*, which is effective for financial statement for periods beginning after June 15, 2016.

In June 2015, the GASB issued Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, which is effective for financial statement for periods beginning after June 15, 2017.

In June 2015, the GASB issued Statement No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*, which is effective for financial statement for periods beginning after June 15, 2015.

In August 2015, the GASB issued Statement No. 77, *Tax Abatement Disclosures*, which is effective for financial statement for periods beginning after December 15, 2015.

## Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards

### Independent Auditor's Report

Tim Keller, New Mexico State Auditor  
The Office of Management and Budget  
To the Mayor and the City Commissioners  
Artesia Housing Authority, Artesia, New Mexico

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities, each major fund, the aggregate remaining fund information, of the Artesia Housing Authority (the Authority) as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, and the combining and individual funds and related budgetary comparison of the Authority, presented as supplemental information, and have issued our report hereon date December 14, 2015.

#### Internal Control Over Financial Reporting

In planning and performing our audit, of the financial statements, we considered the Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

P.O. Box 37379 • Albuquerque, NM 87176-7379  
8500 Menaul Blvd. NE, Ste. B295 • Albuquerque, NM 87112  
Phone (505) 856-2741 - Fax (505) 856-7510

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
