INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED-UPON PROCEDURES

Mr. Timothy Keller, State Auditor
and the Mayor and Village Council of the
Village of Des Moines, New Mexico

We have performed the procedures enumerated in the attached schedule of procedures and findings, which were agreed to by the Office of the State Auditor and the Village of Des Moines, New Mexico, New Mexico have specified, listed in the attached schedule, as require by Tier 6 of the Audit Act- Section 12-6-3B(6) NMSA 1978 and Section 2.2.2.16 NMAC for the year ended June 30, 2016. Village of Des Moines, New Mexico's management is responsible for the Village's accounting records. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Our procedures and findings are included in the attached schedule of procedures, and findings.

We were not engaged to, and did not, conduct an audit, the objective of which would be the expression of an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of Village of Des Moines, the New Mexico State Auditor's Office, Department of Finance Administration, New Mexico Legislature, and is not intended to be and should not be used by anyone other than those specified parties.

STATE OF NEW MEXICO
VILLAGE OF DES MOINES
OFFICE OF THE STATE AUDITOR TIER 6 AGREED- UPON PROCEDURES
SCHEDULE OF PROCEDURES AND RESULTS
JUNE 30, 2016

1. Revenue Calculation and Tier Determination

Procedures

Verify the local public body's revenue calculation and tier determination documented on the form provided at www.osa.org under "Tiered System Reporting Main Page."

Results of Procedure

The Village of Des Moines had revenue of \$433,328, therefore a Tier 6 agreed upon procedure engagement is required.

2. Cash

Procedures

- a) Determine whether bank reconciliations are being performed in a timely manner and whether all bank and investment statements for the fiscal year are complete and on-hand.
- b) Perform a random test of bank reconciliations for accuracy. Also trace ending balances to the general ledger, supporting documentation, and the financial reports submitted to DFA-Local Governments Division.
- c) Determine whether the local public body's financial institutions have provided it with the 50% of pledged collateral on all uninsured deposits as required by Section 6-10-17 NMSA 1978, NM Public Money Act, if applicable.

Results of Procedure

- a) We obtained the bank statements and corresponding reconciliations for all of the Village's accounts as of June 30, 2016. No exceptions were noted as a result of this procedure. Bank reconciliations were completed in a timely manner, and all bank statements and reconciliations are complete and on hand.
- b) It was noted that 7 out of 45 reconciliations tested did not tie to the general ledger with a total difference in cash of \$726. It was also noted that 6 out of 9 reconciliation's did not tie to the financial reports submitted to the DFA (see finding 2016-001).

SCHEDULE OF PROCEDURES AND RESULTS
JUNE 30, 2016

2. Cash (continued)

Results of Procedures (Continued)

- c) No collateral was required because the Village accounts did not exceed the \$250,000 insured by the FDIC.

3. Capital Assets

Procedures

Verify that the local public body performing a yearly inventory as required by Section 12-6-10 NMSA 1978.

Results of Procedure

The last inventory count was done in 2014, it is noted that it has been more than a year since count was last performed (see finding 2016-002).

4. Debt

Procedures

If the local public body has any debt, verify that the required payments were made during the year. If the debt agreement requires reserves, verify that the local public body is in compliance with those requirements.

Results of Procedure

We obtained the annual debt statements, sent confirmations, and verified that all payments were made during the year. The Village is in compliance with debt service requirements.

5. Revenue

Procedures

Identify the nature and amount of revenue from sources by reviewing the budget, agreements, rate schedules, and underlying documentation.

- a) Perform an analytical review, test actual revenue compared to budgeted revenue for the year for each type of revenue.

Select a sample of revenues based on auditor judgment and test using the following attributes:

- b) Amount recorded in the general ledger agrees to the supporting documentation and the bank statement.
- c) Proper recording of classification, amount, and period per review of supporting documentation and the general ledger. Perform this revenue work on the same accounting basis that the local public body keeps its accounting records on, cash basis, modified accrual basis, or accrual basis.

Results of Procedure

- a) Actual revenue compared to budgeted revenue for the fiscal year is reasonable and within expectations. The variance analysis for the budgets to actual may be noted in the budgetary analysis in page 12 - 17.
- b) A sample of 2 revenues totaling \$142,343 were tested. No exceptions were noted as a result of this procedure. Amounts recorded in the general ledger agreed with supporting documents.
- c) A sample of 2 revenues totaling \$142,343 were tested. No exceptions were noted as a result of this procedure. Amounts were properly recorded on a cash basis as to classification, amount and period per review of supporting documentation.

6. Expenditures

Procedures

Select a sample of cash disbursements based on auditor judgment and test using the following attributes:

- a) Determine that amount recorded as disbursed agrees to adequate supporting documentation. Verify that amount, payee, date and description agree to the vendor's invoice, purchase order, contact and canceled check, as appropriate.
- b) Determine that disbursements were properly authorized and approved in compliance with the budget, legal requirements and established policies and procedures.
- c) Determine that the bid process (or request for proposal process if applicable), purchase orders, contracts and agreements were processed in accordance with the New Mexico Procurement Code (Section 13-1-28 through 13-1-199 NMSA 1978) and State Purchasing Regulations (1.4.1 NMAC) and Regulations Governing the Per Diem and Mileage Act (2.42.2 NMAC).

Results of Procedure

- a) 25 expenditures totaling \$101,215.77 were tested. No exceptions were noted as a result of this procedure. The amounts recorded as disbursed agreed to supporting documentation: amount paid, payee date and description agreed with the vendor's invoice, purchase order, contract, and cancelled check, as appropriate.
- b) 25 expenditures totaling \$101,215.77 were tested. No exceptions were noted as result of this procedure. The disbursements were properly authorized and approved in compliance with the budget, legal requirements, and established policies and procedures, except as otherwise noted in finding 2005-006.
- c) 25 expenditures totaling \$101,215.77 were tested. No exceptions were noted as a result of this procedure. The bid process (or request for proposal process, if applicable), purchase orders, contracts and agreements were processed in accordance with the New Mexico Section 13-1-28 through 13-1-99 NMSA 1978) and State Purchasing Section 13-1-28 through 13-1-99 NMSA 1978) and State Purchasing Regulations (1.4.1 NMAC) and Regulations Governing the Per Diem and Mileage Act (2.42.2 NMAC).

7. Journal Entries

Procedures

If non-routine journal entries, such as adjustments or reclassifications, are posted to the general ledger, test significant items for the following attributes:

- a) Journal entries appear reasonable and have supporting documentation.
- b) The local public body has procedures that require journal entries to be reviewed and there is evidence the reviews are being performed.

Results of Procedure

- a) BMC reviewed all non-routine journal entries and they, all have supporting documentation and appear reasonable.
- b) Per inquiry with management, the Village does not have a review process for adjusting journal entries (see finding 2015-002)

8. Budget

Procedures

Obtain the original fiscal year budget and all budget amendments made throughout the fiscal year and perform the following:

- a) Verify, through a review of the minutes and correspondence and subsequent budget adjustments were approved by the local public body's governing body and DFA-LGD.
- b) Determine if the total actual expenditures exceeded the final budgets at the legal level of budgetary control; if so, report a compliance finding.
- c) From the original and final approved budgets and general ledger, prepare a schedule of revenues and expenditures - budget and actual on the budgetary basis used by the local public body (cash, accrual or modified accrual basis) for each individual fund.

8. Budget (Continued)

Results of Procedure

- a) The review of board minutes and letter from the State indicated that the budget and budget adjustments were approved by the board and the DFA.
- b) Total actual expenditures from the general ledger exceeded budgeted amounts by 191,217 as disclosed in the valiance analysis for budget to actual on pages 12 - 17 (see finding 2005-006).
- c) A schedule of revenue and expenses - budget and actual were prepared from the Village records on cash budgetary basis on pages 12 - 17.

9. Capital Outlay Appropriations

Procedures

Request and review all state-funded capital outlay awards, joint powers agreements, correspondence and other relevant documentation for any capital outlay award funds expended by the recipient during the fiscal year. Test all capital outlay expenditures during the fiscal year to:

- a) Determine that the amount recorded as disbursed agrees to adequate supporting documentation. Verify that amount, payee date and description agree to the purchase order, contract, vendor's invoice and canceled check, as appropriate.
- b) Determine that the cash disbursements were properly authorized and approved in accordance with the budget, legal requirements and established policies and procedures.
- c) Determine that the bid process (or request for proposal process is applicable), purchase orders, contracts and agreements were processed in accordance with the New Mexico Procurement Code and State Purchasing Regulations (Section 13-1-28 through 13-1-199 NMSA 1978 and 1.4.1 NMAC).

9. Capital Outlay Appropriations (Continued)

Procedures (Continued)

- d) Determine the physical existence (by observation) of the capital asset based on expenditures to date.
- e) Verify that status reports were submitted to the state agency per terms of agreement and amounts in the status report agree with the general ledger and other supporting documentation.
- f) If the project was funded in advance, determine if the award balance (and cash balance) appropriately reflects the percentage of completion based on the project schedule and expenditures to date.
- g) If the project is complete, determine if there is an unexpended balance and whether it was reverted per statute and agreement with the grantor.
- h) Determine whether cash received for the award was accounted for in a separate fund or separate bank account that is non-interest bearing if so required by the capital outlay award agreement.
- i) Determine whether reimbursement requests were properly supported by costs incurred by the recipient. Determine whether the costs were paid by the local public body prior to the request for reimbursement.

Results of Procedure

- a) No exceptions were noted as a result of this procedure. The amounts recorded agreed to supporting documentation: amount paid, payee, date and description agreed with the vendor's invoice, contract and cancelled check, as appropriate.
- b) No exceptions were noted as a result of this procedure. The disbursements were properly authorized and approved in compliance with the budget, legal requirement, and established policies and procedures except as noted in finding 2005-006.

9. Capital Outlay Appropriations (Continued)

Results of Procedure (Continued)

- c) No exceptions were noted as a result of this procedure. The bid process (or request for proposal process's, if applicable), purchase orders, contracts and agreements were processed in accordance with the New Mexico Procurement Code (Section 13-1-28 through 13-1-99 NMSA 1978) and State Purchasing Regulations (1.4.1 NMAC) and Regulations Governing the Per Diem and Mileage Act (2.42.2 NMAC).
- d) No exceptions were noted. Physical existence of the underground tanks could not be verified due to the tanks being underground; however, supporting documentation including invoices and minutes support the existence of the tanks.
- e) No exceptions were noted as a result of this procedure. The status reports were submitted to the state agency per terms and the amounts in the status report agreed with the general ledger and supporting documentation.
- f) There was no advance funding, thus there are no exceptions.
- g) The project is not complete, thus there are no exceptions
- h) The cash was accounted for in a separate bank account at First American Bank.
- i) No exceptions were noted as a result of this procedure. There were no reimbursement requests noted for capital asset acquisition.

10. Other

Procedures

If Information comes to the IPA's attention (regardless of materiality) indicating any fraud, illegal acts, noncompliance, or any internal control deficiencies, such instances must be disclosed in the report as required by Section 12-6-6 NMSA 1978. The findings must include the required content per Section 2.2.2.10(1)(3)(C) NMAC.

Results of Procedure

Please refer to the schedule of findings and responses on pages 18 - 24.

OFFICE OF THE STATE AUDITOR TIER 6 AGREED- UPON PROCEDURES
FINDINGS AND RESPONSES
FOR THE YEAR ENDED JUNE 30, 2016

Segregation of Duties (2005-002) - Significant Deficiency

CONDITION	During a significant portion of the year, the Village Clerk was the only administrative employee. The Clerk records transactions, collects revenues, prepares bank reconciliation's, bills and posts utility receivables, deposits funds, and prepares payables for payment. The Village is working on hiring an employee in order to segregate duties.
CRITERIA	Systems of internal control with the most favorable designs allow for an adequate segregation of duties to reduce the risk of error or fraud because they are structured using a combination of controls designed to either detect instances of error or fraud that occur, or optimally, to prevent instances of error or fraud before they occur (AU 325).
CAUSE	There are no segregation of duties among the Village's personnel.
EFFECT	The Village is at risk for both the possible misstatement of the financial statements and misappropriation of assets.
RECOMMENDATION	We recommend the Village provide adequate appropriations for personnel to staff the administrative functions of the Village and that every effort be made to fill these positions. We further recommend that management structure operating procedures such that no one person has complete responsibility for any transaction.
RESPONSE	Management is in the process of implementing procedures to correct this finding.

EXPECTED COMPLETION DATE: June 30, 2017

OFFICE OF THE STATE AUDITOR TIER 6 AGREED- UPON PROCEDURES
FINDINGS AND RESPONSES
FOR THE YEAR ENDED JUNE 30, 2016

Policies (2005-004) - Significant Deficiency

CONDITION	The Village has not promulgated policies or written operating procedures to provide guidance to management and, particularly, to strengthen internal controls and processes. Policies have not yet been started, but are expected to be started in the FYE 17.
CRITERIA	Policies and written procedures provide uniformity and structure to processes to strengthen internal controls which protect the assets of the Village, avoid misstatement of the financial statements and provide some level of assurance the Village is in compliance with regulatory directives and state law. Examples of policies to consider are: procurement, cash disbursements, and deposit of Village funds, bank reconciliation's, conflict of interest, travel and disposition of obsolete property. NMAC 1.15.3.115
CAUSE	Due to the size of the government, written policies and procedures have not been a priority.
EFFECT	The internal control structure of the government is at risk, in part, due to a lack of written policies and procedures.
RECOMMENDATION	We recommend that written polices be developed by the Village to address the major weaknesses in internal control and the major processes during the current year.
RESPONSE	Management is in the process of implementing procedures to correct this finding.

Budgetary Control (2005-006) - Other

CONDITION The actual expenditures incurred in several funds were greater than the budgeted expenditures. The Village did not submit a corrected budget. No progress has been noted in correcting the issue.

<u>Fund</u>	<u>Budget Expenses</u>	<u>Actual Expenses</u>	<u>Difference</u>
General Fund	\$ 219,000	\$ 346,926	\$ 127,926
Fire Fund	82,500	110,011	27,511
Senior Citizens Fund	57,500	66,128	8,628
Ambulance Fund	15,000	17,822	2,822
Joint Utility Fund	<u>-</u>	<u>24,628</u>	<u>24,628</u>
Totals	<u>\$ 374,000</u>	<u>\$ 565,515</u>	<u>\$ 191,515</u>

CRITERIA The local government is required to make corrections, revisions and amendments to the proposed budgets to meet the requirements of the law. (NMSA 1978 Section 6- 6-2-0).

CAUSE Village personnel have not had training in the use of controls and reconciliations to ensure accuracy in budgetary control processes.

EFFECT The Village is at risk of unknowingly exceeding the approved budget.

RECOMMENDATION We recommend that the Village provide accounting personnel with training in the use of controls and reconciliation's to accurately monitor the approved budget.

RESPONSE Management is in the process of implementing procedures to correct this finding.

Journal Entries (2015-002) - Significant Deficiency

CONDITION	During journal entry testwork performed, it was noted that the Village does not have a review and approval process in place for the recording of manual journal entries. The Village is attempting to hire an employee that can prepare journal entries in order to have the Village Clerk review and approve journal entries.
CRITERIA	NMAC 2.20.5.8 states that each local body shall establish and maintain an internal control structure to provide management with reasonable assurance that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general purpose financial statements in accordance with GAAP. The internal control structure shall include written administrative controls. The entity should establish sufficient internal controls over journal entries and other adjustments.
CAUSE	The Village has limited staffing resources, thus has not implemented an approval process over adjustments to mitigate the risk of management override
EFFECT	There may be unauthorized adjustments made, leaving room for error and management override.
RECOMMENDATION	We recommend that the Village implement a review and approval process for journal entries and other adjustments to mitigate the risk of management override or financial statement manipulation.
RESPONSE	The Village will implement policies and procedures over the accounting process including adjusting journal entries.

Lack of Procurement Officer (2015-005) - Significant Deficiency

CONDITION	During our NM Compliance testwork, it was noted that the Village did not have a Chief Procurement Officer. The Village will work on getting the Village Clerk certified.
CRITERIA	Section 13-1-97 of NMSA 1978 requires that purchases be made through a central purchasing office which properly authorizes and approves the purchase prior to payment. An authorized official should indicate that the goods or services have been received prior to payment for the goods or services
CAUSE	The Village failed to designate and register a purchasing agent.
EFFECT	The Village does not implement a proper purchasing process which exposes the Village to the risk of following an improper purchasing process and increases the risk of errors in payments issued by Village due to the lack of proper supervision and monitoring by the Chief Procurement Officer.
RECOMMENDATION	The Village should designate an agent to become certified and registered as a Chief Procurement Officer for the Village.
RESPONSE	The Village will work on having an employee go through the proper training, certification and registration.

Cash (2016-001) - Significant Deficiency

CONDITION	It was noted that 7 out of 45 reconciliation tested did not tie to the to the general ledger with a total difference in cash of \$726. It was also noted that 6 out of 9 reconciliations did not tie to the financial reports submitted to the DFA.
CRITERIA	Per Section 6-10-2 NMSA 1978, it is the duty of every public official or agency of this state that receives or disburses public money to maintain a cash record in which is entered daily, in detail, all items of receipts and disbursements of public money. The cash record shall be balanced daily so as to show the balance of public money on hand at the close of each day's business.
CAUSE	Village failed to maintain accurate reconciliations, resulting from being understaffed.
EFFECT	Incorrect reconciliations may result in increase risk for error, fraud, waste, or abuse.
RECOMMENDATION	It is recommended that the Village review the reconciliation process, and establish internal controls to mitigate the risk of error. Reconciliations should be reviewed and approved by management.
RESPONSE	The Village is reviewing the process to ensure reconciliation are completed.

Capital Assets (2016-002) - Other Noncompliance

CONDITION	The Village has not conducted an inventory count since 2014.
CRITERIA	NMSA 1978, Section 12-6-10 states "the governing authority of each agency shall, at the end of each fiscal year, conduct a physical inventory of movable chattels and equipment costing more than \$5,000 and under the control of the governing authority. This inventory shall include all movable chattels and equipment procured through the capital program fund under Section 15-3B-16 NMSA 1978, which are assigned to the agency designated by the director of the facilities management division of the general services department as the user agency. The inventory shall list the chattels and equipment and the date and cost of acquisition. Upon completion the inventory shall be certified by the governing authority as to correctness".
CAUSE	Village failed to conduct an inventory count.
EFFECT	Lack of inventory counts can cause an incorrect representation of capital assets.
RECOMMENDATION	It is recommended that the Village conduct a capital asset inventory count yearly.
RESPONSE	The Village plans to do physical observation of inventory on a yearly basis.

INDEPENDENT ACCOUNTANTS' COMPILATION REPORT

Mr. Timothy Keller, State Auditor
and the Mayor and Village Council of the
Village of Des Moines, New Mexico

We have compiled the accompanying combining balance sheet and the combining statements of revenues, expenditures and changes in fund balance of the Village of Des Moines (Village) as of and for the year ended June 30, 2016, which collectively comprise the Village's basic financial statements as listed in the table of contents. We have not audited or reviewed the accompanying financial statements and, accordingly, do not express an opinion or provide any assurance about whether the financial statements are in accordance with accounting principles generally accepted in the United States of America.

Management is responsible for the preparation and fair presentation of the financial statements of the Village of Des Moines, New Mexico, as of and for the year ended June 30, 2016, and related notes to the financial statements, which collectively comprise the Village's basic financial statements as listed in the table of contents, in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements.

Accounting principles generally accepted in the United States of America require that page 41 through page 47 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. This information is the representation of management. This information was subject to our compilation engagement, however, we have not audited or reviewed the required supplementary information and, accordingly, do not express an opinion, a conclusion, nor provide any form of assurance on such information.

Management has elected to omit the statement of cash flows, government-wide financial statements, and notes related to the government-wide financial statements required by accounting principles generally accepted in the United States of America. If the omitted statement of cash flows, government-wide financial statements, and related note disclosures were included in the financial statements, they might influence the user's conclusions about the Village's financial position, respective changes in financial position, and cash flows. Accordingly, the financial statements are not designed for those who are not informed about such matters.

NOTES TO FINANCIAL STATEMENTS

STATE OF NEW MEXICO
VILLAGE OF DES MOINES
NOTES TO BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE YEAR ENDED JUNE 30, 2016

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Village of Des Moines (the "Village") have been prepared in accordance with General Accepted Accounting Principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements. Governments are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued after November 30, 1989 that do not conflict with or contradict GASB pronouncements. The more significant of the Village's accounting policies are described below.

A. Reporting Entity

The Village of Des Moines was incorporated under the laws of the State of New Mexico during 1915. The Village operates under a Council-Mayor form of government and provides the following services as authorized by its charter: public safety (police and fire), highways and streets, sanitation and water, culture-recreation, education, public improvements, planning and zoning, and general administrative service matters.

GASB Statement No. 14 established criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. Under provisions of this Statement, the Village is considered a primary government, since it is a special-purpose government that has a separately elected governing body, is legally separate, and is fiscally independent of other state or local governments. As used in GASB Statement No. 14, fiscally independent means that the Village may, without the approval or consent of another governmental entity, determine or modify its own budget, set rates or charges and issue bonded debt.

The Village has no component units, defined by GASB Statement No. 14 as other legally separate organizations for which the elected Village members are financially accountable. There are no other primary governments with which the Village Council Members are financially accountable. There are no other primary governments with which the Village has a significant relationship.

The accounts of the Village are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds are maintained consistent with legal and managerial requirements.

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

B. Basis of Presentation

Governmental funds are those funds through which most governmental functions typically are financed. The measurement focus of governmental funds is on the sources, uses and balance of current financial resources. The Village has presented the following governmental funds:

General Fund - The General Fund is the general operating fund of the Village and accounts for all revenues and expenditures of the Village not encompassed within other funds.

Special Revenue Funds

Fire Fund - To account for the operation and maintenance of the Village Fire Department. Financing is primarily from State grants. The fund was created by the authority of state grant provisions (NMSA 59A-53-1).

Senior Citizens Fund - To account for State revenues for senior citizens' activities. Financing is provided by State appropriation and the State of New Mexico Agency on Aging. The authority for the allocation and setup of the fund is 7-12-15, NMSA, 1978.

EMS Fund - To account for State grants and charges for services for the operation and enhancement of local emergency medical services in order to reduce injury and loss of life. Authorized by the Emergency Medical Services Fund Act, Section 24-10A-1, NMSA, 1978.

Ambulance Fund - To account for ambulance services and maintenance of equipment. Financing is provided from the State and authorized by the Emergency Medical Services Act, Section 24-10A-1, NMSA, 1978.

Enterprise Funds

All Enterprise Funds are combined. The Enterprise Funds are composed of the following:

Proprietary Funds - To account for using the economic resources measurement focus and the accrual basis of accounting. The accounting objectives are determinations of net income, financial position and cash flow. All assets and liabilities are included on the Statement of Net Position. The Village has presented the following major proprietary funds:

STATE OF NEW MEXICO
VILLAGE OF DES MOINES
NOTES TO BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE YEAR ENDED JUNE 30, 2016

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

B. Basis of Presentation (Continued)

Water Fund - To account for the provision of water service to the residents of the Village. Activities include administration, operations and maintenance of the water system and billing and collection activities. The funds also account for the accumulation of resources for, and the payment of, long-term debt principal and interest for water debt. All costs are financed through charges to utility customers with rates reviewed regularly and adjusted if necessary to ensure integrity of the funds.

Solid Waste Fund - To account for the disposal of solid waste for the residents of the Village.

C. Measurement Focus, Basis of Accounting

Measurement focus refers to what is being measured. Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

Governmental fund financial statements are reported using the current financial resources measurement focus and are accounted for using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual, i.e. when they become both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The Village considers property taxes as available if they are collected within 30 days after year end. Expenditures are recorded when the related fund liability is incurred. However, debt service expenditures, as well as expenditures related to compensated absences, are recorded only when payment is due. The revenues susceptible to accrual are property taxes, franchise fees, licenses, charges for service, interest income, and intergovernmental revenues. Sales taxes collected and held by the state at year end on behalf of the government are also recognized as revenue. All other governmental fund revenues are recognized when received.

Program revenues included in the Statement of Activities derive directly from the program itself or from parties outside the Village's taxpayer or citizenry, as a whole; program revenues reduced the cost of the function to be financed from the Village's general revenues. Program revenues include charges for services or applicants who purchase, use, or directly benefit from the goods or services provided by the given function.

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position

Cash and Cash Equivalents - The Village's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. The Village is authorized under the provisions of Chapter 6, Article 10, paragraph 10, NMSA 1978, to deposit its money in banks, savings, and loan associations and/or credit unions whose accounts are insured by an agency of the United States.

Investments - All money not immediately necessary for the public uses of the Village may be invested in:

(a) bonds or negotiable securities of the United States, the state or any county, municipality or Village which has a taxable valuation of real property for the last preceding year of at least one million dollars (\$1,000,000) and has not defaulted in the payment of any interest or sinking fund obligation or failed to meet any bonds at maturity at any time within five years last preceding; or

(b) securities that are issued by the United States government or by its agencies or instrumentalities and that are either direct obligations of the United States or are backed by the full faith and credit of the United States government or agencies guaranteed by the United States government; or

(c) in contracts with banks, savings and loan associations, or credit unions for the present purchase and resale at a specified time in the future of specific securities at specified prices at a price differential representing the interest income to be earned by the investor. The contract shall be shown on the books of the financial institution as being the property of the investor and the designation shall be contemporaneous with the investment. The contract shall be fully secured by obligations of the United States having a market value of at least one hundred two percent of the contract. The collateral required for investment in the contracts provided for in this subsection shall be shown on the books of the financial institution as being the property of the investor and the designation shall be contemporaneous with investment.

Receivables and Payables - Receivables include property taxes, interfund loans that are expected to be paid back and amount due from state government agencies related to various grant agreements. Payables represent routine monthly bills for services rendered and products purchased and accrued salaries and benefits.

STATE OF NEW MEXICO
 VILLAGE OF DES MOINES
 NOTES TO BASIC FINANCIAL STATEMENTS
 AS OF AND FOR THE YEAR ENDED JUNE 30, 2016

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position (Continued)

Property Taxes - The County collects the Village's share of property taxes assessed. Property taxes attach an enforceable lien on property as of January 1st. Tax notices are sent by the County treasurer to property owners by November 1st of each year to be paid in whole or in two installments by November 10th and April 10th of each year. The County collects such taxes and distributes them to the Village on a monthly basis. The Village accounts for its share of property taxes in the General Fund. Only those collections received are recorded as revenues for the budget presentation.

Restricted Funds - Restricted assets for the Village include utility customer deposits reflected in the business-type funds. These assets may only be expended for the specific purposes as noted, due to externally imposed provisions of the agreements with utility customers.

Capital Assets - Capital assets, which include property, buildings, equipment, and infrastructure assets are reported in the fund financial statements for proprietary funds. Capital assets are recorded at historical costs and depreciated over their estimated useful lives (with no salvage value). Capital assets are defined by the Village as assets with an initial individual cost of more than \$5,000 and an estimated useful life in excess of one year. Donated capital assets are recorded at their estimated fair market value on the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. The construction period interest is not capitalized in the proprietary funds.

Estimated useful life is management's estimate of how long the asset is expected to meet service demands. Straight line depreciation is used based on the following estimated useful lives:

Assets	Years
Buildings	40 - 50
Building improvements	40
Public domain infrastructure	12 - 20
System infrastructure	20 - 30
Equipment	10 - 12
Vehicles	3 - 5
Computer equipment	5

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position (Continued)

Use of Restricted Funds - When both restricted and unrestricted resources are available for use, it is the Village's policy to use restricted resources first, then unrestricted resources as they are needed.

Revenue - The policy for defining the proprietary fund's operating revenues and expenses is how individual transactions would be categorized for purposes of preparing a statement of cash flows. Transactions for which cash flows are reported as capital and related financing activities, noncapital financing activities, or investing activities normally are not reported as components of operating income.

Pensions - For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the New Mexico Public Employees Retirement Association (PERA) and additions to/deductions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA, on the economic resources measurement focus and accrual basis of accounting. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Compensated Absences - Village employees are entitled to certain compensated absences based on their employment classification and length of employment. With minor exceptions, the Village allows 40 hour week employees to accumulate unused sick leave. Accumulated unused sick leave; however, is not paid upon termination from employment or retirement, but will be paid only upon illness while in the employment of the Village. Accordingly, no provision for accumulated unused sick leave has been made in the accompanying financial statements.

Full-time, permanent employees are granted vacation benefits in varying amounts to specified maximums depending on tenure with the Village. Accumulated unused vacation is payable upon retirement or termination from employment. All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Deferred Inflows - Within the governmental funds, revenues must be available in order to be recognized. Revenues such as real estate taxes that are not available are recorded as deferred inflows and reflected within the balance sheet.

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position (Continued)

Net Position - The government-wide and business-type activities fund financial statements utilize a net position presentation. When both restricted and unrestricted resources are available for use, it is the Village's policy to use restricted resources first, and then unrestricted resources as needed.

Net Investment in Capital Assets - This category reflects the portion of net position that are associated with capital assets less outstanding capital asset related debt.

Unrestricted Net Position - This category reflects net position of the Village, not restricted for any project or other purpose.

Fund Balance - In the fund financial statements, governmental fund balances are classified as follows:

Nonspendable - fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, for example, inventories and prepaid amounts. It also includes amounts to be held in perpetuity.

Restricted - Fund balance should be reported when constraints placed on the use of resources are either:

- a. Externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or
- b. Imposed by law through constitutional provisions or enabling legislation. Enabling legislation, as the term is used in this Statement, authorizes the government to assess, levy, charge, or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation. Legal enforceability means that a government can be compelled by an external party-such as citizens, public interest groups, or the judiciary-to use resources created by enabling legislation only for the purposes specified by the legislation.

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position (Continued)

Unassigned - fund balance is the residual classification for the general fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund. The general fund should be the only fund that reports a positive unassigned fund balance amount. In other governmental funds, if expenditures incurred for specific purposes exceeded the amounts restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

The Village's policy is to apply restricted resources first, committed sources second, assigned resources third, and unassigned resources last when an expense is incurred for purposes for which all or any fund balance classification is available.

Inter-Fund Transactions - Quasi-external transactions are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund from expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed. All other inter-fund transactions, except quasi-external transactions and reimbursements are reported as transfers. All other inter-fund transfers are reported as operating transfers.

Estimates - The preparation of financial statements in conformity with Generally Accepted Accounting principles in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

E. Implementation of New Accounting Standards

In 2015, the Governmental Accounting Standards Board (GASB) issued GASB Statement No. 72, *Fair Value Measurement and Application*. The requirements of this Statement are effective for financial statements for reporting periods beginning after June 15, 2015. Earlier application is encouraged. This Statement addresses accounting and financial reporting issues related to fair value measurements. The definition of *fair value* is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Statement provides guidance for determining a fair value measurement for financial reporting purposes. This Statement also provides guidance for applying fair value to certain investments and disclosures related to all fair value measurements. The Village is analyzing the effect that this statement will have on its financial statements, and currently believes it will have no significant effect on the financial statements for the upcoming year.

In 2015, GASB issued GASB Statement No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not Within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68*. The provisions in Statement 73 are effective for fiscal years beginning after June 15, 2015 - except those provisions that address employers and governmental non-employer contributing entities for pensions that are not within the scope of Statement 68, which are effective for fiscal years beginning after June 15, 2016. Earlier application is encouraged. The objective of this Statement is to improve the usefulness of information about pensions included in the general purpose external financial reports of state and local governments for making decisions and assessing accountability. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for all postemployment benefits with regard to providing decision-useful information, supporting assessments of accountability and interperiod equity, and creating additional transparency. The Village is analyzing the effect that this statement will have on its financial statements, and currently believes it will have no significant effect on the financial statements for the upcoming year.

In 2015, the GASB issued GASB Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*. The provisions in Statement 74 are effective for fiscal years beginning after June 15, 2016. Earlier application is encouraged. The objective of this Statement is to improve the usefulness of information about postemployment benefits other than pensions (other postemployment benefits or OPEB) included in the general purpose external financial reports of state and local governmental OPEB plans for making decisions and assessing accountability.

This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for all postemployment benefits (pensions and OPEB) with regard to providing decision-useful information, supporting assessments of accountability and interperiod equity, and creating additional transparency. The Village is analyzing the effect that this statement will have on its financial statements, and currently believes it will have no significant effect on the financial statements for the upcoming year.

In 2015, the GASB issued GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. The provisions in Statement 75 are effective for fiscal years beginning after June 15, 2017. Earlier application is encouraged. The primary objective of this Statement is to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB). It also improves information provided by state and local governmental employers about financial support for OPEB that is provided by other entities. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for all postemployment benefits (pensions and OPEB) with regard to providing decision-useful information, supporting assessments of accountability and interperiod equity, and creating additional transparency. The Village is analyzing the effect that this statement will have on its financial statements, and currently believes it will have no significant effect on the financial statements for the upcoming year.

In 2015, the GASB issued GASB Statement No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*. The provisions in Statement 76 are effective for reporting periods beginning after June 15, 2015. Earlier application is encouraged. The objective of this Statement is to identify—in the context of the current governmental financial reporting environment—the hierarchy of generally accepted accounting principles (GAAP). The “GAAP hierarchy” consists of the sources of accounting principles used to prepare financial statements of state and local governmental entities in conformity with GAAP and the framework for selecting those principles. This Statement reduces the GAAP hierarchy to two categories of authoritative GAAP and addresses the use of authoritative and non-authoritative literature in the event that the accounting treatment for a transaction or other event is not specified within a source of authoritative GAAP. The Village is analyzing the effect that this statement will have on its financial statements, and currently believes it will have no significant effect on the financial statements for the upcoming year.

E. Implementation of New Accounting Standards (continued)

In 2015, the GASB issued GASB Statement No. 77, Tax Abatement Disclosures. The requirements of this Statement are effective for reporting periods beginning after December 15, 2015. Earlier application is encouraged. Financial statements prepared by state and local governments in conformity with generally accepted accounting principles provide citizens and taxpayers, legislative and oversight bodies, municipal bond analysts, and others with information they need to evaluate the financial health of governments, make decisions, and assess accountability. This information is intended, among other things, to assist these users of financial statements in assessing (1) whether a government's current-year revenues were sufficient to pay for current-year services (known as interperiod equity), (2) whether a government complied with finance-related legal and contractual obligations, (3) where a government's financial resources come from and how it uses them, and (4) a government's financial position and economic condition and how they have changed over time. The Village is analyzing the effect that this statement will have on its financial statements, and currently believes it will have no significant effect on the financial statements for the upcoming year.

In 2015, GASB issued GASB Statement No. 78, The requirements of this Statement are effective for reporting periods beginning after December 15, 2015. Earlier application is encouraged. The objective of this Statement is to address a practice issue regarding the scope and applicability of Statement No. 68, Accounting and Financial Reporting for Pensions. This issue is associated with pensions provided through certain multiple-employer defined benefit pension plans and to state or local governmental employers whose employees are provided with such pensions.

In 2015, GASB issued GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*. The requirements of this Statement are effective for reporting periods beginning after June 15, 2015, except for certain provisions on portfolio quality, custodial credit risk, and shadow pricing. Those provisions are effective for reporting periods beginning after December 15, 2015. Earlier application is encouraged. This Statement addresses accounting and financial reporting for certain external investment pools and pool participants. Specifically, it establishes criteria for an external investment pool to qualify for making the election to measure all of its investments at amortized cost for financial reporting purposes. An external investment pool qualifies for that reporting if it meets all of the applicable criteria established in this Statement. The specific criteria address (1) how the external investment pool transacts with participants; (2) requirements for portfolio maturity, quality, diversification, and liquidity; and (3) calculation and requirements of a shadow price. Significant noncompliance prevents the external investment pool from measuring all of its

investments at amortized cost for financial reporting purposes. Professional judgment is required to determine if instances of noncompliance with the criteria established by this Statement during the reporting period, individually or in the aggregate, were significant.

In 2016, GASB issued GASB Statement No. 80, *Blending Requirements for Certain Component Units - An Amendment of GASB Statement No. 14*. The requirements of this Statement are effective for reporting periods beginning after June 15, 2016. Earlier application is encouraged. The objective of this Statement is to improve financial reporting by clarifying the financial statement presentation requirements for certain component units. This Statement amends the blending requirements established in paragraph 53 of Statement No. 14, The Financial Reporting Entity, as amended.

In 2016, GASB issued GASB Statement No. 81, *Irrevocable Split-Interest Agreements*. The requirements of this Statement are effective for financial statements for periods beginning after December 15, 2016, and should be applied retroactively. Earlier application is encouraged. The objective of this Statement is to improve accounting and financial reporting for irrevocable split-interest agreements by providing recognition and measurement guidance for situations in which a government is a beneficiary of the agreement.

In 2016, GASB issued GASB Statement No. 82, *Pension Issues An Amendment of GASB Statements No. 67, No. 68, and No. 73*. The requirements of this Statement are effective for reporting periods beginning after June 15, 2016, except for the requirements of this Statement for the selection of assumptions in a circumstance in which an employer's pension liability is measured as of a date other than the employer's most recent fiscal year-end. In that circumstance, the requirements for the selection of assumptions are effective for that employer in the first reporting period in which the measurement date of the pension liability is on or after June 15, 2017. The objective of this Statement is to address certain issues that have been raised with respect to Statements No. 67, Financial Reporting for Pension Plans, No. 68, Accounting and Financial Reporting for Pensions, and No. 73, Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68. Specifically, this Statement addresses issues regarding (1) the presentation of payroll-related measures in required supplementary information, (2) the selection of assumptions and the treatment of deviations from the guidance in an Actuarial Standard of Practice for financial reporting purposes, and (3) the classification of payments made by employers to satisfy employee (plan member) contribution requirements.

Budgetary Information

Annual budgets for the Village are prepared prior to June 1 and must be approved by the Council Members and the New Mexico Department of Finance and Administration. Once the budget has been formally approved, the Village Council Members and the Department of Finance and Administration must also approve any amendments. A separate budget is prepared for each fund. Line items within each budget may be over-expended; however, it is not legally permissible to over-expend any budget in total.

These budgets are prepared on the Non-GAAP cash basis, excluding encumbrances, and secure appropriation of funds for only one year. Carryover funds must be re-appropriated in the budget of the subsequent fiscal year.

Formal budgetary integration is employed as a management control device during the year for the General Fund, Special Revenue Funds, and Proprietary Funds.

The Village is required to balance its budgets each year. Accordingly, amounts that are excess or deficient are presented as changes in cash designated for expenditures, not as an excess or deficiency of revenues over expenditures.

Since accounting principals applied for purposes of developing data on a budgetary basis differ significantly from those used to present financial statements in conformity with generally accepted accounting principals, a reconciliation of resultant basis, perspective, equity and timing differences in the excess (deficiency) of revenues and other sources of financial resources for the year-ended June 30, 2016 is presented.

Budgetary Control

1. Prior to June 1, the Village's Clerk-Treasurer submits the budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and the means of financing them. Public hearings are conducted in May and June to obtain taxpayers comments.

2. Prior to July 1, the budget is legally enacted through passage of an ordinance and then must be approved by Local Government Division of the State Department of Finance and Administration.

3. The Village Council is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the State Department of Finance and Administration.

3. CASH AND DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS

New Mexico State Statutes provide authoritative guidance regarding the deposit of cash and idle cash.

Deposits of funds may be made in interest or non-interest bearing checking accounts in one or more bank or savings and loan associations within the geographical boundaries of the Village. Deposits may be made to the extent that they are insured by an agency of the United States of America or by collateral deposited as security or by bond given by the financial institution. The rate of interest in no case shall the rate of interest be less than one hundred percent of the asked price on United States treasury bills of the same maturity on the day of deposit.

Idle cash may be invested in a wide variety of instruments, including money market accounts, certificates of deposit, the New Mexico State Treasurer's investment pool, or in securities which are issued by the state or by the United States government, or by their departments or agencies, and which are either direct obligations of the state or the United States, or are backed by the full faith and credit of those governments.

Cash Deposited with Financial Institutions

The Village maintains cash in one financial institution within Des Moines, New Mexico. The Village's deposits are carried at cost.

Statement of Net Position:				
Cash		64,463		
Total		\$ 64,463		

Except for items in transit, the carrying value of deposits by the respective depositories equated to the carrying value by the Village.

All deposits are collateralized with eligible securities, as described by New Mexico State Statute, in amounts equal to at least 50% of the Village carrying value of the deposits (demand and certificates of deposit). Such collateral, as permitted by the state statutes is held in each respective depository bank's collateral pool at a Federal Reserve Bank, or member bank other than the depository bank, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds with the exception of deposit insurance provided by the Federal Deposit Insurance Corporation.

6. PROPERTY TAXES

Union County collects the Village's share of property taxes assessed. Property taxes attach an enforceable lien on property as of January 1st. Tax notices are sent by the County treasurer to property owners by November 1st of each year to be paid in whole or in two installments by November 10th and April 10th of each year. The County collects such taxes and distributes them to the Village on a monthly basis. The Village accounts for its share of property taxes in the General Fund. Only those collections received are recorded as revenues for the budget presentation.

7. PENSION PLAN PUBLIC EMPLOYEES RETIREMENT ASSOCIATION

The Village adopted GASB 68 during the year ended June 30, 2016. GASB 68, *Accounting and Financial Reporting for Pensions*, requires contributing employers of cost-sharing multiple employer defined benefit pension plans to include the net pension liability, pension expense, and pension-related deferred inflows and outflows of resources related to their share of the pension plan in their government-wide financial statement presentation. PERA engaged their financial statement auditors to prepare a schedule allocating these obligations to the contributing employers as of the year ended June 30, 2015. As part of adopting GASB 68 during the current year, the Village recognized a Net Pension Liability (NPL), which represents the Village's share of the underfunded pension obligation at June 30, 2016.

General Information about the Pension Plan

Plan description. The Public Employees Retirement Fund (PERA Fund) is a cost-sharing, multiple employer defined benefit pension plan. This fund has six divisions of members, including State General, State Police/Adult Correction Officer, Municipal General, Municipal Police/Detention Officers, Municipal fire, and State Legislative Divisions, and offers 24 different types of coverage within the PERA plan. All assets accumulated may be used to pay benefits, including refunds of member contributions to any of the plan members or beneficiaries, as defined by the terms of this plan. Certain coverage plans are only applicable to a specific division. Eligibility for membership in the PERA Fund is set forth in the Public Employees Retirement Act (Chapter 10, Article 11, NMSA 1978). Except as provided for in the Volunteer Firefighters Retirement Act (10-11A-1 to 10-11A-7, NMSA 1978), the Judicial Retirement Act (10-12B-1 to 10-12B-19, NMSA 1978), the Magistrate Retirement Act (10-12C-1 to 10-12C-18, NMSA 1978), and the Educational Retirement Act (Chapter 22, Article 11, NMSA 1978), and the provisions of Sections 29-4-1 through 29-4-11, NMSA 1978 governing the State Police Pension Fund, each employee and elected official of every affiliated public employer is required to be a member in the PERA Fund.

PERA issues a publicly available financial report and a comprehensive annual financial report that can be obtained at <http://saonm.org/> using the Audit Report Search function for agency 366.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions: The PERA pension liability amounts, net pension liability amounts, and sensitivity information were based on an annual actuarial valuation performed as of June 30, 2014. The PERA pension liability amounts for each division were rolled forward from the valuation date to the Plan year ending June 30, 2015, using generally accepted actuarial principles. Therefore, the employer’s portion was established as of the measurement date June 30, 2015.

The assets of the PERA fund are held in one trust, but there are six distinct membership groups (municipal general members, municipal police members, municipal fire members, state general members, state police members and legislative members) for whom separate contribution rates are determined each year pursuant to chapter 10, Article 11 NMSA 1978. Therefore, the calculations of the net pension liability, pension expense and deferred Inflows and Outflows were performed separately for each of the membership groups: municipal general members; municipal police members; municipal fire members; state general members; state police members and legislative members. The Village of Des Moines’ proportion of the net pension liability for each membership group that the employer participates in is based on the employer contributing entity’s percentage of that membership group’s total employer contributions for the fiscal year ended June 30, 2015. Only employer contributions for the pay period end dates that fell within the period of July 1, 2014 to June 30, 2015 were included in the total contributions for a specific employer. Regular and any adjustment contributions that applied to FY 2015 are included in the total contribution amounts.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

In the event that an employer is behind in reporting to PERA its required contributions, an estimate (receivable) was used to project the unremitted employer contributions. This allowed for fair and consistent measurement of the contributions with the total population. This methodology was used to maintain consistent measurement each year in determining the percentages to be allocated among all the participating employers.

For PERA Fund Division Municipal General, at June 30, 2015, the Village of Des Moines reported a liability of \$73,410 for its proportionate share of the net pension liability. At June 30, 2015, the Village of Des Moines' proportion was 0.0072%, which was unchanged from its proportion measured as of June 30, 2014, due to the insignificance of the difference.

For the year ended June 30, 2016, the Village of Des Moines recognized PERA Fund Division Municipal General pension expense of \$56,045. At June 30, 2016, the Village of Des Moines reported PERA Fund Division Municipal General deferred outflows of resources and deferred inflows or resources related to pensions from the following sources:

Actuarial assumptions. As described above, the PERA Fund member group pension liabilities and net pension liabilities are based on actuarial valuations performed as of June 30, 2014 for each of the membership groups. Then each PERA Fund member group pension liability was rolled forward from the valuation date to the Plan year ending June 30, 2015 using generally accepted actuarial principles. There were no significant events or changes in benefit provisions that required an adjustment to the roll-forward liabilities as of June 30, 2015. These actuarial methods and assumptions were adopted by the Board for use in the June 30, 2015 actuarial valuation.

Actuarial assumptions:	
-Investment rate of return	7.75% annual rate, net of investment expense
-Projected benefit payment	100 Years
-Payroll growth	3.50% annual rate
-Projected salary increases	3.50% to 14.25% annual rate

-Experience Study Dates	July 1, 2008 to June 30, 2013

The long-term expected rate of return on pension plan investments was determined using a statistical analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and most recent best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Discount rate:

The discount rate used to measure the total pension liability was 7.75 percent. The projection of cash flows used to determine the discount rate assumed that future contributions will be made in accordance with statutory rates. On this basis, the pension plan's fiduciary net position together with the expected future contributions are sufficient to provide all projected future benefit payments of current plan members as determined in accordance with GASB 67. Therefore, the 7.75% assumed longterm expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the net pension liability to changes in the discount rate:

The following presents the net pension liability of the Village of Des Moines, calculated using the discount rate of 7.75 percent, as well as what the Villages's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.75 percent) or 1-percentage-point higher (8.75 percent) than the current rate:

	1% Decrease 6.75%	Current 7.75%	1% Increase 8.75%
Net Pension Liability	\$ 124,989	\$ 73,410	\$ 30,526

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued FY15 Restated PERA financial report. The report is available at <http://www.pera.state.nm.us/publications.html>.

Payables to the pension plan. Employers should disclose the amount of payables to the Plan with a description of what gave rise to the payable per GASB 68, paragraphs 122 and 124. At June 30, 2016, there was no payable to the plan.

Plan Description - Village of Des Moines contributes to the New Mexico Retiree Health Care Fund, a cost-sharing multiple-employer defined benefit post employment healthcare plan administered by the New Mexico Retiree Health Care Authority (RHCA). The RHCA provides health care insurance and prescription drug benefits to retired employees of participating New Mexico government agencies, their spouses, dependents, and surviving spouses and dependents. The RHCA Board was established by the Retiree Health Care Act (Chapter 10, Article 7C, NMSA 1978). The Board is responsible for establishing and amending benefit provisions of the healthcare plan and is also authorized to designate optional and/or voluntary benefits like dental, vision, supplemental life insurance, and long-term care policies.

8. POST-EMPLOYMENT BENEFITS - STATE RETIREE HEALTH CARE PLAN

Eligible retirees are: 1) retirees who make contributions to the fund for at least five years prior to retirement and whose eligible employer during that period of time made contributions as a participant in the RHCA plan on the person's behalf unless that person retires before the employer's RHCA effective date, in which event the time period required for employee and employer contributions shall become the period of time between the employer's effective date and the date of retirement; 2) retirees defined by the Act who retired prior to July 1, 1990; 3) former legislators who served at least two years; and 4) former governing authority members who served at least four years.

The RHCA issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for the post employment healthcare plan. That report and further information can be obtained by writing to the Retiree Health Care Authority at 4308 Carlisle NE, Suite 104, Albuquerque, NM 87107.

Funding Policy - The Retiree Health Care Act (Section 10-7C-13 NMSA 1978) authorizes the RHCA Board to establish the monthly premium contributions that retirees are required to pay for healthcare benefits. Each participating retiree pays a monthly premium according to a service based subsidy rate schedule for the medical plus basic life plan plus an additional participation fee of five dollars if the eligible participant retired prior to the employer's RHCA effective date or is a former legislator or former governing authority member. Former legislators and governing authority members are required to pay 100% of the insurance premium to cover their claims and the administrative expenses of the plan. The monthly premium rate schedule can be obtained from the RHCA or viewed on their website at www.nmrhca.state.nm.us. The employer, employee and retiree contributions are required to be remitted to the RHCA on a monthly basis. The statutory requirements for the employer and employee contributions can be changed by the New Mexico State Legislature. Employers that choose to become participating employers after January 1, 1998, are required to make contributions to the RHCA fund in the amount determined to be appropriate by the board.

The Retiree Health Care Act (Section 10-7C-15 NMSA 1978) is the statutory authority that establishes the required contributions of participating employers and their employees. For employees that were members of an enhanced retirement plan (state police and adult correctional officer member coverage plan 1; municipal police member coverage plans 3, 4 or 5; municipal fire member coverage plan 3, 4 or 5; municipal detention officer member coverage plan 1; and members pursuant to the Judicial Retirement Act) during the fiscal year ended June 30, 2016, the statute required each participating employer to contribute 2.5% of each participating employee's annual

salary; and each participating employee was required to contribute 1.25% of their salary. For employees that were not members of an enhanced retirement plan during the fiscal year ended June 30, 2013, the statute required each participating employer to contribute 2.0% of each participating employee's annual salary; each participating employee was required to contribute 1.0% of their salary. In addition, pursuant to Section 10-7C-15(G) NMSA 1978, at the first session of the Legislature following July 1, 2013, the legislature shall review and adjust the distributions pursuant to Section 7-1-6.1 NMSA 1978 and the employer and employee contributions to the authority in order to ensure the actuarial soundness of the benefits provided under the Retiree Health Care Act. The Village of Des Moines' contributions to the RHCA for the years ended June 30, 2016, 2015 and 2014 were \$2,308, \$5,654, and \$5,353, respectively, which equal the required contributions for each year.

9. RISK MANAGEMENT

The Village is exposed to various risks of loss related to torts, theft of or damage to and destruction of assets, errors and omissions, injuries to employees, and natural disasters.

To manage these risks the Village participates as a member of the New Mexico Self Insurer's Fund, a pooled joint powers Insurance Authority. The Authority is administered by the New Mexico Municipal League, a nonprofit, comprised of 103 public entities. The Authority is organized under joint powers agreements as provided by Section 11-1-1 et. Seq, NMSA, 1978. The purpose of the Authority is to arrange and administer programs for pooling of self-insured losses, to purchase excess insurance or reinsurance, and to arrange for group-purchased insurance for property and other coverage. Each member government participates in the election of Board of Directors, who appoints the Insurance Board of Trustees. Insurance premiums paid to the Authority for fiscal year 2016 amounted to \$32,541.

Tort claims are generally limited by the Tort Claims Act, Section 41-4-1 et. Seq, NMSA, 1978. The Village retains some risk for coverage which may be less than the tort claims limitation. Certain claims relating to certain public construction, operation of motor vehicles, building maintenance and certain health care activities are exempt from the Act.

General Liability Insurance: The policy provides an annual aggregate coverage of \$4,000,000 with \$400,000 per person for bodily injury and \$750,000 per occurrence. Property damage coverage is for \$100,000 per occurrence.

Workers' Compensation Insurance: The policy limits provides coverage of \$1,050,000 per occurrence and \$1,050,000 annual aggregate coverage.

9. RISK MANAGEMENT (CONTINUED)

Property Insurance: Property insurance insures Village buildings for an aggregate of \$1,396,033, including contents, with separate electronic data processing equipment of \$9,000. Deductibles are \$250 per occurrence. Automobile comprehensive is included with a deductible of \$250.

Fidelity Bond: Blanket fidelity bond coverage in the amount of \$500,000 with deductible of \$10,000 is provided.

The New Mexico Self Insurer's Fund assesses a premium to the Village to cover expenses of the fund which includes claims, reinsurance expenses, administration, and other costs.

Fidelity Bond (Continued)

Risk management activities are reported primarily in the General Fund. Other funds may reimburse the General Fund for certain coverage. The Village has not significantly reduced Insurance coverage from the prior year. Settlements have not exceeded Insurance coverage for the past three years. Management is not aware of any outstanding claims.

10. EXCESS EXPENDITURES OVER APPROPRIATIONS

New Mexico State Statutes restricts all officials and governing authorities from approving claims in excess of the approved budget. The Village exceeded its authorized budget by \$202,195 as follows:

Fund	Budget Expenses	Actual Expenses	Difference
General Fund	\$ 219,000	\$ 357,576	\$ 138,576
Fire Fund	82,500	110,011	27,511
