INDEPENDENT AUDITOR'S REPORT

Hector Balderas, State Auditor
The Village Council and
Village of House
House, New Mexico

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund including budget comparisons, and the aggregate remaining fund information of the Village of House, as of and for the year ended June 30, 2008, which collectively comprise the Village of House's basic financial statements as listed in the table of contents. We have also audited the financial statements of each of the nonmajor governmental funds and budget comparisons presented as supplementary information in the accompanying combining and individual fund financial statements as of and for the year ended June 30, 2008, as listed in the table of contents. These financial statements are the responsibility of the Village's management. Our responsibility is to express opinions on these financial statements based on our audit.

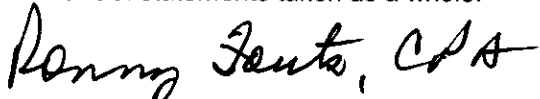

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statements presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Village, as of June 30, 2008, and the respective changes in financial position thereof and the respective budgetary comparison for the general fund and major special revenue funds for the year then ended in conformity with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each nonmajor governmental fund of the Village as of June 30, 2008 and the respective changes in financial position thereof, and the respective budgetary comparisons for the major capital project funds, debt service funds, and all nonmajor funds for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated November 20, 2008, on our consideration of Village of House's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards, and should be considered in assessing the results of our audit.

For the year ended June 30, 2008, Village of House has not presented the Management's Discussion and Analysis that the Governmental Accounting Standards Board has determined is necessary to supplement, although not required to be part of the basic financial statements.

Our audit was conducted for the purpose of forming opinions on the basic financial statements and the combining and individual fund financial statements that collectively compromise the Village's basic financial statements. The additional schedules listed as supplementary information in the table of contents are presented for purposes of additional analysis and is not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly presented in all material respects, in relation to the basic financial statements taken as a whole.

A handwritten signature in black ink that reads "Ronny Fouts, CPA". The signature is written in a cursive style with a large initial 'R'.

STATE OF NEW MEXICO
 VILLAGE OF HOUSE
 Reconciliation of the Statement of Revenues, Expenditures,
 and Changes in Fund Balance - All Governmental Funds
 to the Statement of Activities
 For the Year Ended June 30, 2008

Amounts reported for governmental activities in the statement of activities are different because:

Net Change - Total Governmental Funds	\$	9,369
---------------------------------------	----	-------

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current year.

Depreciation Expense		(70,900)
Capital Outlay		-

Accrued interest payable is an expenditure in the statement of activities but it is not an expenditure in the governmental funds statements

Accrued interest payable		373
--------------------------	--	-----

Repayment of long term liabilities is an expenditure in governmental funds but it reduces long term liabilities in the statement of net assets and does not effect the statement of activities

Long term liabilities payment		63,755
-------------------------------	--	--------

Rounding		1
----------	--	---

Change in net assets of governmental activities	\$	<u>2,598</u>
---	----	--------------

The accompanying notes are an integral part of these financial statements.

MAJOR FUNDS

GENERAL FUND— to account for all financial resources of the general government, except those required to be accounted for in another fund.

MUNICIPAL STREETS FUND – to account for the collection of one-half of one percent gross receipts tax for the purpose of improving the Village streets. Funding is provided under State Statute 7-16.9 and 7-13-1 through 7-13-18 NMSA 1978 Compilation.

FIRE PROTECTION FUND – This fund accounts for the operations and maintenance of the fire department. Financing is provided by state collected taxes for fire protection. State Statute 59A-53-1 NMSA 1978 Compilation.

STATE OF NEW MEXICO
VILLAGE OF HOUSE
Notes to Financial Statements
June 30, 2008

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The accompanying financial statements present the activities of the Village of House. The Village does not have any component units. The Village operates under a Mayor – Village Council form of government and provides services as authorized by its charter: public safety (police and fire), highways and streets, sanitation, health and welfare, culture and recreation, public improvements, planning and zoning, and general administrative services.

The financial statements of the Village have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) applicable to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted setting body for establishing governmental accounting and financial reporting principles.

B. Basis of Presentation – Basis of Accounting

Government-wide Statements – The statement of net assets and the statement of activities display information about the primary government. These statements include the financial activities of the overall government, except for fiduciary activities. These statements distinguish between the *governmental and business-type activities* of the Village. Governmental activities generally are financed through taxes, intergovernmental revenues, and other Nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the Village and for each function of the Village's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fees, fines, and charges paid by the recipients of goods and services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements – The fund financial statements provide information about the Village's funds. Separate statements for each fund category – *governmental and proprietary* – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as Nonmajor funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies and investment earnings, result from Nonexchange transactions or ancillary activities.

STATE OF NEW MEXICO
VILLAGE OF HOUSE
Notes to Financial Statements
June 30, 2008

The Village reports the following major governmental funds:

General Fund – This is the Village’s primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Municipal Street Fund – This fund accounts for the collection of one-half of one percent gross receipts tax for the purpose of improving the Village streets. Funding is provided under State Statute 7-16.9 and 7-13-1 through 7-13-18 NMSA 1978 Compilation.

Fire Protection Fund – This fund accounts for the operations and maintenance of the fire department. Financing is provided by state collected taxes for fire protection. State Statute 59A-53-1 NMSA 1978 Compilation.

The Village reports two major proprietary funds. The Water and Sewer Fund and Solid Waste Fund, which are used to account for the assets, liabilities, net assets, revenue and expenditures related to water and refuse services provided to the residents of the Village, and water sold to parties outside the Village. Under GASB Statement No. 20, “Accounting and Financial Reporting the Proprietary Funds and Other Governmental Entities the Use Proprietary Fund Accounting”, all proprietary funds will continue to follow Financial Accounting Standards Board (FASB) standards issued on or before November 30, 1989. However, from that date forward, proprietary funds will have the option of either 1) choosing not to apply future FASB standards (including amendments of earlier pronouncements), or 2) continuing to follow new FASB pronouncements unless they conflict with GASB guidance. The Village has chosen to apply future FASB standards.

C. Measurement Focus, Basis of Accounting

Government-wide and Proprietary Statements – The government-wide and proprietary statements are reported using the economic resources measurement focus. The government-wide and proprietary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the Village gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenues from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied. Program revenues derive directly from the program itself or from parties outside the reporting government’s taxpayers or citizenry as a whole; they reduce the net cost of the function to be financed from the government’s general revenues.

Governmental Fund Financial Statements – Government funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The Village considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days

STATE OF NEW MEXICO
VILLAGE OF HOUSE
Notes to Financial Statements
June 30, 2008

after year-end. Property taxes, sales taxes, franchise taxes, licenses, and interest are considered to be susceptible to accrual. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under the terms of grant agreements, the Village funds certain programs by a combination of specific cost reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. It is the Village's policy to first apply cost reimbursement grant resources to such programs, followed by categorical block grants, and then, by general revenues.

All governmental and business-type activities and enterprise funds of the Village follow GASB Statements and Interpretations issued on or before November 30, 1989, Accounting Principles Board Opinions and Accounting Research Bulletins, unless those pronouncements conflict with GASB pronouncements.

Neither fiduciary funds nor component units that are fiduciary in nature are included in the Village's government-wide financial statements. The Village has no fiduciary funds.

D. Budgetary Data

The Village follows these procedures in establishing the budgetary data reflected in the financial statements.

1. The Village Clerk submits a proposed operating budget for the fiscal year commencing July 1, prior to June 30. The operating budget includes proposed expenditures and the means for financing them. A budget is proposed for the General and Special Revenue Funds. Proprietary funds are also budgeted.
2. Public hearings are conducted to obtain taxpayer comments. The budgets are then submitted to the Department of Finance and Administration for review, adjustment, and approval.
3. Prior to June 30, the budget is legally enacted through passage of a resolution. The Village Council is authorized to transfer budgeted amounts between departments within any fund. Department of Finance and Administration, Local Government Division must approve any revisions that alter the total expenditures of any fund.
4. Budgets for all funds are adopted on the cash basis, which is not consistent with generally accepted accounting principles. Budgetary comparisons have been presented in this report on the basis of the legally adopted budget.
5. Budgets for all funds are adopted on a regulatory prescribed cash basis. The level of budgeting control is by fund total. Budgetary information is presented as amended, the amendments being

STATE OF NEW MEXICO
VILLAGE OF HOUSE
Notes to Financial Statements
June 30, 2008

adopted in a legally prescribed manner. Appropriation laps at year-end with any unspent cash balance being available for expenditures and appropriation in the subsequent year's budget.

E. Encumbrances

Encumbrance accounting under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve the portion of the applicable appropriation is employed as an extension of formal budgetary integration in the General Fund and Special Revenue Funds. Encumbrances lapse at year-end and therefore are not presented in these financial statements.

F. Cash

Cash includes amounts in demand deposits as well as certificates of deposit acquired by the Village. For the purpose of reporting cash flows all highly liquid investments including restricted assets with maturity of three months or less are considered to be cash equivalents.

G. Inventories

Inventories are valued at cost, which approximates market, using the first-in/first-out (FIFO) method. The costs of governmental fund-type inventories are recorded as expenditures when purchased.

H. Accounts Receivable

The accounts receivable of the governmental funds consist primarily of taxes collected by the collection agency in the current year, but not remitted to the Village until after year-end. The accounts receivable of the enterprise funds represent earned income for water, sewer, and solid waste services.

I. Capital Assets

Capital assets are recorded as expenditures in the General Fund and Special Revenue funds at the time assets are received and a liability is incurred. These assets are capitalized at cost in the capital assets account except for rights of way and certain improvements other than buildings constructed in the public right of way such as roads, bridges, curbs, gutters, streets and sidewalks, drainage systems and lighting systems, as these assets are immovable and of value only to the Village. All purchased assets are valued at cost where historical records are available and at an estimated historical cost where no historical records exist. Donated capital assets are valued at their estimate fair market value on the date received. The fair market value of donated assets is determined by comparison to other similar assets.

Depreciation of all exhaustible capital assets used by proprietary funds is charges as an expense against their operations. Accumulated depreciation is reported on proprietary fund balance sheets. Depreciation has been provided over the estimated useful lives using the straight-line method. The estimated useful lives are as follows:

Buildings	20-50 years
-----------	-------------

STATE OF NEW MEXICO
 VILLAGE OF HOUSE
 Notes to Financial Statements
 June 30, 2008

Improvements	10-40 years
Equipment	10-20 years

The Village capitalizes assets that cost \$5,000 or more.

Construction period interest, if any, is capitalized per GASB 37. The Village did not incur any construction period interest during the year ended June 30, 2008.

The Village capitalizes and depreciates its computer software.

J. Accrued Compensated Absences

At June 30, 2008, the Village had no liability for accrued annual or sick leave.

2. DEPOSITS AND PLEDGED COLLATERAL BY BANKS

The Village is required by the New Mexico Statutes (Section 6-10-17) to be 50 percent collateralized. Following is a schedule calculating the requirement and disclosing the pledged securities:

	Citizens Bank Demand Deposits	Citizens Bank Time Deposits
Total amount of Deposits on June 30, 2008	\$ 99,808	\$ 41,359
Less: FDIC Insurance	(99,808)	(41,359)
Uninsured public funds	\$ -	\$ -
50% collateral requirement	\$ -	\$ -
Pledged security - market value	100,000	-
(Over) under-collateralized	\$ (100,000)	\$ -

Pledged Collateral: US Treasury Note; 100M, Maturity Date 09/16/08
 Place of Safekeeping: Citizens Bank, Tucumcari, New Mexico

Custodial Credit Risk – Deposits

Custodial Credit Risk is the risk that in the event of a bank failure, the Village's deposits may not be returned to it. The Village does not have a deposit policy for

STATE OF NEW MEXICO
VILLAGE OF HOUSE
Notes to Financial Statements
June 30, 2008

custodial credit risk. As of June 30, 2008, \$0 of the Village's bank balance of \$141,167 was exposed to custodial credit risk.

Uninsured and Uncollateralized	\$ -
Uninsured and Collateral held by pledging bank's trust department not in District's name	<u>-</u>
Total	<u><u>\$ -</u></u>

3. CHANGES IN CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2008, was as follows:

STATE OF NEW MEXICO
VILLAGE OF HOUSE
Notes to Financial Statements
June 30, 2008

For year ended June 30, 2008 depreciation was identified to the following activities:

General Government	\$ 23,971
Public Safety	34,967
Culture and Recreation	3,740
Streets	8,222
Total	<u>\$ 70,900</u>

4. RETIREMENT PLAN

Employees of the Village are not covered by the PERA or any other retirement plan.

5. RETIREE HEALTH CARE ACT

The Village has elected not to participate in the New Mexico Health Care Act.

6. LONG-TERM LIABILITIES

At June 30, 2008 the Village had paid off all long term debt and did not have any liability.

7. RISK MANAGEMENT

The Village is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions, injuries to employees; and natural disasters. During the fiscal year June 30, 2008, the Village carried insurance with the New Mexico Self-Insurer's fund for a shared premium cost. There were no significant reductions in coverage in the past fiscal year and there was no settlement exceeding insurance coverage in any of the past three fiscal years. The Village's policy is not an assessable policy; therefore the only risk is for the premium paid.

8. SURETY COVERAGE

The officials and certain employees of the Village are covered by a surety bond as required by Section 12-6-7 NMSA 1978 Compilation and the New Mexico State Auditor Rule NMAC 2.2.

9. BUDGET RECONCILIATION

The Statement of Revenue and Expenditures Budget (Non-GAAP) and Actual Comparison – Governmental Funds are presented on the budgetary basis to provide a comparison of actual results with the budget. The major difference between the budget basis and GAAP basis are that:

1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).

STATE OF NEW MEXICO
VILLAGE OF HOUSE
Notes to Financial Statements
June 30, 2008

1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
2. Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).

Items required to adjust actual revenues and expenditures reported on the budget basis to those reported on the Statement of Revenue, Expenditures and Fund Balances – Governmental Funds (GAAP Basis) are presented on the face of the statements.

10. PROPERTY TAXES

The County collects the Village's share of property taxes assessed. Property taxes attach as an enforceable lien on property as of January 1. Tax notices are sent by the County Treasurer to property owners by November 1 of each year to be paid in whole or in two installments by November 10 and April 10 of the following year. The County collects such taxes and distributes them to the Village on a monthly basis. The Village accounts for its share of property taxes in the General Fund. Only those collections received are recorded as revenue. The Village has no means of determining the amount of delinquent taxes, and no delinquent taxes are recorded on the Village's financial records.

AUDITED SUPPLEMENTARY INFORMATION

NONMAJOR FUNDS

EMERGENCY MEDICAL SERVICES – to account for grant funds received by the Village from State sources for development of an EMS system. Funding is provided for under State Statute 24-10A-1 to 24-10A-10 NMSA Compilation.

RECREATION FUND – to account for operations of the parks and other recreation type activities. A cigarette tax and miscellaneous revenue provide financing. (State Statute 7-12-1 and 7-12-15 NMSA 1978 Compilation)

INFRASTRUCTURE FUND – to account for the Village's share of gross receipts tax that is legally restricted to the purchase of raw material for the roads within the government's boundaries. (7-1-6.27 NMSA 1978 Compilation)

CEMETERY FUND – to account for monies received for the cemetery and to expend them on behalf of the cemetery fund.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Hector Balderas, State Auditor
Village Council and
Village of House
House, New Mexico

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information, and the combining and individual funds presented as supplemental information of the agency as of and for the year ended June 30, 2008, and have issued our report thereon dated November 20, 2008. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

In planning and performing our audit, we considered Village of House's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the agency's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the agency's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the agency's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the agency's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Village of House financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, others within the agency, the audit committee, the State Auditor, the New Mexico Legislature, and applicable federal grantors, and is not intended to be and should not be used by anyone other than these specified parties.
