INDEPENDENT AUDITOR'S REPORT

Hector Balderas, State Auditor
and
Edmond Temple, Mayor
and The Board of Trustees
Village of Jemez Springs
Jemez Springs, New Mexico

I have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, budgetary comparisons for the general fund and major special revenue funds, and the aggregate remaining fund information of Village of Jemez Springs (Village) as of and for the year ended June 30, 2010, which collectively comprise the Village's basic financial statements as listed in the table of contents. I have also audited the financial statements of each of the Village's nonmajor governmental funds, the respective budgetary comparisons, and the major capital projects fund budgetary comparison presented as supplementary information in the accompanying combining and individual fund financial statements as of and for the year ended June 30, 2010, as listed in the table of contents. These financial statements are the responsibility of the Village's management. My responsibility is to express opinions on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America and with standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinions.

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Village, as of June 30, 2010, and the respective changes in financial position and cash flows, thereof and the respective budgetary comparisons for the general fund and major special revenue funds for the year then ended

in conformity with accounting principles generally accepted in the United States of America. In addition, in my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each nonmajor governmental fund and the respective changes in financial position and cash flows, thereof and the respective budgetary comparisons of the nonmajor governmental funds, the capital project fund, and enterprise funds for the year ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, I have also issued a report dated November 15, 2010, on my consideration of the Village of Jemez Springs' internal control over financial reporting and my test of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of the audit performed in accordance with *Governmental Auditing Standards* and should be considered in assessing the result of my audit.

The management's discussion and analysis information on pages 3 through 11, are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. I have applied certain limited procedures, which consisted of inquires of management regarding the methods of measurement and presentation of the required supplementary information. However, I did not audit the information and express no opinion on it.

My audit was conducted for the purpose of forming opinions on the basic financial statements and the combining and individual fund financial statements that collectively comprise the Village's financial statements and budgetary comparisons. The introductory section and Schedule of Changes in Assets and Liabilities for Agency Funds are presented for purposes of additional analysis and are not a required part of the basic financial statements and, in my opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

November 15, 2010

MANAGEMENT'S DISCUSSION AND ANALYSIS

Our discussion and analysis of the Village of Jemez Springs' financial performance provides an overview of the Village's financial activities for the fiscal year ended June 30, 2010. Please read it in conjunction with the Village's financial statements, which begins on page 12.

Financial Highlights

The Village of Jemez Springs' total net assets increased 8.9 percent as a result of this year's operations. Net assets of our business-type activities decreased by \$52,464, or nearly 2.6 percent, due to administration fees transferred to the general fund and net assets of our governmental activities increased by \$542,068, or 15.4 percent, due to completion of the Phase II walkway.

During the year, the Village of Jemez Springs had expenses that were \$473,685 less than the receipts generated in tax and other revenues, including capital project monies, for governmental programs (before special items and transfers); in comparison to last year, when revenues exceeded expense by \$569,240.

In the Village of Jemez Springs' business-type activities, operating revenues increased to \$489,121 from \$459,323 and expenses increased to \$473,577 from \$434,373 in 2009.

Total cost of all of the Village of Jemez Springs' governmental programs decreased by \$217,142 or nearly 15 percent.

The general fund reported an increase this year of \$8,261.

Using this Annual Report

This annual report consists of a series of financial statements. The Statement of Net Assets and the Statement of Activities (on pages 12 and 13) provide information about the activities of the Village of Jemez Springs as a whole and present a longer-term view of the Village's finances. Fund financial statements start on page 14. For governmental activities, these statements tell

how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the Village's operations in more detail than the government-wide statements by providing information about the Village's most significant funds. The remaining statements provide financial information about activities for which the Village acts solely as a trustee or agent for the benefit of those outside of the government.

Reporting the Village of Jemez Springs as a Whole

Our analysis of the Village as a whole begins on page 12. One of the most important questions asked about the Village's finances is, "Is the Village of Jemez Springs as a whole better off as a result of the year's activities?" The Statement of Net Assets and the Statement of Activities report information about the Village as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid. Based on the current year activities, the Village is better off financially.

These two statements report the Village's net assets and changes in them. You can think of the Village's net assets - the difference between assets and liabilities - as one way to measure the Village's financial health, or financial position. Over time, increases or decreases in the Village's net assets are one indicator of whether its financial health is improving or deteriorating. You will need to consider other nonfinancial factors, however, such as changes in the Village's property tax base and the condition of the Village's roads, to assess the overall health of the Village of Jemez Springs.

In the Statement of Net Assets and the Statement of Activities, we divide the Village into two kinds of activities:

Government activities - Most of the Village's basic services are reported here, including the police, fire, public works, public library, and general administration. Gross receipts tax, property taxes, franchise fees, and state and federal grants finance most of these activities.

Business-type activities - The Village charges a fee to customers to help it cover all or most of the cost of

certain services it provides. The Village's Sewer System and Bath House facilities are reported here.

Reporting the Village's Most Significant Funds

Our analysis of the Village's major funds begins on page 14. The fund financial statements begin on page 14 and provide detailed information about the most significant funds - not the Village as a whole. Some funds are required to be established by State law and by bond covenants. However, the Village Trustees establishes other funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants, and other money (like grants received from the New Mexico Environment Department). The Village's two kinds of funds - governmental and proprietary - use different accounting approaches.

Governmental funds - Most of the Village of Jemez Springs' basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year end that are available for spending. These funds are reported using an accounting method called modified accrual account, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the Village's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the Village's programs. We describe the relationship (or differences) between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds in a reconciliation on page 15.

Proprietary funds - When the Village of Jemez Springs charges customers for the services it provides - whether to outside customers or to other units of the Village - these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Assets and the Statement of Activities. In fact, the Village's enterprise funds (a component of proprietary funds) are the same as the business-type activities we report in the government-wide statements but provide more detail and

additional information, such as cash flows, for proprietary funds.

The Village of Jemez Springs as Trustee

The Village is the trustee, or fiduciary, for its trust and agency monies. All of the Village's fiduciary activities are reported in separate Statements of Fiduciary Net Assets and Changes in Fiduciary Net Assets on pages 24 and 68. We exclude these activities from the Village's other financial statements because the Village cannot use these assets to finance its operations. The Village is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

Financial Analysis of the Village as a Whole

This section will discuss and analyze significant differences. Our analysis below focuses on the net assets (Table 1) and changes in net assets (Table 2) of the Village's governmental and business-type activities.

Table 1
Village of Jemez Springs
Net Assets
(In Thousands)

	Governmental Activities		Business-Type Activities		Total	
	2010	2009	2010	2009	2010	2009
Current and other assets	\$ 746	\$ 428	\$ 71	\$ 85	\$ 817	\$ 513
Capital assets	<u>3,828</u>	<u>3,339</u>	<u>1,891</u>	<u>1,953</u>	<u>5,719</u>	<u>5,292</u>
Total assets	<u>4,574</u>	<u>3,767</u>	<u>1,962</u>	<u>2,038</u>	<u>6,536</u>	<u>5,805</u>
Long-term debt outstanding	61	84		19	61	103
Other liabilities	<u>463</u>	<u>175</u>	<u>30</u>	<u>35</u>	<u>493</u>	<u>210</u>
Total liabilities	<u>524</u>	<u>259</u>	<u>30</u>	<u>54</u>	<u>554</u>	<u>313</u>
Net assets						
Invested in capital assets, net of related debt	3,744	3,233	1,891	1,928	5,635	5,161
Restricted	123	103			123	103
Unrestricted	<u>183</u>	<u>172</u>	<u>41</u>	<u>56</u>	<u>224</u>	<u>228</u>
Total net assets	\$ <u>4,050</u>	\$ <u>3,508</u>	\$ <u>1,932</u>	\$ <u>1,984</u>	\$ <u>5,982</u>	\$ <u>5,492</u>

The net assets of our business-type activities decreased by 2.6 percent (\$1,931,434 compared to \$1,983,898 in 2009); this decrease was generated from depreciation and administration fees paid from the Bath House Enterprise and Waste Water to the general fund in the form of transfers.

Table 2
Village of Jemez Springs

Transfers	<u>68</u>	<u>135</u>	<u>(68)</u>	<u>(65)</u>	<u>-</u>	<u>70</u>
Increase (decrease) in net assets	\$ <u>542</u>	\$ <u>704</u>	\$ <u>(52)</u>	\$ <u>(40)</u>	\$ <u>490</u>	\$ <u>664</u>

The Village's total revenues (excluding special items) increased by \$1.587. The total cost of all programs and services was increased by \$105,893. Our analysis below separately considers the operations of governmental and business-type activities.

Business-Type Activities

Revenues of the Village of Jemez Springs' business-type activities (see Table 2) increased by \$29,846 (\$489,776 in 2010 compared to \$459,930 in 2009) and expenses increased by \$39,204. The factors driving these results include:

The Bath House was in operation for the entire year of 2010 and has been very profitable for the Village. The Bath House paid administrative fees to the Village of Jemez Springs General Fund in the amount of \$64,163 for FY 2010.

The Jemez Springs Sewer System saw its operation revenues decrease by \$1,632, while operating expenses increased

\$5,429. The Waste Water system paid \$4,500 to the Village of Jemez Springs for administrative costs.

The Village Fund

The Village of Jemez Springs had a increase of \$8,261 in the Village's General Fund. The primary reasons for the General Fund's increase mirror the governmental activities analysis highlighted on page 3. In addition, these other changes in fund balances should be noted.

Governmental Activities revenues for the Village decreased \$28,866, while total expenses decreased \$217,142. The cost of all governmental activities this year was \$1,187,131 compared to \$1,404,273 last year.

The Village spent \$622,575 this year on capital projects, which was reimbursed by various grants and appropriations during the year.

Each year, the State provides the Village with a portion of the gasoline tax revenues it collects. This money can only be used to replace, maintain, or improve the Village's roads. This year, \$5,012 of these resources, were used primarily for bridge repair on the south end of Mooney Blvd.

General Fund Budgetary Highlights

The Village Board of Trustees revised the Village of Jemez Springs' budget twice during the year. There were no amendments to the enterprise funds this year.

Capital Asset and Debt Administration Capital Assets

At the end of 2010, the Village of Jemez Springs had \$5,718,996 invested in a broad range of capital assets, including police and fire equipment, buildings, park facilities, roads, and sewer lines (see Table 3 below). This amount represents a net increase (including additions and deductions) of \$426,398 over last year.

Table 3
Village of Jemez Springs
Change in Capital Assets

	Net Balance <u>June 30, 2009</u>	Additions/ Deletions	Balance <u>June 30, 2010</u>
Non-Depreciable Assets:			
Land and land improvements	\$ <u>428,709</u>	\$ _____	\$ <u>428,709</u>
Other Capital Assets:			
Infrastructure	2,334,853	622,575	2,957,428
Buildings	2,116,679		2,116,679
Furniture and other equipment	1,171,372		1,171,372
Improvements	234,713		234,713
Less: Accumulated depreciation	<u>(993,728)</u>	<u>(196,177)</u>	<u>(1,189,905)</u>
Total other capital asset	\$ <u>4,863,889</u>	\$ <u>426,398</u>	\$ <u>5,290,287</u>

Capital Asset and Debt Administration Capital Assets

This year's major additions included:

The Village of Jemez Springs completed Phase II of the Walkway Project this year.

Debt

The Village paid off the Sewer System Revenue Bond, Series 1974 by June 30, 2010. At year end, the Village had \$96,179 in outstanding debt versus \$147,557 last year - a decrease of 34.8 percent - as shown in Table 4.

Table 4
Village of Jemez Springs
Outstanding Debt
at June 30, 2010

	Governmental Activities	Net Business-type Activities	Total Primary Government
NM Finance Authority	\$ 84,112	\$ -	\$ 84,112
Other long-term debt	<u>5,244</u>	<u>6,823</u>	<u>12,067</u>
Totals	\$ <u>89,356</u>	\$ <u>6,823</u>	\$ <u>96,179</u>

Other obligations include accrued vacation pay and sick leave. More detailed information about the Village's long-term liabilities is presented in Notes 1, 5 and 6 to the financial statements.

Economic Factors and Next Year's Budgets and Rates

The Village of Jemez Springs' elected and appointed officials considered several factors when setting the fiscal year 2010 budget and fees that will be charged for the business-type activities. The Village's sewer fees for individual and business were increased in FY 2005 and continue to be sufficient for the upcoming fiscal year.

These indicators were taken into account when adopting the General Fund budget for 2011. Amounts available for expenditures in the General Fund budget are \$382,096, a decrease of \$33,129 over the final 2010 budget of \$415,225. This decrease is primarily due to less road repairs expected.

If these estimates are realized, the Village of Jemez Springs budgetary General Fund balance is expected to increase modestly by the close of 2011. More importantly, however, this will be accomplished without selling capital assets or restructuring long-term debt to alleviate cash flow pressures.

Village capital projects have a balance of approved appropriations and GRIP II monies of \$30,011 for Phase III of the walkway project. It is anticipated all appropriations will be expended by FYE.

The Village of Jemez Springs has requested that FY 2011 Highway Department Co-Op monies be used for blading, shaping, graveling, drainage, and guard rails of the cul-de-sacs off of and along Mooney Blvd.; concrete barriers along the north end of Madrid Road; as well as planting of grass on the Civic Center property.

As for the Village of Jemez Springs business-type activities, we expect that the 2011 results will also continue to improve. The Bath House Enterprise and Jemez Springs Sewer System Enterprise continue to build reserve accounts for future capital improvements.

Contacting the Village of Jemez Springs Financial Management

This financial report is designed to provide a general overview of the Village's finances and to show the Village's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Treasurer at the Village Municipal Office in the Village of Jemez Springs, P.O. Box 269, Jemez Springs, New Mexico.

RECONCILIATION OF GOVERNMENTAL FUND BALANCE
SHEET TO STATEMENT OF NET ASSETS
Year Ended June 30, 2010

Total Fund Balance - Total Governmental Funds \$ 311,766

Amounts reported for governmental activities
in the Statement of Net Assets differs from
the amounts reported in the Governmental Funds
Balance Sheet because:

Capital assets used in governmental activities
are not current financial resources and therefore
are not reported in the governmental funds
balance sheet

Cost of asset capitalized(total)	4,526,903
Accumulated Depreciation	(698,940)

Long-term liabilities, including bonds and loans
payable and compensated absences are not due
and payable in the current period, and therefore,
are not reported in the government fund
balance sheet

Due within one year	(28,551)
Due in more than one year	<u>(60,805)</u>

Net assets of governmental activities \$ 4,050,373

RECONCILIATION OF STATEMENT OF REVENUES, EXPENDITURES, AND
CHANGES IN FUND BALANCE OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
Year Ended June 30, 2010

Net Changes in Fund Balance -	
Total Governmental Funds	\$ 28,180
Amounts reported for governmental activities In the Statement of Activities differs from the amounts reported in the Statement of Revenues, Expenditures and Changes in Fund Balance because:	
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense or are allocated to the appropriate functional expense when the cost is below the capitalized threshold. This activity is reconciled as follows:	
Cost of assets capitalized(total)	622,575
Depreciation expense	(134,225)
Repayment of debt principal is an expenditure in the governmental funds, but repayment of debt decreases long-term liabilities in the statement of net assets	22,027
Net decrease in compensated absences	<u>3,511</u>
Change in net assets of governmental activities	\$ <u>542,068</u>

STATE OF NEW MEXICO
VILLAGE OF JEMEZ SPRINGS

NOTES TO FINANCIAL STATEMENTS
June 30, 2010

Note 1: Summary of Significant Accounting Policies

The Village of Jemez Springs is incorporated as a village in the state of New Mexico and operated under a Mayor-Board of Trustees form of government. The Village provides the following services: public safety (fire and police), health and social services, culture-recreation, public improvements, planning and zoning, sewer services, and general administrative services.

New Accounting Standards Adopted

In June 1999, the Government Accounting Standards Board (GASB) unanimously approved Statement No. 34, Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments. Certain of the significant changes in the Statement include the following:

For the first time, the financial statements include:

A Management Discussion and Analysis (MD&A) section providing an analysis of the Village's overall financial position and results of operations.

Financial statements prepared using full accrual accounting for all of the Village's activities, including infrastructure (roads, bridges, etc.).

A change in the fund financial statements to focus on the major funds.

These and other changes are reflected in the accompanying financial statements (including notes to financial statements). The Village has elected to implement the general and infrastructure provisions (assets acquired prior to July 1, 2006) of the Statement in the previous year.

Note 1: Summary of Significant Accounting Policies (continued)

Reporting Entity

In evaluating how to define the government for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in generally accepted accounting principles (GAAP) and Government Accounting Standards Board (GASB) Statement.

The basic, but not the only criteria for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority the designation of management, the ability to significantly influence operations, and accountability for fiscal matters.

A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity benefits the government and/or its citizens or whether the activity is conducted within the geographic boundaries of the government and is generally available to its citizens.

A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships regardless of whether the government is able to exercise oversight responsibilities. Based upon the application of these criteria, there were no component units identified or excluded from the reporting entity.

STATE OF NEW MEXICO
VILLAGE OF JEMEZ SPRINGS

NOTES TO FINANCIAL STATEMENTS
June 30, 2010

Note 1: Summary of Significant Accounting Policies (continued)

Basic Financial Statements - Government-wide

The Village's basic financial statements include both government-wide (reporting the Village as a whole) and fund financial statements (reporting the Village's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business type. The Village's police and fire protection, parks, library and recreation, public works, and general administrative services are classified as governmental activities. The Village Bath House and sewer services are classified as business-type activities. Fiduciary funds nor component units that are fiduciary in nature are not included in the government-wide financial statements.

In the government-wide Statement of Net Assets, both the governmental and business-type activities columns (a) are presented on a consolidated basis by column, and (b) are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Village's net assets are reported in three parts - invested in capital assets, net of related debt; restricted net assets; and unrestricted net assets. The Village first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the Village's functions and business-type activities (police, fire, public works, etc.). The functions are also supported by general government revenues (property, sales, and use taxes, certain intergovernmental revenues, fines, permits, and charges, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function (police, public works, community, and youth services, etc.) or a business-type activity. Operating grants include operating-specific

Basic Financial Statements - Government-wide
(continued)

and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

The net costs (by function or business-type activity) are normally covered by general revenue (property, sales or gas taxes, intergovernmental revenues, interest income, etc.).

The Village does not allocate indirect costs. An administrative service fee is charged by the General Fund to the other operating funds that is eliminated like a reimbursement (reducing the revenue and expense in the General Fund) to recover the direct costs of General Fund services provided (finance, personnel, purchasing, legal, technology management, etc.).

The government-wide focus is more on the sustainability of the Village as an entity and the change in the Village's net assets resulting from the current year's activities.

Fund Accounting

The accounts of the Village are organized on the basis of funds each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity revenues, expenditures or expenses as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped in the financial statements in this report into six generic fund types and three broad categories as follows:

STATE OF NEW MEXICO
VILLAGE OF JEMEZ SPRINGS

NOTES TO FINANCIAL STATEMENTS
June 30, 2010

Note 1: Summary of Significant Accounting Policies (continued)

Fund Accounting (continued)

Governmental Funds:

General Fund - The general fund is used to account for the resources traditionally associated with governments, except those required to be accounted for in another fund. Revenue and expenditures of the federal revenue sharing programs are included for in this fund.

Special Revenue Fund - Special revenue funds are used to account for the proceeds of specific revenue sources (other special assessments, expendable trust funds or major capital projects) that are legally restricted to expenditure for specified purposes.

Major fund specific to the Village are:

Fire Fund - Fire Fund, which is used to account for the operation of the Village's Fire Department. Financing is provided by a state allotment from the state fire Marshall Authority 59-53-1.

Road Fund - To account for funds used to maintain roads for which the Village has responsibility, financing sources include motor vehicle registration and New Mexico State Highway Department. Cooperative Agreement Expenditures are restricted for the construction and maintenance of the Village roads, Authority NMSA 67-4-1, 1978 compilation.

Capital Projects Funds - Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major facilities.

Debt Service Funds - Debt service funds are used to account for the accumulation of funds for the periodic payment of principal and interest on general long-term debt.

STATE OF NEW MEXICO
VILLAGE OF JEMEZ SPRINGS

NOTES TO FINANCIAL STATEMENTS
June 30, 2010

Note 1: Summary of Significant Accounting Policies (continued)

Enterprise Fund

Enterprise Funds - Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs (expenses, including depreciation) of providing services to the general public on a continuing basis be financed or recovered primarily through user charges.

Fiduciary Funds (Not Included in Government-Wide Statements)

Trust and Agency Fund - This fund is used to account for funds received on behalf of the Administrative Office for the Courts. Agency funds are purely custodial (assets equal liabilities) and do not involve measurement of results of operations.

Major and Nonmajor Funds

The funds are further classified as major and nonmajor as follows:

Major Fund:

General Fund	See above for description
Capital Project Fund	To account for the financing, construction, and maintenance of capital outlay

Special Revenue Funds:

Fire Fund	See above for description
Road Fund	

**STATE OF NEW MEXICO
VILLAGE OF JEMEZ SPRINGS**

**NOTES TO FINANCIAL STATEMENTS
June 30, 2010**

Note 1: Summary of Significant Accounting Policies (continued)

Nonmajor Funds:

The following are nonmajor funds - see page 50 for descriptions.

Correction Fund
Parks and Recreation Fund
Emergency Medical Service Fund
Law Enforcement Protection Fund
Library Grant Fund
Lodgers Tax Fund
Debt Service Fund
Performing Arts Fund

Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement date, regardless of the measurement focus applied.

Both governmental and business-type activities in the government-wide financial statements and the proprietary and fiduciary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned, and expenses are recognized when incurred.

The modified accrual basis of accounting is followed by the governmental fund types and agency funds for financial statement purposes. Under the modified accrual basis of accounting, revenues and other governmental fund financial resource increments are recognized in the accounting period in which they become susceptible to accrual - that is, when they become both measurable and available to finance expenditures of the fiscal period. Available means collectible within the current period or within 60 days after year-end. For state shared and locally assessed taxes, available is defined as those amounts collected within sixty days of the balance sheet date.

**STATE OF NEW MEXICO
VILLAGE OF JEMEZ SPRINGS**

**NOTES TO FINANCIAL STATEMENTS
June 30, 2010**

Note 1: Summary of Significant Accounting Policies (continued)

Basis of Accounting (continued)

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. An exception to this general rule is that principal and interest on general obligation long-term debt which is recognized when due.

Cash basis accounting is utilized in the governmental funds to assure effective budgetary control and accountability. This legally prescribed budgetary basis differs from generally accepted accounting principles in the respect that the former does not allow for year-end adjustments to be included in presentation in the statement of revenues, expenditures, and changes in fund balance. This accounting principle has resulted in the following differences between revenues and expenditures detailed in the Statement of Revenues, Expenditures, and Changes in Fund Balance and the Statement of Revenue, Expenditures, Budget (Non-GAAP Basis) and Actual.

The proprietary fund is accounted for using the accrual basis of accounting. The revenues are recognized when they are earned and expenses are recognized when incurred. Billed sewer utility receivables are recorded at year-end.

Capital Assets

Capital assets purchased or acquired with an original cost of \$5,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Computer software is capitalized and depreciated as required. The Village has a collection of library books which have not been capitalized or depreciated as part of capital assets. Other costs incurred for repairs and maintenance are expensed as

**STATE OF NEW MEXICO
VILLAGE OF JEMEZ SPRINGS**

**NOTES TO FINANCIAL STATEMENTS
June 30, 2010**

Note 1: Summary of Significant Accounting Policies (continued)

Capital Assets (continued)

incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Buildings	20-50 years
Water and sewer system	30-50 years
Machinery and equipment	5-10 years
Improvements	10-20 years
Other infrastructure	10-50 years

In June, 1999, the Governmental Accounting Standards Board (GASB) issued Statement No. 34 which requires the inclusion of infrastructure capital assets in the Village's basic financial statements. Infrastructure assets include roads, bridges, underground pipe (other than related to utilities), traffic signals, etc. These infrastructure assets are likely to be the largest asset class of the Village. In accordance with Statement No. 34, the Village has included the value of all infrastructure (using the depreciation approach) into its basic financial statements.

Budget and Budgetary Accounting

Budgets are presented in the accompanying financial statement for the general fund, special funds and enterprise funds, which all have legally adopted budgets. The budgets are prepared on the cash basis of accounting. The Village follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Prior to June 1, Board of Trustees of the Village adopts a proposed operating budget for the fiscal year commencing July 1st. The operating budgets include proposed expenditures and the means of financing them based on previous year's history. The budget is legally enacted through passage of an ordinance.

STATE OF NEW MEXICO
VILLAGE OF JEMEZ SPRINGS

NOTES TO FINANCIAL STATEMENTS
June 30, 2010

Note 1: Summary of Significant Accounting Policies (continued)

Budget and Budgetary Accounting (continued)

2. The Village Clerk and Board of Trustees are authorized to transfer budget between departments within any fund, however, any revisions that alter the total expenditures of any fund must be approved by the New Mexico Department of Finance and Administration and the Local Government Division. Revisions to include changes in the original budget that was adopted and amended during the fiscal year in a legally permissible manner.
3. Formal budgetary integration is employed as a management control device during the year for the General Fund, Special Revenue Fund, Capital Projects Fund, and Proprietary Fund.
4. Encumbrances are not reported in the budgets or financial statements.
5. The level of classification detail in which expenditure or expenses may not legally exceed appropriations for each budget is in fund total. Appropriations lapse at year-end.

Encumbrances

Encumbrance accounting is not utilized by the Village.

Investments

Investments consisting of certificates of deposits and savings accounts have been recorded at cost.

Accounts Receivable

Accounts receivable consist of receivables from current and delinquent billings for sewer usage, maintained on computerized records, and credit card receivables for the Bath House. Estimated uncollectible accounts are not material and therefore the Village has not established an allowance for doubtful accounts.

STATE OF NEW MEXICO
VILLAGE OF JEMEZ SPRINGS

NOTES TO FINANCIAL STATEMENTS
June 30, 2010

Note 1: Summary of Significant Accounting Policies (continued)

Accumulated Unpaid Leave

Accumulated unpaid leave of \$12,067 is reported in Government-wide financial statements as an expense, current and long-term liabilities. Accrued sick leave is forfeited upon termination of the employee. Accrued annual vacation leave is paid upon the termination, separation or dismissal of the employee at the pay rate last held.

Revenues in Proprietary Funds

Operating income reported in proprietary fund financial statements include revenues and expenses related to the primary continuing operations of the fund. Principal operating revenues for the proprietary funds are charges to customers for services. Principal operating expenses are the cost of providing goods or services and include administration expense and depreciation of capital assets. Other revenue and expense are classified as non-operating in the financial statements.

Restricted Resources

When both restricted and unrestricted resources are available for use, it is the Village's policy to use restricted first, then unrestricted resources as needed.

Interfund Transactions

Quasi-external transactions are accounted for as revenues or expenditures transactions that constitute reimbursements to a fund for expenditures initially made from it that are properly applicable to another fund are recorded as expenditures in the reimbursing fund and as reductions or expenditures in the fund that is reimbursed. All other interfund transactions except quasi-external transactions and reimbursements are

STATE OF NEW MEXICO
VILLAGE OF JEMEZ SPRINGS

NOTES TO FINANCIAL STATEMENTS
June 30, 2010

Note 1: Summary of Significant Accounting Policies (continued)

Interfund Transactions (continued)

reported as transfers. Non-recurring or non-routine permanent transfers or equity are reported as residual equity transfers.

Fund Equity

Reserves represent those portions of fund equity not appropriable for expenditure or leally segregated for a specific future use. Designated fund balances represent tentative plans for future use of financial resources.

Use of Estimates

The preparation of basic financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

FASB Pronouncements

The Village has elected to apply all FASB pronouncements issued after November 30, 1989, which do not conflict with or contradict GASB pronouncements.

Note 2: Cash, Cash Equivalents and Investments

Cash and cash equivalents include amounts in demand deposits as well as short-term investments with a maturity date within a year of the date acquired by the Village. Investments are stated at cost and consist of certificates of deposits readily convertible to cash. The Village's practice is to limit deposits and investments to insured and collateralized demand account and certificate of deposit. Protection of the Village's cash and investments is provided by the various federal deposit insurance corporations as well

**STATE OF NEW MEXICO
VILLAGE OF JEMEZ SPRINGS**

**NOTES TO FINANCIAL STATEMENTS
June 30, 2010**

Note 2: Cash, Cash Equivalents and Investments (continued)

as qualified pledged securities by the institution holding the assets. The bank surety is further explained in Note 9.

All of the Village's investments are categorized to give an indication of the level of credit risk in relation to the nature of the investment and custodial provisions. Category 1 includes investments that are insured and are held in the Village's name. All of the investments are of Category 1 type.

Note 3: Property Tax

Property taxes attach an enforceable lien on property as of January 1. Tax notices are sent to property owners by November 1st of each year to be paid in whole in two installments by November 10th and April 10th of each year. Sandoval County bills and collects the property taxes and remits to the Village its proportional share. Unpaid taxes become delinquent after 30 days. Property tax revenue is recognized in the fiscal year it becomes available. Available means due, or past due and receivable within the current period and collected within the current period or expected to be collected soon enough thereafter(not to exceed 60 days) to be used to pay liabilities in the current period.

Note 4: Inventory

Inventory is stated at cost, determined on FIFO method. Inventory is maintained at the Bath House gift shop and is physically counted every month.

STATE OF NEW MEXICO
VILLAGE OF JEMEZ SPRINGS

NOTES TO FINANCIAL STATEMENTS
June 30, 2010

Note 5: Revenue Bonds Payable - Sewer System

Series 1974

The sewer system revenue bonds series 1974 was issued in the amount of \$125,000 to the Farmers Home Administration. The bond is due in annual installments of varying amounts through January 2014. Interest is 5% per year. The Bond was paid in full by June 30, 2010.

Note 6: Notes Payable

On October 19, 2007, the Village obtained a loan from NM Finance Authority to finance the balance of the new fire tanker. The note payable of \$60,000 has a variable interest rate; payment terms require annual principal payments and semi-annual interest payments through May 1, 2013.

On November 14, 2009, the Village obtained a loan from the NM Finance Authority to finance a new police car. The note payable of \$56,144 has a variable interest rate; payment terms require annual principle payments, and semiannual interest payments through May 1, 2014.

Maturities are as follows:

<u>June 30</u>	<u>Interest</u>	<u>Principal</u>
2011	\$ 2,651	\$ 23,307
2012	1,959	24,030
2013	1,193	24,829
2014	<u>370</u>	<u>11,946</u>
	\$ <u>6,173</u>	\$ <u>84,112</u>

**STATE OF NEW MEXICO

Accrued compensation	7,663	6,823	7,663	6,823	6,823
Total Enterprise	\$ <u>32,663</u>	\$ <u>6,823</u>	\$ <u>32,663</u>	\$ <u>6,823</u>	\$ <u>6,823</u>

Governmental accrued compensated absences and the notes payable will be paid by the general fund. The vehicle loans will be paid by the LEPF and Fire special funds. The business type notes payable and accrued compensated absences will be paid by the waste water and bath house departments.

The total amount of principal payment in debt service in the Statement of Revenue and Expense on page 16 does not agree with the reconciling items in the Reconciliation of Changes in Fund Balance on page 17 due to the \$25,000 principle loan payment from the Waster Water enterprise fund which was included in debt service fund in the Statement of Revenue and Expenditures and shown as principle payment of revenue bond in the Waste Water Enterprise Fund.

Note 7: PERA Pension Plan

Plan Description: Substantially all of the Village of Jemez Springs' full-time employees participate in a public employee retirement system authorized under the Public Employees Retirement Act (Ch. 10, Article 11 NMSA 1978). The Public Employees Retirement Association (PERA) is the Administrator of the plan, which is a cost-sharing multiple employer defined benefit retirement plan. The plan provides for retirement, disability benefits, survivor benefits and cost-of-living adjustments to plan members and beneficiaries. PERA issues a separate, publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing PERA, P.O. Box 2123, Santa Fe, NM 87504.

**STATE OF NEW MEXICO
VILLAGE OF JEMEZ SPRINGS**

**NOTES TO FINANCIAL STATEMENTS
June 30, 2010**

Note 7: PERA Pension Plan (continued)

Funding Policy: Plan members are required to contribute 7% of their gross salary. The Village is required to contribute 7% for regular employees and 10% for police personnel. The contribution requirements of plan members and the Village of Jemez Springs are established under Chapter 10, Article 11 NMSA 1978. The requirements may be amended by acts of legislature. The Village's contributions to PERA for the years ending June 30, 2010, 2009, and 2008, were \$22,094, \$21,009, and \$17,664, respectively.

Note 8: Post-Employment Benefits

The Retiree Health Care Act (ACT) (Chapter 10, Article 7C NMSA 1978) provides comprehensive core group health insurance for persons who have retired from certain public service in New Mexico. The Retiree Health Care Authority is the administrator for the plan. The purpose is to provide eligible retirees, their spouses, dependents, and surviving spouses as well as dependents with health insurance consisting of a plan or optional plans of benefits that can be purchased by funds flowing into the Retiree Health Care Fund and by co-payments or the out-of-pocket payments of eligible retirees.

Money flows to the Retiree Health Care Fund on a pay-as-you-go basis from eligible employers and eligible retirees. Eligible employers consist of institutions of higher education, school districts, or other entities participating in the Public School Insurance Authority, state agencies, state courts, magistrate courts, municipalities or counties which are affiliated under or covered by the Educational Retirement Act, Public Employees Retirement Act, Volunteer Firefighters Act, Judicial Retirement Act or the Magistrate Retirement Act.

Eligible retirees are: (1) retirees who make contributions to the fund for at least five years prior to retirement and whose eligible employer during that

**STATE OF NEW MEXICO
VILLAGE OF JEMEZ SPRINGS**

**NOTES TO FINANCIAL STATEMENTS
June 30, 2010**

Note 8: Post-Employment Benefits (continued)

period of time made contributions as a participant in the Retiree Health Care Act on the person's behalf (unless the person retires before July 1, 1995). In this case, the time period for contributions becomes the time between July 1, 1990, and the date of retirement; (2) retirees defined by the Act who retired prior to July 1, 1990, and former legislators who served at least two years.

Each participating employer makes contributions to the fund in the amount of 1.667% of each participating employee's salary. Each participating employee contributes to the fund an employee contribution equal to .833% of the employee's annual salary. Each participating retiree pays a monthly premium of fifty-seven dollars and sixty-five cents for the basic single plan and an additional five dollars if the eligible participant retired prior to the employer's NMRHCA effective date or is a former legislator. Participants may also enroll in opinion plans of coverage.

Contributions from participating employers and employees become the property of the Retiree Health Fund and are not refundable under any circumstances, including termination of employment or termination of the participating employer's operation or participation in the Retiree Health Care Act. The employer, employee, and retiree contributions are remitted to the Retiree Health Care Authority on a monthly basis.

The Retiree Health Care Authority issues a separate, publicly available audited financial report that includes post-employment benefit expenditures of premiums and claims paid, participant contributions (employer, employee, and retiree) and net expenditures for the fiscal year. The report also includes the approximate number of retirees participating in the plan. That report may be obtained by writing to the Retiree Health Care Authority, 4308 Carlisle Blvd., NE Suite 104, Albuquerque, NM 87107.

**STATE OF NEW MEXICO
VILLAGE OF JEMEZ SPRINGS**

**NOTES TO FINANCIAL STATEMENTS
June 30, 2010**

Note 8: Post-Employment Benefits (continued)

For the fiscal year ended June 30, 2010, the Village of Jemez Springs remitted \$3,950 in employer contributions and \$1,975 in employee contributions to the Retiree Health Care Authority. During 2010, the Village of Jemez Springs paid 100% of employee health benefits in the amount of \$23,910.

Note 9: Bank Surety

In accordance with Section 6-10-17, NMSA, 1978, compilation deposits of public money are to be collateralized in an aggregate equal to 50% of deposits in excess of Federal Deposit Insurance Corporation insurance coverage of \$250,000. The Village had depository accounts in three separate financial institutions.

Note 16: Interfund Transactions and Balances

Operating Transfers

	<u>Transfers In</u>	<u>Transfers Out</u>
General Fund	\$ 73,956	\$ 8,979
Fire	844	
Capital Project Fund	1,912	
Debt Service	<u>26,682</u>	
Total General Fund	<u>103,394</u>	<u>8,979</u>
Enterprise Fund		
Waste Water		4,500
Bath House	<u> </u>	<u>64,163</u>
Total Enterprise Fund	<u> </u>	<u>68,663</u>
Total Nonmajor Funds	<u>750</u>	<u>5,293</u>
Grand Total	\$ <u>104,144</u>	\$ <u>82,935</u>

Transfers are used to (a) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and to (b) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

The composition of interfund balances in the fund-level financial statements is as follows:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General Fund	Agency Fund	\$ 768

Interfund balances represent routine and temporary cash flow assistance from the General Fund until amounts are transferred from the fund accounts.

STATE OF NEW MEXICO
VILLAGE OF JEMEZ SPRINGS

NOTES TO FINANCIAL STATEMENTS
June 30, 2010

Note 17: Rent Revenue

The Village receives rental income for the old fire station building. During 2009-2010, \$1,200 was received in rental income. On July 1, 2009, the lessor exercised the rental agreement option for an additional five years.

Note 18: Memo of Understanding

The Village has one Memo of Understanding as follows:

To provide law enforcement personnel to support and supplement patrol operation in the Village of Jemez Springs.

Participants	Village of Jemez Springs and New Mexico Mounted Patrol
Responsible party for operations	Joint
Description	The purpose of this MOU is to support and supplement patrol operations
Beginning and ending dates of agreement	10-16-09 to 10-16-10
Total estimated amount of project and portion applicable to agency	\$10-15/hour officer on duty
Amount agency contributed in current fiscal year	\$12,175
Audit responsibility	Village of Jemez Springs
Name of government agency where revenues and expenditures are reported	DFA

Note 18: Excess of Expenditures Over Appropriation in Individual Funds

For the year ended June 30, 2010, the Village had one instance of excess of expenditures over appropriations in individual funds. The Debt Service Fund was overspent by \$19,682 due to the early payoff of 1974 Sewer System Revenue Bond.

SUPPLEMENTAL INFORMATION

**STATE OF NEW MEXICO
VILLAGE OF JEMEZ SPRINGS**

SPECIAL REVENUE FUNDS

Correction Fund - To account for the Village of Jemez Springs housing and care of prisoners. Fines and fees are collected pursuant to offenses committed within the Village boundaries, as provided by state law. Authority 33-3-25

Recreation Fund - To account for the operation of recreational activities for juveniles. Financing is provided by a tax on the sale of cigarettes. State law requires that a portion of the taxes received on the sale of cigarettes be used for recreational purposes. Authority NMSA 7-12-15

Emergency Medical Service Fund (EMS) - To account for revenues and expenditures relating to the operation of an Emergency Medical Service by the Village. Financing is provided through State of New Mexico Health and Environmental Department, Emergency Medical Services Bureau, Authority NMSA 24-10A-A to 24-10A-10.

Law Enforcement Protection Fund (LEPF) - To account for the maintenance and development of the Village's police force. Financing is provided by a grant from the state of New Mexico. Such revenue provides for the purchase and repair of equipment as well as training of police personnel and may be used only for these purposes. Authority NMSA 23-13-1

Library Grant Fund - To account for grant received from DFA and Sandoval County to assist with capital and operating expense of the municipal library. NMSA 1978 18-2-4 and NMSA 4.5.2

Lodgers Tax Fund - To account for the revenues and expenditures per the lodgers tax ordinance of the Village. Funds are restricted to the economic development of the Village. State Statute 3-38-13 Village ordinance #111

Performing Arts Fund - To account for revenues and expenditures for fund raisers and outdoor concerts performed at the Civic Center property for Economic Development as outlined by the Village of Jemez Springs' 10-year comprehensive plan.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS, REQUIRED BY
GOVERNMENTAL AUDITING STANDARDS**

Hector Balderas, State Auditor
and
Edmond Temple, Mayor
and The Board of Trustees
Village of Jemez Springs
Jemez Springs, New Mexico

I have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, the aggregate remaining fund information, the budgetary comparisons for the General Fund and the Major Special Revenue Funds, and the combining and individual funds and related budgetary comparison presented as supplemental information of the State of New Mexico Village of Jemez Springs (Village) as of and for the year ended June 30, 2010, and have issued my report thereon dated November 15, 2010. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing my audit, I considered Village's internal control over financial reporting as a basis for designing my auditing procedures for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Village's internal control over financial reporting. Accordingly, I do not express an opinion on the effectiveness of Village's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

My consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. I did not identify any deficiencies in internal control over financial reporting that I consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Village's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed two instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*, and which are described in the accompanying schedule of audit findings and recommendations as items 2010-1 and 2010-2.

The Village's response to the findings identified in my audit is described in the accompanying Schedule of Findings. I did not audit the Village's response and accordingly, I express no opinion on it.

This report is intended solely for the information and use of State of New Mexico Village of Jemez Springs management, the Office of the New Mexico State Auditor, the State of New Mexico Department of Finance and Administration, the New Mexico Legislative Finance Committee and applicable federal grantors and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Kathleen R. Lane, P.C.

None

Current Year Findings

2010-1 Overspending of Funds and Budgets
2010-2 Late report filing

STATE OF NEW MEXICO
VILLAGE OF JEMEZ SPRINGS

SCHEDULE OF FINDINGS

June 30, 2010

CURRENT YEAR FINDINGS

2009-1 Overspending of Funds and Budgets

Condition: It was noted that the budget was overspent in the following funds:

Debt Service Fund (page 61) \$ 19,682

Criteria: By statute (NMSA 6-6-6), the approved budget for a local public body is binding upon all officials and governing authorities, and no governing authority or official shall allow or approve claims in excess thereof.

Effect: The budget was not followed and the Village is in violation of statute.

Cause: The Village paid the balance of the 1975 Sewer bond and did not do a budget adjustment to reflect the additional outlay. Also, the Village is not using the encumbrance system to track obligations of each fund.

Recommendations: The Village should review the Peachtree income and expense statements prepared each month for each fund and track budget versus actual. Peachtree software has the capability to track the budget versus actual. The reports should be used by the Village Clerk to report on individual funds and insure that the funds are in balance and adjust the budget as situations arise. In addition, the encumbrance system should be implemented.

Response: The Village of Jemez Springs concurs.

2009-2 Late Report Filing

Condition: The report was rejected and not considered to be received by the Office of State Auditor by December 1, 2010.

Criteria: By statute (Section 2.2.2.9(E) NMAC), the report is due to the Office of State Auditor by December 1, 2010.

Effect: The report was late and the Village is in violation of the statute.

Cause: The report was filed with the OSA on November 29, 2010, but had several review comments, which is the basis for rejection of the report.

Recommendation: The auditor must ensure that the report is filed in a timely manner.

Response: Management concurs.
