REPORT OF INDEPENDENT AUDITORS

Mr. Timothy Keller, State Auditor of New Mexico and The Board of Directors of South Central Solid Waste Authority

Report on the Financial Statements

We have audited the accompanying financial statements, including the budgetary comparisons, of the South Central Solid Waste Authority (SCSWA) as of and for the years ended June 30, 2016 and 2015, and the related notes to the financial statements, which collectively comprise SCSWA's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the SCSWA's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence that we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to previously present fairly, in all material respects, the respective financial position of the South Central Solid Waste Authority as of June 30, 2016 and 2015, and the respective changes in financial position and budgetary comparisons, and, cashflows, where applicable thereof, for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Emphasis of Matter – Reporting Entity

As described in Note 1, the financial statements of the SCSWA are intended to present the financial position, changes in financial position, budgetary comparisons, and cash flows only of SCSWA. They do not purport to, and do not, present fairly the financial position of the City of Las Cruces as of June 30, 2016 and 2015, and the changes in financial position and its cash flows, where applicable, for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 6 through 11 and pension schedules of pages 39 through 40 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the South Central Solid Waste Authority's basic financial statements. The Schedule of Revenues, Expenses and Changes in Net Position Budget and Actual on pages 41 and 42 and the Schedule of Pledged Collateral and Schedule of Deposit Accounts and Investments on pages 43 through 44 and Schedule of Joint Powers Agreements and Memoranda of Understanding on page 45, are schedules required by 2.2.2 NMAC and are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Schedule of Revenues, Expenses and Changes in Net Position Budget and Actual, Schedule of Pledged Collateral, Schedule of Deposit Accounts and Investments, and, Schedule of Joint Powers Agreements and Memoranda of Understanding are schedules required by 2.2.2 NMAC, are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Revenues, Expenses and Changes in Net Position Budget and Actual and the Schedule of Pledged Collateral and Schedule of Deposit Accounts and Investments, Schedule of Joint Powers Agreements and Memoranda of Understanding are schedules required by 2.2.2 NMAC, are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The Schedule of Vendor Information for Purchases Exceeding \$60,000 has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 30, 2016 on our consideration of SCSWA's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering SCSWA's internal control over financial reporting and compliance.

Management's Discussion and Analysis For the Year Ended June 30, 2016

This management's discussion and analysis for South Central Solid Waste Authority (the "Authority" or "SCSWA") presents an overview of the financial performance during the years ended June 30, 2016 and 2015. It is intended to be read in conjunction with the financial statements, which follow this section.

The Authority was created by a joint powers agreement between the City of Las Cruces (the "City") and Dona Ana County (the "County"). As a partnership between the City and County, SCSWA provides integrated solid waste management solutions for area residents and businesses.

Overview of Financial Statements

This annual report consists of four parts:

- 1. Management's discussion and analysis.
- 2. Basic financial statements.
- 3. Notes to the basic financial statements.
- 4. Supplementary information—Schedule of Revenues and Expenditures–Budget and Actual

The statement of net position presents SCSWA's assets, liabilities and net position at fiscal yearend. The term "net position" refers to the difference between total assets and total liabilities. It is an indicator of the Authority's current financial condition. The change in the net position over time is an indication of either improvement or deterioration of the financial condition of SCSWA.

The statement of revenues, expenses and changes in net positions presents all changes in net positions during the fiscal year. Changes in net position are reported when the underlying event giving rise to the change occurs, regardless of timing of related cash flows. Thus, cash flows related to some revenues and expenses that are reported in this statement may occur in future fiscal periods (i.e., accrued liabilities).

The statement of cash flows provides information about sources and uses of cash during the fiscal year. This statement classifies sources and uses of cash into four categories: operating, noncapital, capital, and investing activities. The statement assists in determining if the entity has the ability to generate sufficient net cash flows to meet the Authority's obligations.

The financial statements also include notes that explain some of the information in the financial statements and provide more detail. The statements are followed by a section of supplementary schedules, including a comparison of budgetary to actual expenses.

(A Component Unit of the City of Las Cruces)

Management's Discussion and Analysis For the Year Ended June 30, 2016

Fiscal Agent

The City of Las Cruces is the fiscal agent for SCSWA. As fiscal agent, the City establishes funds to account for money allocated to a particular purpose and to demonstrate compliance with legal and contractual requirements.

Financial Analysis of SCSWA

Net Position—In fiscal year 2016, net position increase to \$9,523,964 from \$8,657,661 in fiscal year 2015. Table 1 summarizes the assets, liabilities, and net position of SCSWA.

(A Component Unit of the City of Las Cruces)

Management's Discussion and Analysis For the Year Ended June 30, 2016

In 2016, revenues from operations increased by approximately \$1,668,074 from 2015 revenues. The increase is due to a significant increase in the total waste processed year-to-date of 16.62% more than the fiscal year 2015.

Operating expenses increased by \$172,554 over fiscal year 2015. The increase was attributed to an increase equipment repairs, the hiring of temporary personnel.

Budget Information—The board of directors approves the annual budget and, when necessary, revisions to the budget. SCSWA makes every effort to ensure operational expenses do not exceed funds available.

Table 3 summarizes the variance between the budgeted and actual revenues and expenses for the year ended June 30, 2016.

Table 3
Budgetary Comparison
For the Year Ended June 30, 2016

	Bu	dget			Percent
	Original	Final	Actual	Variance	Variance
Revenues					
Charges for services	8,948,484	8,948,484	9,954,902	1,006,418	11%
Net charges for services	\$ 8,948,484	\$ 8,948,484	\$ 9,954,902	\$ 1,006,418	11%
Other	368,500	204,000	347,029	143,029	70%
Total revenue	9,316,984	9,152,484	10,301,931	1,149,447	13%
Expenses					
Operating expenses	9,158,111	9,853,111	9,586,483	266,628	3%
Revenues over (under) expenditures	158,873	(700,627)	715,448	1,416,075	-202%
Nonoperating revenues					
Investment income	-	-	201,235	201,235	0%
Interest expense	(500,236)	(500,236)	(50,380)	449,856	-90%
Change in net position	\$ (341,363)	\$ (1,200,863)	\$ 866,303	\$ 2,067,166	-172%

The difference between the original and final budget for operating expenses is primarily due to an increase in equipment repairs for rolling equipment, as well as the compactor. In addition, there were additional employee's hired for the landfill.

(A Component Unit of the City of Las Cruces)

Management's Discussion and Analysis For the Year Ended June 30, 2016

Long-Term Debt

At the end of fiscal year 2016, SCSWA had total long-term debt outstanding of \$1,534,170 in bonds. In 2016, this consisted solely of 2014 SCSWA Environmental Services Gross Receipts Tax/Project Revenue Refunding Bonds. Decreases to long-term liabilities resulted from bond principal payments of \$455,000 and \$470,000 in 2015, and 2014, respectively. Additional information on SCSWA's long-term debt can be found in Note 4.

Capital Assets

As of June 30, 2016, the Authority's capital assets totaled \$9,236,219 net of accumulated depreciation of \$17,068,515. Table 4 provides details of the capital assets and related depreciation.

Table 4
Capital Assets and
Accumulated Depreciation
As of June 30, 2016

Land and construction in progress	1,712,977	1,693,315	1,516,151
Capital assets, net	\$ 9,236,219	\$ 8,284,020	\$ 8,741,907

(A Component Unit of the City of Las Cruces)

Management's Discussion and Analysis For the Year Ended June 30, 2016

During 2016, the Authority purchased \$798,989 of equipment, rolling stock and heavy equipment. There were three construction in progress projects that totaled \$196,826. The project was the construction of the Amador Transfer Station. During 2016 Chaparral Transfer Station and Corralitos Communication Infrastructure projects was completed and put into use.

Economic Outlook

Changes in the general economic conditions of the City of Las Cruces and the surrounding area influence the economic condition of SCSWA. The local economy is expected to follow the U.S. economy in a slow and uneven recovery. Health Care, Service and Leisure/Hospitality are two sectors that are expected to do well over the near term. The local job picture, in total, will still underperform the nation in part due to our dependence on Public Sector jobs. Private sector job growth should offset public sector job losses leading to a 0.5% growth in FY16.

The public sector is anticipated to be flat in the coming year as state education funding for local schools and NMSU begins to turn around. A return to modest revenue growth, both locally and at the state level, will generate a stable employment picture. Federal government, especially in Postal Services, is expected to shed jobs through FY16.

Population growth which slowed along with the national economy is expected to show a very modest gain in FY16. While the region is expected to add approximately 1,000 net new residents in FY16, the rate of growth will be under 2% for the sixth year in a row. The slowly expanding population base is directly linked to local jobs opportunities and to the national housing market. As retirees planning to relocate begin to see some progress on selling houses in other areas of the U.S., to Las Cruces should see a pick-up in people moving into the area.

Contacting the Management

This financial report is designed to provide the community and others with an overview of SCSWA's finances and demonstrate the organization's accountability for the money it receives. Questions about this report or requests for additional information may be addressed to the board at:

(A Component Unit of the City of Las Cruces)

Notes to Financial Statements June 30, 2016

1) Summary of Significant Accounting Policies

Reporting Entity

South Central Solid Waste Authority (SCSWA) was established by a joint powers agreement between the City of Las Cruces (the "City") and Dona Ana County (the "County") on December 13, 1994. The Authority provides collection and burial of community solid waste from the City and County. SCSWA is a component unit of the City of Las Cruces and is funded primarily by revenues generated from landfill operations.

Proprietary Fund Accounting

SCSWA follows proprietary fund accounting. Proprietary funds are accounted for using the flow of economic measurement focus and the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time the liabilities are incurred.

Propriety fund accounting distinguishes operating revenues and expenses from nonoperating items. Revenues are recognized when earned and expenses are recorded when liabilities are incurred. Operating revenues and expenses result from transactions associated with the principal activity of SCSWA. Nonoperating revenues and expenses result from ancillary activities.

Use of Restricted Resources

SCSWA uses restricted resources first when expenses are incurred for purposes for which both restricted and unrestricted net positions are available.

Budgets

SCSWA's budget is prepared on a basis consistent with accounting principles generally accepted in the United States of America, using an estimate of anticipated revenues and expenses. New Mexico State law prohibits expenses in excess of approved appropriations. If a fund is not overspent, it is in compliance with state law. The budget may be amended by SCSWA's board of directors; however, State of New Mexico, Department of Finance and Administration approval must be obtained for budget increases and budget transfers between funds.

(A Component Unit of the City of Las Cruces)

Notes to Financial Statements June 30, 2016

1) Summary of Significant Accounting Policies (continued)

Accounts Receivable

Accounts receivable represent amounts due from customers for services provided to them. The provision for uncollectible accounts was established following a review of outstanding receivables, particularly for non-governmental customers.

Capital Assets

Assets are capitalized if they have an initial cost of more than \$5,000 and an estimated useful life in excess of one year. Capital assets are recorded at cost, or, if donated, at fair market value at the date of the donation.

Depreciation

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Asset Class	Estimated Useful Lives
Infrastructure	40
Buildings	15-30
Landfill cell/site improvements	6-8 (see note below)
Equipment	4-10

Depreciation of SCSWA landfill cell and site improvements is based on the cubic yard usage of the facility on an individual cell basis. As of June 30, 2016, the cumulative usage of the facility was approximately 82.55%. During the year ended June 30, 2016, SCSWA had a change in accounting estimate for depreciation of its capital assets (see Note 11).

<u>Landfill Closure and Post Closure Care Costs</u> – SCSWA closure and post closure care costs are based on the current estimated total costs to perform closure and post closure activities. SCSWA records a liability for such costs based on the estimated remaining operational life of the Landfill. During FY16, SCSWA changed its estimate relating to its accrued closure and post closure care costs. See Note 11.

(A Component Unit of the City of Las Cruces)

Notes to Financial Statements June 30, 2016

1) Summary of Significant Accounting Policies (continued)

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the New Mexico Public Employees Retirement Association (PERA) and additions to/deductions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA, on the economic resources measurement focus and accrual basis of accounting. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Deferred Outflows and Inflows of Resources

The statement of net position and balance sheet include separate sections for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources represent a consumption of net position that applies to future periods that will be recognized as an expense or expenditure in future periods. Deferred inflows of resources represent an acquisition of net position or fund balance that applies to future periods and will be recognized as revenue in future periods.

Net Position

Net position of SCSWA are classified and displayed as three components:

- a. Net investment in capital assets Consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position Consists of funds with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position All other net funds that do not meet the definition of "net investment in capital assets" or "restricted".

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

(A Component Unit of the City of Las Cruces)

Notes to Financial Statements June 30, 2016

1) Summary of Significant Accounting Policies (continued)

Changes in Accounting

GASB Statement No. 72, *Fair Value Measurement and Application*, is effective for fiscal years beginning after June 15, 2015. The provisions of GASB Statement No. 72 have been implemented for the year ended June 30, 2016. The SCSWA financial statements and note disclosures reflect any required changes.

GASB Statement No. 73, Amendments to Certain Provisions of GASB Statements 67 and 68, is effective for years beginning after June 15, 2015. This Statement clarifies the application of certain provisions of Statements 67 and 68. The provisions of GASB Statement No. 73 have been implemented for the year ended June 30, 2016. SCSWA's financial statements and note disclosures reflect any required changes.

GASB Statement No. 82, an amendment of GASB Statements No. 67, No. 68, and No. 73, is effective for years beginning after June 15, 2016. This Statement addresses issues regarding (1) the presentation of payroll-related measures in required supplementary information, (2) the selection of assumptions and the treatment of deviations from the guidance in an Actuarial Standard of Practice for financial reporting purposes, and (3) the classification of payments made by employers to satisfy employee (plan member) contribution requirements. The provisions of GASB Statement No. 82 have been implemented early for the year ended June 30, 2016. SCSWA's financial statements and note disclosures reflect any required changes.

New Accounting Pronouncements

The following accounting pronouncements have been recently issued, but not yet adopted by SCSWA. Management anticipates that, upon adoption by SCSWA, none of these statements will have a significant impact on the Agency's financial position or results of operations. Pronouncements that are not applicable to the Agency have been omitted.

- Statement No. 74: Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans
- Statement No. 75: Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions
- Statement No. 76: The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments

(A Component Unit of the City of Las Cruces)

Notes to Financial Statements June 30, 2016

2) Cash and Cash Equivalents

SCSWA participates in a pool of cash and investments maintained by the Treasurer of the City of Las Cruces. SCSWA's share of the City of Las Cruces cash and investment pool is immediately available for spending and is therefore considered a cash equivalent.

Cash and cash equivalents consist of the following at June 30, 2016 and 2015:

	 2016	2015
Cash and investments - current	\$ 2,465,185	\$ 2,572,618
Restricted cash and investments - noncurrent	 3,200,883	 3,731,743
Total cash and cash equivalents	\$ 5,666,068	\$ 6,304,361

At June 30, 2016, the City's cash and investment pool consists of the following:

	2016	2015
Carrying amount of bank deposits	\$ 21,198,302	\$ 21,081,988
Investments at fair value	142,296,769	139,210,670
Accrued interest	682,295	664,651
Total cash and cash equivalents	\$ 164,177,366	\$ 160,957,309

Bank Balance of Deposits

Custodial Credit Risk – Deposits. Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The City's investment ordinance requires collateralization of 100% of the uninsured portion of the City's deposits with financial institutions. Securities pledged by financial institutions are accepted at market value, except obligations of the state of New Mexico and its subdivisions, which are accepted at par value. As of June 30, 2016, the City's deposits, totaling \$86,543,545 was insured by FDIC or collateralized by securities held in trust by a third-party bank for the depository bank in the City's name and thus was not exposed to custodial credit risk.

(A Component Unit of the City of Las Cruces)

Notes to Financial Statements June 30, 2016

2) Cash and Cash Equivalents (continued)

Investments

The City's investment policy allows investment in: a) U.S. Treasury obligations; b) U.S. government agency and instrumentality obligations; c) repurchase agreements whose underlying securities and/or collateral consist of allowed investments described in (a) or (b) above; d) commercial paper rated not less than A-1, P-1, F-1, or equivalent by a nationally recognized rating agency; e) pooled funds maintained by the State Treasurer; and f) mutual funds whose portfolios consist solely of allowed investments.

As of June 30, 2016, the City's investment pool had the following investments:

		Weighted Avg
Investment Type	Fair Value	Maturity (Yrs)
Overnight repurchase agreement	\$ 13,611,029	
U.S. agency coupon bonds	125,686,740	12.07
U.S. treasury bills	2,999,000	0.15
Total Pooled Investments	\$ 142,296,769	_

Interest Rate Risk. The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The investment pool includes step-up coupon securities that total \$124,682,860, issued by U.S. government agencies that are callable by the issuer under certain circumstances. For purposes of calculating weighted average maturity, the City uses duration.

Credit Risk. The City's investment policy lists the criteria for selecting investments and the order of priority as follows: 1) safety; 2) liquidity; and 3) yield. As of June 30, 2016, the City's investments in coupon bonds of U.S. agencies were rated AA+ by Standard & Poor's and Aaa by Moody's Investors Service. The City's money market fund investments were rated AAAm by Standard & Poor's and/or Aaa by Moody's. The external investment pools of the NM State Investment Council are not rated.

(A Component Unit of the City of Las Cruces)

Notes to Financial Statements June 30, 2016

2) Cash and Cash Equivalents (continued)

Custodial Credit Risk. For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City's investment policy requires that securities held in street name with a broker or dealer be insured, and that all other securities be held by the City or a third-party safekeeping financial institution acting as trustee for the City. As of June 30, 2016, all of the City's securities are held in either the street name or by a third-party financial institution in the City's name.

Concentration of Credit Risk. The City's formal investment policy places no limit on the amount the City may invest in any one issuer. As of June 30, 2016, 56% of the City's investment pool was in Fannie Mae (FNMA), 33% was in Federal Home Loan Mortgage Corporation (FHLMC) and 11% in Federal Home Loan Bank (FHLB).

Fair Market Value Hierarchy. The City categorizes its fair value measurement within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets: Level 2 inputs are significant other observable inputs: Level 3 inputs are significant unobservable inputs.

The City has the following recurring fair value measurements as of June 30, 2016:

U.S. Agency coupon bonds of \$145 million, Stagecoach Sweep Repo of \$13 million and U.S. Treasury securities of \$3 million are valued using a matrix pricing model (Level 2 input).

(A Component Unit of the City of Las Cruces)

Notes to Financial Statements June 30, 2016

Due to City of Las Cruces

On June 20, 2014, the City borrowed \$2,780,000 from the New Mexico Finance Authority to refund the 2004 SCSWA Environmental Gross Receipts tax bonds, finance various facilities projects, and pay the costs of issuance. The proceeds for the advance refunding was deposited in an irrevocable trust and the associated debt was defeased. The interest rate on the new note is 1.08% with a final maturity of June 1, 2028. The bond issue is secondarily secured by the environmental gross receipts tax of the City which totaled \$1.8 million in 2016.

(A Component Unit of the City of Las Cruces)

Notes to Financial Statements June 30, 2016

4) Long-Term Liabilities (continued)

The economic gain resulting from this refunding is \$22,068 based upon the net present value from the delivery date. The difference in cash flow requirements to service the old debt of \$1,684,050 and the cash flows to service the debt of \$1,068,622 is \$615,428.

Landfill Closure and Post-Closure Liability

The SCSWA charges rates that include an amount to raise the funds needed for landfill closure and post-closure activities. State and federal laws and regulations require placement of a final cover on landfill sites when waste is no longer accepted, and performance of certain maintenance and monitoring functions at the sites for thirty years after closure. Although closure and post-closure care costs will be paid only near or after the date that a landfill stops accepting waste, a portion of the closure and post-closure costs are reported as operating expenses in each period based on landfill capacity used as of each balance sheet date.

The \$1,717,341 reported as SCSWA's landfill closure and post-closure liability at June 30, 2016, is based on the use of the estimated capacity of the open cells at the regional landfill as well as estimates of environmental remediation for the transfer station located at 12865 West Amador Avenue. The \$1,717,341 held in a restrict cash reserve for landfill closure and post-closure liability at June 30th, 2016 represent the total liability expense for the 52 acres utilized for waste disposal and the transfer station. In 2014, 10 acres were closed and are no longer available for waste acceptance. Currently there is a total of 390 acres available which has an estimated life of 89.6 years. Of the total cells, design has been completed for the eastern 200 acres and 190 acres have been utilized for disposal.

The \$1,717,341 reported as SCSWA's landfill closure and post-closure liability at June 30, 2016, is based on the Financial Assurance required to be in place for the currently lined area (cells 1-3) is \$2,041,781 along with current year estimates of requirements for the closure of the transfer station. Using the 2016 volumetric and landfill life survey data, the active lined area of cells 1-3 is currently at 82.55% capacity. The current financial assurance required to be currently in place would therefore be \$1,685,490 (82.55% of \$2.04M) for the landfill plus an additional \$31,851 for the transfer station for a total requirement of \$1,717,341.

(A Component Unit of the City of Las Cruces)

Notes to Financial Statements June 30, 2016

5) Curbside Recycling Program

On December 1, 2010, the Authority's Board of Directors approved Resolution 2010-34 which authorized a contract for curbside recycling collection service between Friedman Recycling, Inc. (Friedman) of El Paso, Texas and the Authority. Friedman will provide curbside collections of recyclables biweekly for the approximate 28,000 residential solid waste customers of the City of Las Cruces. The term of the agreement is for five years beginning on April 1, 2011. The agreement may be renewed by the parties for an additional five-year term prior to the expiration of the initial five-year term. An extension of the agreement must be by written mutual agreement and include annual budget appropriations approved by the Authority. According to the agreement, the Authority established restricted cash reserve in the amount of \$1,500,000. The amount of the cash reserve is reduced ratably over the five-year term of the agreement using a straight line approach beginning December 2011.

6) Pension Plan – Public Employees Retirement Association

Plan Description

Substantially all of the SCSWA's full-time employees participate in a public employee retirement system authorized under the Public Employees Retirement Act (Chapter 10, Article 11, NMSA 1978). The Public Employees Retirement Fund (PERA Fund) is a cost-sharing, multiple employer defined benefit pension plan. This fund has six divisions of members, including State General, State Police/Adult Correction Officer, Municipal General, Municipal Police/Detention Officers, Municipal fire, and State Legislative Divisions, and offers 24 different types of coverage within the PERA plan. All assets accumulated may be used to pay benefits, including refunds of member contributions, to any of the plan members or beneficiaries, as defined by the terms of this plan. Certain coverage plans are only applicable to a specific division. Eligibility for membership in the PERA Fund is set forth in the Public Employees Retirement Act (Chapter 10, Article 11, NMSA 1978) Except as provided for in the Volunteer Firefighters Retirement Act (10-11A-1 to 10-11A-7, NMSA 1978), the Judicial Retirement Act (10-12B-1 to 10-12B-19, NMSA 1978), the Magistrate Retirement Act (10-12C-1 to 10-12C-18, NMSA 1978), and the Educational Retirement Act (Chapter 22, Article 11, NMSA 1978), and the provisions of Sections 29-4-1 through 29-4-11, NMSA 1978 governing the State Police Pension Fund, each employee and elected official of every affiliated public employer is required to be a member in the PERA Fund.

(A Component Unit of the City of Las Cruces)

Notes to Financial Statements June 30, 2016

6) Pension Plan – Public Employees Retirement Association (continued)

PERA issues a publicly available financial report and a comprehensive annual financial report that can be obtained at http://saonm.org/ using the Audit Report Search function for agency 366.

Benefits provided

For a description of the benefits provided and recent changes to the benefits see Note 1 in the PERA audited financial statements for the fiscal year ended June 30, 2015 available at http://www.nmpera.org/financial-overview.

Contributions

The contribution requirements of defined benefit plan members and SCSWA, an agency fund of the City of Las Cruces are established in state statute under Chapter 10, Article 11, NMSA 1978. The contribution requirements may be amended by acts of the legislature. For the employer and employee contribution rates in effect for FY14 for the various PERA coverage options, for both Tier I and Tier II, see the tables available in the note disclosures on pages 31 through 32 of the PERA FY15 annual audit report at http://www.nmpera.org/assets/uploads/downloads/comprehensive-annual-financial-reports/CAFR-2015.pdf. The PERA coverage options that apply to SCSWA are 2.01% of the City's proportionate allocation. Statutorily required contributions to the pension plan from SCSWA were \$157,248 and employer paid member benefits that were "picked up" by the employer were \$41,127 for the year ended June 30, 2016.

<u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred</u> Inflows of Resources Related to Pensions

The PERA pension liability amounts, net pension liability amounts, and sensitivity information were based on an annual actuarial valuation performed as of June 30, 2014. The PERA pension liability amounts for each division were rolled forward from the valuation date to the Plan year ending June 30, 2015, using generally accepted actuarial principles. Therefore, the employer's portion was established as of the measurement date June 30, 2015.

(A Component Unit of the City of Las Cruces)

Notes to Financial Statements June 30, 2016

6) Pension Plan – Public Employees Retirement Association (continued)

The assets of the PERA fund are held in one trust, but there are six distinct membership groups (municipal general members, municipal police members, municipal fire members, state general members, state police members and legislative members) for whom separate contribution rates are determined each year pursuant to chapter 10, Article 11 NMSA 1978. Therefore, the calculations of the net pension liability, pension expense and deferred Inflows and Outflows were preformed separately for each of the membership groups: municipal general members; municipal police members; municipal fire members; state general members; state police members and legislative members. The City of Las Cruces' proportion of the net pension liability for each membership group that the employer participates in is based on the employer contributing entity's percentage of that membership group's total employer contributions for the fiscal year ended June 30, 2015. Only employer contributions for the pay period end dates that fell within the period of July 1, 2014 to June 30, 2015 were included in the total contributions for a specific employer. Regular and any adjustment contributions that applied to FY 2015 are included in the total contribution amounts. In the event that an employer is behind in reporting to PERA its required contributions, an estimate (receivable) was used to project the unremitted employer contributions. This allowed for fair and consistent measurement of the contributions with the total population. This methodology was used to maintain consistent measurement each year in determining the percentages to be allocated among all the participating employers.

At June 30, 2016, SCSWA reported a liability of \$1,946,890 for its proportionate share of the net pension liability. At June 30, 2016, the SCSWA's proportionate share of the net pension liability was 2.01% of the City's net pension liability.

For the year ended June 30, 2016, SCSWA recognized pension expense of \$280,779. At June 30, 2016, SCSWA reported \$164,493 of deferred outflows of resources and \$29,373 of deferred inflows of resources.

(A Component Unit of the City of Las Cruces)

Notes to Financial Statements June 30, 2016

6) Pension Plan – Public Employees Retirement Association (continued)

	Out	eferred tflows of esources	I	Deferred nflows of Resources
Difference between expected and actual experience	\$	-	\$	491
Changes of assumptions or other inputs		-		27,896
Net difference between projected and actual earnings on pension plan investments		-		986

6) Pension Plan – Public Employees Retirement Association (continued)

Actuarial assumptions

As described above, the PERA Fund member group pension liabilities and net pension liabilities are based on actuarial valuations performed as of June 30, 2014 for each of the membership groups. Then each PERA Fund member group pension liability was rolled forward from the valuation date to the Plan year ending June 30, 2015 using generally accepted actuarial principles. There were no significant events or changes in benefit provisions that required an adjustment to the roll-forward liabilities as of June 30, 2015.

These actuarial methods and assumptions were adopted by the Board for use in the June 30, 2014 actuarial valuation.

Actuarial valuation date	June 30, 2014
Actuarial cost method	Entry age normal
Amortization method	Level percentage of pay
Amortization period	Solved for based on statutory rates
Asset valuation method	Fair value
Actuarial assumptions:	
· Investment rate of return	7.75% annual rate, net of investment expense
· Projected benefit payment	100 years
· Payroll growth	3.50% annual rate
· Projected salary increases	3.50% to 14.25% annual rate
· Includes inflation at	3.00% annual rate
Mortality Assumption	RP-2000 Mortality Tables (Combined table for
	healthy post-retirements, Employee table for
	active members, and Disable table for disabled
	retirees before retirement age) with projection to
	2018 using Scale AA.
· Experience study Dates	July 1, 2008 to June 30, 2013

(A Component Unit of the City of Las Cruces)

Notes to Financial Statements June 30, 2016

6) Pension Plan – Public Employees Retirement Association (continued)

The long-term expected rate of return on pension plan investments was determined using a statistical analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and most recent best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

ALL FUNDS - Asset Class	Target Allocation	Long-Term Expected Real Reate of Return		
U.S. Equity	21.1 %	5.00 %		
International Equity	24.8	5.20		
Private Equity	7.0	8.20		
Core and Global Fixed Income	26.1	1.85		
Fixed Income Plus Sectors	5.0	4.80		
Real Estate	5.0	5.30		
Real Assets	7.0	5.70		
Absolute Return	4.0	4.15		
Total	100.0 %			

(A Component Unit of the City of Las Cruces)

Notes to Financial Statements June 30, 2016

6) Pension Plan – Public Employees Retirement Association (continued)

Discount rate

The discount rate used to measure the total pension liability was 7.75%. The projection of cash flows used to determine the discount rate assumed that future contributions will be made in accordance with statutory rates. On this basis, the pension plan's fiduciary net position together with the expected future contributions are sufficient to provide all projected future benefit payments of current plan members as determined in accordance with GASB 67. Therefore, the 7.75% assumed long- term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the SCSWA's proportionate share of the net pension liability to changes in the discount rate

The following tables show the sensitivity of the net pension liability to changes in the discount rate. In particular, the tables present SCSWA's net pension liability in each PERA Fund Division that SCSWA participates in, under the current single rate assumption, as if it were calculated using a discount rate one percentage point lower (6.75%) or one percentage point higher (8.75%) than the single discount rate.

	% Decrease (6.75%)	Current scount Rate (7.75%)	1	% Increase (8.75%)
SCSWA's proportionate share of the net pension liability	\$ 1,695,678	\$ 1,946,890	\$	2,198,102

(A Component Unit of the City of Las Cruces)

Notes to Financial Statements June 30, 2016

7) Post-Employee Benefits – State Retiree Health Care Plan

Plan Description

SCSWA contributes to the New Mexico Retiree Health Care Fund, a cost-sharing multiple-employer defined postemployment healthcare plan administered by the New Mexico Retiree Health Care Authority (RHCA). The RHCA provides health care insurance and prescription drug benefits to retired employees of participating New Mexico government agencies, their spouses, dependents, and surviving spouses and dependents. The RHCA Board was established by the Retiree Health Care Act (Chapter 10, Article 7C, NMSA 1978). The Board is responsible for establishing and amending benefit provisions of the healthcare plan and is also authorized to designate optional and/or voluntary benefits like dental, vision, supplemental life insurance, and long-term care policies.

Eligible retirees are: 1) retirees who make contributions to the fund for at least five years prior to retirement and whose eligible employer during that period of time made contributions as a participant in the RHCA plan on the person's behalf unless that person retires before the employer's RHCA effective date, in which event the time period required for employee and employer contributions shall become the period of time between the employer's effective date and the date of retirement; 2) retirees defined by the Act who retired prior to July 1, 1990; 3) former legislators who served at least two years; and 4) former governing authority members who serve at least four years.

The RHCA issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for the postemployment healthcare plan. That report and further information can be obtained by writing to the Retiree Health Care Authority at 4308 Carlisle NE, Suite 104, Albuquerque, NM 87107.

Funding Policy

The Retiree Health Care Act (Section 10-7C-13 NMSA 1978) authorizes the RHCA Board to establish the monthly premium contributions that retirees are required to pay for healthcare benefits. Each participating retiree pays a monthly premium according to a service based subsidy rate scheduled for the medical plus basic life plan plus an additional participation fee of five dollars if the eligible participant retired prior to the employer's RHCA effective date or is a former legislator or former governing authority member. Former legislators and governing authority members are required to pay 100% of the insurance premium to cover their claims and the administrative expenses of the plan. The monthly premium rate schedule can be obtained from the RHCA or viewed on their website at www.nmrhca.state.nm.us.

(A Component Unit of the City of Las Cruces)

Notes to Financial Statements June 30, 2016

7) Post-Employee Benefits – State Retiree Health Care Plan (continued)

The employer, employee and retiree contributions are required to be remitted to the RHCA on a monthly basis. The statutory requirements for the employer and employee contributions can be changed by the New Mexico State Legislature. Employers that choose to become participating employers after January 1, 1998, are required to make contributions to the RHCA fund in the amount determined to be appropriate by the board.

The Retiree Health Care Act (Section 10-7C-15 NMSA 1978) is the statutory authority that establishes the required contributions of participating employers and their employees. For employees that were members of an enhanced retirement plan (state police and adult correctional officer member coverage plan 1; municipal police member coverage plans 3, 4 or 5; municipal fire member coverage plan 3, 4 or 5; municipal detention officer member coverage plan 1; and members pursuant to the Judicial Retirement Act) during the fiscal year ended June 30, 2015, the statutes required each participating employer to contribute 2.5% of each participating employee's annual salary; and each participating employee was required to contribute 1.25% of their salary. For employees that were not members of an enhanced retirement plan during the fiscal year ended June 30, 2015, the statute required each participating employer to contribute 2.0% of each participating employee's annual salary; each participating employee was required to contribute 1.0% of their salary. In addition, pursuant to Section 10-7C-15(G) NMSA 1978, at the first session of the Legislature following July 1, 2013, the legislature shall review and adjust the distributions pursuant to Section 7-1-6.1 NMSA 1978 and the employer and employee contributions to the authority in order to ensure the actuarial soundness of the benefits provided under the Retiree Health Care Act.

The SCSWA's contributions to the RHCA for the years ended June 30, 2016, 2015 and 2014 were \$39,120, \$37,810, and \$32,090, respectively, which equal the required contributions for each year.

8) Risk Management

SCSWA is exposed to various risks of loss from torts; theft of, damage to, and/or destruction of assets; business interruption; errors and omissions; and natural disasters for which SCSWA carries commercial insurance. There have been no significant reductions in insurance coverage and settlement amounts have not exceeded insurance coverage for the current year or the three prior years.

(A Component Unit of the City of Las Cruces)

Notes to Financial Statements June 30, 2016

9) Related-Party Transactions

In 2016, the City of Las Cruces and Dona Ana County paid approximately \$2.6 million and \$563,580, respectively, to SCSWA for services. In 2015, the City of Las Cruces and Dona Ana County paid approximately \$2.4 million and \$520,490 respectively, to SCSWA for services.

In 2016 and 2015, SCSWA paid the City of Las Cruces \$85,000 and \$70,000 respectively, for fiscal agent services.

10) Memorandum of Agreement

By mutual agreement, the South Central Solid Waste Authority (Authority) and City approved a Memorandum of Agreement with the City on June 18, 2009. This agreement creates a regional recycling program administered by the Authority. The City dedicates the recycling component charge from its residential solid waste customers. In 2015, the charge for recycling for City residents was \$2,120,023.

The Authority entered into a Memorandum of Agreement with Dona Ana County effective July 1, 2009, to operate and manage eight county-owned solid waste collection centers. The County agreed to pay the Authority \$924,231 per year for this service. In 2015, the full payment was made to the Authority.

A Memorandum of Understanding between the City of Truth or Consequences (T or C) and the Authority was signed on October 10, 2012. In this exchange the Authority will transport T or C's solid waste to the Corralitos landfill. The Authority will be paid \$6,400 per month plus fuel and tipping fees. This two year agreement allows for an extension and price increase after the initial term.

On November 02, 2012, the Authority entered into a Memorandum of Understanding (MOU) with the City of Sunland Park, New Mexico. The MOU allows the Authority to collect and dispose of solid waste for the City of Sunland Park for the next three years. At the end of the three year term the City of Sunland Park will have the option to re-take control of operations or, with assistance from the Authority, bid out the service.

REPORT OF INDEPENDENT AUDITORS ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Mr. Timothy Keller, State Auditor of New Mexico and The Board of Directors of South Central Solid Waste Authority

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund, including the budgetary comparisons of the South Central Solid Waste Authority (SCSWA), Las Cruces, New Mexico, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise SCSWA's basic financial statements, and have issued our report thereon dated November 30, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered SCSWA's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of SCSWA's internal control. Accordingly, we do not express an opinion on the effectiveness of SCSWA's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether SCSWA's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the SCSWA's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
