November 30, 2015

Honorable Mayor and City Council, City of Las Cruces, New Mexico

We are pleased to submit the Comprehensive Annual Financial Report for the City of Las Cruces (City), New Mexico, for the fiscal year ended June 30, 2015, in accordance with Article V, Section 5.09, of the City Charter. Responsibility for the accuracy of the presented data and the completeness and fairness of presentation, including all disclosures, rests with the City. We believe the data, as presented, are accurate in all material respects and are presented in a manner that fairly sets forth the financial position and results of operations of the City. Furthermore, we believe that all disclosures necessary to enable the reader to gain an understanding of the City's financial activities have been included.

In the Financial Section of this report, the independent auditor's report is immediately followed by Management's Discussion & Analysis (MD&A). The MD&A provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

#### **Profile of the City**

The City of Las Cruces, incorporated in 1946 and chartered in 1985, is a home-rule municipality with a Council/Manager form of government consisting of a mayor and six council members. The mayor is elected at large for a four-year term. Council members are elected from six member districts for a four-year term. Elections are held on a bi-annual basis. The city manager, appointed by the City Council, is responsible for the management of all City employees and the administration of all City affairs.

This report includes financial statements of the funds required for those activities, organizations, and functions related to the City and that are controlled by or dependent upon the City's governing body, the City Council. The financial reporting entity consists of the City, a discretely presented component unit: South Central Solid Waste Authority, and one blended component unit: the Downtown Tax Increment Development District. These component units are included in the City's reporting entity because of the significance of their operational relationship or financial relationship with the City. Considering the above criteria, this report includes all funds of the City.

The City provides a full range of services. These services include public safety (police and fire); community services (culture and recreation); facilities; streets, public improvements; planning, zoning, engineering; public utilities (gas, water, wastewater, and solid waste) and general administration of services.

#### **Economic Condition and Outlook**

The local economy is expected to follow the U.S. economy in a slow and uneven recovery. Health Care, Service, and Leisure/Hospitality are two sectors that are expected to do well over the near term. The local job picture, in total, will still underperform the nation in part due to our dependence on Public Sector jobs. Private sector job growth should offset public sector job losses leading to a 0.5 percent growth in FY15.

Population growth which slowed along with the national economy is expected to show a very modest gain in FY15. While the City is expected to add approximately 1,000 net new residents in FY15, the rate of growth will be under 2 percent for the fifth year in a row. The slowly expanding population base is directly linked to local jobs opportunities and to the national housing market. As retirees planning to relocate begin to see some progress on selling houses in other areas of the U.S., Las Cruces should see a pick-up in people moving into the area.

The City's revenue growth has been influenced by the slow economic conditions. Gross Receipts Tax, which is by far the City's largest revenue source, is largely dependent on construction activity and personal income gains that come from wage and salary jobs.

A key to achieving the rate of employment growth forecast for the Las Cruces area is the relationship between the private and government sectors. Las Cruces is highly dependent on public sector employment because of the presence of the Federal Government and New Mexico State University. The recovery to date has been concentrated in private jobs with public jobs actually declining in recent years. The outlook anticipates all new jobs being created in the private sector while the public sector slowly returns to a level close to zero growth.

The City has navigated the recession and managed its finances by taking a prudent, conservative approach. The balances in the City's general fund reflect this philosophy and have been consistently maintained at twice the amount required by the State.

While the General Fund balances are anticipated to ebb slightly over the time horizon, the City can continue to provide its citizens services. This ability is a dividend of the City's prudent fiscal management practice for the past several years, and is allowing the City to navigate the recession while maintaining services.

#### **Long-Term Plans and Major Initiatives**

During FY15, the MPO Transportation Plan, which guides multi-modal transportation planning, construction, operation, and maintenance of an integrated transportation network for the Las Cruces Urbanized Area, was approved and will be implemented through the City's development standards. Parks and Recreation worked with local developers to provide additional neighborhood parks in newly developed areas; four developer agreements were completed and two new parks were fully constructed.

The City reduced its kilowatt hour consumption in City buildings by 1 percent from the 2013 baseline, saving \$40,000 annually from renewable and energy efficient projects. In other sustainability efforts, the City continued LED street light upgrade projects on major corridors in order to reduce transportation operating costs. The Transportation department continues to build the required infrastructure of the City's Intelligent Transportation Systems to improve traffic flow in the City, including adaptive signal timing software, Bluetooth technology implementation and fiber optic installation projects.

Long range plans continue to include fleet replacement and facility maintenance as well as the need to provide utility services, public safety, and recreational facilities in newly developed areas.

During FY14 the City Council formalized a five-year strategic plan, which serves as a guide to plan the use of City resources and direct the future of City programs. The guiding four themes under which all of the goals will align are Fiscal Responsibility, Service Delivery Excellence, Infrastructure Development, and Quality of Life/Community Identity. Each year the City's financial and operational performance is measured against the plan and outcomes are reported to the City Council and the community at large.

There were 25 goals identified by City Council, with the top ten listed below:

- 1. Increase city focus on strategic job creation;
- 2. Promote responsible, stable, and sustainable economic development;
- 3. Develop a diverse/perpetual funding strategy for capital and operating needs;
- 4. Support neighborhood vitality and downtown revitalization;
- 5. Increase educational, recreational, and cultural opportunities and amenities;
- 6. Foster regional collaboration and partnerships to maximize mutually beneficial outcomes;
- 7. Foster creativity and innovation;
- 8. Define the City's infrastructure policy;
- 9. Provide and maintain reliable infrastructure to support community needs; and
- 10. Support cost-effective energy initiatives.

The strategic plan, with progress updates, is available on the City's website for public review.

#### **Internal Control Framework**

Integrated within the business systems of the City are the policies and procedures over accounting and financial reporting that make up the internal control framework. The internal control framework provides assurance that the accounting systems and underlying data are reliable; however, there are certain limitations inherent in the internal control framework. Management may choose to accept certain risks because the cost to prevent all risks is not reasonable. Management is responsible for establishing and maintaining effective internal controls. Although some level of risk within the internal control framework is unavoidable, the City's management maintains an attitude of supporting strong and effective internal controls.

#### **Financial Information, Management and Control**

The financial position and operating results of the City are provided in the financial statements. Management's discussion and analysis includes financial highlights, describes the financial statements, and provides financial analysis of the City's financial position and results of operations. Following is a brief description of financial information, management of financial resources, and financial obligations.

#### **Budgetary Control**

In New Mexico, state statutes mandate that municipalities operate within the confines of a balanced budget. Annual budgets are adopted for all funds. If a fund is not overspent, it is in compliance with state law. All unexpended budget appropriations lapse at the end of the fiscal year.

The City Manager is responsible for presenting an annual budget to the City Council. The Council sets hearings for annual budget review and approves the final budget. The final budget is then submitted to the New Mexico Department of Finance and Administration, Local Government Division. The Local Government Division must then approve and certify the City's operating budget, budget increases, and budget transfers between funds.

The adopted budget becomes a document that details a clear and precise picture of the cost of public services that will be provided. The budget is controlled through an integrated accounting system to assure effective fiscal management and accountability. Budget adjustments requested throughout the fiscal year that increase fund expenditures must be approved by the City Council.

#### **Taxes**

The allocation of the property tax for FY15 and the two preceding years is based on the mill levy below:

Purpose	2015	2014	2013
Operational mill levy:			
Residential	6.806	6.801	6.757
Non-residential	7.120	7.120	7.120

The City has no outstanding general obligation bonds. Therefore, the debt service levy for all three years is zero.

The gross receipts tax rate on receipts within the City was 7.9375 percent at June 30, 2015. The breakdown and sources of the gross receipts tax rate include:

		Percent of
	Tax Rate	Total Rate
State shared	5.1250%	65.0%
Municipal GRT- general purpose	1.2500%	16.0%
Municipal GRT-infrastructure	0.2500%	3.0%
Municipal Environmental GRT	0.0625%	1.0 %
Municipal Hold Harmless GRT	0.3750%	5.0%
Dona Ana County-local option taxes	<u>0.8750%</u>	10.0%
· · ·	7.9375%	100.0%

#### **Debt Administration**

The City has significant capacity for future capital and infrastructure acquisitions, should the need arise. The City's current unused general obligation (G.O.) bond capacity is in excess of \$70 million. The City currently has no outstanding G.O. bonds.

The City had 14 bond issues outstanding at June 30, 2015. Gross receipts tax revenues finance nine bond issues outstanding. Five issues are Joint Utilities Revenue Bonds secured by the net operating revenues of the utility system. The amount of bonds outstanding at June 30, 2015 was \$72.0 million in governmental bonds and \$53.1 million in utility revenue bonds. Principal payments on bonds totaled \$6.9 million during the fiscal year excluding refinancing activities. In addition, the City had 15 loans outstanding from New Mexico Finance Authority and other entities totaling \$15.4 million with principal payments during the fiscal year of \$3.6 million.

### **Independent Audit**

New Mexico State law requires that an annual audit of a governmental unit's financial statements be performed by independent public accountants. Federal law requires that a single audit be performed for federal grant funds as required by the Single Audit Act Amendments of 1996, Office of Management and Budget Circular A-133, and ARRA requirements. Additionally, the City Charter requires an annual audit of all accounts of the City by an independent certified public accountant.

The independent auditor's reports on the financial statements, required supplementary information, and other supplementary information are included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

The independent firm of certified public accountants, Moss Adams, LLP, has audited the financial statements and related notes. The financial statements have been prepared in accordance with generally accepted accounting principles (GAAP) for local governments as prescribed by the Governmental Accounting Standards Board (GASB).

#### **GFOA Award**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Las Cruces for the comprehensive annual financial report for the fiscal year ended June 30, 2014. This was the ninth consecutive year that the City has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must demonstrate proficiencies in both generally accepted accounting principles and applicable legal requirements.

We believe that this current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to GFOA to determine eligibility for the certificate. This award represents the highest form of recognition in governmental accounting and financial reporting. This is an outstanding accomplishment that demonstrates the professionalism residing in the City's Financial Services Department.

The preparation of the annual CAFR is primarily the responsibility of the Accounting Department. I would like to recognize Victoria Fredrick, Financial Services Director, Melissa Nelson and Maria Villa, Accounting Managers, and the Accounting staff including Natalia Dominguez, Gilbert Rodriguez, James Williams, Josie Medina, Karin DeVogel, Maria Sanchez, Maricela Ortiz, and Victoria Delgado for their efforts in this accomplishment.

#### **Acknowledgments**

The annual audit cannot be completed without the efforts and dedication of the Financial Services Department staff. I would like to express my appreciation to staff for their many hours of hard work devoted to this year's audit.

I would also like to thank the Mayor, City Council, and City Management for their interest and support in planning and conducting the financial affairs of the City in a responsible and progressive manner.

Respectfully submitted,

Robert L. Garza, PE

City Manager

Executive Director/CEO

## **Report of Independent Auditors**

Mr. Timothy Keller, New Mexico State Auditor and the Honorable Mayor and City Council Members of the City of Las Cruces

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, the aggregate remaining fund information, and the budgetary comparisons for the general fund and major special revenue funds of the City of Las Cruces, New Mexico (the City), as of and for the year ended June 30, 2015, which collectively comprise the City's basic financial statements as listed in the table of contents. We also have audited the financial statements of each of the nonmajor governmental, nonmajor enterprise, internal service funds, agency funds and the budgetary comparisons for the debt service fund, special revenue funds, capital project funds, proprietary funds, and all nonmajor funds presented as supplementary information, as defined by the Government Accounting Standards Board (GASB), in the accompanying combining and individual fund financial statements as of and for the year ended June 30, 2015, as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion.

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## MOSS-ADAMS LLP

Mr. Timothy Keller, New Mexico State Auditor and the Honorable Mayor and City Council Members of the City of Las Cruces

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Las Cruces, New Mexico as of June 30, 2015, the respective changes in financial position and, where applicable, cash flows thereof, and the respective budgetary comparisons for the general fund and major special revenue funds for the year then ended in accordance with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statements and schedules referred to above present fairly, in all material respects, the respective financial position of each nonmajor governmental, nonmajor enterprise, internal service funds, and agency funds of the City of Las Cruces, New Mexico as of June 30, 2015, the respective changes in financial position, cash flows, where applicable thereof, and the respective budgetary comparisons of the debt service fund, special revenue funds, capital project funds, proprietary funds and all nonmajor funds for the year then ended in conformity with accounting principles generally accepted in the United States of America.

#### Emphasis of a Matter

In the year ended June 30, 2015, the City adopted new accounting guidance, GASB Statement No. 68, Accounting and Financial Reporting for Pensions, as amended by GASB Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date, which modified the presentation of the financial statements by establishing standards for measuring and recognizing net pension liabilities, deferred outflows of resources, deferred inflows of resources, and expenses related to pension benefits provided through defined benefit pension plans. In addition, Statement 68 requires disclosure of information related to pension benefits. As discussed in Note 22 to the basic financial statements, the adoption of GASB statements 68 and 71 resulted in the restatement of beginning net position. Our opinions are not modified with respect to this matter.

#### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and schedule of the City's proportionate share of the net pension liability and the schedule of the City's contributions as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the GASB who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

## MOSS-ADAMS LLP

Mr. Timothy Keller, New Mexico State Auditor and the Honorable Mayor and City Council Members of the City of Las Cruces

#### Other Information

Our audit was conducted for the purpose of forming opinions on the City's financial statements, the combining and individual fund financial statements, and the budgetary comparisons. The accompanying schedule of expenditures of federal awards, as required by the Office of Management and Budget *Circular A-133*, *Audits of States*, *Local Governments*, *and Non-Profit Organizations*, the introductory and statistical section, and the other schedules required by 2.2.2 *NMAC* included as Other Supplementary Information as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The schedule of expenditures of federal awards and other schedules required by 2.2.2 NMAC included as Other Supplementary Information as listed in the table of contents are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards and other schedules required by 2.2.2 NMAC included as Other Supplementary Information as listed in the table of contents are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory, statistical and other information sections as noted in the table of contents have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express on opinion or provide any assurance on them.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 30, 2015 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

November 30, 2015

Albuquerque, New Mexico

Won Clams LLP

## Management's Discussion and Analysis June 30, 2015

## Management's Discussion and Analysis

The Management Discussion and Analysis presents an overview of the City's financial activities for the fiscal year ended June 30, 2015. It is intended to be read in conjunction with the Letter of Transmittal and the City's financial statements. In accordance with Governmental Accounting Standards Board (GASB) standards, comparisons to prior-year balances and activity are presented.

#### Financial Highlights

- The assets and deferred outflows of resources of the City of Las Cruces exceeded its liabilities at the close of the most recent fiscal year by \$571,277,001 (net position). Of this amount, \$106,688,636 represents unrestricted net position, which may be used to meet the government's ongoing obligations to citizens and creditors.
- The City's total net position decreased \$93,454,377 due to the implementation of GASB 68, which requires the recognition of liabilities, deferred outflows of resources, and deferred inflows of resources related to pension plans.
- At the close of the current fiscal year, the City of Las Cruces' governmental funds reported combined fund balances of \$142,955,557, an increase of \$29,405,204 in comparison with the prior year. Approximately 22 percent of this amount (\$31,379,100) is available for spending at the government's discretion (unassigned fund balance).
- At the end of the current fiscal year, unrestricted fund balance (the total of the committed, assigned, and unassigned components of fund balance) for the general fund was \$40,380,639 or approximately 45.5 percent of total general fund expenditures.
- The pooled cash and investments for governmental and business-type activities increased \$6,815,226 and \$645,258, respectively.
- The total bond and certificate of obligation debt for governmental and business-type activities increased \$10,252,935 and \$5,364,726 respectively. During the fiscal year, total debt outstanding increased to \$140,454,454 due to the issuance of new debt to fund public parks, recreational facilities, street improvements, as well as to acquire public buildings and fund the environmental remediation of public property.

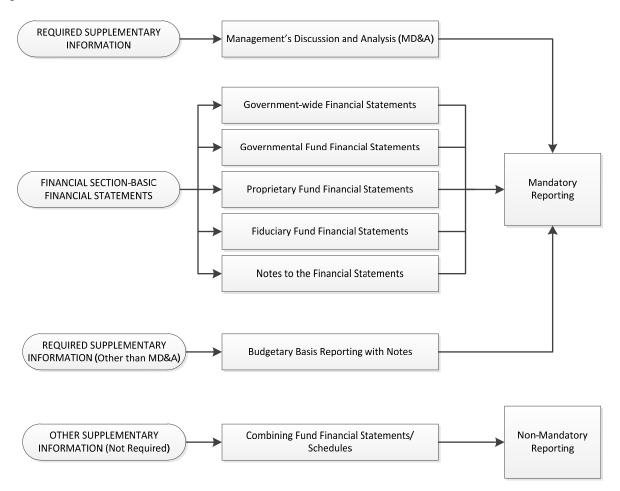

#### Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

### Management's Discussion and Analysis June 30, 2015

The financial statements presented herein include all of the activities of the City of Las Cruces using the integrated approach as prescribed by GASB Statement No. 34, *Basic Financial Statements* – and *Management's Discussion and Analysis* – for *State and Local Governments*, and all amendments thereafter.

The following illustration summarizes the sections and reporting requirements of this financial report.

#### Government-wide Financial Statements

The *government-wide financial statements* consist of two statements and are designed to provide readers with a broad overview of the City's finances in a manner similar to a private-sector business.

The Statement of Net Position is a presentation of the City's assets and liabilities, including capital and infrastructure assets, and long-term liabilities. This statement reports the difference between the two as net position. Over time, increases or decreases in net position may help indicate whether the financial position of the City is improving or deteriorating.

## Management's Discussion and Analysis June 30, 2015

The Statement of Activities presents information showing how the government's net position changed during FY15. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned, but unused, vacation leave). Both of these financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include General Government, Police, Fire, Community Development, Public Works, Information Technology, Transportation, and Community and Cultural Services. The business-type activities of the City include Gas, Water, Waste Water, Solid Waste, Transit, and Alternative Fuels.

The government-wide financial statements include not only the City itself (known as the *primary government*), but also the following legally separate component units: South Central Solid Waste Authority (SCSWA), and the Las Cruces Downtown Tax Increment Development District (TIDD). SCSWA is a discretely presented component unit and the financial information for this component unit is reported separately from the primary government in the government-wide financial statements.

The TIDD is a blended component unit of the City, whose board is comprised of the members of the City Council. The purpose of the TIDD is to finance public infrastructure serving the downtown area. The TIDD is presented as a special revenue fund in the financial statements. The funds to acquire or construct public infrastructure within the TIDD District is presented as a capital project fund in the financial statements.

#### Fund Financial Statements

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The focus of the fund financial statements is on the City's major funds, although nonmajor funds are also presented in aggregate and further detailed in the supplementary statements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds. Fund financial statements allow the City to present information regarding fiduciary funds, since they are not reported in the government-wide financial statements.

#### Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

### Management's Discussion and Analysis June 30, 2015

The focus of governmental funds is narrower than that of the government-wide financial statements; therefore, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. Because governmental fund financial statements do not encompass the additional long-term focus of the government-wide financial statements, additional information is provided that explains the relationship (or differences) between them.

The City maintains five governmental fund types for financial reporting purposes. The governmental fund types are General Fund, Special Revenue Funds, Capital Projects Funds, Debt Service Funds, and Fiduciary Funds. The City maintains 150 governmental funds, nine of which combine into the General Fund. Information is presented separately in the Governmental Funds Balance Sheet and in the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances for the funds that comprise the General Fund, which is considered to be a major fund. Three other governmental funds, Sonoma Ranch, Telshor Facility, and Debt Service are also reported as major funds. The remaining 138 governmental funds are combined into a single, aggregated presentation as Other Governmental Funds. Individual fund data for each of these non-major governmental funds is provided in the form of *combining statements* in the Combining Financial Statements section of this report.

#### Proprietary Funds

The City maintains two different types of proprietary funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City uses enterprise funds to account for the fiscal activities relating to Gas, Water, and Wastewater utilities, as well as Solid Waste disposal. The City also uses enterprise funds to account for Transit and Alternative Fuels, which are reported as non-major enterprise funds. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for its vehicle maintenance and self-insurance. These services have been allocated to *governmental activities* in the government-wide financial statements as they predominantly serve governmental functions.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Gas, Water, and Wastewater Utilities, as well as Solid Waste funds, which are considered to be major funds of the City. Data from the non-major enterprise funds, as well as all the internal service funds, are combined into single, aggregated presentations in the proprietary fund financial statements. Individual fund data for the non-major enterprise funds and the internal service funds is provided in the form of *combining statements* in the Combining Financial Statements section of this report.

## Management's Discussion and Analysis June 30, 2015

#### Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside of the primary government. Fiduciary funds are *not* reflected in the government-wide financial statement as the resources of those funds are *not* available to support the City's programs and operations. The Statement of Fiduciary Assets and Liabilities for the agency funds is presented in the basic financial statements section of this report.

#### Notes to the Financial Statements

The Notes are an integral part of the financial statements and provide additional information that is essential to a full understanding and fair presentation of the data provided in both the government-wide and fund financial statements.

#### Other Information

In addition to the basic financial statements and the accompanying notes, this report also presents the required supplementary information of the City's governmental and proprietary funds: general, debt service, special revenue, capital project, enterprise, and internal service funds. Budgetary comparison schedules have been provided which demonstrates budgetary compliance.

#### **Statistics**

The statistical section provides statistical data on financial trends, revenue and debt capacity, demographic and economic data, and operating information.

### Government-Wide Overall Financial Analysis

Net position over time, may serve as a useful indicator of a government's financial position. In the case of the City of Las Cruces, assets and deferred outflows of resources exceeded liabilities by \$571,277,819, at the close of the most recent fiscal year.

## Management's Discussion and Analysis June 30, 2015

63 percent of the City's net position is investment in capital assets (i.e., land, land improvements, buildings, equipment, utility infrastructure), net of any related outstanding debt used to acquire those assets. This compares with 67 percent in FY14. The City uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Nineteen percent of the City's net position is resources that are subject to external restrictions on how they may be used. This amount increased by 6 percent from 2014. The remaining balance of *unrestricted net position* (\$107 million) may be used to meet the government's ongoing obligations to citizens and creditors.

Changes in net position during 2015 and comparative amounts for 2014 and 2013 were:

## Management's Discussion and Analysis June 30, 2015

#### **Governmental Activities**

During the current fiscal year, net position for governmental activities increased \$17,262,401 from the prior fiscal year before the implementation of GASB 68, which required a prior period adjustment of (\$83,294,777), for an ending balance of \$356,308,665. Gross receipts tax, property tax, and franchise fees increased from \$98.8 million in FY14 to \$110.6 million in FY15.

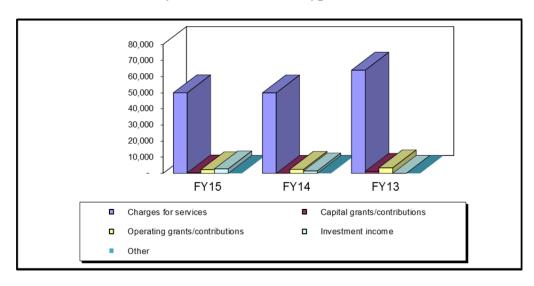

## Management's Discussion and Analysis June 30, 2015

Expenses of the City's governmental activities increased from \$116.2 million in FY14 to \$118.7 million in 2015 due to increased Police protection.

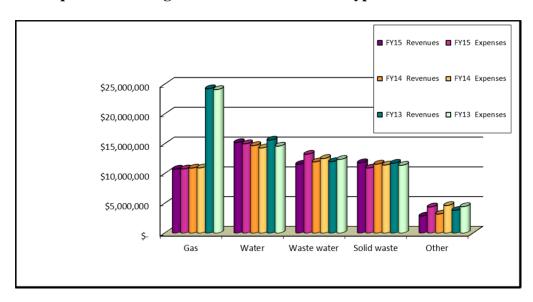

### **Business-type Activities**

For the City's business-type activities, the net position decreased by \$6,287,936 to reach an ending balance of \$214,978,336. Charges from services increased slightly from \$49.93 million in FY14 to \$49.95 million in FY15. Expenses increased from \$53.8 million in 2014 to \$54.4 million in 2015. Prior to FY14, the cost of gas in the Gas fund was reported as an operating expense. Beginning in FY14, the cost of gas was reduced from operating expenses and is currently being reflected in the gross margin.

**Revenues by Source – Business-type Activities** 

Expenses and Program Revenues – Business-type Activities

### Management's Discussion and Analysis June 30, 2015

#### Financial Analysis of the City's Funds

Gross receipts tax, the largest revenue source in the general fund, increased by \$11.8 million from 2014 due to the increase in gross receipts tax authorized by the Legislature to make up for the state funding reductions. Charges for services decreased by \$3.4 million due to a decrease in fees and fines as well as licenses and permits.

#### Governmental Funds

The focus of the City's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable resources*. Unlike the government-wide financial statements, governmental fund financial statements focus on current sources and uses of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. This information is useful in assessing the City's financing requirements. Non-financial assets such as governmental buildings, roads, drainage ways as well as long-term liabilities, such as payables or long-term liabilities that will not be paid with current assets, are excluded. Such information is useful in assessing the City's financing requirements. In particular, the *Unassigned Fund Balance* may serve as a useful measure of the government's net resources available for spending at the end of the fiscal year.

The General Fund, Sonoma Ranch, Debt Service, and Telshor Facility funds are reported as major governmental funds. As of the end of FY15, the City's governmental funds reported combined ending fund balances of \$142.9 million, an increase of \$29.4 million from the prior year due to the issuance of refunding debt.

The fund balance of the General Fund is reported in the five categories defined by GASB 54: (1) The nonspendable fund balance of \$1.4 million is for inventories; (2) The restricted fund balance of \$87k is for grants for public safety programs, community development and community, public works, and cultural services; (3) The committed fund balance of \$5.9 million is for health-related programs; (4) The assigned fund balance in the General Fund is \$3.1 million and is associated with public works, community development, information technology, office of emergency management reserve, economic development, transportation and vehicle acquisition activities; (5) The allocation to each function is presented in the governmental funds balance sheet. The unassigned fund balance in the General Fund is \$31.4 million. The total fund balance in the General Fund is \$41.9 million.

Fund balances of other major governmental funds are committed and restricted. The fund balance in Sonoma Ranch of \$1.5 million is committed for public works. The Telshor Facility fund has \$36.3 million restricted for health related programs. All other governmental funds are combined and reported as non-major governmental funds. Non-major governmental funds have a restricted fund balance of \$38.5 million public safety, housing and community development, debt service, public works, community and cultural services, parks and recreation, and transportation. The committed fund balance of \$19 million is for debt service, health-related programs, public works, public safety programs, and parks and recreation.

## Management's Discussion and Analysis June 30, 2015

#### General Fund

The General Fund is the chief operating fund of the City. At the end of FY15, unassigned fund balance of the general fund was \$31.4 million, while total fund balance was \$41.9 million. Of the \$31.4 million in unassigned fund balance, \$7.9 million represents the amount required by state and local policy to be held in reserve in the General Fund.

The fund balance of the City's General Fund increased \$5.9 million during the current fiscal year, attributed primarily to an increase in tax revenue combined with prudent budgetary controls and fiscal monitoring of expenditures throughout the year.

Revenues – The difference between the original budget and the final amended budget for revenues is an increase of approximately \$178k for the year as there were no unexpected changes throughout the year.

Actual revenues for the fiscal year were approximately \$4.6 million more than the final budget. Actual revenues from other revenues exceeded the final budget by approximately \$2 million. Charges for services actual revenues fell under the final budget by approximately \$996k than the final budget mainly due to an unexpected reduction in police security services.

Expenditures – Differences between the original expenditures budget and the final amended expenditures budget totaled approximately \$1.0 million and are briefly summarized as follows:

- The budget for general government decreased by \$1.3 million due to a revision in the City Manager contingency.
- The budget for police increased by \$316k due to an increase in software and minor equipment.
- The budget for fire increased \$354k due to an increase in salary and benefits resulting in additional staffing.
- The budget for community development increased by \$212k due to an increase for purchased services and salaries for additional staffing.
- The budget for capital outlay increased by \$1.24 million for the purchase of vehicles and major equipment.

Actual expenditures were approximately \$6.6 million less than the final expenditures budget. These variances can be briefly summarized as follows:

- The general government actual expenditures were approximately \$2 million less than the final budget primarily due to salary savings.
- Actual expenditures for police were \$2 million less than budget due to salary savings.
- Actual expenditures for public works were \$1.2 million less than budget due to a later than expected project completion date.

## Management's Discussion and Analysis June 30, 2015

#### Long-Term Debt

At the end of FY15, the City had total long-term debt outstanding of \$140,454,454 in bonds, notes and leases, with a net increase of \$15,617,661 over the prior year due to the issuance of new debt.

#### **Outstanding Bonds and Liabilities to Financial Institutions 2015**

		G	overnmental			В	usiness-type			Total		
	2015		2014	Change	2015		2014	Change	2015	2014		Change
Revenue Bonds: Outstanding	\$ 72,015,000	\$	59,350,000	\$ (12,665,000)	\$ 53,050,000	\$	49,865,000	\$ (3,185,000)	\$ 125,065,000	\$ 109,215,000	\$	(15,850,000)
Notes Payable: Outstanding	11,576,819		13,988,884	2,412,065	3,812,635		1,632,909	(2,179,726)	15,389,454	15,621,793	_	232,339
Total Outstanding	\$ 83,591,819	\$	73,338,884	\$ (10,252,935)	\$ 56,862,635	\$	51,497,909	\$ (5,364,726)	\$ 140,454,454	\$ 124,836,793	\$	(15,617,661)

Additional information on the City's debt can be found in Note 7.

#### Capital Assets

The City's investment in capital assets for its governmental and business-type activities as of June 30, 2015 amounts to \$577,072,017 million, net of accumulated depreciation. This investment in capital assets includes land, buildings, land, and building improvements, leasehold improvements, equipment, infrastructure, and construction in progress. The total decrease in the City's investment in capital assets for the current fiscal year, net of accumulated depreciation, was 0.8 percent.

Additional information on the City's capital assets can be found in Note 4.

#### **Economic Outlook**

The local economy is expected to follow the U.S. economy in a slow and uneven recovery. Health Care, Service and Leisure/Hospitality are two sectors that are expected to do well over the near term. The local job picture, in total, will still underperform the nation in part due to our dependence on Public Sector jobs. Private sector job growth should offset public sector job losses leading to a 0.5 percent growth in FY15.

Population growth which slowed along with the national economy is expected to show a very modest gain in FY15. While the City is expected to add approximately 1,000 new residents in FY15, the rate of growth will be under 2 percent for the fifth year in a row. The slowly expanding population base is directly linked to local jobs opportunities and to the national housing market. As retirees planning to relocate begin to see some progress on selling houses in other areas of the U.S., Las Cruces should see a pick-up in people moving into the area.

The City's revenue growth has been influenced by the slow economic conditions. Gross Receipts Tax, which is by far the City's largest revenue source, is largely dependent on construction activity and personal income gains that come from wage and salary jobs.

## Management's Discussion and Analysis June 30, 2015

A key to achieving the rate of employment growth forecast for the Las Cruces area is the relationship between the private and government sectors. Las Cruces is highly dependent on public sector employment because of the presence of the Federal Government and New Mexico State University. The recovery to date has been concentrated in private jobs with public jobs actually declining in recent years. The outlook anticipates all new jobs being created in the private sector while the public sector slowly returns to a level close to zero growth.

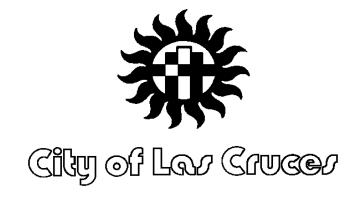

The City has navigated the recession and managed its finances by taking a prudent, conservative approach. The balances in the City's general fund reflect this philosophy and have been consistently maintained at twice the amount required by the state.

While the General Fund balances are anticipated to ebb slightly over the time horizon, the City can continue to provide its citizens services. This ability is a dividend of the City's prudent fiscal management practice for the past several years, and is allowing the City to navigate the recession while maintaining services.

### Requests for Information

This financial report is designed to present users with an overview of the City's finances and to demonstrate the City's accountability. If you have questions concerning any of the information provided in this report or need additional financial information, contact:

#### Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balance of Governmental Funds to the Statement of Activities For the Year Ended June 30, 2015

#### Net change in fund balances—governmental funds

Total revenues and other financing sources in the governmental funds differ from total revenues for governmental activities in the statement of activities. The difference results primarily from the long-term economic focus of the statement of activities versus the current financial sources focus of the governmental funds. The main components of the difference are describe below:

\$ 29,405,204

(3,018,715)

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of certain capital outlays is allocated over the estimated useful lives of the assets acquired and reported as depreciation expense. As a result, fund balance decreased by the amount of financial resources expended, whereas net position decreased by the amount of depreciation expense charged for the year:

Capital outlay	\$ 16,407,438
Depreciation	(18,583,189)
Difference in proceeds and net capital assets sold	(122,895)
Disposal of capital assets not recorded in governmental funds	(720,069)
Total	

Proceeds from the issuance of long-term obligations provide current financial resources to

governmental funds and increase long-term liabilities in the statement of net position. Repayment of debt principal is an expenditure in the governmental funds, but the current year principal repayment reduces long-term liabilities in the statement of net position.

Repayments of bonds and notes payable	9,418,765	
Repayments of mortgage Refunded bonds redeemed	4,800,000 19,545,000	
Premiums on issuance of debt	(1,834,877)	
Proceeds from bonds and notes payable	(44,042,825)	
Interest expense related to bond refunding	414,788	
Amortization of premium/discount of bond and notes payable	203,464	
T + 1	(11)	4

Total (11,495,685)

The change in the liability for compensated absences affects expenses reported in the statement of activities but does not require the use of current financial resources and, therefore, is not reported as expenditures in governmental funds.

(615,591)

Revenues in the statement of activities that do not meet the "availability" criteria for revenue recognition and, therefore, are not reported as revenues in the funds.

290,256

Principal payments by South Central Solid Waste to the City's debt service fund are reported as revenue in the debt service fund but reduce assets on the statement of net position.

(470,000)

Change in PERA liability affects expenses reported in the statement of activities but does not require the use of current financial resources and, therefore, is not reported as expenditures in governmental funds.

1,499,472

Internal service funds are used by management to charge the costs of certain activities such as insurance and telecommunications to individual funds. The change in net position of internal service funds is reported within governmental activities.

1,667,460

Change in net position of governmental activities

#### City of Las Cruces Notes to Financial Statements June 30, 2015

#### Notes to Financial Statements June 30, 2015

#### 1) Description and Reporting Entity

The City of Las Cruces (the City) is a municipal corporation established under the laws of the state of New Mexico and operates under a Home Rule Charter. The City was incorporated in 1946 and operates under a council/manager form of government consisting of a Mayor and six council members. The Mayor is elected at large for a four-year term. Council members are elected from six single-member districts to four-year terms. Elections are held bi-annually. The City Manager, appointed by the City Council, is responsible for the management of all City employees and the administration of all City affairs.

The accompanying financial statements present the activities of the City of Las Cruces and its two component units; legally separate organizations for which the City is financially accountable. The component units are:

Component Unit	Included in the Reporting Entity Because:	Separate Financial Statements
South Central Solid Waste Authority (SCSWA)	In accordance with the joint powers agreement (JPA), SCSWA revenues are the primary source of debt service for City bonds issued to construct a regional landfill and transfer station. According to GASB No. 61, the SCSWA qualifies as a discretely presented component unit, due to the following reasons. There is a joint powers agreement (JPA) between the City of Las Cruces and SCSWA and the City of Las Cruces is still considered one of the largest customers for SCSWA. If SCSWA ever defaults, then the City of Las Cruces will take over the organization and pledged EGRT to cover the outstanding debt/loan/leases. The criteria of equity interest also exists and the City of Las Cruces will receive any assets if the component unit ever decides to dissolve.	Separate financial statements are available for SCSWA at 700 N. Church St., Las Cruces, New Mexico 88001.
Downtown Tax Increment Development District (TIDD)	The Board members for the TIDD are also the City Councilors, which allow the City to impose its will.	Presented as a blended component unit of the City.

#### Notes to Financial Statements June 30, 2015

#### 1) Description and Reporting Entity (continued)

SCSWA is reported as a discretely presented component unit in the accompanying financial statements, while the TIDD is reported as a blended component unit.

#### 2) Basis of Presentation, Basis of Accounting

#### Basis of Presentation

Government-Wide Statements – The statement of net position and the statement of activities display information about the primary government (the City) and its component units. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. These statements distinguish between the governmental and business-type activities of the City. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Under GASB 33, the City defines "available" to be 60 days after the fiscal year end. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the City and for each function of the City's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function.

Program revenues include: (a) fees, fines, and charges paid by the recipients of goods or services offered by the programs; and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies and investment earnings, result from non-exchange transactions or ancillary activities. Proprietary fund operating expenses include the cost of services, administrative and general expenses, and depreciation on capital assets.

Fund Financial Statements – The fund financial statements provide information about the City's funds, including its fiduciary funds. Separate statements for each fund category—governmental, proprietary, and fiduciary—are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as non-major funds.

#### Notes to Financial Statements June 30, 2015

#### 2) Basis of Presentation, Basis of Accounting (continued)

The City reports the following as major governmental funds:

#### General Fund:

The general fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

#### Special Revenue Funds:

The Sonoma Ranch fund accounts for the reimbursements to the City from local developers for debt service on special roadway/utility projects.

The Telshor Facility fund accounts for the net proceeds of the facility lease with LifePoint Hospitals, doing business as Memorial Medical Center. Lease proceeds are used for health-related programs and projects.

#### Debt Service Fund:

The Debt Service Fund accounts for the accumulation of financial resources for the payment of interest and principal on the general long-term debt of the City, other than debt service payments made by enterprise funds.

The City reports the following major enterprise funds:

The Gas fund accounts for the activities of the City's natural gas utility, which provides service to the residents of the City and some residents within the County.

The Water fund accounts for the activities of the City's natural water utility, which provides service to the residents of the City and some residents within the County.

The Wastewater fund accounts for the activities of the City's wastewater utility, which provides service to the residents of the City and some residents within the County.

The Solid Waste fund accounts for the activities of the City's solid waste utility, which provides service to the residents of the City and some residents within the County.

#### Notes to Financial Statements June 30, 2015

#### 2) Basis of Presentation, Basis of Accounting (continued)

The City also reports the following fund types:

*Internal Service Funds* – used to report activities that provide goods or services to other funds, departments or agencies of the City and its component units on a cost-reimbursement basis. These activities include fleet services, document services, general liability, and workers' compensation.

Agency Funds – used to account for monies held by the City in a custodial capacity. These funds do not report operations or have a measurement focus. The funds held by the City in a fiduciary capacity include: Mesilla Valley Regional Dispatch Authority; Metro Narcotics Agency; Animal Service Center of the Mesilla Valley; Mesilla Valley Safety Council; Branigan Estate (proceeds of sales of assets are used to purchase books for the library); Employee Benefits Committee; Veteran's Memorial Wall; Veteran's Museum; and Gifts and Memorials.

#### Measurement Focus, Basis of Accounting

Government-Wide, Proprietary, and Fiduciary Fund Financial Statements – The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place.

Non-exchange transactions, in which the City gives (or receives) value without directly receiving (or giving) equal value in exchange, include gross receipts and property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenues from gross receipts taxes are recognized when the underlying transaction takes place. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements – Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The City considers all revenues reported in the governmental funds to be available if the revenues are collected within 60 days after year end. Property taxes, sales taxes, franchise taxes, licenses, and interest are considered to be susceptible to accrual. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

#### Notes to Financial Statements June 30, 2015

#### 2) Basis of Presentation, Basis of Accounting (continued)

Under the terms of grant agreements, the City funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net position available to finance the program. It is the City's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general revenues.

#### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements. Actual results could differ from those estimates.

#### Fair Value of Financial Instruments

The City's financial instruments consist of investments in securities, bonds and notes payable. The City estimates that the fair value of all its financial instruments does not differ materially from their aggregate carrying values in the accompanying statement of net position. The estimated fair value amounts have been determined by the City using available market information and appropriate valuation methodologies. Considerable judgment is necessarily required in interpreting market data to develop the estimates of fair value, and, accordingly, the estimates are not necessarily indicative of the amounts that the City could realize in a current market exchange. None of the financial instruments are held for trading purposes.

#### Assets, Liabilities, and Equity

Cash Equivalents and Investments – The City pools idle cash from all funds for the purpose of increasing income through investment activities. A "Pooled Cash" concept is used in maintaining the cash and investment accounts in the accounting records. Under this method, all cash is pooled for investment purposes and each fund has equity in the pooled amount. All amounts included in pooled cash and investments with an original maturity of 90 days or less are considered to be cash equivalents for the purposes of the statement of cash flows.

Investments are stated at fair value.

Restricted Cash and Investments – The amount of cash held representing utility deposits is classified as restricted on the Statement of Net Position—Proprietary Funds. Also, certain proceeds of joint utility revenue bonds, as well as resources set aside for their repayment, and resources set aside to fund capital asset replacements and landfill closure obligations, are classified as restricted as their use is limited.

#### Notes to Financial Statements June 30, 2015

#### 2) Basis of Presentation, Basis of Accounting (continued)

Receivables – Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied each year on July 1 on the taxable valuation of property location in the City as of the preceding January 1. The taxable valuations for the various classes of property are determined by the County Assessor and the State of New Mexico Department of Taxation and Revenue at one-third of assessed valuation. Taxes are payable in two equal installments on November 10 and April 10 and become delinquent after 30 days. Property taxes receivable are deemed to be substantially collectible.

All trade receivables are shown net of an allowance for uncollectible amounts. The allowance for doubtful accounts is based on management's assessment of the collectability of specific customer accounts, the aging of the accounts receivable, historical experience, and other currently available evidence. Notes receivable in the statement of net position consist of rehabilitation and redevelopment loans that are generally not expected or scheduled to be collected in the subsequent year.

Inventories and Prepaid Items – Inventories are valued at cost using the first-in/first-out ("FIFO") method. The costs of governmental fund-type inventories are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

Capital Assets – Capital assets are defined as assets with an initial individual cost or fair value of more than \$5,000 and an estimated useful life in excess of one year. Purchased and constructed capital assets are reported at cost or estimated historical cost. Donated capital assets are recorded at their estimated fair value at the date of donation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. The City has retroactively reported all major general infrastructures in these financial statements.

In accordance with provisions of GASB No. 34, the City regards library materials (e.g., books, tapes, etc.), and public exhibits as individual assets versus collections and, therefore, they are not capitalized. Also, the initial purchase of software meeting the City's capital asset definition is capitalized; however, periodic costs for software upgrades are not capitalized due to the rapid change in technology.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Asset Class	Estimated Useful Lives
Infrastructure	30–50
Land improvements	30
Buildings and improvements	30
Vehicles	4–12
Office equipment	3–10
Computer equipment	3–10

#### Notes to Financial Statements June 30, 2015

#### 2) Basis of Presentation, Basis of Accounting (continued)

Compensated Absences – The liability for compensated absences reported in the government-wide and proprietary fund statements consists of unpaid, accumulated annual, and sick leave balances. The liability has been calculated using the vesting method, in which leave amounts for both employees who currently are eligible to receive termination payments and other employees who are expected to become eligible in the future to receive such payments upon termination are included.

Pollution Remediation – The City has implemented the provisions of GASB Statement No. 49, Accounting and Financial Reporting for Pollution Remediation, obligations. Accordingly, liabilities are accrued in government-wide and proprietary fund financial statements when certain obligating events occur.

Accrued pollution remediation costs are expensed unless they meet the criteria for capitalization in GASB Statement No. 49.

Fund Balance – The City reports the governmental fund balances in five categories, which include:

- 1) Non-spendable fund balance includes amounts that are not in a spendable form or are required to be maintained intact. Examples are inventory or long-term receivables.
- 2) Restricted fund balance includes amounts that can be spent only for the specific purposes imposed by creditors, grantors, contributors, or laws and regulations of other governments. An example is federal grants.
- 3) Committed fund balance includes self-imposed limitations on amounts that can be used only for a specific purpose, set in place prior to the end of the period by a formal action of the City's highest level of decision-making authority. Commitments established by the City Council may be changed or lifted only by an action of the City Council through resolution, taking the same formal action that imposed the original constraint.
- 4) Assigned fund balance includes intended uses established by policies of the Governing Body by resolution, which delegates the authority to constrain monies for the intended purpose to the City Manager. The purposes of these resolutions include miscellaneous capital projects, debt service, and general government.
- 5) Unassigned fund balance is the residual classification of the General Fund and includes all amounts not contained in other classifications. Unassigned amounts are technically available for any purpose. Unassigned Fund Balance is only reported in the General Fund.

#### Notes to Financial Statements June 30, 2015

#### 2) Basis of Presentation, Basis of Accounting (continued)

It is essential that the City maintain adequate levels of fund balance in the General Fund to mitigate revenue fluctuations and unanticipated expenditures. Therefore, the City has adopted a formal fund balance policy. The fund balance policy establishes a minimum amount to be held in the fund balance of the General Fund of 8.33 percent, or 1/12, of the annual budgeted expenditures. This policy applies only to the chief operating fund of the City – the General Fund. In addition to the GASB requirement, the State of New Mexico requires that a 1/12 reserve be maintained in the General Fund. The 1/12 reserve is reported in the financial statements as Unassigned Fund Balance.

When multiple categories of fund balance are available for expenditure (for example, a construction project is being funded partly by a grant, funds set aside by the City Council, and unassigned fund balance), the City will start with the most restricted category and spend those funds first before moving down to the next category of available funds.

Pensions – The City implemented GASB Statement No. 68, Accounting and Financial Reporting for Pensions during the current year. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the New Mexico Public Employees Retirement Association (PERA) and additions to/deductions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA, on the economic resources measurement focus and accrual basis of accounting. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### **Budgets**

The City budget is prepared on a basis consistent with accounting principles generally accepted in the United States of America (GAAP), using an estimate of the anticipated revenues and expenditures. Annual appropriated budgets are adopted for all funds. All unexpended appropriations will lapse at the end of the fiscal year. The State of New Mexico Department of Finance and Administration (DFA) allows GAAP budgeting to the extent cash and investments required for operations are available. Budgets of the City's component units (TIDD and SCSWA) are also prepared on a GAAP basis.

New Mexico State law prohibits a municipality from making expenditures in excess of approved appropriations. If a fund is not overspent, it is in compliance with state law. The budget may be amended by the City Council; however, DFA approval must be obtained on budget increases and budget transfers between funds. The 2014/2015 budget has been legally amended.

#### Deficit fund balance

The 2003 Sales Tax Street Lights fund had a deficit balance of \$256 and the Internal Services fund had a deficit balance of \$548,711 at June 30, 2015.

#### Notes to Financial Statements June 30, 2015

#### 2) Basis of Presentation, Basis of Accounting (continued)

#### Deferred outflows/inflows of resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources until then. The City has deferred charges on refunding reported in the government-wide statement of net position and the statement of net position for proprietary funds. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources until that time. At this time, the City has gains on the sale of gas that meet the definition of deferred inflows of resources.

#### 3) Cash and Investments

The City follows the practice of pooling cash and investments of all funds with the City Treasurer except for restricted funds generally held by outside custodians and certain special revenue, debt service reserve, and capital projects funds. The cash and investment pool is not reported as a trust and agency fund. Each fund's equity in the pool is included in "Cash and Investments" on its balance sheet or statement of net position.

#### **Bank Balance of Deposits**

Custodial Credit Risk – Deposits – Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The City's investment ordinance requires collateralization of 100 percent of the uninsured portion of the City's deposits with financial institutions. Securities pledged by financial institutions are accepted at market value, except obligations of the state of New Mexico and its subdivisions, which are accepted at par value. As of June 30, 2015, the City's deposits, totaling \$45,383,583 was insured by FDIC or collateralized by securities held in trust by a third-party bank for the depository bank in the City's name and thus was not exposed to custodial credit risk.

#### Investments

The City's investment policy allows investment in: a) U.S. Treasury obligations; b) U.S. government agency and instrumentality obligations; c) repurchase agreements whose underlying securities and/or collateral consist of allowed investments described in (a) or (b) above; d) commercial paper rated not less than A-1, P-1, F-1, or equivalent by a nationally recognized rating agency; e) pooled funds maintained by the State Treasurer; and f) mutual funds whose portfolios consist solely of allowed investments.

The City may also invest money identified as long-term in the pools of the New Mexico State Council ("SIC") subject to annual review and approval by the City Council. The SIC is a component unit of the primary government of the State of New Mexico. The fair value of the City's position in the SIC pools is the same as the value of the pool shares.

#### Notes to Financial Statements June 30, 2015

#### 3) Cash and Investments (continued)

As of June 30, 2015, the City had the following investments:

		Weighted-Avg
Investment Type	Fair Value	Maturity (Yrs)
Pooled Investments:		
Overnight repurchase agreement	\$ 15,234,123	0.00
U.S. agency coupon bonds	123,976,547	10.67
	139,210,670	
Telshor Facility Fund:		
U.S. agency coupon bonds	14,007,760	12.81
External investment equity pools	20,914,360	N/A
Total Telshor Facility Fund	34,922,120	
Debt Service Reserve Funds:		
U.S. agency coupon bonds	1,584,336	2.39
Total Debt Service Reserve Funds	1,584,336	
Project Funds:		
Money market funds	420	0.09
	420	
Water and Wastewater Funds:		
U.S. agency coupon bonds	4,244,326	2.61
Total Investments	\$ 179,961,872	

Interest Rate Risk — The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The investment pool includes step-up coupon securities that total \$123,963,893 issued by U.S. government agencies that are callable by the issuer under certain circumstances. For purposes of calculating weighted average maturity, the City uses duration.

Credit Risk – The City's investment policy lists the criteria for selecting investments and the order of priority as follows: 1) safety; 2) liquidity; and 3) yield. As of June 30, 2015, the City's investments in coupon bonds of U.S. agencies were rated AA+ by Standard & Poor's and Aaa by Moody's Investors Service. The City's money market fund investments were rated AAAm by Standard & Poor's and/or Aaa by Moody's. The external investment pools of the NM State Investment Council are not rated.

#### Notes to Financial Statements June 30, 2015

#### 3) Cash and Investments (continued)

Custodial Credit Risk – For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City's investment policy requires that securities held in street name with a broker or dealer be insured, and that all other securities be held by the City or a third-party safekeeping financial institution acting as trustee for the City. As of June 30, 2015, all of the City's securities are held in either the street name or by a third-party financial institution in the City's name.

Concentration of Credit Risk – The City's formal investment policy places no limit on the amount the City may invest in any one issuer. As of June 30, 2015 58 percent of the City's investment pool was in Fannie Mae (FNMA), 11 percent was in Federal Home Loan Mortgage Corporation (FHLMC) and 31 percent in Federal Home Loan Bank (FHLB). Of the Telshor Fund, 7 percent was in the Federal Farm Credit Bank (FFCB) and 93 percent was in FNMA. Of the Debt Service Funds portfolio, 100 percent was in FNMA. Of the Water and Wastewater Funds portfolio, 100 percent was in FNMA.

#### Notes to Financial Statements June 30, 2015

#### 4) Capital Assets

#### **Primary Government**

Capital asset activity for the City for the year ended June 30, 2015 was as follows:

	Beginning				Ending
	Balance	Increases	Decreases	Transfers	Balance
Governmental activities

Land and land rights was increased by \$104,500 with the purchase of land for Fire Station #3 and decreased by \$41,701 with the sale of land from the City's Public Works Department to the City's Joint Utilities Department.

Construction in progress (CIP) was increased by \$1.7 million related to ongoing projects: the Airport Fuel Farm, East Mesa Public Safety Complex, Castaneda Building, and Mesilla Valley Regional Dispatch Emergency Building.

#### Notes to Financial Statements June 30, 2015

#### 4) Capital Assets (continued)

Building complex increased by \$1.678 million, which included Branigan Library, Community of Hope, Meerscheidt Center, Munson Center, Police Dept., Fire Station #4, Fire Station #3, Young Park Stage, Museum of Nature, etc. The Old City Hall located on 575 S Alameda Street and valued at \$1.018 million has been exchanged with La Clinica de Familia, who will then provide health and dental services in Las Cruces and Doña Ana County, New Mexico.

In addition, transfers from CIP to Buildings and Improvements included the Airport Fuel Farm and Castaneda Building which was valued at \$1.760 million. A building valued at \$208,532 was donated to the animal shelter center as well.

Roads and Floods increased by approximately 8.7 million. Pavement and sidewalks improvements included: Bruins, El Paseo, Phillips, Wyatt drive, and El Molino Phase VII. Also, it consisted of traffic signals and lighting. Increases to capital assets of governmental activities include donated subdivisions from developers in the amount of \$1.014 million to the City's roads and flood network.

The City spent \$3 million for equipment purchases of vehicles for Las Cruces Police Department and Parks and Recreation. Decreases in machinery and equipment were due to the retirement of items sent to auction and donations made to outside agencies.

#### Business-type Activities

There were no decreases in land or land rights during the year.

CIP was increased primarily by \$260,033 related to Transit Center. The total amount that was transferred out of CIP to buildings was approximately \$1.5 million for Solid Waste.

Buildings and buildings improvements increased \$119,117 primarily due to adjustment costs for Transit Center and Solid Waste buildings.

The Utilities transmission increased by \$3.2 million primarily due to Gas infrastructure additions and donated Subdivisions as well as adjustment costs for interest.

Machinery and equipment increased \$4.2 million due to various purchases such as the several 2015 Peterbuilts (3-Front Loaders,1- Roll Off, 6-Side Loaders), a 2014 International-Vactor truck, a 2015 International 7600-Dump Truck, Caterpillar, and several utility trucks.

#### Notes to Financial Statements June 30, 2015

#### Governmental Activities

Special assessments receivables of \$5,652,792 and related interest receivable of \$2,247,598 represent amounts due from local developers to reimburse the City for the construction of subdivisions or other improvements for residential development. Though a majority of special assessments are not scheduled for collection within the next fiscal year, amounts are expected to be fully collected. The receivables are deferred and reported in the Sonoma Ranch Fund.

#### Notes to Financial Statements June 30, 2015

#### 5) Receivables and Payables (continued)

Business-type activities receivables were as follows at June 30, 2015:

	Accounts Receivable	Allowance for Doubtful Accounts	Accounts Receivable, Net
Gas	\$ 2,276,720	\$ (1,294,969)	\$ 981,751
Water	1,915,094	(604,119)	1,310,975
Wastewater	1,299,364	(546,772)	752,592
Solid waste	1,551,275	(619,139)	932,136
Other enterprise funds	28,112	<u>-</u> _	28,112
Total business-type activities	\$ 7,070,565	\$ (3,064,999)	\$ 4,005,566

#### **Business-type Activities**

The accounts receivable for business-type activities are related to the provision of utility services to City customers. Receivables are shown net of an allowance for doubtful accounts. The allowance for doubtful accounts is based on management's assessment of the collectability of specific customer accounts, the aging of the accounts receivable, historical experience, and other currently available evidence.

Governmental activities accounts payable and accrued liabilities at June 30, 2015 were as follows:

		Total Accounts		
	Vendors	Salaries and Benefits	Payable and Accrued Liabilities	
Governmental activities				
General Fund	\$ 2,353,894	\$ 2,613,666	\$ 4,967,560

#### 6) Interfund Assets, Liabilities, and Transfers

#### **Primary Government**

Governmental interfund receivables and interfund payables as of June 30, 2015 were as follows:

		Interfund				
	F	Receivables	Payables		Total	
Governmental activities	, <u> </u>					
General fund						
Nonmajor governmental funds	\$	1,234,914	\$ -	\$	1,234,914	
Debt service fund		68,603	-		68,603	
Nonmajor governmental funds						
General fund		-	(1,234,914)		(1,234,914)	
Debt service fund						
General fund			(68,603)		(68,603)	
Total governmental activities	\$	1,303,517	\$ (1,303,517)	\$		

The governmental fund balances reflect short-term advances from the General Fund to funds with a credit cash balance. Credit cash balances are related to grant activity where grant expenditures are followed by grant reimbursements. Grant funding is generally used for senior programs, certain police activities, and capital grants for equipment, roadways, flood control, and airport improvements.

## Notes to Financial Statements June 30, 2015

#### 6) Interfund Assets, Liabilities, and Transfers (continued)

#### **Business-type Activities**

Business-type activities receivables and payables as of June 30, 2015 were as follows:

	Interfund Receivables		Interfund Payables	Total		
Business-type activities						
Major enterprise funds						
Water Development Fund	\$	-	\$ (2,781,022)	\$	(2,781,022)	
Waste Water Development Fund		2,781,022	 <u>-</u>		2,781,022	
Total business-type activities	\$	2,781,022	\$ (2,781,022)	\$		

#### **Business-type Activities**

The business-type activities interfund balances reflect long-term advances of pooled cash between utilities. The water development fund borrowed cash from the wastewater development fund in fiscal year 2012, with a ten-year repayment schedule including interest. The water development fund advance will be repaid in 2023.

#### <u>Interfund Transfers</u>

Interfund transfers for the fiscal year ended June 30, 2015 consisted of the following:

	Amount					
Transfers From	Transfers To	2015			2014	Purpose
BETWEEN GOVERNMENTAL AND B	USINESS-TYPE COLUMNS:					
Operating or Debt Subsidy:						
General Fund	Transit Funds	\$	1,141,809	\$	1,489,062	Operating subsidy for transit fund
Gasoline Tax Fund	Transit Funds		576,621		530,000	Operating subsidy for transit fund
Revenue Allocation:

## Notes to Financial Statements June 30, 2015

## 6) Interfund Assets, Liabilities, and Transfers (continued)

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

#### 7) Long-term Liabilities

#### **Primary Government**

Changes in long-term liabilities were as follows:

	Primary Government								
	Beginning				Amount				
	Balance			Ending	Due Within				
Governmental Activities	(as restated)	Increases	Decreases	Balance	One Year				
Tax revenue bonds	\$ 59,350,000	\$ 38,695,000	\$ 26,030,000	\$ 72,015,000	\$ 6,460,000				
Unamortized premium/discount									
on sales tax revenue bonds	2,409,916	1,834,877	203,464	4,041,329	254,492				
Notes payable	13,988,884	547,825	2,959,890	11,576,819	2,971,589				
Net pension liability	91,147,613	=	22,319,635	68,827,978	-				
Pollution remediation	5,411,307	=	-	5,411,307	-				
Claims and judgments	5,800,145	6,911,389	6,521,498	6,190,036	1,844,434				
Compensated absences	2,811,903	4,874,587	4,228,762	3,457,728	691,546				
	180,919,768	52,863,678	62,263,249	171,520,197	12,222,061				
Business-type Activities									
Utility revenue bonds	49,865,000	27,445,000	24,260,000	53,050,000	4,670,000				
Unamortized discount/premium									
on utility revenue bonds	563,895	2,179,920	84,910	2,658,905	169,297				
Notes payable	1,632,909	2,775,819	596,093	3,812,635	696,463				
Net pension liability	11,291,863	-	3,424,244	7,867,619	-				
Landfill closure and post-closure									
costs (Note 8)	1,053,000	65,000	-	1,118,000	51,000				
Compensated absences	779,239	1,348,594	1,125,367	1,002,466	200,493				
	65,185,906	33,814,333	29,490,614	69,509,625	5,787,253				
Total long-term liabilities	\$ 246,105,674	\$ 86,678,011	\$ 91,753,863	\$ 241,029,822	\$ 18,009,314				

Compensated absences typically have been liquidated in the fund to which the employees are assigned. For governmental activities, most compensated absences liquidate in the General Fund. For business-type activities, each major fund and transit have a significant share of the liquidations. Claims and judgment liabilities have typically been liquidated in the General Fund and the self-insurance fund (an internal service fund). The balances for compensated absences and claims and judgments are adjusted to include all internal service fund balances in governmental activities.

## 7) Long-term Liabilities (continued)

#### Description of Bonds

Gross Receipts Tax Revenue Bonds, Series 2005, were issued to fund public parks and recreational facilities, improve streets, acquire public buildings, construct and furnish public buildings, and fund the environmental remediation of public property. These bonds were secured by state-shared gross receipts tax revenues through maturity. Such revenues were \$33.2 million in 2015. For the current year, principal and interest paid on the bonds was \$3,165,000 and \$1,001,568, respectively.

On March 11, 2015, the City issued \$19,195,000 bond par amount in Gross Receipts Tax Refunding Bonds, Series 2015 to defease and refund the Series 2005 State-shared Gross Receipts tax bonds and pay the costs of issuance. The proceeds for the advance refunding were deposited in an irrevocable trust and the associated debt was defeased and subsequently called on June 1, 2015. The true interest cost on the new bond series is 2.73 percent with a final maturity of June 1, 2035. The net present value savings resulting from this refunding is \$2,724,805. The difference in cash flow requirements to service the old debt of \$29,526,983 and the cash flows to service the debt of \$26,014,758 is \$3,512,225.

In 2010, Municipal Gross Receipts Revenue Refunding Bonds, Series A and B, were issued to refund the 1999 A and B Gross Receipts Tax Bonds and the 2006 Street Improvement and Flood Control NMFA notes. The bonds are secured by a pledge of certain future gross receipts tax through maturity. For the current year, such pledged revenues totaled \$12.9 million. Principal payments on the bonds for the current year for the Series A and Series B bonds were \$680,000 and \$170,000, respectively. Interest payments were \$122,150 and \$38,150, respectively.

State-shared Gross Receipts Tax Revenue Bonds, Series 2010, were issued to refund the 2008 NMFA Convention Center note. The bonds are secured through maturity by state-shared gross receipts tax revenues. Such revenues totaled \$36.3 million in 2015. For the current year, principal and interest paid was \$595,000 and \$991,619, respectively.

In 2012, Municipal Gross Receipts Revenue Bonds, Series 2011A and 2011B were issued to fund street and facilities improvements and improve flood control. Series 2011A bonds are secured by state-shared gross receipts tax revenues through maturity. These pledged revenues were \$33.2 million in 2015. Series 2011B bonds are secured by certain future gross receipts tax through maturity. In FY15, such pledged revenues totaled \$6.5 million. Principal payments on the bonds for the current year for the Series A and Series B bonds were \$205,000 and \$355,000, respectively. Interest payments were \$281,725 and \$29,769, respectively.

## Notes to Financial Statements June 30, 2015

# 7) Long-term Liabilities (continued)

State-shared Gross Receipts Tax Revenue Bonds, Series 2014, were issued to fund roadway construction and facility construction and equipment. The bonds are secured through maturity by state-shared gross receipts tax revenues. Such revenues totaled \$36.3 million in 2015. For the current year, principal and interest paid was \$0 and \$267,522, respectively.

In 2014, Municipal Gross Receipts Revenue Bonds, Series 2014A and 2014B were issued to fund street improvements and improve flood control. Series 2014A bonds are secured by certain future gross receipts tax through maturity. For the current year, such pledged revenues totaled \$6.5 million. Series 2014B bonds are secured by certain future gross receipts tax through maturity. In FY15, such pledged revenues totaled \$6.5 million. Principal payments on the bonds for the current year for the Series A and Series B bonds were \$1,030,000 and \$50,000 respectively. Interest payments were \$182,558 and \$29,697 respectively.

State-shared Gross Receipts Tax Revenue Bonds, Series 2015, were issued to refund the State-shared Gross Receipts Tax Improvement Bonds, Series 2005. The bonds are secured through maturity by state-shared gross receipts tax revenues. Such revenues totaled \$36.3 million in 2015. For the current year, principal and interest paid was \$235,000 and \$148,508 respectively.

# **Debt Service Requirements**

Tax revenue bonds payable by governmental activities are summarized as follows:

_	_	Original	Due	_	Balance	Interest
Туре	Purpose	Date	Date	Issue	Outstanding	Rates %
Gross receipts tax refunding	Street projects refunding	9/28/2010	2021	12,255,000	3,505,000	2.5-3.0
Gross receipts tax refunding	Flood control refunding	9/28/2010	2021	4,390,000	1,130,000	2.5-3.0

				\$ 90,840,000	\$ 72,015,000	

## Notes to Financial Statements June 30, 2015

# 7) Long-term Liabilities (continued)

#### **Debt Service Requirements**

Future debt service requirements for governmental activities revenue bonds are:

Years ending June 30,	Principal		Interest		Interest		 Total
2016	\$	6,460,000	\$	2,616,719	\$ 9,076,719		
2017		6,530,000		2,416,756	8,946,756		
2018		4,345,000		2,205,156	6,550,156		
2019		4,380,000		2,063,106	6,443,106		
2020		4,545,000		1,906,238	6,451,238		
2021-2025		18,975,000		7,284,213	26,259,213		
2026-2030		11,860,000		4,300,281	16,160,281		
2031-2035		11,945,000		2,079,050	14,024,050		
2036-2037		2,975,000		203,800	 3,178,800		
	\$	72,015,000	\$	25,075,319	\$ 97,090,319		

#### **Defeased Bonds**

During prior fiscal years, the City entered into various advance refunding transactions related to certain of its bonded debt. A portion of the proceeds of the refunding issues was placed in trust and used to purchase securities of the U.S. government and related agencies at various interest rates and maturities sufficient to meet all debt service requirements of the refunded debt. The assets are administered by trustees and are restricted for retirement of refunded debt. The liability for the refunded bonds and the related securities and escrow accounts are not included in the accompanying financial statements since the City defeased its obligation for the payment of the refunded debt upon completion of the refunding transactions.

The Joint Utilities Bond Series 2006 issue balance of \$12,230,000 is outstanding but has been defeased and is payable from an escrow account.

#### Non-recourse (Conduit) Debt

The City has issued Industrial Revenue Bonds to provide financial assistance to private sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The bonds are secured by the property financed and are obligated for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements.

As of June 30, 2015, no Industrial Revenue Bonds are outstanding.

# Notes to Financial Statements June 30, 2015

# 7) Long-term Liabilities (continued)

#### Arbitrage

Under U.S. Treasury Department regulations, all governmental tax-exempt debt issued after August 31, 1986 is subject to arbitrage rebate requirements. The requirements stipulate, in general, that the earnings from the investment of tax-exempt bond proceeds, which exceed related interest expenditures on the bonds, must be remitted to the federal government on every fifth anniversary of each bond issue. The City periodically engages an independent consultant to determine whether the City has an arbitrage liability. No arbitrage liability is reported in the financial statements as of June 30, 2015.

#### Governmental Activities Notes Payable

Details of governmental activities notes payable are:

Туре	Purpose	Original Date	Due Date	Original Issue	Outstanding	Interest Rates %
2007 NMFA Note	Fire pumper trucks	11/16/2007	2016	\$ 896,598	\$ 127,123	3.644
2008 NMFA Note	Flood control	12/23/2008	2016	4,563,829	675,261	3.246
2009 NMFA Note	Parking deck	1/23/2009	2021	4,999,890	2,250,000	4.650
2010 NMFA Note	Fire apparatus	7/30/2010	2020	938,875	793,361	2.108
2010 NMFA Note	Griggs Walnut	1/18/2008	2012	1,478,799	1,324,060	2.000
2010 HUD Loan	Facilities	7/21/2010	2030	2,000,000	1,738,000	1.700

2012 NMFA Note	2003 SSGRT refunding	6/1/2012	2018	2,280,000	930,000	0.400
2014 NMFA Note	SCSWA projects	6/20/2014	2028	2,780,000	2,310,000	0.250
2014 NMFA Note	Fire apparatus	12/12/2014	2022	443,325	416,193	1.975
2015 Estate Loan	Land Purchase	4/16/2015	2020	104,500	78,375	0.000
				\$ 23,495,066	\$ 11,576,819	

2007 NMFA-Fire Pumper Trucks, and 2010 NMFA-Fire Pumper Trucks are secured through maturity by fire protection fund revenues which totaled \$571,798 in 2015. The 2008 NMFA Flood control note is secured by the 1990 Gross Receipt Tax at a percentage of 0.25 percent which totaled \$6.5 million in 2015. The 2010 NMFA Griggs Walnut Plume note is secured by the 1995 environmental gross receipts tax revenues which totaled \$1,616,984 in 2015. The 2010 HUD loan is secured by property. The 2011 Gas Tax Refunding loan is secured by gasoline tax revenues which totaled \$1,502,770 in 2015. The 2014 SCSWA Projects loan is secured by the SCSWA operating revenues and City and County Environmental Gross Receipts taxes.

The remaining notes payable in the table above are secured through maturity by the state-shared gross receipts tax which totaled \$33.2 million in 2015.

Principal and interest paid on the outstanding notes in the current year was \$2,959,890 and \$385,227, respectively.

## Notes to Financial Statements June 30, 2015

#### Joint Utility Revenue Bonds

In 2005, the City issued \$11.05 million in joint utility revenue bonds (Series 2005) to provide funds for water expansion projects.

On August 26, 2014, the City issued \$7,125,000 of joint utility refunding revenue bonds (Series 2014A) to defease and refund the 2005 joint utility revenue bonds. Proceeds were deposited in an escrow fund that then paid the outstanding balance of the bonds on June 1, 2015. Certain other proceeds were used to fund a debt service reserve account and pay costs of issuance relating to these bonds. The average interest of the Series 2014A bonds is 3.42 percent. The City had a gain of \$266,052 and obtained a net present value savings from this refunding of \$529,520. The cash flows to service the refunding bonds is \$985,728 less than the cash flows required to service the debt on the 2005 bonds.

In 2006, the City issued \$17,575,000 in joint utility revenue bonds (Series 2006). Certain proceeds of this issuance were deposited in the Acquisition Fund and used to finance the acquisition, installation, and construction of water and wastewater capital improvements. Additionally, certain proceeds were used to fund the Reserve Requirement and pay costs of issuance relating to these bonds.

On May 12, 2015, the City issued \$16,895,000 of 2015 joint utility refunding bonds to defease the Series 2006 bonds. The total interest cost on the new bond is 2.4 percent with a final maturity of June 1, 2035. The gain from this refunding is \$429,226 and the present value savings resulting from this refunding is \$1,038,837. The difference in cash flow requirements to service the old debt of \$15,746,075 and the cash flows to service the debt of \$12,914,300 is \$2,831,775.

## Notes to Financial Statements June 30, 2015

# 7) Long-term Liabilities (continued)

In 2009, the City issued \$17.6 million in joint utility refunding revenue bonds (Series 2009) to defease \$18.2 million of outstanding 1997 Series bonds and refund \$2.0 million of outstanding 2000 Series bonds. These monies contemporaneously funded a reserve account for the Series 2009 bonds and paid all costs and expenses pertaining to their issuance.

In 2010, the City issued \$24.8 million in joint utility refunding revenue bonds (Series 2010) to refund eight 2003 through 2007 NMFA notes with \$24.8 million outstanding. This refunding also established a reserve account and paid all costs of issuance.

In 2014, the City issued \$7.1 million in joint utility refunding revenue bonds (Series 2014A) to advance refund and defease \$7.0 million of outstanding 2005 Series bonds. This refunding also established a reserve account and paid all costs of issuance.

The City issued \$3.4 million in joint utility improvement revenue bonds (Series 2014B). The proceeds of these bonds were used to improve the City's Joint Utility System, fund a reserve account and pay costs of issuance relating to these bonds.

In 2015, the City issued \$16.9 million in joint utility refunding and improvement revenue bonds (Series 2015) to refund and defease \$13.1 million of outstanding 2006 Series bonds. The proceeds were also used to improve the City's Joint Utility System, fund a standalone surety reserve, and pay all costs of issuance.

Joint utility revenue bonds are summarized as follows as of June 30, 2015:

Purpose	Issue Date	Due Date	Original Issued		Outstanding	Interest Rates %
Series 2009 refunding bond	4/14/2009	2016	\$ 17,575,000	\$	2,740,000	2.5-3.0
Series 2010 refunding bond	9/14/2010	2027	24,840,000		23,585,000	2.0-4.0
Series 2014A refunding bond	8/26/2014	2025	7,125,000		6,505,000	2.0-4.0
Series 2014B system improvement	8/26/2014	2034	3,425,000		3,325,000	3.0-5.0
Series 2015 refunding and rehabilitation	5/12/2015	2035	 16,895,000		16,895,000	2.0-5.0
			\$ 69,860,000	\$	53,050,000	

## Notes to Financial Statements June 30, 2015

# 7) Long-term Liabilities (continued)

Future debt service requirements for business-type activities joint utility revenue bonds are:

Year ending June 30,	 Principal		Interest	Total		
2016	\$ 4,670,000	\$	1,799,179	\$	6,469,179	
2017	3,655,000		1,642,669		5,297,669	
2018	3,765,000		1,538,219		5,303,219	
2019	3,850,000		1,442,619		5,292,619	
2020	3,930,000		1,341,869		5,271,869	
2021-2025	21,840,000		4,494,981		26,334,981	
2026-2030	8,895,000		951,281		9,846,281	
2031-2035	 2,445,000		208,344		2,653,344	
	\$ 53,050,000	\$	13,419,161	\$	66,469,161	

The 2009, 2010, 2014A, 2014B, and 2015 joint utility revenue bond ordinances provide that the net revenue of the City's utility systems shall be at least 125 percent of the maximum outstanding debt requirements for the utility system. These bonds are not a general obligation to the City, but are payable and collectible solely out of the net revenues of the systems. Net revenue as defined in the bond ordinances means the revenue after deducting operation and maintenance expenses. Operation and maintenance expenses include all reasonable and necessary current expenses of the City, paid or accrued, for operating, maintaining, and repairing the system; and shall include, without limiting the generality of the foregoing, legal and overhead expenses of the various City departments directly related and reasonably allocable to the administration of the system, insurance premiums, the reasonable charge of depository banks and paying agents, contractual services, professional services required by this ordinance, salaries and administrative expenses, labor, and the cost of materials and supplies used for current operation; but shall not include any allowance for depreciation, payments in lieu of taxes, liabilities incurred by the City as a result of its negligence in the operation of the system, improvements, extension, enlargements or betterment, or any charges for the accumulation of reserves for capital replacements. The net revenue for the fiscal year ended June 30, 2015 exceeded the maximum annual debt service requirement. Bond reserve accounts have been established to accumulate funds.

## Notes to Financial Statements June 30, 2015

# 7) Long-term Liabilities (continued)

The bond ordinances provide that any monies in any fund or account may be invested in any legal investment permitted by law, with the stipulation that investments of amounts in the escrow account will be made only in federal securities. The obligations so purchased as an investment of monies in a fund or account will be deemed at all times to be part of such fund or account, and the interest accruing thereon and any profit realized therefrom will be credited to the fund or account, and any loss resulting from each investment will be charged to the fund or account. The City Treasurer will present for redemption or sale on the prevailing market any obligations so purchased as an investment of monies in the fund or account whenever it will be necessary to do so in order to provide monies to meet any payment or transfer from such fund or account.

Bond covenants require reporting of the number of utility customers served, which were as follows for the year ended June 30, 2015:

-	Water	Wastewater	Gas	Solid Waste
Residential	28,174	29,771	36,284	31,204
Commercial/other	3,016	3,327	3,016	2,668
Total	31,190	33,098	39,300	33,872

#### Business-type Activities Notes Payable

The notes payable for the business-type activities are paid from the net revenues of the utility system. City ordinance 1593, adopted by the City Council on December 18, 1996, provides authority for the City to issue additional debt with a parity lien on the pledged revenues of the utility system.

A comparison of the pledged revenues recognized during the year with the required debt service for the year is presented in the Pledged-Revenue Bond/Note Coverage Schedule located in the statistical section.

Details of business-type activities notes payables are:

		Original	Due	Original		Interest
Type	Purpose	Date	Date	 Issued	 Outstanding	Rates %
2008 NMFA Note	Vehicle Maintenance Shop	9/12/2008	2018	\$ 1,708,755	\$ 590,511	1.9-3.85
2011 NMFA Note	Solid Waste Vehicles	12/16/2011	2019	1,016,561	561,114	0.32-2.11
2015 NMFA Note	Solid Waste Equipment	1/9/2015	2022	2,775,819	2,661,010	0.21-2.01
				\$ 5,501,135	\$ 3,812,635	

## Notes to Financial Statements June 30, 2015

## 7) Long-term Liabilities (continued)

Future debt service requirements for business-type activities notes payable are:

Year ending December 30	 Principal	Interest		 Total
2016	\$ 696,463	\$	66,775	\$ 763,238
2017	707,054		56,185	763,239
2018	719,353		43,886	763,239
2019	521,704		29,669	551,373
2020	382,858		21,761	404,619
2021-2022	 785,203		24,034	809,237
	\$ 3,812,635	\$	242,310	\$ 4,054,945

SCSWA changes in long-term liabilities for the year are as follows:

	Ju	Balances ne 30, 2014	Increases	]	Decreases	Balances ne 30, 2015	Dι	Amount ue Within One Year
Long-term debt								
due to City of Las Cruces	\$	2,459,170	\$ -	\$	470,000	\$ 1,989,170	\$	455,000
Other non-current liabilities:								
Net Pension Liability		2,054,461	_		831,098	1,223,363		245,833
Estimated landfill closure/								
post-closure liability		1,434,945	30,028		-	1,464,973		30,385
Compensated absences		90,795	198,031		111,919	176,907		35,381
Capital lease		234,908	 		47,010	187,898		47,967
	\$	6,274,279	\$ 228,059	\$	1,460,027	\$ 5,042,311	\$	814,566

#### 8) Landfill Closure and Post-closure Care Cost

State and federal laws and regulations require placement of a final cover on landfill sites when waste is no longer accepted and performance of certain maintenance and monitoring functions at the sites for 30 years after closure. Although closure and post-closure care costs will be paid only near or after the date that a landfill stops accepting waste, a portion of the closure and post closure costs are reported as an operating expense in each period based on landfill capacity used as of each balance sheet date.

The City's landfill closure and post-closure care liability is reported as \$1,118,000 as of the year ended June 30, 2015. Actual closure and post-closure care costs may be higher due to inflation, changes in technology, or changes in regulations. The liability reported reflects an increase in the estimate of total closure and post-closure costs of \$65,000 during the fiscal year ended June 30, 2015. The Foothills landfill is at 100 percent capacity and closed.

## Notes to Financial Statements June 30, 2015

#### 8) Landfill Closure and Post-closure Care Cost

In FY15, the SCSWA implemented GASB Statement No. 18, *Accounting for Municipal Solid Waste Landfill Closure and Post-Closure Care Costs*. The \$1,613,007 reported as SCSWA's landfill closure and post-closure liability at June 30, 2015, is based on the Financial Assurance required to be in place for the currently lined area (cells 1-3) is \$2,041,782. Using the 2015 volumetric and landfill life survey data, the active lined area of cells 1-3 is currently at 79 percent capacity. The current financial assurance required to be currently in place would therefore be \$1,613,007 (79 percent of \$2.04 million).

The City enacted a  $1/16^{th}$  cent environmental gross receipts tax that became effective January 1, 1995, to raise funds for environmental costs such as for landfill closure and post-closure care. The landfill closure was not funded from the EGRT fund during the year due to additional revenues from landfill charges and investment income.

#### 9) Pollution Remediation Obligation

Certain property owned by the City has been declared a Superfund Site by the Environmental Protection Agency (EPA). The EPA has determined that the City is a responsible party along with Doña Ana County, which also owns part of the contaminated property. On April 20, 2005, the City and Doña Ana County established a memorandum of understanding for a Joint Superfund Project (JSP) to work collaboratively with the EPA to complete the Remedial Investigation and Feasibility Study (RIFS) within the Superfund process. In December 2004, the JSP submitted a good-faith offer to the EPA for a Funding Agreement to achieve this objective. In April 2005, a negotiated funding agreement in the amount of \$800,000, payable to the EPA to complete the RIFS, was signed. In October 2005, the EPA and its contractor began the remaining fieldwork, which was completed in fiscal year 2007. As a result of this study, the City accrued a liability of \$6,890,106 to pay its share of the pollution remediation cost, as follows:

	Total		City's
	Obligation		Portion
Capital assets	\$	5,151,978	\$ 2,575,989
Operating costs		1,459,664	729,832
Completion costs		7,168,571	 3,584,285
	\$	13,780,213	\$ 6,890,106

The pollution remediation obligation is reported in long-term liabilities in the statement of net position (see Note 7). The pollution remediation obligation is an estimate and is subject to revision because of the price increases or reductions, changes in technology or changes in applicable laws or regulations.

# Notes to Financial Statements June 30, 2015

## 9) Pollution Remediation Obligation (continued)

The City and County each received a \$3.5 million construction drawdown loan from the New Mexico Finance Authority (NMFA) to cover some of the costs of the pollution remediation project. City project costs of \$1,478,799 were funded using loan proceeds. The City has begun repayment of the loan using Environmental Gross Receipt Tax funds.

The City and County also received \$243,000 for design and engineering in grant funds from the New Mexico Environment Department. As of June 30, 2015, all \$243,000 was applied to design and engineering costs. Construction on the project completed and remediation operations began August 2012.

The liability could be reduced in subsequent years by the sale of potable water, a by-product of the remediation process, to cover operating and administrative costs. The sale of potable water was \$31,697 less than operating costs. EGRT funds were used to cover the City's share of the operating loss of \$15,849.

#### 10) Deferred Compensation Plan

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Service Code Section 457. The plan, available to all City employees, permits them to defer taxation on a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property, or rights are solely the property and rights of the plan participants. The City has 533 active participants in the plan as of June 30, 2015.

City of Las Cruces employees who work 20 or more hours a week participate in a defined-benefit, contributory retirement plan through the Public Employees Retirement Act of the State of New Mexico, a cost-sharing multiple employer public employee retirement system administered by the Public Employees Retirement Association (PERA). Benefit provisions are established and may only be amended by state statute. Information pertaining to the actuarially computed present value of vested accumulated plan benefits and non-vested accumulated plan benefits, the plan's net position available for benefits and the assumed rate of return used in computing the present value, and ten year historical trend information presenting PERA's progress in accumulating sufficient assets to pay benefits when due is not available through individual government agencies participating in the plan. Actuarial pension data for the State of New Mexico, as employer, is provided at the state-wide level in a separately issued audit report of PERA. The report may be obtained by writing to PERA, PO Box 2123, 1120 Paseo de Peralta, Santa Fe, NM 88504-2323. Additional contact information is located at <a href="https://www.pera.state.nm.us">www.pera.state.nm.us</a>.

## Notes to Financial Statements June 30, 2015

#### 11) New Mexico Retiree Health Care Plan

The New Mexico Retiree Health Care Act (the "Act" or "NMRHCA") (Chapter 10, Article 7C NMSA 1978) provides comprehensive core group health insurance for persons who have retired from certain public services in New Mexico. The Retiree Health Care Authority (the Authority) is the administrator of the plan and determines required contributions under authority of the Act. The purpose is to provide eligible retirees, their spouses, dependents, and surviving spouses and dependents with health insurance consisting of a plan, or optional plans, of benefits that can be purchased by funds flowing into the Retiree Health Care Fund and by co-payments or out-of-pocket payments of eligible retirees.

Eligible employers include institutions of higher education, school districts, or other entities participating in the Public School Insurance Authority, state agencies, state courts, magistrate courts, municipalities, or counties, which are affiliated under or covered by the Educational Retirement Act, Public Employees Retirement Act, Volunteer Firefighters Retirement Act, Judicial Retirement Act, or the Magistrate Retirement Act.

Eligible Retiree – Employees are eligible to participate per the Act if:

- Employees receive a disability or normal retirement benefit from public service in New Mexico with an NMRHCA-participating employer, and
- Employees did one of the following:
  - o Retired with a pension before their employer's effective date with the NMRHCA program, or
  - Employees and/or their employer (on your behalf) made contributions to the NMRHCA fund from their employer's NMRHCA effective date until their date of retirement, or
  - o Employees and/or their employer (on your behalf) made contributions to the NMRHCA fund for at least five years before their date of retirement. (If employees are awarded a duty-related disability retirement, they are not required to meet the NMRHCA's five-year contribution rule.)

Each participating employer makes contributions to the fund in the amount of 2 percent of each participating employee's annual salary. Each participating employee contributes to the fund an employee contribution equal to 1 percent of the employee's annual salary. Each participating retiree pays a monthly premium for the medical plus basic life plan and an additional participation fee of five dollars if the eligible participant retired prior to the employer's NMRHCA effective date or is a former legislator and made no contributions to the plan. After retirement, premiums are paid to the Authority by the retiree.

## Notes to Financial Statements June 30, 2015

#### 11) New Mexico Retiree Health Care Plan (continued)

The City of Las Cruces has paid all of the employers' required contributions, which were as follows:

2015	\$ 847,444
2014	831,594
2013	854,248
2012	711,422
2011	656,434

Contributions from participating employers and participating employees become the property of the Retiree Health Care Fund and are not refundable under any circumstances, including termination of employment or termination of the participating employer's operation or participation in the Retiree Health Care Act. The employer, employee, and retiree contributions are required to be remitted to the Retiree Health Care Authority on a monthly basis.

The Authority issues a separate, publicly-available audited financial report that includes post-employment benefit expenditures of premiums and claims paid, participant contributions (employer, employee, and retiree), and net expenditures for the fiscal year. The report also includes the approximate number of retirees participating in the plan. That report may be obtained by writing to the Retiree Health Care Authority, 4308 Carlisle Blvd, NE, Suite 104, Albuquerque, New Mexico 87109.

## 12) Multiple-Employer Cost Sharing Pension Plans

#### General Information about the Pension Plan

Plan description – Compliant with the requirements of GASB Statement No. 68, Accounting and Financial Reporting for Pensions, the State of New Mexico has implemented the standard for the fiscal year ending June 30, 2015. The City as part of the primary government of the State of New Mexico, is a contributing employer to a cost-sharing multiple employer defined benefit pension plan administered by the PERA. Disclosure requirements for governmental funds apply to the primary government as a whole, and as such, this information will be presented in the Component Appropriation Funds Annual Financial Report (General Fund) and the CAFR of the State of New Mexico. Information concerning the net pension liability, pension expense, and pension related deferred inflows and outflows of resources of the primary government will be contained in the General Fund and the CAFR and will be available, when issued, from the Office of State Controller, Room 166, Bataan Memorial Building, 407 Galisteo Street, Santa Fe, New Mexico, 87501.

The Public Employees Retirement Fund (PERA Fund) is a cost-sharing, multiple employer defined benefit pension plan. This fund has six divisions of members, including State General, State Police/Adult Correction Officer, Municipal General, Municipal Police/Detention Officers, Municipal fire, and State Legislative Divisions, and offers 24

#### Notes to Financial Statements June 30, 2015

## 12) Multiple-Employer Cost Sharing Pension Plans (continued)

different types of coverage within the PERA plan. All assets accumulated may be used to pay benefits, including refunds of member contributions, to any of the plan members or beneficiaries, as defined by the terms of this plan. Certain coverage plans are only applicable to a specific division. Eligibility for membership in the PERA Fund is set forth in the Public Employees Retirement Act (Chapter 10, Article 11, NMSA 1978). Except as provided for in the Volunteer Firefighters Retirement Act (10-11A-1 to 10-11A-7, NMSA 1978), the Judicial Retirement Act (10-12B-1 to 10-12B-19, NMSA 1978), the Magistrate Retirement Act (10-12C-1 to 10-12C-18, NMSA 1978), and the Educational Retirement Act (Chapter 22, Article 11, NMSA1978), and the provisions of Sections 29-4-1 through 29-4-11, NMSA 1978 governing the State Police Pension Fund, each employee and elected official of every affiliated public employer is required to be a member in the PERA Fund.

PERA issues a publicly available financial report and a comprehensive annual financial report that can be obtained at <a href="http://saonm.org/">http://saonm.org/</a> using the Audit Report Search function for agency 366.

*Benefits provided* – For a description of the benefits provided and recent changes to the benefits see Note 1 in the PERA audited financial statements for the fiscal year ended June 30, 2014 available at:

http://www.pera.state.nm.us/pdf/AuditFinancialStatements/366 Public Employees Retirement Association 2014.pdf.

Contributions – The contribution requirements of defined benefit plan members and the City of Las Cruces are established in state statute under Chapter 10, Article 11, NMSA 1978. The contribution requirements may be amended by acts of the legislature. For the employer and employee contribution rates in effect for FY14 for the various PERA coverage options, for both Tier I and Tier II, see the tables available in the note disclosures on pages 29 through 31 of the PERA FY14 annual audit report at <a href="http://osanm.org/media/audits/366">http://osanm.org/media/audits/366</a> Public Employees Retirement Association 2014.pd. The PERA coverage options that apply to City of Las Cruces are: General Municipal, Police and Fire. Statutorily required contributions to the pension plan from the City of Las Cruces were \$6,870,339 and employer paid member benefits that were "picked up" by the employer were \$2,533,506 for the year ended June 30, 2015. These contributions of the City includes it's discretely presented component unit and fiduciary funds.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – The PERA pension liability amounts, net pension liability amounts, and sensitivity information were based on an annual actuarial valuation performed as of June 30, 2013. The PERA pension liability amounts for each division were rolled forward from the valuation date to the Plan year ending June 30, 2014, using generally accepted actuarial principles. Therefore, the employer's portion was established as of the measurement date June 30, 2014.

# Notes to Financial Statements June 30, 2015

## 12) Multiple-Employer Cost Sharing Pension Plans (continued)

The assets of the PERA fund are held in one trust, but there are six distinct membership groups (municipal general members, municipal police members, municipal fire members, state general members, state police members and legislative members) for whom separate contribution rates are determined each year pursuant to chapter 10, Article 11 NMSA 1978. Therefore, the calculations of the net pension liability, pension expense and deferred Inflows and Outflows were preformed separately for each of the membership groups: municipal general members; municipal police members; municipal fire members; state general members; state police members and legislative members. The City of Las Cruces proportion of the net pension liability for each membership group that the employer participates in is based on the employer contributing entity's percentage of that membership group's total employer contributions for the fiscal year ended June 30, 2014. Only employer contributions for the pay period end dates that fell within the period of July 1, 2013 to June 30, 2014 were included in the total contributions for a specific employer.

Regular and any adjustment contributions that applied to fiscal year ended June 30, 2014 are included in the total contribution amounts. In the event that an employer is behind in reporting to PERA its required contributions, an estimate (receivable) was used to project the unremitted employer contributions. This allowed for fair and consistent measurement of the contributions with the total population. This methodology was used to maintain consistent measurement each year in determining the percentages to be allocated among all the participating employers.

For PERA Fund Division: General Municipal, at June 30, 2015, the City of Las Cruces reported a liability of \$36,171,147 for its proportionate share of the net pension liability. At June 30, 2014, the Municipal's proportion was 4.64 percent, which was unchanged from its proportion measured as of June 30, 2013, due to the insignificance of the difference.

For the year ended June 30, 2015, the City of Las Cruces recognized PERA Fund Division Municipal's pension expense of \$3,208,065, which excludes the City's fiduciary funds and discretely presented component unit. At June 30, 2015, the City of Las Cruces reported PERA Fund Division Municipal deferred outflows of resources and deferred inflows or resources related to pensions from the following sources:

	C	Deferred Outflows of Resources	 erred Inflows Resources
Changes of Assumptions Net difference between projected and actual earnings on pension plan investments City of Las Cruces contributions subsequent to the	\$	-	\$ 13,787,270
measurement date		6,016,189	 
Total	\$	6,016,189	\$ 13,787,270

# Notes to Financial Statements June 30, 2015

## 12) Multiple-Employer Cost Sharing Pension Plans (continued)

\$9,081,004 reported as deferred outflows of resources related to pensions resulting from City of Las Cruces contributions subsequent to the measurement date June 30, 2014 will be recognized as a reduction of the net pension liability in the year ended June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2016	\$ 3,797,967
2017	3,797,967
2018	3,797,967
2019	3,797,967
2020	-
Thereafter	_

For PERA Fund Division: Police, at June 30, 2015, the City of Las Cruces reported a liability of \$16,640,441 for its proportionate share of the net pension liability. At June 30, 2014, the Police proportion was 5.1046 percent, which was unchanged from its proportion measured as of June 30, 2013, due to the insignificance of the difference.

For the year ended June 30, 2015, the City of Las Cruces recognized PERA Fund Division Police's pension expense of \$1,474,311. At June 30, 2015, the City of Las Cruces reported PERA Fund Division Municipal deferred outflows of resources and deferred inflows or resources related to pensions from the following sources:

	Deferred Outflows of Resources		Deferred Inflows of Resources	
Changes of Assumptions  Net Difference between projected and actual earnings on pension plan investments  City of Las Cruces contributions subsequent to the	\$	-	\$	7,539,422
measurement date		1,740,991		_
Total	\$	1,740,991	\$	7,539,422

## Notes to Financial Statements June 30, 2015

## 12) Multiple-Employer Cost Sharing Pension Plans (continued)

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2016	\$ 1,546,912
2017	1,546,912
2018	1,546,912
2019	1,546,912
2020	-
Thereafter	-

For PERA Fund Division: Fire, at June 30, 2015, the City of Las Cruces reported a liability of \$23,884,004 for its proportionate share of the net pension liability. At June 30, 2014, the Fire proportion was 5.7221 percent, which was unchanged from its proportion measured as of June 30, 2013, due to the insignificance of the difference.

For the year ended June 30, 2015, the City of Las Cruces recognized PERA Fund Division Fire's pension expense of \$2,355,683. At June 30, 2015, the City of Las Cruces reported PERA Fund Division Municipal deferred outflows of resources and deferred inflows or resources related to pensions from the following sources:

	C	Deferred Outflows of Resources	 erred Inflows Resources
Changes of Assumptions Net difference between projected and actual earnings on pension plan investments City of Las Cruces contributions subsequent to the	\$	829,126	\$ 3,308,088
measurement date		1,323,824	 
Total	\$	2,152,950	\$ 3,308,088

## Notes to Financial Statements June 30, 2015

## 12) Multiple-Employer Cost Sharing Pension Plans (continued)

\$829,126 reported as deferred outflows of resources related to pensions resulting from City of Las Cruces contributions subsequent to the measurement date June 30, 2014 will be recognized as a reduction of the net pension liability in the year ended June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2016	\$ 827,022
2017	827,022
2018	827,022
2019	827,022
2020	-
Thereafter	-

For the SCSWA at June 30, 2015, a liability of \$1,223,363 was recorded for its proportionate share of the net pension liability. At June 30, 2014, SCSWA's proportion was 3.67 percent, which was unchanged from its proportion measured as of June 30, 2013, due to the insignificance of the difference.

For the year ended June 30, 2015, SCSWA recognized pension expense of \$190,234. At June 30, 2015, SCSWA reported deferred outflows of resources and deferred inflows or resources related to pensions from the following sources:

	Deferred Outflows of Resources	 rred Inflows Resources
Net difference between projected and actual earnings on pension plan investments SCSWA's contributions subsequent to the	\$ -	\$ 815,326
measurement date	322,322	 
Total	\$ 322,322	\$ 815,326

\$322,322 reported as deferred outflows of resources related to pensions resulting from SCSWA's contributions subsequent to the measurement date June 30, 2014 will be recognized as a reduction of the net pension liability in the year ended June 30, 2016.

## Notes to Financial Statements June 30, 2015

# 12) Multiple-Employer Cost Sharing Pension Plans (continued)

Actuarial assumptions – As described above, the PERA Fund member group pension liabilities and net pension liabilities are based on actuarial valuations performed as of June 30, 2013 for each of the membership groups. Then each PERA Fund member group pension liability was rolled forward from the valuation date to the Plan year ending June 30, 2014 using generally accepted actuarial principles. There were no significant events or changes in benefit provisions that required an adjustment to the roll-forward liabilities as of June 30, 2014. These actuarial methods and assumptions were adopted by the Board for use in the June 30, 2014 actuarial valuation.

Actuarial valuation date	June 30, 2013
Actuarial cost method	Entry age normal
Amortization method	Level percentage of pay
Amortization period	Solved for based on statutory rates
Asset valuation method	Fair value
Actuarial assumptions:	
· Investment rate of return	7.75% annual rate, net of investment expense
· Payroll growth	3.50% annual rate
Projected salary increases	3.50% to 14.25% annual rate
· Includes inflation at	3.00% annual rate

The long-term expected rate of return on pension plan investments was determined using a statistical analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and most recent best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

		Long-Term
<b>ALL FUNDS - Asset Class</b>	<b>Target Allocation</b>	<b>Expected Real</b>
		Rate of Return
U.S. Equity	21.1%	5.00%
International Equity	24.8%	5.20%
Private Equity	7.0%	8.20%
Core and Global Fixed Income	26.1%	1.85%
Fixed Income Plus Sectors	5.0%	4.80%
Real Estate	5.0%	5.30%
Real Assets	7.0%	5.70%
Absolute Return	4.0%	4.15%
Total	100.0%	

## Notes to Financial Statements June 30, 2015

## 12) Multiple-Employer Cost Sharing Pension Plans (continued)

Discount rate – The discount rate used to measure the total pension liability was 7.75 percent. The projection of cash flows used to determine the discount rate assumed that future contributions will be made in accordance with statutory rates. On this basis, the pension plan's fiduciary net position together with the expected future contributions are sufficient to provide all projected future benefit payments of current plan members as determined in accordance with GASBS 67. Therefore, the 7.75 percent assumed long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the City of Las Cruces proportionate share of the net pension liability to changes in the discount rate – The following tables show the sensitivity of the net pension liability to changes in the discount rate. In particular, the tables present the City of Las Cruces' net pension liability in each PERA Fund Division that City of Las Cruces participates in, under the current single rate assumption, as if it were calculated using a discount rate one percentage point lower (6.75 percent) or one percentage point higher (8.75 percent) than the single discount rate.

PERA Fund Division - Municipal	1% Decrease (6.75%)	Current Discount Rate (7.75%)	1% Increase (8.75%)
City of Las Cruces' proportionate share of the net pension liability	31,503,902	36,171,147	40,838,392
PERA Fund Division - Police	1% Decrease (6.75%)	Current Discount Rate (7.75%)	1% Increase (8.75%)
City of Las Cruces' proportionate share of the net pension liability	14,493,287	16,640,441	18,787,595
PERA Fund Division - Fire	1% Decrease (6.75%)	Current Discount Rate (7.75%)	1% Increase (8.75%)
City of Las Cruces' proportionate share of the net pension liability	20,802,201	23,884,009	26,965,817

## Notes to Financial Statements June 30, 2015

# 12) Multiple-Employer Cost Sharing Pension Plans (continued)

Sensitivity of the SCSWA's proportionate share of the net pension liability to changes in the discount rate – The following table shows the sensitivity of the net pension liability to changes in the discount rate. In particular, the table presents the SCSWA's net pension liability in each PERA Fund Division that SCSWA participates in, under the current single rate assumption, as if it were calculated using a discount rate one percentage point lower (6.75 percent) or one percentage point higher (8.75 percent) than the single discount rate.

PERA Fund Division - SCSWA	1%	6 Decrease	Curi	ent Discount	19	1% Increase		
		(6.75%)	Rate (7.75%)			(8.75%)		
SCSWA's proportionate share of								
the net pension liability	\$	1,065,509	\$	1,223,363	\$	1,381,216		

Pension plan fiduciary net position – Detailed information about the pension plan's fiduciary net position is available in the separately issued FY14 restated PERA financial report. The report is available at <a href="http://www.pera.state.nm.us/publications.html">http://www.pera.state.nm.us/publications.html</a>.

#### Notes to Financial Statements June 30, 2015

#### 13) Risk Management

The City is exposed to various risks of loss related to torts and civil rights claims (including law enforcement and employment related exposures); theft, damage, and destruction of its real and personal assets; workers' compensation losses; errors, and omissions of City officers and officials; and natural disasters. The City uses the insurance fund (an internal service fund) to account for and finance its uninsured risks of loss. At various periods in past years, certain risk exposures were insured and the City continues to benefit from case coverage on claims that were incurred during those claim years.

The insurance fund tracks claims on a fund-by-fund basis and assesses charges to each fund based on historical claims experience and the need to establish a reserve for unanticipated catastrophic losses. The claims liabilities reported in the insurance fund are based on the requirements of GASB Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated.

The risk of loss associated with actions of employees resulting in damage to persons or property of others is subject to limitations of the New Mexico State Tort Claims Act. The self-insurance fund uses excess workers compensation insurance agreements to reduce its exposure to large losses from employee on-the-job injuries. Excess insurance permits recovery of a portion of losses from the excess insurer, although it does not discharge the primary liability of the fund as direct insurer of the risks.

Self-insurance premiums and program costs (claims, fees, and transfers to other funds, less reimbursed expenses) were:

	20	015	2014						
	Program Costs		Program Costs						
	(Benefits)	Premiums	(Benefits)	Premiums					
Health Program	\$ 4,535,726	\$ (4,624,033)	\$ 1,708,336	\$ -					
Workers compensation	1,040,444	(2,438,290)	2,105,665	(2,353,132)					
Liability insurance	1,522,816	(593,851)	1,380,798	(585,236)					
Unemployment insurance	102,135	(325,831)	135,738	(325,831)					
Judgments insurance	<u>-</u>	<u>-</u>		<u>-</u>					
Total	\$ 7,201,121	\$ (7,982,005)	\$ 5,330,537	\$ (3,264,199)					

## Notes to Financial Statements June 30, 2015

## 13) Risk Management (continued)

In prior years, a reserve was established in the self-insurance fund's claims liability account for four wrongful death claims filed against the City. In 2013 two of these cases were dismissed and resulted in a significant reduction in the fund's claim liability. The City currently has two significant cases, that is, one remaining alleged wrongful death case and an additional case involving a sexual assault. The City believes that the reserve funds will more than cover any potential liability from these two cases. As of June 30, 2015, litigation is still pending on remaining claims.

Changes in the insurance fund's claims liability were:

	2015	 2014
Changes in fund's claims liability		
Claims liability, beginning of year	\$ 5,800,147	\$ 5,480,397
Current year claims and		
changes in estimates	6,911,389	5,330,538
Payment of claims liability	(6,521,498)	 (5,010,788)
Claims liability, end of year	\$ 6,190,038	\$ 5,800,147

## **14)** Development Impact Fees

The City collects and expends development impact fees in accordance with Ordinance No. 1456, which requires impact fees to be used for capital improvements or facility expansions identified in a capital improvements plan. In addition to capital improvements, development impact fees may also be used to pay for debt service costs if the proceeds of the debt issued were used in accordance with the capital improvements plan.

The expenditures of collected fees must improve the following facilities:

- 1) Water supply, treatment, and distribution facilities, and wastewater collection and treatment facilities;
- 2) Parks, recreational areas, open space, trails, and related areas and facilities; and
- 3) Major roads, stormwater drainage, and public safety (police and fire) facilities

#### Notes to Financial Statements June 30, 2015

#### **14)** Development Impact Fees (continued)

In addition to the construction of capital improvements or facility expansions, Ordinance 1456 §4 states that the development impact fee may also be used to pay for the preparation and updating of the capital improvements plan, the estimated costs of the plan, or up to three percent of administrative costs for City employees who are qualified professionals. Additionally, debt service costs may be paid from impact fees assessed if the proceeds of the debt issued were used in accordance with the capital improvements identified in the capital improvements plan.

The initial land use assumptions and capital improvements plan prepared by Tischler & Associates, Inc. on January 6, 1995 is a 10-to 20-year plan with professional engineering estimates of costs well exceeding the assessed development impact fees. A significant portion of the assessed development impact fees for the water and wastewater system have been used to pay debt service on bonds. The expenditures from the bond proceeds were spent on specific items listed in the initial capital improvements plan and were expended within five years of the completion of the capital improvements plan.

In August 2011, the City Council adopted Resolution No. 12-024, *Impact Fee Capital Improvements Plan for Major Roads, Stormwater Drainage, and Public Safety (fire and police) Facilities.* The public safety fees apply to all new development in the City, while the major roads and drainage fees apply only to new development located in the "growth area" (i.e. outside the City's designated infill area).

Development impact fee activity for the year ended June 30, 2015 is shown below. Unspent fees collected in previous years are available for expenditure in the current fiscal year.

# Notes to Financial Statements June 30, 2015

# **14)** Development Impact Fees (continued)

Parks Impact Fees	
Impact fees collected	\$ 548,640

Expenditures	 (2,712,546)
Net Impact Fees	\$ 1,061,062

## Notes to Financial Statements June 30, 2015

#### 15) Telshor Facility Lease

#### **Memorial Medical Center / Province Hospital (Telshor Facility)**

In 1966, the City and the County adopted a joint resolution to create a joint county-municipal hospital to provide medical services to all of the citizens of Doña Ana County. The hospital was constructed and operated by the City and County through a Board of Trustees until 1998, when it was leased to Memorial Medical Center, Inc. (MMCI), a New Mexico not-for-profit corporation.

On June 1, 2004, the City, the County, and MMCI jointly terminated the lease. On that date, the City and County executed a 40-year lease agreement for the hospital facilities and equipment with PHC-Las Cruces, Inc. (PHC), a New Mexico corporation and a wholly-owned subsidiary of Province Healthcare Corporation, a Delaware corporation. In accordance with the lease agreement, PHC deposited amounts into escrow accounts to cover contingencies of the hospital and pay hospital liabilities specified in the agreement, including outstanding bonds.

The net lease proceeds, after these deposits and liabilities, are summarized as follows:

	Total	City Portion		
Total lease amount	\$ 150,000,000	\$ 75,000,000		
Less:				
Hospital liabilities assumed by PHC	9,247,375	4,623,688		
Amounts deposited into escrow to cover				
medical malpractice and other contingencies	14,445,892	7,222,946		
Payment of outstanding hospital bonds	50,038,987	25,019,493		
Payment of hospital pension liabilities	24,100,000	12,050,000		
Closing costs	1,000	500		
Cash paid by PHC to the City and County	\$ 52,166,746	\$ 26,083,373		

As part of the PHC lease, the City and County received amounts needed to cover specific future costs. The maximum amounts of these costs are as follows:

	 Total	_(	City Portion
Employee severance agreements	\$ 987,266	\$	493,633
Construction costs	1,278,414		639,207
Future payments to MMCI for expanded care services	19,200,000		9,600,000
Hospital property taxes	 5,000,000		2,500,000
	\$ 26,465,680	\$	13,232,840

The proceeds of the PHC lease are reported in a special revenue fund (Telshor Facility Fund) because the City Council adopted a resolution restricting the use of the lease proceeds to fund health-related programs and health-related capital projects.

## Notes to Financial Statements June 30, 2015

#### **15)** Telshor Facility Lease (continued)

The asset purchase agreement entitles PHC to compensation solely from the escrow account if PHC incurs any losses, including the discharge of malpractice liabilities, in connection with events that occurred on or prior to the closing.

MMCI began distributing its cash and investments equally between the City and the County in July 2004. MMCI retained cash to pay certain liabilities. Any cash remaining at the end of the liquidation process will be distributed equally between the City and the County. In April 2005, PHC merged with LifePoint Hospitals. The lease continues with LifePoint Hospitals.

The City and County did not receive distributions from the escrow accounts in FY15.

#### 16) Las Cruces Convention Center

In 2008, the City began construction of the Las Cruces Convention Center. Construction and furnishing the convention center was completed in December 2010, with the grand opening in January 2011. The City retains ownership of all the furnishings, equipment, and the convention center facility.

During FY15 the City entered into an amended contract through June 30, 2015 with four remaining optional one year extensions with Global Spectrum, henceforth referred to as Spectra, to manage the facility and grounds on behalf of the City. Spectra is responsible for operations and maintenance of all physical and mechanical facilities necessary for the operation, maintenance, and management of the convention center. All facility staff and other personnel are hired by Spectra and are employees or independent contractors of Spectra. Compensation to Spectra during FY15 for management services was a fixed management fee.

The City applied to the state for the governmental liquor license pursuant to 60-6A-101, NMSA 1978. In accordance with the management agreement, the liquor license will be leased to Spectra and will be used exclusively for the operation of the convention center. The operations manager will ensure that all activities associated with the liquor license shall strictly conform to New Mexico law and the regulations of the New Mexico Alcohol and Gaming Division of the New Mexico Regulation and Licensing Department.

Each year the annual operating budget prepared by Spectra will be provided to the City. The operating budget will include a projection of operating revenues and expenses for the fiscal year. The annual budget is subject to the review and approval of the City. The City has agreed to provide a one-time facility operating fee of \$50,000 and restore any deficit in this balance to the operating account on a monthly basis. During FY15, the City provided funding of \$147,547.

## Notes to Financial Statements June 30, 2015

#### **16)** Las Cruces Convention Center (continued)

In order to utilize energy incentives relating to the installation of solar panels, the City must and does pay the electric bills directly. This funding totaled \$69,900 in FY15.

Spectra must maintain independent records, in accordance with generally accepted accounting principles, of the operations and maintenance of the convention center. The City has the right to audit the records. Additionally, Spectra must provide monthly financial statements to the City, and must provide the City with a copy of their audited annual financial statements.

#### 17) Major Construction Commitments

The City has the following construction commitments as of June 30, 2015. These projects are evidenced by contractual arrangements with construction contractors:

#### Commitments of Business-type Activities

Project	Fund		Contract Sper Amount Da			Commitment Remaining	Source of Payment
Joint Utilities							
Gas Streets Rehabilitation Projects	Gas Capital Improvements	\$	1,240,908	\$	179,756	\$ 1,061,152	Gas Utility Rates
Water Production Projects	Water Capital Improvements		247,155		101,743	145,412	Water Utility Rates
Water Streets Utility Rehabilitation	Water Capital Improvements		1,351,797		147,058	1,204,739	Water Utility Rates
Water Line Relocation - Mesa Grande	Water NMFA Loan Projects		58,885		-	58,885	2010 Joint Utility Bond

NMED Grant	Wastewater Capital Improvements						Wastewater Utility Rates
Wastewater Septic Systems Phase II-SAP-14-		_	241,356		147,689	93,667	
L-1624 NMED Grant	Wastewater Capital Improvements						Wastewater Utility Rates
	Total	\$	4,546,004	\$	633,682	\$ 3,912,322	

#### 18) Contingent Liabilities

The City receives financial assistance from federal and state grants and entitlements. Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims may result in a liability of the applicable funds. The City believes that liabilities resulting from disallowed amounts will not have a material effect on the City's financial statements.

The City is a defendant in various lawsuits. Management estimates that balances available in the self-insurance fund are sufficient to settle such lawsuits. Management is not aware of any other pending or threatened litigation that would adversely affect the City's financial position.

## Notes to Financial Statements June 30, 2015

#### 19) Downtown Tax Increment Development District (TIDD)

In December of 2007, Las Cruces formed the state's first Tax Increment Development District (TIDD) for downtown revitalization. The Downtown TIDD is defined by certain geographic boundaries and receives an incremental portion of the gross receipts tax and property tax collected in this geographic area. The state of New Mexico, Doña Ana County, and the City contribute 75 percent of the incremental gross receipts tax is collected in the district. Additionally, both the City and County contribute 75 percent of the incremental property tax assessed in the district.

The tax revenues that go to the TIDD are used for downtown public improvements and revitalization of the downtown area. Projects to be supported by TIDD funds include a downtown plaza, pedestrian safety improvements, roadways, street lighting, and landscaping.

## **20)** Affiliated Organizations and Joint Powers Agreements

The City is a participant in the following five affiliated organizations, four of which are joint ventures. Other than the City bonds secured by South Central Solid Waste Authority, the City is unaware of any circumstances that would cause a significant benefit or burden to the participating governments.

#### Mesilla Valley Regional Dispatch Authority

The City is a participant in a combined City–County communications/dispatch center for police, fire, and emergency medical services for the City/County area. The organization is governed by a board of thirteen individuals. The City and County each appoint four members; the Town of Mesilla, the City of Sunland Park, the City of Anthony and the Village of Hatch each appoint one member; and the final member is appointed at large by the other members

The City contributes 53 percent of the net annual operating cost while the County contributes 47 percent. The joint powers agreement provides that if the agreement is terminated, property and any funds accrued by the organization shall be distributed to the City and County in proportion to the contributions made by the two entities.

The City is the fiscal agent for the organization and accounts for its resources in an agency fund. Separate audited financial statements were prepared for the year ended June 30, 2015. Requests for copies of financial statements can be made to the City of Las Cruces' Chief Administrative Officer.

# Notes to Financial Statements June 30, 2015

#### **20)** Affiliated Organizations and Joint Powers Agreements (continued)

#### Metro Narcotics Agency

The City is a participant in a joint City-County-State-University controlled substances investigation project for the City/County area. The organization is governed by a board of nine individuals. The City and County each appoint three members; the remaining three members are the State Police Chief, the University Police Chief, and the District Attorney.

All persons (agents and support staff) assigned to Metro are paid by their respective agencies. The City and the County make contributions to cover the net operating expenses of the organization in proportion to the number of agents assigned to the organization by the two entities. The joint powers agreement provides that if the agreement is terminated by all parties, assets and monies acquired without federal involvement will be distributed in proportion equal to their investment. Assets received from the federal government pursuant to the federal asset-sharing procedures will be distributed to the parties in proportion to their contribution to operational expenses.

The City is the fiscal agent for the organization and accounts for it in an agency fund. Separate audited financial statements were prepared for the year ended June 30, 2015. Request for copies of financial statements can be made to the City of Las Cruces' Chief Administrative Officer.

#### Metropolitan Planning Organization

The City is a participant in a joint City/County/Town of Mesilla Metropolitan Planning Organization jurisdictional area. The organization is governed by a board of nine; three each appointed by the City of Las Cruces, Doña Ana County and Town of Mesilla, respectively. The committee was constituted for the purpose of establishing, overseeing and directing transportation related policy within the Las Cruces urban area and to accomplish overall transportation planning for the City, County and Town.

The parties agree that some of the expense of the transportation planning process will be provided for by grant funds available under Section 112 of the Federal Highway Act of 1978 and Section 8 of the Urban Mass Transportation Act of 1964. Expenses not so provided shall be assumed by participating agencies according to the listing of funding sources contained in the annual Unified Work Program approved by the governing board.

The joint venture agreement may be terminated upon the mutual consent of both parties and shall not be terminated so long as any revenue bonds issued under the agreement by the City are outstanding.

## Notes to Financial Statements June 30, 2015

## **20)** Affiliated Organizations and Joint Powers Agreements (continued)

#### South Central Solid Waste Authority

The City is a participant in South Central Solid Waste Authority (SCSWA), a City-County joint venture that establishes a mechanism for designing, constructing, financing, operating and maintaining regional solid waste landfills and related facilities. SCSWA is reported as a component unit of the City because its revenues are the primary source of debt service for City bonds issued to construct a regional landfill and transfer station.

The repayment of the bonds is secured by a pledge of the Authority's net revenues from operation of the facility. If the net revenues are not enough to satisfy the debt service requirements, the proceeds of the 1/16 percent Municipal Environmental Services Gross Receipts Tax of the City and the 1/8 percent County Environmental Services Gross Receipts Tax of the County are pledged.

SCSWA is governed by a board comprised of six working members and two ex-officio members. Three of the members are appointed from the City Council by the Mayor and three members are appointed from the County Commission by the Chairman. The two ex-officio members are the City Manager and the County Manager or their designees.

The City serves as the fiscal agent for the Authority for the term of the agreement. The fiscal agent is compensated for services rendered to the Authority in the amount of \$70,000 per year base rate. The base rate increases each year by the Consumer Price Index.

The joint venture agreement may be terminated upon the mutual consent of both parties and shall not be terminated so long as any revenue bonds issued under the agreement by the City are outstanding.

In 2015, the City of Las Cruces and Dona Ana County paid approximately \$2.4 million and \$520,490, respectively, to SCSWA for solid waste services provided.

#### Animal Service Center of the Mesilla Valley

Animal Service Center of the Mesilla Valley was formed through a joint powers agreement (JPA) between the City of Las Cruces and Doña Ana County. The JPA provides for a governing board for the Authority. The ASCMV is governed by a Board that consists of six members and two ex-officio members. Three members are appointed from the City Council by the Mayor with the advice and consent of the City Council. Three members are appointed from the County Commission by the Chair with the advice and consent of the County Commission. The two ex-officio members are the City Manager and the County Manager, or their designees.

# Notes to Financial Statements June 30, 2015

## **20)** Affiliated Organizations and Joint Powers Agreements (continued)

It is the mission of the center to provide safe shelter for all lost, mistreated, and abandoned animals of the Mesilla Valley and surrounding communities. The operations of the Authority began in February 2009. ASCMV receives funding from members of the joint powers agreement. During FY15, ASCMV received \$901,787 from the City of Las Cruces and \$901,787 from Doña Ana County.

The City is the fiscal agent for the organization and accounts for it in an agency fund. Separate audited financial statements were prepared for the year ended June 30, 2015. Request for copies of financial statements can be made to the City of Las Cruces' Chief Administrative Officer.

#### 21) Subsequent Events

On September 24, 2015, the City issued \$23,075,000 of Hold Harmless Gross Receipts Tax Improvement Revenue Bonds Series 2015A with a net effective interest rate of 3.1979 percent and a final maturity of June 1, 2035. These bonds are designated for facilities and street improvement projects.

Additionally, on September 24, 2015, the City issued \$4,020,000 of Hold Harmless Gross Receipts Tax Improvement Revenue Bonds Series 2015B with a net effective interest rate of 3.8486 percent and a final maturity of June 1, 2035. These bonds are designated for economic development projects.

#### 22) Restatement of Prior Period Net Position and Fund Balance

During the year ended June 30, 2015, the City implemented GASB Statement Nos. 68 and 71. As a result of these accounting standard changes, beginning net position/fund balance were restated in the City's financial statements as follows:

		Govern	ment	-Wide	 Component Unit
	G	overnmental Activities	I	Business-Type Activities	SCSWA
Beginning net position/fund					
balance, as originally reported	\$	422,341,041	\$	221,266,272	\$ 10,992,240
GASB 68 & 71- Pensions		(83,294,777)		(10,159,600)	(1,848,455)
Beginning net position/fund					
balance, as restated	\$	339,046,264	\$	211,106,672	\$ 9,143,785

_	Proprietary Funds											
									Oth	er Enterprise	e Internal	
_		Gas	Water		Waste Water Solid Waste				Funds	Service Funds		
Beginning net position/fund												
balance, as originally reported	\$	42,746,001	\$	79,470,910	\$	83,226,407	\$	8,971,826	\$	6,851,128	\$	13,470,023
GASB 68 & 71- Pensions		(2,716,136)		(1,896,092)		(2,053,475)		(1,656,867)		(1,837,030)		(936,791)

balance, as restated	\$	40,029,865	\$	77,574,818	\$	81,172,932	\$	7,314,959	\$	5,014,098	\$	12,533,232

#### Notes to Financial Statements June 30, 2015

## 23) Subsequent Pronouncements

In March 2015, GASB Statement No. 72, Fair Value Measurement and Application, would require state and local governments to measure investments at fair value. The standard would enhance comparability of governmental financial statements by enforcing fair value measurement for certain assets and liabilities, by using consistent definition and accepted valuation methods. This standard magnifies fair value disclosures to provide comprehensive information and impact of fair value measurements on the City's financial position. The requirements are effective for financial statements for periods beginning after June 15, 2015.

#### Schedule of the City's Proportionate Share of the Net Pension Liability Public Employees Retirement Association (PERA) Last 10 Fiscal Years\*

		2015
City of Las Cruces proportion of the net pension liability (asset)		
Municipal		4.64%
Police		5.10%
Fire		5.72%
City of Las Cruces proportionate share of the net pension liability (asset)		
Municipal	\$	36,171,147

Fire		23,884,004
City of Las Cruces covered-employee payroll		
Municipal	\$	37,425,872
Police		11,050,695
Fire		6,694,291
City of Las Cruces proportionate share of the net pension liability (asset) as a percentage of its covered-employee	ayroll	
Municipal	•	96.65%
Police		150.58%
Fire		356.78%
Plan fiduciary net position as a percentage of the total pension liability		81.29%
i ian neuclary net postuon as a percentage of the total perision flatinity		01.29/0

The amounts presented were determined as of June 30. This schedule is presented to illustrate the requirement to show information for 10 years. However, until a full 10-year trend is compiled, the City of Las Cruces will present information for those years for which information is available.

## Schedule of the City's Contributions Public Employees Retirement Association (PERA) Last 10 Fiscal Years\*

	 2015
Municipal Contractually required contribution Contributions in relation to the contractually required contribution Contribution deficiency (excess)	\$ 6,016,189 6,016,189
City of Las Cruces covered-employee payroll	\$ 37,425,872
Contributions as a percentage of covered-employee payroll	16.07%
Police Contractually required contribution Contributions in relation to the contractually required contribution Contribution deficiency (excess)	\$ 1,740,991 1,740,991
City of Las Cruces covered-employee payroll	\$ 11,050,695
Contributions as a percentage of covered-employee payroll	15.75%
Fire Contractually required contribution Contributions in relation to the contractually required contribution Contribution deficiency (excess)	\$ 1,323,824 1,323,824
City of Las Cruces covered-employee payroll	\$ 6,694,291
Contributions as a percentage of covered-employee payroll	19.77%

The amounts presented were determined as of June 30. This schedule is presented to illustrate the requirement to show information for 10 years. However, until a full 10-year trend is compiled, the City of Las Cruces will present information for those years for which information is available.

## Notes to Required Supplementary Information June 30, 2015

- 1) Changes of benefit terms The Public Employees Retirement Association (PERA) Fund, COLA and retirement eligibility benefits changes in recent years are described in Note 1 of the PERA FY14 audit available at <a href="http://www.pera.state.nm.us/pdf/AuditFinancialStatements/366\_Public\_Employees\_Retirement\_Association\_2014.pdf">http://www.pera.state.nm.us/pdf/AuditFinancialStatements/366\_Public\_Employees\_Retirement\_Association\_2014.pdf</a>.
- 2) Changes of assumptions The PERA of New Mexico Annual Actuarial Valuation as of June 30, 2014 report is available at <a href="http://www.pera.state.nm.us/pdf/Investments/RetirementFundValuationReports/6-30-2014%20PERA%20Valuation%20Report FINAL.pdf">http://www.pera.state.nm.us/pdf/Investments/RetirementFundValuationReports/6-30-2014%20PERA%20Valuation%20Report FINAL.pdf</a>.

The summary of Key Findings for the PERA Fund (on page 2 of the report) states "based on a recent experience study for the five-year period ending June 30, 2013, the economic and demographic assumptions were updated for this valuation." The changes in assumptions resulted in a decrease of \$30.8 million to Fund liabilities and an increase of 0.13 percent to the funded ratio. For details about changes in the actuarial assumptions, see Appendix B on page 60 of the report.

- NMFA Loans Equipment Acquisition
- 2003 Sales Tax Street Lights
- 2005 Gross Receipts Tax Public Improvements
- Las Cruces Convention Center
- NMFA Street Improvements
- Stimulus Capital Projects
- TIDD Street Projects

#### **Debt Service Fund**

*Debt Service Fund* – Accounts for the resources accumulated and payments made for principal and interest on long-term debt of the governmental funds.

#### **Special Revenue Funds**

Special revenue funds are used to account for specific revenues that are legally restricted to expenditures for particular purposes.

Community Development Block Grant – The Community Development Fund accounts for the operation and installation of capital improvement projects, home rehabilitation, and social projects. Funding is from HUD, housing loan and interest repayment, and performance bond payments. PL 93-383 Title 1 of the Housing and Community Development Act of 1974 requires that this grant be used for these purposes.

Court Awarded Funds – To provide for drug enforcement activities. Funding is from federal High Intensity Drug Traffic-seized funds and may only be used for drug enforcement activities, and must comply with federal financial and administrative requirements of OJP M7100.ID.

MPO Urban Transportation – To provide for the transportation needs of the community. Funding sources are from the Federal Highway Administration, the Urban Mass Transportation Administration, and the General Fund. The fund was created in 1982 when the Metropolitan Planning Organization was formed through a joint powers agreement. Such grants provide for the payment of current transportation operating expenses and may be used only for that purpose. City Resolution N. 94-236 requires the fund to be used only in this manner.

*Fire* – To provide for the purchase of fire equipment. Funding is provided by the State Fire Fund. State law requires these funds to be used for fire supplies and equipment to help maintain the fire department. (Section 979, Article 52, New Mexico State Insurance Code)

*Police Protection* – To provide for the purchase of police equipment and police expenses associated with advanced law enforcement planning and training. The funding source is a state grant. State law (Section 5, Chapter 289, Laws of 1983) requires these funds to be used to operate the police department.

Federal Stimulus Operating – To account for various public operations and improvements.

*Emergency Medical Services* – To provide for emergency medical services provided through fire department activities. Funding is through a state grant from the New Mexico Department of Health, which requires separate fund accounting according to EMS Regulation DOH 94-11.

*Traffic Safety* – To provide for traffic safety education. Funding is provided by a penalty assessment of \$3.00 per traffic ticket. City Ordinance No. 0-1232, May 1991 requires the fund be used only in this manner.

#### **Special Revenue Funds**

— continued —

Safe Traffic Operations Program – To account for the programs that use cameras to enforce red light and speeding violations.

Court Automation – To provide for Municipal Court Automation. Funding is provided by a penalty assessment of \$3.00 per traffic ticket. City Ordinance No. 0-1232, May 1991 requires the fund be used only in this manner.

*Prisoner Care* – To provide for operations and maintenance of a municipal jail or for paying the cost of housing municipal prisoners in the county jail. Funding is provided by a penalty assessment of \$5.00 per traffic ticket. City Resolution No. 81-69, August 1981 requires the fund be used only in this manner.

Juvenile Recreation – To provide for the operation and development of community parks and operation of recreation programs. Funding source is one-third of the cigarette tax (Section 7-12-1 through 7-12-17, NMSA, 1978). These taxes may only be used to finance the parks and recreation programs.

Lodgers' Tax and LCCVB – To account for the operations of the Las Cruces Convention and Visitors' Bureau to promote tourism within the area. Financing is provided from a lodgers' tax. State law (Section 3-38-13 through 3-38-24, NMSA, 1979) requires these taxes to be used to operate the Convention and Visitors Bureau.

*DWI Prevention* – To account for the receipt of driving while intoxicated state fines (Section 31-12-7, NMSA 1978). Receipts are remitted to the state.

Judicial Education – To account for the receipt of imposed fees on all "guilty" traffic offenses in accordance with NMSA 1978, 35-14-11 (B)(2) and to be used for the education and training, including production of bench books and other written materials, of municipal judges and other municipal court employees.

Environmental Gross Receipts Tax – To account for the receipt of environmental gross receipts tax enacted by the City and the county as provided for in Ordinance 1484, October 12, 1995.

Health Care Services from MMCI Lease – To account for the receipt of proceeds pursuant to the terms of the lease with Memorial Medical Center, Inc., to be used for healthcare services in the City. The lease was approved by Ordinance 1655 in 1998.

Gasoline Tax Street Maintenance Fund – To account for the receipt of gasoline tax remittances from the state. State law (7-1-6.9 NMSA 1978) requires the distributions to be received into a separate road fund.

#### **Special Revenue Funds**

— continued —

*Keep Las Cruces Beautiful* – To provide for beautification, litter eradication, graffiti abatement, and education. Funding is from the New Mexico Clean & Beautiful Program of the New Mexico Department of Tourism.

Older Americans Act Programs – To provide congregate meals to seniors at four program sites and to homebound customers who receive two delivered meals a day. Funding is from the New Mexico Aging and Long-term Services Department.

Cash in Lieu of Commodities – To provide congregate and home-delivered meals. Services will be provided through the four City meal sites. Funding is through the U.S. Department of Agriculture's Cash in Lieu of Commodities program.

State Library Resources Grant – To provide funds for library materials and the equipment to provide access to information resources. Funding is from the State of New Mexico General Obligation Bond C.

Street Maintenance Operations – To account for operational expenditures for street maintenance funded by transfers from the Gas Tax Street Maintenance Fund.

Flood Control Operations – To account for operational expenditures for flood control operations funded by transfers from the Gas Tax Street Maintenance Fund.

Special Assessments—Northrise/Morningstar – To account for the reimbursement from developers to the City, through certain assessments, for the construction of Northrise and Morningstar streets.

Downtown Revitalization – To account for the redevelopment of the downtown area of Las Cruces. Funding comes from the sale of property in the downtown area and other activities for revitalization.

State Operating Grants – To account for the receipt of legislative appropriations provided for operational expenditures in support of local service agencies.

*Valley View Heske Garden* – To account for the construction and maintenance of a park. Funding comes from a portion of the Emma B. Heske Trust that was left to the City of Las Cruces for construction of a park according to Ms. Heske's wishes.

Griggs and Walnut Plume – To account for the operations of the Griggs and Walnut water production area, and the remediation activities associated with the site.

#### **Special Revenue Funds**

— continued —

TIDD Dedicated Revenues – To account for an amount of 75 percent of the State Gross Receipts Tax increment generated within the district that may be dedicated for the purpose of securing tax increment bonds issued by the district and to provide financing for projects within the TIDD Streets Project fund.

Las Cruces Convention Center – To account for receipt of the convention center fees paid to support the debt service payments for the convention center.

*Public Safety Impact Fee* – To account for revenues and expenditures related to city-wide public safety fees. Funds are to be used for buildings for fire, police, rescue, and essential equipment costing \$10,000 or more and having a life expectancy of 10 years or more. Funding comes from fees for all new development in the City based on rate tables for various land use.

Affordable Housing Trust Fund – This fund was established to set aside resources for the creation/promotion of affordable housing within the City of Las Cruces. The City adopted an ordinance within Chapter 13 of the Municipal code to create the local Housing Trust Fund. The source of the funding is through a transfer from the Vehicle Acquisition Fund.

Alarm Fund – In January 2013 the City of Las Cruces (CLC) enacted an Alarm Ordinance in which a registration and fine structure were developed. In turn CLC and MVRDA created an MOA that authorized MVRDA to be the Alarm Administrator for the ordinance. MVRDA collects all initial registrations, renewals penalties and fines.

#### **Capital Projects Funds**

Capital projects funds are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds.

*HUD Facilities Projects* – To provide financing for the acquisition and rehabilitation of the Museum of Nature and Science on Main Street in downtown Las Cruces. The source of funding is from HUD grants and Section 108 loans.

*Public Parks Development* – To provide for the establishment of parks and miniparks within subdivisions. The source of funding is from state grants, interest earnings, and charges to subdividers. If the parks using subdivision funds have not been started within a three-year period, the charges revert to the subdividers.

*Street Improvement* – To provide for the paving or improvements to streets. The source of funding is from a state grant and interest earned on investments.

Airport Improvement – To provide for the financing and construction of projects at the airport. The source of funding is from federal grants, state grants, and local matching funds.

Sales Tax-Street Maintenance – To provide for street repaving projects. The source of funding is one-quarter percent municipal gross receipts tax.

Flood Control – To construct a detention pond for the purpose of flood control and to serve as recreation as part of a multi-sport complex to include baseball, softball, and soccer fields. The source of funding is from the New Mexico Finance Authority.

Capital Improvement Reserve – To provide for the purchase of land additions or improvements to city facilities. The source of funding is net profit on sales of securities.

Legislative Capital Improvements – To provide for the purchase of capital improvements approved by legislation.

State Capital Improvements – To provide for the purchase of capital improvements from state funding.

EDA West Mesa Industrial Park – To provide for the financing and construction of improvements, including installation of access roads and utilities for the airport and industrial complex. The source of funding is federal grants, local matching funds, rental income, and proceeds from the sale of land.

2003 Sales Tax Facilities and Parks – To provide for facilities/park improvements. The source of funding is the 2005 Gross Receipts Tax Refunding Revenue Bonds.

*NMFA Loans Equipment Acquisition* – To provide for well improvements.

2003 Sales Tax Street Lights – To provide for the acquisition of street lighting systems. The source of funding is the 2005 Gross Receipts Tax Refunding Revenue Bonds.

2005 Gross Receipts Tax Public Improvements – To account for various public improvements. The source of funding is the 2005 Sales Tax Bond.

#### **Capital Projects Funds**

— continued —

Las Cruces Convention Center – To provide for the design, construction, and equipping of the Las Cruces convention center. The source of funding is a New Mexico Finance Authority loan.

*NMFA Street Improvements* – To provide for the paving or improvements to streets. The source of funding is from New Mexico Finance Authority loans.

Stimulus Capital Projects – To account for various public improvements. The source of funding is from the American Recovery and Reinvestment Act.

*NMFA Parking Deck* – To provide for the financing and construction of a parking deck and other capital structures. The source of funding is from the New Mexico Finance Authority.

TIDD Street Projects – To account for the construction, operation, and maintenance of public infrastructure improvements in the downtown area.

2008 NMFA Griggs/Walnut/Plume – To provide for the construction of the remediation site. The source of funding is from New Mexico Finance Authority loans.

### Statistical Section Table of Contents June 30, 2015

This part of the City of Las Cruces' comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government's overall financial health.

GASB 44 provides the requirements for the schedules contained in this section of the City's CAFR.

#### Content

### Financial Trends

These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.

### Revenue Capacity

These schedules contain information to help the reader assess the City's most significant local revenue source; the sales tax.

#### **Debt Capacity**

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

#### Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.

#### **Operating Information**

These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

#### Notes:

- \* The substantial increase in governmental fund balances from FY03 to FY04 was primarily due to the 40 year lease of the Telshor Facility. The net hospital assets recognized by the City in FY04 was \$30,124,793.
- \* The substantial increase from FY05 to FY06 was primarily due to the issue of \$33,000,000 in sales tax bonds for a new City Hall and other public improvements.
- \* The substantial increase in debt service expenditures from FY10 to FY11 is due to the refunding of two bonds and three loans.

#### Notes:

Details regarding the City's outstanding debt can be found in Note 7 of the financial statements.

Operating expenses do not include interest, depreciation, or amortization expenses.

Gas Tax Notes

The 2010 Convention Center bonds are pledged first with the lodger's tax and convention center fees and then by the state shared gross receipts taxes

#### Notes to the Schedules of Expenditures of State and Federal Awards June 30, 2015

#### 1) General

The accompanying schedules of expenditures of state and federal awards presents the activity of all state and federal award programs for the City of Las Cruces, New Mexico, (the City). The City's reporting entity is defined in Note 1 to the City's financial statements. The Office of Management and Budget's (OMB) Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, sets forth requirements whereby federal grants may be audited under a "single audit" approach at the same time the City's financial statements are audited. All awards received from state and federal agencies, as well as awards passed through other organizations and government agencies, are included in the schedules.

#### 2) Basis of Presentation

The accompanying schedules of expenditures of state and federal awards include the state and federal grant activity of the City and are presented on the accrual basis of accounting. The information in these schedules is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in the schedules may differ from amounts presented in, or used in the preparation of, the basic financial statements.

#### 3) Federal Loans

On May 24, 2010, the City was awarded a promissory note from the U.S. Department of Housing and Urban Development in the amount of \$2,000,000. The note was awarded under the HUD Section 108 loan guarantee program for the purpose of constructing, rehabilitating, and improving the Museum of Nature and Science in the City. Land serves as collateral for the loan and interest is charged at a rate of 1.7 percent. As of the year ended June 30, 2014, the City expended the full \$2,000,000 of the proceeds. Payments on the loan for the year ended June 30, 2015 included \$71,000 in principal and \$66,886 in interest; leaving an outstanding balance of \$1,738,000. Proceeds of the loans that were received and expended in prior years impose no continuing compliance requirements.

#### 4) Sub-recipients

Of the federal expenditures presented in the schedule of expenditures of state and federal awards, the City provided federal awards to sub-recipients as follows:

CFDA Number	Program Name	Amount Provided to Subrecipients	
14.218	Community Development Block Grant	\$	212,115
14.239	Home Program Grant	\$	520,282

# Notes to the Schedules of Expenditures of State and Federal Awards (Continued) June 30, 2015

## 5) Reconciliation of the Schedules of Expenditures of State and Federal Awards

The following is a reconciliation of the expenditures reported in the schedules of expenditures of state and federal awards to the expenditures reported in the financial statements for the City:

Expenditures in the schedule of expenditures of state	
awards	\$ 4,155,218
Expenditures in the schedule of expenditures of federal	
awards	6,566,103
Expenditures financed by other funding sources	 18,821,137
Expenditures reported in the statement of revenues,	
expenditures, and changes in fund balance/net	
position—other governmental funds/Transit fund	\$ 29,542,458

#### Report of Independent Auditors on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

Mr. Timothy Keller, New Mexico State Auditor and the Honorable Mayor and City Council Members of the City of Las Cruces

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, the aggregate remaining fund information, and the budgetary comparisons for the general fund and major special revenue funds of the City of Las Cruces, New Mexico (the City) as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents and have issued our report thereon dated November 30, 2015. We have also audited the financial statements of each of the City's nonmajor governmental, nonmajor enterprise, internal service funds, and agency funds; and the budgetary comparison schedules for the debt service fund, special revenue funds, capital project funds, proprietary funds and the nonmajor governmental funds as of and for the year ended June 30, 2015, and have issued our report thereon dated November 30, 2015.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## MOSS-ADAMS LLP

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and are described in the accompanying schedule of findings and questioned costs as items 2015-001 and 2015-003.

#### The City's Responses to Findings

The City's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The City's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose

# Report of Independent Auditors on Compliance For Each Major Federal Program and Report on Internal Control Over Compliance as Required by OMB Circular A-133

Mr. Timothy Keller, New Mexico State Auditor and the Honorable Mayor and City Council Members of the City of Las Cruces

#### Report on Compliance for Each Major Federal Program

We have audited the City of Las Cruces, New Mexico's (the City) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended June 30, 2015. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

#### Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

#### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations.* Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City's compliance.

#### Opinion on Each Major Federal Program

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2015.

# MOSS-ADAMS LLP

#### **Report on Internal Control Over Compliance**

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified a deficiency in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as item 2015-002 that we consider to be a significant deficiency.

The City's response to the internal control over compliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The City's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Albuquerque, New Mexico

of OMB Circular A-133?

Type of auditors' report issued: Unmodified Internal control over financial reporting: Material weakness identified? No Significant deficiency identified? None reported Noncompliance material to financial statements noted? No Federal Awards Internal control over major federal programs: Material weakness identified? No Significant deficiency identified? Yes Type of auditors' report issued on compliance for major federal programs: See table Any audit findings disclosed that are required to be reported in accordance with Section 510(a)

Yes

# Schedule of Findings and Questioned Costs – continued For the Year Ended June 30, 2015

# $Section \ I-Summary \ of \ Auditors' \ Results-continued$

Identification of major federal programs:

CFDA Number	Name of Federal Program or Cluster Or	<u>oinion</u>		
14.218	Community Development Block Grants; Metro Entitlement Grants	Unmodified		
20.500/20.507/20.526	Federal Transit Cluster with ARRA	Unmodified		
20.106	Airport Improvement Program	Unmodified		
95.001	High Intensity Drug Trafficking Areas Progra	m Unmodified		
93.044/93.045/93.053	Aging Cluster	Unmodified		
97.044	Assistance to Firefighters Grant	Unmodified		
Dollar threshold used to distinguish between type A and type B programs: \$300,000				
Auditee qualified as low-risk auditee?		No		

# Schedule of Findings and Questioned Costs – continued For the Year Ended June 30, 2015

#### **Section II – Financial Statement Findings**

2015-001 (SA 11-2) – Information Technology (Other Matter)

*Criteria* – Information Technology ("IT"), including systems and infrastructure are essential and integral to the efficiency of the City's operations. IT internal controls are essential to maintain the confidentiality, integrity, and availability of data. IT internal controls are as important as the internal controls that surround the input of financial transactions into the City's general ledger.

*Condition/Context* – Several areas of the Information Technology infrastructure were identified as needing enhanced controls. These areas include:

- lack of true role-based user access controls to Munis ERP system and incomplete annual user access reviews
- lack of firewall between Mesilla Valley Regional Dispatch Authority, Sunland Park, and the City's network.

#### Role-based user access controls to MUNIS and incomplete annual user access reviews

This allows better management and control of user access by allowing multiple users to be assigned to specific roles within the system. However, it appears that rather than assigning users to roles, the ERP Specialist assigned a role to each user. Rather than reducing the number of roles and simplifying management this approach has increased the roles and management requirements. The risk is that there is more chance of error and inappropriate access with so many roles to administer. We understand that the City is working on a role-based user access for the next upgrade for the system.

We noted that a review of the users' access control listing for MUNIS was performed during the year. However, the review was limited on the accounting functions. As such, other areas/modules (purchase order, requisition, utility billing, budgeting, work orders, etc.) were not covered under the review. The purpose of this review is to determine whether users have the correct access they need to perform their duties but no access beyond that. For best-practice, user access controls, a complete review of user access should be performed annually.

#### Schedule of Findings and Questioned Costs – continued For the Year Ended June 30, 2015

**Section II – Financial Statement Findings** 

2015-001 (SA 11-2) – Information Technology (Other Matter) (continued)

Lack of firewall between Mesilla Valley Regional Dispatch Authority, Sunland Park, and the City's network.

There is a close relationship between the City's network and the Mesilla Valley Regional Dispatch Authority's (MVRDA) network. MVRDA is a child domain of the City domain. MVRDA is connected to the City's network and there is no firewall between the City and MVRDA. Sunland Park is connected to MVRDA and by default connected to the City network. The lack of firewall between these networks presents a high security risk to all three networks and their data. While the City performs some security measures, these are not considered enough to mitigate the risk involved. We understand that the City is building a new facility and this issue will be addressed once the facility is completed.

*Recommendations* – We recommend the following:

• The City should ensure that a complete review of all user access levels on the MUNIS ERP system is performed and that true role-based access is implemented. This review will be easier once the system has "role-based" access levels.

The City should ensure that, as an interim precaution, a firewall is installed between the MVRDA network and the City's network. Ideally, MVRDA and Sunland Park should be entirely separate networks.

#### Management's response:

Role-based user access controls to MUNIS and lack of annual user access reviews

Role based security cannot be implemented before the data owner of that particular module has developed the associated workflow for that function. IT is currently working with various departments to create security roles based on the standardization and documentation of their processes associated with Munis. The office of the City Manager has decided that a re- implementation of Munis is necessary and the development of process documentation and security roles will be a major component of that project. It is anticipated that the re-implementation process will take 18 to 24 months to complete with a start date of October 2015.

#### Schedule of Findings and Questioned Costs – continued For the Year Ended June 30, 2015

#### **Section II – Financial Statement Findings**

#### 2015-001 (SA 11-2) – Information Technology (Other Matter) (continued)

Lack of firewall between Mesilla Valley Regional Dispatch Authority, Sunland Park, and the City's network.

This issue cannot be addressed until MVRDA has its own domain controllers and is no longer a child domain of the City. Given that MVRDA is not planning to address this issue until they move into their new, facility; it is not anticipated that this will be possible to remediate until early 2016.

#### **2015-003** – Appropriations to Agencies (Other Matter)

Criteria – In accordance with 2.2.2.10 (O) NMAC:

a. If actual expenditures exceed budgeted expenditures at the legal level of budgetary control, that fact must be reported in a finding and disclosed in the notes to the financial statements.

*Condition/Context* – The following funds over-expended budgeted amounts as of June 30, 2015

- Debt Service Fund (\$88,029)
- Judicial Education (\$1,852)

Effect – The City was not in compliance with the requirements of 2.2.2.10 (O) NMAC.

Cause – Procedures were not in place to ensure budgetary compliance.

Auditors' Recommendation – We recommend the City establish adequate procedures to monitor budget compliance and prohibit spending exceeding the budgeted amounts and budgeting deficits.

Management's response – The City agrees with the recommendation. The Office of Management and Budget guidelines, procedures, and related authorities for periodic budget adjustments to revenue and expenditures are clearly defined, and are consistent with State of New Mexico Department of Finance and Administration – Local Government Division budget adjustment directives. The Office of Management and Budget will work with Municipal Courts and departments to put into place methods to sustain effective compliance with processes, procedures and controls necessary to meet requirements of City Budget guidelines, procedures, and related authorities for periodic budget adjustments.

#### Schedule of Findings and Questioned Costs – continued For the Year Ended June 30, 2015

#### **Section III – Federal Award Findings and Questioned Costs**

2015-002 – Procurement, Suspension, and Debarment (Significant Deficiency)

Federal program information:

Funding agency: Department of Health and Human Services

Title: Aging Cluster

CFDA Number: 93.044/93.045/93.053

Award year and number: July 2014 to June 2015, 2014-15 64014

Funding agency: Executive Office of the President – Office of National Drug

**Control Policy** 

Title: High Intensity Drug Trafficking Program

CFDA Number: 95.001

Award year and number:

January 2015 to December 2014, G13SN0006AJanuary 2014 to December 2015, G14SN0006A

January 2015 to December 2016, G15SN0006A

Condition/Context – We noted that the City did not follow their policies and procedures to verify prior to entering into transactions to procure goods or services that cumulatively exceeded \$25,000 with a vendor, when those transactions were entered into by another department than the Procurement Department, that the vendor was not suspended or debarred or otherwise excluded from federal contracts. We performed procedures and determined no payments were made to suspended or debarred vendors.

- Aging Cluster (CFDA 93.044/93.045/93.053) For one of three vendors tested that provided goods or services to the City in excess of \$25,000, procurement policies and procedures were bypassed by using purchase cards and the City did not verify that the vendor was not suspended or debarred.
- *High Intensity Drug Trafficking Program (CFDA 95.001)* For the one vendor tested, the goods or services were procured through the Legal Department and the City did not verify that the vendor was not suspended or debarred.

#### Ouestioned Costs - None

Cause – Two City departments circumvented the City's established policies and procedures.

Effect – Federal award money could be unintentionally paid to suspended or debarred vendors.

Recommendation – The City should follow their policies and procedures to verify prior to entering into transactions to procure goods or services exceeding cumulatively \$25,000 with a vendor, when those transactions are entered into outside of the Purchasing Department, that the vendor was not suspended or debarred or otherwise excluded from federal contracts and retain documentation of this determination. This may be accomplished by checking the federal System for Award Management, obtaining vendor certifications, or adding clauses or conditions to the contract.

## Schedule of Findings and Questioned Costs – continued For the Year Ended June 30, 2015

**Section III – Federal Award Findings and Questioned Costs** 

2015-002 - Procurement, Suspension, and Debarment (Significant Deficiency) (continued)

Management's response – Purchasing is implementing a requisition training program that all requisition initiators will be required to attend before entering into transactions to procure goods and services. The Purchasing Manager has been working with departments on educating them as to the usefulness and effectiveness of blanket purchase orders in lieu of using their purchase cards for routine procurement transactions. Purchasing staff will verify through SAM that a vendor is not debarred to suspended on all requisitions that are over \$25,000 whether Federally funded or not.

#### Summary Schedule of Prior Audit Findings For the Year Ended June 30, 2015
