November 22, 2017

Honorable Mayor and City Council, City of Las Cruces, New Mexico

We are pleased to submit the Comprehensive Annual Financial Report for the City of Las Cruces (City), New Mexico, for the fiscal year ended June 30, 2017, in accordance with Article V, Section 5.09, of the City Charter. Responsibility for the accuracy of the presented data and the completeness and fairness of presentation, including all disclosures, rests with the City. We believe the data, as presented, are accurate in all material respects and are presented in a manner that fairly sets forth the financial position and results of operations of the City. Furthermore, we believe that all disclosures necessary to enable the reader to gain an understanding of the City's financial activities have been included.

In the Financial Section of this report, the independent auditor's report is immediately followed by Management's Discussion & Analysis (MD&A). The MD&A provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

## **Profile of the City**

The City of Las Cruces, incorporated in 1946 and chartered in 1985, is a home-rule municipality with a Council/Manager form of government consisting of a mayor and six council members. The mayor is elected at large for a four-year term. Council members are elected from six member districts for a four-year term. Elections are held on a bi-annual basis. The city manager, appointed by the City Council, is responsible for the management of all City employees and the administration of all City affairs.

This report includes financial statements of the funds required for those activities, organizations, and functions related to the City and that are controlled by or dependent upon the City's governing body, the City Council. The financial reporting entity consists of the City, a discretely presented component unit: South Central Solid Waste Authority, and one blended component unit: The Downtown Tax Increment Development District. These component units are included in the City's reporting entity because of the significance of their operational relationship or financial relationship with the City. Considering the above criteria, this report includes all funds of the City.

The City provides a full range of services. These services include public safety (police and fire); community services (culture and recreation); facilities; streets, public improvements; planning, zoning, engineering; public utilities (gas, water, wastewater, and solid waste) and general administration of services.

### **Economic Condition and Outlook**

The City of Las Cruces' local economy is growing moderately and is forecast to remain stable over the coming fiscal year. The State of New Mexico is forecasting a flat to modest revenue growth for the fiscal year 2017-18.

The public sector is anticipated to be flat in the coming year as state education funding for local schools and New Mexico State University begins to turn around. Education and health care fields have driven the city's job growth and account for 6.2% of the government sector new job production over the comparable time last year. This job growth was driven by the Medicaid expansion. The city's unemployment rate is 6.7%. This is slightly lower than the State's and higher than the National unemployment rate.

Permitted valuation is anticipated to decrease in fiscal year 2017-18. This is traced to reduction in commercial and residential construction and repairs. City staff is not anticipating permit valuation to return to pre-housing market collapse values soon. Construction has been one of the market segments greatly impacted over recent years, with recovery being slow and uneven. Knowledgeable city staff expect issuing of new residential building permits to remain below 500 units for fiscal year 2017-18. This marks the seventh year in a row that new housing permits have fallen below the 500 units.

Population growth is relatively slow and is expected to gain slightly in fiscal year 2017-18. The city is expecting the rate of growth to be under 1.0% for the fourth year in a row. The slowly expanding population base is directly linked to growing local job opportunities and new residential permit issuance.

The largest source of revenue for the City of Las Cruces is Municipal Gross Receipts Tax and State-Share Gross Receipts Tax. The amount of these taxes varies with economic conditions. Gross Receipts Tax (GRT) is divided into two components; the first is consumption, which results largely from individuals and businesses making retail transactions. The second is investment, composed principally of investing in real property both residential and commercial. The two components can vary at different rates within business cycles as economic conditions change. The current business cycle and recovery has been characterized by downward pressure on housing and commercial real estate pricing and value. The city's GRT receipts reveals that investment has declined more rapidly than consumption through fiscal year 2013-2014. However, beginning in the fiscal year 2014-15, this trend reversed as investment are anticipated to rise by 2.5% and 0.3%, respectively, for fiscal year 2017-18.

Total GRT receipts for fiscal year 2017-18 are anticipated to be \$96.5 million, a modest 2.5% gain from fiscal year 2016-17. The anticipated gain is traceable to both investments and consumption. The city's position remains conservative regarding revenue forecasting.

# **Long-Term Plans and Major Initiatives**

The East Mesa Public Safety Complex was completed and operational in May 2017. This facility houses Fire Station #8 and serves as the east area command center for the Las Cruces Police department. Ribbon cutting ceremonies were held on June 15, 2017.

The 2007 Master Plan of the municipal service center is being updated. Design of the new municipal service center is anticipated to begin in fiscal year 2019 and construction in fiscal year 2020.

The design services contract was authorized late spring 2017 for the Convention Center expansion. Construction is anticipated to start in mid fiscal year 2018.

The first inclusive playground in the City located at Young Park was completed on June 30, 2017. It allows children of all abilities to play alongside each other in a safe environment.

The City continues to promote sustainability efforts through three major areas of investment including photovoltaic systems, a citywide LED streetlight retrofit, and Energy Performance contracts. The energy savings realized will be reinvested in renewable and energy efficient projects.

The East Mesa Water Reclamation Facility construction was completed in spring 2017. This is the largest addition to the City's photovoltaic system, providing and additional savings of approximately \$60,000 annually.

Began work on the Church Street and Water Street two-way conversion construction project. Downtown Las Cruces is undergoing a realignment of the area commonly known as "The Racetrack". Church and Water Streets will be converted for two-way traffic. Redefining these two streets will revive pedestrian-friendly thoroughfares with sidewalks, on street parking, and slower moving traffic.

There were 25 goals identified by City Council, with the top ten listed below:

- 1) 2017 The Las Cruces community will experience greater engagement with their City government.
- 2) December 31, 2017 Working with the University and other partners, downtown patrons will have access to restaurants, taverns, music, and art.
- 3) January 1, 2018 The City will offer internships, apprenticeships, and mentorship programs to the community.
- 4) July 1, 2018 The community will have City-approved results-oriented plans for sidewalks, parks, median landscaping, and facilities.
- 5) July 1, 2018 Information & referral services for families with young children will be integrated into all appropriate city services.
- 6) July 1, 2018 Las Cruces City Government will be managing for results for customers.
- 7) End of 2018 City-led sponsored events will be held downtown.
- 8) December 31, 2018 Las Cruces businesses will be able to access all permitting and licensing services in an efficient, effective, customer-service focused one-stop shop.

- 9) 2019 The relationship between the business community and the City will be strengthened.
- 10) 2019 Working with our partners, the community will have access to engaging public transportation connecting downtown, the University, and the Convention Center.

The strategic plan, with progress updates, is available on the City's website for public review.

# **Internal Control Framework**

Integrated within the business systems of the City are the policies and procedures over accounting and financial reporting that make up the internal control framework. The internal control framework provides assurance that the accounting systems and underlying data are reliable; however, there are certain limitations inherent in the internal control framework. Management may choose to accept certain risks because the cost to prevent all risks is not reasonable. Management is responsible for establishing and maintaining effective internal controls. Although some level of risk within the internal control framework is unavoidable, the City's management maintains an attitude of supporting strong and effective internal controls.

# **Financial Information, Management and Control**

The financial position and operating results of the City are provided in the financial statements. Management's discussion and analysis and includes financial highlights, describes the financial statements, and provides financial analysis of the City's financial position and results of operations. Following is a brief description of financial information, management of financial resources, and financial obligations.

# **Budgetary Control**

In New Mexico, state statutes mandate that municipalities operate within the confines of a balanced budget. Annual budgets are adopted for all funds. If a fund is not overspent, it is in compliance with state law. All unexpended budget appropriations lapse at the end of the fiscal year.

The City Manager is responsible for presenting an annual budget to the City Council. The Council sets hearings for annual budget review and approves the final budget. The final budget is then submitted to the New Mexico Department of Finance and Administration, Local Government Division. The Local Government Division must then approve and certify the City's operating budget, budget increases, and budget transfers between funds.

The adopted budget becomes a document that details a clear and precise picture of the cost of public services that will be provided. The budget is controlled through an integrated accounting system to assure effective fiscal management and accountability. Budget adjustments requested throughout the fiscal year that increase fund expenditures must be approved by the City Council.

#### Taxes

The allocation of the property tax for fiscal year 2016 and the two preceding years is based on the mill levy below (per thousand):

| Purpose                | 2017  | 2016  | 2015  |
|------------------------|-------|-------|-------|
| Operational mill levy: |       |       |       |
| Residential            | 6.702 | 6.699 | 6.806 |
| Non-residential        | 7.120 | 7.120 | 7.120 |

The City has no outstanding general obligation bonds. Therefore, the debt service levy for all three years is zero.

The gross receipts tax rate on receipts within the City was 8.3125% at June 30, 2017. The breakdown and sources of the gross receipts tax rate include:

|                                    |          | Percent of |
|------------------------------------|----------|------------|
|                                    | Tax Rate | Total Rate |
| State shared                       | 5.125%   | 61.65%     |
| Municipal GRT- general purpose     | 1.25%    | 15.04%     |
| Municipal GRT-infrastructure       | 0.25%    | 3.01%      |
| Municipal Environmental GRT        | 0.0625%  | 0.75%      |
| Municipal Hold Harmless GRT        | 0.375%   | 4.51%      |
| Dona Ana County-local option taxes | 1.25%    | 15.04%     |
|                                    | 8.3125%  | 100.0%     |

### **Debt Administration**

The City has significant capacity for future capital and infrastructure acquisitions, should the need arise. The City's current unused general obligation (G.O.) bond capacity is in excess of \$70 million. The City currently has no outstanding G.O. bonds.

The City had twenty revenue bond issues outstanding as of June 30, 2017. Gross receipts tax revenues finance fourteen bond issues. The six Joint Utilities Revenue Bond issues are secured by the net operating revenues of the utility system. The amount of bonds outstanding at June 30, 2017 was \$107.4 million in governmental bonds and \$77.2 million in utility revenue bonds. Principal payments on bonds totaled \$12.6 million during the fiscal year. In addition, the City had sixteen loans outstanding from the New Mexico Finance Authority and other entities totaling \$17.7 million with principal payments during the fiscal year of \$2.3 million.

#### **Independent Audit**

New Mexico State law requires that an annual audit of a governmental unit's financial statements be performed by independent public accountants. Federal law requires that a single audit be performed for federal grant funds as required by the Single Audit Act Amendments of 1996, Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, and ARRA requirements. Additionally, the City Charter requires an annual audit of all accounts of the City by an independent certified public accountant.

The independent auditor's reports on the financial statements, required supplementary information, and other supplementary information are included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

The independent firm of certified public accountants, Moss Adams, LLP, has audited the financial statements and related notes. The financial statements have been prepared in accordance with generally accepted accounting principles (GAAP) for local governments as prescribed by the Governmental Accounting Standards Board (GASB).

## **GFOA Award**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Las Cruces for the comprehensive annual financial report for the fiscal year ended June 30, 2016. This was the twelfth consecutive year that the City has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must demonstrate proficiencies in both generally accepted accounting principles and applicable legal requirements.

We believe that this current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to GFOA to determine eligibility for the certificate. This award represents the highest form of recognition in governmental accounting and financial reporting. This is an outstanding accomplishment that demonstrates the professionalism residing in the City's Financial Services Department.

The preparation of the annual CAFR is primarily the responsibility of the Accounting Department. I would like to recognize Rosie Duran, Financial Services Director, Maria Villa, Accounting Manager, and the Accounting staff including Claudia Melendez, Maria Sanchez, Cynthia Campo, Joshua Saffell, Hortencia Puentes, and Sarah Cundiff for their efforts in this accomplishment for their efforts in this accomplishment.

#### Acknowledgments

The annual audit cannot be completed without the efforts and dedication of the Financial Services Department staff and other City departments that provide performance measures and are responsible for responding to the federal single audit. I would like to express my appreciation to staff for their many hours of hard work devoted to this year's audit.

I would also like to thank the Mayor, City Council, and City Management for their interest and support in planning and conducting the financial affairs of the City in a responsible and progressive manner.

Respectfully submitted,

Stuart C. Ed City Manager

Certificate of Achievement for Excellence in Financial Reporting

Presented to

City of Las Cruces New Mexico

For its Comprehensive Annual Financial Report for the Fiscal Year Ended

June 30, 2016

Christopher P. Morrill

Executive Director/CEO

# **Report of Independent Auditors**

Mr. Timothy Keller, New Mexico State Auditor and the Honorable Mayor and City Council Members of the City of Las Cruces

#### **Report on the Financial Statements**

MOSSADAMS

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, the aggregate remaining fund information, and the budgetary comparisons for the general fund and major special revenue funds of the City of Las Cruces, New Mexico "the City", as of and for the year ended June 30, 2017, which collectively comprise the City's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Mr. Timothy Keller, New Mexico State Auditor and the Honorable Mayor and City Council Members of the City of Las Cruces

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, the aggregate remaining fund information, and the budgetary comparisons for the general fund and major special revenue funds of the City of Las Cruces, New Mexico as of June 30, 2017, and the respective changes in financial position and, where applicable, cash flows thereof, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the schedule of the City's proportionate share of the net pension liability, and the schedule of the City's contributions as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the GASB who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying schedule of expenditures of federal awards, as required by *Title 2 U.S. Code of Federal Regulations (CFR) Part 200*, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, the introductory and statistical section, and the other schedules required by *2.2.2 NMAC* included as Combining Financial Statements and Supplementary Information as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Mr. Timothy Keller, New Mexico State Auditor and the Honorable Mayor and City Council Members of the City of Las Cruces

The schedule of expenditures of federal awards and other schedules required by 2.2.2 NMAC included as Other Supplementary Information as listed in the table of contents are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards and other schedules required by 2.2.2 NMAC included as Other Supplementary Information as listed in the table of contents are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory, statistical and unaudited sections as noted in the table of contents have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express on opinion or provide any assurance on them.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 22, 2017 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Moss ADAMS LLP

November 22, 2017 Albuquerque, New Mexico

### Management's Discussion and Analysis

The Management Discussion and Analysis presents an overview of the City's financial activities for the fiscal year ended June 30, 2017. It is intended to be read in conjunction with the Letter of Transmittal and the City's financial statements. Comparisons to prior-year balances and activity are presented in accordance with Governmental Accounting Standards Board.

### Financial Highlights

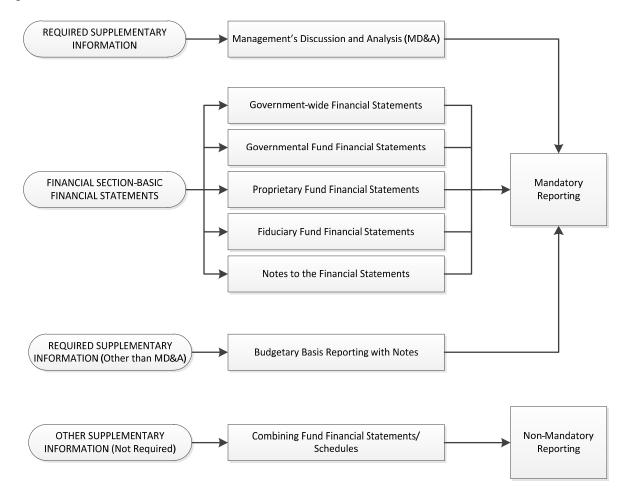

- The assets and deferred outflows of resources of the City of Las Cruces exceeded its liabilities at the close of the most recent fiscal year by \$380,687,282 (net position). Of this amount, (\$45,090,809) represents unrestricted net position, which may be used to meet the government's ongoing obligations to citizens and creditors.
- At the close of the current fiscal year, the City of Las Cruces' governmental funds reported combined fund balances of \$193,271,307 an increase of \$15,269,619 in comparison with the prior year. Approximately 20.5% of this amount (\$39,576,969) is available for spending at the government's discretion (unassigned fund balance).
- The pooled cash and investments for the governmental activities increased \$4,725,503 and business-type activities decreased \$11,142,151.
- The total bond and certificate of obligation debt for the governmental and business-type activities increased \$24,948,411 and \$11,698,537, respectively. During the fiscal year increased total debt outstanding to \$202,369,920 due to the issuance of new debt to fund public parks, recreational facilities, street improvements, as well as to acquire public buildings.

### **Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

The financial statements presented herein include all of the activities of the City of Las Cruces using the integrated approach as prescribed by Governmental Accounting Standards Board ("GASB") Statement No. 34, *Basic Financial Statements* – and *Management's Discussion and Analysis* – for *State and Local Governments*, and all amendments thereafter.

The following illustration summarizes the sections and reporting requirements of this financial report.

# Government-wide Financial Statements

The *government-wide financial statements* consist of two statements and are designed to provide readers with a broad overview of the City's finances in a manner similar to private-sector business.

The Statement of Net Position is a presentation of the City's assets and liabilities, including capital and infrastructure assets, and long-term liabilities. This statement reports the difference between the two as net position. Over time, increases or decreases in net position may help indicate whether the financial position of the City is improving or deteriorating.

The Statement of Activities presents information showing how the government's net position changed during fiscal year 2017. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned, but unused, vacation leave). Both financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include General Government, Economic Development, Police, Fire, Quality of Life, Public Works, and Community & Cultural Services. Several notable changes occurred during the 2017 fiscal year in respects to the governmental activities as reported. The Economic Development activity is now being recorded independently of the General Government activity where it had been reported in prior years. This means that a restatement of actual amounts from 2016 as reported on page 39 the Statement of Revenues, Expenditures, and Changes in Fund Balance-Budget and Actual, was necessary. In line with this change the amount reported for the actual balance for 2016 in the current expenditures general government line item was restated as \$17,258,724 and Economic Development was restated for 2016 as \$2,545,555. The Community and Cultural Services activity reported in prior years has been renamed to Quality of Life in order to better describe the activity's impact on the community. The Transportation activity is no longer being reported as a separate activity but rather is now combined with the Public Works activity as that is the department that oversees the transportation activity, this had no effect on previous year values as reported as the transportation line item was left to show the values reported for 2016. The business-type activities of the City include Gas, Water, Waste Water, Solid Waste, Transit, and Alternative Fuels.

The government-wide financial statements include not only the City itself (known as the *primary government*), but also the following legally separate component units: South Central Solid Waste Authority (SCSWA), and the Las Cruces Downtown Tax Increment Development District (TIDD). SCSWA is a discretely presented component unit and the financial information for this component unit is reported separately from the primary government in the government-wide financial statements.

The TIDD is a blended component unit of the City, whose board is comprised of the members of the City Council. The purpose of the TIDD is to finance public infrastructure serving the downtown area. The TIDD is presented as a special revenue fund in the financial statements. The funds to acquire or construct public infrastructure within the TIDD District is presented as a capital project fund in the financial statements.

### Fund Financial Statements

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The focus of the fund financial statements is on the City's major funds, although nonmajor funds are also presented in aggregate and further detailed in the supplementary statements. All the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds. Fund financial statements allow the City to present information regarding fiduciary funds, since they are not reported in the government-wide financial statements.

### Governmental Funds

Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

The focus of governmental funds is narrower than that of the government-wide financial statements; therefore, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. Because governmental fund financial statements do not encompass the additional long-term focus of the government-wide financial statements, additional information is provided that explains the relationship (or differences) between them.

The City maintains five governmental fund types for financial reporting purposes. The governmental fund types are General Fund, Special Revenue Funds, Capital Projects Funds, Debt Service Funds, and Fiduciary Funds. The City maintains one hundred and seven governmental funds, eight of which combine into the General Fund and thirty combine to make the Debt Service Fund. Information is presented separately in the Governmental Funds Balance Sheet and in the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances for the funds that comprise the General Fund, which is considered to be a major fund. Three other governmental funds, Sonoma Ranch, Telshor Facility, and Debt Service are also reported as major funds. The remaining sixty-seven governmental funds are combined into a single, aggregated presentation as Other Governmental Funds. Individual fund data for each of these non-major governmental funds is provided in the form of *combining statements* in the Combining Financial Statements section of this report.

## **Proprietary Funds**

The City maintains two different types of proprietary funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City uses enterprise funds to account for the fiscal activities relating to Gas, Water, and Wastewater utilities, as well as Solid Waste disposal. The City also uses enterprise funds to account for Transit and Alternative Fuels, which are reported as non-major enterprise funds. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for its vehicle maintenance and self-insurance. These services have been allocated to *governmental activities* in the government-wide financial statements as they predominantly serve governmental functions.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Gas, Water, and Wastewater Utilities, as well as Solid Waste funds, which are considered as major funds of the City. Data from the non-major enterprise funds, as well as all the internal service funds, are combined into single, aggregated presentations in the proprietary fund financial statements. Individual fund data for the non-major enterprise funds and the internal service funds is provided in the form of *combining statements* in the Combining Financial Statements section of this report.

### Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside of the primary government. Fiduciary funds are *not* reflected in the government-wide financial statement as the resources of those funds are *not* available to support the City's programs and operations. The Statement of Fiduciary Assets and Liabilities for the agency funds is presented in the basic financial statements section of this report.

### Notes to the Financial Statements

The Notes are an integral part of the financial statements and provide additional information that is essential to a full understanding and fair presentation of the data provided in both the government-wide and fund financial statements.

### **Other Information**

In addition to the basic financial statements and the accompanying notes, this report also presents the required supplementary information of the City's governmental and proprietary funds: general, debt service, special revenue, capital project, enterprise, and internal service funds. Budgetary comparison schedules have been provided which demonstrates budgetary compliance.

### **Statistics**

The statistical section provides statistical data on financial trends, revenue and debt capacity, demographic and economic data, and operating information.

#### Government-Wide Overall Financial Analysis

Net position over time, may serve as a useful indicator of a government's financial position. In the case of the City of Las Cruces, assets and deferred outflows of resources exceeded liabilities by \$380,687,282, at the close of the most recent fiscal year.

#### Net Position (in 000's)

Seventy-seven percent of the City's net position is investment in capital assets (i.e., land, land improvements, buildings, equipment, utility infrastructure), net of any related outstanding debt used to acquire those assets. This compares with sixty percent in fiscal year 2016. The City uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Thirty-five percent of the City's net position is resources that are subject to external restrictions on how they may be used. This amount increased by ten percent from 2016.

### **Governmental Activities**

During the current fiscal year, net position for governmental activities increased \$4,834,968 from the prior fiscal year for an ending balance of \$380,687,282. Gross receipts tax, property tax, and franchise fees decreased from \$117.3 million in fiscal year 2016 to \$99.9 million in fiscal year 2017.

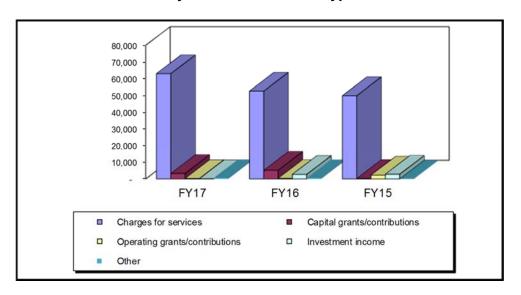

**Revenue by Source – Governmental Activities** 

Expenses of the City's governmental activities increased from \$128.6 million in fiscal year 2016 to \$138.0 million in 2017 due to increased costs in general government.

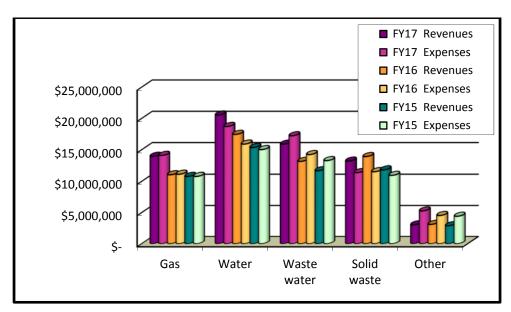

### **Business-type** Activities

For the City's business-type activities, the net position increased by \$3,847,240 to reach an ending balance of \$225,396,342. Charges for services increased from \$52.6 million in 2016 to \$63 million in 2017. Gas increased by \$2.9 million due to the addition of Mesilla customers; Water increased by \$4.2 million due to the addition of Jornada customer's and Wastewater increased by \$3.4 million also due to additional customers. Operating grants and contributions decreased from \$5.1 million in fiscal year 2016 to \$3.2 million in fiscal year 2017.

## Financial Analysis of the City's Funds

Gross receipts tax, the largest revenue source in the general fund, increased by \$252 thousand from 2016 due to the increase in gross receipts tax authorized by the legislature to make up for the state funding reductions which occurred in 2016 and carried over into 2017. Operating and capital grants and contributions decreased by \$106 thousand due to a decrease in legislative funding.

### Governmental Funds

The focus of the City's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable resources*. Unlike the government-wide financial statements, governmental fund financial statements focus on current sources and uses of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. This information is useful in assessing the City's financing requirements. Non-financial assets such as governmental buildings, roads, drainage ways and long-term liabilities, such as payables or long-term liabilities that will not be paid with current assets, are excluded. Such information is useful in assessing the City's financing requirements. In particular, the *Unassigned Fund Balance* may serve as a useful measure of the government's net resources available for spending at the end of the fiscal year.

The General Fund, Sonoma Ranch, and Telshor Facility funds are reported as major governmental funds. As of the end of fiscal year 2017, the City's governmental funds reported combined ending fund balances of \$193.15 million, an increase of \$15.15 million from the prior year due to more conservative spending efforts.

The fund balance of the General Fund is reported in the five categories defined by GASB 54. The non-spendable fund balance of \$1.76 million is for inventories. The restricted fund balance of \$1.73 million is for grants for general government, public safety programs, community development, parks and recreation, public works, and quality of life. The committed fund balance of \$8.25 million is for debt service. The assigned fund balance in the General Fund is \$4.48 million and is mainly for the acquisition of new vehicles and economic development. The allocation to each function is presented in the governmental funds balance sheet. The unassigned fund balance in the General Fund is \$39.77 million. The total fund balance in the General Fund is \$55.99 million.

Fund balances of other major governmental funds are committed and restricted. The fund balance in Sonoma Ranch of \$2.56 million is committed for public works. The Telshor Facility fund has \$40.51 million restricted for health-related programs. The fund balance in Debt Service of \$4.92 million is restricted for debt service funds. All other governmental funds are combined and reported as non-major governmental funds. Non-major governmental funds have a restricted fund balance of \$86.45 million for public safety, housing and community development, debt service, public works, quality of life, parks and recreation, and transportation. The committed fund balance of \$2.92 million is for debt service, public works, public safety programs, and health related programs.

# General Fund

The General Fund is the chief operating fund of the City. At the end of fiscal year 2017, unassigned fund balance of the general fund was \$39.77 million, while total fund balance was \$55.99 million. Of the \$39.77 million in unassigned fund balance, \$28.64 million represents the amount required by state and local policy to be held in reserve in the General Fund.

The fund balance of the City's General Fund increased \$5.53 million during the current fiscal year, attributable to revenue over expenditures increasing slightly from the previous year and a decrease in transfers out of the general fund causing a similar net change to fund balance as the previous year with a slight increase.

<u>*Revenues*</u> - The difference between the original budget and the final amended budget for revenues is an increase of approximately \$2.79 million for the year. This reflects an increase in the budget of \$2.18 million for Gross Receipts, which was determined as part of a mid-year revenue review as well as an end-of-year revenue review, and a \$609 thousand increase from other sources of revenue due to the same mid-year and end-of-year revenue reviews.

Actual revenues for the fiscal year were approximately \$753 thousand more than the final budget. Actual revenues from Local Taxes exceeded budget by approximately \$1.53 million, which was due to gross receipts tax distributions from the State exceeding what was estimated throughout the year. Actual revenues for all other income sources were less than the final budget by approximately \$777 thousand, which was due primarily to less investment income, charges for services, and fees and fines collected than were expected.

*Expenditures* - Differences between the original expenditures budget and the final amended expenditures budget totaled approximately \$2.19 million and are briefly summarized as follows:

- The budget for general government decreased by \$2.74 million. \$2.67 million is attributable to budget being reclassed from expenditures to transfers out. \$70 thousand is attributable to the net effect from mid-year and end-of-year budget adjustments.
- The budget for economic development increased by \$597 thousand. \$325 thousand is attributable to the transfer for airport being covered by the general fund. \$272 thousand is attributable to the net effect from mid-year and end-of-year budget adjustments.
- The budget for police decreased by \$1.03 million which is the net effect of mid-year and end-of-year budget adjustments primarily attributable to the reclass of budget to the fleet fund for vehicle maintenance and fuel costs.
- The budget for fire decreased \$307 thousand which is the net effect of mid-year and end of year budget adjustments primarily attributable to the reclass of budget to the fleet fund for vehicle maintenance and fuel costs.
- The budget for community development increased by \$68 thousand which is attributable to the net effect of mid-year and end-of-year budget adjustments.

- The budget for quality of life decreased by \$26 which is attributable to the net effect of mid-ear and end-of-year budget adjustments.
- The budget for Parks and Recreation decreased by \$541 thousand which is the net effect of mid-year and end-of-year budget adjustments primarily attributable to necessary decreases in salary budgets.
- The budget for capital outlay increased by \$2.00 million which is the net effect of mid-year ns end-of-year budget adjustments primarily attributable to several large projects being extended into the 2017 fiscal year rather than being completed in the 2016 fiscal year and an increase in costs of capital items.

Actual expenditures were approximately \$16.98 million less than the final expenditures budget. These variances can be briefly summarized as follows:

- The general government actual expenditures were approximately \$2.68 million less than the final budget. \$1.04 million is attributable to salary savings throughout the year. \$1.62 million is attributable to conservative spending on operating expenditures so that they were less than estimated.
- Actual expenditures for economic development were approximately \$8.02 million less that the final budget. \$7.54 million is attributable to careful utilization of planned contingency funds. \$27 thousand is attributable to salary savings throughout the year. \$21 thousand is attributable to conservative spending on operating expenditures so that they were less than estimated.
- Actual expenditures for police were \$1.07 million less than budget. \$703 thousand is attributable to salary savings throughout the year and \$367 thousand is attributable to conservative spending on operating expenditures so that they were less than estimated.
- Actual expenditures for fire were approximately \$494 thousand less that budget. \$411 thousand is attributable to salary savings throughout the year. \$83 thousand is attributable to conservative spending on operating expenditures so that they were less than estimated.
- Actual expenditures for community development were approximately \$664 thousand less than budget. \$210 thousand is attributable to salary savings throughout the year. \$454 thousand is attributable to conservative spending on operating expenditures so that they were less than estimated.
- Actual expenditures for quality of life were approximately \$442 thousand less than budget. \$252 thousand is attributable to salary savings throughout the year. \$190 thousand is attributable to conservative spending on operating expenditures so that they were less than estimated.
- Actual expenditures for public works were \$1.11 million less than budget. \$442 thousand is attributable to salary savings and \$668 thousand is attributable to conservative spending on operating expenditures so that they were less than estimated.

- Actual expenditures for parks and recreation were approximately \$617 thousand less than budget. \$195 thousand is attributable to salary savings and \$422 thousand is attributable to conservative spending on operating expenditures so that they were less than estimated.
- Actual expenditures for capital outlay were approximately \$1.90 million less than budget. This variance is caused by conservative spending on capital items so that expenditure was less than budgeted costs.

# Long-Term Debt

At the end of fiscal year 2017, the City had total long-term debt outstanding of \$202,369,920 in bonds, notes and leases, with a net increase of \$25,268,518 over the prior year due to the issuance of new debt.

Additional information on the City's debt can be found in Note 7.

# Capital Assets

The City's investment in capital assets for its governmental and business-type activities as of June 30, 2017 amounts to \$637,613,230 million, net of accumulated depreciation. This investment in capital assets includes land, buildings, land and building improvements, leasehold improvements, equipment, infrastructure, and construction in progress. The total increase in the City's investment in capital assets for the current fiscal year, net of accumulated depreciation, was 1.1 percent.

Additional information on the City's capital assets can be found in Note 4.

## **Economic Outlook**

With an official end to the recent Great Recession, national economic expansion continues. The overall U.S. unemployment rate has fallen below 5%, down from the 10% experienced by the country in 2009. The U.S. job market has experienced growth with non-farm employment estimated to increase by 0.7% in 2017 and 1.4% in 2018. The average hourly earnings for all employees in the private sector have increased by 2.5% over the last 12 months.

The National GDP (Gross Domestic Product) is anticipated to rise to approximately 1.85% in the 2017-2018 fiscal year. This rise is influenced by consumer spending resulting from increases in employment and increases in the average hourly earnings for all employees.

The economy of the City of Las Cruces is growing moderately and is forecasted to remain stable over the coming fiscal year. Non-farm employment is expected to grow at 0.6% for the 2017-2018 fiscal year. The majority of employment gains will be in the private sector, especially Health Care, Social Assistance, and Accommodation/Food Services industries. Employment growth in the public sector, however, is anticipated to remain flat.

Permitted valuation is anticipated to decrease in fiscal year 2017-2018. This is due to a reduction in commercial and residential construction and repairs. The construction market has been one market segment which has been greatly impacted over recent years, with slow and uneven recovery causing City staff to expect the issuance of new residential building permits to remain below 500 units for the 2017-2018 fiscal year. This will mark the seventh year in a row that new housing permits have fallen below 500 units.

## **City of Las Cruces** Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balance of Governmental Funds to the Statement of Activities For the Year Ended June 30, 2017

#### Net change in fund balances—governmental funds

| Total revenues and other financing sources in the governmental funds differ from total revenues for governmental activities in the statement of activities. The difference results primarily from the long-term economic focus of the statement of activities versus the current financial sources focus of the governmental funds. The main components of the difference are describe below:                                   |                          | \$ 15,269,619 |
|---|--------------------------|---------------|
| Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of certain capital outlays is allocated over the estimated useful lives of the assets acquired and reported as depreciation expense. As a result, fund balance decreased by the amount of financial resources expended, whereas net position decreased by the amount of depreciation expense charged for the year: |                          |               |
| Capital outlay  | \$ 34,117,241            |               |
| Depreciation  | (17,329,262)             |               |
| Difference in proceeds and net capital assets sold  | (101,462)                |               |
| Disposal of capital assets not recorded in governmental funds<br>Total  | (328,621)                | 16,357,896    |
|   |                          | 10,557,670    |
| Proceeds from the issuance of long-term obligations provide current financial resources to<br>governmental funds and increase long-term liabilities in the statement of net position.<br>Repayment of debt principal is an expenditure in the governmental funds, but the current<br>year principal repayment reduces long-term liabilities in the statement of net position.   |                          |               |
| Repayments of bonds and notes payable<br>Premiums on issuance of debt   | 9,697,955<br>(1,656,248) |               |
| Proceeds from bonds and notes payable   | (23,888,528)             |               |
| Interest expense related to bond refunding  | (19,702)                 |               |
| Amortization of premium/discount of bond and notes payable  | 62,581                   |               |
| Total   | 02,501                   | (15,803,942)  |
| The change in the liability for compensated absences affects expenses reported in the statement of activities but does not require the use of current financial resources and, therefore, is not reported as expenditures in governmental funds.  |                          | 143,953       |
|   |                          | 110,900       |
| Revenues in the statement of activities that do not meet the "availability" criteria for revenue recognition and, therefore, are not reported as revenues in the funds.   |                          | 676,742       |
| Principal payments by South Central Solid Waste to the City's debt service fund are reported as revenue in the debt service fund but reduce assets on the statement of net position.  |                          | (140,000)     |
| Change in PERA liability affects expenses reported in the statement   |                          |               |
| of activities but does not require the use of current financial resources and, therefore, is not  |                          |               |
| reported as expenditures in governmental funds.   |                          | (9,242,689)   |
| Internal service funds are used by management to charge the costs of certain activities such as insurance and telecommunications to individual funds. The change in net position  |                          |               |
| of internal service funds is reported within governmental activities.   |                          | (2,426,611)   |
| Change in net position of governmental activities   |                          | \$ 4,834,968  |

#### 1) Description and Reporting Entity

The City of Las Cruces (the "City") is a municipal corporation established under the laws of the State of New Mexico and operates under a Home Rule Charter. The City was incorporated in 1946 and operates under a Council/Manager form of government consisting of a Mayor and six Council members. The Mayor is elected at large for a four-year term. Council members are elected from six single member districts to four-year terms. Elections are held bi-annually. The City Manager, appointed by the City Council, is responsible for the management of all City employees and the administration of all City affairs.

The accompanying financial statements present the activities of the City of Las Cruces and its two component units; legally separate organizations for which the City is financially accountable. The component units are:

| Component Unit   | Included in the<br>Reporting Entity Because:  | Separate<br>Financial Statements   |
|--|---|--|
| South Central Solid Waste<br>Authority, (SCSWA)          | In accordance with the joint powers<br>agreement (JPA), SCSWA revenues are<br>the primary source of debt service for<br>City bonds issued to construct a<br>regional landfill and transfer station.<br>According to GASB Statement No. 61,<br>the SCSWA qualifies as a discretely<br>presented component unit, due to the<br>following reasons. There is a joint<br>powers agreement (JPA) between the<br>City of Las Cruces and SCSWA and the<br>City of Las Cruces is still considered<br>one of the largest customers for<br>SCSWA. If SCSWA ever defaults,<br>then the City of Las Cruces will take<br>over the organization and pledged<br>EGRT to cover the outstanding<br>debt/loan/leases. The criteria of equity<br>interest also exists and the City of Las<br>Cruces will receive any assets if the<br>component unit ever decides to<br>dissolve. | Separate financial statements<br>are available for SCSWA at<br>700 N. Main St., Las Cruces,<br>New Mexico 88001. |
| Downtown Tax Increment<br>Development District<br>(TIDD) | The Board members for the TIDD are<br>also the City Councilors, which allows<br>the City to impose its will. According<br>to GASB Statement No. 61, the TIDD<br>qualifies as a blended component unit.<br>Mainly due to management having<br>operational responsibility for the<br>blended component unit.  | Presented as a blended component unit of the City.   |

#### 1) Description and Reporting Entity (Continued)

SCSWA is reported as a discretely presented component unit in the accompanying financial statements while the TIDD is reported as a blended component unit.

#### 2) Basis of Presentation, Basis of Accounting

#### Basis of Presentation

*Government-Wide Statements*—The statement of net assets and the statement of activities display information about the primary government (the "City") and its component units. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. These statements distinguish between the governmental and business-type activities of the City. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Under GASB 33, the City defines "available to be 60 days after the fiscal year end". Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the City and for each function of the City's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function.

Program revenues include (a) fees, fines, and charges paid by the recipients of goods or services offered by the programs, and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies and investment earnings, result from non-exchange transactions or ancillary activities. Proprietary fund operating expenses include the cost of services, administrative and general expenses, and depreciation on capital assets.

*Fund Financial Statements*—The fund financial statements provide information about the City's funds, including its fiduciary funds. Separate statements for each fund category—governmental, proprietary, and fiduciary—are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as non-major funds.

#### 2) Basis of Presentation, Basis of Accounting (continued)

The City reports the following as major governmental funds:

#### General Fund

The general fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

#### Debt Service Fund

The Debt Service fund accounts for the resources accumulated and payments made for principal and interest on long-term debt of the governmental funds.

#### Special Revenue Funds

The Sonoma Ranch fund accounts for the reimbursements to the City from local developers for debt service on special roadway/utility projects.

The Telshor Facility fund accounts for the net proceeds of the facility lease with LifePoint Hospitals, doing business as Memorial Medical Center. Lease proceeds are used for health-related programs and projects.

The City reports the following major enterprise funds:

The *Gas fund* accounts for the activities of the City's natural gas utility, which provides service to the residents of the City and some residents within the County.

The *Water fund* accounts for the activities of the City's natural water utility, which provides service to the residents of the City and some residents within the County.

The *Wastewater fund* accounts for the activities of the City's wastewater utility, which provides service to the residents of the City and some residents within the County.

The *Solid Waste fund* accounts for the activities of the City's solid waste utility, which provides service to the residents of the City and some residents within the County.

The City also reports the following fund types:

*Internal Service Funds*—used to report activities that provide goods or services to other funds, departments, or agencies of the City and its component units on a cost-reimbursement basis. These activities include fleet services, general liability, and workers' compensation.

*Agency Funds*—used to account for monies held by the City in a custodial capacity. These funds do not report operations or have a measurement focus. The funds held by the City in a fiduciary capacity include: Mesilla Valley Regional Dispatch Authority; Metro Narcotics Agency; Animal Service Center of the Mesilla Valley; Mesilla Valley Safety Council; Branigan Estate (proceeds of sales of assets are used to purchase books for the library); Employee Benefits Committee; Veteran's Memorial Wall; Veteran's Museum; and Gifts and Memorials.

#### 2) Basis of Presentation, Basis of Accounting (continued)

#### Measurement Focus, Basis of Accounting

*Government-Wide, Proprietary, and Fiduciary Fund Financial Statements*—The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place.

Non-exchange transactions, in which the City gives (or receives) value without directly receiving (or giving) equal value in exchange, include gross receipts and property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenues from gross receipts taxes are recognized when the underlying transaction takes place. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

*Governmental Fund Financial Statements*—Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The City considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. Property taxes, sales taxes, franchise taxes, licenses, and interest are considered to be susceptible to accrual. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under the terms of grant agreements, the City funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. It is the City's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general revenues.

#### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements. Actual results could differ from those estimates.

#### 2) Basis of Presentation, Basis of Accounting (continued)

#### Fair Value of Financial Instruments

The City's financial instruments consist of investments in securities, bonds, and notes payable. The City estimates that the fair value of all its financial instruments does not differ materially from their aggregate carrying values in the accompanying statement of net assets. The estimated fair value amounts have been determined by the City using available market information and appropriate valuation methodologies. Considerable judgment is necessarily required in interpreting market data to develop the estimates of fair value, and, accordingly, the estimates are not necessarily indicative of the amounts that the City could realize in a current market exchange. None of the financial instruments are held for trading purposes.

#### Assets, Liabilities and Equity

#### Cash Equivalents and Investments

The City pools idle cash from all funds for the purpose of increasing income through investment activities. A "Pooled Cash" concept is used in maintaining the cash and investment accounts in the accounting records. Under this method, all cash is pooled for investment purposes and each fund has equity in the pooled amount. All amounts included in pooled cash and investments with an original maturity of 90 days or less are considered to be cash equivalents for the purposes of the statement of cash flows.

Investments are stated at fair value.

#### Restricted Cash and Investments

The amount of cash held representing utility deposits is classified as restricted on the *Statement of Net Assets–Propriety Funds*. Also, certain proceeds of joint utility revenue bonds, as well as resources set aside for their repayment, and resources set aside to fund capital asset replacements and landfill closure obligations, are classified as restricted as their use is limited.

#### Receivables

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied each year on July 1 on the taxable valuation of property location in the City as of the preceding January 1. The taxable valuations for the various classes of property are determined by the County Assessor and the State of New Mexico Department of Taxation and Revenue at one-third of assessed valuation. Taxes are payable in two equal installments on December 10 and May 10 and become delinquent after 30 days. Property taxes receivable are deemed to be substantially collectible.

#### 2) Basis of Presentation, Basis of Accounting (continued)

All trade receivables are shown net of an allowance for uncollectible amounts. The allowance for doubtful accounts is based on management's assessment of the collectability of specific customer accounts, the aging of the accounts receivable, historical experience, and other currently available evidence. Notes receivable in the statement of net assets consist of rehabilitation and redevelopment loans that are generally not expected or scheduled to be collected in the subsequent year.

#### Inventories and Prepaid Items

Inventories are valued at cost using the weighted average cost method. The costs of governmental fund-type inventories are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

#### Capital Assets

Capital assets are defined as assets with an initial individual cost or fair value of more than \$5,000 and an estimated useful life in excess of one year. Purchased and constructed capital assets are reported at cost or estimated historical cost. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are reported at acquisition value. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. The City has retroactively reported all major general infrastructures in these financial statements.

In accordance with provisions of GASB No. 34, the City regards library materials (e.g., books, tapes, etc.), as individual assets versus collections and, therefore, they are not capitalized. Museum collections and exhibits are considered a collection but are not capitalized as allowed by GASB 34. Also, the initial purchase of software meeting the City's capital asset definition is capitalized; however, periodic costs for software upgrades are not capitalized due to the rapid change in technology.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

| Asset Class                | Estimated Useful Lives |
|----------------------------|------------------------|
| Infrastructure             | 30–50                  |
| Land improvements          | 30                     |
| Buildings and improvements | 30                     |
| Vehicles                   | 4–12                   |
| Office equipment           | 3–10                   |
| Computer equipment         | 3–10                   |

#### 2) Basis of Presentation, Basis of Accounting (continued)

#### Compensated Absences

The liability for compensated absences reported in the government-wide and proprietary fund statements consists of unpaid, accumulated annual and sick leave balances. The liability has been calculated using the vesting method, in which leave amounts for both employees who currently are eligible to receive termination payments and other employees who are expected to become eligible in the future to receive such payments upon termination are included.

#### Pollution Remediation

The City has implemented the provisions of Government Accounting Standards Board Statement No. 49, *Accounting and Financial Reporting for Pollution Remediation*, obligations. Accordingly, liabilities are accrued in government-wide and proprietary fund financial statements when certain obligating events occur. Accrued pollution remediation costs are expensed unless they meet the criteria for capitalization in GASB Statement No. 49.

#### Fund Balance

Prior to FY2011, the City reported the governmental fund balances as reserved and unreserved. Effective FY2011, the City implemented GASB 54 and reports the governmental fund balances in five categories, which include:

- 1) Non-spendable fund balance amounts that are not in a spendable form or are required to be maintained intact. Examples are inventory or long-term receivables.
- 2) Restricted fund balance amounts that can be spent only for the specific purposes imposed by creditors, grantors, contributors, or laws and regulations of other governments. An example is federal grants.
- 3) Committed fund balance amounts to be used for specific purposes as determined by Council resolution, a formal action of the City's highest level of decisionmaking authority. Commitments established by the City Council may be changed or lifted only by an action of the City Council through resolution, taking the same formal action that imposed the original constraint.
- 4) Assigned fund balance comprises amounts *intended* to be used by the City for specific purposes. Intent can be expressed by the City Council, or by an official or body to which the City Council delegates the authority. In governmental funds other than the General Fund, assigned fund balance represents the amount that is not restricted or committed but has been earmarked by the governing body by accounting them in these funds.

#### 2) Basis of Presentation, Basis of Accounting (continued)

5) Unassigned fund balance – is the residual classification of the General Fund and includes all amounts not contained in other classifications. Unassigned amounts are technically available for any purpose. Only the General Fund may report "positive" amounts of unassigned Fund Balance. General Fund types other than the general fund are permitted to report "negative" amounts of unassigned fund balance and is not appropriate to report a positive unassigned balance. However, in governmental funds other than the general fund, if expenditures incurred for specific purposes exceed the amounts that are restricted, committed, or assigned for those purposes, it may be necessary to report a negative unassigned fund balance in that fund.

It is essential that the City maintain adequate levels of fund balance in the General Fund to mitigate revenue fluctuations and unanticipated expenditures. Therefore, the City has adopted a formal fund balance policy. The fund balance policy establishes a minimum amount to be held in the fund balance of the General Fund of 8.33%, or 1/12, of the annual budgeted expenditures. This policy applies only to the chief operating fund of the City - the General Fund. In addition to the GASB requirement, the State of New Mexico requires that a 1/12 reserve be maintained in the General Fund. The 1/12 reserve is reported in the financial statements as Unassigned Fund Balance.

When multiple categories of fund balance are available for expenditure (for example, a construction project is being funded partly by a grant, funds set aside by the City Council, and unassigned fund balance), the City will start with the most restricted category and spend those funds first before moving down to the next category of available funds.

The City of Las Cruces reports fund balances by specific function. These functions may include multiple purposes for the use of these fund balances. Further detail for certain major functions is listed below:

## 2) Basis of Presentation, Basis of Accounting (continued)

|                                   | General<br>Fund | Other Funds | Total           |
|-----------------------------------|-----------------|-------------|-----------------|
| Non-spendable:                    | <br>            |             | <br>            |

#### **Budgets**

The City budget is prepared on a basis consistent with accounting principles generally accepted in the United States of America (GAAP), using an estimate of the anticipated revenues and expenditures. Annual appropriated budgets are adopted for all funds. All unexpended appropriations will lapse at the end of the fiscal year. The State of New Mexico Department of Finance and Administration (DFA) allows GAAP budgeting to the extent cash and investments required for operations are available. Budgets of the City's component unit (SCSWA) are also prepared on a GAAP basis.

New Mexico State law prohibits a municipality from making expenditures in excess of approved appropriations. If a fund is not overspent, it is in compliance with state law. The budget may be amended by the City Council; however, DFA approval must be obtained on budget increases and budget transfers between funds.

#### Adoption of New Accounting Pronouncements

GASB Statement No. 77, *Tax Abatement Disclosures*, is effective for years beginning after December 15, 2015. This statement requires governments that enter into tax abatement agreements to disclose (1) brief descriptive information, such as the tax being abated, the authority under which tax abatements are provided, eligibility criteria, the mechanism by which taxes are abated, provisions for recapturing abated taxes, and the types of commitments made by tax abatement recipients, (2) the gross dollar amount of taxes abated during the period, and (3) commitments made by a government, other than to abate taxes, as part of a tax abatement agreement. The provisions of GASB Statement No. 77 have been implemented for the year ended June 30, 2017. City's financial statements and note disclosures reflect any required changes.

#### 2) Basis of Presentation, Basis of Accounting (continued)

#### New Accounting Pronouncements

The following accounting pronouncements have been recently issued, but not yet adopted by the City. Management anticipates that, upon adoption by the City, none of these statements will have a significant impact on the City's financial position or results of operations. Pronouncements that are not applicable to the City have been omitted.

- Statement No. 75: Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions
- Statement No. 83: Certain Asset Retirement Obligations
- Statement No. 84: Fiduciary Activities
- Statement No. 85: Omnibus 2017
- Statement No. 86: Certain Debt Extinguishment Issues
- Statement No. 87: *Leases*

#### 3) Cash and Investments

The City follows the practice of pooling cash and investments of all funds with the City Treasurer except for restricted funds generally held by outside custodians and certain special revenue, debt service reserve, and capital projects funds. The cash and investment pool is not reported as a trust and agency fund. Each fund's equity in the pool is included in "Cash and investments" on its balance sheet or statement of net position.

| Cash and investments                |                   |

#### Bank Balance of Deposits

*Custodial Credit Risk – Deposits.* Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The City's investment ordinance requires collateralization of 100% of the uninsured portion of the City's deposits with financial institutions. Securities pledged by financial institutions are accepted at market value, except obligations of the state of New Mexico and its subdivisions, which are accepted at par value. As of June 30, 2017, the City's deposits, totaling \$73,503,732 was insured by FDIC or collateralized by securities held in trust by a third-party bank for the depository bank in the City's name and thus was not exposed to custodial credit risk.

#### Investments

The City's investment policy allows investment in: a) U.S. Treasury obligations; b) U.S. government agency and instrumentality obligations; c) repurchase agreements whose underlying securities and/or collateral consist of allowed investments described in (a) or (b) above; d) commercial paper rated not less than A-1, P-1, F-1, or equivalent by a nationally recognized rating agency; e) pooled funds maintained by the State Treasurer; and f) mutual funds whose portfolios consist solely of allowed investments.

The City may also invest money identified as long-term in the pools of the New Mexico State Investment Council (SIC) subject to annual review and approval by the City Council. The SIC is a component unit of the primary government of the State of New Mexico. The fair value of the City's position in the SIC pools is the same as the value of the pool shares.

#### 3) Cash and Investments (continued)

As of June 30, 2017, the City had the following investments:

|                                  |                   | Weighted-Avg   |
|----------------------------------|-------------------|----------------|
| Investment Type                  | <br>Fair Value    | Maturity (Yrs) |
| Pooled Investments:              |                   |                |
| Overnight repurchase agreement   | \$<br>16,674,840  | 0.00           |
| U.S. agency coupon bonds         | 129,245,167       | 12.81          |
| U.S. agency treasury bills       | <br>9,962,980     | 0.82           |
|                                  | <br>155,882,987   |                |
| Telshor Facility Fund:           |                   |                |
| U.S. agency coupon bonds         | 14,150,360        | 8.86           |
| External investment equity pools | <br>24,789,088    | N/A            |
| Total Telshor Facility Fund      | <br>38,939,448    |                |
| Water and Wastewater Funds:      |                   |                |
| U.S. agency coupon bonds         | <br>2,390,328     | 9.00           |
| Total Investments                | \$<br>197,212,763 |                |

*Interest Rate Risk.* The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The investment pool includes step-up coupon securities that total \$111,943,960 issued by U.S. government agencies that are callable by the issuer under certain circumstances. For purposes of calculating weighted-average maturity, the City uses duration.

*Credit Risk.* The City's investment policy lists the criteria for selecting investments and the order of priority as follows: 1) safety; 2) liquidity; and 3) yield. As of June 30, 2017, the City's investments in coupon bonds of U.S. agencies were rated AA+ or better by Standard & Poor's and Aaa by Moody's Investors Service. The external investment pools of the NM State Investment Council are not rated.

*Custodial Credit Risk.* For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City's investment policy requires that securities held in street name with a broker or dealer be insured, and that all other securities be held by the City or a third-party safekeeping financial institution acting as trustee for the City. As of June 30, 2017, all of the City's securities are held in either the street name or by a third-party financial institution in the City's name.

#### 3) Cash and Investments (continued)

*Concentration of Credit Risk.* The City's formal investment policy places no limit on the amount the City may invest in any one issuer. As of June 30, 2017, 47% of the City's investment pool was in Fannie Mae (FNMA), 36% was in Federal Home Loan Mortgage Corporation (FHLMC), 10% in Federal Home Loan Bank (FHLB), 6% was in Federal Farm Credit Bank (FFCB), and 1% in U.S. Treasury Bills. Of the Telshor Fund, 34% was in FHLB and 66% was in FFCB. Of the Water and Wastewater Funds portfolio, 100% was in FHLB.

*Fair Market Value Hierarchy*. The City categorizes its fair value measurement within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets: Level 2 inputs are significant other observable inputs: Level 3 inputs are significant unobservable inputs.

The City has the following recurring fair value measurements as of June 30, 2017:

| Investment Type                           |    | Level 1   | Level 2 |             |  |
|---|----|-----------|---------|-------------|--|
| New Mexico State Investment Council Pools | \$ | 5,041,738 | \$      | 19,507,615  |  |
| U.S. Agency Securities                    |    | -         |         | 145,785,857 |  |
| U.S. Treasury Securities                  |    | -         |         | 9,962,980   |  |
| Stagecoach Sweep Repo                     |    |           |         | 16,674,840  |  |
| Total Pooled Investments                  | \$ | 5,041,738 | \$      | 191,931,292 |  |

*Investment Pools*. The City's investment in pools are reported at an amount determined by the fair value per share of the pool's underlying portfolio, unless the pool is a 2a7-like, in which case they are reported at share value. A 2a7-like pool is one which is not registered with the Securities and Exchange commission ("SEC") as an investment company, but nevertheless has a policy that it will, and does operate in a manner consistent with the SEC's Rule 2a7 of the Investment Act of 1940.

The City's investment in pools at June 30, 2017 are shown below:

|   | <br>Reported<br>Amount | <br>Fair<br>Value | Weighted<br>Average<br>Maturity |
|---|------------------------|-------------------|---------------------------------|
| Overnight Repurchase Agreement                          | \$<br>16,674,840       | \$<br>16,674,840  | N/A                             |
| State Investment Council Large Cap Active Equity Pool   | 9,447,002              | 9,447,002         | N/A                             |
| State Investment Council Large Cap Index Equity Pool    | 5,041,738              | 5,041,738         | N/A                             |

Land and land rights was increased by approximately \$4.4 million with the purchase of land to build the Downtown Civic Plaza and the purchase of the Amador Hotel Site and land purchase.

Construction in Process decreased by approximately \$12.8 million due to completion of East Mesa Public Safety Complex. On-going projects include: Cinematic Theatre Project, Amador Hotel, and three fire trucks.

#### 4) Capital Assets (continued)

Airport PAPI Infra increased by approximately \$106 thousand due to the Airfield Electrical Vault Expansion. Parks Improvement increased by \$1.7 million which included Young Park playground equipment, Veterans Memorial plaques and bricks, Women Veterans Monument improvements, etc.

Roads increased by approximately \$14 million which included the ADA Improvements, Dam Trail improvements, Roadrunner Parkway expansion, paving and Streets for FY17, Sidewalks, Lighting, Traffic Safety Management control, etc.

The City spent approximately \$4.5 million for equipment purchases such as vehicles for Las Cruces Police and Fire Departments, Parks & Recreation. Decreases in machinery and equipment were due to the retirement of items sent to auction and donations made to outside agencies.

#### 4) Capital Assets (continued)

#### **Business Type Activities**

Jornada Water Rights was acquired for \$7.7 million under Land Rights.

There was no change to construction in progress.

The Utilities transmission increased by \$27 million primarily due to gas infrastructure additions and donated subdivisions as well as adjustment costs for interest expense.

Machinery and equipment remained at \$4.1 million due to various purchases of machinery and equipment for Gas, Water, Wastewater, transit, and Solid Waste. Included in this was partial expense for the Munis reimplementation cost.

Depreciation expense was charged to functions as follows:

#### 5) **Receivables and Payables (continued)**

#### **Governmental Activities**

Special assessments receivables of \$4,974,339 and related interest receivable of \$2,441,385 represent amounts due from local developers to reimburse the City for the construction of subdivisions or other improvements for residential development. Though a majority of special assessments are not scheduled for collection within the next fiscal year, amounts are expected to be fully collected. The receivables are deferred and reported in the Sonoma Ranch Fund.

Business-type activities receivables were as follows at June 30, 2017:

|                                | Accounts<br><u>Receivable</u> | Allowance<br>for Doubtful<br><u>Accounts</u> | Accounts<br>Receivable,<br><u>Net</u> |

#### **Business-type Activities**

The accounts receivable for business-type activities are related to the provision of utility services to City customers. Receivables are shown net of an allowance for doubtful accounts. The allowance for doubtful accounts is based on management's assessment of the collectability of specific customer accounts, the aging of the accounts receivable, historical experience, and other currently available evidence.

### 5) Receivables and Payables (continued)

Governmental activities accounts payable and accrued liabilities at June 30, 2017 were as follows:

| Nonmajor governmental funds   | \$                       | 3,631,367 | \$ | -                     | \$    | 3,631,367   |  |
| Nonmajor governmental funds   |                          |           |    |                       |       |             |  |
| General fund                  |                          |           |    | (3,631,367)           |       | (3,631,367) |  |
| Total governmental activities | \$                       | 3,631,367 | \$ | (3,631,367)           | \$    | -           |  |

The governmental fund balances reflect short-term advances from the general fund to funds with a credit cash balance. Credit cash balances are related to grant activity where grant expenditures are followed by grant reimbursements. Grant funding is generally used for senior programs, certain police activities, and capital grants for equipment, roadways, flood control, and airport improvements.

#### Business-type Activities

Business-type activities receivables and payables as of June 30, 2017 were as follows:

|                                | Interfund<br>Receivables |           |    | Interfund<br>Payables | Total |             |  |
|--------------------------------|--------------------------|-----------|----|-----------------------|-------|-------------|--|
| Business-type activities       |                          |           |    |                       |       |             |  |
| Major enterprise funds         |                          |           |    |                       |       |             |  |
| Water Development Fund         | \$                       | -         | \$ | (2,166,714)           | \$    | (2,166,714) |  |
| Wastewater Development Fund    |                          | 2,166,714 |    | -                     |       | 2,166,714   |  |
| Total business-type activities | \$                       | 2,166,714 | \$ | (2,166,714)           | \$    | -           |  |

#### Business-type Activities

The business-type activities interfund balances reflect long-term advances of pooled cash between utilities. The water development fund borrowed cash from the wastewater development fund in fiscal year 2012, with a ten-year repayment schedule including interest. The water development fund advance will be repaid in 2023.

#### 6) Interfund Assets, Liabilities and Transfers (continued)

#### Interfund Transfers

Interfund transfers for the fiscal year ended June 30, 2017 consisted of the following:

|                                       |                             | Amour     | nt        | _  |
|---------------------------------------|-----------------------------|-----------|-----------|--|

Claims and judgment liabilities have typically been liquidated in the general fund and the self-insurance fund (an internal service fund). Compensated absences typically have been liquidated in the fund to which the employees are assigned. For governmental activities, most compensated absences liquidate in the general fund. For business-type activities, each major fund and transit have a significant share of the liquidations. The balances for compensated absences and claims and adjustments are adjusted to include all internal service fund balances in governmental activities.

#### 7) Long–term Liabilities (continued)

#### Description of Bonds

In 2010, Municipal Gross Receipts Revenue Refunding Bonds, Series A and B, were issued to refund the 1999 A and B Gross Receipts Tax Bonds and the 2006 Street Improvement and Flood Control NMFA notes. The bonds are secured by a pledge of certain future gross receipts tax through maturity. For the current year, such pledged revenues totaled \$14.1 million. Principal payments on the bonds for the current year for the Series A and Series B bonds were \$695,000 and \$180,000, respectively. Interest payments were \$84,450 and \$28,650, respectively.

State-shared Gross Receipts Tax Revenue Bonds, Series 2010, were issued to refund the 2008 NMFA Convention Center note. The bonds are secured through maturity by state-shared gross receipts tax and lodger's tax revenues. Such revenues totaled \$39.2 million in 2017. For the current year, principal and interest paid was \$630,000 and \$956,856, respectively.

In 2012, Municipal Gross Receipts Revenue Bonds, Series 2011A and 2011B were issued to fund street and facilities improvements and improve flood control. Series 2011A bonds are secured by state-shared gross receipts tax revenues through maturity. These pledged revenues were \$35.9 million in 2017. Series 2011B bonds are secured by certain future gross receipts tax through maturity. In fiscal year 2017, such pledged revenues totaled \$7.0 million. Principal payments on the bonds for the current year for the Series A and Series B bonds were \$885,000 and \$100,000, respectively. Interest payments were \$249,775 and \$15,969, respectively.

State-shared Gross Receipts Tax Revenue Bonds, Series 2014, were issued to fund roadway construction and facility construction and equipment. The bonds are secured through maturity by state-shared gross receipts tax revenues. Such revenues totaled \$35.9 million in 2017. For the current year, principal and interest paid was \$2,190,000 and \$301,950, respectively.

In 2014, Municipal Gross Receipts Revenue Bonds, Series 2014A and 2014B were issued to fund street improvements and improve flood control. Series 2014A bonds are secured by certain future gross receipts tax through maturity. For the current year, such pledged revenues totaled \$7.0 million. Series 2014B bonds are secured by certain future gross receipts tax through maturity. In fiscal year 2017, such pledged revenues totaled \$7.0 million. Principal payments on the bonds for the current year for the Series A and Series B bonds were \$1,085,000 and \$150,000, respectively. Interest payments were \$176,419 and \$28,200 respectively.

#### 7) Long–term Liabilities (continued)

The City issued \$19,195,000 bond par amount in State-shared Gross Receipts Tax Refunding Bonds, Series 2015 to defease and refund the Series 2005 State-shared Gross Receipts tax bonds and pay the costs of issuance. The proceeds for the advance refunding were deposited in an irrevocable trust and the associated debt was defeased and subsequently called on June 1, 2015. The true interest cost on the new bond series is 2.73 percent with a final maturity of June 1, 2035. The net present value savings resulting from this refunding is \$2,724,805. The difference in cash flow requirements to service the old debt of \$29,526,983 and the cash flows to service the debt of \$26,014,758 is \$3,512,225. The bonds are secured through maturity by state-shared gross receipts tax revenues. Such revenues totaled \$35.9 million in 2017. For the current year, principal and interest paid was \$615,000 and \$574,488, respectively.

In 2015, Hold Harmless Gross Receipts Revenue Bonds, Series 2015A and 2015B were issued to fund street and facility improvements and economic development projects. The Series 2015A and 2015B bonds are secured by certain future gross receipts tax through maturity. For the current year, such pledged revenues totaled \$9.7 million. Principal payments on the bonds for the current year for the Series A and Series B bonds were \$790,000 and \$145,000, respectively. Interest payments were \$811,925 and \$151,579, respectively.

Taxable Subordinate Lien State-shared Gross Receipts Improvement Revenue Bonds, Series 2016 were issued to fund street and infrastructure improvements in the Metro Verde development area. The Series 2016 bonds are secured by a subordinate lien on certain future gross receipts tax through maturity. For the current year, such pledged revenues totaled \$35.9 million. The City expects to be reimbursed for costs of the project through the Metro Verde Voluntary Assessment District. Principal and interest payments on the bonds for the current year were \$0 and \$298,503, respectively.

The City issued \$5,000,000 bond par amount in Flood Control Municipal Gross Receipts Tax Bonds, Series 2016. The bonds were issued to fund various flood control projects within the City. The Series 2016 bonds are secured by the fifth one-quarter of one percent municipal gross receipts tax revenues. For fiscal year 2017, such pledged revenues totaled \$7.0 million. Principal and interest payments on the Series 2016 bonds in the current year were \$635,000 and \$170,586, respectively.

In 2017, State-Shared Gross Receipts Tax Revenue Bonds, Series 2017 were issued to fund street and facility construction and improvement projects. The Series 2017 bonds are secured through maturity by state-shared gross receipts tax revenues. For the current year, such pledged revenues totaled \$35.9 million. There were no principal and interest payments on the bonds in the current year.

# 7) Long-term Liabilities (continued)

### Debt Service Requirements

Tax revenue bonds payable by governmental activities are summarized as follows:

| Туре                         | Purpose                        | Original<br>Date | Due<br>Date   | Issue          | Balance<br>Outstanding | Interest<br>Rates % |

### 7) Long–term Liabilities (continued)

#### Defeased Bonds

During prior fiscal years, the City entered into various advance refunding transactions related to certain of its bonded debt. A portion of the proceeds of the refunding issues was placed in trust and used to purchase securities of the U.S. government and related agencies at various interest rates and maturities sufficient to meet all debt service requirements of the refunded debt. The assets are administered by trustees and are restricted for retirement of refunded debt. The liability for the refunded bonds and the related securities and escrow accounts are not included in the accompanying financial statements since the City defeased its obligation for the payment of the refunded debt upon completion of the refunding transactions.

As of June 30, 2017, no defeased bonds are outstanding.

#### Non-recourse (Conduit) Debt

The City has issued Industrial Revenue Bonds to provide financial assistance to private sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The bonds are secured by the property financed and are obligated for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. For a description of the related tax abatement, see Note 21.

As of June 30, 2017, one Industrial Revenue bond is outstanding to F&A Dairy Products, with an aggregate principal amount payable of \$7,900,000.

| F&A Dairy Products, Inc. | \$<br>7,900,000 |
|--------------------------|-----------------|
|                          | \$<br>7,900,000 |

#### Arbitrage

Under U.S. Treasury Department regulations, all governmental tax-exempt debt issued after August 31, 1986 is subject to arbitrage rebate requirements. The requirements stipulate, in general, that the earnings from the investment of tax-exempt bond proceeds, which exceed related interest expenditures on the bonds, must be remitted to the federal government on every fifth anniversary of each bond issue. The City periodically engages an independent consultant to determine whether the City has an arbitrage liability. No arbitrage liability is reported in the financial statements as of June 30, 2017.

|                  |                         |                  |             | \$ 26,353,166     | \$ 15,325,802 |                     |

The 2010 NMFA-Fire apparatus loan is secured through maturity by fire protection fund revenues which totaled \$742,698 in 2017. The 2010 NMFA Griggs Walnut Plume note is secured by the 1995 environmental gross receipts tax revenues which totaled \$1,811,504 in 2017. The 2010 HUD loan is secured by property. The 2011 Gas Tax Refunding loan is secured by gasoline tax revenues which totaled \$1,403,313 in 2017. The 2014 SCSWA Projects loan is secured by the SCSWA operating revenues and City and County Environmental Gross Receipts taxes. The 2016 NMFA streets improvement is secured by the first 1/4% increment of the municipal gross receipts tax revenues which totaled \$7.0 million in 2017.

The remaining notes payable in the table above are secured through maturity by the stateshared gross receipts tax which totaled \$35.9 million in 2017.

Principal and interest paid on the outstanding notes in the current year was \$1,597,955 and \$274,400, respectively.

#### Joint Utility Revenue Bonds

In 2006, the City issued \$17,575,000 in joint utility revenue bonds (Series 2006). Certain proceeds of this issuance were deposited in the Acquisition Fund and used to finance the acquisition, installation, and construction of water and wastewater capital improvements. Additionally, certain proceeds were used to fund the Reserve Requirement and pay costs of issuance relating to these bonds.

On May 12, 2015, the City issued \$16,895,000 of 2015 joint utility refunding bonds to defease the Series 2006 bonds. The total interest cost on the new bond is 2.4 percent with a final maturity of June 1, 2035. The gain from this refunding is \$429,226 and the present value savings resulting from this refunding is \$1,038,837. The difference in cash flow requirements to service the old debt of \$15,746,075 and the cash flows to service the debt of \$12,914,300 is \$2,831,775.

In 2009, the City issued \$17.6 million in joint utility refunding revenue bonds (Series 2009) to defease \$18.2 million of outstanding 1997 Series bonds and refund \$2.0 million of outstanding 2000 Series bonds. These monies contemporaneously funded a reserve account for the Series 2009 bonds and paid all costs and expenses pertaining to their issuance.

In 2010, the City issued \$24.8 million in joint utility refunding revenue bonds (Series 2010) to refund eight 2003 through 2007 NMFA notes with \$24.8 million outstanding. This refunding also established a reserve account and paid all costs of issuance.

#### 7) Long–term Liabilities (continued)

On August 26, 2014, the City issued \$7,125,000 of joint utility refunding revenue bonds (Series 2014A) to defease and refund the 2005 joint utility revenue bonds. Proceeds were deposited in an escrow fund that then paid the outstanding balance of the bonds on June 1, 2015. Certain other proceeds were used to fund a debt service reserve account and pay costs of issuance relating to these bonds. The average interest of the Series 2014A bonds is 3.42 percent. The City had a gain of \$266,052 and obtained a net present value savings from this refunding of \$529,520. The cash flows to service the refunding bonds is \$985,728 less than the cash flows required to service the debt on the 2005 bonds.

The City issued \$3.4 million in joint utility improvement revenue bonds (Series 2014B). The proceeds of these bonds were used to improve the City's Joint Utility System, fund a reserve account and pay costs of issuance relating to these bonds.

In 2015, the City issued \$16.9 million in joint utility refunding and improvement revenue bonds (Series 2015) to refund and defease \$13.1 million of outstanding 2006 Series bonds. The proceeds were also used to improve the City's Joint Utility System, fund a standalone surety reserve, and pay all costs of issuance.

In 2016, the City issued 16.3 million in joint utility improvement revenue bonds (Series 2016). The proceeds of these bonds were used to expand and improve the City's joint utility system. The requirement for reserve account was satisfied with a surety bond insurance.

| 2028-2032            | 12,740,000       |          | 2,522,143  | 15,262,143       |
| 2033-2036            | <br>9,030,000    |          | 629,268    | <br>9,659,268    |
|                      | \$<br>77,230,000 | \$       | 21,407,302 | \$<br>98,637,302 |

The 2009, 2010, 2014A, 2014B, and 2015 JU revenue bond ordinances provide that the net revenue of the City's utility systems shall be at least 125% of the maximum outstanding debt requirements for the utility system. These bonds are not a general obligation to the City, but are payable and collectible solely out of the net revenues of the systems. Net revenue as defined in the bond ordinances means the revenue after deducting operation and maintenance expenses. Operation and maintenance expenses include all reasonable and necessary current expenses of the City, paid or accrued, for operating, maintaining, and repairing the system; and shall include, without limiting the generality of the foregoing, legal and overhead expenses of the various City departments directly related and reasonably allocable to the administration of the system, insurance premiums, the reasonable charge of depository banks and paying agents, contractual services, professional services required by this ordinance, salaries and administrative expenses, labor, and the cost of materials and supplies used for current operation; but shall not include any allowance for depreciation, payments in lieu of taxes, liabilities incurred by the City as a result of its negligence in the operation of the system, improvements, extension, enlargements or betterment, or any charges for the accumulation of reserves for capital replacements. The net revenue for the fiscal year ended June 30, 2017 exceeded the maximum annual debt service requirement. Bond reserve accounts have been established to accumulate funds.

### 7) Long-term Liabilities (continued)

The bond ordinances provide that any monies in any fund or account may be invested in any legal investment permitted by law, with the stipulation that investments of amounts in the escrow account will be made only in federal securities. The obligations so purchased as an investment of monies in a fund or account will be deemed at all times to be part of such fund or account, and the interest accruing thereon and any profit realized therefrom will be credited to the fund or account, and any loss resulting from each investment will be charged to the fund or account. The City Treasurer will present for redemption or sale on the prevailing market any obligations so purchased as an investment of monies in the fund or account whenever it will be necessary to do so in order to provide monies to meet any payment or transfer from such fund or account.

Bond covenants require reporting of the number of utility customers served, which were as follows for the year ended June 30, 2017:

|                  | Water  | Wastewater | Gas    | Solid Waste |
|------------------|--------|------------|--------|-------------|
| Residential      | 30,746 | 30,662     | 37,331 | 32,144      |
| Commercial/other | 4,353  | 3,386      | 3,060  | 2,700       |
| Total            | 35,099 | 34,048     | 40,391 | 34,844      |

### Business-type Activities Notes Payable

The notes payable for the business-type activities are paid from the net revenues of the utility system. City ordinance 1593, adopted by the City Council on December 18, 1996, provides authority for the City to issue additional debt with a parity lien on the pledged revenues of the utility system.

A comparison of the pledged revenues recognized during the year with the required debt service for the year is presented in the Pledged-Revenue Bond/Note Coverage Schedule located in the statistical section.

Details of business-type activities notes payable are:

| Туре           | Purpose                  | Original<br>Date | Due<br>Date | <br>Original<br>Issued | 0  | utstanding | Interest<br>Rates % |
|----------------|--------------------------|------------------|-------------|------------------------|----|------------|---------------------|
| 2008 NMFA Note | Vehicle Maintenance Shop | 9/12/2008        | 2018        | \$<br>1,708,755        | \$ | 204,012    | 1.9-3.85            |

### 8) Landfill Closure and Post-Closure Care Cost

State and federal laws and regulations require placement of a final cover on landfill sites when waste is no longer accepted and performance of certain maintenance and monitoring functions at the sites for thirty years after closure. Although closure and post-closure care costs will be paid only near or after the date that a landfill stops accepting waste, a portion of the closure and post closure costs are reported as an operating expense in each period based on landfill capacity used as of each balance sheet date.

The City's landfill closure and post-closure care liability is reported as \$864,000 as of the year ended June 30, 2017. Actual closure and post-closure care costs may be higher due to inflation, changes in technology, or changes in regulations. The liability reported reflects a decrease in the estimate of total closure and post-closure costs of \$36,000 during the fiscal year ended June 30, 2017. The Foothills landfill is at 100% capacity and closed.

SCSWA's landfill closure and post-closure care liability is reported as \$1,841,775 as of the fiscal year ended June 30, 2017. Actual closure and post-closure care costs may be higher due to inflation, changes in technology, or changes in regulations. The liability reported reflects an increase in the estimate of total closure and post-closure costs of \$124,434 during the fiscal year ended June 30, 2017.

The City enacted a 1/16th cent environmental gross receipts tax that became effective January 1, 1995, to raise funds for environmental costs such as for landfill closure and postclosure care. The landfill closure was not funded from the EGRT fund during the year due to additional revenues from landfill charges and investment income.

#### 9) **Pollution Remediation Obligation**

Certain property owned by the City has been declared a Superfund Site by the Environmental Protection Agency (EPA). The EPA has determined that the City is a responsible party along with Doña Ana County, which also owns part of the contaminated property. On April 20, 2005, the City and Doña Ana County established a memorandum of understanding for a Joint Superfund Project (JSP) to work collaboratively with the EPA to complete the Remedial Investigation and Feasibility Study (RIFS) within the Superfund process. In December 2004, the JSP submitted a good-faith offer to the EPA for a Funding Agreement to achieve this objective. In April 2005, a negotiated funding agreement in the amount of \$800,000, payable to the EPA to complete the RIFS, was signed. In October 2005, the EPA and its contractor began the remaining fieldwork, which was completed in fiscal year 2007. As a result of this study, the City accrued a liability of \$6,890,106 to pay its share of the pollution remediation cost, as follows:

|                  | Total      |            |    | City's    |  |  |
|------------------|------------|------------|----|-----------|--|--|
|                  | Obligation |            |    | Portion   |  |  |
| Capital assets   | \$         | 5,151,978  | \$ | 2,575,989 |  |  |
| Operating costs  |            | 1,459,664  |    | 729,832   |  |  |
| Completion costs |            | 7,168,571  |    | 3,584,285 |  |  |
|                  | \$         | 13,780,213 | \$ | 6,890,106 |  |  |

The pollution remediation obligation is reported in long-term liabilities in the statement of net position (see Note 7). The pollution remediation obligation is an estimate and is subject to revision because of the price increases or reductions, changes in technology or changes in applicable laws or regulations. As of June 30, 2017, the City's outstanding pollution remediation obligation was \$5,411,307.

The City and County each received a \$3.5 million construction drawdown loan from the New Mexico Finance Authority (NMFA) to cover some of the costs of the pollution remediation project. City project costs of \$1,478,799 were funded using loan proceeds. The City has begun repayment of the loan using Environmental Gross Receipt Tax funds.

The City and County also received \$243,000 for design and engineering in grant funds from the New Mexico Environment Department. As of June 30, 2017, all \$243,000 was applied to design and engineering costs. Construction on the project was completed and remediation operations began August 2012.

The liability could be reduced in subsequent years by the sale of potable water, a by-product of the remediation process, to cover operating and administrative costs. The sale of potable water was \$110,680 less than operating costs. EGRT funds were used to cover the City's share of the operating loss of \$55,340.

#### 10) Deferred Compensation Plan

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Service Code Section 457. The plan, available to all City employees, permits them to defer taxation on a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property, or rights are solely the property and rights of the plan participants. The City has 719 active participants in the plan as of June 30, 2017.

City of Las Cruces employees who work 20 or more hours a week participate in a definedbenefit, contributory retirement plan through the Public Employees Retirement Act of the State of New Mexico, a cost-sharing multiple employer public employee retirement system administered by the Public Employees Retirement Association (PERA). Benefit provisions are established and may only be amended by state statute. Information pertaining to the actuarially computed present value of vested accumulated plan benefits and non-vested accumulated plan benefits, the plan's net position available for benefits and the assumed rate of return used in computing the present value, and ten-year historical trend information presenting PERA's progress in accumulating sufficient assets to pay benefits when due is not available through individual government agencies participating in the plan. Actuarial pension data for the State of New Mexico, as employer, is provided at the state-wide level in a separately issued audit report of PERA. The report may be obtained by writing to PERA, PO Box 2123, 1120 Paseo de Peralta, Santa Fe, NM 88504-2323. Additional contact information is located at <u>www.pera.state.nm.us</u>.

### 11) New Mexico Retiree Health Care Plan

The New Mexico Retiree Health Care Act (the "Act" or "NMRHCA") (Chapter 10, Article 7C NMSA 1978) provides comprehensive core group health insurance for persons who have retired from certain public services in New Mexico. The Retiree Health Care Authority (the "Authority") is the administrator of the plan and determines required contributions under authority of the Act. The purpose is to provide eligible retirees, their spouses, dependents, and surviving spouses and dependents with health insurance consisting of a plan, or optional plans, of benefits that can be purchased by funds flowing into the Retiree Health Care Fund and by co-payments or out-of-pocket payments of eligible retirees.

Eligible employers include institutions of higher education, school districts, or other entities participating in the Public School Insurance Authority, state agencies, state courts, magistrate courts, municipalities, or counties, which are affiliated under or covered by the Educational Retirement Act, Public Employees Retirement Act, Volunteer Firefighters Retirement Act, Judicial Retirement Act, or the Magistrate Retirement Act.

Eligible Retiree: Employees are eligible to participate per the Act if:

- Employees receive a disability or normal retirement benefit from public service in New Mexico with a NMRHCA-participating employer, and
- Employees did one of the following:
  - Retired with a pension before their employer's effective date with the NMRHCA program, *or*
  - Employees and/or their employer (on your behalf) made contributions to the NMRHCA fund from their employer's NMRHCA effective date until their date of retirement, *or*
  - Employees and/or their employer (on your behalf) made contributions to the NMRHCA fund for at least five years before their date of retirement. (*If employees are awarded a duty-related disability retirement, they are not required to meet the NMRHCA's five-year contribution rule.*)

Each participating employer makes contributions to the fund in the amount of 2 percent of each participating employee's annual salary. Each participating employee contributes to the fund an employee contribution equal to 1 percent of the employee's annual salary. Each participating retiree pays a monthly premium for the medical plus basic life plan and an additional participation fee of five dollars if the eligible participant retired prior to the employer's NMRHCA effective date or is a former legislator and made no contributions to the plan. After retirement, premiums are paid to the Authority by the retiree.

#### 11) New Mexico Retiree Health Care Plan (continued)

The City of Las Cruces has paid all of the employers' required contributions, which were as follows:

| 2017 | \$<br>928,780 |
|------|---------------|
| 2016 | 907,011       |
| 2015 | 847,444       |
| 2014 | 831,594       |
| 2013 | 854,248       |

Contributions from participating employers and participating employees become the property of the Retiree Health Care Fund and are not refundable under any circumstances, including termination of employment or termination of the participating employer's operation or participation in the Retiree Health Care Act. The employer, employee, and retiree contributions are required to be remitted to the Retiree Health Care Authority on a monthly basis.

The Authority issues a separate, publicly-available audited financial report that includes post-employment benefit expenditures of premiums and claims paid, participant contributions (employer, employee, and retiree), and net expenditures for the fiscal year. The report also includes the approximate number of retirees participating in the plan. That report may be obtained by writing to the Retiree Health Care Authority, 4308 Carlisle Blvd, NE, Suite 104, Albuquerque, New Mexico 87109.

#### 12) Multiple-Employer Cost Sharing Pension Plans

#### General Information about the Pension Plan

*Plan description.* According to the Department of Finance and Administration (DFA), compliant with the requirements of GASB Statement No. 68, Accounting and Financial Reporting for Pensions, the State of New Mexico has implemented the standard for the fiscal year ending June 30, 2015. The City, as part of the primary government of the State of New Mexico, is a contributing employer to the cost-sharing multiple employer defined benefit pension plan administered by the PERA. Disclosure requirements for governmental funds apply to the primary government as a whole, and as such, this information will be presented in the Component Appropriation Funds Annual Financial Report (General Fund) and the CAFR of the State of New Mexico. Information concerning the net pension liability, pension expense, and pension related deferred inflows and outflows of resources of the primary government will be contained in the General Fund and the CAFR and will be available, when issued, from the Office of Santa Fe Controller, Room 166, Bataan Memorial Building, 407 Galisteo Street, Santa Fe, New Mexico, 87501.

### 12) Multiple-Employer Cost Sharing Pension Plans (continued)

*Public Employees Retirement Fund.* The Public Employees Retirement Fund (PERA Fund) is a cost-sharing, multiple employer defined benefit pension plan. This fund has six divisions of members, including State General, State Police/Adult Correction Officers, Municipal General, Municipal Police/Detention Officers, Municipal fire, and State Legislative Divisions, and offers 24 different types of coverage within the PERA plan. All assets accumulated may be used to pay benefits, including refunds of member contributions, to any of the plan members or beneficiaries, as defined by the terms of this plan. Certain coverage plans are only applicable to a specific division. Eligibility for membership in the PERA Fund is set forth in the Public Employees Retirement Act (Chapter 10, Article 11, NMSA 1978). Except as provided for in the Volunteer Firefighters Retirement Act (10-11A-1 to 10-11A-7, NMSA 1978), the Judicial Retirement Act (10-12C-1 to 10-12C-18, NMSA 1978), and the Educational Retirement Act (Chapter 22, Article 11, NMSA 1978), each employee and elected official of every affiliated public employer is required to be a member in the PERA Fund, unless specifically excluded.

Benefits are generally available at age 65 with five or more years of service or after 25 years of service regardless of age for TIER I members. Provisions also exist for retirement between ages 60 and 65, with varying amounts of service required. Certain police and fire members may retire at any age with 20 or more years of service for Tier I members. Generally, the amount of retirement pension is based on final average salary, which is defined under Tire I as the average of salary for the 36 consecutive months of credited service producing the largest average; credited service; and the pension factor of the applicable coverage plan. Monthly benefits vary depending upon the plan under which the member qualifies, ranging from 2% to 3.5% of the member's final average salary per year of service. The maximum benefit that can be paid to a retiree may not exceed a range of 60% to 90% of the final average salary, depending on the division. Benefits for duty and non-duty death and disability and for post-retirement survivor's annuities are also available.

*Benefits provided.* For a description of the benefits provided and recent changes to the benefits see Note 1 in the PERA audited financial statements for the fiscal year ended June 30, 2016 available at <u>http://www.nmpera.org/financial-overview.</u>

PERA issues a publicly available financial report and a comprehensive annual financial report that can be obtained at <u>http://saonm.org/</u> using the Audit Report Search function for agency 366.

### 12) Multiple-Employer Cost Sharing Pension Plans (continued)

*Contributions*. The contribution requirements of defined benefit plan members and the City of Las Cruces are established in state statute under Chapter 10, Article 11, NMSA 1978. The contribution requirements may be amended by acts of the legislature. For the employer and employee contribution rates in effect for FY16 for the various PERA coverage options, for both Tier I and Tier II, see the tables available in the note disclosures on pages 31 through 32 of the PERA FY16 annual audit report at

http://www.nmpera.org/assets/uploads/downloads/comprehensive-annual-financial-reports/2016-CAFR\_12.22.2016\_FINAL-with-corrections.pdf.

The PERA coverage options that apply to City of Las Cruces are: General Municipal, Police and Fire. Statutorily required contributions to the pension plan from the City of Las Cruces were \$7,698,013 and employer paid member benefits that were "picked up" by the employer were \$2,938,156 for the year ended June 30, 2017. These contributions by the City include it's discretely presented component unit and fiduciary funds.

*Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions:* The PERA pension liability amounts, net pension liability amounts, and sensitivity information were based on an annual actuarial valuation performed as of June 30, 2015. The PERA pension liability amounts for each division were rolled forward from the valuation date to the Plan year ending June 30, 2016, using generally accepted actuarial principles. Therefore, the employer's portion was established as of the measurement date of June 30, 2015.

The assets of the PERA fund are held in one trust, but there are six distinct membership groups (municipal general members, municipal police members, municipal fire members, state general members, state police members and legislative members) for whom separate contribution rates are determined each year pursuant to chapter 10, Article 11 NMSA 1978. Therefore, the calculations of the net pension liability, pension expense and deferred Inflows and Outflows were preformed separately for each of the membership groups: municipal general members; municipal police members; municipal fire members; state general members; municipal police members; municipal fire members; state general members; municipal police members. The City of Las Cruces proportion of the net pension liability for each membership group that the employer participates in is based on the employer contributing entity's percentage of that membership group's total employer contributions for the fiscal year ended June 30, 2016. Only employer contributions for the pay period end dates that fell within the period of July 1, 2015 to June 30, 2016 were included in the total contributions for a specific employer.

Regular and any adjustment contributions that applied to fiscal year ended June 30, 2016 are included in the total contribution amounts. In the event that an employer is behind in reporting to PERA its required contributions, an estimate (receivable) was used to project the unremitted employer contributions. This allowed for fair and consistent measurement of the contributions with the total population. This methodology was used to maintain consistent measurement each year in determining the percentages to be allocated among all the participating employers.

#### 12) Multiple-Employer Cost Sharing Pension Plans (continued)

For PERA Fund Division: General Municipal, at June 30, 2017, the City of Las Cruces reported a liability of \$73,329,081, which excludes the City's fiduciary funds and discretely presented component units, for its proportionate share of the net pension liability. At June 30, 2017, the Municipal's proportion was 5.0145 percent, which was unchanged from its proportion measured as of June 30, 2016, due to the insignificance of the difference.

For the year ended June 30, 2017, the City of Las Cruces recognized PERA Fund Division Municipal's pension expense of \$8,380,443, which excludes the City's fiduciary funds and discretely presented component units. At June 30, 2017, the City of Las Cruces reported PERA Fund Division Municipal deferred outflows of resources and deferred inflows or resources related to pensions from the following sources:

|   | <br>erred Outflows<br>f Resources | Deferred Inflows<br>of Resources |         |  |
|---|-----------------------------------|----------------------------------|---------|--|
| Changes of Assumptions  | \$<br>4,149,924                   | \$                               | 11,768  |  |
| Differences between expected and actual experience  | 3,536,039                         |                                  | 690,689 |  |
| Net difference between projected and actual earnings on pension plan investments                              | 13,021,837                        |                                  | -       |  |
| Changes in proportion and differences between employer contributions and proportionate share of contributions | 250,310                           |                                  | 88,641  |  |
| SCSWA's contributions subsequent to the measurement date  | <br>3,748,220                     |                                  | -       |  |
| Total   | \$<br>24,706,330                  | \$                               | 791,098 |  |

The City made contributions subsequent to the measurement date, June 30, 2016, in the amount of \$3,748,220. The subsequent contributions are reported as deferred outflows of resources related to pensions and will be recognized as a reduction of the net pension liability in the year ended June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Year ended June 30: |                 |
|---------------------|-----------------|
| 2018                | \$<br>5,041,753 |
| 2019                | 5,041,753       |
| 2020                | 5,041,753       |
| 2021                | 5,041,753       |

#### 12) Multiple-Employer Cost Sharing Pension Plans (continued)

For PERA Fund Division: Police, at June 30, 2017, the City of Las Cruces reported a liability of \$36,200,879 for its proportionate share of the net pension liability. At June 30, 2017, the Police proportion was 4.9064 percent, which was unchanged from its proportion measured as of June 30, 2016, due to the insignificance of the difference.

For the year ended June 30, 2017, the City of Las Cruces recognized PERA Fund Division Police's pension expense of \$4,923,566. At June 30, 2017, the City of Las Cruces reported PERA Fund Division Municipal deferred outflows of resources and deferred inflows or resources related to pensions from the following sources:

|   | Deferred Outflows<br>of Resources |            | <br>erred Inflows<br>Resources |
|---|-----------------------------------|------------|--------------------------------|
| Changes of Assumptions  | \$                                | 2,397,744  | \$<br>652,874                  |
| Differences between expected and actual experience  |                                   | 2,655,972  | -                              |
| Net difference between projected and actual earnings on pension plan investments                              |                                   | 5,725,377  | -                              |
| Changes in proportion and differences between employer contributions and proportionate share of contributions |                                   | -          | 599,689                        |
| City of Las Cruces contributions subsequent to the measurement date   |                                   | 2,022,491  | <br>                           |
| Total   | \$                                | 12,801,584 | \$<br>1,252,563                |

The City made contributions subsequent to the measurement date, June 30, 2016, in the amount of \$2,022,491. The subsequent contributions are reported as deferred outflows of resources related to pensions and will be recognized as a reduction of the net pension liability in the year ended June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Year ended June 30: |                 |
|---------------------|-----------------|
| 2018                | \$<br>2,381,633 |
| 2019                | 2,381,633       |

| 2020              |     | 1,766,775 |
| 2021              |     | 1,766,775 |

### 12) Multiple-Employer Cost Sharing Pension Plans (continued)

For the SCSWA at June 30, 2017, a liability of \$4,466,252 was recorded for its proportionate share of the net pension liability. At June 30, 2017, the SCSWA's proportion was 8.73 percent, which was unchanged from its proportion measured of June 30, 2016, due to the insignificance of the difference.

For the year ended June 30, 2017, SCSWA recognized pension expense of \$463,100. At June 30, 2017, SCSWA reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

|   | Deferred Outflows<br>of Resources |           | <br>red Inflows<br>Resources |
|---|-----------------------------------|-----------|------------------------------|
| Changes of Assumptions  | \$                                | 410,125   | \$<br>1,163                  |
| Differences between expected and actual experience  |                                   | 349,456   | 68,259                       |
| Net difference between projected and actual earnings on pension plan investments                              |                                   | 1,286,909 | -                            |
| Changes in proportion and differences between employer contributions and proportionate share of contributions |                                   | 24,737    | 8,760                        |
| SCSWA's contributions subsequent to the measurement date  |                                   | 198,337   | <br>                         |
| Total   | \$                                | 2,269,564 | \$<br>78,182                 |

#### 12) Multiple-Employer Cost Sharing Pension Plans (continued)

SCSWA made contributions subsequent to the measurement date, June 30, 2016, in the amount of \$198,336. The subsequent contributions are reported as deferred outflows of resources related to pensions and will be recognized as a reduction of the net pension liability in the year ended June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Year ended June 3 | 0: |         |
|-------------------|----|---------|
| 2018              | \$ | 498,261 |
| 2019              |    | 498,261 |
| 2020              |    | 498,261 |
| 2021              |    | 498,261 |

*Actuarial assumptions.* The total pension liability, net pension liability, and certain sensitivity information are based on an actuarial valuation performed as of June 30, 2015. The total pension liability was rolled-forward from the valuation date to the plan year ended June 30, 2016. These assumptions were adopted by the Board for use in the June 30, 2015 actuarial valuation.

| Actuarial valuation date    | June 30, 2015  |
|-----------------------------|--|
| Actuarial cost method       | Entry age normal   |
| Amortization method         | Level percentage of pay, Open                                |
| Amortization period         | Solved for based on statutory rates                          |
| Asset valuation method      | Fair value   |
| Actuarial assumptions:      |  |
| · Investment rate of return | 7.48% annual rate, net of investment expense                 |
| Projected benefit payment   | 100 years  |
| · Payroll growth            | 2.75% for first 10 years, then 3.25% annual rate             |
| Projected salary increases  | 2.75% to 14.00% annual rate                                  |
| Includes inflation at       | 2.25% annual rate first years, 2.75% all other years         |
|                             | RP-2000 Mortality Tables (Combined table for healthy post-   |

| Experience Study Dates      | through June 20, 2015 (economic)                             |

### 12) Multiple-Employer Cost Sharing Pension Plans (continued)

*Long-Term Expected Rate of Return.* The long-term expected rate of return on pension plan investments was determined using a statistical analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and most recent best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

|                              |                          | Long-Term            |
|------------------------------|--------------------------|----------------------|
| ALL FUNDS - Asset Class      | <b>Target Allocation</b> | <b>Expected Real</b> |
|                              |                          | Rate of Return       |
| Global Equity                | 43.5%                    | 7.39%                |
| Risk Reduction & Mitigation  | 21.5%                    | 1.79%                |
| Credit Oriented Fixed Income | 15.0%                    | 5.77%                |
| Real Assets                  | 20.0%                    | 7.35%                |
| Total                        | 100.0%                   |                      |

*Discount rate:* The discount rate used to measure the total pension liability was 7.75 percent. The equivalent blended rate is 7.48% and will be used as the discount rate to measure the total pension liability. The projection of cash flows used to determine the discount rate assumed that future contributions will be made in accordance with statutory rates. On this basis, the pension plan's fiduciary net position together with the expected future contributions are sufficient to provide all projected future benefit payments of current plan members as determined in accordance with GASBS 67. Therefore, the 7.48% assumed long- term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the City of Las Cruces proportionate share of the net pension liability to changes in the discount rate. The following tables show the sensitivity of the net pension liability to changes in the discount rate. In particular, the tables present the City of Las Cruces' net pension liability in each PERA Fund Division that City of Las Cruces participates in, under the current single rate assumption, as if it were calculated using a discount rate one percentage point lower (6.48%) or one percentage point higher (8.48%) than the single discount rate.

### 12) Multiple-Employer Cost Sharing Pension Plans (continued)

| PERA Fund Division - Municipal  | 1% Decrease<br>(6.48%) | Current Discount<br>Rate (7.48%) | 1% Increase (8.48%)    |

### 12) Multiple-Employer Cost Sharing Pension Plans (continued)

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued FY16 PERA financial report. The report is available at <u>http://www.pera.state.nm.us/publications.html</u>.

### 13) Risk Management

The City is exposed to various risks of loss related to torts and civil rights claims (including law enforcement and employment related exposures); theft, damage and destruction of its real and personal assets; workers' compensation losses; errors and omissions of City officers and officials; and natural disasters. The City uses the insurance fund (an internal service fund) to account for and finance its uninsured risks of loss. At various periods in past years, certain risk exposures were insured and the City continues to benefit from case coverage on claims that were incurred during those claim years. As of fiscal year 2016, Employee healthcare benefits and premiums were moved from the General Fund to the Internal services funds which is the direct cause for increase in the amount reported for Health Programs.

The insurance fund tracks claims on a fund-by-fund basis and assesses charges to each fund based on historical claims experience and the need to establish a reserve for unanticipated catastrophic losses. The claims liabilities reported in the insurance fund are based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated.

The risk of loss associated with actions of employees resulting in damage to persons or property of others is subject to limitations of the New Mexico State Tort Claims Act. The self-insurance fund uses excess worker's compensation insurance agreements to reduce its exposure to large losses from employee on-the-job injuries. Excess insurance permits recovery of a portion of losses from the excess insurer, although it does not discharge the primary liability of the fund as direct insurer of the risks.

#### **13)** Risk Management (continued)

Self-insurance premiums and program costs (claims, fees, and transfers to other funds, less reimbursed expenses) were:

| Liability insurance    | 2,639,987                   | (190,579)       | 4,215,215                   | (176,046)       |  |
| Unemployment insurance | 57,422                      | (35,001)        | 91,253                      | (33,981)        |  |
| Total                  | \$ 15,267,686               | \$ (12,862,127) | \$ 19,036,996               | \$ (12,026,371) |  |

In prior years, a reserve was established in the self-insurance fund's claims liability account for four wrongful death claims filed against the City. In 2013 two of these cases were dismissed and resulted in a significant reduction in the fund's claim liability. As of June 30, 2017, litigation is still pending on two claims. Both of which are alleged wrongful death. The City believes that the reserve funds will more than cover any potential liability from these cases.

Changes in the insurance fund's claims liability were:

|  | 2017  | 2016  |
|--|---|---|
| Claims liabilities, beginning of year<br>Current year claims and changes in estimates<br>Payment of claims liabilities | \$    6,548,467<br>15,267,686<br>(15,267,686) | \$    5,800,147<br>19,511,543<br>(18,763,223) |
| Claims liabilities, end of year  | \$ 6,548,467                                  | \$ 6,548,467                                  |

### 14) Development Impact Fees

The City collects and expends development impact fees in accordance with Ordinance No. 1456, which requires impact fees to be used for capital improvements or facility expansions identified in a capital improvements plan. In addition to capital improvements, development impact fees may also be used to pay for debt service costs if the proceeds of the debt issued were used in accordance with the capital improvements plan.

The expenditures of collected fees must improve the following facilities:

- 1) Water supply, treatment, and distribution facilities, and wastewater collection and treatment facilities;
- 2) Parks, recreational areas, open space, trails, and related areas and facilities; and
- 3) Major roads, stormwater drainage, and public safety (police and fire) facilities.

In addition to the construction of capital improvements or facility expansions, Ordinance 1456 §4 states that the development impact fee may also be used to pay for the preparation and updating of the capital improvements plan, the estimated costs of the plan, or up to three percent of administrative costs for City employees who are qualified professionals. Additionally, debt service costs may be paid from impact fees assessed if the proceeds of the debt issued were used in accordance with the capital improvements identified in the capital improvements plan.

The initial land use assumptions and capital improvements plan prepared by Tischler & Associates, Inc. on January 6, 1995 is a 10 to 20 year plan with professional engineering estimates of costs well exceeding the assessed development impact fees. A significant portion of the assessed development impact fees for the water and wastewater system have been used to pay debt service on bonds. The expenditures from the bond proceeds were spent on specific items listed in the initial capital improvements plan and were expended within five years of the completion of the capital improvements plan.

In August 2011, the City Council adopted Resolution No. 12-024, *Impact Fee Capital Improvements Plan for Major Roads, Stormwater Drainage, and Public Safety (fire and police) Facilities.* The public safety fees apply to all new development in the City, while the major roads and drainage fees apply only to new development located in the "growth area" (i.e. outside the City's designated infill area).

### 14) Development Impact Fees (continued)

Development impact fee activity for the year ended June 30, 2017 is shown below. Unspent fees collected in previous years can be netted with overspent fees and are available for expenditure in the current fiscal year.

| Parks Impact Fees             |                 |
|-------------------------------|-----------------|
| Impact fees collected         | \$<br>1,126,001 |
| Investment gain               | 31,264          |
| Expenditures                  | 1,183,316       |
| Net Parks Impact Fees         | \$<br>2,340,581 |
| Public Safety Impact Fees     |                 |
| Impact fees collected         | \$<br>556,682   |

| Net Impact Fees               | \$<br>5,220,472 |

### 15) Telshor Facility Lease Memorial Medical Center / Province Hospital (Telshor Facility)

In 1966 the City and the County adopted a joint resolution to create a joint countymunicipal hospital to provide medical services to all of the citizens of Doña Ana County. The hospital was constructed and operated by the City and County through a Board of Trustees until 1998, when it was leased to Memorial Medical Center, Inc. (MMCI), a New Mexico not-for-profit corporation.

On June 1, 2004, the City, the County, and MMCI jointly terminated the lease. On that date, the City and County executed a 40-year lease agreement for the hospital facilities and equipment with PHC-Las Cruces, Inc. (PHC), a New Mexico corporation and a wholly-owned subsidiary of Province Healthcare Corporation, a Delaware corporation. In accordance with the lease agreement PHC deposited amounts into escrow accounts to cover contingencies of the hospital and pay hospital liabilities specified in the agreement, including outstanding bonds.

|   | Total |             | <b>City Portion</b> |            |
|---|-------|-------------|---------------------|------------|
| Total lease amount                          | \$    | 150,000,000 | \$                  | 75,000,000 |
| Less:                                       |       |             |                     |            |
| Hospital liabilities assumed by PHC         |       | 9,247,375   |                     | 4,623,688  |
| Amounts deposited into escrow to cover      |       |             |                     |            |
| medical malpractice and other contingencies |       | 14,445,892  |                     | 7,222,946  |
| Payment of outstanding hospital bonds       |       | 50,038,987  |                     | 25,019,493 |
| Payment of hospital pension liabilities     |       | 24,100,000  |                     | 12,050,000 |
| Closing costs                               |       | 1,000       |                     | 500        |
| Cash paid by PHC to the City and County     | \$    | 52,166,746  | \$                  | 26,083,373 |

The net lease proceeds, after these deposits and liabilities, are summarized as follows:

As part of the PHC lease, the City and County received amounts needed to cover specific future costs. The maximum amounts of these costs are as follows:

|  | Total |            | City Portion |            |
|--|-------|------------|--------------|------------|
| Employee severance agreements                      | \$    | 987,266    | \$           | 493,633    |
| Construction costs                                 |       | 1,278,414  |              | 639,207    |
| Future payments to MMCI for expanded care services |       | 19,200,000 |              | 9,600,000  |
| Hospital property taxes                            |       | 5,000,000  |              | 2,500,000  |
|  | \$    | 26,465,680 | \$           | 13,232,840 |

The proceeds of the PHC lease are reported in a special revenue fund (Telshor Facility fund) because the City Council adopted a resolution restricting the use of the lease proceeds to fund health-related programs and health-related capital projects.

# **15)** Telshor Facility Lease Memorial Medical Center / Province Hospital (Telshor Facility) (continued)

The asset purchase agreement entitles PHC to compensation solely from the escrow account if PHC incurs any losses, including the discharge of malpractice liabilities, in connection with events that occurred on or prior to the closing.

MMCI began distributing its cash and investments equally between the City and the County in July 2004. MMCI retained cash to pay certain liabilities. Any cash remaining at the end of the liquidation process will be distributed equally between the City and the County. In April 2005, PHC merged with LifePoint Hospitals. The lease continues with LifePoint Hospitals.

The City and County did not receive distributions from the escrow accounts in FY17.

#### 16) Las Cruces Convention Center

In 2008, the City began construction of the Las Cruces Convention Center. Construction and furnishing the convention center was completed in December 2010, with the grand opening in January 2011. The City retains ownership of all the furnishings, equipment, and the convention center facility.

During FY17 the City entered into an amended contract through June 30, 2017 with four remaining optional one year extensions with Global Spectrum, henceforth referred to as Spectra, to manage the facility and grounds on behalf of the City. Spectra is responsible for operations and maintenance of all physical and mechanical facilities necessary for the operation, maintenance, and management of the convention center. All facility staff and other personnel are hired by Spectra and are employees or independent contractors of Spectra. Compensation to Spectra during FY17 for management services was a fixed management fee.

The City applied to the state for the governmental liquor license pursuant to 60-6A-101, NMSA 1978. In accordance with the management agreement, the liquor license will be leased to Spectra and will be used exclusively for the operation of the convention center. The operations manager will ensure that all activities associated with the liquor license shall strictly conform to New Mexico law and the regulations of the New Mexico Alcohol and Gaming Division of the New Mexico Regulation and Licensing Department.

Each year the annual operating budget prepared by Spectra will be provided to the City. The operating budget will include a projection of operating revenues and expenses for the fiscal year. The annual budget is subject to the review and approval of the City. The City has agreed to provide a one-time facility operating fee of \$50,000 and restore any deficit in this balance to the operating account on a monthly basis. During FY17, the City provided funding of \$30,941.

#### **16)** Las Cruces Convention Center (continued)

In order to utilize energy incentives relating to the installation of solar panels, the City must and does pay the electric bills directly. This funding totaled \$68,076 in FY17.

Spectra must maintain independent records, in accordance with generally accepted accounting principles, of the operations and maintenance of the convention center. The City has the right to audit the records. Additionally, Spectra must provide monthly financial statements to the City, and must provide the City with a copy of their audited annual financial statements.

#### 17) Major Construction Commitments

The City has the following construction commitments as of June 30, 2017. These projects are evidenced by contractual arrangements with construction contractors:

#### Commitments of Business-type Activities

| Project  | Fund                         | -    | ontract<br>Amount | Spent to<br>Date | ommitment<br>Remaining | Source of Payment        |
|--|------------------------------|------|-------------------|------------------|------------------------|--------------------------|
| Joint Utilities                                |                              |      |                   |                  |                        |                          |

|  | Total                        | \$ 1 | 10,622,450        | \$<br>3,635,149  | \$<br>6,987,302        |                          |

#### **18)** Contingent Liabilities

The City receives financial assistance from federal and state grants and entitlements. Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims may result in a liability of the applicable funds. The City believes that liabilities resulting from disallowed amounts will not have a material effect on the City's financial statements.

The City is a defendant in various lawsuits. Management estimates that balances available in the self-insurance fund are sufficient to settle such lawsuits. Management is not aware of any other pending or threatened litigation that would adversely affect the City's financial position.

#### **19)** Downtown Tax Increment Development District (TIDD)

In December of 2007, Las Cruces formed the state's first Tax Increment Development District (TIDD) for downtown revitalization. The Downtown TIDD is defined by certain geographic boundaries, and receives an incremental portion of the gross receipts tax and property tax collected in this geographic area. The State of New Mexico, Doña Ana County, and the City contribute 75% of the incremental gross receipts tax collected in the district. Additionally, both City and County contribute 75% of the incremental property tax assessed in the district.

The tax revenues that go to the TIDD are used for downtown public improvements and revitalization of the downtown area. Projects to be supported by TIDD funds include a downtown plaza, pedestrian safety improvements, roadways, street lighting, and landscaping.

#### 20) Affiliated Organizations and Joint Powers Agreements

The City is a participant in the following five affiliated organizations, four of which are joint ventures. Other than the City bonds secured by South Central Solid Waste Authority, the City is unaware of any circumstances that would cause a significant benefit or burden to the participating governments.

#### Mesilla Valley Regional Dispatch Authority

The City is a participant in a combined City–County communications/dispatch center for police, fire, and emergency medical services for the City/County area. The organization is governed by a board of thirteen individuals. The City and County each appoint four members; the Town of Mesilla, the City of Sunland Park, the City of Anthony and the Village of Hatch each appoint one member; and the final member is appointed at large by the other members.

#### 20) Affiliated Organizations and Joint Powers Agreements (continued)

The City contributes 53% of the net annual operating cost while the County contributes 47%. The joint powers agreement provides that if the agreement is terminated, property and any funds accrued by the organization shall be distributed to the City and County in proportion to the contributions made by the two entities.

The City is the fiscal agent for the organization and accounts for its resources in an agency fund. Separate audited financial statements were prepared for the year ended June 30, 2017. Requests for copies of financial statements can be made to the City of Las Cruces' Assistant City Manager – Administration.

#### Metro Narcotics Agency

The City is a participant in a joint City–County–State–University controlled substances investigation project for the City/County area. The organization is governed by a board of nine individuals. The City and County each appoint three members; the remaining three members are the State Police Chief, the University Police Chief, and the District Attorney.

All persons (agents and support staff) assigned to Metro are paid by their respective agencies. The City and the County make contributions to cover the net operating expenses of the organization in proportion to the number of agents assigned to the organization by the two entities. The joint powers agreement provides that if the agreement is terminated by all parties, assets and monies acquired without federal involvement will be distributed in proportion equal to their investment. Assets received from the federal government pursuant to the federal asset-sharing procedures will be distributed to the parties in proportion to their contribution to operational expenses.

The City is the fiscal agent for the organization and accounts for it in an agency fund. Separate audited financial statements were prepared for the year ended June 30, 2017. Request for copies of financial statements can be made to the City of Las Cruces' Assistant City Manager – Administration.

#### Metropolitan Planning Organization

The City is a participant in a joint City/County/Town of Mesilla Metropolitan Planning Organization jurisdictional area. The organization is governed by a board of nine; three each appointed by the City of Las Cruces, Doña Ana County and Town of Mesilla, respectively. The committee was constituted for the purpose of establishing, overseeing and directing transportation related policy within the Las Cruces urban area and to accomplish overall transportation planning for the City, County, and Town.

#### 20) Affiliated Organizations and Joint Powers Agreements (continued)

The parties agree that some of the expense of the transportation planning process will be provided for by grant funds available under Section 112 of the Federal Highway Act of 1978 and Section 8 of the Urban Mass Transportation Act of 1964. Expenses not so provided shall be assumed by participating agencies according to the listing of funding sources contained in the annual Unified Work Program approved by the governing board.

The joint venture agreement may be terminated upon the mutual consent of both parties and shall not be terminated so long as any revenue bonds issued under the agreement by the City are outstanding.

#### South Central Solid Waste Authority

The City is a participant in South Central Solid Waste Authority (SCSWA), a City-County joint venture that establishes a mechanism for designing, constructing, financing, operating and maintaining regional solid waste landfills and related facilities. SCSWA is reported as a component unit of the City because its revenues are the primary source of debt service for City bonds issued to construct a regional landfill and transfer station.

The repayment of the bonds is secured by a pledge of the Authority's net revenues from operation of the facility. If the net revenues are not enough to satisfy the debt service requirements, the proceeds of the 1/16% Municipal Environmental Services Gross Receipts Tax of the City and the 1/8% County Environmental Services Gross Receipts Tax of the County are pledged.

SCSWA is governed by a board comprised of six working members and two ex-officio members. Three of the members are appointed from the City Council by the Mayor and three members are appointed from the County Commission by the Chairman. The two ex-officio members are the City Manager and the County Manager or their designees.

The City serves as the fiscal agent for the Authority for the term of the agreement. The fiscal agent is compensated for services rendered to the Authority in the amount of \$85,000 per year base rate. The base rate increases each year by the Consumer Price Index.

The joint venture agreement may be terminated upon the mutual consent of both parties and shall not be terminated so long as any revenue bonds issued under the agreement by the City are outstanding.

In 2017, the City of Las Cruces and Doña Ana County paid approximately \$2.7 million and \$599,378, respectively, to SCSWA for solid waste services provided.

#### 20) Affiliated Organizations and Joint Powers Agreements (continued)

#### Animal Service Center of the Mesilla Valley

Animal Service Center of the Mesilla Valley was formed through a joint powers agreement (JPA) between the City of Las Cruces and Doña Ana County. The JPA provides for a governing board for the Authority. The ASCMV is governed by a Board that consists of six members and two ex-officio members. Three members are appointed from the City Council by the Mayor with the advice and consent of the City Council. Three members are appointed from the County Commission by the Chair with the advice and consent of the County Commission. The two ex-officio members are the City Manager and the County Manager, or their designees.

It is the mission of the center to provide safe shelter for all lost, mistreated, and abandoned animals of the Mesilla Valley and surrounding communities. The operations of the Authority began in February 2009. ASCMV receives funding from members of the joint powers agreement. During fiscal year 2017, ASCMV received \$901,787 from the City of Las Cruces and \$901,787 from Doña Ana County.

The City is the fiscal agent for the organization and accounts for it in an agency fund. Separate audited financial statements were prepared for the year ended June 30, 2017. Request for copies of financial statements can be made to the City of Las Cruces' Assistant City Manager – Administration.

#### 21) Tax Abatement

The City enters into property tax abatement agreements with new local businesses under the Community Development Incentive Act NMSA 1978 3-64-1 through 3-64-5, the Industrial Revenue Bond Act NMSA 1978 3-32-1 through 3-32-16 and the Tax Increment for Development Act NMSA 1978 5-15-1 through 5-15-28. Under these Acts, municipalities may grant tax abatements for the purpose of attracting or retaining businesses and economic development within their jurisdictions.

For the fiscal year ended June 30, 2017, the City abated property taxes totaling \$78,582 under the Community Development Incentive Act. A property tax abatement of 100% of the Commercial / Personal property tax for ten years was given to an energy company for constructing and operating a new photovoltaic generating facility in the City.

#### 21) Tax Abatement (continued)

Under the Industrial Revenue Bond Act, municipalities may grant property tax abatements for the purpose of inducing manufacturing, industrial and commercial enterprises to locate or expand in the state. A property tax abatement of 100% of the Commercial / Personal property tax was granted to F&A Dairy Products manufacturing company by means of issuing an industrial revenue bond.

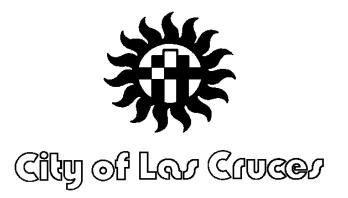

The industrial revenue bond provided the company funds to purchase equipment enabling them to meet environmental regulations and remain operating in the City. The abatement in fiscal year 2017 amounted to \$22,224.

The City entered into a gross receipts tax abatement agreement and property tax abatement agreement with the Las Cruces Tax Increment Development District (TIDD) under the Tax Increment for Development Act. This agreement specifies that the City will contribute 75% of the increment since 2006 of the City's share of the gross receipts taxes and property taxes inside the TIDD for downtown revitalization and economic development purposes. For the fiscal year ended June 30, 2017, the City abated gross receipts taxes totaling \$516,196 and property taxes totaling \$20,502

#### 22) Subsequent Events

The City is in the process of issuing \$5,135,000 of Joint Utility System Improvement Revenue Bonds Series 2017 in a private placement with the New Mexico Finance Authority. The bonds will have a net effective interest rate of 2.96 percent and a final maturity date of June 1, 2028. These bonds are designated to acquire, extend, enlarge, better, repair or otherwise improve the City's Joint utility system. The targeted closing date is December 1, 2017.

## City of Las Cruces Statistical Section Table of Contents June 30, 2017

This part of the City of Las Cruces' comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government's overall financial health.

GASB 44 provides the requirements for the schedules contained in this section of the City's CAFR.

#### Content

#### Financial Trends

These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.

#### Revenue Capacity

These schedules contain information to help the reader assess the City's most significant local revenue source; the sales tax.

#### Debt Capacity

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

#### Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.

#### **Operating Information**

These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

#### Notes:

\* The substantial increase from FY05 to FY06 was primarily due to the issue of \$33,000,000 in sales tax bonds for a new City Hall and other public improvements.

\* The substantial increase in debt service expenditures from FY10 to FY11 is due to the refunding of two bonds and three loans.

\* FY 2017 Transporation split into two separate departments/ Transportation and Economic Development

\* FY 2017 Name change from Community and Cultural Services to Quality of Life

| General Obligation Bonded Debt | \$  | 317,959,482 |  | \$  | 320,832,125 |  |

Note:

Overlapping rates are those of local and county governments that apply to the property owners of the City of Las Cruces. The percentage applicable to the City was determined by calculating the amount of property tax levied by the jurisdictions in the City divided by the total property taxes levied by the jurisdictions.

Notes:

Details regarding the City's outstanding debt can be found in Note 7 of the financial statements.

Operating expenses do not include interest, depreciation, or amortization expenses.

The 2010 Convention Center bonds are pledged first with the lodger's tax and convention center fees and then by the state shared gross receipts taxes

\*The requirement for statistical data is ten years. GASB 34 was implemented in 2002. Data from 2008 to 2017 is shown. \*\*These are changes due to 2012 Reorganization

Data for this schedule was obtained from the 2017-2018 Adopted Budget Book pages 141 to 179 which was compiled from Human Resources Reports.

\* Due to confidentiality issues, the names of the ten largest revenue payers are not available. The categories presented are intended to provide alternative information regarding the sources of the City's revenue.

\* The requirement for statistical data is ten years, however, no data is available prior to 2006.

\* Gross receipts tax rates were incorporated into the schedule beginning in Fiscal Year 2017. Changes to the tax rates may occur twice a year in January or July.

Total Federal Awards

## City of Las Cruces Notes to the Schedules of Expenditures of State and Federal Awards June 30, 2017

#### 1) General

The accompanying schedules of expenditures of state and federal awards (Schedules) presents the activity of all state and federal award programs for the City of Las Cruces, New Mexico, (the City"). The City's reporting entity is defined in Note 1 to the City's financial statements. The information in the Schedules is presented in accordance with the requirements of the Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). The schedules is not intended to, and do not present the financial position, changes in net position or cash flows of the City.

#### 2) Basis of Presentation

Expenditures reported in the accompanying Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedules represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. Pass-through entity identifying numbers are presented where available. The City has elected not to use the 10-percent de Minimis indirect cost rate allowed under the Uniform Guidance.

#### 3) Federal Loans

On May 24, 2010, the City was awarded a promissory note from the U.S. Department of Housing and Urban Development in the amount of \$2,000,000. The note was awarded under the HUD Section 108 loan guarantee program for the purpose of constructing, rehabilitating, and improving the Museum of Nature and Science in the City. Land serves as collateral for the loan and interest is charged at a rate of 1.7 percent. As of the year ended June 30, 2017, the City expended the full \$2,000,000 of the proceeds. Payments on the loan for the year ended June 30, 2017 included \$77,000 in principal and \$63,572 in interest; leaving an outstanding balance of \$1,586,000. Proceeds of the loan, that were received and expended in prior years, impose no continuing compliance requirements. The proceeds of the loan are not reported in the schedules of expenditures of federal awards.

## City of Las Cruces Notes to the Schedules of Expenditures of State and Federal Awards (Continued) June 30, 2017

#### 4) Sub-recipients

Of the federal expenditures presented in the schedule of expenditures of state and federal awards, the City provided federal awards to sub-recipients as follows:

|             |              | Amount        |
|-------------|--------------|---------------|
|             |              | Provided to   |
| CFDA Number | Program Name | Subrecipients |
|             |              |               |
| 14.010      |              |               |

14.218Community Development Block Grant\$116,632

#### 5) Reconciliation of the Schedules of Expenditures of State and Federal Awards

The following is a reconciliation of the expenditures reported in the schedules of expenditures of state and federal awards to the expenditures reported in the financial statements for the City:

| Expenditures in the schedule of expenditures of state   |                  |
|---|------------------|
| awards  | \$<br>7,180,912  |

# Report of Independent Auditors on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Mr. Timothy Keller, New Mexico State Auditor and the Honorable Mayor and City Council Members of the City of Las Cruces

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, the aggregate remaining fund information, and the budgetary comparisons for the general fund and major special revenue funds of the City of Las Cruces, New Mexico ("the City") as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents and have issued our report thereon dated November 22, 2017.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item 2017-001 that we consider to be a significant deficiency.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### The City's Responses to Findings

The City's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The City's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# **Report of Independent Auditors on Compliance For Each Major Federal Program and Report on Internal Control Over Compliance Required by the Uniform Guidance**

Mr. Timothy Keller, New Mexico State Auditor and the Honorable Mayor and City Council Members of the City of Las Cruces

#### **Report on Compliance for Each Major Federal Program**

We have audited the City of Las Cruces, New Mexico's ("the City") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended June 30, 2017. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

#### Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

#### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City's compliance.

#### **Opinion on Each Major Federal Program**

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2017.

#### **Report on Internal Control Over Compliance**

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control other compliance with a type of compliance with a type of compliance the program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Yes

No No

## City of Las Cruces Schedule of Findings and Questioned Costs - continued June 30, 2017

#### **Section II - Financial Statement Findings**

# FINDING 2017-001 – Schedule of Expenditures of Federal Awards – Significant Deficiency in Internal Control over Compliance

#### Criteria:

Title 2 of the Code of Federal Regulations, §200.510, requires the City to identify, in its accounts, all federal awards received and expended and the federal programs under which they were received and prepare appropriate financial statements, including a Schedule of Expenditures of Federal Awards (SEFA).

#### Condition:

The City initially submitted an incomplete SEFA, in which several grants included FY16 figures rather than FY17. It required a subsequent revision to properly reflect FY17 figures.

#### Questioned costs:

None.

#### Context:

Specifically, auditors noted the following errors:

- Federal award expenditures for the High Intensity Drug Trafficking Areas Program (CFDA 95.001) were misstated by approximately \$510,000.
- Federal award expenditures did not agree to the initial SEFA provided by the City for ten federal programs.

#### Effect:

Errors in the SEFA could misstate major programs and expenditures. The City adjusted its SEFA for these errors in the current period under audit.

#### Cause:

The City prepared its SEFA without fully implementing its policies and procedures requiring a thorough review and reconciliation of the SEFA to detect errors.

#### Repeat finding<sup>:</sup>

This finding is not a repeat finding.

#### **Recommendation:**

The City should ensure that the SEFA is accurate and complete. The City should enforce its existing policies and procedures for preparing the SEFA. Specifically, the City should ensure that reported amounts reconcile to the financial records and comparing reported amounts with those reported in the previous reporting period for reasonability.

## City of Las Cruces Schedule of Findings and Questioned Costs - continued June 30, 2017

#### **Section II - Financial Statement Findings**

# FINDING 2017-001 – Schedule of Expenditures of Federal Awards – Significant Deficiency in Internal Control over Compliance (continued)

#### Management's Response:

The City will ensure that future reporting amounts accurately reflect to the current expenditures and comparing reported amounts with those reported in the previous reporting period.

Accounting will collaborate with the Grants Department on a quarterly basis to review and approve Federal Grant Expenditures reconciliations. The Grants Administrator and Accounting Manager will ensure that reported amounts reconcile to the financial records and grants.

# City of Las Cruces Schedule of Findings and Questioned Costs - continued June 30, 2017

Section III - Federal Award Findings and Questioned Costs

None reported.

# **City of Las Cruces** Summary Schedule of Prior Audit Findings For the Year Ended June 30, 2017

| Prior Audit Findings   | <b><u>Current Status</u></b> |
|--|------------------------------|
| Financial Statement Findings   |                              |
| 2011-002 – Information Technology (Other Non-<br>Compliance)         | Resolved                     |
| 2015-003 – Appropriation to Agencies (Other Non-Compliance)          | Resolved                     |
| 2016-001 – Procurement and Purchasing Cards (Significant Deficiency) | Resolved                     |

# **Federal Award Findings**

None noted in prior audit

# **City of Las Cruces** Corrective Action Plan For the Year Ended June 30, 2017

| Audit Finding   | <b>Corrective Action Plan</b> | Person<br>Responsible                | Estimated<br>Completion<br>Date |
|---|-------------------------------|--------------------------------------|---------------------------------|
