INDEPENDENT AUDITOR'S REPORT

To the City Council
City of Socorro
and
Mr. Wayne Johnson
New Mexico State Auditor
Santa Fe, New Mexico

Report on Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, the aggregate remaining fund information, and the budgetary comparison for the general fund of the City of Socorro (the "City") as of and for the year ended June 30, 2018, and the related notes to the financial statements which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City, as of June 30, 2018, and the respective changes in financial position, cash flows thereof and the respective budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 15 to the financial statements, the beginning balance of net position of the joint utility fund has been restated due to errors in the recording of long-term debt. The restatement resulted in a decrease in the beginning net position of the joint utility fund of \$1,174,375.

Additionally, as discussed in Note 16 to the financial statements, the beginning net position of the City has been restated due to the adoption of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other than Pension*, for the year ended June 30, 2018. The restatement resulted in a decrease in the beginning net position of governmental funds of \$4,252,277 and a decrease in the beginning net position of business-type funds of \$1,764,200.

Our opinion is not modified with respect to these matters.

Other Matters

Required Supplementary Information

Management has omitted Management's Discussion and Analysis that accounting principles generally accepted in the United States of America required to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America require that the Schedule of City's Proportionate Share of the Net Pension Liability, Schedule of the City's Proportionate Share of the Net OPEB Liability, Schedule of City Contributions, and the Notes to the Required Supplementary information on pages 52-59 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the City's financial statements that collectively comprise the City's financial statements. The combining and individual non-major fund financial statements and other schedules required by Section 2.2.2.NMAC are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual non-major fund financial statements and the other schedules required by Section 2.2.2 NMAC are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with the auditing standards generally accepted in the United States of America. In our opinion, the combining and individual non-major fund financial statements and the other schedules required by Section 2.2.2 NMAC are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 14, 2018 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Governmental Funds
Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position
June 30, 2018

Fund balances - total governmental funds	\$ 2,611,303
Amounts reported for governmental activities in the statement of net position are different because:	
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.	15,254,796
Delinquent property taxes not collected within sixty days after year end are not available to pay for current period expenditures and, therefore, are deferred in the funds	87,246
Deferred outflows and inflows of resources related to pensions are applicable to future periods and, therefore, are not reported in the funds:	
Deferred outflows of resources related to employer pension contributions subsequent to measurement date	1,515,727
Deferred outflows of resources related to employer OPEB contributions subsequent to measurement date	66,503
Deferred inflows of resources related to pension	(1,050,652)
Deferred inflows of resources related to OPEB	(814,762)
Long-term liabilities, including bonds payable, are not due and payable in the current period and accordingly are not reported in the funds:	
Accrued interest expense	(8,560)
Notes payable	(2,094,155)
Net pension liability	(7,012,100)
Net OPEB liability	(3,579,836)
Compensated absences	(266,542)
Total net position of governmental activities	\$ <u><u>4,708,968</u></u>

See notes to the financial statements.

See notes to the financial statements.

CITY OF SOCORRO, NEW MEXICO
Reconciliation of the Statement of Revenues,
Expenditures and Changes in Fund Balances of Governmental
Funds to the Statement of Activities
For the Year Ended June 30, 2018

Net change in fund balances - total governmental funds \$ (157,304)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of certain capital outlays is allocated over the estimated useful lives of the assets acquired and reported as depreciation expense. As a result, fund balance decreased by the amount of financial resources expended, whereas net position decreased by the amount of depreciation expense charged for the year:

Capital expenditures	874,458
Depreciation expense	(1,150,618)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenue in the funds:

Change in property taxes receivable	21,141
-------------------------------------	--------

Governmental funds report pension contributions as expenditures. However, in the Statement of Activities, the cost of pension benefits earned net of employee contributions is reported as pension expense:

Pension expense	(501,889)
OPEB expense	(75,818)

The issuance of long-term debt (e.g., bonds, notes, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities:

Decrease in accrued interest payable	(238)
Increase in accrued compensated absences	10,745
Principal payments on notes	216,308
Loan Proceeds	-

Change in net position of governmental activities	\$ <u><u>(763,215)</u></u>
---	----------------------------

See notes to the financial statements.

CITY OF SOCORRO, NEW MEXICO
Notes to the Financial Statements
June 30, 2018

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Financial Reporting Entity

The City of Socorro, New Mexico (the "City") was incorporated in 1870 under the laws of the State of New Mexico. Eight councilors are elected at large for a four-year term of office. Non-partisan elections are held biannually for staggered terms of office. The Mayor is elected at large and serves as the Chairman of the Council.

The City provides traditional services such as public safety, public works, culture and recreation and other services, which are normal operations of cities. The City also provides water, sewer, solid waste and natural gas services.

During fiscal year 2017, GASB Statement No. 77, Tax Abatement Disclosures, became effective. The City does not have any agreements that require disclosure under the standards.

B. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The financial statements for the City have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP), as applied to governmental units. As required by GAAP, the financial statements present the City and entities for which the City is considered to be financially accountable. There are no component units for the fiscal year ended June 30, 2018.

The government-wide financial statements report information on all of the non-fiduciary activities of the City. Where appropriate, the effect of interfund activity has been removed from the statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and enterprise funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities, and deferred inflows and outflows of resources resulting from non-exchange transactions are recognized in accordance with the requirements of GASB Statement No. 33. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Private-sector standard of accounting and financial reporting issued prior to December 1989, generally are followed in the government-wide statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board (GASB). Governments also have the option of following subsequent private-sector guidance for their business-type activities, subject to this same limitation. The City has elected not to follow subsequent private-sector guidance.

CITY OF SOCORRO, NEW MEXICO
Notes to the Financial Statements
June 30, 2018

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (continued)

Enterprise funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the proprietary fund's principle ongoing operations.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are recorded.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is made.

The City follows the following revenue recognition principles applied to non-exchange transactions which are in Accordance with GASB Statement 33, *Accounting and Reporting for Non-exchange Transactions*:

Derived tax revenues are recognized as revenue in the period when the underlying exchange transaction has occurred and the resources are available. Derived tax revenues include gross receipts tax, gasoline taxes and cigarette taxes.

Imposed non-exchange revenue – property taxes are levied and collected by the Colfax County treasurer on behalf of the City. The taxes are levied in November and payable in two installments, November 10 and April 10. The County remits to the City a percentage of the collections made during the month. Taxes are considered delinquent and subject to lien, penalty and interest 30 days after the date on which they are due.

Imposed non-exchange revenue other than property taxes is recognized in the period when an enforceable legal claim has arisen and the resources are available.

Government-mandated non-exchange transactions and voluntary non-exchange transactions are recognized when all applicable eligibility requirements have been met and the resources are available. These include grant revenues, state shared taxes and intergovernmental revenue. Grant revenues are recognized as revenues when the related costs are incurred.

Other revenues susceptible to accrual are investment income and charges for services. All other revenues are recognized when they are received and are not susceptible to accrual because they are usually not measurable until payment is actually received.

CITY OF SOCORRO, NEW MEXICO
Notes to the Financial Statements
June 30, 2018

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (continued)

The City reports the following major governmental funds:

General Fund is the City's primary operating fund. It accounts for all the financial resources of the general government, except those required to be accounted for in another fund.

The City reports the following major enterprise funds:

Joint Enterprise Fund – to account for the activities of the City's natural gas, water, wastewater, solid waste, landfill and recycling operations.

Proprietary funds financial statements are reported using the measurement focus and use the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flow takes place.

The City reports the following fund types:

General Fund is the general operating fund of the City. All general tax revenues and other receipts that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. Many of the more important functions of the City, including the City's general services and administration, are accounted for in this fund.

Special Revenue Funds are used to account for revenues derived from specific sources, which are usually required by law or regulation to be accounted for in separate funds.

Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities other than those constructed for proprietary funds.

Debt Service Funds are used to account for the accumulation of resources for, and the payment of general long-term principal, interest and related costs.

The **Proprietary Funds** are used to account for activities similar to those found in the private sector where the determination of net income is necessary or useful for sound financial administration. Goods or services from such activities can be provided either to outside parties (enterprise funds) or to other departments or agencies primarily within the government (internal service funds).

C. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position

Cash and Investments

Cash includes amounts in demand deposits, CDs and investments. All amounts included in pooled cash and investments with an original maturity of 90 days or less are considered to be cash equivalents for the purposes of the statement of cash flows. Investments are stated at fair value.

Investments are stated at fair value that is determined using selected bases. Investments with managed funds are reported at estimated fair value as determined by the respective fund managers based on quoted sales prices of the underlying securities. Cash deposits are reported at carrying amount, which reasonably estimates fair value. The City categorizes the fair value measurements of its investments within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on valuation inputs used to measure the fair value of the asset into three levels:

CITY OF SOCORRO, NEW MEXICO
Notes to the Financial Statements
June 30, 2018

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position (continued)

Accounts receivable of the enterprise fund represents the amounts due from customer utility accounts. Customers are billed jointly for charges of gas, water, wastewater, and solid waste disposal services. The governmental funds report taxes and other fees collected at the City, County, and State level as receivables.

Inventory

The cost of inventory items in the joint enterprise fund, consisting primarily of parts and supplies, are recorded at last cost. Expenditures are recorded as the inventory items are consumed.

Real Estate Contract – Land Sale

For the government-wide financial statements, the City recognizes income on real estate sales by recording the entire gross profit on sales that meet the requirements for the accrual method. Transactions that do not meet the requirements for the accrual method are recorded using the deposit method or installment method until the requirements for the accrued method are met. Under the deposit method, cash received is recorded as a deposit. Under the installment method, the City records the entire contract price and the related costs at the time the transaction is recognized as a sale, but the gross profit is deferred and recognized as payments are received on the related contract receivable. In the financial statements for the governmental funds, the City recognizes income from the sale of real estate when the principal on mortgage contracts are collected. At the time of sale, the principal on the real estate contracts are recorded as unearned revenue.

Capital Assets

Capital assets, which include software, library books, property, plant, equipment and infrastructure assets (e.g., roads, bridges, sidewalks and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 per Section 12-6-10 NMSA 1978 and an estimated useful life in excess of one year.

Assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at their estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Such assets, including infrastructure assets have high limits that must be met before they are capitalized.

CITY OF SOCORRO, NEW MEXICO
Notes to the Financial Statements
June 30, 2018

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position (continued)

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Data Processing Equipment	3 years
Software	5 years
Office Equipment	5 years
Motor Vehicles	5 years
Office Furniture	10 years
Non Office Equipment & Ambulance	10 years
Fire Truck & Facility Improvements	20 years
Buildings	20-40 years

Compensated Absences

The City employees earn vacation leave which may either be taken or accumulated up to certain amounts until paid upon resignation or retirement. All vacation leave pay is accrued when incurred in the government-wide and proprietary fund financial statements. Sick leave accrues at the rate of eight hours per month. Employees who have accumulated sick leave in excess of 600 hours may convert to pay (not to exceed 500 hours) the amount in excess at a rate of two hours of sick leave to one hour of cash payment. No liability is recorded for non-vesting accumulating rights to receive sick pay benefits.

Long-term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position.

Fund Balance Classifications

Fund balances of the governmental funds are reported separately within classifications based on a hierarchy of the constraints placed on the use of those resources. The classifications are based on the relative strength of the constraints that control how the specific amounts can be spent. The classifications are non-spendable, restricted, and unrestricted, which includes committed, assigned, and unassigned fund balance classifications.

Non-spendable. The non-spendable fund balance classification includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact.

Restricted. Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions or enabling legislation.

Committed. The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by formal action of the City. Those committed amounts cannot be used for any other purpose unless the City removes or changes the specified use by taking the same type of action it employed to previously commit those accounts.

CITY OF SOCORRO, NEW MEXICO
Notes to the Financial Statements
June 30, 2018

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position (continued)

Assigned. Amounts in the assigned fund balance classification are intended to be used by the City for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the General Fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the General Fund, assigned amounts represent intended uses established by the City, or a management official delegated that authority by the formal City action.

Unassigned. Unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The City applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Interfund Transactions

Quasi-external transactions are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed. Nonrecurring or non-routine permanent transfers of equity are reported as residual equity transfers. All other Interfund transfers are reported as operating transfers. All Interfund activity has been eliminated at the government wide level.

Net Position

Net position represents the difference between assets and liabilities. Net investment in capital assets, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvements of those assets. Net position is reported as restricted when there are limitation imposed on their use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. All other net position components that do not meet the definition of "restricted" or "net investment in capital assets, net of related debt" are included in unrestricted net position. The Government-wide Statement of Net Position reports \$1,137,051 of governmental activities restricted net position, of \$680,604 is restricted by enabling legislation.

Cash Flows

For purposes of the Statement of Cash Flows, all highly liquid assets with a maturity of three months or less are considered to be cash equivalents.

CITY OF SOCORRO, NEW MEXICO
Notes to the Financial Statements
June 30, 2018

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position (continued)

Budgetary Information

Actual amounts on the budgetary basis are prepared on the GAAP basis of accounting, which recognizes revenues when earned and expenditures when incurred. Annual budgets are adopted for the general, special revenue, capital projects and enterprise funds. The City follows the following procedures for establishing the budgetary data reflected in the financial statements:

1. Prior to June, the City Administrator submits to the City Council a proposed operating budget for the fiscal year commencing the following July. The operating budget includes proposed expenditures and the means of financing them based on previous years' history. Public hearings are conducted at the City Hall to obtain taxpayer comments. Prior to July 1, the budget is legally enacted through passage of a resolution.
2. The City Administrator is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of any funds must be approved by the City Council and New Mexico State Department of Finance, Division of Local Governments.
3. Formal budgetary integration is employed as a management control device during the year for the general fund, special revenue funds, capital projects fund and enterprise funds.
4. The level of classification detail in which expenditures or expenses may not legally exceed appropriations for each budget is in fund total. Appropriations lapse at year-end.

Use of Estimates in Preparing Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimated.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Public Employees Retirement Association (PERA) and additions to/deductions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA's. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Postemployment Benefits Other Than Pensions (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the New Mexico Retiree Health Care Authority (NMRHCA) and additions to and deductions from NMRHCA's fiduciary net position have been determined on the same basis as they are reported by NMRHCA. For this purpose, NMRHCA recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value.

CITY OF SOCORRO, NEW MEXICO
Notes to the Financial Statements
June 30, 2018

NOTE 2. CASH AND INVESTMENTS

State statutes authorize the investment of City funds in a wide variety of instruments including certificates of deposit and other similar obligations, state investment pool, money market accounts, and United States Government obligations. All invested funds of the City properly followed State investment requirements as of June 30, 2018.

Deposits of funds may be made in interest or non-interest bearing checking accounts in one or more banks or savings and loan associations within the geographical boundaries of the City. Deposits may be made to the extent that they are insured by an agency of the United States or are collateralized as required by statute. The financial institution must provide pledged collateral for 50% of the deposit amount in excess of the deposit insurance.

The rate of interest in non-demand interest-bearing accounts shall be set by the State Board of Finance, but in no case shall the rate of interest be less than one hundred percent of the asked price on United States treasury bills of the same maturity on the day of deposit.

Excess of funds may be temporarily invested in securities which are issued by the State or by the United States government, or by their departments or agencies, and which are either direct obligations of the State or the United States or are backed by the full faith and credit of those governments.

All of the City's accounts are held at insured depository institutions, including all noninterest-bearing transaction accounts, which will be insured by the FDIC up to the Standard Maximum Deposit Insurance Amount of \$250,000 per institution.

The pledged collateral is listed on the schedule below. The types of collateral allowed are limited to direct obligations of the United States Government and all bonds issued by an agency, district or political subdivision of the State of New Mexico.

CITY OF SOCORRO, NEW MEXICO
Notes to the Financial Statements
June 30, 2018

NOTE 2. CASH AND INVESTMENTS (CONTINUED)

Custodial Credit Risk—Deposits

Custodial credit risk is the risk that, in the event of the failure of a depository financial institution, the City will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The City does not have a deposit policy for custodial credit risk. Deposits are exposed to custodial credit risk if they are not covered by depository insurance and are: 1) uncollateralized, 2) collateralized with securities held by the pledging financial institution, or 3) collateralized with securities held by the pledging financial institution's trust department or agent but not in the City's name. In accordance with Section 6-10-17, NMSA 1978 compilation, deposits of public monies are required to be collateralized. Pledged collateral is required in amounts in aggregate equal to one half of the amount of uninsured public money in each account during the fiscal year. Securities which are obligations of the State of New Mexico, its agencies, institutions, counties, or municipalities or other subdivisions are accepted as security at par value; all other securities are accepted as security at market value. No security is required for the deposit of public money that is insured by the Federal Deposit Insurance Corporation. At June 30, 2018, \$875,792 of the City's bank balance of \$1,184,334 was exposed to custodial credit risk. \$1,395,946 was uninsured and collateralized by collateral held by the pledging bank's trust department, not in the City's name.

	First State Bank	Washington Federal	Total
Amount of deposits	\$ 1,125,792	58,542	1,184,334
FDIC coverage	(250,000)	(58,542)	(308,542)
Total uninsured public funds	875,792	-	875,792
Collateralized by securities held by the pledging institution or by its trust department or agent in other than the City's name	1,395,946	-	1,395,946

NOTE 2. CASH AND INVESTMENTS (CONTINUED)

Investments

The City holds investments in a government money market mutual fund held by Wells Fargo Securities, totaling \$966,042 as of June 30, 2018. The City has no formal investment policy over the investments.

Custodial Credit Risk – Investments

For an investment, custodial credit risk is the risk that, in the event of failure of the counter party, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City has no formal policy limiting the amount of investments or deposits at any single institution or with any single issuer. The City’s exposure to custodial credit risk for investments at June 30, 2018 is as follows:

<u>Investment Type</u>	<u>Custodian</u>	<u>Fair Value</u>
Mutual Funds	Wells Fargo Securities	\$ 966,042

In accordance with GASB 40, the City’s investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the government, and are held by the counterparty. All of the City’s investments are purchased through Wells Fargo Brokerage Services. Wells Fargo & Company holds all U.S. depository – eligible securities with the federally regulated Depository Trust Company (DTC) or through the Federal Reserve Bank System in Wells Fargo’s name. The Advanced Government Money Market Fund investment of the City meet the above criteria and the cost subject to custodial credit risk is \$966,042. The City does not have a formal investment policy to limit this risk.

Interest Rate Risk – Investments

Interest rate risk is the risk that changes in the interest rates will adversely affect the fair value of an investment. The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from fluctuations in interest rates.

Credit Risk – Investments

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The City does not have a policy on investment credit risk. The City’s investments in Government Money Market were rated AAA-mf by Moody’s Investor Services and AAAm by Standard & Poors.

Concentration of Credit Risk – Investments

The City places no limit on the amount the City may invest in any one issuer. 100% of the City’s investments are held in a Government Money Market.

CITY OF SOCORRO, NEW MEXICO
Notes to the Financial Statements

NOTE 2. CASH AND INVESTMENTS (CONTINUED)

Fair Value Measurement

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset.

- Level 1 inputs are quoted prices (unadjusted) for the identical assets in active markets, accessible at the measurement date. Level 1 inputs include exchange markets, dealer markets, brokered markets, and principal to principal markets.
- Level 2 inputs are inputs – other than quoted prices included within Level 1 that are observable for an asset, either directly or indirectly. Level 2 inputs include quoted prices for similar assets in active markets and quoted prices for identical or similar assets in markets that are not active.
- Level 3 inputs are unobservable inputs for an asset.

Investments that do not have a readily determinable fair value are recorded using net asset value (NAV). NAV is generally provided by the investment managers, but the City considers the reasonableness of the NAV, based on market information, to arrive at the fair value estimates for each investment.

The City has the following recurring fair value measurements as of June 30, 2018:

	<u>Fair Value</u>	<u>(Level 1)</u>	<u>(Level 2)</u>	<u>(Level 3)</u>
Investment held by the City:				
Mutual Funds – Equities	\$ <u>966,042</u>	<u>966,042</u>	<u>-</u>	<u>-</u>
Total investments				
subject to leveling	\$ <u><u>966,042</u></u>	<u><u>966,042</u></u>	<u><u>-</u></u>	<u><u>-</u></u>
Investments measured at the net asset value (NAV):	\$ <u>-</u>			
Total investments	\$ <u><u>966,042</u></u>

NOTE 5. LONG-TERM OBLIGATIONS (CONTINUED)

Clean Water State Revolving Fund (CWSRF)

The City entered into a loan agreement with the New Mexico Environment Department for the purpose of repayment of construction expenses paid by New Mexico Environment Department for the construction of the wastewater facility. The loan was finalized April 12, 2018 with the City borrowing \$417,466. The loan does not charge interest. Principal and interest payments on the loan are due February 27th of each year, maturing on February 27, 2038.

NOTE 5. LONG-TERM OBLIGATIONS (CONTINUED)

Capital Leases

On October 13, 2012, the City entered into a lease purchase agreement for a Caterpillar Landfill Compactor. The lease agreement calls for monthly payments of \$7,307 and will be paid in full in fiscal year 2020. The City has capitalized \$549,300 for this lease.

The future requirements for capital leases are as follows:

<u>Year Ending June 30</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2019	\$ 87,692	1,959	89,651
2020	14,615	58	14,673
Total	\$ 102,307	2,017	104,324

Accrued Compensated Absences

It is the policy of the City to grant each permanent and probationary full-time employee annual leave based on the following schedule.

<u>Total Years of Service</u>	<u>Yearly Accumulation</u>
0 – 5 (inclusive)	96 hours
6 – 19 (inclusive)	144 hours
20 or more	160 hours

Landfill Closure and Post Closure Costs

State and Federal law regulations require the City to place a final cover on its landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Although closure and post closure care will be paid only near or after the date that the landfill stops accepting waste, the City reports a portion of these closure and post closure care costs as an operating expense in each period based on landfill capacity used as of each balance sheet date. The \$314,307 reported as landfill closure liability (includes: landfill closure, post closure care, phase I and phase II assessments and corrective action costs) at June 30, 2018, represents the cumulative amount reported to date based on management’s estimates and on the area used by the landfill. Actual costs may differ due to inflation and changes in technology and regulations. The current site was closed in 2014.

NOTE 6. INTERFUND TRANSFERS

Interfund transfers for the year ended June 30, 2018 consisted of the following:

Major Funds	<u>Transfers In</u>	<u>Transfers Out</u>
<i>Governmental Activities</i>

NOTE 7. PENSION PLAN—PUBLIC EMPLOYEES RETIREMENT ASSOCIATION

Plan Description. The Public Employees Retirement Fund (PERA) is a cost-sharing, multiple employer defined benefit pension plan. This fund has six divisions of members, including State General, State Police/Adult Correction Officer, Municipal General, Municipal Police/Detention Officers, Municipal Fire, and State Legislative Divisions; and offers 24 different types of coverage within the PERA plan. All assets accumulated may be used to pay benefits, including refunds of member contributions, to any of the plan members or beneficiaries, as defined by the terms of this plan. Certain coverage plans are only applicable to a specific division. Eligibility for membership in the PERA Fund is set forth in the Public Employees Retirement Act (Chapter 10, Article 11, NMSA 1978). Except as provided for in the Volunteer Firefighters Retirement Act (10-11A-1 to 10-11A-7, NMSA 1978); the Judicial Retirement Act (10-12B-1 to 10-12B-19, NMSA 1978); the Magistrate Retirement Act (10-12C-1 to 10-12C-18, NMSA 1978, and the Educational Retirement Act (Chapter 22, Article 11, NMSA 1978), each employee and elected official of every affiliated public employer is required to be a member in the PERA Fund, unless specifically excluded.

Benefits Provided. Benefits are generally available at age 65 with five or more years of service or after 25 years of service regardless of age for TIER I members. Provisions also exist for retirement between ages 60 and 65, with varying amounts of service required. Certain police and fire members may retire at any age with 20 or more years of service for Tier I members. Generally, the amount of retirement pension is based on final average salary, which is defined under Tier I as the average of salary for the 36 consecutive months of credited service producing the largest average; credited service; and the pension factor of the applicable coverage plan. Monthly benefits vary depending upon the plan under which the member qualifies, ranging from 2% to 3.5% of the member's final average salary per year of service. The maximum benefit that can be paid to a retiree may not exceed a range of 60% to 90% of the final average salary, depending on the division. Benefits for duty and non-duty death and disability and for post-retirement survivors' annuities are also available.

TIER II

The retirement age and service credit requirements for normal retirement for PERA state and municipal general members hired increased effective July 1, 2013 with the passage of Senate Bill 27 in the 2013 Legislative Session. Under the new requirements (Tier II), general members are eligible to retire at any age if the member has at least eight years of service credit and the sum of the member's age and service credit equals at least 85 or at age 67 with 8 or more years of service credit. General members hired on or before June 30, 2013 (Tier I) remain eligible to retire at any age with 25 or more years of service credit. Under Tier II, police and firefighters in Plans 3, 4, and 5 are eligible to retire at any age with 25 or more years of service credit. State police and adult correctional officers, peace officers, and municipal juvenile detention officers will remain in 25-year retirement plans, however, service credit will no longer be enhanced by 20%. All public safety members in Tier II may retire at age 60 with 6 or more years of service credit. Generally, under Tier II pension factors were reduced by .5%, employee Contribution increased 1.5 percent and effective July 1, 2014 employer contributions were raised .05 percent. The computation of final average salary increased as the average of salary for 60 consecutive months.

NOTE 7. PENSION PLAN—PUBLIC EMPLOYEES RETIREMENT ASSOCIATION (CONTINUED)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions.

For PERA Fund Division Municipal General, at June 30, 2018, the City reported a liability of \$5,339,693 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2016. The total pension liability was rolled-forward from the valuation date to the plan year ending June 30, 2017 using generally accepted actuarial principles. Therefore, the employer's portion was established as of the measurement date of June 30, 2017. There were no significant events or changes in benefit provision that required an adjustment to the roll-forward liabilities as of June 30, 2017. The City's proportion of the net pension liability was based on a projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of all participating entities, actuarially determined. At June 30, 2017, the City's proportion was 0.3886%, which was an increase of 0.0076% from its proportion measured as of June 30, 2016.

For the year ended June 30, 2018, the City recognized PERA Fund Division Municipal Plan pension expense of \$629,407. At June 30, 2018, the City reported PERA Fund Division Municipal Plan deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 209,814	(273,484)
Changes in assumptions	246,239	(55,178)
Net difference between projected and actual earnings on pension plan investments	438,090	-
Changes in proportion and differences between City's contributions and proportionate share of contributions	64,593	(61,841)
City's contributions subsequent to the measurement date	310,541	-
Total	\$ 1,269,277	(390,503)

CITY OF SOCORRO, NEW MEXICO
Notes to the Financial Statements
June 30, 2018

NOTE 7. PENSION PLAN—PUBLIC EMPLOYEES RETIREMENT ASSOCIATION (CONTINUED)

\$310,541 reported as deferred outflows of resources related to pensions resulting from the City’s contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:		
2019	\$	134,732
2020		471,630
2021		89,900
2022		(128,029)
2023		-
Total:	\$	<u>568,233</u>

For PERA Fund Division Municipal Police Plan, at June 30, 2018, the City reported a liability of \$1,637,807 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2016. The total pension liability was rolled-forward from the valuation date to the plan year ending June 30, 2017 using generally accepted actuarial principles. Therefore, the employer’s portion was established as of the measurement date of June 30, 2017. There were no significant events or changes in benefit provision that required an adjustment to the roll-forward liabilities as of June 30, 2017. The City’s proportion of the net pension liability was based on a projection of the City’s long-term share of contributions to the pension plan relative to the projected contributions of all participating entities, actuarially determined. At June 30, 2017, the City’s proportion was 0.2948%, which was a decrease of 0.165% from its proportion measured as of June 30, 2016.

For the year ended June 30, 2018, the City recognized PERA Fund Division Municipal Police Plan pension expense of \$138,587. At June 30, 2018, the City reported PERA Fund Division Municipal Police Plan deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 99,472	(306,009)
Changes in assumptions	97,444	(38,084)

\$118,788 reported as deferred outflows of resources related to pensions resulting from the Village’s contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:		
2019	\$	(69,065)
2020		42,163
2021		(69,085)
2022		(38,567)
2023		-
Total:	\$	<u>(134,554)</u>

For PERA Fund Division Municipal Fire Plan, at June 30, 2018, the City reported a liability of \$2,641,592 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2016. The total pension liability was rolled-forward from the valuation date to the plan year ending June 30, 2017 using generally accepted actuarial principles. Therefore, the employer’s portion was established as of the measurement date of June 30, 2017. There were no significant events or changes in benefit provision that required an adjustment to the roll-forward liabilities as of June 30, 2017. The City’s proportion of the net pension liability was based on a projection of the City’s long-term share of contributions to the pension plan relative to the projected contributions of all participating entities, actuarially determined. At June 30, 2017, the City’s proportion was 0.4617%, which was a decrease of 0.0058% from its proportion measured as of June 30, 2016.

For the year ended June 30, 2018, the City recognized PERA Fund Division Municipal Fire Plan pension expense of \$278,409. At June 30, 2018, the City reported PERA Fund Division Municipal Fire Plan deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 86,253	(330,770)
Changes in assumptions	104,433	(16,562)
Net difference between projected and actual earnings on pension plan investments	99,163	-
Changes in proportion and differences between City’s contributions and proportionate share of contributions	1,984	(40,099)
City’s contributions subsequent to the measurement date	<u>126,707</u>	<u>-</u>
Total	\$ <u>418,540</u>	<u>(387,431)</u>

CITY OF SOCORRO, NEW MEXICO
Notes to the Financial Statements
June 30, 2018

NOTE 7. PENSION PLAN—PUBLIC EMPLOYEES RETIREMENT ASSOCIATION (CONTINUED)

\$126,707 reported as deferred outflows of resources related to pensions resulting from the City’s contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:		
2019	\$	(15,515)
2020		22,935
2021		(74,449)
2022		(28,569)
2023		-
Total:	\$	<u><u>(95,598)</u></u>

Actuarial assumptions. The total pension liability in the June 30, 2017 actuarial valuation was determined using the following significant actuarial assumptions, applied to all periods included in the measurement:

PERA

Actuarial valuation date	June 30, 2016
Actuarial cost method	Entry Age Normal
Amortization method	Level Percentage of Pay
Amortization period	Solved for based on statutory rates
Asset valuation method	4 Year smoothed Market Value
Actuarial Assumptions:	
Investment rate of return	7.51% annual rate, net of investment expense
Projected benefits	100 years
Payroll Growth	2.75% for first 9 years, then 3.25% annual rate
Includes inflation at	2.25% annual rate first 9 years 2.75% all other years
Mortality Assumption	RP-2000 Mortality Tables (Combined table for healthy post-retirement, Employee table for active members, and Disabled table for disabled retirees before retirement age) with projection to 2018 using Scale AA.
Experience Study Dates	July 1, 2008 to June 30, 2013 (demographic) and July 1, 2010 through June 30, 2016 (economic)

The total pension liability, net pension liability, and certain sensitivity information are based on an actuarial valuation performed as of June 30, 2016. The total pension liability was rolled-forward from the valuation date to the plan year ended June 30, 2017. These assumptions were adopted by the Board used in the June 30, 2016 actuarial valuation.

CITY OF SOCORRO, NEW MEXICO
Notes to the Financial Statements
June 30, 2018

NOTE 7. PENSION PLAN—PUBLIC EMPLOYEES RETIREMENT ASSOCIATION (CONTINUED)

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

ALL FUNDS – Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Global Equity	43.50%	7.39%
Risk Reduction & Mitigation	21.50%	1.79%
Credit Oriented Fixed Income	15.00%	5.77%
Real Assets	20.00%	7.35%
Total	100.00%	

Discount rate. A single discount rate of 7.51% was used to measure the total pension liability as of June 30, 2017. This single discount rate was based on a long-term expected rate of return on pension plan investments of 7.51%, compounded annually, net of expense. Based on the stated assumptions and the projection of cash flows, the plan’s fiduciary net position and future contributions were projected to be available to finance all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

The projections of cash flows used to determine this single discount rate assumed that plan member and employer contributions will be made at the current statutory levels.

Sensitivity of the City’s proportionate share of the net pension liability to changes in the discount rate. The following presents the City’s proportionate share of the net pension liability calculated using the discount rate of 7.51 percent, as well as what the City’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.51 percent) or 1-percentage-point higher (8.51 percent) than the current rate:

PERA Fund Division Municipal Fire Plan

	1.00% Decrease (6.51%)	Current Discount Rate (7.51%)	1.00% Increase (8.51%)
Proportionate share of the net pension liability	\$ 3,540,416	2,641,592	1,900,878

Pension plan fiduciary net position. Detailed information about the pension plan’s fiduciary net position is available in separately issued PERA’S financial reports.

Payables to the pension plan. The City remits the legally required employer and employee contributions on a monthly basis to PERA. At June 30, 2018, the City owed the PERA \$24,127 for the contributions withheld in the month of June 2018.

NOTE 8. OTHER POSTEMPLOYMENT BENEFIT PLAN (OPEB)

General Information about the OPEB

Plan description. Employees of the City are provided with OPEB through the Retiree Health Care Fund (the Fund)—a cost-sharing multiple-employer defined benefit OPEB plan administered by the New Mexico Retiree Health Care Authority (NMRHCA). NMRHCA was formed February 13, 1990, under the New Mexico Retiree Health Care Act (the Act) of New Mexico Statutes Annotated, as amended (NMSA 1978), to administer the Fund under Section 10-7C-1-19 NMSA 1978. The Fund was created to provide comprehensive group health insurance coverage for individuals (and their spouses, dependents and surviving spouses) who have retired or will retire from public service in New Mexico.

NMRHCA is an independent agency of the State of New Mexico. The funds administered by NMRHCA are considered part of the State of New Mexico financial reporting entity and are OPEB trust funds of the State of New Mexico. NMRHCA’s financial information is included with the financial presentation of the State of New Mexico.

CITY OF SOCORRO, NEW MEXICO
Notes to the Financial Statements
June 30, 2018

NOTE 8. OTHER POSTEMPLOYMENT BENEFIT PLAN (OPEB) (CONTINUED)

Benefits provided. The Fund is a multiple employer cost sharing defined benefit healthcare plan that provides eligible retirees (including terminated employees who have accumulated benefits but are not yet receiving them), their spouses, dependents and surviving spouses and dependents with health insurance and prescription drug benefits consisting of a plan, or optional plans of benefits, that can be contributions to the Fund and by co-payments or out-of-pocket payments of eligible retirees.

Employees covered by benefit terms – At June 30, 2017, the Fund’s measurement date, the following employees were covered by the benefit terms:

Plan membership	51,208
Current retirees and surviving spouses	11,478
Inactive and eligible for deferred benefit	97,349
Current active members	3,820
	160,035
Active membership	
State general	19,593
State police and corrections	1,886
Municipal general	21,004
Municipal police	3,820
Municipal FTRE	2,290
Educational Retirement Board	48,756
	97,349

Contributions – Employer and employee contributions to the Fund total 3% for non-enhanced retirement plans and 3.75% of enhanced retirement plans of each participating employee’s salary as required by Section 10-7C-15 NMSA 1978. The contributions are established by statute and are not based on an actuarial calculation. All employer and employee contributions are non-refundable under any circumstance, including termination of the employer’s participation in the Fund. Contributions to the Fund from the City were \$94,094 for the year ended June 30, 2018.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2018, the City reported a liability of \$5,065,051 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2017, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date.

The City’s proportion of the net OPEB liability was based on actual contributions provided to the Fund for the year ending June 30, 2017. At June 30, 2017, the City’s proportion was 0.11177 percent.

CITY OF SOCORRO, NEW MEXICO
Notes to the Financial Statements
June 30, 2018

NOTE 8. OTHER POSTEMPLOYMENT BENEFIT PLAN (OPEB) (OPEB) (CONTINUED)

For the year ended June 30, 2018, the City recognized OPEB expense of \$201,370. At June 30, 2018, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	(194,370)
Changes in assumptions	-	(885,560)
Differences between actual and projected earnings on OPEB plan investments	-	(72,864)
Changes in proportion and differences between City's contributions and proportionate share of contributions	-	-
City's contributions subsequent to the measurement date	<u>94,094</u>	<u>-</u>
Total	\$ <u>94,094</u>	<u>(1,152,794)</u>

Deferred outflows of resources totaling \$94,094 represent City contributions to the fund made subsequent to the measurement date and will be recognized as a reduction of net OPEB liability in the year ending June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in OPEB expense as follows:

Year ended June 30:		
2019	\$	(245,092)
2020		(245,092)
2021		(245,092)
2022		(245,092)
2023		<u>(172,426)</u>
Total:	\$	<u>(1,152,794)</u>

CITY OF SOCORRO, NEW MEXICO
Notes to the Financial Statements
June 30, 2018

NOTE 8. OTHER POSTEMPLOYMENT BENEFIT PLAN (OPEB) (OPEB) (CONTINUED)

Actuarial assumptions. The total OPEB liability was determined by an actuarial valuation using the following actuarial assumptions:

Valuation Date	June 30, 2017
Actuarial cost method	Entry age normal, level percent of pay, calculated on individual employee basis
Asset valuation method	Market value of assets
Actuarial assumptions:	
Inflation	2.50% for ERB; 2.25% for PERA
Projected payroll increases	3.50%
Investment rate of return	7.25%, net of OPEB plan investment expense and margin for adverse deviation including inflation
Health care cost trend rate	8% graded down to 4.5% over 14 years for Non- Medicare medical plan costs and 7.5% graded down to 4.5% over 12 for Medicare medical plan costs

Rate of Return. The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which the expected future real rates of return (net of investment fees and inflation) are developed for each major asset class. These returns are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adding expected inflation and subtracting expected investment expenses and a risk margin. The target allocation and projected arithmetic real rates of return for each major asset class, after deducting inflation, but before investment expenses, used in the derivation of the long-term expected investment rate of return assumptions.

The best estimates for the long-term expected rate of return is summarized as follows:

<u>Asset Class</u>	<u>Long-Term Rate of Return</u>
U.S. core fixed income	4.1%
U.S. equity - large cap	9.1
Non U.S. - emerging markets	12.2
Non U.S. - developed equities	9.8
Private equity	13.8
Credit and structured finance	7.3
Real estate	6.9
Absolute return	6.1
U.S. equity - small/mid cap	9.1

CITY OF SOCORRO, NEW MEXICO
Notes to the Financial Statements
June 30, 2018

NOTE 8. OTHER POSTEMPLOYMENT BENEFIT PLAN (OPEB) (OPEB) (CONTINUED)

Discount Rate. The discount rate used to measure the Fund’s total OPEB liability is 3.81% as of June 30, 2017. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made at rates proportional to the actuary determined contribution rates. For this purpose, employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs for future plan members and their beneficiaries are not included. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all projected future benefit payments for current plan members through the fiscal year ending June 30, 2028. Thus, the 7.25% discount rate was used to calculate the net OPEB liability through 2029.

Beyond 2029, the index rate for 20-year, tax exempt general obligation municipal bonds with an average rating of AA/Aa or higher. Thus, 3.81% is the blended discount rate.

Sensitivity of the net OPEB liability to changes in the discount rate and healthcare cost trend rates. The following presents the net OPEB liability of the City, as well as what the City’s net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.81 percent) or 1-percentage-point higher (4.81 percent) than the current discount rate:

<u>1% Decrease (2.81%)</u>	<u>Current Discount (3.81%)</u>	<u>1% Increase (4.81%)</u>
\$ 6,143,828	\$ 5,065,051	\$ 4,218,653

The following presents the net OPEB liability of the City, as well as what the City’s net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

<u>1% Decrease</u>	<u>Current Trend Rates</u>	<u>1% Increase</u>
\$ 4,308,175	\$ 5,065,051	\$ 5,655,227

OPEB plan fiduciary net position. Detailed information about the OPEB plan’s fiduciary net position is available in NMRHCA’s audited financial statements for the year ended June 30, 2017.

Payable Changes in the Net OPEB Liability. At June 30, 2018, the City reported a payable of \$4,000 for outstanding contributions due to NMRHCA for the year ended June 30, 2018.

CITY OF SOCORRO, NEW MEXICO
Notes to the Financial Statements
June 30, 2018

NOTE 9. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions and natural disasters for which the government carries commercial insurance. The City participates in the New Mexico Mutual for workers' compensation claims. In addition, the City has obtained insurance through a commercial carrier operating as a common risk management and insurance program. The City pays an annual premium to a commercial carrier for its general coverage and all risk of loss is transferred.

The City had no significant reductions in insurance coverage from coverage in the prior year. In the fiscal year ended June 30, 2018, there were no settlements that exceeded insurance coverage. Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated.

NOTE 10. RELATED PARTY TRANSACTIONS

The City's mayor, council members, and employees own various businesses in their local area. For the year ending June 30, 2018, the City paid Best Western Socorro – Hotel and Suites \$883 for room rentals and Bhasker Medical Clinic \$7,687 for the drug screening of the City's new hires, both of which are owned by Mayor Ravi Bhasker; the City paid Hicks Paint & Body \$1,528, owned by Council Member Gordon Hicks, for body work and towing services; the City paid Toby Jaramillo, Council Member, \$250 for band services; the City paid Trujillo Signs \$2,514, owned by Rick Trujillo, Compliance Officer, for embroidery services; and the City paid Anthony Lukesh Suavacito, related to Jeanette Lukesh, A/P Clerk, \$2,500 for contracted janitorial services as well as Carl Lukesh, related to Jeanette Lukesh, \$15,300 for contracted janitorial services.

NOTE 11. CAPITAL OUTLAY APPROPRIATIONS

Capital outlay appropriations are as follows:

Capital Project	Project Appropriations	2018 Expenditures	Expenditures To Date	Project Funds Outstanding	Appropriation Period
RODEO/CONV CTR-14L2008	\$ 300,000	3,000	300,000	-	9/9/14 to 6/30/18
WWTP/COLLECTION SYSTEM	\$ 400,000	17,153	400,000	-	10/18/14 to 6/30/18

NOTE 12. SUBSEQUENT EVENTS

The date to which events occurring after June 30, 2018, the date of the most recent statement of net position, have been evaluated for possible adjustment to the financial statements or disclosures is December 14, 2018 which is the date on which the financial statements were issued.

NOTE 13. DEFICIT FUND BALANCE

The following fund had a deficit fund balance at June 30, 2018:

State Fire Protection Fund (209)	\$ 1,399
Recreation Fund (217)	2,077
Rodeo Area (249)	3,948
Total:	\$ 7,424

CITY OF SOCORRO, NEW MEXICO
Notes to the Financial Statements
June 30, 2018

NOTE 14. TRANSFER OF FUNDS

Prior to fiscal year 2018, the municipal streets fund was represented as a roll-up to the general fund. The City elected to break out and reclassify the balances into a stand-alone fund, resulting in a transfer of fund balance of \$34,001 from the general fund to the municipal streets fund.

	<u>Beginning Net Position</u>	<u>Transfer out</u>	<u>Transfer In</u>	<u>Change in Net Position</u>	<u>Ending Net Position</u>
Fund 101	\$ 1,631,556	(34,001)	-	(55,028)	1,542,527
Fund 216	-	-	34,001	(23,946)	10,055

NOTE 15. RESTATEMENT

During the fiscal year ended June 30, 2018, the City initially recorded the NMFA Gas Valve Loan acquired in fiscal year 2017 as an increase in cash and in revenues. An adjustment was then made in order to reflect the liability as an increase in debt and an increase in cash rather than a decrease in revenue. This adjustment led to an overstatement of revenue and cash of \$810,929. Therefore, beginning cash in the statement of cash flows was reduced by this amount from \$1,490,570 to \$679,641.

Additionally, for the NMED – Clean Water State Revolving fund liability, principal payments were set to begin during fiscal year 2018. However, the original agreement and expenditures began during fiscal year 2015. The liability should have been recognized by the City as reimbursed expenditures were incurred. Therefore, we will restate the net position for the total of expenditures incurred in prior years of \$363,446. This adjustment also led to a prior year understatement of debt of \$363,446 which will be recognized in the statement of cash flows as a reduction of the loan proceed activity from \$417,466 to \$54,020.

These adjustments lead to a total reduction of the net position of the joint utility fund of \$1,174,375.

NOTE 16. CHANGE IN ACCOUNTING PRINCIPLE

Net position as of July 1, 2017 has been restated as follows in accordance with financial reporting requirements of Governmental Accounting Standards Board’s Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other than Pensions:

<u>Governmental Funds</u>	
Net position as previously reported	\$ 9,724,460
GASB 75 implementation	<u>(4,252,277)</u>
Net position, as restated	<u>\$ 5,472,183</u>
<u>Business-Type Funds</u>	
Net position as previously reported	\$ 12,445,459
Restatement (Note 15)	(1,174,375)
GASB 75 implementation	<u>(1,764,200)</u>
Net position, as restated	<u>\$ 9,506,884</u>

SUPPLEMENTARY INFORMATION

CITY OF SOCORRO, NEW MEXICO
Nonmajor Governmental Fund Descriptions
June 30, 2018

SPECIAL REVENUE FUNDS:

Sedillo Park Renovations Fund – 107

To account for recreational user fees and concession revenues associated with activities conducted at Sedillo Park. The revenues are pledged for the purpose of paying a promissory note, the proceeds of which were used for renovating Sedillo Park.

Correctional Fees Fund – 201

To account for correctional fees collectable from persons convicted by the municipal judge for violating any motor vehicle ordinance. State Statute section 35-14-11, NMSA, 1978 compilation restricts the expenditures to the purpose of paying for the care of municipal prisoners.

Emergency Medical Services Fund – 206

To account for all rescue operations undertaken by the Fire Department and funded through State grants. The fund was established by sections 24-10A-1 through 24-10A-10 NMSA, 1978.

State Fire Protection Fund – 209

To account for the operations and maintenance of the Fire Department. The operations are financed by an allotment from the annual fire grant from the State of New Mexico. The fund was established by section 59-A-53-1 NMSA, 1978.

Law Enforcement Protection Fund – 211

To account for the expenditures from the State of New Mexico for training, equipment and capital outlay. Authority is section 29-13-14 NMSA, 1978.

Lodgers Tax Fund – 214

To account for lodgers tax collections. The tax is to be used for anything associated with tourist related facilities, attractions, and transportation systems. The fund was established by section 3-38-14 NMSA, 1978.

Lodgers Tax Promotional Fund – 215

To account for the operations of advertising, publicizing and promoting tourist facilities and tourist attractions. Financing is provided by three and a half percent of a five percent tax on lodging gross receipts within the City of Socorro. State Statute section 3-3-15, subsection D and E, NMSA, 1978 compilation requires the tax to be used in this manner.

Municipal Streets Fund – 216

To account for the gas tax collected and operations and maintenance of City streets.

Recreation Fund – 217

To account for City revenues and expenditures relating to recreational facilities and sports and recreation programs. The monetary funds to support the activities carried out in this fund come from the State. The fund was established by section 7-12-15 NMSA, 1978.

CITY OF SOCORRO, NEW MEXICO
Nonmajor Governmental Fund Descriptions
June 30, 2018

SPECIAL REVENUE FUNDS (CONTINUED):

Library Trustee Fund – 218

To account for donations received for the Public Library. Resources are provided by public donations and the interest earned thereon. Expenditures are to be used for activities of the library.

Juvenile Justice Grant Fund – 241

To account for grant funds used for programs and workshops administered for the benefit of the youth.

Rodeo Arena Fund – 249

To account for City revenues and expenditures related to the rodeo arena facilities.

Convention Center Fund – 250

To account for the costs for design, construction, equipping, furnishing, landscaping, operation and maintenance of the convention center. Financing is provided by a fee charged to each lodger for each day the room within city limits is occupied by a vendor not otherwise exempted by the Act. New Mexico Legislature enacted the Convention Center Financing Act during 2003 Legislative Session and requires the tax to be used in this manner.

CAPITAL PROJECTS FUNDS:

The following capital project funds were established for various construction projects and authorized by the City Council.

Airport Improvement Fund – 304

To account for resources received and used for improvements to the municipal airport. Resources for the projects are provided by an FAA Grant, NM Aviation Division Grant and City matching funds.

Street Improvement Fund – 309

To account for improvements to streets. Resources for the various projects are provided by the New Mexico State Highway and Transportation Department, State Appropriations, local contributions, City matching contributions and transfers from the General Fund and Enterprise Fund.

Rodeo Area Fund – 311

To account for improvements and facilities to the arena and convention center. Resources for this project are provided by federal and state funding in addition to loans and transfers from the General Fund.

CDBG Cuba Road Phase II – 315

To account for improvements to various roads. Resources for the project are provided by the General Fund, Enterprise Fund, and federal and state funding.

DEBT SERVICE FUND:

Debt Service Fund – 403

To account for accumulation of monies and payment of interest, principal & required reserves on the Master Equipment Lease Purchase Agreement, the HS Road Intercept and Reserve Fund, infrastructure improvements, and the rodeo sports facility loans.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the City Council
City of Socorro, New Mexico
and
Mr. Wayne Johnson
New Mexico State Auditor
Santa Fe, New Mexico

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, business-type activities, each major fund, the aggregate remaining fund information, and the budgetary comparison of the general fund of the City of Socorro, New Mexico (the "City") as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated December 14, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify certain deficiencies in internal control that we consider to be material weaknesses, as described in the accompanying schedule of findings and responses as items 2018-001 and 2018-002.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed one instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of findings and responses as item 2016-002.

The City's Response to Findings

The City's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The City's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Albuquerque, New Mexico

CITY OF SOCORRO, NEW MEXICO
Schedule of Findings and Responses
Year Ended June 30, 2018

AUDIT FINDINGS IN RELATION TO FINANCIAL STATEMENTS

2016-002 Lack of Internal Controls over Cash Disbursements (Other Non-Compliance)

Condition: During our internal control test work over cash disbursements, we noted 1 out of 40 disbursements tested, for a total disbursement amount of \$416, in which the purchase voucher did not indicate proper review and approval.

The City is making progress in resolving this finding during the current year. Management continues to train and enforce internal controls surrounding cash disbursements. The City plans to continue efforts in order to resolve the finding in subsequent years. Additionally, the City was successful in resolving compliance surrounding purchase requisition and purchase order approvals, in which findings were noted over in prior years.

Criteria: The Committee of Sponsoring Organizations (COSO) internal control integrated framework consists of five critical elements that must be present in carrying out the achievement objectives of an organization. These elements are known as the control environment, risk assessment, control activities, information and communication, and monitoring. Without evidence of review, the City is unable to monitor the operation of the control.

Effect: The City was in violation of its own policies over cash disbursements. Weaknesses in internal control could result in inappropriate cash disbursements.

Cause: Operating procedures are not being consistently applied to ensure that all cash disbursements are properly approved prior to payment.

Recommendation: We recommend that the City ensure compliance with its operating policies and procedures for cash disbursements and to ensure proper approvals prior to payment.

Management's Response: The grant associated with this disbursement underwent a director change in the fall of 2017. The disbursement was in October 2017. Management will ensure grant managers are aware of City policies and procedures to ensure compliance. All staff involved in procurement and disbursement are aware of the required signatures and are ensuring compliance.

Responsible Party for Corrective Action: Treasurer, Finance Officer, Procurement Officer, Accounts Payable Clerk.

Timeline for Corrective Action: Immediately.

CITY OF SOCORRO, NEW MEXICO
Schedule of Findings and Responses
Year Ended June 30, 2018

AUDIT FINDINGS IN RELATION TO FINANCIAL STATEMENTS (CONTINUED)

2018-001 Financial Close and Reporting (Material Weakness)

Condition: During our testwork over the City's account balances we noted the following deficiencies in the City's financial close process:

- Prior year audit adjustments were not properly posted by the City.
- Debt and Fixed Asset schedules are not being maintained or reconciled by the City.
- The City is not tracking or posting accruals.
- The City has been unable to accurately reconcile cash accounts.

Criteria: In accordance with NMAC 2.2.2.12 D (2) the financial statements are the responsibility of the agency. The agency shall maintain adequate accounting records, prepare financial statements in accordance with accounting principles generally accepted in the United States of America, and provide complete, accurate, and timely information to the IPA as requested.

Effect: Lack of proper financial close procedures can lead to unreliable account balances. And material misstatements of the financial statements.

Cause: The City is not properly tracking or recognizing long-term debt, fixed assets, or the accrual of year-end accounts payables and receivables. This leads to excessive audit adjustments in order to get the City from the cash basis to the modified accrual basis of accounting.

Recommendation: We recommend that the City design and implement policies and procedures in order to properly close the books and maintain records on the modified accrual basis of accounting. This is to include the tracking and posting of year-end payables and receivables, tracking and reconciling of all debt and fixed asset schedules and roll-forwards, posting of liabilities for enterprise funds, procedures for timely and accurate reconciliation of cash, and reconciliation of the final trial balance to the audited trial balance to ensure that all adjustments are properly posted.

Management's Response: Upon completion of the audit, the Finance Director will meet with the auditors to ensure accurate and timely year-end adjustments are entered. Throughout the year the Finance Director will continue to attend fixed asset training and pass this knowledge on to City Staff to properly reconcile on a timely basis. Finance Director will monitor all cash accounts and ensure proper reconciliation.

Responsible Party for Corrective Action: Finance Director, Administrator/Treasurer, and Finance Departmental Staff.

Timeline for Corrective Action: Immediately and ongoing throughout the year as required.

Schedule of Findings and Responses
Year Ended June 30, 2018

AUDIT FINDINGS IN RELATION TO FINANCIAL STATEMENTS (CONTINUED)

2018-002 Restatement of Net Position (Material Weakness)

Condition: During our testing over the City's long-term debt, we noted that the journal entry to accrue the liability for the NMFA Gas Valve loan acquired in fiscal year 2017, was improperly recognized as an adjustment to cash account rather than a revenue account. Therefore, revenue and cash were overstated by the total loan amount of \$810,929. Additionally, the NMED – Clean Water State Revolving Fund liability was provided to us as a current year acquisition of debt. Although payments are not due until fiscal year 2019, the liability should have been accrued by the City as expenses were reimbursed by NMED. The original agreement and expenditures began in fiscal year 2015. Therefore, it is necessary to restate the City's beginning net position for the total of expenditures incurred in prior year of \$363,446. These adjustments lead to a total reduction of beginning net position of the joint utility fund of \$1,174,375.

Criteria: In accordance with generally accepted accounting principles, all revenue and expense accounts should be properly recorded and recognized in the proper period.

Effect: The City reported an understatement of liabilities, overstatement of cash, and an overstatement of net position in the fiscal year 2017 financial statements.

Cause: Liabilities were improperly recorded in the fiscal year 2017 financial statements.

Recommendation: We recommend the City implement policies and procedures to better track and record liabilities.

Management's Response: Because the loan was not closed until the 2018 fiscal year it was not recorded as a liability until 2018. As the City has learned of the improper process, these financial instruments will now be recorded as liabilities on an ongoing basis (as funds are spent).

Responsible Party for Corrective Action: Finance Director, Administrator/Treasurer, and Finance Departmental Staff.

Timeline for Corrective Action: Immediately an ongoing throughout the year.
