Accounting & Consulting Group, LLP
INDEPENDENT AUDITOR'S REPORT

Hector H. Balderas
New Mexico State Auditor
The Office of Management and Budget
The Honorable Mayor and Town Councilors
Springer Housing Authority
Springer, New Mexico

We have audited the accompanying financial statements of the business-type activities of the Springer Housing Authority (the "Authority"), a Department of the Town of Springer, New Mexico (the "Town"), as of and for the year ended June 30, 2007, which collectively comprise the Springer Housing Authority's basic financial statements as listed in the table of contents. We have also audited the budgetary comparisons of the Authority for the year ended June 30, 2007 listed as supplementary information in the table of contents. These financial statements are the responsibility of the Authority's management. Our responsibility is to express opinions on these financial statements based on our audit.

Except as discussed in the following paragraph, we conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

We were unable to obtain sufficient competent audit evidence to support management's assertion of a material amount of capital asset additions in the Statement of Net Assets for the Authority. We were unable to perform alternative procedures to obtain the required evidence. We address this issue at finding FS-06-01.

As discussed in Note 1.A., the financial statements of the Authority, a Department of the Town of Springer, are intended to present the financial position and cash flows of only that portion of the business-type activities of the Town of Springer that is attributable to the transactions of the Authority. They do not purport to, and do not, present fairly the financial position of the Town of Springer as of June 30, 2007, the changes in financial positions, its cash flows or budgetary comparison for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In our opinion, except for the issue noted above, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the Springer Housing Authority as of June 30, 2007, and the respective changes in financial position and cash flows thereof, for the year then ended in conformity with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the budgetary comparisons for each of the enterprise funds for the year ended June 30, 2007, in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 5, 2009 on our consideration of the Authority's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Springer Housing Authority has not presented the Management's Discussion and Analysis that the Governmental Accounting Standards Board (GASB) has determined is necessary to supplement, although not required to be a part of the basic financial statements.

Our audit was conducted for the purpose of forming opinions on the basic financial statements and the budgetary comparisons of the Authority, a Department of the Town of Springer. The accompanying financial information listed as supporting Schedule I & II in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements. The accompanying Financial Data Schedule is presented as supporting Schedule III for purposes of additional analysis as required by U.S. Department of Housing and Urban Development and is not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

STATE OF NEW MEXICO
Springer Housing Authority
A Department of the Town of Springer
Notes to the Financial Statements
For the Year Ended June 30, 2007

NOTE 1. Summary of Significant Accounting Policies

The Housing Authority of the Town of Springer (Authority) was established in 1967. The Housing Authority's office is located in Springer, New Mexico. The Authority is a Department of the Town of Springer. The Authority uses the Town commissioners as their board. The Authority manages low rent public housing developments containing 56 total units.

The primary goal of the Low Income Public Housing Program is the provision of a decent home in a suitable living environment for families that cannot afford standard private housing. Under this program, decent, safe and sanitary housing is made available to families having incomes lower than those serviced by Public Housing Agencies (PHA) which are organized and authorized in accordance with State Law to engage or assist in the development of operation of a Low Income Public Housing Program.

The financial statements of the Authority, which is a Department of the Town, are intended to present the financial position, and the changes in financial position, and where applicable, cash flows of only that portion of the business-type activities of the Town that is attributable to the transactions of The Authority. They do not purport to, and do not present the financial position of the Town as of June 30, 2007, the changes in its financial position or, where applicable, its cash flows for the year then ended.

This summary of significant accounting policies of the Authority is presented to assist the reader in understanding the Authority's financial statements. The financial statements and notes are the representation of Authority's management that is responsible for their integrity and objectivity. The financial statements of the Authority have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental entities. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The financial statements have incorporated all applicable GASB pronouncements as well as Accounting Principles Board Opinions and Accounting Research bulletins of the committee on accounting procedures issued on or before November 30, 1989 unless those pronouncements conflict with or contradict GASB pronouncements. The Authority has elected not to apply FASB pronouncements issued after November 30, 1989.

The Authority administers the following federal award programs reported in the following major proprietary funds.

- **Low Income Public Housing Program** – Funded through direct grants from HUD, the program is designed to provide adequate living accommodations to qualified families through reduced rate rentals built and owned by the Authority. (Authority CFR Title 24)
- **Capital Fund Program** –A grant program funded by the Department of HUD that is intended to improve public housing properties and management. (Authority CFR Title 24)

The more significant accounting policies and procedures of the Authority are more fully described below.

A. Financial Reporting Entity

In evaluating how to define the Authority for financial reporting purposes, management has considered all potential programs and operations of the Authority. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in GASB-14 as amended by GASB 39. The basic, but not the only, criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing Authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters. A second criterion is the scope of public service. Application of this criterion involves considering whether the activity benefits the Authority and/or its residents and participants, or whether the activity is conducted within the geographic boundaries of the Authority and is generally available to its residents and participants. A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the Authority is able to exercise oversight responsibilities. Based upon the application of these criteria, the Authority has no component units.

STATE OF NEW MEXICO
Springer Housing Authority
A Department of the Town of Springer
Notes to the Financial Statements
For the Year Ended June 30, 2007

NOTE 1. Summary of Significant Accounting Policies (continued)

B. Basis of Accounting and Financial Statement Presentation

The Authority's basic financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") as set forth or adopted by the Governmental Accounting Standards Board ("GASB") and the Financial Accounting Standards Board ("FASB"), and their predecessors, the National Council on Governmental Accounting ("NCGA") and the Accounting Principles Board ("APB"), respectively. Generally accepted accounting principles for local governments include those principles prescribed by the American Institute of Certified Public Accountants in the publication entitled Audits of State and Local Governmental Units.

The accounting and financial reporting treatment applied to the Authority is determined by its measurement focus. The Authority's proprietary (enterprise) funds are accounted for on the flow of economic resources measurement focus and the accrual basis of accounting. Revenue is recognized when earned and expenses are recorded at the time liabilities are incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met. All assets and all liabilities associated with the operations are included on the balance sheet. Fund net assets (i.e., total assets net of total liabilities) are segregated into invested in capital assets, net of related debt; restricted; and unrestricted components.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the proprietary funds are charges to customers for rent and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting these definitions are reported as nonoperating revenues and expenses.

Revenue Recognition

Dwelling rental revenues are recorded as rental payments become due. Rental payments received in advance, if any, are deferred until earned.

The Authority has entered into annual contributions contracts with HUD to develop, manage and own public housing projects. HUD makes monthly operating subsidy contributions to the public housing program. Such contributions are reflected as operating grants revenue in the accompanying financial statements. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met.

C. Assets, Liabilities, Net Assets, Revenues and Expenses

Deposits and Investments

The Authority is authorized under the provision of 6-10-10 NMSA 1978, as amended, to deposit its money in banks, savings and loan associations and/or credit unions located in the Authority's County, whose accounts are insured by the United States of America. The Authority's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition. Before any local funds are invested or reinvested for the purpose of short-term investment pursuant to Section 6-10-10.1 NMSA 1978, as amended, the local public body finance official shall notify and make such funds available to banks, savings and loan associations and credit unions located within the geographical boundaries of their respective governmental unit, subject to the limitation on credit union accounts. To be eligible for such funds, the financial institution shall pay to the local public body the rate established by the state treasurer pursuant to a policy adopted by the State Board of Finance for such short-term investments.

STATE OF NEW MEXICO
Springer Housing Authority
A Department of the Town of Springer
Notes to the Financial Statements
For the Year Ended June 30, 2007

NOTE 1. Summary of Significant Accounting Policies (continued)

C. Assets, Liabilities, Fund Net Assets, Revenues and Expenses (continued)

Deposits and Investments (continued)

State regulations require that uninsured demand deposits and deposit-type investments such as certificates of deposit, be collateralized in accordance with statute, by the depository thrift or banking institution. Currently, state statutes require that a minimum of fifty percent (50%) of uninsured balances on deposit with any one institution must be collateralized, with higher requirements up to one hundred percent (100%) for financially troubled institutions. If the securities pledged are United States government securities, they are pledged at market value, if they are New Mexico municipal bonds, they are pledged at par value.

Receivables and Payables

Interfund activity is reported as either loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers.

All receivables, including tenant receivables, are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible. Payables are comprised of unpaid vendor and supplier invoices and are recognized when incurred.

Restricted Assets

Certain assets may be set aside for modernization and development, as well as security deposits held as insurance against the non-payment for services rendered. These are classified on the balance sheet as restricted because their use is limited. Another restriction is the use of assets set aside for debt service.

Inventories

All inventories are valued at cost using the first-in/first-out (FIFO) method. Inventories are recorded as expenditures when consumed rather than when purchased.

Prepaid Items

Certain payments to vendors for items that include insurance reflect costs applicable to future accounting periods and are recorded as prepaid items in the Authority's financial statements.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the statement of net assets. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. As proprietary funds, the Authority was required to capitalize and depreciate all of its capital asset acquisitions both before and after the implementation of GASB 34. Donated capital assets are recorded at estimated fair value at the date of donation. Information Technology Equipment including software is being capitalized and included in furniture, fixtures and equipment in accordance with NMAC 2.20.1.9 C (5).

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

STATE OF NEW MEXICO
Springer Housing Authority
A Department of the Town of Springer
Notes to the Financial Statements
For the Year Ended June 30, 2007

NOTE 1. Summary of Significant Accounting Policies (continued)

C. Assets, Liabilities, Net Assets, Revenues and Expenses (continued)

Capital Assets (continued)

Major outlays for capital assets and improvements are capitalized as projects are constructed. No interest was included as part of the cost of capital assets under construction.

Property, plant, and equipment of the Authority are depreciated using the straight-line method over the following estimated useful lives:

Land improvements	5-20 years
Building and Building Improvement	10-40 years
Furniture, fixtures and equipment	3-15 years
Vehicles	5-7 years

Accrued Expenses

Accrued expenses are comprised of accrued salaries, wages, related employment taxes and current maturities of compensated absences, discussed more fully below.

Compensated Absences

Accrued compensated absences of the Proprietary funds are recorded on their Statement of Fund Net Assets. In accordance with the provisions of Statement No. 16 of the Governmental Accounting Standards Board, Accounting for Compensated Absences, a liability has been recognized for all employees who have unused annual leave and for sick pay for only those employees who will be paid for unused sick leave upon termination.

Fund Net Assets

Fund net assets comprise the various net earnings from operating and non-operating revenues, expenses and contributions of capital. Fund net assets are classified in the following three components: invested in capital assets, net of related debt; restricted; and unrestricted fund net assets. Invested in capital assets, net of related debt, consists of all capital assets, net of accumulated depreciation and reduced by outstanding debt that is attributable to the acquisition, construction and improvement of those assets: debt related to unspent proceeds or other restricted cash and investments is excluded from the determination. Restricted fund net assets consists of fund net assets for which constraints are placed thereon by external parties, such as lenders, grantors, contributors, laws, regulations and enabling legislation, including self-imposed legal mandates. Unrestricted fund net assets consist of all other fund net assets not included in the above categories.

Unrestricted and Restricted Revenues

When both restricted and unrestricted resources are available for use, it is the Authority's policy to use restricted resources first, then unrestricted resources as they are needed.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. Significant estimates included in the Authority's financial statements are the estimated useful lives of capital assets.

STATE OF NEW MEXICO
Springer Housing Authority
A Department of the Town of Springer
Notes to the Financial Statements
For the Year Ended June 30, 2007

NOTE 2. Stewardship, Compliance and Accountability

A. Budgetary Information

The Executive Director annually obtains from HUD approved operating budgets for the fiscal year commencing the following July 1. The Authority's Commission is required to obtain approval from HUD for any revisions that alter the total expenditures, the legal level of budgetary control, of any grant programs. HUD program budgets are prepared on a regulatory basis that is comparable to the GAAP basis, except that the HUD budgetary basis excludes depreciation, which is included in the GAAP basis. Budgetary comparisons for the Authority's programs, and the related reconciliations of the budgetary basis to the GAAP basis, are included as supplementary information. The Authority only budgeted for their Low Rent Fund and not their Capital Projects Fund, resulting in expenditures over appropriations in the Capital Projects Fund. The Authority is taking corrective action on this matter.

NOTE 3. Deposits and Investments

State statutes authorize the investment of Authority funds in a wide variety of instruments including certificates of deposit and other similar obligations, state investment pool, money market accounts, and United States Government obligations. All invested funds of the Authority properly followed State investment requirements as of June 30, 2007.

Other than deposits represented by security deposits, all deposits are required to be in interest-bearing accounts.

The rate of interest in non-demand interest-bearing accounts shall be set by the State Board of Finance, but in no case shall the rate of interest be less than one hundred percent of the asked price on United States treasury bills of the same maturity on the day of deposit.

Excess of funds may be temporarily invested in securities which are issued by the State or by the United States government, or by their departments or agencies, and which are either direct obligations of the State or the United States or are backed by the full faith and credit of those governments.

According to the Federal Deposit Insurance Corporation, public unit deposits are funds owned by the public unit. Time deposits, savings deposits and interest bearing NOW accounts of an institution in the same state will be insured up to \$100,000 in aggregate and separate from the \$100,000 coverage for public unit demand deposits at the same institution.

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the Authority's deposits may not be returned to it. The Authority does not have a policy for custodial credit risk of deposits. New Mexico State Statutes require collateral pledged for deposits in excess of the federal deposit insurance to be delivered, or a joint safekeeping receipt be issued, to the Authority for at least one half of the uninsured amount on deposit with the institution. As of June 30, 2007, none of the Authority's bank balance of \$132,816 was exposed to custodial credit risk because the entire amount was covered by FDIC insurance.

 Notes to the Financial Statements
 For the Year Ended June 30, 2007

NOTE 4. Receivables

Receivables as of June 30, 2007 are as follows:

	Low Rent Public Housing	Public Housing Capital Fund	Total
Intergovernmental	\$ 8,331	\$ -	\$ 8,331
Tenant Receivables	2,462	-	2,462
Total	\$ 10,793	\$ -	\$ 10,793

The Housing Authority received payment for these receivables in the subsequent period. Therefore, an allowance for doubtful accounts was not necessary.

NOTE 5. Interfund Payables and Receivables

Internal balances have primarily been recorded when funds overdraw their share of pooled cash. The composition of interfund balances as of June 30, 2007 is as follows:

Due To	Due From	Amount
Low Rent Public Housing	Public Housing Capital Fund	\$ 68,036
	Total	\$ 68,036

All Interfund Transactions are short-term and are repaid within a month.

Total capital assets	<u>2,572,293</u>	<u>20,851</u>	<u>-</u>	<u>2,593,144</u>
Less accumulated depreciation				
Building & improvements	(1,673,713)	(81,734)	-	(1,755,447)
Furniture, fixtures & equipment	(122,919)	(18,190)	-	(141,109)
Vehicles	(12,692)	(3,988)	-	(16,680)
Total accumulated depreciation	<u>(1,809,324)</u>	<u>(103,912)</u>	<u>-</u>	<u>(1,913,236)</u>
Net capital assets	<u>\$ 762,969</u>	<u>\$ (83,061)</u>	<u>\$ -</u>	<u>\$ 679,908</u>

Depreciation expense for the year ended June 30, 2007 totaled \$103,912.

NOTE 7. Contingent Liabilities

Amounts received or receivable from grantor agencies are subject to audit and adjustments by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. Expenditures which may be disallowed by the grantor cannot be determined at this time although Authority expects such amounts, if any, to be immaterial.

NOTE 8. Risk Management

Springer Housing Authority Housing Authority is exposed to various risks of loss related to torts: theft of, damage to, and destruction of assets: errors and omissions: injuries to employees: and natural disasters. The Authority has joined together with other housing authorities throughout the Country and obtained insurance through the Housing Authority Insurance Group, a housing authority risk pool currently operating as a common risk management and insurance program for member units. The Authority pays an annual premium to the Housing Authority Insurance Group for its general insurance coverage and all risk of loss is transferred from the Authority to the Housing Authority Insurance Group.

NOTE 9. Other Information

PERA Pension Plan

Plan Description

Substantially all of the Authority's full-time employees participate in a public employee retirement system authorized under the Public Employees Retirement Act (Chapter 10, Article 11 NMSA 1978.) The Public Employee Retirement Association (PERA) is the administrator of the plan, which is a cost-sharing, multiple-employer defined benefit retirement plan. The plan provides for retirement benefits, disability benefits, survivor benefits, and cost-of-living adjustments to plan members and beneficiaries. PERA issues a separate, publicly available financial report that includes financial statements and required supplementary information for the plan. That report may be obtained by writing to PERA, P. O. Box 2123, Santa Fe, New Mexico 87504-2123. The report is also available on PERA's website at www.pera.state.nm.us.

Funding Policy

Plan members are required to contribute 9.15% of their gross salary to the plan. The Authority is required to contribute 9.15% for all plan members. The contribution requirements of plan members and the Authority are established under Chapter 10, Article 11 NMSA 1978. The requirements may be amended by acts of the legislature. The Authority's contributions to PERA for the fiscal year ending June 30, 2007, 2006, and 2005 were \$7,384, \$7,333 and \$6,512 respectively which equal the amount of the required contributions for each fiscal year.

NOTE 10. Post-Employment Benefits – State Retiree Health Care Plan

Plan Description

Springer Housing Authority contributes to the New Mexico Retiree Health Care Fund, a cost-sharing multiple-employer defined benefit postemployment healthcare plan administered by the New Mexico Retiree Health Care Authority (RHCA). The RHCA provides health care insurance and prescription drug benefits to retired employees of participating New Mexico government agencies, their spouses, dependents, and surviving spouses and dependents. The RHCA Board was established by the Retiree Health Care Act (Chapter 10, Article 7C, NMSA 1978). The Board is responsible for establishing and amending benefit provisions of the healthcare plan and is also authorized to designate optional and/or voluntary benefits like dental, vision, supplemental life insurance, and long-term care policies.

Eligible retirees are: 1) retirees who make contributions to the fund for at least five years prior to retirement and whose eligible employer during that period of time made contributions as a participant in the RHCA plan on the person's behalf unless that person retires before the employer's RHCA effective date, in which the event the time period required for employee and employer contributions shall become the period of time between the employer's effective date and the date of retirement; 2) retirees defined by the Act who retired prior to July 1, 1990; 3) former legislators who served at least two years; and 4) former governing authority members who served at least four years.

The RHCA issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for the postemployment healthcare plan. That report and further information can be obtained by writing to the Retiree Health Care Authority at 4308 Carlisle NE, Suite 104, Albuquerque, NM 87107

Funding Policy

The Retiree Health Care Act (Section 10-7C-13 NMSA 1978) authorizes the RHCA Board to establish the monthly premium contributions that retirees are required to pay for healthcare benefits. Each participating retiree pays a monthly premium according to a service based subsidy rate schedule for the medical plus basic life plan plus an additional participation fee of five dollars if the eligible participant retired prior to the employer's RHCA effective date or is a former legislator or former governing authority member. Former legislators and governing authority members are required to pay 100% of the insurance premium to cover their claims and the administrative expenses of the plan. The monthly premium rate schedule can be obtained from the RHCA or viewed on their website at www.nmrhca.state.nm.us.

The Retiree Health Care Act (Section 10-7C-13 NMSA 1978) is the statutory authority that establishes the required contributions of participating employers and their employees. The statute requires each participating employer to

STATE OF NEW MEXICO
 Springer Housing Authority
 A Department of the Town of Springer
 Notes to the Financial Statements
 For the Year Ended June 30, 2007

NOTE 10. Post-Employment Benefits – State Retiree Health Care Plan (continued)

contribute 1.3% of each participating employee’s annual salary; each participating employee is required to contribute .65% of their salary.

Employers joining the program after 1/1/98 are also required to make a surplus-amount contribution to the RHCA based on one of two formulas at agreed-upon intervals.

The RHCA plan is finance on a pay-as-you-go basis. The employer, employee and retiree contributions are required to be remitted to the RHCA on a monthly basis. The statutory requirements for the contributions can be changed by the New Mexico State Legislature.

The Springer Housing Authority’s contributions to the RHCA for the years ended June 30, 2007, 2006 and 2005 were \$925, \$919 and \$816, respectively, which equal the required contributions for each year.

NOTE 11. Concentrations

Substantially all revenues of the Authority are received from programs directed by the United States Department of Housing and Urban Development. Receipt of these funds is contingent upon the Authority’s continued compliance with grant provisions and the continuance of the grant programs by the U.S. Governmental agency.

NOTE 12. Long-term Liabilities

The following summarizes changes in long-term liabilities during the fiscal year ended June 30, 2007

	Balance July 1, 2006	Additions	Retirements	June 30, 2007	Due Within One Year
Compensated absences	\$ 6,717	\$ 1,363	\$ 5,274	\$ 2,806	\$ 2,806
Totals	<u>\$ 6,717</u>	<u>\$ 1,363</u>	<u>\$ 5,274</u>	<u>\$ 2,806</u>	<u>\$ 2,806</u>

NOTE 13. Net Assets

The Statement of Net Assets reports \$19,217 of restricted net assets, none of which is restricted by enabling legislation but is restricted to cover tenant deposit and FSS escrow liabilities.

NOTE 14. Expenditures in Excess of Budget

At June 30, 2007 the expenditures in the Low Rent Public Housing Fund exceeded budget by \$26,395. To address this budget violation the Authority intends to monitor the budget closely and submit budget adjustment requests timely.

Accounting & Consulting Group, LLP

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Hector H. Balderas
New Mexico State Auditor
The Office of Management and Budget and
To the Honorable Mayor and City Councilors
Springer Housing Authority
Springer, New Mexico

We have audited the financial statements of the business-type activities of the Springer Housing Authority (the "Authority"), a Department of the Town of Springer, New Mexico (the "Town"), as of and for the year ended June 30, 2007, which collectively comprise the Springer Housing Authority's basic financial statements as listed in the table of contents and have issued our report thereon dated June 5, 2009. The report on the financial statements of the Authority was qualified because we were unable to obtain sufficient evidence to support capital asset additions. We have also audited the budgetary comparisons for the year ended June 30, 2007 listed as supplementary information in the table of contents. Except as discussed in the preceding sentence, we conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Authority's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the Authority's financial statements that is more than inconsequential will not be prevented or detected by the Authority's internal control. We consider the deficiency described in the accompanying schedule of findings and responses as FS 05-07, FS 05-09, FS 05-25, FS 06-01, FS 06-02, and FS 06-05 to be significant deficiencies in internal control over financial reporting.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by Springer Housing's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. Of the significant deficiencies described above, we consider item 06-01 to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and questioned costs as items FA 05-11, FS 05-08, FS 05-09 and FS 05-25.

We noted certain matters that are required to be reported under Government Auditing Standards January 2007 Revision paragraphs 5.14 and 5.16, and Section 12.6.5, NMSA 1978, which are described in the accompanying schedule of findings and responses as findings FS 06-03.

The Authority's responses to the findings identified in our audit are described in the accompanying schedule of findings and responses. We did not audit the Authority's responses and, accordingly, we express no opinion on them.

This report is intended solely for the information and use of the audit committee, management, others within the organization, the Town Commission, the New Mexico Legislature, the New Mexico Department of Finance and Administration, the Office of the State Auditor, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

SCHEDULE OF FINDINGS AND RESPONSES

SECTION I – FINANCIAL STATEMENT FINDINGS

FS 05-07 Lack of Oversight by Board

Criteria: The Codification of Statements on Auditing Standards (SAS AU) paragraph 110.03 states that the financial statements are management’s responsibility. Management is responsible for adopting sound accounting policies, and for establishing and maintaining internal control that will, among other things, initiate, authorize, record, process, and report transactions (as well as events and conditions) consistent with management’s assertions embodied in the financial statements.

Condition: The Board of the Housing Authority did not exercise appropriate oversight over operations of the Housing Authority. The Town of Springer’s Town Council had to take over as the Board for the Housing Authority because of the lack of effectiveness the Board was having.

Cause: Board members lacked knowledge of HUD procedures and reporting requirements.

Effect: The Housing Authority’s governing body did not provide effective oversight of internal control and financial reporting processes.

Auditor’s Recommendation: The body charged with governance should provide effective oversight of the internal control and financial reporting process.

Management’s Response: The Springer Housing Authority Board of Commissioners assures that they will provide effective oversight of internal control and financial reporting process.

FS 05-08 Expenditures in Excess of Budget

Criteria: All Housing funds are to be budgeted by the local governing body and submitted to the State of New Mexico Department of Finance and Administration – Local Government Division for approval. Once adopted, any claims or warrants in excess of budget are a violation of Section 6-6-6, NMSA, 1978 Compilation.

Condition: The Housing Authority exceeded the budgeted expenditures in the following funds:

	<u>Amount</u>
Public Housing Low Rent	\$26,395

Cause: Inadequate monitoring of budgeting procedures by Authority management was the cause of this condition.

Effect: Any expenditure in excess of the approved budget(s) shall be a liability against the officials so allowing or paying such claims or warrants, and recovery of such excess amounts so allowed or paid may be had against the bondsmen of such official.

Auditors’ Recommendation: Budget for future years should be revised to ensure that all funds have adequate budget authority for appropriations. Greater attention should be given to the budget monitoring process and budget adjustment requests should be submitted timely.

Management’s Response: The Springer Housing Authority Executive Director and the Board of Commissioners assures that the budget for future years will be revised and ensure that all funds have adequate budget authority for appropriations. The budget will be monitored closely and budget adjustment requests will be submitted in a timely manner.

FS 05-09 Late Filing of Audit Report

Criteria: According to State of New Mexico regulations, Section 2.2.2.9A(1)(d)NMAC, the Town of Springer's fiscal year 2006 audited financial statements were due December 1, 2007.

Condition: Audited financial statements were not filed by the required filing date. The audit report was submitted to the State Auditor's Office on June 12, 2009.

Cause: The poor condition of records and key employee turnover has caused the audits to not be performed in a timely manner.

Effect: Delays in the submission of the audit report affects the reporting of financial information to other state agencies and local governments.

Auditor's Recommendation: We recommend that the Authority work towards getting caught up on their audits to avoid late filing in the future.

Management's Response: The Springer Housing Authority Executive Director and Board of Commissioners assures that we are working towards getting caught up on our audits in order to avoid late filing in the future. The reason the Springer Housing Authority has been late is not only because of employee turnovers but because the Housing Authority had the same Board of Commissioners as the Town of Springer and were awaiting the Town of Springer to obtain an auditor. Since the Housing Authority at this time has a different Board of Commissioners from the Town of Springer, we are working towards this goal as well.

FS 05-25 Late Filing of Audit Information for REAC

Criteria: In accordance with the Consolidation Audit Guide for Audits of HUD Programs, Public Housing Authority's are responsible for ensuring that audited financial statements are electronically submitted to REAC within nine months after its fiscal year end.

Condition: The REAC filing for the Housing Authority is past the due date because the audited financial statements were not completed by the required filing date.

Cause: The Housing Authority is audited with the Town and since the audit for the Town is late, the Housing Authority is also late.

Effect: The Housing Authority has been placed in "troubled status" by HUD.

Auditor's Recommendation: The Town and Housing Authority should have their financial statement audits performed within the due dates specified by the State Auditor.

Management's Response: The Springer Housing Authority at this time has formed a separate Housing Board. This will enable the Housing Authority to continue to have their financial statement audits performed within the due dates specified by the State Auditor.

FS 06-01 Capital Asset Additions recorded incorrectly

Criteria: Title 2 Chapter 20, Part 1 of New Mexico Administrative Code provides guidance on the classification of capital assets at Section 2.20.1.9.

Condition: During our testwork of capital asset additions, we noted \$26,427 in items in which the client was unable to provide supporting documentation.

Cause: The capital asset information was not kept for the items added during the fiscal year.

Effect: Proper recording of capital assets is required to prevent theft or other losses. Without proper accounting for additions, the financial statements of the County may be misstated.

Auditors' Recommendation: We recommend that the Housing Authority save all its information related to capital assets. We also recommend that they review all additions to ensure that they are being classified to the correct category as set forth in Section 2.20.1.9 of NMAC.

Management's Response: The Springer Housing Authority Executive Director and the Board of Commissioners assure that information related to capital assets as well as all additions is classified to the correct category.

FS 06-02 Security Deposits and FSS Escrow Not Matching the Restricted Cash Accounts

Criteria: Good accounting practices require that security deposit liabilities should be reconciled to the related security deposit bank account.

Condition: The restricted tenant deposits account does not match the liability account balances for the respective deposits. The tenant deposits account is specifically set up for tenants' deposits that are owed to the individual upon cancellation of service.

Cause: The monies in the bank are not being reconciled to the deposit listings maintained by the Housing Authority.

Effect: The deposit liability balance for the Public Housing tenant account is understated by \$373.

Auditors' Recommendation: The tenant deposits liability account should be reconciled with the tenant deposits account throughout the year.

Management's Response: The Springer Housing Authority Executive Director assures that the tenant deposits liability account will be reconciled with the tenant deposits account throughout the year.

FS 06-03 Overdrawn Cash Balances

Criteria: Good accounting practices require that bank account balances should not be overdrawn and have negative balances.

Condition: The Housing Authority had one checking account that had a negative balance of \$10 at year end.

Cause: The Housing Authority has not monitored this account effectively.

Effect: The Housing Authority will be charged avoidable fees because the account is negative.

Auditors' Recommendation: We recommend that the Housing Authority monitor all account balances to avoid negative balances.

Management's Response: The Springer Housing Authority Executive Director as well as the Springer Housing Authority Board of Commissioners assures that all accounts will be monitored effectively. At this time, the Board of Commissioners receives a monthly balance of all accounts during regular meetings in order to monitor all accounts so this is not an issue.

FS 06-05 Agency Not Preparing Financial Statements

Criteria: A system of internal control over financial reporting does not stop at the general ledger. It includes controls over financial statement preparation, including footnote disclosures. The fact that the auditor prepares the financial statements may mean they are correct, but it doesn't eliminate the control deficiency.

Condition: The financial statements and related disclosures are not being prepared by the Authority. The Authority does not have procedures in place to detect and correct material misstatements in the financial statements.

Cause: The Authority's personnel do not have the time and have not been trained in the preparation of financial statements and related disclosures.

Effect: The Authority has a control deficiency since there are not sufficient controls over the preparation of financial statements and related disclosures. The risk of material misstatement of the financial statements is increased by the lack of control procedures over the preparation of the Authority's financial statements.

Auditor's Recommendation: We recommend the Authority's management and personnel receive training on preparation of financial statements and related disclosures under Generally Accepted Accounting Standards, or contract with a consultant to assist with the preparation and implement procedures to detect and correct misstatements.

Management's Response: The Springer Housing Authority Executive Director and the Board of Commissioners assure that the Authorities management and personnel will receive training on preparation of financial statements and related disclosures under Generally Accepted Accounting Standards. The Executive Director assures that she will look over all financial statements that have been prepared in order to correct any misstatements in the financials.

FA 05-11 Closeouts of Capital Fund Programs

Criteria: Per the 24CFR 968.428 (a), Program Closeout, upon completion of the activities funded in accordance with this part, the grantee shall submit to HUD, in a form prescribed by HUD, the actual modernization cost certificate for HUD's review, audit verification and approval.

Condition: The Housing Authority did not closeout 2001 and 2002 capital fund programs even though the funds have been expended.

Cause: The Housing Authority did not have sufficient knowledge of the requirements of their grants.

Effect: The Housing Authority is not in compliance with federal regulations.

Auditor's Recommendation: The Housing Authority should close out these capital fund programs according to the federal regulations.

Management's Response: The Springer Housing Authority has closed out these Capital Fund programs as of this date.

STATE OF NEW MEXICO
Springer Housing Authority
A Department of the Town of Springer
Schedule of Findings and Responses
For the Year Ended June 30, 2007

SECTION IV – PRIOR YEAR AUDIT FINDINGS

FS 03-04 — Record Retention-Resolved

STATE OF NEW MEXICO
Town of Springer Housing Authority
A Department of the Town of Springer
Other Disclosures
For the Year Ended June 30, 2007

OTHER DISCLOSURES:

AUDITOR PREPARED FINANCIAL STATEMENTS

Although it would be preferred and desirable for the Agency to prepare its own GAAP-financial statements, it is felt that the Authority's personnel do not have the time to prepare them. Therefore, the external auditor prepared the GAAP-basis financial statements and footnotes for management's approval. Management is responsible for the financial statements.

EXIT CONFERENCE

The contents of this report were discussed with Springer Housing Authority, representatives on June 5, 2009. The following individuals were in attendance.

Accounting and Consulting Group, LLP

Jeffrey W. McWhorter, CPA
Danny Martinez, CPA

Town of Springer Housing Authority Officials

Julie Sanchez, Executive Director
James Caldwell, Housing Chairman
