INDEPENDENT AUDITORS' REPORT

Tim Keller New Mexico State Auditor City Manager, Mayor, and City Council Members City of Tucumcari Tucumcari, New Mexico

Report on Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, the aggregate remaining fund information, and the budgetary comparisons for the general fund and major special revenue funds of City of Tucumcari, New Mexico (the "City"), as of and for the year ended June 30, 2014, which collectively comprise the City's basic financial statements as listed in the table of contents. We have also audited the financial statement of each for the City's nonmajor governmental, and the budgetary comparisons for the major capital project fund, debt service fund, internal service fund, and all nonmajor funds presented as supplementary information in the accompanying combining and individual fund financial statements as of and for the year ended June 30, 2014, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principals generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for out audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Tucumcari, New Mexico, as of June 30, 2014, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparisons for the general fund and major special revenue funds for the year then ended in accordance with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each non-major governmental and fiduciary fund of City of Tucumcari, New Mexico as of June 30, 2014, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparisons for the major capital project fund, debt service funds, internal service fund and all non-major funds for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other matters

Required Supplementary Information

Management has omitted Management's Discussion and Analysis that accounting principles generally accepted in the United States of America requires to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the City's financial statements and the combining and individual fund financial statements and budgetary comparisons. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governmental and Non-Profit Organizations, and the other schedules required by Section 2.2.2.NMAC* are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Schedule of Expenditures of federal awards and other schedules required by Section 2.2.2 NMAC are the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures and other schedules required by Section 2.2.2 NMAC are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 30, 2014 on our consideration of City of Tucumcari's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

CITY OF TUCUMCARI

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF THE GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDING JUNE 30, 2014

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds	\$ (1,227,128)
Governmental funds report capital outlays as expenditures. However in	
the statement of activities, the cost of those assets is allocated over their	
estimated useful lives and reported as depreciation expense:	

Capital expenditures	1,545,808
Depreciation expense	(1,163,457)
Loss on disposal of assets	-

The issuance of long-term debt (e.g. bonds, notes, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities:

Principal payments on bonds	217,436
Bond proceeds	-
Bond issuance costs upon issuance	-
Bond discount upon issuance	-
Decrease in compensated absences	119,569
Decrease in accrued interest expense	643

The activity of the internal service fund is reported with the governmental
activities on the statement of activities

Revenue	524,006
Expense	(508,428)

Change in net position of governmental activities	\$ (491,551)

CITY OF TUCUMCARI

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2014

NOTE 1. Summary of Significant Accounting Policies

City of Tucumcari (the "City") was incorporated in 1908 under provisions of Chapter 3, Article 1 of NMSA, 1978 as amended and regulated by the constitution of the State of New Mexico. The City operates under a commission-manager form of government and provides the following services as authorized by its charter: public safety (police, fire, emergency medical, etc.), roads, water and sewer services, refuse collection, recreation, fixed base airport, low rent housing assistance, public improvements, planning and zoning, economic development, and general administrative services.

The City is a body politic and corporate under the name and form of government selected by its qualified electors. The City may:

- 1. Sue or be sued;
- 2. Enter into contracts and leases;
- 3. Acquire and hold property, both real and personal;
- 4. Have common seal, which may be altered at pleasure;
- 5. Exercise such other privileges that are incident to corporations of like character or degree that are not inconsistent with the laws of New Mexico;
- 6. Protect generally the property of its City and its inhabitants;
- 7. Preserve peace and order within the City; and
- 8. Establish rates for services provided by the City utilities and revenue-producing projects, including amounts which the governing body determines to be reasonable in the operation of similar facilities.

The summary of significant accounting policies of the City is presented to assist in the understanding of the City's Financial Statements. The financial statements and notes to the financial statements are the representation of the City's management who is responsible for their integrity and objectivity. The financial statements of the City have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The GASB periodically updates its codification of the existing Governmental Accounting and Financial Reporting Standards which, along with subsequent GASB pronouncements (Statements and Interpretations), constitutes GAAP for governmental units.

The more significant of the City's accounting policies are described below.

A. Financial Reporting Entity

GASB Statement No. 14 and GASB Statement No. 61, *The Financial Reporting Entity* and *The Financial Reporting Entity – Omnibus – an amendment of GASB No.14 and No. 34*, established criteria for determining the government reporting entity and component units that should be included within the reporting entity. Under provisions of this Statement, the County is considered a *primary government*, since it is a special-purpose government that has a separately elected governing body, is legally separate, and is fiscally independent of other state or local governments. As used in GASB Statement No. 14 and GASB Statement No. 61, fiscally independent means that the City may, without the approval or consent of another government entity, determine or modify its own budget, levy its own taxes or set rates or charges, and issue bonded debt. The City also has no *component units*, as defined by GASB Statement No. 14 and GASB Statement No.61 and/or GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units*, as there are no other legally separate organizations for which the elected City Commissioners are financial accountable.

The basic, but not the only, criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters. A second criterion used

CITY OF TUCUMCARI NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2014

NOTE 1. Summary of Significant Accounting Policies (continued)

A. Financial Reporting Entity (continued)

in evaluating potential component units is the scope of the public service. Application of this criterion involves considering whether the activity benefits the government and/or its citizens. A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the government is able to exercise oversight responsibilities.

Finally, the nature and significance of a potential component unit to the primary government could warrant its inclusion within the reporting entity. Based upon the application of these criteria, the City has no discrete component units, as defined by GASB Statement No. 14 and / or GASB Statement No. 31. There are no other primary governments with which the City Commissioners are financially accountable.

The primary government of the City of Tucumcari includes all funds and functions which are under the City's control and responsibility and which are included in the City's reports to the Local Government Division of the Department of Finance and Administration. Tucumcari Housing Authority is governed by the City's Board of Commissioners. The annual budget is also submitted by the commissioners to the regional office of the Department of Housing and Urban Development (HUD) for approval. The Annual Contribution Contracts (authorizing agreements for funding between Tucumcari Housing Authority and HUD) are signed by the City Commissioners. The Housing Authority provides housing units to the residents of the City of Tucumcari as a departments of the City. Complete financial statements for the department, including the financial data schedule, may be obtained at the department's office: Tucumcari Housing Authority, 323 E Smith Ave., Tucumcari, New Mexico 88401.

B. Government-wide and fund financial statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

GASB No. 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position, and GASB No. 65, Items Previously Reported as Assets and Liabilities, amend GASB No. 34, Basic Financial Statements – and Management's Discussion and Analysis for State and Local Governments, to incorporate deferred outflows of resources and deferred inflows of resources in the financial reporting model.

Deferred outflows of resources – a consumption of net assets by the government that is applicable to a future reporting period. It has a positive effect on net position, similar to assets.

Deferred inflows of resources – an acquisition of net assets by the government that is applicable to a future reporting period. It has a negative effect on net position, similar to liabilities.

Net position – the residual of the net effects of assets, deferred outflows of resources, liabilities, and deferred inflows of resources.

The Statement of Net Position and the Statement of Activities were prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets and liabilities resulting from non-exchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, Accounting and Financial Reporting for Non-exchange Transactions.

In the government-wide Statement of Net Position, both the governmental and business-type activities columns are presented on a consolidated basis by column and are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt obligations. The City's net position is reported in three parts – net investment in capital assets; restricted net position; and unrestricted net position.

NOTE 1. Summary of Significant Accounting Policies (continued)

C. Measurement focus, basis of accounting, and financial statement presentation

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the combining fund financial statements.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Sales and use taxes are classified as derived tax revenues and are recognized as revenue when the underlying exchange takes place and the revenues are measurable and available. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met and the susceptible to accrual criteria have been met.

Governmental funds are used to account for the City's general government activities, including the collection and disbursement of specific or legally restricted monies, the acquisition or construction of general fixed assets and the servicing of general long-term debt. The City's governmental funds include:

The General Fund is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. Revenues are provided through property and other taxes, federal sources, state sources, charges for services, licenses and fees, and other miscellaneous recoveries and revenue. Expenditures include costs associated with the daily operation of the City except for items included in other funds.

CITY OF TUCUMCARI NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2014

NOTE 1. **Summary of Significant Accounting Policies (continued)**

C. Measurement focus, basis of accounting, and financial statement presentation (continued)

> The Special Revenue Funds account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

> The Capital Projects Funds account for the acquisition of fixed assets or construction of major capital projects not being financed by proprietary or nonexpendable trust funds.

> The Debt Service Funds account for the services of general long-term debt not being financed by proprietary or nonexpendable trust funds.

> The Proprietary Funds are used to account for activities similar to those found in the private sector where the determination of net income is necessary or useful for sound financial administration. Goods or services from such activities can be provided either to outside parties (enterprise funds) or to other departments or agencies primarily within the government (internal service funds).

Under the requirements of GASB No. 34, the City is required to present certain of its governmental funds as major based upon certain criteria. The major funds presented in the fund financial statements include the following (in addition to the General Fund).

The Fire Districts Special Revenue Fund is used to account for the operation and capital expenditures of the fire department with revenues received from the State Fire Marshal. Capital expenditures must be approved in advance by the State Fire Marshal. This fund was created under the authority provided by 59A-53-2 NMSA 1978.

The 1/8% Economic Development Tax Special Revenue Fund is used to account for funds used for Infrastructure Improvements, i.e., Debt, Economic Development Plans and Projects. This fund was created under the authority of 7-19D-11 NMSA 1978 the Gross Receipts and Compensation Tax Act.

The Golf Course Capital Improvement Project Capital Project Fund is used to account for improvement of the City's municipal golf course. Funding is primarily from rentals of golf cart sheds. Authority for this fund was granted from the City Council and budget approval.

The Lodger's Tax / GRT Series 2002Debt Service Fund is used to accumulate the Lodger's Tax revenues of the City pledged to service the issue and to account for the retirement of the principal and interest of the issue. The proceeds from this issue were used to defray the cost of refunding, paying, discharging, and liquidation of the City of Tucumcari, New Mexico Municipal Gross Receipts/ Lodger's Tax Improvement Revenue Bonds, Series 1993; the cost of purchasing, constructing, otherwise acquiring, reconstructing, extending, improving, equipping or furnishing tourist-related facilities, including the City's convention center and related buildings; and providing for the issuance, sale and payment of the bond.

The City also reports the following major proprietary funds:

The Airport Fund accounts for all activities necessary to provide air services.

The Joint Utility Fund accounts for all activities necessary to provide water and sewer services for the residents of the City.

The Solid Waste Fund accounts for all activities necessary to provide solid waste refuse collection services provided by the City.

The Housing Authority Fund accounts for the revenues and expenditures for the housing department's operations that include U.S. Department of Housing and Urban Development (HUD) programs as well as rural projects through the U.S. Department of Agriculture. Included in this fund are the following individual programs:

Low Rent Public Housing Program **Capital Fund Programs** Section 8 Housing Choice Voucher Program USDA FmHA Rural Housing Program

NOTE 1. Summary of Significant Accounting Policies (continued)

C. Measurement focus, basis of accounting, and financial statement presentation (continued)

Additionally, the government reports the following fund types:

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the government's enterprise funds and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues for the various functions concerned as reported in the Statement of Activities.

Program revenues included in the Statement of Activities derive directly from the program itself or from parties outside the City's taxpayer or citizenry, as a whole; program revenues reduce the cost of the function to be financed from the City's general revenues. Program revenues are categorized as (a) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, (b) program-specific operating grants, which includes revenues received from federal and state sources to be used as specified within each program grant agreement, and (c) program-specific capital grants and contributions, which include revenues to be used for capital projects. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes and other items not properly included among programs revenues.

The City reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. The City does not currently employ indirect cost allocation systems. Depreciation expense is specifically identified by function and is included in the direct expense of each function. Interest on general long-term debt is considered an indirect expense and is reported separately on the Statement of Activities.

Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The Principal operating revenues of the Solid Waste and Ambulance funds are charges to the customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

D. Assets, Liabilities and Net Position or Equity

Cash & Cash Equivalents: The City's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

Investments: State statutes authorize the City to invest in Certificates of Deposit, obligations of the U.S. Government, and the State Treasurer's Local Government Investment Pool (LGIP).

Investments for the City are reported at fair value. Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties. The State Treasurer's Pool operates in accordance with appropriate state laws and regulations. The reported value of the pool is the same as the fair value of the pool shares.

NOTE 1. Summary of Significant Accounting Policies (continued)

D. Assets, Liabilities and Net Position or Equity (continued)

Receivables and Payables: Interfund activity is reported as loans, services provided, reimbursements, or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting funds and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or between proprietary funds are netted as part of the reconciliation to the government-wide financial statements.

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible. In the government-wide and governmental fund financial statements, property taxes are recorded as revenue when levied net of estimated refunds and uncollectible amounts.

Property taxes are levied on November 1 based on the assessed value of property as listed on the previous January 1 and are due in two payments by November 10th and April 10th. Property taxes uncollected after November 10th and April 10th are considered delinquent and the city may assess penalties and interest. The taxes attach as an enforceable lien on property thirty (30) days thereafter, at which time they become delinquent. Property taxes are collected by Quay County and remitted monthly to the City. Quay County cannot provide the City with the amount of property taxes levied over the past ten years that has not been remitted to the City.

Certain Special Revenue funds are administered on a reimbursement method of funding; other funds are operated on a cash advance method of funding. The funds incurred the cost and submitted the necessary request for reimbursement or advance, respectively.

Inventory: Inventory is accounted for on a first in first out method under the consumption method. Inventory for the City is valued at cost.

Prepaid Items: Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and proprietary financial statements.

Capital Assets: Capital assets, which include property, plant, and equipment, are reported in the applicable governmental column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of one year per section 12-6-10 NMSA 1978. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Because the City is a Phase III government for purposes of implementing GASB 34, it is not required to retroactively report its major general infrastructure assets. However, it must report all infrastructure assets purchased or built after July 1, 2003. Information Technology Equipment including computer software is included as a capital asset and recorded with furniture, fixtures, and equipment in accordance with NMAC 2.20.1.9C(5). Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. No interest was included as part of the cost of capital assets under construction.

NOTE 1. Summary of Significant Accounting Policies (continued)

D. Assets, Liabilities and Net Position or Equity (continued)

Property, plant, and equipment of the primary government are depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings & Improvements	5-50
Furniture & Fixtures	20
Infrastructure	10-65
Land Improvements	20
Machinery & Equipment	3-30
Vehicles	8-15

Accrued Expenses: Accrued expenses are comprised of the payroll expenditures based on amounts earned by the employees through June 30, 2014, along with applicable PERA, FICA, Medicare, and Retiree Health Care contributions.

Deferred Revenues: The City recognizes grant revenue at the time the related expense is made if the expenditure of funds is the prime factor for determining eligibility for reimbursement; therefore, amounts received and not expended in the Special Revenue Funds are shown as deferred revenues. Amounts receivable from the property taxes levied for the current year that are not considered to be "available" under the current financial resources measurement focus are reported as deferred revenues in the governmental fund financial statements. Amounts received from reimbursement basis grants are recorded as deferred revenue in the governmental fund financial statements when received more than 60 days after year end.

Compensated Absences: The City's policy regarding compensatory time permits nonexempt employees to accumulate hours worked beyond forty (40) hours of actual work in lieu of overtime payment. Nonexempt police officers, fire fighters and emergency medical personnel may accrue a maximum balance of 240 hours of compensatory time (160 hours of overtime worked) and all other nonexempt employees may accrue a maximum of 120 hours of compensatory time (80 hours of overtime worked).

Classified and unclassified full-time and part-time city employees accrue annual leave based upon a graduated scale based upon their date of hire. Employees are permitted to carryover a maximum of 80 hours annual leave from one calendar year to another. Annual leave accrued as of April 12, 1990, is not subject to the accumulated maximum of 80 hours.

Sick leave is not paid to employees upon termination except for those employed on or before April 12, 1990, who are paid one-half of their accumulated sick leave. Employees with sick leave in excess of 360 hours may sell back to the City a maximum of 120 hours per year at one-half their hourly rate of pay at the end of the calendar year.

Long-term Obligations: In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statements of net position. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method or the straight line method if the difference from using the effective method is inconsequential. Bonds payable are reported net of the applicable bond premium or discount. For fund financial reporting, bond premiums, discounts, as well as issuance costs, are recognized in the period bonds are issued. Bond proceeds are reported as other financing sources net of the applicable premium or discount. Issuance costs, even if withheld from the actual net proceeds received, are reported as debt service expenditures.

NOTE 1. Summary of Significant Accounting Policies (continued)

E. Assets, Liabilities and Net Position or Equity (continued)

Fund Equity: Governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The detail of the City's fund balances is presented in Note 17.

Equity Classifications: In the government-wide financial statements, **e**quity is classified as net position and displayed in three components:

- a. Net investment in capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted Net Position: Consist of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulation of other governments; or (2) law through constitutional provisions or enabling legislation. The government-wide statement of net position reports \$1,778,885 of restricted net position.
- c. Unrestricted Net Position: All other net position that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

The City's policy is to apply restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. Significant estimates affecting the City's financial statements include management's estimate of the useful lives of capital assets.

NOTE 2. Stewardship, Compliance and Accountability

Budgetary Information

Annual budgets of the City are prepared prior to June 1 and must be approved by resolution of the City Commissioners, and submitted to the Department of Finance and Administration for State approval. Once the budget has been formally approved, any amendments must also be approved by the City Commissioners and the Department of Finance and Administration. A separate budget is prepared for each fund. Line items within each budget may be over-expended; however, it is not legally permissible to over-expend any budget in total at the fund level.

These budgets are prepared on the non-GAAP budgetary basis. Budgeted expenditures exclude encumbrances. The budget secures appropriation of funds for only one year. Carryover funds must be reappropriated in the budget of the subsequent fiscal year. The Housing Department budgets exclude depreciation expenses and include capital asset additions as capital outlay expenditures.

Formal budgetary integration is employed as a management control device during the year for the General Fund, Special Revenue Funds, Debt Service Funds, and Capital Projects.

NOTE 2. Stewardship, Compliance and Accountability (continued)

Budgetary Information (continued)

The City is required to balance its budgets each year. Accordingly, amounts that are excess or deficient are presented as changes in cash designated for expenditures, not as an excess or deficiency of revenues over expenditures.

The accompanying Statements of Revenues, Expenditures and Changes in Fund Balance – Budget (Non-GAAP Budgetary Basis) and Actual presents comparisons of the legally adopted budget with actual data on a budgetary basis.

Since accounting principles applied for purposes of developing data on a budgetary basis differ significantly from those used to present financial statements in conformity with generally accepted accounting principles in the United States of America (GAAP), a reconciliation of resultant basis, perspective, equity and timing differences in the excess (deficiency) of revenues and other sources of financial resources for the year ended June 30, 2013 is presented. Reconciliations between the Non-GAAP budgetary basis amounts and the financial statements on the GAAP basis by fund can be found on each individual fund budgetary statement.

NOTE 3. Deposits & Investments

Cash & Cash Equivalents

State statutes authorize the investment of City funds in a wide variety of instruments including certificates of deposit and other similar obligations, state investment pool, money market accounts, and United States Government obligations. All invested funds of the City properly followed State investment requirements as of June 30, 2009.

Deposits of funds may be made in interest or non-interest bearing checking accounts in one or more banks or savings and loan associations within the geographical boundaries of the City. Deposits may be made to the extent that they are insured by an agency of the United States or by collateral deposited as security or by bond given by the financial institution.

The rate of interest in non-demand interest-bearing accounts shall be set by the State Board of Finance, but in no case shall the rate of interest be less than one hundred percent of the asked price on United States treasury bills of the same maturity on the day of deposit.

Excess of funds may be temporarily invested in securities which are issued by the State or by the United States government, or by their departments or agencies, and which are either direct obligations of the State or the United States or are backed by the full faith and credit of those governments.

The collateral pledged is listed on Schedule I of this report. The types of collateral allowed are limited to direct obligations of the United States Government and all bonds issued by any agency, district or political subdivision of the State of New Mexico.

According to the Federal Deposit Insurance Corporation (FDIC), public unit deposits are funds owned by the public unit. Time deposits, savings deposits and interest bearing NOW accounts of a public unit in an institution in the same state will be insured up to \$250,000 in aggregate and separate from the \$250,000 coverage for public unit demand deposits at the same institution. Additionally, from December 31, 2010 through December 31, 2012, all deposits in non-interest bearing transaction accounts (such as non-interest bearing checking accounts) are fully guaranteed, regardless of dollar amount. Also included in this program are low-interest NOW accounts that cannot earn more than 0.5% interest. Some of the City's accounts with balances greater than \$250,0000 are covered through the FDIC.

CITY OF TUCUMCARI NOTES TO FINANCIAL STATEMENTS JUNE 30, 2014

NOTE 3. Deposits & Investments

Cash & Investments (continued)

CITY OF TUCUMCARI NOTES TO FINANCIAL STATEMENTS JUNE 30, 2014

NOTE 3. Cash & Investments (continued)

Custodial Credit Risk – Deposits. Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The government does not have a deposit policy for custodial credit risk, other than following state statutes as put forth in the Public Money Act (Section 6-10-1 to 6-10-63, NMSA 1978). At June 30, 2014, \$2,471,168 of \$8,437,004 was exposed to custodial credit risk because it was uninsured and the uncollateralized at June 30, 2014.

Concentration of Credit risk - *Investments*. For an investment, concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The City has no policy which limit on the amount the City may invest in any one issuer, except to follow the applicable statute at Section 6-10-10 NMSA 1978 regarding allowable government investment. At June 30, 2014, the investments in the U.S. Treasury Money Market mutual Funds are 100% of the City's investment Portfolio.

NOTE 4. Receivables

Receivables as of June 30, 2014, are as follows:

CITY OF TUCUMCARI NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2014

NOTE 7. Long-term Debt (continued)

Notes Pavable

The City entered into several loan agreements with the New Mexico Finance Authority as follows:

New Mexico Water Trust Board and the NMFA - Water Project #136

NM Water Trust Board loan original amount \$50,480 to be paid back over 20 years in annual installments beginning February 1, 2010 and ending February 1, 2030 with no interest rate.

New Mexico Water Trust Board and the NMFA - Water Project #96

NM Water Trust Board loan original amount \$350,000 to be paid back over 20 years in annual installments beginning February 1, 2010 and ending February 1, 2030 with no interest rate.

New Mexico Environmental Department Construction Program Bureau Loan

Two water wells, NMED loan RIP 2001-03 R, as amended, in the original amount of \$43,125 payable in annual installments of \$2,899 starting December 20, 2005 through December 20, 2023 with an interest rate of 3%.

NMFA Drinking Water State Revolving Loan

Drinking Water Program Loan in the original amount of \$483,617 payable from pledged revenues from the first increment of the City's Municipal Infrastructure Gross Receipts Tax imposed pursuant to Section 7-19D-11, NMSA 1978 and City Ordinance No. 843, adopted March 30, 1992. Interest rate is 0.862%. Pledged taxes are intercepted monthly from June 2001 through April 2002 at the rate of \$2,447 and then at \$2,262 through April 2021.

Clean Water State Revolving Fund Loan # ARRA CWSRF 16

On November 9, 2009, the City signed a loan agreement with the New Mexico Environment Department for a \$100,000 loan under the Clean Water State Revolving Loan Fund. The interest rate on this debt issuance is 0% and repayment will begin on September 23, 2011.

NMFA Drinking Water State Revolving Loans

Drinking Water Program Loan in the original amounts of \$394,750 and \$225,643 payable from pledged revenues from the first increment of the City's Municipal Infrastructure Gross Receipts Tax imposed pursuant to Section 7-1-6.4, NMSA 1978 and City Ordinance No. 1108, adopted March 14, 2013. Interest rate is 0.25%. Pledged taxes are intercepted monthly from June 2015 through June 2034.

Rural Housing: FmHA Note Payable

United States Department of Agriculture, assumption of multi-family housing note for the Chaparral Apartments in the amount of \$794,976 through the United States Department of Agriculture. Interest rate is 8.75% with monthly installments of \$5,973 from January 1, 2001 through January 1, 2034. The City receives a monthly subsidy credit of \$4,047 per the multifamily housing interest credit and rental assistance agreement, bringing the unsubsidized payment to \$1,926 per month. Subsidy budgets for Rural Housing Projects are approved and awarded by the FmHA for five year periods. At June 30, 2013, the budget had a remaining balance of approximately \$140,000. Loan and subsidy agreements require monthly contributions to a reserve account, which may only be used to ensure mortgage payments are made timely, or, with the permission of FmHA, make renovations or betterments to the units.

Fiscal Year Ending June 30, 2014	 Principal	 Interest	 Total Debt Service
2015	\$ 95,631	\$ 13,494	\$ 109,125

CITY OF TUCUMCARI NOTES TO FINANCIAL STATEMENTS JUNE 30, 2014

NOTE 7. Long-term Debt (continued)

Landfill Closure and Post-Closure Care Costs

The City of Tucumcari is required by state and federal environment regulations to place a final cover over its sanitary landfill closure and to perform certain maintenance and monitoring functions of the landfill site for thirty years after closure. Generally accepted accounting principles applicable to governments require that an expense provision and a related liability be recorded to recognize the future closure and post-closure cost that will be incurred near or after the date the landfill stops accepting waste. Costs recognized during the fiscal year are based on the portion of the landfill used during the year.

Closure and post-closure costs are extended over a lengthy period. Because of changes in the regulation, the closure methods and procedures to be used, and the assumptions upon which the closure and post-closure costs are estimated, cost estimates are subject to change.

The liability for closure and post-closure care costs reflected in the Solid Waste fund of \$4,127,993 is an estimate of the remaining liability as of June 30, 2014 for closure and post-closure cost of the landfill currently in operation. At June 30, 2011, it was estimated that the City had utilized 99% of the landfill's total usable capacity. The City opened its new landfill during the year ended June 30, 2012. The closure and post-closure costs of the new landfill are estimated to be \$2,866,600. The total closure and post-closure costs for both landfills are estimated to be \$4,127,993.

NOTE 8. Risk Management

The City is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; injuries and natural disasters. The City participates in the New Mexico Self-Insurer's Fund risk pool.

The City has not filed any claims for which the settlement amount exceeded the insurance coverage during the past three years. However, should a claim be filed against the City which exceeds the insurance coverage, the City would be responsible for a loss in excess of the coverage amounts. As claims are filed, the New Mexico Self-Insurer's Fund assesses and estimates the potential for loss and handles all aspects of the claim. Insurance coverage has not changed significantly from prior years and coverage is expected to be continued.

At June 30, 2014, no unpaid claims have been filed which exceed the policy limits and to the best of management's knowledge and belief all known and unknown claims will be covered by insurance. No major lawsuits have been filed against City of Tucumcari.

New Mexico Self-Insurer's Fund has not provided information on an entity by entity basis that would allow for a reconciliation of changes in the aggregate liabilities for claims for the current fiscal year and prior fiscal year.

NOTE 9. Other Required Individual Fund Disclosures

Generally accepted accounting principles require disclosures as part of the Combining Statements - Overview of certain information concerning individual funds including:

A. Deficit fund balance of individual funds:

There following funds maintained a deficit fund balance as of June 30, 2014:

Major Funds

1.11,01 1 111110	
Capital Projects Fund	\$ 3,468
Golf Course Capital Improvements Fund	 32,220
Total Major Funds	\$ 35,688
Non-Major Funds	
EMS Fund	\$ 8,388
Dispatch Fund	5,203
Lodger's Tax Acquisition Fund	36,251
Mapping Fund	 154,343
Total Non-Major Funds	\$ 204,185

NOTE 9. Other Required Individual Fund Disclosures (continued)

These funds have a deficit fund balance because expenditures were in excess of revenues and available cash and there were not sufficient transfers to cover the deficit. The City will monitor the budget and expenditures on a monthly basis to ensure effective budgeting control and accountability, and will make appropriate budget adjustments to alleviate the deficit fund balances.

B. Excess of expenditures over appropriations:

There were no funds which exceeded approved budgetary authority for the year ended June 30, 2014.

C. Designated cash appropriations exceeded prior year available balances:

There were no funds which exceeded designated cash appropriations for the year ended June 30, 2014.

NOTE 10. PERA Pension Plan

Plan Description. Substantially all of City of Tucumcari's full-time employees participate in a public employee retirement system authorized under the Public Employees Retirement Act (Chapter 10, Article 11 NMSA 1978.) The Public Employee Retirement Association (PERA) is the administrator of the plan, which is a cost-sharing, multiple-employer defined benefit retirement plan. The plan provides for retirement, disability benefits, survivor benefits, and cost-of-living adjustments to plan members and beneficiaries. PERA issues a separate, publicly available financial report that includes financial statements and required supplementary information for the plan. That report may be obtained by writing to PERA, P. O. Box 2123, Santa Fe, New Mexico 87504-2123. The report is also available on PERA's website at http://www.pera.state.nm.us

Funding Policy. Plan members are required to contribute 16.3% for law enforcement and fire protection employees and 9.15% for municipal employees (ranges from 3.83% to 16.65% depending upon the plan – i.e., state general, state hazardous duty, state police and adult correctional officers, municipal general, municipal police, municipal fire, municipal detention officer) of their gross salary. The City is required to contribute the following percentages of the gross covered salary: 18.5% for law enforcement and fire protection employees and 9.15% (ranges from 7.0% to 25.72% depending upon the plan) of the gross salary of the covered employee. The contribution requirements of plan members and City of Tucumcari are established under Chapter 10, Article 11 NMSA 1978. The requirements may be amended by acts of the legislature. The City's contributions to PERA for years ending June 30, 2014, 2013 and 2012 were \$315,030, \$316,612, and \$324,989, respectively, which equal the amount of the required contributions for each fiscal year.

NOTE 11. Post-Employment Benefits – State Retiree Health Care Plan

Plan Description. City of Tucumcari contributes to the New Mexico Retiree Health Care Fund, a cost-sharing multiple-employer defined benefit postemployment healthcare plan administered by the New Mexico Retiree Health Care Authority (RHCA). The RHCA provides health care insurance and prescription drug benefits to retired employees of participating New Mexico government agencies, their spouses, dependents, and surviving spouses and dependents. The RHCA Board was established by the Retiree Health Care Act (Chapter 10, Article 7C, NMSA 1978). The Board is responsible for establishing and amending benefit provisions of the healthcare plan and is also authorized to designate optional and/or voluntary benefits like dental, vision, supplemental life insurance, and long term care policies.

Eligible retirees are: 1) retirees who make contributions to the fund for at least five years prior to retirement and whose eligible employer during that period of time made contributions as a participant in the RHCA plan on the person's behalf unless that person retires before the employer's RHCA effective date, in which event the time period

NOTE 11. Post-Employment Benefits – State Retiree Health Care Plan (continued)

required for employee and employer contributions shall become the period of time between the employer's effective date and the date of retirement; 2) retirees defined by the Act who retired prior to July 1, 1990; 3) former legislators who served at least two years; and 4) former governing authority members who served at least four years.

The RHCA issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for the postemployment healthcare plan. That report and further information can be obtained by writing to the Retiree Health Care Authority at 4308 Carlisle NE, Suite 104, Albuquerque, NM 87107.

Funding Policy. The Retiree Health Care Act (Section 10-7C-13 NMSA 1978) authorizes the RHCA Board to establish the monthly premium contributions that retirees are required to pay for healthcare benefits. Each participating retiree pays a monthly premium according to a service based subsidy rate schedule for the medical plus basic life plan plus an additional participation fee of five dollars if the eligible participant retired prior to the employer's RHCA effective date or is a former legislator or former governing authority member. Former legislators and governing authority members are required to pay 100% of the insurance premium to cover their claims and the administrative expenses of the plan. The monthly premium rate schedule can be obtained from the RHCA or viewed on their website at www.nmrhca.state.nm.us.

The employer, employee and retiree contributions are required to be remitted to the RHCA on a monthly basis. The statutory requirements for the employer and employee contributions can be changed by the New Mexico State Legislature. Employers that choose to become participating employers after January 1, 1998, are required to make contributions to the RHCA fund in the amount determined to be appropriate by the board.

The Retiree Health Care Act (Section 10-7C-15 NMSA 1978) is the statutory authority that established the required contributions of participating employers and their employees. For employees who are members of an enhanced retirement plan (state police and adult correctional officer coverage plan 1; municipal police member coverage plans 3, 4 and 5; municipal fire member coverage plan 3, 4 and 5; municipal detention officer member coverage plan 1; and members pursuant to the Judicial Retirement Act), during the fiscal year ended June 30, 2013, the statute required each participating employer to contribute 2.5% of each participating employee's annual salary, and each participating employee was required to contribute 1.25% of their annual salary. For employees that were not members of an enhanced retirement plan during the fiscal year ended June 30, 2013 the statute required each participating employer to contribute 2.0% of each participating employee's annual salary; each participating employee was required to contribute 1.0% of their salary. In addition, pursuant to Section 10-7C-15(G) NMSA 1987, at the first session of the Legislature following July 1, 2013, the legislature shall review and adjust the distributions pursuant to Section 7-1-6.1 NMSA 1978 and the employer and employee contributions to the authority in order to ensure the actuarial soundness of the benefits provided under the Retiree Health Care Act.

City of Tucumcari's contributions to the RHCA for the years ended June 30, 2014, 2013 and 2012 were \$60,912, \$61,707, and \$58,069 respectively, which equal the required contributions for each year.

NOTE 12. Commitments

The City had various construction and purchase commitments totaling approximately \$745,121 in the governmental funds for the water project as of June 30, 2014. The funding to cover the various commitments was both city expenditures and grants.

NOTE 13. Contingent Liabilities

The City is exposed to various claims and lawsuits in the normal course of business. Management and the City's manager are unaware of any material pending or threatened litigation, claims, or assessments against the City which are not covered by the City's insurance.

NOTE 14. Federal and State Grants

In the normal course of operations, the City receives grant funds from various federal and state agencies. Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, the purpose of which is to ensure compliance with conditions precedent to the granting of funds. Any liability for reimbursement which may arise as a result of these audits is not believed to be material.

NOTE 15 Subsequent Accounting Standard Pronouncements

In June 2012, the GASB issued Statement No. 68, Accounting and Financial Reporting for Pensions, which is effective for financial statement for periods beginning after June 15, 2014.

In January 2013, the GASB issued Statement No. 69, *Government Combinations and Disposal of Government Operations*, which is effective for financial statement for periods beginning after December 15, 2013.

In November 2013, the GASB issued Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*, which is effective for financial statement for periods beginning after June 15, 2014.

NOTE 16 Prior period adjustment

Prior period adjustment within the governmental funds totaling (\$357,010) was due to corrections in capital assets between governmental activities and business-type activities. Capital asset corrections totaled (\$357,010).

Prior period adjustment within the proprietary funds totaled (\$36,300). Capital asset transfers and adjustments totaled (\$36,300) to adjust the general ledger to the City's capital asset record listing.

NOTE 17 Governmental Fund Balance

Fund Balance: In the fund financial statements, governmental funds are reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Some governments may not have policies or procedures that are comparable to those policies that underlie the classifications and therefore would not report amounts in all possible fund balance classifications.

In the governmental financial statements, fund balance is classified and is displayed in five components:

Nonspendable: Consists of amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted: Consists of amounts that are restricted to specific purposes as a result of a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.

Committed: Consist of amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority. Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of action (for example, legislation, resolution, ordinance) it employed to previously commit those amounts.

Assigned: Consist of amounts that are constrained by the government's *intent* to be used for specific purposes, but are neither restricted nor committed. Intent should be expressed by (a) the governing body itself or (b) a body (a budget or finance committee, for example) or official to which the governing body has delegated the authority to assign amounts to be used for specific purposes.

Unassigned: Represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund.

Detail relating to the fund balance classifications is displayed below:

NONMAJOR SPECIAL REVENUE FUNDS

Lodger's Tax Executive Fund

To account for monies received through a specific tax levy on area motels and hotels. Expenditures, including transfers to its promotion fund, are strictly subject to state statute requirements and are further subject to bond ordinance requirements. This fund is authorized by 3-38-15 NMSA 1978.

Lodger's Tax Promotion Fund

To account for the operation of promotional activity for the City of Tucumcari, mostly through payment to the Tucumcari Chamber of Commerce and other promotion oriented agencies. Financing is provided primarily by a specific tax levy on area motels and hotels. This fund is authorized by NMSA 3-38-15.

Fire/Emergency Management Fund

To account for funds provided by an Emergency Management Performance Grant and the County. The Program is for a comprehensive emergency preparedness system for all hazards via: planning, training, and exercises for emergency response. Authorized by FY2012 EMPG Program, Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.).

EMS Fund

To account for the operations of the City's Emergency Medical Services Unit. The source of funding is the State of New Mexico Mental Health and Environment Department, Emergency Medical Services Bureau and charges for services. Expenditures are subject to approval of the state agency and the City Commission. This fund is authorized by NMSA 1978 24-10A-1.

Gasoline Tax Fund

To account for funds used to maintain roads for which the City is responsible. Financing sources include gasoline taxes imposed by Chapter 7, Article 13 NMSA 1978 and distributed to the City pursuant to 7-1-6.9 NMSA 1978 and New Mexico State Highway Department Cooperative Agreement Funds as provided for in 67-3-28 NMSA 1978. Expenditures are restricted for the purpose of construction, reconstruction, resurfacing or other improvement of public roads, streets, alleys or bridges, including right-of-way and materials acquisition.

Corrections Fund

To account for the collection of fees and fines. Funds are expended on the incarceration of prisoners. This fund is authorized by 33-3-25 and 35-14-11 NMSA1978.

Recreation Fund

To account for the operations of the City Recreation Department. Revenues are derived from a portion of the cigarette tax collected by the state and fees charged for recreational activities sponsored by the City. Expenditures are subject to City Council approval. This fund is authorized by 7-12-15 NMSA 1978.

Law Enforcement Grant Fund

To account for the partial maintenance and development of the City's police force. Financing is provided by a grant from the State of New Mexico. Such revenue provided for the purchase and repairs of equipment as well as training of police personnel and may be used only for these purposes. This fund is authorized by 29-13-3 through 29-13-9 Chapter 289 Laws of 1983.

E-911 Grant Fund

To account for funds used to preserve the historic Route 66 which runs through the City of Tucumcari. This is a 3 year program funded by the State of New Mexico. This program funds comprehensive history training, research, and preservation of the historic Route 66. Authority for this fund was granted from the City Council and budget approval.

Traffic Safety Education and Enforcement Fund

To account for monies received from an allocation of traffic fines. Funds are to be used by the local law enforcement agencies to purchase equipment and support services as are necessary to establish and promote a traffic safety program. This fund is authorized by NMSA 66-7-512.

Convention Center Operation and Maintenance Fund

To account for monies received and expended for the operations and maintenance of the Convention Center. Additional funding comes from the Lodger's Tax Fund. This fund is authorized by NMSA 3-38-15.

NONMAJOR SPECIAL REVENUE FUNDS

John D. Hoffman Endowment

To account for monies received from the John D. Endowment to aid in research of materials science and engineering. Authority for this fund was granted from the City Council and budget approval. Police Narcotics Fund To account for monies collected as a result of police raids and other gatherings of evidence. Authority for this fund was granted from the City Council and budget approval.

Police Narcotics Fund

This fund is a contingency fund for drug enforcement used to purchase equipment and confidential enforcement. Generally funded by drug enforcement recovery. Authority for the fund is the "Forfeiture Act", 31-27-1 to 31-27-8 NMSA 1978.

Senior Citizen's Center Fund

To account for a portion of the operations of the City's Senior Citizens Center. The sales of ceramics, fees, and dues are accounted for in this fund and a portion of the operating expenses. Authority for this fund was granted from the City Council and budget approval.

Dispatch Fund

To account for the operations of the City's Dispatch Services. The source of funding is the charges for dispatch services. Expenditures are subject to approval of the City Commission. This fund is authorized by NMSA 1978.

NONMAJOR CAPITAL PROJECTS FUNDS

Lodger's Tax Acquisition Project

This fund is to account for the expenditure of the proceeds of the Municipal Gross Receipts and Lodger's Tax Refunding and Improvement Revenue Bonds, Series 2002 pursuant to Sections 3-31-1C and 3-31-4A, NMSA 1978.

Convention Center Capital Improvements Project

This fund is required by the Lodger's Tax Improvement Bonds Ordinance. The City is required to transfer 5% of annual pledged Lodger's Tax Revenues to this fund until \$200,000 is accumulated. This fund may only be used for improving or bettering the convention center facility. Authority for this fund was granted from the City Council and budget approval.

NMRDRC Capital Projects Fund

To account for funds used to develop a city industrial park. Funding is primarily from an anticipated federal government grant. Authority for this fund was granted from the City Council and budget approval.

Nonmajor Debt Service Funds

GRT Police Building Fund

To accumulate the intercepted Gross Receipts Tax (GRT) used to service the issue and to account for the retirement of the principal and interest of the issue as well as account for the required debt service reserve in the amount of \$35,744. The proceeds from this issue are being used for the construction of a new Tucumcari Police Department Building. The intercepted GRT funds are from the distribution of the revenues of the third one-sixteenth of one percent increment of Municipal Infrastructure Gross Receipts Tax, enacted pursuant to Section 7-19D-11 and City of Tucumcari Ordinance No. 843, adopted by the City of Tucumcari on March 30, 1992, as amended by Ordinance No. 970, adopted by the City on October 24, 2002, which distributions are made monthly by the New Mexico Taxation and Revenue Department.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Auditor's Report

Tim Keller New Mexico State Auditor City Manager, Mayor, and City Council Members City of Tucumcari Tucumcari, New Mexico

We have audited, in accordance with the auditing standard generally accepted in the United States of America and the standards applicable to the financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, the aggregate remaining fund information, and the budgetary comparisons of the general fund and major special revenue funds, of the City of Tucumcari as for the year ended June 30, 2014, and the related notes to the financial statements, which collectively compromise the City of Tucumcari's basic financial statements, and the combining and individual funds and related budgetary comparisons of City of Tucumcari, presented as supplementary information, and have issued our report thereon dated October 30, 2014.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs, which we consider to be a significant deficiency. FS 2013-003 and FS 2014-004.

P.O. Box 37379 • Albuquerque, NM 87176-7379 8500 Menaul Blvd. NE, Ste. B295 • Albuquerque, NM 87112 Phone (505) 856-2741 - Fax (505) 856-7510

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and questioned costs as items FS 2014-001, FS 2014-002, FS 2014-003, FS 2014-005 and FS 2014-006.

The City's Responses to Findings

The City's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The City's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVERCOMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Tim Keller New Mexico State Auditor City Manager, Mayor, and City Council Members City of Tucumcari Tucumcari, New Mexico

Report on Compliance for Each Major Federal Program

We have audited City of Tucumcari's (the "City") compliance with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended June 30, 2014. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its major federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City's compliance.

Opinion on Each Major Federal Program

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2014.

Report on Internal Control over Compliance

Management of City of Tucumcari is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Schedule IV

CITY OF TUCUMCARI SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS JUNE 30, 2014

Notes to Schedule of Expenditures of Federal Awards

1. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (Schedule) includes the federal grant activity of City of Tucumcari and is presented on the modified accrual basis of accounting, which is the same basis as was used to prepare the fund financial statements. The information in this Schedule is presented in accordance with the requirements of OMB Circular A-133, Audits of States, Local Governments and Non-Profit Organizations. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of the financial statements.

2. Subrecipients

The County did not provide any federal awards to subrecipients during the year.

3. <u>Debt Service Subsidy</u>

The Authority did not receive any noncash assistance. However, a debt service subsidy payment was received and applied against interest payments due in the amount of \$171,231. This amount has been included in the amount reflected under the USDA FmHA program.

4. Loan Amount

The City owed \$4,609,816 to USDA at June 30, 2014. The Authority owed \$670,613 to FmHA at June 30, 2014.

Reconciliation of Schedule of Expenditures of Federal Awards to Financial Statements:

Total federal awards expended per Schedule of Expenditures of Federal Awards	\$ 1,605,643
Total expenditures funded by other sources	 7,431,714
Total expenditures	\$ 9,037,357

Schedule V

STATE OF NEW MEXICO CITY OF TUCUMCARI

SCHEDULE OF FINDINGS AND QUESTIONED COSTS JUNE 30, 2014

Section II – Financial Statement Findings

City of Tucumcari (Primary Government) Findings:

FS 2013-003 — Prior Period Adjustment Capital Assets (Significant Deficiency)

Condition: During testwork, we noted that the City did perform annual capital asset inventory which reclassified prior year's balances and capital asset classifications by \$393,310.

Criteria: Accurate capital asset records provide vital information for City officials, bonding agents and the general public. Good internal controls and sound business policies require that the City safeguard its capital assets through a strong internal control system.

Effect: Internal controls over capital assets were weak. The City's capital assets were not properly recorded. Errors in accounts could be missed due to not being investigated in a timely manner.

Cause: Official policies for performing timely, accurate capital asset inventories did not exist under the previous administrations of the City. Discrepancies in capital asset balances had not been resolved.

Auditors' Recommendations: We recommend that the City establish and implement policies requiring that capital asset inventories be performed timely and that all discrepancies be investigated. Large adjustments should not occur.

Responsible Officials' Views: The City did do a timely physical inventory and there were very few adjustments. A major project (\$18M Wastewater Construction in Progress) was completed and there were many items obsolete and deleted from the Wastewater facility due to the new facility. These, however would not have created large adjustments. We will coordinate with the auditor to quantify and identify where the large adjustments were and ensure GASB roll-forwards and reporting are accurate.

FS 2014-001 — Personnel Files (Compliance and Other Matter)

Condition: Twenty-five personnel files were examined during payroll testing. We noted the following items in reviewing the personnel files:

- a. Three Form I-9s were not properly completed.
- b. Twelve files were missing documentation authorizing the rate of pay for the employee.
- c. One personnel file was missing authorization for insurance benefits to be deducted from payroll.

Criteria: Federal regulations require that a properly completed Form I-9 be on file for every employee hired after November 6, 1986. Good internal controls include that rates of pay be properly authorized and documented. Good internal controls include documenting authorization for payroll deductions.

Effect: The City is not in compliance with federal regulations governing proper completion of the Form I-9. Employees could be paid at a rate which is not properly authorized. Employees could be having a payroll deduction for which they did not authorize.

Cause: Personnel files are not being reviewed for accuracy and completeness.

Auditors' Recommendations: All personnel files should be reviewed and updated as needed.

Responsible Officials' Views: The City Manager will review the Human Resources processes and implement procedures to ensure Personnel files are complete and maintained properly.

Schedule V

STATE OF NEW MEXICO CITY OF TUCUMCARI

SCHEDULE OF FINDINGS AND QUESTIONED COSTS JUNE 30, 2014

Section II – Financial Statement Findings (continued)

FS 2014-002 — Late Payment of Invoice (Compliance and Other Matter)

Condition: In a random sample of twenty-five disbursements, one disbursement in the amount of \$95 was for an item in which a default notice was received for late/non-payment.

Criteria: Good internal controls include paying vendor invoice by their due dates.

Effect: The credit worthiness of the City could be jeopardized with vendors if invoices are not paid timely. It is also possible that late fees could be assessed by vendors for late payments.

Cause: It is unclear why the payment was made late.

Auditors' Recommendations: Procedures should be in place to ensure that vendor invoices are paid timely.

Responsible Officials' Views: Payments are processed immediately when received. In some cases, the Department Heads are required to verify and approve invoices which may be lost in their environment. In some cases the vendors do not submit invoice due in a timely manner for us to receive and process them by the due date. The City will continue to be diligent in regards to ensuring invoices are paid timely.

FS 2014-003 — Untimely Bank Deposits (Compliance and Other Matter)

Condition: In a random sample of twenty-five cash receipts, ten deposits totaling \$713.79 were not deposited into the bank by the end of the next business day.

Criteria: NMSA 1978, Section 6-10-2 states that "It is the duty of every public official or agency of this state that receives or disburses public monies to maintain a cash record in which is entered daily, in detail, all items of receipts and disbursements of public money. The cash record shall be balanced daily so as to show the balance of public money on hand at the close of each day's business."

Effect: The City is not in full compliance with NMSA 1978, Section 6-10-2.

Cause: The monies were not deposited timely because the cash receipt batches were not reconciled on the day they were received.

Auditors' Recommendations: Procedures should be in place to ensure that cash receipts batches are reconciled on a daily basis. Monies received by the City should be deposited by the end of the next business day.

Responsible Officials' Views: Actions with procedures and policies have been implemented to ensure bank deposits are timely deposited.

CITY OF TUCUMCARI SCHEDULE OF FINDINGS AND QUESTIONED COSTS

JUNE 30, 2014

FS 2014-004 — Accounts Receivable (Significant Deficiency)

Condition: The City was unable to provide the auditors with detailed information on what makes up the accounts receivable balances in the general ledger at year end.

Criteria: Good internal controls include having subsidiary ledgers or reports which support the amounts booked in the general ledger.

Effect: The accounts receivable balances on the general ledger could be misstated.

Cause: The software used to record cash receipts does not interface with the accounting software used by the City. The accounts receivable on the general ledger are estimates made by finance department personnel.

Auditors' Recommendations: The City is currently considering updating accounting software so that the cash receipts module and the general ledger interface with one another. The auditors recommend that the City update its accounting software. If this is not possible, the City needs to develop internal reports which support the accounts receivable balances as presented in the general ledger.

Responsible Officials' Views: The City has an RFP in process for new and updated software technology which will support our "cash" basis Book of Records.

FS 2014-005 — Audit Report Submission to the New Mexico State Auditor (Compliance and Other Matter)

Condition: The City's audit report for the year ended June 30, 2015 was not submitted to the State Auditor by the required due date. The City's initial submission did not include budgetary statements for the enterprise funds.

Criteria: Audit reports rejected and not resubmitted before the due date are considered to be late submissions under 2.2.2.9.E of the State Audit Rule.

Effect: The result was the late submission of the City's audit report for the year ended June 30, 2015.

Cause: The City did not include the budgetary statements for enterprise funds in its initial submission. The City did not believe it was required as the City's financials have historically not included the statements. The City has been preparing financials since its inception and GASB 34 in 2005.

Auditors' Recommendations: The City must utilize training on financial statements to ensure all necessary statements are properly included on financial statements.

Responsible Officials' Views: The City has attended training on financial statement preparation to ensure financial statements are prepared timely and completely.

Housing Authority (Department) Findings:

FS 2014-006: Reimbursement for Alcoholic Beverage – (Compliance and Other Matter)

Criteria: NMAC 2.42.2.9 allows for reimbursements of actual expenses in lieu of per diem rates. Alcoholic beverages are considered to be an unallowable cost, however.

Condition: During our test work of ten travel expenditures, we noted one instance in which the cost of one beer was reimbursed as part of a meal.

Cause: The Housing Authority reviews travel reimbursements for alcohol purchases, however in this instance it was missed.

Effect: The Housing Authority was not in compliance with NMAC 2.42.2.9.

Schedule V

STATE OF NEW MEXICO

CITY OF TUCUMCARI

SCHEDULE OF FINDINGS AND QUESTIONED COSTS JUNE 30, 2014

Auditor's Recommendation: The Housing Authority should not reimburse employees for alcohol purchases in the future.

Responsible Official's Views: The Housing Authority will monitor and ensure this does not reoccur in the future.
