INDEPENDENT AUDITOR'S REPORT

Mr. Brian Colón
New Mexico State Auditor
and
Honorable Mayor and Town Council
Town of Vaughn
Vaughn, New Mexico

Report on Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information, and the budgetary comparisons for the General, Fire Protection, Streets and Lodgers Tax Funds of the Town of Vaughn, as of and for the year ended June 30, 2019, and the related notes to the financial statements which collectively comprise the Town of Vaughn's basic financial statements as listed in the table of contents. We also have audited the financial statements of each of the Town of Vaughn's non-major governmental funds and non-major enterprise funds presented as supplementary information, as defined by the Government Accounting Standards Board, in the accompanying combining and individual fund financial statements as of and for the year ended June 30, 2019 as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

INDEPENDENT AUDITOR'S REPORT

Mr. Brian Colón
New Mexico State Auditor
and
Honorable Mayor and Town Council
Town of Vaughn
Vaughn, New Mexico

Report on Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information, and the budgetary comparisons for the General, Fire Protection, Streets and Lodgers Tax Funds of the Town of Vaughn, as of and for the year ended June 30, 2019, and the related notes to the financial statements which collectively comprise the Town of Vaughn's basic financial statements as listed in the table of contents. We also have audited the financial statements of each of the Town of Vaughn's non-major governmental funds and non-major enterprise funds presented as supplementary information, as defined by the Government Accounting Standards Board, in the accompanying combining and individual fund financial statements as of and for the year ended June 30, 2019 as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Except for the matter described in the "Basis of Disclaimer of Opinion on Business-Type Activities and Joint Utility Funds" paragraph, we believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Summary of Opinions

<u>Opinion Unit</u>	<u>Type of Opinion</u>
Governmental Activities	Unmodified
Business-Type Activities	Disclaimer
General Fund	Unmodified
Fire Protection Fund	Unmodified
Streets Fund	Unmodified
Landfill Closure Fund	Unmodified
Ambulance Fund	Unmodified
Joint Utility Fund	Disclaimer
Aggregate Remaining Fund Information	Unmodified

Basis for Disclaimer of Opinion on the Joint Utility, General and Government Wide Financial Statements

The financial statements of the Joint Utility Fund could not be separated into Water, Sewer and Solid Waste Funds so they could be audited individually. The beginning balances were also unauditable as the prior years opinion was a disclaimer.

Because of the circumstances above this also rendered Government Wide Financial Statements (Business-Type Activities) unauditable.

Disclaimer of Opinion

Because of the significance of the matter described in the "Basis for Disclaimer of Opinion on the Joint Utility and Government Wide Financial Statements" paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements of the Joint Utility and Government Wide Financial Statements (Business-Type Activities) of the Town of Vaughn. Accordingly, we do not express an opinion on these financial statements.

Unmodified Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each major fund and the aggregate remaining fund information of the Town of Vaughn, as of June 20, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Management has omitted the MD&A which is required to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements is required by GASB who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America require the Schedules I, II and III and the notes to the Required Supplementary Information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the Town of Vaughn financial statements, the combining and the individual fund financial statements, and the budgetary comparisons. The schedules required by 2.2.2 NMAC are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The other schedules required by 2.2.2 NMAC are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with the auditing standards generally accepted in the United States of America. In our opinion, the other schedules required by 2.2.2 NMAC are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 14, 2020 on our consideration of the Town of Vaughn's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of Vaughn's internal control over financial reporting and compliance.

STATE OF NEW MEXICO
TOWN OF VAUGHN
Notes to Financial Statements
Year Ended June 30, 2019

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Town of Vaughn is incorporated under Section 3, Article 2, New Mexico State Statutes Annotated 1978 Compilation operating under a Mayor-Council form of government and provides the following services as authorized: public safety (police and fire), highways and streets, sanitation, health and social services, culture-recreation, public improvements, planning and zoning and general administrative services.

The financial statements of the Town of Vaughn have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below.

A. Reporting Entity

In evaluating how to define the government, for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in GAAP. The basic-but not the only-criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters. A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity benefits the government and/or its citizens, or whether the activity is conducted within the geographic boundaries of the government and is generally available to its citizens. A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the government is able to exercise oversight responsibilities. Based upon the application of these criteria, the Town had no component units.

Notes to Financial Statements (continued)

B. Government-wide and fund financial statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities and changes in net assets) report information on all of the nonfiduciary activities of the Town. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which is normally supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operation or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are billed. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 30 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgements, are recorded only when payment is due.

Notes to Financial Statements (continued)

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Sales and use taxes are classified as derived tax revenues and are recognized as revenue when the underlying exchange takes place and the revenues are measurable and available. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met and susceptible to accrual criteria have been met.

The government reports the following major governmental funds:

The *General Fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Fire Protection Fund* (Special Revenue Fund) is to account for the operations and maintenance of the Fire Department. It is financed by a specific allotment from the State Fire Marshall's Office. The authority is NMSA 59A-53-1.

The *Streets Fund* (Special Revenue Fund) is to account for the receipt and expenditure of special gasoline taxes which are restricted for use in repairing and maintaining roads and streets within Town limits. The Fund was created by the authority of State Statute 7-1-16.9 and 7-13-1 to 18 NMSA 1978.

The *Lodgers Tax Fund* (Special Revenue Fund) is to account for the administration of a Town promotional effort. Funds are derived from a lodger's tax imposed on motel rentals. (Authority is NMSA 3-38-13).

The Town reports the following Proprietary Fund types:

Enterprise Fund - Water/Sewer Fund - To account for the provision of water and sewer services to the residents of Magdalena, New Mexico. All activities necessary to provide these services are accounted for in this fund.

Enterprise Fund - Solid Waste Fund - To account for the revenue and expenditures for the maintenance of the solid waste operations. All activities necessary to provide these services are accounted for in this fund.

Enterprise Fund - Ambulance Fund - To account for the operations of the Town's ambulance services.

Notes to Financial Statements (continued)

Enterprise Fund - Cemetary Fund - To account for revenues from the sales of lots and donations to be used for cemetary improvements. Funding is authorized by NMSA 58-17-4.

The Town also reports additional Governmental funds as non-major.

Special Revenue Funds - These funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

The Town also reports Fiduciary Funds.

Agency funds are custodial in nature (assets equal liabilities) and do not present results of operations or have a measurement focus. Agency funds are accounted for using the modified accrual basis of accounting. These funds are used to account for assets that the Town holds for others in an agency capacity.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements.

Program revenues included in the Statement of Activities derive directly from the program itself or from parties outside the Town's taxpayers or citizenry, as a whole; program revenues reduce the cost of the function to be financed from the Town's general revenues. Program revenues include: 1) charges for services to taxpayers or applicants who purchase, use or directly benefit from the goods or services provided by the given function 2) program-specific operating grants and contributions and 3) program specific capital grants and contributions including special assessments.

Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise fund is charged to customers for sales and services. The enterprise fund also recognized as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

Notes to Financial Statements (continued)

D. Budgets and Budgetary Accounting

The Town follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Prior to June 1, the Town Clerk-Treasurer submits to the Town Council a proposed operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and the means of financing them based on previous year's history. Public hearings are conducted at the Town Hall to obtain taxpayer comments. Prior to July 1, the budget is legally enacted through passage of an ordinance.
2. The Town Clerk-Treasurer is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of any funds must be approved by the Town Council and New Mexico State Department of Finance, Division of Local Governments. The original budget that was adopted in July, 1998 was amended during the fiscal year in a legally permissible manner.
3. Formal budgetary integration is employed as a management control device during the year for the General Fund, Special Revenue Funds, and Capital Project Funds.
4. Encumbrances are not reported in the budgets or financial statements.
5. The level of classification detail in which expenditures of expenses may not legally exceed appropriations for each budget is in fund total. Appropriations lapse at year end.
6. Budgets for the General and Special Revenue Funds are adopted on a basis not consistent with generally accepted accounting principals. Throughout the year the accounting records are maintained on the Non-GAAP basis of cash receipts and disbursements. Accordingly, certain revenues and the related assets are recognized when paid rather than when the obligation is incurred. The financial statements are presented on the modified accrual basis of accounting. Budgetary comparisons presented for General and Special Revenue Funds in this report are on the Non-GAAP budgetary basis and actual (cash basis). The budget of the Enterprise Fund is adopted on a Non-GAAP cash basis.

E. Cash and Investments

Cash includes amounts in demand deposits as well as short-term investments with a maturity of six months from the date acquired by the government. State statutes authorize the government to invest in obligations of the U.S. Treasury, interest bearing accounts with local financial institutions and the State Treasurer Pool.

New Mexico Statutes require that financial institutions with public monies on deposit pledge collateral, to the owners of such monies, in an amount not less than 50% of the public monies held on deposit. Collateral pledged is held in safekeeping by other financial institutions, with safekeeping receipts held by the Town. The pledged securities remain in the name of the financial institution.

Notes to Financial Statements (continued)

F. Inventories

Inventories are valued at cost, which approximates market, using the first-in/first-out (FIFO) method.

The cost of inventories are recorded as expenditures when purchased rather than when consumed.

G. Deferred Inflows of Resources

In addition to liabilities, the balance sheet reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. Revenue must be susceptible to accrual (measurable and available to finance expenditures of the current fiscal period) to be recognized. If assets are recognized in connection with a transaction, but those assets are not yet available to finance expenditures of the current fiscal period, then the assets must be offset by a corresponding deferred inflow of resources. The Town has two types of items, which arise due to the implementation of GASB 68 and the related net pension liability. Accordingly, the items, net difference between expected and actual earnings and change in assumptions, are reported on the Statement of Net Position. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

H. Deferred Outflows of Resources

In addition to assets, the balance sheet reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a use of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expenditure) until that time. The Town has two types of items that qualify for reporting in this category. Accordingly, the items, change in proportion and employer contributions subsequent to measurement date, are reported in the Statement of Net Position. These amounts are deferred and recognized as outflows of resources the next period.

I. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of one year. This is an increase from the \$1,000 threshold reported in prior years. This is a change in accounting estimate. All previously reported Capital Assets that do not meet the updated amount will be depreciated currently and in future periods until they are fully depreciated. Donated Capital Assets are recorded at their estimated fair value at the date of donation. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Pursuant to the implementation of GASB Statement No. 34, the historical cost of infrastructure assets, (retroactive to 1979) are included as part of the governmental capital assets reported in the government wide statements. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Notes to Financial Statements (continued)

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Property, plant, and equipment of the primary government is depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Land improvements	20
Buildings	20
Building improvements	20
Public domain infrastructure	25
System infrastructure	25
Vehicles	5
Equipment	5
Heavy equipment	10

The Town does not capitalize computer software or software developed for internal use (if applicable) unless it exceeds the \$5,000 threshold.

J. Compensated Absences

It is the policy of the Town of Vaughn to permit certain employees to accumulate a limited amount of earned but unused vacation, which will be paid to employees upon separation from the Town's service. All vacation pay is accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations or retirements.

Sick pay does not vest and is recorded as an expenditure when it is paid.

K. Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

L. Taxes

Franchise Taxes - By authority of Chapter 3, Article 42, NMSA 1978 and various ordinances, the Town imposes a franchise tax on certain public utilities operating within the municipality.

Motor Vehicle Registration Fees - Under the provisions of Chapter 66, Article 6, NMSA 1978, the State of New Mexico collects various fees for the registration and regulation of motor vehicles in the state. Of the amount collected, certain specified amounts are distributed to various governmental agencies with the State, including; the Motor Vehicle Division, State Road fund, municipalities, and counties. After certain priority payments, as detailed in 66-6-23 NMSA 2978 have been made, a portion of the remaining fees held in the motor vehicle

Notes to Financial Statements (continued)

suspense fund are distributed as required in 66-6-23 B (4) and 66-6-23 B (5). These distributions are commonly referred to as the 10% and 15% motor vehicle tax distributions.

Gasoline Tax - The State of New Mexico, by authority of Chapter 7, Article 13 NMSA 1978, imposed an excise tax on \$0.17 on each gallon of gasoline received in New Mexico. Of the total gasoline taxes received, a portion is distributed to the various municipalities within the State pursuant to Chapter 7, Article 1-6.9 NMSA 1978 and Chapter 7, Article 1-6.27 NMSA 1978.

Municipal Gross Receipts Tax - Under authority of Chapter 7, Articles 19 and 19D, NMSA 1978, the Town adopted gross receipts taxing through ordinance. Said ordinances provide for the imposition of gross receipts taxes on all non-exempt persons engaging in business in the municipality. The tax is collected by the State of New Mexico and remitted to the Town after deducting certain administrative costs.

State Gross Receipts Tax - Under authority of Chapter 7, Article 1, NMSA 1978, the State of New Mexico imposes a gross receipts tax on all businesses within the State. Of the total collected, 1.225% of the taxable gross receipts are distributed to the municipality reporting the taxable receipts.

M. Restricted Assets

Certain long-term assets in the proprietary funds are classified as restricted assets on the balance sheet because their use is limited to payments for debt service or other purpose such as "deposits held in trust for others".

N. Net Position

The governmental activities and business-type activities financial statements utilize a net position presentation. Net Position are categorized as follows:

Net investment in capital assets - This category reflects the portion of net assets that are associates with capital assets less outstanding capital asset related debt.

Restricted net position - This category reflects the portion of net assets that have third party limitation on their use.

Unrestricted net position - This category reflects net assets of the Town not restricted for any project or other purposes.

O. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the Town is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable - The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of interfund loans.

Notes to Financial Statements (continued)

Restricted - Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions or enabling legislation (Town ordinances).

Enabling legislation authorizes the Town to assess, levy, charge, or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation. Legal enforceability means that the Town can be compelled by an external party - such as citizens, public interest groups, or the judiciary to use resources created by enabling legislation only for the purposes specified by the legislation.

Committed - The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by formal action (ordinance or resolution) of the Town Council. Those committed amounts cannot be used for any other purpose unless the Town Council removes or changes the specified use by taking the same type of action (ordinance or resolution) it employed to previously commit those amounts. In contrast to fund balance that is restricted by enabling legislation, committed fund balance classification may be redeployed for other purposes with appropriate due process. Constraints imposed on the use of committed amounts are imposed by the Town Council, separate from the authorization to raise the underlying revenue; therefore, compliance with these constraints are not considered to be legally enforceable.

Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned - Amounts in the assigned fund balance classification are intended to be used by the Town for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the General Fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the General Fund, assigned amounts represent intended uses established by the Town Council or a Town official delegated that authority by the Town Council or ordinance.

Unassigned - Unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts have been restricted, committed, or assigned.

The Town applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Notes to Financial Statements (continued)

P. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Q. Risk Management

The Town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Town carries commercial insurance for these risks of loss, including workers' compensation and employee health and accident insurance. Settled claims resulting from these risks have not exceeded commercial insurance coverage in the current fiscal year.

R. Surety Coverage

The officials and certain employees of the Town are covered by a surety bond as required by Section 12-6-7 NMSA 1978 Compilation and the New Mexico State Auditor Rule NMAC 2.2.

S. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Public Employees Retirement Association (PERA) and additions to/deductions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA, on the economic resources measurement focus and accrual basis of accounting. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

2. DEPOSITORY COLLATERAL

According to the Federal Deposit Insurance Authority, public unit deposits are funds owned by the Town's Time deposits, savings deposits and interest bearing NOW accounts of a public unit in an institution in the same state will be insured up to \$250,000 in aggregate and separate from the \$250,000 coverage for public unit demand deposits at the same institution.

Total	<u>\$ 46,230</u>	<u>\$ 79,206</u>

4. PROPERTY TAX

Property taxes attach as an enforceable lien on property as of January 1. Property tax rates for the year are set no later than September 1 each year by the Secretary of Finance and Administration. The rates of tax are then used by County Assessors to develop the property tax schedule by October 1. Taxes are payable in equal semi-annual installments by November 10 and April 10 of the subsequent year. Taxes are collected on behalf of the Town by the County Treasurer, and are remitted to the Town in the month following collection. Because the Treasurer for the county in which the Town is located is statutorily required to collect taxes as an intermediary agency for all forms of government, distribution of taxes are made through the applicable County to the Town.

The Town is permitted to levy taxes for general operating purposes based on taxable value for both residential and nonresidential property, taxable value being defined as one-third of the fully assessed value. In addition, the Town is allowed to levy taxes for payments of bond principal and interest in amounts approved by voters of the Town.

The Town accounts for its share of property taxes in the General Fund. Only those collections received are recorded as revenues. The Town has no means of determining the amount of delinquent taxes, and no delinquent taxes are recorded on the Towns financial records.

9. RETIREMENT PLAN

Summary of Significant Accounting Policies

Pensions. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the New Mexico Public Employees Retirement Association (PERA) and additions to/deductions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

General Information about the Pension Plan

Plan description. The Public Employees Retirement Fund (PERA Fund) is a **cost-sharing, multiple employer defined benefit pension plan**. This fund has six divisions of members, including State General, State Police/Adult Correction Officer, Municipal General, Municipal Police/Detention Officers, Municipal fire, and State Legislative Divisions, and offers 24 different types of coverage within the PERA plan. All assets accumulated may be used to pay benefits, including refunds of member contributions, to any of the plan members or beneficiaries, as defined by the terms of this plan. Certain coverage plans are only applicable to a specific division. Eligibility for membership in the PERA Fund is set forth in the Public Employees Retirement Act (Chapter 10, Article 11, NMSA 1978). Except as provided for in the Volunteer Firefighters Retirement Act (10-11A-1 to 10-11A-7, NMSA 1978), the Judicial Retirement Act (10-12B-1 to 10-12B-19, NMSA 1978), the Magistrate Retirement Act (10-12C-1 to 10-12C-18, NMSA 1978), and the Educational Retirement Act (Chapter 22, Article 11, NMSA 1978), and the provisions of Sections 29-4-1 through 29-4-11, NMSA 1978 governing the State Police Pension Fund, each employee and elected official of every affiliated public employer is required to be a member in the PERA Fund, unless specifically excluded.

Benefits provided - Benefits are generally available at age 65 with five or more years of service or after 25 years of service regardless of age for TIER I members. Provisions also exist for retirement between ages 60 and 65, with varying amounts of service required. Certain police and fire members may retire at any age with 20 or more years of service for Tier I members. Generally, the amount of retirement pension is based on final average salary, which is defined under Tier I as the average of salary for the 36 consecutive months of credited service producing the largest average; credited service; and the pension factor of the applicable coverage plan. Monthly benefits vary depending upon the plan under which the member qualifies, ranging from 2% to 3.5% of the member's final average salary per year of service. The maximum benefit that can be paid to a retiree may not exceed a range of 60% to 90% of the final average salary, depending on the division. Benefits for duty and non-duty death and disability and for post-retirement survivor's annuities are also available.

TIER II - The retirement age and service credit requirements for normal retirement for PERA state and municipal general members hired increased effective July 1, 2013 with the passage of Senate Bill 27 in the 2013 Legislative Session. Under the new requirements (Tier II), general members are eligible to retire at

Notes to Financial Statements (continued)

any age if the member has at least eight years of service credit and the sum of the member's age and service credit equals at least 85 or at age 67 with 8 or more years of service credit. General members hired on or before June 30, 2013 (Tier I) remain eligible to retire at any age with 25 or more years of service credit. Under Tier II, police and firefighters in Plans 3, 4 and 5 are eligible to retire at any age with 25 or more years of service credit. State police and adult correctional officers, peace officers and municipal juvenile detention officers will remain in 25-year retirement plans, however, service credit will no longer be enhanced by 20%. All public safety members in Tier II may retire at age 60 with 6 or more years of service credit. Generally, under Tier II pension factors were reduced by .5%, employee Contribution increased 1.5% and effective July 1, 2014 employer contributions were raised .05%. The computation of final average salary increased as the average of salary for 60 consecutive months.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions:

Municipal General Division at June 30, 2019, the Town of Vaughn reported a liability of \$258,287 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2017. The total pension liability was rolled-forward from the valuation date to the plan year ending June 30, 2018 using generally accepted actuarial principles. Therefore, the employer's portion was established as of the measurement date of June 30, 2018. There were no significant events or changes in benefit provision that required an adjustment to the roll-forward liabilities as of June 30, 2018. The Town of Vaughn's proportion of the net pension liability was based on a projection of the Town of Vaughn's long-term share of contributions to the pension plan relative to the projected contributions of all participating entities, actuarially determined. At June 30, 2018, the Town of Vaughn's proportion was 0.0162%, which was decreased 0.0009% from its proportion measured as of June 30, 2017.

For the year ended June 30, 2019, the Town of Vaughn recognized pension expense of \$33,160. At June 30, 2019 the Town of Vaughn reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Changes of assumptions	\$ 23,417	\$ 1,485
Experience versus actual	7,465	6,781
Difference between projected and actual earnings on pension plan investments	19,156	-
Change in proportion	7,805	11,623
Town of Vaughn's contributions subsequent to the measurement date	<u>14,858</u>	<u>-</u>
Total	<u>\$ 72,701</u>	<u>\$ 19,889</u>

\$14,858 reported as deferred outflows of resources related to pensions resulting from Town of Vaughn's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows

Year ended June 30:

2021	\$ 30,071
2022	7,188
2023	(237)
2024	932
2025	-

Notes to Financial Statements (continued)

Actuarial assumptions. The total pension liability in the June 30, 2018 actuarial valuation was determined using the following significant actuarial assumptions, applied to all periods included in the measurement:

PERA

Actuarial valuation date	June 30, 2017
Actuarial cost method	Entry age normal
Amortization method	Level percentage of pay
Amortization period	Solved for based on statutory rates
Asset valuation method	4 Year Smoothed Market Value
Actuarial assumptions:	
- Investment rate of return	7.25% annual rate, net of investment expense
- Projected benefit payment	100 years
- Payroll growth	3%
- Projected salary increases	3.25% to 13.50% annual rate
- Includes inflation at	2.50% - 2.75% all other years
- Mortality assumption	The mortality assumptions are based on the RPH-2014 Blue Collar mortality table with female ages set forward one year. Future improvement in mortality rates is assumed using 60% of the MP-2017 projection scale generationally. For non-public safety groups, 25% of in-service deaths are assumed to be duty related and 35% are assumed to be duty-related for public safety groups.
-Experience Study Dates	July 1, 2008 to June 30, 2017 (demographic) and July 1, 2010 through June 30, 2018 (economic)

The total pension liability, net pension liability, and certain sensitivity information are based on an actuarial valuation performed as of June 30, 2017. The total pension liability was rolled-forward from the valuation date to the plan year ended June 30, 2018. These assumptions were adopted by the Board use in the June 30, 2017 actuarial valuation.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Notes to Financial Statements (continued)

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Global Equity	43.50%	7.48%
Risk Reduction & Mitigation	21.50%	2.37%
Credit Oriented Fixed Income	15.00%	5.47%
Real Assets to include		
Real Estate Equity	<u>20.00%</u>	6.48%
Total	<u>100.00%</u>	

Discount rate: A single discount rate of 7.25% was used to measure the total pension liability as of June 30, 2018. This single discount rate was based on a long-term expected rate of return on pension plan investments of 7.25%, compounded annually, net of expense. Based on the stated assumptions and the projection of cash flows, the plan's fiduciary net position and future contributions were projected to be available to finance all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

The projections of cash flows used to determine this single discount rate assumed that plan member and employer contributions will be made at the current statutory levels.

Sensitivity of the Town of Vaughn's proportionate share of the net pension liability to changes in the discount rate. The following presents the Town of Vaughn's proportionate share of net pension liability calculated using the discount rate of 7.25%, as well as what the Town of Vaughn's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.25%) or 1-percentage-point higher (8.25%) than the current rate:

PERA Fund Municipal General Division	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
Town of Vaughn's proportionate share of the net pension liability	<u>\$ 398,004</u>	<u>\$ 258,287</u>	<u>\$ 142,789</u>

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued PERA financial report. The report is available at <http://www.pera.state.nm.us/publications.html>.

14. RELATED PARTY TRANSACTIONS

The Town paid \$1,495 for electrical work to SGM Electric which is owned by Elias Aragon who is related to the Mayor, Roman Garcia. Assistant Clerk, Mary Aragon is related to the Mayor, Roman Garcia by marriage. The Seniors Director Alice Martinez is the daughter-in-law of Rudy Martinez, the Mayor Pro-Tem. The EMS Director Peggy Gallegos is related to an EMT, Richard Gallegos. The Mayor, Mayor Pro-Tem and EMT Director are not the direct supervisors of these employees and do not perform any performance evaluations. The Village Clerk, Shaline Lopez performs those duties.

15. CLOSURE AND POST CLOSURE COSTS

State and federal laws and regulations require the Town to place a final cover on its landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Although closure and post closure care costs will be paid only near or after the date that the landfill stops accepting waste, the Town reports a portion of the closure and post closure care costs of \$73,270 at June 30, 2019 represents the cumulative amount reported to date based upon approximately 29% of the usable capacity of the landfill. The liability is based upon an estimate performed in March 2003. The estimate current year accrual of the future closure and post-closure care costs amounted to \$4,310. The actual cost of closure and post closure care may be higher, of course, due to inflation, or changes in technology.

The Town is required by state and federal laws and regulations to make annual contributions to finance closure and post closure care. The Town does not have any restricted cash to fund the current accrued liability.

The State of New Mexico Environment Department has issued an administrative order requiring compliance and assessing a civil penalty in the amount of \$214,100 to the Town of Vaughn for violations of the municipal landfill. The liability has been recorded as a payable in the financial statements.

The Town entered into a contract with the Estancia Valley Solid Waste Authority for the collection and disposal of waste. The Town is no longer accepting waste into the landfill.

Notes to Financial Statements (continued)

16. RESTATEMENT OF NET POSITION AND FUND BALANCE

The Town had a restatement in the Business Activities and the Governmental Type Activities in the amount of \$124,545 to reflect the Cemetary Fund and the Ambulance Fund as Proprietary Funds.

17. MEMORANDUM OF UNDERSTANDING

The Town has an MOU with Estancia Valley Solid Waste Authority to provide a piece of land to be used for the construction and demolition and asbestos monofill landfill. The EVSWA has the permit to operate this landfill. The EVSWA has sole authority and responsibility for the operation of the landfill.

18. TAX ABATEMENTS

The Town has evaluated GASB 77 with regard to tax abatements and has determined that the Town is not a party to any agreements that abate taxes.

INDEPENDENT AUDITOR'S REPORT

Mr. Brian Colón
New Mexico State Auditor
and
Honorable Mayor and Town Council
Town of Vaughn
Vaughn, New Mexico

We were engaged to audit, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Vaughn, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Town of Vaughn's basic financial statements and have issued our report thereon dated September 14, 2020. Our report disclaims an opinion on such financial statements because of material adjustments made to certain funds. Also, the Joint Utility financial statements could not be separated by fund.

Internal Control Over Financial Reporting

In connection with our engagement to audit the financial statements of the Town of Vaughn, we considered the Town of Vaughn, State of New Mexico's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Vaughn's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. However, as described in the accompanying schedule of findings and responses, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

INDEPENDENT AUDITOR'S REPORT

Mr. Brian Colón
New Mexico State Auditor
and
Honorable Mayor and Town Council
Town of Vaughn
Vaughn, New Mexico

We were engaged to audit, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Vaughn, as of and for the year ended June 20, 2019, and the related notes to the financial statements, which collectively comprise the Town of Vaughn's basic financial statements and have issued our report thereon dated September 14, 2020. Our report disclaims an opinion on such financial statements because of material adjustments made to certain funds. Also, the Joint Utility financial statements could not be separated by fund.

Internal Control Over Financial Reporting

In connection with our engagement to audit the financial statements of the Town of Vaughn, we considered the Town of Vaughn, State of New Mexico's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Vaughn's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. However, as described in the accompanying schedule of findings and responses, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on timely basis. We consider the deficiencies described in the accompanying status of findings and responses to be material weaknesses as Financial Statements and Disclosures (2016-004), Town Accounting Software not Adequate to Create Financial Statements (2017-002), State of New Mexico Environmental Department Lawsuit (2017-005), Financial Cost Estimate for the Closure and Post-Closure of the Landfill (2017-008), Water/Solid Waste Ordinance (2017-011), Water Meter Deposits (2017-018), Meter Deposit Bank Account (2017-019), and Cash Balances for the Water/Sewer/Solid Waste Funds (2018-005) and Payroll Liabilities (2019-013).

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompanying status of findings and responses to be significant deficiencies. DFA Report Incorrect (2016-002), Late Audit Report (2017-001), Revenue Resources for Post-Closure Costs of Landfill (2017-007), Environmental Gross Receipts Tax not Posted to the Books of Record (2017-009), Deposits Posted/Deposited to the Wrong Fund (2017-010), Ambulance Services (2017-014), Agreement for Ambulance Service Billing and Accounts Receivable Services (2017-015), Outstanding Utility Receivables (2017-016), Salary Budgets (2017-025), Lodgers Tax Receipts (2017-029) Lodgers Tax Expenditures (2017-030), Corrections Fees Not Deposited/Recorded in the Corrections Fund (2017-031), Amounts Collected on Behalf of the State (2017-032), Court Fees not Remitted to the State (2017-033), Outstanding (Unpaid) Citations (2017-034), Citations Reported on Required AOC and JEC Reports (2017-035) and Citations Received but not Reported on AOC or JEC Reports (2017-036), Numerous Amounts Due to/from Other Funds Created (2018-002), PERA not Calculated Correctly (2018-009), PERA not Deducted and Remitted (2018-011) and PERA Deduction for Police Officer Incorrect (2018-012) Outstanding Traffic Citation Receivable (2019-002), Reconciling Items on Bank Reconciliation (2019-003), Bank Account Ends Before End of Month (2019-004) and Ambulance Service Revenues/Expenditures (2019-006).

Compliance and Other Matters

In connection with our engagement to audit the financial statements of the Town of Vaughn, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying status of findings and responses as items Accounts Receivable and Accounts Payable (2010-003), Purchase Orders Required (2016-003), Transactions Made by Third Parties Not Recorded on Books of Record (2017-004), Allowance For Doubtful Accounts (2017-017), Budget Overruns (2017-038), Penalties and Interest Charges (2017-041), Employee Files Not Complete (2017-043), Lodgers Tax Audit (2017-046), Travel Issues (2018-001), Water Conservation Fee (2018-007), Department of Workforce

Solutions Reports Filed Incorrectly (2018-010), Seniors Cafeteria Inventory (2019-001), Revenues Posted Incorrectly (2019-005), Food Items Purchased Incorrectly (2019-006), Bank Analysis Fee (2019-008), Accrued Leave Carryforwards (2019-009), Pledged Collateral (2019-010), Memorandum of Understanding not Signed by Both Parties (2019-011) and Lodgers Tax Receipts (2019-012).

Town of Vaughn's responses to the findings identified in our engagement is described in the accompanying status of findings and responses. Town of Vaughn's response was not subjected to the auditing procedures applied in the engagement to audit the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an engagement to perform an audit in accordance with *Government Auditing Standards* in considering the Town of Vaughn's internal control and compliance. Accordingly, this communication is not suitable for any other purposes.

Accounts Receivable and Accounts Payable - Other Matter
(2010-003)

CONDITION	The Town was unable to prepare a complete and accurate listing of accounts receivable and accounts payable for any funds. Town Management has made no progress in completing this listing.
CRITERIA	According to 2011 Government Auditing Standards Section 3.40 as well as 6.20.2.13(D) NMAC, the Town is required to prepare accurate account balances for financial presentation.
CAUSE	Management has not taken proper steps to ensure these amounts are prepared.
EFFECT	Accounts receivable and accounts payable balances would be understated for various funds.
RECOMMENDATION	The Town should review all outstanding receipts and expenditures at year end to ensure they are added to the list of accounts receivable or accounts payable as necessary.
RESPONSE	The Clerk is developing internal policies and procedures to review all outstanding receipts and expenditures to determine whether or not they need to be added to the list of accounts receivable or accounts payable. The billing clerk will research and resolve debts on the utility billing aged balance list. The Programs Coordinator will RFP for a new ambulance billing service, including requirements for regular, accurate statements in the scope of work. The Town plans to complete this by December 2020.

DFA Report Incorrect - Significant Deficiency
(2016-002)

CONDITION	<p>The DFA Report is not being prepared correctly. Examples are:</p> <ol style="list-style-type: none">1. Adjustments shown are not supported or do not agree to the audit report.2. Certain beginning cash balances could not be verified as correct.3. The Ambulance and Cemetary Funds are included in the 500 Series but are reported as Special Revenue Funds in the audit report.4. Ending cash balances could not be verified. <p>Management has made no progress in correcting/preparing the DFA quarterly reports.</p>
CRITERIA	<p>The DFA report must agree to and be supported by the underlying books of record.</p>
CAUSE	<p>Management is not ensuring these reports are prepared correctly.</p>
EFFECT	<p>The amounts reported on the DFA report are incorrect.</p>
RECOMMENDATION	<p>Current management should obtain proper training and knowledge on how to prepare this report.</p>
RESPONSE	<p>The Town has worked closely with DFA to ensure that the reports are prepared correctly. The Clerk has made significant efforts to improve record-keeping so that appropriate backup documentation is maintained. The governing body has requested that the Ambulance and Cemetery funds be classified as 500 series funds in the audit report going forward. Town personnel has worked to align our internal chart of accounts with the DFA chart of accounts, and this will enable us to provide accurate documentation and backup to support our DFA reports. This issue will be resolved for the FY 2020 Audit.</p>

Purchase Orders Required - Other Matter
(2016-003)

CONDITION Purchase Order violations occurred in several areas. The are as follows:

1. An invoice was not present one out of fourteen times.
2. Purchase orders were written after the invoice date in four out of fourteen times.

Management has made no progress in ensuring purchase orders are prepared correctly.

CRITERIA The New Mexico Procurement Code (13-1-28 to 13-1-199) NMSA 1978 require a purchase order to initiate a purchase and it should be approved by management prior to any purchases. This document is used to ensure the Town not only has budget or budget authority, but cash to purchase the item. This document is also used to provide guidance as to which fund and account can and will be used.

Also, Purchase order internal controls include:

1. All purchase orders are to be kept and properly filed for review.
2. All payments must be made from an invoice.
3. Purchase orders are written before the good/service is obtained.

CAUSE Management did not ensure these procedures were in place and followed.

EFFECT NM Procurement Code is not being followed.

Also, the lack of enforcing this requirement may result in non-authorized purchases and/or purchases that exceed available resources.

Also, goods and/or services could be paid for without actually receiving them.

RECOMMENDATION Management should implement controls to ensure purchase orders are issued before an item/service is purchased.

Also, Management should implement procedures to ensure the conditions above are not continued.

RESPONSE

The Clerk has developed internal policies and procedures requiring that a PO be created before any goods or services are obtained. The Clerk will begin reviewing the Assistant Clerk's work to ensure that purchase orders are generated before invoices are received, and will review invoice filing regularly to ensure that all invoices are present. This issue should be resolved for FY 2020.

Financial Statements and Disclosures - Material Weakness
(2016-004)

CONDITION

The Town relies upon their independent auditor to prepare the financial statements in accordance with generally accepted accounting principles (GAAP). The accounting staff lacks the knowledge to prepare such statements, as well as the ability to detect the accuracy and/or completeness of all required notes that explain financial activity contained in the financial statements. The Town requires the independent auditor to gather all necessary information to convert their cash basis accounting information into financial statements prepared in accordance with GAAP. Management has made no progress in this area.

CRITERIA

Auditing standards adopted in the United States of America in particular Statement on Auditing Standards (SAS) 115, paragraph 3 states the following: "Internal control is a process - effected by those charged with governance, management, and other personnel- designed to provide reasonable assurance about the achievement of the entity's objectives with regard to reliability of financial reporting, effectiveness and efficiency of operations, and compliance with laws and regulations. Internal control over safeguarding of assets against unauthorized acquisition, use, or disposition may include control relating to financial reporting and operations objectives. Generally, controls that are relevant to an audit of financial statements are those that pertain to the entity's objective of reliable financial reporting."

CAUSE

The Town's staff lacks the proper ability to prepare financial statements and associated disclosures. When audit services are sought, there is a requirement that the auditor will prepare the financial statements. In the past, this may have been sufficient; however, the accounting profession, by issuance of SAS 115, now requires recognition and reporting of significant deficiencies in internal control when there is an ineffective oversight of the financial reporting and internal control by those charged with governance.

EFFECT

Since the Town personnel lack the ability to prepare, and did not prepare, the financial statements, there is an increased risk that a misstatement of the Town's financial statements, that is more than inconsequential, will not be prevented or detected and corrected on a timely basis." SAS 115 paragraph 15 provides a list of indicators of a material weakness in internal control. One such example is "Ineffective oversight of the entity's financial reporting and internal control by those charged with governance."

RECOMMENDATION

Since the town has hired a new Town Clerk and a consultant to prepare, review and provide financial statements to the auditors and to the general public at hand it is recommended that the process continue and be reviewed by the Council periodically.

RESPONSE

The Town Clerk will obtain training during 2020 to learn how to prepare the necessary financial statements, and will work with the DGFA budget analyst to ensure accuracy. The Clerk will present financial reports to the Governing Body on a regular basis.

Late Audit Report - Significant Deficiency
(2017-001)

CONDITION	The audit report was not submitted to the State Auditors Office by the required deadline of December 15, 2019. Management has made no progress in this area.
CRITERIA	The State Audit Rule requires all Municipal audits to be submitted by the December 15 deadline.
CAUSE	The contract to audit the fiscal year ending June 30, 2019 was not initiated until July, 2020.
EFFECT	The SAO Rule has not been followed. Subsequently the Town has been included in "At Risk" lists created by the State Auditors Office.
RECOMMENDATION	The Town has a new Town Clerk and Consultant helping resolve issues and restore the books to an auditable state. This process should continue to ensure all future audits are submitted by the required deadline.
RESPONSE	The Town Clerk has kept careful documentation during the 2019 and 2020 fiscal years to ensure that the audit can be completed promptly. The Governing Body and office staff have set a goal to complete the FY 19 audit as soon as possible and submit an accurate FY 20 audit in a timely manner. The Town is on track to complete and submit the FY 20 audit before the deadline.

Town Accounting Software not Adequate to Create Financial
Statements - Material Weakness
(2017-002)

CONDITION	Financial statements that are supported by the underlying documents, such as bank reconciliations could not be obtained for each fund. The Water, Sewer and Solid Waste Funds were not kept and maintained separately. Checks were issued and cleared the bank but not posted to the general ledger. The Water, Sewer and Solid Waste billings do not interface with the accounting software. It is a separate system. So it appears that the accounting software used by the Town is inadequate to properly prepare financial statements that can be useful for management, taxpayers, audit purposes and financial decision making purposes. Management has made no progress in this area.
CRITERIA	The Town needs to be able to provide financial statements so sound financial decisions and reporting can be made.
CAUSE	Prior management was not trained properly on how to use the current accounting software. Also, the current accounting software is not a fund based system.
EFFECT	Proper financial statements could not be provided to ensure an audit could be completed without any issues.
RECOMMENDATION	Management should obtain a fund based accounting software that can also prepare and track all utility billings as soon as possible.
RESPONSE	The Town has been researching different fund-based accounting systems. The Town would like to obtain software that integrates utility billing with the rest of the accounting system. The Town of Vaughn is a small entity and the cost of a new accounting system is prohibitive. The Town will research possible funding sources. In the meantime, The Clerk and Financial Consultant have overhauled the way the current accounting system is used, making it more appropriate to the Town's needs. For the FY 20 audit the Town will be able to use the software to produce a financial statement that separates the Water, Sewer and Solid Waste funds.

Transactions Made by Third Parties
Not Recorded on Books of Record - Other Matter
(2017-004)

CONDITION	Funds held at New Mexico Finance Authority were never recorded on the Town's books of record. These included cash balances, loan payments and interest earned. Management has made no progress in this area.
CRITERIA	All transactions whether actually made by management or outside parties needs to be posted/recorded to the entity's books of record.
CAUSE	Prior management was not aware of this requirement.
EFFECT	Cash balances and interest income were understated on the Town's books of record. Adjustments had to be made to adjust certain trial balances so these amounts were included.
RECOMMENDATION	Management should ensure all amounts/ transactions are posted/recorded to the entity's books of record.
RESPONSE	The information regarding the Environmental GRT intercept payments (the transactions in question) has been obtained as of September 14, 2020. This information will be recorded and reconciled in the Town's books of record, resolving this issue for the current fiscal year.

State of New Mexico Environment Department Lawsuit -
Material Weakness
(2017-005)

CONDITION The New Mexico State Environment Department sued the Town of Vaughn. The following are the alleged violations.

1. Failure to submit a Permit Application or a Plan for Closure and Post-Closure.
2. Failure to Implement a Ground Water Monitoring Program with an Approved Ground Water Monitoring System Plan.
3. Failure to apply daily cover.
4. Failure to Prevent Unauthorized Access.
5. Failure to remove Recyclable Materials in a Timely Manner.
6. Failure to Implement a Routine Methane Monitoring Program.
7. Failure to Control Litter.

Management has made no progress in this area.

CRITERIA The alleged violations do not adhere to the following Statutes.

1. SWA, NMSA 1978, Sections 74-9-20(A) and 74-9-31(A)(3) and the SWR, 20.9.2.10.A(5) and 20.9.3.8.B NMAC.
2. SWR, 20.9.9.8.A(2) NMAC
3. SWR, 20.9.5.9.N NMAC
4. SWR, 20.9.5.9.D NMAC
5. SWR, 20.9.5.9.P(2) NMAC
6. SWR, 20.9.5.9.C NMAC
7. SWR, 20.9.5.9.L NMAC

CAUSE The cause is unknown.

EFFECT The assessed Settlement of the Compliance Order (upheld by the NM Court of Appeals) was \$214,100.

RECOMMENDATION Management of the Town needs to comply with the Compliance Order as soon as possible.

RESPONSE The Town of Vaughn will establish a contact person within the State of New Mexico Environment Department. Town personnel will work with the Environment Department to determine exactly what has or hasn't been completed with regard to the compliance order, and we will endeavor to comply with anything that hasn't been completed by the end of 2021.

Revenue Resources for Post-Closure Costs of Landfill -
Significant Deficiency
(2017-007)

CONDITION	The Town is responsible for providing a financial mechanism to pay for all post-closure costs associated with the landfill. The Town has not obtained any resources to date to help with any post-closure costs. Management has made no progress in this area.
CRITERIA	The Town is responsible for providing resources to pay for post-closure costs of the landfill. This is to ensure that if the town goes bankrupt that there is still a financial mechanism for the State to use to finish and maintain the post-closure procedures. This is established in SWR, 20.9.10.9.A, 20.9.10.9.B, 20.9.10.10.A and 20.9.10.10.B NMAC.
CAUSE	The Town was sued by the New Mexico Environment Department of which one of the items cited was "Failure to Establish Financial Assurance for the Costs of Closure and Post-Closure Care."
EFFECT	The Town has not followed New Mexico Environment Department Solid Waste Procedures for closure and post-closure requirements.
RECOMMENDATION	The Town should start investigating all resources from which revenues can be obtained to ensure all post-closure costs can be paid for, especially if the Village becomes bankrupt.
RESPONSE	Per Resolution 2017-1, The Town of Vaughn created a restricted reserve account for this purpose in February of 2017, with a deposit of \$6,000. As of September 14, 2020 the account had a balance of \$6081.14. Section 5 of the resolution states that "Additional funding of the reserve fund shall commence, on an annual basis, upon permit issuance of the Vaughn Construction and Demolition Landfill permit and will be in conformance with the formulas specified for trust funds in 20.9.10.14 NMAC, or as otherwise mutually agreed by the parties." The Clerk will research to determine what the additional annual funding should be, and will bring the Town into compliance with this requirement by the end of FY 2021.

Financial Cost Estimate for the Closure and Post-Closure of the
Landfill - Material Weakness
(2017-008)

CONDITION Resolution #2017-1 states that "as required by 20.9.10.10 NMAC the Town is to develop and annually submit an updated written financial cost estimate that shall account for the total costs of conducting closure and post closure care of the Vaughn Landfill". This has not been done. Management has made no progress in this area.

CRITERIA All Resolutions of the Town must be completed and carried out as provided by said resolution.

CAUSE Management has not made this requirement a priority.

EFFECT The Town is not following its own Resolution. Also, there is no current liability reported on the financial statements in the Solid Waste Fund for the amount required. This figure could be significant, thus, the payables are understated in this fund.

RECOMMENDATION Management should make this resolution a priority as soon as possible.

RESPONSE The Town of Vaughn will work with the New Mexico Environment Department to determine whether or not the annual financial cost estimate is a requirement. If it is, we will comply. If it is not a state requirement, we will consider updating our Resolution to align with the State requirement. The Clerk plans to complete this by the end of 2021.

Environmental Gross Receipts Tax not Posted to the Books of
Record - Significant Deficiency
(2017-009)

CONDITION	The Town receives Environmental Gross Receipts Taxes. These amounts are not being recorded on the books of record. Also, these taxes are pledged to the Estancia Valley Solid Waste Authority to pay a loan. The agreement is with the New Mexico Finance Authority (EVSWA) and several other entities. The Town has agreed to these monies being intercepted and provided to EVSWA on a monthly basis. These revenues, however, are property of the Town. None of these monthly intercepts are being recorded in the Town's books and records as revenues and expenditures (payments to EVSWA). Management has made no progress in this area.
CRITERIA	All transactions whether actually made by management or outside parties needs to be posted/recorded to the Town's books of record.
CAUSE	The cause is unknown.
EFFECT	The revenues and expenditures of the Solid Waste Fund were understated by \$4,718. The revenues and expenditures of the General Fund were overstated by \$4,718 before they were corrected.
RECOMMENDATION	The new management should delegate an employee to post these amounts as soon as the monthly Taxation and Revenue Reports are received.
RESPONSE	As addressed in the response to (2017-004) the information regarding the Environmental GRT intercept payments has been obtained as of September 14, 2020. This information will be recorded and reconciled in the Town's books of record, resolving this issue for the current fiscal year.

Deposits Posted/Deposited to the Wrong Fund -
Significant Deficiency
(2017-010)

CONDITION	Management of the Town (in fiscal year 2017) deposited/posted \$19,669 of Fire Fund monies to the General Fund, not the Fire Fund. This amount still has not been transferred to the Fire Fund so it can be used. The Water Fund now owes the Fire Fund \$11,468 that was deposited into the wrong bank account in June, 2019. Management has made no progress in this area.
CRITERIA	The Fire Fund was established by the State Statute NMSA 59A-53-1. The allotment by the State Fire Marshall's Office is used only in fighting fires. Thus, these revenues belong to the Fire Fund. Also, this instance does not follow NMAC 1978 Section 3-37-4.
CAUSE	The cause is unknown.
EFFECT	The General Fund now owes the Fire Fund \$19,669. The Water Fund owes \$11,468.
RECOMMENDATION	Management needs to transfer these monies as soon as possible so the Fire Fund can use these resources.
RESPONSE	The Town Clerk has transferred these funds during the 2021 fiscal year, correcting the deficiency. The Clerk is working with the state to change our ACH deposits so that they are deposited into the correct account, eliminating the need for transfers in the future. The Clerk plans to complete this during the 2021 fiscal year.

Water/Solid Waste Ordinance - Material Weakness
(2017-011)

CONDITION	The Town does not have an Ordinance that reflects what amounts will be charged for water after the first 3,000 gallons is consumed. The Town does not have an Ordinance reflecting the amount charged for Commercial garbage either. Management has made no progress in this area.
CRITERIA	An Ordinance must be passed by the Town Council to ensure the correct amount is charged for services provided and to ensure the charges can be enforced legally.
CAUSE	Management was unaware of this oversight.
EFFECT	These charges cannot be enforced legally.
RECOMMENDATION	The Town Council should amend the Water and Solid Waste Ordinances as soon as possible.
RESPONSE	A draft of an updated ordinance was taken before the Governing Body in July 2018. It was tabled indefinitely pending engaging a third party to do a cost analysis and set our fees. Town personnel will present an updated Ordinance to the Governing Body again by the end of 2020 and emphasize the importance of resolving this issue.

Ambulance Services - Significant Deficiency
(2017-014)

CONDITION	There are no procedures in place to ensure that all ambulance "runs" are accounted for, billed correctly and payments remitted to the Town. Also, there is no way of determining the accounts receivable for Ambulance Services. Management has made no progress in this area.
CRITERIA	Proper procedures are needed to ensure all charges are billed, amounts received are supported and correctly accounted for and any outstanding amounts still owed are properly pursued and obtained.
CAUSE	Prior management did not ensure procedures were in place to accurately process Ambulance Services.
EFFECT	Management cannot enforce collections of overdue balances if their reporting/accounting for these balances is inadequate. Management cannot properly determine whether the "runs" were billed or billed correctly.
RECOMMENDATION	Management needs to properly institute policies and procedures to ensure all ambulance "runs" are accounted for billed and the resources received.
RESPONSE	The Town Clerk has had difficulty working with our third-party Ambulance billing service to obtain statements and invoices to adequately reconcile Ambulance billing. The Town's Programs Coordinator will request proposals for this service, including our need for regular receipt of detailed statements and documentation in the scope of work by the end of 2020.

Agreement for Ambulance Service Billing and
Accounts Receivable Services - Significant Deficiency
(2017-015)

CONDITION	According to the Director of Medical Practice Solutions an agreement exists whereby MPS is to credential, bill and obtain accounts receivable for the Town of Vaughn. However, the Town does not have a current contract on hand. Management has made no progress in this area.
CRITERIA	All agreements/contracts entered into by the Town of Vaughn should be updated periodically and a signed copy kept on hand.
CAUSE	Management did not ensure this contract was available.
EFFECT	The Town could be paying for services that were not agreed to.
RECOMMENDATION	A new signed contract should be obtained immediately.
RESPONSE	As stated in 2017-14, the Town plans to seek proposals for Ambulance billing, with the Programs Coordinator assigned to create an RFP. A new contract will be established accordingly, by the end of 2020.

Outstanding Utility Receivables - Significant Deficiency
(2017-016)

CONDITION	The aged account receivable report has \$8,393. in overdue balances being reported as over 90 days old for Town accounts. However, these amounts cannot be substantiated. Also, the aged accounts receivable cannot be separated as to what amounts belong to Water, Sewer or Solid Waste. Management has made no progress in this area.
CRITERIA	Aged receivable reports should be updated and completed on a daily basis. These reports should also provide the detail as to which amounts belong to which utility.
CAUSE	The Town does not have a proper system to provide an aged receivable report for management to use and enforce outstanding balances due.
EFFECT	Management cannot enforce collections of overdue balances if their reporting/accounting for these balances is inadequate.
RECOMMENDATION	Town management needs to correctly report receivables for the utilities charged by the Town.
RESPONSE	The Utility Billing Clerk will research and resolve outstanding receivables by the end of the 2021 fiscal year.

Allowance for Doubtful Accounts - Other Matter
(2017-017)

CONDITION	The current financial statements do not include any amounts determined to be an allowance for doubtful accounts as of June 30, 2019. Management has made no progress in this area.
CRITERIA	Town management should review the aged accounts receivable periodically and determine if and at what amount an allowance should be determined.
CAUSE	Prior management could not determine this as the aged accounts receivable is unusable.
EFFECT	Management may be overstating their receivables.
RECOMMENDATION	Management should obtain an accurate aged receivable report and determine if an allowance is conceivable.
RESPONSE	The Town Clerk will work with the Assistant Clerk to develop and implement new policies and procedures to resolve this matter by the end of the 2021 fiscal year.

Water Meter Deposits - Material Weakness
(2017-018)

CONDITION	The Town is not reconciling their monthly water meter deposit each month. Currently, the Town has no list. Management has made no progress in this area.
CRITERIA	The monthly meter deposit list should be reconciled each month. This complies with good accounting practices.
CAUSE	The cause is unknown.
EFFECT	Errors or omissions could occur since an accurate list is not being prepared monthly.
RECOMMENDATION	Management should designate an employee to perform this duty each month, identify differences and resolve those differences.
RESPONSE	The Clerk has obtained a list of all current meter deposits. The Clerk will assign an employee to compare the list to the currently active accounts. This will enable the Town to determine if any deposits are missing, and determine if the reconciled amount in our bank account is adequate. This will be completed by the end of the 2021 fiscal year.

Meter Deposit Bank Account - Material Weakness
(2017-019)

CONDITION	Deposits made to the meter deposit bank account could not be verified. It is unknown at this time if the bank account has enough monies to cover all meter deposits owed. Management has made no progress in this area.
CRITERIA	All meter deposits are owed to the residents that paid that deposit. These amounts should be kept separate to ensure the funds are available to be paid and not budgeted for.
CAUSE	Management was not aware of this requirement.
EFFECT	DFA could possibly include this amount in the budget process incorrectly. Also, deposits could be posted/deposited to another fund incorrectly.
RECOMMENDATION	Management needs to create a meter deposit list as soon as possible. This total then needs to be reconciled to the bank account. If the bank account is short, then the Water Fund must cover the difference.
RESPONSE	As stated in the response to 2017-018, the Clerk has obtained the needed information and has planned a method to determine the accuracy of the meter deposit list. This will be complete by the end of the 2021 fiscal year. After the Town has determined the accuracy and completeness of the meter list, we can reconcile the Meter Deposit List to the bank account to ensure that the bank account has adequate funds. This will be completed by the end of the 2021 fiscal year.

Salary Budgets - Significant Deficiency
(2017-025)

CONDITION Eleven out of twenty-five employees tested were paid more than the amount budgeted for in the DFA budget report approved by the Council and DFA. Management has made no progress in this area.

CRITERIA All positions are budgeted at the beginning of the fiscal year. All employees in those positions must be paid within those approved budgets.

CAUSE The cause is unknown.

EFFECT Employees were paid \$23,631 over the budget approved at the beginning of the year.

RECOMMENDATION Management should ensure that all payroll records are available and reviewed periodically to ensure no positions are paid over the approved budgeted amount.

RESPONSE The Town Clerk will compare budgeted salaries to actuals on a monthly basis to ensure that all salaries remain within the budget. This will be resolved for the 2020 FY audit.

Lodgers Tax Receipts - Significant Deficiency
(2017-029)

CONDITION	Management of the Town could not provide documentation for two Hotels/Motels for several months as to why there were no lodgers taxes received. Also, \$7,119 were receivable as of June 30, 2019 which were owed from February, 2019 to June, 2019. Management has made no progress in this area.
CRITERIA	All payments due for Lodgers Tax are to be received at the Town the month following after the tax was received by the Hotel/Motel. This is according to Ordinance #408 Section 7-D which states "Each vendor shall make a report and shall submit the proceeds to the Municipality".
CAUSE	The cause is unknown.
EFFECT	Resources due the Town are not being received in a timely basis.
RECOMMENDATION	Management of the Town should establish procedures for when Lodgers Taxes are not received timely.
RESPONSE	The Town Clerk has created a spreadsheet to ensure that all relevant businesses submit their Lodgers Tax receipts on a monthly basis. The Assistant Clerk will check the spreadsheet on a monthly basis and will send businesses a letter if needed, reminding them that a receipt must be prepared and submitted each month even if there is no remittance for that month. This issue will be resolved by the end of 2020.

Lodgers Tax Expenditures - Significant Deficiency
(2017-030)

CONDITION	The Lodgers Tax Fund spent only 5% of the total proceeds on advertising. Also, these reports do not reflect the actual amounts received for the 18-19 fiscal year. Management has made no progress in this area.
CRITERIA	According to State Statute 3.20.030(C) "not less than one half of proceeds shall be used for advertising".
CAUSE	The cause is unknown.
EFFECT	Management is not following the requirements of the State Statute.
RECOMMENDATION	Management should review and evaluate all purchases from the Lodgers Tax Fund to ensure this requirement is complied with.
RESPONSE	The Town Clerk and Governing Body will review Lodgers Tax Expenditures on a quarterly basis to ensure that we are compliant with the requirement. The Clerk is investigating new ways to purchase advertising for the Town. The Clerk plans to resolve this finding by the end of the 2021 Fiscal Year.

Corrections Fees not Deposited/Recorded in the Corrections Fund -
Significant Deficiency
(2017-031)

CONDITION All of the traffic tickets issued were deposited into the General Fund. None of the paid citations had a portion deposited/posted to the Corrections Fund. This includes \$2,620 for fiscal year 2017, \$5,900 for fiscal year 2018 and \$11,060 for 2019. Management has made no progress in this area.

CRITERIA According to NMSA 35-14-11B(1), 35-14-11D and 35-14-11D(3) a municipal judge shall collect \$20 from each citation to be deposited in a special fund to be used for paying the cost of housing municipal prisoners.

CAUSE Management was not aware of this requirement.

EFFECT The Corrections Fund revenues were understated by at least \$19,580. There is a receivable for this amount in the audit report.

RECOMMENDATION Management needs to transfer \$11,060 for the 18-19 fiscal year, \$5,900 for the 17-18 fiscal year and \$2,620 for the 16-17 fiscal year to the Corrections Fund from the General Fund as soon as possible.

RESPONSE The required transfers will be completed during the current fiscal year. Corrections Fee deposits are being accurately recorded as of FY 20, and the Clerk will ensure that all transfers are made in a timely manner for the 2021 fiscal year, completely resolving this issue.

Amounts Collected on Behalf of the State -
Significant Deficiency
(2017-032)

CONDITION	The Town is including Court Automation Fees and Judicial Education Fees as revenues and expenditures in their General Fund. These are collections made on behalf of the State and should be kept separate in an Agency Fund in the books of record and the DFA report. Management has made no progress in this area.
CRITERIA	All amounts collected on behalf of another entity should be collected, disbursed and reported in an Agency Fund.
CAUSE	Management was not aware of this requirement.
EFFECT	These amounts are incorrectly included as revenue and expenditures for budget purposes for the General Fund. Also, any cash left in the bank at June 30, could be mistakenly budgeted for in the General Fund.
RECOMMENDATION	Management should separate these receipts and disbursements in an Agency Fund as soon as possible, not only on the DFA report but on the books of record.
RESPONSE	The Town Clerk will begin recording these amounts as trust/agency funds instead of incomes and expenditures. This will be resolved for the FY 21 audit.

Court Fees Not Remitted to the State -
Significant Deficiency
(2017-033)

CONDITION The Town Court is not remitting the \$6 Automation Fee or \$3 Education correctly at the end of each month. Management has made no progress in this area.

CRITERIA According to NMSA 35-14-11G and H: All automation and education fees should be remitted to the state at the end of each month.

CAUSE Management is not ensuring this is done correctly and timely.

EFFECT State Statute NMSA 35-14-11G is not being followed.

RECOMMENDATION Management needs to add internal controls to ensure these reports are submitted accurately and timely.

RESPONSE The Town Clerk and Municipal Court Clerk have worked diligently to resolve this issue. The Court Clerk was not able to complete the reports in a timely manner due to family emergencies. The Town will cross train some of our office staff so that we can still fulfill the requirement if needed. The Town Clerk will institute policies and procedures to ensure that these reports are being prepared and submitted on a monthly basis. The goal is to resolve this by the end of 2020.

Outstanding(Unpaid) Citations - Significant Deficiency
(2017-034)

CONDITION	The Judges Department of the Town are not keeping a record of every traffic complaint, traffic citation or other form of traffic charges. This situation prevents a list of outstanding citations (amount) due. It also prevents the Judges department from notifying the Motor Vehicle Department of any outstanding citations "from which the decision of no appeal or review is successfully taken."
CRITERIA	According to NMSA 1978 Section 66-8-135A "Every trial court judge shall keep a record of every traffic complaint, uniform traffic citation and other form of traffic charge filed in the judge's court or its traffic violations bureau and every official action and disposition of the charge by that court." Management has made no progress in this area.
CAUSE	The Judge's department was not aware of this requirement.
EFFECT	NMSA Section 66-8-135A is not being followed. Which Section 66-8-135G states "Willful failure or refusal of any judicial officer to comply with this section is misconduct in office and grounds for removal."
RECOMMENDATION	The Judges department should implement procedures to comply with Section 66-8-135 immediately.
RESPONSE	The Town's new Court Clerk has taken measures to comply with this requirement, submitting outstanding citations to the Motor Vehicle Department as required. She will also begin filing citations by date instead of only alphabetically, so that the Court department can ensure that all citations are resolved.

Citations Reported on Required AOC and JEC Reports -
Significant Deficiency
(2017-035)

CONDITION	The fiscal year 17-18 had nine citations that were "supposedly paid" on the report of the Automated Office of the Court and Judicial Education Fee report submitted monthly, however, there were nine traffic citations that could not be verified as paid or traced to an actual deposit made for each of the nine citations. Management has not gone back and investigated and corrected this situation. Management has made no progress in this area.
CRITERIA	According to NMSA 1978 Section 35-14-11(2) and (3) fees are to be collected and remitted to the State Treasurer monthly. These reports need to be supported by actual documents that can confirm that these citations have been paid and that the monies have been deposited in the correct bank account and posted to the correct fund.
CAUSE	Neither Management nor the Judges department are ensuring that these procedures are being completed.
EFFECT	Monies may not be collected or monies may not be deposited correctly.
RECOMMENDATION	Management and the Judges department need to work together to establish procedures to ensure all documentation is available and attached to the correct traffic citation, deposit slip or reports submitted to ensure all monies owed to the Town have been collected and deposited.
RESPONSE	The Town's Court Clerk is working with the business office to ensure that accurate files and documentations are kept This will help us verify transactions in the future. This should be resolved for the 2020 fiscal year.

Citations Received but not Reported on AOC or JEC Reports -
Significant Deficiency
(2017-036)

CONDITION	The Town received payment for sixty two traffic citations in July, 2017. However, only fifteen of these citations were reported on the AOC/JEC report submitted. Management has not gone back and investigated and corrected this situation. Management has made no progress in this area.
CRITERIA	According to NMSA 1978 Section 35-14-11(2) and(3) fees are to be collected and remitted to the State Treasurer monthly. These reports need to be supported by actual documents that can confirm that these citations have been paid and that the monies have been deposited.
CAUSE	Neither Management nor the Judges department have implemented procedures to ensure all information is obtained and accurately included so the JEC/AOC reports can be submitted correctly and timely.
EFFECT	The Town still owes the State Treasurer for Court Automation Fees and Judicial Education Fees. Also, internal controls have not been implemented to ensure these reports are submitted accurately and timely.
RECOMMENDATION	Management and the Judges department need to work together to establish procedures to ensure all documentation is available and attached to the AOC/JEC reports.
RESPONSE	There was some confusion due to a lengthy process moving the Municipal Court offices to a new location. The Town Clerk is working with the Court Clerk to improve documentation and ensure timeliness with the AOC and JEC reports. This should be resolved for the 2021 fiscal year.

Budget Overruns - Other Matter
(2017-038)

CONDITION	The Town overspent the final approved budgets of several funds. The Fire/Wildland Fund was overspent by \$362. The Fire Fund was overspent by \$1,148 and the Seniors Fund was overspent by \$1,489. The Water, Sewer and Solid Waste Funds could not be separated so could not be audited. Management has made no progress in this area.
CRITERIA	NMSA 1978 Section 22-8-11 B requires all funds to be spent within the established guidelines set for budgets.
CAUSE	Management did not ensure budget adjustment requests were obtained from DFA by the required deadline.
EFFECT	The Town had the adequate cash to pay the overruns but not the required budget authority from DFA.
RECOMMENDATION	Management should review its budget quarterly (at a minimum) and request all budget adjustments at that time to ensure budget overruns do not occur.
RESPONSE	The Town Clerk is working closely with our DFA Budget Analyst to ensure that we do not exceed budget authority. Water, Sewer and Solid Waste are separated on the books of record for the 2020 fiscal year. This issue will be resolved for the FY 20 audit.

Penalties and Interest Charges - Other Matter
(2017-041)

CONDITION The Town is being charged \$300 in penalties and \$27 in interestinterest for late filing of all four quarters (2018-2019) Department of Labor Reports. Also, the Town was charged \$118 in penalties and \$18 in interest for late filing of CRS-1 reports. The June, 2019 CRS-1 reports were not filed until October, 2019. Management has made no progress in this area.

CRITERIA All Department of Labor Reports are due by the end of the first month after the quarter. All CRS-1 reports are due by the 25th of the following month.

CAUSE The cause is unknown.

EFFECT The Town paid \$156 and \$302 in penalties and interest that were not budgeted for and would not be required if the reports were submitted timely.

RECOMMENDATION All future Department of Labor Reports and CRS-1 Reports should be filed timely to avoid all penalties and interest charges.

RESPONSE The Town Clerk will institute procedures to ensure that all reports are filed in a timely, accurate manner to avoid future penalty and interest charges. This should be resolved by the end of 2020.

Employee Files Not Complete - Other Matter
(2017-043)

CONDITION	All six employee files did not have wage rate approval documentation included. Also, a form I-9 was either missing or incomplete for all five employee files. Management has made no progress in this area.
CRITERIA	Employee files need to have complete wage rate documentation verifying wage increases during the year. Also, form I-9's are required by the Department of Homeland Security.
CAUSE	Management is not ensuring these documents are being obtained and included in the employee files.
EFFECT	Good internal controls are not being followed.
RECOMMENDATION	Management needs to ensure these forms are completed and included in each employee's file.
RESPONSE	The Town Clerk has received updated I9 forms for all employees currently employed by the Town of Vaughn. The Clerk will work with the Governing Body to develop wage rate approval documents for all employees and keep them appropriately updated. These documents should be in place for the 2021 fiscal year.

Lodgers Tax Audit - Other Non-Compliance
(2017-046)

CONDITION	Town management did not perform a random audit of hotels/motels during the 2017-2018 or 2018-2019 fiscal year. Management has made no progress in this area.
CRITERIA	According to Ordinance #408, Section 13A and B "the governing body shall conduct random audits to verify full payment of occupancy tax receipts." "The Governing body shall determine each year the number of hotels/motels within the municipality to audit."
CAUSE	It is unknown why the governing body did not ensure this Ordinance was followed.
EFFECT	The Town is not complying with its own Ordinance.
RECOMMENDATION	The governing body needs to comply with this Ordinance as soon as possible.
RESPONSE	The Town Clerk and Governing Body will review the ordinance. The Town will conduct a Lodgers Tax Audit as soon as possible, ideally by the end of 2020.

Travel Issues – Material Non-Compliance
(2018-001)

CONDITION	Ten out of ten travel vouchers tested were not approved before the travel was taken. Management has made no progress in this area.
CRITERIA	According to DFA regulations all travel must be approved before it is taken.
CAUSE	Management is not ensuring this procedure is being followed.
EFFECT	Travel could be taken that was not authorized.
RECOMMENDATION	All travel forms should be approved before the travel is taken.
RESPONSE	The Town Clerk has updated the Per Diem form to reflect the pre-approval of all travel requests as of November 2019. This is resolved.

Amounts not Being Paid Back Between Funds -
Significant Deficiency
(2018-002)

CONDITION	Management has created \$140,263 worth of amounts due between funds. These have been created from deposits being reported/posted in the wrong funds. These amounts need to be paid back. Management has made no progress in this area.
CRITERIA	All resources received should be posted in the correct fund.
CAUSE	Deposits are continually being reported/posted to the wrong funds.
EFFECT	Management owes \$140,263 in resources to various funds.
RECOMMENDATION	1. Management needs to have a commitment or strategy to pay back these monies. 2. Management should create a plan and time frame to pay back these amounts and also discontinue the practice of reporting/posting resources to the wrong funds.
RESPONSE	The Town Clerk will review and verify the amounts specified by the auditor, and work to correct them by the end of 2020. Several of the amounts due have already been corrected as of September 14, 2020. The Clerk is working with the State to ensure that direct deposits are deposited to the correct bank accounts, eliminating the need for transfers in the future. This will be resolved for the 2021 fiscal year.

Cash Balances for the Water/Sewer/Solid Waste Funds -
Material Weakness
(2018-005)

CONDITION	The cash balances shown on the DFA report for each of the Utility Funds could not be tested or verified because they are not separate in the general ledger. Management has made no progress in this area.
CRITERIA	The DFA report must be adequately supported by the underlying books of record.
CAUSE	Management has not ensured these Funds are separated in the accounting software.
EFFECT	The Utility Funds could not be audited.
RECOMMENDATION	Management should separate these funds immediately.
RESPONSE	This is resolved as of the 2020 fiscal year. The Town Clerk and Financial Consultant have worked to implement a detailed chart of accounts within the accounting software, and we are recording our utility funds separately within the books of record.

Water Conservation Fee - Other Non-Compliance
(2018-007)

CONDITION The State of New Mexico Taxation and Revenue charges a conservation fee on all public water supply systems. This fee is to be on the amount of water "produced." The Village is calculating the fee on the amount of water "billed" each month. Also, only three out of twelve Water Conservation Reports were submitted (July, August, September of 2017). None were calculated and submitted for the whole fiscal year 2018-2019. Management has made no progress in this area.

CRITERIA The State of New Mexico Taxation and Revenue charges a conservation fee on all public water supply systems.

CAUSE Management was not aware of this requirement

EFFECT The Town is not calculating the fee on the amount of water "produced." Also, the required reports are not being filed.

RECOMMENDATION Management should start calculating all conservation fees on the amount of water produced and submit the reports as soon as possible.

RESPONSE The Town Clerk will train the Assistant Clerk to begin preparing the reports based on produced water rather than billed water. The Clerk will institute new policies and procedures to ensure that past reports are submitted accurately and current reports are submitted on a timely basis. This should be resolved for the 2021 fiscal year.

PERA not Calculated Correctly - Significant Deficiency
(2018-009)

CONDITION	An employee did not have their PERA deducted from their paycheck correctly in the fiscal year 2018. Management has not gone back and corrected this situation. The Town still owes \$349 which will include penalties and interest. Management has made no progress in this area.
CRITERIA	According to PERA regulations, all full-time employees must contribute at the specified rate.
CAUSE	An outside consultant (CPA) prepared the payroll each pay period. The withholding was not calculated.
EFFECT	The Town owes \$349 for both the employer and employee portion back to the employee.
RECOMMENDATION	Management should implement procedures to ensure all full-time employees benefits are calculated correctly.
RESPONSE	The Town Clerk now prepares payroll in-house. The Clerk reviews payroll deductions on a regular basis to ensure that they are being calculated correctly. The 2018 discrepancy will be researched and corrected by the Town Clerk by the end of 2020.

Department of Workforce Solutions Reports Filed Incorrectly -
Material Non-Compliance
(2018-010)

CONDITION The Town filed their Department of Workforce Solutions reports omitting \$21,923 in gross salaries for the fiscal year. Also, the 2017-2018 fiscal year Department of Workforce Solutions reports were never corrected for the \$13,648 gross salaries that were omitted. Management has made no progress in this area.

CRITERIA Employers are required to submit a quarterly wage report (Form ES-903A) listing wages paid to all workers and pay a tax at the applicable rate.

CAUSE The cause is unknown.

EFFECT The Town did not include all wages in quarterly unemployment reports which may have resulted in an underpayment of unemployment tax.

RECOMMENDATION The Town needs to amend these reports and pay the applicable taxes, penalties and interest immediately. All future report submissions need to agree to the total payroll paid for the quarter.

RESPONSE The Town Clerk will research these discrepancies and correct them. We have had some difficulty with inaccurate reports from our accounting software, and the Town Clerk will work with the support department to resolve these reporting issues. The Clerk will also double-check the FY 2020 Workforce Solutions reports to ensure that they were done correctly. This will be resolved by the 2021 fiscal year.

PERA not Deducted and Remitted - Significant Deficiency
(2018-011)

CONDITION Two employees did not have PERA deducted from their paycheck and have it submitted to PERA. Management has made no progress in this area.

CRITERIA According to PERA regulations, all full-time employees will have to contribute to PERA.

CAUSE Management has not included these two employees on the PERA deduction in the accounting system and ensured all required deductions have been made.

EFFECT The Town owes \$3,049 for both the employer and employee portion of PERA for the fiscal year 2018. As for fiscal year 2019 the Town owes \$7,687 for both the employer and employee portion of PERA.

RECOMMENDATION Management should implement procedures to ensure all full-time employees benefits are reviewed and deducted correctly each month.

RESPONSE The Town Clerk is working closely with PERA to correct this matter. The Clerk will review payroll on a regular basis to ensure that all full-time employees are contributing to PERA. This will be resolved by the end of 2020.

PERA Deduction for Police Officer Incorrect -
Significant Deficiency
(2018-012)

CONDITION	Town Council did not pass a resolution stating the Police Officer would have PERA deducted at the Municipal Divisions rate not the Police Officers rate. The difference in the two is \$618 that could potentially be owed for 2018 and \$1,321 for 2019. Management has made no progress in this area.
CRITERIA	PERA has Municipal Divisions Plans for regular employees and Police Division Plans for Police Officers. They are not withheld at the same rate.
CAUSE	Management of the Town were not aware of this situation.
EFFECT	The Town could be liable for \$1,939.
RECOMMENDATION	The Town was told by PERA to pass a resolution that explained the Police Officers PERA would be withheld at the Municipal rate not the Police Officers rate.
RESPONSE	As instructed by PERA, on July 10, 2019 the Governing Body passed resolution #1 (2019-20) affirming that police officers employed by the Town of Vaughn will be withheld at the Municipal Rate.

Seniors Cafeteria Inventory - Other Matter
(2019-001)

CONDITION The Seniors Program is not taking an inventory of all food and non-food items at the end of each month.

CRITERIA The Non-Metro Area Agency on Aging requires an inventory be completed each month.

CAUSE Management is not ensuring this procedure is complete.

EFFECT Management is not complying with AAA requirements.

RECOMMENDATION Management should train the cafeteria staff on how to prepare and take inventory each month.

RESPONSE This delinquency happened due to a high turnover of cafeteria staff in a short period of time. The staff has stabilized as of September 14, 2020, and is being trained to comply with all requirements in terms of record keeping as well as food safety. This will be resolved for the 2021 fiscal year.

Outstanding Traffic Citation Receivables - Significant Deficiency
(2019-002)

CONDITION Management had \$12,799 worth of citations that were paid through NCourt, however were not reviewed and received into the bank account until six weeks later.

CRITERIA All amounts due and receivable to the Town should be received and posted immediately.

CAUSE The employee that took over this duty was out for several weeks due to an illness.

EFFECT Management had \$12,799 that had been collected on their behalf but not received, posted and deposited into the Town's bank accounts.

RECOMMENDATION Management should ensure all duties are completed including when employees are out on leave for an extended period of time.

RESPONSE The Town Clerk has obtained access to the NCourt payment reporting software, and will work with the Court Clerk to cross-train office employees so that these duties can be completed in the absence of the Court Clerk. This will be resolved for the 2020 fiscal year.

Reconciling Items on Bank Reconciliations -
Significant Deficiency
(2019-003)

CONDITION	Management is including payroll liabilities as a reconciling item on several bank reconciliations. These items are incorrect as they are being carried forward from a prior year, or should not exist since no payroll is being paid out of these funds.
CRITERIA	Bank reconciliations should include only deposits in transit, outstanding checks or adjustments that can be adequately supported.
CAUSE	The cause is unknown.
EFFECT	Bank reconciliations for certain funds are incorrect.
RECOMMENDATION	Bank reconciliations should only include any and all relevant reconciling items.
RESPONSE	The Clerk is working with the auditor and financial consultant to eliminate these items that have been carried over from prior years. These should not have been carried over and will be eliminated for the 2020 fiscal year.

Bank Account Ends Before the End of the Month -
Significant Deficiency
(2019-004)

CONDITION	The Water/Sewer Improvements Bank Account cuts off at the 22 nd of the month, not the 30 th . A deposit made into the account after the 22 nd was not recorded or shown on the bank reconciliation.
CRITERIA	All of the Towns bank accounts need to have the same cut-off date.
CAUSE	The cause is unknown.
EFFECT	A deposit of \$27,950 was not recorded on the bank reconciliation or the books of record.
RECOMMENDATION	Management should change the cut-off date for this bank account as soon as possible.
RESPONSE	The Town Clerk was not aware that it was possible to change the date of a bank statement. The Clerk will contact the bank and request the change by the end of 2020.

Revenues Posted Incorrectly -
Other Matter
(2019-005)

CONDITION	The client received \$4,148 worth of revenues that were posted in the general ledger and the DFA report to the wrong fund. It should have been posted to the General Fund.
CRITERIA	All amounts received should be investigated and reported in the correct fund.
CAUSE	Management did not understand their accounting system when this amount was posted.
EFFECT	Journal entries were required to post the amount in the correct fund.
RECOMMENDATION	Management needs to understand their accounting software and how it works. Possible further training in this area may benefit staff.
RESPONSE	The Town Clerk will seek to obtain further training to be able to better use the accounting software. This will be resolved for the 2020 fiscal year.

Ambulance Service Revenues/Expenditures -
Significant Deficiency
(2019-006)

CONDITION	Management is not recording the fees associated with the collections of revenues for the Ambulance Fund.
CRITERIA	Financial statement amounts should not be shown "Net". The accounting standards state they should be shown "Gross". Thus, all revenues and expenditures should be recorded.
CAUSE	Management was not aware of this requirement.
EFFECT	The financial statements did not reflect \$2,847 in revenues and \$2,847 in expenditures.
RECOMMENDATION	Management should start recording these transactions as soon as possible.
RESPONSE	The Town Clerk will work with the Assistant Clerk to ensure that deposits are booked as gross instead of net going forward, and that the fee is recorded as an expenditure. This will be corrected for the FY 21 audit.

Food Items Purchased Incorrectly -
Other Matter
(2019-007)

CONDITION	The Fire/Wildland Fund states that its purpose is to provide services to fight Wildland Fires. A purchase of \$362 for meals was paid out of this fund. This purchase should not have been posted to this fund as it was not an expenditure to fight Wildland Fires.
CRITERIA	Only those expenditures allowed by the particular fund should be paid and posted to that fund.
CAUSE	Management was not aware of the purpose for this fund.
EFFECT	An expenditure of \$362 was paid out of the wrong fund.
RECOMMENDATION	Management should review each fund, its purpose and what can be paid from those fund before payment is made.
RESPONSE	The Wildland Fire Fund is described inaccurately in the audit report. The account is funded solely by donations, and therefore should be eligible to purchase food for training events, but the audit report describes the fund as being funded by state monies. The Clerk will work with the auditor to correct this matter before the FY 2021 audit.

Bank Analysis Fee - Other Matter
(2019-008)

CONDITION The Town is being charged a bank analysis fee that is not being charged by the other banks.

CRITERIA Management should ensure that any fees that are charged could be possibly waved because the Town is a government entity.

CAUSE Management was not aware that this fee could be waved.

EFFECT The Town is paying fees that could be waved.

RECOMMENDATION Management should look into having these fees waved, or possibly move their monies to the other banking institutions that do not charge an analysis fee.

RESPONSE The Clerk will consult with bank representatives to determine what services are obtained via this fee, and determine whether or not the fee can be waived. This will be resolved by the 2021 fiscal year.

Accrued Leave Carryforwards - Other Matter
(2019-009)

CONDITION The employee leave records were not up to date. The balances at June 30, 2018 were not verified and carried forward correctly to the 2019 fiscal year.

CRITERIA The accounting software used should provide a report that calculates and reports leave accrued, leave used, beginning leave balances and ending balances.

CAUSE Management did not ensure this report was completed and printed.

EFFECT Employees could be paid for leave that was not available for payment. Employee leave used could not be verified.

RECOMMENDATION Management should verify and correct all leave balances on the Leave Plan Summary.

RESPONSE The Clerk will monitor leave balances to ensure they are correct, and will begin running a report at the end of the fiscal year as of the 2021 fiscal year.

Pledged Collateral - Compliance Matter
(2019-010)

CONDITION Management is not receiving and reviewing the pledged collateral report from Everyone's Federal Credit Union each month to ensure the Town was adequately collateralized.

CRITERIA According to NMAC 2.2.2.10 N (4) (b) requires entities to obtain pledged collateral from financial institutions in the amount of 50% of deposits exceeding the \$250,000 FDIC insurance.

CAUSE Management did not ensure that any of their bank accounts met the requirement of the State Statute.

EFFECT Management did not comply with the required State Statute.

RECOMMENDATION Management should request these reports each month and review them and their cash balances to ensure the Town is adequately collateralized each month.

RESPONSE The Town Clerk has established a contact person at EFCU as of September 14, 2020, and will request these reports on a monthly basis, and check them against the Town's cash balances to ensure accuracy.

Memorandum of Understanding not Signed by
Both Parties - Other Matter
(2019-011)

CONDITION	The Town has an MOU with the Estancia Valley Solid Waste Authority, however, it has not been signed by both parties.
CRITERIA	For MOU's to be valid and legal both parties need to have signed the agreement.
CAUSE	Management is not ensuring they keep a copy that is signed by both parties.
EFFECT	The agreement may not be legally enforceable.
RECOMMENDATION	Management needs to obtain a signed copy as soon as possible.
RESPONSE	The Clerk will contact EVSWA and obtain a signed copy of the MOU by the end of 2020.

Lodgers Tax Receipts - Non-Compliance Matter
(2019-012)

CONDITION	The Lodger's Tax Fund has over \$200,000 in cash. This amount should have been used for advertising within the last two years.
CRITERIA	According to NMSA 1978 3.20.030E, "proceeds from the occupancy tax are required to be used to advertise, publicize and promote tourist-related attractions within two years."
CAUSE	Management was not aware of this requirement.
EFFECT	The Town has not complied with NMSA 1978 3.20.030E.
RECOMMENDATION	Management needs to start using their Lodgers Tax monies as soon as possible to comply with NMSA 1978 3.20.030E.
RESPONSE	As discussed in the response to 2017-030, the Clerk is investigating new ways to purchase advertising for the Town. With the assistance of the Governing Body, the Clerk plans to resolve this finding by the end of the 2021 Fiscal Year.

Payroll Liabilities - Material Weakness
(2019-013)

CONDITION	The trial balances provided include payroll liabilities that were brought forward from 2008. These liabilities have not been reported in the last six audit reports.
CRITERIA	Management is to use the audited balances in their accounting records.
CAUSE	Management is not using the audited balances in their financial records.
EFFECT	Numerous journal entries and additional procedures are needed to eliminate these amounts and correct the trial balances provided by the Town.
RECOMMENDATION	Management should correct the trial balances to reflect the audited balances as soon as possible.
RESPONSE	The Clerk plans to obtain training to create trial balances before the 2021 fiscal year, eliminating the need for an outside consultant to assist with this. The Clerk will work with the Financial Consultant to ensure that the trial balances reflect the audited balances for the 2020 fiscal year audit.

FINANCIAL STATEMENT PREPARATION

The combining and individual fund financial statements and notes to the financial statements for the year ended, June 30, 2019 were prepared by Rice & Associates, CPA, based on managements chart of accounts and trial balances including any adjusting, correcting or closing entries approved by management. These services are allowable under SAS 115.

EXIT CONFERENCE

An exit conference was held at the Town on September 14, 2020, to discuss the current audit report. In attendance were Mr. Roman Garcia, Mayor, Ms. Shaline Lopez, Clerk/Treasurer and Ms. Pamela A. Rice, CPA, Contract Auditor.
