To the Board of Education and the Citizens of Albuquerque:

The Comprehensive Annual Financial Report (CAFR) of Albuquerque Municipal School District No. 12 (hereinafter referred to as "Albuquerque Public Schools", or "APS" or "District") for the fiscal year ending June 30, 2015 is submitted for your review. This report was prepared through an effort by the District's Accounting Office and the Independent Audit firm of CliftonLarsenAllen, LLP. The CAFR includes the unmodified opinion of our Independent Auditor. To the best of our knowledge, the enclosed data is accurate in all material respects. The information is reported in a manner designed to fairly present the financial position and the results of operations for the district as a whole as well as the various funds and account groups of the District. The CAFR for the year ending June 30, 2015, is prepared in conformance with Generally Accepted Accounting Principles (GAAP), in conformance with the standards of financial reporting established by the Governmental Accounting Standards Board (GASB) and in conformance with the Office of the State Auditor Rule 2.2.2 NMAC. The Albuquerque Public Schools is presented along with 23 component units, consisting of 19 Charter Schools, 3 Charter School Foundations; and the Albuquerque Public Schools Foundation.

Management has provided a narrative introduction, overview, and analysis to accompany the basic financial statement in the form of the Management Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with the MD&A. The MD&A can be found immediately following the Independent Auditor's Report.

In addition to the standard distribution to governing entities and rating services, this report will be made available to the public after final approval by the Office of the State Auditor through the APS web site at <http://www.aps.edu/finance/accounting>. All efforts are intended to encourage public interest and create a greater awareness of the District's financial operations.

### **About the Albuquerque Public Schools**

APS is New Mexico's largest school district, serving nearly a third of the state's students. The Albuquerque Public Schools provides educational services to over 86,000 students in kindergarten through 12<sup>th</sup> grade, while 19 district-authorized charter schools service approximately 5,100 students. The District consists of 141 school sites. 89 elementary schools serve students in the kindergarten through fifth grade; 1 school serving kindergarten through eighth grade, 27 middle schools serve students in sixth through eighth grades; 13 high schools serve students in grades nine through 12. There are also 11 alternative schools that offer specialized services throughout the Albuquerque area.

Student achievement is the driving force behind Albuquerque Public Schools, and instruction is at the center of the District's services. More than 6,150 certified teachers and almost 1,800

educational assistants provide classroom instruction to students in kindergarten through 12<sup>th</sup> grade. Nearly 16 percent (13,726) of the District's students receive special education services based on disability, and 7 percent (6,026) of all students based on giftedness; nearly 17 percent (14,800) are English Language Learners; and nearly two thirds (58,000) qualify for free or reduced-price meals.

The District includes 98.3% of Bernalillo County and 2.3% of Sandoval County based on assessed valuation and is geographically situated in the center of the State of New Mexico. The school district's boundaries encompass all of the City of Albuquerque and the Villages of Tijeras, Los Ranchos de Albuquerque and Corrales. The District covers 1,230 square miles and serves 92,000 students from an estimated population of 670,893. The District is crossed by Interstate Highways 25 and 40 and is served by the Burlington North and Santa Fe Railroad and the Sunport International Airport. The District is also bisected by the Rio Grande, which provides irrigation that continues to support agriculture despite increased urbanization.

The area within the District is part of the Albuquerque Metropolitan Statistical Area ("MSA"). The Albuquerque MSA was redefined as of January 1993 to include the Counties of Bernalillo, Sandoval and Valencia. The Albuquerque MSA represents the largest commercial and industrial center in the State of New Mexico.

Prior to 1999/2000, the Albuquerque area was the focus of a general population growth, which translated to a significant growth in student population, however this trend has leveled after this period. A ten year period of student counts is illustrated by the following table.

<b>Year</b>	<b>Albuquerque Public Schools</b>	<b>Charters</b>	<b>Total</b>
2005-2006	86,698	5,567	92,265
2006-2007	87,328	7,362	94,690

2013-2014	87,169	5,054	92,223
2014-2015	86,468	5,140	91,608

*Enrollment data is based upon the prior year's 80/120 day average enrollment from the Final State Equalization Guarantee Funding Formula. Charters include APS Authorized Charter Schools that report to the Albuquerque Public Schools.*

In February 2013, the community approved a three year, \$200 million, General Obligation Bond authorization for school capital outlay projects. Among the projects presented to the public were additional classroom space, education/programmatic support, health and safety code compliance, facility renewal, and education equipment refresh. This election was approved with a 79% approval rate.

In 2014, the district used \$15 million of the \$200 million capacity approved in February of 2013 for the sale of Educational Technology Notes (ETNs). The proceeds from the sale of the ETNs will be used to provide a permanent funding stream for district technology needs including hardware,

software and annual maintenance agreements for district enterprise resource planning systems. The District plans to include \$7-8 million in ETNs each year in the future to provide for ongoing technology costs associated with the refreshment of equipment and support and maintenance of hardware and software.

Additional property tax levies, approved by local voters, include property tax levies under SB9 for maintenance of schools and school technology, and HB33 for construction projects. The SB9 levy was approved by voters in February 2013 for a six-year period and is expected to provide approximately \$168 million over the course of the authorization. The HB33 levy was approved by voters in February 2010, and will provide approximately \$391 million over the 6 year period of authorization. In 2008, the New Mexico State Legislature passed legislation requiring public school districts to include capital improvements funding for locally-chartered or state-chartered charter schools located within the District. The charter school must provide the necessary information to the school district for inclusion in the resolution that identifies the capital improvements of the charter school for which the proposed revenue will be used. The effective date of the resolution was July 1, 2009, and as a result of voter approval, charter schools within the APS District share the HB33 and SB9 tax levy proceeds on a per-student, pro-rata basis.

General Obligation Bond proceeds as well as funding provided through the Public Schools Capital Outlay Council (PSCOC), Public Schools Facility Authority (PSFA), and direct legislative appropriations are used to expand and improve District infrastructure through the building of new schools and adding to existing schools to address the growth of the student population. In an effort to keep its facilities as up to date as possible, the District employs the services of a professional master planning firm to help develop its district wide Capital Master Plan. This plan is in accordance with requirements issued by PSCOC/PSFA. The firm is currently re-examining District facilities and will assist the District in upgrading the Capital Master Plan. Recommendations will be made for the location of future school sites.

### **Budget Process**

The budget adopted by the Board of Education for the fiscal year 2015 provided for a budget that was both fiscally sound and built through a collaborative process that involved staff and community. For a third consecutive year, Albuquerque Public Schools received a revenue increase that was driven by an improving state economy. Revenue distributed through the State Equalization Guarantee (SEG) increased from \$613M in FY14 to \$635M in FY15. This SEG revenue growth was driven primarily by a 5.0% increase in the SEG unit value.

An SEG unit value increase of 5.0% should have resulted in a \$30M SEG revenue growth, but because of the drop in enrollment, Training and Experience Index, and special education units, the increase in SEG revenue was limited to \$22M of additional funding to Albuquerque Public Schools. Other miscellaneous revenue sources increased by \$1.0M. The \$23M revenue increase represented an overall 3.7% increase to the Operational Fund.

Budgeted expenditures in FY15 increased by \$28M over FY14 estimated expenditure levels. Budgeted expenditures were \$626M in FY14 and \$654M in FY15. The greatest contributors to the increase in expenditures include a 3% salary increase for all public education employees, an additional 3% for all educational assistants, a raise in the beginning teacher pay to \$32,000, an incremental increase in the associated benefit costs, including a .75% contribution

rate increase for education retirement benefits. The budget assumes a \$5M budgeted shortfall in FY15; revenues of \$649M and expenditures of \$654M. The district will look for efficiencies to offset the shortfall or will need to draw down cash reserves if savings are not identified during the year.

In FY16, fluctuations in energy prices created greater uncertainty in funding for Public Education. Operational Fund budgeted revenues decreased due to a drop in SEG revenues of \$4M. All other revenue sources remained flat. Despite a small \$20.00 per unit value increase in FY16, revenue generated from the SEG was again tempered by a drop in enrollment and a decrease in the Training and Experience index. Budgeted expenditures are \$652M in FY16 compared to \$654M in FY15. The slight decrease in FY16 expenditure levels is due to a combination of the reduction in revenue and increased costs. The FY16 budget includes additional funds to raise the Teacher Tier 1 minimum pay from \$32,000 to \$34,000, additional salary for a change in the requirement for certified staff to advance on the tier salary schedule, and funds to cover increased utilities, waste management and fuel costs. The budget assumes a \$6M budget shortfall; revenues of \$646M and expenditures of \$652M. The budget shortfall will most likely be mitigated through salary and benefit savings and efficiencies implemented in prior fiscal years.

*Budget Preparation:*

The fiscal year 2015 budget reflects the priorities of the board, administration, unions and others. There were \$7.6M in additional requests that were approved during the budget process. These requests reflect investments for the improvement of the quality of education, additional resources to support mandates from the Public Education Department, restoration of resources that were eliminated during less prosperous years, and funds to re-organize/provide additional compensation.

The proposed budget is presented to the Board in a public meeting for formal adoption. Pursuant to 22-8-10 NMSA 1978, the local school board sets budget priorities and the Public Education Department must approve final school district budgets.

*Budgetary Control:* The objective of budgetary controls is to assure compliance with the provisions of State Statute, the New Mexico Administrative Code and Board policy. In addition, budgetary controls ensure that funding appropriated by the Board meets intended goals. The level of budgetary controls (that is the level by which expenditures cannot exceed the appropriated amount) is carried down to the function level within each individual fund.

The district maintains an encumbrance accounting process as one technique to control budgets. In addition, the accounting system prevents expenditures from exceeding budget at the object code level. Budget Office management continually reviews detailed budget to expenditure report for budget maintenance. Quarterly reporting to the Board is provided at public meetings and becomes a part of the Board's permanent, public record. These reports are public documents and are open to public inspection.

**The Organization of the District**

The Albuquerque Board of Education (Board) is a seven-member, elected, public body representative of seven election districts within the District's boundaries. Each Board member is elected to a four-year term. Their authority and duties are defined in the Constitution of the State

of New Mexico, State Statute section 22-5-1 to 22-5-16, NMSA, 1978 and in the related sections of the New Mexico Administrative Code (NMAC) relating to Public Schools. In general, the Board acts to set District policy, set budgets, hire a Superintendent and act upon recommendations made by the Superintendent.

The Board membership as of June 30, 2015 is as follows:

<b>Board Member</b>	<b>Term Begin Date</b>	<b>Term End Date</b>	<b>Board Position</b>

The Superintendent is the Chief Executive Officer of the District. The duties of the Superintendent are defined in statute and the New Mexico Regulatory Code. On August 31, 2015, Raquel Reedy was named Acting Superintendent. As the Acting Superintendent, Ms. Reedy's primary responsibilities include: education, cluster systems, academic standards, professional development, school accountability and assessment, instructional and district technology, extended learning, quality assurance, higher education partnership and state department statewide partnership. Other responsibilities include development of district-wide processes and measures to accomplish district goals and oversight responsibilities for all elementary schools, secondary education, school improvement, student career pathways, educational options including charter and privately managed schools, student equity, the improvement of student graduation and student dropout rates, special populations, health/mental health, and character education. Ms. Reedy's professional experience includes Associate Superintendent for Elementary Education, Associate Superintendent for Cluster System, Cluster Leader Principal, Elementary School Principal, Human Resources Personnel Specialist and Elementary School Teacher. Ms. Reedy holds a Master in Education from Harvard University and a Bachelor of Arts Degree in Education from the University of Texas Austin.

Ms. Tami Coleman has been serving as Interim Chief Financial Officer since August 2015. Before that, she was the Executive Director of Accounting. She began with the District in January 2007 and has 25 years of public sector administrative and financial experience. Ms. Coleman holds a Bachelor of Science Degree in Accounting from National American University in Albuquerque, New Mexico and a Level II New Mexico School Business Official's License. The Executive Director of Accounting is responsible for most business-related functions of the District including accounting, cash management, auditing and payroll. Ms. Coleman is an active member of the New Mexico Association of School Business Officials (NMASBO), and served a 2-year term as President in 2009/10 and 2010/11.

### **Employee Relations**

During the 2014/2015 year, the District had approximately 12,300 full time, part time and substitute employees including approximately 6,150 state certified teachers. New Mexico teachers are paid according to a legislatively established three tiered licensure system. The

purpose of the three tiered licensure system is to raise minimum salaries for teachers in an attempt to provide parity with other competitive employment sectors. The three tiered salary schedule will also reward teachers for higher levels of experience and education.

<b>Average Years of Experience</b>	10.0	10.5	11.0	12.63	11.98

*Source: PED Online Stat Books*

The table above shows the trend of average salaries for the past 5 years. The decrease in 2010-2011 is attributable to a decrease in the average years of experience of the teaching force from 11.0 to 10.0 years. In addition, teacher contracts were reduced by one day as a solvency measure used to balance the FY11 budget. Solvency measures were necessary due to a reduction in district revenues as a result of the downturn in the economy. This one day reduction continued into FY12, but has been restored in FY13. In FY13 the number of teachers dropped slightly due to decreased student enrollment, but the years of teaching experience remained relatively the same. The District awarded a 3% salary increase for FY15, which was the first pay increase since 2008. This increase is reflected in the average salary for FY15. The years of experience declined slightly in FY15, as a greater number of veteran teachers retired than in years past.

Salary Schedules in the Albuquerque Public School District are considered to be competitive with those of neighboring Districts. Employee compensation packages give credit for increasing levels of education and length of service within each salary classification. In addition, the District pays for 60%-80% of employee health, life and dental benefit policies.

The Albuquerque Public Schools has maintained and reaffirmed a labor agreement with the representative of its certified employees' bargaining unit, the Albuquerque Teachers Federation (ATF). The current agreement was ratified by all parties on September 16, 2015, and will remain in full force and effect through June 30, 2016. The following is a summary of each of the organizations that represent APS employees:

**Teachers Union:** The Albuquerque Teachers Federation (ATF) is the professional union that represents all licensed teachers, counselors, librarians and support and related services personnel in the Albuquerque Public Schools. ATF represents 6,899 employees. ATF is a union of educator professionals, representing teachers and professional support staff in all matters.

**School Police:** The Educational Police Officers Association represents the Districts police officers and security personnel. Approximately 134 employees are represented by this Association.

**Food Service Staff (CWA Local 7011):** The Communication Workers of America represents all regular food service employees such as cooks, bakers, assistant cooks and bakers, food service

aides, and general helpers, excluding cafeteria managers, supervisors, and clerical employees. There are 505 employees represented by this Union.

M&O (CWA M&O Local 7070): Communication Workers of America also represents employees such as maintenance, custodial, and warehouse workers. Supervisors, secretarial and confidential employees are excluded from the bargaining unit. There are 797 employees represented by this Union.

Educational Assistants: The Albuquerque Educational Assistants Association is affiliated with the Albuquerque Teachers Federation. This union represents educational assistants, community support liaisons and campus security assistants, and represents approximately 1,804 members.

Secretarial/Clerical: The Albuquerque Secretarial/Clerical Association represents secretaries and clerical staff that are paid on that specific salary schedule defined in the negotiated agreement. This union represents approximately 461 members.

### **Services Provided**

Facilities, Design, and Construction; Maintenance and Operations; Graphics Enterprise Services; and the District's Informational Technology Data Center are located at the Albuquerque Public Schools Lincoln Complex; and Central Administration and Instructional Support offices are located in the Alice and Bruce King Educational Complex.

**APS Student Transportation Services** are now housed at our Menaul Complex. At the end of the 2014-2015 school year APS lost its major bus contractor, Durham School Services, when they decided to exit the Albuquerque market. They cited insufficient profit margins as the reason for the non-renewal of their APS contract. All other school bus contractors in Albuquerque have experienced similar financial hardships and none of them was willing to take over the routes vacated by Durham. APS acquired most of Durham's equipment, hired many of their employees, and entered into a lease agreement for the same facility previously occupied by Durham. APS now provides district-owned bus services to one third of our 400 bus routes and also oversees 12 bus contractors that provide service to the remaining routes. The department transports over 41,000 of the district's children each day to over 140 locations. During the 2014-2015 school year, APS used 400 contract buses and 70 additional spare buses. Collectively, APS buses travel over 6 million miles annually. School transportation is provided throughout the regular school year and during the summer for extended school year programs. In addition, transportation is provided for various school-sponsored activities. Providing transportation services involves a number of planning tasks. For general transportation, the department establishes bus stop locations and times, studies hazardous walk zones, and determines the limits of walk zones (1 mile for elementary, 1.5 for middle and 2 miles for high schools). Coordinating transportation for special education students involves determining the type of bus needed. Transportation to activities involves planning one-time transportation for athletics, field trips, etc. The department also reviews routes on a regular basis to determine the most efficient/economical routes.

Student Transportation Department continues to experience greater demands for service. Student ridership has stabilized but funding has still not returned to previous levels, while the cost of providing the service continues to increase. Efficiencies have been realized, but at the expense of quality service to students. APS is transporting a higher volume of students with fewer buses

which in turn makes for a longer travel time on a bus for both regular and special needs students. In addition, APS contractors are experiencing challenges in acquiring financing in order to purchase new equipment required by the PED and currently contractors are experiencing difficulty in hiring qualified drivers. We have lost 4 bus contractors in the past year. Some of them have left of their own volition, while others have filed for bankruptcy. It's highly likely that we will continue to see other contractors exit the business in the near future. APS is positioned to take over those routes (district-owned) if and when that happens.

**APS Food and Nutrition Services** operate out of their new facility on Louisiana and Lomas. This 102,000 square foot commercial building has been renovated at a cost of \$14.2M to house all of the District's Central Kitchen facilities, Student Nutrition Administration and training, equipment repair, and cold and dry storage. These functions were formerly housed in multiple facilities. By consolidating these functions into this centrally located building, the department will realize increased operating efficiencies. This department provides meals to APS students, teachers, and staff; provides nutrition education in the classroom; food sanitation/safety training for APS staff; special dietary needs for children by registered staff dietitians; a "Kids' Tasting" program; community nutrition services, summer feeding, after school snacks, and a full catering department. They also contract services to non-profit agencies and charter schools, and process applications for the federal Free or Reduced-Price Lunch program. In addition to providing healthy school breakfasts, lunches, and snacks to APS students, Food and Nutrition Services provides nutrition education and works with children who have special nutrition needs. The food service program, as an extension of the educational programs of the schools, is operated under the federally funded National School Lunch Act and Child Nutrition Act, and the National School Breakfast Act. The program serves over 75,000 meals per day (breakfast and lunch) and over 50,000 snacks a month during the school year and approximately 17,000 summer lunches per day during the summer with just over 800 employees. They also run a nutrition education and tasting program class called "Plate Investigators" that teaches kids about good nutrition.

**The Special Education Department** provides programs, support and technical assistance to schools with gifted students and students with disabilities. In addition, this Department provides direct services to students and is responsible for managing district responses to legal, regulatory, and budgetary matters.

**Athletic and other activity programs** are provided to students whose interest and desire for extracurricular experiences may lie beyond the pure academic realm. Athletics and activities sanctioned and governed by the New Mexico Activities Association are offered in grades 6-12 in the Albuquerque Public Schools. In conjunction with other local governmental and local non-profit entities, the Albuquerque Public Schools also supports community youth activities by allowing the use of school district facilities at a nominal cost to the using group.

### **Economic Conditions and Outlook**

The positive influence of defense related industries located in the District is a historical fact; however, economic diversification has increased in recent years. In addition, the mission of the Sandia National Laboratories has been changed to include non-defense research. Sandia National Laboratories is becoming a national research laboratory rather than a nuclear research facility. Sandia has entered into a number of joint research projects with private industry and has placed a major emphasis on the transfer of technology to benefit existing industries and to spawn new

ones. It is hoped that this greater diversification in the role of the laboratory will also further the diversification of the area economy.

In the private sector, Albuquerque has experienced a period of employment growth from industries such as T-Mobile, Verizon Wireless, Lowes, Sitel, and Sandia and Route 66 Casinos. In addition, Albuquerque has the third highest concentration of high-tech activity after Boulder, CO and San Jose, CA. Notable technology companies in the Albuquerque MSA include Emcore, Raytheon, CVI Melles Griot, GE Fanuc Embedded Systems, and Applied Research Associates. Unemployment rates in Albuquerque MSA have been below the national average for the past five years.

Because of its accessibility and tourist facilities, the area is the gateway for tourism in New Mexico as well as an attraction in its own right. The District includes the historic "Old Town" of Albuquerque, the Sandia Peak ski area, the Sandia Tramway, a number of nationally recognized museums and the Cibola National Forest. Other attractions include the Albuquerque International Balloon Fiesta, the National Hispanic Cultural Center, the Gathering of Nations, and the Expo New Mexico. There are also several Indian pueblos within easy driving distance that draw many tourists because of their historical significance, cultural beauty and Native American arts.

### **Financial Planning**

District policies and procedures are in place that require the chief financial officer to manage the district's finances and take appropriate action to ensure operational fund cash balance of at least three-percent (3%) but not to exceed five-percent (5%) of the current year's budgeted operating expenditures for any given fiscal year.

The Capital Master Planning Department reports to the Chief Financial Officer which ensures all long term planning is done with full cooperation and collaboration of the Finance Department. The services of master planning consultants and financial advisors are used to help ensure full coordination of resources and needs of the District.

### **Relevant Financial Policies**

The management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are reasonably protected from waste, theft, abuse or loss. Internal controls also ensure that accounting data is adequately collected and compiled to allow for the preparation of accounting reports in accordance with generally accepted accounting principles. Capital assets are identified at the time of purchase, identified upon delivery and inventoried on a yearly basis. The Accounts Payable Department assures that purchases are properly received and documented prior to payment. Issues related to the adequacy of internal controls are reviewed and changed as necessary, and policies and procedures are in place to guide staff through their daily business routines. In addition, the PED (Public Education Department) publishes and maintains a New Mexico Manual of Procedures for Public School Accounting and Budgeting. This manual serves as a comprehensive guide for finance staff in their daily duties.

### **Major Initiatives and Events – Fiscal Year 2014/2015**

The 2014-15 school year was a transitional one for Albuquerque Public Schools, but that in no way distracted from the mission of providing the best educational services possible for all children.

The main areas of focus for the interim administration were choice, truancy, equity and community.

### **Choice**

APS entered uncharted territory in December 2014 by hosting, in partnership with the city of Albuquerque, its first ever School Choice Fair. Recognizing that the traditional neighborhood school may not be the best fit for all students, the district has expanded its school offerings to include smaller settings with concentrated areas of study including dual language, STEM (Science, Technology, Engineering and Math), rigorous college prep, college credit, project-based learning, technology, fine arts and more. More than a thousand students and families attended the fair, and the district moved up its transfer request window to accommodate those who were looking for a better educational fit.

### **Truancy**

APS delved into the problem of student absenteeism that can negatively impact academic performance. Among its efforts was a three-day truancy blitz to raise awareness of the problem and invite others to share their knowledge, ideas and resources for addressing it. The blitz kicked off with an Attendance Summit where experts shared information about promising practices that were reducing truancy both at the local and national level.

The district also expanded its Truancy Intervention Program, hiring social workers to intervene as soon as students show signs of school avoidance. These professionals work with students, families and school staff on developing a plan to get students back in school. This often involves home visits to identify the root causes of absences.

### **Equity and Engagement**

The district created an Office of Equity and Engagement dedicated to ensure equitable practices that engage and advocate for students, families and employees. To help achieve this goal, the public was invited to attend several Equity Advisory Council meetings to provide input on improving the quality of life and education for students. The office co-hosted the city's first My Brother's Keeper Action Forum based on President Obama's initiative to improve the academic and social outcomes of boys and young men of color. It also hosted a tribal summit to discuss education of Native American students with leaders from across the state.

### **Community Partnerships**

Recognizing the monumental task of preparing young people for the future, APS leadership reached out to the community for input, help and support on many of its initiatives and efforts. Business owners, parents, students, activists, and employees all have a stake in public education, so APS worked on building and expanding its relationships. Among its many partners are the city of Albuquerque, Bernalillo County, the University of New Mexico, Central New Mexico Community College, United Way of Central New Mexico, many local businesses and non-profits and the state Public Education Department.

## **Educational Facilities and Equipment in the APS Community**

As the current APS Capital Strategy (2011 – 16) nears completion, a full district assessment and evaluation of its Capital, IT and Facility needs is underway in preparation for the next Capital strategy (2017 – 22). The current strategy (\$1 billion over 6 years) was a transitional strategy that saw emphasis shift from completely new facilities in new areas of the district to renewing existing facilities and infrastructure. There was also a continuation of the shift towards a greater emphasis on educational technology (hardware/software/infrastructure) as a component of the CMP (6% to 24% over the last 10 years). All the projects/initiatives were funded with taxpayer supported general obligation bonds and mill levies. The economic recession has seen the APS Capital program become a more prominent economic player in the local economy with CMP projects/initiatives acquiring an even larger market share due to stagnation in regional commercial and public construction activities since 2011. Some highlights of CMP projects/initiatives are as follows:

### **I. New Schools:**

15. Arroyo Del Oso Elementary School Administration remodel and expansion for \$1 million. Estimated date of completion in the fall of 2015.
16. Collet Park Elementary School Administration expansion and kindergarten addition for \$6.1 million. Under construction with an estimated date of completion February 2016.
17. Aztec Complex Special Education and Autism Center at a cost of \$7.6 million. With an estimated date of completion July 2016.
18. Career Enrichment Center classroom block at a cost of \$5.5 million. Under construction with an estimated date of completion in the fall of 2016.

#### **IV. Educational Informational technology**

1. APS dedicates over \$24 million a year on educational IT including \$12 million for computer hardware refresh for schools

#### **V. Other Educational Equipment**

1. Music & Art – \$5 million over 6 years for school musical instruments, band/choir uniforms and other fine arts equipment to schools
2. Furniture Replacement - \$ 1 million a year in school furniture replacement
3. Science Equipment - \$ 3 million over 6 years for school science equipment
4. School Improvement Funds (SIP) - \$14 million district wide over 6 years for individual school discretionary capital equipment

On February 2, 2010 voters approved a \$616 million bond issue and mill levy with a focus on refurbishing and rebuilding old schools, most of which are more than 40 years old. All projects undertaken by this funding are either completed or started, and all obligations have been fulfilled or are in the process of being fulfilled.

A Two Mill levy and General Obligation Bond election was passed in 2013 with a 79% majority authorizing \$368 million, most of which is going directly to facility maintenance, brick and mortar construction/design and Educational Technology. \$200 million has been authorized by the General Obligation Bond and \$168 million by the Two Mill Levy. The main focus of the current CMP plan is to renew, refurbish and rebuild old schools and provide new educational and instructional technology. The next Mill Levy/Bond election will be in February 2016.

The APS Capital Master Plan continues to provide facilities for charter schools. New facilities were completed for South Valley Academy, Montessori of the Rio Grande, and Robert F. Kennedy Charter School. A Performing Arts Charter school and a Digital Arts and Vocational Skills Charter Schools are some of the next main capital Charter School initiatives that will be undertaken.

#### **Accounting and Financial Information**

This written analysis and the accompanying financial report will indicate that Albuquerque Public Schools is in sound financial health. Indicators such as Aa1 bond rating (Moody's Investor Services), AA long term rating (Standard & Poor's), balanced budgets, significant cash balances and strong budgetary management contribute to and are indicators of a positive financial direction and strong, stable management. This is further explained in the Management Discussion and Analysis.

## **Independent Audit**

State Statute requires the independent audit of public schools on an annual basis. The audits are defined and governed by regulations issued by the New Mexico Office of the State Auditor (NMAC 8.1). Regulations require that a large public entity cannot contract with an auditor for more than six consecutive years. This audit is our fourth year with CliftonLarsonAllen, LLP. The hiring and contracting of the Independent Auditor is made in accordance with the State of New Mexico Procurement Code Chapter 13, NMSA 1978, State Auditor regulations and Albuquerque Public Schools Board Policy. The scope of the audit is designed to meet the state and federal requirements set forth in the State Auditor's regulations. In addition, the District includes district-authorized charter schools in its audit and financial statements as component units.

## **Awards and Acknowledgements**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Albuquerque Public Schools for its comprehensive annual financial report for the fiscal year ended June 30, 2014. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that APS's current comprehensive annual financial report continues to meet the Governmental Finance Officer's Association's (GFOA's) Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for a certificate.

Albuquerque Public Schools received the Association of School Business Officials International's (ASBO) Certificate of Excellence in Financial Reporting award for having met or exceeded the program's high standards for financial reporting and accountability. The District was recognized for its Comprehensive Annual Financial Report for the fiscal year ending 2014. This award confirms the school business office's commitment to financial accountability and transparency. Recognition through the COE program can help strengthen a district's presentation for bond issuance statements and promotes a high level of financial reporting.

In addition, we believe that APS's 2015 CAFR will also meet the requirements of the Certificate of Excellence in Financial Reporting offered by the Association of School Business Officials International, and will submit the document for their continued certification.

The preparation and publication of this Comprehensive Annual Financial Report could not have been possible without the assistance, participation and cooperation of the entire Finance Division staff. Special notes of appreciation are extended to the District's Operational Controller, David McCarty, and Senior Accountant, Mark Turnbull, for their efforts in providing and preparing the information used for this CAFR. A note of appreciation is also made to the other departments of the District for their willingness to participate in providing information for this report.

**In Closing**

We are pleased to present the APS Comprehensive Annual Financial Report (CAFR) for the fiscal year ending June 30, 2015. The Albuquerque Public Schools' community deserves the highest quality instruction, outstanding academic programs, and comprehensive student development supports to prepare our city's youth for the challenges they will face in an increasingly complex and diverse world. Equally important, the Albuquerque Public Schools' community deserves relevant financial information and sound fiscal controls that will result in greater accountability to its taxpayers, legislators and government entities that serve the needs of its students. APS will endeavor to meet both goals.

Sincerely,

A handwritten signature in cursive script, reading "Tami J. Coleman", written over a horizontal line.

## INDEPENDENT AUDITORS' REPORT

State of New Mexico  
Albuquerque Municipal School District No. 12  
Board of Education and  
Tim Keller, New Mexico State Auditor

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information and the budgetary comparisons for the general fund and major special revenue funds of the Albuquerque Municipal School District No. 12 (the District), as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents. We have also audited the financial statements of each of the District's nonmajor governmental funds, internal service fund, fiduciary fund and the budgetary comparisons for the major capital project funds, debt service funds, and all nonmajor funds, and each discretely presented component unit presented as supplementary information, as defined by the Government Accounting Standards Board, in the accompanying combining and individual fund financial statements as of and for the year ended June 30, 2015, as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditors' Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, used by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes

evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the District as of June 30, 2015, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparisons for the general fund and major special revenue funds for the year then ended in accordance with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each nonmajor governmental fund, internal service fund, and fiduciary fund of the District as of June 30, 2015, and the respective changes in financial position and cash flows thereof, where applicable, thereof and the respective budgetary comparisons for the major capital project funds, debt service funds, and all nonmajor funds and each discretely presented component unit for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Emphasis of Matter**

During fiscal year ended June 30, 2015, the District adopted GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, and the related GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – an Amendment of GASB Statement No. 68*. As a result of the implementation of these standards, the District reported a restatement for the change in accounting principle (see Note 18). Our auditors' opinion was not modified with respect to the restatement.

As described in Note 20 to the financial statements, during the year ended June 30, 2015, the Albuquerque Public Schools Foundation (a component unit of the District) performed a retrospective review of net assets to ensure amounts were properly classified according to restriction. As a result of this review, beginning of the year net assets have been restated to properly reflect unrestricted, temporarily restricted, and permanently restricted classifications. There was no effect on previously reported change in net assets or total net assets. Our auditors' opinion was not modified with respect to that matter.

As described in Note 19-(O) to the financial statements, some of the Charter Schools authorized by the District (component units of the District) contained restatements in their financial statements to the beginning fund balance and net position to correct misstatements in the June 30, 2014 financial statements. Our auditors' opinion was not modified with respect to the restatements.

### **Other Matters**

#### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages vii-1 through vii-24 and the Schedule of Funding Progress on page 107 and the Schedules of Proportionate Share of the Net Pension Liability/Contributions starting on page 108 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in

an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### *Other Information*

Our audit was conducted for the purpose of forming opinions on the District's financial statements, the combining and individual fund financial statements, and the budgetary comparisons. The Schedule of Expenditures of federal awards as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, introductory and statistical sections, and the other schedules required by 2.2.2.NMAC are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Schedule of Expenditures of Federal Awards and other schedules required by 2.2.2 NMAC are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with the auditing standards generally accepted in the United States of America. In our opinion, the *Schedule of Expenditures and other schedules required by 2.2.2 NMAC* are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory, statistical sections and vendor schedule required by 2.2.2.10(A)(2)(g)NMAC have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

#### **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated November 13, 2015 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

**Management's Discussion and Analysis**  
**June 30, 2015**

The following management's discussion and analysis provides an overview of the financial activities of the Albuquerque Municipal School District No. 12 (hereinafter referred to as "Albuquerque Public Schools, or "APS", or "District") for the fiscal year ended June 30, 2015. The document is designed to (a) assist the reader in focusing on significant financial issues, (b) provide an overview of the School District's financial activity, (c) identify changes in the School District's financial position, (d) identify any material deviations from the financial plan (approved budget), and (e) identify financial issues or concerns. Please read it in conjunction with the School District's financial statements, which begin following this analysis.

Management's Discussion and Analysis is a required part of the School District's and the discretely presented component unit's financial reporting and is an objective and easily readable discussion of the School District's financial activities. The reader will see two statements, a Statement of Net Position and a Statement of Activities. These statements provide the overall view of the financial activities of the School District. This discussion and analysis will provide a review of the School District's overall financial activities, using the full accrual basis of accounting, for the year ending June 30, 2015. Fund financial statements are reported on a modified accrual basis of accounting. Rather than looking at specific areas of performance, this discussion and analysis focuses on the financial performance of the School District as a whole. Whenever possible this discussion and analysis will provide the reader multi-year pictures of financial performance and other pertinent information through the use of tables and other graphic information.

This annual report consists of a series of detailed, audited financial statements, supplementary information and the notes to those statements. Albuquerque Public Schools Finance Department staff prepared these statements and the accompanying supplementary information. Also included is the Independent Auditors' Report, Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*, Independent Auditors' Report on Compliance with Requirements that Could Have a Direct and Material Effect on Each Major Program and on Internal Control over Compliance in Accordance with OMB Circular A-133, and the Schedule of Findings and Questioned Costs.

## **Financial Highlights**

The Albuquerque Public Schools District is the 30th largest school district in the United States and the largest school district in New Mexico. Of the total student membership of 331,363 in the State of New Mexico, 91,444 or 28% attend the Albuquerque Public Schools and its charter schools. The School District encompasses the majority of Bernalillo County and a small section of Sandoval County. There are 142 school sites within the School District; 89 Elementary Schools, 27 middle Schools, one K through 8 school, 13 high schools and 12 alternative schools. In addition there are 19 charter schools chartered by the Albuquerque Public Schools Board of Education.

The School District is responsible for elementary and secondary education within its geographical borders. The voters elect the members of the District's governing board which is financially accountable for the District by approving the District's budget, levying taxes, if necessary, and approving any debt issuances.

Nineteen District-authorized charter schools are responsible for providing elementary and secondary education within the District. Each charter school is managed independently by its own governing board. The Albuquerque School District is liable for any operating deficits (to date the charter schools have not experienced any material operating deficits). The charter schools are presented as discretely presented component units in the District's Financial Statements.

All charter school operating revenues are passed through the school district to the charter schools located within the school district. Two percent of the charter school revenues are retained by the school district for administration purposes. Because the revenues are passed through the school district to the charter schools, Governmental Accounting Standards Board Standards 14 and 39 require that the APS charter schools be treated as "component units" and included within the scope of the School District's Independent Audit and financial statements.

In FY15, Operational Fund budgeted revenues increased by 3.7% or \$23M. SEG revenues accounted for \$22M, or 3.6% of this increase. Budgeted expenditures increased by \$28M from \$662M in FY14 to \$690M in FY15. The largest contributors include a 3% increase in the base salary for all public education employees, an additional 3% increase for all EA's and a raise in the Teacher Tier 1 minimum pay to \$32,000. An increase to the employee retirement plan contribution rate of 0.75%, which resulted in increased contributions by the district of \$3.1 M, was also a major contributor.

In FY16, Operational Fund budgeted revenues decreased by .6% due to a drop in revenue generated through the State Equalization Guarantee formula (SEG) of \$4M. All other revenue sources remained flat. Despite a \$20 per unit increase in FY16, revenue generated from SEG for Albuquerque Public Schools was diluted by a drop in enrollment and a dramatic decrease in the Training and Experience index. Budgeted expenditures decreased by \$2M from \$690M in FY15 to \$688M in FY16. The overall decrease is due to a combination of cost increases and budget cuts to address a projected \$13.4M shortfall. The major contributors include a raise to the Teacher Tier 1 minimum pay to \$34,000, increased costs in utilities, fuel and maintenance.

The Albuquerque Public School District maintains a strong Moody's Aa1 rating and Standard and Poor's (S&P) AA rating. These ratings reflect the highest ratings given to a school district in New Mexico and compare favorably with the City of Albuquerque (Moody's Aa1; S&P AAA) and Bernalillo County (Moody's AAA; S&P AAA). The School District also was given a "good" financial management rating from Standard and Poor's.

On August 5, 2014 APS sold \$75 million in General Obligation Bonds and \$15 million in Educational Technology bonds as part of the \$200 million authorization approved by voters in February 2013. This funding will be used for capital projects and technology needs throughout the District. This sale is the first installment of the \$200 million authorization approved by voters in February 2013.

Also, on August 5, 2014 APS refunded general obligation bonds in the amount of \$ 102.5 million with the issuance of \$94.3 million in new debt. The bonds refunded were Series 2007, \$27.5 million and Series 2008B, \$75 million. The net present value of the savings on this refunding was \$ 6,954,336 or 6.788%.

The *Statement of Net Position* shows the School District's total assets as of June 30, 2015 totaled \$1,835,940,641 including cash assets of \$433,195,147. High levels of cash assets are in place to fund ongoing and planned school facility construction projects, and to support the District's self-insured components of Risk Management. As of June 30, 2015 the School District's self-insurance reserve fund (which pertains to estimated liabilities) totaled \$29,027,320. Liabilities at June 30, 2015 for health, dental and vision are stated at 90% confidence level plus 15% to provide for claims fluctuation margin in the event of catastrophic claims. Liability balances for worker's compensation and liability and property are stated at 90% confidence level.

## **Overview of the Basic Financial Statements**

The discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) governmental funds financial statements and 3) notes to the basic financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-Wide Financial Statements.** The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the District's assets, deferred inflows of resources, and liabilities, with the remaining difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Each of the government-wide financial statements relates to functions of the District that are principally supported by taxes and intergovernmental revenues (governmental activities). The governmental activities of the District are all related to public education.

The government-wide financial statements can be found on pages 1-2 of this report.

**Governmental Fund Financial Statements.** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District are divided into three categories: governmental funds, internal service funds and fiduciary funds.

**Governmental Funds.** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. The Governmental Funds Reconciliation of the Balance Sheet to the Statement of Net Position (Exhibit B-1) and the Reconciliation of the Statement of Revenues/Expenditures and Changes in Fund Balances of

**June 30, 2015**

Governmental Funds to the Statement of Activities (Exhibit B-2) provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains 10 individual major governmental funds and numerous non-major governmental funds. In the governmental fund balance sheet and in the governmental fund statements of revenues, expenditures and changes in fund balances, separate columns are presented for the major governmental funds while the non-major funds are combined and presented in a single column. Individual account data for each of the District's bonds is presented in the foot notes in Note 8. The non-major governmental funds are provided in the form of combining statements elsewhere in this report.

The District adopts an annual budget for its governmental and internal funds type. Budgetary comparison statements have been provided for the governmental funds to demonstrate compliance with the budget. The governmental fund financial statements for the major funds can be found on pages 5-9 of this report.

**Internal Service Fund:** The District created an internal service fund in fiscal year 2007 for the purpose of providing increased visibility, recording and tracking of transactions related to medical and dental health plans, workers' compensation, property and liability insurances and claims. In prior years these transactions were reported within the Operational Fund. The Insurance Fund was created at June 30, 2007 with the transfer of related cash balances and liability reserves. The activity for the 2014-2015 Fiscal Year is recorded in the Internal Service Fund, and can be seen in the statements on pages 17-19.

**Fiduciary Funds.** Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the District's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The fiduciary fund financial statements can be found on page 20 of this report.

**Notes to Basic Financial Statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found starting on page 21 of this report.

**Combining and Individual Fund Schedules and Statements.** The combining schedules and statements showing the individual District capital accounts and other non-major governmental funds are presented immediately following the notes to the financial statements. Combining and individual fund schedules and statements can be found starting on page 129 of this report.

### **Statement of Net Position (Excluding Component Units)**

This statement shows that as of June 30, 2015, the School District (excluding charter schools and the Albuquerque Public Schools Foundation) has total net position of \$108,920,715 as compared to net position of \$84,280,432, as restated (before restatement \$1,103,447,528) as of June 30, 2014. The School District had \$438,310,891 in cash and other current assets on hand as of June 30, 2015, and accounts payable/current liabilities and current long-term debt of \$176,054,107. Cash assets increased by \$41,290,245 (10.5%) while Other Current Assets decreased by \$1,167,987 (18.6%). The increase in cash was attributable in part to the sale of General Obligation bonds (\$75 million) and Educational Technology Bonds (\$15 million). The \$52,719,058 increase in Capital Assets net of depreciation is mostly explained by completion of major construction projects. Long Term Liabilities have increased from \$491,612,929 as of

Restricted net position increased from \$ 269,285,464 to \$276,214,060. Unrestricted net position decreased from \$58,463,396 to \$(950,262,085) resultant of the aforementioned recognition of the District's share of the ERB net pension liability.

**Fund Financial Statements**

**Statement of Revenues and Expenditures and Changes in Fund Balances**

Fund financial statements are based on a modified accrual basis of accounting. The Statement of Revenues and Expenditures and Changes in Fund Balances is not a new statement to the School District's annual financial reports. This report guides the reader to a meaningful overall view of the District's revenues, expenditures, and fund balance and changes to the fund balance. This report also shows the revenue and expenditure activities of each major fund and the total of all "other" Governmental Funds. Total revenues from State, Local and Federal sources were \$958,266,342. With the addition of \$692,262 in Interest Income, total revenues increased to \$958,958,604. Other Financing Sources (Bond Activities) added \$106,989,192 resulting in current resources for the year of \$1,065,947,796. Total expenditures for the School District were \$1,044,157,921. The total ending Fund Balance, \$337,852,617 is an increase of \$21,789,875 from the prior year.

**Multi-Year District Revenues and Expenditures**

Total revenues for FY 2015 increased \$81 million compared to FY 2014 driven by a \$ 23 million increase in State, Local and Federal funding and a \$58 million increase in other financing sources.

Year	Total Revenues <sup>1</sup>	Increase % (Decrease)	Total Expenditures <sup>1</sup>	Increase % (Decrease)
2009/2010	977,694,273	-23.35%	1,045,072,104	-15.74%
2010/2011	1,099,133,052	12.42%	984,429,132	-5.80%
2011/2012	888,661,015	-19.15%	906,500,987	-7.92%
2012/2013	946,149,736	6.47%	943,480,494	4.08%
2013/2014	984,837,379	4.09%	969,593,117	2.77%
2014/2015	1,065,856,796	8.23%	1,044,157,921	7.69%

<sup>1</sup>Revenues include proceeds from general obligation bonds sales in each respective year. Cash carryovers are excluded and expenditures include capital outlays.

**The Budget**

The State of New Mexico school budget process is defined under New Mexico State Statutes (Section 22-8, *Public School Finance*) and the New Mexico Administrative Code (Section 6.20.2 *Governing Budgeting and Accounting for New Mexico Public Schools and School Districts*). During the 2009/2010 fiscal year, APS moved from a site-based to a district-based budgeting process. Schools are provided funding based on a formula that is driven by student enrollment. Schools are also provided with additional "discretionary" funding based on their level of at risk factors (free lunch participation, mobility, English language learners). School principals then work with their staff and site councils to develop a detailed site budget.

GASB 34 does not require a combining statement presenting the overall District result of the budget for each year; however, all major budgetary funds are required by the New Mexico State Auditor to be reported as separate statements.

The District had 85 active major and non-major funds at June 30, 2015. The 10 major budgetary funds in these reports are:

In addition, 68 active, non-major Special Revenue Funds, and 6 non-major Capital Projects funds and 1 non-major Educational Technology Debt Service fund are also reported for their budgetary performance.

The following graphic shows the fiscal relationship of the major funds and the combined non-major funds presented on a budgetary basis.

The Operational Fund Final Expenditures represent 62.22% of the total expended dollar amount. This fund provides the salary and benefits for the significant majority of the Instructional, Instructional Support and School Support, Maintenance and Administrative staff as well as classroom materials, special education consulting staff and fixed utility costs. Revenue from this fund is substantially derived through the statewide funding formula in the form of State Equalization Guarantee, which is appropriated for education by the State Legislature. The Operational Fund is discussed later in the *Management Discussion and Analysis*.

The overall budgetary fund balances of these major funds have increased by \$13.9 million. The Operational Fund is showing the effect of a successful effort to increase cash balance by realizing a reduction in total expenditures. The Transportation Fund balance is the result of resources required in early FY 2016 for the purchase of school buses. The Food Services Department recently moved into a new facility and resources have been utilized to furnish the facility and upgrade equipment as needed. This move has centralized all District Food Services operations in one location. The Bond Building Fund has increased with the issuance of new bonds offset by expenditures on on-going projects. SB-9 funds have decreased as the result of expenditures on on-going projects. The debt service fund balance has increased in proportion to obligations due in the short term.

**The Operational Fund**

The Operational Fund is the School District's largest fund. Because the Operational Fund budget for the period ending June 30, 2015 was \$690,311,611, the significant impact of this fund on School District Operations must be kept in context.

The Operational Fund is predominately funded by revenues from the State Equalization Guarantee (SEG) formula. This fund pays for teaching staff, teaching support staff, special education support staff, maintenance staff and administrative staff. The Operational Fund also provides the predominant funding for athletics. State public school support funding for school district operations increased by 3.9% for the year ended June 30, 2015. As shown in the *Operational Fund Statement of Revenues, Expenditures and Changes in Fund Balances – Budget*, the Operational Fund began the year with an initial expenditure budget of \$690,172,850 and had a final budget of \$690,311,611. This increase was primarily due to the difference between estimated and actual cash balance that carried forward from the previous year.

Because of the student growth experienced by the School District, an emphasis placed on schools by the New Mexico Legislature, and because the State Equalization Guarantee Formula is based upon student populations, the Operational Fund had historically realized increases in revenues, up until FY 2010-2011. Operational fund revenue has declined due to the recent recession. However, adding to the decline in revenue, in FY11 a policy decision was made by the State Legislature and supported by a newly elected Governor to funnel an unprecedented amount of funding outside of the statewide funding formula directly to the Public Education Department for discretionary distribution to New Mexico school districts. This trend has continued through FY15. Revenues through the funding formula have marginally increased beginning FY 2012-2013 as economic conditions have improved as seen in the following table.

Because the Operational Fund is the main fund whose expenditures are significantly related to the educational process, \$642,453,852 was expended in the year ending June 30, 2015. The most significant expenditure was for the function noted as "Instruction". This expenditure was \$419,308,826 or 65.3% of all Operational Fund expenditures. Expenditures included in this function are Regular Education teachers, Special Education teachers, Early Childhood Education teachers and educational assistants, staff benefits, payroll taxes, school supplies, training and miscellaneous instructional related contract services. In addition, \$84,331,958 or 13% was expended from the "Support Services-Students" and "Support Services-Instruction". The expenditures in these two functions are directly in support of classroom and school activities. Charges to these functions include the related expenditures for librarians, nurses, social workers, counselors and special education support staff. Less than 1% of the Operational budget was used for general administration, 5.7% was used for school administration, and 2.9% was used for Central Services which includes Business Support, Warehouse Support, and Informational Technology.

The following discussion on the Operational Fund budget will relate functional expenditures for the year ending June 30, 2015 for the Operational Fund. Instruction for APS represents 65.3% of all Operational Fund expenditures and compares favorably with the state-wide ratio for Instruction of 62%.

Variance between Original and Final Budget

The Original approved budget included an estimate of what the cash balance would be at the end of the prior fiscal year. When the actual cash balance was determined, the budget was adjusted for the difference. In the fiscal year ending 2015, the increase to the Operational Fund final budget was \$0.1 Million. This increase accounts for the change in the various functional categories.

Variance between Final Budget and Actual Expenditures

The percentage variances between the District's Operational Fund final budget and actual expenditures in fiscal year 2015 are due to a couple of factors. First, \$36 Million of the \$48 Million variance is for cash reserves not intended to be spent. Secondly, expenditure levels across all budgetary functions were lower because of vacancy savings and decreased costs from efficiencies implemented in previous year budgets.

Support services for students and instruction represents 13% of Operational Fund expenditures and accounts for expenditures for program coordinators, counselors, school nursing staff, librarians, special education ancillary staff and significant support to special education programs through contract ancillary support staff and contract programs. General Administration and Central Services represents the overhead support for the entire operations of the School District; these programs combined represent 3.6% of the total Operational Fund. Central Services includes Business support, Technology, and Warehousing Services. Maintenance and Operations account for 12.1% of the Operational Fund expenditures. Included in the Maintenance and Operations expenditures are salaries and benefits for maintenance staff, school custodians, fixed utility costs, maintenance and repairs, maintenance supplies and school custodial supplies. Additional support for maintenance projects comes from the voter approved Two-Mill Levy Fund (SB-9). The SB-9 fund is a critical and integral fiscal component of the School

District's Maintenance program. The Operational Fund also supports expenditures for school athletics and summer school in the Instruction function.

**Administrative Costs**

To allow the reader to compare the performance of the Albuquerque Public Schools with the performance of all school districts within the State of New Mexico, additional statistical information concerning state wide performance has been added to the above budget tables. In addition, the following table compares the Operational Fund costs associated with General Administration and Central Services to those of the state wide average. This information shows that the School District's expenditure in these functions is lower than the state wide average. The information used for this data is from Public Education Department FY 2014-15 budget for the period ending June 30, 2015.

**Self-Insurance Benefits and Reserve Funds**

Sections 22-29-1 thru 10, NMSA, mandate that school districts and charter schools are to be included in the New Mexico Public Schools Insurance Authority (NMPSIA). The statutory language also allows school districts in excess of 60,000 students to be "waived" from participation in Insurance Authority programs. As a result, the School District funds and administers its own employee benefit and risk management programs as a self-insured program. However, the charter schools are included in the NMPSIA program.

Because of an interest in providing lower cost insurance to school employees state-wide, an independent study was conducted to determine the feasibility of combining the APS programs with the Insurance Authority programs. The independent study, commissioned by APS and the Insurance Authority, was completed in January 2007 and concluded that the inclusion of APS into the Insurance Authority would lead to significant cost increases to the Insurance Authority, APS and a large number of APS employees.

As part of the self-insurance program, the School District maintains reserve funds for Medical, Dental and Vision Benefits, Risk and Workers Compensation based upon periodic actuarial studies. The School District considers these funds to be "restricted" and the funds are accounted for within an Internal Service Fund. Effective June 30, 2015, balances for the self-insurance reserves were as follows:

Fund	Reserve	Confidence Level
Health, Dental & Vision Benefits	\$ 7,867,371	90% +
Workers Compensation	13,021,026	90%
Property/Liability	8,138,923	90%

State of New Mexico  
Albuquerque Municipal School District No. 12  
**Management's Discussion and Analysis**  
**June 30, 2015**

Liabilities at June 30, 2015 for health, dental and vision are stated at 90% confidence level plus 15% to provide for claims fluctuation margin in the event of catastrophic claims. Liability balances for worker's compensation and liability and property are stated at 90% confidence level.

A confidence level is the statistical certainty that an actuary believes funding will be sufficient. For example, a 70% confidence level means that the actuary believes funding will be sufficient in seven years out of ten.

These reserves were carried forward into the 2015/2016 fiscal year and are deemed sufficient to meet requirements. The District's annual health insurance premium adjustment is implemented on January 1<sup>st</sup> of each year. On January 1, 2013, premiums increased for the first time in 3 years by 2% based on actuarial data which includes current health care cost trends. January 1, 2014 medical insurance premiums increased 5%; dental insurance increased about 7%.

Effective January 1, 2015, dental insurance premiums increased by about 3.4% and vision plan premiums increased about 2.7%. Medical insurance premiums did not change.

Effective January 1, 2016, dental insurance premiums will increase by about 5.5%. Medical insurance and vision plan premiums will not change.

#### **Capital Assets**

GASB 34 requires public entities to depreciate capital assets. Utilization of depreciation concepts by public entities allows the reader to know if the entity is replacing its assets at a rate in which they are being used. The Albuquerque Public Schools utilizes a "straight line" depreciation method in all cases and standardized lifetime tables in calculating this depreciation.

Historically and in accordance with prior State Statute, State Regulations and School Board Policy, all assets with a value in excess of \$1,000 were capitalized. Effective July 1, 2006, this amount was increased to \$5,000 by State Statute. The District continued to capitalize all assets with a value in excess of \$1,000 through June 30, 2010. All assets on the books as of July 1, 2010 with a cost between \$1,000 and \$5,000 will remain on the District's inventory list and continue to be subject to depreciation rules for the life of the asset. Effective July 1, 2012 the district began capitalizing only equipment with a value in excess of \$5,000 in accordance with state statute. In addition, effective July 1, 2010, the District began tracking all computers regardless of value in response to a State Auditor directive that all computer hard drives be certified as "sanitized" or destroyed prior to disposal.

As of June 30, 2015, the School District capital assets had a book value of \$1,345,321,210 after depreciation. This statement includes total accumulated depreciation of the School District's capital assets in the amount of \$883,879,954 (see Note 7).

Due to fluctuations in student enrollment and certain aging facilities, the School District has taken a planned and focused approach towards investing in equipment and building new facilities as well as adding to and maintaining existing facilities. These efforts are evidenced by the substantial and continuous investment in the Capital Master Plan.

In the fiscal year ending June 30, 2015, the *Statement of Revenues, Expenditures and Changes in Fund Balances* included capital outlay additions of \$124,604,554. This amount included expenditures of \$64,782,437 from the proceeds of the Bond Building Fund; \$40,392,853 was expended from the HB-33 fund for capital improvements and \$12,821,713 was expended from SB-9 funds. All three of these funds are authorized by local election. Also, \$6,295,516 was expended from non-major funds. The Operational Fund had capital outlay expenditures of \$312,035. Total capital asset additions include the following:

Capital Outlay	\$ 124,604,554
Assets charged to other functions	<u>4,688,616</u>
Total Capital Asset Additions	<u>\$ 129,293,170</u>

### General Long Term Debt

Article IX, Section 11 of the New Mexico Constitution limits the powers of a school district to incur general obligation debt beyond a school year. The School District can incur such debt for "the purpose of erecting, remodeling, making additions, and furnishing buildings or purchasing or improving school grounds or purchasing computer software or hardware for student use in public classrooms or any combination of these purposes." The approval of the debt is subject to a vote of the local electors and may not exceed 6% of the assessed valuation of the taxable property within the School District. In accordance with the assessed valuation limitation calculation, APS long term debt may not exceed \$910,624,563.

To this point, the School District has not maintained a level of indebtedness to the maximum extent allowed. However, due to the need to add additional facilities to address fluctuations of the district's student population, upgrade and expand existing facilities, provide for the growing demand for technology in education and the shift to digital curricula, and to leverage additional funds available from Public School Capital Outlay, the voters approved a \$225 million dollar bond authorization on February 2, 2010. During the fiscal year ending June 30, 2014, the School District issued \$43.4 million in General Obligation Education bonds, which was the last installment of the \$225 million authorization approved by voters in February 2010.

On August 5, 2014, APS sold \$75 million in General Obligation Bonds and \$15 million in Educational Technology bonds as part of the \$200 million authorization approved by voters in February 2013. This funding will be used for capital projects and technology needs throughout the District. This sale is the first installment of the \$200 million authorization approved by voters in February 2013. These bonds will be sold over a three year period and will increase the indebtedness in 2016 to an estimated 65% of the maximum debt limit allowed for by law.

The School District maintained a Moody's Aa1 rating and an S&P AA rating for the September 2013 bond sale. Effective July 1, 2003, School District bonds are also permitted to carry the *enhanced* State of New Mexico bond rating of Aa2. This action was authorized in Senate Bill 847. The effect of this bill will be to reduce the risk to bond holders and, as a consequence, reduce the interest costs to the taxpayer.

The School District has never defaulted on any of its debt or other obligations. Listed below is the School District's total general obligation debt as of June 30, 2015.

The School District recommends the *Official Statement* dated September 2, 2015, to a reader wishing to know more about the School District's long term debt and district demographics. This Official Statement may be obtained on our website at <http://www.aps.edu/finance/accounting/official-bond-statements>, or by contacting the School District's Financial Advisor:

In addition to the sale of General Obligation Bonds, the School District is eligible to receive awards from the Public Schools Capital Outlay Council (PSCOC) in accordance with Senate Bill 513, Chapter 147 Section 10(b) NMSA. The impact of these various awards is discussed throughout this *Management Discussion and Analysis*.

### **Charter Schools**

Because the operations of the charter schools are not material to the overall financial performance of the Albuquerque Public Schools, charter schools are only included in this section of the analysis. Charter school organization and management is set forth under Sections 22.8B.1 through 15, NMSA. This section of the law allows for charter schools to be formed and funded within an existing school district under specific criteria. The Albuquerque Board of Education is responsible for the review and approval of charter school applications; however, a denial of an application allows for an appeal process to the Public Education Department. Each charter school is governed by a governing body identified in the charter. The charter school governing body is responsible for the operation of the charter school including "preparation of a budget, contracting for services and personnel matters."

Because of the complexity of the rules and accounting requirements of Public Education Department, many charter schools encounter varying degrees of difficulty and challenges. The Albuquerque Public Schools, the New Mexico Coalition of Charter Schools, and the New Mexico Association of School Business Officials are all working to provide support and training for these schools.

The following table lists all Charter Schools active during the fiscal year ending June 30, 2015 and the summary of their fiscal performance. This information is summarized for each school on the *Combined Statement of Revenues, Expenditures and Changes in Fund Balances Governmental Funds* (GAAP). The stated fund balance is the final, adjusted, fund balance for all governmental funds as of June 30, 2015. The statement shows the performance of each individual school's combined governmental funds on a GAAP basis.

One of the more significant challenges facing charter schools is the quality of the existing charter school facilities. The State of New Mexico has mandated that charter schools occupy public facilities by the 2015 school year. Policy discussions are ongoing with regard to how that mandate will be funded and implemented. The deadline has been extended at least once from its original deadline. Included in the options for charter schools is the lease purchase financing of school facilities. The constitutional prohibition on lease purchase financing was removed by the voters as a result of the general election on November 7, 2006. It is anticipated that further legislative definition of this capital project financing tool will take place during future legislative sessions. All of the APS district authorized charter schools are included in the district's comprehensive Capital Master Plan. The Albuquerque Public Schools has invested more dollars for capital outlay for its district authorized charter schools than any other authorizer in the state. To date, the district has allocated more than \$34 million providing permanent facilities for South Valley Academy, Montessori of the Rio Grande, and the Digital Arts and Technology Academy. Construction is currently underway at Robert F. Kennedy Charter School and plans are being finalized to repurpose an existing APS facility for the Public Academy for the Performing Arts. In addition, the district is collaborating with CNM to provide a permanent building for the Native American Charter Academy on the CNM campus.

**APS Education Foundation**

The Albuquerque Public Schools Education Foundation is a 501(c)(3) charitable organization established in 1995 that raises private support for academic programs within the district. In addition to providing help to the 92,000 schoolchildren and 12,000 staff members of the district, the Foundation serves as a fiscal agent for a variety of programs. In 2009, the Foundation established the Horizon Campaign, a fundraising effort aimed at providing financial supplements to Fine Arts, Literacy, Science/Technology/Engineering/Math (STEM) and Middle School/High School Activities programs operated by the district. Through this campaign, the Foundation has raised more than \$850,000 in cash, in-kind donations, and pledges. This Foundation's financial statements are discretely presented in this report as a component unit.

**Agency Funds**

School sites, as fiscal agents, maintain and monitor special funds on behalf of the school activity groups. These agency funds maintained by the schools are intended to benefit a specific activity or interest and are generally raised by students for student use. The total of the funds district-wide is \$6,016,322 including both funds held by schools (\$5,970,852) and funds held by the District (\$45,470) on behalf of six schools whose activity funds are managed using the District financial system and District bank accounts.

While each school site is the fiscal agent and responsible for the administration of the agency funds, the use of these funds is in accordance with School District Policy and Public Education Department Regulations. The management of these funds is directed by the school principal and the funds are also subject to annual review by the School District's Internal Audit Department.

**Future Trends**

*The Economy and Public School Funding:* In New Mexico, the general operation of school districts is principally funded by the State through an allocation formula known as the State Equalization Guarantee (SEG). State legislators convene annually and determine the amount of funds to be allocated within the State for educational purposes. The principal resources to the State that are available for allocation include the Gross Receipts Tax and the Severance Tax (a tax on extracted natural resources).

The international economic crisis that began in 2008 has significantly impacted New Mexico. Over time, the Gross Receipts Tax had proven itself to be a reliable source of State and local revenue due to sustained economic growth since New Mexico's economy has consistently expanded from year to year for well over fifty years. New Mexico's current economic crisis has ended that growth and the Gross Receipts Tax has contracted in the last year.

The Severance Tax, however, is more volatile because it is more closely tied to the global pricing of natural resources such as oil and natural gas. Increased demand for oil and natural gas resources has had a positive effect on state revenues, which have shown a marginal increase over the past couple of years. It is important to note that, although revenue has increased, the appropriation to fund public schools through the state-wide funding formula is still below 2008 levels.

<sup>3</sup> Statewide and APS includes \$ 44,111,247 and \$ 23,284,057 of Federal ARRA Stabilization Funds respectively

<sup>4</sup> Statewide and APS includes \$ 953,267 and \$ 249,094 of Federal ARRA Stabilization Funds respectively

Operational funding of public schools for the past two years has marginally improved as the economic climate has painstakingly improved. Some of the difference in the annual rates of growth is attributable to formula factors applied in deriving the allocation to each district. For example, if a school district's student population grows at a rate that is different than the anticipated statewide growth, then that district's SEG would reflect the difference caused by the underlying change in student population ratio. Additional formula factors address the additional cost of providing for students with disabilities, bilingual education, and programs to address students at risk of dropping out. Another significant formula factor is the Training and Experience index, which recognizes the education and experience level of instructional staff and the costs associated with attracting and retaining a qualified instructional workforce.

As noted earlier, beginning in FY11, a policy decision was made by the New Mexico State Legislature and supported by a newly elected Governor to funnel an unprecedented amount of funding outside of the statewide funding formula directly to the Public Education Department for discretionary distribution. As this trend continues, there is growing concern of disequalization of per-pupil funding across New Mexico's 89 school districts and 100 charter schools. This issue compounds the fact that per-pupil funding is still below 2009 levels.

The Albuquerque Public Schools has taken a proactive approach for addressing the effects of reduce funding by undertaking a sustainability study in an attempt to become more strategic, effective and efficient with its resources. In FY14, four 2-hour study sessions were held with the Board of Education. The impetus for the development of the study is as follows:

- APS has experienced declining enrollment for four consecutive years.
- There have been too many piecemeal approaches to balancing the budget.
- Budget solutions often included employees contributing towards balancing the budget through furlough actions and shortening of contracts for teachers.
- The precipitous decline in revenue throughout the recession has forced the district to be reactionary and did not provide enough planning time during the normal budgeting process.

State of New Mexico  
Albuquerque Municipal School District No. 12  
**Management's Discussion and Analysis**  
**June 30, 2015**

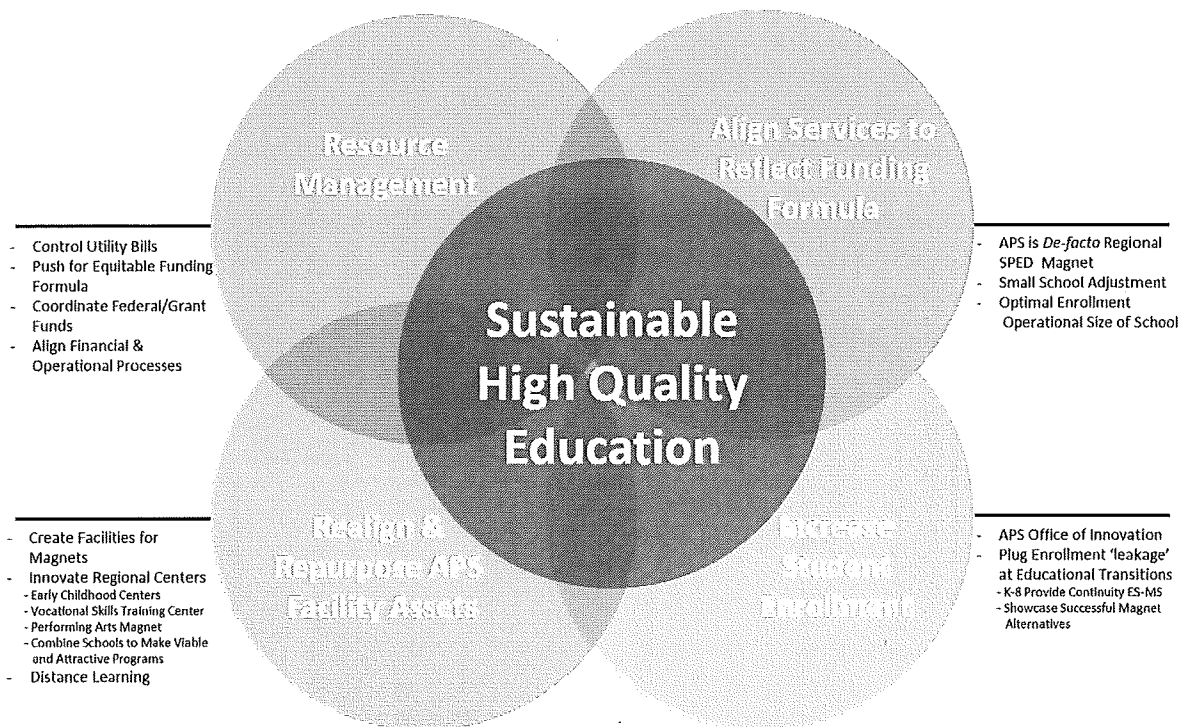

Key findings of the sustainability study:

- It is more effective to improve the bottom line by sustaining/growing revenue (as opposed to focusing only on cost controls). At some point the decision must be made to invest and innovate out of a deficit.
- Enrollment is key to improving revenues as funding through the state-wide funding formula is directly linked to student enrollment.

Key **Strategies**:

- Repurpose under-utilized facilities. Consider the option of creating a recurring revenue stream by renting the repurposed facilities to district charter schools currently in the district's capital master plan.
- Retain/gain enrollment by offering more choices and improving the quality of education. Improving the quality of educational experience will be a key factor in attracting and retaining student enrollment.

### Areas of Opportunity for Qualitative Restructuring

Comprehensive Approach to Providing a High Quality Education

The district is currently in the process of analyzing data and prioritizing specific projects identified in the sustainability study as having a significant impact on district revenue.

**Teacher Salaries:** Beginning with FY2004-05 the District began implementing a three year phase in of a state mandated three tier salary schedule for teachers throughout the State. Based on a combination of education and experience, each teacher is placed within one of the three tiers in the plan. The first tier of Level I teachers were funded at a minimum salary of \$30,000. In 2005/2006, the legislature funded the increase of the Level Two teacher salary to a minimum of \$40,000. Beginning with the 2007-2008 fiscal

year, the minimum salary for a Level 3 teacher was increased to \$50,000. It is anticipated that these increases in salaries will attract and retain high quality teaching staff. The Fiscal Year 2014-15 budget provided for 12,290 FTE. In this total, 6,150 FTE teachers were budgeted. The following is a seven year summary of average returning teacher salaries.

<u>Year</u>	<u>Average Salary</u>	<u>Experience</u>
2008-09	\$ 46,569	12.9 years
2009-10	\$ 46,504	11.0 years

2011-12	\$ 46,116	12.1 years
2012-13	\$ 44,474	10.0 years
2013-14	\$ 45,208	10.0 years
2014-15	\$ 44,399	9.8 years

**Local Assessments**

*General Obligation Bonds:* Local property taxes serve as the revenue source for the repayment of general obligation bonds. Because of the growth of both residential and commercial assessed valuation for properties in the Albuquerque School District, the School District has undertaken an aggressive expansion program to add additional classroom space in the District. The following table illustrates the growth of the assessed valuation for the Albuquerque School District.

**Valuation Table**

Source: *Official Statement* Dated September 2, 2015

Because of continued development in both the residential and commercial properties in the School District, it is expected that future assessed valuations will continue to increase. It is also expected that voter support for the Albuquerque Public Schools will continue to be strong and revenues from General Obligation Bond proceeds will continue to be an integral part of the School District *Capital Master Plan*.

On Feb. 2, 2010, voters approved a \$616 million bond issue and mill levy with a focus on refurbishing and rebuilding old schools, most of which are more than 40 years old. All projects approved in 2005-06 school tax funding elections are either completed or started, and all obligations fulfilled or are in the process of being fulfilled. A large focus of the last School Capital Plan was to catch up with growth areas and overcrowded schools. The main focus of the latest plan is to renew, refurbish and rebuild old schools and

provide new educational and instructional technology. This plan will also begin to provide some facilities for charter schools.

**Reconciliation of the Statement of Revenues, Expenditures and Changes  
 in Fund Balances of Government Funds to the Statement of Activities  
 For the Year Ended June 30, 2015**

**Governmental  
 Funds**

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds \$ 21,789,875

Capital Outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities, those costs are shown in the statement of net position and allocated over their estimated useful lives as annual depreciation expenses in the statement of activities. This is the amount by which depreciation exceeds capital outlays for the period.

Amount by which depreciation exceeds capital outlays for the period:

Depreciation expense	(75,539,861)
Capital Outlay Additions	129,293,170
Adjustments/Disposal of capital assets	(1,034,250)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenue in the funds:

Unavailable revenue related to the property taxes receivable	(33,298)
Increase in accrued compensated absences	(13,815)
Internal Service Fund Change in Fund Balance (excludes allocated net pension expense)	(719,723)

Expenses in the statement of activities that do not consume the current financial resources of governmental funds:

Net OPEB expense	(127,167)
Net Pension expense	3,504,498

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities:

Amortization of original issue premium	5,131,211
Decrease in accrued interest payable	(634,602)
Debt service principal payments	50,013,440
Original Issue Premium	(25,134,194)
Debt Proceeds	(184,305,000)
Payments to Escrow Agents	102,450,000

Rounding (1)

Change in Net Position - Total Governmental Activities \$ 24,640,283

**NOTE 1. Summary of Significant Accounting Policies**

---

The financial statements of Albuquerque Municipal School District No. 12, Albuquerque, New Mexico ("District") have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The GASB periodically updates its codification of the existing Governmental Accounting and Financial Reporting Standards which, along with subsequent GASB pronouncements (Statements and Interpretations), constitutes GAAP for governmental units.

**Reporting Entity**

The District was formed in the late 1800s. The District currently operates with a superintendent and seven elected board members. The District provides educational services to over 86,000 students. The financial statements include all funds that are controlled by, or dependent on, the District. Control by or dependence on the District was determined on the basis of budget adoption, taxing authority, outstanding debt secured by general obligations of the District, or the obligation of the District to finance any deficits that may occur. KANW, a public radio station, is included in the reporting entity general fund as a department within the District.

GASB Statement No. 14 established criteria for determining the government reporting entity and component units that should be included within the reporting entity. Under provisions of this Statement, the District is considered a primary government, since it is a special-purpose government that has a separately elected governing body, is legally separate, and is fiscally independent of other state or local governments. As used in GASB Statement No. 14, fiscally independent means that the District may, without the approval or consent of another governmental entity, determine or modify its own budget, levy its own taxes or set rates or charges, and issue bonded debt. The District also has component units, as defined by GASB Statement No. 14 (amended by GASB Statements No. 39 and 61), whereby the component units are legally separate organizations. There are no other primary governments with which the School Board Members are financially accountable. There are no other primary governments with which the District has a significant relationship.

KNME-TV is a non-profit television station jointly formed by the District and the University of New Mexico and has a separate governing board from that of the District. KNME-TV provides educational programming to the residents of New Mexico. It is excluded from the reporting entity because the District does not have the ability to exercise influence over daily operations and approve budgets; however, some funding is provided by the District, as well as by the University of New Mexico, private grants, gifts and contributions. The District derives no financial benefit from its relationship with KNME and its only financial burden consists of a \$20,000 yearly contribution toward operations and payment of utility costs which amounted to \$13,067 during fiscal year 2015. Financial Statements for KNME may be obtained from the Controller's office of the University of New Mexico.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. The Internal Service Fund is used to account for the operation of the Self-Insurance Management Fund which services the District's departments.

## Component Units

The following charter schools were formed under NMSA 22-8A and as such are presented here as discrete component units within the District's financial statements, and separate statements are not available. District management has determined that the Charter Schools are major component units of the District under GASB Statement No. 14 (as amended by GASB 34 and 61), since their operating budgets and charters are presented and approved by the District's board and a financial burden exists upon closure of a school or when the school is in need of financial assistance. In addition, under section 6-5A-1 NMSA 1978, 501(c)(3), component units with gross annual income in excess of \$250,000 should be audited; therefore, the APS Foundation is included as a component unit.

21st Century Public Academy	Los Puentes Charter School
Albuquerque Charter Academy	Montessori of the Rio Grande
Albuquerque Talent Development Academy	Mountain Mahogany Community School
Alice King Community School	Native American Community Academy
Christine Duncan's Heritage Academy	Nuestros Valores Charter School
Corrales International Charter School	Public Academy for Performing Arts
Digital Arts & Technology Academy	Robert F Kennedy High School
El Camino Real Academy	South Valley Academy
Gordon Bernell Charter School	The Bataan Military Academy
La Academia de Esperanza	

## APS Education Foundation

The Albuquerque Public Schools Education Foundation is a 501(c)(3) charitable organization established in 1995, that raises private support for programs within the district. In addition to providing help to the 86,000 school children and 12,000 full time staff members of the district, the Foundation serves as a fiscal agent for a variety of programs. In 2009, the Foundation established the Horizon Campaign, a fundraising effort aimed at providing financial supplements to Classroom Teacher Mini-Grants, Fine Arts, Literacy and Middle School/High School Activities programs operated by the district. The Foundation issues a separate set of financials and a copy can be obtained from the Foundation at 6400 Uptown Blvd. NE, Suite 630 East, Albuquerque, NM 87110.

## Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment such as the collection of cafeteria fees and lost books, etc. and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment such as in Title I and IDEA-B or state programs such as HB-33 and SB-9. Taxes and other items not properly

State of New Mexico  
Albuquerque Municipal School District No. 12  
**Notes to the Financial Statements**  
**June 30, 2015**

included among program revenues are reported instead as general revenues.

Those revenues susceptible to accrual are property taxes, state shared taxes, investment income and charges for services. In accordance with GASB Statement 33, estimated property, and other taxes that are not available are called unavailable revenue and shown as a deferred inflow of resources. All other revenues are recognized when they are received and are not susceptible to accrual, because they are usually not measurable until payment is actually received. Expenditures are recorded as liabilities when they are incurred. Any effect of interfund activity has been eliminated from the Government-wide financial statements.

Property taxes are collected by the Bernalillo and Sandoval County Treasurers and remitted to the District. Property tax revenue is recognized at the time of receipt or earlier if accrual criteria are met. The District's accounting policy is to defer property taxes that are not collected within 60 days after fiscal year end since delinquent property taxes are not available to finance current fiscal year District operations. Delinquent property taxes collected in future periods will be recognized as revenue when collected.

Unavailable revenues arise when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Unearned revenues arise when resources are received by the District before it has a legal claim to them, as when grant monies are received prior to incurring the qualifying expenditures. In subsequent periods when both revenue recognition criteria are met or when the District has a legal claim to the resources, the revenue is recognized.

Expenditures are recorded when the related fund liability is incurred, except interest on general long-term debt which is recognized when due, and certain compensated absences and claims which are recognized when expected to be liquidated with expendable available financial resources.

Other Financing Sources (Uses): Transfers between funds that are not expected to be repaid (or any other types, such as capital lease transactions, sale of capital assets, debt extinguishments, long-term debt proceeds, et cetera) are accounted for as other financing sources (uses). These other financing sources (uses) are recognized at the time the underlying events occur.

### **Measurement focus, basis of accounting, and financial statement presentation**

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the period for which the taxes are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Ad valorem taxes (property taxes), and interest associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider

State of New Mexico  
Albuquerque Municipal School District No. 12  
**Notes to the Financial Statements**  
**June 30, 2015**

have been met. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met and the susceptible to accrual criteria have been met. All other revenue items are considered to be measurable and available only when cash is received.

The *agency funds* are custodial in nature (assets equal liabilities) and do not present results of operations or have a measurement focus. Agency funds are accounted for using the accrual basis of accounting. These funds are used to account for assets that the District holds for others in an agency capacity.

Governmental funds are used to account for the District's general government activities, including the collection and disbursement of specific or legally restricted monies, the acquisition or construction of general capital assets, and the servicing of general long-term debt. Governmental funds include:

The *General Fund* is the primary operating fund of the District, and accounts for all financial resources, except those required to be accounted for in other funds.

The *Special Revenue Funds* account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

The *Debt Service Fund* accounts for the services of general long-term debt not being financed by proprietary or nonexpendable trust funds.

The *Capital Projects Funds* account for the acquisition of capital assets or construction of major capital projects not being financed by proprietary or nonexpendable trust funds.

Under the requirements of GASB #34, the District is required to present certain of its governmental funds as major funds based upon certain criteria. The major funds presented in the fund financial statements include the following (in addition to the General Fund), funds that were not required to be presented as major but are presented as major funds at the discretion of management:

The *Pupil Transportation Fund* is used to account for the State Equalization, received from the Public Education Department (PED), which is used to pay for the costs associated with transporting school age children.

The *Instructional Materials Fund* is used to account for the monies received from the Public Education Department (PED) for the purposes of purchasing instructional materials (books, manuals, periodicals, etc.) used in the education of students.

The *Food Service Fund* is used to account for the cost of operating a student breakfast, lunch, snack bar and summer lunch program and is financed with federal grants and fees paid by program users.

The *IASA Title I Fund* is used to provide compensatory education services to educationally deprived school children (including private school pupils) in low-income areas. (P.L. 103-382)

The *IDEA-B Entitlement Fund* is used to account for federal resources administered by the public education dept. to provide for special educational needs of handicapped 6-21 year olds. (PL 94-142 & PL 99-457)

State of New Mexico  
Albuquerque Municipal School District No. 12  
**Notes to the Financial Statements**  
**June 30, 2015**

The *Bond Building Capital Projects Fund* is used to account for bond proceeds and any income earned thereon. The proceeds are restricted for the purpose of making additions to and furnishing of school buildings, or purchasing or improving school grounds or any combination thereof, as approved by the voters of the District.

The *Capital Improvements HB33 Fund* is used to account for the costs relating to erecting, remodeling, making additions to, providing equipment for, or furnishing public school buildings and purchasing or improving public school grounds. Financing is provided through property taxes as specified by Article 26 of the Public School Buildings Act. (House Bill 33)

The *Capital Improvements SB9 Fund* is used to account for erecting, remodeling, making additions to and furnishing of school buildings, or purchasing or improving school grounds or any combination thereof as identified by the local school board. Financing is provided by the State of New Mexico's State Equalization Matching and a special tax levy as authorized by the Public School District Capital Improvements Act. (22-25-1 to 22-25-10, NMSA 1978)

The *Debt Service Fund* is used to account for the accumulation of resources for the payment of General Long-Term Debt principal and interest.

**Additionally, the government reports the following fund types:**

*Fiduciary Funds* are used to account for assets held by the District as an agent for individuals, private organizations or other governments. Agency Funds are custodial in nature (assets equal liabilities) and do not present results of operations or have a measurement focus. These funds relate primarily to the activities of individual schools. While these funds are under the supervision of the District and enhance the District's educational programs, they are funds of the individual schools and/or their student bodies and are not available for use by the District.

The Statement of Net Position and the Statement of Activities displays information about the reporting government as a whole. Fiduciary funds are not included in the District Wide Financial Statements. Fiduciary funds are reported only in the Statement of Fiduciary Net Position at the fund financial statement level.

The *Internal Service Fund* is used to account for the operations of the Self-Insurance Management Fund which services the District's departments on a cost-reimbursement basis. The activity tracked in this Internal Service Fund includes employee health insurance, worker's compensation insurance, and property and liability insurance for the District. All expenses are captured in this fund, and proceeds from employee deductions and budgeted appropriations are coded here as revenue sources. Collections from excess insurance policies are also deposited into this fund. The Internal Service Fund is reported in the Proprietary Funds section of this report. Internal Service Fund operating revenues include employer and employee contributions, Non-operating revenues are limited to interest income. Operating expenses include claims and overhead expenses.

The Statement of Net Position and the Statement of Activities were prepared using the accrual basis of accounting. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets, and liabilities resulting from non-exchange transactions are recognized in accordance with the requirements of GASB Statement No. 33 "Accounting and Financial Reporting for Non-exchange Transactions."

## **Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position or Equity**

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

**Cash and Cash Equivalents:** Policies regarding cash and cash equivalents are approved by the District's Board of Education and are governed by New Mexico statute. Such policies allow deposits or investments in certificates of deposit, savings accounts, overnight repurchase agreements, various obligations of the U.S. Government or its agencies and the New Mexico State Treasurer's Local Government Short Term Investment Fund. Such deposits and investments must be made through a State or Federally chartered bank or savings and loan association which is insured by the FDIC and which is within the geographic boundaries of the District, or with the New Mexico State Treasurer. The District's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

The District's Restricted Cash and Cash Equivalents of \$294,142,232 consist of cash balances in all funds except the Operational Fund. This includes Transportation, Instructional Materials, Special Revenue Funds, Capital Outlay and Debt Service.

Collateral is required for at least 50% of deposits that are not insured by the FDIC, with the exception of repurchase agreements. These are required to have collateral of at least 102%. Obligations that may be pledged as collateral are obligations of the U.S. Government, its agencies, and state and local governments. Collateral is held in safekeeping at depository institutions in the name of the District.

For purposes of the Statement of Cash Flows, the internal service fund considers Cash and Investments as highly liquid assets (including restricted assets) with maturity of three months or less when purchased to be cash equivalents.

**Receivables and Payables:** Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as interfund receivables and interfund payables.

All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible. The allowance for doubtful accounts is based on management's assessment of the collectability of specific accounts, the aging of accounts receivable and historical experience.

The District receives monthly income from a tax levy in Bernalillo and Sandoval Counties. The funds are collected by the County Treasurers and are remitted to the District the following month.

Certain Special Revenue funds are administered on a reimbursement method of funding; other funds are operated on a cash advance method of funding. The funds incurred the cost and submitted the necessary request for reimbursement or advance, respectively.

**Prepaid Items:** The consumption method is used to report prepaid items. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements.

**Inventory:** Supply inventories are valued at the lower of average cost or market and consist of educational supplies, purchased and donated commodities. Donated inventories, received at no cost under a program supported by the Federal Government, are recorded at the lower of their estimated fair

State of New Mexico  
Albuquerque Municipal School District No. 12  
**Notes to the Financial Statements**  
**June 30, 2015**

market value at the date of receipt or current market value.

The food commodities received from the Federal Government (passed through from the State) are recorded as revenues and expenditures as they are consumed. Quantities on hand at year-end are recorded as inventory with an offsetting credit to revenue.

The consumption method is used to report inventories. Purchased inventories are classified as expenditures at the time individual inventory items are used. Reported inventories are offset by a non-spendable fund balance which indicates that they do not constitute available expendable resources.

**Capital Assets:** Capital assets are recorded at historical cost and depreciated over their estimated useful lives (with no salvage value). Historically and in accordance with prior State Statute, State Regulations and School Board Policy, all assets with a value in excess of \$1,000 were capitalized. Effective July 1, 2006, this amount was increased by state statute to \$5,000. The District continued to capitalize all assets with a value in excess of \$1,000 through June 30, 2010. Assets on the books as of July 1, 2010 with a cost between \$1,000 and \$5,000 have remained on the District's inventory list and continue to be subject to depreciation rules for the life of the asset. Effective July 1, 2011 the District began capitalizing only equipment with a value in excess of \$5,000 in accordance with state statute. In addition, effective July 1, 2009 the District began tracking all computers regardless of value.

Donated capital assets are recorded at their estimated fair value at the date of donation. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

Capital assets include land and land improvements, buildings and building improvements, furniture, fixtures, equipment, machinery and vehicles. Capital assets are used in operations and have a useful life of more than one year and a cost exceeding established capitalization thresholds. The school district does not own any infrastructure assets such as roads, bridges, tunnels, drainage systems, water and sewer systems, dams and lighting systems.

Purchased capital assets costing more than \$5,000 are recorded at historical cost, including significant ancillary charges necessary to place the asset into its intended location and condition for use. Improvements to land and buildings are capitalized at the higher threshold of \$25,000. Donated capital assets valued at more than \$5,000 are recorded at the time of acquisition at estimated fair value plus ancillary charges.

Capital assets are reported net of accumulated depreciation in the statement of net position. Capital assets that are not being depreciated, such as land, are reported separately for significant amounts. Capital assets are depreciated over their estimated useful lives using the straight-line depreciation method and full-month averaging. No salvage value is allowed for this purpose. Estimated useful life is management's estimate of how long the asset is expected to meet service demands.

Straight-line depreciation is used based on the following estimated useful lives:

Computer Equipment and Business	5 Years	Improvements to Land	20 Years
General Equipment and Musical	8 Years	Improvements to Bldgs.	20 Years
Vehicles, Trucks, and Trailers	8 Years	Portable School Buildings	25 Years
Furniture, Major Appliances, Large	10 Years	Buildings	40 Years

State of New Mexico  
Albuquerque Municipal School District No. 12  
**Notes to the Financial Statements**  
**June 30, 2015**

Depreciation was allocated to the various functions based upon originating purchasing source where identifiable. Unallocated depreciation was recorded in the statement of activities.

**Unearned Revenues:** The District reports unearned revenues on its Statement of Net Position and various fund balance sheets. Unearned revenues arise when resources are received by the District before it has a legal claim to them, as when grant monies are received prior to the occurrence of qualifying expenditures. In subsequent periods, when the District has a legal claim to the resources, the liability for unearned revenue is removed from the balance sheet and the revenue is recognized.

**Accrued Salaries:** Certain employees of the District (primarily school teachers and support staff) work nine months of the 12-month fiscal year. The District disburses payroll to such employees throughout the entire 12-month period. Accordingly, salaries payable included as accrued expenses in the accompanying financial statements include accrued salaries for services performed through June 30, 2015 for these employees. The accrued salaries will be paid within two months after the end of the fiscal year.

**Compensated Absences:** In the event of termination or retirement, employees may be paid for up to 176 hours of accumulated vacation leave. Accordingly, accumulated vacation leave is recorded as if fully vested. The vested vacation leave payable is calculated using current pay levels and is recorded in the government-wide fund.

**Long-term Obligations:** In the government-wide fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. During the year \$29,799,559 in interest on long term debt was recorded, including \$8,284,774 in accrued interest payable.

**Deferred Outflows/Inflows of Resources:** In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District is reporting \$67,255,320 related to the pension plan in this category as of June 30, 2015.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The District reported deferred inflows that amounted to \$112,570,193 at June 30, 2015 related principally to the pension plan.

**Fund balance:** The difference between assets and liabilities in the governmental fund financial statements are among the most widely and frequently used information in state and local government financial reports.

GASB Statement No. 54 distinguishes fund balances based on the relative strength of the constraints that control the purposes for which specific amounts can be spent. Beginning with the most binding constraints, fund balance amounts are reported in the following classifications:

- **Nonspendable** - portion of net resources that cannot be spent because of their form or because they must remain intact

State of New Mexico  
Albuquerque Municipal School District No. 12  
**Notes to the Financial Statements**  
**June 30, 2015**

- **Restricted** - amounts constrained by external parties, constitutional provision, or enabling legislation
- **Committed** - amounts constrained by a government using its highest level of decision-making authority. The Board of Education is the highest level of decision making authority. Formal Board action, through a resolution creates a commitment.
- **Assigned** - amounts a government intends to use for a particular purpose
- **Unassigned** - amounts that are not constrained at all will be reported in the general fund.

**Operational Fund Cash Balance Procedural Directive**

The chief financial officer shall manage the district's finances and take appropriate action to ensure an operational fund cash balance of at least five-percent (5%) of the current year's budgeted operating expenditures for any given fiscal year.

Upon accumulation of the operating fund cash balance of at least five-percent (5%), the operating fund cash balance may only be drawn down below that level under the following circumstances:

- a. An unexpected loss of revenue which includes, but is not limited to a mid-year reduction in operational revenues from the New Mexico Legislature and/or the New Mexico Public Education Department which were not included in the final approved budget, or
- b. Approval from the Board of Education for a non-budgeted expenditure.
- c. Upon approval from the New Mexico Public Education Department through a budget adjustment request. In an emergency, the chief financial officer may spend the operational fund cash balance prior to approval of the budget adjustment request.

Upon receiving any indication that the operating fund cash balance may not equal at least five-percent (5%) at any point within a rolling five-year financial forecast period, the chief financial officer shall immediately report the information to the superintendent and the Board of Education. It shall be the responsibility of the chief financial officer to provide recommendations to the superintendent and the Board of Education that may assist in accumulating and maintaining the operating fund cash balance as outlined in this procedural directive.

**Net Position:** The government-wide statements utilize a net position presentation categorized as follows:

Net investment in capital assets - This category reflects the portion of net position that are associated with capital assets less outstanding capital asset related debt.

Restricted Net Position - For the government-wide statement of net position, net position is reported as restricted when constraints placed on net asset used are either:

1. Externally imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments; or
2. Imposed by law through constitutional provisions or enabling legislation.

Unrestricted net position - This category reflects net position of the District not restricted for any project or other purpose.

State of New Mexico  
Albuquerque Municipal School District No. 12  
**Notes to the Financial Statements**  
**June 30, 2015**

The District's policy is to apply restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position are available. The District's restricted fund balances for student instructional materials, pupil transportation and capital projects on Exhibit B-1 represent those imposed by law through enabling legislation. When an expenditure is incurred for which committed, assigned, and/or unassigned amounts of funding are available, funds are applied in that respective order.

**Interfund Transactions:** Reciprocal and non-reciprocal transactions are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund from expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/ expenses in the fund that is reimbursed. All other interfund transactions, except reciprocal and non-reciprocal transactions and reimbursements, are reported as transfers.

**Estimates:** The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Estimates in these financial statements include the District's estimate of useful lives for determining accumulated depreciation and depreciation expense, an estimate of accrued interest, estimates of worker's compensation and health insurance claims and an estimate on property taxes receivable, and an estimate of the District's proportionate share of the ERB net pension liability.

## Revenues

**Program revenues:** In the Statement of Activities, program revenues derive directly from the program itself or from parties outside the District's taxpayer or citizenry, as a whole; program revenues reduce the cost of the function to be financed from the District's general revenues. Program revenues are categorized as (a) charges for services, which includes revenues collected for cafeteria fees and lost books, etc., (b) program-specific operating grants, which includes revenues received from state and federal sources such as Title I and IDEA-B funding to be used as specified within each program grant agreement, and (c) program-specific capital grants and contributions, which include revenues from state sources such as SB-9 and HB-33 funding to be used for capital projects.

**State Equalization Guarantee:** School districts in the State of New Mexico receive a 'state equalization guarantee distribution' which is defined as "that amount of money distributed to each school district to insure that the school district's operating revenue, including its local and federal revenues as defined (in Chapter 22, Section 825, NMSA 1978) is at least equal to the school district's program cost.

A school district's program costs are determined through the use of various formulas using 'program units' which take into consideration 1) early childhood education; 2) basic education; 3) special education; 4) bilingual-multicultural education; 5) size, etc. Payment is made from the public school fund under the authority of the Director of Public School Finance. The District received \$634,994,929 in state equalization guarantee distributions during the year ended June 30, 2015.

State of New Mexico  
Albuquerque Municipal School District No. 12  
**Notes to the Financial Statements**  
**June 30, 2015**

**Tax Revenues:** The District receives mill levy and ad valorem tax revenues primarily for debt service and capital outlay purposes. Tax revenues are recognized for governmental purposes when they are assessed and for fund purposes when they are measurable and available. The District records only the portion of the taxes considered to be 'measurable' and 'available'. Descriptions of the individual debt service and capital outlay funds contained in these financial statements include information regarding the authority for the collection and use of these taxes.

**Property taxes:** An enforceable lien is attached on property as of January 1<sup>st</sup>. Tax notices are sent to property owners by November 1<sup>st</sup> of each year, to be paid in whole or in two installments by November 10<sup>th</sup> and April 10<sup>th</sup> of each year. The County collects County, City, and School taxes and distributes some to each fund once per month.

**Pupil Transportation Distribution:** School districts in the State of New Mexico receive student transportation distributions. The transportation distribution is allocated to each school district in accordance with formulas developed by the State Transportation Director and the Director of Public School Finance. The funds shall be used only for the purpose of making payments to each school district for the to-and-from school transportation costs of students in grades K through twelve attending public school within the school district. Allocations received from the State for the year ended June 30, 2015 totaled \$22,789,277; \$22,783,454 from State Transportation Distribution funds and \$5,823 for administrative fees collected on Charter School Transportation allocations.

**Instructional Materials:** The New Mexico State Public Education Department (PED) receives federal mineral leasing funds from which it makes annual allocations to the various school districts for the purchase of educational materials. Of each allocation, fifty percent is restricted to the requisition of materials listed on the State Board of Education's "State Adopted Instructional Material" list, while fifty percent of each allocation is available for purchases directly from vendors. Allocations received from the State for the year ended June 30, 2015 totaled \$6,116,138.

**SB-9 State Match:** The Director shall distribute to any school district that has imposed a tax under the Public School Capital Improvements Act (22-25-1 to 22-25-10, NMSA 1978) an amount from the public school capital improvements fund that is equal to the amount by which the revenue estimated to be received from the imposed tax as specified in Subsection B of Section 22-25-3, NMSA 1978, assuming a one hundred percent collection rate, is less than an amount calculated by multiplying the product obtained by the rate imposed in the District under the Public School Capital Improvements Act. The distribution shall be made by December 1<sup>st</sup> of each year that the tax is imposed, in accordance with Section 22-25-3, NMSA 1978. However, in the event that sufficient funds are not available in the public school capital improvements fund to make the state distribution provided for in this section, the dollar per program unit figure shall be reduced as necessary.

**Public School Capital Outlay:** Under the provisions of Chapter 22, Article 24, a public school capital outlay fund was created. The money in the fund may be used only for capital expenditures deemed by the public school capital outlay council necessary for an adequate educational program, and capital outlay expenditures are limited to the purchase, or construction of temporary or permanent classrooms.

The council shall approve an application for grant assistance from the fund when the council determines that:

1. A critical need exists requiring action;
2. The residents of the school district have provided all available resources to the district to meet its capital outlay requirements;

State of New Mexico  
Albuquerque Municipal School District No. 12  
**Notes to the Financial Statements**  
**June 30, 2015**

3. The school district has used its resources in a prudent manner;
4. The District is in a county or counties which have participated in the reappraisal program and the reappraised values are on the tax rolls, or will be used for the tax year 1979 as certified by the property tax division; and
5. The school district has provided insurance for buildings of the school district in accordance with the provisions of Section 13-5-3, NMSA 1978.

The council shall consider all applications for assistance from the fund and after public hearing shall either approve or deny the application. Applications for grant assistance shall only be accepted by the council after a district has complied with the provisions of this section. The council shall list all applications in order of priority and all allocations shall be made on a priority basis. Money in the fund shall be disbursed by warrant of the Department of Finance and Administration on vouchers signed by the Secretary of Finance and Administration following certification by the council that the application has been approved.

**Allocation of Indirect Expenses:** The District reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. The District does not currently employ indirect cost allocation systems. Depreciation expense not charged to a specific function is identified as unallocated on the Statement of Activities. Interest on general long-term debt is considered an indirect expense and is reported separately on the Statement of Activities.

**Federal Grants:** The District receives revenues from various Federal departments (both direct and indirect), which are legally restricted to expenditures for specific purposes. These programs are reported as Special Revenue Funds. Each program operates under its own budget, which has been approved by the Federal Department or the flow through agency (usually the State of New Mexico Public Education Department). The various budgets are approved by the Local School Board and the New Mexico State Public Education Department. Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, the purpose of which is to ensure compliance with conditions precedent to the granting of funds. Any liability for reimbursement which may arise as a result of these audits is not believed to be material.

The District also receives reimbursements under the National School Lunch and Breakfast Programs for its food services operations, and the distributions of commodities through the New Mexico Human Services Department. The value of commodities received for the year ended June 30, 2015 was \$2,081,650 and is reported in the Schedule of Expenditures of Federal Awards under the Department of Agriculture Commodities Program, CFDA number 10.550. Commodities are recorded as revenues and expenditures in the food service fund.

## **Pensions**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Educational Retirement Board (ERB) and additions to/deductions from ERB's fiduciary net position have been determined on the same basis as they are reported by ERB, on the economic resources measurement focus and accrual basis of accounting. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

## **Budgetary Information**

The following procedures are utilized to establish the District budget:

1. Subsequent to January 31, and prior to June 1, the Superintendent submits to the District's Board of Education a proposed budget for the fiscal year which commences on July 1. The budget includes an estimate of revenues and a proposed expenditure plan.
2. The proposed budget is presented at meetings subject to the Open Meetings Act of New Mexico, and the public is invited to comment.
3. The District is required to submit to the State of New Mexico, Public Education Department School Budget & Financial Analysis Unit (SBFAU) a balanced budget for the fiscal year which commences on July 1.
4. Based on criteria set by the SBFAU, the District undergoes either a formal technical review of the proposed budget or a more informal phone review each year. Subsequent to this review, the local Board approves a budget resolution to adopt the proposed budget subject to any technical adjustments by SBFAU. The final budget as approved by SBFAU is provided to the Board for information purposes only.
5. The budget is adjusted throughout the fiscal year based upon changes in programmatic needs. All intra-function transfers (adjustments within a function) of budget amounts are approved by site administrators and then if over \$10,000 by control agents. These adjustments are then submitted to the Board of Education for final approval. Inter-function transfers (transfers between functions) include the same level of approvals, but require additional approval by the SBFAU. Budgetary control is at the function level; over-expenditure of a function is not allowed per NMAC 6.20.2.9.A.
6. Budgets for the General Fund, Special Revenue Funds and Capital Projects Funds are adopted on a basis consistent with the "Manual of Procedures for Uniform Financial Accounting and Budgeting for School Districts". Budgetary amounts for the Debt Service Fund are based upon the issuance of general obligation bonds.
7. Budgeted amounts are as originally adopted or as amended by the SBFAU.

For budgetary purposes, expenditures include amounts paid in the fiscal year, adjusted for the effects of liabilities paid within ten days of fiscal year-end and unpaid salaries and benefits attributable to services provided during the school year. The Board of Education must approve amendments to the appropriated budget when the budgeted fund balance differs from the actual fund balance at the end of the fiscal year. New Mexico state law prohibits a Governmental Agency from exceeding the appropriated budget.

The Statements of Revenues, Expenditures and Changes in Fund Balance – Budget (Non-GAAP Budgetary Basis) and Actual present comparisons of the legally adopted budget with actual data on a budgetary basis.

Since accounting principles applied for purposes of developing data on a budgetary basis differ significantly from those used to present financial statements in conformity with generally accepted accounting principles, a reconciliation of resultant basis, perspective, equity and timing differences in the excess (deficiency) of revenues and other sources of financial resources for the year ended June 30, 2015 is presented with each fund's Statement of Revenues, Expenditures, and Changes in Fund Balance – Budget and Actual (Non-GAAP Budgetary Basis).

State of New Mexico  
Albuquerque Municipal School District No. 12  
**Notes to the Financial Statements**  
**June 30, 2015**

Budgetary comparisons are presented in the balanced presentation format whereby the excess (deficiency) of revenues over expenditures is reflected as Beginning Fund Balance for budgetary purposes. The major differences between the budgetary basis and the GAAP basis are:

1. Revenues are recorded when received in cash (budgetary) as opposed to when susceptible to accrual (GAAP); and
2. Generally, expenditures are recorded when paid in cash (budgetary) as opposed to when susceptible to accrual (GAAP). However, budgetary expenditures include amounts for salaries and benefits attributable to services provided during the fiscal year. The non-budgeted accounts and funds primarily consist of the adjustment to record the USDA commodity allocation.

## **NOTE 2. Cash and Cash Equivalents and Investments**

---

State statutes authorize the investment of District funds in a wide variety of instruments including certificates of deposit and other similar obligations, state investment pool, money market accounts, and United States Government obligations. All invested funds of the District properly followed State investment requirements as of June 30, 2015.

Deposits of funds may be made in interest or non-interest bearing checking accounts, in one or more banks or savings and loan associations within the geographical boundaries of the District. Deposits may be made to the extent that they are insured by an agency of the United States, or by collateral deposited as security, or by bond given by the financial institution.

Amounts reported as Agency Funds in Exhibit E-1 represent amounts held by individual school locations and departments. These funds are used to finance non-curricular activities augmenting but not replacing activities provided through funding provided by the District.

The rate of interest in non-demand interest-bearing accounts shall be set by the State Board of Finance, but in no case shall the rate of interest be less than one hundred percent of the asked price on United States treasury bills of the same maturity on the day of deposit.

Excess of funds may be temporarily invested in securities which are issued by the State or by the United States Government, or by their departments or agencies, and which are either direct obligations of the State or the United States, or are backed by the full faith and credit of those governments.

The collateral pledged is listed on Schedule II of this report. The types of collateral allowed are limited to direct obligations of the United States Government and all bonds issued by any agency, district, or political subdivision of the State of New Mexico.

According to the Federal Deposit Insurance Corporation, public unit deposits are funds owned by the public unit. Time deposits, savings deposits, and interest bearing NOW accounts of a public unit in an institution in the same state will be insured up to \$250,000 in aggregate.

**Deposits**

NM State Statutes require collateral pledged for deposits in excess of the federal deposit insurance to be delivered, or a joint safekeeping receipt be issued, to the Schools for at least one half of the amount on deposit with institution. The schedule listed below will meet the State of New Mexico, Office of the State Auditor's requirements in reporting the insured portion of the deposits. Cash and cash equivalents consists of the following at June 30, 2015:

**Deposits**

	Wells Fargo <sup>2</sup>	Bank of America	Nusenda Credit Union	Agency Funds	Total Deposits

<sup>2</sup> Includes \$ 45,470 held on behalf of six schools whose activity funds are managed using District financial system and bank accounts

**Custodial Credit Risk** – Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The District does not have a deposit policy for custodial credit risk, other than following state statutes as put forth in the Public Money Act (Section 6-10-1 to 6-10-63, NMSA 1978). At June 30, 2015, \$441,622,102 of the District's bank balance of \$448,369,530 was exposed to custodial credit risk because it was uninsured and collateral held by pledging bank's trust department was not in the District's name.

**Interest rate risk** – Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of the District's investments. The District's investment policy indicates that the District is to attempt to secure a maximum yield of investment earnings to supplement other revenues for the support of the District. The District only invests in securities allowed under Section 6-10-10 NMSA 1978.

**NOTE 6. Interfund Receivables, Payables, and Transfers**

Generally, these inter-fund receivables and payables are generated when a fund incurs an expense and is waiting for reimbursement from the grantor. The balance represents the amount of cash provided by the General Fund to cover the expense until payment is received. All of these balances are expected to be collected in the subsequent year. Interfund transfers generally occur for two reasons; to correct the recording of expenses or revenue and to cover over-expenditures of Special Revenue Funds. There were no interfund transfers for the year as of June 30, 2015.

Receivables and payables from interfund transactions as of June 30, 2015 are listed below:

Compensated absences are paid from the same funds from which the employees are paid, principally from the operational fund. Totals above include current portions and long-term portions.

Bonds are secured by the District's full faith and credit and are general obligations of the District payable from ad valorem taxes to be levied, without limitation as to rate or amount, against all taxable property within the District. Debt service debt requirements are liquidated as property taxes are received and debt service principal and interest payments become due. They are paid primarily from the General Fund and Debt Service Fund. Interest on all issues is payable semiannually on February 1 and August 1. Principal is payable annually on August 1. The proceeds of the bonds are being used for the purpose of erecting, remodeling, making additions to and furnishing school buildings, and purchasing and improving school grounds.

On August 5, 2014 APS sold \$75 million in General Obligation Bonds and \$15 million in Educational Technology bonds as part of the \$200 million authorization approved by voters in February 2013. This funding will be used for capital projects and technology needs throughout the District. This sale is the first installment of the \$200 million authorization approved by voters in February 2013.

Also, on August 5, 2014 APS refunded general obligation bonds in the amount of \$ 102.5 million with the issuance of \$94.3 million in new debt. The bonds refunded were Series 2007, \$27.5 million and Series 2008B, \$75 million. The net present value of the savings on this refunding was \$ 6,954,336 or 6.788%.

**DATA Lease Purchase**

On August 23, 2013 the District entered into a twenty year \$2.7 million financing agreement with the New Mexico Finance Authority for the purchase of property to be used by and leased to Digital Arts & Technology Academy, a New Mexico charter school authorized by the District.

**Arbitrage/Yield Reduction**

The Tax Reform Act of 1986 instituted certain arbitrage restrictions with respect to the issuance of tax-exempt bonds after August 31, 1986. Arbitrage regulations deal with the investment of all tax exempt bond proceeds at an interest yield greater than the interest yield paid to bondholders. Generally, all interest paid to bondholders can be retroactively rendered taxable if applicable rebates are not reported and paid to the United States Treasury at least every five years. The District did not have any arbitrage liability at June 30, 2015.

Bond proceeds may be invested in higher yielding investments only during a temporary period described in Regulation section 1.148-2(e). After expiration of an applicable temporary period, proceeds must be yield restricted.

Long term debt issued and outstanding at June 30, 2015 are as follows:

**NOTE 9 Property Taxes**

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied each year on July 1, on the taxable valuation of property located in the District as of the preceding January 1. The taxable valuations for the various classes of property are determined by the Bernalillo and Sandoval Counties Assessors and the State of New Mexico Department of Taxation and Revenue at one-third of assessed valuation. Property in the District for the fiscal year 2015 tax levy had a taxable value of \$ 15,095,456,570.

The rate of taxes for operating purposes for all taxing jurisdictions is limited by the State Constitution to 20 mills (\$20 per \$1,000 assessed valuation) of which the District's House Bill 33 portion, by state regulation, is limited to 15 mills. Taxes are payable in two equal installments due on November 10 and April 10 and become delinquent after 30 days.

	Unavailable Revenue			Current Portion Delinquent Taxes	Accounts Receivable
	Current Taxes	Delinquent Taxes	Total		
General Fund	\$ 192,393	\$ 360,979	\$ 553,372	\$ 59,029	\$ 612,401
Capital Projects	3,079,684	5,892,171	8,971,855	981,429	9,953,284
Debt Service	2,374,229	4,384,989	6,759,218	731,105	7,490,323

The District has calculated property taxes by multiplying the tax levy by the taxable value, reducing that amount by actual collections, and recording the difference as unavailable revenue. Delinquent property taxes are estimated based on the various mill levies, as the split between funds is not available from the taxing districts. The amount estimated at June 30, 2015 for delinquent taxes is \$10,638,139 and is recorded as unavailable revenue.

**NOTE 10. Other Required Individual Fund Disclosures**

**NOTE 11. ERA Pension Plan**

**General Information about the Pension Plan**

**Plan description.** ERB was created by the state's Educational Retirement Act, Section 22-11-1 through 22-11-52, NMSA 1978, as amended, to administer the New Mexico Educational Employees' Retirement Plan (Plan). The Plan is a cost-sharing, multiple employer plan established to provide retirement and disability benefits for certified teachers and other employees of the state's public schools, institutions of higher learning, and agencies providing educational programs. The Plan is a pension trust fund of the State of

State of New Mexico  
Albuquerque Municipal School District No. 12  
**Notes to the Financial Statements**  
**June 30, 2015**

New Mexico. The New Mexico legislature has the authority to set or amend contribution rates. ERB issues a publicly available financial report and a comprehensive annual financial report that can be obtained at [www.nmerb.org](http://www.nmerb.org).

**Benefits provided.** A member's retirement benefit is determined by a formula which includes three component parts: the member's final average salary (FAS), the number of years of service credit, and a 0.0235 multiplier. The FAS is the average of the member's salaries for the last five years of service or any other consecutive five-year period, whichever is greater. A brief summary of Plan coverage provisions follows:

For members employed before July 1, 2010, a member is eligible to retire when one of the following events occurs: the member's age and earned service credit add up to the sum of 75 or more; the member is at least sixty-five years of age and has five or more years of earned service credit; or the member has service credit totaling 25 years or more.

Chapter 288, Laws of 2009 changed the eligibility requirements for new members first employed on or after July 1, 2010. The eligibility for a member who either becomes a new member on or after July 1, 2010, or at any time prior to that date refunded all member contributions and then became, or becomes, reemployed after that date is as follows: the member's age and earned service credit add up to the sum of 80 or more; the member is at least sixty-seven years of age and has five or more years of earned service credit; or the member has service credit totaling 30 years or more.

The benefit is paid as a monthly life annuity with a guarantee that, if the payments made do not exceed the member's accumulated contributions plus accumulated interest, determined as of the date of retirement, the balance will be paid in a lump sum to the member's surviving beneficiary. There are three benefit options available: single life annuity; single life annuity monthly benefit reduced to provide for a 100% survivor's benefit; or single life annuity monthly benefit is reduced to provide for a 50% survivor's benefit.

Retired members and surviving beneficiaries receiving benefits receive an automatic cost of living adjustment (COLA) to their benefit each July 1, beginning in the year the member attains or would have attained age 65 or on July 1 of the year following the member's retirement date, whichever is later. Prior to June 30, 2013 the COLA adjustment was equal to one-half the change in the Consumer Price Index (CPI), except that the COLA shall not exceed 4% nor be less than 2%, unless the change in CPI is less than 2%, in which case, the COLA would equal the change in the CPI, but never less than zero. As of July 1, 2013, for current and future retirees the COLA was immediately reduced until the plan is 100% funded. The COLA reduction was based on the median retirement benefit of all retirees excluding disability retirements. Retirees with benefits at or below the median and with 25 or more years of service credit will have a 10% COLA reduction; their average COLA will be 1.8%. All other retirees will have a 20% COLA reduction; their average COLA will be 1.6%. Once the funding is greater than 90%, the COLA reductions will decrease. The retirees with benefits at or below the median and with 25 or more years of service credit will have a 5% COLA reduction; their average COLA will be 1.9%. All other retirees will have a 10% COLA reduction; their average will be 1.8%. Members on disability retirement are entitled to a COLA commencing on July 1 of the third full year following disability retirement. A member on regular retirement who can prove retirement because of a disability may qualify for a COLA beginning July 1 in the third full year of retirement.

State of New Mexico  
Albuquerque Municipal School District No. 12  
**Notes to the Financial Statements**  
**June 30, 2015**

A member is eligible for a disability benefit provided (a) he or she has credit for at least 10 years of service, and (b) the disability is approved by ERB. The monthly benefit is equal to 2% of FAS times years of service, but not less than the smaller of (a) one-third of FAS or (b) 2% of FAS times year of service projected to age 60. The disability benefit commences immediately upon the member's retirement. Disability benefits are payable as a monthly life annuity, with a guarantee that, if the payments made do not exceed the member's accumulated contributions, determined as of the date of retirement, the balance will be paid in a lump sum to the member's surviving beneficiary. If the disabled member survives to age 60, the regular optional forms of payment are then applied. A member with five or more years of earned service credit on deferred status may retire on disability retirement when eligible under the Rule of 75 or when the member attains age 65.

**Contributions.** The contribution requirements of defined benefit plan members and the District are established in state statute under Chapter 10, Article 11, NMSA 1978. The requirements may be amended by acts of the legislature. For the fiscal year ended June 30, 2014 employers contributed 13.15% of employees' gross annual salary to the Plan. Employees earning \$20,000 or less contributed 7.90% and employees earning more than \$20,000 contributed 10.10% of their gross annual salary. For fiscal year ended June 30, 2015 employers contributed 13.90%, and employees earning \$20,000 or less continued to contribute 7.90% and employees earning more than \$20,000 contributed an increased amount of 10.70% of their gross annual salary. Contributions to the pension plan from the District were \$67,255,320 for the year ended June 30, 2015.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions:** The total ERB pension liability, net pension liability, and sensitivity information were based on an annual actuarial valuation performed as of June 30, 2013. The total ERB pension liability was rolled forward from the valuation date to the Plan year ending June 30, 2014, using generally accepted actuarial principles. Therefore, the employer's portion was established as of the measurement date June 30, 2014. At June 30, 2015, the District reported a liability of \$970,374,781 for its proportionate share of the net pension liability. The District's proportion of the net pension liability is based on the employer contributing entity's percentage of total employer contributions for the fiscal year ended June 30, 2014. The contribution amounts were defined by Section 22-11-21, NMSA 1978. At June 30, 2014, the District's proportion was 17.00702%; 17.21900% was its proportion measured as of June 30, 2013.

For the year ended June 30, 2015, the District recognized pension expense of \$63,750,822. At June 30, 2015, the District reported deferred outflows of resources and deferred inflows or resources related to pensions from the following sources:

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Total	\$ 112,543,137

**Actuarial assumptions.** As described above, the total ERB pension liability and net pension liability are based on an actuarial valuation performed as of June 30, 2013. The total ERB pension liability was rolled forward from the valuation date to the Plan year ending June 30, 2014 using generally accepted actuarial principles. There were no significant events or changes in benefit provisions that required an adjustment to the roll-forward liabilities as of June 30, 2014. Specifically, the liabilities measured as of June 30, 2014 incorporate the following assumptions:

1. All members with an annual salary of more than \$20,000 will contribute 10.10% during the fiscal year ending June 30, 2014 and 10.7% thereafter.
2. Members hired after June 30, 2013 will have an actuarially reduced retirement benefit if they retire before age 55 and their COLA will be deferred until age 67.
3. COLAs for most retirees are reduced until ERB attains a 100% funded status.
4. These assumptions were adopted by ERB on April 26, 2013 in conjunction with the six-year experience study period ending June 30, 2012.

State of New Mexico  
Albuquerque Municipal School District No. 12  
**Notes to the Financial Statements**  
**June 30, 2015**

For the purposes of projecting future benefits, it is assumed that the full COLA is paid in all future years. The actuarial methods and assumptions used to determine contribution rates included in the measurement are as follows:

Actuarial Cost Method	Entry Age Normal
Amortization Method	Level Percentage of Payroll
Remaining Period	Amortized – closed 30 years from June 30, 2012 to June 30, 2042
Asset Valuation Method (valuation)	5 year smoothed market for funding valuation (fair value for financial valuation)
Inflation	3.00%
Salary Increases	Composition: 3% inflation, plus 1.25% productivity increase rate, plus step rate promotional increases for members with less than 10 years of service
Investment Rate of Return	7.75%
Retirement Age	Experience based table of age and service rates
Mortality	90% of RP-2000 Combined Mortality Table with White Collar Adjustment projected to 2014 using Scale AA (one year setback for females)

The long-term expected rate of return on pension plan investments is determined annually using a building-block approach that includes the following: 1) rate of return projections are the sum of current yield plus projected changes in price (valuation, defaults, etc.), 2) application of key economic projections (inflation, real growth, dividends, etc.), and 3) structural themes (supply and demand imbalances, capital flows, etc.). These items are developed for each major asset class. Best estimates of geometric real rates of return for each major asset class included in the Plan's target asset allocation for 2014 and 2013 for 30-year return assumptions are summarized in the following table:

**Discount rate:** A single discount rate of 7.75% was used to measure the total ERB pension liability as of June 30, 2014 and June 30, 2013. This single discount rate was based on the expected rate of return on pension plan investments of 7.75%. Based on the stated assumptions and the projection of cash flows, the Plan's fiduciary net position and future contributions were projected to be available to finance all projected future benefit payments of current pension plan members. Therefore the long term expected rate of return on Plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The projection of cash flows used to determine this single discount rate assumed that Plan contributions will be made at the current statutory levels. Additionally, contributions received through the Alternative Retirement Plan (ARP), ERB's defined contribution plan, are included in the projection of cash flows. ARP contributions are assumed to remain at a level percentage of ERB payroll, where the percentage of payroll is based on the most recent five year contribution history.

**Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate.** The following table presents the (agency name)'s proportionate share of the net pension liability calculated using the discount rate of 7.75 percent, as well as what the (agency name)'s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.75 percent) or 1-percentage-point higher (8.75 percent) than the current rate.

State Retiree Health Care Act:

**Plan Description:** The District contributes to the New Mexico Retiree Health Care Fund, a cost-sharing multiple-employer defined benefit post-employment healthcare plan administered by the New Mexico Retiree Health Care Authority (RHCA). The RHCA provides health care insurance and prescription drug benefits to retired employees of participating New Mexico government agencies, their spouses, dependents, and surviving spouses and dependents. The RHCA Board was established by the Retiree Health Care Act (Chapter 10, Article 7C, NMSA 1978). The Board is responsible for establishing and amending benefit provisions of the healthcare plan and is also authorized to designate optional and/or voluntary benefits like dental, vision, supplemental life insurance, and long-term care policies.

Eligible retirees are: 1) retirees who make contributions to the fund for at least five years prior to retirement and whose eligible employer during that period of time made contributions as a participant in the RHCA plan on the person's behalf unless that person retires before the employer's RHCA effective date, in which event the time period required for employee and employer contributions shall become the period of time between the employer's effective date and the date of retirement; 2) retirees defined by the Act who retired prior to July 1, 1990; 3) former legislators who served at least two years; and 4) former governing authority members who served at least four years.

The RHCA issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for the post-employment healthcare plan. That report and further information can be obtained by writing to the Retiree Health Care Authority at 4308 Carlisle NE, Suite 104, Albuquerque, NM 87107.

**Funding Policy:** The Retiree Health Care Act (Section 10-7C-13 NMSA 1978) authorizes the RHCA Board to establish the monthly premium contributions that retirees are required to pay for healthcare benefits. Each participating retiree pays a monthly premium according to a service based subsidy rate schedule for the medical plus basic life plan plus an additional participation fee of five dollars if the eligible participant retired prior to the employer's RHCA effective date or is a former legislator or former governing authority member. Former legislators and governing authority members are required to pay 100% of the insurance premium to cover their claims and the administrative expenses of the plan. The monthly premium rate schedule can be obtained from the RHCA or viewed on their website at [www.nmrhca.state.nm.us](http://www.nmrhca.state.nm.us).

The employer, employee and retiree contributions are required to be remitted to the RHCA on a monthly basis. The statutory requirements for the employer and employee contributions can be changed by the New Mexico State Legislature. Employers that choose to become participating employers after January 1,

1998 are required to make contributions to the RHCA fund in the amount determined to be appropriate by the board.

The Retiree Health Care Act (Section 10-7C-15 NMSA 1978) is the statutory authority that establishes the required contributions of participating employers and their employees. For employees who were members of an enhanced retirement plan (state police and adult correctional officer member coverage plan 1; municipal police member coverage plan 3, 4 or 5; municipal fire member coverage plan 3, 4 or 5; municipal detention officer member coverage plan 1; and members pursuant to the Judicial Retirement Act) during the fiscal year ended June 30, 2015, the statute required each participating employer to contribute 2.5% of each participating employee's annual salary; and each participating employee was required to contribute 1.25% of their salary. For employees who were not members of an enhanced retirement plan during the fiscal year ended June 30, 2015, the statute required each participating employer to contribute 2.0% of each participating employee's annual salary; each participating employee was required to contribute 1.0% of their salary. In addition, pursuant to Section 10-7C-15(G) NMSA 1978, at the first session of the Legislature following July 1, 2013, the legislature shall review and adjust the distributions pursuant to Section 7-1-6.1 NMSA 1978 and the employer and employee contributions to the authority in order to ensure the actuarial soundness of the benefits provided under the Retiree Health Care Act.

The District's contributions to the RHCA for the years ended June 30, 2015, 2014, and 2013 were \$9,602,800, \$9,125,695 and \$9,553,387 respectively, which equal the required contributions for each year.

**Post-Employment Life Insurance Benefits and Required Supplementary Information:**

**Plan Description:** The District's Postemployment Life Insurance Plan is a single employer defined benefit plan administered by the District that provides Basic Life Insurance to a frozen group of employees who retired prior to July 1, 2000. Insurance benefits are authorized by a resolution from the District's Board of Education. This amount is equal to \$1,000, increased by \$200 as of each anniversary of employment, subject to a maximum benefit of \$4,000. A fully-insured premium rate of \$1.830/\$1,000 is charged; the retirees make a 100% contribution toward this coverage. The number of retirees covered as of July 1, 2015 was 1,285 and the present value of coverage was \$2,626,753.

**Optional Life Insurance** is also offered to those employees who retired prior to July 31, 2001. The fully-insured premium rates are age-banded. Effective January 1, 2014 eligible retirees pay 100% of all life insurance premiums. The number of retirees covered as of July 1, 2015 was 2,130 and retiree contributions were \$890,113. Life insurance benefits are paid through premiums to Standard Life Insurance Company under an indemnity plan. The District's Board is responsible for establishing and amending benefit provisions of the Post Employment Life Insurance Plan.

**Annual OPEB Cost and Annual Required Contribution:** The major component of the annual OPEB cost is the annual required contribution (ARC). The ARC is the sum of the normal cost and the amortization of the unfunded actuarial accrued liability. The unfunded actuarial accrued liability is amortized over the average life expectancy for the retired population of nine years.

The other components of the annual OPEB cost are one year's interest on the net OPEB obligation (defined below) at the beginning of the year and adjustment to the ARC. The adjustment to the ARC is the discounted present value of the net OPEB obligation at the beginning of the year.

06/30/2015	287,685	55.8%	590,446

**Methods and Assumptions:**

GASB 45 allows the use of one of several actuarial cost methods. These cost methods allocate the OPEB costs differently. The method used in this valuation is the *Projected Unit Credit Method*. The valuation results are developed assuming a discount rate of 3% and an amortization period of 9 years. Under GASB 45, the discount rate to be used for the valuation is determined based on the long term investment yield on the investments used to finance the payment of benefits. For this valuation it is assumed that postemployment benefits are paid from general assets which generally consist of short-term investments.

Actuarial valuations for OPEB plans involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. Actuarially determined amounts are subject to continual revision as results are compared to past expectations and new estimates are made about the future.

State of New Mexico  
Albuquerque Municipal School District No. 12  
**Notes to the Financial Statements**  
**June 30, 2015**

Actuarial calculations of the OPEB plan reflect a long term perspective.

Calculations are based on the OPEB benefits provided under the terms of the substantive plan in effect at the time of each valuation. Post-employment life insurance is funded 100% by retiree participants.

The participation assumption is the assumed percentage of future retirees that participate and enroll in the life insurance plan. The participation assumption used in this valuation is 100%.

**Funded Status:**

The actuarial accrued liability is the present value of future benefits which is attributable to past service. The unfunded actuarial accrued liability is the difference between the actuarial accrued liability and the actuarial value of plan assets. There are no plan assets. The most recent valuation includes an Actuarial Accrued Liability and unfunded Actuarial Liability of \$2,626,753. Amortization of unfunded Actuarial Accrued Liability is a Level Dollar amount and the period used for amortization of unfunded balances is closed. The closed plan is for retired employees. The plan is considered pay-as-you-go.

**NOTE 13. Contingent Liabilities**

A number of legal claims are presently pending against the District. It is the opinion of the District's management, after consulting with outside legal counsel, that final settlement of these matters will not exceed estimated defense and liability accruals, and will not result in any material adverse effect on the financial position of the District.

The District receives revenues from various Federal and State grant programs, which are subject to review and approval as to allowable expenditures by the respective grantor agencies. Any settlements or expenditures arising from a final review are recognized in the period agreed upon by the agency and the District.

**Commitments:**

Albuquerque Public Schools contracts with outside vendors for construction and renovation of various facilities. At June 30, 2015, commitments and encumbrances outstanding for capital projects totaled \$77,660,199.

---

**NOTE 14. Risk Management**

The District is exposed to various risks of loss related to theft of, damage to and destruction of assets; errors and omissions; and injuries to employees. APS established a self-insurance fund to conduct these risks and administers its own employee benefit and risk management programs as a self-insured program. APS purchases specific excess insurance. There is a self-insured retention (per occurrence) of \$550,000 for workers compensation, \$350,000 for liability and \$250,000 for property. APS is subject to tort immunities. School board errors and omissions have \$350,000 retention. APS believes its main exposure to risk of loss is in the category of liability claims. Any loss exceeding the deductible of \$350,000 would be covered under the purchased excess loss policy. Losses in the mentioned categories are the subject of insurance and/or actuarially reviewed retentions. APS has not incurred any losses in excess of coverage during the past 4 years. The claims liabilities reported in the Risk Management Fund are based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported

(IBNRs). The result of the process to estimate the claims liability is not an exact amount as it depends on many complex factors, such as inflation, changes in legal doctrines, and damage awards. Accordingly, claims are reevaluated periodically to consider the effects of inflation, recent claim settlement trends (including frequency and amount of pay-outs), and other economic factors. The actuarial review validated that the current reserves are adequate for reserves in anticipation of adverse developments in reported cases and for claims which may have occurred but have not yet been reported.

Liabilities for estimated claims for the last two years are summarized below. Liabilities at June 30, 2015 for health, dental and vision are stated at 90% confidence level plus 15% to provide for claims fluctuation margin in the event of catastrophic claims. Liability balances for worker's compensation and liability and property are stated at 90% confidence level.

**NOTE 15. Subsequent Events**

On October 7, 2015, APS sold \$70 million in General Obligation Notes. This funding will be used to fund capital project needs throughout the District. This sale is the second installment of the \$200 million authorization approved by voters in February 2013.

**NOTE 16. Joint Powers Agreements**

1. The District has entered into Joint Powers Agreements with the City of Albuquerque (the City) to develop, improve and maintain Joint Use Parks for use by the city as public parks and by the District as public school grounds. The District has exclusive use of the facilities during regular school operating hours. At all other times, the City may use the facilities. The City currently has responsibility for the maintenance of 20 of these Joint Use Parks and charges the District for its 35% (approximately \$200,000 per year) share of the maintenance costs on a quarterly basis.
2. The District entered into a Joint Powers Agreement with the City of Albuquerque (the City) on April 21, 1976 for the construction and maintenance of an indoor swimming pool at Highland High School. The

District paid approximately \$300,000 and the City paid for the balance of the total design and construction cost of approximately \$670,000. The City is responsible, at its sole expense, for the maintenance, operation, and custodial care of the facility. The District has first priority in using the facility during regular school hours during the regular school year and for a period of one and one half hours after regular school hours during the competitive swimming season. The City has the right to use the facility on a space available basis during this time. The District has second priority to use the facility for school related purposes at other times. The term of this agreement shall expire 75 years from the date of completion and acceptance of the facility. Upon termination, the City's rights in the facility shall cease and the District shall be the sole owner thereof.

3. The District entered into a Joint Powers Agreement with the County of Bernalillo (the County) on March 17, 1976 for the construction and maintenance of an indoor swimming pool at Rio Grande High School. The County paid \$250,000 and the District paid for the balance of the total design and construction cost of approximately \$680,000. The County is responsible, at its sole expense, for the maintenance, operation and custodial care of the facility. The District has first priority in using the facility during regular school hours during the regular school year and for a period of one and one half hours after regular school hours during the competitive swimming season. The County has the right to use the facility on a space available basis during this time. The District has second priority to use the facility for school related purposes at other times. The term of this agreement shall expire 75 years from the date of completion and acceptance of the facility. Upon termination, the County's rights in the facility shall cease and the District shall be the sole owner thereof.
4. The District entered into a Joint Powers Agreement with the City of Albuquerque (the City) on August 1, 1987 for the construction and maintenance of an indoor swimming pool at Sandia High School. The City and the District each paid half of the total design and construction cost of approximately \$1,000,000. The City is responsible, at its sole expense, for the maintenance, operation and custodial care of the facility. The District has first priority in using the facility during regular school hours during the regular school year and for a period of one and one half hours after regular school hours during the competitive swimming season. The City has the right to use the facility on a space available basis during this time. The District has second priority to use the facility for school related purposes at other times. The term of this agreement shall expire 75 years from the date of completion and acceptance of the facility. Upon termination, the City's rights in the facility shall cease and the District shall be the sole owner thereof.
5. The District entered into a Joint Powers Agreement with the City of Albuquerque (the City) on November 6, 1981 for the construction and maintenance of a soccer field / play area at Osuna Elementary School. The City paid approximately \$93,500 and the District paid approximately \$30,000 of the total design and construction cost of approximately \$123,500. The City is responsible, at its sole expense, for the maintenance, operation and custodial care of the facility. The District has first priority in using the facility during regular school hours during the school year. The District has second priority to use the facility at other times. The term of this agreement shall expire 75 years from the date of completion and acceptance of the facility. Upon termination, the City's rights in the facility shall cease and the District shall be the sole owner thereof.
6. The District entered into an Intergovernmental Agreement with the City of Albuquerque (the City) on October 4, 2000 providing for operation by the City of a community center at McKinley Middle School. The term of the agreement will be fifty years from the effective date. The agreement provides for the joint use of the facility by the City and the District. The City has sole responsibility for maintenance, operation, and custodial care of the community center. The District has exclusive use of the facility during regular school hours, the City has exclusive use of the facility outside of school hours. The City

also has access to McKinley Middle School facilities including the gymnasium, cafeteria and restrooms for community center program use outside of regular school hours. The City owns the community center facility and associated improvements, and the District owns the site. Upon termination of the agreement the District will assume ownership of the facility.

7. A supplement to the McKinley Middle School Community Center Intergovernmental Agreement entered into June 30, 2003 provided for the addition of a sports and fitness center to be built, managed and operated by the City at the McKinley Middle School site.
8. The District entered into an agreement with the City of Albuquerque (the City) on January 1, 2014 for temporary use of excess water rights associated with the District's OSE Permit RG-323 water rights permit. The City agreed to pay the District an annual processing fee of \$1,000 and \$11,148 for 139.35 acre feet of diversion rights. This agreement is effective until December 31, 2015.
9. The District entered into an agreement with the City of Albuquerque (the City) on August 29, 2014 for temporary use of excess water rights associated with the District's OSE Water Rights Declarations SD-08357 and SD-08358. The City agreed to pay the District an initial processing fee of \$3,400 and \$11,679 for 145.987 acre feet of diversion rights. This agreement is effective until December 31, 2015.
10. The District entered into an agreement with the City of Albuquerque (the City) on March 20, 2015 for temporary use of excess water rights associated with the District's OSE Water Rights Declaration SD-08878. The City agreed to pay the District an initial processing fee of \$3,200 and \$1,825 for 22.818 acre feet of diversion rights. An additional agreement with the City was made for temporary use of excess water rights associated with the District's OSE Water Rights Declaration SD-08878. The City agreed to pay \$80 for an additional 5.532 acre foot of diversion rights. Both of these agreements are effective until December 31, 2015.
11. The District entered into an into an agreement with the City of Albuquerque (the City) on April 20, 2015 to allow the District and the City to mutually benefit agreed upon improvements to occur at Longfellow E.S. and Martineztown Park. The City and the District will jointly fund, collaborate on, and coordinate construction of a landscape and shared streetscape along the east side of Edith Boulevard NE between Roman Avenue and Martin Luther King Boulevard. The Parties agree that the apportionment of costs shall be based on the cost of the construction features on each party's respective property, as indicated in each bid lot contained within the single bid proposal. The District's estimated cost for this project is \$196,298.
12. The District entered into an agreement with the City of Albuquerque (the City) to provide funding from the City to the District to plan, design, and construct, furnish, and/or equip a batter's eye and other improvements to the baseball fields at Volcano Vista High School. The District shall furnish or arrange for the furnishing of all labor, materials, and equipment, and for all performance of all work in the construction of the project at the District's sole expense. The City will grant the District a total of \$11,200 for the project which should cover the full cost. The district will use its best efforts to ensure the project is completed no later than December 31, 2015.

The District entered into an agreement with South Valley Academy (SVA) on June 6, 2013 effective July 1, 2013 regarding the use of certain school facilities including 16 acres of land, permanent buildings, and portable buildings at 3426 Blake Road SW, Albuquerque, NM. The District is responsible for any property improvements and/or major repairs. SVA is responsible any cost related to operating and maintaining the site. SVA will be responsible for all costs of removing any portable buildings. The District billed SVA \$249,363 for rental of these facilities during the 2014-2015 school year. This agreement is effective as long as SVA's charter has not been revoked and SVA remains in compliance with terms of the agreement.

**Childhood Development Centers**

18. The District and the City of Albuquerque cooperate in the operation of Childhood Development Centers to provide early childhood education and full-day, year around child day care for children from lower-income families located on eight school sites in the City. The City has provided for the purchase and any necessary modifications of portable classrooms, development of playground areas and other expenditures required for the establishment of the centers. The District has provided space for the installation of the classrooms and retains title to the facilities. The City provides for the staffing and general operation of the centers. This agreement is governed by the 1997 Master Agreement between the District and the city which allows the City to use APS facilities (and allows the District to use City facilities).

**Head Start Program**

19. A Memorandum of Agreement between the District and the Youth Development, Inc. (YDI) dated May 1, 2000 provides for the operation of Head Start Programs at seven District school locations. The agreement was updated effective June 13, 2013 and expires June 30, 2016. YDI assumed costs associated for purchase of buildings, transportation, site development, playground construction, utility extensions, meters and operating expenses. Buildings and materials are the property of YDI. APS provides space at the sites. YDI is responsible for maintenance of the facilities. YDI provides Headstart services on a long term basis for the duration of the Headstart contract with the U.S. Department of Health and Human Services.

**Museum of Natural History and Science**

20. The District entered into a Joint Powers & Lease Agreement with the Museum of Natural History and Science, a division of the Department of Cultural Affairs, State of New Mexico (the Museum) on September 5, 2014 to develop, improve, operate and maintain an environmental education center that offers educational programs to public and private schools in the state. This agreement expires September 5, 2019. The Museum shall provide and conduct educational programs at the facility for students and teachers from APS and other school districts. The Museum will be responsible for the everyday routine maintenance of the facility. The District shall provide an Environmental Education Resource Teacher at the Center and will be responsible for non-routine major maintenance for the facility. Major maintenance expenditures over \$2,500 must be approved by the Board. The District retains ownership and use of all water and water rights at the facility.

**Central New Mexico Community College**

21. The District entered into a memorandum of understanding with the Central New Mexico Community College (CNM) on June 13, 2013 effective July 1, 2013 regarding establishing an APS High School on the CNM Main Campus. The goal of this agreement to increase the number of students earning a high school diploma and a CNM certificate or two-year associate degree within three years of entry into the tenth grade. The District has agreed to enroll 100 students into the APS CNM High School. These students will be enrolled in at least 50% dual credit courses for the 2013-2014 academic year. CNM will make the CNM facilities available to the District for the sole purpose of operating a high school on the CNM campus at no cost to APS. This agreement expires on June 30, 2016.

**NOTE 17. Subsequent Accounting Standard Pronouncements**

---

GASB has issued the following statements, which are applicable in future years. At this time, management has not determined the impact, if any on the District.

**Statement No. 72**

***Fair Value Measurement and Application***

Effective Date: The requirements of this Statement are effective for financial statements for reporting periods beginning after June 15, 2015.

This Statement addresses accounting and financial reporting issues related to fair value measurements. The definition of *fair value* is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This Statement provides guidance for determining a fair value measurement for financial reporting purposes. This Statement also provides guidance for applying fair value to certain investments and disclosures related to all fair value measurements.

**Statement No. 73**

***Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68***

Effective Date: The provisions in Statement 73 are effective for fiscal years beginning after June 15, 2015, except those provisions that address employers and governmental nonemployer contributing entities for pensions that are not within the scope of Statement 68, which are effective for fiscal years beginning after June 15, 2016.

The objective of this Statement is to improve the usefulness of information about pensions included in the general purpose external financial reports of state and local governments for making decisions and assessing accountability. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for all postemployment benefits with regard to providing decision-useful information, supporting assessments of accountability and interperiod equity, and creating additional transparency.

This Statement establishes requirements for defined benefit pensions that are not within the scope of Statement No. 68, *Accounting and Financial Reporting for Pensions*, as well as for the assets accumulated for purposes of providing those pensions. In addition, it establishes requirements for defined contribution pensions that are not within the scope of Statement 68. It also amends certain provisions of Statement No. 67, *Financial Reporting for Pension Plans*, and Statement 68 for pension plans and pensions that are within their respective scopes.

The requirements of this Statement extend the approach to accounting and financial reporting established in Statement 68 to all pensions, with modifications as necessary to reflect that for accounting and financial reporting purposes, any assets accumulated for pensions that are provided through pension plans that are not administered through trusts that meet the criteria specified in Statement 68 should not be considered pension plan assets. It also requires that information similar to that required by Statement 68 be included in notes to financial statements and required supplementary information by all similarly situated employers and nonemployer contributing entities.

State of New Mexico  
Albuquerque Municipal School District No. 12  
**Notes to the Financial Statements**  
**June 30, 2015**

This Statement also clarifies the application of certain provisions of Statements 67 and 68 with regard to the following issues:

1. Information that is required to be presented as notes to the 10-year schedules of required supplementary information about investment-related factors that significantly affect trends in the amounts reported
2. Accounting and financial reporting for separately financed specific liabilities of individual employers and nonemployer contributing entities for defined benefit pensions
3. Timing of employer recognition of revenue for the support of nonemployer contributing entities *not* in a special funding situation.

**Statement No. 74**

***Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans***

Effective Date: The provisions in Statement 74 are effective for fiscal years beginning after June 15, 2016.

The objective of this Statement is to improve the usefulness of information about postemployment benefits other than pensions (other postemployment benefits or OPEB) included in the general purpose external financial reports of state and local governmental OPEB plans for making decisions and assessing accountability. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for all postemployment benefits (pensions and OPEB) with regard to providing decision-useful information, supporting assessments of accountability and interperiod equity, and creating additional transparency.

This Statement replaces Statements No. 43, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, as amended, and No. 57, *OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans*. It also includes requirements for defined contribution OPEB plans that replace the requirements for those OPEB plans in Statement No. 25, *Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans*, as amended, Statement 43, and Statement No. 50, *Pension Disclosures*.

Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, establishes new accounting and financial reporting requirements for governments whose employees are provided with OPEB, as well as for certain nonemployer governments that have a legal obligation to provide financial support for OPEB provided to the employees of other entities

The scope of this Statement includes OPEB plans—defined benefit and defined contribution—administered through trusts that meet the following criteria:

- Contributions from employers and nonemployer contributing entities to the OPEB plan and earnings on those contributions are irrevocable.
- OPEB plan assets are dedicated to providing OPEB to plan members in accordance with the benefit terms.
- OPEB plan assets are legally protected from the creditors of employers, nonemployer contributing entities, and the OPEB plan administrator. If the plan is a defined benefit OPEB plan, plan assets also are legally protected from creditors of the plan members.
- This Statement also includes requirements to address financial reporting for assets accumulated for purposes of providing defined benefit OPEB through OPEB plans that are *not* administered through trusts that meet the specified criteria.

 Albuquerque Municipal School District No. 12  
**Notes to the Financial Statements**  
 June 30, 2015

**GASB Statement No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments***

Effective Date: The provisions in Statement 76 are effective for reporting periods beginning after June 15, 2015. Earlier application is encouraged.

The objective of this Statement is to identify—in the context of the current governmental financial reporting environment—the hierarchy of generally accepted accounting principles (GAAP). The “GAAP hierarchy” consists of the sources of accounting principles used to prepare financial statements of state and local governmental entities in conformity with GAAP and the framework for selecting those principles. This Statement reduces the GAAP hierarchy to two categories of authoritative GAAP and addresses the use of authoritative and nonauthoritative literature in the event that the accounting treatment for a transaction or other event is not specified within a source of authoritative GAAP.

This Statement supersedes Statement No. 55, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*. The requirements of this Statement are effective for financial statements for periods beginning after June 15, 2015, and should be applied retroactively. Earlier application is permitted.

**NOTE 18. Restatements**

During the fiscal year ended June 30, 2015, the District implemented GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, and the related GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – an Amendment of GASB Statement No 68*, by recognizing its net pension liability related to its pension plans. Accordingly, the cumulative effect of the accounting change is recorded at the beginning of the year in the financial statements as detailed below.

In addition, as described in Note 19-(O) to the financial statements, some of the Charter Schools authorized by the District (component units of the District) contained restatements in their financial statements to the beginning fund balance and net position to correct misstatements in the June 30, 2014 financial statements.

	Governmental Activities	Internal Service Fund	Component Units

**NOTE 19. Component Unit – Charter Schools**

---

The following are dependent charter schools formed under NMSA 22-8A and, as such, are presented here as discrete component units of Albuquerque Municipal School District No. 12:

21 <sup>st</sup> Century Public Academy	Gordon Bernell Charter School
Albuquerque Charter Academy (formerly School for Integrated Academics & Technologies)	La Academia de Esperanza
Albuquerque Talent Development Academy	Los Puentes Charter School
Alice King Community School	Montessori of the Rio Grande
Christine Duncan Heritage Academy	Mountain Mahogany Community School
Corrales International Charter School	Native American Community Academy
Digital Arts & Technology Academy	Nuestros Valores Charter School
El Camino Real Academy	Public Academy for Performing Arts
	Robert F. Kennedy Charter School
	South Valley Academy
	The Bataan Military Academy

District management has determined that charter schools are major component units of the District under GASB Statement #14 (as amended by GASB 34 and 61), since their operating budgets and charters are annually presented and approved by the District's board and a financial burden exists upon closure of a school or when the school is in need of financial assistance. Refer to previous footnotes for significant policies of the charter schools, as they are subject to the same State and Federal regulations and follow the same policies as the District. The following are summarized details of the charter schools' balances and transactions as of June 30, 2015 and for the year then ended:

**A. Cash and Cash Equivalents**

State statutes authorize the investment of charter school funds in a wide variety of instruments, including certificates of deposit and other similar obligations, state investment pool, money market accounts, and United States Government obligations. All invested funds of the charter schools properly followed State investment requirements as of June 30, 2015.

Deposits of funds may be made in interest or non-interest bearing checking accounts in one or more banks or savings and loan associations within the geographical boundaries of the charter school. Deposits may be made to the extent that they are insured by an agency of the United States or by collateral deposited as security or by bond given by the financial institution.

The rate of interest in non-demand interest-bearing accounts shall be set by the State Board of Finance, but in no case shall the rate of interest be less than one hundred percent of the asked price on United States treasury bills of the same maturity on the day of deposit.

Excess of funds may be temporarily invested in securities which are issued by the State or by the United States government, or by their departments or agencies, and which are either direct obligations of the State or the United States or are backed by the full faith and credit of those governments.

The collateral pledged is listed on Schedule I of this report. The types of collateral allowed are limited to direct obligations of the United States Government and all bonds issued by any agency, district or political subdivision of the State of New Mexico.

State of New Mexico  
 Albuquerque Municipal School District No. 12  
**Notes to the Financial Statements**  
**June 30, 2015**

According to the Federal Deposit Insurance Corporation, public unit deposits are funds owned by the public unit. Time deposits, savings deposits and interest-bearing NOW accounts of a public unit in an institution in the same state will be insured up to \$250,000 in aggregate and separate from the \$250,000 coverage for public unit demand deposits at the same institution.

**Deposits**

New Mexico State Statutes require collateral pledged for deposits in excess of the federal deposit insurance to be delivered, or a joint safekeeping receipt be issued, to the Schools for at least one-half of the amount on deposit with the institution. The Schedule I listed in the financial statements of each school will meet the State of New Mexico, Office of the State Auditor's requirements in reporting the insured portion of the deposits.

***Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions.*** The total ERB pension liability, net pension liability, and sensitivity information were based on an annual actuarial valuation performed as of June 30, 2013. The total ERB pension liability was rolled forward from the valuation date to the Plan year ending June 30, 2014, using generally accepted actuarial principles. Therefore, the employer's portion was established as of the measurement date June 30, 2014. At June 30, 2015, the charter schools reported liabilities for their proportionate share of the net pension liability, as detailed in the table below. The charter schools' proportion of the net pension liability is based on the employer contributing entity's percentage of total employer contributions for the fiscal year ended June 30, 2014. The contribution amounts were defined by Section 22-11-21, NMSA 1978. At June 30, 2014 and June 30, 2013, the charter schools' proportions were as detailed in the following table. For the year ended June 30, 2015, the charter schools recognized pension expense in the amounts as further detailed in the following table.

**E. Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. There were items that qualified for reporting in this category as of June 30, 2015 and are related to the net pension liabilities. In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. There were items reported in this category as of June 30, 2015, which are related to the net pension liabilities, unavailable property tax revenues and also resources with time restrictions.

**June 30, 2015**

Los Puentes Educational Foundation with an option to purchase. The agreement requires monthly payments of \$18,378, with an initial payment of \$710,000. The lease includes a termination clause in the event the school does not have sufficient funds to make the lease payments. Total payments to the Foundation for the lease purchase were \$940,270, which included additional principal payments made and the down payment of \$710,000. Given the related party relationship, the principal portion of the capital lease is equal to the Foundation's note payable principal balance, excluding any additional payments made to the Foundation and not yet paid to the bank by the Foundation.

Montessori of the Rio Grande: Lease payments were paid to APS for the fiscal year totaling \$114,872. In addition, the school has an MOU with APS for the school facilities and, as part of the MOU, all HB-33 and PSCOC distributions to the school are paid to APS. These totaled \$129,010 for HB33 and \$114,872 for PSCOC for the year ended June 30, 2015. APS is the school's authorizing school district. It was also noted that the school has a foundation and received a \$52,000 donation from the foundation.

Mountain Mahogany Charter School: The founder of the school also owns the property that the school rents. The founder has never been involved in the day-to-day operations and has not served on the Governing Council since FY2007. The founder also donated \$0, \$150,000 and \$0 to the school in fiscal years 2015, 2014 and 2013, respectively. It was also noted that the school has a foundation. The foundation did not require an audit for the year ended June 30, 2015. During FY14 the school entered into a lease purchase for the building and land with the school founder. The purchase amount of \$2,115,000 equals the appraisal amount. Payments under this agreement during FY15 totaled \$155,996.

Native American Community Academy: It was noted that the charter school has a foundation and received a \$750,000 donation from the foundation.

Nuestros Valores Charter School: None noted.

Public Academy for Performing Arts and Alice King Community School: It was noted that the charter school has a foundation. The foundation did not require an audit for the year ended June 30, 2015. It was noted that APS is a related party due to the MOU between APS and the school for lease payments. During the year, the school paid \$271,192 in lease and utilities payments to APS. The school also has a payable due to APS at year-end of \$303,507 for HB 33 payments.

Robert F. Kennedy Charter School: Lease payments were paid to APS for the fiscal year totaling \$181,792. In addition, the school has an MOU with APS for the school facilities and, as part of the MOU, all HB-33 distributions to the school are paid to APS. These totaled \$130,318 for the year ended June 30, 2015. The school also has a payable due to APS at year-end of \$21,543 for HB 33 payments.

South Valley Academy: Lease payments were paid to APS for the fiscal year totaling \$249,363. In addition, the school has an MOU with APS for the school facilities and, as part of the MOU, all HB-33 distributions to the school are paid to APS. These totaled \$203,684 for the year ended June 30, 2015. The school also has a payable due to APS at year-end of \$14,266 for HB 33 payments.

**N. Fund Balance Reporting**

Fund balance – the difference between assets and liabilities in the governmental fund financial statements – is among the most widely and frequently used information in state and local governmental financial reports. GASB Statement 54 distinguishes fund balances based on the relative strength of the constraints that control the purposes for which specific amounts can be spent. Beginning with the most binding constraints, fund balance amounts are reported in the following classifications:

- *Nonspendable* – portion of net resources that cannot be spent because of their form or because they must remain intact, such as fund balances associated with inventories or are legally or contractually required to remain intact.
- *Restricted* – amounts constrained by external parties, constitutional provision, or enabling legislation.
- *Committed* – amounts constrained by a government using its highest level of decision-making authority. The Board of Education is the highest level of decision making authority. Formal Board action, through a resolution, creates a commitment.

State of New Mexico  
Albuquerque Municipal School District No. 12  
**Notes to the Financial Statements**  
**June 30, 2015**

- *Assigned* – amounts a government intends to use for a particular purpose. The governing council has designated the responsibility to assign fund balance to its Business and Finance Director. Assigned fund balances within the Charter Schools represent amounts assigned for next years' budget.
- *Unassigned* – amounts that are not constrained at all will be reported in the general fund.

**O. Restatements**

During the fiscal year ended June 30, 2015, the District implemented GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, and the related GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – an Amendment of GASB Statement No. 68*, by recognizing its net pension liability related to its pension plans. Accordingly, the cumulative effect of the accounting change is recorded at the beginning of the year in the financial statements of the governmental activities.

In addition, there were fund balance restatements within the HB33 (Fund 31600) and SB9 (Fund 31700) of some of the schools due to a change in the revenue recognition of the property tax revenue received in these funds.

**NOTE 20. Component Unit – Albuquerque Public Schools Foundation**

---

**DEFINITION OF REPORTING ENTITY** - The Albuquerque Public Schools Foundation (the Foundation), a component unit of the Albuquerque Public Schools (APS), is a nonprofit organization incorporated under laws of the state of New Mexico on April 25, 1995. The Foundation was established to solicit, receive and manage private voluntary support for the benefit and on behalf of APS. The Foundation itself has no component units.

The Foundation is governed by a Board of Directors, which has the responsibility for determining policy and for the execution and evaluation of programs and activities conducted by the Foundation. The Board consists of no less than three members and no more than 25 members. Board members represent government, business, public sector, private individuals and organizations that are interested in supporting programs and services of APS. The term served by Board members is three years. The Foundation is exempt from federal income taxes under section 501(c)(3) of the Internal Revenue Code (the Code) and is not considered a private foundation within the meaning of section 509(a) of the code.

A memorandum of agreement between the Foundation and APS was signed and executed on January 5, 2005.

**SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Use of Estimates in Preparing Financial Statements** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Financial Statement Presentation** - Financial statement presentation follows the recommendations of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 958, *Not-for-Profit Entities*. Under ASC 958, the Foundation is required to report information regarding its financial position and activities according to three classes of net assets.

**Unrestricted Net Assets** – These assets represent sources whose use is not limited to or restricted by donors. Unrestricted net assets have arisen from exchange transactions, receipt of unrestricted contributions and expirations or satisfaction of existing restrictions.

The Foundation treats restricted contributions whose restrictions are satisfied during the same fiscal year as unrestricted support. All contributions made to the Foundation are considered to be available for unrestricted use unless specifically restricted by the donor.

**Temporarily Restricted Net Assets** – These assets result from (a) contributions and other inflows of assets whose use by the Foundation is limited by donor imposed stipulations that either expire by passage of time or can be fulfilled and removed by actions of the Foundation pursuant to those stipulations; (b) other assets enhancements and diminishments subject to the same kinds of stipulations; and (c) imposed stipulations, their expiration by passage of time, or their fulfillment and removal by actions of the Foundation pursuant to those stipulations.

State of New Mexico  
Albuquerque Municipal School District No. 12  
**Notes to the Financial Statements**  
**June 30, 2015**

**Permanently Restricted Net Assets** – These assets have donor-imposed restrictions that stipulate that resources be maintained permanently but permit the Foundation to use up or expend part or all of the income or economic benefits derived from the donated assets.

**Cash and Cash Equivalents** - The Foundation considers all highly liquid investments with original maturities of three months or less to be cash equivalents. Cash equivalents consist of cash on deposit with financial institutions and money market accounts.

**Investments** - The Foundation records investments at fair value. See Note 4 for a description of fair value determination.

**Income Taxes** - The Foundation is a non-profit corporation and qualifies as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code (IRC) and is classified as other than a private foundation. As such, their normal activities do not result in any income tax liability. The Foundation pays taxes on unrelated business income.

The Foundation would recognize accrued interest related to unrecognized tax benefits in interest expense and penalties in operating expenses. There were no such interest or penalties recorded for the year ended June 30, 2015.

The Foundation files informational tax returns as prescribed by the tax laws of the jurisdictions in which it operates. In the normal course of business, the Foundation is subject to examination by federal, state, local and foreign jurisdictions, where applicable.

**Revenue Recognition** - The Foundation is accounted for as a not-for-profit organization, and its follows revenue recognition rules as defined below:

**Donations** – The Foundation recognizes revenue on donations when all applicable eligibility requirements are met.

**Pledges** – Unconditional pledges, if any, are recognized as revenues in the period received and as assets, decreases in liabilities or expenses, depending on the form of the benefits to be received. Conditional pledges are recognized as revenues when the conditions on which they depend are substantially met. An allowance for doubtful pledges is recorded when the pledge is recorded. The allowance is based on past pledge loss experience and other factors that management considers necessary in estimating pledge losses.

**Contributions of Services Revenues** – Contributions of services are recognized in the financial statements of the Foundation only if the services received: (a) create or enhance non-financial assets of the Foundation, and (b) require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. Use of office furniture and equipment is provided at no charge by APS. For the year end June 30, 2015, approximately \$7,000 was included as in-kind revenue on the Statement of Activities and Changes in Net Assets for office furniture and equipment use.

**Beneficial Interest in Remainder Trusts** – A charitable remainder trust is an arrangement in which a donor establishes and funds a trust with specified distributions to be made to a designated beneficiary or beneficiaries over the trust's term. Upon termination of the trust, the Foundation receives a percentage of the assets remaining in the trust. Beneficial interest in remainder trusts represent the present value of

estimated future cash receipts from the trust's assets. Contribution revenue is recognized in the period in which the trust is established. In subsequent years, income earned on trust assets, recognized gains and losses, and distributions paid will be recognized. Revaluation of the present value of the estimated future payments and changes in actuarial assumptions will be recognized in the Statement of Activities and Changes in Net Assets.

**Advertising Costs** - The Foundation expenses advertising costs as incurred. Expenses incurred for the year ended June 30, 2015 were approximately \$4,225.

**Subsequent Events** - Management evaluated subsequent events through October 20, 2015, the date the financial statements were available to be issued. Events or transactions occurring after June 30, 2015, but prior to October 20, 2015, that provided additional evidence about conditions that existed at June 30, 2015, have been recognized in the financial statements for the year ended June 30, 2015. Events or transactions that provided evidence about conditions that did not exist at June 30, 2015, but arose before the financial statements were available to be issued, have not been recognized in the financial statements for the year ended June 30, 2015.

## **INVESTMENTS**

**Investment Policy Statement (IPS)** - In December 2002, the Foundation Board of Directors adopted an IPS to assist in the supervising, monitoring and evaluating of the Foundation's investments. The IPS is to provide financial stability for the Foundation operations and an increasing stream of income for future program growth. All investment assets are held with Merrill Lynch.

The Foundation shall be responsible for:

- Overseeing the Foundation Investment Portfolio.
- Defining the investment objectives and policies of the portfolio.
- Directing the Investment Manager to make changes in investment policy and to oversee and to approve or disapprove Investment Manager recommendations with regard to policy, guidelines, objectives and specific investments.
- Providing the Investment Manager with all relevant information on its financial conditions and risk tolerances and notifying the Investment Manager promptly of any changes to this information.

The Foundation agrees that investment discretion can be delegated to qualified, professional investment specialists or private portfolio managers (Investment Managers) that would be identified by the Foundation's Finance Committee resulting from an extensive quantitative and qualitative process of diligence.

Guidelines for the Investment Manager are that the investment of the Foundation's investment portfolio shall be limited to individual marketable securities or packaged products (e.g., mutual funds) in the following categories:

- Cash and cash equivalents
- Fixed Income – Domestic bonds

State of New Mexico

**Notes to the Financial Statements**  
**June 30, 2015**

- Fixed Income – Non-U.S. bonds
- Fixed Income – High Yield
- Equities – U.S. and Non-U.S. within an international portfolio

**FAIR VALUE OF FINANCIAL INSTRUMENTS** - In determining fair value, the Foundation uses various valuation approaches within the ASC 820 fair value measurement framework. Fair value measurements are determined based on the assumptions that market participants would use in pricing an asset or liability. ASC 820 establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. ASC 820 defines levels within the hierarchy based on the reliability of inputs as follows:

- Level 1 – Valuations based on unadjusted quoted prices for identical assets or liabilities in active markets;
- Level 2 – Valuations based on quoted prices for similar assets or liabilities or identical assets or liabilities in less active markets, such as dealer or broker markets, and
- Level 3 – Valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable, such as pricing models, discounted cash flow models and similar techniques not based on market, exchange, dealer or broker-traded transactions.

The following table presents assets and liabilities measured at fair value by classification within the fair value hierarchy as of June 30, 2015.

	Fair Value Measurements Using			Total

The following information summarizes the difference between cost and the estimated fair value for investments.

	Cost	Estimated Fair Value	Market Value Over (Under) Cost
Investments			
Bonds	\$ 747,453	\$ 741,526	\$ (5,927)
Equities	1,207,761	1,283,060	75,299

<b>Total</b>	<b>\$ 3,892,685</b>	<b>\$ 3,962,057</b>	<b>\$ 69,372</b>

The following is a reconciliation of the beginning and ending balances of assets measured at fair value on a recurring basis using significant unobservable (Level 3) inputs during the year ended June 30, 2015.

Beginning Balance	\$ 2,396,911
Contributions	186,411
Distributions	(830,810)
Dividend Income	49,110
Net Unrealized Gain	(22,874)
Investment Management Fees	(33,249)
Change in Present Value Discount	191,972
Ending Balance	<u>\$ 1,937,471</u>

Unrealized gains and losses applicable to instruments valued using significant unobservable inputs (Level 3) are included in the statement of activities for the year ended June 30, 2015.

**BENEFICIAL INTERESTS IN REMAINDER TRUSTS-** On May 11, 2001, the Foundation was awarded an interest in the William H. and Lilian Dolde Charitable Trust for the purpose of funding fine arts programs in the Albuquerque Public Foundations. The Bank of America administers the Trust. The Trust was originally funded in the amount of \$2,000,000. The Trust document calls for the annual distribution of an amount equal to 5% of the Trust's net position. This annual distribution will expire on December 31, 2051. Upon termination of the Trust, the Foundation is entitled to a portion of the remaining assets in order to establish a permanent endowment for the fine arts. The Foundation is irrevocably entitled to 90% of all annual distributions and 90% of the remaining Trust net position upon termination. The Foundation's interest in the Trust's assets is recorded at fair market value with adjustments made annually for increases or decreases in value. The present value of the Trust agreement was initially calculated using a discount rate of 5% with annual distributions to be received of \$90,000 (90% of \$100,000) for 49.5 years. The present value of the Trust net position at termination was initially estimated using a value of \$1,800,000 in remaining net position (90% of \$2,000,000) with a discount rate of 5% for 50 years. During the fiscal year ended June 30, 2015, the Trust distributed approximately \$375,000 to the Foundation. The present value of the Trust decreased by approximately \$3,900 and the fair value of the Trust's assets decreased by approximately \$3,314 for the fiscal year ended June 30, 2015. This resulted in the recording of a beneficial interest in the Trust in the amount of \$1,937,471 for the year ended June 30, 2015. The 2015 changes in present and fair values are reflected in the Foundation's statement of activities and changes in net assets.

State of New Mexico  
 Albuquerque Municipal School District No. 12  
**Notes to the Financial Statements**  
**June 30, 2015**

In April of 2003, the Foundation was awarded interest in the Guhl Charitable Trust for the purpose of funding programs in the Albuquerque Public Foundations. The Bank of America administered the Trust. The Trust document called for the distribution of an amount equal to 20% of the Trust's remaining assets to the Foundation upon termination on April 13, 2014. The Foundation's interest in the Trust's assets was recorded at fair market value with adjustments made annually for increases or decreases in value. In October of 2014, APS Foundation received the final payment of the Guhl Trust of approximately \$450,000.

**RELATED PARTIES** - APS programs are the primary beneficiaries of funds donated to the Foundation. Certain APS employees whose services were contributed to the Foundation also served as Foundation Board members in an ex-officio capacity. Certain voting Board members were affiliated with APS or with other entities served through the Foundation.

During the year ended June 30, 2015, the Foundation received contributions from APS with a market value of \$523,761. The contributions included employee services and donated supplies and materials.

The Foundation has no employees of its own. During the year ended June 30, 2015, all Foundation staff members were employees of APS.

**TEMPORARILY RESTRICTED NET ASSETS** - Temporarily restricted net assets consisted of the following at June 30, 2015:

Purpose:	
APS Programs	\$ 1,424,897
Nursing Services - Vision Care	797,789
Literacy Programs	621,318
Fine Arts	184,499
Mini Grants to School Programs	131,886

State of New Mexico  
 Albuquerque Municipal School District No. 12  
**Notes to the Financial Statements**  
**June 30, 2015**

Net assets are released from restrictions by incurring expenses satisfying the restricted purposes. Net assets released from restrictions were comprised of the following:

Purpose:		
APS Programs	\$	1,383,981
Fine Arts		283,442
Mini Grants to School Programs		238,530
APS Seeds of Learning		40,000
Middle School Grants		23,000

Literacy Programs		5,726
Teacher Professional Development		5,558
Teacher Awards in B. Facio's Name		300
		<hr/>
Total	\$	<u>2,003,150</u>

**PERMANENTLY RESTRICTED NET ASSETS** - Permanently restricted net assets are restricted to investment in perpetuity, the income from which is expendable to support the Foundation. At June 30, 2015, permanently restricted net assets were made up of the Dolde Trust in the amount of \$1,937,471, and amounts restricted for the APS Seeds of Learning Program in the amount of \$125,000.

**CONCENTRATION OF CREDIT RISK** - The Foundation maintains cash depository accounts with various financial institutions. These deposits are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. Balances in these accounts may at times exceed the federally insured amount. The Foundation did not have deposits in excess of the insured amounts at year end. The Foundation has not experienced, and its management believes it is not exposed to, significant credit risk from excess deposits.

**RESTATEMENTS** - During the year ended June 30, 2015, management performed a retrospective review of net assets to ensure amounts were properly classified according to restriction. As a result of this review, beginning of the year net assets have been restated to properly reflect unrestricted, temporarily restricted, and permanently restricted classifications. There was no effect on previously recorded change in net assets or total net assets.

Year Ended June 30, 2015**

*Changes of benefit terms.* The COLA and retirement eligibility benefits changes in recent years are described in the **Benefits Provided** subsection of the financial statements note disclosures, **General Information on the Pension Plan**.

***Changes of assumptions.***

ERB conducts an actuarial experience study for the Plan on a biennial basis. Based on the six-year actuarial experience study presented to the Board of Trustees on April 26, 2013, ERB implemented the following changes in assumptions for fiscal years 2014 and 2013.

1. Fiscal year 2014 and 2013 valuation assumptions that changed based on this study:
  - a. Lower wage inflation from 4.75% to 4.25%
  - b. Lower payroll growth from 3.75% to 3.50%
  - c. Minor changes to demographic assumptions
  - d. Population growth per year from 0.75% to 0.50%
2. Assumptions that were not changed:
  - a. Investment return will remain at 7.75%
  - b. Inflation will remain at 3.00%

**NONMAJOR SPECIAL REVENUE FUNDS**

## SPECIAL REVENUE FUNDS

The Special Revenue Funds are used to account for Federal, State and Local funded grants. These grants are awarded to the District with the purpose of accomplishing specific educational tasks. Grants accounted for in the Special Revenue Funds include:

**Athletics (22000)** – This fund is used to account for fees generated at athletic activities throughout the School District. The gate receipts are obtained from the general public and are expended in this fund. The authority for creation of this fund is 6.20.2 NMAC.

**Preschool IDEA-B (24109)** – The objective of the Assistance to States for the Education of Handicapped Children Program is to assist in providing free, appropriate public education to all handicapped children from ages three to five. Federal revenues accounted for in this fund are allocated to the District through the New Mexico Department of Children, Youth and Families. Authority for creation of this fund is Public Law 105-17.

**Education of Homeless (24113)** – To reduce barriers to public education for homeless children and youth. (P.L. 100-77)

**IDEA-B Private School Share (24115)** – A proportionate allocation subtracted from the total IDEA-B Entitlement (24106) award to the Private schools students with disabilities.

**21<sup>st</sup> Century Community Learning Centers 2008-2014 (24119)** – Funds will be used to provide quality academic based afterschool services.

**IDEA B Risk Pool (24120)** – Funds awarded from the PED from unspent statewide IDEA-B funds. Funds are used for the education of students with disabilities.

**Title I 1003g Grant (24124)** – To be used in conjunction with school improvement strategies and activities to help the district improve academic achievement.

**IDEA B Results Plan (24138)** – These funds are awarded to non-Title I Schools with a grade of D or F and are intended to improve growth rates in the areas of reading and math for students with disabilities.

**English Language Acquisition (24153)** – Funds will be used to support Alternative Language Services. Funding will support professional development for teachers and principals, ESL summer schools and consulting services. P.L. 100-77.

**Teacher/Principal Training and Recruiting (24154)** – To improve the skills of teachers and the quality of instruction in mathematics and science, and also to increase the accessibility of such instruction to all students.

**Title I School Improvement (24162)** – The major objectives of the Title I program are to provide supplemental educational opportunity for academically disadvantaged children residing in the area. Campuses are identified for program participation by the percentage of students on free or reduced price lunches. Any school with a free and reduced price lunch percentage that is equal to or greater than the total district percentage becomes eligible for program participation.

State of New Mexico  
Albuquerque Municipal School District No. 12

Any student whose test scores fall below District established criteria and who is attending a Title I campus is eligible to receive Title I services. Poverty is the criterion that identifies a campus; educational need determines the students to be served. Federal revenues accounted for in this fund are allocated to the District through the New Mexico Public Education Department. Authority for creation of this fund is Part A of Chapter I of Title I of Elementary and Secondary Education Act (ESEA) of 1965, as amended, Public Law 103-383.

**Carl D Perkins Special Projects Current (24171)** - The objective of this grant is to provide secondary and post-secondary educational institutions the opportunity to develop, implement, and operate programs using different models of curricula that integrate vocational and academic learning.

**Jobs for America Graduates-JAG-Unliquid (24172)** - This grant is to be used to support the local JAG Specialist's Teacher for salary, travel for the student leadership conference and supplies for the program

**Jobs for America Graduates-JAG-Unliquid (24173)** - This grant is to be used to support the local JAG Specialist's Teacher for salary, travel for the student leadership conference and supplies for the program.

**Carl D Perkins (Secondary Current (24174), Secondary PY Unliq. Oblig. (24175), Secondary Redistribution (24176), HSTW-Current (24180), HSTW Unliq. (24181), HSTW-Redistribution (24182))** – The objective of this grant is to provide secondary and post-secondary educational institutions the opportunity to develop, implement, and operate programs using different models of curricula that integrate vocational and academic learning. Funds are acquired from federal sources through the New Mexico Department of Education. Authority for creation of this fund is Carl D. Perkins Vocational and Applied Technology Education Act of 1990, as amended, Public Law 105-332.

**USHHS/CDC School Health (24186)** - Promotes Adolescent Health through School-based Human Immunodeficiency Virus (HIV)/Sexually Transmitted Infections (STI) Prevention and School-based Surveillance program in the state of New Mexico

**Title XX Health & Social Services (25129)** – To provide an environment specifically geared to assist expectant teenage mothers during their pregnancy at the same time keeping them in school and on track for graduation.

**Johnson O'Malley (25131)** – To account for revenues and expenditures funded by the Department of Interior, Bureau of Indian Affairs, through the Navajo Tribe provided to supplement programs in special education and other special needs for New Mexico public schools where eligible Indian children are enrolled. The fund was created by the authority of federal grant provisions. (PL 103-382)

State of New Mexico  
Albuquerque Municipal School District No. 12

**Impact Aid (25145 - Special Education and 25147 - Indian Education)** – To account for funding of a Federal program to provide financial assistance to local educational agencies (LEAs) where enrollments or availability of revenue are adversely affected by Federal activities, i.e. where the tax base of a district is reduced through the Federal acquisition of real property (Section 2), or where there are a significant number of children who reside on Federal (including Indian) lands and/or children whose parents are employed on Federal property or in the Uniformed Services (Section 3(a) and 3(b)): where there is a significant decrease (Section 3(c)) or a sudden and substantial increase (Section 4) in school enrollment as the result of Federal activities; to provide disaster assistance for reduced or increased operating costs (Section 7(a)), for replacing or repairing damaged or destroyed supplies, equipment, and books, and for repairing minor damage to facilities. Funding authorized by Public Law 81-874.

**Title XIX MEDICAID 3/21 years (25153)** – To account for a program providing school-based screening, diagnostic services and other related health services and administrative activities in conformance with the approved Medicaid State Plan in order to improve health and developmental outcomes for children.

**School Leadership Program (25173)** - The Alliance for Learning and Leading (ALL) will play a critical role in helping ACPS achieve the goals of the Strategic Plan by supporting our efforts to redesign curriculum, retool our instructional practices and create a professional culture of innovation and collaboration that will educate our students to be 21st century, global-ready citizens.

**Indian Education Formula Grant (25184)** – To account for a program funded by a Federal grant to develop and carry out supplementary elementary and secondary school programs designed to meet the special educational and culturally related academic needs of Indian children, for example to: 1) Improve academic performance, 2) Reduce school dropout rates and improve attendance, and 3) Integrate the value of cultural education into the school curriculum for Indian children. Funding authorized by Indian Education Act of 1988, Title V, Part C, Subpart 1, as amended, Public Law 100-297 and 93-638, 25 U.S.C. 2601-2606.

**ROTC (25200)** – To assist with the ROTC program through Quantico, Virginia.

**Elementary School Counseling (25215)** - School counseling programs serve schools by assisting students in reaching their academic, professional, personal and developmental goals. Yet, many school counseling programs are underfunded and consequently the goals that counselors strive to achieve cannot be accomplished. Nevertheless, grants do exist that can aid counselors in strengthening their school counseling programs.

**Smaller Learning Communities (25217)** – To conduct nationally significant programs to improve the quality of education, assist all students to meet challenging State content standards, and contribute to the achievement of the National Education Goals. Elementary and Secondary Education Act of 1965; Title X, Part A, as amended, 20 U.S.C. 8001-8007.

**Substance of Health & Human Services (25238)** - To support students with health concerns that hinder the academic process

**National Resources Conservation Service (NRCS) (25263)** – Community gardening and urban agriculture, to educate students and partner with NRCS.

State of New Mexico  
Albuquerque Municipal School District No. 12

**NONMAJOR CAPITAL PROJECTS FUNDS**

## CAPITAL PROJECTS FUNDS

Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities.

**Bond Building Capital Projects Fund (31100)** – The fund is used to account for bond proceeds and any income earned thereon. The proceeds are restricted for the purpose of making additions to and furnishing of school buildings, or purchasing or improving school grounds or any combination thereof, as approved by the voters of the District.

**Special Capital Outlay-Local (31300)** – To account revenues that are derived from local sources such as the sale of a building. In addition, this is used to account for the activity related to a lease purchase entered into by the District in FY 2014.

**Special Capital Outlay-State (31400)** – To account for special appropriations monies received from the State of New Mexico under Chapter 4, Laws of 1996.

**Federal Special Capital Outlay (31500)**-This fund is used to account for a Federal Grant to Fund Wherry Elementary School at Kirtland Air Force Base. The Grant award is restricted and intended to address capacity or facility condition deficiencies. Financing is provided by the Department of Defense's Public Schools on Military Installations Programs.

**Capital Improvements HB33 Fund (31600)** – The fund is used to account for the costs relating to erecting, remodeling, making additions to, providing equipment for, or furnishing public school buildings and purchasing or improving public school grounds. Financing is provided through property taxes as specified by Article 26 of the Public School Buildings Act. (House Bill 33)

**Capital Improvements SB9 Fund (31700)** – The fund is used to account for erecting, remodeling, making additions to and furnishing of school buildings, or purchasing or improving school grounds or any combination thereof as identified by the local school board. Financing is provided by the State of New Mexico's State Equalization Matching and a special tax levy as authorized by the Public School District Capital Improvements Act. (22-25-1 to 22-25-10, NMSA 1978)

**Educational Technology Equipment Act Fund (31900)** – To account for proceeds of Educational Technology Notes. The proceeds are restricted to the purchase of technology equipment for use in school classrooms.

**Combining Balance Sheet**  
**Nonmajor Capital Projects Funds**

**TO THE STATEMENT OF ACTIVITIES**  
**Year Ended June 30, 2015**

<b>Net Changes in Fund Balances - Total Governmental Funds</b> <b>(Statement of Revenues, Expenditures, and Changes in</b> <b>Fund Balances)</b>	<b>\$ <u>258,250</u></b>
--	--------------------------

Amounts reported for governmental activities in the Statement of Activities are different because:

In the Statement of Activities, certain operating expenses - compensated absences (sick and annual leave) are measured by the amounts earned during the year. In the Governmental Funds, however, expenditures for these items are measured by the amounts of financial resources used (essentially, the amounts actually paid).

Expenses related to the net pension liability not reported in the funds.	<u>53,893</u>
The decrease in compensated absences for the fiscal year was:	<u>-</u>
Unavailable revenue - property taxes	<u>14,438</u>

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. In the current period, these amounts were:

Capital outlay	-
Depreciation expense	<u>(36,192)</u>
Excess of depreciation expense over capital outlay	(36,192)
Loss/Adjustments on disposal of assets	

<b>Change in net position of governmental activities</b> <b>(Statement of Activities)</b>	<b>\$ <u>290,389</u></b>

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,  
AND CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS  
TO THE STATEMENT OF ACTIVITIES  
Year Ended June 30, 2015

**Net Changes in Fund Balances - Total Governmental Funds  
(Statement of Revenues, Expenditures, and Changes in  
Fund Balances)**

\$ 13,617

Amounts reported for governmental activities in the Statement of Activities are different because:

In the Statement of Activities, certain operating expenses - compensated absences (sick and annual leave) are measured by the amounts earned during the year. In the Governmental Funds, however, expenditures for these items are measured by the amounts of financial resources used (essentially, the amounts actually paid).

Expenses related to the net pension liability not reported in the funds. 3,337

Unavailable revenues - property taxes 11,386

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

In the current period, these amounts were:

Capital outlay	2,350,000
Depreciation expense	<u>(69,117)</u>

Excess of depreciation expense over capital outlay	2,280,883
--	-----------

The issuance of long-term debt (e.g., bonds, notes, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds.

Proceeds from capital lease	(1,875,000)
Lease purchase principal payments	<u>171,985</u>

Excess proceeds over payments	<u>(1,703,015)</u>
-------------------------------	--------------------

**Change in net position of governmental activities  
(Statement of Activities)**

\$ 606,208

 RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,  
 AND CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS  
 TO THE STATEMENT OF ACTIVITIES  
 Year Ended June 30, 2015

**Net Changes in Fund Balances - Total Governmental Funds**  
**(Statement of Revenues, Expenditures, and Changes in**  
**Fund Balances)**

\$ 257,920

Amounts reported for governmental activities in the Statement of Activities are different because:

In the Statement of Activities, certain operating expenses - compensated absences (sick and annual leave) are measured by the amounts earned during the year. In the Governmental Funds, however, expenditures for these items are measured by the amounts of financial resources used (essentially, the amounts actually paid).

Expenses related to the net pension liability not reported in the funds. (118,657)

The decrease in compensated absences for the fiscal year was: -

Unavailable revenue - property taxes 2,114

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. In the current period, these amounts were:

Capital outlay -  
 Depreciation expense (4,333)

Excess of depreciation expense over capital outlay (4,333)

Loss/Adjustments on disposal of assets -

**Change in net position of governmental activities**  
**(Statement of Activities)**

\$ 137,044

 RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,  
 AND CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS  
 TO THE STATEMENT OF ACTIVITIES  
 Year Ended June 30, 2015

<b>Net Changes in Fund Balances - Total Governmental Funds (Statement of Revenues, Expenditures, and Changes in Fund Balances)</b>	<b>\$ <u>132,991</u></b>
--	--------------------------

Amounts reported for governmental activities in the Statement of Activities are different because:

In the Statement of Activities, certain operating expenses - compensated absences (sick and annual leave) are measured by the amounts earned during the year. In the Governmental Funds, however, expenditures for these items are measured by the amounts of financial resources used (essentially, the amounts actually paid).

Expenses related to the net pension liability not reported in the funds.	<u>14,660</u>
--	---------------

The increase in compensated absences for the fiscal year was:	<u>(5,000)</u>
---	----------------

Unavailable revenue - property taxes	<u>4,994</u>
--------------------------------------	--------------

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. In the current period, these amounts were:

Capital outlay	-
Depreciation expense	<u>(6,342)</u>

Excess of depreciation expense over capital outlay	<u>(6,342)</u>
--	----------------

Loss/Adjustments on disposal of assets	<u>-</u>
--	----------

 RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,  
 AND CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS  
 TO THE STATEMENT OF ACTIVITIES  
 Year Ended June 30, 2015

<b>Net Changes in Fund Balances - Total Governmental Funds (Statement of Revenues, Expenditures, and Changes in Fund Balances)</b>	<b>\$ 94,522</b>
--	------------------

Amounts reported for governmental activities in the Statement of Activities are different because:

In the Statement of Activities, certain operating expenses - compensated absences (sick and annual leave) are measured by the amounts earned during the year. In the Governmental Funds, however, expenditures for these items are measured by the amounts of financial resources used (essentially, the amounts actually paid).

Expenses related to the net pension liability not reported in the funds.	<u>(31,950)</u>
The decrease in compensated absences for the fiscal year was:	<u>-</u>
Unavailable revenue - property taxes	<u>2,691</u>

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. In the current period, these amounts were:

Capital outlay	57,474
Depreciation expense	<u>(10,329)</u>
Excess of depreciation expense over capital outlay	<u>47,145</u>
Loss/Adjustments on disposal of assets	<u>-</u>

<b>Change in net position of governmental activities (Statement of Activities)</b>	<b><u>\$ 112,408</u></b>

 RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,  
 AND CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS  
 TO THE STATEMENT OF ACTIVITIES  
 Year Ended June 30, 2015

<b>Net Changes in Fund Balances - Total Governmental Funds</b> <b>(Statement of Revenues, Expenditures, and Changes in</b> <b>Fund Balances)</b>	<b>\$ <u>15,702</u></b>
--	-------------------------

Amounts reported for governmental activities in the Statement of Activities are different because:

In the Statement of Activities, certain operating expenses - compensated absences (sick and annual leave) are measured by the amounts earned during the year. In the Governmental Funds, however, expenditures for these items are measured by the amounts of financial resources used (essentially, the amounts actually paid).

Expenses related to the net pension liability not reported in the funds.	<u>(51,647)</u>
The decrease in compensated absences for the fiscal year was:	<u>-</u>
Unavailable revenue - property taxes	<u>3,329</u>

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. In the current period, these amounts were:

Capital outlay	79,698
Depreciation expense	<u>(3,321)</u>
Excess of depreciation expense over capital outlay	<u>76,377</u>
Loss/Adjustments on disposal of assets	<u>-</u>
<b>Change in net position of governmental activities</b> <b>(Statement of Activities)</b>	<b>\$ <u><u>43,761</u></u></b>

 RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,  
 AND CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS  
 TO THE STATEMENT OF ACTIVITIES  
 Year Ended June 30, 2015

<b>Net Changes in Fund Balances - Total Governmental Funds (Statement of Revenues, Expenditures, and Changes in Fund Balances)</b>	\$	91,987
--	----	--------

Amounts reported for governmental activities in the Statement of Activities are different because:

In the Statement of Activities, certain operating expenses - compensated absences (sick and annual leave) are measured by the amounts earned during the year. In the Governmental Funds, however, expenditures for these items are measured by the amounts of financial resources used (essentially, the amounts actually paid).

The decrease in compensated absences for the fiscal year was:		988
Expenses related to the net pension liability not reported in the funds.		(53,324)
Unavailable revenue - property taxes		17,272

<b>Net Changes in Fund Balances - Total Governmental Funds</b>	
<b>(Statement of Revenues, Expenditures, and Changes in</b>	
<b>Fund Balances)</b>	<u>\$ 38,443</u>

Amounts reported for governmental activities in the Statement of Activities are different because:

Expenses related to the net pension liability not reported in the funds.	31,786
--	--------

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. In the current period, these amounts were:

Capital outlay	-
Depreciation expense	<u>(343,700)</u>

Excess of capital outlay over depreciation expense	<u>(343,700)</u>
--	------------------

Unavailable revenue - property taxes	<u>19,082</u>
--------------------------------------	---------------

The issuance of long-term debt (e.g., bonds, notes, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds.

Lease purchase principal payments	<u>204,605</u>
-----------------------------------	----------------

Excess proceeds over payments	<u>204,605</u>

 RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,  
 AND CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS  
 TO THE STATEMENT OF ACTIVITIES  
 Year Ended June 30, 2015

<b>Net Changes in Fund Balances - Total Governmental Funds (Statement of Revenues, Expenditures, and Changes in Fund Balances)</b>	<u>\$ 447,188</u>
--	-------------------

Amounts reported for governmental activities in the Statement of Activities are different because:

In the Statement of Activities, certain operating expenses - compensated absences (sick and annual leave) are measured by the amounts earned during the year. In the Governmental Funds, however, expenditures for these items are measured by the amounts of financial resources used (essentially, the amounts actually paid).

The decrease in compensated absences for the fiscal year was:	<u>24,743</u>
Expenses related to the net pension liability not reported in the funds.	<u>(20,326)</u>
Unavailable revenue - property taxes	<u>13,097</u>

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. In the current period, these amounts were:

Capital outlay	-
Depreciation expense	<u>(21,222)</u>
Excess of depreciation expense over capital outlay	<u>(21,222)</u>
<b>Change in net position of governmental activities (Statement of Activities)</b>	<u><u>\$ 443,480</u></u>

 RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,  
 AND CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS  
 TO THE STATEMENT OF ACTIVITIES  
 Year Ended June 30, 2015

<b>Net Changes in Fund Balances - Total Governmental Funds (Statement of Revenues, Expenditures, and Changes in Fund Balances)</b>	<b>\$ <u>546,487</u></b>
--	--------------------------

Amounts reported for governmental activities in the Statement of Activities are different because:

In the Statement of Activities, certain operating expenses - compensated absences (sick and annual leave) are measured by the amounts earned during the year. In the Governmental Funds, however, expenditures for these items are measured by the amounts of financial resources used (essentially, the amounts actually paid).

Expenses related to the net pension liability not reported in the funds.	<u>111,030</u>
Unavailable revenue - property taxes	<u>19,513</u>

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. In the current period, these amounts were:

Capital outlay	-
Depreciation expense	<u>(16,686)</u>
Excess of depreciation expense over capital outlay	<u>(16,686)</u>
Loss/Adjustments on disposal of assets	<u>-</u>

<b>Change in net position of governmental activities (Statement of Activities)</b>	<b>\$ <u><u>660,344</u></u></b>

 RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,  
 AND CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS  
 TO THE STATEMENT OF ACTIVITIES  
 Year Ended June 30, 2015

<b>Net Changes in Fund Balances - Total Governmental Funds (Statement of Revenues, Expenditures, and Changes in Fund Balances)</b>	<b>\$ <u>(673,833)</u></b>
--	----------------------------

Amounts reported for governmental activities in the Statement of Activities are different because:

In the Statement of Activities, certain operating expenses - compensated absences (sick and annual leave) are measured by the amounts earned during the year. In the Governmental Funds, however, expenditures for these items are measured by the amounts of financial resources used (essentially, the amounts actually paid).

Expenses related to the net pension liability not reported in the funds.	<u>(72,125)</u>
--	-----------------

Unavailable revenues - property taxes	<u>11,690</u>
---------------------------------------	---------------

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. In the current period, these amounts were:

Capital outlay	2,840,000
Depreciation expense	<u>(96,929)</u>
Excess of depreciation expense over capital outlay	<u>2,743,071</u>

The issuance of long-term debt (e.g., bonds, notes, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds.

Proceeds from capital lease	(2,840,000)
Lease purchase principal payments	<u>861,750</u>
Excess proceeds over payments	<u>(1,978,250)</u>

<b>Change in net position of governmental activities (Statement of Activities)</b>	<b>\$ <u>30,553</u></b>
--	-------------------------

**Year Ended June 30, 2015**

<b>Net Changes in Fund Balances - Total Governmental Funds (Statement of Revenues, Expenditures, and Changes in Fund Balances)</b>	<b>\$ (10,239)</b>
--	--------------------

Amounts reported for governmental activities in the Statement of Activities are different because:

In the Statement of Activities, certain operating expenses - compensated absences (sick and annual leave) are measured by the amounts earned during the year. In the Governmental Funds, however, expenditures for these items are measured by the amounts of financial resources used (essentially, the amounts actually paid).

Expenses related to the net pension liability not reported in the funds.	(57,326)
The decrease in compensated absences for the fiscal year was:	-
Unavailable revenue - property taxes	12,235

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. In the current period, these amounts were:

Capital outlay	7,918
Depreciation expense	(2,534)
Excess of depreciation expense over capital outlay	5,384
Loss/Adjustments on transfer of assets	(64,316)
<b>Change in net position of governmental activities (Statement of Activities)</b>	<b>\$ (114,262)</b>

 RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,  
 AND CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS  
 TO THE STATEMENT OF ACTIVITIES  
 Year Ended June 30, 2015

<b>Net Changes in Fund Balances - Total Governmental Funds (Statement of Revenues, Expenditures, and Changes in Fund Balances)</b>	<b>\$ <u>133,577</u></b>
--	--------------------------

Amounts reported for governmental activities in the Statement of Activities are different because:

In the Statement of Activities, certain operating expenses - compensated absences (sick and annual leave) are measured by the amounts earned during the year. In the Governmental Funds, however, expenditures for these items are measured by the amounts of financial resources used (essentially, the amounts actually paid).

The decrease in compensated absences for the fiscal year was:	<u>                  -</u>
Expenses related to the net pension liability not reported in the funds.	<u>23,130</u>
Unavailable revenue - property taxes	11,679

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. In the current period, these amounts were:

Capital outlay	19,948
Depreciation expense	<u>(47,432)</u>
Excess of capital outlay depreciation expense	<u>(27,484)</u>
Lease purchase principal payments	<u>63,203</u>
Excess proceeds over payments	<u>63,203</u>
<b>Change in net position of governmental activities (Statement of Activities)</b>	<b>\$ <u>204,105</u></b>

 RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,  
 AND CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS  
 TO THE STATEMENT OF ACTIVITIES  
 Year Ended June 30, 2015

<b>Net Changes in Fund Balances - Total Governmental Funds (Statement of Revenues, Expenditures, and Changes in Fund Balances)</b>	<b>\$ <u>579,810</u></b>
--	--------------------------

Amounts reported for governmental activities in the Statement of Activities are different because:

In the Statement of Activities, certain operating expenses - compensated absences (sick and annual leave) are measured by the amounts earned during the year. In the Governmental Funds, however, expenditures for these items are measured by the amounts of financial resources used (essentially, the amounts actually paid).

Expenses related to the net pension liability not reported in the funds.	<u>17,013</u>
Unavailable revenues - property taxes	<u>21,224</u>

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. In the current period, these amounts were:

Capital outlay	76,598
Depreciation expense	<u>(144,630)</u>
Excess of depreciation expense over capital outlay	<u>(68,032)</u>
Loss/Adjustments on disposal of assets	<u>-</u>

 RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,  
 AND CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS  
 TO THE STATEMENT OF ACTIVITIES  
 Year Ended June 30, 2015

<b>Net Changes in Fund Balances - Total Governmental Funds (Statement of Revenues, Expenditures, and Changes in Fund Balances)</b>	<u>\$ 142,829</u>
--	-------------------

Amounts reported for governmental activities in the Statement of Activities are different because:

In the Statement of Activities, certain operating expenses - compensated absences (sick and annual leave) are measured by the amounts earned during the year. In the Governmental Funds, however, expenditures for these items are measured by the amounts of financial resources used (essentially, the amounts actually paid).

The increase in compensated absences for the fiscal year was:	<u>(302)</u>
Expenses related to the net pension liability not reported in the funds.	<u>8,008</u>
Unavailable revenue - property taxes	<u>6,681</u>

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. In the current period, these amounts were:

Capital outlay	7,619
Depreciation expense	<u>(25,819)</u>
Excess of depreciation expense over capital outlay	<u>(18,200)</u>

<b>Change in net position of governmental activities (Statement of Activities)</b>	<u>\$ 139,016</u>

**Year Ended June 30, 2015**

<b>Net Changes in Fund Balances - Total Governmental Funds</b>	
<b>(Statement of Revenues, Expenditures, and Changes in Fund Balances)</b>	<u>\$ 105,082</u>

Amounts reported for governmental activities in the Statement of Activities are different because:

In the Statement of Activities, certain operating expenses - compensated absences (sick and annual leave) are measured by the amounts earned during the year. In the Governmental Funds, however, expenditures for these items are measured by the amounts of financial resources used (essentially, the amounts actually paid).

The increase in compensated absences for the fiscal year was:	<u>(473)</u>
Expenses related to the net pension liability not reported in the funds.	<u>(91,994)</u>
Unavailable revenue - property taxes	<u>20,628</u>

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. In the current period, these amounts were:

Capital outlay	-
Depreciation expense	<u>(5,063)</u>
Excess of depreciation expense over capital outlay	<u>(5,063)</u>
Loss/Adjustments on disposal of assets	<u>-</u>

<b>Change in net position of governmental activities</b>

 RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,  
 AND CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS  
 TO THE STATEMENT OF ACTIVITIES  
 Year Ended June 30, 2015

<b>Net Changes in Fund Balances - Total Governmental Funds (Statement of Revenues, Expenditures, and Changes in Fund Balances)</b>	<b>\$ <u>382,907</u></b>
--	--------------------------

Amounts reported for governmental activities in the Statement of Activities are different because:

In the Statement of Activities, certain operating expenses - compensated absences (sick and annual leave) are measured by the amounts earned during the year. In the Governmental Funds, however, expenditures for these items are measured by the amounts of financial resources used (essentially, the amounts actually paid).

Expenses related to the net pension liability not reported in the funds.	<u>(124,187)</u>
--	------------------

The increase in compensated absences for the fiscal year was:	<u>(7,116)</u>
---	----------------

Unavailable revenue - property taxes	<u>10,118</u>
--------------------------------------	---------------

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. In the current period, these amounts were:

Capital outlay	18,947
Depreciation expense	<u>(1,786)</u>

Excess of depreciation expense over capital outlay	<u>17,161</u>
--	---------------

Loss/Adjustments on disposal of assets	<u>-</u>
--	----------

<b>Change in net position of governmental activities (Statement of Activities)</b>	<b>\$ <u>278,883</u></b>

**AND CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS**  
**TO THE STATEMENT OF ACTIVITIES**  
**Year Ended June 30, 2015**

<b>Net Changes in Fund Balances - Total Governmental Funds</b>	
<b>(Statement of Revenues, Expenditures, and Changes in Fund Balances)</b>	<u>\$ 166,645</u>

Amounts reported for governmental activities in the Statement of Activities are different because:

In the Statement of Activities, certain operating expenses - compensated absences (sick and annual leave) are measured by the amounts earned during the year. In the Governmental Funds, however, expenditures for these items are measured by the amounts of financial resources used (essentially, the amounts actually paid).

Expenses related to the net pension liability not reported in the funds.	(240,020)
The increase in compensated absences for the fiscal year was:	(2,806)
The decrease in the settlement agreement for the fiscal year was:	11,539
Unavailable revenue - property taxes:	18,768

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. In the current period, these amounts were:

Capital outlay	38,797
Depreciation expense	<u>(34,899)</u>
Excess of depreciation expense over capital outlay	<u>3,898</u>

<b>Change in net position of governmental activities</b>	
<b>(Statement of Activities)</b>	<u>\$ (41,976)</u>

 RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,  
 AND CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS  
 TO THE STATEMENT OF ACTIVITIES  
 Year Ended June 30, 2015

<b>Net Changes in Fund Balances - Total Governmental Funds (Statement of Revenues, Expenditures, and Changes in Fund Balances)</b>	<u>\$ 146,653</u>
--	-------------------

Amounts reported for governmental activities in the Statement of Activities are different because:

In the Statement of Activities, certain operating expenses - compensated absences (sick and annual leave) are measured by the amounts earned during the year. In the Governmental Funds, however, expenditures for these items are measured by the amounts of financial resources used (essentially, the amounts actually paid).

The decrease in compensated absences for the fiscal year was:	<u>-</u>
Expenses related to the net pension liability not reported in the funds.	<u>(138,585)</u>
Unavailable revenue - property taxes	<u>1,528</u>

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. In the current period, these amounts were:

Capital outlay	<u>-</u>
Depreciation expense	<u>-</u>
Excess of depreciation expense over capital outlay	<u>-</u>

<b>Change in net position of governmental activities (Statement of Activities)</b>	<u><u>\$ 9,596</u></u>

INFORMATION ON REVENUE CAPACITY

INFORMATION ABOUT OVERLAPPING TAX RATES - 10 YEARS

Article VIII, section 2, of the New Mexico Constitution limits the total ad valorem taxes for operational purposes levied by all overlapping governmental units within the District to \$20.00 per \$1,000 of assessed value. This limitation does not apply to levies for public debt and levies for additional taxes if authorized at an election by a majority of the qualified voters of the jurisdiction voting on the question. The following table summarizes the tax situation on residential property in Bernalillo County for the tax year 2014 and the previous nine years. A high level of taxation may impact the District's ability to repay the Notes and Bonds.

ALBUQUERQUE MUNICIPAL SCHOOL DISTRICT NO. 12  
DEBT INFORMATION

LEGAL DEBT MARGIN

Article IX, Section 11 of the New Mexico Constitution limits the powers of a District to incur general obligation debt extending beyond the fiscal year. The District can incur such debt for "the purpose of erecting, remodeling, making additions to and furnishing school buildings or purchasing or improving school grounds or purchasing computer software or hardware for student use in public school classrooms or any combination of these purposes" but only after the proposition to create any such debt has been submitted to a vote of the qualified electors of the District, and a majority of those voting on the question vote in favor of creating the debt. The total indebtedness of the District may not exceed six percent of the assessed valuation of the taxable property within the District as shown by the last preceding general assessment. The District also may create a debt by entering into a lease-purchase arrangement to acquire education technology equipment without submitting the proposition to a vote of the qualified electors of the District, but any such debt is subject to the 6% debt limitation. An issuance of refunding bonds does not have to be submitted to a vote of the qualified electors of the District.

The preliminary valuation of taxable property within the District is \$15,177,076,058 for the tax year 2015. Therefore, the maximum general obligation debt may not exceed \$910,624,563

The calculation of the legal debt margin and ratio of outstanding debt to total personal income for the current and previous nine fiscal years is summarized below:

Fiscal Year	Tax Year	Assessed Value <sup>1</sup>	Debt Limit 6%	Outstanding Debt <sup>2</sup>	Debt Service Fund Balance <sup>2</sup>	Net Debt <sup>3</sup>	Legal Debt Margin <sup>4</sup>	Ratio of Debt Margin to Debt Limit	Estimated Population <sup>5</sup>	Total Net Debt per Capita

## INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

State of New Mexico  
Albuquerque Municipal School District No. 12  
Board of Education and  
Tim Keller, New Mexico State Auditor

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, the aggregate remaining fund information and the budgetary comparisons of the general fund and major special revenue funds of the Albuquerque Municipal School District No. 12, New Mexico (District), as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and the combining and individual funds and related budgetary comparisons of the District, and each discretely presented component unit presented as supplementary information and have issued our report thereon dated November 13, 2015.

### Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material

misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and questioned costs to be material weaknesses (2012-005, 2013-032, 2015-002, 2015-006, 2015-010, 2015-018, and 2015-037).

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompanying schedule of findings and questioned costs to be significant deficiencies (2015-005, 2013-019, 2014-012, 2014-017, 2014-030, 2015-009, 2015-011, 2015-020, 2015-024 (FS 10-05), and 2015-028).

### **Compliance and Other Matters**

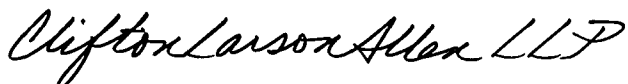

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and questioned costs as items 2013-009, 2013-062, 2013-069, 2014-001, 2014-007, 2014-011, 2014-014, 2014-018, 2015-003, 2015-004, 2015-007, 2015-008, 2015-012, 2015-013, 2015-014, 2015-015, 2015-016, 2015-017, 2015-019, 2015-021, 2015-022, 2015-023, 2015-025, 2015-026, 2015-027, 2015-029, 2015-030, 2015-031, 2015-032, 2015-033, 2015-034, 2015-035, and 2015-036.

### **The District's Response to Findings**

The District's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The District's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

### INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

State of New Mexico  
Albuquerque Municipal School District No. 12  
Board of Education and  
Tim Keller, New Mexico State Auditor

#### **Report on Compliance for Each Major Federal Program**

We have audited the Albuquerque Municipal School District No. 12, New Mexico's (District) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2015. The District's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

#### ***Management's Responsibility***

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

#### ***Auditors' Responsibility***

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the District's compliance.

#### ***Opinion on Each Major Federal Program***

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2015.

### **Other Matters**

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as items 2015-005 and 2015-001. Our opinion on each major federal program is not modified with respect to these matters.

The District's response to the noncompliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The District's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

### **Report on Internal Control Over Compliance**

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified certain deficiencies in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as items 2015-005 and 2015-001, which we consider to be significant deficiencies.

The District's response to the internal control over compliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The District's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

State of New Mexico  
Albuquerque Municipal School District No. 12  
Board of Education and  
Tim Keller, New Mexico State Auditor

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the result of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

**SECTION II – FINANCIAL STATEMENT FINDINGS**

**ALBUQUERQUE PUBLIC SCHOOLS**

**2015-005 (original finding #2012-001) Payroll Allowable Activities/Costs – (Significant Deficiency, Instance of Noncompliance)**

**Federal Program:** IDEA-B (CFDA #84.027)

**Federal Agency:** Department of Education

**Federal Award Year:** 2014

**Pass through Agency:** New Mexico Public Education Department

**Pass through Award Number:** IDEA - B (H027A140078)

**Questioned Costs:** \$11,901

**Condition:** Testwork performed relating to allowable activities/costs associated with the IDEA B grant revealed one employee, out of 40 payroll disbursements tested, who was overpaid by \$11,901 from the grant. The employee resigned at the beginning of the school year; however, the human resources department was not notified until eight months subsequent to the resignation. The employee was paid out of the grant during the eight month period. The payroll department located the overpayment during a review of its year-end report but failed to notify the grant department. Because the grant department was not notified, an entry to remove the expense from the grant was not made until the necessity of doing so was communicated by the external auditors.

*Management's Progress for Repeat Findings: The District will be implementing a new Contract Management (CM) module as part of the Lawson System on July 1, 2016. It is expected that the new CM Module will eliminate some manual processes, and provide a more stable payroll environment. The CFO is responsible for this implementation.*

**Criteria:** Per OMB A-133 and federal agreements, the programs are reimbursed for actual costs incurred. In addition, A-102 Common Rule requires that non-Federal entities receiving Federal Awards establish and maintain internal control designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements.

**Cause:** Management oversight and lack of communication between departments. In addition, lack of controls surrounding the termination process.

**Effect:** The program is not in compliance with grant requirements and the District may have incorrectly charged costs to the programs.

**Auditor's Recommendation:** We recommend that the District establish effective internal controls surrounding the reporting of employee's termination. In addition, we recommend that the District develop an internal process to make the grants department aware of payroll charges that may be unallowable per grant requirements.

**ALBUQUERQUE PUBLIC SCHOOLS (CONTINUED)**

**2015-005 (original finding #2012-001) Payroll Allowable Activities/Costs – (Significant Deficiency, Instance of Noncompliance) (Continued)**

**Management’s Response:** The District is evaluating several time absence management software including Kronos and Work Force Solutions so that every person in the district would have to log in from their work site and a report could be generated and reviewed to confirm if an employee was no longer reporting to work. It would also allow the district to manage and automate time sheets. The Assistant Superintendent for Human Resources is responsible for this.

The District is in the process of improving and documenting processes for identifying and communicating instances of payroll overpayments including payroll charges that may be unallowable per grant requirements. Target date for completion is third quarter FY 2016; responsible positions: Operational Fund Controller and Payroll Manager.

**2012-005 Internal Controls Surrounding Capital Asset Management – (Material Weakness)**

**Condition:** Capital assets test work revealed the following:

- Disposals:
  - In October 2014, the District transferred title of 19 buses to an external bus company as part of the negotiation of a contract to secure transportation services for APS students in the East Mountains. The District did not notify the Office of the State Auditor, or obtain Board approval, until June 2015. The buses had a book value of \$433,868; no consideration was paid by the external company upon transfer of the buses. The District, however, remains a lienholder.
  - Of 6 demolished items that were selected for testing, we were unable to determine the timeframe of the actual demolition for one item and, as a result, were unable to determine whether the Office of the State Auditor and the Board were appropriately notified.
- The construction in process (CIP) account includes approximately \$2.8 million of CIP, out of a total of \$138 million, which had no activity during fiscal years 2015, 2014, and 2013. The District concedes that approximately \$2.7 million of the \$2.8 million with no activity should have been capitalized in fiscal year 2013.
- The District completed the fiscal year inventory; however, the inventory was not fully reconciled to the fixed asset listing as of year end.

*Management’s Progress for Repeat Findings: There have been several changes to personnel within Capital Fiscal Services department in the last year to strengthen the school business knowledge of procedures along with changes to processes for monitoring the notification of demolition projects, monthly reviews to determine if there are updates needed for the CIP and a new software system is being installed to ensure the proper accounting for assets.*

**Criteria:** NMAC 6.20.2.22 requires that assets of a long-term character which are intended to continue to be held or used, such as land (including acquisition and improvements to grounds), buildings (including initial acquisition, improvements, remodeling, additions, and replacement), furniture, machinery and equipment, shall be acquired and accounted for through the development and implementation of a complete property control

system which shall be adopted by the local board and in accordance with GAAP. In addition, every school district shall establish and maintain an internal control structure to provide management with reasonable assurance that assets are safe-guarded against loss from unauthorized use or disposition, that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with GAAP. Per Article 9, Section 14 of the Constitution of New Mexico, neither the state nor any county, school district, or municipality, except as otherwise provided in this constitution, shall directly or indirectly lend or pledge its credit or make any donation to or in aid of any person, association or public or private corporation.

**Cause:** The District lacks effective internal controls surrounding the process of reclassifying projects from CIP to the appropriate capital asset account. In addition, the District lacks an effective process to ensure proper approval and notification prior to disposing of assets.

**Effect:** Potential misstatements of the financial statements and noncompliance with applicable statutes and laws.

**Auditor's Recommendation:** We recommend the District review the projects within the outstanding CIP balance and determine the classification as CIP is still appropriate. We recommend the District establish a formal process to move projects from CIP upon completion or when no other costs are expected to be accumulated into the project. The District should include a process in which all projects within CIP are reviewed on a monthly basis. We would recommend that the review of open and closed activity for CIP projects be performed on a monthly basis to ensure timely reporting of assets and depreciation. In addition, we recommend that management implement a process to ensure that the Board be notified of the disposition of assets in a more timely manner to ensure compliance with all laws and regulations. Furthermore, we recommend that the district establish stronger documentation retention policies related to demolitions.

**Management's Response:**

**School Bus Transfer:** In August 2015, the District was forced to get into the bus business on very short notice when the contractor/operator in the east mountain area did not renew their contract for FY15. The district offered the routes to other contractors in our existing base of school bus contractors, however, none of the contractors was interested in absorbing the additional routes. The district purchased and executed the physical transfer of the buses from the East Mountain bus company one day before the first day of school. APS wrote a check for \$65,000 (approximately) to the East Mountain Bus company for the purchase of the buses. The buses had a market value of approximately \$500,000 based on the appraisals conducted at the time of purchase. The \$65,000 amount represented the difference between the appraised value of the buses and the unamortized value of the buses. FYI, the buses are amortized over a 12 year period. If a contractor exits the business before the 12 years, the unamortized value is still "owed" to the district. If the appraised value exceeds the unamortized value, the District owes the contractor the difference. If the unamortized value exceeds the appraise value, the contractor owes money to the District and must return the buses to the district.

The district did not intend to operate buses in the East Mountains on a long term basis; the intent was to find an external company to provide the service. To that end, the District worked with our internal procurement department to issue an RFP for bus service in the East Mountains. The RFP was conducted per direction from the NM PED Director of Student Transportation. The RFP did not include payment of \$433,868 for the transfer of buses. Only one company, Follow the Sun, responded to the RFP. Follow the Sun was awarded the contract for the east mountains, including the transfer of buses at no cost, in November, 2014. APS was issued a check for approximately \$47K by the PED when the transfer took place. APS was in and out of the bus business for a net asset cost of approximately \$18,000. The \$18,000 cost would have been a \$0 cost, except that there was a disagreement between PED and APS on the appraisal method that was used. If not for the disagreement over the appraisal methodology that was used, APS would have been in and out of the business at \$0 cost for the equipment.

APS holds a lien on the 19 buses. The buses can only be used for the transportation of APS students. The buses cannot be sold by the contractor unless they pay APS the unamortized value of the buses (which was \$433,868 at the time of the initial transfer). APS was within its rights to transfer their equipment to a contractor who would provide transportation services (provide drivers and maintenance on the buses) to the district.

The District acknowledges that it did not notify the Office of the State Auditor nor the board about the deletions. However, the District did notify the board about entering and exiting the District-Owned bus business on August 19, 2014 and October 28, 2014, respectively. The deletions forms were not included in those notifications.

The District failed to submit the deletions to the state auditor because new staff in the Transportation Department were not aware of this requirement for this transaction - it was a unique, non-routine transfer of assets. In the future the District will certainly comply with this requirement if it executes this type of a transaction again.

Demolition of facilities: It is the district's intention and goal to follow the guidelines as required in state statutes. The Del Norte High School was a series of demolition and construction projects over several years which had several notices to the school board and to the state auditor. Based on the progress payment, demolition did not begin prior to the Board action. We have discussed the process with the Facilities Design & Construction Department to ensure we are given adequate time to complete the notification process prior to their beginning of the demolition phase. We will request that FD&C notify the Construction Company in writing of the start date of the demolition based on the date of the Auditors Letter and confirmation by the company of their start date. The Senior Director of Capital Fiscal Services and the Executive Director will be responsible administrators for this issue.

**2012-005 Internal Controls Surrounding Capital Asset Management – (Material Weakness) (Continued)**

CIP – Technology:

Capital Fiscal Services will review all CIP activities on a monthly basis and will discuss with the appropriate Departments the status of their accounts/projects and determine the appropriate time to capitalize these activities. The departments will include Capital Fiscal Services, Facilities Design and Construction, Maintenance and Operations, and Technology. The Senior Director of Capital Fiscal Services is the responsible administrator.

Annual Inventory:

The School District started in June 2014 a two-year project to complete the conversion and integration to a new software system, including a reconciliation of all assets. As required by state regulation, a complete inventory of assets was performed by an independent company during fiscal year 2015. The conversion and integration has been completed and the department is on schedule to complete the reconciliation by June 2016 as planned. The Capital Controller is the responsible administrator.

**2014-001 Over-Expended Budget (Compliance and Other Matters)**

**Condition:** During the audit, we noted the following funds/functions where the actual expenditures exceeded the legal level of budgetary control:

- Capital Improvements HB-33 Capital Projects Fund (31600) Support Services - \$2,808
- Capital Improvements SB-9 Capital Projects Fund (31700) Support Services - \$2,217

*Management's Progress for Repeat Findings:* The District will continue to monitor the expenditures in comparison to the budgeted funds and will provide additional funding to the functions where there is a potential problem due to expenditures initiated by outside agencies.

**Criteria:** Sound financial management and 6.20.2.9 (A) NMAC and 22-8-5 through 22-8-12.2 NMSA 1978 require that budgets not be exceeded at the legal level of control. For school districts, the function is the legal level of control.

**Cause:** Management oversight.

**Effect:** Non-compliance with state statutes.

**Auditor's Recommendation:** We recommend that management establish controls necessary to monitor the budget and submit any necessary adjustments on a timely basis in order to avoid overages.

**ALBUQUERQUE PUBLIC SCHOOLS (CONTINUED)**

**2014-001 Over-Expended Budget (Compliance and Other Matters) (Continued)**

**Management's Response:** The Public Education Department with the assistance of financial consultants, project the revenue for these two funds and Bernalillo County processes the receipt of revenue and charges the school district a fee for doing this (1%). The District has no control over the funds received along with the automatic charge to us. In this event, there was significantly more revenue received than projected and as a result the fees were higher and exceeded the budgeted amount. For fiscal year 2016, the District will increase the budgeted amount for these expenditures beyond the 1% and will monitor the account throughout the year to determine if a budget adjustment is needed. The Senior Director of Capital Fiscal Services in the responsible party.

**2015-002 – Financial Close Over Accounts Receivable – (Material Weakness)**

**Condition:** During testwork over Accounts Receivable balances we noted following:

- The District had over accrued an accounts receivable balance of approximately \$36,646 for Fund 27166. The balance related to expenses in past years that were never reimbursed to the District. The funding agreement does not allow for the District to be reimbursed after a year is closed.
- The District did not accrue accounts receivable and the related revenue amount of approximately \$436,303 in fund 21000, Food Operations. The amount of \$169,486 was overlooked during the District's accrual of receivables process. It was also determined that USDA claims for the National School Lunch Program (CFDA 10.555) for June, totaling \$266,817, were not recognized as revenue or accounts receivable as of June 30, 2015. The billing of the accounts receivable was never communicated to the financial department.
- The District did not accrue revenue and the related accounts receivable balance related to a reinsurance claim amount for approximately \$363,065.

**Criteria:** Per NMAC 6.20.2.11, every school district shall establish and maintain an internal control structure to provide management with reasonable assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general purpose financial statements in accordance with GAAP.

**Cause:** Management over sight.

**Effect:** Over sight of accruing the proper revenue and accounts receivable amounts could cause the financial statements to be misstated.

**Auditor's Recommendation:** We recommend management establish policies and procedures during the financial close and reporting process to include an evaluation of all transactions that could be subject to accrual or recognition in a different period.

**Management’s Response:** Accounts receivable close process will be strengthened and procedures documented to help ensure that all appropriate accounts receivable are recorded. The closing process will include review of Q4 Food Service billings for possible accrual. Procedures will be documented during Q2 FY 2016; responsible position: Operational Fund Controller.

**2015-003 Background Check - (Compliance and Other Matters)**

**Condition:** During the course of our fiscal year 2015 audit, we became aware of an employee that was hired by the District and did not complete a background check prior to starting employment.

**Criteria:** Per the District policy and procedures, background checks are performed on all prospective district employees (applicants who are offered employment), district contractors, district contractor's employees, and volunteers who might have unsupervised access to students.

**Cause:** Management override of controls.

**Effect:** Non-compliance with District’s policies and procedures.

**Auditor’s Recommendation:** We recommend that management establish controls to identify management override of controls and report them to the board or necessary oversight individual responsible.

**Management’s Response:** Corrective action of the finding is the responsibility of the assistant superintendent of human resources and the following recommendations have been made to the Public Education Department:

- Initiate a PED or State requirement that all employees hired prior to 1999 be fingerprinted and cleared because everyone hired prior to 1999 does not have a background clearance.
- Initiate a PED or State requirement that all public school employees be random “background checked” or periodic background testing for all employees.
- Changes to Statute -22-10A-5. Under section B, revise language to state that an applicant for initial licensure can submit FBI reports to the Public Education Department to obtain licensure. Currently, the fingerprint submission has to go to PED (not the FBI) for initial licensure which slows down the process. Under section D, remove language that states if the PED has done a background check within 2 years, public schools can use it even though it is 2 years old. Under Section E, add language “all public school employees” shall report to the department “and the school district” any known conviction of a felony...”
- Additionally, a request by the Assistant Superintendent of Human Resources has been made to the Board of Education regarding a process for reporting a complaint against the Superintendent that does not involve members of the Board of Education or APS personnel so as to avoid any form of retaliation.

**2015-004 Purchase Approval - (Compliance and Other Matters)**

**Condition:** During the audit, we noted a single disbursement of \$1,059,908, which consisted of 17 different invoices from the same vendor with one purchase order number. The invoice amounts were: \$235,350, \$232,566, \$239,681, \$191,308, and the remaining 13 invoices totaled \$161,003. Because each individual invoice was below \$250,000, there was no board approval on the purchase(s).

**Criteria:** Per purchase and project approval policy and procedures; all district purchases and expenditures which equal or exceed two hundred fifty thousand dollars, or that are projected to equal or exceed two hundred and fifty thousand dollars by the end of their completion shall be taken to the board of education for approval.

**Cause:** Override of controls.

**Effect:** Non-compliance with District's policies and procedures.

**Auditor's Recommendation:** We recommend that management establish controls to identify disbursements that are or will potentially exceed the \$250,000 limit.

**Management's Response:** This order was part of the overall, board approved bond election results which allows APS to refresh technology for all schools sites, specifically for classroom enhancement and sustainability. The bond authorization was voter approved and board approved. We worked under the understanding that this is a long term project which, in our policy, allows for continuation towards completion without consistent board approval. However, this current academic year, we did present this purchase to the board for approval. The Chief Technology Officer and the Executive Director of Procurement are responsible for monitoring this issue in the future.

**Condition:** During our review of cash receipts, we noted 1 of 13 receipts, in the amount of \$207.91, which were not deposited within 24 hours of receipt as required.

*Management's Progress for a Repeat Finding: Management failed to correct the issue from prior due to transition in the business manager position and plans to establish a control to correct this next year.*

**Criteria:** NMAC 6.20.2.14 states that money received and receipted shall be deposited in the bank within twenty-four (24) hours or one banking day.

**Cause:** Procedures established by management to ensure proper documentation and timely deposit have not been established to ensure 100% compliance.

**Effect:** Non-compliance with NMAC 6.20.2.14.

**Auditor's Recommendation:** We recommend that management continue to monitor the established procedures to ensure all staff involved with cash receipts and deposits are familiar with the established procedures to ensure timely deposit of all receipts as required.

**Management's Response:** The chief operations officer will review the school's cash receipting and depositing process with all staff members to ensure compliance with state regulations and statutes. Currently, the chief operations officer is reviewing the state regulations and statutes, as well as the school's procedures for deposits of public funds, at the weekly staff meetings during October 2015, to ensure compliance with NMAC 6.20.2.14. The review process will be conducted once a month during the school year to maintain compliance and is the responsibility of the chief operations officer.

**2015-024 (FS 10-05) - Internal Control Structure (Significant Deficiency)**

**Condition:**

- During our test work over accounts payable and related disbursements, we noted invoices paid subsequent to year-end in the amount of approximately \$3,351 for services provided as of June 30, 2015; this amount was not identified in the accounts payable at June 30, 2015 by management.
- The fund balance roll forward required an adjustment of \$7,730 due to a journal entry that was posted twice during the fiscal year.
- During the audit, we identified an approximate \$133 adjustment that was required for a reimbursement based fund that exceeded the actual award amount.
- During our testwork over capital assets, we noted that management excluded the current year deletions on assets that were fully depreciated, which had a cost of approximately \$59k.

**Criteria:** Every school district shall establish and maintain an internal control structure to provide management with reasonable assurance that assets are safe-guarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with GAAP

**Cause:** Management oversight, lack of effective internal controls over the financial close and reporting process.

**Effect:** Potential misstatements of financial statements.

**Auditor's Recommendation:** We recommend that management establish effective internal controls surrounding the financial close and reporting process to ensure all account balances are properly presented.

**Management's Response:** The school experienced an unexpected situation of having to contract a new business manager towards the end of the fiscal year. During the transition, some information was not completely transmitted from the previous to the current business manager. This situation has prompted the current business manager, along with the recently hired chief operations officer, to evaluate the current processes and procedures. In an effort to ensure accurate reporting for all fiscal matters, a review of the internal controls will be conducted as well. This review will begin with the list of conditions noted in this audit. Once a review is complete, the school should have updated internal controls by March of 2016.

Processes and procedures over accrual and fund balances will be reviewed. New procedures will be implemented by both the chief operations officer and the business manager to ensure roll forward of the fund balances and proper accruals are determined. Both the chief operations officer and the business manager are currently working to ensure that effective internal controls are in place for financial closing of fiscal year 2016.

The chief operations officer and business manager have at present implemented a regular review process of all funds and their expenditures to ensure actuals do not exceed the awarded amount of the fund.

The chief operations officer and the business manager are currently reviewing the school's capital assets. Once this review of the assets is complete, both the chief operations officer and the business manager will develop and implement a procedure that will ensure the correct status of the school's assets. This review and implementation should be completed by February 2016 and is the responsibility of the chief operations officer.

**Management's Response:** School policy requires compliance with State law on background checks. A review of policies and procedures for securing and maintaining the background check documentation will be completed to ensure compliance. The chief operations officer has completed a thorough review of all personnel files to verify that each employee of the school has a background check that is current. This review was conducted and completed in in September 2015 and is the responsibility of the chief operations officer.

**2015- 026 – Purchasing (Compliance and Other Matters)**

**Condition:** During our review of cash disbursements, we noted the following:

- 4 out of 24, totaling approximately \$914, in which purchases exceeded purchase order.
- 2 out 24, totaling approximately \$1,445, in which an approved purchase order was not established prior to the purchase.

**Criteria:** Per PSAB Supplement 13-Purchasing, the preparation and execution of a duly authorized purchase order must precede the placement of any order for goods, services or construction.

**Cause:** Management oversight.

**Effect:** Possible unauthorized purchases or purchases without adequate budget authority.

**Auditor's Recommendation:** We recommend that management establish appropriate controls and procedures to ensure all purchases have an approved purchase order/purchase requisition prior to the purchase.

**Management's Response:** The recently hired chief operations officer is a Certified Procurement Officer, as is the new contract business manager. Both will review the procurement procedures to ensure compliance with applicable procurement requirements. The chief operations officer will review with all staff members the correct process for purchasing and will conduct monthly trainings at the staff meetings for compliance. **2015-031 – Internal Controls over Paid Time Off Leave Balances (Compliance and Other Matters)**

**Condition:** During our audit, it was noted that an employee is able to use PTO leave balances in excess of their accumulated leave balance.

**Criteria:** Per NMAC 6.20.2.18, the local board shall establish written payroll policies and procedures which comply with state and federal regulations on payroll, as well as maintaining strict internal controls, close supervision and financial accounting in accordance with GAAP. School districts shall maintain and have available for inspection the following employee record documentation: employment contracts (including increments), personnel/payroll action forms, certification records, employment eligibility verification (federal form I-9 for citizenship certification), federal and state withholding allowance certificates, pay deduction authorizations, pay or position change notices, Educational Retirement Act plan application, and direct deposit authorizations. In addition, the anti-donation clause of the New Mexico Constitution, Article IX, Section 14, provides that "neither the state nor any county, school district or municipality, except as otherwise provided in the constitution, shall directly or indirectly lend or pledge its credit or make any donation to or in aid of any person, association or public or private corporation...".

**Condition:** During our audit, we noted the school had approximately \$96,000 in deposits in excess of FDIC which were not secured as of June 30, 2015.

**Criteria:** Per 6-10-16 NMSA 1978, deposits of public money shall be secured by: (1) securities of the United States, its agencies or instrumentalities; (2) securities of the state of New Mexico, its agencies, instrumentalities, counties, municipalities or other subdivisions; (3) securities, including student loans, that are guaranteed by the United States or the state of New Mexico; (4) revenue bonds that are underwritten by a member of the financial industry regulatory authority, known as FINRA, and are rated "BAA" or above by a nationally recognized bond rating service; or (5) letters of credit issued by a federal home loan bank. **Cause:** Management oversight.

**Effect:** Non-compliance with state statutes.

**Criteria:** The school's internal policy does not allow reimbursement for alcohol.

**Cause:** Management oversight.

**Effect:** Non-compliance with school policy

**Auditor's Recommendation:** We recommend that management establish appropriate controls and procedures to ensure all purchases are made in accordance with school policy and other applicable regulations.

**Management's Response:** We have set school internal policies and procedures for the prohibition of reimbursement for alcohol purchases, but will revise our internal policy to include "at least two people will review receipts for travel reimbursements and will sign off on it prior to the employee being reimbursed." The employee will return the amount owed to the school for the reimbursed alcohol purchase. Corrective action will be implemented immediately and is the responsibility of the business manager.

**2015-018 – Revenue Recognition (Material Weakness)**

**Condition:** During our audit, we noted that the school upgraded their information technology infrastructure, in which the school did not recognize revenue and related capital outlay expenditures totaling approximately \$131k. In addition, the school did not identify approximately \$57k in capital assets associated with the E-rate expenditures.

**Criteria:** Every school district shall establish and maintain an internal control structure to provide management with reasonable assurance that assets are safe-guarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with GAAP.

**Criteria:** Per NMAC 6.20.2.18, the local board shall establish written payroll policies and procedures which comply with state and federal regulations on payroll, as well as maintaining strict internal controls, close supervision and financial accounting in accordance with GAAP. School districts shall maintain and have available for inspection the following employee record documentation: employment contracts (including increments), personnel/payroll action forms, certification records, employment eligibility verification (federal form I-9 for citizenship certification), federal and state withholding allowance certificates, pay deduction authorizations, pay or position change notices, Educational Retirement Act plan application, and direct deposit authorizations. In addition, the anti-donation clause of the New Mexico Constitution, Article IX, Section 14, provides that “neither the state nor any county, school district or municipality, except as otherwise provided in the constitution, shall directly or indirectly lend or pledge its credit or make any donation to or in aid of any person, association or public or private corporation...”.

**Cause:** Lack of effective controls and procedures surrounding the accumulation and use of PTO Leave Balances.

**Effect:** Non compliance with the applicable statutes.

**Auditor's Recommendation:** We recommend that management ensure that adequate internal controls are established to ensure leave balances are properly accumulated and that an employee can only use PTO leave balances up to what they have accumulated.

**Management's Response:** Effective for fiscal year 2016, the business office has implemented procedures to ensure that any employee taking or requesting leave is not entering into a negative leave balance. Corrective action is the responsibility of the business manager.

**2015-034 - Budgetary Conditions (Compliance and Other Matters)**

**Condition:** The school has an expenditure function where actual expenditures exceeded budgetary authority:

Fund 24154 - Teacher/Principal Training - \$250

**Criteria:** Sound financial management and 6.20.2.9 (A) NMAC and 22-8-5 through 22-8-12.2 NMSA 1978 require that budgets not be exceeded at the legal level of control. For school districts, the function is the legal level of control.

**Cause:** Management oversight.

**Effect:** Non-compliance with state statutes.

**Auditor's Recommendation:** The School should establish a policy of budgetary review at year-end and make the necessary budgetary adjustments.

**Management's Response:** The business office and the Head of School are currently reviewing the budget on a quarterly basis to ensure that budget adjustments are being made timely.

**2015-035 - Chief Procurement Officer Registration (Compliance and Other Matters)**

**Condition:** The school's chief procurement officer registered with the General Services Department is no longer employed by the school. The school has not provided the state purchasing agent the name of the new chief procurement officer nor has an individual at the school completed the certification program.

**Criteria:** Local public bodies shall provide the state purchasing division with their chief procurement officer on or before January 1 or each year beginning in 2014 as required by NMSA Section 13-1-95.2.

**Cause:** Management oversight.

**Effect:** Non-compliance with state statutes.

**Auditor's Recommendation:** The School should establish internal controls to ensure compliance with all new laws and regulations.

**Management's Response:** Due to the unexpected resignation of the School's CPO and the length of time it takes to study and take the CPO exam, the School was unable to replace the CPO by the fiscal year end. Corrales International School is aware of the CPO requirement and currently has the Assistant Head of School taking the CPO course and test. Corrales International School expects to be in compliance by early 2016. Corrective action is the responsibility of the business manager.

**2015-036 – Payroll Related Contributions and Reporting (Compliance and Other Matters)**

**Condition:** During our audit, we noted that the school failed to file the 2015 1<sup>st</sup> quarter 941 report. In addition, the ERB monthly contributions and report for May 2015 were not submitted timely; as a result, a \$10 penalty was assessed.

**Criteria:** The IRS requires accurate quarterly filing and reporting of the school's wages and related taxes on form 941. In addition, the ERB requires monthly contributions and submissions within 15 days of month-end.

**Cause:** During the fiscal year, management utilized 2 different business managers, which resulted in periods of time during the year in which adequate controls were not being followed.

**Effect:** Non compliance with required contribution and filing requirements, possible penalties.

**Auditor's Recommendation:** We recommend management establish procedures to ensure timely submission of all reporting and contribution requirements.

**2015-037 – Supporting Documentation on Journal Entries (Internal Controls – Material Weakness)**

**Condition:** During the audit, management was unable to provide the original supporting documentation of some of the journal entries posted during the fiscal year; furthermore, it was unknown if all journal entries were reviewed and approved by someone independent of the preparer.

**Criteria:** Every school district shall establish and maintain an internal control structure to provide management with reasonable assurance that assets are safe-guarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with GAAP.

**Criteria:** Every school district shall establish and maintain an internal control structure to provide management with reasonable assurance that assets are safe-guarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with GAAP.

**Cause:** Transition of multiple business managers during the fiscal year and the journal entry binder containing all supporting documentation was not readily available.

**Effect:** Potential misstatements of financial statements or misappropriation of assets.

**Auditor's Recommendation:** We recommend that management establish procedures and controls that all journal entries are properly reviewed and approved and that supporting documentation is maintained.

**Management's Response:** Corrales International School's business office is currently taking the proper actions to ensure that all journal entries are approved and kept on-site with supporting documentation. Corrective action is the responsibility of the business manager.

**2015-016-Dispostion of Real Property (Compliance and Other Matters)**

**Condition:** During our review of governing council minutes, we noted the school donated two vehicles to a non-profit entity.

**Criteria:** Article IX, Section 14 of the New Mexico Constitution states that neither the state nor any county, school district or municipality, except as otherwise provided in this constitution, shall directly or indirectly lend or pledge its credit or make any donation to or in aid of any person, association or public or private corporation. In addition, per NMSA 13-6-1, regarding the Disposition of obsolete, worn-out or unusable tangible personal property:

A. The governing authority of each state agency, local public body, school district and state educational institution may dispose of any item of tangible personal property belonging to that authority and delete the item from its public inventory upon a specific finding by the authority that the item of property is:

- (1) of a current resale value of five thousand dollars (\$5,000) or less; and

**Cause:** Management oversight.

**Effect:** Non compliance with the applicable statutes.

**Auditor's Recommendation:** We recommend that management establish procedures to ensure management and the Governing Council are familiar with all requirements and applicable laws/regulations surrounding the disposal of capital assets.

**Management's Response:** The vehicles were not purchased with public funds; instead, they were donated to Gordon Bernell Charter School. When we donated the two vehicles, the school believed we were following all required procedures and processes for the disposal as it was approved through the State Auditor's Office. The school is now aware of Article IX, Section 14 of the New Mexico Constitution and NMSA 13-6-1 regarding donations of assets. **FRIENDS OF THE MONTESSORI FOUNDATION**

**2013-019 – Internal Control Structure (Significant Deficiency)**

**Condition:** During our audit, we noted the following issues:

- The Foundation was unable to provide evidence of purchase orders for two transactions totaling \$2,000.
- During our review of two payroll disbursements, 1 lacked a documented timesheet to support the amount paid.
- We noted 2 of 21 disbursements reviewed, totaling \$3,234.49, in which an approved purchase order was not established prior to the purchase.
- During review of cash receipts, we noted that 2 of 27 deposits totaling \$1,605 lacked a proper receipt.

*Management's Progress for a Repeat Finding: Management corrected some of the issues identified in prior year and the items noted are less significant. Management was still dealing with staff turnover and anticipates the issues to be completely resolved for FY16.*

**Criteria:** The Foundation shall establish and maintain an internal control structure to provide management with reasonable assurance that assets are safe-guarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with GAAP.

**2015-011 – Internal Control Over Cash Receipts (Significant Deficiency)**

**Condition:** During our audit, we identified a receipt in the amount of approximately \$13k which was incorrectly recorded to fund 31600 instead of fund 31700.

**Criteria:** Every school district shall establish and maintain an internal control structure to provide management with reasonable assurance that assets are safe-guarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with GAAP.

**Cause:** Lack of effective internal controls surrounding the cash receipt process of county tax payments.

**Effect:** Potential misstatements of financial statements.

**Auditor's Recommendation:** We recommend that management ensure that adequate internal controls are established surrounding the cash receipt process to ensure accurate recording of all receipts.

**Management's Response:** This issue is an example of why we have changed business managers as of July 1, 2015. It was determined that the individual did not have adequate capabilities in order to properly record transactions. So an experienced Business Manager has been hired. In addition, starting July 1, 2015, we are ensuring that, monthly, the Business Manager reviews all detailed revenue transactions in reports by fund. We are also training the Principal in analytical methods so that he can review the overall monthly financial statements, which are by fund, for possible errors. **Condition:** During our audit, we encountered the following issues:

- During our testing of subsequent receipts, we identified approximately \$10,600 in cash receipts that should have been identified as accounts receivable as of June 30, 2015 by management.
- The beginning balance of the initial capital asset roll forward schedule provided during the audit didn't agree to the ending balance on the prior year schedule. A portion of the FY14 additions were inadvertently excluded from the beginning balance.

*Management's Progress for a Repeat Finding: Management corrected some of the issues identified in prior year and the items noted are less significant and relatively simple oversights, however, management failed to make sure adequate controls are established over financial reporting.*

**Criteria:** Every school district shall establish and maintain an internal control structure to provide management with reasonable assurance that assets are safe-guarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general purpose financial statements in accordance with GAAP.

**Effect:** Misstatements of financial statements.

**Cause:** Lack of effective internal controls surrounding the financial reporting process.

**Auditor's Recommendation:** We recommend that management ensure that adequate internal controls are established surrounding the financial reporting process.

**Management's Response:** The cash receipt was due to an adjustment for a June billing that was submitted in August combined with July billing. Director of finance will ensure to review all cash receipts in order to identify all accounts receivable.

There was an adjustment to the capital assets after fieldwork had been completed in the prior year but was not updated on rollforward by the Director of Finance. Per 6-10-17 NMSA 1978, the securities delivered shall have an aggregate value equal to one-half the amount of public money to be received.

**Cause:** Management oversight.

**Effect:** Non compliance with the applicable statutes.

**Auditor's Recommendation:** We recommend that management ensure that adequate internal controls are established to ensure compliance with 6-10-16 NMSA 1978

**Management's Response:** This error was due to a \$250,000 deposit that was done late in the afternoon on 6/30/15 and, according to Wells Fargo, was not collateralized until 7/1/15. **2015-006 – Internal Control Structure (Material Weakness)**

**Condition:** During our audit, we noted the following issues:

- The Foundation lacks documentation of minutes from board meetings.
- The Foundation lacks a monthly process to review and reconcile financials on a monthly or quarterly basis. The original trial balance provided during the audit included 2 accounts totaling approximately \$20k that required a reconciliation.
- We noted approximately \$34k in accounts payable which required an audit adjustment. In addition, an adjustment to cash was required in the amount of \$250k for a check written prior to June 30, 2015.
- The review of the bank reconciliations is performed by the executive director; however, an additional review should be performed by the board treasurer.
- The Foundation lacks formal policies and procedures surrounding the use of the Paypal account, which has a balance of approximately \$600 and is not reported on the Foundation financial statements.

Furthermore, the asset listing contained assets that were previously fully depreciated and removed from the listing.

*Management's Progress for a Repeat Finding: Management corrected the issues identified in prior year that were associated with the identification of capital asset additions, however, management failed to ensure adequate internal controls surrounding the entire capital asset reporting process were established.*

**Criteria:** NMAC 6.20.2.22 requires that assets of a long-term character which are intended to continue to be held or used, such as land (including acquisition and improvements to grounds), buildings (including initial acquisition, improvements, remodeling, additions, and replacement), furniture, machinery and equipment, shall be acquired and accounted for through the development and implementation of a complete property control system which shall be adopted by the local board and in accordance with GAAP. **PUBLIC ACADEMY FOR PERFORMING ARTS**

**2014-017 – Bank Reconciliation (Significant Deficiency)**

**Condition:** During our review of the year-end bank reconciliation, we noted an ACH item listed as an outstanding item in the amount of approximately \$80,518; however, this item cleared the bank July 15, July 16, and July 17, 2015 and was not a valid outstanding item against cash.

*Management's Progress for a Repeat Finding: Management failed to correct the issue from prior and plans to establish a control to correct this next year.*

**Criteria:** Per NMAC 6.20.2.14, school districts shall establish and maintain a cash management program to safeguard cash and provide prompt and accurate reporting that adheres to cash management requirements of the Office of Management and Budget (OMB) Circular A-102, and applicable state and federal laws and regulations. In addition, every school district shall establish and maintain an internal control structure to provide management with reasonable assurance that assets are safe-guarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with GAAP.

**Cause:** Management oversight, lack of effective internal controls surrounding the bank reconciliation.

**2014-017 – Bank Reconciliation (Significant Deficiency) (Continued)**

**Effect:** Non-compliance with state statutes, possible misstatements to the financial statements.

**Auditor's Recommendation:** We recommend that management ensure that adequate internal controls are established to ensure accurate bank reconciliations are performed monthly as required and that all items at year-end are properly classified as outstanding items against cash accrued liabilities depending on the actual disbursement/ACH date.

**Management's Response:** The finance committee will work with the Business Manager on August 1st to determine all outstanding items as of June 30, 2016 that should be reported as an AP on the 2016 financial statements. Corrective action will be implemented immediately and is the responsibility of the business manager.

**ROBERT F. KENNEDY CHARTER SCHOOL**

**2014-018 – Purchasing (Compliance and Other Matters)**

**Condition:** During our review of cash disbursements, we noted 5 out of 37, totaling approximately \$4,500, in which purchases exceeded the purchase order. We noted 1 out of 37, totaling approximately \$5,350, in which an approved purchase order was not established prior to the purchase.

*Management's Progress for a Repeat Finding: Management failed to correct the issue from prior and plans to establish procedures during FY16 to ensure compliance.*

**Criteria:** Per PSAB Supplement 13-Purchasing, the preparation and execution of a duly authorized purchase order must precede the placement of any order for goods, services or construction. In addition, the actual purchase amount should not exceed the purchase order amount without adequate approval.

**Cause:** During the year, the school lacked adequate controls and procedures surrounding the disbursement process.

**Effect:** Possible unauthorized purchases or purchases without adequate budget authority.

**Auditor's Recommendation:** We recommend that management establish appropriate controls and procedures to ensure all purchases have an approved purchase order/purchase requisition prior to the purchase.

**Management's Response:** The office manager will follow the internal control policies and procedures for purchasing ongoing; the business office will follow proper procurement procedures. The accounting software, purchasing module configurations have been changed to have a zero allowable threshold for payment, so as not to exceed purchase order budgeted amount. Corrective action will be implemented immediately and is the responsibility of the business manager.

**2015-020 – Capital Assets (Significant Deficiency)**

**Condition:** During our test work over capital assets, we identified the purchase of two capital assets in the amount of approximately \$13,500 which were not identified by the school as a capital asset.

**Criteria:** Per 12-6-10 NMSA 1978, agencies are to capitalize chattels and equipment that cost over \$5,000.

**Cause:** Management oversight, lack of effective internal controls surrounding the process to identify capital assets for year-end reporting.

**Effect:** Misstatement of financial statements.

**Auditor's Recommendation:** We recommend that management establish a process to properly identify purchases of all capital assets which meet the threshold of \$5,000. This process should include the use of the proper account code at the time of purchase as identified in the uniform chart of accounts, 57331 Fixed Assets (More Than \$5,000).

**Management's Response:** The school is in the process of adapting a new inventory system, called TipWeb-IT, which will help track assets. Also, the business office is training with Harris Computers to learn the Capital Assets Module in Aptafund, the school's accounting software. The office manager will work with the business office to code correctly assets over \$5,000 and to update the Capital Assets Depreciation schedule monthly for management review. Corrective action will be implemented immediately and is the responsibility of the business manager.

**2015-021 Timely Submission of ERB Contributions (Compliance and Other Matters)**

**Condition:** During our review of the monthly ERB contributions, we noted two months which were not filed in a timely manner.

**Criteria:** ERB requires the monthly ERB contributions to be submitted within 15 days of the end of the month.

**Cause:** Management oversight.

**Effect:** Non compliance with ERB contribution and filing requirements, possible penalties.

**Auditor's Recommendation:** We recommend management establish procedures to ensure timely submission of the ERB contributions.

**Management's Response:** The business office will process all monthly liabilities in accordance with the guidelines to due dates. A procedure will be put in place to process all liability payments by the 9<sup>th</sup> of each month. The liability payments will be reviewed by management on the 10<sup>th</sup> of each month during budget meeting to ensure all payments have been made. Corrective action will be implemented immediately and is the responsibility of the business manager.

**2015-022 – Travel and Per Diem (Compliance and Other Matters)**

**Condition:** During our review of 3 travel and per diem related disbursements, we noted one in which a mileage reimbursement rate of .44 cents was used instead of the mileage reimbursement rate in the school's policy of .55 cents. The employee was entitled to an additional \$51 in mileage reimbursement.

**Criteria:** Per NMAC 6.20.2.19, each school district shall establish and implement written policies and procedures for travel and training. Travel policies and procedures shall be in compliance with the Per Diem and Mileage Act, Sections 10-8-1 through 10-8-8, NMSA 1978, and Department of Finance and Administration (DFA) regulations.

**Criteria:** Per NMAC 6.20.2. 19, each school district shall establish and implement written policies and procedures for travel and training. Travel policies and procedures shall be in compliance with the Per Diem and Mileage Act, Sections 10-8-1 through 10-8-8, NMSA 1978, and Department of Finance and Administration (DFA) regulations.

**Cause:** Management oversight.

**Effect:** Non-compliance with NMAC 6.20.2.19/school policy and incorrect reimbursements.

**Auditor's Recommendation:** We recommend that management ensure all staff involved with travel and per diem reimbursements are familiar with the established procedures to ensure compliance.

**Management's Response:** The business office and the office manager will comply with NMAC 6.20.2.19, as well as the school's policy and procedures for travel and mileage reimbursement for all employees ongoing. RFK's Per Diem and Travel forms have been updated to reflect current mileage and per diem rates. Corrective action will be implemented immediately and is the responsibility of the business manager.

**2015-023 Personnel Files (Compliance and Other Matters)**

**Condition:** During our audit, we noted 1 out of 5 personnel files reviewed which lacked the ERB enrollment form.

**Criteria:** Per NMAC 6.20.2.18, the local board shall establish written payroll policies and procedures which comply with state and federal regulations on payroll, as well as maintaining strict internal controls, close supervision and financial accounting in accordance with GAAP. School districts shall maintain and have available for inspection the following employee record documentation: employment contracts (including increments), personnel/payroll action forms, certification records, employment eligibility verification (federal form I-9 for citizenship certification), federal and state withholding allowance certification, pay deductions authorizations, pay or position change notices, Education Retirement Act plan application, and direct deposit authorizations.

Corrective action will be implemented immediately and is the responsibility of the business manager.

**SOUTH VALLEY ACADEMY**

**2015-019 Internal Control Structure (Compliance and Other Matters)**

**Condition:** During our audit we encountered the following issues:

- During our search for unrecorded liabilities, we identified approximately \$1,647 in liabilities that should have been identified as liabilities as of June 30, 2015 by management.
- During our cash receipts test work, we identified a lack of food count sheets to support the first week of September 2014's reimbursement claim for student snacks.

**Criteria:** Every school shall establish and maintain an internal control structure to provide management with reasonable assurance that assets are safe-guarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with GAAP.

**Cause:** Management oversight.

**Effect:** Potential misstatements of financial statements.

**Auditor's Recommendation:** We recommend that management evaluate the exceptions noted and evaluate the internal controls surrounding those procedures and establish adequate controls to prevent future occurrences.

**Management's Response:** The Business Manager will make sure that, at year end, liabilities are identified and recorded in the appropriate FY. In addition, SVA has already implemented a swiping system for the food program to ensure accurate food counts. These are stored electronically on a daily basis. THE BATAAN MILITARY ACADEMY

**2015-013 Audit Confidentiality (Compliance and Other Matters)**

**Condition:** During the review of Governing Council meeting minutes in September 2014, it was noted that the School publicly discussed potential audit findings.

**Criteria:** State Audit Rule 2.2.2.10.J. states that agency personnel and the Agency's IPA shall not release information to the public relating to the audit until the audit report is released by the Office, and has become a public record.

**Cause:** Management oversight.

**Effect:** Non-compliance with NM State Audit Rule 2.2.2.10.J.

**Auditor's Recommendation:** We recommend that management and Governing Council members familiarize themselves with applicable rules and regulations in the State of New Mexico as it pertains to a charter school.

**Management's Response:** This has been corrected. Management and the Governing Council have addressed this issue and understand the rules and regulations of the State of New Mexico as they pertain to charter schools. Discussions regarding the audit will only be discussed during a closed session meeting until the audit has been formally released. Corrective action is the responsibility of the business manager.

**2015-014 Delinquent State Taxes/Penalties (Compliance and Other Matters)**

**Condition:** During the fiscal year, the School received notification from the New Mexico Taxation and Revenue Department of a suspension of their tax exempt status due to unpaid taxes/penalties from FY14 in the amount of \$28.

**Criteria:** The New Mexico Taxation and Revenue Department requires timely reporting and payments.

**Cause:** Management oversight.

**Effect:** Non-compliance and temporary loss of tax-exempt status.

**Auditor's Recommendation:** We recommend that management establish controls to make timely payments to the State of New Mexico and any other vendor of the school.

**Management's Response:** This has been corrected. The current business manager is in compliance with all tax payments and has not incurred any penalties due to unpaid taxes. Any discrepancies that may occur are handled immediately by the business manager. Corrective action is the responsibility of the business manager.

**2015-015 – Internal Controls over Paid Time Off Leave Balances (Compliance and Other Matters)**

**Condition:** During our audit, it was noted that an employee is able to use PTO leave balances within the accounting system in excess of their earned accumulated leave balance. We noted 1 employee that reported a negative accumulated PTO balance in the amount of 6.6 days in total as of June 30, 2015 within the accounting system. However, management indicated that the employee had in fact worked extra days during the school year and the use of earned PTO was unnecessary. The school did not maintain appropriate documentation surrounding the use of the employee's paid time off.

**Criteria:** Per NMAC 6.20.2.18, the local board shall establish written payroll policies and procedures which comply with state and federal regulations on payroll, as well as maintaining strict internal controls, close supervision and financial accounting in accordance with GAAP. School districts shall maintain and have available for inspection the following employee record documentation: employment contracts (including increments), personnel/payroll action forms, certification records, employment eligibility verification (federal form I-9 for citizenship certification), federal and state withholding allowance certificates, pay deduction authorizations, pay or position change notices, Educational Retirement Act plan application, and direct deposit authorizations. In addition, the anti-donation clause of the New Mexico Constitution, Article IX, Section 14, provides that "neither the state nor any county, school district or municipality, except as otherwise provided in the constitution, shall directly or indirectly lend or pledge its credit or make any donation to or in aid of any person, association or public or private corporation...".

**Cause:** Lack of effective controls and procedures surrounding the accumulation and use of PTO Leave Balances.

**Effect:** Non compliance with the applicable statutes.

**Auditor's Recommendation:** We recommend that management ensure that adequate internal controls are established to ensure leave balances are properly accumulated and that an employee can only use PTO leave balances up to what they have accumulated.

**Management's Response:** This has been corrected. A review of all leave is being conducted on a semi-monthly basis prior to processing payroll, which is paid semi-monthly on the 15<sup>th</sup> and the last day of the month. Any negative balances will be addressed immediately by the business manager. Corrective action is the responsibility of the business manager.

**2015-010 – Restatement for Classification of Net Assets (Material Weakness)**

**Condition:** During the year ended June 30, 2015, it was noted that there were several errors in the classification of net assets into unrestricted, temporarily restricted, and permanently restricted net assets for contributions received in years prior to June 30, 2015. June 30, 2014 unrestricted net assets were overstated by \$214,020, temporarily restricted net assets were understated by \$206,101, and permanently restricted net assets were understated by \$7,919.

**APS FOUNDATION (CONTINUED)**

**2015-010 – Restatement for Classification of Net Assets (Material Weakness) (Continued)**

**Criteria:** Per FASB ASC 958, the Foundation is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets and permanently restricted net assets. Classification is based upon the existence or absence of donor-imposed restrictions.

**Cause:** In previous years, not all contributions received were reported in the appropriate net asset class according to existence or absence of donor restriction.

**Effect:** Unrestricted net assets were overstated by \$214,020, temporarily restricted net assets were understated by \$206,101, and permanently restricted net assets were understated by \$7,919. The financial statements for the year ended June 30, 2015 included a restatement of the June 30, 2014 net asset balances by these amounts.

**Auditor's Recommendation:** We recommend the Foundation review each contribution for donor imposed restrictions and report those contributions as unrestricted, temporarily restricted, or permanently restricted, in accordance with those restrictions.

**Management's Response:** The Executive Director is responsible for reviewing all contributions and donor restrictions and ensuring they are appropriately recorded in the financial statements. Prior to June 30, 2015, Executive Director review was put into place. The Executive Director has reviewed all previous contributions and will continue to diligently monitor and report restrictions.

**2015-005 (original finding #2012-001) Payroll Allowable Activities/Costs (Significant Deficiency, Instance of Noncompliance)**

**Federal Program:** IDEA-B (CFDA #84.027)

**Federal Agency:** Department of Education

**Federal Award Year:** 2014

**Pass through Agency:** New Mexico Public Education Department

**Pass through Award Number:** IDEA - B (H027A140078)

**Questioned Costs:** \$11,901

**Condition:** Testwork performed relating to allowable activities/costs associated with the IDEA B grant revealed one employee, out of 40 payroll disbursements tested, who was overpaid by \$11,901 from the grant. The employee resigned at the beginning of the school year; however, the human resources department was not notified until eight months subsequent to the resignation. The employee was paid out of the grant during the eight month period. The payroll department located the overpayment during a review of its year-end report but failed to notify the grant department. Because the grant department was not notified, an entry to remove the expense from the grant was not made until the necessity of doing so was communicated by the external auditors.

*Management's Progress for Repeat Findings: The District will be implementing a new Contract Management (CM) module as part of the Lawson System on July 1, 2016. It is expected that the new CM Module will eliminate some manual processes, and provide a more stable payroll environment. The CFO is responsible for this implementation.*

**Criteria:** Per OMB A-133 and federal agreements, the programs are reimbursed for actual costs incurred. In addition, A-102 Common Rule requires that non-Federal entities receiving Federal Awards establish and maintain internal control designed to reasonably ensure compliance with Federal laws, regulations, and program compliance requirements.

**Cause:** Management oversight and lack of communication between departments. In addition, lack of controls surrounding the termination process.

**Effect:** The program is not in compliance with grant requirements and the District may have incorrectly charged costs to the programs.

**Auditor's Recommendation:** We recommend that the District establish effective internal controls surrounding the reporting of employee's termination. In addition, we recommend that the District develop an internal process to make the grants department aware of payroll charges that may be unallowable per grant requirements.

**Management's Response:** The District is evaluating several time absence management software including Kronos and Work Force Solutions so that every person in the district would have to log in from their work site and a report could be generated and reviewed to confirm if an employee was no longer reporting to work. It would also allow the district to manage and automate time sheets. The Assistant Superintendent for Human Resources is responsible for this.

The District is in the process of improving and documenting processes for identifying and communicating instances of payroll overpayments including payroll charges that may be unallowable per grant requirements. **2015-001 Lack of Review Over Free and Reduced Lunch Verification Testing – (Significant Deficiency, Instance of Noncompliance)**

**Federal Program:** National School Lunch Program (CFDA #10.555)

**Federal Agency:** United States Department of Agriculture

**Federal Award Year:** 2014

**Pass through Agency:** New Mexico Public Education Department

**Pass through Award Number:** 21000

**Questioned Costs:** None

**Condition:** Special Test Provision test work performed on Free and Reduced Price Lunch applications revealed one instance, out of 40 tested, in which lack of appropriate application review resulted in the qualification of a student for reduced price lunch as opposed to the appropriate qualification for free lunch. The incorrect qualification was the result of the incorrect calculation of Annual Average Income by Household for the student in question. The calculation was not reviewed by anyone other than the individual who performed the verification process.

**Criteria:** Per the funding program description, a national average payment rate is set for each eligibility category (free, reduced, and paid) within the NSLP program. To ensure proper income has been reported to the District, USDA requires a verification process on error prone applications.

**Cause:** Lack of review over the verification process.

**Effect:** Potential loss or over drawing of funds from the federal funds, as payment from the USDA is determined on the number and type of (free, reduced, or paid) lunches that are served.

**Auditor's Recommendation:** We recommend that management implement controls surrounding the income verification process to include a review of the initial calculation by a separate individual.

**Management's Response:** Management will conduct a review of 20% of the applications that are part of the verification process. 20% represents approximately 300 applications out of the 1,500 that are verified. If a calculation error is found in any of these 300 applications, the review by a separate individual will expand to 100% of the applications that are part of the verification process. The responsible administrator is the Director of Student Nutrition.

**Award Number:** Title I (S010A130031), IDEA – B (H027A130153-13A)

**Questioned Costs:** \$11,965

**Condition:** During our single audit test work over allowable activities/costs for payroll disbursements, we noted the following issues:

- The District was unable to provide a time and effort certification for 1 out of 40 payroll disbursements tested.
- When reviewing 40 payroll disbursements, we noted 1 employee being paid at the incorrect hourly rate for the period of FY2009 – FY2014. The total overpayment approximates \$60,140 (\$11,965 during FY14). The overpayment was a result of a record analyst entering the incorrect pay rate when the employee was hired during FY08-09. The employee's pay rate was corrected in June of 2014 by APS after it was detected by a record analyst.

**2012-005 Internal Controls Surrounding Capital Asset Management (Material Weakness) - Repeated**

**Condition:** During our test work over capital assets, we noted the following:

- The District notified the Office of the State Auditor and Public Education Department in April and May 2014 of various buildings the District intended to demolish. The District began the actual demolition of these buildings in June/July 2014. However, the District did not obtain board approval/notification until August 2014, after the demolition of the buildings commenced.
- During our review of the construction in process (CIP) account balance, we noted the following issues:
  - We identified approximately \$5.5m in CIP that required reclassification to the applicable capital asset class to begin depreciation of the asset not identified by the District.
  - Approximately \$1.3m in CIP projects with no activity since FY11 and approximately \$1m in CIP projects with no activity since FY12. Both of these populations of CIP projects remain in CIP as of June 30, 2014; the District is uncertain as to whether or not the projects are complete and should be reclassified from CIP to a capital asset account.
  - Approximately \$7.1m of the \$126m in CIP that the District transferred to an appropriate capital asset account should have been transferred in FY13.
  - We identified approximately \$570k in year-end accruals to the CIP account balance which represented duplicate expenditures in the population and required an adjustment.

**2012-005 Internal Controls Surrounding Capital Asset Management (Material Weakness) (continued) - Repeated**

- During FY14, the District engaged with a company to perform a comprehensive district-wide physical inventory audit of all fixed and technology assets, which included the implementation of a web-based system that will improve the District's site management of these assets. Although the district has substantially completed these physical inventory counts, a complete reconciliation of all counts compared to the asset listing has not been completed. As a result, the District is uncertain as to the extent of missing assets which would need to be removed from the District's capital asset listing as of June 30, 2014.

**2014-001 Over-Expended Budget (Compliance and Other Matters) - Repeated**

**Condition:** During the audit, we noted the following funds/functions where the actual expenditures exceeded the legal level of budgetary control:

- Debt Services Fund (41000) - Support Services - \$41,580.
- Start Smart K-3 Utah State Univ. Study Special Revenue Fund (28191) - Support Services - \$11,365.
- Innovative Solutions for Struggling Schools Special Revenue Fund (27175) - Support Services - \$12,776.

**2014-002 Internal Controls Over Pay and Position Changes (Significant Deficiency) - Resolved**

**Condition:** During our internal control test work, we reviewed 22 payroll disbursements and related personnel files. We noted one instance in which an employee was overpaid by approximately \$424 and one instance in which an employee was underpaid by approximately \$1,846. These incorrect payments were related to pay rate and position changes during the year. The District has acknowledged this as an issue and runs a report prior to year-end to identify any employees that have been either overpaid or underpaid. Although District personnel ran this report prior to year-end, not all under and over payments were corrected prior to the last payroll run. As a result, it is estimated that a total of 105 employees were overpaid by \$78,870 and 62 employees were underpaid by \$26,064.

**2015-024 (FS 10-05) Internal Control Structure (Compliance and Other Matters) - Repeated**

**Condition:** During our audit, we noted a payroll liability account which was not reconciled and required an audit adjustment to decrease the liability account by approximately \$6,000. In addition, we noted the June tax receipts for the HB33 and SB9 funds were transposed and recorded to the incorrect funds; an approximately \$17k audit adjustment was required.

**2013-021 Travel and Per Diem (Compliance and Other Matters) - Resolved**

**Condition:** During our review of 3 travel and per diem reimbursements, it was noted that for two of the reimbursements, the employee was reimbursed at 100% of the IRS rate.

**2014-004 Internal Control Structure (Significant Deficiency) - Resolved**

**Condition:** During our audit, we encountered the following issues:

- During our journal entry review, we noted that the school will cut a check for some purchases based on online pricing, then will allow the store to modify the payment electronically if the actual amount exceeds the check amount. The school then utilizes journal entries to correct the differences.
- Expenses for janitorial services were incorrectly charged to the SB9 fund (31700) in the amount of approximately \$26,000 and required an audit adjustment to reclassify these expenses to the operating fund.
- During our accounts receivable testwork, we identified an additional approximately \$8,000 accrual which was not previously identified by management.

**FS 11-21 Internal Control Structure (Compliance and Other Matters) - Resolved**

**Condition:** During our test work over accounts payable and related disbursements we noted the following:

**2014-030 Purchasing (Compliance and Other Matters) - Repeated**

**Condition:** We noted 1 of 38 disbursements tested, totaling \$4,285, which lacked an approved purchase order or purchase requisition prior to the purchase of goods or services.

**DIGITAL ARTS AND TECHNOLOGY ACADEMY**

**2013-069 Purchasing (Compliance and Other Matters) - Repeated**

**Condition:** During our review of 28 disbursements, we noted 4 related to legal expenses which totaled \$3,863 and exceeded the established PO amount of \$1,500.

**2013-048 Personnel Files (Compliance and Other Matters) - Resolved**

**Condition:** During our audit, we noted 3 of 6 personnel files reviewed which lacked the ERB enrollment form.

**2013-049 Purchasing (Compliance and Other Matters) - Resolved**

**Condition:** We noted 6 of 24 disbursements tested, totaling \$27,287, which lacked an approved purchase order or purchase requisition prior to the purchase of goods or services.

**2014-005 Timely Deposit of Cash Receipts (Compliance and Other Matters) - Resolved**

**Condition:** During our review of 10 cash receipts, we noted 1 deposit in the amount of \$20 which was not deposited within 24 hours of receipt as required.

**2014-006 Payroll Related Contributions and Reporting (Compliance and Other Matters) - Resolved**

**Condition:** During our audit, we noted the 941 report and contributions for the 3<sup>rd</sup> quarter of 2013 (Jul-Sep) were not submitted timely; as a result, a \$95 penalty was assessed. In addition, the ERB monthly contributions and report for August 2013 were not submitted timely; as a result, a \$16 penalty was assessed.

**LA ACADEMIA DE ESPERANZA**

**2014-007 Purchasing (Compliance and Other Matters) - Repeated**

**Condition:** We noted 6 of 27 disbursements tested, totaling \$14,753, which lacked an approved purchase order or purchase requisition prior to the purchase of goods or services.

**2014-008 Governing Council Meeting Minutes (Compliance and Other Matters) - Resolved**

**Condition:** During our review of the December 13, 2013 Governing Council meeting minutes, we noted only 2 members present, which would not represent a quorum. However, management indicated 2 of the members noted as being absent were in fact in attendance via the telephone.

**2014-009 Use of HB33 Funds (Significant Deficiency) - Resolved**

**Condition:** During our audit, we noted that management incorrectly recorded approximately \$119,000 in building lease expenses to the HB33 fund, which required an audit adjustment to reclassify these expenses to the operating fund.

**LOS PUENTES CHARTER SCHOOL**

**2013-027 Payroll (Compliance and Other Matters) - Resolved**

**Condition:** During our FY13 audit, it was noted that, due to the structure of the school's licensed staff contract, the school is making payroll advances as the contract has a start date that precedes the actual starting date of the licensed staff. Management established a corrective action plan which will allow compliance effective FY15; yet for FY14, the school was still in non-compliance.

In addition, we noted 1 of 4 personnel files which lacked evidence of an amended employee contract which increased the contract salary from approximately \$48,000 to \$59,000.

**2014-010 Internal Control Structure (Significant Deficiency) - Resolved**

**Condition:** During our audit, we encountered the following issues:

- During our capital asset testing, we noted approximately \$22,000 in additions to capital assets which did not meet the capitalization threshold and required an audit correction to the schedule.
- The school has a \$100 petty cash account, which is not reflected on the trial balance. In addition, the actual balance of the fund was \$38, with no evidence of formal procedures established to ensure timely replenishments of the funds expended.

**2014-011 Timely Deposit of Cash Receipts (Compliance and Other Matters) - Repeated**

**Condition:** During our review of 10 cash receipts, we noted 4 deposits in the amount of approximately \$136 that were not deposited within 24 hours of receipt as required.

**FRIENDS OF THE MONTESSORI FOUNDATION**

**2013-019 Internal Control Structure (Material Weakness) - Repeated**

**Condition:** During our audit, we noted the following issues:

- The Foundation was unable to provide evidence of purchase orders established in advance of the Foundation's purchases.
- During our review of 4 payroll disbursements, 3 lacked a documented timesheet to support the amount paid.
- The Foundation lacks controls surrounding the cash receipt process to ensure all receipts of the Foundation are actually deposited in the Foundation's bank account. During our review of 13 cash receipts, in the amount of approximately \$50,250, we noted the following:
  - 4 receipts, in the amount of approximately \$8,500, which lacked a deposit slip, copies of the receipts, or a receipt log.
  - 1 receipt that totaled \$12,180, yet the deposit slip totaled \$12,240, with no documentation of the discrepancy.

- During the audit, it was noted that a receivable in the amount of \$2,000 from the PTA had not been accrued in the financial statements of the Foundation.

**NATIVE AMERICAN COMMUNITY ACADEMY**

**2013-035 Purchasing (Compliance and Other Matters) - Resolved**

**Condition:** During our review of disbursements we noted the following:

- We noted 11 of 41 disbursements reviewed, totaling approximately \$55,000, in which an approved purchase order was not established prior to the purchase, lacked a purchase order, or the purchase order was not approved.
- We noted that the school lacks policies and procedures surrounding procurement.
- We noted payments on contracts totaling approximately \$179,000 which lacked evidence of a formal procurement process.

**2013-036 Payroll (Compliance and Other Matters) - Resolved**

**Condition:** During our FY13 audit, it was noted that, due to the structure of the school's licensed staff contract, the school is making payroll advances as the contract has a start date that precedes the actual starting date of the licensed staff. Management established a corrective action plan which will allow compliance effective FY15; yet for FY14, the school was still in non-compliance.

**2014-012 Internal Control Structure (Material Weakness) - Repeated**

**Condition:** During our audit, we encountered the following issues:

- During our search for unrecorded liabilities, we identified approximately \$275,000 in liabilities that should have been identified as liabilities as of June 30, 2014 by management. Of this amount, \$100,000 represents a receipt which was received in a fiduciary capacity and was incorrectly recognized as revenue.
- We noted that management incorrectly recorded approximately \$217,000 in building lease expenses to the HB33 fund, which required an audit adjustment to reclassify these expenses to the operating fund.
- During our test work over capital assets, we identified various leasehold improvements, totaling approximately \$706,000, which were not capitalized as leasehold improvements.
- During our review of cash receipts, we noted an approximately \$600 SB9 receipt which was incorrectly recorded to the HB33 fund.

**2013-031 Payroll Advances (Compliance and Other Matters) - Resolved**

**Condition:** During our FY13 audit, it was noted that, due to the structure of the school's licensed staff contract, the school is making payroll advances as the contract has a start date that precedes the actual starting date of the licensed staff. Although the school has implemented a corrective action plan, the school remained in non-compliance for FY14.

**2013-032 Internal Controls Surrounding Capital Asset Management and Reporting (Material Weakness) - Repeated**

**Condition:** During our test work over capital assets, we noted the school purchased a modular building and properly capitalized the building; however, the school also incurred approximately \$119,000 of installation costs to put the building into use. These additional installation costs were not properly capitalized by the school. In addition, the school removed assets from the books with a net book value of \$0, with an estimated original cost of \$180k; however, the school was unable to account for the disposal of these assets that were done in a previous fiscal year.

**2014-013 Bank Reconciliation (Compliance and Other Matters) - Resolved**

**Condition:** During our review of the year-end bank reconciliation, we noted an ACH item listed as an outstanding item in the amount of approximately \$1,800; however, this item cleared the bank July 18, 2014 and was not a valid outstanding item against cash.

**2014-014 Timely Deposit of Cash Receipts (Compliance and Other Matters) - Repeated**

**Condition:** During our review of 11 cash receipts, we noted 2 deposits in the amount of approximately \$93,000 that were not deposited within 24 hours of receipt as required.

**2014-015 ERB Contributions (Compliance and Other Matters) - Resolved**

**Condition:** During our review of the monthly ERB contributions, we noted one month which was not filed in a timely manner and one month which included a late submission penalty.

**PUBLIC ACADEMY FOR PERFORMING ARTS**

**2014-016 Purchasing (Compliance and Other Matters) - Resolved**

**Condition:** During our review of the year-end bank reconciliation, we noted an ACH item listed as an outstanding item in the amount of approximately \$4,300; however, this item cleared the bank July 17, 2014 and was not a valid outstanding item against cash. In addition, the signed copy of the bank reconciliation incorrectly assigned a check number to this item.

**ROBERT F. KENNEDY CHARTER SCHOOL**

**FS 09-176 Cash Receipts (Significant Deficiency) - Resolved**

**Condition:** During our review of cash receipts, we noted the following:

- 3 out of 10 cash receipts totaling \$319 were not deposited within 24 hours of receipt as required.
- We noted 1 lunch reimbursement for the month of September in which the school used the August lunch count to claim for the month of September, which resulted in a lower claim than what the school was eligible for.

**2013-041 Budgetary Conditions (Compliance and Other Matters) - Resolved**

**Condition:** The School has expenditure functions where actual expenditures exceeded budgetary authority:

Fund 11000 – Instruction - \$5,565  
Fund 11000 – Support Services - \$8,727  
Fund 24101 – Support Services - \$7,523  
Fund 31600 – Support Services - \$1,133  
Fund 31700 – Capital Outlay - \$2,198

**2014-018 Purchasing (Compliance and Other Matters) - Repeated**

**Condition:** We noted 7 of 30 disbursements tested, totaling \$80,016, which lacked an approved purchase order or purchase requisition prior to the purchase of goods or services.

**2014-019 941 Reporting (Compliance and Other Matters) - Resolved**

**Condition:** During our review of the school's 941 filings, we noted that the FICA tax reported by the school for the period ending March 31, 2014 was reported at \$39,588 instead of \$47,201, in which the difference was captured as an adjustment for rounding error. This was a result of inaccurate FICA percentages utilized in the APTA accounting system.

**2014-020 Internal Controls over Paid Time Off Leave Balances (Compliance and Other Matters) - Resolved**

**Condition:** During our audit, it was noted that an employee is able to use PTO leave balance in excess of their accumulated leave balance. In one instance, an employee no longer employed by the school had a deficit balance of 22.75 hours. It was also noted that a teacher was accruing PTO at the rate of administrative personnel instead of the rate for a teacher.

**THE BATAAN MILITARY ACADEMY**

**FS 09-197 Internal Controls over Disbursements/Procurement (Compliance and Other Matters) - Resolved**

**Condition:** During our audit, we noted the following related to disbursements/procurement:

- We noted 3 of 19 disbursements, totaling \$25,326, in which the purchases exceeded the purchase order amount by \$812 or lacked an approved purchase order.

**2014-022 Untimely Deposit of Cash Receipts (Compliance and Other Matters) - Resolved**

**Condition:** During our review, we noted that 2 out of 10 cash receipts, totaling \$372, were not deposited within 24 hours of receipt as required.

**2014-023 Cash Control Standards (Compliance and Other Matters) - Resolved**

**Condition:** During our audit, we noted outstanding items in the June 30, 2014 bank reconciliation that included one deposit totaling \$114 that was dated January 27, 2014; yet this outstanding item was never questioned during the monthly bank reconciliation review process.

**2014-024 Travel and Per Diem (Compliance and Other Matters) - Resolved**

**Condition:** During our review of 2 travel and per diem related disbursements, we noted one, in the amount of \$2,606, which lacked documentation of a pre-approval of the related travel or documentation of the purpose of the travel. Furthermore, school personnel were unable to recall the nature or purpose of the travel.

**2014-025 Internal Control Structure (Significant Deficiency) - Resolved**

**Condition:** During our audit, we encountered the following issues:

- During our journal entry review, we noted 3 out of 5 journal entries which lacked evidence of review by someone independent of the preparer, as well as appropriate supporting documentation.
- The fund balance roll forward required a \$1,105 adjustment due to an unidentified difference.

**2014-026 Internal Control Structure (Material Weakness) - Resolved**

**Condition:** During our audit we encountered the following issues:

- During our search for unrecorded liabilities, we identified approximately \$78,000 that should have been identified by management as liabilities and recognized as expenses as of June 30, 2014.
- During our search for unrecorded liabilities, we noted that the Foundation does not record any year-end accruals.
- During our search for unrecorded liabilities, we noted two of the twelve disbursements sampled did not have adequate supporting documentation.
- During testing of credit cards, we noted no evidence of review of credit card statements.
- During test of design of controls, we noted there is no process to track or adjust beneficial remainder trust amounts.

**2014-027 Revenue and Expense Recognition (Material Weakness) - Resolved**

**Condition:** During audit test work over contribution revenue and award expenses, we identified a year-end reclassification adjustment of approximately \$1.9m in revenue and award expenses that erroneously double-recorded both revenues and expenses equally.

**2014-028 Journal Entries (Significant Deficiency) - Resolved**

**Condition:** During audit test work over journal entries, we noted that 8 of the 8 entries selected did not have supporting documentation, 4 of the 8 entries selected did not have proof of review, and 2 of the 8 entries had a journal entry number that was associated with two separate entries in the general ledger.

**ALBUQUERQUE PUBLIC SCHOOLS**

**2015-005 (original finding #2012-001) Allowable Activities/Costs - Payroll (Significant Deficiency, Instance of Noncompliance) - Repeated**

**Federal Programs:** Title I, Part A Cluster (CFDA # 84.010), IDEA – B Cluster (CFDA# 84.027)

**Federal Agency:** Department of Education

**Federal Award Year:** 2013

**Pass through Agency:** New Mexico Public Education Department

**Award Number:** Title I (S010A130031), IDEA – B (H027A130153-13A)

**Questioned Costs:** \$11,965

**Condition:** During our single audit test work over allowable activities/costs for payroll disbursements, we noted the following issues:

- The District was unable to provide a time and effort certification for 1 out of 40 payroll disbursements tested. (IDEA – B Cluster CFDA# 84.027)
- When reviewing 40 payroll disbursements, we noted one employee being paid at the incorrect hourly rate for the period of FY2009 – FY2014. The total overpayment approximates \$60,140 (\$11,965 during FY14). The overpayment was a result of a record analyst entering the incorrect pay rate when the employee was hired during FY08-09. The employee's pay rate was corrected in June of 2014 by APS after it was detected by a record analyst. (Title I, Part A Cluster (CFDA # 84.010)

**2014-003 Monitoring of Funds Allocated to Eligible School Attendance Areas (Significant Deficiency, Instance of Noncompliance) - Resolved**

**Compliance Requirement:** Eligibility

**Federal Program:** Title I, Part A (CFDA # 84.010)

**Federal Agency:** Department of Education

**Federal Award Year:** 2013

**Pass through Agency:** New Mexico Public Education Department

**Award Number:** Title I (S010A130031)

**Questioned Costs:** \$0

**Condition:** During the single audit testwork over Title I, Part A grant requirements, we reviewed 18 schools which were allocated funds. Of the 18 schools reviewed, we noted one which exceeded the funds allocated to the school by \$2,939. In addition, we reviewed the report for all schools that were allocated funds and noted that a total of 11 of the 130 schools exceeded their allocation by approximately \$46,000.
