Report on Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information, and the budgetary comparisons for the General, Title I, IDEA-B Entitlement, Read2Lead and Wind Farm Funds of the Dora Consolidated Schools, as of and for the year ended June 30, 2018, and the related notes to the financial statements which collectively comprise the Dora Consolidated Schools basic financial statements as listed in the table of contents. We also have audited the financial statements of each of the Dora Consolidated Schools non-major governmental and fiduciary funds presented as supplementary information, as defined by the Government Accounting Standards Board, in the accompanying combining and individual fund financial statements as of and for the year ended June 30, 2018 as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Dora Consolidated Schools, as of June 30, 2018, and the respective changes in financial position and where applicable, cash flows thereof, and the respective budgetary comparisons for the General, Title I, IDEA-B Entitlement, Read2Lead and Wind Farm Funds for the year then ended in accordance with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each non-major governmental and fiduciary funds of the Dora Consolidated Schools, as of June 30, 2018, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

Adoption of New Accounting Pronouncement

As discussed in Note 12 to the financial statements, effective July 1, 2017, the School District adopted Governmental Accounting Standards Board Statement (GASB) No 75 *Accounting and Financial Reporting for Post-employment Benefits Other Than Pensions.* Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Management has omitted the MD&A which is required to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements is required by GASB who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America require the Schedules I and II and the notes to the Required Supplementary Information and also Schedules III, IV and the notes be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the Dora Consolidated Schools financial statements, the combining and the individual fund financial statements, and the budgetary comparisons. The Schedule of Cash Receipts and Disbursements - All Funds by School District Classification and Schedule of Changes in Assets and Liabilities - All Agency Funds required by Section 2.2.2 NMAC is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The Schedule of Cash Receipts and Disbursements - All Funds by School District Classification and Schedule of Changes in Assets and Liabilities - All Agency Funds is the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basis financial statements or to the basic financial statements themselves, and other additional procedures in accordance with the auditing standards generally accepted in the Untied States of America. In our opinion, the Schedule of Cash Receipts, Disbursements - All Funds by School District Classification and Schedule of Changes in Assets and Liabilities - All Agency Funds are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 6, 2018 on our consideration of the Dora Consolidated Schools internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Dora Consolidated Schools internal control over financial reporting and compliance.

Reconciliation of the Balance Sheet - Governmental Funds
to the Statement of Net Position
June 30, 2018

Statement 4

Amounts reported for governmental activities in the statement of net assets are different because:		
Total fund balances - governmental funds		$ 1,300,253
Capital assets used in governmental activities are not financial resources and therefore are not reported as assets in governmental funds		
The cost of capital assets	22,514,010	
Accumulated depreciation	(12,888,508)	
		9,625,502
Deferred outflows and inflows or resources related to pensions are applicable to furure periods and therefore, are not reported in the funds		
Deferred outflows/inflows		2,438,732
Deferred outflows and inflows or resources related to OPEB are applicable to furure periods and therefore, are not reported in the funds		
Deferred outflows/inflows		(410,189)
Long-term and certain other liabilities, including bonds payable and net pension liability, are not due and payable in the current period and therefore are not reported as liabilities in the funds. Long-term and other liabilities at year-end consist of:		
Net pension liability		(7,254,871)
Net OPEB liaiblity		(1,962,672)
Compensated Absences		(10,868)
Bonds Payable		(1,260,000)
Interest Payable		(36,435)
Total net position - governmental funds		**$ 2,429,452**

The accompanying notes are an integral part of these financial statements.

STATE OF NEW MEXICO
DORA CONSOLIDATED SCHOOLS
Reconciliation of the Statement of Revenues, Expenditures
and Changes in Fund Balances - Governmental Funds
to the Statement of Activities
For the Year Ended June 30, 2018

Statement 6

Total net change in fund balances - governmental funds		$ (505,770)
Amounts reported for governmental activities in the Statement of Activities are different because:		
Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities those costs are shown in the statement of net assets and allocated over their estimated useful lives as annual depreciation expenses in the statement of activities. This is the amount by which capital outlays exceed depreciation in the period		
Capital outlays	531,823	
Depreciation expense	(481,365)	
Excess of depreciation expense over capital outlay		50,458
Governmental funds report School district pension contributions as expenditures. However in the Statement of Activities, the cost of pension benefits earned net of employee contributions is reported as pension and OPEB expense		
Pension contributions		258,406
Pension expense		(1,201,905)
OPEB contributions		36,509
OPEB expense		(78,029)
The issuance of long-term debt (e.g. bonds) provides current financial resources to government funds while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds		
Compensated absences		18,903
Proceeds of bond issue		-
Repayment of long-term debt		155,000
Interest		3,200
Change in net position of governmental activities		**$ (1,263,228)**

The accompanying notes are an integral part of these financial statements.

STATE OF NEW MEXICO
DORA CONSOLIDATED SCHOOLS
Statement of Fiduciary
Assets and Liabilities - Agency Funds
June 30, 2018

	Agency Funds
ASSETS	
Cash	$ 133,034
Total Assets	**$ 133,034**
LIABILITIES	
Deposits held for others	$ 133,034
Total Liabilities	**$ 133,034**

The accompanying notes are an integral part of these financial statements.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Dora Consolidated Schools (District) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standard Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The GASB periodically updates its codification of the existing Governmental Accounting and Financial Reporting Standards which, along with subsequent GASB pronouncements (Statements and Interpretations), constitutes GAAP for governmental units. The more significant of the District's accounting policies are described below.

A. Reporting Entity

Dora Consolidated Schools provides Kindergarten, elementary, middle and secondary educational services to school age residents of the School District.

The Dora Consolidated Schools School Board was created under the provision of Chapter 22, Article 5, Paragraph 4, New Mexico Statutes 1978 to provide public education for the children within the District. The School Board is authorized to establish policies and regulations for its own government consistent with the laws of the State of New Mexico and the regulations of the State Board of Education and the Legislative Finance Committee. The School Board is comprised of five members who are elected for terms of four years.

GASB Statement No. 14 established criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. Under provisions of this Statement, the District is considered a *primary government*, since it is a special-purpose government that has a separately elected governing body, is legally separate, and is fiscally independent of other state or local governments. As used in GASB Statement No. 14, fiscally independent means that the District may, without the approval or consent of another governmental entity, determine or modify is own budget, levy its own taxes or set rates or charges, and issue bonded debt. The District also has no *component units* as defined by GASB Statement No. 14 as there are no other legally separate organizations for which the elected School Board members are financially accountable. There are no other primary governments with which the School Board Members are financially accountable. There are no other primary governments with which the District has a significant relationship.

B. Basis of Presentation

The accounts of the District are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds are maintained consistent with legal and managerial requirements.

The funds of the District are classified into two categories: governmental and fiduciary. In turn, each category is divided into separate fund types.

Governmental Funds

Under the requirements of GASB 34, the District is required to present certain of its governmental funds as major funds based upon certain criteria. The major funds presented in the fund financial statements include the following (in addition to the General Fund):

General Fund - The primary operating fund of the District accounts for all financial resources, except those required to be accounted for in other funds.

Special Revenue Fund - Title I - The Title I project provides remedial instruction in the language arts for educationally deprived students in low income areas. The project is funded by the Federal Government through the New Mexico State Department of Education under the Elementary and Secondary Education Act of 1965, Title I, Chapter 1, Part A, 20 U.S.C. 2701 et Seq.

Special Revenue Fund - IDEA-B Entitlement - To account for resources for the operation and maintenance of meeting special education needs of children with disabilities. Financing and authority is the Individual With Disabilities Act, Part B, Sec. 611, as amended; Public Law 105-17.

Special Revenue Fund - Read2Lead - To account for resources received to provide funds to support a reading K-3 Formative Assessment System providing regional and district reading coaches, supports for intervention, and professional administrators. Financing and authority is a special legislative appropriation, Laws of 2014, Chapter 63, Section 4, Item 1 (other Education), Early Reading Initiative.

Special Revenue Fund - Wind Farm - To account for resources received from proceeds that are in lieu of property taxes from land that have wind turbines.

Capital Projects Fund - Bond Building - To account for resources received from the sale of general obligation bonds for the purpose of constructing and renovating school buildings.

Capital Projects Fund - Capital Improvements SB-9 - To account for resources received from State of New Mexico Severance Tax Bonds to build, remodel and equip classroom facilities.

Capital Projects Fund - Local Capital Improvements SB-9 - To account for resources received through local tax levies obtained for the purpose of building, remodeling, and equipping classroom facilities.

Agency Funds - account for assets that the government holds for others in an agency capacity. These agency funds are as follows:

School Activity Fund - accounts for assets held by the District as an agent for the individual schools and school organizations.

The District also reports additional Governmental funds as non-major. They include:

Special Revenue Funds - these funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

Capital Project Funds - these funds are used to account for the acquisition of capital assets or construction of major capital projects.

Debt Service Fund - To account for resources for the purpose of paying general obligation bonds and interest coupons. Funds are received from property taxes levied against property located within the school district and levied specifically for this purpose.

C. Measurement Focus and Basis of Accounting

Government-Wide Financial Statements (GWFS)

The Statement of Net Position and the Statement of Activities displays information about the reporting government as a whole. Fiduciary funds are not included in the GWFS. Fiduciary funds are reported only in the Statement of Fiduciary Net Assets at the fund financial statement level.

The Statement of Net Position and the Statement of Activities were prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets, and liabilities resulting from non-exchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, *Accounting and Financial Reporting for Non-Exchange Transactions*.

Program Revenues

Program revenues included in the Statement of Activities derive directly from the program itself or from parties outside the District's taxpayer or citizenry, as a whole; program revenues reduce the cost of the function to be financed from the District's general revenues.

Allocation of Indirect Expenses

The District reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. The District does not currently employ indirect cost allocation systems. Depreciation expense is specifically identified by function and is included in the direct expense of each function, except for that portion of depreciation that is identified as unallocated on the Statement of Activities. Interest on general long-term debt is considered an indirect expense and is reported separately on the Statement of Activities.

Fund Financial Statements (FFS)

Governmental Funds

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. Governmental fund types use the flow of current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting revenues are recognized when susceptible to accrual (i.e., when they are "measurable and available"). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The government considers all revenues available if they are collected within 60 days after year-end. Expenditures are recorded when the related fund liability is incurred, except for unmatured principal and interest on general long-term debt which is recognized when due, and certain compensated absences and claims and judgments which are recognized when the obligations are expected to be liquidated with expendable available financial resources. Any effect of interfund activity has been eliminated from the district-wide financial statements.

With this measurement focus, only current assets and current liabilities are generally included on the balance sheet.

Operating statements of these funds present increases and decreases in net current assets. The governmental funds use the following practices in recording revenues and expenditures:

REVENUES

<u>Ad valorem taxes (property taxes)</u> are susceptible to full accrual on the government wide financial statements. Property tax revenues recognize revenues net of estimated refunds and uncollectible accounts in the period for which the taxes are levied. Total delinquent property taxes are not available from the County Treasurers for the current year.

Entitlements and shared revenues (which include state equalization and state revenue sharing) are recorded as unrestricted grants-in-aid at the time of receipt or earlier if the susceptible to accrual criteria are met. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met and the susceptible to accrual criteria have been met.

Sales and use taxes (which include oil/gas taxes and equipment taxes) are classified as derived tax revenues and are recognized as revenue when the underlying exchange takes place and the revenues are measurable and available.

Other receipts become measurable and available when cash is received by the District and are recognized as revenue at that time.

EXPENDITURES

Salaries are recorded as paid. Salaries for nine-month employees are paid prior to the end of the fiscal year and therefore not accrued.

OTHER FINANCING SOURCES (USES)

Transfers between funds are not expected to be repaid (or any other types, such as capital lease transactions, sale of fixed assets, debt extinguishments, long-term debt proceeds, etc.) are accounted for as other financing sources (uses). These other financing sources (uses) are recognized at the time the underlying events occur.

Fiduciary Funds

Agency funds are custodial in nature (assets equal liabilities) and do not present results of operations or have a measurement focus. Agency funds are accounted for using the economic resources measurement focus and the accrual basis of accounting. These funds are used to account for assets that the District holds for others in an agency capacity.

D. Budgets and Budgetary Accounting

Formal budgetary integration is employed as a management control device during the year.

Budgets for the General, Special Revenue, Debt Service and Capital Projects Funds are adopted on a basis inconsistent with accounting principles generally accepted in the United States of America (GAAP). These budgets are prepared using the cash basis of accounting. Budgetary comparisons for the various funds in this report are on this non-GAAP budgetary basis.

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Prior to April 15, (unless a later date is fixed by the Superintendent of Public Instruction) the local school board submits to the School Budget Planning Unit (SBPU) of the New Mexico Department of Education an estimated budget for the school district for the ensuing fiscal year beginning July 1. The operating budget includes proposed expenditures and the means of financing them. All budgets submitted to the State Department of Education (SDE) by the school district shall contain headings and details as prescribed by law.

2. Prior to June 20, of each year, the proposed "operating" budget will be reviewed and approved by the SBPU and certified and approved by the local school board at a public hearing of which notice has been published by the local school board which fixes the estimated budget for the school district for the ensuing fiscal year.

3. The "operating" budget will be used by the District until they have been notified that the budget has been approved by the SBPU and the local school board. The budget shall be integrated formally into the accounting system. Encumbrances shall be used as an element of control and shall be integrated into the budget system.

4. The District shall make corrections, revisions and amendments to the estimated budgets fixed by the local school board to recognize actual cash balances and carryover funds, if any. These adjustments shall be reviewed and approved by the SBPU.

5. No school board or officer or employee of a school district shall make any expenditures or incur any obligation for the expenditure of public funds unless such expenditure or contractual obligation is made in accordance with an operating budget approved by the division, but this does not prohibit the transfer of funds between line items within a series of a budget.

6. Budget change requests are processed in accordance with Supplement 1 (Budget Preparation and Maintenance) of the Manual of Procedures Public School Accounting and Budgeting. Such changes are initiated by the school district and approved by the SBPU.

7. Legal budget control for expenditures is by function.

8. Appropriations lapse at fiscal year end. Funds unused during the fiscal year may be carried over into the next fiscal year by budgeting those in the subsequent fiscal year's budget. The budget of Dora Consolidated Schools has been amended during the current fiscal year in accordance with these procedures. The budget schedules included in the accompanying financial statements reflects the approved budget and amendments thereto.

E. Encumbrances

Encumbrances represent commitments related to unperformed contracts for goods or services. Encumbrance accounting - under which purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve that portion of the applicable appropriation - is utilized in the governmental funds. Encumbrances lapse at the fiscal year end and are therefore not included as a reservation of fund balance. Authorization for the eventual expenditure will be included in the following years budget appropriations.

F. Assets, Liabilities and Fund Equity

1. **Cash & Cash Equivalents**

The District's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

The District is authorized under the provisions of Chapter 6, Article 10, Paragraph 10, NMSA 1978, to deposit its money in banks, savings and loan associations and/or credit unions whose accounts are insured by an agency of the United States.

2. **Investments**

All money not immediately necessary for the public uses of the District may be invested in:

(a) Bonds or negotiable securities of the United States, the state or any county, municipality or school district which has a taxable valuation of real property for the last preceding year of at least one million dollars ($1,000,000) and has not defaulted in the payment of any interest or sinking fund obligation or failed to meet any bonds at maturity at any time within the last five years preceding; or

(b) Securities that are issued by the United States government or by its agencies or instrumentalities and that are either direct obligations of the United States or are backed by the full faith and credit of the United States government or agencies guaranteed by the United States government.

(c) In contracts with banks, savings and loan associations or credit unions for the present purchase and resale at a specified time in the future of specific securities at specified prices at a price differential representing the interest income to be earned by the investor. The contract shall be shown on the books of the financial institution as being the property of the investor and the designation shall be contemporaneous with the investment. The contract shall be fully secured by obligations of the United States having a market value of at least one hundred two percent of the contract. The collateral required for investment in the contracts provided for in this subsection shall be shown on the books of the financial institution as being the property of the investor and the designation shall be contemporaneous with investments.

If the District is unable to receive payment on public money at the rate of interest set forth by the State Board of Finance (which is no less than one hundred percent of the asked price on United States treasury bills of the same maturity on the day of the deposit) from financial institutions within the geographic boundaries of the governmental unit, the District may invest its money with the New Mexico State Treasurer's short-term investment pool.

3. **Accounts Receivable**

Accounts receivable are recorded in the various governmental funds. They consist of amounts receivable from local governments relating to various grant agreements and property taxes receivable. The information required to report property taxes at full accrual was not available during the year.

Accounts receivable consist of the following:

	General	Other Major	Other Governmental	Total
Taxes	$ 521	$ 2,100	$ 9,064	$ 11,685
Intergovernmental	-	96,033	2,775	98,808
Other	5,390	-	-	5,390
	$ 5,911	$ 98,133	$ 11,839	$ 115,883

4. **Accounts Payable and Accrued Expenses**

Accounts payable are recorded in the various funds. There was $10,367 payable to suppliers at the end of the year.

5. **Inventories**

Inventory in the Cafeteria Fund consists of purchased food and non-food items and United States Department of Agriculture (USDA) commodities. Commodities are shown at the USDA procurement cost. Costs are recorded as expenditures at the time individual inventory items are used (consumption method). Reported inventories are equally offset by a fund balance reserve which indicates that they do not constitute "available spendable resources" even though they are a component of net current assets. The District receives USDA Commodities for use in sponsoring the National School Lunch and Breakfast programs. The value of the commodities received and reported in the Cafeteria Fund totaled $7,440.

6. **Capital Assets**

Capital assets are recorded at historical cost and depreciated over their estimated useful lives (with no salvage value). Capital assets are defined by the District as assets with an initial individual cost of more than $5,000 and an estimated useful life in excess of one year. This is an increase from the $1,000 threshold reported in prior years. This is a change in accounting estimate. All previously reported Capital Assets that do not meet the updated amount will be depreciated currently and in future periods until they are fully depreciated. Donated capital assets are recorded at their estimated fair value at the date of donation. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. The District does not capitalize interest in regards to its capital assets.

Estimated useful life is management's estimate of how long the asset is expected to meet service demands. Straight line depreciation is used based on the following estimated useful lives:

Land improvements	10 years
Buildings & building improvements	25-39 years
Furniture & equipment	5 years
Auto/Vehicle	7 years
Buses	10 years

GASB Statement 34 requires the recording and depreciation of infrastructure assets, which include roads, bridges, traffic signals, etc. The District did not own any infrastructure assets.

The District does not capitalize computer software or software developed for internal use (if applicable) unless they exceed the $5,000 threshold. Also, the District does not capitalize library books unless they exceed the $5,000 threshold.

7. **Compensated Absences**

Sick pay does not vest and is recorded as an expenditure when it is paid.

The District permits all 12-month or full time employees, that have been employed 1-9 years, are entitled to 10 days and those with 10 or more years - 15 days. Vacation time is required to be used by December 30th following the school year it is earned.

Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. Amounts of vested or accumulated vacation leave that are not expected to be liquidated with expendable available financial resources are reported in the government-wide statement of net assets.

8. **Fund Balance**

Fund balance is divided into five classifications based primarily on the extent to which the School District is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable - The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of interfund loans.

Restricted - Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions or enabling legislation (School District ordinances).

Enabling legislation authorizes the School District to assess, levy, charge, or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation. Legal enforceability means that the School District can be compelled by an external party - such as citizens, public interest groups, or the judiciary to use resources created by enabling legislation only for the purposed specified by the legislation.

Committed - The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by formal action (ordinance or resolution) of the School District Board. Those committed amounts cannot be used for any other purpose unless the School District Board removes or changes the specified use by taking the same type of action (ordinance or resolution) it employed to previously commit those amounts. In contrast to fund balance that is restricted by enabling legislation, committed fund balance classification may be redeployed for other purposes with appropriate due process. Constraints imposed on the use of committed amounts are imposed by the School District Board, separate from the authorization to raise the underlying revenue; therefore, compliance with these constraints are not considered to be legally enforceable. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned - Amounts in the assigned fund balance classification are intended to be used by the School District for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the General Fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the General Fund, assigned amounts represent intended uses established by the School District Board or a School District official delegated that authority by the School District Board or ordinance.

Unassigned - Unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts have been restricted, committed, or assigned.

The School District applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

9. **Restricted Net Position**

The governmental activities financial statements utilize a net assets presentation. Net positions are categorized as follows:

Net Investment in Capital Assets - This category reflects the portion of net position that are associated with capital assets less outstanding capital asset related debt.

Restricted net position - This category reflects the portion of net position that have third party limitations on their use.

Unrestricted net position - This category reflects net position of the District not restricted for any project or other purposes.

The School District's policy is to apply restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

10. **Deferred Inflows of Resources**

In addition to liabilities, the balance sheet reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. Revenue must be susceptible to accrual (measurable and available to finance expenditures of the current fiscal period) to be recognized. If assets are recognized in connection with a transaction, but those assets are not yet available to finance expenditures of the current fiscal period, then the assets must be offset by a corresponding deferred inflow of resources. The School District has two types of items, which arise due to the implementation of GASB 68 and the related net pension liability. Accordingly, the items, net difference between expected and actual earnings and change in assumptions, are reported on the Statement of Net Position. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

11. **Deferred Outflows of Resources**

In addition to assets, the balance sheet reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resourcees, represents a use of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expenditure) until that time. The School District has two types of items that qualify for reporting in this category. Accordingly, the items, change in proportion and employer contributions subsequent to measurement date, are reported in the Statement of Net Position. These amounts are deferred and recognized as outflows of resources the next period.

12. **Interfund Transactions**

Quasi-external transactions are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund from expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed.

All other interfund transactions, except quasi-external transactions and reimbursements, are reported as transfers. Nonrecurring or non-routine permanent transfers of equity are reported as residual equity transfers. All other interfund transfers are reported as operating transfers.

13. **Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

14. **Pensions**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Educational Retirement Board (ERB) and additions to/deductions from ERB's fiduciary net position have been determined on the same basis as they are reported by ERB, on the economic resources measurement focus and accrual basis of accounting. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

15. **Post Employment Benefits Other Than Pensions (OPEB)**

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the New Mexico Retiree Health Care Authority (NMRHCA) and additions to and deductions from NMRHCA's fiduciary net position have been determined on the same basis as they are reported by NMRHCA. For this purpose, NMRHCA recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value.

2. DEPOSITORY COLLATERAL

The following is the Cash on Deposit at each financial institution.

James Polk Stone Community Bank	Operational	$ 1,437,584
James Polk Stone Community Bank	Activity	123,581
James Polk Stone Community Bank	Certificate of Deposit	10,000
Total		**$ 1,571,165**
New Mexico Finance Authority		**$ 4,773**
Total amount on deposit		$ 1,575,938
Outstanding checks		(248,841)
Deposit in transit		-
Rounding		(2)
Total per financial statements		**$ 1,327,095**

At June 30, 2018, the carrying amount of the School Districts deposits was $1,327,095 and the bank balance was $1,571,165. Of this balance $250,000 was covered by federal depository insurance and $1,321,165 was covered by collateral. The remaining $660,582 is comprised of amounts in excess of those required to be collateralized under State law.

Cash on deposit at June 30	$ 1,571,165
Less F.D.I.C.	(250,000)
Uninsured Funds	1,321,165
50% Collateral Requirement	660,582
Pledged Collateral	1,058,293
Excess of Pledged Collateral	**$ 397,711**

Custodial Credit Risk - Deposits - Custodial Credit Risk is the risk that in the event of bank failure, the School's deposits may not be returned to it. The School District does not have a deposit policy for custodial credit risk other than following state statutes as put forth in the Public Money Act (Section 6-10-1 to 6-10-63, NMSA 1978). As of June 30, $1,321,165 of the School's bank balance of $1,571,165 was exposed to custodial credit risk as follows:

A. Uninsured and uncollateralized	$ 262,872
B. Uninsured and collateralized with Securities held by the pledging banks trust department, not in the Schools name	1,058,293
Total	**$1,321,165**

The remaining $262,872 is comprised of amounts in excess of those required to be collateralized under State law.

According to the Federal Deposit Insurance Authority, public unit deposits are funds owned by the schools Time deposits, savings deposits and interest bearing NOW accounts of a public unit in an institution in the same state will be insured up to $250,000 in aggregate.

NM State Statutes require collateral pledged for deposits in excess of the federal deposit insurance to be delivered, or a joint safekeeping receipt be issued, to the School District for at least one half of the amount on deposit with the institution.

The types of collateral allowed are limited to direct obligations of the United States Government and all bonds issued by any agency, district, or political subdivision of the State of New Mexico. The collateral pledged is shown as follows:

Texas Independent Bank Dallas, TX		Maturity Date	Fair Market Value
FHLB	#3130A8ZE6	8-22-31	$ 93,280
FHLB	#3130AADF2	12-30-26	247,042
FNMA	#3136G3FNO	3-28-31	717,971
			$1,058,293

As of June 30, the School District had the following cash and investments:

Investment Type	Fair Value	Maturities
Checking accounts	**$1,571,165**	Less than 6 months

Interest Rate Risk – As a means of limiting its exposure to fair value losses arising from rising interest rates, the School District's investment policy limits the School District's investment portfolio to maturities of less than one year.

The amount held at the New Mexico Finance authority totaling $4,773 is collateralized within the NMFA guidelines. This information is not available by the individual Agency but the financial statements for the NMFA are available by writing to New Mexico Finance Authority, 207 Shelby Street, Santa Fe, New Mexico 87501.

3. CAPITAL ASSETS

Capital assets balances and activity for the year ended June 30, are as follows:

	Balance July 1, 2017	Additions	Deletions	Adjustments	Balance June 30, 2018
Governmental activities:					
Land	$ 64,381	$ -	$ -	$ -	$ 64,381
Total not being depreciated	64,381	-	-	-	$ 64,381
Land improvements	-	168,866	-	657,714	826,580
Buildings and improvements	20,839,104	264,049	-	(619,214)	20,483,939
Vehicles	893,279	78,874	-	(699,927)	272,226
Heavy equipment	-	5,498	-	699,927	705,425
Equipment	185,423	14,535	-	(38,500)	161,458
Total	21,917,806	531,822	-	-	22,449,628
Less accumulated depreciation for:					
Land improvements	-	(31,318)	-	(104,471)	(135,789)
Buildings and improvements	(12,004,869)	(353,949)	-	362,952	(11,995,866)
Vehicles	(330,401)	(13,210)	-	174,847	(168,764)
Heavy equipment	-	(69,286)	-	(166,521)	(235,807)
Equipment	(71,873)	(13,602)	-	(31,771)	(117,246)
Total accumulated depreciation	(12,407,143)	(481,365)	-	235,036	(12,653,472)
Total capital assets being depreciated	9,510,663	50,457	-	235,036	9,796,156
Net capital assets	**$ 9,575,044**	**$ 50,457**	**$ -**	**$ 235,036**	**$ 9,860,537**

The School District has no infrastructure as of June 30. Depreciation expense was charged to governmental activities as follows:

Unallocated	$ 481,365
Total depreciation	**$ 481,365**

The School District received Cafeteria equipment valued at $6,000 donated by another school district.

4. LONG-TERM LIABILITIES

A. Changes in Long-Term Liabilities

During the year ended June 30, the following changes occurred in the liabilities reported in the District-Wide Statement of Net Assets:

	Balance June 30, 2017	Additions	Deletions	Balance June 30, 2018	Due Within One Year
2014 GO Bonds	$ 630,000	$ -	$ (65,000)	$ 565,000	$ 55,000
2015 GO Bonds	685,000	-	(40,000)	645,000	50,000
ED TECH Bonds	100,000	-	(50,000)	50,000	30,000
Compensated Absences	29,771	-	(18,903)	10,868	-
Total	**$ 1,444,771**	**$ -**	**$ (173,903)**	**$ 1,270,868**	**$ 135,000**

Payments on the general obligation bonds are made by the debt service funds. The compensated absences liability will ultimately be liquidated by several of the School Districts governmental funds, with most being paid by the General Fund, Transportation Fund, Cafeteria Fund and Title I Fund.

B. General Obligation Bonds

The general obligation bonds will be paid from taxes levied against property owners living within the School District boundaries. The School District has pledged future property taxes to repay the outstanding bonds. Total annual principal and interest payments for all General Obligation Bonds are expected to require 100% of gross revenue in the Debt Service Fund. The annual requirements to retire general obligation bonds as of June 30, are as follows:

Date of issue - March 15, 2014
Original amount - $750,000
Interest rate - 3.00% to 3.60%

Due in Year Ending	Principal	Interest	Total
2019	$ 55,000	$ 18,255	$ 73,255
2020	55,000	16,605	71,605
2021	60,000	14,955	74,955
2022	60,000	13,155	73,155
2023	60,000	11,355	71,355
2024-2027	275,000	24,335	299,335
Total	**$ 565,000**	**$ 98,660**	**$ 663,660**

Date of issue - January 29, 2015
Original amount - $750,000
Interest rate - 2.30% to 3.00%

Due in Year Ending	Principal	Interest	Total
2019	$ 50,000	$ 18,130	$ 68,130
2020	50,000	16,630	66,630
2021	50,000	15,230	65,230
2022	55,000	13,830	68,830
2023	60,000	12,565	72,565
2024-2028	380,000	39,335	419,335
Total	**$ 645,000**	**$ 115,720**	**$ 760,720**

Date of issue - January 1, 2016
Original amount - $150,000
Interest rate - 0.100% to 0.100%

Due in Year Ending	Principal	Interest	Total
2019	$ 30,000	$ 50	$ 30,050
2020	20,000	20	20,020
Total	**$ 50,000**	**$ 70**	**$ 50,070**

C. Operating Leases

The District did not have any capital or operating leases during the fiscal year.

D. Short-Term Liabilities

The District did not have any short-term liabilities during the fiscal year.

5. REVENUES

A. Property Tax Levies

The School District's property taxes are levied each year on the assessed valuation of property located in the School District as of the preceding January 1st. Mill levy rates are set by the State of New Mexico each year for the General Fund and Local SB-9 Capital Improvement Fund. Taxes are payable in two equal installments on November 10 and April 10 following the levy and become delinquent after 30 days. Taxes on real property are liens on the property on January 1 of the year for which the taxes are imposed.

B. State Equalization Guarantee

Each school district in the State of New Mexico receives a "state equalization guarantee distribution" which is defined as "that amount of money distributed to each school district to insure that the school district's operating revenue, including its local and federal revenues as defined" (in Chapter 22, Section 8-25, NMSA 1978) "is at least equal to the school district's program cost."

A school district's program costs are determined through the use of various formulas using "program units" which take into consideration (1) early childhood education; (2) basic education; (3) special education; (4) bilingual-multi cultural education; (5) size, etc. Payment is made from the public school fund under the authority of the chief (director of public school finance). The District received $2,616,060 state equalization guarantee distributions during the year ended June 30, 2018.

C. Transportation Distribution

Money in the transportation distribution of the public school fund shall be used only for the purpose of making payments to each school district for the to-and-from school transportation costs of students in the grades K through twelve attending public school within the school district. Except in unusual circumstances as determined by the local school board and confirmed by the state transportation director, midday bus routes for early childhood education students shall not be approved for funding in excess of twenty miles one way.

Money in the vocational education transportation distribution of the public school fund is used for the purpose of making payments to school districts for transportation of students to and from their regular attendance centers and the place where vocation education programs are being offered, pursuant to Section 22-16-4.1 (NMSA 1978) of the Act. The transportation distribution is allocated to each school district according to an objective formula developed by the state transportation director and the director of public school finance.

In the event the sum of the proposed transportation allocations to each school district exceeds the amounts in the transportation distribution, each school district to receive an allocation shares in a reduction in the proportion that each school district's forty-day average daily membership bears to the forty-day average daily membership of all school districts to receive allocations.

Local school boards shall negotiate school bus contracts in accordance with regulations promulgated by the state transportation director with the approval of the State Board of Education.

Local school boards, with the approval of the state transportation director, may provide additional transportation services pursuant to Section 22-16-2 NMSA 1978 to meet established program needs.

The District received $226,992 in transportation distribution during the year ended June 30, 2018.

D. SB-9 State Match

The Director shall distribute to any school district that has imposed a tax under the Public School Capital Improvements Act (22-25-1 to 22-25-10 NMSA 1978) an amount from the public school capital improvements fund that is equal to the amount by which the revenue estimated to be received from the imposed tax as specified in Subsection B of Section 22-25-3 NMSA 1978, assuming a one hundred percent collection rate, is less than an amount calculated by multiplying the product obtained by the rate imposed in the

District under the Public School Capital Improvements Act. The distribution shall be made by December 1, of each year that the tax is imposed in accordance with Section 22-25-3 NMSA 1978. Provided, however, in the event that sufficient funds are not available in the public school capital improvement funds to make the state distribution provided for in this section, the dollar per program unit figure shall be reduced as necessary.

The District received $54,453 in state SB-9 matching during the year ended June 30, 2018.

E. Public School Capital Outlay

Under the provisions of Chapter 22, Article 24, a public school capital outlay fund was created. The money in the fund may be used only for capital expenditures deemed by the public school capital outlay council necessary for an adequate educational program, and the capital outlay expenditures are limited to the purchase, or construction of temporary or permanent classrooms.

The council shall approve an application for grant assistance from the fund when the council determines that:

1. A critical need exists requiring action;

2. The residents of the school district have provided all available resources to the district to meet its capital outlay requirements;

3. The school district has used its resources in a prudent manner.

4. The District is in a county or counties which have participated in the reappraisal program and the reappraised values are on the tax rolls, or will be used for the tax year 1979 as certified by the property tax division; and

5. The school district has provided insurance for buildings of the school district in accordance with the provisions of Section 13-5-3 NMSA 1978.

The council shall consider all applications for assistance from the fund and after public hearing shall either approve or deny the application. Applications for grant assistance shall only be accepted by the council after a district has complied with the provisions of this section. The council shall list all applications in order of priority and all allocations shall be made on a priority basis.

Money in the fund shall be disbursed by warrant of the Department of Finance and Administration on vouchers signed by the Secretary of Finance and Administration following certification by the council that the application has been approved.

During the year ended June 30, 2018, the District received $100,000 in special capital outlay funds.

F. Instructional Materials

The New Mexico State Department of Education (Department) received federal mineral leasing funds from which it makes annual allocations to the various school districts for the purchase of educational materials. Of each allocation, seventy percent is restricted to the requisition of materials listed in the State Board of Education "State Adopted Instructional Material" list, while thirty percent of each allocation is available for purchases directly from vendors. Beginning with the fiscal year ended June 30, 2011, Districts received their total allocation at the beginning of the fiscal year, instead of being reimbursed for purchases as was done in the prior year. During the year ended June 30, 2018, the District received $7,438 in instructional materials allocation.

G. Federal Grants

The District receives revenues from various Federal departments (both direct and indirect) which are legally restricted to expenditures for specific purposes. These programs are reported as Special Revenue Funds. Each program operated under its own budget, which has been approved by the Federal Department or the flow-through agency (usually the New Mexico Department of Education). The various budgets are approved by the Local School Board and the New Mexico Department of Education.

The District also receives reimbursement under the National School Lunch and Breakfast Programs for its food service operations, and distributions of commodities through the New Mexico Human Services Department.

6. CASH OVERDRAFTS

The cash overdrafts shown in some federal, state and local projects in the special revenue fund represent expenditures made by the District which will be reimbursed by the grantor. Receivables from the grantor are presented to off-set these overdrafts.

7. REGION VI EDUCATION COOPERATIVE

Certain special revenue (federal) funds of the District were administered by the Region VI Education Cooperative in Portales, New Mexico. The purpose of the REC is to allow the submission of a consolidated application to the State Department of Education for certain funds granted to the State of New Mexico by the United States Department of Education. There are ten schools that participate in the REC, they include Dora, Elida, Fort Sumner, Grady, House, Logan, Melrose, San Jon and Texico. The agreement became effective on July 1, 1995 and is to remain in effect until the end of any fiscal year during which the school gives notice of intent to terminate.

These funds are audited separately by another IPA. That report may be obtained by writing to: Regional Education Cooperative No. 6, 1500 South Avenue K, Station 9, Portales, NM 88130.

8. RECONCILIATION OF BUDGETARY BASIS TO GAAP BASIS STATEMENTS

	General	Title I	IDEA-B Entitlement
Revenues per modified accrual basis	$ 2,933,952	$ 35,634	$ 50,846

Expenditures per modified accrual basis	$ 50,456	$ 184,000
Accounts payable	-	-
Expenditures per budgetary basis	**$ 50,456**	**$ 184,000**

9. INSURANCE COVERAGE

The District is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; error and omissions; and injuries to employees; and natural disasters. The District, as a New Mexico Public School, is insured through he New Mexico Public Schools Insurance Authority (NMPSIA). Annual premiums are paid by the District to NMPSIA for coverage provided in the following areas:

Workers Compensation
Property and Automobile Liability and Physical Damage
Liability and Civil Rights and Personal Injury
Contract School Bus Coverage; and
Crime

10. RISK MANAGEMENT

The School District is exposed to various risks of loss related to torts; theft of damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The school carries insurance for all risks listed above.

11. PENSION-PLAN - EDUCATIONAL RETIREMENT BOARD

General Information about the Pension Plan

Plan description. The New Mexico Educational Retirement Act (ERA) was enacted in 1957. The act created the Educational Employees Retirement Plan (Plan) and, to administer it, the New Mexico Educational Retirement Board (NMERB). The Plan is included in NMERB's comprehensive annual financial report. The report can be found on NMERB's Website at: https://www.nmerb.org/Annual_reports.html.

The Plan is a cost-sharing, multi-employer pension plan established to provide retirement and disability benefits for certified teachers and other employees of the state's public schools, institutions of higher learning, and state agencies providing educational programs. Additional tenets of the ERA can be found in Section 22-11-1 through 22-11-52, NMSA 1978, as amended.

The Plan is considered a component unit of the State's financial reporting entity. The ERA assigns the authority to establish and amend benefit provisions to a seven-member Board of Trustees (Board); the state legislature has the authority to set or amend contribution rates and other terms of the Plan which is a pension benefit trust fund of the State of New Mexico. NMERB is self-funded through investment income and educational employer contributions. The Plan does not receive General Fund Appropriations from the State of New Mexico.

All accumulated assets are held by the Plan in trust to pay benefits, including refunds of contributions as defined in the terms of the Plan. Eligibility for membership in the Plan is a condition of employment, as defined Section 22-11-2, NMSA 1978. Employees of public schools, universities, colleges, junior colleges, technical-vocational institutions, state special schools, charter schools, and state agencies providing an educational program, who are employed more than 25% of a full-time equivalency, are required to be members of the Plan, unless specifically excluded.

Benefits provided. A member's retirement benefit is determined by a formula which includes three component parts: (1) the member's final average salary (FAS), (2) the number of years of service credit, and (3) a 0.0235 multiplier. The FAS is the average of the member's salaries for the last five years of service or any other consecutive five-year period, whichever is greater.

Summary of Plan Provisions for Retirement Eligibility - For members employed before July 1, 2010, a member is eligible to retire when one of the following events occurs:

- the member's age and earned service credit add up to the sum or 75 or more,
- The member is at least sixty-five years of age and has five or more years of earned service credit; or
- The member has service credit totaling 25 years or more.

Chapter 288, Laws of 2009 changed the eligibility requirements for new members first employed, on or after, July 1, 2010 and before July 1, 2013. The eligibility for a member who either becomes a new member on or after July 1, 2010 and before July 1, 2013, or at any time prior to July 1, 2010 refunded all member contributions and then becomes re-employed after July 1, 2010 is as follows:

- The member's age and earned service credit add up to the sum of 80 or more,
- The member is at least sixty-seven years of age and has five or more years of earned service credit; or
- The member has service credit totaling 30 years or more.

Section 2-11-23.2 NMSA 1978 added eligibility requirements for new members who were first employed on or after July 1, 2013, or who were employed before July 1, 2013 but terminated employment and subsequently withdrew all contributions, and returned to work for an ERB employer on or after July 1, 2013. These members must meet one of the following requirements.

- The member's minimum age is 55, and has earned 30 or more years of service credit. Those who retire earlier than age 55, but with 30 years of earned service credit will have a reduction in benefits to the actuarial equivalent of retiring at age 55.
- The member's minimum age and earned service credit add up to the sum of 80 or more. Those who retire under the age of 65, and who have fewer than 30 years of earned service credit will receive reduced retirement benefits.
- The member's age is 67, and has earned 5 or more years of service credit.

Forms of Payment - The benefit is paid as a monthly life annuity with a guarantee that, if the payments made do not exceed the member's accumulated contributions plus accumulated interest, determined as of the date of retirement, the balance will be paid in a lump sum to the member's surviving beneficiary.

Benefit Options - The Plan has three benefit options available.

- **Option A - Straight Life Benefit** - The single life annuity option has no reductions to the monthly benefit, and there is no continuing benefit due to a beneficiary or estate, except the balance, if any, of member contributions plus interest less benefits paid prior to the member's death.
- **Option B - Joint 100% Survivor Benefit** - The single life annuity monthly benefit is reduced to provide for a 100% survivor's benefit. The reduced benefit is payable during the life of the member, with the provision that, upon death, the same benefit is paid to the beneficiary for his or her lifetime. If the beneficiary predeceases the member, the member's monthly benefit is increased to the amount the member would have received under Option A Straight Life benefit. The member's increased monthly benefit commences in the month following the beneficiary's death.

- **Option C - Joint 50% Survivor Benefit** - The single life annuity monthly benefit is reduced to provide for a 50% survivor's benefit. The reduced benefit is payable during the life of the member, with the provision that, upon death, the reduced 50% benefit is paid to the beneficiary for his or her lifetime. If the beneficiary predeceases the member, the member's monthly benefit is increased to the amount the member would have received under Option A Straight Life benefit. The member's increased monthly benefit commences in the month following the beneficiary's death.

Disability Benefit - An NMERB member is eligible for disability benefits if they have acquired at least ten years of earned service credit and is found totally disabled. The disability benefit is equal to 2% of the member's Final Average Salary (FAS) multiplied by the number of years of total service credits. However, the disability benefit shall not be less than the smaller of (a) one-third of the member's FAS or (b) 2% of the member's FAS multiplied by total years of service credit projected to age 60.

Cost of Living Adjustment (COLA) - All retired members and beneficiaries receiving benefits receive an automatic adjustment to their benefit each July 1 following the later of 1) the year a member retires, or 2) the year the member reaches age 65 (Tier 1 and Tier 2) or age 67 (Tier 3).

- Tier 1 membership is comprised of employees who became members prior to July 1, 2010

- Tier 2 membership is comprised of employees who became members after July 1, 2010, but prior to July 1, 2013

- Tier 3 membership is comprised of employees who became members on or after July 1, 2013

As of July 1, 2013, for current and future retirees the COLA is immediately reduced until the plan is 100% funded. The COLA reduction is based on the median retirement benefit of all retirees excluding disability retirements. Retirees with benefits at or below the median and with 25 or more years of service credit will have a 10% COLA reduction; their average COLA will be 1.8%. Once the funding is greater than 90%, the COLA reductions will decrease. The retirees with benefits at or below the median and with 25 or more years of service credit will have a 5% COLA reduction; their average COLA will be 1.9%.

Members on disability retirement are entitled to a COLA commencing on July 1 of the third full year following disability retirement. A member on regular retirement who can prove retirement because of a disability may qualify for a COLA beginning July 1 in the third full year of retirement.

Refund of Contributions - Members may withdraw their contributions only when they terminate covered employment in the State and their former employer(s) certification determination has been received by NMERB. Interest is paid to members when they withdraw their contributions following termination of employment at a rate set by the Board. Interest is not earned on contributions credited to accounts prior to July 1, 1971, or for contributions held for less than one year.

Contributions - For the fiscal year ended June 30, 2018 and 2017 educational employers contributed to the Plan based on the following rate schedule.

Fiscal Year	Date Range	Wage Category	Member Rate	Employer Rate	Combined Rate	Increase Over Prior Year
2018	7-1-17 to 6-30-18	Over $20K	10.70%	13.90%	24.60%	0.00%
2018	7-1-17 to 6-30-18	$20K or less	7.90%	13.90%	21.80%	0.00%
2017	7-1-16 to 6-30-17	Over $20K	10.70%	13.90%	24.60%	0.00%
2017	7-1-16 to 6-30-17	$20K or less	7.90%	13.90%	21.80%	0.00%

The contribution requirements are established in statute under chapter 10, Article 11, NMSA 1978. The requirements may be amended by acts of the New Mexico Legislature. For the fiscal years ended June 30, 2018 and 2017, the School District paid employee and employer contributions of $453,466 and $423,770 which equal the amount of the required contributions for each fiscal year.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions: At June 30, 2018, the School District reported a liability of $7,254,872 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2016. The total pension liability was rolled-forward from the valuation date to the plan year ending June 30, 2017 using generally accepted actuarial principles. Therefore, the employer's portion was established as of the measurement date of June 30, 2017. There were no significant events or changes in benefit provision that required an adjustment to the roll-forward liabilities as of June 30, 2017. The School District's proportion of the net pension liability was based on a projection of the School District's long-term share of contributions to the pension plan relative to the projected contributions of all participating education institutions, actuarially determined. At June 30, 2017, the School District's proportion was 0.06083% which was an decrease of 0.00034% from its proportion measured as of June 30, 2016.

For the year ended June 30, 2018, the School District recognized pension expense of $1,201,905. At June 30, 2018, the School District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	$ 13,023	$ 111,768
Changes of assumptions	2,117,840	-
Net difference between projected and actual earnings on pension plan investments	-	995
Changes in proportion and differences between contributions and proportionate share of contributions	215,094	52,864
Employer contributions subsequent to the measurement date	253,734	-
Total	**$2,599,691**	**$ 165,627**

$253,734 reported as deferred outflows of resources related to pensions resulting from School District's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:

2018	$ 800,098
2019	894,492
2020	545,478
2021	(59,738)
2022	0
Thereafter	0

Actuarial assumptions - The total pension liability in the June 30, 2017 actuarial valuation was determined using the following significant actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.00%
Salary Increases	Composed of: 3.0% inflation, plus a 0.75% productivity increase rate, plus a step-rate promotional increase for members with less than 10 years of service
Investment Rate of Return	7.75% compounded annually, net of expenses. This is made up of a 3.00% inflation rate and a 4.75% real rate of return. The long-term expected rate of return on pension plan investments is determined annually using a building-block approach that includes the following:

1) rate of return projections are the sum of current yield plus projected changes in price (valuation, defaults, etc.),
2) application of key economic projections (inflation, real growth, dividends, etc.), and
3) structural themes (supply and demand imbalances, capital flows, etc.) developed for each major asset class.

Average of Expected Remaining Service Lives

Fiscal year	2017	2016	2015	2014
Service life in years	3.35	3.77	3.92	3.881

Mortality	***Healthy males:*** Based on the RP-2000 Combined Mortality Table with White Collar adjustments, generational mortality improvements with Scale BB. ***Healthy females:*** Based on GRS Southwest Region Teacher Mortality Table, set back one year, generational mortality improvements in accordance with Scale BB from the table's base year of 2012 ***Disabled males:*** RP-2000 Disabled Mortality Table for males, set back three years, projected to 2016 with Scale BB. ***Disabled females:*** RP-2000 Disabled Mortality Table for females, no set back, projected to 2016 with Scale BB. ***Active members:*** RP-2000 Employee Mortality Tables, with males set back two years and scaled at 80%, and females set back five years and scaled at 70%. Static mortality improvement from the table's base year of 2000 to the year 2016 in accordance with Scale BB. No future improvement was assumed for preretirement mortality.
Retirement Age	Experience-based table rates based on age and service, adopted by the Board on June 12, 2015 in conjunction with the six-year experience study for the period ending June 30, 2014.
Cost-of-living increases	2% per year, compounded annually.
Payroll growth	3.5% per year (with no allowance for membership growth).

Contribution accumulation	5.5% increase per year for all years prior to the valuation date. (Contributions are credited with 4.0% interest, compounded annually, applicable to the account balance in the past as well as the future).
Disability Incidence	Approved rates applied to eligible members with at least 10 years of service.

The actuarial assumptions and methods are set by the Plan's Board of Trustees, based upon recommendations made by the Plan's actuary. The Board adopted new assumptions on April 21, 2017 in conjunction with the six-year actuarial experience study period ending June 30, 2016. At that time, the Board adopted several assumption changes, which included a decrease in the annual wage inflation rate from 4.25% to 3.75%, and changes to the mortality rates, disability rates, and retirement rates for members who joined the plan after June 30, 2010. In addition, the board lowered the population growth rate assumption to zero.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	**Target Allocation**	**Long-Term Expected Rate of Return**
Equities	35%	
Fixed income	28%	
Alternatives	36%	
Cash	1%	
Total	**100%**	**7.75%**

Discount rate - A single discount rate of 7.75% was used to measure the total pension liability as of June 30, 2016. This single discount rate was based on a long-term expected rate of return on pension plan investments of 7.75%, compounded annually, net of expense. Based on the stated assumptions and the projection of cash flows, the Plan's fiduciary net position and future contributions were projected to be available to finance all projected future benefit payments of current plan members. Therefore, the long term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

The projections of cash flows used to determine this single discount rate assumed that plan member and employer contributions will be made at the current statutory levels.

Sensitivity of the School District's proportionate share of the net pension liability to changes in the discount rate. The following presents the School District's proportionate share of the net pension liability calculated using the discount rate of 7.75%, as well as what the School District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.75%) or one percentage point higher (8.75%) than the current rate:

	1% Decrease (6.75%)	Current Discount Rate (7.75%)	1% Increase (8.75%)
Dora Consolidated School District's proportionate share of the net pension liability	**$ 9,444,039**	**$ 7,254,872**	**$ 5,465,406**

Pension plan fiduciary net position - Detailed information about the pension plan's fiduciary net position is available in separately issued NMERB's financial reports. The reports can be found on NMERB's website at:https://www.nmerb.org/Annual_reports.html

12. POST-EMPLOYMENT BENEFITS - STATE RETIREE HEALTH CARE PLAN

General Information about the OPEB

Plan Description - Employees of the School District are provided with OPEB through the Retiree Health Care Fund (the Fund) - a cost-sharing multiple-employer defined benefit OPEB plan administered by the New Mexico Retiree Health Care Authority (NMRHCA). NMRHCA was formed February 13, 1990, under the New Mexico Retiree Health Care Act (the Act) of New Mexico Statutes Annotated, as amended (NMSA 1978), to administer the Fund under Section 10-7C-1-19 NMSA 1978. The Fund was created to provide comprehensive group health insurance coverage for individuals (and their spouses, dependents and surviving spouses) who have retired or will retire from public service in New Mexico.

NMRHCA is an independent agency of the State of New Mexico. The funds administered by NMRHCA are considered part of the State of New Mexico financial reporting entity and are OPEB trust funds of the State of New Mexico. NMRHCA's financial information is included with the financial presentation of the State of New Mexico.

Benefits provided. The Fund is a multiple employer cost sharing defined benefit healthcare plan that provides eligible retirees (including terminated employees who have accumulated benefits but are not yet receiving them), their spouses, dependents and surviving spouses and dependents with health insurance and prescription drug benefits consisting of a plan, or optional plans of benefits, that can be contributions to the Fund and by co-payments or out-of-pocket payments of eligible retirees.

Employees covered by benefit terms - At June 30, 2017, the Fund's measurement date, the following employees were covered by the benefit terms:

Plan membership	
Current retirees and surviving spouses	51,208
Inactive and eligible for deferred benefit	11,478
Current active members	97,349
	160,035

Active membership	
State general	19,593
State police and corrections	1,886
Municipal general	21,004
Municipal police	3,820
Municipal FTRE	2,290
Educational Retirement Board	48,756
	97,349

Contributions - Employer and employee contributions to the Fund total 3% for non-enhanced retirement plans and 3.75% of enhanced retirement plans of each participating employee's salary as required by Section 10-7C-15 NMSA 1978. The contributions are established by statute and are not based on an actuarial calculation. All employer and employee contributions are non-refundable under any circumstance, including termination of the employer's participation in the Fund. Contributions to the Fund from the School District were $36,509 for the year ended June 30, 2018.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2018, the Dora Consolidated School District reported a liability of $1,962,668 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2017, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The School District's proportion of the net OPEB liability was based on actual contributions provided to the Fund for the year ending June 30, 2017. At June 30, 2017, the School District's proportion was 0.04331%.

For the year ended June 30, 2018, the School District recognized OPEB expense of $78,029. At June 30, 2018 the School District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	$ -	$ 75,317
Changes of assumptions	-	343,147
Differences between actual and projected earnings on OPEB plan investments	-	28,234
Contributions made after the measurement date	36,509	-
Total	**$ 36,509**	**$ 446,698**

Deferred outflows of resources totaling $36,509 represent School District's contributions to the Fund made subsequent to the measurement date and will be recognized as a reduction of net OPEB liability in the year ending June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in OPEB expense as follows:

Year ended June 30:	
2019	$ (94,971)
2020	(94,971)
2021	(94,971)
2022	(94,971)
2023	(66,814)
Total	**$ (446,698)**

Actuarial assumptions. The total OPEB liability was determined by an actuarial valuation using the following actuarial assumptions:

Valuation date	June 30, 2017
Actuarial cost method	Entry age normal, level percent of pay, calculated on individual employee basis
Asset valuation method	Market value of assets
Actuarial assumptions:	
Inflation	2.50% for ERB; 2.25% for PERA
Projected payroll increases	3.50%
Investment rate of return	7.25%, net of OPEB plan investment expense and margin for adverse deviation including inflation
Health care cost trend rate	8% graded down to 4.5% over 14 years for Non-Medicare medical plan costs and 7.5% graded down to 4.5% over 12 for Medicare medical plan costs

Rate of Return. The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which the expected future real rates of return (net of investment fees and inflation) are developed for each major asset class. These returns are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adding expected inflation and subtracting expected investment expenses and a risk margin. The target allocation and projected arithmetic real rates of return for each major asset class, after deducting inflation, but before investment expenses, used in the derivation of the long-term expected investment rate of return assumptions.

The best estimates for the long-term expected rate of return is summarized as follows:

Asset Class	**Long-Term Rate of Return**
US core fixed income	4.1%
US equity - large cap	9.1
Non US - emerging markets	12.2
Non US - developed equities	9.8
Private equity	13.8
Credit and structured finance	7.3
Real estate	6.9
Absolute return	6.1
US equity - small/mid cap	9.1

Discount rate. The discount rate used to measure the Fund's total OPEB liability is 3.81% as of June 30, 2017. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made at rates proportional to the actuary determined contribution rates. For this purpose, employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs for future plan members and their beneficiaries are not included. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all projected future benefit payments for current plan members through the fiscal year ending June 30, 2028. Thus, the 7.25% discount rate was used to calculate the net OPEB liability through 2029. Beyond 2029, the index rate for 20-year, tax exempt general obligation municipal bonds with an average rating of AA/Aa or higher. Thus, 3.81% is the blended discount rate.

Sensitivity of the net OPEB liability to changes in the discount ate and healthcare cost trend rates. The following presents the net OPEB liability of the School District, as well as what the School District's net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.81%) or 1-percentage-point higher (4.81%) than the current discount rate:

1% Decrease (2.81%)	Current Discount (3.81%)	1% Increase (4.81%)
$ 2,380,685	$ 1,962,668	$ 1,634,695

The following presents the net OPEB liability of the School District, as well as what the School District's net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage point higher than the current healthcare cost trend rates:

1% Decrease	Current Trend Rates	1% Increase
$ 1,669,384	$ 1,962,668	$ 2,191,356

OPEB plan fiduciary net position. Detailed information about the OPEB plan's fiduciary net position is available in NMRHCA's audited financial statements for the year ended June 30, 2017.

Payable Changes in the Net OPEB Liability. At June 30, 2018, the School District reported a payable of $0 for outstanding contributions due to NMRHCA for the year ended June 30, 2018.

13. CONCENTRATIONS

The District depends on financial resources flowing from, or associated with, both the Federal Government and the State of New Mexico. Because of this dependency, the District is subject to changes in specific flows of intergovernmental revenues based on modifications to Federal and State laws and Federal and State appropriations.

14. LEGISLATIVE APPROPRIATIONS

The following appropriations have been awarded to the School District:

Capital Appropriation	Term	Amount	Remaining Balance
Project DFA#16-5113 Laws of 2016, Chapter 82, Section 10B, Paragraph 3 To purchase supplemental library resource acquisitions, including print, non-print and electronic resources	9-22-17 to 6-30-21	$ 4,959	$ 4,959

Capital Appropriation	Term	Amount	Remaining Balance
Project DFA#15-0948 Laws of 2015, SB1, Chapter 3, Section 33, Subsection 53 To plan, design and construct paving and drainage improvements.	11-11-15 to 6-30-19	$ 75,000	$ -

Capital Appropriation	Term	Amount	Remaining Balance
Project DFA#16A2205 Laws of 2016, Chapter 81, Section 14, Paragraph 170 To plan, design and construct and install bleachers for the multipurpose gymnasium.	1-27-17 to 6-30-20	$ 50,000	$ -

15. RELATED PARTY TRANSACTIONS

Staff Member Megan Hays, is the spouse to the Superintendent, Brandon Hays. Due to Mr. Hays being Superintendent he is not her direct supervisor. The Principal is performing her performance evaluation and acts as her direct supervisor.

16. SUBSEQUENT EVENTS

A review of subsequent events through September 6, 2018, the date the financial statements were available to be issued, indicated nothing of audit significance.

17. RESTATEMENT OF NET POSITION

The School District had a prior period adjustment of $2,331,341 of which was required for the implementation of GASB Statement No. 75. The adjustment reflects a beginning net OPEB liability of $2,368,522 and a beginning deferred outflow of resources of $37,181.

18. TAX ABATEMENT

The School District entered into an agreement that involves tax abatements. The following outlines the key information regarding the entities involved and the type of and amounts of taxes abated during the tax year ending June 30.

Agency number of Agency making the disclosure: 5022

Disclosing Agencies Name: Roosevelt County

Disclosing Agency type of Government: Local Government County

Tax Abatement Agreement Name: Milo Wind Project, LLC

Recipient of Tax Abatement: Milo Wind Project, LLC

Tax Abatement Program: Industrial Revenue Bonds Series 2015

Specific Tax Being Abated: Property Taxes

Legal authority under which the Tax Abatement Agreement was entered into: Roosevelt Board of County Commissioners

Criteria that made recipient eligible to receive a Tax Abatement: Industrial Revenue Bonds

How are the Tax Abatement recipients taxes reduced: PILOT associated with mega-watts of generated capacity and facility portions

Name of Agency affected by Abatement Agreement: Dora Consolidated Schools

Affected Agency Number: 7024

Affected Agency Type: Local Government Public School District

Authority under which Abated Tax is paid to Affected Agency: Industrial Revenue Bond Act Section 4-59-1 to 4-59-16 NMSA

Gross dollar amount, on an accrual basis, by which the Affected Agency's Tax Revenues were reduced: $121,400

19. FUND BALANCE CLASSIFIED

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned upon the use of the resources in the governmental funds. The constraints placed on fund balances for the major governmental funds and all other governmental funds are presented here.

Fund Balances	General Fund	Wind Farm	Bond Building	Local Capital Improvements SB-9	Non-Major Governmental Fund	Totals
Nonspendable:						
Interfund loans	$ -	$ -	$ -	$ -	$ -	$ -
Inventory	-	-	-	-	676	676

NON-MAJOR SPECIAL REVENUE FUNDS

ALL FUNDS - All funds were created by the State Department of Education.

IDEA-B - PRESCHOOL - To account for monies received for the operation and maintenance of meeting the special education needs of children with disabilities. Financing and authority is the Individuals With Disabilities Act, Part B, Sec. 611, as amended; Public Law 105-17.

IMPROVING TEACHER QUALITY - To account for grant funds to increase student academic achievement through strategies such as improving teacher and principal quality. Financing and authority is Elementary and Secondary Education Act of 1965 as amended, Title II, Part A, Public Law 107-110.

REAP (RURAL EDUCATIONAL ACHIEVEMENT PROGRAM) - To account for monies received to provide financial assistance to rural districts to carry out activities to help improve the quality of teaching and learning. Authority for this program is contained in Title VI, Part B of the Elementary and Secondary Education Act of 1965 (ESEA), as amended by Public Law 107-110.

DUAL CREDIT INSTRUCTIONAL MATERIALS - To account for resources received from House Bill 2, 2009, to be used for dual credit instructional materials through a course approved by Higher Education Department and through a college/university for which the district has an approved agreement.

GO BOND STUDENT LIBRARY - To account for monies received from the SB66, Laws 2012, 2nd Session, Chapter 54, Section 10.B.(3), Appropriation to be used to improve the library, acquire library books or library resources that support the library program.

TEACHER RECRUITMENT FUND - To account for monies received from the Public Education Department for teacher recruitment efforts such as signing bonuses for new teachers or covering the costs of travel to a recruiting/hiring event. Authority is from the Public Education Department.

HIGHWAY DEPARTMENT - To account for monies received from the Department of Transportation for the design, drainage improvement, parking lot and bus lane improvements. Authority is from the Public Education department.

NON-MAJOR SPECIAL REVENUE FUNDS - CONTINUED

ATHLETICS FUND - To account for the activities of the athletic functions of the district. (State Department of Education Regulations 93-1).

SCHOOL LUNCH FUND - This program provides financing for the School Hot Lunch Program. Funding is provided from fees from patrons and USDA food reimbursements, under the National School Lunch Act of 1946, as amended, Public Law 79-396, Sections 2-12, 60 Stat. 230, 42 U.S.C. 1751 et seq.; 80 stat., 889, as amended; 84 stat. 270; and the Child Nutrition Act of 1966, as amended, Sections 4 and 10. Public Law 89-642, 80 stat. 886, 889, 42 U.S.C. 1773, 1779; Public Law 99-591, 100 stat. 3341; Public Law 100-71, 101 stat. 430.

Changes in benefit provisions. There were no modifications to the benefit provisions that were reflected in the actuarial valuation as of June 30, 2017.

Changes in assumptions and methods. Actuarial assumptions and methods are set by the Board of Trustee, based upon recommendations made by the Plan's actuary. The Board adopted new assumptions on April 21, 2017 in conjunction with the six-year actuarial experience study period ending June 30, 2016. At that time, the Board adopted a number of economic assumption changes, including a decrease in the inflation assumption from 3.00% to 2.50%. The 0.50% decrease in the inflation assumption also led to decreases in the nominal investment return assumption from 7.75% to 7.25%, the assumed annual wage inflation rate from 3.75% to 3.25%, the payroll growth assumption from 3.50% to 3.00%, and the annual assumed COLA from 2.00% to 1.90%.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
For the Year Ended June 30, 2018

Changes of assumptions: RHCA conducts an actuarial experience study for the Plan a biennial basis. Based on the six-year actuarial experience study presented to the Board of Trustees on June 30, 2017, RHCA implemented the following changes in assumptions for fiscal years 2017 and 2016.

1) Fiscal year 2017 valuation assumptions that changed based on this study:
    a. Lower Investment return from 7.75% to 7.25%
    b. Lower Inflation rate from 3.00% to 2.50%
    c. Minor changes to demographic assumptions
2) Assumptions that were not changed:
    a. Population growth per year at 0.00%
    b. Health care cost trend rate 8% graded down to 4.5% over 14 years for Non-Medicare medical plan costs and 7.5% graded down to 4.5% over 12 for Medicare medical plan costs.

See also the Note IV (c) Actuarial Assumptions of the financial statement note disclosure on the OPEB Plan.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

INDEPENDENT AUDITOR'S REPORT

Mr. Wayne Johnson
New Mexico State Auditor
and
Board of Education
Dora Consolidated Schools
Dora, New Mexico

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information, the budgetary comparisons of the General, Title I, IDEA-B Entitlement, Read2Lead and Wind Farm Funds of the Dora Consolidated Schools, as of and for the year ended June 30, 2018 and the related notes to the financial statements, which collectively comprise the Dora Consolidated Schools basic financial statements, and the combining and individual funds and have issued our report thereon dated September 6, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Dora Consolidated Schools internal control over financial reporting as a basis for designing our auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Dora Consolidated Schools internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Dora Consolidated Schools internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses and therefore, material weaknesses or significant deficiencies may exist that were not identified.

Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be a material weakness. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Dora Consolidated Schools financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed one instance of noncompliance or other matters that are required to be reported under Government Auditing Standards which are described in the accompanying Schedule of Comments and Responses as Transactions Made By Third Parties Not Recorded on Books of Record or Public Education Department Quarterly Report (2017-001).

Responses to Findings

Dora Consolidated Schools responses to the findings identified in our audit are described in the accompanying Status of Findings and Responses. The District's responses were not subject to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Dora Consolidated Schools internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Rice & Associates, CPA

Albuquerque, New Mexico
September 6, 2018

STATUS OF COMMENTS AND RESPONSES

Prior Year Audit Findings:

1. Conflict of Interest With Related Party Transactions - (2016-003) - Resolved.
2. Inadequate Accounting Records For Fuel Inventory - (2016-004) - Resolved.
3. Transactions Made By Third Parties Not Recorded on Books of Record or Public Education Department Quarterly Report - (2017-001) - Repeated.
4. ED Tech Debt Service Fund Overdraft - (2017-002) - Resolved.
5. No Depreciation Policy - (2017-003) - Resolved.
6. Use of P-Card - (2017-004) - Resolved.
7. BPA Activity Account - (2017-005) - Resolved.
8. Board Meeting Minutes - (2017-006) - Resolved.
9. Superintendents Buyout - (2017-007) - Resolved.
10. Maintenance Expenditures - (2017-008) - Resolved.
11. Outside Consultant - (2017-009) - Resolved.

Current Year Audit Findings:

NONE

Transactions Made by Third Parties Not Recorded on Books of Record or Public Education Department Quarterly Report - Finding That Did Not Rise to the Level of a Significant Deficiency
(2017-001)

CONDITION	Funds held at New Mexico Finance Authority were never recorded on the School District's books of record or Public Education Department quarterly reports. These included $40,685 in cash balances at July 1, 2017, and $284 of interest earned for the fiscal year ending 2018. Also, cash balances of $4,773 at June 30, 2018. The School District made no progress in this area.
CRITERIA	All transactions whether actually made by management or outside parties needs to be posted/recorded to the entity's books of record and Public Education Department quarterly reports.
CAUSE	Management did not ensure these transactions were booked.
EFFECT	Cash balances and interest income were understated on the School District's books of record. Adjustments had to be made to adjust certain trial balances so these amounts were included.
RECOMMENDATION	Management should ensure all amounts/ transactions are posted/recorded to the School District's books of record.
RESPONSE	The District agrees with this finding. The Business Manager was following guidance from the Public Education Department in regards to how the funds received from the New Mexico Finance Authority should be handled. The Business Manager will insure that these funds will be posted on the District's books and included on the PED's quarterly reports. The Business Manager anticipates that this finding should be resolved by the end of this current fiscal year. The project has successfully been closed out as of August, 2018 with interest being the only funds left to post.
