INDEPENDENT AUDITORS' REPORT

Mr. Brian S. Colón
State Auditor of the State of New Mexico
Board Members of Hondo Valley Public Schools

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, the aggregate remaining fund information, and the budgetary comparison for the general fund and major special revenue funds of Hondo Valley Public Schools (the District), as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with audit standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Audit Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.

Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2019, and the respective changes in financial position, and the respective budgetary comparisons for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Management has omitted the Management's Discussion and Analysis which is required to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America require that the GASB 68 10 year schedules on pages 53 - 54 and GASB 75 10 year schedules on pages 55 - 56 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements the combining and individual fund financial statements, and any other schedule required by the Audit Rule that collectively comprise the District's basic financial statements.

The combining and individual nonmajor fund financial statements and other Supplementary Schedules as listed in the table of contents are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 9, 2020 on our consideration of Hondo Valley Public Schools internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing in internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Hondo Valley Public Schools internal control over financial reporting and compliance.

STATE OF NEW MEXICO
HONDO VALLEY PUBLIC SCHOOLS
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN THE FUND
BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2019

Amount reported for governmental activities in the statement of net position are different because:

Change in fund balances - total governmental funds	\$ (112,317)
----------------------------------------------------	--------------

Capital outlay to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities those costs are shown in the statement of net position and allocated over their estimated useful lives as annual depreciation expenses in the statement of activities. This is the amount by which depreciation expense exceeds capital outlays in the period.

Depreciation expense	(216,155)
Capital outlay	15,400

Changes in resources related to pension:

Change in deferred outflows - ERB	(271,249)
Change in deferred outflows - RHCA	29,117
Change in deferred inflows - ERB	(12,399)
Change in deferred inflows - RHCA	(35,989)
Net pension liability	(550,077)
OPEB liability	30,785

Property taxes that do not provide current financial resources, made available to pay for the current period's expenditures, reported as deferred inflows in the funds.	13,510
-------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--------

The issuance of long-term debt (e.g. bonds, notes, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position.

Change in accrued interest	(1,466)
Principal payment on bond	<u>200,000</u>

Change in net position of governmental activities	<u>\$ (910,840)</u>
---------------------------------------------------	---------------------

See independent auditors' report and accompanying notes to financial statements.

STATE OF NEW MEXICO
HONDO VALLEY PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Hondo Valley Public Schools (the District) is a special purpose government corporation governed by an elected five member Board of Education. The Board of Education is the basic level of government, which has oversight responsibility and control over all activities related to the public school education of the Village of Hondo Valley and surrounding areas. The District is responsible for all activities related to public elementary and secondary school education within its jurisdiction. The District receives funding from local, state, and federal government sources and must comply with the requirements of these funding source entities.

This summary of significant accounting policies of the District is presented to assist in the understanding of the District's financial statements. The financial statements and notes are the representation of Hondo Valley Public Schools' management who is responsible for their integrity and objectivity. The financial statements and disclosures of the District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

A. Reporting Entity

In evaluating how to define the District, for financial reporting purposes, management has considered all potential component units. The decision to include any potential component units in the financial reporting entity was made by applying the criteria set forth in GASB Statements No. 14 and No. 39. Blended component units, although legally separate entities, are in substance part of the government's operations. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the government.

The basic-but not the only-criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters. A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity benefits the government and/or its citizens. A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the

STATE OF NEW MEXICO
HONDO VALLEY PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

A. Reporting Entity (Continued)

existence of special financing relationships, regardless of whether the government is able to exercise oversight responsibilities. Finally, the nature and significance of a potential component unit to the primary government could warrant its inclusion within the reporting entity. Based upon the application of these criteria, the District has no component units, and is not a component unit of another governmental agency.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by State Equalization Guarantee, taxes and intergovernmental revenues.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segments are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

STATE OF NEW MEXICO
HONDO VALLEY PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

C. Measurement Focus, Basis of Accounting

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as is the fiduciary fund financial statement. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are billed. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Property taxes are accrued as receivable when levied, net of estimated refund and uncollectible amounts. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. All other revenue items are considered to be measurable and available only when cash is received by the government.

The District reports the following major governmental funds:

General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. Revenues are provided by district school tax levy, state equalization and transportation funds, state instructional material allocations, and earnings from investments. Expenditures include all costs associated with the daily operations of the schools except for those items included in other funds.

STATE OF NEW MEXICO
HONDO VALLEY PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

C. Measurement Focus, Basis of Accounting (Continued)

Capital Improvements SB-9 Fund is used to account for resources received through Senate Bill 9 and local tax levies obtained for the purpose of building, remodeling, and equipping classroom facilities. Also to account for resources received from the State of New Mexico General Fund.

Bond Building Fund is used to accounts for the revenue received from bonds sold by the District to be used for improvements and additions to school owned property.

Debt Service Fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest. The resources of this fund are generated by a tax levy based upon property values.

The Title XIX Medicaid 3/21 Years Fund is to account for a program providing school-based screening, diagnostic services and other related health services and administrative activities in conformance with the approved Medicaid State Plan in order to improve health and developmental outcomes for children (Title XIX Social Security Act). Additionally, the District reports the following agency fund:

Fiduciary Funds account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governments and/or other funds.

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position or Equity

Deposits and Investments - The District's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

STATE OF NEW MEXICO
HONDO VALLEY PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position or Equity (Continued)

State statutes authorize the District to invest in Certificates of Deposit, obligations of the U.S. Government, and the State Treasurer's Investment Pool.

Investments for the District are reported at fair value. The State Treasurer's Pool operates in accordance with appropriate state laws and regulations. The reported value of the pool is the same as the fair value of the pool shares.

Restricted Assets - The Debt Service Fund is used to report resources set aside as restricted to make up potential future deficiencies in the revenue bond current debt service account.

Deferred Outflows - In the government-wide fund financial statements, deferred outflows are contributions to a pension plan after the measurement date, and the change in assumption.

Receivables and Payables - Interfund activity is reported as either loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental funds are netted as part of the reconciliation to the government-wide financial statements.

All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

The District receives monthly income from a tax levy in Lincoln County. The funds are collected by the County Treasurers and are remitted to the District the following month.

Under the modified accrual method of accounting, the amount remitted by the County Treasurers in July and August is considered measurable and available and, accordingly, is recorded as revenue in the governmental fund statements during the year ended June 30, 2018.

STATE OF NEW MEXICO
HONDO VALLEY PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position or Equity (Continued)

Prepaid Items - Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements.

Inventory - The District uses the consumption method of accounting for inventory. Under the consumption approach, governments report inventories they purchase as an asset and defer the recognition of the expenditures until the period in which the inventories actually are consumed.

Inventory is valued at cost utilizing the consumption basis of accounting. Inventory in the Food Service Fund consists of U.S.D.A. commodities and other purchased food and non-food supplies. The cost of purchased food is recorded as an expenditure at the time individual inventory items are consumed.

U.S.D.A. commodities consumed during the year are reported as revenues and expenditures; unused commodities are reported as inventories. Non-commodity inventories are equally offset by a fund balance reserve, which indicates that they do not constitute "available spendable resources" even though they are a component of net current assets. No deferred revenue was recorded for unused commodity inventory as of June 30, 2019.

Capital Assets - Capital assets, which include property, plant, and equipment, are reported in the applicable governmental column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. Information Technology Equipment including software is being capitalized and included in furniture, fixtures and equipment in accordance with NMAC 2.20.1.9 C(5). The District was a phase II government for purposes of implementing GASB 34 however, the District does not have any infrastructure asset to report.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

STATE OF NEW MEXICO
HONDO VALLEY PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position or Equity (Continued)

Major outlays for capital assets and improvements are capitalized as projects are constructed. No interest was included as part of the cost of capital assets under construction.

Property, plant, and equipment of the primary government is depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Building and improvements	20-50
Furniture, Equipment Vehicles and Library Books	3-15

Unearned Revenues and Deferred Inflows of Resources - Under both accrual and the modified accrual basis of accounting, revenue may be recognized only when it is earned. If assets are recognized in connection with a transaction before the earnings process is complete, those assets must be offset by corresponding liability for unearned revenue. Accounting principles generally accepted in the United States of America require that grant revenue be recognized at the time the related expense is made if the expenditure of funds is the prime factor for determining eligibility for reimbursement; therefore, amounts received and not expended in the Special Revenue Funds are shown as unearned revenues. In addition, property taxes receivable but uncollected within sixty (60) days of year end are classified as deferred inflow.

Compensated Absences - Twelve month employees are entitled to accumulate annual leave up to 10 days per year for the first five years. After five years of service, they will earn one and one quarter days per month for a total of 15 days per year.

Qualified employees are entitled to accumulate sick leave. There is no limit to the amount of sick leave which an employee may accumulate; however, no payment is due to the employee upon termination of employment.

Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. In prior years, substantially all of the related expenditures have been liquidated by the general fund. Amounts of vested or accumulated vacation leave that are

STATE OF NEW MEXICO
HONDO VALLEY PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position or Equity (Continued)

not expected to be liquidated with expendable available financial resources are reported in the government-wide statement of net assets.

Deferred Inflows - Within the governmental funds, revenues must be available in order to be recognized. Revenues such as real estate taxes that are not available are recorded as deferred inflows and reflected within the balance sheet.

Long-term Obligations - In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Fund Balance of Fund Financial Statements - In the fund financial statements, governmental funds are classified as follows:

Nonspendable - fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, for example, inventories and prepaid amounts. It also includes amounts to be held in perpetuity.

STATE OF NEW MEXICO
HONDO VALLEY PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position or Equity (Continued)

Restricted - Fund balance should be reported when constraints placed on the use of resources are either:

- a. Externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or
- b. Imposed by law through constitutional provisions or enabling legislation. Enabling legislation, as the term is used in this Statement, authorizes the government to assess, levy, charge, or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation. Legal enforceability means that a government can be compelled by an external party-such as citizens, public interest groups, or the judiciary - to use resources created by enabling legislation only for the purposes specified by the legislation.

Unassigned - fund balance is the residual classification for the general fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund. The general fund should be the only fund that reports a positive unassigned fund balance amount. In other governmental funds, if expenditures incurred for specific purposes exceeded the amounts restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

The District's policy is to apply restricted resources first, committed sources second, assigned resources third, and unassigned resources last when an expense is incurred for purposes for which all or any fund balance classification is available.

STATE OF NEW MEXICO
HONDO VALLEY PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position or Equity (Continued)

Equity Classifications

Government-Wide Statements

Equity is classified as net position and displayed in three components:

- a. Net position invested in capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulation of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Net position - All other net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

E. Revenues

State Equalization Guarantee - School districts in the State of New Mexico receive a state equalization guarantee distribution which is defined as "that amount of money distributed to each school district to insure that the school district's operating revenue, including its local and federal revenues as defined (in Chapter 22, Section 825, NMSA 1978) is at least equal to the school district's program costs.

A school district's program costs are determined through the use of various formulas using program units' which take into consideration 1) early childhood education; 2) basic education; 3) special education; 4) bilingual-multicultural education; 5) size, etc. Payment is made from the public school fund under the authority of the Director of Public School Finance. The District received \$2,204,050 in state equalization guarantee distributions during the year ended June 30, 2019.

STATE OF NEW MEXICO
HONDO VALLEY PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

E. Revenues (Continued)

Tax Revenues - The District receives mill levy and ad-valorem tax revenues primarily for debt service and capital outlay purposes. Property taxes are assessed on January 1st of each year and are payable in two equal installments, on November 10th of the year in which the tax bill is prepared and April 10th of the following year with the levies becoming delinquent 30 days (one month) thereafter. The District recognizes tax revenues in the period for which they are levied in the government-wide financial statements. The District records only the portion of the taxes considered 'measurable' and 'available' in the governmental fund financial statements. The District recognized \$307,922 in tax revenues in the governmental fund financial statements during the year ended June 30, 2019. Descriptions of the individual debt service and capital outlay funds contained in these financial statements include information regarding the authority for the collection and use of these taxes.

Transportation Distribution - School districts in the State of New Mexico receive student transportation distributions. The transportation distribution is allocated to each school district in accordance with formulas developed by the State Transportation Director and the Director of Public School Finance. The funds shall be used only for the purpose of making payments to each school district for the to-and-from school transportation costs of students in grades K through twelve attending public school within the school district. The District received \$183,518 in transportation distributions during the year ended June 30, 2019.

Public School Capital Outlay - Under the provisions of Chapter 22, Article 24, a public school capital outlay fund was created. The money in the fund may be used for capital expenditures deemed by the public school capital outlay council necessary for an adequate educational program per Section 22-24-4(B), core administrative function of the public school facilities authority and for project management expenses upon approval of the council per Section 22-24-4 (O); and for the purpose of demolishing abandoned school district facilities, upon application by a school district to the council, per Section 22-24-4(L).

Federal Grants - The District receives revenues from various Federal departments (both direct and indirect), which are legally restricted to expenditures for specific purposes. These programs are reported as Special Revenue Funds. Each program operates under its own budget, which has been approved by the Federal Department or the flow-through agency (usually the New Mexico Public Education Department). The various budgets are approved by the local School Board and the New Mexico Public Education Department.

STATE OF NEW MEXICO
HONDO VALLEY PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

E. Revenues (Continued)

New Accounting Pronouncements (Continued)

In June 2017, GASB Statement No. 87, Leases, was issued. Effective Date: The provisions of this Statement are effective for financial statements for the objective of this Statement is to improve accounting and financial reporting for periods beginning after December 15, 2019. Earlier application is encouraged. The center is still evaluating how this pronouncement will affect the financial statements.

In June 2018, GASB No. 89, Accounting for Interest Cost Incurred Before the End of a Construction Period, was issued. The objectives of this Statement are (1) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (2) to simplify accounting for interest cost incurred before the end of a construction period. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. Earlier application is encouraged. The requirements of this Statement should be applied prospectively. The District is still evaluating how this pronouncement will affect the financial statements.

In December 2018, GASB No. 90, Majority Equity Interests, was issued. The primary objectives of this Statement are to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. It defines a majority equity interest and specifies that a majority equity interest in a legally separate organization should be reported as an investment if a government's holding of the equity interest meets the definition of an investment. A majority equity interest that meets the definition of an investment should be measured using the equity method, unless it is held by a special-purpose government engaged only in fiduciary activities, a fiduciary fund, or an endowment (including permanent and term endowments) or permanent fund. Those governments and funds should measure the majority equity interest at fair value.

STATE OF NEW MEXICO
HONDO VALLEY PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgetary Information - Budgets for the General, Special Revenue, Debt Service, and Capital Projects Funds are prepared by management and are approved by the local Board of Education and the School Budget and Planning Unit of the Public Education Department. Auxiliary student activity accounts are not budgeted.

These budgets are prepared on the Non-GAAP cash basis. Budgeted expenditures exclude encumbrances and the budget secures appropriation of funds for only one year. Carryover funds must be re-appropriated in the budget of the subsequent fiscal year. Because the budget process in the State of New Mexico requires that the beginning cash balance be appropriated in the budget of the subsequent fiscal year, when the budget is approved those funds are legally restricted and shown as reserved fund balance.

Actual expenditures may not exceed the budget at the function level. Budgets may be amended in two ways. If a budget transfer is necessary within a major category called a 'series' this may be accomplished with only local Board of Education approval. If a transfer between 'series' or a budget increase is required, approval must also be obtained from Public School Finance Division.

The budgetary information presented in these financial statements has been amended in accordance with the above procedures.

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In April or May, the superintendent submits to the Board of Education a proposed operating budget for the fiscal year commencing the following July. The operating budget includes proposed expenditures and the means of financing them, and has approval by the Public Education Department.
2. In May or June, the budget is approved by the Board of Education.
3. The school board meeting is open for the general public unless a closed meeting has been called.
4. The superintendent is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the School Board and the New Mexico Public Education Department.

STATE OF NEW MEXICO
HONDO VALLEY PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (CONTINUED)

5. Formal budgetary integration is employed as a management control device during the year for the General Fund, Special Revenue Funds, Debt Service Fund and Capital Projects Funds.

6. Budgets for the General, Special Revenue, Debt Service, and Capital Projects Funds are adopted on a basis not consistent with generally accepted accounting principles (GAAP). Budget basis expenditures exclude encumbrances.

The School Board may approve amendments to the appropriated budget, which are required when a change is made affecting budgeted ending fund balance. New Mexico Administrative Code 6.20.2.9 prohibits the District from exceeding budgetary control at the function level.

The District is required to balance its budgets each year. Accordingly, amounts that are excess or deficient are presented as changes in cash designated for expenditures, not as an excess or deficiency of revenues over expenditures.

The reconciliation between the Non-GAAP budgetary basis amounts and the financial statements on the GAAP basis for each governmental fund is included in each individual budgetary comparison.

3. DEPOSIT AND INVESTMENTS

State statutes authorize the investment of District funds in a wide variety of instruments including certificates of deposit and other similar obligations, state investment pool, money market accounts, and United States Government obligations. All invested funds of the District properly followed State investment requirements as of June 30, 2019.

Deposits of funds may be made in interest or non-interest bearing checking accounts in one or more banks or savings and loan associations within the geographical boundaries of the District. The financial institution must provide pledged collateral for 50% of the deposit amount in excess of the deposit insurance.

The rate of interest in non-demand interest-bearing accounts shall be set by the State Board of Finance, but in no case shall the rate of interest be less than one hundred percent of the asked price on United States treasury bills of the same maturity on the day of deposit.

STATE OF NEW MEXICO
HONDO VALLEY PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

3. DEPOSIT AND INVESTMENTS (CONTINUED)

The types of collateral allowed are limited to direct obligations of the United States Government or agency, districts or political subdivisions of the States of New Mexico.

According to the Federal Deposit Insurance Corporation, public unit deposits are owned by the public unit. Time deposits, savings deposits and interest bearing money market accounts at a public unit in an institution in the same state will be insured up to \$250,000 in aggregate and separate from the unlimited coverage for non interest bearing accounts.

Deposits - NM State Statutes require collateral pledged for deposits in excess of the federal deposit insurance to be delivered, or a joint safekeeping receipt be issued, to the School District for at least one half of the amount on deposit with the institution. The schedule listed below will meet the State of New Mexico, Office of the State Auditor's requirements in reporting the insured portion of the deposits.

	<u>Wells Fargo</u>	<u>Wells Fargo CD</u>	<u>Total</u>
Cash on deposit at June 30, 2019	\$ 229,789	\$ 11,250	\$ 241,039
FDIC coverage	<u>(229,789)</u>	<u>(11,250)</u>	<u>(241,039)</u>
Total uninsured public funds	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

Credit and Interest Rate Risk

Interest rate risk - As a means of limiting its exposure to fair value losses arising from rising interest rates, the School District's investment policy limits the School District's investment portfolio to maturities of less than one year.

4. INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

The District records temporary interfund receivables and payables to enable the funds to operate until grant monies are received.

8. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors omissions; and natural disasters, for which the District is a member of the New Mexico Public School Insurance Authority (NMPSIA). The Authority was created to provide comprehensive core insurance programs by expanding the pool of subscribers to maximize cost containment opportunities for required insurance coverage. The District pays an annual premium to the NMPSIA based on claim experience and the status of the pool. The Risk Management Program includes Workers Compensation, General and Automobile Liability, Automobile Physical Damage, and Property and Crime coverage. Also included under the risk management program are Boiler, Machinery and Student Accident Insurance.

The NMPSIA provides coverage for up to a maximum of \$500,000 for each property damage claim with a \$750 deductible to each building. General liability coverage is afforded to all employees, volunteers and school board members and the limit is subject to the NMSA Tort Claims Act on a per occurrence basis. The automobile and property liability limit is subject to the provisions of the Tort Claims Act. The crime limit is \$250,000 per occurrence for Faithful Performance. A limit of \$250,000 applies to Depositor's Forgery, Credit Card Forgery, and Money Orders. A limit of \$100,000 applies to Money and Securities, which include a \$750 deductible.

In case the NMPSIA's assets are not sufficient to meet its liability claims, the agreement provides that subscribers, including the District, cannot be assessed additional premiums to cover the shortfall. As of June 30, 2019, there have been no claims that have exceeded insurance coverage.

9. PENSION PLAN- EDUCATIONAL RETIREMENT BOARD

Plan Description - Substantially all of the Hondo Valley Public Schools full-time employees participate in a public employee retirement system authorized under the Educational Retirement Act (Chapter 22, Article 11 NMSA 1978). The Educational Retirement Board (ERB) is the administrator of the plan, which is a cost sharing multiple employer defined benefit retirement plan. The plan provides for retirement benefits, disability benefits, survivor benefits and cost-of-living adjustments to plan members (certified teachers and other employees of State public school districts, colleges and universities and beneficiaries). ERB issues a separate, publicly available financial report that includes financial statements and required supplementary information for the plan. That report may be obtained by writing to ERB, PO Box 26129, Santa Fe, New Mexico 87502. The report is also available on ERB's website at www.nmerb.org.

Funding Policy

Member Contributions - Plan members whose annual salary is \$20,000 or less are required by statute to contribute 7.9% of their gross salary. Plan members whose annual salary is over \$20,000 are required to make the following contributions to the Plan: 10.7% of their gross salary.

Employer Contributions - Hondo Valley Public Schools contributed 14.2% of gross covered salary.

The contribution requirements of plan members and the Hondo Valley Public Schools are established in State statute under Chapter 22, Article 11, NMSA 1978. The requirements may be amended by facts of the legislature. Hondo Valley Public Schools contributions to ERB for the fiscal years ending June 30, 2019, and 2018 were \$193,045, and \$190,337, respectively, which equal the amount of the required contributions for each fiscal year.

GASB 68, *Accounting and Financial Reporting for Pensions*, requires contributing employers of cost-sharing multiple employer defined benefit pension plans to include the net pension liability, pension expense, and pension-related deferred inflows and outflows of resources related to their share of the pension plan in their government-wide financial statement presentation. ERB engaged their financial statement auditors to prepare a schedule allocating these obligations to the contributing employers as of the year ended June 30, 2017. As part of adopting GASB 68 during the current year, the District recognized a Net Pension Liability (NPL), which represents the District's share of the underfunded pension obligation at June 30, 2019.

STATE OF NEW MEXICO
HONDO VALLEY PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

9. PENSION PLAN- EDUCATIONAL RETIREMENT BOARD (CONTINUED)

For the year ended June 30, 2019, the District recognized pension expense of \$42,320. At June 30, 2019, the District reported deferred outflows of resources and deferred inflows or resources related to pensions from the following sources:

	<u>Deferred outflows of resources</u>	<u>Deferred inflows of resources</u>
Changes in assumptions	\$ 1,200,866	\$ -
Net difference between projected and actual earnings on pension plan investments	12,899	-
Difference between expected and actual experience	4,253	110,892
District contributions subsequent to the measurement date	193,045	-
Change in proportion and differences between employer contributions and proportionate share of contributions	<u>126,111</u>	<u>12,685</u>
Total	<u>\$ 1,537,174</u>	<u>\$ 123,577</u>

\$193,045 reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date of June 30, 2018, will be recognized as a reduction of the net pension liability in the year ended June 30, 2019.

STATE OF NEW MEXICO
HONDO VALLEY PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

9. PENSION PLAN- EDUCATIONAL RETIREMENT BOARD (CONTINUED)

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:

2020	\$	724,354
2021		484,876
2022		11,152
2023		170
2024		<u>-</u>
Total	\$	<u>1,220,552</u>

Actuarial assumptions. As described above, the total ERB pension liability and net pension liability are based on an actuarial valuation performed as of June 30, 2018. The total ERB pension liability was rolled forward from the valuation date to the Plan year ending June 30, 2018 using generally accepted actuarial principles. There were no significant events or changes in benefit provisions that required an adjustment to the roll-forward liabilities as of June 30, 2019. Specifically, the liabilities measured as of June 30, 2017 incorporate the following assumptions:

1. All members with an annual salary of more than \$20,000 will contribute 10.70% during the fiscal year ending June 30, 2015 and thereafter.
2. Members hired after June 30, 2013 will have an actuarially reduced retirement benefit if they retire before age 55 and their COLA will be deferred until age 67.
3. COLAs for most retirees are reduced until ERB attains a 100% funded status.
4. For the purposes of projecting future benefits, it is assumed that the full COLA is paid in all future years.

STATE OF NEW MEXICO
HONDO VALLEY PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

9. PENSION PLAN- EDUCATIONAL RETIREMENT BOARD (CONTINUED)

The actuarial methods and assumptions used to determine contributions rates included in the measurement are as follows:

Actuarial cost method	Entry age normal
Inflation	2.5%
Salary Increases	Composed of 2.50% inflation, plus 0.75% productivity increase rate, plus step-rate promotional increases for less than 10 years of service.
Investment rate of return	7.25%
Single Discount Rate	5.69%
Retirement Age	Experience based table of rates based on age and service. Adopted by NMERB on April 21, 2017 in conjunction with the six-year experience study for the period ended June 30, 2016.
Mortality	Mortality Healthy Males – RP-2000 Combined Mortality Table with white collar adjustments, generational mortality improvements with Scale BB from the table's base year of 2000. Healthy Females – GRS Southwest Region Teacher Mortality Table, set back one year, generational mortality improvements in accordance with scale BB from the table's base year of 2012.

The long-term expected rate of return on pension plan investments is determined annually using a building-block approach that includes the following: 1) rate of return projections are the sum of current yield plus projected changes in price (valuation, defaults, etc.), 2) application of key economic projections (inflation, real growth, dividends, etc.), and 3) structural themes (supply and demand imbalances, capital flows, etc.). These items are developed for each major asset class.

The long-term expected rate of return on pension plan investments is determined annually using a building-block approach that includes the following: 1) rate of return projections are the sum of current yield plus projected changes in price (valuation, defaults, etc.); 2) application of key economic projections (inflation, real growth, dividends, etc.); and 3) structural themes (supply and demand imbalances, capital flows, etc.) developed for each major asset class. class.

STATE OF NEW MEXICO
HONDO VALLEY PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

9. PENSION PLAN- EDUCATIONAL RETIREMENT BOARD (CONTINUED)

Discount rate: A single discount rate of 5.69% was used to measure the total ERB pension liability as of June 30, 2018. This single discount rate was based on the expected rate of return on pension plan investments of 7.25%. and a municipal bond rate of 3.62%. Based on the stated assumptions and the projection of cash flows, the Plan's fiduciary net position and future contributions were sufficient to finance the benefit payments through the year 2050. As a result, the long-term expected rate of return on pension plan investments was applied to projected benefit payments through the 2050 fiscal year, and the municipal bond rate was applied to all benefit payments after that date.

The projection of cash flows used to determine this single discount rate assumed that Plan contributions will be made at the current statutory levels. Additionally, contributions received through the Alternative Retirement Plan (ARP), ERB's defined contribution plan, are included in the projection of cash flows.

ARP contributions are assumed to remain at a level percentage of ERB payroll, where the percentage of payroll is based on the most recent five year contribution history.

Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate. The following table shows the sensitivity of the net pension liability to changes in the discount rate as of the fiscal year end 2018. In particular, the table presents the (employer's) net pension liability under the current single rate assumption, as if it were calculated using a discount rate one percentage point lower (4.69%) or one percentage point higher (6.69%) than the single discount rate.

	1% Decrease (4.69%)	Current Discount Rate (5.69%)	1% Increase (6.69%)
District's proportionate share of net pension	\$ 7,572,546	\$ 5,826,752	\$ 4,402,293

Pension plan fiduciary net position Detailed information about the pension plan's fiduciary net position is available in the separately issued audited financial statements as of and for June 30, 2018 and June 30, 2017 which are publicly available at www.nmerb.org.

Payables to the pension plan. The District remits the legally required employer and employee contributions on a monthly basis to ERB. The ERB requires that the contributions be remitted by the 15th day of the month following the month for which contributions are withheld. At June 30, 2018 the District did not owe ERB any funds.

STATE OF NEW MEXICO
HONDO VALLEY PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

10. POST-EMPLOYMENT BENEFITS - STATE RETIREE HEALTH CARE PLAN

Plan Description - Hondo Valley Public Schools contributes to the New Mexico Retiree Health Care Fund, a cost-sharing multiple-employer defined benefit post-employment healthcare plan administered by the New Mexico Retiree Health Care Authority (RHCA). The RHCA provided health care insurance and prescription drug benefits to retired employees of participating New Mexico government agencies, their spouses, dependents and surviving spouses and dependents. The RHCA Board was established by the Retiree Health Care Act (Chapter 10, Article 7C NMSA 1978). The Board is responsible for establishing and amending benefit provisions of the healthcare plan and is also authorized to designate optional and/or voluntary benefits like dental, vision, supplemental life insurance, and long-term care policies.

Eligible retirees are: (1) retirees who make contributions to the fund for at least five years prior to retirement and whose eligible employer during that period of time made contributions as a participant in the RHCA plan on the person's behalf unless that person retires before the employer's RHCA effective date, in which event the time period required for employee and employer contributions shall become the period of time between the employer's effective date and the date of retirement; (2) retirees defined by the Act who retired prior to July 1, 1990; (3) former legislators who served at least two years; and (4) former governing authority members who served at least four years.

The RHCA issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for the post-employment healthcare plan. The report and further information can be obtained by writing to Retiree Health Care Authority, 4308 Carlisle Boulevard, Suite 104, Albuquerque, New Mexico 87107.

Funding Policy - The Retiree Health Care Act (Section 10-7C-13 NMSA 1978) authorized the RHCA Board to establish the monthly premium contributions that retirees are required to pay for healthcare benefits. Each participating retiree pays a monthly premium according to a service based subsidy rate schedule for the medical plus basic life plan plus an additional participation fee of five dollars if the eligible participant retired prior to the employer's RHCA effective date or is a former legislator or former governing authority member. Former legislators and governing authority members are required to pay 100% of the insurance premium to cover their claims and the administrative expenses for the plan. The monthly premium rate schedule can be obtained from the RHCA or viewed on their website at www.nmrhca.state.nm.us.

STATE OF NEW MEXICO
HONDO VALLEY PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

10. POST-EMPLOYMENT BENEFITS - STATE RETIREE HEALTH CARE PLAN (CONTINUED)

The employer, employee and retiree contributions are required to be remitted to the RHCA on a monthly basis. The statutory requirements for the employer and employee contributions can be changed by the New Mexico State Legislature. Employers that choose to become participating employers after January 1, 1998, are required to make contributions to the RHCA fund in the amount determined to be appropriate by the board.

The Retiree Health Care Act (Section 10-7C-15 NMSA 1978) is the statutory authority that establishes the required contributions of participating employers and their employees. For employees that were members of an enhanced retirement plan (state police and adult correctional officer member coverage plan 1; municipal police member coverage plans 3, 4 or 5; municipal fire member coverage plan 3, 4 or 5; municipal detention officer member coverage plan 1; and members pursuant to the Judicial Retirement Act) during the fiscal year ended June 30, 2018, the statute required each participating employer to contribute 2.5% of each participating employee's annual salary; and each participating employee was required to contribute 1.25% of their salary. For employees that were not members of an enhanced retirement plan during the fiscal year ended June 30, 2018, the statute required each participating employer to contribute 2.0% of each participating employee's annual salary; each participating employee was required to contribute 1.0% of their salary. In addition, pursuant to Section 10-7C-15(G) NMSA 1978, at the first session of the Legislature following July 1, 2013, the legislature shall review and adjust the distributions pursuant to Section 7-1-6.1 NMSA 1978 and the employer and employee contributions to the authority in order to ensure the actuarial soundness of the benefits provided under the Retiree Health Care Act.

	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes of assumptions	\$ -	\$ 260,756
Net difference between projected and actual earnings on OPEB plan investments	-	17,430
Difference between expected and actual experience	-	82,693
Change in proportion	28,461	-
Contributions made after the measurement date	<u>27,808</u>	<u>-</u>
	<u>\$ 56,269</u>	<u>\$ 360,879</u>

Deferred outflows of resources totaling \$27,808 represent School contributions to the Fund made subsequent to the measurement date and will be recognized as a reduction of net OPEB liability in the year ending June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in OPEB expense as follows:

STATE OF NEW MEXICO
HONDO VALLEY PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

10. POST-EMPLOYMENT BENEFITS - STATE RETIREE HEALTH CARE PLAN (CONTINUED)

Year Ending			
2020	\$	(85,662)	
2021		(85,662)	
2022		(85,662)	
2023		(64,779)	
2024		<u>(10,653)</u>	
	\$	<u>(332,418)</u>	

Hondo Valley Public Schools contributions to the RHCA for the years ended June 30, 2019, 2018, and 2017 were \$27,808, \$27,432, and \$27,046 respectively, which equal the required contributions for each year.

Actuarial assumptions – The total OPEB liability was determined by an actuarial valuation using the following actuarial assumptions:

Actuarial valuation date	June 30, 2017
Actuarial cost method	Entry age normal, level percent of pay, calculated on individual employee basis
Asset valuation method	Market Value of assets
Actuarial assumptions	
Inflation	2.50% for ERB; 2.25% for PERA
Projected payroll increases	3.50% to 12.50%, based on years of service, including inflation
Investment rate of return	7.25%, net of OPEB plan investment expense and margin for adverse deviation including inflation.
Healthcare cost trend rate	8% graded down to 4.5% over 14 years for non-Medicare medical plan costs and 7.5% graded down to 4.5% over 12 for Medicare medical plan costs
Mortality	ERB members: RP-2000 Combined Healthy Mortality Table with White Collar Adjustment (males) and GRS Southwest Region Teacher Mortality Table (females) PERA members: RP 2000 Combined Healthy Mortality

Rate of Return – The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which the expected future real rates of return (net of Investment fees and inflation) are developed for each major asset class. These returns are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adding expected inflation and subtracting expected investment expenses and a risk margin. The target allocation and projected arithmetic real rates of return for each major asset class, after deducting inflation, but before investment expenses, used in the derivation of the long-term expected investment rate of return assumptions. The best estimates for the long-term expected rate of return is summarized as follows:

STATE OF NEW MEXICO
HONDO VALLEY PUBLIC SCHOOLS
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2019

10. POST-EMPLOYMENT BENEFITS - STATE RETIREE HEALTH CARE PLAN (CONTINUED)

Assets Class	Long-Term Rate of Return
U.S. core of fixed income	2.1%
U.S equity - large cap	7.1%
Non U.S. - emerging markets	10.2%
Non U.S. - developed equities	7.8%
Private equity	11.8%
Credit and structured finance	5.3%
Real estate	4.9%
Absolute return	4.1%
U.S. equity - small/mid cap	7.1%

Discount Rate – The discount rate used to measure the Fund’s total OPEB liability is 4.08% as of June 30, 2018. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made at rates proportional to the actuary determined contribution rates. For this purpose, employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs for future plan members and their beneficiaries are not included. Based on those assumptions, the Fund’s fiduciary net position was projected to be available to make all projected future benefit payments for current plan members through the fiscal year ending June 30, 2029. Thus, the 7.25% discount rate was used to calculate the net OPEB liability through 2029. Beyond 2029, the index rate for 20-year, tax exempt general obligation municipal bonds with an average rating of AA/Aa or higher. Thus, 3.87% is the blended discount rate.

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate and Healthcare Cost Trend Rates – The following presents the net OPEB liability of the District, as well as what the District’s net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (3.08 percent) or 1-percentage-point higher (5.08 percent) than the current discount rate:

1% Decrease 3.08%	Current Discount Rate 4.08%	1% Increase 5.08%
\$ <u>1,690,326</u>	\$ <u>1,396,692</u>	\$ <u>1,165,242</u>

The following presents the net OPEB liability of the District, as well as what the District’s net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

10. POST-EMPLOYMENT BENEFITS - STATE RETIREE HEALTH CARE PLAN (CONTINUED)

1% Decrease	Current Trend Rate	1% Increase
\$ <u>1,180,694</u>	\$ <u>1,396,692</u>	\$ <u>1,566,038</u>

OPEB Plan Fiduciary Net Position - Detailed information about the OPEB plan’s fiduciary net position is available in NMRHCA’s audited financial statements for the year ended June 30, 2018.

Payable Changes in the Net OPEB Liability – At June 30, 2019, the District reported a payable of \$846 for outstanding contributions due to NMRHCA for the year ended June 30, 2019.

11. LOSS CONTINGENCIES

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the District expects such amount, if any, to be immaterial.

The District is involved in various claims and lawsuits arising in the normal course of business. Although the outcome of these lawsuits is not presently determinable, it is the opinion of the District’s legal counsel that resolution of these matters will not have a material adverse effect on the financial condition of the District.

12. ANALYSIS FOR IMPAIRMENT

Management reviews long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. In management's opinion, there are no impaired assets at June 30, 2019.

13. SUBSEQUENT EVENTS

Management has evaluated subsequent events through January 9, 2020, the date the financial statements were available to be issued.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
FOR THE YEAR ENDED JUNE 30, 2019

ERB PLAN

Changes in benefit provisions. There were no modifications to the benefit provisions that were reflected in the actuarial valuation as of June 30, 2018.

Changes in assumptions and methods. Actuarial assumptions and methods are set by the Board of Trustee, based upon recommendations made by the Plan's actuary. The Board adopted new assumptions on April 21, 2017 in conjunction with the six-year actuarial experience study period ending June 30, 2016. At that time, The Board adopted a number of economic assumption changes, including a decrease in the inflation assumption from 3.00% to 2.50%. The 0.50% decrease in the inflation assumption also led to decreases in the nominal investment return assumption from 7.75% to 7.25%, the assumed annual wage inflation rate from 3.75% to 3.25%, the payroll growth assumption from 3.50% to 3.00%, and the annual assumed COLA from 2.00% to 1.90%.

RHCA PLAN

Changes in benefit provisions. There were no modifications to the benefit provisions as this is the first year of adoption of the OPEB accounting standard.

Changes in assumptions and methods. There were no modifications to the assumptions and methods as this is the first year of adoption of the OPEB accounting standard.

SPECIAL REVENUE FUNDS

STATE OF NEW MEXICO
HONDO VALLEY PUBLIC SCHOOLS
SPECIAL REVENUE FUNDS
FOR THE YEAR ENDED JUNE 30, 2019

The Special Revenue Funds are used to account for Federal, State and Local Funded grants. These grants are awarded to the District with the purpose of accomplishing specific education tasks. Grants accounted for in the Special Revenue Funds include:

ATHLETICS (22000) - This fund is used to account for fees generated at athletic activities throughout the School District. The gate receipts are obtained from the general public and are expended in this fund. The authority for creation of this fund is 6.20.2 NMAC.

BREAKFAST Elementary (27155) - is a school breakfast program in which food shall be served or consumed, at no charge, after the instructional day has begun, provided that instruction occurs simultaneously, to all students attending that elementary school through a school breakfast program that meets the federal school breakfast program standards as authorized by Section 4 of the Child Nutrition Act of 1966 and operated in accordance with all applicable policies, guidance, and law, including the requirements listed in 7 CFR Part 220.

IDEA-B ENTITLEMENT SPECIAL (24106), (24206 FEDERAL STIMULUS) - This fund is used to account for a program funded by a Federal grant to assist the District in providing free appropriate public education to all handicapped children. Funding authorized by Individuals with Disabilities Education Act, Part B, Section 611-620, as amended, Public Laws 91-230, 93-380, 94-142, 98-199, 99-457, 100,639, and 101-476, 20 U.S.C. 1411-1420.

IDEA-B PRESCHOOL (24109) - The objective of the Assistance to States for the Education of Handicapped Children Program is to assist in providing free, appropriate public education to all handicapped children from ages three to five. Federal revenues accounted for in this fund are allocated to the District through the New Mexico Department of Children, Youth and Families. Authority for creation of this fund is Public Law 105-17.

FRESH FRUIT VEGETABLES (24118) - The Fresh Fruit and Vegetable Program (FFVP) is funded by the US Department of Agriculture and provides a fresh fruit or vegetable snack to all students in participating schools.

DUAL CREDIT IM/HB2 (27103) – To account for monies received to purchase course materials for dual credit college classes.

Title I Circle (24145) – The funding for this award must be used to advance pre-literacy skills by developing a continuum of language, emergent literacy, and literacy supports for children from birth through grade 12 using interventions with moderate or strong evidence of effectiveness.

STATE OF NEW MEXICO
HONDO VALLEY PUBLIC SCHOOLS
SPECIAL REVENUE FUNDS
FOR THE YEAR ENDED JUNE 30, 2019

TEACHER/PRINCIPAL TRAINING & RECRUITING (24154) - To account for grant funds to increase student academic achievement through strategies such as improving teacher and principal quality. Financing and authority is Elementary and Secondary Education Act of 1965 as amended, Title II, Part A, Public Law 107-110.

RURAL EDUCATION ACHIEVEMENT PROGRAM (25233) – To provide financial assistance to rural district to carry out activities to help improve the quality of teaching and learning in their schools. Elementary and Secondary Education Act of 1965 (ESEA), Title VI, Part B, as amended.

2012 GO BOND LIBRARY (27107) - To account for monies received from, Laws of 2012 to be used to improve the library, acquire library books or library resources that support the library program.

FOOD SERVICE (21000) is a program provides financing for school hot lunch program. Funding is provided from fees from patrons and USDA food reimbursements, under the National School Lunch Act of 1946, as amended, Public Law 79-396, Sections 2-12, 60 Stat. 230, 42 U.S.C. 1751 et seq.; 80 stat. 889, as amended; 84 Stat. 270; and the Child Nutrition Act of 1966, as amended, Sections 4 and 10. Public Law 89-642, 80 Stat. 886, 889, 42 U.S.C. 1773, 1779; Public Law 99-591, 100 Stat. 3341; Public Law 100-71, 101 Stat. 430. Also State Law NMSA 22-13-13.

TITLE I IASA (24101 ENTITLEMENT), (24201 FEDERAL STIMULUS) - The Title I project provides remedial instruction in language arts for educationally deprived students in low income areas. The project is funded by the Federal Government through the New Mexico State Department of Education, under the Elementary and Secondary Education Act of 1965, Title I, Chapter 1, Part A, 20 U.S.C. 2701 et seq.

Title IV IASA (24189) – To account for funds used to improve student’s academic achievement by increasing the capacity of States, local educational agencies (LEAs), schools and local communities to: (1) provide all students with access to a well-rounded education; (2) improve school conditions for student learning; and (3) improve the use of technology in order to improve the academic achievement and digital literacy for all students. Authorized by Section 4101 of the Elementary and Secondary Education Act.

Hubbard Foundation (26146) - To account for monies received from the RD and Joan Dale Hubbard Foundation for the Quality of Life Program. The fund was created by grant provisions.

COMPLIANCE SECTION

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*
INDEPENDENT AUDITORS' REPORT**

Mr. Brian S. Colón
State Auditor of the State of New Mexico
Board of Directors of Hondo Valley Public Schools

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, the aggregate remaining fund information, the budgetary comparisons of the general fund and major special revenue funds of Hondo Valley Public Schools (the District), as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and responses that we consider to be significant deficiencies. (2019-007 (2018-001) - 2019-008 (2018-002) - 2019-009 (2018-003) - 2019-010 (2018-004) - 2019-011 (2018-005), 2019-001, 2019-002, 2019-004, 2019-005)

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* (2019-003, 2019-006).

Management Responses to Findings

The District's response to the findings identified in our audit are described in the accompanying summary of findings and questioned costs. The District's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

SUMMARY OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2019

2019-007 (2018-001) - Lack of supporting documents for payroll - Significant Deficiency

CONDITION During payroll test work, we noted that the former business manager was hired for fiscal year 2019 without signed contract. The Schools have not made any progress toward resolve this finding.

CRITERIA A review of employee timesheets, a review of payroll reports, and proper authorization and approval for wages, as indicated in NMSA 1978 Section 6-6-3, are required to be maintained in order to have proper and sufficient internal controls to reduce the risk of fraudulent activities.

CAUSE The District does not have a review process over hiring and contracts.

EFFECT Lack of approval in the employee contract may result in unapproved salary payments to employees.

RECOMMENDATION The Schools should have a control in place to verify if all the new employee contracts are signed by both employee and approved by the board at the beginning of the school.

MANAGEMENT RESPONSE Region IX Human Resource Director is working with Hondo personnel in reviewing and completing personnel folders. Hiring processes will be established that contain appropriate documentation. Work has started with anticipation of personnel folders and processes be in place for FY21.

EXPECTED COMPLETION: 06/30/2020

SUMMARY OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2019

2019-008 (2018-002) - Internal Controls over Cash Disbursement - Significant Deficiency

CONDITION During test work of cash disbursements, it was noted that one check out of 25 checks does not match with the supporting documentation for a total difference of \$13.97. The Schools have not made any progress toward resolve this finding.

CRITERIA Maintenance of adequate supporting documentation for all disbursements, including purchase requisitions, purchase order, travel authorizations, receiving reports, travel reports, and approval of disbursements are an integral part of a sound internal control system to safeguard the assets and accomplish timely preparation and submission of financial reports.
Section 6.20.2.11 of NMAC requires each entity to develop, establish and maintain a structure of internal accounting controls and written procedures to provide for segregation of duties, a system of authorization and recording procedures, and sound accounting practices in performance of duties and functions. The duties to be segregated are the authorization to execute a transaction, recording the transaction, and custody of assets involved in the transaction.

CAUSE Management does not have a review process over cash disbursement.

EFFECT The lack of internal controls may result in overspending and make the District vulnerable for fraud, waste, or abuse.

RECOMMENDATION The Schools should implement procedures to maintain proper supporting documentation and also train personnel to adhere to the policies and procedures.

MANAGEMENT RESPONSE Personnel is currently being trained on appropriate supporting documentation for the various types of purchases. Personnel will work on establishing internal controls, including segregation of duties. Personnel will work towards establishing a procedure manual with anticipated completion date of 9/30/20.

2019-009 (2018-003) - Per diem - Significant Deficiency

CONDITION During per diem testwork, it was noted that in two out of five samples, the District reimbursed 100% in advance. Receipts totaled was \$5,470.75. The Schools have not made any progress toward resolve this finding.

CRITERIA Section 2.42.2.10 of NMSA 1978 requires that upon written request accompanied by a travel voucher, agency heads and governing boards of local public bodies or their authorized designees may approve a public officer's or employee's request to be advanced up to 80 percent of per diem rates and mileage cost or for the actual cost of lodging and meals pursuant to 2.42.2.8 NMAC and 2.42.2.9 NMAC and for other travel expenses that may be reimbursed under 2.42.2.12 NMAC. Requests for travel advances shall not be submitted to the financial control division of the department of finance and administration more than two weeks prior to travel unless, by processing the request earlier, significant savings can be realized for travel by common carrier or for registration fees for seminars and conferences.

CAUSE Management does not have a review process over cash disbursement.

EFFECT The Schools are in non-compliance with the New Mexico Travel and Per Diem Act for reimbursing an employee in excess of allowed amounts.

RECOMMENDATION The Schools should follow the rules in Section 2.42.2.10 of NMSA 1978.

MANAGEMENT RESPONSE A travel voucher has been implemented. Advance payment of no more than 80% has already been implemented. NM State Regulations governing per diem and mileage will be reviewed with school staff by the 04/01/20. Hondo is also currently seeking to acquire a procurement card to assist with professional travel for staff.

FINANCIAL STATEMENT PREPARATION
FOR THE YEAR ENDED JUNE 30, 2019

2019-010 (2018-004) - Untimely Payments - Significant Deficiency

CONDITION During our testwork, we noted that the Schools received an invoice from a vendor with a stated due date of 04/04/2018, but this invoice was not paid until 09/26/2018. The invoice amount totaled \$ 500. The Schools have not made any progress toward resolve this finding.

CRITERIA Per the Prompt Payment Act 5 CFR Part 1315: A payment is due on whichever of these four conditions applies:

1. The date specified in the contract
 2. In accordance with discount terms when the vendor has offered a discount and the agency has accepted those terms
 3. On an accelerated schedule when the conditions for accelerated payments apply
 4. 30 days after the agency has received a proper invoice
- When calculating the payment due date, "day" means a calendar day including weekends and federal holidays.

When the payment due date, including a discount due date, falls on a weekend or federal holiday, the payment is due on the following business day.

CAUSE The District had change in Management resulting in a delay in payment of the invoice due to management oversight.

EFFECT The District is in non-compliance with the Prompt Payment Act.

RECOMMENDATION The School should ensure process' are in place to follow the rules in Prompt Payment Act.

MANAGEMENT RESPONSE Compliance to prompt payment of invoices has begun. Processes are being reviewed.

2019-011 (2018-005) - Temporary Inter-Fund Transfers - Significant Deficiency

CONDITION	During the cash testwork, we noted that the operational fund (11000) had credit balance of \$29,872 resulting from payments for other funds during the waiting period to receive RFR. The Schools have not made any progress toward resolve this finding.
CRITERIA	Temporary inter-fund transfers are transfers of cash from one fund/subfund to another. Most transfers of this type are temporary cash loans to be repaid at a predetermined date that is approved by the local school board, but no later than one year from the approved transfer. Temporary transfers require local board approval only. Districts/charter schools may make a loan from the operational fund to another fund based on the maximum expected need during the year in order to minimize the cycles of board approval, making a loan and repaying it several times during the year, with a goal of having the loan repaid at year end.
CAUSE	The District had change in Management resulting in a delay in payment of the invoice due to management oversight.
EFFECT	The District is in non-compliance with the PED instructions.
RECOMMENDATION	The Schools should ensure process' are in place to follow the instructions of PED.
MANAGEMENT RESPONSE	Processes for temporary inter-fund loans has been discussed and appropriate personnel have been made aware of the legalities of Inter-fund loans.

FOR THE YEAR ENDED JUNE 30, 2019

2019-001 - Bank Reconciliation & PED Cash Report - Significant Deficiency

CONDITION	The difference between the Schools' books and PED cash report was \$15,519 due to the cash roll forward process used in reporting. In addition, the Schools do not keep track of the cash balance belonging to individual funds. Various funds have overstated cash.
CRITERIA	According to NMAC 2.20.5.18 C. (4), The District's cash account records shall be reconciled timely each month to the division's report and to the state treasurer's report.
CAUSE	The Schools had change in Management resulting in a error in report the cash to PED.
EFFECT	The Schools cannot determine how much cash each fund has, thus an appropriate cash flow budget cannot be determined by fund.
RECOMMENDATION	The Schools need to reconcile pooled cash and allocations frequently to promote accuracy.
MANAGEMENT RESPONSE	Region IX personnel is currently working with Hondo and implementing the use of their accounting system. Prior year checks and deposits have been cleared from being outstanding, bank statement reconciliations for FY19 have been established in the accounting system and Region IX is currently working with Hondo's auditor in establishing fund balances which will be recorded in the accounting system. Timely submission of quarterly cash reports and supporting documentation should occur by quarter 3 of FY20.

STATE OF NEW MEXICO
HONDO VALLEY PUBLIC SCHOOLS
FINANCIAL STATEMENT PREPARATION
FOR THE YEAR ENDED JUNE 30, 2019

2019-002 - Lack of Internal Control over Payroll - Significant Deficiency

CONDITION	During the payroll test, we noted that the former business manager was responsible for the entire payroll function. Her duties included entering data into computer system for new hires, updating and maintaining employee records, preparation of payroll calculations and payments (checks and direct deposits). Her duties also included the preparation and submission of the various payroll reports to the appropriate government agencies. Due to this significant deficiency in internal control or lack of segregation of duties, the former business manager was able to pay herself \$2,471.16 on 08/23/2018 and \$10,826 on 07/10/2019 as incremental payments in advance.
CRITERIA	Statement on Auditing Standards Number 115, Communicating Internal Control Related Matters Identified in an Audit, issued by the American Institute of Certified Public Accountants provides examples of deficiencies in the design of internal controls. One such example provided in the standards is absent or inadequate segregation of duties within a significant account or process. The principal of segregation of duties is based on shared responsibilities of a key process that disperses the critical functions of that process to more than one person or department.
CAUSE	With limited qualified personnel, optimum segregation of duties was difficult to implement.
EFFECT	Unintentional payroll errors or intentional misappropriation of assets, not detected in a timely basis, could occur because the District lacks segregation of duties. Without this separation in key processes, fraud and error risks are less manageable.
RECOMMENDATION	We recommend management review their segregation of duties practices currently in place to verify that the Schools had established adequate segregation of duties given the limited staff and resources. Where it is not possible to have adequate preventive internal controls including segregation of duties, it is important to implement a compensating control. An example of this could be increased periodic oversight by an employee from another department or by the board of directors.
MANAGEMENT RESPONSE	Region IX personnel is currently working with Hondo payroll practices. Accountability of payment and reconciliation of benefits is currently being established. Plans of implementing direct deposit beginning FY21 has begun. A new payroll calendar will be established to start FY21 in order to avoid payment in advance.

FINANCIAL STATEMENT PREPARATION
FOR THE YEAR ENDED JUNE 30, 2019

2019-003 - Submission of Audit Report - Material Weakness and Compliance

CONDITION	The audit report for the fiscal year ended June 30, 2019, was due to the New Mexico State Auditor's office by November 15, 2019. Submittal of the audit report occurred on January 9, 2020.
CRITERIA	Section 12-6-12 1978 NMSA requires the state auditor promulgate reasonable regulations necessary to carry out the duties of the office. New Mexico Administrative Code Title 2, Chapter 2, Part 2, Audits of Governmental Entities Requirements for Contracting and Conducting Audit of Agencies (2.2.2 NMAC) requires the District submit its audit report by November 15 of each year.
CAUSE	The District had change in business manager position resulting in a delay in submission the audit report on time.
EFFECT	Delays in submission of the audit report affect the reporting of independently verified financial information to the governing board, other state agencies and local governments. Audit reports reveal potential problems and weaknesses in internal control and timely reporting of those deficiencies allows management to correct the issues on a timely basis.
RECOMMENDATION	We recommend the Schools send the audit reports for the 2019 fiscal year, as soon as possible to comply with 2.2.2 NMAC.
MANAGEMENT RESPONSE	The loss of Hondo's Business Manager and lack of proper accounting skills has put Hondo's accounting behind. Region IX personnel in collaboration with Hondo's auditor and the Public Education Department is working to establish agreed fund balances and transactions. Agreement is anticipated to be made by mid-January 2020.

FINANCIAL STATEMENT PREPARATION
FOR THE YEAR ENDED JUNE 30, 2019

2019-004 - Expenditures in Excess of Budget (Significant Deficiency)

CONDITION The following funds remitted payments for goods and services in excess of the adopted budget as follows:

Fund	Reason	Budget Expenses	Actual Expenses	Difference
General Fund	Direct instruction	\$1,268,145	\$1,329,848	\$ (61,703)
General Fund	Instructional support	272,880	276,039	(3,159)
General Fund	Operation and maintenance	246,318	275,339	(29,021)
General Fund	General administration	214,122	253,461	(39,339)
General Fund	Food services	<u>54,520</u>	<u>54,932</u>	<u>(412)</u>
Totals		<u>\$2,055,985</u>	<u>\$2,189,619</u>	<u>\$ (133,634)</u>

CRITERIA Section 6-6-6 of the New Mexico State Statutes restricts all officials and governing authorities from approving claims in excess of the approved budget. Additionally, Section 6-6-6 prohibits any payment in excess of the approved budget. The District has the obligation to follow applicable state statutes.

CAUSE The school did not have enough time to make a resolution for budget adjustment at the end of the year.

EFFECT The District is in non compliance with the state, since all funds must be budgeted for. Non-compliance with New Mexico state statutes could subject officials and employees to penalties and fines required by state statutes.

RECOMMENDATION Both the Superintendent and the Business Manager devote sufficient time to review the final budget reports to identify any funds with expenditures in excess of budget. A budget resolution should be prepared for excess expenditures.

MANAGEMENT RESPONSE Management is currently reviewing budgets regularly and implementing steps to ensure Budget Adjustment Requests will be done to avoid over expenditure of budget.

2019-005 - Agency Funds Cash - Significant Deficiency

CONDITION The Schools do not keep track of the cash balance belonging to individual agency funds. Various funds overspent resulting in negative cash as follows:

Fund	Description	Cash
23450	Senior Class	\$ (374)
23620	Student Council	(130)
23640	FFA	(2,000)
23880	Library Fund	(833)
23890	General Fund	(201)
23902	Boys Basketball	(400)
23906	Culinary Class	(1,113)
23645	Shop Welding Award	<u>(212)</u>
Totals		<u>\$ (5,263)</u>

CRITERIA According to NMAC 2.20.5.18 C. (4), The District's cash account records shall be reconciled timely each month to the division's report and to the state treasurer's report.

CAUSE The Schools had change in Management resulting in a error in report the cash to PED.

EFFECT The Schools cannot determine how much cash each fund has, thus an appropriate cash flow budget cannot be determined by fund.

RECOMMENDATION The Schools need to reconcile pooled cash and allocations frequently to promote accuracy.

MANAGEMENT RESPONSE FY19 negatives are currently being resolved. Expenditures will not be allowed without appropriate coverage. Balances will be reconciled monthly and reports have been generated in order to maintain compliance.

2019-006 - Subsidiary Records and Inventory - Material Weakness and Compliance

CONDITION The Schools did not perform an annual physical inventory of capital assets for the fiscal year ended June 30, 2019.

CRITERIA Sections 13-6-1 and 13-6-2 NMSA 1978 govern the disposition of tangible personal property owned by state agencies, local public bodies, school districts, and state educational institutions. At least 30 days prior to any disposition of property included on the agency inventory list described at Subsection W of Section .2.2.10 NMAC, written notification of the official finding and proposed disposition duly sworn and subscribed under oath by each member of the authority approving the action shall be sent to the state auditor. Agencies shall conduct an annual physical inventory of chattels and equipment on the inventory list at the end of each fiscal year in accordance with the requirements of Section 12-6-10 NMSA 1978. The agency shall certify the correctness of the inventory after the physical inventory. This certification shall be provided to the agency's auditors. The IPA shall audit the inventory listing for correctness and compliance with the requirements of the Audit Act.

CAUSE Management oversight, lack of effective internal control surrounding the process to identify capital assets for year-end reporting.

EFFECT The capital assets may include items that are no longer held by the district or that are obsolete.

RECOMMENDATION We recommend the Schools maintain its capital assets subsidiary ledgers as prescribed by the New Mexico State Administrative Code, and institute policies and procedures to conduct an annual inventory of all assets owned by the District.

MANAGEMENT RESPONSE Procedures for appropriate controls and accountability of capital assets will be reviewed and implemented by 6/30/2020.
