## INDEPENDENT AUDITORS' REPORT

Hector Balderas  
New Mexico State Auditor  
The Office of Management and Budget  
To the Board of Education  
Las Cruces Public School District No. 2  
Las Cruces, New Mexico

We have audited the accompanying basic financial statements consisting of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information consisting of the aggregate nonmajor governmental fund column and the budgetary comparisons of the general and major special revenue funds of Las Cruces Public School District No. 2, New Mexico, as of and for the year ended June 30, 2009, which collectively comprise the District's basic financial statements as listed in the table of contents. We also have audited the financial statements of each of the District's major capital project funds, the debt service fund, nonmajor governmental and fiduciary funds and budgetary comparisons presented as supplementary information in the accompanying combining and individual fund financial statements as of and for the year ended June 30, 2009, as listed in the table of contents. These financial statements are the responsibility of Las Cruces Public School District No. 2, New Mexico's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of Las Cruces Public School District No. 2, New Mexico, as of June 30, 2009, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparisons for the general fund and major special revenue funds for the year then ended in conformity with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each nonmajor governmental and fiduciary funds of Las Cruces Public School District No. 2, New Mexico, as of June 30, 2009, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparisons of major capital project funds, the debt service fund and each nonmajor governmental fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 3, 2009 on our consideration of Las Cruces Public School District No. 2, New Mexico's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

(This page intentionally left blank.)

The *Management's Discussion and Analysis* on page v is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the Las Cruces Public School District No. 2 basic financial statements and the combining and individual fund financial statements and budgetary comparisons. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governmental and Non-Profit Organizations*, and is not a required part of the financial statements. The additional schedules listed as "Supporting Schedules" in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

**LAS CRUCES PUBLIC SCHOOLS  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2009**

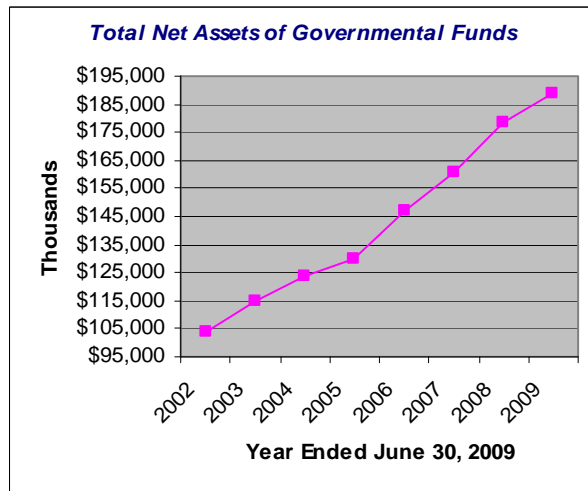

**Introduction**

The discussion and analysis of Las Cruces Public School District's financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2009. The intent of this discussion and analysis is to look at the School District's financial performance as a whole; readers should also review the basic financial statements and notes to enhance their understanding of the School District's financial performance.

**Financial Highlights**

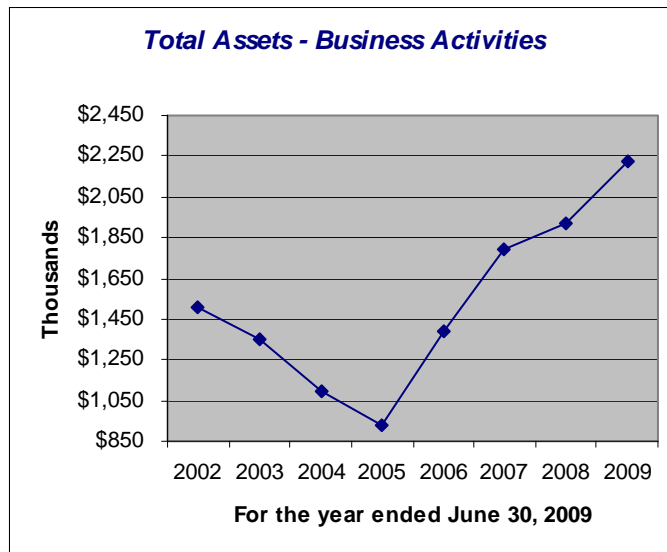

Key financial highlights for fiscal year 2009 are as follows:

- ❖ The total assets of the governmental funds continued to increase. For the fiscal year ended June 30, 2009, total assets of the governmental funds increased \$10.2 million or 5.8%. The annual increase is due the completion and capitalization of construction projects. The chart to the right plots the change in total assets in the governmental funds from June 30, 2002. The District has experience consistent growth in total net assets over the period reflected in the graph. The total increase in net assets since 2002 is \$84 million or 81.9%. That growth equates to an annual average growth rate of 11.7%.

- ❖ Total liabilities of governmental fund activities decreased by \$16 million or 16.1%. This decrease is primarily due to the repayment of outstanding bonds.

- ❖ Total assets of the proprietary fund increased \$297 thousand or 15.4% from the ending balances of 2008. The chart to the right plots the change in total assets in the proprietary fund since June 30, 2002. See the discussion of business type activities for in-depth analysis.

- ❖ The district had \$222 million in expenses related to governmental activities; \$38.2 million of these expenses were offset by program specific charges for services and sales, grants, and contributions. General revenues primarily (state equalization guarantee, property taxes, and grants and entitlements) of \$194 million were adequate to provide for these programs.

**Using the Basic Financial Statements**

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Las Cruces Public School District as a financial whole, or as an entire operating entity.

The statement of net assets and statement of activities provide information about the activities of the whole School District, presenting both an aggregate view of the School District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the School District's most significant funds with all other non-major funds presented in total in a single column. For Las Cruces Public School District, the General Fund is the most significant fund.

**Reporting the School District as a Whole**

**Statement of Net Assets and Statements of Activities**

While this report contains the large number of funds used by the School District to provide programs and activities, the view of the School District as a whole looks at all financial transactions and asks the question, "How did we do financially during fiscal year 2008?" The statement of net assets and the statement of activities answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting system used by most private sector companies. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash was received or paid.

These two statements report the School District's net assets and changes in those assets. This change in net assets is important because it identifies whether the financial position of the School District has improved or diminished for the School District as a whole. The cause of this change may be the result of many factors, some financial, some not. Non-financial factors include the School District's property tax base, facility conditions, required educational programs, and other factors.

In the statement of net assets and the statement of activities, the School District is divided into two distinct kinds of activities:

**Governmental Activities** - Most of the School District's programs and services are reported here including instruction, support services, operation and maintenance of plant, pupil transportation, and extracurricular activities.

**Business-Type Activity** - This service is provided on a charge for goods or services basis to recover all of the expenses of the goods or services provided. The Food Service enterprise fund is reported as a business activity.

**Reporting the School District's Most Significant Funds**

**Fund Financial Statements**

Fund financial reports provide detailed information about the School District's major funds. The School District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the School District's most significant funds.

**LAS CRUCES PUBLIC SCHOOLS  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2009**

**Governmental Funds**

Most of the School District's activities are reported in governmental funds, which focus on how monies flow into and out of those funds and the balances left at fiscal year end for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School District's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or less financial resources that can be spent in the near future to finance educational programs. The relationship, or differences, between governmental activities reported in the statement of net assets and the statement of activities and the governmental funds is reconciled in the financial statements.

**Enterprise Fund**

The enterprise fund uses the same basis of accounting as business-type activities. The financial statements presented for the district's enterprise fund are consistent with those presented by commercial entities.

**Governmental Activities**

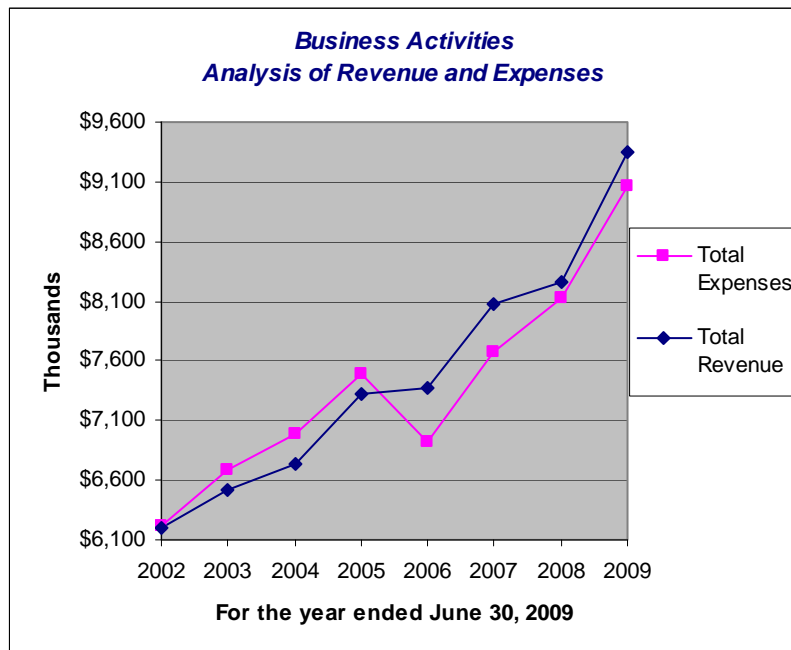

The statement of activities reflects the cost of program services and the charges for services and sales, grants, and contributions offsetting those services. The Statement of Activities (shown as Exhibit A-2), for government activities, indicates the total cost of services and the net cost of services. It identifies the cost of these services supported by revenues from state entitlements.

The dependence upon revenues from the State of New Mexico for governmental activities is apparent. Eighty-four (84%) percent of Direct Instruction activities are supported through general revenues.

**Business-Type Activity**

The only business-type activity of the School District is the Food Service operation. This program had revenues and transfers of \$9.3 million and expenses of \$9.1 million for fiscal year 2009.

Total resources increased 13.25% or \$1 million from the 2008 fiscal year. The Food Service operation receives money from two primary sources; USDA reimbursement for meals provided to those students qualifying for free or reduced price meals and revenue from the sale of meals to students that do not qualify for free or reduced prices. Approximately sixty percent (60%) of the total enrollment qualify for free or reduced meals. The revenue from the sale of meals increased 17.9% from the previous year. This change is primarily attributable increased student participation in the program. Funding from the USDA increased by 11.5% for the year ended June 30 2009. The reimbursement from USDA constitutes 71% of the total food service revenue.

**LAS CRUCES PUBLIC SCHOOLS  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2009**

The Food Services operation ended the fiscal year with a net income and increase in net assets of \$297,748. The chart above graphically presents the results of operations since June 30, 2002. The Food Services operation posted net operating losses for the fiscal years 2003 through 2005. This trend was corrected with a reduction in operating expenses and an increase in meal price. The District's Food Services' personnel continuously monitor food cost and meal quality. For the year ended June 30, 2009, total operating cost was \$9,057,461 with corresponding revenues of \$9,355,209.

The Food Services operation continues to operate without significant assistance from the General Fund. The business activity receives no direct support from tax revenues.

**The School District's Funds**

The School District's governmental funds are accounted for using the modified accrual basis of accounting. Total governmental funds had revenues and other financing sources of \$231 million and expenditures and other financing uses of \$242 million. The net change in fund balance for the year was a decrease of \$11 million.

**General Fund Budgeting Highlights**

The School District's budget is prepared according to New Mexico law and Public Education Department Regulations and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

During the course of the 2009 fiscal year, the School District amended its General Fund budget as necessary. The School District utilizes a site-based budgeting technique. The budgeting systems are designed to tightly control total site budgets, and to provide flexibility for site management.

For the General Fund, final budgeted revenues and other financing sources are equal to budget expenditures of \$177 million.

Expenditures and other financing uses were budgeted at \$177 million while actual expenditures were \$168 million. The difference between budget and actual expenditures was due to budgetary savings throughout the budget.

Actual revenues for the general fund were \$169 million and revenues from state sources constitute 98% of the total. Actual revenue exceeded expenditures by \$1,223,597.

**Significant Variations Between Original And Final Budgets**

| <b>General Fund</b> |                |                |              |          |
|---------------------|----------------|----------------|--------------|----------|
|                     | Original       | Final          | Change       | % Change |
| Revenue             | \$ 170,263,362 | \$ 169,469,802 | \$ (793,560) | (0.47%)  |
| Expenditures        | 177,450,610    | 176,657,050    | (803,560)    | (0.45%)  |

The variations between the original and final budgets were not significant during fiscal year 2009. Budgeted revenue decreased \$793 thousand 0.47% from the original to final budget. The expenditure budget decreased \$803 thousand or 0.45%. The District is required by state law to have a balanced budget. The decrease in the budgeted expenditures is attributable to the decrease in revenue from the State of New Mexico.

**Significant Changes in Fund Balance**

There were no significant changes of fund balance in non-major funds.

**LAS CRUCES PUBLIC SCHOOLS  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2009**

**Capital Assets and Debt Administration**

**Capital Assets**

During fiscal year 2009, the District had additions of \$11.7 million. The total additions consisted of the capitalization of \$2.7 million due to equipment acquisitions and \$9 million in new construction completed during the fiscal year. The District disposed of \$2 million in equipment and furniture due to obsolescence and damage. At the end of fiscal 2009, the District had \$262 million invested in capitalized assets with associated accumulated depreciation of \$91 million (see note #6).

**Debt**

At June 30, 2009, the District had outstanding bonds payable of \$68.84 million.

The District is bonded to 39.5% of the legal limit of \$174 million. In February 2006, the voters approved the issuance of \$60 million in bonds. The bonds were sold in three blocks over a four-year period. See table for issuance schedule.

| <u>Date of Sale</u> | <u>Amount Sold or<br/>to be sold</u> |
|---------------------|--------------------------------------|
| April 2006          | \$31.50 million                      |
| December 2007       | \$ 9.75 million                      |
| September 2009      | \$ 18.25 million                     |

|  | Governmental<br>Funds |
|--|-----------------------|
| Amounts reported for governmental activities in the statement of activities are different because:   |                       |
| Net change in fund balances - total governmental funds   | \$ (11,099,953)       |
| <p>Capital Outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities those costs are shown in the statement of net assets and allocated over their estimated useful lives as annual depreciation expenses in the statement of activities. This is the amount by which depreciation exceeds capital outlays for the period.</p>  |                       |
| Depreciation expense   | (8,380,603)           |
| Capital Outlays  | 11,714,108            |
| Loss on sale of fixed assets   | (71,508)              |
| <p>Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds</p>   |                       |
| Change in deferred revenue related to the property taxes receivable  | 638,601               |
| <p>The issuance of long-term debt (e.g., bonds, notes, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities:</p> |                       |
| Amortization of bond issuance costs  | (56,515)              |
| Amortization of original issue premium   | 47,568                |
| Increase in accrued interest payable   | 199,910               |
| Increase in accrued compensated absences   | (79,751)              |
| Principal payments on bonds  | 17,375,000            |
| Change in Net Assets-total Governmental Activities   | \$ 10,286,857         |

**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2009**

**NOTE 1. Summary of Significant Accounting Policies**

The Las Cruces Public School District No. 2 Board was created under the provision of Chapter 22 Article 5, Paragraph 4, New Mexico Statutes 1978 to provide public education for the children within the District. The School Board is authorized to establish policies and regulations for its own government consistent with the laws of the state of New Mexico and the regulations of the State Board of Education and the Legislative Finance Committee. The School Board is comprised of five members who are elected for terms of four years.

The School Board operates thirty-five schools within the District with a total enrollment of approximately 24,000 pupils. In conjunction with the regular educational programs, some of these schools offer special education. In addition, the School Board provides transportation and school food services for the students.

The financial statements of Las Cruces Public School District No. 2 (the "District") have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standard Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The GASB periodically updates its codification of the existing Governmental Accounting and Financial Reporting Standards which, along with subsequent GASB pronouncements (Statements and Interpretations), constitutes GAAP for governmental units. The more significant of the District's accounting policies are described below.

*A. Reporting Entity*

GASB Statement No. 14 established criteria for determining the government reporting entity and component units that should be included within the reporting entity. Under provisions of this Statement, the District is considered a *primary government*, since it is a special-purpose government that has a separately elected governing body, is legally separate, and is fiscally independent of other state or local governments. As used in GASB Statement No. 14, fiscally independent means that the District may, without the approval or consent of another governmental entity, determine or modify its own budget, levy its own taxes or set rates or charges, and issue bonded debt. Based upon the application of these criteria, the following is a brief review of the potential component units addressed in defining the government's reporting entity:

Alma D'Arte, La Academia Delores Huerta, and Las Montañas Charter Schools are component units of the District, as defined by GASB Statement No. 14 and / or GASB Statement No. 39, and have a separate governing board. The Charter Schools do not issue separate financial statements. Charter schools operate under the Senate Bill 192, Chapter 281, Laws of 1999, and are responsible for maintaining separate accounting records, and are component units of the school districts they operate within. See Note 17 for detailed information on Charter School assets and liabilities.

*B. Government-wide and fund financial statements*

The government-wide financial statements (i.e., the statement of net assets and the statement of activities and changes in net assets) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2009**

**NOTE 1. Summary of Significant Accounting Policies - (Continued)**

*B. Government-wide and fund financial statements – (Continued)*

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

*C. Measurement focus, basis of accounting, and financial statement presentation*

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as is the fiduciary fund financial statement. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are billed. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Sales and use taxes are classified as derived tax revenues and are recognized as revenue when the underlying exchange takes place and the revenues are measurable and available. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

Ad valorem taxes (property taxes), and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met and the susceptible to accrual criteria have been met. All other revenue items are considered to be measurable and available only when cash is received by the government.

Proprietary fund operating revenue, such as charges for service, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenue, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities.

**NOTE 1. Summary of Significant Accounting Policies - (Continued)**

*C. Measurement focus, basis of accounting, and financial statement presentation – (Continued)*

The *agency funds* are custodial in nature (assets equal liabilities) and do not present results of operations or have a measurement focus. Agency funds are accounted for using the accrual basis of accounting. These funds are used to account for assets that the District holds for others in an agency capacity.

Governmental funds are used to account for the District's general government activities, including the collection and disbursement of specific or legally restricted monies, the acquisition or construction of capital assets, and the servicing of long-term debt. Governmental funds include:

The *General Fund* is the primary operating fund of the District, and accounts for all financial resources, except those required to be accounted for in other funds.

The *Special Revenue Funds* account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

The *Debt Service Funds* account for the services of long-term debt not being financed by proprietary or nonexpendable trust funds.

The *Capital Projects Funds* account for the acquisition of fixed assets or construction of major capital projects not being financed by proprietary or nonexpendable trust funds.

Under the requirements of GASB #34, the District is required to present certain of its governmental funds as major funds based upon certain criteria. The major funds presented in the fund financial statements include the following (in addition to the General Fund), which include funds that were not required to be presented as major but were at the discretion of management:

*Operational Funds:*

The *Transportation Fund* is used to account for the State Equalization received from the State Department of Education which is used to pay for the costs associated with transporting school age children.

The *Instructional Materials Fund* is used to account for the monies received from the State Department of Education for the purposes of purchasing instructional materials (books, manuals, periodicals, etc.) used in the education of students.

The *Bond Building Capital Projects Fund* is used to account for bond proceeds and any income earned thereon. The proceeds are restricted for the purpose of making additions to and furnishing of school buildings, or purchasing or improving school grounds or any combination thereof, as approved by the voters of the District.

The *Capital Improvements HB-33 Capital Projects Fund* is used to account for monies received from the State of New Mexico under Chapter 4, Laws of 1996 for the purpose of purchasing technology assets and supplies.

The *Capital Improvements SB-9 Capital Projects Fund* is used to account for erecting, remodeling, making additions to and furnishing of school buildings, or purchasing or improving school grounds or any combination thereof as identified by the local school board. Financing is provided by the State of New Mexico's State Equalization Matching and a special tax levy as authorized by the Public School District Capital Improvements Act (22-25-1 to 22-25-10 NMSA 1978).

**NOTE 1. Summary of Significant Accounting Policies - (Continued)**

C. *Measurement focus, basis of accounting, and financial statement presentation – (Continued)*

The *Debt Service Fund* is used to account for the accumulation of resources for the payment of Long-Term Debt principal and interest.

Additionally, the District reports the following enterprise fund:

The *Food Services Special Revenue Fund* is used to account for the cost of operating a student breakfast, lunch, snack bar and summer lunch program and is financed with federal grants and fees paid by program users.

Additionally, the District reports the following agency fund:

The *Fiduciary Funds* account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, or student organizations.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

Program revenues included in the Statement of Activities derive directly from the program itself or from parties outside the District's taxpayer or citizenry, as a whole; program revenues reduce the cost of the function to be financed from the District's general revenues.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The District has elected not to follow subsequent private-sector guidance.

Program revenues are categorized as (a) charges for services, which include revenues collected for cafeteria fees and lost books, etc., (b) program-specific operating grants, which includes revenues received from state and federal sources such as Title I, IDEA-B, Charter Schools, and other State and Federal funding to be used as specified within each program grant agreement, and (c) program-specific capital grants and contributions, which include revenues from state sources such as bond building, SB-9 and special capital outlay funding to be used for capital projects. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

The District reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. The District does not currently employ indirect cost allocation systems. Depreciation expense is specifically identified by function and is included in the direct expense of each function, except for that portion of depreciation that is identified as unallocated on the Statement of Activities. Interest on long-term debt is considered an indirect expense and is reported separately on the Statement of Activities.

**NOTE 1. Summary of Significant Accounting Policies - (Continued)**

*D. Assets, Liabilities and Net Assets or Equity – (Continued)*

**Cash and Temporary Investments:** The District's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

State statutes authorize the District to invest in Certificates of Deposit, obligations of the U.S. Government, and the State Treasurer's Investment Pool.

Investments for the District are reported at fair value. The State Treasurer's Pool operates in accordance with appropriate state laws and regulations. The reported value of the pool is the same as the fair value of the pool shares.

**Receivables and Payables:** Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as "internal balances."

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

The District receives monthly income from a tax levy in Dona Ana County. The funds are collected by the County Treasurer and are remitted to the School District the following month. Under the modified accrual method of accounting, the amount remitted by the Dona Ana County Treasurer in July and August 2009 is considered 'measurable and available' and, accordingly, is recorded as revenue during the year ended June 30, 2009.

Certain Special Revenue funds are administered on a reimbursement method of funding; other funds are operated on a cash advance method of funding. The funds incurred the cost and submitted the necessary request for reimbursement or advance, respectively.

**Prepaid Items:** Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements.

**Instructional Materials:** The New Mexico State Department of Education receives federal material leasing funds from which it makes annual allocations to the various school districts for the purchase of educational materials. Of each allocation, seventy percent is restricted to the requisition of material listed in the State Board of Education 'State Adopted Instructional Material' list, while thirty percent of each allocation is available for purchases directly from vendors, for which the school district receives cash draw-downs, or transfer to the seventy percent account for requisition of material from the adopted list.

**Inventory:** Inventory is valued at lower of cost (first-in, first-out) or market. Inventory in the General Fund consists of expendable supplies held for consumption. Inventory in the Special Revenue Funds consists of U.S.D.A. commodities and other purchased food and non-food supplies. The cost of purchased food is recorded as an expenditure at the time individual inventory items are consumed. The U.S.D.A. commodities are recorded at year-end by audit adjusting entries. Commodities consumed during the year are reported as revenues and expenditures; unused commodities are reported as inventories and deferred revenue. Non-commodity inventories are equally offset by a fund balance reserve, which indicates that they do not constitute "available spendable resources" even though they are a component of net current assets. No deferred revenue was recorded for unused commodity inventory as of June 30, 2009. Inventories in the Transportation Fund consisted of related supplies.

 NOTES TO THE FINANCIAL STATEMENTS  
 JUNE 30, 2009

**NOTE 1. Summary of Significant Accounting Policies - (Continued)**

*E. Assets, Liabilities and Net Assets or Equity – (Continued)*

**Capital Assets:** Capital assets, which include property, plant, and equipment, are reported in the applicable governmental column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Pursuant to the implementation of GASB Statement No. 34, the historical cost of infrastructure assets, (retroactive to 1979) are to be included as part of the governmental capital assets reported in the government wide statements. However, infrastructure assets have not been included in the June 30, 2009 financial statements of Las Cruces Public School District No. 2, since the District did not own any infrastructure assets as of June 30, 2009. Information technology equipment, including software, is being capitalized and included in furniture and equipment as the District did not maintain internally developed software. The District expenses the cost of library books when purchased. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. No interest was included as part of the cost of capital assets under construction during the year ended June 30, 2009.

Capital expenditures made on the District’s building construction projects by the NM Public School Facilities Authority have been recorded as a revenue and expenditure in the fund financial statements, and have been included as capital assets in the District’s government-wide financial statements.

Property, plant, and equipment of the primary government is depreciated using the straight line method over the following estimated useful lives:

|                                 |             |
|---------------------------------|-------------|
| Land Improvements               | 20 years    |
| Buildings/building improvements | 20-50 years |
| Equipment and Vehicles          | 4-20 years  |

**Deferred Revenues:** The District recognizes grant revenue at the time the related expense is made if the expenditure of funds is the prime factor for determining eligibility for reimbursement; therefore, amounts received and not expended in the Special Revenue Funds are shown as deferred revenues. Amounts receivable from the property taxes levied for the current year that are not considered to be “available” under the current financial resources measurement focus are reported as deferred revenues in the governmental fund financial statements.

**Compensated Absences:** Twelve month employees are entitled to accumulate annual leave up to 15 days per year, depending on length of service, and the employee’s hire date. Upon termination, employees are paid for their accrued annual leave, up to a maximum of 30 days.

Qualified employees are entitled to accumulate sick leave. Employees employed for 182 but not more than 219 days accrue 1 day per month not to exceed 10 days per year. Employees employed for 220 days accrue 1 day per month not to exceed 11 days per year.

Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. In prior years, substantially all of the related expenditures have been liquidated by the general fund. Amounts of vested or accumulated vacation leave that are not expected to be liquidated with expendable available financial resources are reported in the government-wide statement of net assets.

**STATE OF NEW MEXICO**  
**LAS CRUCES PUBLIC SCHOOL DISTRICT NO. 2**  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2009

**NOTE 1. Summary of Significant Accounting Policies - (Continued)**

*D. Assets, Liabilities and Net Assets or Equity – (Continued)*

**Long-term Obligations:** In the government-wide fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method.

For fund financial reporting, bond premiums and discounts, as well as issuance costs, are recognized in the period the bonds are issued. Bond proceeds are reported as another financing source net of the applicable premium or discount. Issuance costs, even if withheld from the actual net proceeds received, are reported as debt service expenditures.

**Net Assets or Fund Equity:** In the fund financial statements, governmental funds report reservations of fund balance that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change. These designations are established to earmark resources for specific future use and to indicate that the fund equity does not represent available spendable resources.

In the government-wide financial statements, fund equity is classified as net assets and is displayed in three components:

*Invested in capital assets, net of related debt:* Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

*Restricted Net Assets:* Consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulation of other governments; or (2) law through constitutional provisions or enabling legislation. Descriptions for the related restrictions for net assets are restricted for “debt service or capital projects.”

*Unrestricted Net Assets:* All other net assets that do not meet the definition of “restricted” or “invested in capital assets, net of related debt.”

The District’s policy is to apply restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

**Interfund Transactions:** Quasi-external transactions are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund from expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed.

All other interfund transactions, except quasi-external transactions and reimbursements are reported as transfers. Nonrecurring or non-routine permanent transfers of equity are reported as residual equity transfers. All other interfund transfers are reported as operating transfers.

**Estimates:** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. Significant estimates affecting the District’s financial statements include management’s estimate of the useful lives of capital assets.

*E. Revenues – (Continued)*

**State Equalization Guarantee:** School districts in the State of New Mexico receive a ‘state equalization guarantee distribution’ which is defined as “that amount of money distributed to each school district to insure that the school district’s operating revenue, including its local and federal revenues as defined (in Chapter 22, Section 825, NMSA 1978) is at least equal to the school district’s program cost.

A school district’s program costs are determined through the use of various formulas using ‘program units’ which take into consideration 1) early childhood education; 2) basic education; 3) special education; 4) bilingual-multicultural education; 5) size, etc. Payment is made from the public school fund under the authority of the Director of Public School Finance. The District received \$165,564,232 in state equalization guarantee distributions during the year ended June 30, 2009.

**Tax Revenues:** The District receives mill levy and ad-valorem tax revenues primarily for debt service and capital outlay purposes. Tax revenues are recognized when they are in the hands of the collecting agency. The District records only the portion of the taxes considered to be ‘measurable’ and ‘available’. The District recognized \$24,874,699 in tax revenues during the year ended June 30, 2009. Descriptions of the individual debt service and capital outlay funds contained in these financial statements include information regarding the authority for the collection and use of these taxes.

Property taxes attach an enforceable lien on property as of January 1. Tax notices are sent to property owners by November 1<sup>st</sup> of each year to be paid in whole or in two installments by November 10<sup>th</sup> and April 10<sup>th</sup> of each year. Dona Ana County collects County, City and School taxes and distributes them to each fund once per month except in June when the taxes are distributed twice to close out the fiscal year.

**Transportation Distribution:** School districts in the State of New Mexico receive student transportation distributions. The transportation distribution is allocated to each school district in accordance with formulas developed by the State Transportation Director and the Director of Public School Finance. The funds shall be used only for the purpose of making payments to each school district for the to-and-from school transportation costs of students in grades K through twelve attending public school within the school district. The District received \$7,098,762 in transportation distributions during the year ended June 30, 2009.

**Instructional Materials:** The New Mexico Public Education Department (PED) receives federal mineral leasing funds from which it makes annual allocations to the various school districts for the purchase of educational materials. Of each allocation, seventy percent is restricted to the requisition of materials listed in the State Board of Education “State Adopted Instructional Material” list, while thirty percent of each allocation is available for purchases directly from vendors. Allocations received from the State for the year ended June 30, 2009 totaled \$2,553,022.

**Public School Capital Outlay:** Under the provisions of Chapter 22, Article 24, a public school capital outlay fund was created. The money in the fund may be used only for capital expenditures deemed by the public school capital outlay council necessary for an adequate educational program, and the capital outlay expenditures are limited to the purchase, or construction of temporary or permanent classrooms.

The council shall approve an application for grant assistance from the fund when the council determines that:

1. A critical need exists requiring action;
2. The residents of the school districts have provided all available resources to the district to meet its capital outlay requirements;
3. The school district has used its resources in a prudent manner;

4. The District is in a county or counties which have participated in the reappraisal program and the reappraised values are on the tax rolls, or will be used for the tax year 1979 as certified by the property tax division; and
5. The school district has provided insurance for buildings of the school district in accordance with the provisions of Section 13-5-3 NMSA 1978.

The council shall consider all applications for assistance from the fund and after public hearing shall either approve or deny the application. Applications for grant assistance shall only be accepted by the council after a district has complied with the provisions of this section. The council shall list all applications in order of priority and all allocations shall be made on a priority basis.

Money in the fund shall be disbursed by warrant of the Department of Finance and Administration on vouchers signed by the Secretary of Finance and Administration following certification by the council that the application has been approved.

During the year ended June 30, 2009, the District received \$1,453,798 in special capital outlay funds.

**SB-9 State Match:** The Director shall distribute to any school district that has imposed a tax under the Public School Capital Outlay Improvements Act (22-25-1 to 22-25-10 NMSA 1978) an amount from the public school capital improvements fund that is equal to the amount by which the revenue estimated to be received from the imposed tax as specified in Subsection B of section 22-25-3 NMSA 1978, assuming a one hundred percent collection rate, is less than an amount calculated by multiplying the product obtained by the rate imposed in the District under the Public School Capital Improvements Act. The distribution shall be made by December 1, of each year that the tax is imposed in accordance with Section 22-25-3 NMSA 1978. Provided, however, in the event that sufficient funds are not available in the public school capital improvement funds to make the state distribution provided for in this section, the dollar per program unit figure shall be reduced as necessary.

The district received \$82,899 in state SB-9 matching during the year end June 30, 2009.

**Federal Grants:** The District receives revenues from various Federal departments (both direct and indirect), which are legally restricted to expenditures for specific purposes. These programs are reported as Special Revenue Funds. Each program operated under its own budget, which has been approved by the Federal Department or the flow through agency (usually the New Mexico Department of Education). The various budgets are approved by the Local School Board and the New Mexico Public Education Department.

The District also receives reimbursement under the National School Lunch and Breakfast Programs for its food services operations, and the distributions of commodities through the New Mexico Human Services Department.

**NOTE 2. Stewardship, Compliance and Accountability**

*Budgetary Information*

Budgets for the General, Special Revenue, Capital Projects, and Debt Service Funds are prepared by management and are approved by the local Board of Education and the School Budget and Planning Unit of the Public Education Department. Auxiliary student activity accounts are not budgeted.

*Budgetary Information – (Continued)*

These budgets are prepared on the Non-GAAP cash basis, excluding encumbrances, and secure appropriation of funds for only one year. Carryover funds must be re-appropriated in the budget of the subsequent fiscal year.

Actual expenditures may not exceed the budget on a line item basis, i.e., each budgeted expenditure must be within budgeted amounts. Budgets may be amended in two ways. If a budget transfer is necessary within a major category called a 'series,' this may be accomplished with only local Board of Education approval. If a transfer between 'series' or a budget increase is required, approval must also be obtained from Public School Finance Division.

The budgetary information presented in these financial statements has been amended in accordance with the above procedures.

The School District follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In April or May, the local school board submits to the District Budget Planning Unit (DBPU) of the New Mexico Public Education Department a proposed operating budget for the ensuing fiscal year commencing July 1. The operating budget includes proposed expenditures and the means of financing them. All budgets submitted to the State of New Mexico Public Education Department (PED) by the District shall contain headings and details as described by law and have been approved by the Public Education Department.
2. In May or June of each year, the proposed "operating" budget will be reviewed and approved by the DBPU and certified and approved by the local school board at a public hearing of which notice has been published by the local school board which fixes the estimated budget for the school district for the ensuing fiscal year.
3. The school board meeting, while not intended for the general public, is open for the general public unless a closed meeting has been called.
4. The "operating" budget will be used by the District until they have been notified that the budget has been approved by the DBPU and the local school board. The budget shall be integrated formally into the accounting system. Encumbrances shall be used as an element of control and shall be integrated into the budget system. The District shall make corrections, revisions and amendments to the estimated budgets fixed by the local school board to recognize actual cash balances and carryover funds, if any. These adjustments shall be reviewed and approved by the DBPU.
5. The superintendent is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the school board and the State of New Mexico Public Education Department.
6. Budget change requests are processed in accordance with Supplement 1 (Budget Preparation and Maintenance) of the Manual of Procedures Public School Accounting and Budgeting. Such changes are initiated by the school district and approved by the SBPU.
7. Legal budget control for expenditures is by function.
8. Appropriations lapse at fiscal year end. Funds unused during the fiscal year may be carried over into the next fiscal year by budgeting those in the subsequent fiscal year's budget. The budget of Las Cruces Public School District No. 2 has been amended during the current fiscal year in

accordance with these procedures. The budget schedules included in the accompanying financial statements reflect the approved budget and amendments thereto.

9. Formal budgetary integration is employed as a management control device during the year for the General Fund, Special Revenue Funds, Debt Service Fund and Capital Projects Funds.
10. Budgets for the General, Special Revenue, Capital Projects, and Debt Service Funds are adopted on a basis not consistent with generally accepted accounting principles (GAAP). Encumbrances are treated the same way for GAAP purposes and for budget purposes.

The Board of Education may approve amendments to the appropriated budget, which are required when a change is made affecting budgeted ending fund balance. New Mexico state law prohibits a Governmental Agency from exceeding an individual line item.

The accompanying Statements of Revenues, Expenditures and Changes in Fund Balance – Budget (Non-GAAP Budgetary Basis) and Actual present comparisons of the legally adopted budget with actual data on a budgetary basis.

**NOTE 3. Cash and Temporary Investments**

State statutes authorize the investment of District funds in a wide variety of instruments including certificates of deposit and other similar obligations, state investment pool, money market accounts, and United States Government obligations. All invested funds of the District properly followed State investment requirements as of June 30, 2009.

Deposits of funds may be made in interest or non-interest bearing checking accounts in one or more banks or savings and loan associations within the geographical boundaries of the District. Deposits may be made to the extent that they are insured by an agency of the United States or by collateral deposited as security or by bond given by the financial institution.

The rate of interest in non-demand interest-bearing accounts shall be set by the State Board of Finance, but in no case shall the rate of interest be less than one hundred percent of the asked price on United States treasury bills of the same maturity on the day of deposit.

Excess of funds may be temporarily invested in securities which are issued by the State or by the United States government, or by their departments or agencies, and which are either direct obligations of the State or the United States or are backed by the full faith and credit of those governments.

The collateral pledged is listed on Schedule I of this report. The types of collateral allowed are limited to direct obligations of the United States Government and all bonds issued by any agency, district or political subdivision of the State of New Mexico.

According to the Federal Deposit Insurance Corporation, public unit deposits are funds owned by the public unit. Time deposits, savings deposits and interest bearing NOW accounts of a public unit in an institution in the same state will be insured up to \$100,000 in aggregate and separate from the \$100,000 coverage for public unit demand deposits at the same institution. This coverage has increased to \$250,000 for time and savings deposits as well as demand deposits until December 31, 2013. Additionally, until December 31, 2009, all deposits in non-interest bearing transaction accounts (such as non-interest bearing checking accounts) at participating institutions are fully guaranteed, regardless of dollar amount.

**NOTE 3. Cash and Temporary Investments - (Continued)**

*Deposits – (Continued)*

*Custodial Credit Risk – Deposits.* Custodial credit risk is the risk that in the event of a bank failure, the government’s deposits may not be returned to it. The government does not have a deposit policy for custodial credit risk, other than following state statutes as put forth in the Public Money Act (Section 6-10-1 to 6-10-63, NMSA 1978). At June 30, 2009, \$84,624,857 of the District’s bank balance of \$85,624,857 was exposed to custodial credit risk because it was uninsured and the collateral was held by the pledging bank’s trust department, not in the District’s name. At June 30, 2009, the carrying amount of these deposits was \$79,939,327.

**Investments**

As of June 30, 2009, the District had the following investments and maturities:

| <u>Investment Type</u>                 | <u>Fair Value</u> | <u>Investment Maturities</u><br><u>Less than 1 Year</u> |
|--|-------------------|---|
| State Investment Pool – 4101 LGIP Fund | 5,481,403         | 5,481,403   |

State Pool – 4101 LGIP investments are 100% invested in U.S. Treasury Obligations.

*Interest Rate Risk – Investments.* The District does not have a formal policy limiting investment maturities that would help manage its exposure to fair value losses from increasing interest rates.

*Concentration Credit Risk – Investments.* For an investment, concentration credit risk is when any one issuer is 5% or more of the investment portfolio of the District. The investments in the State Pool-4101 LGIP Fund represent 100% of the investment portfolio. Since the District only purchases investment with the highest credit rating, the additional concentration is not viewed to be an additional risk by the District. The District’s policy related to concentration risk is to comply with the state statute as put forth in the Public Money Act (Section 6-10-1 to 6-10-63, NMSA 1978).

The State Treasurer Local Government Investment Pool is not SEC Registered. Section 6-10-10 I, NMSA 1978, empowers the State Treasurer, with the advice and consent of the State Board of Finance, to invest money held in the short-term investment funds in the securities that are issued by the United States government or by its departments or agencies and are either backed by the full faith and credit of the United States government or are agencies sponsored by the United States government. The Local Government Investment Pool investments are monitored by the same investment committee and the same policies and procedures that apply to all other state investments. The pool does not have unit shares; at the end of each month all interest earned is distributed by the State Treasurer to the contributing entities in the amounts of the fund were invested. Any realized gain or loss on the portfolio is distributed through the investment yield on distribution dates. The carrying amount of the portfolio approximates the fair value of all investments at June 30, 2009. The State of New Mexico is regulatory oversight entity and participation in the pool in voluntary.

The District's general obligation bonds were issued for the purposes of creating, remodeling, making additions to and furnishing school buildings, and purchasing and improving school grounds and are payable solely from general property taxes that are levied against all taxable property in the District. The bonds are payable out of the Debt Service Fund (Fund 41000). Interest payments are due semi-annually on August 1 or August 15 and February 1 or February 15. Interest rates on the bonds range from 2 % to 5.75%. Principal payments in varying amounts are due annually on August 1 or August 15 through 2022.

The annual requirements to amortize the General Obligation Bonds and Bond Anticipation Notes as of June 30, 2009, including interest payments are as follows:

| <u>Fiscal Year</u><br><u>Ending June 30,</u> | <u>Principal</u>     | <u>Interest</u>      | <u>Total Debt</u><br><u>Service</u> |

In prior years, the general fund was typically used to liquidate long-term liabilities other than debt.

Compensated Absences – Administrative employees of the District are able to accrue a limited amount of vacation and other compensatory time during the year. During fiscal year June 30, 2009, compensated absences increased \$79,751 over the prior year accrual. See Note 1 for more details.

Operating Leases – The District leases office equipment and storage units under short-term cancelable operating leases. Rental cost for the year ended June 30, 2009 was \$3,071,929.

Refunded Bonds – On June 24, 2008, the District issued \$9,560,000 million in General Obligation Bonds with an interest rate range of 3.25 percent which included an advance refund of \$9,175,000 of outstanding 2000 Series bonds with an interest rate ranging between 5.25 and 5.75 percent. The \$9,175,000 represented the callable portion of the 2000 Series bonds. Proceeds totaling \$9,625,834 were used to purchase U.S. government securities. Those securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the 2000 Series bonds. As a result, the 2000 Series bonds are considered to be defeased and the liability for those bonds has been removed from the District's long-term liabilities. The District advanced refunded \$9,175,000 of its 1999 Series bonds to obtain an economic gain (difference between the present values of the debt service payments on the old and new debt) of \$394,343. The District has refunded various bond issues by issuing refunding bonds, the proceeds of which have been placed in escrow and used to purchase securities of the United States Government and related agencies at various interest rates and maturities sufficient to meet all debt service requirements of the refunded debt. The liability for the refunded bonds and the related securities and escrow accounts are not included in the accompanying financial statements as the District satisfied its obligation for payment of the refunded debt upon completion of the refunding transactions.

**NOTE 8. Risk Management**

The District is a member of the New Mexico Public Schools Insurance Authority (NMPSIA). The Authority was created to provide comprehensive core insurance programs by expanding the pool of subscribers to maximize cost containment opportunities for required insurance coverage. The District pays an annual premium to the NMPSIA based on claim experience and the status of the pool. The Risk Management Program includes Workers Compensation, General and Automobile Liability, Automobile Physical Damage, and Property and Crime coverage. Also included under the risk management program are Boiler, Machinery and Student Accident Insurance.

The NMPSIA provides coverage for up to a maximum of \$500,000,000 for each property damage claim with a \$750 deductible to each building. General liability coverage is afforded to all employees, volunteers and school board members and the limit is subject to the NMSA Tort Claims Act on a per occurrence basis. The automobile and property liability limit is subject to the provisions of the Tort Claims Act. The crime limit is \$250,000 per occurrence for Faithful Performance. A limit of \$250,000 applies to Depositor's Forgery, Credit Card Forgery and Money Orders. A limit of \$100,000 applies to Money and Security, which includes a \$750 deductible.

In case the NMPSIA's assets are not sufficient to meet its liability claims, the agreement provides that subscribers, including the District, cannot be assessed additional premiums to cover the shortfall. As of June 30, 2009, there have been no claims that have exceeded insurance coverage.

**NOTE 10. Pension Plan – Educational Retirement Board**

*Plan Description.* Substantially all of Las Cruces Public School District No. 2' full-time employees participate in a public employee retirement system authorized under the Educational Retirement Act (Chapter 22, Article 11 NMSA 1978.) The Educational Retirement Board (ERB) is the administrator of the plan, which is a cost-sharing, multiple-employer defined benefit retirement plan. The plan provides for retirement benefits, disability benefits, survivor benefits, and cost-of-living adjustments to plan members (certified teachers, and other employees of State public school districts, colleges and universities) and beneficiaries. ERB issues a separate, publicly available financial report that includes financial statements and required supplementary information for the plan. That report may be obtained by writing to ERB, P. O. Box 26129, Santa Fe, New Mexico 87502. The report is also available on ERB's website at [www.nmerb.org](http://www.nmerb.org).

*Funding Policy.* Plan members are required to contribute 7.90% of their gross salary. The District is required to contribute 11.65% of the gross covered salary. The employer contribution will increase .75% each year until July 1, 2011 when the employer contribution will be 13.9%. The contribution requirements of plan members and the District are established in State statute under Chapter 22, Article 11 NMSA 1978. The requirements may be amended by acts of the legislature. The District's contributions to ERB for the fiscal years ending June 30, 2009, 2008 and 2007 were \$14,634,559, \$13,240,993, and \$11,874,167, respectively, which equal the amount of the required contributions for each fiscal year.

**NOTE 11. Post-Employment Benefits – State Retiree Health Care Plan**

*Plan Description.* Las Cruces Public School District No. 2 contributes to the New Mexico Retiree Health Care Fund, a cost-sharing multiple-employer defined benefit postemployment healthcare plan administered by the New Mexico Retiree Health Care Authority (RHCA). The RHCA provides health care insurance and prescription drug benefits to retired employees of participating New Mexico government agencies, their spouses, dependents, and surviving spouses and dependents. The RHCA Board was established by the Retiree Health Care Act (Chapter 10, Article 7C, NMSA 1978). The Board is responsible for establishing and amending benefit provisions of the healthcare plan and is also authorized to designate optional and / or voluntary benefits like dental, vision, supplemental life insurance, and long-term care policies.

**LAS CRUCES PUBLIC SCHOOL DISTRICT NO. 2**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2009**

**NOTE 11. Post-Employment Benefits – State Retiree Health Care Plan (continued)**

Eligible retirees are: (1) retirees who make contributions to the fund for at least five years prior to retirement and whose eligible employer during that period of time made contributions as a participant in the RHCA plan on the person's behalf unless that person retires before the employer's RHCA effective date, in which event the time period required for employee and employer contributions shall become the period of time between the employer's effective date and the date of retirement; (2) retirees defined by the Act who retired prior to July 1, 1990; (3) former legislators who served at least two years; and (4) former governing authority members who served at least four years.

The RHCA issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for the postemployment healthcare plan. That report and further information can be obtained by writing to the Retiree Health Care Authority at 4308 Carlisle NE, Suite 104, Albuquerque NM 87107.

*Funding Policy.* The Retiree Health Care Act (Section 10-7C-13 NMSA 1978) authorizes the RHCA Board to establish the monthly premium contributions that retirees are required to pay for healthcare benefits. Each participating retiree pays a monthly premium according to a service based subsidy rate schedule for the medical plus basic life plan plus an additional participation fee of five dollars if the eligible participant retired prior to the employer's RHCA effective date or is a former legislator or former governing authority member. Former legislators and governing authority members are required to pay 100% of the insurance premiums to cover their claims and the administrative expenses of the plan. The monthly premium rate schedule can be obtained from the RHCA or viewed on their website at [www.nmrhca.state.nm.us](http://www.nmrhca.state.nm.us).

The Retiree Health Care Act (Section 10-7C-15 NMSA 1978) is the statutory authority that establishes the required contributions of participating employers and their employees. The statute requires each participating employer contribute 1.3% of each participating employee's annual salary; each participating employee is required to contribute .65% of each salary. Employers joining the program after 1/1/98 are also required to make a surplus-amount contribution to the RHCA based on one of two formulas at agreed-upon intervals.

The RHCA plan is financed on a pay-as-you-go basis. The employer, employee and retiree contributions are required to be remitted to the RHCA on a monthly basis. The statutory requirements for the contributions can be changed by the New Mexico State Legislature.

The District's contributions to the RHCA for the years ended June 30, 2009, 2008, and 2007 were \$1,633,027, \$1,579,047, and \$1,520,814, respectively, which equal the required contributions for each year.

**NOTE 12. Contingent Liabilities**

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be allowed by the grantor cannot be determined at this time, although the District expects such amount, if any, to be immaterial.

The District is involved in various claims and lawsuits arising in the normal course of business. Although the outcome of these lawsuits is not presently determinable, it is the opinion of the District's legal council that the resolution of these matters will not have a material adverse effect on the financial condition of the District.

NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2009

**NOTE 15. Subsequent Accounting Standard Pronouncements**

In November 2006, the Governmental Accounting Standards Board (GASB) issued GASB Statement No. 49, *Accounting and Financial Reporting for Pollution Remediation Obligations*, which is effective for financial statements for periods beginning after December 15, 2007. This statement addresses accounting and financial reporting standards for pollution (including contamination) remediation obligations, which are obligations to address the current and potential detrimental effects of existing pollution by participating in pollution remediation activities such as site assessments and cleanups. The Board is analyzing the effect that these standards will have on its financial statements, and currently believes it will have no significant effect on the financial statements for the upcoming year.

In June 2007, the GASB issued Statement No. 51, *Accounting and Financial Reporting for Intangible Assets*, which is effective for financial statements for periods beginning after June 15, 2009. This statement requires that all intangible assets not specifically excluded by its scope provision be classified as capital assets. The District is analyzing the effect that this standard will have on its financial statements.

In November 2007, the GASB issued Statement No. 52, *Land and Other Real Estate Held as Investments by Endowments*, which is effective for financial statement periods beginning after June 15, 2008. This statement requires endowments to report their land and other real estate investments at fair value, creating consistency in reporting among similar entities that exist to invest resources for the purpose of generating income.

In June 2008, the GASB issued Statement No. 53, *Accounting and Financial Reporting for Derivative Instruments*, which is effective for financial statement periods beginning after June 15, 2009. This statement requires governments to measure most derivative instruments at fair value in their financial statements that are prepared using the economic resources measurement focus and the accrual basis of accounting.

In March 2009, the GASB issued Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, which is effective for financial statement periods beginning after June 15, 2010. This Statement establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds.

**NOTE 16. Subsequent Events**

Las Cruces Public Schools issued a bond in September 2009. The bond was issued in the amount of \$18,750,000. The funds are primarily to be used for construction of new schools.

On May 5, 2009, the U.S. Securities and Exchange Commission (“SEC”) filed a civil lawsuit in federal court against the operators of The Reserve Primary Fund, alleging fraud; seeking the pro rata distribution of the remaining Fund’s assets; and seeking the release of the \$3.5 billion currently being withheld from investors pending the outcome of the lawsuits against The Reserve Primary Fund.

On May 20, 2009, the New Mexico Attorney General filed a civil complaint and injunction petition in state district court against The Reserve Primary Fund. The Attorney General’s complaint alleges that the Fund setting aside \$3.5 billion to pay legal fees and expenses is a willful and intentional conversion of the investors’ assets and a breach of contract. The complaint further alleges that the Fund’s failure to honor redemption requests on September 16, 2008, is a breach of contract. Additionally, the Attorney General’s injunction petition seeks the release of the investors’ pro rata share of the \$3.5 billion The Reserve Primary Fund set aside for its anticipated and pending legal costs.

The New Mexico State Treasurer’s Office believes that The Reserve Primary Fund will ultimately end up disturbing between 98.38% and 98.77% of the balance that the LGIP had in The Reserve Primary Fund as of September 15, 2008. This means that of the remaining undistributed balance as of June 30, 2009, we expect the LGIP to recover between 83.84% and 87.78%. Uncertainty remains, however, as to the timing of the distributions.

**NOTE 17. Component Unit**

The following are dependent charter schools formed under NMSA 22-8A and as such are presented here as discrete component units of Las Cruces Public School District No. 2:

Alma D’Arte Charter High School  
La Academia Dolores Huerta Charter School  
Las Montañas Charter School

The charter schools are presented as component units since their operating budgets and charters are annually presented and approved by the District’s board. The New Mexico State Auditor has determined that charter schools are major component units of their respective Districts. Refer to previous footnotes for significant policies of the charter schools, as they are subject to the same State and Federal regulations and follow the same policies as the District. The following are summarized details of the charter schools’ balances and transactions as of June 30, 2009 and for the year then ended:

**A. Cash and Temporary Investments**

**Deposits:**

NM State Statutes require collateral pledged for deposits in excess of the federal deposit insurance to be delivered, or a joint safekeeping receipt be issued, to the Schools for a least one half of the amount on deposit with the institution. The schedule listed below will meet the State of New Mexico, Office of the State Auditor’s requirements in reporting the insured portion of the deposits.

*Custodial Credit Risk – Deposits.* Custodial credit risk is the risk that in the event of a bank failure, the government’s deposits may not be returned to it. The government does not have a deposit policy for custodial credit risk, other than following state statutes as put forth in the Public Money Act (Section 6-10-1 to 6-10-63, NMSA 1978). At June 30, 2009, \$339,440 of the Charter School’s bank balance of \$889,881 was exposed to custodial credit risk because it was uninsured and the collateral was held by the pledging bank’s trust department, not in the District’s name.

**B. Accounts Receivable**

**SPECIAL REVENUE FUNDS**

(This page intentionally left blank.)

## **SPECIAL REVENUE FUNDS (Continued)**

The Special Revenue Funds are used to account for Federal, State and Local funded grants. These grants are awarded to the District with the purpose of accomplishing specific educational tasks. Grants accounted for in the Special Revenue Funds include:

**Athletics (22000)** – This fund is used to account for fees generated at athletic activities throughout the School District. The gate receipts are obtained from the general public and are expended in this fund. The authority for creation of this fund is 6.20.2 NMAC.

**Title I (24101)** – The major objectives of the Title I program are to provide supplemental educational opportunity for academically disadvantaged children in the area of residing. Campuses are identified for program participation by the percentage of students on free or reduced price lunches. Any school with a free and reduced price lunch percentage that is equal to or greater than the total district percentage becomes eligible for program participation. Any student whose test scores fall below District established criteria and who is attending a Title I campus is eligible to receive Title I services. Poverty is the criteria that identifies a campus; educational need determines the students to be served. Federal revenues accounted for in this fund are allocated to the District through the New Mexico Department of Education. Authority for creation of this fund is Part A of Chapter I of Title I of Elementary and Secondary Education Act (ESEA) of 1965, as amended, Public Law 103-383.

**Migrant Children Education IASA (24103)** – To account for federal resources administered by the State Public Education Department to provide for special educational needs of migratory agricultural workers. (P.L. 100-297)

**Migrant Consortium (24105)** – To account for funds administered through the State Public Education Office to participate in high quality consortia that improve the interstate or intrastate coordination of migrant education programs by addressing key needs of migratory children who have their education interrupted.

**Entitlement IDEA-B (24106)** – To account for a program funded by a Federal grant to assist the District in providing free appropriate public education to all handicapped children. Funding authorized by Individuals with Disabilities Education Act, Part B, Section 611-620, as amended, Public Laws 91-230, 93-380, 94-142, 98-199, 99-457, 100,639, and 101-476, 20 U.S.C. 1411-1420.

**IDEA-B Discretionary (24107)** – To account for funds administered through the State Public Education Office to provide professional development to special and regular education teachers who teach children with disabilities to improve educational instruction.

## **CAPITAL PROJECTS FUNDS**

Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities. The District has the following separate funds classified as Capital Projects Funds:

**Public Schools Capital Outlay (31200)** – To account for Critical Capital Outlay funds and other special capital outlay funds received from the State of New Mexico. The funds are restricted for the purposes outlined in the applicable legislation under which the funds were approved. This generally includes construction of new schools or improvements to existing schools.

**Special Capital Outlay – Local (31300)** – To account revenues that are derived from local sources such as the sale of a building.

**Special Capital Outlay State (31400)** – To account for special appropriations monies received from the State of New Mexico under Chapter 4, Laws of 1996 for the purpose of upgrading the school facilities.

| Amounts reported for governmental activities in the statement of activities are different because:   |                       |
| Net change in fund balances - total governmental funds   | \$ (149,329)          |
| Capital Outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities those costs are shown in the statement of net assets and allocated over their estimated useful lives as annual depreciation expenses in the statement of activities. This is the amount by which depreciation exceeds capital outlays for the period. |                       |

RECONCILIATION OF THE BALANCE SHEET TO THE STATEMENT OF NET ASSETS  
JUNE 30, 2009

|  | <u>Governmental<br/>Funds</u> |
|--|-------------------------------|
| Amounts reported for governmental activities in the statement of net assets are different because:   |                               |
| Fund balances - total governmental funds   | \$ 207,132                    |
| Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.                  | 15,369                        |
| Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds: |                               |
| Compensated absences   | <u>(8,866)</u>                |
| Net Assets-total Governmental Activities   | <u><u>\$ 213,635</u></u>      |

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES  
 IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES  
 FOR THE YEAR ENDED JUNE 30, 2009**

|   | Governmental<br>Funds |
|---|-----------------------|
| Amounts reported for governmental activities in the statement of activities are different because:  |                       |
| Net change in fund balances - total governmental funds  | \$ 75,206             |
| <p>Capital Outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities those costs are shown in the statement of net assets and allocated over their estimated useful lives as annual depreciation expenses in the statement of activities. This is the amount by which depreciation exceeds capital outlays for the period.</p>   |                       |
| Depreciation expense  | (11,677)              |
| <p>The issuance of long-term debt (e.g., bonds, notes, leases) provides current financial resources to governmenta funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities:</p> |                       |
| Increase in the reserve for compensated absences  | <u>1,929</u>          |
| Change in Net Assets-total Governmental Activities  | <u>\$ 65,458</u>      |

| Amounts reported for governmental activities in the statement of activities are different because:  |                          |
| Net change in fund balances - total governmental funds  | \$ 298,054               |
| <p>Capital Outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities those costs are shown in the statement of net assets and allocated over their estimated useful lives as annual depreciation expenses in the statement of activities. This is the amount by which depreciation exceeds capital outlays for the period.</p>   |                          |
| Capital Outlay  | 74,567                   |
| Depreciation expense  | (45,381)                 |
| <p>The issuance of long-term debt (e.g., bonds, notes, leases) provides current financial resources to governmenta funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities:</p> |                          |

## **REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Hector Balderas  
New Mexico State Auditor  
The Office of Management and Budget  
To the Board of Education  
Las Cruces Public School District No. 2  
Las Cruces, New Mexico

We have audited the basic financial statements of the governmental activities, the business-type activities, the aggregately presented component units, each major fund, and the aggregate remaining fund information consisting of the aggregate non-major governmental fund column and the budgetary comparisons of the general and major special revenue funds of Las Cruces Public School District No. 2, New Mexico, as of and for the year ended June 30, 2009, which collectively comprise the District's basic financial statements as listed in the table of contents, and have issued our report thereon dated November 3, 2009. We also have audited the financial statements of each of the District's major capital project funds, the debt service fund, non-major governmental and fiduciary funds and budgetary comparisons presented as supplementary information in the accompanying combining and individual fund financial statements as of and for the year ended June 30, 2009, as listed in the table of contents, and have issued our report thereon dated November 3, 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

### Internal Control Over Financial Reporting

In planning and performing our audit, we considered Las Cruces Public School District No. 2, New Mexico's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affect the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the agency's internal control. We consider the deficiencies described in the accompanying schedule of findings and questioned costs to be significant deficiencies in internal control over financial reporting as items FS 08-01, FS 08-16, FS 09-03, FS 09-10 and FS 09-11.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the agency's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, of the significant deficiencies described above, we consider item FS 09-07 to be a material weakness.

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether Las Cruces Public School District No. 2, New Mexico's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and questioned costs as items FS 08-04, FS 08-09, FS 08-12, FS 08-14, FS 09-01, FS 09-02, FS 09-04, FS 09-05 and FS 09-07 through FS 09-09.

We noted certain matters that are required to be reported under *Governmental Auditing Standards* paragraph 5.14 and 5.16, and Section 12-6-5 NMSA 1978, which are described in the accompanying schedule of findings and questioned costs as item FS 09-06.

The District's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. We did not audit the agency's responses and, accordingly, we express no opinion on them.

This report is intended solely for the information and use of management, others within the organization, the audit committee, the Office of the State Auditor, New Mexico State Legislature, New Mexico Public Education Department, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

## REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Hector Balderas  
New Mexico State Auditor  
The Office of Management and Budget  
To the Board of Education  
Las Cruces Public School District No. 2  
Las Cruces, New Mexico

### Compliance

We have audited the compliance of Las Cruces Public School District No. 2, New Mexico, with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2009. Las Cruces Public School District No. 2, New Mexico's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of Las Cruces Public School District No. 2, New Mexico's management. Our responsibility is to express an opinion on Las Cruces Public School District No. 2, New Mexico's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Las Cruces Public School District No. 2, New Mexico's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Las Cruces Public School District No. 2, New Mexico's compliance with those requirements.

In our opinion, Las Cruces Public School District No. 2, New Mexico complied, in all material respects, with the compliance requirements that apply to each of its major federal programs for the year ended June 30, 2009.

### Internal Control Over Compliance

The management of Las Cruces Public School District No. 2, New Mexico is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Las Cruces Public School District No. 2, New Mexico's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

(This page intentionally left blank.)

A control deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the District's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the District's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the District's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

The District's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. We did not audit the agency's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the audit committee, management, others within the organization, the Office of the State Auditor, New Mexico State Legislature, New Mexico Public Education Department, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Schedule V  
(Page 3 of 3)

**Notes to Schedule of Expenditures of Federal Awards**

1. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (Schedule) includes the federal grant activity of the Las Cruces Schools (District) and is presented on the modified accrual basis of accounting, which is the same basis as was used to prepare the fund financial statements. The information in this Schedule is presented in accordance with the requirements of OMB Circular A-133, Audits of States, Local Governments and Non-Profit Organizations. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of the financial statements.

2. Subrecipients

The District did not provide any federal awards to subrecipients during the year.

3. Non Cash Federal Assistance

The District receives USDA Commodities for use in sponsoring the National School Lunch and Breakfast programs. The value of commodities received for the year ended June 30, 2009 was \$468,139 and is reported in the Schedule of Expenditures of Federal Awards under the Department of Agriculture Commodities program, CFDA number 10.550. Commodities are recorded as revenues and expenditures in the food service fund.

**Section II – Financial Statement Findings**

**FS 08-01: Bank Reconciliations – Repeated**

*Condition:* During the performance of audit procedures relating to cash and bank reconciliations, the following items were noted:

- The outstanding check listing did not agree to the checks in transit on the payroll clearing and accounts payable clearing bank reconciliation. The payroll listing did not agree by \$4,129 and the accounts payable listing did not agree by \$116,347, for a net understatement of \$120,476.
- All bank reconciliations did not appear to be prepared and or reviewed in a timely manner.

*Criteria:* Per NMAC 6.20.2.14 K, all bank accounts shall be reconciled on a monthly basis. Reconciled bank statements should to be reviewed by the business manager and/or assistant superintendent for business administration. The bank statement, deposit slips, and cancelled checks shall be made available to the District's auditor during the annual audit.

*Effect:* Reconciling cash accounts is essential to District operational and management decisions. The District is reconciling cash monthly as required, however, the lack of a review process has not allowed various items on the bank reconciliations to be addressed and cleared in a timely manner. Such items may indicative of errors or possible fraudulent activity and result in unnecessary adjustments which are not properly supported.

*Cause:* The cause is that the District did not reconcile the bank accounts to the general ledger timely at year end.

*Auditor's Recommendation:* We recommend that each bank statement be reconciled to the general ledger balances on a monthly basis and all supporting documentation be maintained. Items, such as those noted in the condition above should be addressed monthly. A proper internal control structure, including a review process by the business manager or controller, will insure errors and irregularities are addressed.

*Management's Response:* These bank reconciliations are now current. To prevent this issue from reoccurring, the District implemented an internal review of all bank reconciliations.

**FS 08-04: Budgetary Conditions – Repeated**

*Condition:* The District had the several expenditure functions where actual expenditures exceeded budgetary authority in the amount of \$666.

*Criteria:* Sound financial management and 6-6-6 NMSA 1978 require that budgets not be exceeded at the legal level of control. For school districts, the expenditure function is the legal level of control.

*Effect:* As a result, in non compliance with New Mexico law, and the control established by the use of budgets has been compromised. Continued over-expenditure of budgeted balances may result in unnecessary usage of operating funds to cover the over-expenditures.

*Cause:* The District did not make the appropriate budgetary adjustments requests and transfers to alleviate possible over-expenditure within functions prior to the year end.

*Auditors' Recommendation:* The District should establish a policy of budgetary review at year-end, and make the necessary budget adjustments resolutions (BAR's) prior to year end.

*Management's Response:* The Finance Team will closely monitor grants of certain program coordinators and work with them on the mandated PED process.

**FS 09-01 – Pledged Collateral**

*Criteria:* Cash equivalents and deposits must be covered by 50% of pledged collateral in accordance with NMSA 1978 Section 6-10-8.

*Condition:* During the year ended June 30, 2009, the School maintained and utilized deposits with financial institutions which were not covered by 50% of pledged collateral as required by State of New Mexico Statutes. As of June 30, 2009 the under collateralization at the Bank of America totaled \$6,209,917.

*Effect:* Lack of proper collateralization may result in non-compliance with state statutes and increase potential liability and exposure to the loss of the School's public funds in the event of bank closure.

*Cause:* The District has funds that are not covered by FDIC and the District does not have the additional pledged collateral needed to insure their security.

*Auditor's Recommendation:* The School should ensure all cash balances are collateralized as required by State Statutes.

*Management's Response:* The District has implemented a process in which the pledged collateral is evaluated for quality and sufficiency on an ongoing basis.

**Alma D'Arte Charter School**

**FS 09-02 – Noncompliance with Budget Requirements**

*Condition:* The Charter had expenditure functions where actual expenditures exceeded budgetary authority in the amount of \$33,650. For more information on specific line items see the notes to the financial statements above.

*Criteria:* Sound financial management and state regulation 6.20.2.9 (A), NMAC and state statutes 22-8-5 through 22-8-12.2, NMSA 1978, require that budgets not be exceeded at the legal level of control. For schools, the expenditure function is the legal level of control.

*Effect:* The School is in non-compliance with New Mexico state law, and the control established by the use of budgets has been compromised. Continued over-expenditure of budgeted balances may result in unnecessary usage of operating funds to cover the over-expenditures.

*Cause:* The School did not make the appropriate budgetary transfers to alleviate the over-expenditure.

*Auditor's Recommendation:* The School should establish a policy of budgetary review at year-end, and make the necessary budget adjustments.

*Management's Response:* Alma d' arte does have a policy of budgetary review, but this was a unique situation. The NM Charter Bureau Division distributed supplemental Federal Charter School funds to Alma for supply and technology needs. It was several months later that Alma was notified that the funds were erroneously distributed because the federal grant period had expired. Alma had \$33,650 carryover money in this fund and the charter bureau refused to approve a BAR. Ultimately, Alma was given the choice to either send the funds back or expend them. The Management Team decided to spend the funds and take the finding given the economic situation.

**La Academia Dolores Huerta**

**FS 08-09 Bank Reconciliations (Repeated and Revised)**

*Condition:* During fieldwork we noted that the bank reconciliation and PED did not agree to the Schools general ledger in the amount of \$9,103.

*Criteria:* According to NMAC 6.20.2.14, "Schools shall establish and maintain cash management programs to safeguard cash and provide prompt and accurate reporting that adheres to cash management requirements of the office of management and budget (OMB) Circular A-102, and applicable state and federal laws and regulations.

*Effect:* Not properly addressing unreconciled items or maintaining control over its cash account and may result in the Scholl being susceptible to continued errors through unintentional errors and/or fraud.

*Cause:* School finance personnel did not completely reconciled its bank account as the \$8,239 was listed as an outstanding item.

*Auditor Recommendation:* Perform complete and accurate bank reconciliations at month-end and assign another member of management the responsibility of reviewing each month's bank reconciliation. All unusual reconciling items should be investigated and dealt with promptly so errors do not accumulate thereby making the reconciliation process more difficult and time consuming

*Management Response:* Payroll clearing account balance was not showing on cash report, reported to PED. Correction has been made. La Academia is in the process of closing clearing account.

**FS-09-03 – Depreciation Calculation**

*Condition:* During our examination of depreciation expense, GPS noted that there were a few errors in the depreciation expense amounts. The School's depreciation is understated by as a result of the errors.

*Criteria:* Section 6-5-2, NMSA 1978, requires that state agencies shall implement internal accounting controls designed to prevent accounting errors and violations of state and federal law and rules related to financial matters.

*Effect:* The School's depreciation is understated by as a result of the errors. Errors in calculating depreciation and other estimates may result in financial statement misstatement.

*Cause:* Depreciation was being calculated incorrectly. The client was not depreciating assets for their full life, which explains the large understatement.

*Recommendation:* The depreciation calculations should be tested for accuracy to ensure that assets are being depreciated for the full amount across the life of the asset.

*Management's Response:* Error on business manager zeroed out on fifth year, should have depreciated amounts one more year.

**YEAR ENDED JUNE 30, 2009**

**FS-09-04 – Credit Cards**

*Condition:* During our testwork of Credit Card usage and transactions, we discovered a debit card was utilized by the School during the fiscal year.

*Criteria:* Laws of 2007, Regular Session, Chapter 28, Section 3, Subsection L states, “Except for gasoline credit cards used solely for operation of official vehicles, telephone credit cards used solely for official business and procurement cards used as authorized by Section 6-5-9(l) NMSA 1978.”

*Cause:* The administration of the School set up a credit card for use in general operation with vendors such as Staples and OfficeMax, etc.

*Effect:* This gives the cardholder direct access to public funds with the possibility of incurring unauthorized interest charges, which negates cash controls and is not good accounting practice.

*Recommendation:* The School should cancel the credit cards and only utilize procurement cards authorized by Section 6-5-9(l) NMSA 1978.

*Management’s Response:* La Academia will check on procurement card and talk to credit card vendors to see how we can purchase without having a credit limit. Even though right now we do not use the credit cards we issue PO’s to vendor, credit cards are locked in a safe place.

**Las Montanas Charter School**

**FS 08-12 – Payroll Withholdings – RHC - Repeated**

*Condition:* The school did not withhold employee contributions, process employer contributions, or make payments as required to the New Mexico Retiree Healthcare Board for their employees for the first three months of the fiscal year. A bulk payment was made to NMRHC in October 2008 for the months of July, August and September that covered employer and employee portions.

*Criteria:* Per 10-7C-15 NMSA 1978 as a condition of employment, participation employers shall deduct RHC contributions from the participating employee’s salary and shall remit it to the board as provided by any procedures the board may require. Per discussion with NMRHC if an employee is covered under ERB they are also a member of RHC.

*Effect:* Because the employees were not substitutes, interns, or less than .25 FTE Retiree Healthcare contributions should have been made by both the employer and the employee. As a result the school has misreported its wages to the NMRHC and is out of compliance with state statute. The school also had to absorb additional expenditures due to mistake as a result of interest.

*Cause:* Rio Grande Behavioral Health, the Schools contracted Business Manager, was not aware of requirements to contribute to the Educational Retirement Board. This misunderstanding was mainly due to fact that 2008 was the School’s the first year of operation as well as the first year the Business Manager has performed this position for a charter school.

*Auditor Recommendation:* We recommend that the school properly report wages to the NMRHC Board and implement procedures to ensure wages are properly reported and related contributions are paid accurately and timely.

*Management Response:* Procedures have been implemented to ensure wages are properly reported and contributions paid accurately.

**FS 08-14 – Pledged Collateral – Cash Equivalents and Deposits (Repeated and Revised)**

*Condition:* During the year ended June 30, 2009, the Charter school maintained and utilized deposits with financial institutions which were not covered by 50% of pledged collateral as required by State of New Mexico Statutes. As of June 30, 2009 the under collateralization at the institutions totaled \$339,440.

*Criteria:* Cash equivalents and deposits must be covered by 50% of pledged collateral in accordance with NMSA 1978 Section 6-10-8.

*Effect:* Lack of proper collateralization may result in non-compliance with state statutes and increase potential liability and exposure to the loss of funds in the event of bank failure or closure.

*Cause:* The Charter school has funds that are not covered by FDIC. The School indicated it was unaware of the pledged collateral requirement.

*Auditor Recommendation:* The Charter School should ensure all cash balances are collateralized as required by State Statutes. This can be accomplished through implementation of internal control procedures which require monthly monitoring of the School pledged collateral statements received from their financial institution.

*Management Response:* Management will set up a new account with a financial institution that can assure cash equivalents and deposits are covered by 50% of pledged collateral.

**FS 08-16 – Cash Controls - Repeated**

*Condition:* During our audit procedures we noted that the School received deposits from the State of New Mexico and other entities which were deposited with another entity, Families and Youth, Inc. Instances have also occurred in which the School has received electronic wire transfers for the other entity as well. It appears that the deposits are eventually provided to the correct recipient, however, this is a conditions which should not be occurring.

*Criteria:* According to NMAC 6.20.2.14, “Schools shall establish and maintain cash management programs to safeguard cash and provide prompt and accurate reporting that adheres to cash management requirements of the office of management and budget (OMB) Circular A-102, and applicable state and federal laws and regulations.

*Effect:* Current cash controls did not adequately address wire transfers and as a result, School funds were deposited in the accounts of another entity. Improper controls over cash may result in the School not receiving funds timely and operational activities as well as management decisions may be affected.

*Cause:* Cash controls were not adequately addressed to ensure that wire transfers are deposited in the Schools accounts. The School did not provide proper information to entities transferring funds to the School.

*Auditor Recommendation:* We recommend that the School implement procedures which ensure School funds are expedited through proper financial institutions and banks. The School must make this a high priority.

*Management Response:* LMCS has filed the proper paperwork with the appropriate bank information and communicated with the proper officials at PED to ensure all direct deposits are made to the proper account. Beyond as indicated, LMCS has no control on how payments from PED are disbursed.

**FS-09-05 – Debit/Credit Cards**

*Condition:* During our testwork of Credit Card usage and transactions, we discovered a debit card was utilized by the School during the fiscal year.

*Criteria:* Laws of 2007, Regular Session, Chapter 28, Section 3, Subsection L states, “Except for gasoline credit cards used solely for operation of official vehicles, telephone credit cards used solely for official business and procurement cards used as authorized by Section 6-5-9(I) NMSA 1978.”

*Cause:* The administration of the Los Montanas set up a debit/credit card for use in general operation. Also, credit cards were utilized at local retail establishments, i.e. Lowe’s, Staples, etc.

*Effect:* This gives the cardholder direct access to public funds with the possibility of incurring unauthorized interest charges, which negates cash controls and is not good accounting practice.

*Recommendation:* The School should cancel the debit/credit cards and only utilize procurement cards authorized by Section 6-5-9(I) NMSA 1978.

*Management’s Response:* Management will replace the existing debit card with an acceptable procurement card.

**FS-09-06 – Cash receipts**

*Condition:* While conducting the audit, we noted that LMCS does not use a pre-numbered receipt book for receipts other than cash.

*Criteria:* NMAC 6.20.2.14 states that each school district shall issue a factory pre-numbered receipt for all money received. Pre-numbered receipts are to be controlled and secured.

*Effect:* Las Montanas Charter School is not in compliance with NMAC 6.20.2.14. Not implementing a pre-numbered cash receipt procedure increase potential possibilities of fraudulent activity by those receipting funds.

*Cause:* The School has not implemented a process in which receipts such as check received in person are issued a pre-numbered receipt.

*Auditor’s Recommendation:* We recommend that Las Montanas Charter School begin using a pre-numbered receipt book for all receipts.

*Management’s Response:* Accounting Staff will utilize a prenumbered receipt book for all money received.

**FS 09-07 – Vendor Prepayment**

*Condition:* During the audit it came to our attention that the school prepaid consulting services to Families and Youth, Inc. in the amount of \$125,000.

*Criteria:* 13-1-158 A NMSA 1978 states “No warrant, check or other negotiable instrument shall be issued in payment for any purchase of services, construction or items of tangible personal property unless the central purchasing office or the using agency certifies that the services, construction or items of tangible personal property have been received and meet specifications...”

*Effect:* In addition to not complying with 13-1-158 A NMSA 1978, the School create a potential issue as services may either not be provided or reduced subsequent to payment.

*Cause:* In 2009 the school wrote a check to the vendor for \$125,000 for consulting services for the fiscal year ended June 30, 2010.

*Auditor Recommendation:* School should request a refund from the vendor for the remaining credit balance. In addition, the School must implement policies and procedures to ensure no goods or services are paid in advance of receipt.

*Management Response:* Management was unaware prepayments were unallowable. Policies and Procedures will be modified to ensure no payments are made in advance of receipt of goods and services.

**FS 09-08 – Procurement Code**

*Condition:* During the year ended June 30, 2009 we noted the School purchased a van from a related party without following proper procurement code procedures. Total amount paid for the van was \$10,061.45. In addition, the School purchased a GMC Yukon for the amount of \$20,902.75 from the same related party using the same procedures. As such, these purchases should have been purchased in compliance with the Procurement Code.

*Criteria:* As indicated in NMAC 1.4.1.14 through 1.4.1.28, an internal control structure over purchasing shall be established and maintained to assure compliance with school district policy and state and federal regulations in assurance that all the bids are supported by the proper documentation. NMAC 13-1-25 states “Notwithstanding the requirements of Subsection A of this section, a state agency or a local public body may procure services, construction or items of tangible personal property having a value not exceeding ten thousand dollars (\$10,000) by issuing a direct purchase order to a contractor based upon the best obtainable price.”

*Effect:* The school is not in compliance with NMAC 1.4.1.14 through 1.4.1.28 or NMAC 13-1-25 as it relates to small purchases. In this case, the School should have obtained multiple bids and/or quotes.

*Cause:* School was unclear as to a specific service and the procurement code’s requirements.

*Auditor’s Recommendation:* We recommend that the school designate a procurement agent who would be accountable for maintaining records and ensuring State and Federal procurement policies are being implemented and followed.

*Management’s Response:* Total paid for the 2004 Yukon was \$17,789 and total paid for the 2002 Chevy Van was \$9,401.45. See attached documentation. Management will modify policies and procedures to adhere to procurement code for purchases greater than \$10,000 by obtaining multiple bids and/or quotes.

**FS 09-09 – Services Contract**

*Condition:* During the year ended June 30, 2009 we noted the School contracted with Families and Youth, Inc. to provide janitorial services to the School. The total paid to the vendor was \$23,894.52. The School did not maintain a contract (supporting documentation) for these services and the services were not placed out to bid or quote from alternative providers.

*Criteria:* As indicated in NMAC 1.4.1.14 through 1.4.1.28, an internal control structure over purchasing shall be established and maintained to assure compliance with school district policy and state and federal regulations in assurance that all the bids are supported by the proper documentation. NMAC 13-1-25 states “Notwithstanding the requirements of Subsection A of this section, a state agency or a local public body may procure services, construction or items of tangible personal property having a value not exceeding ten thousand dollars (\$10,000) by issuing a direct purchase order to a contractor based upon the best obtainable price.”

*Effect:* The school is not in compliance with NMAC 1.4.1.14 through 1.4.1.28 or NMAC 13-1-25 as it relates to small purchases. In this case, the School should have obtained multiple bids and/or quotes for services such as janitorial services.

*Cause:* School was not aware of procurement code requirements related to service agreements. As such, the School entered a service agreement with a vendor without following procurement requirements.

*Auditor’s Recommendation:* We recommend that the school designate a procurement agent who would be accountable for maintaining records and ensuring State and Federal procurement policies are being implemented and followed.

*Management’s Response:* Management will modify policies and procedures to adhere to procurement code for purchases greater than \$10,000 by obtaining multiple bids and/or quotes.

**FS 09-10 – Late payments to vendors**

*Condition:* During the year ended June 30, 2009 we noted the School paid management fees and services late.

*Criteria:* Proper internal control policies and procedures require timely payment of expenditures to ensure an entity does not incur expenditures that the School is unable to pay.

*Effect:* In this case, the School should not have accepted services without first retaining funds to pay for the services. The School may have incurred liabilities that it would have been unable to pay.

*Cause:* The School did not pay for the services as it was in the first year of operation and did not have the funds available. The services were provided by a party which deferred payment until funds were received at the School.

*Auditor’s Recommendation:* We recommend that the school implement policies and procedures which require sufficient funds be on hand prior to receipt of goods or services.

*Management’s Response:* Management will continue to seek timely reimbursement from payers.

**FS 09-11 – Repayment of Loan**

*Condition:* During audit procedures for the year ended June 30, 2009 we noted a payment from the School to a vendor which represented a loan repayment of \$2,000.

*Criteria:* Per State Statute, “In no event shall any money be expended or debts incurred except as authorized by the Public School Finance Act [22-8-1 NMSA 1978].”

*Effect:* The School is in non-compliance with 22-8-1 NMSA 1978. Incurring debt without proper approval may result in interest, penalties and possible other unknown and unallowable expenditures.

*Cause:* The School incurred debt of \$2,000 which was not properly authorized. The School received the funds when cash was not available in the first year of School operation.

*Auditor’s Recommendation:* We recommend that the School implement policies and procedures which require State Statutes are known and followed with regards to acceptance of funds as well as incurrence of debt.

*Management’s Response:* Management will continue to seek timely reimbursement from payers.
