FINANCIAL SECTION

INDEPENDENT AUDITOR'S REPORT

Hector H. Balderas New Mexico State Auditor The Office of Management and Budget and The Governing Board Logan Municipal Schools Logan, New Mexico

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information and the budgetary comparison statement of the General Fund and the major special revenue fund activities of Logan Municipal Schools (the "District") as of and for the year ended June 30, 2012, which collectively comprise the District's basic financial statements as listed in the table of contents. We also have audited the financial statements of each of the District's nonmajor governmental funds and the budgetary comparisons of the Bond Building, Capital Improvements SB-9 fund, and Debt Service fund and the remaining nonmajor governmental funds presented as supplementary information in the accompanying combining and individual fund financial statements as of and for the year ended June 30, 2012 as listed in the table of contents. These financial statements are the responsibility of Logan Municipal Schools' management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Logan Municipal Schools, as of June 30, 2012, and the respective changes in financial position, thereof and the respective budgetary comparison statements for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each nonmajor governmental fund of Logan Municipal Schools as of June 30, 2012, and the respective changes in financial position thereof and the respective budgetary comparison statements for each nonmajor governmental fund and the budgetary comparison of the Bond Building, Capital Improvements SB-9 Fund, and Debt Service fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated August 30, 2012 on our consideration of the Logan Municipal Schools' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the *Management's Discussion and Analysis* on pages 15-22 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with the auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements, the combining and individual fund financial statements, and the budgetary comparison statements. The accompanying Schedule of Expenditures of Federal Awards (Schedule IV) is presented for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, *Audits of State, Local Government, and Non-Profit Organizations*, and is not a required part of the financial statements. The additional schedules listed as "other supplemental information" in the table of contents are presented for the purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Precision Accounting LC

Albuquerque, New Mexico

August 30, 2012

This Management Discussion and Analysis of the fiscal performance of the Logan Municipal Schools (District) for the period ending June 30, 2012. The MD & A written analysis is a required part of the District's financial reporting and is an objective and easily readable discussion of the District's financial activities. For school districts, GASB 34 has had a significant impact in the manner in which the financial statements are prepared, as well as the kinds of statements that are included in the report. There are two new statements that were begun four years ago: a Statement of Net Assets which includes all of the assets and liabilities of the district and a Statement of Activities, which is a report that uses a net cost format with expenses reported by functions/programs. The Management Discussion and Analysis as well as the two new statements, provide a review of the School District's *overall* financial activities using the accrual basis of accounting. Fund financial statements are reported on a modified accrual basis of accounting. The reports include a comparison with last fiscal year.

The discussion and analysis, as well as the Statement of Net Assets and Statement of Activities, provide a review of the District's overall financial activities, using the accrual basis of accounting, for the year ending June 30, 2012. Fund financial statements are reported on a modified accrual basis of accounting. Rather than looking at specific areas of performance, this discussion and analysis focuses on the financial performance of the District as a whole. Whenever possible this discussion and analysis will provide the reader multi-year pictures of financial performance and other pertinent information through the use of tables and other graphics information.

In addition to the new reporting, this annual report consists of a series of detailed, audited financial statements and the notes to those statements. Also included is the Independent Auditor's Report, The Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Governmental Auditing Standards, and a Schedule of Findings and Responses. These statements and information were included in past audit reports.

About LOGAN MUNICIPAL SCHOOLS

To completely understand the financial discussion of Logan Municipal Schools, it is important to understand the nature of the District.

As one would travel the State of New Mexico, it would be a unique treat to pass through Logan. Located in Eastern New Mexico, the community is isolated and yet diverse. Nestled next to beautiful Ute Lake State Park in Quay County is the village of Logan. Logan is a small, rural community with a population of just over 1,000 people: however, because of summer recreation, the population often expands to several thousand during its peak season. Most people derive their livelihood from farming, ranching, government employment and, of course, recreation.

Logan has a registered voting population of approximately 795with 50 percent of these voters being retired with no ties to the school. This enables the Logan Municipal Schools to qualify and apply for additional Funding. Most of the community realized the importance of the school as the center of this thriving area and whole heartily supported this important endeavor. The school population is approximately 300 students including the online school in grades PK-12 with approximately 30 three and four year olds. It is the attempt of the district to provide academic and extracurricular opportunities that will enhance individual student knowledge and experience. Our older students are active in sports-football, volleyball, basketball and track-along with FFA, Honor Society, Student Council and various other activities. The primary focus with the elementary students tends to be in the classroom because of necessary skill building at this level; however, these students also have the opportunity to participate in limited sports competitions. On the state rankings, Logan students do very well. The High School and Elementary School met AYP the past three years and this past year the Middle School did not. The new school grading system gave the Elementary School and "A", the Mid-School a "D" and the High School a "C". We have implemented an online school to address retention issues as well as provide students additional course work. There is little violence and/or vandalism to report; and it is important that as one walks the halls, there are still no locks on the student's lockers because there is not a need.

The District provides a full range of educational services to its students. The Special Education staff of the Logan district joins forces with the General Education staff, families, and community to increase learning opportunities for ALL students. The purpose of Special Education is based on a philosophy of providing a high quality, individualized, comprehensive education in the most inclusive environment based on a student's educational needs. The purpose of this education is to prepare students to become productive and responsible and to allow them to meaningfully participate in an ever-changing global society.

Significant Financial Highlights for the Year Ending June 30, 2012

The overall Fund Balances decreased from \$1,558,929 for the year ending June 30, 2011 to \$1,473,168 for the year ending June 30, 2012. The total decrease in fund balance is \$85,761. The decrease was due to no bond issuance in 2012 despite the small decrease in expenditures and the decrease in funding.

Total expenditures decreased from \$4,352,199 for the year ending June 30, 2011 to \$4,172,256 for the year ending June 30, 2012. This is a decrease in expenditures of \$179,943 or 4%. The reason for this decrease is because the district experienced a decrease in revenues. Revenues increased from \$3,666,319 for the year ending June 30, 2011 to \$4,086,495 for the year ending June 30, 2012 resulting is a total increase of \$420,176.

Total cash decreased by \$76,438 in 2012 in part due to the district having increased spending and a reduction in revenue.

The change of \$165,005 in capital assets is attributable to capital additions of \$61,416 and depreciation expense of \$226,421 for the year.

There was a decrease in accounts payable of \$63,795 while overall liabilities decreased (as a result by) \$361,341 due to the decrease of interfund payables, bond payments and deferred revenues.

Mr. Cain wants to know if taking out 'as a result by' changes the context of the sentence. If not, then he would like it to be removed.

DISTRICT WIDE FINANCIAL STATEMENTS

Statement of Net Assets

The overall Statement of Net Assets is prepared using the accrual method of accounting. This statement shows that the District has net assets of \$4,050,963. The District has \$1,502,736 of cash and cash equivalents on hand as of June 30, 2012 compared to \$270,267 in accounts payable and other current liabilities. There are no restricted net assets. Net Assets totaling \$523,883 are "unrestricted".

	<u>June 30,</u>		<u>June</u>
	<u>2012</u>		30, 2011
Cash Assets \$	1,502,736	\$	1,579,174
Other Current Assets	97,321		173,693
Capital Assets	4,948,300		5,113,305
Other Non Current Assets	22,873	_	27,424
Total Assets	6,571,230		6,893,596
<u>Liabilities</u>			
Accounts Payable	16,756		80,551
Other Current Liabilities	128,511		426,057
Long Term Liabilities	2,375,000		2,375,000
Total Liabilities	2,520,267	_	2,881,608
Net Assets			
Invested in Capital Assets	2,453,059		2,971,525
Restricted	1,074,021		727,244
Unrestricted	523,883	_	313,219
Total Net Assets	4,050,963	_	4,011,988
Total New Assets and Liabilities \$	6,571,230	\$ =	6,893,596

GASB 34 rules require public entities to depreciate capital assets. This statement includes an adjusted accumulated depreciation of the District's capital assets in the amount of \$4,607,689. The District utilized a "straight line" depreciation method in all cases and standardized lifetime tables in calculating this depreciation.

Statement of Activities

The Statement of (Governmental) Activities is a statement required by GASB 34 and is prepared using the accrual method of accounting. This report compliments the Statement of Net Assets by showing the overall change in the District's net assets for the fiscal year ending June 30, 2012. As of June 30, 2012 the District had net assets of \$4,050,963. The adjusted beginning year total net assets are \$4,011,988 reflecting a increase in total net assets of \$21,219 for the year ending June 30, 2012.

	<u>June 30, 2012</u>	June 30, 2011
Expenses for Governmental Activities	\$(4,059,902)	\$(4,062,361)
Less Charges for Services	68,041	54,438
Less Operating Grants and Contributions	529,696	762,708

Net Assets Beginning	4,029,744	4,417,08	80
Net Assets –Ending	\$ 4,011,988	\$ 4,029,74	14

FUND FINANCIAL STATEMENTS

The Statement of Revenues and Expenditures and Changes in Fund Balances report guides the reader to a meaningful overall view for the District revenue, expenditures and changes to the fund balance. Total revenues from state, local and federal sources were \$4,086,495. Total expenditures for the District were \$4,172,256. The total ending fund balance was \$1,473,168; a decrease of (\$85,761) from the prior year.

Multi-Year District Revenues and Expenditures

A multi-year view of overall District revenues and expenditures indicates a growth and then lack of growth in both areas through the 2012 fiscal year. The revenue and expenditures decreased in the 2012 fiscal year due to the policy of the Logan Municipal Schools to not expend more revenue than we receive coupled with the cap on cash balances allowed by the PED. The District enrollment fluctuates. It is expected that expenditures increase with increased enrollment.

Year	Total Revenues *	Increase %	Total Expenses*
2002/2003	4,514,404	56%	5,211,512
2003/2004	5,752,380	27%	5,680,426
2004/2005	3,152,102	(45%)	3,230,588
2005/2006	3,497,169	11%	3,550,617
2006/2007	4,132,870	18%	3,995,021
2007/2008	3,923,827	6%	3,717,908
2008/2009	5,391,333	28%	4,202,518
2009/2010	3,845,106	(29%)	4,642,245
2010/2011	3,666,319	(5%)	4,352,199
2011/2012	4,086,495	11%	4,172,256

Note: * Revenues include proceeds from General Obligation Bonds and exclude cash carryovers; * Expenditures include capital outlays.

The Budget

District budgets reflect the same growth as seen in the revenue and expenditures of the District. The State of New Mexico school budget process is defined under state law and regulation. To enhance the process of developing a budget at the school district level, the District utilizes goals and objectives defined by the District's Board, community input meetings, long term plans and input from various staff groups to develop to the District's budget. District priorities are well defined through this process.

GASB 34 does not require a statement presenting the overall result of the budget for each year; however, all major budgetary funds are required to be reported as a separate statement.

Major budgetary funds in these reports are; The General Fund (Operational Fund) (Transportation Fund) and the (Instructional Materials Fund), The Bond Building Fund, The Capital Improvements SB-9 Fund and the Debt Service Fund. In addition, twenty-nine (29) non-major Special Revenue Funds and non-major Projects Funds are also reported for their budgetary performance. The following graphics and tables show the fiscal relationship of the major funds and the combined non-major funds.

The reader will note that the Operational Fund represents 35% of the total fund dollar amount. This fund provides the salary and benefits for the significant majority of the Direct Instruction, Instructional Support, Administration, Business Support, Food Service and Maintenance staff as well as classroom materials, special education consulting staff and fixed utility costs.

Revenue from this fund is substantially derived from the State Equalization Guarantee, which is the funding formula appropriated for education by the State Legislature. The General Fund is explored later in the Management Discussion and Analysis.

The following table examines the summary budget performance of the major and combined nonmajor funds for the fiscal year ending June 30, 2012. Detailed budget performance is examined through the Budgetary Comparison Statement for each major fund and the Schedule of Revenues and Expenditures Budget and Actual for the combined Special Revenue Funds, Capital Projects Funds, and Debt Service.

MAJOR FUNDS EXPENDITURE BUDGET PERFORMANCE

Fund Type	Final Budget	Actual	Variance
Operational	3,301,346	2,854,931	446,415
D 1D 31	021.660	250.421	691.247
Bond Building	931,668	250,421	681,247
Capital Improvements SB-9	233,182	157,998	75,184
Debt Service	416,579	406,344	10,235

The General Fund's original budget of \$4,069,944 is \$768,598 more than the final budget of \$3,301,346. The reason for this decrease is that the budget is prepared in April, approved in early June and final budget reflects grants and other awards garnered during the year that decreased revenue.

The \$446,415 variance between the final budget in the General Fund and the amount actually spent is the result of decreased revenues resulting in decreased expenditures in these revenue funds as detailed in the application process and award guidelines.

LOGAN MUNICIPAL SCHOOLS MANAGEMENT DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDING JUNE 30, 2012 COMBINED NON-MAJOR FUNDS EXPENDITURE BUDGET PERFORMANCE

Fund Type		Final		
	Combined	Actual	Variance	
	Budget			
Special Revenue Funds	\$366,855	\$303,932	\$62,923	

All funds fell within the regulatory criteria set by the Public Education Department and New Mexico Statute. Both the Manual of Procedures for Public School Accounting and NMSA 8-22-5, Annotated require that budget expenditures be within the authorization of the approved budget.

The General Fund

The General Fund revenues represent \$3,053,768 of the total \$4,086,495 in overall District revenues.

The Operational Fund is predominately funded by revenues from the State of New Mexico Equalization Guarantee Formula. This fund pays for teaching staff, teaching support staff, special education support staff, maintenance staff and administration staff. The Operational Fund provides the predominant funding for athletics and food service. Because of the student growth experienced by the School District, an emphasis on schools by the New Mexico Legislature, and because the Equalization Guarantee Formula is based upon student populations, the Operational Fund saw significant increases in revenues through fiscal year 2007 but a change in the funding formula has resulted in a decrease in State Equalization Guarantee funding since for fiscal years 2008 through 2011 as seen in the following table. In 2011-2012 there was an increase in the State Equalization Guarantee because the unit value was increased. Additionally Logan Schools had increase in student enrollment.

<u>Year</u>	<u>Revenues</u>	Increase %
2001-2002	2,036,856	17%
2002-2003	2,091,714	3%
2003-2004	2,071,638	-1%
2004-2005	2,003,867	-3%
2005-2006	2,257,142	9%
2006-2007	2,724,397	9%
2007-2008	2,602,897	-4%
2008-2009	2,545,755	-3%
2009-2010	2,445,102	-4%
2010-2011	2,434,687	-1%
2011-2012	2,963,721	21%

Because the Operational Fund is the main fund whose expenditures are significantly related to the educational process, \$2,857,693 was expended in the year ending June 30, 2012.

The most significant inter-fund expenditure was for the function noted as "Direct Instruction". This expenditure was \$1,653,202 and represents 58% of all general expenditures. Expenditures included in this function are regular and special education teachers and assistants, benefits, payroll taxes, school supplies, training and miscellaneous instructional related contract services. Approximately 67% of all Operational Fund expenditures are made for employee salaries, payroll taxes and benefits.

The following discussion on the General Fund Budget will relate functional expenditures for the year ending

June 30, 2012 for the Operational Fund. Direct Instruction represents 58% of all Operational Fund expenditures. Direct Instruction expenditures account for regular education, special education and kindergarten teachers and educational assistant salaries, payroll taxes and benefits. Instructional Support represents 41% of Operational Fund expenditures and account for expenditures for school principals, program coordinators, counselors, school nursing staff, librarians, special education ancillary staff and significant support to special education programs through contract ancillary support staff and contract programs.

The Office of the Superintendent and the Business Office represent the overhead support of the entire operations of the District; these programs combined represent 9% of the total Operational Fund. Operation of Plant accounts for 15% of the Operational Fund expenditures. Included in the Operation of the Plant expenditures are salaries and benefits for maintenance staff, school custodians, fixed utility costs, maintenance and repairs, maintenance supplies and school custodial supplies. Additional support for maintenance supplies and projects comes from the voter approved SB9 Fund. The Operational Fund also supports expenditures for athletics, food service and transportation.

Capital Assets

Because of aging facilities, the District has taken an aggressive approach to maintaining existing facilities.

Asset Type	Balance June 30,	Balance June 30,	Balance June 30,	Balance June 30,
	<u>2009</u>	<u>2010</u>	<u>2011</u>	<u>2012</u>
Land & Improvements	7,916,384	8,811,050	9,043,151	9,043,151
Construction in Progress	294,508	-	-	-
Furniture, Fixtures & Equipment	710,882	738,797	722,836	739,259
Total Capital Assets	8,921,774	9,549,847	9,765,987	9,782,410
Less Accumulated Depreciation	(4,384,264)	(4,583,926)	(4,652,682)	(4,834,110)
Capital Assets-Net	4,537,510	4,965,921	5,113,305	4,948,300

In the fiscal year ending June 30, 2012 the Statement of Revenues and Expenditures and Changes in Fund Balances shows the District expended \$343,249 for all capital outlays. The capital outlay expenditures consist mostly of maintenance of equipment and grounds, and library books.

General Long Term Debt

Article IX, Section 11 of the New Mexico Constitution limits the power of a school district to incur general obligation debt beyond a school year unless such debt is for "the purpose of erecting, remodeling, making additions, and furnishing buildings or purchasing or improving school grounds or purchasing computer software or hardware for student use in public classrooms or any combination of these purposes." The approval of debt is subject to a vote of the local electors and may not exceed 6% of the assessed valuation of the taxable property within the District.

The School District has never defaulted on any of its debts or other obligations. Listed below is the District's total general obligation debt as of June 30, 2012.

Year Ended June 30,	Principal	Interest	Totals
2013	125,000	109,904	234,904
2014	150,000	104,591	254,591

2023-2027	<u>765,000</u>	94,488	859,488
Total	\$ 2,375,000	\$ 896,157	\$ 3,271,157

In 2003, the New Mexico legislature passed some major education reforms known as House Bill 212 that implemented a new three tiered licensure system for classroom teachers. It is has had a major impact on the district's budget because it establishes a \$30,000, \$40,000 and a \$50,000 salary minimum for Level I, Level II and Level III teachers. In addition, the legislation provides for a minimum salary for school principals effective in FY 07-08.

It is expected that there will continue to be double-digit inflation in the cost of health and medical insurance benefits provided through the New Mexico Public Schools Insurance Authority in subsequent years. This will have a large budget impact to the district.

The New Mexico Public Schools Insurance Authority also provides general liability, property damage and worker's compensation coverage for all school districts in New Mexico. It is anticipated that for the next several years, that school districts will experience double-digit inflationary increases for this coverage. The cost increases of general liability, property damage and worker's compensation premiums should be included in the funding formula, but because of the high claims history of some districts, those districts will realize a budget shortfall.

The above factors will present some challenges and opportunities for the District to closely review all programs, operations, and staffing levels, in hopes of identifying ways in which to balance its budget in future years. The board of education has indicated their desire to establish a long-range strategic planning committee to help develop plans for coping with the budget challenges.

Contacting the Logan Municipal School

This financial report is designed to provide our community, parents, taxpayers, investors, and creditors with an overview of the Logan Municipal School District's financial condition and to provide accountability for the funds the school district receives. If you have any questions about this report or about the operations of the Logan Municipal School District, please contact:

LOGAN MUNICIPAL SCHOOLS GOVERNMENTAL FUNDS

RECONCILIATION OF THE BALANCE SHEET TO THE STATEMENT OF NET ASSETS June 30, 2012

Amounts reported for governmental activities in the statement of net assets are different because:

Fund balances - total governmental funds	\$	1,473,168
Capital assets used in governmental activities are not financial resources and,		
therefore, are not reported in this fund financial statement, but are		
reported in the governmental activities of the Statement of Net Assets		4,948,300
Other assets are not available to pay for current-period		
expenditures and therefore, are deferred in the funds:		
Bond issuance costs		22,873
Deferred property taxes not collected within sixty days after year end		
are not considered "available" revenues and are considered to be		
deferred revenue in fund financial statements, but are considered		
revenue in the Statement of Activities		
Other liabilities are not due and payable in the current period and		(10.005)
therefore are not reported in the funds - accrued interest payable		(18,385)
Long town liabilities, including hands naughle and commensated		
Long-term liabilities, including bonds payable and compensated		
absences are not due and payable in the current		(2.275.000)
period and therefore are not reported in the funds	φ	(2,375,000)
Net Assets of Governmental Activities in the Statement of Net Assets	>	4,050,956

LOGAN MUNICIPAL SCHOOLS GOVERNMENTAL FUNDS

Exhibit B-2 (Page 2 of 2)

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

For the year Ended June 30, 2012

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds

(85,761)

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense:

Capital expenditures:

Current year capital expenditures capitalized 61,416
Depreciation expense (226,421)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenue in the funds:

Property taxes 814

The issuance of long-term debt (e.g., bonds, notes, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities:

Amortization of bond issuance costs	(4,551)
Accrued Interest	(9,285)
Principal payments on bonds	285,000
	\$
Changes in Net Assets of Governmental Activities	21,212

STATE OF NEW MEXICO Logan Municipal Schools Notes to the Financial Statements June 30, 2012

NOTE 1. Summary of Significant Accounting Policies

Logan Municipal Schools is a special purpose government corporation governed by an elected five-member Board of Education. The Board of Education is the basic level of government, which has oversight responsibility and control over all activities related to the public school education of the Village of Logan. The District is responsible for all activities related to public elementary and secondary school education within its jurisdiction. The District receives funding from local, state, and federal government sources and must comply with the requirements of these funding source entities.

This summary of significant accounting policies of the District is presented to assist in the understanding of the District's financial statements. The financial statements and notes are the representation of Logan Municipal Schools management who is responsible for their integrity and objectivity. The financial statements of the District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The financial statements have incorporated all applicable GASB pronouncements as well as Financial Accounting Standards Board (FASB) Statements and Interpretations, Accounting Principles Board Opinions and Accounting Research Bulletins of the Committee on accounting procedures issued on or before November 30, 1989 unless those pronouncements conflict with or contradict GASB pronouncements. The more significant of the government's accounting policies are described below.

A. Financial Reporting Entity

In evaluating how to define the District, for financial reporting purposes, management has considered all potential component units. The decision to include any potential component units in the financial reporting entity was made by applying the criteria set forth in GASB Statements No. 14 and No. 39. Blended component units, although legally separate entities, are in substance part of the government's operations. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the government.

The basic-but not the only-criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters. A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity benefits the government and/or its citizens. A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the government is able to exercise oversight responsibilities. Finally, the nature and significance of a potential component unit to the primary government could warrant its inclusion within the reporting entity. Based upon the application of these criteria, the District has no component units, and is not a component unit of another governmental agency.

STATE OF NEW MEXICO Logan Municipal Schools Notes to the Financial Statements June 30, 2012

NOTE 1. Summary of Significant Accounting Policies (continued)

B. Government-wide and fund financial statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. These include fees for meals, lab fees and activity fees for Logan Municipal Schools. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

C. Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the *economic resources measurement* focus and the accrual basis of accounting, as is the fiduciary fund financial statement. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are billed. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources* measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Logan Municipal Schools Notes to the Financial Statements June 30, 2012

NOTE 1. Summary of Significant Accounting Policies (continued)

C. Measurement focus, basis of accounting, and financial statement presentation (continued)

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Sales and use taxes are classified as derived tax revenues and are recognized as revenue when the underlying exchange takes place and the revenues are measurable and available. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The government reports the following major governmental funds:

The *Operational Fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. Revenues are provided by district school tax levy, state equalization and earnings from investments. Expenditures include all costs associated with the daily operations of the schools except for those items included in other funds.

The *Transportation Fund* is used to account for the transportation distribution received from the State Department of Education which is used to pay for the costs associated with transporting school age children.

The *Instructional Materials Fund* is used to account for the monies received from the State Department of Education for the purposes of purchasing instructional materials (books, manuals, periodicals, etc.) used in the education of students.

The *Bond Building Capital Project* fund is used to account for resources received from the Department of Education state equalization guarantee for use in remodeling and equipping classroom facilities.

The Capital Improvements SB-9 Capital Projects Fund is used to account for the revenue derived from a district tax levy and matched by the state. Expenditures are restricted to capital improvements.

The *Debt Service Fund* is used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs.

Additionally, the government reports the following fund types:

The *Fiduciary Funds* account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governments and/or other funds.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Logan Municipal Schools Notes to the Financial Statements June 30, 2012

NOTE 1. Summary of Significant Accounting Policies (continued)

D. Assets, Liabilities and Net Assets or Equity

Deposits and Investments: The District's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

State statutes authorize the District to invest in Certificates of Deposit, obligations of the U.S. Government, and the State Treasurer's Investment Pool.

Investments for the District are reported at fair value. The State Treasurer's Pool operates in accordance with appropriate state laws and regulations. The reported value of the pool is the same as the fair value of the pool shares.

Receivables and Payables: Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or between proprietary funds are netted as part of the reconciliation to the government-wide financial statements. All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

The District receives monthly income from a tax levy in Quay County. The funds are collected by the County Treasurers and are remitted to the School District the following month. Under the modified accrual method of accounting, the amount remitted by the County Treasurers in July and August 2012 is considered 'measurable and available' and, accordingly, is recorded as revenue in the governmental fund statements during the year ended June 30, 2012.

Certain Special Revenue funds are administered on a reimbursement method of funding; other funds are operated on a cash advance method of funding. The funds incurred the cost and submitted the necessary request for reimbursement or advance, respectively.

Prepaid Items: Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements.

Instructional Materials: The New Mexico Public Education Department (PED) receives federal mineral leasing funds from which it makes annual allocations to the various school districts for the purchase of educational materials. Of each allocation, seventy percent is restricted to the requisition of materials listed in the New Mexico Public Education Department "State Adopted Instructional Material" list, while thirty percent of each allocation is available for purchases directly from vendors. The districts are allowed to carry forward unused allocations from year to year.

Inventory: Inventory is valued at cost utilizing the purchase basis of accounting. Inventory in the Special Revenue Funds consists of U.S.D.A. commodities and other purchased food and non-food supplies. The cost of purchased food is recorded as expenditures at the time individual inventory items are consumed. The U.S.D.A. commodities are recorded at year-end by audit adjusting entries. Commodities consumed during the year are reported as revenues and expenditures; unused commodities are reported as inventories. Non-commodity inventories are equally offset by a fund balance reserve, which indicates that they do not constitute "available spendable resources" even though they are a component of net current assets. Donated commodities for the year ended June 30, 2012 were \$7,116.

Logan Municipal Schools Notes to the Financial Statements June 30, 2012

NOTE 1. Summary of Significant Accounting Policies (continued)

D. Assets, Liabilities and Net Assets or Equity (continued)

Capital Assets: Capital assets, which include property, plant, and equipment, are reported in the applicable governmental column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. Information Technology Equipment including software is being capitalized and included in furniture, fixtures and equipment in accordance with NMAC 2.20.1.9 C (5).

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. No interest was included as part of the cost of capital assets under construction.

Property, plant, and equipment of the primary government are depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings and Improvements	20-50
Equipment, vehicles, software	
and library	3-15

Deferred Revenues: Accounting principles generally accepted in the United States of America require that grant revenue be recognized at the time the related expense is made if the expenditure of funds is the prime factor for determining eligibility for reimbursement; therefore, amounts received and not expended in the Special Revenue Funds are shown as deferred revenues. Amounts receivable from the property taxes levied for the current year that are not considered to be "available" under the current financial resources measurement focus are reported as deferred revenues in the governmental fund financial statements.

Compensated Absences: The District contracts with all employees on an annual basis. A terminated employee is paid through the date of dismissal in accordance with their contract. Due to this practice, no liability is reported for unpaid vacation or accumulated sick leave, as no payment is required upon termination of service by employees.

Long-term Obligations: In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Logan Municipal Schools Notes to the Financial Statements June 30, 2012

NOTE 1. Summary of Significant Accounting Policies (continued)

D. Assets, Liabilities and Net Assets or Equity (continued)

Fund Equity: Restricted fund balance represents amounts that are constrained either by: 1) externally imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments; or 2) imposed by law through constitutional provisions or enabling legislation.

Committed fund balance represents amounts that are useable only for specific purposes by formal action of the government's highest level of decision-making authority.

Assigned fund balance represents amounts that are intended to be used for specific purposes, but are neither restricted nor committed. Intent is expressed by the governing body or a subordinate high-level body or official whom the governing body has delegated.

Unassigned fund balance is the residual classification for the general fund and represents the amounts that have not been assigned to other funds, and that have not been restricted, committed, or assigned to specific purposes.

The District's policy is to apply restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

Reclassifications: Certain amounts presented in prior year data have been reclassified in order to be consistent with the current year's presentation.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

E. Revenues

State Equalization Guarantee: School districts in the State of New Mexico receive a 'state equalization guarantee distribution' which is defined as "that amount of money distributed to each school district to insure that the school district's operating revenue, including its local and federal revenues as defined (in Chapter 22, Section 825, NMSA 1978) is at least equal to the school district's program costs.

A school district's program costs are determined through the use of various formulas using 'program units' which take into consideration: 1) early childhood education; 2) basic education; 3) special education; 4) bilingual-multicultural education; 5) size of district, etc. Payment is made from the public school fund under the authority of the Director of Public School Finance. The District received \$2,963,721 in state equalization guarantee distributions during the year ended June 30, 2012.

Logan Municipal Schools Notes to the Financial Statements June 30, 2012

NOTE 1. Summary of Significant Accounting Policies (continued)

Tax Revenues: The District receives mill levy and ad-valorem tax revenues primarily for debt service and capital outlay purposes. Property taxes are assessed on January 1st of each year and are payable in two equal installments, on November 10th of the year in which the tax bill is prepared and April 10th of the following year with the levies becoming delinquent 30 days (one month) thereafter. The District recognizes tax revenues in the period for which they are levied in the government-wide financial statements. The District records only the portion of the taxes considered 'measurable' and 'available' in the governmental fund financial statements. The District recognized \$427,358 in tax revenues in the governmental fund financial statements during the year ended June 30, 2012. Descriptions of the individual debt service and capital outlay funds contained in these financial statements include information regarding the authority for the collection and use of these taxes.

Transportation Distribution: School districts in the State of New Mexico receive student transportation distributions. The transportation distribution is allocated to each school district in accordance with formulas developed by the State Transportation Director and the Director of Public School Finance. The funds shall be used only for the purpose of making payments to each school district for the to-and-from school transportation costs of students in grades K-12 attending public school within the school district. The District received \$241,545 in transportation distributions during the year ended June 30, 2012.

Instructional Materials: The District had allocations allowed by the State for the current year of \$12,890. The full amount of allocations used to purchase textbooks during the year was \$12,890. Allocations received and utilized are reflected in revenue and expenditures of the General Fund.

NOTE 2. Stewardship, Compliance and Accountability

Budgetary Information

Budgets for the General, Special Revenue, Debt Service, and Capital Projects Funds are prepared by management and are approved by the local Board of Education and the School Budget and Planning Unit of the Department of Education. Auxiliary student activity accounts are not budgeted.

These budgets are prepared on the Non-GAAP cash basis, excluding encumbrances, and secure appropriation of funds for only one year. Carryover funds must be re-appropriated in the budget of the subsequent fiscal year. Because the budget process in the State of New Mexico requires that the beginning cash balance be appropriated in the budget of the subsequent fiscal year, such appropriated balance is legally restricted and is therefore presented as a designated portion of fund balance.

Actual expenditures may not exceed the budget on a line item basis, i.e., each budgeted expenditure must be within budgeted amounts. Budgets may be amended in two ways. If a budget transfer is necessary within a major category called a 'series' this may be accomplished with only local Board of Education approval. If a transfer between 'series' or a budget increase is required, approval must also be obtained from Public School Finance Division.

The budgetary information presented in these financial statements has been amended in accordance with the above procedures. The School District follows these procedures in establishing the budgetary data reflected in the financial statements:

Logan Municipal Schools Notes to the Financial Statements June 30, 2012

NOTE 2. Stewardship, Compliance and Accountability (continued)

- 1. In April or May, the superintendent submits to the Board of Education a proposed operating budget of the fiscal year commencing the following July. The operating budget includes proposed expenditures and the means of financing them, and has approval by the Department of Education.
- 2. In May or June, the budget is approved by the Board of Education.
- The school board meeting is open for the general public unless a closed meeting has been called.
- 4. The superintendent is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the school board and the State of New Mexico Department of Education.
- Formal budgetary integration is employed as a management control device during the year for the General Fund, Special Revenue Funds, Debt Service Fund and Capital Projects Funds.
- 6. Budgets for the General, Special Revenue, Debt Service and Capital Projects Funds are adopted on a basis not consistent with generally accepted accounting principles (GAAP). Encumbrances are treated the same way for GAAP purposes and for Budget purposes.

The School Board may approve amendments to the appropriated budget, which are required when a change is made affecting budgeted ending fund balance. New Mexico Administrative Code 6.20.2.9 prohibits a school district from exceeding budgetary control at the function level.

The District is required to balance its budgets each year. Accordingly, amounts that are excess or deficient are presented as changes in cash designated for expenditures, not as an excess or deficiency of revenues over expenditures.

NOTE 3. Cash and Temporary Investments

State statutes authorize the investment of the District funds in a wide variety of instruments including certificates of deposit and other similar obligations, state investment pool, money market accounts, and United States Government obligations. All invested funds of the District properly followed state investment requirements as of June 30, 2012.

Deposits of funds may be made in interest or non-interest bearing checking accounts in one or more banks or savings and loan associations within the geographical boundaries of the District. Deposits may be made to the extent that they are insured by an agency of the United States or by collateral deposited as security or by bond given by the financial institution.

The rate of interest in non-demand interest-bearing accounts shall be set by the State Board of Finance, but in no case shall the rate of interest be less than one hundred percent of the asked price on United States treasury bills of the same maturity on the day of deposit.

Excess of funds may be temporarily invested in securities which are issued by the State or by the United States government, or by their departments or agencies, and which are either direct obligations of the State or the United States or are backed by the full faith and credit of those governments.

The collateral pledged is listed on Schedule 1 of this report. The types of collateral allowed are limited to direct obligations of the United States Government and all bonds issued by any agency, District or political subdivision of the State of New Mexico.

Logan Municipal Schools Notes to the Financial Statements June 30, 2012

NOTE 3. Cash and Temporary Investments (continued)

According to the Federal Deposit Insurance Corporation, public unit deposits are funds owned by the public unit. Time deposits, savings deposits and interest bearing NOW accounts of a public unit in an institution in the same state will be insured up to \$250,000 in aggregate and separate from the \$250,000 coverage for public unit demand deposits at the same institution. The Frank Dodd Act of 2010 required that all funds in a non-interest bearing bank account be fully insured by the FDIC through December 31, 2012. Logan Municipal Schools' funds are in an interest bearing account and therefore are not subject to the Frank Dodd Act.

Deposits

NM State Statutes require collateral pledged for deposits in excess of the federal deposit insurance to be delivered, or a joint safekeeping receipt be issued, to the District for a least one half of the amount on deposit with the institution. The schedule listed below will meet the State of New Mexico, Office of the State Auditor's requirements in reporting the insured portion of the deposits.

Type	First National Bank of NN			
Checking- Activity	\$	139.461		
Checking-Operational		1,458,915		
Total Deposits		1,598,379		
Less: FDIC Coverage		(389,461)		
Uninsured Amount		1,208,918		
50% Collateral requirement		604,454		
Pledged Securities (Schedule 1)		875,361		
(Over) Under collateralized	<u>\$</u>	(270,907)		
Custodial Credit Risk-Deposits				
Account Balance	\$	1,598,379		
FDIC Insured		389,461		
Collateral:				
Collateral held by the pledging				
bank, not in the District's name		875,361		
Uninsured and uncollateralized		333,557		
Total Deposits	\$	1,598,379		

Custodial credit risk is the risk that in the event of a bank failure, the governments' deposits may not be returned to it. The government does not have a deposit policy for custodial credit risk. As of June 30, 2012, \$333,557 of the District's bank balance of \$1,598,379 was exposed to custodial credit risk.

Custodial Credit Risk- Investments

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The District does not have an investment policy for custodial credit risk. New Mexico State Statutes require collateral pledged to be delivered for the securities underlying an overnight repurchase agreement, or a joint safekeeping receipt to be issued to the District for at least one hundred and two percent of the fair value of the securities underlying overnight repurchase accounts invested with the institution.

Logan Municipal Schools Notes to the Financial Statements June 30, 2012

NOTE 3. Cash and Temporary Investments (continued)

At June 30, 2012, the Districts' investment balances were exposed to custodial credit risk as follows:

Investment in the State Treasurer Local Government Investment Pool \$

The New MexiGrow Local Governmental Investment Pool's (LGIP) investments are valued at fair value based on quoted market prices as of the valuation date. The LGIP is not SEC registered. The New Mexico State Treasurer is authorized to invest the short-term investment funds, with the advice and consent of the State Board of Finance, In accordance with Sections 6-10-10 I though 6-10-10-P and Section 6-10-10.1 A and E, NMSA 1978. The pool does not have unit shares. Per Section 6-10-10.1F, NMSA 19078, as the end of each month all interest earned is distributed by the State Treasurer to the contributing entities in amounts directly proportionate to the respective amounts deposited in the fund and the length of time the fund amounts were invested. Participation in the LGIP is voluntary.

Interest Rate Risk and Credit Rating-Investment in State Treasurer's LGIP

The District does not have a formal policy limiting investment maturities to manage its exposure to fair value losses from increasing interest rates. The District's investments at June 30, 2012 include the following:

State Treasurer Local Government Investment Pool AAAm 60-day WAM \$ 3

Reconciliation of Cash and Temporary Investments

Governmental Funds - Balance Sheet

Cash and cash equivalents per Exhibit A-1

Cash per Fiduciary Statement

Balance per Financial Statements

\$ 1,502,736

\$ 1,502,736

\$ 1,502,736

\$ 1,550,115

NOTE 4. Accounts Payables and Accrued Expenses

Accounts payable and Accrued Expenses as of June 30, 2012, are as follows:

Payable to suppliers	\$ 16,756
Accrued salaries	90,343
Accrued interest	 18,385
Total Accounts Payable and Accrued Expenses	\$ 125,484

Logan Municipal Schools Notes to the Financial Statements June 30, 2012

NOTE 5. Interfund Receivables, Payables, and Transfers

The District records temporary interfund receivables and payables to enable the funds to operate until grant monies are received.

The composition of interfund balances during the year ended June 30, 2012 is as follows:

	I	Interfund Payable		
General Fund	\$	44,352	\$	-
Title I		-		16,820
IDEA B Entitlement		-		11,730
IDEA B Discretionary		-		3,030
IDEA B Preschool		-		4,588
Fresh Fruits and Vegetables		-		1,775
IDEA B Reallocation		-		438
Dual Credit		-		1,208
2010 GO Bond		-		4,763
	\$	44,352	\$	44,352

NOTE 6. Accounts Receivable

Accounts receivable as of June 30, 2012, are as follows:

	General Fund		apital ovements 5B-9	Debt Service	Other Governmental Funds	Total
Property taxes	\$ 850	\$	4,212	\$ 8,907	\$ - \$	13,969
Due from other governments:						
Title I	-		-	-	211	211
Title I	-		-	-	18,665	18,665
Idea B Entitlement	-		-	-	11,730	11,730
Fresh Fruits and Vegetables	-		-	-	3,030	3,030
Title I Federal Stimulus	-		-	-	4,588	4,588
Safe and Drug Free Schools	-		-	-	1,775	1,775
Preschool Initiative	-		-	-	438	438
Preschool Initiative	-		-	-	1,208	1,208
YCCC	-		_	-	4,763	4,763
	\$ 850	\$	4,212	\$8,907	\$ 46,408	\$ 60,377

The above receivables are deemed 100% collectible.

Deferred Revenues

Deferred revenue represents advances on grants which have not been earned at June 30, 2012.

Other	Governmental				
Federal Awards	\$	19,783	\$	19,783	

Logan Municipal Schools Notes to the Financial Statements June 30, 2012

NOTE 7. Capital Assets

A summary of capital assets and changes occurring during the year ended June 30, 2012, including those changes pursuant to the implementation of GASB Statement No. 34, follows. Land is not subject to depreciation.

	Balance June 30, 2011	Additions and Transfers In		Deletions and Transfers Out	Balance June 30, 2012
Capital assets not being depreciated:					
Land Construction in Progress	\$ 66,766	\$ - -	\$	- -	\$ 66,766
Total capital assets not being depreciated	66,766	<u>-</u>			66,766
Capital assets being depreciated:					
Buildings and improvements Equipment, Vehicles, Software and	8,976,385	-		-	8,976,385

Capital assets, net of accumulated depreciation, at June 30, 2012 appear in the Statement of Net Assets as follows:

Governmental activities \$4,948,300

Depreciation expense for the year ended June 30, 2012 was charged to the following functions and funds:

Governmental activities:	
Direct instruction	\$ 116,461
General and Administrative	49,714
Food Services	14,838
Pupil Transportation	 45,408
	\$ 226,421

Logan Municipal Schools Notes to the Financial Statements June 30, 2012

NOTE 8. Long-term Debt

The District issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds are direct obligations and pledge the full faith and credit of the District. These bonds are issued with varying terms and varying amounts of principal maturing each year. All general obligation bonds as of June 30, 2012 are for governmental activities. The following bonds were issued for the purpose of erecting, furnishing, remodeling and making additions to District buildings and improving District grounds. A tax is annually assessed, levied and collected upon all taxable property within the District for the purpose of providing the necessary funds to meet the interest and principal payments as they become due.

Bonds outstanding at June 30, 2012, are comprised of the following:

Series	Date of Issue	Amount	Interest Rate	Balance
2009	1/15/09	\$1,500,000	4.2%-5.25%	\$1,375,000
2011	4/15/11	\$1,000,000	3.0%-5.0%	\$1,000,000

The following is a summary of the long-term debt and the activity for the year ended June 30, 2012:

	Balance			Balance	Due Within
	June 30, 2011	Additions	Deletions	June 30, 2012	One Year
General obligation					
bonds					
Series 7/15/2001	\$ 160,000	\$ -	\$ 160,000	\$ -	\$ -
Series 1/15/2009	1,500,000	-	125,000	1,375,000	125,000
Series 4/15/2011	1,000,000	-	-	1,000,000	
	\$ 2,660,000	\$ -	\$ 285,000	\$ 2,375,000	\$ 125,000

The annual requirements to amortize the General Obligation Bonds as of June 30, 2012, including interest payments are as follows:

Fiscal Year					T	otal Debt
Ending June 30,	Principal		Principal Interest			Service
2013	\$	125,000	\$	66,594	\$	191,594

The payments made to liquidate the debt are usually paid by the debt service fund.

NOTE 9. Risk Management

The District is a member of the New Mexico Public School Insurance Authority (NMPSIA). The Authority was created to provide comprehensive core insurance programs by expanding the pool of subscribers to maximize cost containment opportunities for required insurance coverage. The District pays an annual premium to the NMPSIA based on claim experience and the status of the pool. The Risk Management Program includes Workers Compensation, General and Automobile Liability, Automobile Physical Damage, and Property and Crime coverage. Also included under the risk management program are Boiler, Machinery and Student Accident Insurance.

The NMPSIA provides coverage for up to a maximum of \$500,000,000 for each property damage claim with a \$750 deductible to each building. General liability coverage is afforded to all employees, volunteers and school board members and the limit is subject to the NMSA Tort Claims Act on a per occurrence basis. The automobile and property liability limit is subject to the provisions of the Tort Claims Act. The crime limit is \$250,000 per occurrence for Faithful Performance. A limit of \$250,000 applies to Depositor's Forgery, Credit Card Forgery, and Money Orders. A limit of \$100,000 applies to Money and Securities, which include a \$750 deductible.

In case the NMPSIA's assets are not sufficient to meet its liability claims, the agreement provides that subscribers, including the District, cannot be assessed additional premiums to cover the shortfall. As of June 30, 2012, there have been no claims that have exceeded insurance coverage.

Logan Municipal Schools Notes to the Financial Statements June 30, 2012

NOTE 10. Other Required Individual Fund Disclosures

Generally accepted accounting principles require disclosures of certain information concerning individual funds including:

A. Deficit fund balance

There are no instances of deficit fund balances.

B. Excess Expenditures over budget.

YCCC Fund \$25,708

NOTE 11. ERA Pension Plan

Plan Description. Substantially all of the District's full-time employees participate in a public employee retirement system authorized under the Educational Retirement Act (Chapter 22, Article 11, NMSA 1978). The Educational Retirement Board (ERB) is the administrator of the plan, which is a cost-sharing multiple-employer defined benefit retirement plan. The plan provides for retirement benefits, disability benefits, survivor benefits and cost-of-living adjustments to plan members (certified teachers, and other employees of State public school districts, colleges and universities) and beneficiaries. ERB issues a separate, publicly available financial report that includes financial statements and required supplementary information for the plan. That report may be obtained by writing to ERB, P.O. Box 26129, Santa Fe, NM 87502. The report is also available on ERB's website at www.nmerb.org.

Funding Policy. Effective July 1, 2011, plan members are required by statute to contribute 7.9% of their gross salary if they earned \$20,000 or less annually, and plan members earning more than \$20,000 annually are required to contribute 11.15% of their gross salary. The District is required to contribute 12.4% of the gross covered salary for employees earning \$20,000 or less, and 9.15% of the gross covered salary of employees earning more than \$20,000 annually. The contribution requirements of plan members and the District are established in State statute under Chapter 22, Article 11, NMSA 1978. The requirements may be amended by acts of the legislature. The District's contributions to the ERB for the years ended June 30, 2012, 2011 and 2010 were \$172,034 \$183,911, and \$207,039, respectively, which equal the required contributions for each year.

Logan Municipal Schools Notes to the Financial Statements June 30, 2012

NOTE 12. Post-Employment Benefits

Logan Municipal Schools contributes to the New Mexico Retiree Health Care Fund, a cost-sharing multiple-employer defined benefit postemployment healthcare plan administered by the New Mexico Retiree Health Care Authority (RHCA). The RHCA provides health care insurance and prescription drug benefits to retired employees of participating New Mexico government agencies, their spouses, dependents, and surviving spouses and dependents. The RHCA Board was established by the Retiree Health Care Act (Chapter 10, Article 7C, NMSA 1978). The Board is responsible for establishing and amending benefit provisions of the healthcare plan and is also authorized to designate optional and/or voluntary benefits like dental, vision, supplemental life insurance, and long-term care policies.

Eligible retirees are: (1) retirees who make contributions to the fund for at least five years prior to retirement and whose eligible employer during that period of time made contributions as a participant in the Retiree Health Care Act on the person's behalf, unless that person retires before the employer's NMRHCA effective date, in which event the time period required for the employee and employer contributions shall become the period of time between the employer's effective date and the date of retirement; or (2) retirees defined by the Act who retired prior to July 1, 1990; 3) former legislators who served at least two years; and 4) former governing authority members who served at least four years.

The RHCA issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for the postemployment healthcare plan. That report and further information can be obtained by writing to the Retiree Health Care Authority at 4308 Carlisle NE, Suite 104, Albuquerque, NM 87107.

Funding Policy. The Retiree Health Care Act (Section 10-7C-13 NMSA 1978) authorizes the RHCA Board to establish the monthly premium contributions that retirees are required to pay for healthcare benefits. Each participating retiree pays a monthly premium according to a service based subsidy rate schedule for the medical plus basic life plan plus an additional participation fee of five dollars if the eligible participant retired prior to the employer's RCHA effective date or is a former legislator or former governing authority member. Former legislators and governing authority members are required to pay 100% of the insurance premium to cover their claims and the administrative expenses of the plan. The monthly premium rate schedule can be obtained from the RCHA or viewed on their website at www.nmrhca.stat.nm.us.

The Retiree Health Care Act (Section 10-7C-15 NMSA 1978) is the statutory authority that establishes the required contributions of participating employers and their employees. During the fiscal year ended June 30, 2012, the statute required each participating employer to contribute 1.834% of each participating employee's annual salary; each participating employee was required to contribute .917% of their salary. In the fiscal year June 30, 2013 the contribution rates for employees and employers will rise as follows:

Fiscal Year Employer Contribution Rate Employee Contribution Rate 2013 2.00% Employee Contribution Rate

Also, employers joining the program after 1/1/98 are required to make a surplus-amount contribution to the RHCA based on one of two formulas at agreed-upon intervals.

The RHCA plan is financed on a pay-as-you-go basis. The employer, employee and retiree contributions are required to be remitted to the RHCA on a monthly basis. The statutory requirement for the contributions can be changed by the New Mexico State Legislature.

The District's contributions to the RHCA for the years ended June 30, 2012, 2011 and 2010 were \$ 33,420, \$27,688 and \$23,328, respectively, which equal the required contributions for each year.

Logan Municipal Schools Notes to the Financial Statements June 30, 2012

NOTE 13. Contingent Liabilities

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the District expects such amount, if any, to be immaterial.

The District is involved in various claims and lawsuits arising in the normal course of business. Although the outcome of these lawsuits is not presently determinable, it is the opinion of the District's legal counsel that resolution of these matters will not have a material adverse effect on the financial condition of the District.

NOTE 14. Non-Cash Federal Assistance

The District receives USDA Commodities for use in sponsoring the National School Lunch and Breakfast programs. The value of commodities received for the year ended June 30, 2012 was \$7,116.

NOTE 15. Surety Bond

The officials and certain employees of the District are covered by a surety bond as required by Section 12-6-7, NMSA, and 1978 Compilation.

NOTE 16. Memorandum of Understanding

REC

Purpose: To allow the submission of a consolidated application to the State Department of Education for certain funds granted to the State of New Mexico by the USDE under the Education of the Handicapped Act, Part B, PL 94-142 among others.

Participants: Regional Education Cooperative and Logan Municipal Schools

Responsible Party for Operation and Audit: Regional Education Cooperative

Beginning and Ending Date of Agreement: July 1, 1995 until the end of any fiscal year during which the school gives notice of intent to terminate.

Total Estimated Amount of Project and Actual Amount Contributed: The REC paid expenditures on behalf of the District.

Quay County DWI Program

Purpose: To implement the DWI Program to decrease the use of alcohol, tobacco and other drugs in the Logan School District.

Participants: Quay County DWI Program and Logan Municipal Schools

Responsible Party for Operation and Audit: Regional Education Cooperative

Beginning and Ending Date of Agreement: July 1, 2011 until June 30, 2012.

Total Estimated Amount of Project and Actual Amount Contributed: Unknown

Logan Municipal Schools Notes to the Financial Statements June 30, 2012

NOTE 16. Memorandum of Understanding (continued)

Energy Minerals and Natural Resources Department

Purpose: Provide for the joint use of certain baseball fields near Ute Lake.

Participants: New Mexico EMNRD and Logan Municipal Schools.

Responsibility: Both parties will repair and maintain the baseball fields.

Beginning and ending dates of agreement: April 4, 2008 until April 4, 2012.

Estimated costs: Total costs are unknown but the parties will share repair and maintenance costs.

NMHU/RNNM Gear Up

Purpose: Develop the capability of Logan Municipal Schools under an educational model which emphasizes the development of reading comprehension; math; science skills with a student incentive component and a stipend for teachers linked to academic performance.

Participants-New Mexico Highlands University and Logan Municipal Schools.

Responsibility: Support NMHU Gear Up model, and avail data related to the project on a timely basis.

Beginning and ending dates of agreement: 2007 through 2013.

Estimated costs: Total costs are unknown but NMHU will be responsible for financial support.

Mesalands Community College Dual Enrollment Agreement

Purpose: Mesalands Community College will provide higher education to qualified Logan High School junior and senior students in both technical and arts and science courses.

Participants: Mesalands Community College and Logan Municipal Schools.

Responsibility: Logan Municipal Schools will be responsible for tuition and enrollment fees for the enrolled students.

Beginning and ending dates of agreement: July 1, 2011 to June 30, 2012. This MOU has been extended indefinitely until terminated by either party.

Estimated costs: Total costs are dependent on the number of enrolled students and is the sole responsibility of Logan Municipal Schools.

Clinical Facility

Purpose: Logan Municipal Schools and ENMU will improve existing standards of healthcare delivery and education.

Participants: Eastern New Mexico University and Logan Municipal Schools.

Responsibility: Shared between Logan Municipal Schools and Eastern New Mexico University.

Beginning and ending dates of agreement: July 1, 2011 until terminated.

STATE OF NEW MEXICO Logan Municipal Schools Notes to the Financial Statements June 30, 2012

NOTE 17. Subsequent Accounting Standard Pronouncements

The GASB issued Statement No. 65, Financial reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and net Position which is effective for financial statements for periods beginning after December 15, 2012. Earlier application is encouraged. The objective of this statement is to provide financial reporting guidance for deferred outflows of resources and deferred inflows of resources. Concepts Statement No. 4, Elements of Financial Statements, introduced and defined those elements as a consumption of net assets by the government that is applicable to a future reporting period, and an acquisition of net assets by the government that is applicable to a future reporting period, respectively. Previous financial reporting standards do not include guidance for reporting those financial statement elements, which are distinct from assets and liabilities. Concepts Statement 4 also identifies net position as the residual of all other elements presented in a statement of financial position. This Statement amends the net asset reporting requirements in Statement No. 34, Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments, and other pronouncements by incorporating deferred outflows of resources and deferred inflows of resources into the definitions of the required components of the residual measure and by renaming that measure as net position, rather than net assets. The District is reviewing the effects of the implementation of this statement.

The GASB issued Statement No. 66, which is effective for financial statements for periods beginning after December 15, 2012. Earlier application is encouraged. The objective of this statement is to amend Statement No. 10, Accounting and Financial Reporting for Risk Financing and Related Insurance Issues, by removing the provision that limits fund-based reporting of a state and local government's risk financing activities to the general fund and the internal service fund type. As a result, government would base their decisions about governmental fund type usage for risk financing activities on the definitions in State NO. 54, Fund Balance Reporting and Governmental Fund Type Definitions. This statement also amends Statement No. 62, Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements, by modifying the specific guidance on accounting for (1) operating lease payments that vary from a straight-line basis, (2) the difference between the initial investment (purchase price) and that principal amount of a purchased loan or group of loans, and (3) servicing fees related to mortgage loans that are sold when the stated service fee rate differs significantly from a current (normal) servicing fee. These changes would eliminate any uncertainty regarding the application of Statement No. 13, Accounting for Operating Leases with Schedule Rent Increases, and result in guidance that is consistent with the requirements in Statement No. 48, Sales of Pledges of Receivables and Future Revenues and Intra-Entity Transfers of Assets and Future Revenues, respectively. The District is reviewing the effects of the implementation of this statement.

NOTE 18. Subsequent Events Review

Logan Municipal Schools has evaluated subsequent events through August 30, 2012, which is the date the financial statements were dated.

SUPPLEMENTARY INFORMATION

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

The Special Revenue Funds are used to account for Federal, State and Local funded grants. These grants are awarded to the District with the purpose of accomplishing specific educational tasks. Grants accounted for in the Special Revenue Funds include:

Food Service – This fund is utilized to account for Federal and Local sources of income relating to the food service programs. The Food Service Fund is segregated into two categories, one being the Federal funds and the other being Non-Federal funds. Federal funds consist of the National School Lunch Program, which is administered by the State of New Mexico for the purpose of making breakfast and lunch available to all school children and to encourage the domestic consumption of agricultural commodities and other food components. The Non-Federal funds consist of income derived from Snack-Bar facilities located in the District. Authority for the creation of this fund is NMSA 22-13-13.

Athletics - This fund is used to account for fees generated at athletic activities throughout the School District. The gate receipts are obtained from the general public and are expended in this fund. The authority for creation of this fund is 6.20.2 NMAC.

Title I – This fund's major objectives are to provide supplemental educational opportunities for academically disadvantaged children in the area where they reside. Campuses are identified for program participation by the percentage of students on free or reduced price lunches. Any school with a free and reduced price lunch percentage that is equal to or greater than the total district percentage becomes eligible for program participation. Any student whose test scores fall below District established criteria and who is attending a Title I campus is eligible to receive Title I services. Poverty is the criteria that identify a campus; education need determines the students to be served. Federal revenues accounted for in this fund are allocated to the District through the New Mexico Department of Education. Authority for the creation of this fund is Part A of Chapter I of Title I of Elementary and Secondary Education Act (ESEA) of 1965, as amended, Public Law 103-383.

IDEA B Entitlement and Descretionary – The purpose of this program is to account for revenue used to help maximize the resources in meeting the objective of handicapped children. The federal revenues in this fund are received from and administered by the New Mexico Department of Education. Authority for the creation of this fund is Part B of the Handicapped Act, Public Law 105-17.

IDEA-B Preschool - The objective of the Assistance to States for the Education of Handicapped Children Program is to assist in providing free, appropriate public education to all handicapped children from ages three to five. Federal revenues accounted for in this fund are allocated to the District through the New Mexico Department of Children, Youth and Families. Authority for creation of this fund is Public Law 105-17.

Fresh Fruits and Vegetables – The objective of this program is to combat childhood obesity by helping children learn healthier eating habits. The program is used primarily to purchase unique fresh fruit and vegetables and must be made available to all students. Authority for creation of this fund is Public Law 110-234.

IDEA B Risk Pool- The objective of the Assistance to States for the Education of Handicapped Children Program is to assist in providing free, appropriate public education to all handicapped children from ages three to five. Federal revenues accounted for in this fund are allocated to the District through the New Mexico Department of Children, Youth and Families. Authority for creation of this fund is Public Law 105-17.

(This page intentionally left blank.)

SPECIAL REVENUE FUNDS

Teacher Principal Training – The purpose of this fund is to improve the skills of teachers and the quality of instruction in mathematics and science and also to increase the accessibility of such instruction to all students. Authority for creation of this fund is Title II of the Elementary and Secondary Education Act of 1965 as amended, Public Law 103-382.

Safe and Drug Free Schools – The purpose of this fund is to account for a federal grant restricted to the establishment and implementation of substance abuse education and prevention programs in the elementary and secondary schools. The Authority for the creation of this fund is ESEA 1965, Title IV, Part A as amended, 20 USC 71112-7143.

Title I Federal Stimulus - This fund's major objectives are to provide supplemental educational opportunities for academically disadvantaged children in the area where they reside. Campuses are identified for program participation by the percentage of students on free or reduced price lunches. Any school with a free and reduced price lunch percentage that is equal to or greater than the total district percentage becomes eligible for program participation. Any student whose test scores fall below District established criteria and who is attending a Title I campus is eligible to receive Title I services. Poverty is the criteria that identify a campus; education need determines the students to be served. Federal revenues accounted for in this fund are allocated to the District through the New Mexico Department of Education. Authority for the creation of this fund is Part A of Chapter I of Title I of Elementary and Secondary Education Act (ESEA) of 1965, as amended, Public Law 103-383.

Rural Education Achievement Program- The objective is to provide financial assistance to rural district to carry out activities to help improve the quality of teaching and learning in their schools. Elementary and Secondary Education Act of 1965 (ESEA, Title VI, Part B, as amended.

Education Job Fund- The objective is to provide funding for educational jobs and related services for early childhood, elementary, and secondary education at the school level. Authority is the federal Education Jobs Fund Program.

Dual Credit Fund- The objective is to account for the monies received from NMHU for the purpose of dual credit college enrollment for qualified high school seniors.

Technology for Education – The purpose of this grant is to assist the District to develop and implement a strategic, long-term plan for utilizing educational technology in the school system. Funds accounted for in this fund are received from the State of New Mexico. The authority for creation of this fund is NMSA 22-15A-1 to 22-15A-10.

Incentives for School Improvement – The purpose of this state grant is to provide funds for use in providing student educational trips, automation of the District's libraries, and other educational materials. Authority for creation of this fund is Laws of 1997, Chapter 32.

Preschool Initiative – The purpose of this fund is to provide special education and related services to pre-school students and also to increase the accessibility of such instruction to all students. Authority for creation of this fund is the grant award.

Beginning Teacher Mentoring- These funds were intended and used to help beginning (Level I) teachers become more proficient through the guidance of more experienced Level II and especially Level III professional staff.

YCCC - The purpose of this fund is to account for the expenses associated with seasonal employment of youths.

(This page intentionally left blank.)

CAPITAL PROJECTS FUNDS

Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities.

The District has one separate fund classified as non-major Capital Projects Funds as follows:

Special Public School Capital Outlay-State-The purpose of this fund is to account for capital projects funded from awards made by the Public School Capital Outlay Council.

COMPLIANCE SECTION

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Hector H. Balderas New Mexico State Auditor The Office of Management and Budget and The Governing Board Logan Municipal Schools Logan, New Mexico

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information and the budgetary comparison statement of the General fund activities of Logan Municipal Schools as of and for the year ended June 30, 2012, and have issued our report thereon dated August 30, 2012. We also have audited the financial statements of each of the Logan Municipal Schools nonmajor governmental funds and the budgetary comparison schedules of each of the Logan Municipal Schools nonmajor governmental funds and Bond Building and Debt Service funds presented as supplementary information in the accompanying combining and individual fund financial statements and the budgetary comparison statements as of and for the year ended June 30, 2012 as listed in the table of contents. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of Logan Municipal Schools is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered Logan Municipal Schools internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Logan Municipal Schools internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Logan Municipal Schools internal control over financial reporting.

Our consideration of the internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as described in the accompanying schedule of findings and responses, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned function, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses, as defined above.

A significant deficiency is a deficiency or a combination of deficiencies in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described as FS 2011-01, FS 2012-01 and FS 2012-02 in the accompanying schedule of findings and responses to be significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Logan Municipal Schools financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed one instance of noncompliance or other matters, described at FS 2012-02, in the accompanying schedule of findings and responses that is required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the audit committee, management, others within the organization, the Office of the NM Public Education Department, the State Auditor, the New Mexico Legislature and applicable federal grantors and is not intended to be and should not be used by anyone other than these specified parties.

LOGAN MUNICIPAL SCHOOLS FINDINGS AND RESPONSES

Year Ended June 30, 2012

A. FINDINGS AND RESPONSES-FINANCIAL STATEMENT AUDIT

FS 2011-01 – Disposition of capital assets (Significant Deficiency)

CONDITION: During the current year, the District sold three (3) old vehicles, traded a pick-up truck for a trailer, and traded a portable building to the City of Logan for 39 acres of land without the proper notification to the State Auditor. Notification prior to disposal is required by NM State Audit Rule Section 2.2.2.10-V-2 and notification of disposal of assets is required by Section 13-6-1 and 13-6-2 NMSA 1978.

CRITERIA: Notification prior to disposal is required by NM State Audit Rule Section 2.2.2.10-V-2 and notification of disposal of assets is required by Section 13-6-1 and 13-6-2 NMSA 1978.

CAUSE OF CONDITION: Unknown

EFFECT OF CONDITION: The District appears to be in violation the state statute governing the disposition of obsolete, worn-out or unusable tangible personal property cited above.

RECOMMENDATION: We recommend that the District implement a policy for disposal of assets that is in compliance with NMAC 2.2.2.10-V-2.

COSTS AND BENEFITS OF RECOMMENDED ACTION: No additional costs and the District will be in compliance with statutes.

CLIENT RESPONSE: The District will implement a policy for disposal to ensure that the State Auditor is properly notified prior to disposition of any assets.

FS 2012-01 Insurance rate deduction (Significant Deficiency)

CONDITION: The insurance rates do not appear to be withheld at the correct rate due to a change in the employee(s) status during the fiscal year that was not input correctly which resulted in an underpayment for (3) employees.

CRITERIA: Insurance rates should be withheld at the correct rate to ensure compliance with NMAC 6.20.2.18, employee/employer contributions and Anti-Donation.

CAUSE OF CONDITION: It appears the data entry was not updated correctly when the employee status changed during the fiscal year.

EFFECT OF CONDITION: The insurances rates appear to be withheld incorrectly which resulted in an employee underpayment of \$1,888.08 and an employer overpayment of \$1,778.88.

RECOMMENDATION: After changed data has been updated, a second review of employee file for contract salary, insurance enrollment and data entry changes should be completed by another staff member.

COSTS AND BENEFITS OF RECOMMENDED ACTION: The costs are unknown but appear to be minimal. The benefits of the recommendation will ensure compliance with NMAC 6.20.2.18, Anti-Donation and employee/employer contributions are withheld at the correct rates.

CLIENT RESPONSE: As soon as this was brought to my attention, I went through each employee's NMPSIA deduction to insure that the correct amount was being deducted. At the time that new contracts are entered there will be a check put in place to verify that the deduction column ties to the current salary. Procedures will be changed to include another individual for the verification check. I will also contract Visions Software to see if there can be a modification made that will tie the entered contact amount to the correct deduction.

LOGAN MUNICIPAL SCHOOLS FINDINGS AND RESPONSES

Year Ended June 30, 2012

FS 2012-02 Excess expenditures over budget (Significant Deficiency)

CONDITION: The District spent \$25,708 more than budgeted for the YCCC fund.

CRITERIA: NMSA 6-6-6 requires that actual expenditures do not exceed budgeted expenditures by fund.

EFFECT OF CONDITION: The District has violated state statutes and DFA regulations related to the budgetary process.

CAUSE OF CONDITION: The District did not budget the carryover from the previous year.

RECOMMENDATION: We recommend that the District implement controls to monitor the spending of funds and take the necessary steps whenever the budget needs adjusting.

COSTS AND BENEFITS OF RECOMMENDED ACTION: There is no additional cost to accounting for the budget and the benefit is that any future over-expending of the budget

CLIENT RESPONSE: This was an isolated incident. I was unable to include in the initial budget and did not follow up on the BAR for the carryover.

B. PRIOR YEAR AUDIT FINDINGS

FS 2011-01 Disposition of Capital assets-Revised and Repeated

FS 2010-02 Lack of supporting documentation for cash disbursements-Cleared

FS 2010-01 – Procurement procedures related to bids-Cleared

STATE OF NEW MEXICO LOGAN MUNICIPAL SCHOOLS FINDINGS AND RESPONSES

Year Ended June 30, 2012

A. AUDITOR PREPARED FINANCIAL STATEMENTS

Management is responsible for the content of the report and financial statements. It would be preferred and desirable for the District to prepare its own GAAP-basis financial statements; although the District is capable, with guidance, of preparing, reviewing and approving the financial statements, it is felt that the District's personnel do not have the time to prepare them. Therefore, the outside auditor prepared the GAAP-basis financial statements and footnotes for inclusion in the annual audit report.

B. EXIT CONFERENCE

The contents of this report were discussed on August 23, 2012. The following individuals were in attendance:

Logan Municipal Schools
Bill Cone, Board Member
Johnnie Cain, Superintendent
Pat Copeland, Business Manager
