#### INDEPENDENT AUDITORS' REPORT

Hector Balderas New Mexico State Auditor The Office of Management and Budget To the Board of Education Los Alamos Public Schools Los Alamos, New Mexico

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, the aggregate remaining fund information, and the budgetary comparisons for the general funds and the major special revenue fund of Los Alamos Public Schools, New Mexico, as of and for the year ended June 30, 2010, which collectively comprise the District's basic financial statements as listed in the table of contents. We have also audited the financial statements of each of the District's nonmajor governmental funds, and the budgetary comparisons for the major capital project funds, major debt service fund and all nonmajor funds presented as supplementary information in the accompanying combining and individual fund financial statements as of and for the year ended June 30, 2010, as listed in the table of contents. These financial statements are the responsibility of Los Alamos Public Schools, New Mexico's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Los Alamos Public Schools, New Mexico, as of June 30, 2010, and the respective changes in financial position and cash flows, where applicable, thereof, and the respective budgetary comparisons for the general funds and the major special revenue fund for the year then ended in conformity with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each nonmajor governmental fund of Los Alamos Public Schools, New Mexico as of June 30, 2010, and the respective changes in financial position and cash flows where applicable, thereof and the respective budgetary comparisons for the major capital project funds, the major debt service fund and all nonmajor funds for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 9, 2010 on our consideration of Los Alamos Public Schools, New Mexico's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Los Alamos Public Schools has not presented the *Management's Discussion and Analysis* that accounting principles generally accepted in the United States of America has determined is necessary to supplement, although not required to be part of, the basic financial statements.

Our audit was conducted for the purpose of forming opinions on Los Alamos Public School's basic financial statements and the combining and individual fund financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governmental and Non-Profit Organizations*, and is not a required part of the financial statements. The additional schedules listed as "Supporting Schedules" in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED JUNE 30, 2010

Governmental Funds

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds

627,452

Capital Outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities those costs are shown in the statement of net assets and allocated over their estimated useful lives as annual depreciation expenses in the statement of activities. This is the amount by which depreciation exceeds capital outlays for the period.

Depreciation expense (1,530,614)
Capital Outlays 4,311,612
Loss on Disposal of Assets

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds

Change in deferred revenue related to property taxes receivable

20,948

The issuance of long-term debt (e.g., bonds, notes, leases) provides current financial resources to governmenta funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities:

Bond issuance costs Amortization of bond issuance costs (10,091)
Bond underwriter premiums Amortization of bond of original issue premium 8,764
Increase in accrued interest payable (39,294)
Increase in accrued compensated absences 142,012
Bond proceeds Principal payments on bonds 1,830,000

Change in Net Assets-total Governmental Activities

\$ 5,360,789

## LOS ALAMOS PUBLIC SCHOOLS NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2010

## NOTE 1. Summary of Significant Accounting Policies

The Los Alamos Public Schools was created under the provision of Chapter 22 Article 5, Paragraph 4, New Mexico Statutes 1978 to provide public education for the children within the District. The School Board is authorized to establish policies and regulations for its own government consistent with the laws of the State of New Mexico and the regulations of the State Board of Education and the Legislative Finance Committee. The School Board is comprised of five members who are elected for terms of four years.

The School Board operates seven schools within the District, with a total enrollment of approximately 3,433 pupils. In conjunction with the regular education programs, all of these schools offer special education. In addition, the School Board provides transportation for the students.

The summary of significant accounting policies of the District is presented to assist in the understanding of the District's financial statements. The financial statements and notes are the representation of Los Alamos Public Schools' management, who is responsible for their integrity and objectivity. The financial statements of the Los Alamos Public Schools (the "District") have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standard Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The financial statements have incorporated all applicable GASB pronouncements as well as Financial Accounting Standards Board (FASB) statements and interpretations, Accounting Principles, Board Opinions and Accounting Research Bulletins of the Committee on accounting procedures issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements. Government-Wide financial statements have incorporated all applicable GASB pronouncements as well as Financial Accounting Standards Board (FASB) Statements and Interpretations, Accounting Principles, Board Opinions and Accounting Research Bulletins of the Committee on Accounting Procedures issued after November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements. The GASB periodically updates its codification of the existing Governmental Accounting and Financial Reporting Standards which, along with subsequent GASB pronouncements (Statements and Interpretations), constitutes GAAP for governmental units. The more significant of the District's accounting policies are described below.

## A. Financial Reporting Entity

In evaluating how to define the District, for financial reporting purposes, management has considered all potential component units. The decision to include any potential component units in the financial reporting entity was made by applying the criteria set forth in GASB Statements No. 14 and No. 39. Blended component units, although legally separate entities, are in substance part of the government's operations. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the government.

The basic – but not the only – criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters. A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity benefits the government and/or its citizens. A third criterion used to evaluate the potential component units for inclusion of exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the government is able to exercise oversight responsibilities. Finally, the nature and significance of a potential component unit to the primary government could warrant its inclusion within the reporting entity. Based upon the application of these criteria, the District has one component unit as described in the following paragraph, and is not a component unit of another governmental agency.

## LOS ALAMOS PUBLIC SCHOOLS NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2010

## NOTE 1. Summary of Significant Accounting Policies - (Continued)

## A. Financial Reporting Entity (continued)

The Los Alamos Education Foundation is a component unit of the District, as defined by GASB Statements No. 14 and 39, and has a separate governing board. The Foundation does not issue separate financial statements. The Foundation began operations during the end of the 2005 fiscal year.

## B. Government-wide and fund financial statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities and changes in net assets) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise fund are reported as separate columns in the fund financial statements.

## C. Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets and liabilities resulting from non-exchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, *Accounting and Financial Reporting for Non-Exchange Transactions*. Property taxes are recognized as revenues in the year for which the taxes are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

## NOTE 1. Summary of Significant Accounting Policies - (Continued)

C. Measurement focus, basis of accounting, and financial statement presentation (Continued)

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Sales and use taxes are classified as derived tax revenues and are recognized as revenue when the underlying exchange takes place and the revenues are measurable and available. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met and the susceptible to accrual criteria have been met. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

Governmental funds are used to account for the District's general government activities, including the collection and disbursement of specific or legally restricted monies, the acquisition or construction of general fixed assets, and the servicing of general long-term debt. Governmental funds include:

The General Fund is the primary operating fund of the District, and accounts for all financial resources, except those required to be accounted for in other funds.

The *Special Revenue Funds* account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

The *Debt Service Funds* account for the services of general long-term debt not being financed by proprietary or nonexpendable trust funds.

The Capital Projects Funds account for the acquisition of fixed assets or construction of major capital projects not being financed by proprietary or nonexpendable trust funds.

Under the requirements of GASB #34, the District is required to present certain of its governmental funds as major funds based upon certain criteria. The major funds presented in the fund financial statements include the following (in addition to the General Fund), which may include funds that were not required to be presented as major but were at the discretion of management:

### Operational Funds:

The *Transportation Fund* is used to account for the State Equalization received from the State Department of Education which is used to pay for the costs associated with transporting school age children.

The *Instructional Materials Fund* is used to account for the monies received from the State Department of Education for the purposes of purchasing instructional materials (books, manuals, periodicals, etc.) used in the education of students.

The *Entitlement IDEA-B Special Revenue Fund* is used to account for a program funded by a Federal grant to assist the schools in providing free appropriate public education to all handicapped children. Fund authorized by individuals with Disabilities Education Act Part B Section 611-620 as amended, Public Laws 91-230 94-142, 98-199,99-457,100,639, and 101-476, 20-U.S.C. 1411-1420.

*C*. Measurement focus, basis of accounting, and financial statement presentation (continued)

> The Bond Building Capital Projects Fund is used to account for bond proceeds and any income earned thereon. The proceeds are restricted for the purpose of making additions to and furnishing of school buildings, or purchasing or improving school grounds or any combination thereof, as approved by the voters of the District.

> The Capital Improvements HB-33 Capital Projects Fund is used to account for monies received from the State of New Mexico under Chapter 4, Laws of 1996 for the purpose of purchasing assets and supplies.

> The Debt Service Fund is used to account for the accumulation of resources for the payment of General Long-Term Debt principal and interest.

Additionally, the government reports the proprietary funds:

The Food Services Fund is used to account for the cost of operating a student food program and is financed with fees paid by program users.

The Leased Facilities Fund is used to account for the rental income generated from facilities leased by the District.

Additionally, the government reports the following fund types:

The fiduciary funds are purely custodial (assets equal liabilities) and do not involve measurement of results of operations. The District's fiduciary funds are used to account for the collection and payment of student activity funds.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Program revenues included in the Statement of Activities derive directly from the program itself or from parties outside the District's taxpayer or citizenry, as a whole; program revenues reduce the cost of the function to be financed from the District's general revenues. Program revenues are categorized as (a) charges for services, which include revenues collected for cafeteria fees and lost books, etc., (b) programspecific operating grants, which includes revenues received from state and federal sources such as Title I and IDEA-B to be used as specified within each program grant agreement, and (c) program-specific capital grants and contributions, which include revenues from the state resources such as SB-9 and HB-33 funding to be used for capital projects. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes and other items not properly included among program revenues.

The District reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with the function. The District does not currently employ indirect cost allocation systems. Depreciation expense is specifically identifies by function and is included in the direct expense of each function, except for that portion of depreciation that is identified as unallocated in the Statement of Activities. Interest on general long-term debt is considered an indirect expense and is reported separately on the Statement of Activities.

*C*. Measurement focus, basis of accounting, and financial statement presentation (continued)

Proprietary funds distinguish operating revenues and expenses from the non-operating items. Operating revenues and expenses generally result from providing services in connection with the fund's principal ongoing operations. The principal operating revenue of the District's enterprise fund is fees. Operating expenses for enterprise funds include the cost of services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

D. Assets, Liabilities and Net Assets or Equity

> Cash and Investments: The District's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

> State statutes authorize the District to invest in Certificates of Deposit, obligations of the U.S. Government, and the State Treasurer's Investment Pool.

> Investments for the District are reported at fair value. Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties. The State Treasurer's Investment Pool operates in accordance with appropriate state laws and regulations. The reported value of the Pool is the same as the fair value of the pool shares.

> Restricted Assets: Restricted assets consist of those funds expendable for operating purposes but restricted by donors or other outside agencies as to the specific purpose for which they may be expended.

> Interfund activity is reported as either loans, services provided, Receivables and Pavables: reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related costs as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or between proprietary funds are netted as part of the reconciliation to the government-wide financial statements. All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

> The District receives monthly income from a tax levy in Los Alamos County. The funds are collected by the County Treasurer and are remitted to the District in the following month. Under the modified accrual method of accounting, the amount remitted by the Los Alamos County Treasurer in July and August 2010 is considered 'measurable and available' and, accordingly, is recorded as revenue in the governmental fund financial statements during the year ended June 30, 2010.

> Certain Special Revenue funds are administered on a reimbursement method of funding, other funds are operated on a cash advance method of funding. The funds incurred the cost and submitted the necessary request for reimbursement or advance, respectively.

> **Prepaid Items:** Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements.

## LOS ALAMOS PUBLIC SCHOOLS NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2010

## **Summary of Significant Accounting Policies - (Continued)**

D. Assets, Liabilities and Net Assets or Equity - (continued)

NOTE 1.

**Instructional Materials:** The New Mexico Public Education Department (PED) receives federal material leasing funds from which it makes annual allocations to the various school districts for the purchase of educational materials. Of each allocation, fifty percent is restricted to the requisition of material listed in the State Board of Education 'State Adopted Instructional Material' list, while fifty percent of each allocation is available for purchases directly from vendors, for which the school district receives cash drawdowns, or transfer to the fifty percent account for requisition of material from the adopted list. The Districts are allowed to carry forward unused textbook credits from year to year.

**Inventory:** Inventory is valued at lower of cost (first-in, first-out) or market. Inventory in the General and Food Services funds consists of expendable supplies held for consumption and related supplies. The cost is recorded as an expenditure at the time individual inventory items are purchased. The reported inventories are equally offset by a fund balance reserve, which indicates that they do not constitute "available spendable resources" even though they are a component of net assets.

Capital Assets: Capital assets, which include property, plant, and equipment, are reported in the applicable governmental column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Pursuant to the implementation of GASB Statement No. 34, the historical cost of infrastructure assets, (retroactive to 1979) are to be included as part of the governmental capital assets reported in the government wide statements. Donated capital assets are recorded at estimated fair market value at the date of donation. Information Technology Equipment including software is being capitalized and included in furniture, fixtures, and equipment in accordance with NMAC 2.20.1.9 C (5).

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Library books are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. No interest was included as part of the cost of capital assets under construction during the year ended June 30, 2010.

Property, plant, and equipment of the primary government are depreciated using the straight line method over the following estimated useful lives:

Land improvements30 yearsBuildings/building improvements10-50 yearsFurniture and equipment5-15 yearsVehicles10 years

**Deferred Revenues**: The District recognizes grant revenue at the time the related expense is made if the expenditure of funds is the prime factor for determining eligibility for reimbursement; therefore, amounts received and not expended in the Special Revenue Funds are shown as deferred revenues. Amounts receivable from the property taxes levied for the current year that are not considered to be "available" under the current financial resources measurement focus are reported as deferred revenues in the governmental fund financial statements.

**Compensated Absences:** Qualified employees are entitled to earn and accumulate annual leave according to a graduated leave schedule of up to 20 days per year, depending on length of service, the employee's hire date, and employment status. Employees may accumulate and carry forward from one fiscal year to the next up to 40 days of annual leave. Upon termination, employees will be paid for up to 20 days of accrued annual leave.

## LOS ALAMOS PUBLIC SCHOOLS NOTES TO THE FINANCIAL STATEMENTS

#### NOTE 1. **Summary of Significant Accounting Policies - (Continued)**

D. Assets, Liabilities and Net Assets or Equity - (continued)

> Qualified employees are entitled to accumulate sick leave according to a graduated leave schedule of up to 16 days per year, depending on length of service, the employee's hire date, and employment status. Employees may accumulate and carry forward a maximum of 230 days of sick leave. Employees are eligible for deferred sick leave payment upon retirement from the District at a rate of 25-30 % of the employee's daily salary rate for any days above a 90 day base up to a maximum of 140 days.

> Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. In prior years, substantially all of the related expenditures have been liquidated by the general fund. Amounts of vested or accumulated vacation leave that are not expected to be liquidated with expendable available financial resources are reported in the government-wide statement of net assets.

> Long-term Obligations: In the government-wide fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of related debt.

> In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the period the bonds are issued. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt services expenditures.

> **Net Assets or Fund Equity**: In the fund financial statements, governmental funds report reservations of fund balance that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change. These designations are established to earmark resources for specific future use and to indicate that the fund equity does not represent available spendable resources.

> In the government-wide financial statements, fund equity is classified as net assets and is displayed in three components:

Invested in capital assets, net of related debt: Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted Net Assets: Consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulation of other governments; or (2) law through constitutional provisions or enabling legislation. Descriptions for the related restrictions for net assets are restricted for "debt service or capital projects."

Unrestricted Net Assets: All other net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

**Interfund Transactions:** Quasi-external transactions are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund from expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed.

## **Summary of Significant Accounting Policies - (Continued)**

### D. Assets, Liabilities and Net Assets or Equity - (continued)

All other interfund transactions, except quasi-external transactions and reimbursements, are reported as transfers. Nonrecurring or nonroutine permanent transfers of equity are reported as residual equity transfers. All other interfund transfers are reported as operating transfers.

**Estimates**: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. Significant estimates affecting the District's financials include management's estimate of the useful lives of capital assets.

### E. Revenues

NOTE 1.

**State Equalization Guarantee:** School districts in the State of New Mexico receive a 'state equalization guarantee distribution' which is defined as "that amount of money distributed to each school district to insure that the school district's operating revenue, including its local and federal revenues as defined (in Chapter 22, Section 825, NMSA 1978) is at least equal to the school district's program cost.

A school district's program costs are determined through the use of various formulas using 'program units' which take into consideration 1) early childhood education; 2) basic education; 3) special education; 4) bilingual-multicultural education; 5) size, etc. Payment is made from the public school fund under the authority of the Director of Public School Finance. The Schools received \$23,120,608 in state equalization guarantee distributions during the year ended June 30, 2010.

**Tax Revenues:** The District receives mill levy and ad-valorem tax revenues primarily for debt service and capital outlay purposes. Tax revenues are recognized when they are in the hands of the collecting agency. The District records only the portion of the taxes considered to be 'measurable' and 'available' on a modified accrual basis. The District recognized \$8,566,087 in tax revenues during the year ended June 30, 2010. Descriptions of the individual debt service and capital outlay funds contained in these financial statements include information regarding the authority for the collection and use of these taxes.

Property taxes attach an enforceable lien on property as of January 1. Tax notices are sent to property owners by November 1<sup>st</sup> of each year to be paid in whole or in two installments by November 10<sup>th</sup> and April 10<sup>th</sup> of each year. Los Alamos County collects County, City, and School taxes and distributes them to each fund once per month except in June when the taxes are distributed twice to close out the fiscal year.

**Transportation Distribution:** School districts in the State of New Mexico receive student transportation distributions. The transportation distribution is allocated to each school district in accordance with formulas developed by the State Transportation Director and the Director of Public School Finance. The funds shall be used only for the purpose of making payments to each school district for the to-and-from school transportation costs of students in grades K through twelve attending public school within the school district. The District received \$567,177 in transportation distributions during the year ended June 30, 2010.

**Instructional Materials:** The New Mexico Public Education Department (PED) receives federal material leasing funds from which it makes annual allocations to the various school districts for the purchase of educational materials. Of each allocation, fifty percent is restricted to the requisition of materials listed in the State Board of Education "State Adopted Instructional Material" list, while fifty percent of each allocation is available for purchases directly from vendors. Allocations received from the State for the year ended June 30, 2010 totaled \$133,687.

### E. Revenues (Continued)

**Public School Capital Outlay:** Under the provisions of Chapter 22, Article 24, a public school capital outlay fund was created. The money in the fund may be used only for capital expenditures deemed by the public school capital outlay council necessary for an adequate educational program, and the capital outlay expenditures are limited to the purchase, or construction of temporary or permanent classrooms.

The council shall approve an application for grant assistance from the fund when the council determines that:

- 1. A critical need exists requiring action;
- 2. The residents of the school districts have provided all available resources to the district to meet its capital outlay requirements;
- 3. The school district has used its resources in a prudent manner;
- 4. The school district is in a county or counties which have participated in the reappraisal program and the reappraised values are on the tax rolls, or will be used for the tax year 1979 as certified by the property tax division; and
- 5. The school district has provided insurance for buildings of the school district in accordance with the provisions of Section 13-5-3 NMSA 1978.

The council shall consider all applications for assistance from the fund and after public hearing shall either approve or deny the application. Applications for grant assistance shall only be accepted by the council after a district has complied with the provisions of this section. The council shall list all applications in order of priority and all allocations shall be made on a priority basis.

Money in the fund shall be disbursed by warrant of the Department of Finance and Administration on vouchers signed by the Secretary of Finance and Administration following certification by the council that the application has been approved.

During the year ended June 30, 2010, the District did not receive any public school capital outlay funds.

**Federal Grants:** The District receives revenues from various Federal departments (both direct and indirect), which are legally restricted to expenditures for specific purposes. These programs are reported as Special Revenue Funds. Each program is operated under its own budget, which has been approved by the Federal Department or the flowthrough agency (usually the New Mexico Public Education Department). The various budgets are approved by the Local School Board and the New Mexico Public Education Department.

The District also receives revenues from Federal department which are unrestricted to expenditures for special purposes. These revenues are reported in the Operational Fund.

### NOTE 2. Stewardship, Compliance and Accountability

**Budgetary Information** 

Budgets for the General, Special Revenue, Capital Projects, and Debt Service Funds are prepared by management and are approved by the local Board of Education and the School Budget and Planning Unit of the Public Education Department. Auxiliary student activity accounts are not budgeted.

## LOS ALAMOS PUBLIC SCHOOLS NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2010

#### NOTE 2. Stewardship, Compliance and Accountability (Continued)

Budgetary Information (Continued)

These budgets are prepared on the Non-GAAP (Cash) budgetary basis, excluding encumbrances, and secure appropriation of funds for only one year. Carryover funds must be re-appropriated in the budget of the subsequent fiscal year. Because the budget process in the State of New Mexico requires that the beginning cash balance be appropriated in the budget of the subsequent fiscal year, such appropriated balance is legally restricted and is therefore presented as a designated portion of the fund balance.

Actual expenditures may not exceed the budget at the function level. Budgets may be amended in two ways. If a budget transfer is necessary within a major category called a 'series,' this may be accomplished with only local Board of Education approval. If a transfer between 'series' or a budget increase is required, approval must also be obtained from Public School Finance Division.

The budgetary information presented in these financial statements has been amended in accordance with the above procedures.

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- In April or May, the local school board submits to the District Budget Planning Unit (DBPU) of 1. the New Mexico Public Education Department a proposed operating budget for the ensuing fiscal year commencing July 1. The operating budget includes proposed expenditures and the means of financing them. All budgets submitted to the State of New Mexico Public Education Department (PED) by the District shall contain headings and details as described by law and have been approved by the Public Education Department.
- 2. In May or June of each year, the proposed "operating" budget will be reviewed and approved by the DBPU and certified and approved by the local school board at a public hearing of which notice has been published by the local school board which fixes the estimated budget for the District for the ensuing fiscal year.
- 3. The school board meeting, while not intended for the general public, is open for the general public unless a closed meeting has been called.
- 4. The "operating" budget will be used by the District until they have been notified that the budget has been approved by the DBPU and the local school board. The budget shall be integrated formally into the accounting system. Encumbrances shall be used as an element of control and shall be integrated into the budget system.
- 5. The District shall make corrections, revisions and amendments to the estimated budgets fixed by the local school board to recognize actual cash balances and carryover funds, if any. These adjustments shall be reviewed and approved by the DBPU.
- 6. The superintendent is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the school board and the State of New Mexico Public Education Department.
- Budget change requests are processed in accordance with Supplement 1 (Budget Preparation and 7. Maintenance) of the Manual of Procedures Public School Accounting and Budgeting. Such changes are initiated by the District and approved by the DBPU.
- 8. Legal budget control for expenditures is by function.

## LOS ALAMOS PUBLIC SCHOOLS NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2010

## NOTE 2. Stewardship, Compliance and Accountability (Continued)

**Budgetary Information (Continued)** 

- 9. Appropriations lapse at fiscal year end. Funds unused during the fiscal year may be carried over into the next fiscal year by budgeting those in the subsequent fiscal year's budget. The budget of Los Alamos Public Schools has been amended during the current fiscal year in accordance with these procedures. The budget schedules included in the accompanying financial statements reflect the approved budget and amendments thereto.
- 10. Formal budgetary integration is employed as a management control device during the year for the General Fund, Special Revenue Funds, Debt Service Funds and Capital Projects Funds.
- 11. Budgets for the General, Special Revenue, Capital Projects, and Debt Service Funds are adopted on a basis not consistent with generally accepted accounting principles (GAAP). Encumbrances are treated the same way for GAAP purposes and for budget purposes.

The Board of Education may approve amendments to the appropriated budget, which are required when a change is made affecting budgeted ending fund balance. New Mexico state law prohibits a Governmental Agency from exceeding an individual line item.

The accompanying Statements of Revenues, Expenditures and Changes in Fund Balance – Budget (Non-GAAP Budgetary Basis) and Actual present comparisons of the legally adopted budget with actual data on a budgetary basis.

Since accounting principles applied for purposes of developing data on a budgetary basis differ significantly from those used to present financial statements in conformity with generally accepted accounting principles, a reconciliation of resultant basis, perspective, equity, and timing differences in the excess (deficiency) of revenues and other sources of financial resources for the year ended June 30, 2010, is presented.

The District is required to balance its budgets each year. Accordingly, amounts in excess or deficient are presented as changes in cash designated for expenditures, not as an excess or deficiency of revenues over expenditures.

## NOTE 3. Cash and Temporary Investments

State statutes authorize the investment of the District's funds in a wide variety of instruments including certificates of deposit and other similar obligations, state investment pool, money market accounts, and United States Government obligations. All invested funds of the District properly followed State investment requirements as of June 30, 2010.

Deposits of funds may be made in interest or non-interest bearing checking accounts in one or more banks or savings and loan associations within the geographical boundaries of the District. Deposits may be made to the extent that they are insured by an agency of the United States or by collateral deposited as security or by bond given by the financial institution.

The rate of interest in non-demand interest-bearing accounts shall be set by the State Board of Finance, but in no case shall the rate of interest be less than one hundred percent of the asked price on United States treasury bills of the same maturity on the day of deposit.

LOS ALAMOS PUBLIC SCHOOLS NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2010

## **NOTE 3.** Cash and Temporary Investments (Continued)

Excess of funds may be temporarily invested in securities which are issued by the State or by the United States government, or by their departments or agencies, and which are either direct obligations of the State or the United States or are backed by the full faith and credit of those governments.

The collateral pledged is listed on Schedule II of this report. The types of collateral allowed are limited to direct obligations of the United States Government and all bonds issued by any agency, district or political subdivision of the State of New Mexico.

According to the Federal Deposit Insurance Corporation, public unit deposits are funds owned by the public unit. Time deposits, savings deposits and interest bearing NOW accounts of a public unit in an institution in the same state will be insured up to \$250,000 in aggregate and separate from the \$250,000 coverage for public unit demand deposits at the same institution. Additionally, until December 31, 2010, all deposits in non-interest bearing transaction accounts (such as non-interest bearing checking accounts) at participating institutions are fully guaranteed, regardless of dollar amount.

### **Primary Government**

Custodial Credit Risk – Deposits. Custodial credit risk is the risk that in the event of bank failure, the District's deposits may not be returned to it. The District does not have a deposit policy for custodial credit risk, other than the following state statutes as put forth in the Public Money Act (Section 6-10-1 to 6-10-63, NMSA 1978.) At June 30, 2010, \$32,098,623 of the District's deposits of \$33,598,623 was exposed to custodial credit risk. \$25,454,472 was uninsured and collateralized by collateral held by the pledging bank's trust department, not in the District's name and \$6,644,151 was uninsured and uncollateralized. As of June 30, 2010, the carrying amount of these deposits was \$33,107,488. New Mexico State Statutes require collateral pledged for deposits in excess of the federal deposit insurance to be delivered, or a joint safekeeping receipt be issued, to the District for a least one half of the amount on deposit with the institution. The schedule listed below will meet the State of New Mexico, Office of the State Auditor's requirements in reporting the insured portion of the deposits.

## NOTE 8. Risk Management

The District is a member of the New Mexico Public Schools Insurance Authority (NMPSIA). The Authority was created to provide comprehensive core insurance programs by expanding the pool of subscribers to maximize cost containment opportunities for required insurance coverage. The District pays an annual premium to the NMPSIA based on claim experience and the status of the pool. The Risk Management Program includes Workers Compensation, General and Automobile Liability, Automobile Physical Damage, and Property and Crime coverage. Also included under the risk management program are Boiler, Machinery and Student Accident Insurance.

The NMPSIA provides coverage for up to a maximum of \$500,000,000 for each property damage claim with a \$750 deductible for contents and \$10,000 deductible for each building. General liability coverage is afforded to all employees, volunteers and school board members and the limit is subject to the NMSA Tort Claims Act on a per occurrence basis. The automobile and property liability limit is subject to the provisions of the Tort Claims Act. The crime limit is \$500,000 per occurrence for Faithful Performance. A limit of \$500,000 applies to Depositor's Forgery, Credit Card Forgery and Money Orders. A limit of \$100,000 applies to Money and Security, which includes a \$750 deductible.

In case the NMPSIA's assets are not sufficient to meet its liability claims, the agreement provides that subscribers, including the District, cannot be assessed additional premiums to cover the shortfall. As of June 30, 2010, there have been no claims that have exceeded insurance coverage.

#### NOTE 10. Pension Plan - Educational Retirement Board

Plan Description. Substantially all of the Los Alamos Public School's full-time employees participate in a public employee retirement system authorized under the Educational Retirement Act (Chapter 22, Article 11, NMSA 1978). The Educational Retirement Board (ERB) is the administrator of the plan, which is a cost-sharing multipleemployer defined benefit retirement plan. The plan provides for retirement benefits, disability benefits, survivor benefits and cost-of-living adjustments to plan members (certified teachers, and other employees of State public school districts, colleges and universities) and beneficiaries. ERB issues a separate, publicly available financial report that includes financial statements and required supplementary information for the plan. That report may be obtained by writing to ERB, P.O. Box 26129, Santa Fe, NM 87502. The report is also available on ERB's website at www.nmerb.org.

Funding Policy. Effective July 1, 2009, plan members were required by statute to contribute 7.9% of their gross salary if they earned \$20,000 or less annually, and plan members earning more than \$20,000 annually were required to contribute 9.4% of their gross salary. Los Alamos Public Schools was required to contribute 12.4% of the gross covered salary for employees earning \$20,000 or less, and 10.9% of the gross covered salary of employees earning more than \$20,000 annually. The employer contribution is increasing by .75% each year until effective July 1, 2011, the employer contribution will be 13.9% of the gross covered salary. The contribution requirements of plan members and Los Alamos Public School's are established in State statute under Chapter 22, Article 11, NMSA 1978. The requirements may be amended by acts of the legislature. Los Alamos Public School's contributions to ERB for the fiscal years ending June 30, 2010, 2009, and 2008, were \$2,673,469, \$3,005,906, and \$2,814,620 respectively, which equal the amount of the required contributions for each fiscal year.

## NOTE 11. Post-Employment Benefits – State Retiree Health Care Plan

Plan Description. Los Alamos Public Schools contributes to the New Mexico Retiree Health Care Fund, a cost-sharing multiple-employer defined benefit postemployment healthcare plan administered by the New Mexico Retiree Health Care Authority (RHCA). The RHCA provides health care insurance and prescription drug benefits to retired employees of participating New Mexico government agencies, their spouses, dependents, and surviving spouses and dependents. The RHCA Board was established by the Retiree Health Care Act (Chapter 10, Article 7C, NMSA 1978). The Board is responsible for establishing and amending benefit provisions of the healthcare plan and is also authorized to designate optional and/or voluntary benefits like dental, vision, supplemental life insurance, and long term care policies.

Eligible retirees are: 1) retirees who make contributions to the fund for at least five years prior to retirement and whose eligible employer during that period of time made contributions as a participant in the RHCA plan on the person's behalf unless that person retires before the employer's RHCA effective date, in which event the time period required for employee and employer contributions shall become the period of time between the employer's effective date and the date of retirement; 2) retirees defined by the Act who retired prior to July 1, 1990; 3) Former legislators who served at least two years; and 4) former governing authority members who served at least four years.

The RHCA issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for the postemployment healthcare plan. That report and further information can be obtained by writing to the Retiree Health Care Authority at 4308 Carlisle NE, Suite 104, Albuquerque, NM 87107.

Funding Policy. The Retiree Health Care Act (Section 10-7C-13 NMSA 1978) authorizes the RHCA Board to establish the monthly premium contributions that retirees are required to pay for healthcare benefits. Each participating retiree pays a monthly premium according to a service based subsidy rate schedule for the medical plus basic life plan plus an additional participation fee of five dollars if the eligible participant retired prior to the employer's RHCA effective date or is a former legislator or former governing authority member. Former legislators and governing authority members are required to pay 100% of the insurance premium to cover their claims and the administrative expenses of the plan. The monthly premium rate schedule can be obtained from the RHCA or viewed on their website at www.nmrhca.state.nm.us.

(1)The Retiree Health Care Act (Section 10-7C-15 NMSA 1978) is the statutory authority that establishes the required contributions of participating employers and their employees. During the fiscal year ended June 30, 2010, the statute required each participating employer to contribute 1.3% of each participating employee's annual salary; each participating employee was required to contribute .65% of their salary. In the fiscal years ending June 30, 2011 through June 30, 2013 the contribution rates for employees and employers will rise as follows:

For employees who are not members of an enhanced retirement plan the contribution rates will be:

| Fiscal Year | Employer Contribution Rate | Employee Contribution Rate |
|-------------|----------------------------|----------------------------|
| FY11        | 1.666%                     | .833%                      |
| FY12        | 1.834%                     | .917%                      |
| FY13        | 2.000%                     | 1.000%                     |

Also, employers joining the program after 1/1/98 are required to make a surplus-amount contribution to the RHCA based on one of two formulas at agreed-upon intervals.

The RHCA plan is financed on a pay-as-you-go basis. The employer, employee and retiree contributions are required to be remitted to the RHCA on a monthly basis. The statutory requirements for the contributions can be changed by the New Mexico State Legislature.

Los Alamos Public School's contributions to the RHCA for the years ended June 30, 2010, 2009 and 2008 were \$315,978, \$335,458 and \$335,612, respectively, which equal the required contributions for each year.

## NOTE 12. Tax Sheltered Annuity Plan

The District offers its employees a tax sheltered annuity plan created in accordance with Internal Revenue Code Section 403(b). The plan, available to all employees, permits them to defer a portion of their salary until future years. Participation in the plan is optional. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency. All amount of compensation deferred under the plan are remitted by the District to the various plan administrators and the District has no further claim to these funds.

Investments are managed by respective plan trustees. All contributions withheld from employees have been transferred to the annuity companies with which the employee has selected to invest their funds.

## NOTE 13. Contingent Liabilities

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the District expects such amount, if any, to be immaterial.

The District is involved in various claims and lawsuits arising in the normal course of business. Although the outcome of these lawsuits is not presently determinable, it is the opinion of the District's legal counsel that resolution of these matters will not have a material adverse effect on the financial condition of the District.

### NOTE 14. Commitments

The District is in contract for various renovations – the total amount of commitments outstanding as of June 30, 2010 was \$2,947,835.

### NOTE 15. Subsequent Accounting Standard Pronouncements

In March 2009, the GASB issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, which is effective for financial statement periods beginning after June 15, 2010. This Statement establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds.

## NOTE 16. Subsequent Events

On August 17, 2010, the District issued a General Obligation School Building Bond, Series 2010, in the amount of \$20,000,000. The proceeds are to be used for be used for various capital projects. The interest rates on the bond range from 2.000% to 3.125% and principal payments are due beginning in 2011 through 2022.

#### SPECIAL REVENUE FUNDS

The Special Revenue Funds are used to account for Federal, State and Local funded grants. These grants are awarded to the District with the purpose of accomplishing specific educational tasks. Grants accounted for in the Special Revenue Funds include:

**Athletics** (22000) – To account for fees generated at athletic activities throughout the School District. The gate receipts are obtained from the general public and are expended in this fund. The authority for creation of this fund is 6.20.2 NMAC.

Non-Instructional Materials (23000) – To account for budgeted revenues and expenditures which relate to student activities other than athletics.

**Javits Gifted & Talented Students (24102)** – To account for federal resources administered by the State Public Education Department to implement professional development for teachers and alternative identification methods for students who may be gifted. (P.L. 100-297)

**Competitive IDEA-B** (24108) – The purpose of this program is to provide administrators and program directors with information and strategies that will support licensed and waivered teachers in the areas of special education with day-to-day functions of the classroom. Authority for creation of this fund is Individuals with Disabilities Education Act (IDEA), Part B, Sections 611-617, and Part D, Section 674 as amended, 20 U.S.C. 1411-1417 and 1420, Public Law 105-17.

**Preschool IDEA-B** (24109) – The objective of the Assistance to States for the Education of Handicapped Children Program is to assist in providing free, appropriate public education to all handicapped children from ages three to five. Federal revenues accounted for in this fund are allocated to the Schools through the New Mexico Department of Children, Youth and Families. Authority for creation of this fund is Public Law 105-17.

**IDEA-B Early Intervention Services** (24112) – To account for a sub-award from IDEA-B Basic grant (24106) to develop and implement coordinated early intervening educational services. The services are designed to directly benefit nondisabled children who need additional academic and behavioral support to succeed in the general education environment.

**IDEA-B "Risk Pool"** (24120) – Funding for students with disabilities who are parentally placed in private elementary and secondary schools ("equitable participation services") located in the school district.

**Title IV Drug Free Schools & Community Ed (24128)** – The objective of this program is to provide federal funds for the implementation of programs and/or curricula designed to prevent drug abuse from kindergarten through grade twelve. Federal revenues accounted for in this fund are allocated to the Schools' through the New Mexico Department of Education. Authority for creation of this fund is Public Law 103-382.

Goals 2000 Local Ed Reform (24131) - To account for a federal program funded through the Public Education Department for the purpose to develop and implement challenging academic content standards, student performance standards and assessments, and plans for improving teacher training. Special Revenue fund by the local school board.

Class Size Reduction Act (24137) – The purpose of this program is to provide funding in order to reduce class size, particularly in the early grades using highly qualified teachers to improve educational achievement for regular and special needs children. Authority for creation of this fund is Department of Education Appropriations Act of 1999, Public Law 105-277.

**Title V Part A Innovative Ed Pro Strategies (24150)** – To establish a local program of alcohol and drug abuse education and prevention coordinated with related community efforts and resources.

**English Language Acquisition (24153)** – To provide funds to improve the educational performance of limited English proficient students by assisting the children to learn English and meet State academic content standards. (P.L. 100-77).

**Teacher / Principal Training / Recruiting (24154)** – To improve the skills of teachers and the quality of instruction in mathematics and science, and also to increase the accessibility of such instruction to all students.

Safe & Drug Free Schools & Community (24157) — To establish a local program of alcohol and drug abuse education and prevention coordinated with related community efforts and resources.

#### CAPITAL PROJECT FUNDS

Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities.

**Special Capital Outlay – State (31400)** – To account for special appropriations monies received from the State of New Mexico under Chapter 4, Laws of 1996.

**Capital Improvement SB-9 (31700)** – To account for erecting, remodeling, making additions to and furnishing of school buildings, or purchasing or improving school grounds or any combination thereof as identified by the local school board. Financing is provided by the State of New Mexico's State Equalization Matching and a special tax levy as authorized by the Public School District Capital Improvements Act (22-25-1 to 22-25-10 NMSA 1978).

**Energy Efficiency Act** (31800) – To account for school projects designed to increase the efficiency of the District's building. The legislation allows the District to incur long-term contracts to complete these projects. Savings from the modifications made are used to fund the projects. This was approved by the Public Building Efficiency Act (6-21-1 to 6-23-10, NMSA 1978.)

**Educational Technology Equipment Act** (31900) – To account for funding which is to be used by the District to promote the comprehensive integration of advances technologies in education setting, through the conduct of technical assistance, professional development, information and resource dissemination and collaboration activities. Authorization is NMSA 22-15A-1.

**Public Schools Capital Outlay 20% (32100)** – To account for the 20 percent of the operational property tax revenues that have been set aside for capital outlay projects.

# REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Hector Balderas New Mexico State Auditor The Office of Management and Budget To the Board of Education Los Alamos Public Schools Los Alamos, New Mexico

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, the aggregate remaining fund information, the budgetary comparisons of the general funds, the major special revenue fund, and the combining and individual funds and related budgetary comparisons presented as supplemental information of Los Alamos Public Schools, New Mexico, as of and for the year ended June 30, 2010, and have issued our report thereon dated November 9, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

# Internal Control Over Financial Reporting

In planning and performing our audit, we considered Los Alamos Public Schools, New Mexico's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, we identified certain deficiencies in internal control over financial reporting, described in the accompanying schedule of findings and questioned costs that we consider to be significant deficiencies in internal control over financial reporting. (FS 07-05, FS 09-01, FS 10-01, FS 10-02 and FS 10-03). A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether Los Alamos Public Schools, New Mexico's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of findings and questioned costs as item FS 07-05.

The District's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit the agency's responses and, accordingly, we express no opinion on them.

This report is intended solely for the information and use of management, the Board of Education, others within the organization, New Mexico Public Education Department, the audit committee, the Office of the State Auditor, New Mexico State Legislature, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

#### Compliance

We have audited Los Alamos Public Schools, New Mexico's compliance with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Los Alamos Public School's major federal programs for the year ended June 30, 2010. Los Alamos Public School's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of Los Alamos Public Schools, New Mexico's management. Our responsibility is to express an opinion on Los Alamos Public Schools, New Mexico's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Los Alamos Public Schools, New Mexico's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Los Alamos Public Schools, New Mexico's compliance with those requirements.

In our opinion, Los Alamos Public Schools, New Mexico complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2010.

# Internal Control Over Compliance

Management of Los Alamos Public Schools, New Mexico is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Los Alamos Public Schools, New Mexico's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the audit committee, management, the Board of Education, others within the organization, the Office of the State Auditor, New Mexico State Legislature, New Mexico Public Education Department, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

# **Section II – Financial Statement Findings**

### FS 07-05 Exceeded Budget Authority – Repeated and Revised

*Criteria:* 22-8-11-B NMSA 1978 requires that no District or employee of a District shall make any expenditure or incur any obligation for the expenditure of public funds unless that expenditure or obligation is made in accordance with an operating budget approved by the department. Also, sound financial management and 6-6-6 NMSA 1978 require that budgets not be exceeded at the legal level of control. For school districts, the expenditure function is the legal level of control.

**Condition:** The District had the following expenditure functions where actual expenditures exceeded budgetary authority:

#### **Governmental Activities:**

| Major Funds:                                     |                     |
|--------------------------------------------------|---------------------|
| General Fund, Capital Outlay                     | \$ 1,058            |
| Transportation, Support Services                 | 110,585             |
| Capital Improvements HB-33, Support Services     | 14,817              |
| Debt Service, Support Services                   | 9,787               |
| Subtotal, Major Funds                            | \$ 136,247          |
| Nonmajor Funds:                                  |                     |
| Non-Instructional Materials, Instruction         | \$ 154,169          |
| Non-Instructional Materials, Support Services    | 917                 |
| SEG Federal Stimulus, Instruction                | 1,606               |
| LANL Foundation, Support Services                | 314                 |
| A+ Energy Grant, Instruction                     | 213                 |
| LAPS Foundation, Capital Outlay                  | 57,438              |
| Technology for Education PED, Instruction        | 3,304               |
| Beginning Teacher Mentoring Program, Instruction | 793                 |
| Subtotal, Nonmajor Funds                         | 218,754             |
| Total Governmental Funds                         | \$ 355,001          |
| Business-Type Activities:                        |                     |
| Leased Facilities, Operations                    | <u>\$ 967,515</u>   |
| Total, All Funds                                 | <u>\$ 1,322,516</u> |

*Cause:* There was lack of oversight by District management and governing body of this matter during the budgetary process, and the District did not make the appropriate budgetary transfers to alleviate the over-expenditure.

*Effect:* Any designated cash appropriation in excess of available balances is a liability against the officials so allowing or paying such claims or warrants, and recovery of such excess amounts so allowed or paid may be had against the bondsmen of such official. This is a violation of the PED policy and state statutes regarding the budgetary process. Also, the District is in non compliance with New Mexico law, and the control established by the use of budgets has been compromised.

Auditor's Recommendations: The District should establish a policy of budgetary review at year-end, and make the necessary budget adjustments. Consideration should be given to training staff over PED policy and state statutes regarding the budgetary process and assigning accountability to appropriate individuals. Greater attention should be given to the budget monitoring process.

# LOS ALAMOS PUBLIC SCHOOLS SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2010

Management Response: In the future, the District will review cash balance projections that are used to establish budgets in the subsequent fiscal years. In the event the projected cash balances do not materialize, the District will adjust the budgets of the affected funds and programs to reflect actual cash balances. In addition, the Business Office will present the District School Board with "Budget Status Reports" on a monthly basis, and make recommendations to the board to prevent the over expenditure of budgets.

Currently, administrative staff housed in instructional sites and program managers, are required to monitor their budget and submit budget adjustment requests for board review and approval. To strengthen this process, the Business Office will periodically monitor the budgets of program managers and administrative staff located at school sites. The District has several policies and procedures in place to prevent the over expenditure of funds (3110, 3110R, 3160.1R and 9346).

### FS 09-01: Bank Account Reconciliations not Reconciled Timely or Accurately - Repeated and Revised

*Criteria*: According to NMAC 6.20.2.14 K, all bank accounts shall be reconciled on a monthly basis. The reconciled bank balances should be agreed to the general ledger.

Condition: During our test work of cash, GPS noted that the District's Business Office accounts are being timely and accurately reconciled, but the District's activity accounts are not being timely reconciled by the School sites (timely meaning by the end of the following month).

Cause: Bank statements were not being reconciled on a timely basis.

Effect: Bank amounts or general ledger amounts could have been incorrect and not reconciled within a timely basis.

Auditors' Recommendations: We recommend that the School sites, under the Business Office's supervision, complete bank reconciliations no later than the end of the subsequent month and agree reconciled bank balances to the general ledger to ensure that all transactions are being properly recorded in the District's books.

Management's Response: The District agrees with the auditors' assessment of the audit finding relative to bank reconciliations and is taking steps to ensure that reconciliations are performed timely and accurately. Within the next few weeks, staff members will receive training on the software used to account for the District's finances. On a monthly basis, the comptroller will review bank reconciliations for accuracy and sufficient supporting documentation. In addition, the District will review current policies and procedures to determine the efficiency and strength of internal controls of policies relative to bank reconciliations.

#### FS 10-01 – Stale Dated Transactions

*Criteria:* New Mexico Statutes, Section 6-10-57, NMSA, 1978 compilation requires local public bodies to cancel or void any check that is unpaid for one year after it is written.

Condition: The District is in violation of state statute regarding stale-dated checks. The District's activity accounts maintained 31 checks in various bank accounts that were dated over one year old at June 30, 2010. The checks totaled \$859.20.

Cause: The school sites did not properly account for outstanding checks.

# LOS ALAMOS PUBLIC SCHOOLS SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2010

*Effect:* The District is in violation of New Mexico Statute, Section 6-10-57, NMSA, 1978. Cash balances were not accurately reflected as a result of stale-dated transactions appearing on the outstanding check listings. Outstanding items of the amount noted must be addressed and cleared.

*Recommendation*: We recommend that the District implement a procedure to review the outstanding check listings for all bank accounts, including Activity accounts, and track stale-dated transactions. If transactions on the outstanding check listings are greater than one year old we recommend these checks be voided.

Management's Response: The district will implement a procedure to review the outstanding check listings for all bank accounts and track stale-dated transactions. If transactions on the outstanding check listings are greater than one year old the school will void outstanding and stale dated transactions and keep the listing in a separate file in the event that the checks need to be re-issued. Money or credits owed to a customer as a result of a retail business transaction will be reported to the State of New Mexico as unclaimed property.

#### FS 10-02— Inactive Funds

*Criteria:* Good accounting policy indicates that funds that are no longer being used should be adjusted to \$0, closed out and no longer used.

*Condition:* During our review of the District's trial balance, we noted several funds which are carrying balances forward from year-to-year, but are no longer active funds of the District:

| Javits Gifted &                         | Talented (24102)                                  | \$        | 277    |
|-----------------------------------------|---------------------------------------------------|-----------|--------|
| Competitive ID                          | Competitive IDEA-B (24108)                        |           | 589    |
| Title IV Drug F                         | Title IV Drug Free Schools & Community Ed (24128) |           | 12,293 |
| GOALS 2000 Local Ed Reform (24131)      |                                                   |           | 7,526  |
| Class Size Reduction Act (24137)        |                                                   |           | 32,521 |
| Libraries GO Bonds Laws of 2004 (27145) |                                                   | )         | 752    |
| School Improvement Framework (27164)    |                                                   |           | 856    |
| AP Expansion (27165)                    |                                                   |           | 18,172 |
| Center for Teac                         | Center for Teaching (28156)                       |           | 100    |
| AP New Mexic                            | AP New Mexico Incentive Funding (28168)           |           | 1,164  |
| City/County Gr                          | ants (29107)                                      |           | 24     |
| Total                                   |                                                   | <u>\$</u> | 77,274 |

Cause: The District has funds on its books which are no longer active funds, but these funds have never been truly closed out.

*Effect:* The District's general ledger is full of many funds which are no longer active funds. These additional funds are creating more work for the District as procedures such as reconciliations and reports are completed.

Auditors' Recommendations: We recommend that the District go through the list of inactive funds and determine whether funds need to be returned to the grantor or transferred to the general fund. In cases where the fund has a deficit balance, the District needs to determine whether the balance can be received from the grantor, or if the funds need to be transferred from the general fund to cover the deficit.

*Management's Response:* As ongoing practice and a current special project, the district is investigating each inactive fund with balance negative or positive for close-out.

### FS 10-03 - Cash Budgetary Conditions

*Criteria*: 22-8-11-B NMSA 1978 requires that no District or employee of a District shall make any expenditure or incur any obligation for the expenditure of public funds unless that expenditure or obligation is made in accordance with an operating budget approved by the department.

Condition: The Districted over-budgeted cash in the following funds and amounts:

| Nonmajor Funds:           |              |
|---------------------------|--------------|
| Athletics                 | 27,498       |
| Carl D. Perkins Secondary | 3,192        |
| LANL Foundation           | 357          |
| Technology for Education  | 4,016        |
| Private Direct Grants     | 529          |
| Proprietary Funds:        |              |
| Food Services             | <br>32,870   |
| Total                     | \$<br>68,462 |

Cause: The District did not ensure sufficient prior year cash balances before submitting the budget adjustment request to PED.

Effect: The District budgeted more cash to spend during fiscal year 2010 than they actually had as of June 30, 2009.

Recommendation: We recommend that the District review prior year audited cash balances before submitting budget adjustment requests for budgeted cash, to ensure sufficient balances exist.

*Management Response:* Soon after the start of the fiscal year, the Business Office will review the cash and budget balances to determine whether the projected budgeted (current year) balances need to be adjusted. After the reviews, the Business will initiate the Budget Adjustment Process and make the necessary budget adjustments.
