INDEPENDENT AUDITOR'S REPORT

Hector H. Balderas, State Auditor
and
Board of Education
Silver Consolidated School District No. 1
Silver City, New Mexico

We have audited the accompanying financial statements of the governmental activities, each major fund, the aggregate remaining fund information and the budgetary comparisons for the general fund and major special revenue funds of the Silver Consolidated School District No. 1 (District) as of and for the year ended June 30, 2011, which collectively comprise the District's basic financial statements as listed in the table of contents. We have also audited the financial statements of each of the District's non-major governmental funds and the budgetary comparisons for the components of the general fund, the non-major special revenue funds, the capital projects funds, and the Debt Service fund presented as other supplementary information in the accompanying combining and individual fund financial statements as of and for the year ended June 30, 2011, as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of governmental activities, each major fund, and the aggregate remaining fund information of Silver Consolidated School District No. 1 as of June 30, 2011, and the respective changes in financial position, where applicable, thereof and the respective budgetary comparison for the General, Entitlement, Medicaid and Senate Bill 9 funds for the year then ended in conformity with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each non-major governmental fund of Silver Consolidated School District No. 1 as of June 30, 2011, and the respective changes in financial position, where applicable, thereof and the respective budgetary comparisons for the components of

the General Fund, the non-major special revenue funds, the capital projects funds, and the Debt Service Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 27, 2011, on our consideration of Silver Consolidated School District No. 1's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Silver Consolidated School District No. 1 has not presented Management's Discussion and Analysis that is required by accounting principles generally accepted in the United States of America to supplement, although not required to be a part of, the basic financial statements.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements and on the combining, individual fund and budgetary comparisons statements presented as other supplementary information. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by *U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements of the District. In addition, the accompanying financial information listed as other supplemental data in the table of contents is also presented for purposes of additional analysis and is not a required part of the financial statements. The Schedule of Expenditures of Federal Awards and the other supplemental data have been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, are fairly stated, in all material respects, in relation to the financial statements taken as a whole.

**RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES AND CHANGES IN FUND BALANCES OF
GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES**
For the Fiscal Year Ended June 30, 2011

Net change in fund balances- total governmental funds \$ 468,635

*Amounts reported for governmental activities in the statement of activities
are different because:*

Governmental funds report capital outlays as expenditures. However, in the
Statement of Activities, the cost of those assets is allocated over their
estimated useful lives as depreciation expense:

Capital outlay	673,734
Depreciation expense	(1,891,926)

Revenues in the Statement of Activities that do not provide current financial
resources are not reported as revenues in the funds. This is the net
change during the year:

Property taxes subject to the 60 day availability period	32,196
--	--------

Repayment of debt principal is an expenditure in the governmental funds,
but the repayment reduces long-term liabilities in the Statement of Net
Assets:

Payment of bond principal	1,115,000
---------------------------	-----------

In the Statement of Activities, interest is accrued on outstanding bonds,
whereas in governmental funds, an interest expenditure is reported
when due. This is the net change during the year.

20,531

Some expense reported in the Statement of Activities, such as compensated
absences, do not require the use of current financial resources and there-
fore are not reported as expenditures in governmental funds. This is the
net change in compensated absences for the year.

Change in Net Assets of Governmental Activities

NOTES TO FINANCIAL STATEMENTS
For The Fiscal Year Ended June 30, 2011

Note 1

Summary of Significant Accounting Policies

Silver Consolidated School District No. 1, organized under the laws of the State of New Mexico, operates under the school board-superintendent form of government. The System provides public education opportunities for children from first through twelfth grade, including but not limited to classroom and vocational studies; as well as school oriented social and athletic activities.

The District's financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 (when applicable) that do not conflict with or contradict GASB pronouncements. The more significant accounting policies established in GAAP and used by the District are discussed below.

In June 1999, the Governmental Accounting Standards Board (GASB) unanimously approved Statements No. 34, *Basic Financial Statements – and Management's Discussion and Analysis for State and Local Governments*. Certain of the significant changes in the Statement include the following:

- For the first time the financial statements include:
 - ❖ A Management Discussion and Analysis (MD&A) section providing an analysis of the District's overall financial position and results of operations.
 - ❖ Financial statements prepared using full accrual accounting for all of the District's activities.

- A change in the fund financial statements to focus on the major funds.

These and other changes are reflected in the accompanying financial statements (including notes to financial statements).

The District implemented GASB 34 effective July 1, 2002. As a part of GASB's Statement No. 34, there is a new reporting requirement regarding the local government's infrastructure (roads, bridges, etc.). The District does not own any infrastructure assets and therefore is unaffected by this provision.

A. REPORTING ENTITY

These financial statements present the District (the primary government). As defined by GASBS No. 14, component units are legally separate entities that are included in the District's reporting entity because of the significance of their operating or financial relations with the District. Based on the criterion in GASBS No. 14, the District had no component units. The District's component unit in prior years, Aldo Leopold Charter School, became a state chartered school July 1, 2010, and is no longer a component unit of the District.

B. BASIS OF PRESENTATION

Government-wide Financial Statements:

The Statement of Net Assets and Statement of Activities display information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services. The District has no business-type activities.

Fund Financial Statements:

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be separate accounting entities. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, liabilities, fund equity, revenues, and expenditure/expenses. Funds are organized into two major categories: governmental, and fiduciary. An emphasis is placed on major funds within the governmental categories. A fund is considered major if it is the primary operating fund of the District or meets the following criteria:

- a. Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental fund are at least 10 percent of the corresponding total for all funds of that category or type.

The funds of the financial reporting entity are described below:

Governmental Funds

General Fund

The General Fund is the primary operating fund of the District and always classified as a major fund. It is used to account for all activities except those legally or administratively required to be accounted for in other funds. Included in the General Fund are sub-funds: Operational, the Unrestricted District Fund; Transportation, which accounts for State source revenue used to transport students; Instructional Materials, which accounts for State Source Funds used to purchase textbooks; and Non-instructional Support, which accounts for various student extracurricular activities.

Special Revenue Funds

Special Revenue funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for certain purposes.

Capital Project Fund

The Capital project Funds are used to account for resources restricted for the acquisition or construction of specific capital projects or items.

Debt Service Fund

The Debt Service Fund accounts for the accumulation of financial resources for the payment of interest and principle on the general long-term debt of the District.

Fiduciary Funds

Fiduciary Funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support District programs. The reporting focus is on net assets and changes in net assets and are reported using accounting principles similar to proprietary funds.

Agency Funds account for assets held in a purely custodial capacity. Since agency funds are custodial in nature (i.e.) assets equal liabilities, they do not involve the measurements of results of operations.

The emphasis in fund financial statements is on the major funds in the governmental category. Non-major funds are summarized into a single column.

The District's fiduciary funds are presented in the fiduciary fund financial statements by type (pension, private purpose and agency). Since by definition these assets are being held for the benefit of a third party (other local governments, private parties, pension participants, etc.) and cannot be used to address activities or obligations of the government, these funds are not incorporated in to the government-wide statements.

Major Fund Descriptions

General – See above description.

Entitlement Fund

Entitlement funds are used to account for federal resources administered by the New Mexico State Department of Education to provide for the special education needs of handicapped children three to five years old. Required by the New Mexico Department of Education Manual of Procedures for New Mexico School Districts to be accounted for as a separate fund within the Special Revenue Funds (P.L. 94-142 and P.L. 99-457).

Medicaid – to account for the federal assistance to improve primary health care and increase health education (P.L. 105-33), and is a Special Revenue Fund.

Senate Bill 9 - created by State law to account for the District tax levy restricted solely for use in improvements to the physical plant. (NMSA 1978-22-25-1), and is a Special Revenue Fund.

Debt Service – See above description.

C. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe “which” transactions are recorded within the various financial statements. Basis of accounting refers to “when” transactions are recorded regardless of the measurement focus applied.

Measurement Focus

On the government-wide Statement of Net Assets and the Statement of Activities, governmental activities are presented using the economic resources measurement focus as defined in item “b” below.

In the fund financial statements, the “current financial resources” measurement focus is used.

- a. All governmental funds utilize a “current financial resources” measurement focus. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.
- b. The government-wide financial statements utilize an “economic resources” measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net assets (or cost recovery), and financial position. All assets and liabilities (whether current or noncurrent) associated with their activities are reported.

BASIS OF ACCOUNTING

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

1. Accrual:

The government-wide financial statements and the fiduciary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

2. Modified Accrual:

The governmental funds financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. “Available” means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term debt, if any, is recognized when due.

Substantially all governmental fund revenues are accrued. In applying GASBS No. 33 to grant revenues, the provider recognizes liabilities and expenses and the recipient recognizes receivables and revenue when the applicable eligibility requirements,

including time requirements, are met. Resources transmitted before the eligibility requirements are met are reported as advances by the provider and deferred revenue by the recipient.

Property tax receivables are recognized net of estimated refunds and uncollectible amounts in the period for which the taxes are levied, even if they are not available. Property taxes not collected within 60 days of year end are reported as deferred revenue. Property taxes are considered fully collectible.

In the government –wide Statement of Net Assets, the governmental activities columns (a) are presented on a consolidated basis by column, (b) and are reported on a fully accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The District’s net assets are reported in three parts – invested in capital assets, net of related debt; restricted net assets; and unrestricted net assets. The District first utilizes restricted resources when an expense is incurred and for purposes for which both restricted and unrestricted net assets are available.

The government-wide Statement of Activities reports both the gross and net cost of each of the District’s functions. The functions are also supported by generally government revenues (property taxes, certain intergovernmental revenues, and charges, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function. Charges for services include revenues based on exchange or exchange-like transactions. These revenues arise from charges to customers or applicants who purchase use or directly benefit from the goods, services or privileges provided. Revenues in this category include fees charged for specific services, such as attendance at athletic events, food service, copies and auxiliary services. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

The net costs (by function) are normally covered by general revenue (property taxes, intergovernmental revenues, interest income, etc.).

The District does not allocate indirect costs.

This government-wide focus is more on the sustainability of the District as an entity and the change in the District’s net assets resulting from the current year’s activities.

D. BUDGETS

Budgets for the General, Special Revenue, Debt Service and Capital Projects funds are prepared by management and approved by the local school board and the Public Finance School Division of the Department of Education. The District has one Capital Project Fund, PSFA Funding, where vendors are paid directly by the State of New Mexico. No budget statements are presented for this fund.

These budgets are prepared on the NON-GAAP cash basis, excluding encumbrances, and secure appropriation of funds for only one year. Carryover funds must be re-appropriated in the budget of the subsequent fiscal year.

Actual expenditures may not exceed the budget on a functional category basis, i.e., each budgeted expenditure must be within budgeted amounts. Budgets may be amended in two ways. If a budget transfer is necessary within a major category called a “series”, this may be accomplished with only local Board of Education approval. If a transfer between “series” or a budget increase is required, approval must also be obtained from Public Education Department.

The budgetary information presented in these financial statements has been amended in accordance with the above procedures.

E. CASH AND INVESTMENTS

Cash includes amounts in demand deposits as well as short-term investments with a maturity of six months from the date acquired by the government. State statutes authorize the government to invest in obligations of the U.S. Treasury, interest-bearing accounts with local financial institutions and the State Treasurer Pool.

New Mexico Statutes require that financial institutions with public monies on deposit pledge collateral, to the owners of such monies, in an amount not less than 50% of the public monies held on deposit. Collateral pledged is held in safekeeping by other financial institutions, with safekeeping receipts held by the District. The pledged securities remain in the name of the financial institution. Repurchase agreements are required to be collateralized 102%.

F. INVENTORIES

Except for U.S.D.A. commodities, which are shown at estimated value, inventories are valued at cost (first-in, first-out). Inventory in the Cafeteria Fund consists mainly of food items. Inventories, in other governmental fund types, consist primarily of supply-type assets.

G. CAPITAL ASSETS

Capital assets purchased or acquired with an original cost of \$5,000.00 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Buildings	20-50 years
Software and library resources	3-5 years
Machinery and equipment	5-10 years
Improvements	10-20 years

The accounting treatment over property, plant and equipment depends on whether they are reported in the government-wide financial statements or fund financial statements. In the government-wide financial statements, fixed assets are accounted for as capital assets. In the fund financial statements, fixed assets are accounted for as capital outlay expenditures of the governmental fund upon acquisition.

H. LONG-TERM DEBT

The accounting treatment of long-term debt depends on whether the assets are reported in the government-wide or fund financial statements.

All long-term debt to be repaid from governmental resources are reported as liabilities in the government-wide statements. The long-term debt consists primarily of bonds payable and accrued compensated absences.

Long-term debt for governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources and payment of principle and interest reported as expenditures.

I. COMPENSATED ABSENCES

The District's policies, regarding vacation time, permit employees to accumulate earned but unused vacation leave. The liability for these compensated absences is recorded as long-term debt in the government-wide statements. The current portion of this debt is estimated based on historical trends. In the fund financial statements, governmental funds report only the compensated absence liability payable from expendable available financial resources. These liabilities have typically been liquidated from general fund resources.

J. EQUITY CLASSIFICATIONS

Government-wide Statements

Equity is classified as net assets and displayed in three components:

- a. Invested in capital assets, net of related debt – consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net assets – consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net assets – all other net assets that do not meet the definition of “restricted” or “invested in capital assets, net of related debt.”

Fund Statements

During the year ended June 30, 2011, the District implemented GASB Statement 54 “Fund Balance Reporting and Governmental Fund Type Definitions”. This Statement provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government's fund balance more transparent. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- Non-spendable fund balance – amounts that are not in a spendable form (such as inventory) or are required to remain intact.
- Restricted fund balance – amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.
- Committed fund balance – amounts constrained to specific purposes by the government itself, using its highest level of decision-making authority, to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest level action to remove or change its constraints.
- Assigned fund balance – amounts a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the government body delegates the authority.
- Unassigned fund balance – amounts that are available for any purpose; positive amounts are reported only in the general fund.

The Board of Education establishes (and modifies or rescinds) fund balance commitments by adoption of a resolution or a vote of the Board. This is typically done through the adoption and amendment of the budget. Assigned fund balance is established by the Board of Education through adoption or amendment of the budget as intended for a specific purpose (such as purchase of fixed assets, construction, debt service or for other purposes).

K. PROPERTY TAX

Property taxes attach as an enforceable lien on property as of January 1. Property tax rates for the year are set no later than September 1 each year by the Secretary of Finance and Administration. The rates of tax are then used by County Assessors to develop the property tax schedule by October 1. Taxes are payable in equal semiannual installments by November 10 and April 10 of the subsequent year and become delinquent 30 days later. Taxes are collected on behalf of the District by the County Treasurer, and are remitted to the District in the month following collection. Because the Treasurer of the County in which the District is located is statutorily required to collect taxes as an intermediary agency for all forms of government, distribution of taxes are made through the applicable County to the District.

The District is permitted to levy taxes for general operating purposes up to \$.50 per \$1,000 of taxable value for both residential and nonresidential property, taxable value being defined as one third of the fully assessed value. In addition, the district is allowed to levy taxes for payments of bond principal and interest in amounts approved by voters of the District, as well as a Two Mill Levy for District improvements. The District's total tax rate to finance general government services for the year ended June 30, 2011 was \$.323 per \$1,000 for non-residential property and \$.253 for residential property. The District's tax rate for debt service was \$3.86 per \$1,000 for both residential and nonresidential property. The District's tax rate for District improvements was \$1.90 per \$1,000 for residential and \$1.90 for nonresidential property.

L. INTERFUND ACTIVITY

Inter-fund activity is reported as either loans, services provided, reimbursements or transfers. Loans are reported as inter-fund receivables and payable as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market

or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other inter-fund transactions are treated as transfers. Inter-fund activity between governmental funds are netted as part of the reconciliation to the government-wide financial statements.

M. USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note 2 Custodial Credit Risk

Custodial credit risk is the risk in the event of a bank failure the government’s deposits may not be returned to it. The District does not have a deposit policy for credit risk beyond that disclosed in Note 1. As of June 30, 2011 \$0.00 of the governments bank balance of \$7,769,155 was exposed to custodial credit risk as follows:

Uninsured and collateralized	\$	-0-
Total	\$	<u>-0-</u>
	<u>Bank Balance</u>	<u>Carrying Amount</u>
Deposits by custodial risk category:		
Insured	\$ 250,000	\$ 250,000

	<u>\$ 10,000,000</u>	<u>\$ 1,279,706</u>

No compensated absences are considered due and payable in the next fiscal year.

GENERAL OBLIGATION BONDS

During the year ended June 30, 1997, the District was authorized by voters of the District to issue \$10,600,000 in general obligation bonds to erect, remodel, make additions to and furnish school buildings.

The District issued \$4,750,000 of the \$10,600,000 issue on April 15, 1997, with interest rates from 4.375% to 5.15%, maturing serially, with final maturity August 1, 2012. The remaining \$5,850,000 was issued March 10, 1998, with interest rates from 4.2% to 6.2%, maturing serially, with final maturity August 1, 2010.

During the year ended June 30, 2005, the District was authorized by voters of the District to issue \$9,000,000 in general obligation bonds to erect, remodel, make additions to and furnish school buildings.

The District issued all of the \$9,000,000 on April 15, 2005, with interest rates from 3.625% to 3.9% maturing serially with final maturity August 1, 2021.

The bonds and bond interest are paid from property tax levies enacted specifically for the debt retirement. The revenues pledged totaled \$11,279,706 at June 30, 2011, and equal 100% of the tax levies enacted to repay the bonded indebtedness. The bonds were sold to erect and furnish facilities for the District. Interest rates range from 3.625% to 2.2% for individually scheduled retirements, and maturity dates range from 2012 through 2018. The property tax levies expire when the related bond indebtedness is repaid.

During the year ended June 30, 2011, the District recognized \$1,997,001 in property taxes pledged to retire the bonded indebtedness, and retired \$1,520,303 in bond principal and interest.

Note 5 Pension Plan – Educational Retirement Board

Plan Description

Substantially all of the Silver Consolidated School District No. 1 full-time employees participate in a public employee retirement system authorized under the Educational Retirement Act (Chapter 22, Article 11 NMSA 1978). The Educational Retirement Board (ERB) is the administrator of the plan, which is a cost-sharing multiple-employer defined benefit retirement plan. The plan provides for retirement benefits, disability benefits, survivor benefits and cost-of-living adjustments to plan members (certified teachers, and other employees of State public school districts, colleges and universities) and beneficiaries. ERB issues a separate, publicly available financial report that includes financial statements and required supplementary information for the plan. That report may be obtained by writing to ERB, P.O. Box 26129, Santa Fe, New Mexico 87502. The report is also available on ERB's website at www.nmerb.org.

Funding Policy

Effective July 1, 2009 through June 30, 2011, plan members were required by statute to contribute 7.9% of their gross salary if they earned \$20,000 or less annually, and plan members earning more than \$20,000 annually were required to contribute 9.4% of their gross salary. The Silver Consolidated School District No. 1 was required to contribute 12.4% of the gross covered salary for employees earning \$20,000 or less, and 10.9% of the gross covered salary of employees earning more than \$20,000 annually. Effective July 1, 2011 plan members are required by statute to contribute 7.9% of their gross salary if they earned \$20,000 or less annually, and plan members earning more than \$20,000 annually are required to contribute 11.15% of their gross salary. The Silver Consolidated School District No. 1 is required to contribute 12.4% of the gross covered salary for employees earnings \$20,000 or less, and 9.15% of the gross covered salary of employees earning more than \$20,000 annually. The contribution requirements of plan members and the Silver Consolidated School District No. 1 are established in State statute under Chapter 22, Article 11, NMSA 1978. The requirements may be amended by acts of the legislature. The Silver Consolidated School District No. 1's contributions to ERB for the fiscal years ending June 30, 2011, 2010, and 2009 were \$1,929,726, \$2,005,766, and \$2,127,793, respectively, which equal the amount of the requirement contributions for each fiscal year.

Plan Description

Silver Consolidated School District No. 1 contributes to the New Mexico Retiree Health Care Fund, a cost-sharing multiple-employer defined benefit postemployment healthcare plan administered by the New Mexico Retiree Health Care Authority (RHCA). The RHCA provides health care insurance and prescription drug benefits to retired employees of participating New Mexico government agencies, their spouses, dependents, and surviving spouses and dependents. The RHCA Board was established by the Retiree Health Care Act (Chapter 10, Article 7C, NMSA 1978). The Board is responsible for establishing and amending benefit provisions of the healthcare plan and is also authorized to designate optional and/or voluntary benefits like dental, vision, supplemental life insurance, and long-term care policies.

Eligible retirees are: 1) retirees who make contributions to the fund for at least five years prior to retirement and whose eligible employer during that period of time made contributions as a participant in the RHCA plan on the person's behalf unless that person retires before the employer's RHCA effective date, in which event the time period required for employee and employer contributions shall become the period of time between the employer's effective date and the date of retirement; 2) retirees defined by the Act who retired prior to July 1, 1990; 3) former legislators who served at least two years; 4) former governing authority members who served at least four years.

The RHCA issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for the postemployment healthcare plan. That report and further information can be obtained by writing to the Retiree Health Care Authority, 4308 Carlisle Blvd. N.E. Suite 104, Albuquerque, New Mexico 87107.

Funding Policy

The Retiree Health Care Act (Section 10-7C-13 NMSA 1978) authorizes the RHCA Board to establish the monthly premium contributions that retirees are required to pay for healthcare benefits. Each participating retiree pays a monthly premium according to a service based subsidy rate schedule for the medical plus basic life plan plus an additional participation fee of five dollars if the eligible participant retired prior to the employer's RHCA effective date or is a former legislator or former governing authority member. Former legislators and governing authority members are required to pay 100% of the insurance premium to cover their claims and the administrative expenses of the plan. The monthly premium rate schedule can be obtained from the RHCA or viewed on their website at www.nmrhca.state.nm.us.

The Retiree Health Care Act (Section 10-7C-15 NMSA 1978) is the statutory authority that establishes the required contributions of participating employers and their employees. During the fiscal year ended June 30, 2011, the Statute required each participating employer to contribute 1.666% of each participating employee's annual salary, each participating employee is required to contribute .8333% of their salary. In the fiscal years ending June 30, 2012 and June 30, 2013 the contribution rates for

employees and employers will rise as follows:

<u>Fiscal Year</u>	<u>Employer Contribution Rate</u>	<u>Employee Contribution Rate</u>
FY12	1.834%	.917%
FY13	2.000%	1.000%

Also, employers joining the program after 1/1/1998 are also required to make a surplus-amount contribution to the RHCA based on one of two formulas at agreed-upon intervals.

The RHCA plan is financed on a pay-as-you-go basis. The employer, employee and retiree contributions are required to be remitted to the RHCA on a monthly basis. The statutory requirements for the contributions can be changed by the New Mexico State Legislature.

The Silver Consolidated School District No. 1's contributions to the RHCA for the years ended June 30, 2011, 2010, and 2009 were \$262,455, \$235,731, and \$235,791, respectively, which equal the required contributions for each year.

Note 7 Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Because the District was unable to obtain general liability insurance at a cost it considered to be economically justifiable, it joined together with other school districts in the State and obtained insurance coverage with New Mexico Public Schools Insurance Authority, a public entity risk pool currently operating as a common risk management and insurance program for member school districts. The District pays an annual premium to New Mexico Public Schools Insurance Authority for its general insurance coverage, and all risk of loss is transferred. No losses exceeding insurance in the past three years.

The New Mexico Public Schools Insurance Authority is self-insured for property and liability losses below \$250,000 and purchases excess insurance above the self-insured retention. The self-insured retention aggregate for property is set at \$2,000,000 with a \$1,000,000 stop loss. The self-insured retention aggregate for liability is \$3,000,000 with a \$1,000,000 stop loss.

Note 8 Contingent Liabilities

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the government expects such amounts, if any, to be immaterial.

Note 9 Operating Lease

The District entered into a lease for the use of office equipment. The lease, executed in April, 2011, is for a four year term, with monthly payments of \$2,778. Future commitments under the lease are as follows:

Due in the year ending June 30:

2012	\$ 33,336
2013	33,336
2014	33,336
2015	<u>25,002</u>
Total	<u>\$ 125,101</u>

Payments under the lease for the year ended June 30, 2011, totaled \$8,334.

Note 10 Inter-Fund Activity

Inter-fund balances of June 30, 2011, consisted of the following:

	<u>Inter-Fund Payable</u>			
<u>Inter-fund Receivable</u>	<u>Senate Bill 9</u>	<u>Entitlement</u>	<u>All Others</u>	<u>Total</u>
General	\$ 199,663	\$ 185,288	\$ 774,729	\$ 1,159,680
All others	<u>-0-</u>	<u>-0-</u>	<u>-0-</u>	<u>-0-</u>
Total	<u>\$ 199,663</u>	<u>\$ 185,288</u>	<u>\$ 774,729</u>	<u>\$ 1,159,680</u>

All amounts are expected to be repaid within one year. The purpose of the loans was to provide cash for operating purposes.

There were no inter-fund transfers during the year ended June 30, 2011.

Note 11 Restricted Net Assets

At June 30, 2011, net assets restricted for other purposes included the following balances in special revenue funds:

Medicaid	\$ 594,461
Cafeteria	284,459
Athletics	33,261
PED:	
SB-9	65,110
TANF Kindergarten	441
Community Health	1,483
Technology for Education	11,825
Teacher mentoring	6,428
Elementary Breakfast	148
2008 Library Book	191
2008 G.O. Bond	<u>11,166</u>
	<u>\$ 1,008,973</u>

The District reported \$2,839,032 in restricted assets, of which \$2,805,771 is restricted by enabling legislation.

Note 12 Endowments

The District received an endowment from the Estate of Dr. Theodore Draelos. This endowment of \$22,500 is to be used for investment purposes only with the proceeds from such investments restricted to use for scholarship. The corpus is to remain intact for a twenty year period which commenced in 1988. This is in accordance with State law. Net appreciation of \$9,140 is available for expenditure by the governing board. This appreciation is reported in net assets of the private purpose trust fund as a part of "held in trust for scholarships and other purposes".

Note 13 Budgetary Authority

The District exceeded budgetary authority in the following functional categories:

General Fund:	
Food Services	\$ 350
Debt Service:	
Administration	3,306
Special Revenue:	
Title I	
Transportation	7
State Equalization Stimulus:	
Instruction	217,648

Funds were available, and these excesses were unanticipated year-end expenditures. Control procedures are in place to prevent future occurrence.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENTAL AUDITING STANDARDS**

Hector H. Balderas, State Auditor
and
Board of Education
Silver Consolidated School District No. 1
Silver City, New Mexico

We have audited the financial statements of the governmental activities, each major fund, the aggregate remaining fund information, and the budgetary comparisons of the general fund and major special revenue funds of Silver Consolidated School District No. 1 as of and for the year ended June 30, 2011, which collectively comprise Silver Consolidated School District No. 1's basic financial statements and have issued our report thereon dated October 27, 2011. We have also audited the financial statements of each of the District's non-major governmental funds and related budgetary comparisons presented as other supplementary information as of and for the year ended June 30, 2011 and have issued our report thereon dated October 27, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Silver Consolidated School District No. 1's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Silver Consolidated School District No. 1's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Silver Consolidated School District No. 1's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Silver Consolidated School District No. 1's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that are required to be reported pursuant to *Government Auditing Standards* paragraphs 5.14 and 5.16, and pursuant to Section 12-6-5, NMSA 1978, which are described in the accompanying schedule of findings and questioned costs as item 08-1.

The District's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit the District's responses and, accordingly, we express no opinion on them.

This report is intended solely for the information and use of management, the Board of Education and its audit committee, others within the organization, the Public Education Department, the New Mexico State Auditor, the New Mexico Legislature, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS THAT
COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON
INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

Hector H. Balderas, State Auditor
and
Board of Education
Silver Consolidated School District No. 1
Silver City, New Mexico

Compliance

We have audited Silver Consolidated School District No. 1's compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Silver Consolidated School District No. 1's major federal programs for the year ended June 30, 2011. Silver Consolidated School District No. 1's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of Silver Consolidated School District No. 1's management. Our responsibility is to express an opinion on Silver Consolidated School District No. 1's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and *OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and *OMB Circular A-133* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Silver Consolidated School District No. 1's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Silver Consolidated School District No. 1's compliance with those requirements.

In our opinion, Silver Consolidated School District No. 1 complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2011.

Internal Control Over Compliance

Management of Silver Consolidated School District No. 1 is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Silver Consolidated School District No. 1's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Silver Consolidated School District No. 1's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, the Board of Education and its audit committee, others within the entity, the Public Education Department, the New Mexico State Auditor, the New Mexico Legislature, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

SUMMARY OF AUDIT RESULTS

1. The auditor's report expresses an unqualified opinion on the financial statements of Silver Consolidated School District No. 1.
2. No significant deficiencies relating to the audit of the financial statements are reported in the *Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Bases on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards*.
3. No instances of noncompliance material to the financial statements of Silver Consolidated School District No. 1, which would be required to be reported in accordance with *Government Auditing Standards*, were disclosed during the audit.
4. No significant deficiencies related to the audit of the major federal award programs are reported in the *Independent Auditor's Report on Compliance With Requirements That Could Have a Direct and Material Effect on Each Major Program and on Internal Control Over Compliance in Accordance With OMB Circular A-133*.
5. The auditor's report on compliance for the major federal award programs for Silver Consolidated School District No. 1 expresses an unqualified opinion on all major programs.
6. No audit findings that are required to be reported in accordance with Section 510(a) of OMB Circular A-133 were noted during the audit.
7. The programs tested as major programs included: The nutrition cluster, consisting of the National School Lunch Program, CFDA No. 10.555, the School Breakfast Program, CFDA No. 10.553, the Summer Food Program, CFDA No. 10.559; the Title I cluster, consisting of Title I Grants to LEAs, CFDA No. 84.010 and ARRA Title I Grants to LEAs, CFDA No. 84.389; the special education cluster, consisting of Special Education-Grants to States, CFDA No. 84.027, ARRA Special Education-Grants to States, CFDA No. 84.391, Special Education-Preschool Grants, CFDA No. 84.173, and ARRA Special Education-Preschool Grants, CFDA No. 84.392; the ARRA State Fiscal Stabilization Fund, CFDA No. 84.394; and the Education Job Fund, CFDA No. 84.410.
8. The threshold for distinguishing types A and B programs was \$300,000.
9. Silver Consolidated School District No. 1 was determined to be a low-risk auditee.

FINDINGS – FINANCIAL STATEMENT AUDIT

08-1 Budgetary Controls (Other)

Condition – The District incurred expenditures in excess of budgetary authority in the following funds and functions:

- General fund – Food service \$350
- Debt Service – Administration \$3,306
- Title I – Transportation \$7
- State Equalization Stimulus – Instruction \$217,648

Criteria – Sections 6-3-1 through 6-3-25 NMSA 1978 require, in part, that expenditures not exceed budgetary authority.

Effect – The internal controls established by adherence to budgets has been compromised, and excess spending could result. In addition, New Mexico statutes have been violated.

Cause – The District did not request the budget adjustments at year end to alleviate these budget overruns.

Recommendation – We recommend that the District adhere to their policy of reviewing year end expenditures and requesting budget adjustments where necessary.

Agency Response – The policy is currently being followed, and these were unusual circumstances which were unforeseen. Some funding was received late in the year, and required immediate expenditure. We will continue to review expenditures at year end for the necessary budget adjustments.

FINDINGS AND QUESTIONED COSTS – MAJOR FEDERAL AWARD PROGRAMS

NONE

OTHER – FINANCIAL STATEMENT PREPARATION

The financial statements were prepared by Stone, McGee & Co., C.P.A.'s.
