INDEPENDENT AUDITOR'S REPORT

Hector H. Balderas
New Mexico State Auditor
The Office of Management and Budget and
The Governing Board
Tularosa Municipal Schools
Tularosa, New Mexico

Report on Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information, and the budgetary comparisons of the general fund and the major special revenue funds of Tularosa Municipal Schools (the "District") as of and for the year ended June 30, 2013, and the related notes to the financial statements which collectively comprise Tularosa Municipal Schools basic financial statements as listed in the table of contents. We also have audited the financial statements of each of Tularosa Municipal Schools nonmajor governmental funds and the budgetary comparisons for the major capital project funds, debt service funds, and all nonmajor funds presented as supplementary information, as defined by the Government Accounting Standards Board, in the accompanying combining and individual fund financial statements as of and for the year ended June 30, 2013, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit involves performing procedures to obtain evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to Tularosa Municipal Schools preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Tularosa Municipal Schools internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

(This page intentionally left blank.)

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Tularosa Municipal Schools, as of June 30, 2013, and the respective changes in financial position where applicable, cash flows thereof and the respective budgetary comparisons for the General Fund and major special revenue funds for the year then ended in conformity with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each nonmajor governmental fund of Tularosa Municipal Schools as of June 30, 2013, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparisons for the major capital project funds, debt service funds and all nonmajor funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the *Management's Discussion and Analysis* on pages 15-21 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with the auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on Tularosa Municipal Schools financial statements, the combining and individual fund financial statements, and the budgetary comparisons. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, Audits of State, Local Governments, and Non-Profit Organizations, as is not a required part of the financial statements. The other schedules as required by 2.2.2 NMAC are presented for the purposes of additional analysis and are not a required part of the basic financial statements. The other schedules required by 2.2.2 NMAC are the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other schedules as required by 2.2.2 NMAC are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 10, 2013 on our consideration of the Tularosa Municipal Schools internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Tularosa Municipal Schools internal control over financial reporting and compliance.

State of New Mexico
Tularosa Municipal School District No. 47
Management's Discussion and Analysis

As management of the Tularosa Municipal School District, we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2013. Readers should also review the basic financial statements and notes to enhance their understanding of the District's financial performance.

In June 1999, GASB approved Statement #34 "Basic Financial Statements and Management Discussion and Analysis for State and Local Government". In June 2001, the GASB approved Statement #37 "Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments: Omnibus" and Statement #38 "Certain Financial Statement Note Disclosures". Statement #37 clarifies and modifies Statement #34 and should be implemented simultaneously with Statement #34. Statement #38 modifies, establishes and rescinds certain financial statement disclosure requirements. The District implemented the provisions of the above statements effective July 1, 2003.

Financial Highlights

Key financial highlights for fiscal year ended June 30, 2013 are as follows:

- The assets of the District exceeded its liabilities at the end of the fiscal year by \$21,413,681 (net assets). Of this amount, \$16,014,195 is invested in capital assets, \$2,635,057 is restricted for Capital Projects, \$1,005,310 is restricted for Debt Service, \$332,655 for Special Revenue Funds and \$1,415,218 is unrestricted and may be used to meet the District's ongoing obligations.
- The District's total net position decreased by \$262,352, which is reflected in the District's Statement of Activities.
- The District's liabilities increased by \$528,160 in fiscal year 2013. This increase is a product of a increase in current liabilities of \$213,160 and an increase in long-term liabilities of \$315,000 due to the retirement of one old bond and the issuance of a new bond for this fiscal year.
- At June 30, 2013, the unreserved and undesignated fund balance for the general fund was \$1,415,218, which reflects an increase of \$187,647 from the previous fiscal year.
- As part of the implementation of GASB 34, total accumulated depreciation on capital assets as of June 30, 2013 is \$23,690,052. This includes current year depreciation in the amount of \$924,003.
- Capital Outlay expenditures decreased from \$294,504 in the year ending June 30, 2012 to \$301,017 in the year ending June 30, 2013. The small increase in capital outlay expenditures was associated with the district having no major ongoing construction projects within the district for this school year. The Capital Outlay expenditures in this fiscal year included improvements to the District's computer network infrastructure, purchase of small computer equipment such as IPAD's and office scanners, purchase of maintenance equipment, custodial equipment, media equipment, smart boards for the classrooms and lastly, the purchase of an outside shade canopy and benches for the Tularosa Middle School. An additional activity bus was ordered by the school district and is expected to be delivered the first of next fiscal year. The school district will also have two re-roofing projects, one at the Tularosa Intermediate School and the other at the Tularosa Middle School Cafeteria. The major portion of these capital purchases were funded utilizing Capital Outlay funds, such as Bond Building and SB-9. These projects were funded utilizing Capital Outlay funds, such as Bond Building and SB-9.
- The District's general obligation bond debt balance is \$4,865,000 which reflects a \$380,355 increase due to the net offset of paying principle payments on old bonds and issuing new debt. Voters authorized new bonds in the amounts of \$850,000 sold during the fiscal year. These bond sales were authorized by voters in an election which allows the District to issue the debt over an eight year period.

State of New Mexico
Tularosa Municipal School District No. 47
Management's Discussion and Analysis

Basic Financial Statements

In general, the purpose of financial reports is to provide external parties reading the financial statements with information that will help them to make decisions or draw conclusions about the reporting entity. There are many external parties that read and use the District's financial statements; however, these parties do not always have the same objectives. This annual report consists of a series of financial statements and notes to those statements. These statements are organized so that the reader may understand the District's overall financial position. In accordance with required reporting requirements, the District presents (1) government-wide financial statements and (2) fund financial statements.

Government-wide financial statements

The *government-wide financial statements* are designed to provide readers with a broad overview of the District's finances, in a manner similar to that of a private sector business.

The *statement of net position* presents information on all of the District's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases and decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The *statement of activities* presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows only in future fiscal periods (e.g. uncollected taxes).

Both the *statement of net position* and the *statement of activities* distinguish functions of the District that are primarily supported by property taxes and state revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through fees and charges. The governmental activities of the District include education, pupil transportation, food service and community service. The District does not have any business-type activities.

The *government-wide financial statements* can be found on Exhibits A-1 and A-2 on pages 24 through 27 of the financial statements.

Fund Financial Statements

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other school districts, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into two categories: governmental funds and fiduciary funds.

Governmental Funds

Government Funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of expendable resources, as well as on balances of expendable resources available as the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of government funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. A reconciliation to facilitate the comparison of the governmental funds and governmental activities has been provided.

State of New Mexico
Tularosa Municipal School District No. 47
Management's Discussion and Analysis

The District has four individual governmental fund groups. Information is presented separately in the governmental fund balance sheets and in the governmental funds statement of revenues, expenditures, and changes in fund balance for the following funds:

General Fund	Capital Projects Fund
Debt Service Fund	Special Revenue Funds

The basic governmental fund financial statements can be found on Exhibits B-1 and B-2 on pages 28 through 35 of the financial statements.

Fiduciary Funds

Fiduciary Funds are used to account for resources held in trust for the benefit of parties outside the District. Fiduciary fund financial statements consist of a statement of fiduciary net assets and a statement of changes in fiduciary net assets. These funds are not reported in the government-wide financial statements.

The fiduciary fund financial statements can be found in Exhibit D on page 43 of the financial statements.

Overview of the District's Financial Position and Operations the District's overall financial position and operations for the current year as compared to the previous fiscal year are as follows:

TULAROSA MUNICIPAL SCHOOL DISTRICT'S NET POSITION COMPARATIVE DATA

TULAROSA MUNICIPAL SCHOOL DISTRICT'S NET POSITION COMPARATIVE DATA	Current Year 2013	Prior Year 2012
Assets		
Cash and Other Equivalents	\$ 4,532,538	\$ 5,071,346
Current and Other Assets	983,057	1,103,174
Capital Assets, Net	<u>21,236,601</u>	<u>20,311,868</u>
TOTAL ASSETS	\$26,752,196	\$26,486,388
Liabilities		
Current Liabilities	\$ 1,008,575	\$ 795,355
Noncurrent Liabilities	<u>4,330,000</u>	<u>4,015,000</u>
TOTAL LIABILITIES	\$ 5,338,515	\$ 4,810,355
Net Position		
Net Investment in Capital Assets	\$16,014,195	\$16,115,615
Restricted:		
Debt Services	1,005,310	533,557
Capital Projects	2,635,057	3,462,054
Special Revenue Funds	332,665	330,337
General Funds	11,246	6,899
Unrestricted	<u>1,415,218</u>	<u>1,227,571</u>
TOTAL NET POSITION	<u>\$21,413,681</u>	<u>\$21,676,033</u>

As noted in the schedule above, 6% of the District's net position is unrestricted in nature and can be used at the *discretion* of the District and to meet ongoing obligations to creditors and stakeholders. 20% is restricted for the stated purposes. The remaining 74% of the District's net position are invested in capital assets, net of related debt. This indicates that the accumulated depreciation along with the asset values exceed existing debt.

State of New Mexico
Tularosa Municipal School District No. 47
Management's Discussion and Analysis

Governmental activities decreased the District's overall net position by \$262,352. This decrease was the effect of the decrease in total assets of \$265,808 and the increase in total liabilities of \$528,160 for GO Bond issuance. Nonetheless, the District's liquidity, the ability to convert assets into cash to pay for obligations and commitments, remains secure. Cash and cash equivalents represent almost 17% of the District's current assets indicating a highly liquid position.

The major elements of the District's governmental activities contributing to the increase in the change in net position are listed on the next page.

State of New Mexico Tularosa Municipal School District No. 47

As noted above, the District is heavily dependent on federal and state aid, which comprises 89% of its total revenues. Correspondingly, it spends 62% of total revenues on direct instruction and instructional support the two primary functions that indicate direct school spending.

State of New Mexico
Tularosa Municipal School District No. 47
Management's Discussion and Analysis

General Fund Budgetary Highlights

Budget to actual comparison schedules are presented for all major funds and non major funds individually in Exhibit C-1 through C-3 and Schedules A-3 to A-25. In addition, budget to actual comparison schedules were presented for each individual fund in the supplementary information section of this report. These schedules are prepared on a cash basis which is the format allowed by the District's oversight agency, the New Mexico Public Education Department.

The original expenditure budget for the District's general fund was decreased by \$75,704. Although the State issued a 0.15% increase in the final unit value for the state equalization guarantee funding (\$5.36 per funding unit), the District experienced a 16.38 unit drop in its final funded program units for the 2012-2013 school year. The state did issue a correction for an error in the funding formula for the calculation of at risk units. This correction manifested itself in a payment received by the District from the State in the amount of \$52,969. The final general fund expenditure budget was \$8,529,860 of which \$7,317,076 was expended in the current year. Budgets were not exceeded in any of the function in the general fund.

Of the \$11,668,005 total District revenue budget, the District received 5.7% more in actual revenue for an increase of \$668,128 in actual revenue received over budgeted revenue. Conversely, the District expended only \$12,874,081 of its total expenditure budgets of \$17,135,804.

The original expenditure budget in the District's debt service fund did not increase for this year. Surplus cash balances were used to pay bond principal payments on old bond series. Even with this use of cash, the District maintains a strong financial position in the debt service fund.

Capital Assets and Debt Administration

Capital Assets

The District's current year investment in capital assets as of June 30, 2013 is \$43,077,917. The District's assets include land and land improvements, building and building improvements, equipment and furniture, and vehicles. The final payment owed by the District to the State for reimbursement of advance payments made to the contractor by the State on the District's behalf for the renovation of upgrade to the high school facilities construction project was paid in full by the District to the State during this fiscal year. The final amount paid to the State by the District for the project was \$ 1,756,422. The funds utilized for this final payment were the District's Bond Building Fund.

Depreciation calculated as a result of GASB 34 implementation resulted in an accumulated depreciation balance of \$23,690,052, of which \$924,003 is for depreciation in the current year. Additional information of the District's capital assets is presented in Note 7 on page 58 of the financial statements.

Long-term obligations

At the end of the current year, the district had \$4,450,000 in long-term debt related to governmental activities. Of this debt, 100% was related to general obligation bonds still outstanding at the end of the year. The debt position of the District is summarized below and is more fully analyzed in Note 8 on page 60 of the financial statements.

TULAROSA MUNICIPAL SCHOOL DISTRICT'S LONG-TERM OBLIGATION

Governmental Activities:

General Obligation Debt

	<u>Bal @7-1-12</u>	<u>Additions</u>	<u>Deletions</u>	<u>Bal @ 6-30-12</u>	<u>Due W/in One Year</u>
<i>TOTAL</i>	\$4,450,000	\$850,000	\$435,000	\$4,865,000	\$620,000

During FY 2013, the District issued \$305,000 in new General Obligation School Building Bonds Series 2012. During the fiscal year, the District reduced total bond debt principle by \$590,000 in accordance with schedule bond payments.

The most recent issuances by the District have received the following credit ratings:

- The \$850,000 bonds issued during 2012 received an enhanced AA2 rating.

The enhanced rating is partly due to recent legislative action that guarantees payment to the bondholders in the event of default by the District.

Relevant Current Economic Factors, Decisions and Conditions

The District is experiencing a decrease in student population; however, continues to see increases in the District's acceptance of special needs children from a nearby community. Since the District, like all other New Mexico school districts, is funded on a prior year funding formula, (the student population from this year will determine the amount of funding received in the following year), it must maintain tight budgetary controls in order to meet current year needs with last year's funding. The District's primary general source of revenue is derived from the formula. The District does anticipate that the student population will continue to decrease from its approximate 900 students in the next few years due to a decrease in student enrollment in the lower grades.

With respect to property taxes, the District's tax rate has remained stable over the last few years due to the bond program implemented by the District. In general, as old debt is retired, new debt is issued, thereby maintaining a non-residential rate of approximately \$2.00 per \$1,000 assessed valuation. On February 7th, 2012, the voters approved a \$2.2 million bond election which allows a \$2.00 mill levy for capital improvements. During the fiscal year, the first \$850,000 of the bonds approved by the voters was sold. The funds will be used to improve school grounds, buildings and school furnishings, purchase a new activity bus, purchase a new vehicle for the fleet, upgrade equipment and software in computer labs, replacement/upgrade copy machines, and continue to address technology and building adequacy. In order to accomplish this, the District requires funding from taxpayers as well as continued support through direct legislative appropriations.

Request for Information

This financial report is designed to provide various interested parties with a general overview of the District's finances and to show the District's accountability for the money it receives. STATE OF NEW MEXICO
TULAROSA MUNICIPAL SCHOOLS
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES
IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

Exhibit B-2
 (Page 2 of 2)

For the year Ended June 30, 2013

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds	\$	(704,494)
--	----	-----------

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense:

Capital expenditures:		
Current year capital expenditures		1,848,736
Depreciation expense , net of current deletions		(924,003)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenue in the funds:

Property taxes		(70,855)
----------------	--	----------

The issuance of long-term debt (e.g., bonds, notes, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities:

Decrease in accrued interest		(5,253)
Bond Premium		45,565
Decrease in compensated absences		3,245
Amortization of bond issuance costs		(40,293)
Issuance of new debt		(850,000)
Principal payments on bonds		435,000

Changes in Net Position of Governmental Activities	\$	<u>(262,352)</u>
--	----	------------------

Notes to the Financial Statements
June 30, 2013

NOTE 1. Summary of Significant Accounting Policies

Tularosa Municipal Schools is a special purpose government corporation governed by an elected five-member Board of Education. The Board of Education is the basic level of government, which has oversight responsibility and control over all activities related to the public school education of the City of Tularosa. The District is responsible for all activities related to public elementary and secondary school education within its jurisdiction. The District receives funding from local, state, and federal government sources and must comply with the requirements of these funding source entities.

This summary of significant accounting policies of the District is presented to assist in the understanding of the District's financial statements. The financial statements and notes are the representation of Tularosa Municipal School's management who is responsible for their integrity and objectivity. The financial statements of the District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The financial statements have incorporated all applicable GASB statements and Interpretations, Accounting Principles Board Opinions and Accounting Research Bulletins of the Committee on accounting procedures. The more significant of the government's accounting policies are described below.

A. *Financial Reporting Entity*

In evaluating how to define the District, for financial reporting purposes, management has considered all potential component units. The decision to include any potential component units in the financial reporting entity was made by applying the criteria set forth in GASB Statement No. 61. Blended component units, although legally separate entities, are in substance part of the government's operations. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the government.

The basic-but not the only-criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters. A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity benefits the government and/or its citizens. A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the government is able to exercise oversight responsibilities. Finally, the nature and significance of a potential component unit to the primary government could warrant its inclusion within the reporting entity. Based upon the application of these criteria, the District has no component units, and is not a component unit of another governmental agency.

NOTE 1. Summary of Significant Accounting Policies (continued)

B. *Government-wide and fund financial statements*

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

C. *Measurement focus, basis of accounting, and financial statement presentation*

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as does the fiduciary fund financial statement. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are billed. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Tularosa Municipal Schools
Notes to the Financial Statements
June 30, 2013

NOTE 1. Summary of Significant Accounting Policies (continued)

C. *Measurement focus, basis of accounting, and financial statement presentation* (continued)

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Sales and use taxes are classified as derived tax revenues and are recognized as revenue when the underlying exchange takes place and the revenues are measurable and available. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The government reports the following major governmental funds:

The *Operational Fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. Revenues are provided by district school tax levy, state equalization and earnings from investments. Expenditures include all costs associated with the daily operations of the schools except for those items included in other funds.

The *Transportation Fund* is used to account for the State Equalization received from the State Department of Education which is used to pay for the costs associated with transporting school age children.

The *Instructional Materials Fund* is used to account for the monies received from the State Department of Education for the purposes of purchasing instructional materials (books, manuals, periodicals, etc.) used in the education of students.

The *Bond Building Fund* is used to account for the accumulation of resources for the funds provided from the District's bond issues. Resources are used for the purpose of erecting, remodeling, making additions to, or furnishing public school buildings and purchasing or improving public school grounds. Financing is provided by ad valorem taxes as specified by Article 15 of the Finance of Counties, Municipalities, and School Districts Act, and the payment of, general long-term debt principal, interest and related costs.

The *Debt Service Fund* is to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs.

Additionally, the government reports the following fund types:

The *Fiduciary Funds* account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governments and/or other funds.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned. There were no such transactions during the fiscal year ended June 30, 2013.

STATE OF NEW MEXICO
Tularosa Municipal Schools
Notes to the Financial Statements
June 30, 2013

NOTE 1. Summary of Significant Accounting Policies (continued)

D. *Assets, Liabilities and Net Position or Equity*

Deposits and Investments: The District's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

State statutes authorize the District to invest in Certificates of Deposit, obligations of the U.S. Government, and the State Treasurer's Investment Pool.

Investments for the District are reported at fair value. The State Treasurer's Pool operates in accordance with appropriate state laws and regulations. The reported value of the pool is the same as the fair value of the pool shares.

Receivables and Payables: Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or between proprietary funds are netted as part of the reconciliation to the government-wide financial statements.

All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

The District receives monthly income from a tax levy in Otero County. The funds are collected by the County Treasurers and are remitted to the School District the following month. Under the modified accrual method of accounting, the amount remitted by the County Treasurers in July and August is considered 'measurable and available' and, accordingly, is recorded as revenue in the governmental fund statements during the year ended June 30, 2013.

Certain Special Revenue funds are administered on a reimbursement method of funding; other funds are operated on a cash advance method of funding. The funds incurred the cost and submitted the necessary request for reimbursement or advance, respectively.

Prepaid Items: Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements.

Instructional Materials: The New Mexico Public Education Department (PED) receives federal mineral leasing funds from which it makes annual allocations to the various school districts for the purchase of educational materials. Of each allocation, fifty percent is restricted to the requisition of materials listed in the New Mexico Public Education Department "State Adopted Instructional Material" list, while fifty percent of each allocation is available for purchases directly from vendors. The districts are allowed to carry forward unused allocations from year to year.

STATE OF NEW MEXICO
Tularosa Municipal Schools
Notes to the Financial Statements
June 30, 2013

NOTE 1. Summary of Significant Accounting Policies (continued)

D. *Assets, Liabilities and Net Position or Equity (continued)*

Inventory: Inventory is valued at cost utilizing the purchase basis of accounting. Inventory in the Special Revenue Funds consists of U.S.D.A. commodities and other purchased food and non-food supplies. The cost of purchased food is recorded as an expenditure at the time individual inventory items are consumed. The U.S.D.A. commodities are recorded at year-end by audit adjusting entries. Commodities consumed during the year are reported as revenues and expenditures; unused commodities are reported as inventories. Non-commodity inventories are equally offset by a fund balance reserve, which indicates that they do not constitute “available spendable resources” even though they are a component of net current assets.

Capital Assets: Capital assets, which include property, plant, and equipment, are reported in the applicable governmental column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. Information Technology Equipment including software is being capitalized and included in furniture, fixtures and equipment in accordance with NMAC 2.20.1.9 C (5).

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. No interest was included as part of the cost of capital assets under construction.

Property, plant, and equipment of the primary government are depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	20-50
Building improvements	20
Furniture, fixtures and equipment	5-20
Vehicles	10-20

Unearned Revenues: Accounting principles generally accepted in the United States of America require that grant revenue be recognized at the time the related expense is made if the expenditure of funds is the prime factor for determining eligibility for reimbursement; therefore, amounts received and not expended in the Special Revenue Funds are shown as Unearned Revenues. Amounts receivable from the property taxes levied for the current year that are not considered to be “available” under the current financial resources measurement focus are reported as Unearned Revenues in the governmental fund financial statements. GASB 63 amended previous guidance on Unearned Revenues in the Government-Wide Financial Statements to include deferred outflow of resources, which is the consumption of net assets by the government that is applicable to a future reporting period and deferred inflow of resources, which is acquisition of nets position by the government that is applicable to a future reporting period.

Compensated Absences: The District permits administrative employees to accumulate a limited amount of earned but unused vacation, which will be paid if not used, upon termination from the District. Accumulated sick leave benefits vest with each employee in accordance with District policy. All vacation pay and applicable accumulated sick leave is accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements. No liability is reported for unpaid accumulated sick leave, as no payment is required upon termination of service by employees.

STATE OF NEW MEXICO
Tularosa Municipal Schools
Notes to the Financial Statements
June 30, 2013

NOTE 1. Summary of Significant Accounting Policies (continued)

D. *Assets, Liabilities and Net Position or Equity* (continued)

Long-term Obligations: In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities statement of net position. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Fund Equity: In the fund financial statements, governmental funds report reservations of fund balance that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change. These designations are established to earmark resources for specific future use and to indicate that the fund equity does not represent available spendable resources.

Net investment in capital assets consists of net position including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of these assets.

Restricted fund balance represents amounts that are constrained either by: 1) externally imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments; or 2) imposed by law through constitutional provisions or enabling legislation.

Committed fund balance represents amounts that are useable only for specific purposes by formal action of the government's highest level of decision-making authority.

Assigned fund balance represents amounts that are intended to be used for specific purposes, but are neither restricted nor committed. Intent is expressed by the governing body or a subordinate high-level body or official whom the governing body has delegated.

Unassigned fund balance is the residual classification for the general fund and represents the amounts that have not been assigned to other funds, and that have not been restricted, committed, or assigned to specific purposes.

The District's policy is to apply restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

Reclassifications: Certain amounts presented in prior year data have been reclassified in order to be consistent with the current year's presentation.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

STATE OF NEW MEXICO
Tularosa Municipal Schools
Notes to the Financial Statements

NOTE 1. Summary of Significant Accounting Policies (continued)

E. *Revenues*

State Equalization Guarantee: School districts in the State of New Mexico receive a 'state equalization guarantee distribution' which is defined as "that amount of money distributed to each school district to insure that the school district's operating revenue, including its local and federal revenues as defined (in Chapter 22, Section 825, NMSA 1978) is at least equal to the school district's program costs.

A school district's program costs are determined through the use of various formulas using 'program units' which take into consideration 1) early childhood education; 2) basic education; 3) special education; 4) bilingual-multicultural education; 5) size, etc. Payment is made from the public school fund under the authority of the Director of Public School Finance. The District received \$7,010,065 in state equalization guarantee distributions during the year ended June 30, 2013.

Tax Revenues: The District receives mill levy and ad-valorem tax revenues primarily for debt service and capital outlay purposes. Property taxes are assessed on January 1st of each year and are payable in two equal installments, on November 10th of the year in which the tax bill is prepared and April 10th of the following year with the levies becoming delinquent 30 days (one month) thereafter. The District recognizes tax revenues in the period for which they are levied in the government-wide financial statements. The District records only the portion of the taxes considered 'measurable' and 'available' in the governmental fund financial statements. The District recognized \$952,277 in tax revenues in the governmental fund financial statements during the year ended June 30, 2013. Descriptions of the individual debt service and capital outlay funds contained in these financial statements include information regarding the authority for the collection and use of these taxes.

Transportation Distribution: School districts in the State of New Mexico receive student transportation distributions. The transportation distribution is allocated to each school district in accordance with formulas developed by the State Transportation Director and the Director of Public School Finance. The funds shall be used only for the purpose of making payments to each school district for the to-and-from school transportation costs of students in grades K through twelve attending public school within the school district. The District received \$491,612 in transportation distributions during the year ended June 30, 2013.

Instructional Materials: The District had allocations allowed by the State for the current year of \$58,232. Of the allocation, the District used \$58,232 to purchase textbooks during the year. Allocations received and utilized are reflected in revenue and expenditures of the General Fund.

STATE OF NEW MEXICO
Tularosa Municipal Schools
Notes to the Financial Statements
June 30, 2013

NOTE 2. Stewardship, Compliance and Accountability

Budgetary Information

Budgets for the General, Special Revenue, Debt Service, and Capital Projects Funds are prepared by management and are approved by the local Board of Education and the School Budget and Planning Unit of the Department of Education. Auxiliary student activity accounts are not budgeted.

These budgets are prepared on the Non-GAAP cash basis, excluding encumbrances, and secure appropriation of funds for only one year. Carryover funds must be re-appropriated in the budget of the subsequent fiscal year. Because the budget process in the State of New Mexico requires that the beginning cash balance be appropriated in the budget of the subsequent fiscal year, such appropriated balance is legally restricted and is therefore presented as a designated portion of fund balance.

Actual expenditures may not exceed the budget on function level, i.e., each budgeted expenditure must be within budgeted amounts. Budgets may be amended in two ways. If a budget transfer is necessary within a major category called a 'series' this may be accomplished with only local Board of Education approval. If a transfer between 'series' or a budget increase is required, approval must also be obtained from Public School Finance Division.

The budgetary information presented in these financial statements has been amended in accordance with the above procedures.

The School District follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In April or May, the superintendent submits to the Board of Education a proposed operating budget of the fiscal year commencing the following July. The operating budget includes proposed expenditures and the means of financing them, and has approval by the Department of Education.
2. In May or June, the budget is approved by the Board of Education.
3. The school board meeting is open for the general public unless a closed meeting has been called.
4. The superintendent is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the school board and the State of New Mexico Department of Education.
5. Formal budgetary integration is employed as a management control device during the year for the General Fund, Special Revenue Funds, Debt Service Fund and Capital Projects Funds.
6. Budgets for the General, Special Revenue, Debt Service and Capital Projects Funds are adopted on a basis not consistent with generally accepted accounting principles (GAAP). Encumbrances are treated the same way for GAAP purposes and for Budget purposes.

The School Board may approve amendments to the appropriated budget, which are required when a change is made affecting budgeted ending fund balance. New Mexico Administrative Code 6.20.2.9 prohibits a school district from exceeding budgetary control at the function level.

The District is required to balance its budgets each year. Accordingly, amounts that are excess or deficient are presented as changes in cash designated for expenditures, not as an excess or deficiency of revenues over expenditures.

STATE OF NEW MEXICO
Tularosa Municipal Schools
Notes to the Financial Statements
June 30, 2013

NOTE 3. Cash and Temporary Investments

State statutes authorize the investment of the District funds in a wide variety of instruments including certificates of deposit and other similar obligations, state investment pool, money market accounts, and United States Government obligations. All invested funds of the District properly followed State investment requirements as of June 30, 2013.

Deposits of funds may be made in interest or non-interest bearing checking accounts in one or more banks or savings and loan associations within the geographical boundaries of the District. Deposits may be made to the extent that they are insured by an agency of the United States or by collateral deposited as security or by bond given by the financial institution.

The rate of interest in non-demand interest-bearing accounts shall be set by the State Board of Finance, but in no case shall the rate of interest be less than one hundred percent of the asked price on United States treasury bills of the same maturity on the day of deposit.

Excess of funds may be temporarily invested in securities which are issued by the State or by the United States government, or by their departments or agencies, and which are either direct obligations of the State or the United States or are backed by the full faith and credit of those governments.

The collateral pledged is listed on Schedule I of this report. The types of collateral allowed are limited to direct obligations of the United States Government and all bonds issued by any agency, District or political subdivision of the State of New Mexico.

According to the Federal Deposit Insurance Corporation, public unit deposits are funds owned by the public unit. Time deposits, savings deposits and interest bearing NOW accounts of a public unit in an institution in the same state will be insured up to \$250,000 in aggregate and separate from the \$250,000 coverage for public unit demand deposits at the same institution until December 31, 2012. The Dodd Frank Act of 2010 required that all funds in a non-interest bearing bank account be fully insured by the FDIC through December 31, 2012. Tularosa Municipal Schools' funds were in an interest bearing account and therefore were not subject to the Dodd Frank Act.

Deposits

NM State Statutes require collateral pledged for deposits in excess of the federal deposit insurance to be delivered, or a joint safekeeping receipt be issued, to the District for a least one half of the amount on deposit with the institution. The schedule listed below will meet the State of New Mexico, Office of the State Auditor's requirements in reporting the insured portion of the deposits.

Tularosa Municipal Schools
Notes to the Financial Statements
June 30, 2013

NOTE 3. Cash and Temporary Investments (continued)

Custodial Credit Risk- Investments

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The District does not have an investment policy for custodial credit risk. New Mexico State Statutes require collateral pledged to be delivered for the securities underlying an overnight repurchase agreement, or a joint safekeeping receipt to be issued to the District for at least on hundred two percent of the fair value of the securities underlying overnight repurchase accounts invested with the institution.

As of June 30, 2013, the Districts' investment balances were exposed to custodial credit risk as follows:

Investment in the State Treasurer Local Government

Investment Pool	\$ <u>477,700</u>
-----------------	-------------------

The New MexiGrow Local Governmental Investment Pool's (LGIP) investments are valued at fair value based on quoted market prices as of the valuation date. The LGIP is not SEC registered. The new Mexico State Treasurer is authorized to invest the short-term investment funds, with the advice and consent of the State Board of Finance, In accordance with Sections 6-10-10 I though 6-10-10-P and Section 6-10-10.1 A and E, NMSA 1978. The pool does not have unit shares. Per Section 6-10-10.1F, NMSA 19078, as the end of each month all interest earned is distributed by the State Treasurer to the contributing entities in amounts directly proportionate to the respective amounts deposited in the fund and the length of time the fund amounts were invested. Participation in the LGIP is voluntary.

Interest Rate Risk and Credit Rating- Investment in State Treasurer's LGIP

The District does not have a formal policy limiting investment maturities to manage its exposure to fair value losses from increasing interest rates. The District's investments at June 30, 2013 include the following:

State Treasurer LGIP	AAAm	58-day WAM	\$ <u>477,770</u>

NOTE 8. Long-term Debt

The District issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds are direct obligations and pledge the full faith and credit of the District. These bonds are issued with varying terms and varying amounts of principal maturing each year. All general obligation bonds as of June 30, 2013 are for governmental activities. The following bonds were issued for the purpose of erecting, furnishing, remodeling and making additions to District buildings and improving District grounds. A tax is annually assessed, levied and collected upon all taxable property within the District for the purpose of providing the necessary funds to meet the interest and principal payments as they become due.

Bonds outstanding at June 30, 2013, are comprised of the following:

Series	Date of Issue	Original Amount	Interest Rate	Balance
Series 2003	9/15/2003	\$ 400,000	3%	50,000
Series 2004	9/1/2004	\$ 345,000	3%	20,000
Series 2005b	9/1/2005	\$ 255,000	4%	115,000
Series 2006	10/15/2006	\$ 340,000	4%	340,000
Series 2007	7/1/2007	\$ 365,000	4.125%	365,000
Series 2008	11/1/3008	\$ 500,000	2.75-4.1%	440,000
Series 2009	1/13/09	\$ 485,000	5%	485,000
Series 9/2009	9/15/2009	\$ 770,000	3.65-5.65%	770,000
Series 5/1/10	5/10/2010	\$ 525,000	2.85-3.55%	525,000

Total Long term debt	\$ 4,865,000
Net Issue Costs/Premium/Discounts on Bond Issues	(437,642)
Accumulated Amortization	204,829
	\$ 4,632,187

NOTE 9. Risk Management

The District is a member of the New Mexico Public School Insurance Authority (NMPSIA). The Authority was created to provide comprehensive core insurance programs by expanding the pool of subscribers to maximize cost containment opportunities for required insurance coverage. The District pays an annual premium to the NMPSIA based on claim experience and the status of the pool. The Risk Management Program includes Workers Compensation, General and Automobile Liability, Automobile Physical Damage, and Property and Crime coverage. Also included under the risk management program are Boiler, Machinery and Student Accident Insurance.

The NMPSIA provides coverage for up to a maximum of \$500,000,000 for each property damage claim with a \$750 deductible to each building. General liability coverage is afforded to all employees, volunteers and school board members and the limit is subject to the NMSA Tort Claims Act on a per occurrence basis. The automobile and property liability limit is subject to the provisions of the Tort Claims Act. The crime limit is \$250,000 per occurrence for Faithful Performance. A limit of \$250,000 applies to Depositor's Forgery, Credit Card Forgery, and Money Orders. A limit of \$100,000 applies to Money and Securities, which include a \$750 deductible.

In case the NMPSIA's assets are not sufficient to meet its liability claims, the agreement provides that subscribers, including the District, cannot be assessed additional premiums to cover the shortfall. As of June 30, 2013, there have been no claims that have exceeded insurance coverage.

NOTE 10. Other Required Individual Fund Disclosures

Generally accepted accounting principles require disclosures of certain information concerning individual funds including:

A.	Deficit fund balance of individual funds.	
	24101 Title I	\$2,142
	24106 Idea B	27
	27154 Teacher Training	599

Deficit Fund Balances will be funded by general fund transfers or additional grant funds.

B.	Excess of expenditures over appropriations by fund and function.	
	Debt Service Fund	\$270

NOTE 11. ERA Pension Plan

Plan Description. Substantially all of the District’s full-time employees participate in a public employee retirement system authorized under the Educational Retirement Act (Chapter 22, Article 11, NMSA 1978). The Educational Retirement Board (ERB) is the administrator of the plan, which is a cost-sharing multiple-employer defined benefit retirement plan. The plan provides for retirement benefits, disability benefits, survivor benefits and cost-of-living adjustments to plan members (certified teachers, and other employees of State public school districts, colleges and universities and some state agency employees) and beneficiaries. ERB issues a separate, publicly available financial report that includes financial statements and required supplementary information for the plan. That report may be obtained by writing to ERB, P.O. Box 26129, Santa Fe, NM 87502. The report is also available on ERB’s website at www.nmerb.org.

Funding Policy.

Member contributions: Plan members whose annual salary is \$20,000 or less are required by statute to contribute 7.9% of their gross salary. Plan members whose annual salary is over \$20,000 are required to make the following contributions to the plan: 9.40% of their gross salary in fiscal year 2013; 10.1% of their gross salary in fiscal year 2014; and 10.7% of their gross salary in fiscal year 2015 and thereafter.

Employer Contributions

In the fiscal year 2013, the District was required to contribute 12.4% of the gross covered salary for employees whose annual salary is \$20,000 or less, and 10.9% of the gross covered salary for employees whose annual salary is more than \$20,000.

In the future, the District will contribute the following percentages of the gross covered salary of employees: 13.5% of gross covered salary in fiscal year 2014; and 13.9% of gross covered salary in fiscal year 2015.

The contribution requirements of plan members and the District are established in State statute under Chapter 22, Article 11, NMSA 1978. The requirements may be amended by acts of the legislature. The contributions to the ERB for the years ended June 30, 2013, 2012 and 2011 were \$1,104,289 \$1,079,753, and \$1,147,984, respectively, which equal the required contributions for each year.

NOTE 12. Post-Employment Benefits

Plan description: Tularosa Municipal Schools contributes to the New Mexico Retiree Health Care Fund, a cost-sharing multiple-employer defined benefit post-employment healthcare plan administered by the New Mexico Retiree Health Care Authority (RHCA). The RHCA provides health care insurance and prescription drug benefits to retired employees of participating New Mexico government agencies, their spouses, dependents, and surviving spouses and dependents. The RHCA Board was established by the Retiree Health Care Act (Chapter 10, Article 7C, NMSA 1978). The Board is responsible for establishing and amending benefit provisions of the healthcare plan and is also authorized to designate optional and/or voluntary benefits like dental, vision, supplemental life insurance, and long-term care policies.

STATE OF NEW MEXICO
Tularosa Municipal Schools
Notes to the Financial Statements
June 30, 2013

Eligible retirees are: (1) retirees who make contributions to the fund for at least five years prior to retirement and whose eligible employer during that period of time made contributions as a participant in the Retiree Health Care Act on the person's behalf, unless that person retires before the employer's NMRHCA effective date, in which event the time period required for the employee and employer contributions shall become the period of time between the employer's effective date and the date of retirement; or (2) retirees defined by the Act who retired prior to July 1, 1990; 3) former legislators who served at least two years; and 4) former governing authority members who served at least four years.

The RHCA issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for the postemployment healthcare plan. That report and further information can be obtained by writing to the Retiree Health Care Authority at 4308 Carlisle NE, Suite 104, Albuquerque, NM 87107.

Funding Policy. The Retiree Health Care Act (Section 10-7C-13 NMSA 1978) authorizes the RHCA Board to establish the monthly premium contributions that retirees are required to pay for healthcare benefits. Each participating retiree pays a monthly premium according to a service based subsidy rate schedule for the medical plus basic life plan plus an additional participation fee of five dollars if the eligible participant retired prior to the employer's RCHA effective date or is a former legislator or former governing authority member. Former legislators and governing authority members are required to pay 100% of the insurance premium to cover their claims and the administrative expenses of the plan. The monthly premium rate schedule can be obtained from the RCHA or viewed on their website at www.nmrhca.stat.nm.us.

The employer, employee and retiree contributions are required to be remitted to the RHCA on a monthly basis. The statutory requirement for the contributions can be changed by the New Mexico State Legislature. Employers that chose to become participating employers after January 1, 1998 are required to make contributions to the RHCA fund in the amount determined to be appropriate by the Board.

The Retiree Health Care Act (Section 10-7C-15 NMSA 1978) is the statutory authority that establishes the required contributions of participating employers and their employees. For employees that were members of an enhanced retirement plan (state police and adult correctional officer member coverage plan 1; municipal police member coverage plan 3, 4 or 5; municipal fire member coverage plan 3, 4, or 5; municipal detention office member coverage plan 1; and members pursuant to the Judicial Retirement Act) during the fiscal year ended June 30, 2013, the statute required each participating employer to contribute 2.5% of each participating employee's annual salary; and each participating employee was required to contribute 1.25% of their salary. For employees that were not members of an enhanced retirement plan during the fiscal year ended June 30, 2013, the statute required each participating employer to contribute 2.0% of each participating employee's annual salary; and each participating employee was required to contribute 1.25% of their salary. For employees that were not members of an enhanced retirement plan during the fiscal year ended June 30, 2013, the statute required each participating employer to contribute 2.0% of each employee's annual salary; each participating employee was required to contribute 1.0% of their salary. In addition, pursuant to Section 10-7C-15 (G) NMSA 1978, at the first session of the Legislature following July 1, 2013, the legislature shall review and adjust the distributions pursuant to Section 7-1-6.1 NMSA 1978 and the employer and employee contributions to the authority in order to ensure the actuarial soundness of the benefits provided under the Retiree Health Care Act.

The District's contributions to the RHCA for the years ended June 30, 2013, 2012 and 2011 were \$ 108,917, \$97,657, and \$94,308, respectively, which equal the required contributions for each year.

NOTE 13. Contingent Liabilities

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the School expects such amount, if any, to be immaterial.

The District is involved in various claims and lawsuits arising in the normal course of business. Although the outcome of these lawsuits is not presently determinable, it is the opinion of the District's legal counsel that resolution of these matters will not have a material adverse effect on the financial condition of the District.

STATE OF NEW MEXICO

Notes to the Financial Statements
June 30, 2013

NOTE 14. Surety Bond

The officials and certain employees of the District are covered by a surety bond as required by Section 12-6-7, NMSA, 1978 Compilation.

NOTE 15. Non-Cash Federal Assistance

The District receives USDA Commodities for use in sponsoring the National School Lunch and Breakfast programs. The value of commodities received for the year ended June 30, 2013 was \$22,899.

NOTE 16. Memorandum of Understanding/Joint Powers Agreement

REC

Purpose: To allow the submission of a consolidated application to the State Department of Education for certain funds granted to the State of New Mexico by the USDE under the Education of the Handicapped Act, Part B, PL 94-142 among others.

Participants: Regional Education Cooperative and Tularosa Municipal Schools

Responsible Party for Operation and Audit: Regional Education Cooperative

Beginning and Ending Date of Agreement: July 1, 1995 until the end of any fiscal year during which the school gives notice of intent to terminate.

Total Estimated Amount of Project and Actual Amount Contributed: The REC paid expenditures on behalf of the District.

Public School Facilities Authority

Purpose: To complete the public school capital outlay projects pursuant to the provisions of the PSCOA and in accordance with rules adopted by the PSCOC. The parties will cooperate to provide for an on-going inventory of school facilities and equipment, their condition, and maintenance activities related to them.

Participants: Public School Facilities Authority and Tularosa Municipal Schools

Responsible Party for Operation and Audit: Tularosa Municipal Schools

Beginning and Ending Date of Agreement: October 4, 2010 and shall remain in effect indefinitely

Total Estimated Amount of Project and Actual Amount Contributed: Undetermined

STATE OF NEW MEXICO
Tularosa Municipal Schools
Notes to the Financial Statements
June 30, 2013

Mescalero Apache Head Start Program

Purpose: to establish cooperative working procedures and relationships between TMSD, MAECP, MAHS, MAS and REC IX in the provision of child find, special education and related services to eligible children with disabilities ages 3-5 in compliance with applicable federal regulations under the Individuals with Disabilities Education Act, federal laws governing the Mescalero Apache Tribe, and the State of New Mexico laws and regulations.

Participants: Tularosa Municipal School District, Mescalero Apache Early Childhood Programs, Mescalero Apache Head Start, Mescalero Apache Schools, and Region IX Education Cooperative

Responsible Party for Operation and Audit: Each agency will maintain their own records

Beginning and Ending Date of Agreement: July 1, 2012 to June 30, 2013

Total Estimated Amount of Project and Actual Amount Contributed: Undetermined

NOTE 17. Construction Commitments

CES for Miscellaneous Projects. The contract amount is \$ 174,079. At June 30, 2013, Tularosa Municipal Schools had an outstanding balance due of \$ 174,079.

NOTE 18. Subsequent Accounting Standard Pronouncements

The GASB issued Statement No. 65, *Financial reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and net Position* which is effective for financial statements for periods beginning after December 15, 2012. Earlier application is encouraged. The objective of this statement is to provide financial reporting guidance for deferred outflows of resources and deferred inflows of resources. Concepts Statement No. 4, *Elements of Financial Statements*, introduced and defined those elements as a consumption of net assets by the government that is applicable to a future reporting period, and an acquisition of net assets by the government that is applicable to a future reporting period, respectively. Previous financial reporting standards do not include guidance for reporting those financial statement elements, which are distinct from assets and liabilities. Concepts Statement 4 also identifies net position as the residual of all other elements presented in a statement of financial position. This Statement amends the net asset reporting requirements in Statement No. 34, *Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments*, and other pronouncements by incorporating deferred outflows of resources and deferred inflows of resources into the definitions of the required components of the residual measure and by renaming that measure as net position, rather than net assets. The District has reviewed the implementation of this statement.

STATE OF NEW MEXICO
Tularosa Municipal Schools
Notes to the Financial Statements
June 30, 2013

NOTE 18. Subsequent Accounting Standard Pronouncements (continued)

The GASB issued Statement No. 66, which is effective for financial statements for periods beginning after December 15, 2012. Earlier application is encouraged. The objective of this statement is to amend Statement No. 10, Accounting and Financial Reporting for Risk Financing and Related Insurance Issues, by removing the provision that limits fund-based reporting of a state and local government's risk financing activities to the general fund and the internal service fund type. As a result, government would base their decisions about governmental fund type usage for risk financing activities on the definitions in State NO. 54, Fund Balance Reporting and Governmental Fund Type Definitions. This statement also amends Statement No. 62, Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements, by modifying the specific guidance on accounting for (1) operating lease payments that vary from a straight-line basis, (2) the difference between the initial investment (purchase price) and that principal amount of a purchased loan or group of loans, and (3) servicing fees related to mortgage loans that are sold when the stated service fee rate differs significantly from a current (normal) servicing fee. These changes would eliminate any uncertainty regarding the application of Statement No. 13, Accounting for Operating Leases with Schedule Rent Increases, and result in guidance that is consistent with the requirements in Statement No. 48, Sales of Pledges of Receivables and Future Revenues and Intra-Entity Transfers of Assets and Future Revenues, respectively. The District has reviewed the effects of the implementation of this statement.

NOTE 19. Subsequent Events Review

Tularosa Municipal Schools has evaluated subsequent events through September 10, 2013, which is the date the financial statements were available for issuance.

SUPPLEMENTARY INFORMATION

(This page intentionally left blank.)

NONMAJOR GOVERNMENTAL FUNDS

(This page intentionally left blank.)

STATE OF NEW MEXICO
TULAROSA MUNICIPAL SCHOOL
NONMAJOR GOVENMENTAL FUNDS
SPECIAL REVENUE FUNDS

The Special Revenue Funds are used to account for Federal, State and Local funded grants. These grants are awarded to the District with the purpose of accomplishing specific educational tasks. Grants accounted for in the Special Revenue Funds include:

Food Services – This fund is utilized to account for Federal and Local sources of income relating to the food service programs. The Food Services Fund is segregated into two categories, one being the Federal funds and the other being Non-Federal funds. Federal funds consist of the National School Lunch Program, which is administered by the State of New Mexico for the purpose of making breakfast and lunch available to all school children and to encourage the domestic consumption of agricultural commodities and other food components. The Non-Federal funds consist of income derived from Snack-Bar facilities located in the District. Authority for the creation of this fund is NMSA 22-13-13.

Athletics - This fund is used to account for fees generated at athletic activities throughout the School District. The gate receipts are obtained from the general public and are expended in this fund. The authority for creation of this fund is 6.20.2 NMAC.

Non-Instructional Support - This fund is used to account for fees generated at athletic activities throughout the School District. The gate receipts are obtained from the general public and are expended in this fund. The authority for creation of this fund is 6.20.2 NMAC.

Title I – This fund’s major objectives are to provide supplemental educational opportunities for academically disadvantaged children in the area where they reside. Campuses are identified for program participation by the percentage of students on free or reduced price lunches. Any school with a free and reduced price lunch percentage that is equal to or greater than the total district percentage becomes eligible for program participation. Any student whose test scores fall below District established criteria and who is attending a Title I campus is eligible to receive Title I services. Poverty is the criteria that identify a campus; education need determines the students to be served. Federal revenues accounted for in this fund are allocated to the District through the New Mexico Department of Education. Authority for the creation of this fund is Part A of Chapter I of Title I of Elementary and Secondary Education Act (ESEA) of 1965, as amended, Public Law 103-383.

IDEA B Entitlement – The purpose of this program is to account for revenue used to help maximize the resources in meeting the objective of handicapped children. The federal revenues in this fund are received from and administered by the New Mexico Department of Education. Authority for the creation of this fund is Part B of the Handicapped Act, Public Law 105-17.

IDEA-B Preschool - The objective of the Assistance to States for the Education of Handicapped Children Program is to assist in providing free, appropriate public education to all handicapped children from ages three to five. Federal revenues accounted for in this fund are allocated to the District through the New Mexico Department of Children, Youth and Families. Authority for creation of this fund is Public Law 105-17.

IDEA-B Risk Pool - The objective of the Assistance to States for the Education of Handicapped Children Program is to assist in providing free, appropriate public education to all handicapped children from ages three to five. Federal revenues accounted for in this fund are allocated to the District through the New Mexico Department of Children, Youth and Families. Authority for creation of this fund is Public Law 105-17.

Teacher/Principal Training – The purpose of this fund is to improve the skills of teachers and the quality of instruction in mathematics and science, and also to increase the accessibility of such instruction to all students. Authority for creation of this fund is Title II of the Elementary and Secondary Education Act (ESEA) of 1965 as amended, Public Law 103-382.

(This page intentionally left blank.)

STATE OF NEW MEXICO
TULAROSA MUNICIPAL SCHOOL
NONMAJOR GOVENMENTAL FUNDS
SPECIAL REVENUE FUNDS

Rural and Low Income Schools – The purpose of this fund is to account for monies to rural schools to enhance the education program in technology, career readiness, and summer school and after school tutoring programs. The authority for this program is under CFDA 84.3580, Title II.

Impact Aid Special Education – The purpose of these grants are to provide financial assistance to local educational agencies (LEA's) where enrollments or availability of revenue are adversely affected by Federal activities, i.e. where the tax base of a district is reduced through the Federal acquisition of real property (Section 2), where there is a significant number of children who reside on Federal lands and/or children whose parents are employed on Federal property or in the Uniformed Services (Section 3 (2a) and 3 (b)). The authorization for this fund is PL 81-874.

Impact Aid Education Fund – The purpose of these grants are to provide financial assistance to local educational agencies (LEA's) where enrollments or availability of revenue are adversely affected by Federal activities, i.e. where the tax base of a district is reduced through the Federal acquisition of real property (Section 2), where there is a significant number of children who reside on Federal lands and/or children whose parents are employed on Federal property or in the Uniformed Services (Section 3 (2a) and 3 (b)). The authorization for this fund is PL 81-874.

Title XIX Medicaid – The objective of this program is to provide federal funds for the implementation of the Medical Assistance Program Medicaid providing payments for medical assistance to low-income persons who are age 65 or over, blind, disabled, or members of families with dependent children or qualified pregnant women or children. Authority for creation of the Title XIX Medical Assistance Program is the Medicaid Title XIX of the Social Security Act, as amended, (42 USC 1396, et seq.)

Indian Ed Formula Grant – The purpose of these grants are to provide financial assistance to local educational agencies (LEA's) where enrollments or availability of revenue are adversely affected by Federal activities, i.e. where the tax base of a district is reduced through the Federal acquisition of real property (Section 2), where there is a significant number of children who reside on Federal lands and/or children whose parents are employed on Federal property or in the Uniformed Services (Section 3 (2a) and 3 (b)). The authorization for this fund is PL 81-874.

Dual Credit (PED) – The purpose of this fund is to provide college credit for courses provided by high schools that meet the requirements.

GO Bonds Public- The objective of this act is to acquire library books, equipment and library resources for public school libraries and juvenile detention libraries. Funds are acquired from General Obligation Bonds through the Public Education Department. Authority for creation of this fund is the Legislation in Chapter 117, Laws of 2004, Section 10C(3).

Formative Assessments- PED- The purpose of this state grant is to provide funds for use assessing the academic level of students. Authority for creation of this fund is Laws of 1997, Chapter 32

Beginning Teacher Mentoring – The objective of this program is to provide beginning teachers an effective transition into the teaching profession, retain capable teachers, improve the achievement of students and improve the overall success of the school. Funding is provided by the New Mexico Public Education Department. Authority for creation of this fund is NMSA 22-2-8-10.

Science Instructional Materials- The purpose of this program is to account for revenues and expenditures used for the Middle School Science Department. The fund was created by grant provisions.

Gear Up-CHE – The objective of this program to help low income, first generation students prepare for and succeed in post secondary education. This fund was created by the Higher Education Department and NM Gear up.

STATE OF NEW MEXICO
TULAROSA MUNICIPAL SCHOOL
NONMAJOR GOVENMENTAL FUNDS

CAPITAL PROJECTS FUNDS

Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities.

The District has four separate funds classified as non-major Capital Projects Funds as follows:

Capital Improvements SB-9 – This fund is used to account for expenditures of property taxes levied and stat matching funds restricted to maintenance and capital improvement projects as adopted by school board resolution. Authority for the creation of this fund is NMSA 22-25-1 to 22-25-10.

Public Schools Capital Outlay 20% – The purpose of this fund is to account for resources received from the local ad valorem tax levy for use in remodeling and equipping classroom facilities.

COMPLIANCE SECTION

(This page intentionally left blank.)

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Hector H. Balderas
New Mexico State Auditor
The Office of Management and Budget and
The Governing Board
Tularosa Municipal Schools
Tularosa, NM

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information and the budgetary comparisons of the General fund and Special Revenue funds, of the Tularosa Municipal Schools as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise Tularosa Municipal Schools basic financial statements, and the combining and individual and related budgetary comparisons of Tularosa Municipal Schools, presented as supplemental information, and have issued our report thereon dated September 10, 2013.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Tularosa Municipal Schools internal control over financial reporting to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Tularosa Municipal Schools internal control. Accordingly, we do not express an opinion on the effectiveness of the Tularosa Municipal Schools internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned function, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency or a combination of deficiencies in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs that we consider to be significant deficiencies. The significant deficiencies are described as FS 2013-01 and FS 2013-02.

(This page intentionally left blank.)

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Tularosa Municipal Schools financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under Government Auditing Standards and which are described in the accompanying schedule of findings and questioned costs as items FS 2013-01, and FS 2013-02.

Tularosa Municipal Schools’ Response to Findings

Tularosa Municipal Schools’ responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. Tularosa Municipal Schools’ responses were not subjected to auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of Tularosa Municipal Schools internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Tularosa Municipal Schools internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133
INDEPENDENT AUDITORS REPORT**

Hector H. Balderas
New Mexico State Auditor
The Office of Management and Budget and
The Governing Board
Tularosa Municipal Schools
Tularosa, New Mexico

Report on Compliance for Each Major Federal Program

We have audited Tularosa Municipal Schools' compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Tularosa Municipal Schools' major federal programs for the year ended June 30, 2013. Tularosa Municipal Schools' major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to each of its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Tularosa Municipal Schools' major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Tularosa Municipal Schools' compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Tularosa Municipal Schools' compliance.

Opinion on Each Major Federal Program

In our opinion, Tularosa Municipal Schools' complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2013.

(This page intentionally left blank.)

Report on Internal Control Over Compliance

The management of Tularosa Municipal Schools' is responsible for establishing and maintaining effective internal control over compliance with the types of compliance referred to above. In planning and performing our audit of compliance, we considered Tularosa Municipal Schools' internal control over compliance with the types of requirements that could have a direct and material effect on a major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance on each major program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Tularosa Municipal Schools' internal control over compliance.

A *control deficiency* in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Notes to Schedule of Expenditures of Federal Awards

1. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (Schedule) includes the federal grant activity of the Tularosa Municipal Schools (District) and is presented on the modified accrual basis of accounting, which is the same basis as was used to prepare the fund financial statements. The information in this Schedule is presented in accordance with the requirements of OMB Circular A-133, Audits of States, Local Governments and Non-Profit Organizations. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of the financial statements.

2. Subrecipients

The District did not provide any federal awards to subrecipients during the year.

3. Non-Cash Federal Assistance

The District receives USDA Commodities for use in sponsoring the National School Lunch and Breakfast programs. The value of commodities received for the year ended June 30, 2013 was \$22,899.

Reconciliation of Schedule of Expenditures of Federal Awards to Financial Statements:

Total federal awards expended per Schedule of Expenditures of Federal Awards	\$ 2,536,500
Total expenditures funded by other sources	<u>10,317,818</u>
Total expenditures	<u>\$ 12,854,318</u>

STATE OF NEW MEXICO
TULAROSA MUNICIPAL SCHOOLS
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
Year Ended June 30, 2013

A. SUMMARY OF AUDIT RESULTS

1. The auditor's report expresses an unqualified opinion on the basic financial statements of Tularosa Municipal Schools.
2. Two (2) significant deficiencies were disclosed during the audit of the financial statements.
3. No instances of noncompliance material to the financial statements of Tularosa Municipal Schools were disclosed during the audit.
4. There were no audit findings required to be reported under A-133.510(a).
5. The auditor's report on compliance for major federal award programs for Tularosa Municipal Schools expresses an unqualified opinion.
6. The programs tested as major were the Title I CFDA No. 84.010, IDEA B Entitlement CFDA No. 84.027, IDEA B Preschool CFDA No. 84.173, IDEA B Risk Pool CFDA No. 84.027, Student Nutrition Program CFDA No. 10.555.
7. The threshold for distinguishing Types A and B programs was \$300,000.
8. Tularosa Municipal Schools qualified as a **high** risk auditee.

B. FINDINGS-FINANCIAL STATEMENT AUDIT

FS 2013-01 Agency Funds (Significant Deficiency)

CONDITION: During our testwork of Agency Fund disbursements, we noted two invoices out of forty invoices that were improperly coded to the Elementary School Activity account when it should have been coded to the Intermediate School Activity Account. The total amount that was improperly coded was \$162.00.

CRITERIA: PSAB 18 requires specific procedures be applied with regard to activity funds to ensure proper accounting for these fiduciary/agency funds.

CAUSE: The cause may be related to the fact that the requesting personnel oversees both the elementary school and the intermediate school.

EFFECT: The elementary school activity fund paid \$162 for items that were not for their benefit. The intermediate school activity fund was not reduced for purchases made on its behalf.

RECOMMENDATION: The District should retrain personnel on the importance of proper classification of activity funds and why it is necessary. PSAB 18 should be reviewed to ensure proper compliance for fiduciary/agency funds.

CLIENT RESPONSE: PSAB 18 will be re-visited by staff and they will be retrained to address the importance of proper classification of activity funds.

STATE OF NEW MEXICO
TULAROSA MUNICIPAL SCHOOLS
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
Year Ended June 30, 2013

FS-2013-02 Excess Expenditures over Budget (Significant Deficiency)

CONDITION: During our testwork of budgetary compliance, we noted one fund that had expenditures in excess of budget. The Debt Service Fund was over budget by \$270 in the General Admin function. The expenditure was related to county collection costs associated with Property taxes.

CRITERIA: NMSA 6-6-6 requires that actual expenditures do not exceed budgeted expenditures by function.

EFFECT: The District appears to be out of compliance with State regulations related to the budgetary process.

CAUSE: The District estimated the expenditures based on prior year collections and did not amend as necessary.

RECOMMENDATION: We recommend that the District implement controls to monitor the spending of funds and to make budget adjustments whenever necessary.

CLIENT RESPONSE: Since the particular budget in question is based on an estimate of what tax collections will be for the budget year, steps will be initiated in the initial budget process to make sure budget is sufficient. Additionally, closer monitoring of budgets will be performed during the year.

C. FINDINGS-FEDERAL AWARDS

None

D. PRIOR YEAR AUDIT FINDINGS

FS 2012-01 Internal Control over Expenditures-**Cleared**

FS 2012-02 Insurance Withholding-**Cleared**
