INDEPENDENT AUDITOR'S REPORT

Hector Balderas, State Auditor
And the Board of Advisors
Pecos Valley Regional Education Cooperative No. 8
Artesia, New Mexico

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Pecos Valley Regional Education Cooperative No. 8, as of and for the year ended June 30, 2008, which collectively comprise the Pecos Valley Regional Education Cooperative No. 8's basic financial statements as listed in the table of contents. We have also audited the financial statements of each of the nonmajor governmental funds presented as supplementary information in the accompanying combining and individual fund financial statements as of and for the year ended June 30, 2008, as listed in the table of contents. These financial statements are the responsibility of the Cooperative's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statements presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Cooperative, as of June 30, 2008, and the respective changes in financial position and the budgetary comparisons for the general fund and major special revenue funds for the year then ended in conformity with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each nonmajor governmental fund of the Cooperative as of June 30, 2008 and the respective changes in financial position, and the respective budgetary comparisons for the nonmajor funds for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated September 12, 2008, on our consideration of Pecos Valley Regional Education Cooperative No. 8's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards, and should be considered in assessing the results of our audit.

For the year ended June 30, 2008, Pecos Valley Regional Education Cooperative No. 8 has not presented the Management's Discussion and Analysis that the Governmental Accounting Standards Board has determined is necessary to supplement, although not required to be part of the basic financial statements.

Our audit was conducted for the purpose of forming opinions on the financials statements and the combining and individual fund financial statements, and budgetary comparisons. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is not a required part of the financial statements. The additional schedules listed as "other supplemental information" in the table of contents are presented for purposes of additional analysis and is not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly presented in all material respects, in relation to the basic financial statements taken as a whole.

RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCE-
ALL GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

Year Ended June 30, 2007

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balance - total governmental funds	\$ 55,245
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current year.	9,822
Long Term debt provides current financial resources to governmental funds, while the repayment of the principal of long term debt consumes the current financial resources for governmental funds. Neither transaction, however, has any effect on net assets. This is the amount by which loan proceeds exceeded principal retirement in the current period.	-

STATE OF NEW MEXICO
PECOS VALLEY REGIONAL EDUCATION COOPERATIVE NO. 8
JUNE 30, 2008
NOTES TO FINANCIAL STATEMENTS

I. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

A. **Reporting Entity**

The ten Regional Cooperative Centers established throughout New Mexico in 1984 were originally organized to provide supplementary special education services to local education agencies utilizing federal PL 94-142 funds. The role of the Cooperatives has expanded under the authorization of the regional Coordinating Councils to include a variety of other projects, both federally funded and funded from other sources. Pecos Valley Regional Education Cooperative No. 8, through the governing council, has established as its purpose the delivery to local districts and communities those services deemed critical to the ongoing success of regular and special education programs provided by the local agencies. For financial reporting purposes, the Cooperative includes all funds and account groups that are controlled by or dependent on the Cooperative for financial support. The Cooperative has no component units.

The summary of significant accounting policies of the Cooperative is presented to assist in the understanding of the Cooperative's financial statements. The financial statements and notes are the representation of Pecos Valley Regional Education Cooperative No. 8's management who is responsible for their integrity and objectivity. The financial statements of the Cooperative conform to generally accept accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below.

B. **Government-Wide and Fund Financial Statements**

The government-wide financial statements (i.e., the statement of net assets and the statement of changes in net assets) report information on all of the non-fiduciary activities of the cooperative. For the most part, the effect of interfund activity has been removed from these statements.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues. Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

C. **Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. No property tax revenue is available. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and

C. **Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. No property tax revenue is available. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and

rate of interest be less than one hundred percent of the asked price on United States treasury bills of the same maturity on the day of deposit.

Excess of funds may be temporarily invested in securities which are issued by the State or by the United States government, or by their departments or agencies, and which are either direct obligations of the State or the United States or are backed by the full faith and credit of those governments.

2. Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (Le., the current portion of interfund loans) or "advances to/from other funds" (Le., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Amounts shown as "due from other governments" are amount due from pass through agencies and are fully collectible.

3. Inventories

None

4. Capital Assets

Capital assets, which include property, plant, and equipment, are reported in the applicable governmental-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$1,000 (amount not rounded) and an estimated useful life extending beyond a single reporting period. Effective June 17, 2005, the value of capital assets that must be inventoried and listed was increased to \$5,000 (amount not rounded). Old inventory items that do not meet the updated capitalization threshold will remain on the inventory list and will continue to be depreciated. The Cooperative is capitalizing qualifying software as required. Such assets are recorded at historical cost or estimated cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The Cooperative does not have a library.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant, and equipment of the cooperative is depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Equipment	5, 10
Buildings	50
Building Renovations	50
Computers & Electronics	5, 10
Vehicles	12

Employees are not compensated for accumulated sick leave upon termination of employment. Unused vacation is accounted for at the participating level and is not accounted for in this report.

5. Long-Term Obligations

STATE OF NEW MEXICO
PECOS VALLEY REGIONAL EDUCATION COOPERATIVE NO. 8
JUNE 30, 2008
NOTES TO FINANCIAL STATEMENTS

In government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, statement of net assets. The cooperative has no bonded debt.

6. Fund Equity

Reservations of fund balance represent amounts that are not appropriable for expenditures or legally segregated for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change. These designations are established to earmark resources for specific future use and to indicate that the fund equity does not represent available spendable resources.

Restricted Net Assets: For the government-wide statement of net assets, net assets are reported as restricted when constraints placed on net assets used are either:

Externally imposed by creditors (such as debt covenants), grantors, contributors, Laws or regulations of other governments;

Imposed by law through constitutional provisions or enabling legislation.

7. Comparative Data/Reclassifications

Certain amounts presented in the prior year data have been reclassified in order to be consistent with the current year's presentation.

8. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

II. **Reconciliation of Government-wide and Fund Financial Statements**

A. **Explanation of Certain Differences Between the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-Wide Statement of Activities.**

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between *net changes in fund balances – total governmental funds* and *changes in net assets of governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation explains that "Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense." The details of this \$(9,822) difference are as follows:

III. Stewardship, Compliance, and Accountability

A. Budgetary Information

Budgets for the Special Revenue Funds are prepared by management and are approved by the local Board and the Public School Budget and Planning Unit of the Department of Education.

These budgets are prepared on the Non-GAAP cash basis, excluding encumbrances, and secure appropriation of funds for only one year. Carryover funds must be reappropriated in the budget of the subsequent fiscal year. The budget process in the State of New Mexico requires that the beginning cash balance be appropriated in the budget of the subsequent fiscal year. Such appropriated balance is legally restricted and is therefore presented as a reserved portion of fund balance.

Actual expenditures may not exceed the budget on a line item basis, i.e., every budgeted expenditure must be within budgeted amounts. Budgets may be amended in two ways. If a budget transfer is necessary within a major category called a 'series', this may be accomplished with only local Board approval. If a transfer between 'series' or a budget increase is required, approval must also be obtained from Public School Finance Division.

The budgetary information presented in these financial statements has been amended in accordance with the above procedures. The Cooperative follows these procedures in establishing the budgetary data reflected in the financial statements:

In April or May, the director submits to the Board a proposed operating budget of the fiscal year commencing the following July. The operating budget includes proposed expenditures and the means of financing them, and has approval by the Department of Education.

In May or June, the budget is approved by the Board of Education.

The board meeting, while not intended for the general public, is open for the general public unless a closed meeting has been called for.

The director is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the board and the State of New Mexico Department of Education.

Budgets for the General and Special Revenue Funds are adopted on a basis not consistent with generally accepted accounting principles (GAAP). Encumbrances are treated the same way for GAAP purposes and for budget purposes.

The Board may approve amendments to the appropriated budget, which are required when a change is made affecting budgeted ending fund balance. The appropriated budget for the year ended June 30, 2008 was properly amended by the Board through the year. New Mexico state law prohibits a Governmental

Agency to exceed an individual line item. These amendments resulted in the following changes:

	Original Budget	Final Budget	Performance
Special Revenue Fund	\$ 2,229,065	\$ 2,123,293	\$ 1,673,163

B. Deficit Fund Equity

There were not any deficit fund balances at June 30, 2008.

IV. Detailed Notes on all Funds

A. Cash and Temporary Investments

At June 30, 2008, the carrying amount of the Cooperative's deposits was \$364,981 and the bank balance was \$430,190. Of this balance \$100,000 was covered by federal depository insurance and \$330,190 was covered by collateral held in the bank's name and in joint safekeeping by a third party. The remaining \$0 is comprised of amounts in excess of those required to be collateralized under State law.

NM State Statutes require collateral pledged for deposits in excess of the federal deposit insurance to be delivered, or a joint safekeeping receipt be issued, to the cooperative for at least one half of the amount on deposit with the institution.

The collateral pledged is shown as listed in the table of contents of this report. The types of collateral allowed are limited to direct obligations of the United States Government and all bonds issued by any agency, district or political subdivision of the State of New Mexico.

According to the Federal Deposit Insurance Authority, public unit deposits are funds owned by the schools. Time deposits, savings deposits and interest bearing Now accounts of a public unit in an institution in the same state will be insured up to \$100,000 in aggregate and separate from the \$100,000 coverage for public unit demand deposits at the same institution.

Investments held by the New Mexico State treasurer are valued at fair value based on quoted market prices as of the valuation date. The State Treasurer Local Government Investment Pool is not SEC registered. Section 10-10 I, NMSA 1978, empowers the State Treasurer, with the advice and consent of the State Board of Finance, to invest money held in the short-term investment fund in securities that are issued by direct obligations of the United States government or are agencies sponsored by the United States government. The pool does not have unit shares. Per Section 6-10-10, 1, NMSA 1978, at the end of each month all interest earned is distributed by the State Treasurer to the contributing entities in amounts directly proportionate to the respective amounts deposited in the fund and length of time the amounts were invested. Participation in the local government investment pool is voluntary.

Interest Rate Risk. The Cooperative does not have a formal investment policy that limits investments maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk. State law limits investments in commercial paper, corporate bonds and mutual fund bonds to the top two ratings issued nationally recognized statistical rating

B. Custodial Credit Risk – Deposits

Custodial Credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The government does not have a deposit policy for custodial credit risk. As of June 30, 2008, \$0 of the government's bank balance of \$430,190 was exposed to custodial credit risk as follows:

Uninsured and uncollateralized	\$	-
Collateralized by bank, not in entity's name		442,172
	<u>\$</u>	<u>442,172</u>

C. Deferred Revenue

Governmental funds reported *deferred revenue* in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of *deferred revenue* and *unearned revenue* reported in the governmental funds were as follows:

Grant draw downs prior to meeting all eligibility requirements	\$	194,441
Total deferred/unearned revenue for governmental funds	\$	194,441

During the year the prior year net assets were restated by \$179,837 due to correcting the method of recognizing deferred revenue.

V. Other Information

A. Risk Management

The Cooperative is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injury to employees; and natural disasters. The Cooperative is one of state members that participate in GSD/Risk Management Division. The Cooperative pays an annual premium to the pool for its general insurance coverage.

B. Contingent Liabilities

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures that may be disallowed by the grantor

cannot be determined at this time, although the government expects such amounts, if any, to be immaterial.

The government is not currently involved in any lawsuits or litigation nor have they been in the previous years as was previously reported.

C. Employee Retirement Plan

Substantially all of the Cooperative's full-time employees participate in a public employee retirement system authorized under the Educational Retirement Act (Chapter 22, Article 11, NMSA 1978). The Educational Retirement Board (ERA) is the administrator of the plan, which is a cost sharing multiple employer defined benefit retirement plan. The plan provides for retirement, disability benefits and cost-of-living adjustments to plan members and beneficiaries. ERA issues a separate, publicly available financial report that includes the financial statements and required supplementary information. That report may be obtained by writing to ERA, P.O. Box 26129, Santa Fe, New Mexico 87502.

Funding Policy – Plan members are required to contribute 7.825% of their gross salary. Pecos Valley Regional Education Cooperative No. 8 is required to contribute 10.90% of the gross covered salary. Effective July 1, 2008, plan members are required to contribute 7.9% of their gross salary. The employer contribution will increase .75% each year until July 1, 2011 when the employer contribution will be 13.9%. The contribution requirements of plan members and the Pecos Valley Regional Education Cooperative No. 8 are established in Chapter 22, Article 11, NMSA 1978. The requirements may be amended by acts of legislature. The Pecos Valley Regional Educational Cooperative No. 8's contributions to the ERA for the years ended June 30, 2008, 2007, and 2006 were: \$94,801, \$54,534, and \$98,024, respectively, which equal the amount of the required contributions for each fiscal year.

D. Post-Retirement Health Care Benefits

Plan Description – Pecos Valley Regional Education Cooperative contributes to the New Mexico Retiree Health Care Fund, a cost-sharing multiple defined benefit post employment healthcare plan administered by the New Mexico Health Care Authority (RHCA). The RHCA provides healthcare insurance and prescription drug benefits to retired employees of participating New Mexico government agencies, their spouses, dependents, and surviving spouses and dependents. The RHCA Board was established by the Retiree Health Care Act (Chapter 10, Article 7C, NMSA 1978). The Board is responsible for establishing and amending benefit provisions of the healthcare plan and is also authorized to designate optional and /or voluntary benefits like dental, vision, supplemental life insurance, and long-term care policies.

Eligible retirees are: (1) retirees who make contributions to the fund for at least five years prior to retirement and whose eligible employer during that period of time made contributions as a participant in the Retiree Health Care Act on the person's behalf, unless that person retired on or before July 1, 1995, in which event the time period for contributions becomes the time between July 1, 1990, and the date of retirement; or (2) retirees defined by the Act who retired prior to July 1, 1990; and former legislators who served at least two years.

The Retiree Health Care Authority issues publicly stand-alone financial report that includes financial statements and required supplementary information for the post employment healthcare plan. That report may be obtained in writing by contacting the Retiree Health Care Authority, 4308 Carlisle Blvd NE, Suite 104, Albuquerque, New Mexico 87107.

NOTES TO FINANCIAL STATEMENTS

Funding Policy – The Retiree Health Care Act (Section 10-7C-13 NMSA 1978) authorizes the RHCA Board to establish the monthly premium contributions that retirees are required to pay for healthcare benefits. Each participating retiree pays a monthly premium according to a service based subsidy rate schedule for the medical plus basic life plan plus an addition participation fee of five dollars if the eligible participant retired prior to the employer's FHCA effective date or is a former legislator or former governing authority member. Former legislators and governing authority member are required to pay 100% of the insurance premium to cover their claims and the administrative expenses of the plan. The monthly premium rate schedule can be obtained from the RHCA or viewed on their website at WWW.nmrhca.state.nm.us.

The Retiree Health Care Act (Section 10-7C-15 NMSA 1978) is the statutory authority that establishes the required contributions of participating employers and their employees. The statute requires each participating employer to contribute 1.3% of each participating employee's annual salary; each participating employee is required to contribute .65% of their salary.

Employers joining the program after 1/1/98 are also required to make a surplus-amount contribution to the RHCA based on one of two formulas at agreed upon intervals.

The RHCA plan is financed on a pay-as-you-go basis. The employer, employee and retiree contributions are required to be remitted to the RHCA on a monthly basis. The statutory requirements for the contributions can be changed by the New Mexico State Legislature.

Pecos Valley Regional Education Cooperative No. 8's contributions to the RHCA for the years ended June 30, 2008, 2007, and 2006 were \$9,872, \$10,472, and \$11,008, respectively, which equal the required contributions for each year.

E. Joint Powers Agreement

The Pecos Valley Regional Education Cooperative No. 8 has a joint powers agreement with school districts; Lake Arthur, Dexter, Hagerman, and Loving. The purpose of the agreement is to form a consortium known as Pecos Valley Regional Education Cooperative Council, to establish and maintain a cooperative program of various federal and state grants.

Responsible Party for Operations and Audit

PECOS VALLEY REGIONAL EDUCATION COOPERATIVE NO. 8

Beginning and Ending Date of Agreement

The agreement shall take effect when signed by all parties and continue until it is rescinded or terminated by a majority vote of the participating School Districts.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Hector Balderas, State Auditor
Pecos Valley Regional Education Cooperative No. 8 and
Board of Advisors
Artesia, New Mexico

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information, the budgetary comparisons for the general fund and major special revenue funds and the combining and individual funds presented as supplemental information of the agency as of and for the year ended June 30, 2008, and have issued our report thereon dated September 12, 2008. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

In planning and performing our audit, we considered Pecos Valley Regional Education Cooperative No. 8's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the agency's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the agency's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the cooperative's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the cooperative's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies or material weaknesses. We did not

identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Pecos Valley Regional Education Cooperative No. 8 financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, others within the agency, the audit committee, the State Auditor, the New Mexico Legislature, Board of Advisors, and applicable federal grantors, and is not intended to be and should not be used by anyone other than these specified parties.

**REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM
AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

Hector Balderas, State Auditor
Pecos Valley Regional Education Cooperative No. 8 and
Board of Advisors
Artesia, New Mexico

Compliance

We have audited the compliance of Pecos Valley Regional Education Cooperative No. 8, with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2008. Pecos Valley Regional Education Cooperative No. 8's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of Pecos Valley Regional Education Cooperative No. 8's management. Our responsibility is to express an opinion on Pecos Valley Regional Education Cooperative No. 8's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Pecos Valley Regional Education Cooperative No. 8's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Pecos Valley Regional Education Cooperative No. 8's compliance with those requirements.

In our opinion, Pecos Valley Regional Education Cooperative No. 8 complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2008.

Internal Control Over Compliance

The management of Pecos Valley Regional Education Cooperative No. 8 is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered Pecos Valley Regional Education Cooperative No. 8's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing

procedures for the purpose of expressing our opinions on compliance but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the entity's internal control over compliance.

A control deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that result in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

Our consideration of internal control structure over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the Board of Advisors, Management, the Office of the New Mexico State Auditor, the New Mexico Legislature, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
