INDEPENDENT AUDITOR'S REPORT

To the Members of

Montana Senior Village, LLC Las Cruces, New Mexico and Tim Keller, New Mexico State Auditor

Report on the Financial Statements

We have audited the accompanying financial statements of Montana Senior Village, LLC, which comprise the balance sheets as of December 31, 2015 and 2014, and the related statements of operations, changes in members' equity (deficit), and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to Montana Senior Village, LLC's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Montana Senior Village, LLC's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Montana Senior Village, LLC as of December 31, 2015 and 2014, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplementary information shown on pages 19 - 20 is presented for purposes of additional analysis and is not a required part of the financial statements.

The accompanying supplementary information shown on pages 19-20 is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information shown on pages 19-20 is fairly stated, in all material respects, in relation to the financial statements as a whole.

The Schedule of Vendors shown on page 21 has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 12, 2016, on our consideration of Montana Senior Village, LLC's internal control over financial reporting, and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Montana Senior Village, LLC's internal control over financial reporting and compliance.

NOTE A - ORGANIZATION

Montana Senior Village, LLC was organized in 1998 as a Limited Liability Company to develop, construct, own, maintain, and operate a 49-unit rental housing project for mixed income tenants with both tax credit and market rate units. The Project is located in the city of Las Cruces, New Mexico, and is currently known as Montana Senior Village Apartments. The Managing Member is the Mesilla Valley Public Housing Authority (MVPHA), previously Housing Authority of the City of Las Cruces, (the "Managing Member") and the Investor Member is The Banc of America Housing Fund II Limited Partnership (the "Investor Member"). The major activities of the Company are governed by the Management and Operating Agreements and the Internal Revenue Code Section 42.

The management of the Company and the ongoing management of Montana Senior Village Apartments are vested in the Members. The Company has hired JL Gray Company to provide day to day management for the property. Compensation for such services is as determined under the Management Agreement.

The Project is financed and constructed under Section 542(c) of the Housing and Community Development Act, as amended, and is administered by the New Mexico Mortgage Finance Authority (MFA). Under this program, the Company provides housing to low and moderate income tenants, subject to regulation by MFA and the United States Department of Housing and Urban Development (HUD), as to rental charges and operating methods. Lower rental charges to tenants are recovered by the Project through rent subsidies provided by the local Public Housing Authority (PHA).

The Company is reported as a component unit of Mesilla Valley Public Housing Authority (MVPHA), previously Housing Authority of the City of Las Cruces, because the MVPHA is the Managing Member of the Company. The Company has no component units.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES

A summary of the Project's significant accounting policies consistently applied in the preparation of the accompanying financial statements are as follows:

Basis of Accounting

The Project utilized the accrual basis of accounting, whereby income is recognized as earned and expenses are recognized as obligations are incurred.

Cash and Cash Equivalents

Cash and cash equivalents consist of unrestricted short-term investments with an original maturity of three months or less, cash on deposit, money market funds and certificates of deposit.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES (continued)

Cash and Other Deposits

The Project maintains its cash in financial institutions insured by the Federal Deposit Insurance Corporation (FDIC). Deposit accounts, at times, may exceed federally insured limits. The Project has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash and cash equivalents.

Collateralization of Deposits

The Project is a component unit of the Housing Authority of the City of Las Cruces and as such, is not required to secure collateralization on cash deposits.

Tenants' Security Deposits

Tenants' security deposits are held in a separate bank account. This account was funded in an amount greater than the security deposit liability as of December 31, 2015 and 2014.

Tenant Receivable and Bad Debt Policy

Tenant rent charges for the current month are due on the first of the month. The Project does not accrue interest on the tenant receivable balances. The Project has not established an allowance for doubtful accounts and does not use the reserve method for recognizing bad debts. Bad debts are treated as direct write-offs in the period management determines that collection is not probable.

Property and Equipment

Property and equipment are recorded at cost. Improvements are capitalized, while expenditures for maintenance and repairs are expensed as incurred. Effective January 1, 2015, the Project implemented a new capitalization policy in response to the safe harbor de minimis regulations issued by the Internal Revenue Service. Property and Equipment with a unit cost of \$5,000 or more and an estimated useful life greater than one year are capitalized and depreciated based on the straight-line method over the estimated useful lives of the assets. Property and Equipment purchases less than \$5,000 or with lives of one year or less, and maintenance and repairs which do not extend the useful lives of premises and equipment, are charged to expense as incurred.

Upon disposal of depreciable property, the appropriate property accounts are reduced by the related costs and accumulated depreciation. Any resulting gains and losses are reflected in the statements of operations. Depreciation is provided for in amounts sufficient to relate the cost of depreciable assets to operations over their estimated service lives using the straight-line method.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES (continued)

For financial statement purposes the following estimate useful lives are used:

	Estimated Life
Buildings	27.5
Site Improvements	15-27.5
Furnishings	3-7

The Project reviews its investment in real estate for impairment whenever events or changes in circumstances indicate that the carrying value of such property may not be recoverable. Recoverability is measured by a comparison of the carrying amount of the real estate to the future net undiscounted cash flow expected to be generated by the rental property including the Low Income Housing Tax Credits and any estimated proceeds from the eventual disposition of the real estate. If the real estate is considered to be impaired, the impairment to be recognized is measured at the moment by which the carrying amount of the real estate exceeds the fair value of such property. There were no impairment losses recognized in 2015 or 2014.

Income Taxes

No federal income taxes are payable by the Company and none have been provided in the accompanying financial statements. The Members are to include their respective share of Company income or loss in their separate tax returns. As of December 31, 2015, the Company's tax years for 2012, 2013, and 2014 are subject to examination by the federal and state tax authorities. With few exceptions, as of December 31, 2015, the Company is no longer subject to examinations by tax authorities for years before 2012.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Rental Income

Rental Income is recognized as rentals become due. Rental payments received in advance are deferred until earned. All leases between the Company and the tenants of the property are operating leases.

Amortization

Permanent loan fees are amortized on a straight-line basis over the life of the respective loan.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES (continued)

Certain items in the 2014 financial statements have been reclassified to conform to the 2015 presentation.

\$1,030,000, with an interest rate of 8.15%. The mortgage is
payable in monthly installments of \$7,303 including interest
through the maturity date. The unpaid principal of the loan is due

Operating Reserve

In accordance with the Operating Agreement, the Operating Reserve should maintain a balance of at least \$60,000. NOTE F - COMMITMENTS AND CONTINGENCIES

Guaranty of Tax Credits

Under the terms of the Operating Agreement, the Managing Member has the duty to use its best efforts to ensure that the Company qualifies for the maximum lawful Low Income Housing Tax Credits. In the event that actual Low Income Housing Tax Credits accruing to the benefit of the Investor Member are less than the amount of Credits that were projected at the formation of the Company, the contributions of capital otherwise required of the Investor Member may be reduced, or constructive advances deemed made, in accordance with applicable provisions of the Operating Agreement.

Operating Deficit Contributions

The Managing Member is obligated to make contributions to the Company as necessary to fund operating expenses, debt service payments, reserve and escrow accounts, capital improvements, and maintenance expenses that occur during certain specified periods, as defined. The Managing Member's obligation to make operating deficit contributions after the lease-up date, as defined, is limited to \$100,000 and terminates upon achievement of certain operating milestones. Per the Operating Agreement, losses equal to the deficit payments are allocated to the Managing Member.

Regulatory Agreement Provisions

On February 5, 2001, the Company executed a 542 (c) Multifamily Insurance Program Regulatory Agreement with the New Mexico Mortgage Finance Authority in order to obtain the "risk-sharing" mortgage loan. The Company is required to abide by the regulatory agreement provisions including, but not limited to, (1) the maintenance of certain tenant income requirements, (2) limitations on surplus cash distributions, (3) Replacement Reserve requirements, and (4) compliance with Affirmative Fair Housing marketing plans.

Housing Tax Credits

As incentive for investment equity, the Company applied for and received an allocation certificate for Housing Tax Credits established by the Tax Reform Act of 1986. To qualify for the Tax Credits, the Company must meet certain requirements, including attaining a qualified basis sufficient to support the credit allocation. In addition, tenant eligibility and rental charges are restricted in accordance with Internal Revenue Code Section 42. Management has certified that each Tax Credit unit has met these qualifications to allow the credits allocated to each unit be claimed.

Compliance with these regulations must be maintained in each of the fifteen consecutive years of the compliance period. Failure to maintain compliance with occupant eligibility, unit gross rent, or to correct noncompliance within a reasonable time period could result in recapture of previously claimed Tax Credits plus interest.

NOTE F - COMMITMENTS AND CONTINGENCIES (continued)

Long-term Contract

The service agreement is for a term of 15 years, and then automatically renews biannually unless either party provides at least 60 days notice not to renew at the end of the term. Per the compensation agreement, Comcast agreed to pay the Company a one-time fee of \$4,800 as consideration for entering into a long-term service agreement. The total fee was received by the Company upon execution of the agreements.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Members of Montana Senior Village, LLC Las Cruces, New Mexico and Tim Keller, New Mexico State Auditor

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Montana Senior Village, LLC which comprise the balance sheet as of December 31, 2015, and related statements of operations, changes in members' equity (deficit), and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated May 12, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Montana Senior Village, LLC's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Montana Senior Village, LLC's internal control. Accordingly, we do not express an opinion on the effectiveness of Montana Senior Village, LLC's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Montana Senior Village, LLC's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR HUD PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE CONSOLIDATED AUDIT GUIDE FOR AUDITS OF HUD PROGRAMS

To the Members of Montana Senior Village, LLC Las Cruces, New Mexico and Tim Keller, New Mexico State Auditor

Report on Compliance for Each Major HUD Program

We have audited Montana Senior Village, LLC's compliance with the compliance requirements described in the *Consolidated Audit Guide for Audits of HUD Programs* (the Guide) that could have direct and material effect on each of Montana Senior Village, LLC's major U.S. Department of Housing and Urban Development (HUD) programs for the year ended December 31, 2015. Montana Senior Village, LLC's major HUD program is a HUD insured mortgage.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its HUD program(s).

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Montana Senior Village, LLC's major HUD programs based on our audit of the compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the Guide. Those standards and the Guide require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above that could have a direct and material effect on a major HUD program occurred. An audit includes examining, on a test basis, evidence about Montana Senior Village, LLC's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major HUD program. However, our audit does not provide a legal determination of Montana Senior Village, LLC's compliance.

Opinion on Each Major HUD Program

In our opinion, Montana Senior Village, LLC complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major HUD programs for the year ended December 31, 2015.

Report on Internal Control Over Compliance

Management of Montana Senior Village, LLC is responsible for establishing and maintaining effective internal control over compliance with the compliance requirements referred to above. In planning and performing our audit of compliance, we considered Montana Senior Village, LLC's internal control over compliance with the requirements that could have a direct and material effect on each major HUD program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major HUD program and to test and report on internal control over compliance in accordance with the Guide, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Montana Senior Village, LLC's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a compliance requirement of a HUD program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a compliance requirement of a HUD program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a compliance requirement of a HUD program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.
