#### INDEPENDENT AUDITOR'S REPORT

To the Partners of Desert Palms Apartments Limited Partnership Las Cruces, New Mexico and Brian S. Colón, New Mexico State Auditor

#### **Report on Financial Statements**

We have audited the accompanying financial statements of the Desert Palms Apartments Limited Partnership (the Partnership), which comprise the balance sheet as of December 31, 2018, and the related statements operations, changes in partners' equity (deficit), and cash flows for the year then ended, and the related notes to the financial statements.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Desert Palms Apartments Limited Partnership as of December 31, 2018, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Report on Summarized Comparative Information**

The prior year summarized comparative information has been derived from the Partnership's financial statements for the year ended December 31, 2017 dated May 18, 2018. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for prior year comparative data, is based solely on the report of the other auditors. Those auditors expressed an unmodified opinion on those statements.

#### **Other Matters**

#### Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The Supplementary Information Required by HUD and the Computation of Surplus Cash and Distributions, as identified in the table of contents, is presented for purposes of additional analysis as required by the Consolidated Audit Guide for Audits of HUD-Assisted Programs (the Guide), issued by the U.S. Department of Housing and Urban Development, Office of Inspector General and is not a required part of the financial statements.

The Schedule of Expenses, as identified in the table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements.

All supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole.

## Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 11, 2019 on our consideration of the Partnership's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Partnership's internal control over financial reporting and compliance.

#### **NOTE 1 - ORGANIZATION**

Desert Palms Apartments Limited Partnership was organized in 2003 as a Limited Partnership to develop, construct, own, maintain, and operate a 101-unit rental housing project for mixed income tenants with both tax credit and market rate units. The Project is located in the city of Las Cruces, New Mexico, and is currently known as Desert Palms Apartments. The major activities of the Partnership are governed by the partnership agreement and the Internal Revenue Code Section 42.

The management of the Partnership and the ongoing management of Desert Palms Apartments are vested in the Partners. The Partnership has hired JL Gray Company to provide day to day management for the property. Compensation for such services is as determined under the partnership agreement and management agreement.

The Project is financed and constructed under Section 542(c) of the Housing and Community Development Act, as amended, and is administered by the New Mexico Mortgage Finance Authority (MFA). Under this program, the Partnership provides housing to low- and moderate-income tenants, subject to regulation by MFA and the United States Department of Housing and Urban Development (HUD), as to rental charges and operating methods. Lower rental charges to tenants are recovered by the Project through rent subsidies provided by the local Public Housing Authority (PHA).

The Partnership is reported as a component unit of Mesilla Valley Public Housing Authority (MVPHA), previously Housing Authority of the City of Las Cruces, because MVPHA is a member of the General Partner of the Partnership. The Partnership has no component units.

Related to GASB 77, the Partnership does not negotiate property tax abatements and has no tax abatement agreements as of December 31, 2018.

The Partnership does not receive public money from the State of New Mexico or any local governments as defined by 6-10-1 to 6-10-63 NMSA 1978 and therefore is not subject to several state compliance regulations.

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the Partnership's significant accounting policies consistently applied in the preparation of the accompanying financial statements are as follows:

#### A. Basis of Accounting

The Partnership utilized the accrual basis of accounting, whereby income is recognized as earned and expenses are recognized as obligations are incurred. The Partnership is a for profit organization and prepares their financials under the Financial Accounting Standards and not the Governmental Accounting Standards generally accepted in the United States of America.

## B. <u>Cash and Cash Equivalents</u>

Cash and cash equivalents consist of unrestricted short-term investments with an original maturity of three months or less, cash on deposit, money market funds and certificates of deposit. Restricted deposits and funded reserves are not considered cash equivalents for purposes of the statement of cash flow.

### C. <u>Credit Risk - Cash and Other Deposits</u>

The Partnership maintains its cash in financial institutions insured by the Federal Deposit Insurance Corporation (FDIC). Deposit accounts, at times, may exceed federally insured limits. The Partnership has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash and cash equivalents.

#### **Notes To Financial Statements**

For the Year Ended December 31, 2018, With Comparative Totals for 2017

## D. <u>Collateralization of Deposits</u>

The Partnership does not receive public money from the State of New Mexico or any local governments as defined by NMSA 1978 and therefore is not required to secure collateralization on cash deposits.

### E. Tenants' Security Deposits

Tenants' security deposits are held in a separate bank account. This account was funded in an amount greater than the security deposit liability as of December 31, 2018 and 2017.

### F. <u>Tenant Receivable and Bad Debt Policy</u>

Tenant rent charges for the current month are due on the first of the month. The Partnership does not accrue interest on the tenant receivable balances. The Partnership has not established an allowance for doubtful accounts and does not use the reserve method for recognizing bad debts. Bad debts are treated as direct write-offs in the period management determines that collection is not probable.

#### G. Property and Equipment

Property and equipment are recorded at cost. Improvements are capitalized, while expenditures for maintenance and repairs are expensed as incurred. Property and equipment with a unit cost of \$5,000 or more and an estimated useful life greater than one year are capitalized and depreciated based on the straight-line method over the estimated useful lives of the assets. Property and equipment purchases less than \$5,000 or with lives of one year or less, and maintenance and repairs which do not extend the useful lives of premises and equipment, are charged to expense as incurred.

Upon disposal of depreciable property, the appropriate property accounts are reduced by the related costs and accumulated depreciation. Any resulting gains and losses are reflected in the statements of operations. Depreciation is provided for in amounts sufficient to relate the cost of depreciable assets to operations over their estimated service lives using the straight-line method.

Classification	Estimated Life
Buildings	10-40
Site improvements	5-15
Furnishings	3-7
Maintenance equipment	5

#### H. Impairment

The Partnership reviews its investment in real estate for impairment whenever events or changes in circumstances indicate that the carrying value of such property may not be recoverable. Recoverability is measured by a comparison of the carrying amount of the real estate to the future net undiscounted cash flow expected to be generated by the rental property including the low-income housing tax credits and any estimated proceeds from the eventual disposition of the real estate. If the real estate is considered to be impaired, the impairment to be recognized is measured at the amount by which the carrying amount of the real estate exceeds the fair value of such property. There were no impairment losses recognized in 2018 and 2017.

#### I. Income Taxes

No income tax provision has been included in the financial statements since income or loss of the Partnership is required to be reported by the Owner. Further, income or loss of a partnership is required to be reported by the respective partners on their income tax returns.

#### **Notes To Financial Statements**

#### For the Year Ended December 31, 2018, With Comparative Totals for 2017

#### J. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### K. Rental Income

Rental income is recognized as rentals become due. Rental payments received in advance are deferred until earned. All leases between the Partnership and the tenants of the property are operating leases.

## L. Advertising Costs

Advertising costs are expensed as incurred.

#### M. Reclassifications

Certain December 31, 2017 amounts may have been reclassified in order to conform to the December 31, 2018 financial statement presentation.

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Partners of Desert Palms Apartments Limited Partnership Las Cruces, New Mexico and Brian S. Colón, New Mexico State Auditor

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Desert Palms Apartments Limited Partnership which comprise the balance sheet as of December 31, 2018, and related statements of operations, changes in partners' equity (deficit), and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated April 11, 2019.

## **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Desert Palms Apartments Limited Partnership's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Desert Palms Apartments Limited Partnership's internal control. Accordingly, we do not express an opinion on the effectiveness of Desert Palms Apartments Limited Partnership's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **Compliance and Other Matters**

le & Zandeus, P.C.

As part of obtaining reasonable assurance about whether Desert Palms Apartments Limited Partnership's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

#### INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR HUD PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE CONSOLIDATED AUDIT GUIDE FOR AUDITS OF HUD PROGRAMS

To the Partners of Desert Palms Apartments Limited Partnership Las Cruces, New Mexico and Brian S. Colón, New Mexico State Auditor

#### Report on Compliance for Each Major HUD Program

We have audited Desert Palms Apartments Limited Partnership's compliance with the compliance requirements described in the *Consolidated Audit Guide for Audits of HUD Programs* (the Guide) that could have direct and material effect on each of Desert Palms Apartments Limited Partnership's major U.S. Department of Housing and Urban Development (HUD) programs for the year ended December 31, 2018. Desert Palms Apartments Limited Partnership's major HUD program is as follows:

Name of Major HUD Programs	Direct and Material Compliance Requirements
HUD Insured Mortgage	Fair housing and nondiscrimination, mortgage status, replacement reserve, distributions to owners, equity skimming, cash receipts, cash disbursements, tenant application, eligibility, and recertification, tenant security deposits, management functions, unauthorized change of ownership/acquisition of liabilities, and unauthorized loans of project funds.

#### **Management's Responsibility**

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its HUD program(s).

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on compliance for each of Desert Palms Apartments Limited Partnership's major HUD programs based on our audit of the compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the Guide. Those standards and the Guide require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above that could have a direct and material effect on a major HUD program occurred. An audit includes examining, on a test basis, evidence about Desert Palms Apartments Limited Partnership's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major HUD program. However, our audit does not provide a legal determination of Desert Palms Apartments Limited Partnership's compliance.

**April 11, 2019** 

#### Opinion on Each Major Federal Program

In our opinion, Desert Palms Apartments Limited Partnership complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major HUD programs for the year ended December 31, 2018.

#### **Report on Internal Control Over Compliance**

Management of Desert Palms Apartments Limited Partnership is responsible for establishing and maintaining effective internal control over compliance with the compliance requirements referred to above. In planning and performing our audit of compliance, we considered Desert Palms Apartments Limited Partnership's internal control over compliance with the requirements that could have a direct and material effect on each major HUD program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major HUD program and to test and report on internal control over compliance in accordance with the Guide, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Desert Palms Apartments Limited Partnership's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a compliance requirement of a HUD program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a compliance requirement of a HUD program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a compliance requirement of a HUD program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first Paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Guide. Accordingly, this report is not suitable for any other purpose.
