Report on the Financial Statements

We have audited the accompanying financial statements of the CNM Ingenuity, Inc. (Ingenuity, a nonprofit organization and component unit of Central New Mexico Community College), as of and for the years ended June 30, 2019 and 2018 and the related notes to the financial statement which collectively comprise Ingenuity's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit

procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of CNM Ingenuity, Inc. (a component unit of Central New Mexico Community College) as of June 30, 2019 and 2018, and the changes in financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1, the financial statements present only Ingenuity and do not purport to, and do not present fairly the financial position of the Central New Mexico Community College, as of June 30, 2019 and 2018, the changes in its financial position, or, where applicable, its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5-7 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 24, 2019, on our consideration of Ingenuity’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Ingenuity’s internal controls over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Governmental Auditing Standards* in considering CNM Ingenuity, Inc.’s internal controls over financial reporting and compliance.

Management's Discussion and Analysis (Unaudited)
June 30, 2019 and 2018

As a component unit of Central New Mexico Community College (College), CNM Ingenuity, Inc. (Ingenuity) applies the provisions of Governmental Accounting Standards Board (GASB) statement No. 35, Basic Financial Statements - and Management's Discussion and Analysis - for Public Colleges / Universities - an amendment of GASB Statements No. 34.

Overview of the Basic Financial Statements

Ingenuity's annual report consists of Management's Discussion and Analysis (MD&A), which provides a broad narrative overview of the financial activities for the fiscal years ended June 30, 2019, and June 30, 2018, and the following, which comprise the basic financial statements:

1. Statements of net position, which present information of the Ingenuity's assets, liabilities, and resulting net positions.
2. Statements of revenues, expenses, and changes in net position, which provide information on the results of operations for the fiscal years.
3. Statements of cash flows, which present information on changes in cash balances and identify the source of cash flows resulting in those changes.
4. Notes to financial statements, which provide additional information that is essential to a full understanding of the data provided in the financial statements.

The financial statements provide an overall picture of Ingenuity's financial situation and should be read in conjunction with the MD&A.

Financial Analysis

During the year ended June 30, 2015, CNM Ingenuity STEMulus Center merged with programs at the Workforce Training Center, fully integrating operations in June of 2016, formerly run as a part of the main college. This transition reflected the enterprise and commercialization responsibilities of CNM Ingenuity, Inc. as a non-traditional training innovation leader and public private partnership entity.

The preceding table summarized Ingenuity's assets, liabilities and net position as of June 30, 2019 and 2018. In addition, a condensed revenue, expenses and changes in net position for June 30, 2019 and June 30, 2018, is presented. Those results are summarized as follows:

- * At June 30, 2019, Ingenuity's total assets were \$25,583,873, which represents an increase of 27% over June 30, 2018 total assets of \$20,144,801. Ingenuity's total liabilities as of June 30, 2019 were \$1,931,593, which represents a decrease of 2% from the previous year total of \$1,972,504. This results in a net position of \$23,652,280, an increase of 30% from the previous year net position of \$18,172,297.

CNM INGENUITY, INC.
(A Component Unit of Central New Mexico Community College)
Management's Discussion and Analysis (Unaudited)
June 30, 2019 and 2018

- * Total operating revenue was \$5,022,280 for the fiscal year ended June 30, 2019, an increase of \$689,977, or 16%, from the previous year total of \$4,332,303. Most notable was an increase in contract and grant revenue of \$278,649, or 29%, and an increase in Rental Income of \$116,466 or 62% from the previous year (see Statements of Revenues, Expenses and Changes in Net Position).

- * Ingenuity focuses on serving the community by providing innovative and top-quality, highly demanded non-credit courses. Program revenue was \$3,443,782 and \$3,007,889 for the year ended June 30, 2019 and 2018 respectively.

- * Operating expenses total was \$5,745,094 for the year ended June 30, 2019, which represents an increase of 34% from the previous year total of \$4,286,444. The two most significant categories are contract services and salaries/benefits comprising 15% and 45% of total expense respectively. Contract services represents a substantial expense due to fact that several of the programs utilize instructional facilitators, independent contractors, and contacted services to support the expansion of program offerings. The salaries and benefits increase to \$2,650,082 in FY19 from \$1,697,331 in FY18 due to hiring of staff required to support all course and program offerings efficiently.

- * For FY19 and FY18, non-operating revenues include interest income and transfers from CNM. There are no non-operating expenses for either fiscal year.

- * During FY19, Ingenuity's capital assets increased by \$449,177, which represents an increase of 10% from the previous year total of \$4,578,619. During the fiscal year, Ingenuity purchased an additional 2 residential real estate units as well as equipment for use in the FUSE MakerSpace training program.

- * CNM Ingenuity, Incorporated (CNMI) and ABQid, Inc. a non-profit corporation merged to consolidate similar operations, as of January 29, 2019. CNMI absorbed all of ABQid, Inc.'s activities and will continue operations as CNMI. The balances for all assets, liabilities, and net position for both CNMI and ABQid, Inc. were determined on the basis of the carrying values as of January 31, 2019. Merger Net Assets total \$421,277.

Economic Outlook

Ingenuity was created in 2014 to diversify the College's revenues through emergent training methods, cooperative public private agreements in technology and entrepreneurship, and the increased utilization of College's assets. The specific mission of Ingenuity is to promote the public welfare and prosperity of the people of New Mexico and foster economic development within both the private and public sectors of the New Mexico community. Ingenuity has successfully expanded the College's innovative program offerings during the previous fiscal years. This has been accomplished through creative program offerings and participation provided by Ingenuity initiatives such as Deep Dive Coding, FUSE Makerspace, Workforce Training, IGNITE Community Accelerator and many others.

During FY19, Deep Dive Coding (DDC) led Ingenuity's operations at the STEMulus Center. DDC, Ingenuity's immersive computer coding boot camp program, graduated ten cohorts of students in FY19, each with increasing enrollment and tuition, and is approved for credit for prior learning at the College. DDC is maturing to an umbrella brand, and has three different coding programs (each with multiple cohorts) with plans to expand to meet changing community needs in the future.

FUSE Makerspace (FUSE) is a collaborative workspace where hobbyists, engineers, entrepreneurs and artists can use high-end, state-of-the-art equipment to bring their ideas to fruition. FUSE works on a paid membership model and acts as an incubation center for a number of small business ventures, and partners with the College's prototyping certificate program.

The IGNITE Community Accelerator, is a business accelerator program provided by Ingenuity. It completed one cohort in FY 19 including seven business graduates in an innovative hybrid program incorporating FUSE makerspace into the Ignite Community Accelerator. CNM's Fast Track Business Degree program is transferred to CNM in July 2019.

During 2019, workforce development has continued to be a significant component of Ingenuity's strategy. Non-credit workforce development training was provided to 3878 participants representing 30 organizations. Ingenuity expanded programming in FY19. Among these programs are Financial Coaching, Linesman School, Commercial Driver's License, Nursing Transition to Practice, Supervisor Academy and Cyber Academy. Ingenuity has developed a strategic plan to increase its affiliate relationships for non-credit open enrollment training where possible. Further, Ingenuity sees an opportunity to streamline the process of developing and providing open enrollment courses through automation, increasing participation from the community in an increasing variety of classes.

Management's Discussion and Analysis (Unaudited)
June 30, 2019 and 2018

The Space Solutions segment of Ingenuity had an excellent year in FY19 with further expansion planned for FY20. Space Solutions, an initiative to make under-utilized CNM space available for lease and for use by community partnerships, continued to expand operations in this last year. This has led to many new arrangements with industry partners, and it has led to formal partnerships with the New Mexico and Albuquerque film offices through Props & Film resources. Ingenuity Testing Services remains the largest and most successful high-stakes testing center in New Mexico.

Ingenuity has made tremendous progress on behalf of Central New Mexico Community College and the local economy since 2014. Ingenuity will continue to fulfill mission by forging links between New Mexico's educational institutions, businesses, industries, and government.

Notes to the Financial Statements
June 30, 2019 and 2018

1 Nature of Business

CNM Ingenuity, Inc., (“Ingenuity”), was founded on March 17, 2014 under the New Mexico University Research Park and Economic Development Act. It is a New Mexico not-for-profit corporation under Section 501(c)(3) of the Internal Revenue Code. Ingenuity is specifically classified as a 509(a)(3) or Type 1 charitable organization. Type I supporting organizations are operated, supervised, or controlled by one or more publicly supported organizations. Ingenuity is operated exclusively for the benefit and support of, to perform the functions of, and carry out the purposes of Central New Mexico Community College (College).

Ingenuity and the College entered into a Memorandum of Agreement (“MOA”) dated March 2014, and amended on July 2016 that defines their relationship. The MOA states that College will provide critical resources until Ingenuity becomes self-supporting. It also provides that Ingenuity’s activities will be conducted for the benefit of the College and must be consistent with the College’s long-range plans.

Pursuant to the University Research Park and Economic Development Act Sections 21-28-1 through 21-28-25, New Mexico Statutes annotated, 1978 Compilation, as amended, (the “Research Park Act”), this Corporation is formed for all lawful purposes under the Research Park Act.

Notwithstanding the paragraph above, all purposes of Ingenuity as stated in the Articles of Incorporation shall be limited exclusively to charitable, educational and scientific purposes within the meaning of Section 501(c)(3) of the Internal Revenue Code of 1954, or the corresponding provision of any future U.S. Internal Revenue law.

Complete financial statements can be obtained from the administrative office at the College at 525 Buena Vista SE, Albuquerque, NM 87106.

2 Summary of Significant Accounting Policies

a. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

As a component unit of the College, Ingenuity presents its financial statements in accordance with generally accepted accounting standards as established by the Governmental Accounting Standards Board (GASB).

b. Management's Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount and disclosure. Accordingly, actual results could differ from those estimates.

c. Cash and Cash Equivalents

For the purposes of the statements of cash flows, Ingenuity considers all highly liquid instruments including demand deposits and short-term money market mutual investments, to be cash equivalents provided they are both readily convertible to cash and had original maturities of three months or less when purchased.

d. Allowance for Doubtful Accounts

Ingenuity's receivables represent revenues earned from student tuitions and fees, grants and contracts, and third party receivables. Management reviews the collectability of its receivables and if necessary, records an allowance for its estimate of uncollectible accounts. Bad debt history and current facts and circumstances are the primary basis for this estimate. When an account is deemed uncollectible, it is charged off against the allowance. Receivables at June 30, 2019 consisted primarily of contracts and grants, and student receivables. At June 30, 2019, there is an allowance for doubtful accounts of \$17,554 on student receivables older than one year. All other receivables are current and considered collectible at June 30, 2019. At June 30, 2018, allowance for doubtful accounts was \$25,325.

e. Investments

Investments consist primarily of marketable securities. Mutual funds are carried at amortized cost, which approximates fair value. Marketable securities are carried at fair value based on quoted market prices.

Private equity investments represent ownership in closely held businesses, which are not publicly traded. These investments are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recordable. These investments are recorded using net asset value (NAV) per share in accordance with GASB statement No 72 - *Fair Value Measurement and Application*. Ingenuity considers the reasonableness of the NAV, based on available information, to arrive at the fair value estimates of each investment.

f. Capital Assets

Expenditures for land, land improvements, buildings, infrastructure, art and equipment are recorded at cost. Donated assets are recorded at their estimated fair market values at the date of donation. Depreciation expense is calculated using the straight-line method and the following estimated useful lives:

Buildings and improvements	5-35 years
Land improvements	5-35 years
Infrastructure	5-35 years
Furniture and equipment	5-15 years
Vehicles & Fixtures	5-10 years

Maintenance and repairs, which materially add to the value of the property or appreciably prolong its life, are recorded as increases to the appropriate asset account. Ingenuity capitalizes all fixed assets with a cost of \$5,000 or more and a useful life of greater than one year. Ingenuity conducts a regular inventory of fixed assets and maintains a central list of fixed assets, which includes date of purchase, registration numbers, warranty information, original cost, and estimated life. Non-capitalized equipment with values of \$1,000 or more and all laptops, tablets and cellphones, regardless of cost, are tagged and tracked.

g. Agreements

A memorandum of agreement between Ingenuity and the College was entered into on March 2014, and most recently amended on July 2016. The agreement formalizes the relationship between Ingenuity and the College and establishes the purpose for Ingenuity as supporting the College in providing educational opportunities through a variety of noncredit programs and career-focused training for non-traditional students. Ingenuity seeks to complement the College by providing educational avenues that enhance degree opportunities or fill workforce gaps in the local economy. The College agreed to provide staff support, office and meeting space, related physical support services, and other services at no cost to Ingenuity as contributed services. The estimated value of these services is not reflected in the accompanying financial statements.

h. Net Position

Unrestricted net position consists of resources that are not limited or restricted by donors for designated purposes. Unrestricted net position arises from exchange transactions and the receipt of unrestricted revenues.

Investment in capital assets represents Ingenuity's total investment in capital assets, net of accumulated depreciation.

Restricted, expendable net position consists of resources restricted by the passage of time or are contractually or legally bound to be spent in accordance with restrictions imposed by external third parties, primarily grant funding agencies.

When an expense is incurred that can be paid using either restricted or unrestricted resources, Ingenuity's policy is to apply the expense toward restricted resources first, and then toward unrestricted resources.

i. Classification of Revenues and Expenses

Operating income reported in the financial statements includes revenues and expenses related to the primary continuing operations of Ingenuity. Operating revenues consists of program revenue, contracts and grants, rental revenue and gifts. Principal operating expenses include program and administrative services.

Non-operating revenue consists of interest and dividend income earned in the money market account and investment account and support transfers received from the College.

j. Unearned Revenue

Ingenuity recognizes revenue on the accrual basis or as earned. Appropriate unearned revenue for unrestricted program and restricted grant revenue have been made at year-end for revenue that will be earned in the next fiscal year proportionate to the instructional term. Unearned Revenue is shown as a liability on the balance sheet.

k. Income Taxes

Ingenuity is an organization described in Internal Revenue Code (IRC) Section 501(c)(3) and as such is exempt from federal and state income tax on its related income. Furthermore, as a publicly supported organization, it is classified as a public charity and not a private foundation under Section 509(c)(3). Ingenuity had immaterial unrelated business income during fiscal years 2019 and 2018; therefore, no provision for income taxes is included in the financial statements.

3 Cash and Cash Equivalents

(a) Custodial credit risk

Custodial credit risk is the risk that in the event of a bank failure, the entity's deposits may not be returned to it. As of June 30, 2019 and 2018, Ingenuity's operating accounts had deposits totaling \$376,375 and \$418,230 respectively. As a separate legal 501(c)(3) entity, Ingenuity is not subject to the public money act pledged collateral requirements. Ingenuity limits the amount of exposure with any one financial institution and believes that no significant concentration of credit risk exists with respect to cash and cash equivalents.

7 Advanced Royalties and Investment in Ingenuity Software Labs, Inc.

In August 2014, Ingenuity entered into an agreement with Deep Dive Coders LLC to purchase its assets and to collaborate with the owner in starting an Ingenuity coding boot camp known as Ingenuity Software Labs. Assets were purchased for \$47,500 and a 10-year tiered royalty agreement was entered into with the former owner. The former owner receives cash royalty payments for 1% of net coding boot camp tuition for 10 years, paid quarterly with the agreement expiring in August 2024.

In addition, an advance royalty payment of \$90,000 was given to the former owner to be earned at a rate of 4% of net tuition over the same period as long as the former owner remains an employee of either CNM or Ingenuity. The advance royalty earning rate drops to 2% of net tuition in the event the former owner ceases to be an employee. As of June 30, 2017, the former owner of Deep Dive Coders, LLC ceased to be an employee of CNM. The unearned balance of the advance royalty was \$18,206 and \$35,810 as of June 30, 2019 and 2018 respectively.

8 Investments

Ingenuity implemented Restricted Fund Investment Policy on April 26, 2018. The overall investment objective of Ingenuity's Restricted Fund is to maximize the return on invested assets while minimizing risk and expenses through prudent investing and planning, as well as through the maintenance of a diversified portfolio. Investments are registered in the name of Ingenuity and are held by an outside investment firm.

A summary of investments held by Ingenuity at June 30 as follows:

	2019	Percentage	2018	Percentage

Investment Policy

Management shall be responsible for the day-to-day administration and implementation of policies established by the Board and/or the Finance & Audit Committee. Management shall also be the primary liaison between any investment consultants and/or other outside professionals that may be retained to assist in the management of such funds.

A cash account shall be maintained with a zero to very low risk tolerance to keep cash available for distributions obligations and other anticipated expense. Permitted investments include cash and cash equivalents, marketable securities including equities and fixed income securities. Ingenuity will maintain a reasonable diversification of investment assets between asset classes and investment categories at all times.

Custodial Credit Risk

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, Ingenuity will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. Mutual funds and external investment pools are not exposed to custodial credit risk. The following is a summary of investments held by Ingenuity and the exposure to custodial credit risk at June 30

	2019	2018
Custodial credit risk:		
Federal agency obligations	\$ 1,666,459	\$ 774,293
Corporate obligations	815,555	327,509
Corporate stock	6,544,963	2,842,463
Not subject to custodial credit risk:		
Mutual Funds	1,904,280	853,109
Total Investments	<u>\$ 10,931,257</u>	<u>\$ 4,797,374</u>

Concentration of Credit Risk is the risk of loss attributed to the magnitude of Ingenuity's investment in a single issuer. Investments in any one issuer that represent 5% or more of total investments are considered to be exposed to the concentrated risk and are required to be disclosed. Investments issued by the U.S. government, investments in mutual funds, external investment pools and other pooled investment are excluded from this requirement. At June 30, 2019, Ingenuity did not have a policy to limit its exposure to concentrated credit risk; however, as of June 30, 2019, Ingenuity did not have any investments in one issuer that represented more than 5% of total investments.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates that will adversely affect the fair value of an investment. Currently, Ingenuity does not have a policy to limit its exposure to interest rate risk. Ingenuity Investment Committee manages credit risk and interest risk with the assistance of third-party investment advisors.

A summary of the investments and the respective maturities at June 30, 2019 and the exposure to interest rate risk is as follows:

Investment Type	2019 - Investment maturities			
	Fair Value	Less than 1 year	1-5 years	5 years +

Foreign Currency Risk

Foreign currency risk is the potential risk of loss arising from investments denominated in foreign currencies when there are changes in exchange rates. The potential risk of loss arising from changes in exchange rates can be significant. At June 30, 2019, Ingenuity held no investments denominated in foreign currencies and therefore, had no foreign currency risk.

Fair Value Measurements

Ingenuity categorized its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset.

- * Level 1 inputs are quoted prices (unadjusted) for identical assets in active markets, accessible at the measurement date. Level 1 inputs include exchange markets, dealer markets, brokered markets, and principal-to-principal markets.
- * Level 2 inputs are inputs—other than quoted prices included within Level 1—that are observable for an asset, either directly or indirectly. Level 2 inputs include quoted prices for similar assets in active markets and quoted prices for identical or similar assets in markets that are not active.
- * Level 3 inputs are unobservable inputs for an asset.

	Fair Value Measurements Using Quoted Prices			
	6/30/2019	(Level 1)	(Level 2)	(Level 3)
Investments by fair value level:				
Stocks	\$ 6,544,963	\$ 6,544,963	\$ -	\$ -
Mutual funds	1,904,280	1,904,280	-	-
Debt securities:

Total Investments	\$ 10,967,896	\$ 9,260,251	\$ 1,671,006	\$ 36,639

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Debt and equity securities, classified in Level 1 of the fair value hierarchy, are valued using prices quoted in active markets for those securities. The investments that are reported as Level 2 have various pricing sources including International Data Corporation (IDC), Pricing Direct, Reuters, Markit Partners, Bloomberg and Standard & Poor's (S&P).

Domestic private equity investments which are not readily marketable, are carried at estimated fair values. Fair value is based upon information provided by the management of each private company, including internally prepared financial statements and any other relevant factors. Because of the absence of a readily determinable fair value and the inherent uncertainty of valuation, the estimated fair value may differ significantly from the value that would have been used had a ready market for the investment existed, and the difference could be material. These investments are not immediately redeemable at the reporting date. These investments have significant unobservable inputs and are classified within Level 3 of the valuation hierarchy. These investments are recorded using net asset value (NAV). These investments are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recordable.

9 Intangible Assets

CNM Ingenuity, Inc. and CNM Foundation, Inc. together as component units of CNM, responded to Samaritan Counseling Center's RFP (request for proposal) for owning and hosting the Ethics in Business Awards program in October 2017. Acquisition of the program took place in December 2017 with purchase price of \$90,000. Internal Memorandum of Agreement between CNM Ingenuity, Inc. and CNM Foundation, Inc. was signed on June 2018 which stipulates each entity's duties and responsibilities.

The Purchase price included several long-lived intangible assets. There was no debt or liability transferred with this business acquisition. Ingenuity filed trademark application with the U.S. Patent & Trademark Office for the NEW MEXICO ETHICS IN BUSINESS AWARDS (logo and design) on April 27th, 2018.

Notes to the Financial Statements
June 30, 2019 and 2018

Ingenuity’s management reviews long-lived assets for impairment at least annually or whenever events or changes in circumstances indicate that the carrying amount of such assets may not be recoverable. Recoverability of these assets is determined by net profits from the annual event. If the annual event does not produce net profit for three consecutive years, then assets are written down. As of June 30, 2019, there was no impairment loss recognized for long-lived assets.

10 Related Party Transactions

The College provides contributed services at no charge to Ingenuity for personnel dedicated partially or fully in support of Ingenuity’s operations. The College also allows Ingenuity to occupy office space in its buildings for its administrative and program related activities at no charge. INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors of
CNM Ingenuity, Inc. and
Mr. Brian S. Colón, Esq., New Mexico State Auditor

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of CNM Ingenuity, Inc. (Ingenuity, a nonprofit organization and component unit of Central New Mexico Community College), which comprise the statement of net position as of June 30, 2019, and the related statements of revenues, expenses, and changes in net position, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated October 24, 2019.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Ingenuity's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Ingenuity's internal control. Accordingly, we do not express an opinion on the effectiveness of Ingenuity's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Ingenuity's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
