Report of Independent Auditors

The Board of Trustees
University of New Mexico Foundation, Inc.
and Mr. Brian S. Colón, Esq., New Mexico State Auditor:

Report on the Financial Statements

We have audited the accompanying financial statements of the University of New Mexico Foundation, Inc. (the Foundation), a component unit of the University of New Mexico, which comprise the statements of net position as of June 30, 2019 and 2018, and the related statements of revenues, expenses, and changes in net position and cash flows for the years then ended, and the related notes to the financial statements, which collectively comprise the Foundation's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the University of New Mexico Foundation, Inc. as of June 30, 2019 and 2018, and the changes its financial position, and cash flows thereof for the years then ended, in accordance with U.S. generally accepted accounting principles.

Other Matters

Required Supplementary Information

U.S. generally accepted accounting principles require that the management's discussion and analysis on pages 5 through 8 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Foundation's basic financial statements. The statement of net position information by account group, statement of revenues, expenses, and changes in net position information by account group, and notes to supplementary information as of and for the year ended June 30, 2019 on pages 13 through 32 are presented for purposes of additional analysis, and are not a required part of the basic financial statements.

The statement of net position information by account group, statement of revenues, expenses, and changes in net position information by account group, and notes to supplementary information as of and for the year ended June 30, 2019 are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the financial analysis referred to above are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 13, 2019 on our consideration of the Foundation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Foundation's internal control over financial reporting and compliance.

Albuquerque, New Mexico September 13, 2019

Mess adams LLP

(A Component Unit of the University of New Mexico)
Management's Discussion and Analysis (Unaudited)
June 30, 2019 and 2018

As a component unit of the University of New Mexico (UNM or the University), the University of New Mexico Foundation, Inc. (the Foundation) applies the provisions of Governmental Accounting Standards Board (GASB) Statement No. 34, Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments.

Overview of the Basic Financial Statements

The Foundation's annual report consists of the Management's Discussion and Analysis, which provides a broad narrative overview of its financial statements for the fiscal years ended June 30, 2019 and 2018 and the following, which comprise the basic financial statements:

- 1. Statements of net position, which present information on the Foundation's assets and liabilities and resulting net position.
- 2. Statements of revenues, expenses, and changes in net position, which provide information on the results of operations for the fiscal years.
- 3. Statements of cash flows, which present information on changes in cash balances and identify the source of cash flows resulting in those changes.
- 4. Notes to financial statements, which provide additional information that is essential to a full understanding of the data provided in the financial statements.

Financial Analysis

- At June 30, 2019, the Foundation's total assets were \$271.6 million, which represents an increase of 3% over June 30, 2018 total assets of \$264.8 million.
- The increase in total assets during the year ended June 30, 2019, was primarily due to endowment gifts and investment gains in the Consolidated Investment Fund (CIF).
- The Foundation's endowment funds are invested alongside with endowment funds owned by the University in the CIF. The CIF is a unitized investment portfolio, a consolidated internal investment pool of the University. Approximately 85% of the Foundation's assets were held as endowments in the CIF as of June 30, 2019 and 2018.

(A Component Unit of the University of New Mexico)
Management's Discussion and Analysis (Unaudited)
June 30, 2019 and 2018

• The fair value and ownership units of the CIF as of June 30, 2019 and 2018 are as follows:

	Consolidated Investment Fund			
		2019		2018
Fair value (in millions) Foundation University of New Mexico	\$	229.9 230.0	\$	223.9 231.0
Total fair value of CIF	\$	459.9	\$	454.9
Units Foundation University of New Mexico		561,038 561,401		569,248 587,175
Total units of CIF		1,122,439		1,156,423

- Additions to endowment principal for the CIF during the years ended June 30, 2019 and 2018 were \$11.4 million, \$18.9 million, respectively.
- CIF investment performance, net of fees, for the fiscal years ended June 30, 2019 and 2018 is shown below:

	Consolidated Inve	stment Fund	
	2019	2018	
Investment performance	 -		
1 year	4.2%	8.2%	
3 year	8.0%	6.0%	
5 year	4.6%	7.0%	
10 year	8.0%	5.0%	

• CIF investment performance by asset class for the fiscal years ended June 30, 2019 and 2018 is shown in the table below:

	Consolidated Inve	stment Fund
	2019	2018
Investment performance		
Domestic Equity	9.0%	14.8%
International Equity	1.2%	7.3%
Fixed Income	6.2%	0.6%
Private Equity	10.2%	15.9%
Real Assets	-7.3%	5.4%
Marketable Alternatives	0.9%	5.6%
CIF Investment Performance	4.2%	8.2%

University of New Mexico Foundation, Inc. (A Component Unit of the University of New Mexico) Management's Discussion and Analysis (Unaudited) June 30, 2019 and 2018

- Investment income, net of fees, was \$10.3 million and \$16.9 million for the years ended June 30, 2019 and 2018, respectively.
- The approved spending distributions from the CIF to UNM were \$16.0 million and \$15.5 million during the fiscal years ended June 30, 2019 and 2018, respectively. Spending distributions from Foundation owned endowment are reported as part of Distributions to UNM and were \$7.7 million and \$7.6 million, respectively.
- Total operating revenue was \$27.5 million for the fiscal year ended June 30, 2019, a decrease of \$2.4 million, or 8%, from the previous year total of \$29.9 million, primarily due to an decrease in endowed cash gifts.
- Distributions to UNM are endowed spending distributions and nonendowed gifts which are transferred to UNM as received. These distributions were \$27.6 and \$30.4 for the years ended June 30, 2019 and 2018, respectively. The decrease is primarily due to a decrease in nonendowed cash gifts.
- The primary funding sources for the Foundation's operating costs for the year ended June 30, 2019 were UNM contract service revenue (41%), short-term investment income (5%), unrestricted gifts and other revenue (2%), and a development funding allocation (DFA) (52%) based on the market value of the CIF. The DFA rate was 1.85% for the fiscal years 2019 and 2018.

Factors Impacting Future Periods

- UNM has committed to a \$5.3 million contract service fee for the Foundation's services in fiscal year 2020. The fee charged to the CIF (DFA) will remain at 1.85% for fiscal year 2020.
- The approved CIF endowment spending distribution for fiscal year 2020 is \$16.5 million.

Contacting the Foundation's Financial Management

If you have questions about this report or need additional financial information, please contact the UNM Foundation's Chief Financial Officer, Kenny Stansbury, at Two Woodward Center, 700 Lomas Boulevard NE, Suite 203, Albuquerque, New Mexico 87131 or (505) 313-7600.

University of New Mexico Foundation, Inc. (A Component Unit of the University of New Mexico) Notes to Financial Statements Years Ended June 30, 2019 and 2018

Note 1 - Nature of Business

The University of New Mexico Foundation, Inc. (the Foundation) was organized on May 3, 1979, as a New Mexico not-for-profit corporation to solicit, receive, distribute, invest, and manage private gifts and donations given for the benefit of the University of New Mexico (UNM or the University). By managing funds, identifying and developing new sources of private support, encouraging the adoption of common goals, and nurturing cooperation toward meeting those goals, the Foundation allows UNM to focus more clearly on its mission to engage in comprehensive educational, research, and service programs.

In accordance with the amended Memorandum of Agreement (Memorandum) between the Foundation and the Regents of the University, dated September 25, 2012, UNM will continue to provide the Foundation sufficient support to allow the Foundation to conduct its business and fulfill its responsibilities to the University. In return for this support, the Foundation guarantees that all private gifts and donations it receives, records, and reflects in the accompanying financial statements are for the exclusive benefit of UNM. These financial statements only reflect private support received directly by the Foundation. In addition, the Foundation provides solicitation assistance, consultation, and other related services, including investment oversight responsibilities associated with UNM's ownership of Consolidated Investment Fund (CIF) endowments. The Foundation has no component units.

The Memorandum further stipulates that the expenditure of gift funds and income on gift funds for the benefit of any unit of the University or affiliated organization will be disbursed through the University's general ledger system, unless specifically approved by the University President or his/her designee, and that the Foundation will provide the University appropriate documentation regarding any donor-imposed gift restrictions to assist the University in following the donor directives. The University is responsible for monitoring all disbursements through the University's general ledger system for both nonendowed gift accounts and endowed spending accounts to ensure that any and all donor-imposed restrictions are honored.

Note 2 - Summary of Significant Accounting Policies

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

As a component unit of UNM, the Foundation presents its financial statements in accordance with U.S. generally accepted accounting standards as established by the Governmental Accounting Standards Board (GASB).

The Foundation applies business-type activity accounting and the Foundation's basic financial statements are reported using a flow of economic resources measurement focus and the accrual basis of accounting. Accordingly, revenues are recognized when they are earned and expenses are recognized as soon as the liability is incurred.

In fiscal year 2018, The Foundation adopted GASB no. 81, *Irrevocable Split-Interest Agreements*, which enhances the comparability of financial statements by providing accounting and financial reporting guidance for irrevocable split-interest agreements. GASB 81 requires recognition of assets, liabilities and deferred inflows related to irrevocable split interest agreements at the inception of the agreement, if certain criteria are met.

University of New Mexico Foundation, Inc. (A Component Unit of the University of New Mexico) Notes to Financial Statements Years Ended June 30, 2019 and 2018

Note 2 – Summary of Significant Accounting Policies (continued)

In 2018, the Foundation applied GASB 81 as an adjustment to beginning net position and did not retroactively apply GASB 81 to other periods presented because sufficient information is not readily available to accurately adjust the prior period to conform to GASB 81.

The significant accounting policies utilized by the Foundation in the preparation of the financial statements are described below.

Cash and Cash Equivalents

Cash and cash equivalents include cash on deposit at financial institutions and do not include Foundation investments held by the CIF.

Restricted cash and cash equivalents are donor restricted to use for a particular UNM program or purpose.

Investments, Real Estate, Artwork, and Beneficial Interest

Investments, real estate, artwork, and beneficial interest are reported at fair value. Money market investments are carried at amortized cost, which approximates fair value. All real estate and artwork reflected in the accompanying statements of net position were contributed to the Foundation. Donated real estate and artwork are recorded at fair value at the date of the gift less an estimated reserve for selling costs. Periodic appraisals and market analyses are performed to determine the appropriateness of fair value.

The basis of determining the fair value of investments is the readily determinable sales price or current exchange rate of the investments based on prices or quotations from over-the-counter markets. Where fair value is not readily determinable, the Foundations uses net asset value per share, units owned and other valuation factors to approximate fair value.

As the CIF is not publically quoted, the value is based on the total estimated value of the underlying investments within the CIF. Within the CIF, the alternative investments are valued as reported by the general partners and fund managers. Management reviews and evaluates the valuation received from third parties and believes the carrying amount to be a reasonable estimate of fair value. As limited partnership investments are not readily marketable, their estimated value is subject to uncertainty and, therefore, may differ from the value that would have been used had a ready market for such investments existed.

Investments held by the Foundation have been classified as current and noncurrent based on the nature of the underlying investment. Investment in the CIF has been classified as noncurrent due to restrictions limiting the Foundation's ability to use these investments.

It is the Foundation's policy to liquidate most donated investments as soon as possible following receipt.

(A Component Unit of the University of New Mexico) Notes to Financial Statements Years Ended June 30, 2019 and 2018

Note 2 – Summary of Significant Accounting Policies (continued)

Other Assets

Other assets include notes receivable, accounts receivable and prepaid assets.

Due to the Consolidated Investment Fund

Amounts due to the CIF represent funds transferred from the University to be invested in the endowment and held temporarily by the Foundation. The funds are transferred to the CIF on a monthly basis.

Due to UNM and Distributions to UNM

The current amount due to UNM represents nonendowed, restricted assets held by the Foundation. The amount and timing of the transfers are defined in the Callable Funds Agreement, dated January 23, 2017.

The noncurrent amount due to UNM represents nonendowed assets held by the Foundation, primarily cash and pledges receivable, which are expected to be distributed to UNM in a subsequent fiscal year.

Annuities Payable

Annuities payable represents the liability established for donations whereby a specified amount of funds are to be paid to the donor for the duration of his or her life. The Foundation uses annuity rates, including the discount and remainder factors, based on the American Council on Gift Annuities guidelines to establish the estimated liability. Significant factors of the estimate include the donor's age, amount of donation, and the discount rate, and are updated annually to adjust the liability.

Net Position

To ensure observance of limitations and restrictions placed on the use of reserves available to the Foundation, net positions are classified as follows, based on the existence or absence of donor-imposed restrictions:

Unrestricted net position – resources that are not subject to donor-imposed restrictions. The Board of Trustees designates a portion of this net position as nonexpendable reserves for annuities payable.

Investment in capital assets – represents the Foundation's total investment in capital assets, net of accumulated depreciation.

Restricted net position – resources that, because of donor-imposed restrictions, must be used for a specified purpose, generally UNM programs, or maintained for a specified time period.

Restricted, expendable – resources that are contributions designed by donors for use by
particular entities or programs or for specific purposes or functions of UNM. Resources include
term endowments with donor-imposed time restrictions for spending or transferring the funds to
UNM. These funds also include quasi-endowments, of which the corpus can be used for the
purpose identified by the donor. Investment income on endowment investments are classified as
restricted, expendable net position unless otherwise specified by the donor.

University of New Mexico Foundation, Inc. (A Component Unit of the University of New Mexico) Notes to Financial Statements Years Ended June 30, 2019 and 2018

Note 2 – Summary of Significant Accounting Policies (continued)

Restricted, nonexpendable – resources that are permanent endowments. Such funds are
generally subject to donor restrictions requiring that the principal be invested in perpetuity for the
purpose of producing income and appreciation that may be expended or added to the principal in
accordance with the donor's wishes.

When both restricted and unrestricted funds are available, the Foundation expends restricted funds first in accordance with donor-imposed restrictions. The expenditure of unrestricted funds requires approval by the Board of Trustees.

Classification of Revenues and Expenses

Operating loss reported in the financial statements includes revenues and expenses related to the continuing operations of the Foundation. Principal operating revenues include nonendowed donations and pledges, UNM contract service revenues, and the development funding allocation received from the CIF. Principal operating expenses include distributions to the University and general and administrative expenses.

Nonoperating revenues include investment gains.

Changes in term and permanent endowments include donations to permanent endowments and annuities, actuarial adjustments to annuities payable, payments to annuitants, and institutional transfers to the CIF.

Revenue Recognition

Donations – The Foundation recognizes revenue on donations when all applicable eligibility requirements are met. Donations to permanent endowments or term endowments, as defined in note 8, are reported as changes to term and permanent endowments.

Pledges – The Foundation recognizes nonendowed pledges as increases in assets and revenue upon receipt of a signed pledge commitment, so long as collectability is probable, and when all applicable eligibility requirements are met. An allowance for doubtful pledges is recorded when the pledge is recorded. The allowance is based on past pledge loss experience and other factors that management considers necessary in estimating pledge losses.

Nongift – Includes the dollar value of any benefit provided to a donor making a charitable contribution.

Wills and Bequests – Contributions resulting from wills and bequests are recognized as revenue in the reporting period during which the respective estates are probated and all applicable eligibility requirements are met. These contributions are reported as donations and pledges, net in the accompanying statements of revenues, expenses, and changes in net position.

UNM contract service revenue – The University pays the Foundation for the services provided including investment management services and fundraising activities. The Foundation also facilitates funding of scholarships, faculty, and program support through distributions to UNM.

(A Component Unit of the University of New Mexico) Notes to Financial Statements Years Ended June 30, 2019 and 2018

Note 2 - Summary of Significant Accounting Policies (continued)

Development funding allocation (DFA) – Consolidated Investment Fund – A percentage of the market value of the CIF is allocated, annually, to the Foundation, as part of the Foundation's overall fee for its services to the University. The allocation is used by the Foundation to cover the employment of its staff and other operating costs. The DFA rate was 1.85% for the fiscal years 2019 and 2018. The allocation does not provide support for third-party investment consultant fees, custodial fees, and investment manager fees. These costs are assigned directly to the CIF and revenue is recognized when earned.

Investment income, net – Investment income, net includes interest, dividends, unrealized gains or losses, and realized gains or losses. Investment interest and dividends are recognized when earned. Changes in the estimated fair value of investments are reported as unrealized gains and losses. Realized gains and losses are recognized as the difference between the sales proceeds and amortized costs when realized (sold), and calculated independently of the unrealized loss.

Institutional Transfers to CIF

Institutional transfers to CIF represents transfers of nonendowed and endowed spending funds from the University to the CIF.

Income Taxes

The Foundation is an organization described in Internal Revenue Code (IRC) Section 501(c)(3) and as such is exempt from federal and state income tax on its related income under Section 501(a) of the IRC. Furthermore, as a publicly supported organization it is classified as a public charity and not a private foundation under IRC Section 509(a)(1). The Foundation had no material unrelated business income; therefore, no provision for income taxes is included in the financial statements.

As of June 30, 2018, the most recent filing date, the Foundation had a net operating loss carryforward of approximately \$2.9 million, as a result of cumulative losses from underlying partnership investments within the CIF. The deferred tax asset associated with this loss carryforward of approximately \$600,000 is not recognized on the accompanying statements of net position due to the uncertainty of future income that would be necessary to realize the benefit. The Foundation estimates that the change in the deferred tax asset for the year ended June 30, 2019 is not material.

Estimates

Management uses estimates and assumptions in preparing the accompanying financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could differ from those estimates.

Reclassifications

Certain reclassifications have been made to the fiscal year 2018 financial statements in order for them to conform to the current year financial statement presentation.

Note 3 - Cash and Cash Equivalents

Cash balances, including deposits in transit, had a carrying value of \$6,879,068 and \$9,247,436 at June 30, 2019 and 2018, respectively.

The Foundation's bank accounts (Operating and Development) had deposits totaling \$5,228,730 and \$7,738,206 at June 30, 2019 and 2018, respectively. These amounts are invested in overnight sweep accounts that are collateralized at 102% and 101% of the overnight balance at June 30, 2019 and 2018, respectively. These funds were collateralized by government-backed securities held in the Foundation's name. The Foundation also held deposits at a credit union totaling \$171,857 and \$185,769 at June 30, 2019 and 2018, respectively. Below is a summary of the Federal Deposit Insurance Corporation (FDIC) insured, National Credit Union Administration (NCUA) insured, and collateralized accounts.

			\$	8,582,460	\$	664,976	\$	9,247,436

Note 4 - Investments

Investments reported by the Foundation represent investments contributed to the Foundation that are held outside of the CIF and the Foundation's share of the CIF. Foundation endowment funds are consolidated with endowment funds owned by the University in the CIF. The CIF is a unitized investment portfolio, a consolidated internal investment pool of the University.

Consolidated Investment Fund – The investment of the CIF endowment funds is in accordance with the laws of 1991, Chapter 69 of the State of New Mexico. In accordance with UNM and the Foundation's Memorandum, the endowment assets of the Foundation and UNM are consolidated for investment purposes whenever possible in the CIF. The investment of UNM and Foundation endowment funds is in accordance with Sections 6-8-10 and 46-9-1 through 46-9-12, New Mexico Statutes Annotated (NMSA) 1978.

Note 4 - Investments (continued)

At June 30, 2019 and 2018, the Foundation held approximately 97% and 98%, respectively of its investments in the CIF. Under the terms of an agreement with the UNM Board of Regents, the Foundation provides management oversight for the entire CIF. The Foundation Investment Committee works with an institutional investment consultant to structure the portfolio and hire independent investment managers. The investment managers are then responsible for specific asset categories and management styles.

Investments in the CIF are diversified with the intention of minimizing the risk of investment losses. Consequently, the target portfolio allocations are 21.5% domestic equity, 21.5% international equity, 13% fixed income, 1% cash, 8% real assets, 15% private investments, and 20% marketable alternative investments.

The fair value and ownership units of the CIF as of June 30 are:

		2019	Percentage	2018	Percentage
Fair Value (in millions):				 	
Foundation	\$	229.9	50%	\$ 223.9	49%

		\$ 6,658,436	\$	3,734,711	

Custodial Credit Risk – For an investment, custodial credit risk is the risk that, in the event of the failure of the counter party, the Foundation will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. Mutual funds and external investment pools are not exposed to custodial credit risk.

The investments that were subject to custodial credit risk were 2.6% and 1.4% of total investments at June 30, 2019 and 2018, respectively.

Note 4 – Investments (continued)

The investments held in the CIF are not subject to custodial credit risk. A summary of the investments held by the Foundation and the exposure to custodial credit risk are as follows at June 30:

		2019		2018
Custodial credit risk: Municipal bonds US Treasury Notes Domestic corporate stock	\$	3,249,509 2,258,695 567,095	\$	3,061,292 - 214,596
Total securities held by custodians		6,075,299		3,275,888
Investments not subject to custodial credit risk: Mutual funds, fixed Mutual funds, equity Real estate Other		301,002 226,248 20,875 35,012		146,060 285,775 - 26,988
Total investments held by the Foundation		6,658,436		3,734,711
Investments held in CIF - not subject to custodial credit risk	2	29,871,871		223,906,565
Total investments	\$ 2	36,530,307	\$ 2	227,641,276

Concentration of Credit Risk – Concentration of credit risk is the risk of loss attributed to the magnitude of the Foundation's investment in a single issuer. Investments in any one issuer that represent 5% or more of total investments are considered to be exposed to concentrated credit risk and are required to be disclosed. Investments issued and explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments are excluded from this requirement.

The Foundation does not have a policy to limit its exposure to concentrated credit risk; however, as of June 30, 2019 and 2018, the Foundation did not have any investments in one issuer that represented more than 5% of total investments.

Interest Rate Risk – Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Currently, the Foundation does not have a policy to limit its exposure to interest rate risk. The Foundation Investment Committee manages credit risk and interest rate risk with the assistance of third-party investment advisors.

(A Component Unit of the University of New Mexico) Notes to Financial Statements Years Ended June 30, 2019 and 2018

Note 5 – Fair Value Measurement

The Foundation categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset.

Level 1 – inputs are quoted prices (unadjusted) for identical assets in active markets, accessible at the measurement date. Level 1 inputs include exchange markets, dealer markets, brokered markets, and principal-to-principal markets.

Level 2 – inputs are inputs—other than quoted prices included within Level 1–that are observable for an asset, either directly or indirectly. Level 2 inputs include quoted prices for similar assets in active markets and quoted prices for identical or similar assets in markets that are not active.

Level 3 – inputs are unobservable inputs for an asset.

Investments that no not have a readily determinable fair value are recorded using net asset value (NAV). NAV is generally provided by the investment managers but the Foundation considers the reasonableness of the NAV, based on market information, to arrive at the fair value estimates for each investment.

The Foundation has the following recurring fair value measurements as of June 30, 2019:

	Fair Value Measurement Using								
				ioted Priced in Active //arkets for		Significant Other	Sign	nificant	
		Fair Value	I	Identical Assets (Level 1)	(Other Observable Inputs (Level 2)	Unob: In	servable puts vel 3)

Note 6 - Pledges Receivable

Pledges receivable consisted of the following at:

	June 30,					
		2018				
Amounts receivable in less than one year Amounts receivable in more than one year	\$	1,015,354 1,756,747	\$	744,924 1,598,405		
Total pledges receivable		2,772,101		2,343,329		
Discounts to net present value Allowance for doubtful pledges		(151,091) (224,835)		(143,820) (229,193)		
Pledges receivable, net	\$	2,396,175	\$	1,970,316		

Noncurrent pledge receivables are discounted at the Internal Revenue Service discount rate 2.8% and 3.4% for the years ended June 30, 2019 and 2018, respectively. All pledges are for nonendowed gifts.

Note 7 – Artwork

Artwork activity consisted of the following at:

	June 30,					
		2019		2018		
Artwork: Beginning balance New donations received Sales Transfers to UNM, net	\$	7,481,962 77,000 (83,559) (10,000)	\$	7,558,753 192,850 (39,416) (230,225)		
Balance at June 30		7,465,403		7,481,962		
Reserve for selling costs		(4,820,253)		(4,824,408)		
Artwork, at fair value as of June 30	\$	2,645,150	\$	2,657,554		

The Foundation sells contributed artwork with the net proceeds benefiting UNM. The Foundation expects the sales to be completed over many years, given the desire to preserve the market value of the artwork.

(A Component Unit of the University of New Mexico) Notes to Financial Statements Years Ended June 30, 2019 and 2018

Note 8 – Real Estate

The Foundation also has investments in real estate. The real estate activity consisted of the following at:

	June 30,						
		2019		2018			
Real estate, values as of date of original receipt: Beginning balance New donations received Sales	\$	2,085,336 511,000 (716,000)	\$	3,067,897 150,000 (1,132,561)			
Balance at June 30		1,880,336		2,085,336			
Fair value adjustment, at June 30 net of reserve		(846,928)		(924,708)			
Real estate, at fair value as of June 30	_\$	1,033,408	\$	1,160,628			

Note 9 - Endowments

Permanent Endowments. Permanent endowments are those funds subject to restrictions in gift instruments permitting only the income be used as specified by the donor and that the principal be held in perpetuity.

Term Endowments. Term endowments are funds similar to true endowment funds except that upon the passage of a stated period of time or a particular occurrence, all or part of the principal may be expended at any time.

Quasi-endowments. Quasi-endowment funds are subject to donor restrictions in gift instruments permitting the donation only be used for a specified purpose, generally for UNM programs. Any portion of the principal of quasi-endowment funds may be expended for the donor-specified purpose at any time.

Endowments comprised of the following at:

	June	30,		
	2019	2018		
Permanent endowment Term endowment Quasi-endowment	\$ 211,473,325 471,519 20,036,585	\$ 205,686,297 475,101 19,707,040		
	\$ 231,981,429	\$ 225,868,438		

Note 9 - Endowments (continued)

If a donor has not provided specific instructions, state law permits the Board of Trustees to authorize for expenditure the interest, dividends, and net appreciation (realized and unrealized) of the investments of endowment funds. Distributions are made from the CIF to UNM entities that benefit from the endowment funds.

The endowment spending policy aims to distribute on an annual basis a percentage of the average market value of the CIF, at the calendar year-end, of the previous 20 quarters. The spending distribution amount shall not exceed 6% nor be less than 4% of the average market value. The endowment spending policy allows for the spending distribution regardless of whether the fair market value of an individual account exceeds its historic gift value, unless otherwise precluded by the donor or by law. This practice is consistent with the Uniform Prudent Management of Institutional Funds Act.

Note 10 - Composition of Net Position

Net position consisted of the following at:

	June	e 30,

	\$ 11,	,691,159	\$	831,754	\$	53,342	\$	35,854	\$ 12,612,109	

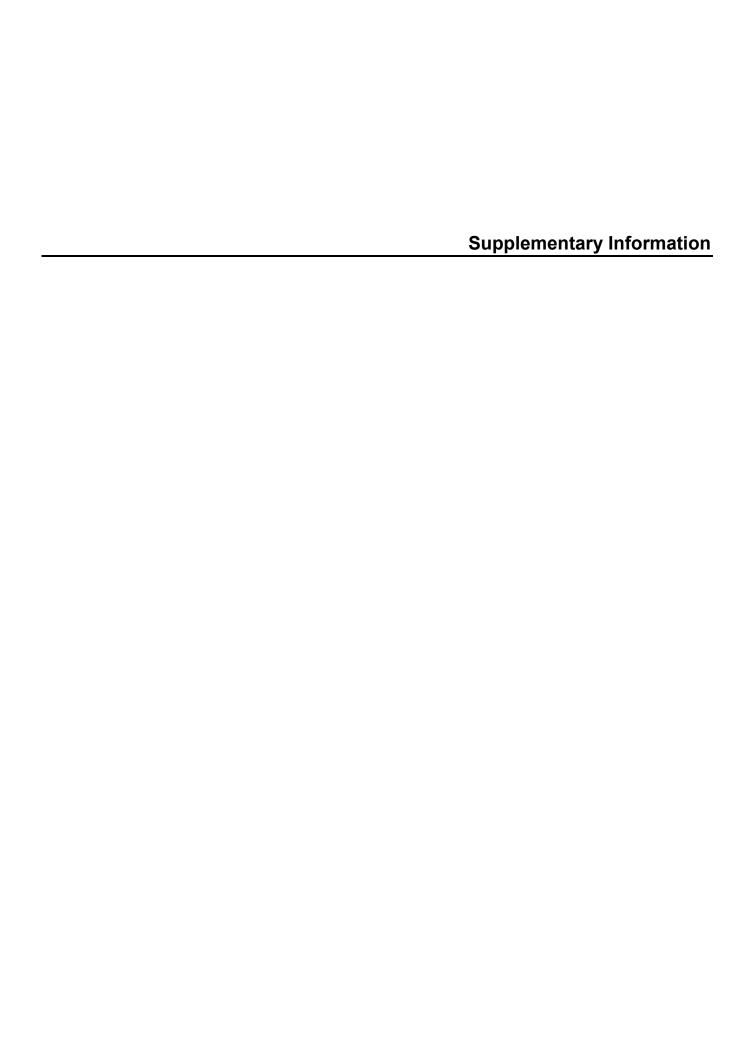

The Foundation leases space in an office building from UNM. Lease expense in fiscal years 2019 and 2018 was \$248,595 and \$270,360, respectively.

Note 13 - Contingencies

The Foundation is exposed to various risks of loss from torts; theft of, damage to, and destruction of assets; business interruption; and errors and omissions and natural disasters. The Foundation is insured through private carriers for liability, casualty, and director and officer liability insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the years ended June 30, 2019 and 2018.

Note 14 – Pension Plan

The Foundation has a defined-contribution 403(b) retirement plan. The plan is available to employees who normally work more than 20 hours per week, beginning with the first day of service. The Foundation administers the plan and contributes the sum of (a) 5% of eligible gross salary for all employees and (b) up to an additional 4% match for employees who contribute to the plan. For the year ended June 30, 2019, the Foundation contributed an additional 1% non-elective discretionary contribution to eligible employees at June 30, 2019. The Foundation's contributions to the plan for the years ended June 30, 2019 and \$532,200, respectively. Employee contributions to the plan for the years ended June 30, 2019 and 2018 were \$500,245 and \$565,173, respectively.

University of New Mexico Foundation, Inc. (A Component Unit of the University of New Mexico) Notes to Supplementary Information June 30, 2019

Note 1 - Measurement Focus and Financial Information

To ensure observance of limitations and restrictions placed on the use of resources available to the Foundation, the assets, liabilities, and net position are reported internally in four self-balancing funds as follows:

Operating Account Group. Funds of the Foundation consisting of unrestricted resources and interest and dividends transferred from the general account group as further discussed below.

General Account Group. Expendable funds for conveyance to UNM for scholarships, academic and administrative departments, building projects, and other University-related activities. Currently, the interest and dividends earned on assets in this fund are transferred to the operating account group and retained by the Foundation to provide a portion of the operating budget revenue. Cash held in this fund is restricted for the purpose of distributions to UNM.

Endowment and Quasi-Endowment Account Group. Permanent endowments are those funds subject to restrictions in gift instruments requiring that only the income be used as specified by the donor and that the principal be held in perpetuity. Term endowment funds are funds similar to true endowment funds except that upon the passage of a stated period of time or a particular occurrence, all or part of the principal may be expended. Quasi endowment funds are funds designated by the donor. The principal of quasi-endowment funds may be expended for the donor specified purpose of the endowment at any time.

Life Income Account Group. Account groups subject to the requirement that part of the income earned on the fund assets be paid periodically to donor-designated beneficiaries. Such income payments terminate at a time specified in the agreements, at which time the principal reverts to the Foundation and equivalent revenue is recognized. Annually, any net residual income or loss is credited/charged to the liability account, "annuities payable." This payable is adjusted annually, through the account group balance, to represent the present value of the aggregate liability for amounts estimated to be paid to beneficiaries based upon the actuarially determined expected lives of the designated beneficiaries.

Note 2 - Transfers

Transfers among these account groups are the result of gifts whose restrictions have been satisfied, donors' requests to amend their initial gift restrictions, actions of the Board of Trustees, or payment of the development funding allocation.

Report of Independent Auditors on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

The Board of Trustees
University of New Mexico Foundation, Inc.
and Mr. Brian S. Colón, Esq., New Mexico State Auditor

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the University of New Mexico Foundation, Inc. (the Foundation), which comprise the statement of net position as of June 30, 2019, and the related statements of revenues, expenses and changes in net position and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated September 13, 2019.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Foundation's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control. Accordingly, we do not express an opinion on the effectiveness of the Foundation's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audits we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Foundation's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audits and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Foundation's internal control or on compliance. This report is an integral part of an audits performed in accordance with *Government Auditing Standards* in considering the Foundation's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
