INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees Clovis Community College and Mr. Tim Keller New Mexico State Auditor

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities, discretely presented component unit and the aggregate remaining fund information of Clovis Community College (the "College") as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents. We have also audited the budgetary comparisons, presented as supplementary information, as defined by the Governmental Accounting Standards Board, for the year ended June 30, 2017, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the College's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we express no such opinion.

4700 Lincoln Rd NE Albuquerque NM 87109 www.JAGnm.com 505.323.2035

To the Board of Trustees Clovis Community College and Mr. Tim Keller New Mexico State Auditor

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the discretely presented component unit and the aggregate remaining fund information of the College as of June 30, 2017 and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America. In addition, in our opinion, the budgetary comparisons referred to above present fairly, in all material respects, the budgetary comparisons for the year ended June 30, 2017, in conformity with the budgetary basis of accounting prescribed by the New Mexico Administrative Code, and more fully described in the budgetary schedules, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis on pages 5 through 9 and the Schedule of the College's Proportionate Share of Net Pension Liability and the Schedule of College's Contributions on pages 35 and 36 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

To the Board of Trustees Clovis Community College and Mr. Tim Keller New Mexico State Auditor

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the College's basic financial statements and the budgetary comparisons. The accompanying Schedule of Deposit and Investment Accounts, Schedule of Pledged Collateral, Schedule of Joint Powers Agreements and Memorandums of Understanding, and Schedule of Changes in Fiduciary Assets and Liabilities – Agency Fund as required by Section 2.2.2. NMAC, and the schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and are not a required part of the basic financial and are not a required part of the basic financial statements.

The Schedule of Deposit and Investment Accounts, Schedule of Pledged Collateral, Schedule of Joint Powers Agreements and Memorandums of Understanding, Schedule of Changes in Fiduciary Assets and Liabilities – Agency Fund, and the Schedule of Expenditures of Federal Awards are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Deposit and Investment Accounts, Schedule of Pledged Collateral, Schedule of Joint Powers Agreements and Memorandums of Understanding, Schedule of Changes in Fiduciary Assets and Liabilities – Agency Fund, and the Schedule of Expenditures of Federal Awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 30, 2017 on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

Jaramillo Accounting Group LLC (JAG) Albuquerque, New Mexico October 30, 2017

Introduction

The following discussion and analysis provides an overview of the financial position and activities of Clovis Community College (CCC or the College) for the year ended June 30, 2017. This discussion should be read along with the accompanying financial statements and footnotes included therein. Management has prepared the basic financial statements and related note disclosures along with this discussion and analysis. The basic financial statements, notes, and this discussion, are the responsibility of CCC management. This management's discussion and analysis (MD&A) includes comparative financial information for fiscal years 2016 and 2017.

Overview of Financial Statements

For financial reporting purposes, Clovis Community College is considered a special-purpose government engaged only in business-type activities. The College's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Included in the report is the Clovis Community College Foundation as a component unit for fiscal year 2017.

Using the Basic Financial Statements

The Statement of Net Position presents the assets, liabilities, and net position of the College as of the end of fiscal year 2017. It is a point-in-time financial statement, the purpose of which is to give the readers a fiscal snapshot of the financial condition of CCC. The statement presents end-of-year data concerning current and non-current assets, current and non-current liabilities, and net position.

Changes in total net position as presented on the Statement of Net Position are based on the activity presented in the Statement of Revenue, Expenses, and Changes in Net Position. The purpose of this statement is to present the revenue received by the College as well as expenses, gains, and losses received or incurred by the College.

The Statement of Cash Flows presents the inflows and outflows of cash, summarized by operating, capital, financing, and investing activities. The statement is prepared using the direct method of cash flows, presenting gross amounts for the year's activities.

Reporting Entity

This financial report presents the basic financial statements of the College and its component unit, the Clovis Community College Foundation (the Foundation). The College acts as the fiscal agent for the Foundation and is therefore considered financially accountable based on criteria set forth by the Governmental Accounting Standards Board.

Condensed Financial Information – Summary of Net Position as of June 30:

	2017	2016
Assets		
Current Assets	\$ 10,579,133	\$ 10,588,393
Other Noncurrent Assets	333,000	333,000
Capital Assets, net	24,778,275	25,111,411
Total Assets	35,690,408	36,032,804
Deferred Outflow of Resources	2,856,464	1,862,690
Liabilities		
Current Liabilities	2,014,527	1,800,356
Other Noncurrent Liabilities	480,000	635,000
Net Pension Liability	18,533,695	16,658,881
Total Liabilities	21,028,222	19,094,237
Deferred Inflow of Resources	194,789	423,369
Net Position		
Net Investment in Capital Assets	24,143,275	24,331,411
Restricted	338,481	341,032
Unrestricted (deficit)	(7,157,895)	(6,294,554)
Total Net Position	\$ 17,323,861	\$ 18,377,889

Current assets include cash and other assets that are deemed to be consumed or convertible to cash within one year. The most significant current asset of the College as of June 30, 2017 is the investment in the Local Government Investment Pool of \$5,151,850. Non-current assets include capital assets, net of accumulated depreciation, of \$24,778,775 and restricted investments in the Local Government Investment Pool of \$333,000.

Current liabilities are generally defined as amounts due within one year, and include accounts payable, payroll accruals, and accrued annual leave. The New Mexico Finance Authority loan payable is the largest non-current liability of the College, totaling \$480,000. Annual debt service for the loan is \$145,000 to \$165,000 through the year 2021.

Net position may serve as a useful indicator of the College's financial position. For the College, assets exceeded liabilities (not including the effect of the pension liability) by \$17,323,861 at the close of June 30, 2017 as compared to the \$18,377,889 as of June 30, 2016.

At June 30, 2017, the College's current ratio, the amount of current assets \$10,579,133 available to cover current liabilities \$2,014,527 was 5.25 to 1.

Revenues in the reporting model are shown by source of funding. Operating revenues are generally defined as exchange transactions that are produced in the primary business functions of the College, including instruction, public service, and auxiliary services. Non-operating revenues are generally defined as non-exchange transactions and include state appropriations, local tax levy, gifts, and interest income. While classified as non-operating revenue, state appropriations account for a vast majority of the College's revenues and provide much-needed support for the operation of the College.

Operating expenses for the College are presented in a functional format showing the major functions of the College, with expenditures for instruction and for the support of instruction representing a majority of operating expenses.

Total net position (assets plus deferred outflows of resources minus liabilities minus deferred inflows of resources) is classified by the College's ability to use those assets to meet operating needs. Net position that is restricted as to their use by sponsoring agencies or donors are classified as non-expendable (for example, permanent endowments) or expendable (contract or grant net position). Unrestricted net position may be used to meet all operating needs of the College.

General Budgetary Highlights

During Fiscal Year 2017, the Board of Trustees and the New Mexico Higher Education Department approved budget adjustments to reflect final audited balances forward, and changes in additional revenue and expenditures. The change in net position (budgetary basis unrestricted – instructional and general) was \$(1,133,872).

Analysis of Overall Financial Position

The overall financial position of the College is stable. The College's current ratio, the amount of current assets available to cover current liabilities, is 5.25 to 1. The decrease in net position, as stated in the Statement of Revenues, Expenses and Changes in Fund Net Position, is \$1,054,028. This amount of decrease is primarily due to a State Appropriations funding and the recognition of an additional pension expense under GASB 68 in the amount of \$652,460.

The College is dependent upon ongoing financial and political support from state government. For FY 2017, the New Mexico Higher Education appropriations decreased. Clovis Community College's portion of this decrease was \$499,355.

Expenditures have been conservative due to unknown State of New Mexico revenue. New Mexico revenue is largely influenced by the price of crude oil and natural gas. Other factors include, but may not be limited to the overall New Mexico economy and the significant impact from the current economic state of the Nation's economy.

Factors Impacting Future Periods

Clovis Community College experienced a 2% decrease in enrollment for FY 2017. It is anticipated there will be a slight decline in enrollment from FY 2017 to FY 2018. Most New Mexico Higher Education institutions have experienced significant decreases during this same time-period.

Of major concern is the projected revenue in the State of New Mexico and the ability of the legislature to fund the appropriation formula for institutions of higher education in the state. As a result of this, the College has been and will continue to be conservative in its fiscal management.

Clovis Community College was placed on the first available cycle for submission of the Application for Candidacy with CAPTE which was December 1, 2014. Candidate for Accreditation is a pre-accreditation status, awarded prior to enrollment of students in the technical/professional phase of the program of entry-level physical therapist assistant education. The Commission on Accreditation in Physical Therapy Education (CAPTE) is the only accreditation agency recognized by the United States Department of Education (USDE) and the Council for Higher Education Accreditation (CHEA) to accredit entry-level physical therapist and physical therapist assistant education programs. Candidacy was denied in April of 2015. The College requested expedited reconsideration of the application in May 2015; reconsideration was granted. CAPTE visited the campus in July 2015 and granted candidacy in August 2015. The first cohort of Physical Therapy Assistant program students began with second 8-week classes in October 2015. The first cohort graduated in December 2016, with a total of nine students and six of those students passing the National Physical Therapy Exam on the first attempt. Currently 100% of program graduates seeking employment were employed within one year of graduation.

Component Unit

Clovis Community College Foundation is included as a component unit and is discretely presented in the College's financial statements. CCC Foundation was established in 1997 to act primarily as a fundraising organization to supplement the resources that are available to the College.

Requests for Information

Questions concerning any of the financial information provided in this report or requests for additional information should be addressed to Tom Drake, Vice President of Administration and Government Relations/CFO, Clovis Community College.

NOTE 1. NATURE OF ACTIVITIES

Clovis Community College was created by majority vote of the Curry County electorate on September 18, 1990. Formerly a branch campus of Eastern New Mexico University, Clovis Community College (the College) was reorganized under the state "Junior College Act" (i.e., Section 21-13-1 through 21-13-25 NMSA, 1978 compilation, as amended). The purpose of the Junior College Act is to provide for the creation of local junior colleges and to extend the privilege of a basic vocational technological or higher education to all persons who are qualified to pursue the courses of study offered. The College is funded through appropriations from the State of New Mexico, local mill tax levy, and tuition and fees.

The College is governed by a Board of Trustees consisting of five members elected from single member districts within Curry County. The Board's authority is established by state statute, specifically the 1985 Community College Act as amended. The Board employs a President, Executive Vice President, Vice President for Administration and Government Relations, Chief Financial Officer, and a Chief Information Officer who are responsible for the management of the day-to-day control of the institution, including the hiring of administrative officers, faculty, and staff.

The mission of the College is to provide accessible, affordable, accredited, high-quality educational opportunities by keeping the learners' needs at the center of decision making.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. For financial reporting purposes, the College is considered a special-purpose government engaged in business-type activities. The financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when incurred. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. All significant intra-entity transactions have been eliminated.

Basis of Presentation. The College and its component unit present their financial statements in accordance with U.S. generally accepted accounting principles as prescribed in applicable pronouncements of the Governmental Accounting Standards Board (GASB). The statement presentation required by GASB Statement No. 35, Basic Financial Statements—and Management's Discussion and Analysis—for Public Colleges and Universities—an amendment of GASB Statement No. 34, provides a comprehensive entity-wide perspective of the College's assets, liabilities, and net position, revenues, expenses and changes in net position, and cash flows.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The College has also adopted GASB Statement No. 39, Determining Whether Certain Organizations Are Component Units — an amendment of GASB Statement No. 14, and GASB Statement No. 61, The Financial Reporting Entity: Omnibus— an amendment of GASB Statements No. 14 and 34. GASB Statement No. 39 provides additional guidance to determine whether certain organizations for which the College is not financially accountable should be reported as discretely presented component units based on the nature and significance of their relationship with the College. GASB Statement No. 61 modifies certain requirements for inclusion of component units in the financial reporting entity and amends the criteria for blending component units within the primary government in certain circumstances. As required by GASB Statements No. 14, 39, and 61, these basic financial statements present the College and its component unit. The College has only one component unit: the Clovis Community College Foundation.

Discretely Presented Component Unit. The Clovis Community College Foundation is a legally separate, tax-exempt component unit of Clovis Community College (College). The Foundation acts primarily as a fundraising organization to supplement the resources that are available to the College in support of its programs. The 21-member board of the Foundation consists of graduates and friends of the College. Although the College does not control the timing or amount of receipts from the Foundation, the majority of resources or income the Foundation holds and invests is restricted to the activities of the College by the donors. Because these restricted resources held by the Foundation can be used by or for the benefit of the College only, the Foundation is considered a component unit of the College and is discretely presented in the College's financial statements.

Budgetary Process. Operating budgets are submitted for approval to the Board of Trustees, the State of New Mexico Higher Education Department (HED), and the State Budget Division of the Department of Finance and Administration (DFA) and are prepared on a modified accrual basis, including capital outlay and retirement of indebtedness. Similarly, separate legislative budget requests are submitted to the Board of Trustees, HED and the DFA for inclusion in the State of New Mexico Executive Budget for consideration of appropriations by the state legislature. Total expenditures or transfers in each of these items of budgetary control may not exceed the amount shown in the approved budget: A. unrestricted expenditures and restricted expenditures are considered separately; B. instruction and general; C. each budget function in current funds other than instruction and general; D. within the plant funds budget: major projects, library bonds, equipment bonds, minor capital outlay, renewals and replacements, and debt service; and E. each individual item of transfer between funds and/or functions.

Cash and Cash Equivalents. Cash and cash equivalents consist of all highly-liquid investments with original maturities of three months or less.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Capital Assets. Capital assets are recorded at original cost, or fair value if donated. The College's capitalization policy for moveable equipment includes all items with a unit cost of \$5,000 or more per Section 12-6-10 NMSA 1978 and an estimated useful life greater than one year. Renovations to buildings, infrastructure and land improvements that significantly increase the value or extend the useful life of the structure are capitalized. Information Technology Equipment, including software, is being capitalized and included in furniture, fixtures and equipment in accordance with NMAC 2.20.1.9C(5). Routine repairs and maintenance are charged to operating expense in the year in which the expense was incurred. Depreciation is calculated using the straight-line method over the estimated useful lives of the assets, as follows:

Buildings and improvements	40
Land improvements	20
Library books	10
Equipment	5-12

Deferred Outflows of Resources. A consumption of net position by the government that is applicable to a future reporting period. It has a positive effect on net position, similar to assets.

Deferred Inflows of Resources. An acquisition of net position by the government that is applicable to a future reporting period. It has a negative effect on net position, similar to liabilities.

Expenses. The College's expenses are classified as operating or non-operating according to the following criteria:

Operating Expense. Operating expenses include activities that have the characteristics of an exchange transaction, such as a) employee salaries, benefits, and related expenses; b) scholarships and fellowships, net of scholarship discounts and allowances; c) utilities, supplies, and other services; d) professional fees; and e) depreciation expenses related to College property, plant, and equipment.

Non-operating Expense. Non-operating expense include activities that have the characteristics of non-exchange transactions, such as interest on capital-related debt and bond expenses that are defined as non-operating expenses under the standards promulgated by the GASB.

Inventories. Inventories consist mainly of cosmetology items held for resale, valued at the lower of cost or market on a first-in, first-out (FIFO) basis.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Net Position. The College's net position is classified according to the following criteria:

Net Investment in Capital Assets. Net investment in capital assets represents the College's total investment in capital assets, net of outstanding debt related to those capital assets. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included as a component of net investment in capital assets.

Restricted Net position. Restricted net position represents those operating funds on which external restrictions have been imposed that limit the purposes for which such funds can be used.

Restricted Expendable Net Position. Restricted expendable net position is resources that the College is legally or contractually obligated to spend in accordance with imposed restrictions by third parties.

Restricted Nonexpendable Net Position. Restricted nonexpendable net position consists of endowment and similar funds in which third parties have stipulated, as a condition of the gift instrument, that the principal is to be maintained inviolate and in perpetuity, and invested for the purpose of producing present and future income. The income generated from the principal may be expended or added to principal.

Unrestricted Net Position. Unrestricted net position, which may contain multiple year contractual commitments, consists of those operating funds over which the governing board retains full control to use in achieving any of its authorized purposes.

When an expense is incurred that can be paid using either restricted or unrestricted resources, the College's policy is to first apply the expense toward restricted resources, and then toward unrestricted resources.

Pensions. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Educational Retirement Board (ERB) and additions to/deductions from ERB's fiduciary net position have been determined on the same basis as they are reported by ERB, on the economic resources measurement focus and accrual basis of accounting. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Property Taxes. Property taxes are levied on November 1 based on the assessed value of property as listed on the previous January 1 and are due in two payments by November 10 and April 10. Property taxes uncollected after November 10 and April 10 are considered delinquent. The taxes attach as an enforceable lien on property thirty (30) days thereafter, at which time they become delinquent. Property taxes are collected by Curry County and remitted monthly to the College.

Receivables and Payables. The College records student accounts receivable at the time a student registers for classes. Provisions for uncollectible student accounts are recorded to maintain adequate allowance for anticipated losses. See Note 4 for segregation of accounts receivable. Accounts payable and accrued liabilities consist of \$407,180 in payroll and related tax liabilities and \$71,644 in accounts payable to vendors.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenues. The College's revenues are classified as operating or non-operating according to the following criteria:

Operating Revenues. Operating revenues include activities that have the characteristics of an exchange transaction, such as a) student tuition and fees, net of scholarship discounts and allowances; b) sales and services; and c) non-exchange transactions such as contracts and grants.

Non-operating Revenues. Non-operating revenues include activities that have the characteristics of non-exchange transactions, such as a) appropriations; b) taxes; and c) investment income.

Other Revenues. Other revenues include capital appropriations from State of New Mexico General Obligation Bonds.

Scholarship Allowance. Student tuition and fee revenue are reported net of scholarship allowances in the Statement of Revenues, Expenses, and Changes in Net Position. Scholarship allowances are the difference between the stated charge for goods and services provided by the College, and the amount that is paid by students and/or third parties making payments on the students' behalf. Certain government grants, such as Pell grants, and other federal, state or non-governmental programs, are recorded as operating or non-operating revenue in the College's financial statements. To the extent that revenue from such programs are used to satisfy tuition and fees, other student charges, and auxiliary enterprise charges the College has recorded a scholarship allowance.

State Appropriations. In accordance with New Mexico House Bill 2, in general, unexpended state appropriations do not revert to the State of New Mexico at the end of the fiscal year and are available to the College in subsequent years.

Tax Status. The income generated by the College is excluded from Federal income taxes under Section 115(a) of the Internal Revenue Code. The College is exempt under Section 501(a) of the Internal Revenue Code as an organization described in Section 501(c)(3). See Note 11 for the discretely presented component unit: Clovis Community College Foundation.

Unearned Revenue. Unearned revenue consists primarily of advances from contracts and grants. Revenue is recognized to the extent expenses are incurred.

Use of Estimates. The preparation of basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ significantly from those estimates.

NOTE 3. DEPOSITS AND INVESTMENTS

For the College, deposits of funds may be made in interest or non-interest bearing checking accounts in one or more banks or savings and loan associations within the geographical boundaries of the College. Deposits may be made to the extent that they are insured by an agency of the United States or by collateral deposited as security or by bond given by the financial institution.

The rate of interest in non-demand interest-bearing accounts shall be set by the State Board of Finance, but in no case shall the rate of interest be less than 100% of the asked price on United States treasury bills of the same maturity on the day of deposit.

Excess of funds may be temporarily invested in securities which are issued by the State or by the United States government, or by their departments or agencies, and which are either direct obligations of the State or the United States or are backed by the full faith and credit of those governments.

Deposits - Custodial Credit Risk - College and Foundation - Custodial credit risk is the risk that in the event of a bank failure, the College's or Foundation's deposits may not be returned to it.

The Bank pledges collateral against both the Foundation and the College and does not segregate the amounts between the two. As of June 30, 2017, \$3,765,756 of the College's and Foundation's bank balances of \$4,041,892 were exposed to custodial credit risk. \$3,765,756 of the bank balances were uninsured and collateralized by securities held by the pledging financial institution's trust department or agent, but not in the College's name and \$0 was uninsured and uncollateralized. The Foundation's bank balance is held under the College's name.

According to the Federal Deposit Insurance Corporation (FDIC), public unit deposits are funds owned by the public unit. Time deposits, savings deposits and interest bearing negotiable order of withdrawal (NOW) accounts of a public unit in an institution in the same state will be insured up to \$250,000 in aggregate and separate from the \$250,000 coverage for public unit demand deposits at the same institution.

Section 6-10-17, NMSA 1978, requires that all depositories provide collateral equal to at least one-half of the amount of public monies on deposit. The types of collateral allowed are limited to direct obligations of the United States Government and all bonds issued by any agency, district or political subdivision of the State of New Mexico. All depositories had collateral exceeding the amount required by law as shown in Schedule of Pledged Collateral.

The sources of the component unit cash do not meet the definition of public monies. Therefore, the component units are not required to follow State Statutes and no collateralization is required. However, as noted above, the Foundation's uninsured balances are collateralized by securities held by the pledging financial institution.

Investments - College. For the College, State statutes authorize the investment of funds in a wide variety of instruments including certificates of deposit and other similar obligations, state investment pool, money market accounts and United States Government obligations. Management of the College is not aware of any investments that did not properly follow State investment requirements as of June 30, 2017.

NOTE 3. DEPOSITS AND INVESTMENTS (CONTINUED)

All investment decisions are approved by the Board. As of June 30, 2017, the College had an investment balance totaling \$5,484,850. Through the approval of the Board of Directors for the College, the funds were invested in the New MexiGROW Local Government Investment Pool (LGIP), which is managed by the State Treasurer. These investments are valued at fair value based on quoted market prices as of the valuation date.

The State Treasurer New MexiGROW LGIP is not SEC registered. Section 6-10-10 I, NMSA 1978, empowers the State Treasurer, with the advice and consent of the State Board of Finance, to invest money held in the short-term investment fund in securities that are issued by the United States government or its departments or agencies and are either direct obligations of the United States or are backed by the full faith and credit of the United States government or are agencies sponsored by the United States government. The LGIP investments are monitored by the same investment committee and the same policies and procedures that apply to all other state investments. The pool does not have unit shares. Per Section 6-10-10.1F, NMSA 1978, at the end of each month all interest earned is distributed by the State Treasurer to the contributing entities in amounts directly proportionate to the respective amounts deposited in the fund and the length of time the fund amounts were invested. Participation in the local government investment pool is voluntary.

Interest Rate Risk - College. According to the State Treasurer's LGIP investment policy, the pool shall be invested in order to maintain a stable net asset value of \$1.00 per share. The weighted average maturity of investments in the pool shall not exceed 60 days. To limit the possibility of loss of principal due to interest rate fluctuations, the State Treasurer will make reasonable efforts to match investments with anticipated cash requirements and give particular emphasis to the following factors: Relative Yield to Maturity, Marketability, and Inter-market yield Analysis. As of June 30, 2017, the New Mexico LGIP AAAm rated \$5,484,850 WAM (R) was 58 days and the WAM (F) is 106 days.

Credit Rate Risk - College. Under Section 59A-9-6, NMSA 1978, an insurer shall not invest in bonds rated below BAA by Moody's Investment Service, Inc. or BBB by Standard & Poor's, Inc.; as of June 30, 2017, the State Treasurer LGIP was rated AAAm by Standard & Poor's, Inc.

Concentration Risk - College. The College places no limit on the amount the College may invest in any one issuer. At year-end, 100% of the College's investments were held in the New MexiGROW LGIP.

Investments – Foundation. All Foundation investments are managed by the New Mexico State Investment Council (SIC). In addition to fulfilling its primary role of managing the investments of the State's Land Grant and Permanent Funds, the SIC also manages investments for approximately 20 third-party entities such as the Clovis Community College Foundation.

NOTE 3. DEPOSITS AND INVESTMENTS (CONTINUED)

At June 30, 2017, the Foundation was invested in both a large cap stock index pool and a bond index pool as described below:

US Large Cap Index Pool. This pool of stocks seeks to generate returns similar to the Russell 1000 index. 80.95% of total Foundation funds with the SIC were invested in this pool at June 30, 2017.

Core Plus Bonds Pool. This pool of bonds seeks to exceed returns of the Barclay's US Aggregate Bond Index through active external management using complementary core-plus strategies. 19.05% of total Foundation funds with the SIC were invested in this pool at June 30, 2017.

The Foundation categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The Foundation has the following recurring fair value measurements, valued at quoted market prices, as of June 30, 2017:

		Amount	Percent
Investment in US Large Cap Index Pool	\$	2,153,206	80.95%
Core Plus Bonds Pool		506,643	<u>19.05%</u>
	\$	2,659,849	100.00%

Custodial Credit Risk – Investments – Foundation. For an investment, custodial credit risk is the risk that, in the event of the failure of the counter party, the Foundation will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. The custodian of the investments of the Foundation is a State of New Mexico department (New Mexico State Investment Council) created by legislation in 1958. All investments are backed by marketable securities.

Credit Risk – Investments - Foundation. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Foundation does not have a policy on investment credit risk. At June 30, 2017, the Foundation's SIC investments are subject to credit risk, however, they are at the same risk as all investments held for the State of New Mexico.

NOTE 4. RECEIVABLES, NET

	Primary

NOTE 6. NOTE PAYABLE

On August 1, 2001, the College issued System Revenue Bonds in the principal amount of \$2,290,000. The Bonds were issued for the purpose of constructing, improving, remodeling, furnishing and equipping the College's Library and Technology Center.

On July 8, 2011, the College refinanced the System Refunding Revenue Bonds through a note agreement with the New Mexico Finance Authority. The note is payable solely by pledged revenues from the College's revenue producing facilities, gross proceeds or student tuition and fees, and certain other revenues devised from sources other than ad valorem taxation or appropriations. As of June 30, 2017, the principal and interest to be paid on the bonds total \$682,292. The net effective interest rate on the note is 3.311%. The detail of the note payable to the New Mexico Finance Authority is as follows:

								Dι	ue Within
	Jun	e 30, 2016	Additions		Deletions	<u>Jun</u>	e 30, 2017	0	ne Year
New Mexico Finance Authority	\$	780,000	\$	<u>- \$</u>	(145,000)	\$	635,000	\$	155,000

The annual requirements to amortize the note payable outstanding including interest payments are as follows:

Fiscal Year Ending				To	tal Debt
June 30,	Principal Interest		Service		
2018		155,000	17,874		172,874
2019		155,000	14,154		169,154
2020		160,000	9,984		169,984
2021		165,000	 5,280		170,280
	\$	635,000	\$ 47,292	\$	682,292

NOTE 7. UNEARNED REVENUE

Unearned revenue consists of summer and fall tuition revenue in the amount of \$1,003,556 and advanced grant revenue of \$11,091 at June 30, 2017.

NOTE 8. ACCRUED COMPENSATED ABSENCES

College employees earn annual leave at various rates based upon type of employment and such leave may be accumulated to a maximum of 352 hours. Employees also earn sick leave at various rates based upon type of employment to a maximum accumulation of 1,040 hours. Sick leave is not payable to the employee and is lost upon termination; therefore, no accrual is made for sick leave in the financial statements.

NOTE 8. ACCRUED COMPENSATED ABSENCES (CONTINUED)

The summary of changes in compensated absences is as follows:

							Di	ue Within
	Jun	e 30, 2016	 Additions	 Deletions	Jun	e 30, 2017		ne Year
Compensated Absences Payable	\$	376,669	\$ 351,838	\$ (362,451)	\$	366,056	\$	366,056

NOTE 9. PENSION PLAN – EDUCATION RETIREMENT BOARD

Plan Description. The New Mexico Educational Retirement Act (ERA) was enacted in 1957. The act created the Educational Employees Retirement Plan (Plan) and, to administer it, the New Mexico Educational Retirement Board (NMERB). The Plan is included in NMERB's comprehensive annual financial report. The report can be found on NMERB's Web site at https://www.nmerb.org/Annualreports.html.

The Plan is a cost-sharing, multiple-employer pension plan established to provide retirement and disability benefits for certified teachers and other employees of the state's public schools, institutions of higher learning, and state agencies providing educational programs. Additional tenets of the ERA can be found in Section 22-11-1 through 22-11-52, NMSA 1978, as amended.

The Plan is considered a component unit of the State's financial reporting entity. The ERA assigns the authority to establish and amend benefit provisions to a seven-member Board of Trustees (Board); the state legislature has the authority to set or amend contribution rates and other terms of the Plan which is a pension benefit trust fund of the State of New Mexico. NMERB is self-funded through investment income and educational employer contributions. The Plan does not receive General Fund Appropriations from the State of New Mexico.

All accumulated assets are held by the Plan in trust to pay benefits, including refunds of contributions as defined in the terms of the Plan. Eligibility for membership in the Plan is a condition of employment, as defined Section 22-112, NMSA 1978. Employees of public schools, universities, colleges, junior colleges, technical-vocational institutions, state special schools, charter schools, and state agencies providing an educational program, who are employed more than 25% of a full-time equivalency, are required to be members of the Plan, unless specifically excluded.

Benefits Provided. A member's retirement benefit is determined by a formula which includes three component parts: 1) the member's final average salary (FAS), 2) the number of years of service credit, and 3) a 0.0235 multiplier. The FAS is the average of the member's salaries for the last five years of service or any other consecutive five-year period, whichever is greater.

Summary of Plan Provisions for Retirement Eligibility. For members employed before July 1, 2010, a member is eligible to retire when one of the following events occurs:

- The member's age and earned service credit add up to the sum of 75 or more,
- The member is at least sixty-five years of age and has five or more years of earned service credit, or

NOTE 9. PENSION PLAN – EDUCATION RETIREMENT BOARD (CONTINUED)

• The member has service credit totaling 25 years or more.

Chapter 288, Laws of 2009 changed the eligibility requirements for new members first employed on, or after, July 1, 2010 and before July 1, 2013. The eligibility for a member who either becomes a new member on or after July 1, 2010 and before July 1, 2013, or at any time prior to July 1, 2010 refunded all member contributions and then becomes re-employed after July 1, 2010 is as follows:

- The member's age and earned service credit add up to the sum of 80 or more,
- The member is at least 67 years of age and has five or more years of earned service credit, or
- The member has service credit totaling 30 years or more.

Section 2-11-23.2, NMSA 1978 added eligibility requirements for new members who were first employed on or after July 1, 2013, or who were employed before July 1, 2013 but terminated employment and subsequently withdrew all contributions, and returned to work for an ERB employer on or after July 1, 2013. These members must meet one of the following requirements:

- The member's minimum age is 55, and has earned 30 or more years of service credit. Those who retire earlier than age 55, but with 30 years of earned service credit will have a reduction in benefits to the actuarial equivalent of retiring at age 55.
- The member's minimum age and earned service credit add up to the sum of 80 or more. Those who retire under the age of 65, and who have fewer than 30 years of earned service credit will receive reduced retirement benefits
- The member's age is 67, and has earned 5 or more years of service credit.

Forms of Payment. The benefit is paid as a monthly life annuity with a guarantee that, if the payments made do not exceed the member's accumulated contributions plus accumulated interest, determined as of the date of retirement, the balance will be paid in a lump sum to the member's surviving beneficiary.

Benefit Options. The Plan has three benefit options available:

- Option A Straight Life Benefit. The single life annuity option has no reductions to the monthly benefit, and there is no continuing benefit due to a beneficiary or estate, except the balance, if any, of member contributions plus interest less benefits paid prior to the member's death.
- Option B Joint 100% Survivor Benefit. The single life annuity monthly benefit is reduced to provide for a 100% survivor's benefit. The reduced benefit is payable during the life of the member, with the provision that, upon death, the same benefit is paid to the beneficiary for his or her lifetime. If the beneficiary predeceases the member, the member's monthly benefit is increased to the amount the

NOTE 9. PENSION PLAN – EDUCATION RETIREMENT BOARD (CONTINUED)

member would have received under Option A Straight Life benefit. The member's increased monthly benefit commences in the month following the beneficiary's death.

• Option C – Joint 50% Survivor Benefit. The single life annuity monthly benefit is reduced to provide for a 50% survivor's benefit. The reduced benefit is payable during the life of the member, with the provision that, upon death, the reduced 50% benefit is paid to the beneficiary for his or her lifetime. If the beneficiary predeceases the member, the member's monthly benefit is increased to the amount the member would have received under Option A Straight Life benefit. The member's increased monthly benefit commences in the month following the beneficiary's death.

Disability Benefit. An NMERB member is eligible for disability benefits if they have acquired at least ten years of earned service credit and is found totally disabled. The disability benefit is equal to 2% of the member's Final Average Salary (FAS) multiplied by the number of years of total service credits. However, the disability benefit shall not be less than the smaller of (a) one-third of the member's FAS or (b) 2% of the member's FAS multiplied by total years of service credit projected to age 60.

Cost of Living Adjustment (COLA). All retired members and beneficiaries receiving benefits receive an automatic adjustment in their benefit on July 1 following the later of 1) the year a member retires, or 2) the year a member reaches age 65 (Tier 1 and Tier 2) or age 67 (Tier 3).

- Tier 1 membership is comprised of employees who became members prior to July 1, 2010
- Tier 2 membership is comprised of employees who became members after July 1, 2010, but prior to July 1, 2013
- Tier 3 membership is comprised of employees who became members on or after July 1, 2013

As of July 1, 2013, for current and future retirees the COLA is immediately reduced until the Plan is 100% funded. The COLA reduction is based on the median retirement benefit of all retirees excluding disability retirements. Retirees with benefits at or below the median and with 25 or more years of service credit will have a 10% COLA reduction; their average COLA will be 1.8%. Once the funding is greater than 90%, the COLA reductions will decrease. The retirees with benefits at or below the median and with 25 or more years of service credit will have a 5% COLA reduction; their average COLA will be 1.9%.

Members on disability retirement are entitled to a COLA commencing on July 1 of the third full year following disability retirement. A member on regular retirement who can prove retirement because of a disability may qualify for a COLA beginning July 1 in the third full year of retirement.

Refund of Contributions. Members may withdraw their contributions only when they terminate covered employment in the State and their former employer(s) certification determination has been received by NMERB. Interest is paid to members when they withdraw their contributions following termination of employment at a rate set by the Board. Interest is not earned on contributions credited to accounts prior to July 1, 1971, or for contributions held for less than one year.

NOTE 9. PENSION PLAN – EDUCATION RETIREMENT BOARD (CONTINUED)

Contributions. The contribution requirements of defined benefit plan members and the University are established in state statute under Chapter 10, Article 11, NMSA 1978. The requirements may be amended by acts of the legislature. For the fiscal year ended June 30, 2017, employers contributed 13.90% of employees' gross annual salary to the Plan. Employees earning \$20,000 or less contributed 7.90% and employees earning more than \$20,000 contributed 10.70% of their gross annual salary. Contributions to the pension plan from the College were \$1,083,251 for the year ended June 30, 2017.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2017, the College reported a liability of \$18,533,695 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2015. The total pension liability was rolled-forward from the valuation date to the plan year ending June 30, 2016 using generally accepted actuarial principles. Therefore, the College's portion was established as of the measurement date of June 30, 2016. There were no significant events or changes in benefit provision that required an adjustment to the roll-forward liabilities as of June 30, 2016. The College's proportion of the net pension liability was based on a projection of the Colleges' long-term share of contributions to the pension plan relative to the projected contributions of all participating educational institutions, actuarially determined. At June 30, 2016, the College's proportion was .25754%, which was an increase of 0.00035% from its proportion measured at June 30, 2015.

For the year ended June 30, 2017, the College recognized total pension expense of \$1,754,688. At June 30, 2017, the College reported deferred outflows of resources and deferred inflows or resources related to pensions from the following sources:

	Deferred Outflows of		Deferred Inflows of		
	F	Resources		Resources	
Difference between expected and actual actuarial					
experience	\$	80,406	\$	176,279	
Net difference between projected and actual earnings on					
pension plan investments		1,106,307		-	
Changes in assumptions		377,272		-	
Changes in proportion and differences between College					
contributions and proportionate share of contributions		196,020		18,510	
College contributions subsequent to the measurement date		1,096,459			
Total	\$	2,856,464	\$	194,789	

NOTE 9. PENSION PLAN – EDUCATION RETIREMENT BOARD (CONTINUED)

The College reported \$1,096,459 reported as deferred outflows of resources related to pensions resulting from the College's contributions subsequent to the measurement date of June 30, 2016 will be recognized as a reduction of the net pension liability in the year ended June 30, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30,		
2018	\$	350,138
2019		416,891
2020		528,404
2021		269,784
2022	_	
Total	\$	1,565,217

Actuarial Assumptions. The total pension liability in the June 30, 2016 actuarial valuation was determined using the following significant actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.00%					
Salary increases	Composed of 3.0% inflation, plus a 0.75% productivity increase rate, plus a step-rate promotional increase for members with less than 10 years of service.					
Investment rate of return						
	7.75% compounded annually, net of expenses. This is made up of a 3% inflation rate and a 4.75% real rate of return. The long-term expected rate of return on pension plan investments is determined annually using a building-block approach that includes the following: 1) rate of return projections are the sum of current yield plus projected changes in price (valuation, defaults, etc.), 2) application of key economic projections (inflation, real growth, dividends, etc.), and 3) structural themes (supply and demand imbalances, capital flows, etc.) developed for each major asset class.					
Average of Expected						
Remaining Service Lives	3.77 years.					
Mortality	Healthy males: Based on the RP-2000 Combined Mortality Table with White Collar					

adjustments, generational mortality improvements with Scale BB.

Healthy females: Based on GRS Southwest Region Teacher Mortality Table, set back one year, generational mortality improvements in accordance with Scale BB from the table's base year of 2012.

Disabled males: RP-2000 Disabled Mortality Table for males, set back three years, projected to 2016 with Scale BB.

Disabled females: RP-2000 Disabled Mortality Table for females, no set back, projected to 2016 with Scale BB.

NOTE 9. PENSION PLAN – EDUCATION RETIREMENT BOARD (CONTINUED)

Actuarial Assumptions (Continued)

Active members: RP-2000 Employee Mortality Tables, with males set back two years and scaled at 80%, and females set back five years and scaled at 70%. Static mortality improvement from the table's base year of 2000 to the year 2016 in accordance with Scale BB.

No future improvement was assumed for pre-retirement mortality.

Retirement age

Experience-based table rates based on age and service, adopted by the Board on June 12, 2015 in conjunction with the six-year experience study for the period ending June 30, 2014.

Cost-of-living increases 2% per year, compounded annually.

Payroll growth 3.5% per year (with no allowance for membership growth).

Contribution accumulation 5.5% increase per year for all years prior to the valuation date. (Contributions are credited

with 4% interest, compounded annually, applicable to the account balance in the past as well

as the future.)

Disability Incidence Approved rates applied to eligible members with at least 10 years of service.

The actuarial assumptions and methods are set by the Plan's Board of Trustees, based upon recommendations made by the Plan's actuary. The Board adopted new assumptions on June 12, 2015 in conjunction with the six-year actuarial experience study period ending June 30, 2014. At that time, the Board adopted several assumption changes, which included a decrease in the annual wage inflation rate from 4.25% to 3.75%, and changes to the mortality rates, disability rates, and retirement rates for members who joined the plan after June 30, 2010. In addition, the board lowered the population growth rate assumption to zero.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

NOTE 9. PENSION PLAN – EDUCATION RETIREMENT BOARD (CONTINUED)

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

		Long-Term
		Expected
	Target	Rate of
Asset Class	Allocation	Return
Equities	35%	
Fixed income	28%	
Alternatives	36%	
Cash	1%	
	100%	7.75%

Discount Rate. A single discount rate of 7.75% was used to measure the total pension liability as of June 30, 2016. This single discount rate was based on a long-term expected rate of return on pension plan investments of 7.75%, compounded annually, net of expense. Based on the stated assumptions and the projection of cash flows, the plan's fiduciary net position and future contributions were projected to be available to finance all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability. The projections of cash flows used to determine this single discount rate assumed that plan member and employer contributions will be made at the current statutory levels. Additionally, contributions received through Alternative Retirement Plan (ARP) are included in the projection of cash flows. ARP contributions are assumed to remain at a level percentage of ERB payroll, where the percentage of payroll is based on the most recent five-year contribution history.

Sensitivity of the Employer Name's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following presents the Colleges' proportionate share of the net pension liability calculated using the discount rate of 7.75%, as well as what the employer name's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.75%) or 1-percentage-point higher (8.75%) than the current rate.

	Current					
	1	% Decrease	Di	scount Rate	1	% Increase
		6.75%		7.75%		8.75%
College's proportionate share						
of the net pension liability	\$	24,547,449	\$	18,533,695	\$	13,543,978

Pension Plan Fiduciary Net Position. Detailed information about the ERB's fiduciary net position is available in the separately issued audited financial statements as of and for June 30, 2017 and 2016 which are publicly available at www.nmerb.org.

NOTE 10. ALTERNATIVE RETIREMENT PLAN – EDUCATION RETIREMENT BOARD

Alternative Retirement Plan – Effective October 1991, the New Mexico legislature established an Alternative Retirement Plan (ARP) through the enactment of ERA Sections 22-11-47 through 52 NMSA 1978 to provide eligible employees an election to establish an alternative retirement investment plan. In contrast to the defined benefit plan administered by NMERB, the ARP is a defined contribution plan. NMERB is the trustee of the ARP which is administered by two third-party contractors for NMERB. The administrators approved to offer ARP plans to eligible participants are Teachers Insurance and Annuity Association/College Retirement Equities Fund (TIAA-CREF), and Fidelity Investments. These administrators have the authority to perform record keeping, enrollment education services, and other administrative duties for the ARP. The administrators are delegated any and all powers as may be necessary or advisable to discharge their duties under the ARP, and have certain discretionary authority to decide matters under the ARP. As the ARP trustee NMERB is responsible for selecting investment options that provide a prudent rate of return, and to ensure that all investments, amounts, property, and rights under the executed Plan-Trust are held for the exclusive benefit of Plan participants and their beneficiaries, as defined in the Plan Document.

Eligibility – Employees of the University of New Mexico, New Mexico State University, New Mexico Institute of Mining and Technology, New Mexico Highlands University, Eastern New Mexico University, Western New Mexico University, Central New Mexico Community College, Clovis Community College, Luna Community College, Mesalands Community College, New Mexico Junior College, Northern New Mexico College, San Juan College and Santa Fe Community College are eligible to make an election to participate within ninety days of employment. Information about the ARP is distributed by the employer. Those who do not elect to participate in the ARP remain members of the regular defined benefit retirement plan. Section 22-11-47(D) NMSA 1978 allows an ARP participant a one-time option to make an irrevocable switch to the defined benefit retirement plan after seven years of ARP participation.

Form of Payment - Retirement, death, and other benefits are based upon contributions made and earnings accumulated on those contributions, in accordance with the terms of the applicable vendor contracts and Internal Revenue Service Code. Retirement benefits shall, at the option of the employee, be paid:

- In the form of a lifetime income, if held in an annuity contract,
- Payments for a term of years, or
- A single-sum cash payment.

ARP retirement, death, and other benefits, including disability benefits, cannot be paid from the funds administered by NMERB.

ARP Contributions. For the year ended June 30, 2017, colleges and universities contributed 10.90% of participating employees' gross salary to the ARP vendor on behalf of the participant, and 3% of the employees' gross salary to NMERB. The colleges and universities are responsible for submitting the balance of the employers' contribution, and the employees' contributions directly to the ARP vendors. Employees participating in the ARP do not accrue rights to benefits in the defined benefit pension plan based on the 3% contributions to the Plan. Employer contributions to NMERB include amounts remitted on behalf of both the ARP defined contribution plan and the defined benefit plan. The 3% contribution remitted by the College for fiscal year ended June 30, 2017 was \$13,273.

NOTE 11. CONTINGENT LIABILITIES

The College participates in a number of federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the College may be required to reimburse the grantor government. As of June 30, 2017, significant amounts of grant expenditures have not been audited by the grantor agencies. Management believes that disallowed expenditures discovered in subsequent audits, if any, will not have a material effect on the overall financial position of the College.

NOTE 12. DISCRETE COMPONENT UNIT - CLOVIS COMMUNITY COLLEGE FOUNDATION

Clovis Community College Foundation (the "Foundation") is a New Mexico non-profit corporation formed in 1997 to encourage, solicit, receive and administer gifts and bequests of property for the advancement of Clovis Community College. The Foundation is accounted for separately in the Basic Financial Statements of the College, and has a June 30 fiscal year-end. The Foundation is a non-profit corporation operating under 501(c)(3) of the Internal Revenue Code, and is generally exempted from Federal income taxes. Accordingly, no provision for income taxes is included in the financial statements. The Foundation does not issue separate financial statements.

NOTE 13. TAX-DEFERRED ANNUITY PLAN

The College provides a tax-deferred annuity plan qualified under Section 403(b) of the Internal Revenue Code (IRC). The plan is available to employees who normally work 20 hours or more per week. The College does not contribute to the plan. Employees may make contributions to the plan up to the maximum amount allowed by the IRC.

NOTE 14. RELATED-PARTY TRANSACTIONS

The College has entered into a contract for basic insurance for the College. The husband of an employee of the College has a minority ownership in the insurance company. For the year ended June 30, 2017, \$299,852 was paid to the insurance company.

NOTE 15. RISK MANAGEMENT

At June 30, 2017, the College had no workman's compensation claims outstanding. At June 30, 2017, there are no other litigation, claims or assessments against the College. The College has property and liability insurance coverage with Zurich Insurance Group, LTD. and workers compensation insurance coverage with Mountain States Mutual. The College has not filed any claims wherein the settlement amount exceeded the insurance coverage during the past three years. However, should a claim be filed against the College which exceeds the insurance coverage, the College would be responsible for a loss in excess of the coverage amounts.

STATE OF NEW MEXICO CLOVIS COMMUNITY COLLEGE NOTES TO FINANCIAL STATEMENTS (CONTINUED) JUNE 30, 2017

NOTE 16. TAX ABATEMENTS

Abatements of Other Governments. The College is subject to tax abatements granted by the City of Clovis through the Industrial Revenue Bond Act. This program has the stated purposes of promoting industry and trade other than retail trade in the county and municipalities.

Industrial Revenue Bonds. Under the Industrial Revenue Bond Act [3-32 NMSA 1978], the city council can vote to induce an industrial revenue bond in order to induce a manufacturing, industrial, or commercial enterprise to locate or expand in that region, by financing a specified project. The city may include in the agreement a stipulation of an amount or a percentage reduction of property taxes, which can be as much as 100%. This reduction or exemption is applicable for the life of the bond issue, not to exceed thirty years from the date the bonds were issued, and is a significant benefit for borrowers that would not otherwise qualify for a property tax exemption under other constitutional or statutory provisions. Information relevant to disclosure of those programs for the fiscal year ended June 30, 2017 follows:

Agency number for Agency making the disclosure

(Abating Agency) #6038

Abating Agency Name City of Clovis
Abating Agency Type Municipality

Tax Abatement Agreement Name Industrial Revenue Bond

Name of agency affected by abatement agreement

(Affected Agency) Clovis Community College

Agency number of Affected Agency #980

Agency type of Affected Agency Higher Education Institution

Recipient(s) of tax abatement Southwest Cheese

Tax abatement program (name and brief description) Industrial Revenue Bond

Specific Tax(es) being Abated Real and Personal Property Taxes

Authority under which abated tax would have been

paid to Affected Agency

Gross dollar amount, on an accrual basis, by which the Affected Agency's tax revenues were reduced during the reporting period as a result of the tax

abatement agreement

For any Payments in Lieu of Taxes (PILOTs) or similar payments receivable by the Affected Agency in association with the foregone tax revenue, list the amount of payments received in the current fiscal

vear

If the Abating Agency is omitting any information required in this spreadsheet or by GASB 77, cite the legal basis for such omission

Contributions in relation to the contractually required	(1,096,459)	(1,022,377)	(1,015,832)
Contribution deficiency	\$ -	\$ -	\$ -
College's covered-employee payroll	\$ 7,792,704	\$ 7,250,156	\$ 7,313,991
Contribution as a percentage of covered-employee payroll	14.07%	14.10%	13.89%

^{*}The amounts presented were determined as of June 30. This schedule is presented to illustrate the requirement to show information for 10 years. However, until a full 10-year trend is compiled, the College will present information for those years for which information is available.

STATE OF NEW MEXICO CLOVIS COMMUNITY COLLEGE NOTES TO REQUIRED SUPPLEMENTARY INFORMATION (UNAUDITED) JUNE 30, 2017

Changes of benefit terms and assumptions. There were no benefit or assumption changes adopted since the last actuarial valuation. However, the actual cost of living adjustment (COLA) was less than the expected 2.0%, which resulted in a net \$138 million decrease in the unfunded actuarial accrued liability.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Trustees Clovis Community College and Mr. Tim Keller New Mexico State Auditor

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities, the discretely presented component unit, and the aggregate remaining fund information of Clovis Community College (the "College") as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the College's basic financial statements and the budgetary comparisons of the College, presented as supplementary information, and have issued our report thereon dated October 30, 2017.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the College's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we do not express an opinion on the effectiveness of the College's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

4700 Lincoln Rd NE Albuquerque NM 87109 <u>www.JAGnm.com</u> 505.323.2035

To the Board of Trustees Clovis Community College and Mr. Tim Keller New Mexico State Auditor

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the College's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that is required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Trustees Clovis Community College and Mr. Tim Keller New Mexico State Auditor

Report on Compliance for the Major Federal Programs

We have audited Clovis Community College's (the "College") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on the College's major federal program for the year ended June 30, 2017. The College's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for the College's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the Audit Requirements of Title 2 *U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) Those standards and Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about College's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

4700 Lincoln Rd NE Albuquerque NM 87109 <u>www.JAGnm.com</u> 505.323.2035

To the Board of Trustees Clovis Community College and Mr. Tim Keller New Mexico State Auditor

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of the College's compliance.

Opinion on the Major Federal Programs

In our opinion, the College complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on the major federal program for the year ended June 30, 2017.

Other Matters

The result of our auditing procedures disclosed an instance of noncompliance, which is required to be reported in accordance with the Uniform Guidance and which is described in the accompanying Schedule of Findings and Questioned Costs as item 2017-001. Our opinion on each major federal program is not modified with respect to these matters.

The University's response to the noncompliance finding identified in our audit is described in the accompanying Schedule of Findings and Questioned Costs. The University's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control over Compliance

Management of the College is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the College's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the College's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

To the Board of Trustees Clovis Community College and Mr. Tim Keller New Mexico State Auditor

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified a deficiency in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as item 2017-001.

The University's response to the internal control over compliance finding identified in our audit is described in the accompanying Schedule of Findings and Questioned Costs. The University's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

See Notes to Schedule of Expenditures of Federal Awards.

STATE OF NEW MEXICO CLOVIS COMMUNITY COLLEGE NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS YEAR ENDED JUNE 30, 2017

NOTE 1. BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (Schedule) includes the federal award activity of Clovis Community College (College) under programs of the federal government for the year ended June 30, 2017. The information in this Schedule is presented in accordance with the requirements of Title 2 *U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the College, it is not intended to and does not present the financial position or changes in financial position of the College.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting, which is the same basis as was used to prepare the financial statements. Such expenditures are recognized following the cost principles contained in the Uniform Guidance wherein certain types of expenditures are not allowable or are limited as to reimbursement.

NOTE 3. STUDENT FINANCIAL ASSISTANCE

The College administers the Federal Direct Student Loan Program. During the fiscal year ended June 30, 2017, the College processed \$833,519 of new loans under the Federal Direct Student Loan Program.

NOTE 4. INDIRECT COST RATE

The College maintains a negotiated indirect cost rate through the U.S. Department of Health and Human Services. The current negotiated rate is 55% and is under review for renewal. The only two federal programs currently utilizing indirect cost reimbursement are the TRIO-Student Support Services and TRIO-Upward Bound programs which are limited to an 8% indirect cost reimbursement.

NOTE 5. SUBRECIPIENTS

The College did not pass through federal funds to any subrecipients during the year ended June 30, 2017.

NOTE 6. OTHER DISCLOSURES

The College did not receive any non-cash assistance during the year ended June 30, 2017 and there were no federal loan guarantees outstanding at June 30, 2017.

2017-001 STUDENT FINANCIAL ASSISTANCE – ENROLLMENT REPORTING

Federal program information:

Title: Student Financial Assistance Cluster **Funding agency:** U.S. Department of Education

Pass Through: None

CFDA Number: 84.007, 84.033, 84.063, 84.268

Award Year: 2017 Questioned Costs: None

Type of Finding: Significant Deficiency/Noncompliance

CONDITION

During out testing of enrollment reporting, it was noted that 9 out of 40 students tested were not properly reported or not reported to the National Student Loan Database System (NSLDS) when they either withdrew or graduated. Student status changes were not reported on the NSLDS web site for the Fall Semester, some students were reported as withdrawn instead of graduated in the Fall Semester, and students that unofficially withdrew during the Spring Semester did not get reported on the NSLDS website. In addition, one student showed as a Fall graduate on College provided lists, but showed as graduating in the Spring Semester per the NSLDS website

CRITERIA

Per 34 CFR section 685.309, schools must complete and return within 15 days the Enrollment Reporting roster file [formerly the Student Status Confirmation Report (SSCR)] placed in their Student Aid Internet Gateway (SAIG) mailboxes sent by ED via NSLDS (OMB No. 1845-0035). The institution determines how often it receives the Enrollment Reporting roster file with the default set at a minimum of every 60 days. Once received, the institution must update for changes in student status, report the date the enrollment status was effective, enter the new anticipated completion date, and submit the changes electronically through the batch method or the NSLDS web site. Institutions are responsible for timely reporting, whether they report directly or via a third-party servicer.

Unless a roster will be submitted within 60 days, enrollment information must be reported within 30 days when attendance changes for students. These changes include reductions or increases in attendance levels, withdrawals, graduations, or approved leaves-of-absence.

EFFECT

By not reporting the students' enrollment change as required, the College is not in compliance with program requirements. The effective management of the NSLDS program is dependent on timely and accurate reporting from participating institutions. In addition, there is an increased risk that the students could continue to receive funds after their withdrawal or graduation if NSLDS is not notified.

CAUSE

Certain students were not picked up on the report used for the enrollment changes generated by BANNER. The exact cause of why these students were included are currently unknown.

STATE OF NEW MEXICO CLOVIS COMMUNITY COLLEGE SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED) YEAR ENDED JUNE 30, 2017

2017-001 STUDENT FINANCIAL ASSISTANCE – ENROLLMENT REPORTING (CONTINUED)

RECOMMENDATION

We recommend that the College develop and implement policies and procedures to ensure that all students with enrollment changes are reported timely and accurately to NSLDS as required and that a secondary review be used to ensure that all necessary students have been reported.

MANAGEMENT RESPONSE

Corrective Action: Certain students were not picked up via the Clearinghouse process in BANNER. We have submitted an Actionline request with Ellucian for help on this issue. Once we have determined the cause of this problem, we will add the steps to our procedures. We will also develop a report to use as a review with the file submitted to Clearinghouse to ensure that students are being correctly reported.

Responsible Person(s): Director of Financial Aid, Financial Aid Coordinator

Timeline of Corrective Action: End of Fall 2017 semester

STATE OF NEW MEXICO CLOVIS COMMUNITY COLLEGE EXIT CONFERENCE JUNE 30, 2017
